Officers End Big Ideas Of Parolee

A 23-year-old man, arrested by local authorities Tuesday night soon after he had written a check for \$345,000 as part of a \$1.5 million land deal, was awaiting return to prison in South Bend, Ind., late Saturday.

James D. Fisher, 23, who was on probation from South Bend for a term of 1-10 years on a charge of swindle, was arrested at the Hereford Municipal Airport about 9 p.m. Tuesday by two Deaf Smith County Sheriff's deputies and two highway patrolmen.

The deputies had been told of Fisher's handwork with a pen earlier, had checked and found that he had left South Bend without permission from his parole officer and had apparently headed for Amarillo. There he had met a Hereford man with whom he had been in the service and returned here with the man.

The Hereford friend helped Fisher make contact with a real estate agent and Fisher began his grandiose "wheeling and dealing." Early Tuesday he flew to Breckenridge with other persons, one of them being the

well-known professional wrestler Karl Von Brauner.

In Breckenridge, Fisher wrote the check for \$345,000 as down payment on land in Cherokee County, Okla. The rest was to be paid "when he came into an inheritance soon."

Also in Breckenridge, Fisher allegedly gave a check for \$100,000 at a bank there to open an account. He wrote all of the checks on a bank in Niles, Michigan.

Learning that the man allegedly had stated he would not be sent back to prison, the local authorities set a trap for his capture and were waiting when the plane landed. The two deputies waited in the airport office while the two highway patrolmen dressed in coveralls as if they were waiting to service the plane.

For several minutes, Fisher sat in the plane talking to the wrestler and officers began to fear that he would not get off. They also were afraid that if they acted, he would take a hostage—if the story they had heard was true.

Finally, the suspect stepped from the plane and walked off the side. He was grabbed by the "attendants" and handcuffed.

Officers, in examining the prisoner's effects, noted that he had kept his banking activities itemized. One note in the bank book stated that he had assets of more than \$700,000 and knew that he could get more than \$200,000 more from his banker.

"As far as we can tell," officers said, "he doesn't have very much money. It was just a case of wanting to run with the big wheels."

Fisher will be returned to South Bend when authorities there come to Hereford.

Patrotism Is Program Theme

Patriotic singing group, "The Flames for Freedom," will perform at 7:30 Friday night in the Hereford High School Auditorium.

Sponsored by the Hereford Lions Club, the program will be free to the public.

Some 45 young men and women from Amarillo are in the singing group that recently appeared on television. Lions Club President Ray Moore said response to their singing has been "tremendous."

Price Hears Local Views

Congressman Bob Price held a closed meeting Thursday afternoon in the board room of the First National Bank here, where he met with some 20 area farmers and discussed farm problems they are facing and involved with.

Questioned on nearly every phase of the agricultural industry, Price stated that he felt that nothing could be accomplished until politics are ousted from the agriculture picture.

One of several men who voted for a one-year extension of the farm program, Price does not feel that the program will be able to do what it was designed to do.

"Quite frankly, I think we must tell the American farmer and agriculture in this country that until we get politics and politicians out of agriculture, it is not going to change one iota," he emphasized.

Price, up for re-election to the House of Representatives, discussed the water importation plan for the High Plains, the involvement of the government with the farmers allotment, and various other items. Farmers that were invited to the meeting expressed their likes and dislikes of the present situation while Price answered their questions.

Commenting on the increase of other industries, he explained that in 1967, the realized net farm income was down nearly

\$2 billion from the year before while practically all other industries were enjoying "sizeable pay increases to compensate for higher costs and prices. But the farmer is trapped by a vicious cost-price squeeze brought on by the inflationary fiscal policies of the past eight years, a \$25.4 billion deficit for the 1968 fiscal year alone.

"So, although I do support a one year extension to the present farm program, the next Congress must face up to the task and the dire necessity of overhauling this program and giving the farmer, the forgotten man of this generation, a fair shake and a fair share of the proceeds of the abundance of our economy. He has done more and done it better for the American consumer and hungry millions in other countries and realized less for his efforts than any other citizen. He deserves better and I believe there are enough members of Congress who realize that this country cannot continue to prosper and solve the problems of its cities without first solving the problems of agriculture and revitalizing the agricultural economy of America," he concluded.

Following the meeting, Price held a reception at the Jim Hill Hotel from 5 to 6:30 where he talked with persons attending.

NFO Meeting Set For Friday

Meetings to explain purposes of the National Farmers Organization to area people are scheduled for 9 p. m. next Friday at the Hereford Community Center and Sept. 21.

Businessmen and all local residents are invited to attend the Friday meeting. NFO members will conduct a question and answer session concerning the organization.

The September meeting, tagged "Golden Dollars for the Golden Spread," will start at 9 p. m. in the Deaf Smith County Bull Barn. It is open to residents of the Panhandle, South Plains, Okla. Panhandle and Eastern New Mexico.

AT DAY'S END — Ominous clouds roll in as a group of weary football boys begin putting the finishing touches on an afternoon's workout. Some 95 boys are presently working out twice a day in preparation for the first game, September 13. Tyler Vance took the photo.

Hereford Newcomers Will Hear Wide Range Of Views Prior To Arrival

By EARL MOSELEY
Staff Writer

People of Hereford, you are being talked about by your neighbors!

People in Friona, Farwell, Muleshoe, Dimmitt, Vega, Amarillo and Canyon are saying things about the people here that are rather surprising. Some of the remarks will inflate local pride, while some of the others will deflate any ego that might be present.

In all, however, Hereford shares a similar problem with national affairs: There is trouble in the East.

Also included here are remarks by local people.

The questions? What do you know about Hereford? Are the people of Hereford friendly? Would you bring up your children there?

These questions were asked the people of neighboring towns

in behalf of the newcomers who will be moving to Hereford in the near future. Recently, Deaf Smith County Chamber of Commerce Manager W. T. (Bill) Thompson estimated that there would be a local population increase of "pretty close to 1,000 people" when the new Wilson and Company plant opens here. With other business openings in prospect, the newcomer figure will climb to greater numbers.

The majority of the newcomers will be asking such questions as they travel into Hereford for new employment. It is reasonable to assume that they will not wait until they arrive in Hereford itself before they start making these vital inquiries. Therefore, the Brand decided to make the same inquiries in advance — in order to get a picture of what the majority of them will hear on the road.

Oldtimers in Deaf Smith County

and others who have come later (Hereford has had a tremendous population increase in recent years, it may be noted) will share equal interest in the quotes of out-of-towners. After all, it is they who are being talked about.

(This reporter was unfamiliar with six of the seven towns where he made inquiries, and he found no problem locating a stranger in the seventh — Amarillo — where he had lived previously or three-and-a-half years. Locations were not selected for interviews until after he entered a town, and he tried to pick sites that would be frequented by travelers. He offered no identification as being a newspaperman. All interviews are included in this column.)

FRIONA: The location was Earl's Cafe on Highway 60 in the business section of the town. Questioned about Hereford was

a middle-aged lady behind the counter, who was serving coffee.

She was very nice with her explanation that she had only lived at Friona for a year, never in Hereford, although she made it clear that she had lived

See NEWCOMERS Page 2

School Registration To Begin Wednesday

Registration for elementary, junior high and high school students begins next Wednesday.

School officials expect an increase over last year's peak enrollment of 4,746. The normal increase anticipated should be over 300 students. Over 300 more are expected from the Labor Camp school which has closed. More increases should occur when Wilson & Co. begins construction of the large meat packing plant here.

Junior High and High School New junior high and high

1969 Program On Feed Grains Makes Change In Use Of Barley

A very important change has been made in the use of a farm barley base under the 1969 program for feed grains, Faust Collier of the Agricultural Stabilization and Conservation Service office reports.

"It is particularly important to those who are now planning to substitute wheat for barley under the 1969 program," emphasized Collier.

Barley is now included in the feed grain program for 1969 the same as corn and grain sorghum. Substitution may be made between these three feed grains within the feed grain permitted acreage. Wheat may also be substituted for feed grain within the limit of the total permitted acreage of these crops of the farm.

Earlier information in pamphlets mailed with 1969 wheat allotment notices and publicized through news items stated that barley would not be included in the feed grain program for 1969, but that the barley base could be requested and approved for purposes of substituting wheat for barley provided 15 percent of the approved barley base was diverted. These statements are no longer correct.

Producers may still substitute wheat for barley just as they can substitute wheat for corn and grain sorghums. The required minimum diversion for feed grains under the 1969 program has not been determined at this time, but it will be determined and announced just as soon as possible. (Minimum diversion requirement under the 1968 program was 20 percent of the feed grain base for the farm.)

Any questions concerning how this change in the use of the barley base for 1969 will affect the farm operation should be referred to your nearest ASCS office.

Local Man Is Killed In Wreck

Sanford Earl Cox, 59, of Route 4, Hereford, was dead on arrival Friday afternoon at Deaf Smith County Hospital following a traffic accident 5.6 miles southwest of the city on the old Prisoner of War Camp road.

Treated and released at the hospital were Mrs. Cox, 53, driver of the pickup, and Eddy Burgess, 13, a passenger. Driver of the other pickup involved in the accident, Wylie Thomas Jr. of Hereford, was not injured.

Highway Patrolmen Ronnie Rainey of Hereford and Billy Scott of Dimmitt said Thomas was going south on a county road and Mrs. Cox was driving east on another county road about 4:30 p.m. when they collided at an intersection.

Born Feb. 21, 1909, in Garlington, Okla., Mr. Cox came to Texas at an early age and to Deaf Smith County in April, 1966, from McLean. He married Beatrice Harman at Clovis, N.M.

Funeral services will be at 10 a.m. Monday at Schooler-Gordon Colonial Chapel in Amarillo. Burial will be in Memorial Cemetery at Amarillo.

Survivors include his wife; a brother, Berry Cox of Hereford, and a sister, Mrs. Wilma Risdon of Amarillo.

Fertilizer Plant To Locate Here

Bob R. Tucker, inventor of a new pellet type fertilizer, has announced plans to construct a fertilizer plant east of town adjacent to the Hereford Feed Yards.

Tucker, a native of Amarillo and a graduate of West Texas State University, reported that construction of the fertilizer plant will begin within 90 to 120 days. The plant is estimated to cost somewhere around \$100,000 to \$150,000 and to cover about four acres of land. Tucker hopes that the plant, which is to be called PelGrow, will go on line production by early next spring.

The new fertilizer will consist of between 50 and 75 per cent cattle manure in an effort to produce a new and better fertilizer by upgrading the plant nutrient value of the feedlot manure. In addition to its organic content which conditions the soil, manure has ten trace elements: sodium, zinc, copper, sulphur, boron, manganese, calcium, chlorine, magnesium, and silicon, along with a great deal of urea from absorbed urine.

Plant operations will first consist of grinding the manure and mixing various fertilizer materials such as ammonium-sulfate, potash, iron, and others, depending upon various soil requirements. After the grinding, the mixture is steamed, then pelletized before the final stage of sacking.

With the location of the plant to be situated next to the Hereford Feed Yards and also along the Santa Fe railroad, Tucker's new fertilizer operations will employ three workers and will

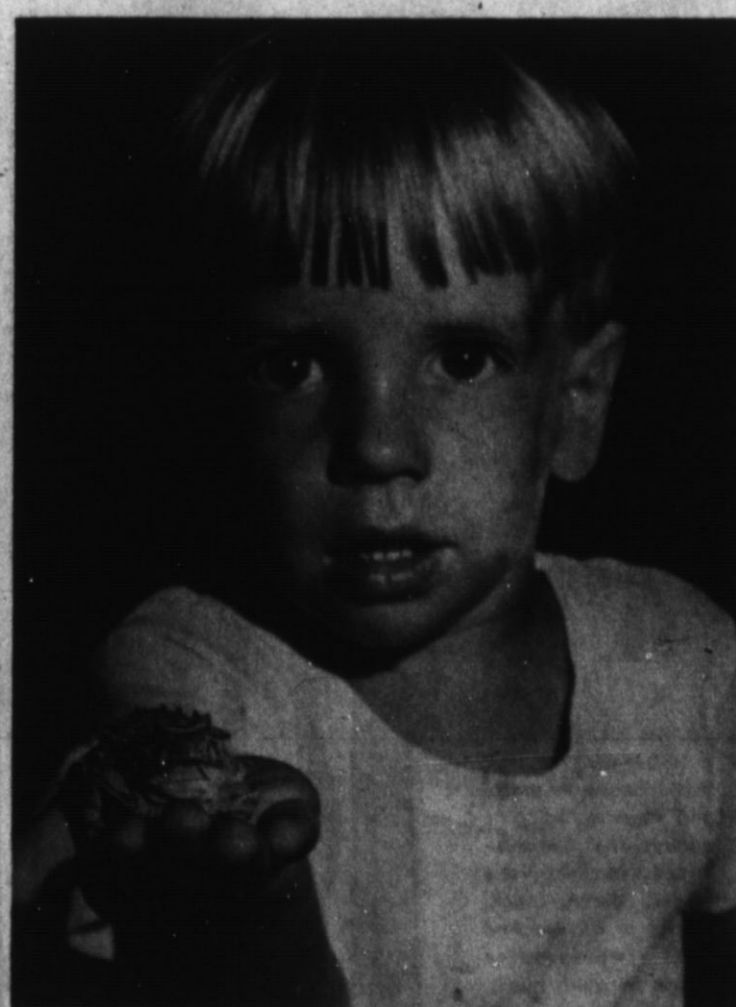

produce the pellet fertilizer for garden and lawn and other commercial uses in varying size bags while the farmer will be able to obtain it in bulk loads. He has already discussed the possibility of using the manure of other area feedlots and has gotten a great deal of encouragement from them.

Manure will be obtained from the local area where it is abundant while the other ingredients will be shipped in either by rail or commercial truck.

Advantages of the pelletized fertilizer over the conventional liquid fertilizer are listed as (1) upgrading feedlot cattle manure with various fertilizing materials, (2) a fertilizer which can be easily distributed in the field, (3) a fertilizer that can be custom blended according to the customer's needs based on soil analysis, (4) a bulk fertilizer with an organic base having a uniform shaped pellet which can be passed through a spreader or drill, and (5) it will improve soil conditions through the bacterial action, humus, and the undigested portion of food, largely cellulose and lignin.

Tucker pointed out the advantages that the new fertilizer will have for the farmers, as being (1) bacteria action that loosens the soil, reduces deep plowing, reduces the amount of water necessary, reduces labor and raises yields, (2) it can be side dressed after emergence, which prevents nitrogen from leaching out, especially in sandy soil, and (3) is custom blended

according to the crop, with necessary trace elements added.

"HEEE, MOTHER"—Springtime brings a number of interesting things to the Hereford area. One such thing is the "Horned Toad." Although of interest to little boys, mothers are instinctively "scared to death" of the little creatures . . . and usually faint on the spot. But after all it's the thought that counts . . . Right?

school students who have not pre-registered will select their courses for next year from 1 to 3:30 p. m. Monday at their respective schools. Enrollment for these students will be the same time as for returning students on Wednesday and Thursday.

Enrollment for all students, grades 7, 8 and 9 who have pre-enrolled, will begin at 9 a. m. and end 3:30 p. m. Wednesday at each junior high school. This includes new students who pre-enrolled Monday.

Registration for high school sophomores will begin after a brief orientation program 8:30 a. m. Wednesday at the high school auditorium. All sopho-

more students must be present at the orientation program.

Juniors who have pre-registered will enroll from 1:30 to 4 p. m. Wednesday. Pre-registered seniors will enroll from 1:30 to 4 p. m. Thursday at the high school.

All sophomore and juniors will have school pictures taken at the time of registration. Boys are requested to have a coat and tie for their picture.

Elementary Schools

Elementary students will enroll from 8:30 a. m. to 4 p. m. Wednesday at their respective grade schools.

Pre-school kindergarten children of migrant families will enroll Wednesday. This pre-school program will be offered to 5- or 6-year-old children who were born on or before Sept. 1, 1963. Migrant pre-school children will enroll in the school in their zone.

Seven portable classrooms will accommodate the pre-school kindergarten program for migrant children at each elementary school. Two of the pre-constructed buildings will be erected at Central and Northwest each. One building each will be set up at Shirley, Aikman and Bluebonnet.

One change has been made from last year in the boundary lines of elementary school zones. All children on both sides of Avenue G from 15th Street north to 16th Street will attend Aikman.

Attendance zone for junior high schools was changed once. Students residing between Highway 60 and Tierra Blanca Creek between the Dimmitt highway and Progressive Road will attend Stanton Junior High.

Bus routes and all other attendance zones for elementary and junior high schools remain the same. Students riding buses will enroll in the same school as last year.

Maps showing the boundaries of the two junior high schools and the five elementary schools are on pages 4 and 6 of this section.

Bob Price

Registration Set At St. Anthony's

St. Anthony's School will have registration on Thursday, August 29th, it has been reported. Teachers assigned to teach for the upcoming year, include: Sister Christopher, first grade; Sister Bernadette, second grade; Miss Shirley Gorman, third grade; Sister Amabilis, fourth grade; Miss Betty Tylich, fifth grade; Miss Denise Waltman, sixth grade; Sister Celine, seventh grade; and Sister Protasia, eighth grade teacher and principal. Other members of the teaching staff are Father Aeden Davis, Father John, Brother John, and Mrs. Frances Parker. The P. E. teacher will be announced at a later date.

Teachers To Be Feted Thursday

About 240 guests are expected at the sixth annual Teacher's Banquet set for 7:30 p. m. Thursday at the Country Club. The annual event, sponsored by Deaf Smith County Chamber of Commerce, is a means to welcome new teachers and help them get acquainted with Hereford, Bill Thompson, Chamber manager, said. Around 65 to 70 new teachers from public schools and St. Anthony's have been invited to the dinner, along with their mates. Each teacher will be hosted by a Hereford businessman and his wife at the banquet. Others present will include members of the Education Committee, School Board, Chamber of Commerce and wives. The program will feature special music by Mrs. Fred Howard, an introduction by Hereford School Superintendent Johnny Clark Jr. and an address by Chamber President Earnest Langley. The Rev. Fred Howard will give the invocation and master of ceremonies will be Leo Forest, chairman of the Education Committee. Invitation have been mailed by the Chamber to all but 15 new teachers who have not yet moved to Hereford.

Hospital Has Biggest Month In Its History

T. E. Seigler, administrator of the Deaf Smith County Hospital, reported that last month represented the biggest month on record for the hospital. Seigler said, "The month of July was the biggest month in the history of our hospital. The previous record, so far as gross volume is concerned, was April of this year. July broke this record when our gross charges totaled over \$78,000." However, he pointed out that net profit for the month was only about \$100. "On at least two occasions we were down to one empty bed," he said.

Newcomers

Continued From Page One

ed in the area most of her life. "Hereford is like all other towns out here - except it's bigger," she said. "I would say that it's a good place to bring up your kids. (While) I've never lived there, I've heard it's a very friendly place."

FARWELL: A lady stock checker at Piggly Wiggly was approached with questions about Hereford, but she bowed out from the conversation immediately and turned the matter over to a man, who appeared to be the manager. With white hair, he never raised his voice with any great emphasis but did not hesitate to point up the qualities of Hereford:

"Hereford has good businessmen and farmers. It's a very nice place to bring up your children. Good schools, homes - churches of almost all dominations. It has Holly Sugar - and it's 'The Town Without a Toothache!'"

He backed up his statement by saying that he had previously lived in Hereford for five years. The grocer also became the most vivid booster of all those queried.

MULESHOE: A lady teller in the First National Bank related that she now had relatives in Hereford, but she didn't know much about Hereford herself because "I have been in Muleshoe too long."

But she said that Hereford "was a prosperous town. There are lots of Spanish people there, and vegetables. It seems to be growing - a nice town."

DIMMITT: The scene was a Texaco service station and the attendant was a Latino, possibly in his early twenties.

He said, "Hereford is nice and friendly - but not Lubbock! I will stand up for Hereford, but Lubbock has gone crazy. I would move to Hereford, if I could buy a home there. Good place for kids."

But he went deeper into the subject of Lubbock - without being questioned upon the point further. He said that he was very upset from the teenage killings and that sort of thing there.

VEGA: A past middle-aged pharmacist in the drug store on the town square said, "Hereford is about the same size as Perryton. What do you mean people? There are lots of Mexicans there. They work a lot of the irrigation, you know. It didn't use to be that way, but there are a lot of Mexicans there now."

(According to the Census Bureau's figures this year, 7.7 per cent of the Deaf Smith County population are of "foreign stock." The average in other places is 7.8 per cent. Of foreign birth, 1015 are listed, including 688 with a background in Mexico, 136 in Germany and 30 in Canada. Hereford has a population of 13,393 as of Dec. 31, 1967, according to the Ben

C. Blanton Company.)
AMARILLO: A male attendant, probably in his early thirties, was working at a Toot 'n' Totem store on the Randall County side, near the Canyon E-Way.

"Hereford's about fifty miles from here," he directed, "on the other side of Canyon - I think I've never been there."
CANYON: At Johnson's Pancake House, south of West Texas State University's campus, a middle-aged lady at the register stated: "I really know very little about Hereford." Nothing more.

It is possible that in the case of Canyon and Amarillo, these people had not taken the advice of the late Horace Greeley: "Go West, young man."

It was revealed in early 1962 that appearances can be deceiving. At that time, a location scout for Paramount Pictures in Hollywood visited the Texas Panhandle and Plains for a site to film the motion picture, "Hud." Hereford was placed under consideration and inspected - and was turned down because it didn't appear to "look" like a West Texas town should look. It appeared to be too modern. Therefore, Claude on the eastern side of Amarillo was selected - and Paramount released the figures that they had spent \$200,000 there during its six-weeks of production (to the people of Armstrong County who had something to do with the picture.) Hereford lost this amount because it was too upgraded.

Is Claude a more "Western" town than Hereford? Not according to the number of cowboys in either history or the total head count.

(But it must also be remembered that in that same year, a producer came into Amarillo to scout locations for "Twilight of Honor" - a novel by Amarillo author Al Dewlen reportedly based on an actual murder case which had happened there - but was turned down because "Amarillo offered no identifiable landmarks." Instead, Metro-Goldwyn-Mayer studios filmed the screen version in the "Texas" town of Santa Ana, California.)

Recently an Amarillo housewife - who had passed through Hereford (going to Clovis) for the first time - reported the "terrible smell that I went into on the highway near town" from the feed yards. She was told that "that was a million-dollar small in Deaf Smith County and did not hurt the people a bit."

However, Channel Ten news-caster Bob Huddleston of Amarillo did make a good remark, when he covered the check presentation from the Hereford Volleyball Tournament to the Revis Center of the Institutes For the Achievement of Human Potential of Texas Inc., which had moved from Hereford to Amarillo. He exclaimed, "You mean Hereford let somebody move away!"

Huddleston put foundation to his remark by adding, "If the people of Amarillo were as busy as the people in Hereford and Shamrock (he did not say what was happening in Shamrock, but did refer to the new industry progress in Hereford), Amarillo would be the largest city in Texas."

News men see a lot and hear a lot during the course of a single day on the job - even in Hereford. Statements are made many times before and after various assignments are conducted that have no bearing on the subject at the moment but linger over a period of time. Almost always these statements crop up in the normal course of conversation. Some of them are recalled here:

One man who was moving his family from Hereford after a short stay here stated that the cost-of-living index for Hereford was the third highest in the state (he did not say where he had gained this information) and was unhappy over the rental he had had to pay for a home here - "which isn't even carpeted. I had the same size and age house carpeted where I lived prior to moving here and didn't have to pay as much."

A lady from a church told us later that she had lived here for several months before any of her neighbors made any effort to visit her. "After they did, though, everything was fine."
And several people have remarked that Hereford is "clannish" (which was defined by one person as when "the oldtimers here never let a newcomer forget that he or she is a newcomer, even when they have been here for some time.")

In late June, a survey-type column was published in the Brand under the headline "Problems, Progress Predicted For City." In advance of the water revenue bond election which would supply water for the Wilson Company plant (and which later passed with such a wide majority!), several local men were interviewed on the problems of progress. One businessman, who did not wish that his name be used, remarked that one of the problems here would be that of the established Hereford residents accepting the large influx of out-of-town people who are expected with the new plant because of the aforementioned "clannishness."

All of these statements may well be true. However, as previously stated, newsmen see a lot and hear a lot. They are the first to realize that such problems are in the minority. There are too many good people here and too many good projects which vastly overshadow these circumstances.

Most noticeable in the survey of the feelings of other towns toward Hereford is the fact that

Crower Ends Recruit Training

SAN DIEGO - Marine Private James R. Crowder, 19, son of Mr. and Mrs. Buck L. Crowder of Route One, Hereford, was graduated from eight weeks of recruit training at the Marine Corps Recruit Depot here.

He will now undergo from two to four weeks of individual combat training and then, after leave home, will report to his first Marine Corps assignment. The intensified Marine recruit training emphasizes rigid physical conditioning and survival techniques, both at sea and ashore, to develop self-confidence and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork.

Officials Urge Safe Driving During Holiday

The long Labor Day weekend brings thousands of additional holiday travelers on the highways. Everywhere, Texans will be enjoying the final summer outing before school starts. The Texas Highway Department strives to make the 68.5 thousand miles of highways in the State safe and convenient. Construction areas, however, pose special problems to travelers, even though every effort is made to move traffic through and around them as smoothly and safely as possible. Above all, drivers are urged to take along care, courtesy and caution on their Labor Day trip - and at all times.

James Crowder

and endurance. Marksmanship with the M-14 rifle and 45-caliber pistol are equally stressed, and close order drill instills the traditions of Marine Corps teamwork. A thorough study of basic military subjects, hygiene, first aid and sanitation, and the customs, courtesies, history and mission of the Marine Corps serve to polish the new Marine's recruit education and prepare him to join the Marine combat forces.

\$370 damages in North Main alley

Wreck Involves Four Vehicles

An accident involving three parked vehicles and a truck resulted in an estimated \$370 damages to three of the vehicles involved.

The accident, which occurred in the alley behind the 200 block of Main, occurred when the driver of one of the vehicles was attempting to clear another of the vehicles that was parked in the alley and the left side of the vehicle caught a steel beam of a parked truck and turned it over on its side, hitting a 1967 Cadillac.

About \$150 damages were incurred to the Cadillac, owned by George Masso and about \$200 damages to the truck which overturned. There was very light damage to the truck driven by Gregory Herring.

Citations were issued by investigating officers for negligent collision by striking a parked vehicle and illegal parking.

Injuries Occur In Wreck Here

An accident Friday morning around 2:30 sent three persons to Deaf Smith County Hospital and incurred around \$1000 damages to the 1963 Chevrolet driven by Ernest Castor Mora.

Injured in the accident were Angelia Liges, Ernest Mora, 30 and Lydia Garcia, 17. All were listed in satisfactory condition at Deaf Smith County Hospital Saturday afternoon.

Mora, driver of the car told police that he was going north on McKinley Ave. and attempted to make a left turn onto 4th St. when he struck the curb on the north side of 4th St., jumped a curb and struck a tree before coming to a halt.

Citations for improper turn by cutting corner on left, and another for failure to reduce speed at intersection and turn in safety, were issued by investigating officers.

Chamber Advises Residents On Getting Unordered Merchandise

The Deaf Smith County Chamber of Commerce said today the practice of sending unordered merchandise to prospective buyers continues to flourish and advised consumers that they are not obliged to return or pay for goods they didn't order and don't want.

W. T. Thompson, manager of the local Chamber, said the rights and obligations of consumers with regard to unordered merchandise are spelled out in a recent policy statement issued by the Federal Trade Commission.

According to the National Better Business Bureau, with which the local Chamber is affiliated, the FTC, in its statement, said the recipient of unordered merchandise has no obligation to return or pay for it, unless he uses the merchandise or wishes to purchase it.

The FTC statement, which assumes that there is no written agreement in effect between the recipient of unordered goods and the sender calling for return or payment of the merchandise, confirms the National Bureau's long-standing position on the matter.

NBB has consistently condemned the practice, pointing out that recipients of unordered goods are not obliged to use their homes as storage depots. Unless the merchandise is called for by the shipper with a reasonable time, NBB has maintained, the recipient may dispose of it without penalty.

According to NBB, some states have passed laws relieving addressees of any obligation to pay for or keep unordered merchandise. A recently enacted New York State law provides that the recipient of unsolicited merchandise may regard it as a gift.

The FTC, in its statement, noted that the practice of shipping unordered merchandise is widespread and growing and advised businessmen using such sales methods of the risks involved.

The commission said it had issued complaints and cease and desist orders in two such cases and added that it intends to examine all complaints brought to its attention which involve the shipment of unordered merchandise, applying this principle:

"In the absence of a prior agreement between the parties, any shipment of unordered merchandise, and any communication designed to obtain payment for, or return of, such merchandise, must be accompanied by a clear and conspicuous disclosure that the merchandise

has been sent to the recipient unsolicited, that the recipient is under no obligation either to return the merchandise to the sender or to preserve it intact, and that the recipient is required to return or pay for the merchandise only if he uses it or decides to purchase it."

Applications To Be Accepted On Windbreakers

COLLEGE STATION — Windbreak planting stock applications are now available for the 1968-69 season, Mason Cloud, head, Reforestation Section, Texas Forest Service announced today. Applications are available from county agricultural agents, Soil Conservation District offices or from the Texas Forest Service at College Station.

Nineteen windbreak species are available this year: buffaloberry; catalpa; Chinese elm; cottonwood (cuttings and seedlings); eucalyptus; honeylocust (thornless); mulberry; rose multiflora; sweetgum; sycamore; Oriental arborvitae Osage orange redecider; Austrian poplar, slash and loblolly pine; and black walnut stratified seed.

Seedlings are sold only for windbreak and other types of conservation planting, Cloud said. None are sold for ornamental or shade tree purposes and individual orders for less than a total of 100 trees will not be accepted.

The delivered cost of both seedlings and seed will be the same as last year, \$1.50 per hundred plus state sales tax; however, Cloud continued, the 2 percent state sales tax on orders will be increased to 3 percent October 1, 1968. Shipments will begin about the middle of February and end around the middle of March.

Windbreak planting guides are shipped with each order and they are also available from county agricultural agents and from the Texas Forest Service, College Station.

Dense feathers, which almost cover even toes and bill, protect the snowy owl against cold and provide camouflage. The male's plumage often is pure white. The female's white feathers are marked with brown bars.

Letters written by James A. Garfield before he became President are readily obtainable, but the few letters he wrote personally during his six months in office are rare and valuable.

PIPELINE DEDICATION — Officials of the Santa Fe Pipeline Co., with the help of "Miss New Mexico," opened the valve on the new \$2.5 million Amarillo to Clovis pipeline Wednesday afternoon in Clovis. The pipeline will carry jet fuel to Cannon Air Force Base from Amarillo. Pictured are John L. Stevens, President of the Santa Fe Pipeline Co., John C. Davis, Vice President of the Santa Fe system, and Miss New Mexico, Karen Jan Macielek.

Air Tour Will Make Stop Here

The Deaf Smith County Chamber of Commerce Aviation Committee was notified that the All-Texas Air Tour will make the Hereford Municipal Airport a "Howdy" stop again this year, Chamber manager Bill Thompson reported.

The tour will arrive at the airport at 3:30 p. m. Wednesday, October 9, and will be greeted there by Aviation Committee members, members of the City Commission, the Chamber Board, the Hereford Hustlers and the Civil Air Patrol.

Jim Sears is chairman of the Aviation Committee.

As in the past, Thompson explained, 35 to 40 private aircraft will participate in the tour. All crews will be furnished souvenir packets by the Chamber of Commerce here.

Congressman Has Films For Public

Two color films, one concerning Vietnam and the other of man's first walk in space, are now available for group showings through Congressman Bob Price.

One film, which was taken during a trip to Vietnam by Price and other members of a Congressional committee last January, includes tours of several bases, visits with Thailand and Vietnam villagers, and combat zones. The other film deals with the space flight by the late Edward H. White and James A. McDivitt and is a 30 minute documentary, color film titled "Four Days in Gemini 4."

The films, both 16 mm sound-color, can be obtained for public group showings through the Amarillo Office of Congressman Price, Room 310 Post Office Building, or by phone at Drake 6-5151, Extension 318.

Income Tax Facts

Individual taxpayers who previously filed declarations of estimated federal income tax for 1968 must now revise their estimates to reflect the new surcharge tax recently enacted into law, Ellis Campbell, Jr., IRS District Director for Northern Texas, said today. He also reminded taxpayers to file Form 1040 ES, declaration of estimated tax, if their federal income tax for 1968 will exceed their withholding by \$40 or more.

Mr. Campbell said a new 1040 ES worksheet is now being developed to aid taxpayers in computing the amount of revised estimated tax. It will be mailed to taxpayers at the time they are billed for their third quarter installment due September 15. The worksheet will also be available at IRS offices around the first of September.

The new tax law imposes a 10 percent annual surcharge tax retroactive to April 1 on individual tax returns. This means, Mr. Campbell said, that most taxpayers who file on a calendar year basis will be required to pay a 7 1/2 percent surcharge on federal income tax covering income received during 1968.

Taxpayers who previously based their 1968 estimate on tax paid during 1967 can no longer use this method after Sept. 15. Mr. Campbell said. The law now requires individuals to use "anticipated income" as the basis for computing estimated tax.

A new Form 1040FY will be sent to fiscal year taxpayers in time to file and pay the surcharge tax by the due date, Mr. Campbell said. Form 1040FY will also be available at IRS offices the first part of August.

In the United States, the snowy owl's main diet is rats and mice.

Rev. Southworth Resigns At Church

The Rev. K. Dwight Southworth, 233 Cherokee Drive, will preach his final sermon at 11 a. m. today at the Church of the Nazarene before he moves to Amarillo as pastor of San Jacinto Church.

A farewell dinner will be given for him after services Sunday afternoon at the Community Center.

The Rev. Southworth offered his resignation Aug. 7 to the official board and to the congregation. His last service in the church will be Wednesday night communion.

He will be followed by the Rev. Bill Ray from Hillsboro who will be moving Sept. 2 to Hereford.

During the four years the Rev. Southworth was pastor, the Church of the Nazarene received two national recognitions and made several major advances.

The church was cited this year for its all-around growth and achievement and selected as the "Outstanding Church in this Geographical Area" for 1967 in its denomination. The geographical area includes churches in the states of Oklahoma, Arkansas, Louisiana, Texas, Nebraska, Kansas and part of Missouri. Only 14 churches in the entire Church of the Nazarene denomination received such honors.

At the West Texas District Nazarene Assembly in 1967 the Hereford church was elected as the "Outstanding Small Church" for 1966 in the district over some 60 churches.

While serving as pastor, the Rev. Southworth completely re-

Williams Is On Destroyer Near Vietnam Coast

USS GEORGE K. MACKENZIE (DD-836) at sea — Seaman Robert W. Williams, USNR, 21 son of Rev. and Mrs. Robert M. Williams of Hereford, is serving aboard the destroyer USS George K. MacKenzie off the coast of Vietnam.

Recently the crew of the destroyer took part in a shore bombardment mission 22 miles north of the DMZ. When the mission was completed, several enemy shore positions were destroyed.

The MacKenzie is serving with the U. S. Seventh Fleet which is the largest and most powerful naval fleet in the world today.

Rev. Dwight Southworth

located the church and parson property, which rose from \$18,000 value to \$105,000. Membership increased 437 per cent from 17 to 70. Income increased 360 per cent. Sunday school doubled in enrollment and attendance.

The Rev. and Mrs. Southworth have three children, Tod, 6,

Brent, 1 and Lori Lynn, 5 months. The family will move Friday to Amarillo.

First services for the Rev. Ray will be Sept. 8. Services Sept. 1 will be conducted by the Rev. Louis Patterson from Abilene who was the first pastor of the Church of the Nazarene in 1946

GRAPES ARE RIPE AT GEARN RANCH VINEYARD
5 MILES WEST ON HWY 60

By MELVIN YOUNG

The Hereford Kiwanis Club board of directors recently voted to donate \$1000 towards the furnishing of the Hereford Camp Fire Hut and have already launched another of their many projects to help raise the money. The Kiwanians are now in the business of selling fire wood, so if you're in the market, give them a call. It's good fire wood and worth the money, besides the fact that the proceeds will go for a worthwhile cause.

Incidentally, the new home of the Hereford Camp Fire group

is about completed and Council President Jack Allen tells us that an open house and dedication ceremony will be held some time late in September. We'll have more information on this later.

Mr. and Mrs. Pick Hurman, Dr. and Mrs. Eugene Hendon, their families and some friends, have just returned from a short vacation to Cloudcroft, N. M.

Cloudcroft has been a popular ski resort in past years, and probably still is, although there are other areas in New Mexico that have been more popular with local people in the past few years. It also has a fine 9-hole golf course for use in the summer months. Pick tells us incidentally, that you will get from 20 to 30 yards more distance on your drives in that high altitude. Cloudcroft is over 9000 feet and the air gets pretty thin up there.

Wonder how much distance a fellow could get from the top of Pike's Peak?

Hate to mention a thing like this kids, but school starts a week from Tuesday, ready or not.

Just one more week and the Democratic convention will be completed; thank goodness. And we hope that by that time, the backers of Richard Nixon will have some new TV

commercials. We're darn tired of looking and listening to his acceptance speech.

The Democrats are having some problems already and will have more before the convention is over, but in the end, the nominee will be Hubert Humphrey. At least that's the thinking of most of the people we've talked with and apparently the opinion of a majority of the political writers. Events of the past few months could possibly produce a darkhorse nominee, but it is doubtful. There are some of course, who still cling to the idea that in the end, LBJ will be the man, but from where I sit, it looks like Johnson has enjoyed all this he can stand. And we certainly cannot blame him. A president expects, and is prepared for, criticism from the opposition party, but Johnson has had more than his share of trouble within his own party, in spite of the fact that he has been responsible for the passing of more legislation than any president in history. Legislation, by the way, that has been backed by some of the

SOME PINCH!

BUENA PARK, Calif. — A 1.3 million-pound "pinch" of salt might seem to be a contradiction in terms, but that's how much salt is used each year to season the wide variety of cookies and crackers produced at National Biscuit Co.'s big new bakery here.

The huge bakery, which has three 700-foot-long ovens, produces some 65 million pounds of cookies and crackers annually. In addition to that huge pinch of salt, it uses 47 million pounds of flour and 8 million pounds of sugar a year.

If you like garlic, cut tiny slashes in any cut of meat you are roasting and insert a sliver of garlic in each slash.

Very people who are now giving him the most trouble. Politics is a strange business.

Waiting for women to finish talking, we're told, is like looking for the end of a roller towel.

Cattlemen who know use FRANKLIN Small Dose CCS-2 BACTERIN for BLACKLEG and MALIGNANT EDEMA

Only Franklin makes this concentrated 2cc dose of high-potency bacterin that gives full protection against Blackleg and Malignant Edema. Franklin's dependable Clostridium Chauvei Septicum bacterin is produced from highly virulent multi-strains of antigenic cultures — stimulates the strongest type of immunity to these two common diseases.

Franklin's small dose speeds handling of large numbers of cattle, saves time and labor, minimizes tissue damage — assures dependable, reliable protection for your livestock.

Letter To The Editor

Dear Editor:
After reading an article and a letter to the editor in the Brand, I have begun to wonder just how biased and anti-Mexican-American and Anti-Negro this community really is?

The article I have reference to is the one regarding the County Commission's dealings with the use of the Bull Barn for Mexican-American sponsored carnivals and dances. The letter to the editor I refer to appeared some time ago regarding funeral arrangements being refused a Mexican-American.

In regard to the article on the County Commission and the Bull Barn, I would like to know the feelings of not just a large minority but of the larger majority of this community on this question.

What harm can come from letting our Mexican-American brothers use the Bull Barn as often as they need the facilities? What difference does it make if the Bull Barn is used for a dance on an occasional Sunday? Are the County Commission meetings closed to the public? If not, why was the Mexican-American fellow who made this appeal not welcomed to the total discussion and final decision of the Commission regarding the Bull Barn?

Why have our Mexican-American brothers been going out of Hereford to have their funeral arrangements taken care of? Has the shortage of money caused the funeral director financial stress? If so, can not we, the citizens of Deaf Smith County, help to alleviate this problem through proper County Welfare usage?

While asking questions, I would like to know why our County refused to accept federal commodities for our poor? Think of the piles of money poured into this area by the federal government to the farmers, to the already rich in some cases. Think of the low interest rates given to the well-off in small business loans, etc. Why should the poor of our community be excluded from this federal assistance?

Maybe each of us should have to try our hand at this patchwork living that most of our

Mexican-American brothers have as their sustenance. When there is work, it goes 10 hours one day, two the next, five the next, and so on. And if there is no work, or the weather is unfavorable, then what?

More questions still. Why have the deplorable conditions at the Labor Camp and in the back street sections of Hereford gone unattended? With proper public opinion and leadership by those

in power and the church leaders, enough pressure could be applied to the owners of the Labor Camp and owners of other unfit "housing" to let the County Health Officer do his job and condemn these health hazards. After all, what percentage of the owners of this run-down "housing" live in it? What of the outrageous rent being charged for this "housing"?

Is this community Christian or

has it a set of pagan principles to operate by?

I for one am tired and ashamed of hearing our Mexican-American brothers and sisters called "Damn Mexicans." And the much used statement, "These people don't pay taxes," is a poor, poor excuse to exclude anyone. Is it not possible that a positive Christianity by means of total equality, fair wages, proper housing, medical

care, and use of all public facilities; and true Christian fellowship in all our churches would help to make our Mexican-American and Negro brothers able and willing to pay a just tax and to be even better citizens? The two Mexican-American boys from Deaf Smith County who lost their lives in Vietnam were not hesitant to serve for all; can we not be half as fair as they?

It is just possible that when we meet our Maker we will find that we would have spent our time better at a Sunday night dance with Spanish music than at an exclusive church service. Especially the services, attended with ulterior motives, such as business, etc. in mind. Is it possible that we avoid facing the demands of charity and justice to perform what we — call worship?

If within ten years the Mexican-American and Negro populace come into political power, if through no other means than numbers, would we be satisfied to receive as we have given? I hardly think so.

Let's begin today by thinking of how we can best correct these conditions; then begin Monday to take a united action, through church, community, and

county government action.

In the near future I and my friends will try to solicit ideas from the community at large about what the feelings of our people on these issues truly are. Anyone interested in participating in this effort can contact me.

Sincerely,
Thomas Albracht

Bovina Residents Get New Medical Center, Physician

BOVINA — Ceremonies here today will dedicate the medical center built by this community to attract its first doctor since 1935.

Special guest will be Bovina's new physician, Dr. Cornelius K. Blesius, who opened his practice at the medical center July 1.

Dedication ceremonies will begin at 3:30 p. m. today at the center, with Texas Lt. Gov. Preston Smith as main speaker. Other special guests will include Dr. H. H. Eady Jr. of Alexandria, La., a member of The Sears-Roebuck Foundation medical advisory board who also will represent the American Medical Association, and Mrs. Virginia Hammett of nearby Hereford, representing the Sears Foundation. Open house will follow the ceremonies.

Today's events will culminate a four-year cooperative effort to attract a doctor to Bovina. This goal was achieved through the Community Medical Assistance Plan, a program designed to

help small communities find doctors by building modern medical centers. Co-sponsored by the American Medical Association and the Sears Foundation, the plan has helped more than 100 communities in 41 states to obtain adequate medical services.

Bovina had been without a doctor for 33 years, according to Mrs. Jesse Walling of the Bovina Women's Study Club. "Everybody wanted a doctor," she said, "but nothing was ever really done about it — not until we got in contact with the Sears Foundation. You've got to have a beginning."

Bovina's beginning was in 1964, when the Women's Study Club met to consider projects for entry in a nationwide Community Improvement Program. This program, co-sponsored by the General Federation of Women's Clubs and the Sears Foundation, offers national recognition and incentive awards to encourage self-help community betterment projects.

Through the Community Improvement Program, clubwomen learned of the AMA-Sears Foundation Community Medical Assistance Plan. They decided to participate — in both programs.

Mrs. Walling, the Bovina club's Community Improvement Program chairman, contacted the Foundation, and later visited a medical center in Claude, Tex., which had been built with funds raised through the Community Medical Assistance Plan.

Informed that the first step in the plan is to establish need, Mrs. Walling made radio appeals over KNNN, Friona, and KZOL, Farwell, Tex., for volunteers to conduct a survey. More than 100 volunteers, mostly from Bovina's five churches, responded.

The survey in Bovina showed that area residents traveled a total of 332,900 miles for medical attention in a single year, and spent about \$118,000 for medical care, medicine and supplies outside of town. Most area residents drive 13 miles to Friona, Tex., or across the New Mexico border to Clovis, 21 miles away, for medical attention. However, some traveled as far as 98 miles to Lubbock, Tex. for medical care.

Survey findings, Mrs. Walling said, "showed positively we needed a doctor."

The need for a doctor became more critical as Parmer County's growing cattle industry continued bringing more people to the area. More than 150 feedlots have sprung up around the Missouri Packing Plant, the nation's largest beef packing plant, which recently located between Bovina and Friona.

Need established, the Sears Foundation helped Bovina organize a fund-raising campaign for a medical center, and furnished architectural plans for its construction.

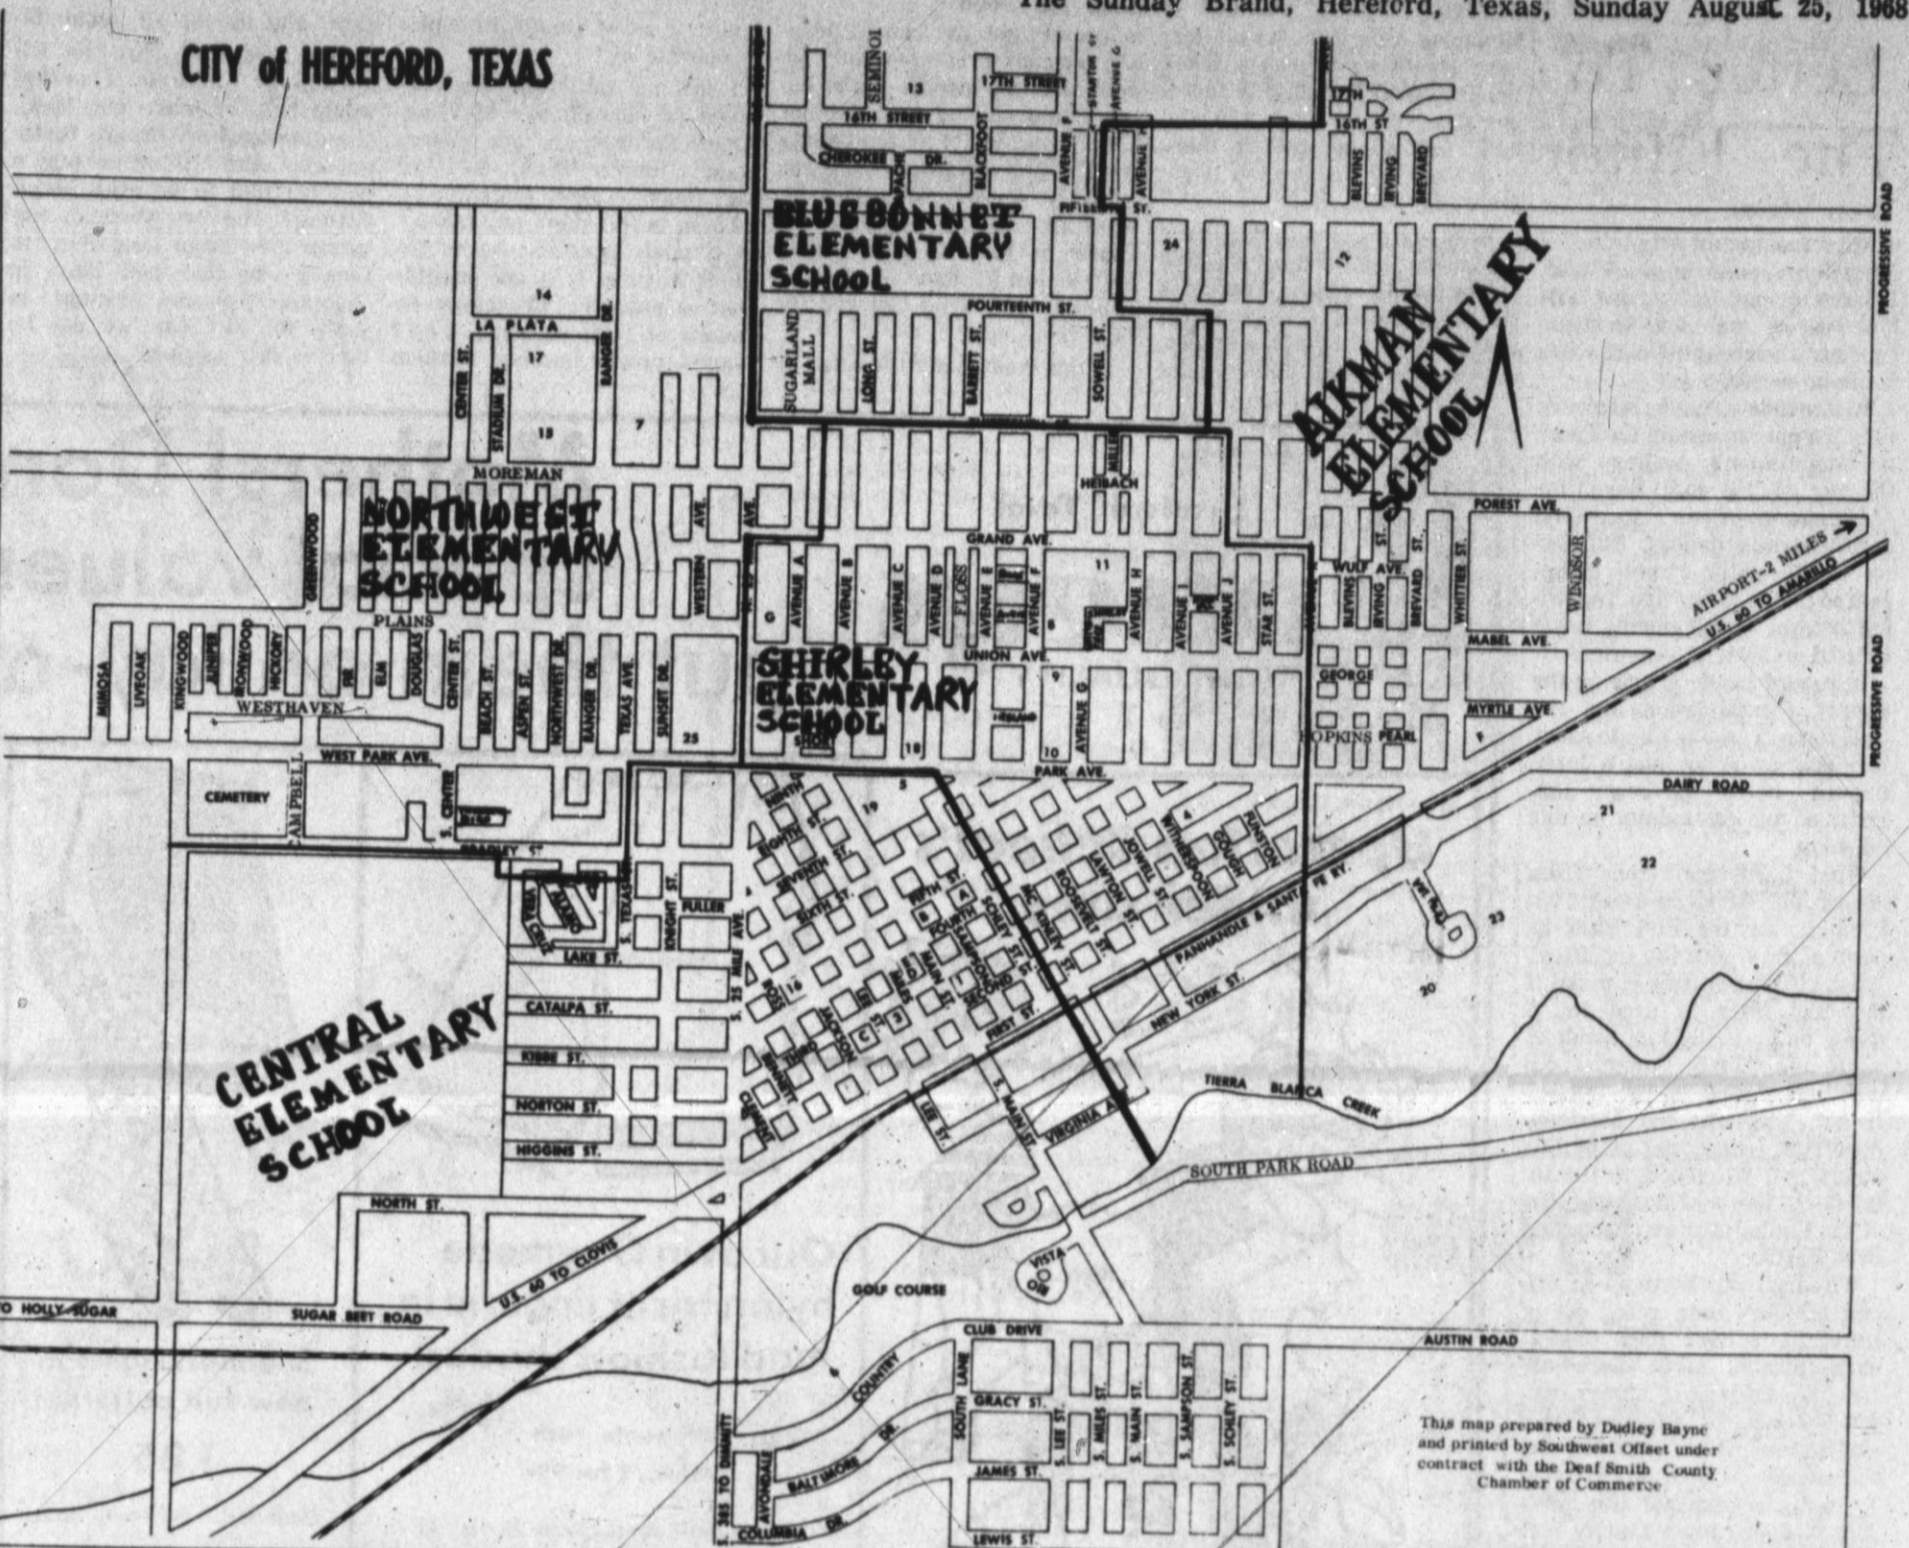

Meanwhile, local churches and community organizations staged their own fund-raising projects: rummage sales, food sales, bake sales, talent shows and a Mexican fiesta. In addition, local residents banked money they would have spent on Christmas cards for their neighbors. The deposited money was added to the growing fund for a new medical center, and a community Christmas card was published in the Bovina Blade.

In community improvement projects, Mrs. Walling said, "We couldn't do a thing without the local paper."

By October 1967, the fund drive spearheaded by the Bovina Women's Study Club had raised a total of \$30,000 in certificates of indebtedness and other donations. The certificates will be repaid from rent to the doctor, who has an option to buy the center. The successful project earned the women's club a fourth-place award in the Community Improvement Program.

"There was absolutely no opposition" to the project, Mrs. Walling reported. "Everybody wanted it; everybody worked for it. Just nothing went wrong. Everything was 'go' from the very beginning."

The community's new doctor said he was impressed by the "progressive" community effort to build the medical center. Dr. Blesius is now a full staff member of Parmer County Commu-

CLOSED SUNDAY

Along The Frio

By MRS. OWEN ANDREWS
Brand Correspondent

Announcement has been received here of the Aug. 16 wedding of Johnny Cheatham and Miss Anna Marie Roy, both of Lincoln, Ark. Johnny is the daughter of Mr. and Mrs. Luther Roy of Lincoln. The wedding was in First Baptist Church, Lincoln.

Both Cheatham and his bride are graduates of Lincoln High School and attended Arkansas City Hospital at Friona.

A native of Berlin, Germany, he attended Freiburg University then completed his studies at the Free University of Berlin, where he received his doctorate in 1965. He interned at St. edt Krankenhaus Berlin-Neukoe-llin, then at Presbyterian Hospital in San Juan, Puerto Rico, and completed his internship requirements at the University of Heidelberg.

Dr. Blesius served nearly a year at Riverview Hospital in Red Bank, N. J., before coming to Bovina. He had been attracted first by a medical center built through the Community Medical Assistance Plan in Estancia, N. M. He said he was impressed by the center's comfort and efficient design, and "I fell in love with it."

Now he has a similar medical center of his own — at Bovina, where he sees 20 to 30 patients a day. "I'm quite proud of my facilities," he admits.

And what does the community think of its new doctor? "Everybody likes him," said Mrs. Walling. "He's just perfect for us."

University at Fayetteville. He has recently completed training with the Air Force Reserve and the couple will live in the Lincoln area. Danny Balze of Friona, a childhood friend of Johnny, was groomsmen.

Mr. and Mrs. Robert Baldwin and Kristi, Houston, spent the past week on vacation, mostly visiting their parents, Mrs. B. H. Baldwin of Hereford and the George DeLoziers of Summerfield. Robert is employed with Bell Telephone Co. and expects to be transferred to San Antonio beginning Oct. 1.

Mrs. Ted Bush remains ill at her home after spending most of this week in St. Anthony's Hospital, Amarillo.

Several of Mrs. Charles King's relatives have been to Amarillo to be with her, since Charles became seriously ill Tuesday night. He was thought to be improved Thursday. He is in Northwest Texas Hospital with a heart ailment.

Visiting the Weldon Stephens Saturday were her aunt, Mrs. L. D. Robbins, her son, Don Robbins, and his children, Jana and David, all of Albuquerque. They were enroute to Canyon to attend the wedding Saturday night of a relative, Miss Beverley Hathaway of Las Lunas, N. M. to Lane Cooper of Odessa. Both young people have been students at WTSU. Relatives from here attending the wedding were the Stephens, Frank Robbins, Steve, Jerry and Patti Robbins, the Gary Mason family, Mr. and Mrs. H. D. Robbins.

Rhonda Stephan went home with the Robbins relatives from Albuquerque last Sunday evening, to spend the week and come home by train the last of this week.

Races To Be Held Sunday

Everyone is invited out to the Hereford Speedway today for an exciting afternoon of racing thrills as cars from throughout the area are expected to compete.

The Speedway, located east of town on Highway 60, can be found by following the flags that mark the way.

With the season end nearing every weekend, Bill Byers, manager of the track, announced that the season finals will be held some time in September. Admission is \$1 for adults and children under 12 who are accompanied by their parents will be admitted free.

Small Talk

By SUE COLEMAN
Women's Editor

Now is the time for all good club reporters to (a) wake up after their nice long summer rest or (b) pause a minute after their hectic summer rush, and remember that open season for clubs is upon us.

THIS IS NOT TO warn them that their work will soon begin in earnest, and they should start worrying about it now. It is to inform them that the job is not so terrible at all, if they will do it the easy way which I can point out in one easy lesson.

If you're a new reporter for your club you can make it much easier for both of us if you will drop by to see me, or at least telephone, before the club begins its fall meetings.

Getting acquainted and exchanging some necessary information at the start can assure your club of good publicity and yourself of minimum wear and tear. I'm eager to meet you all and get back to work (you and me both to work) on club doings.

MEANWHILE, here in the summer there are scattered club meetings as Hereford women get ready for the busier days ahead. One this week was Pioneer Study Club's coffee at Mrs. Delmar Sigle's.

There was business to transact, but the members were much more interested in their first visit with Mary Ruth Hamman, adopted baby daughter of the Bob Hammans. Since Pioneer Club is one of the city's oldest, and most of its members have been in it a good many years, they are more accustomed to grandchildren than new babies.

Mrs. Hamman is one of the younger women who have joined the club recently. Her son Craig accompanied her to the coffee to help show off the baby sister who joined the family in May, and he received his share of attention too.

SERVED WITH coffee at the meeting were some unusual good sweet rolls which Gladys Miller made. She had many requests for the recipe, and here it is:

ANGEL BISCUITS

- 5 cups flour
- 1/4 cup sugar
- 1 tsp. salt (or more to taste)
- 1 tsp. soda
- 3 tsp. baking powder
- 1 cup shortening
- 2 cups buttermilk
- 1 pkg. yeast dissolved in 2 to 4 tbs. warm water.

Mix dry ingredients well, rub in shortening, add milk and yeast mixture. Knead dough until smooth, roll and shape as desired. Bake in 400-450 degree oven 12 to 15 minutes.

The dough may be kept in the refrigerator several days, taken out, shaped and baked at once.

For sweet rolls, roll dough and cut in long strips. Grease fingers with butter to handle easily, and roll strip of dough around a finger.

Bake, then ice while hot with a mixture of powdered sugar, butter and evaporated milk. Sprinkle with chopped nuts if desired.

Mrs. Miller got this recipe from her daughter, Joy Dones, who found it in a recipe book compiled by wives of Air Force officers — of whom she is one. Incidentally, the Dones family is now on the way from California to a home in Libya.

IT'S A NEW granddaughter for the Frank Prowells, a daughter born Wednesday night to Mr. and Mrs. Ron Laidley of Midland. Mrs. Laidley is the former Shari Prowell of Hereford.

The chromium on automobiles and household appliances is only a few millionths of an inch thick. A brilliantly polished layer of chromium must be thin or the fragile metal will flake.

CARD OF THANKS

May we express our thanks and appreciation to the doctors, nurses, blood donors and friends for every act of kindness extended to us during the illness and at the passing of our husband, daddy, son and brother. The beautiful service, floral offering, your prayers and words of comfort spoken to us are precious memories. For the food

John Hicks, Pioneer In Butane, Will Continue Progress With New Firm

By TYLER VANCE
Staff Writer

John Hicks likes challenges. That's why he got into the oil and gas business some 33 years ago — and why he is now one of the leading distributors of butane in the 50-mile area surrounding Hereford.

Hicks was born in Canyon in 1904. His father was a farmer, so Hicks learned early about the needs and problems of the local farmers. He attended high school in Canyon — and then attended Southern California University for two years — majoring in mechanical engineering.

After his two years in college, Hicks returned to the High Plains. He worked for repair shops, including those of Lawrence Womble and David McCracken. Hicks repaired butane equipment, along with the usual run of tractors and other farm machinery.

"There was a lot of experimenting with butane in those days," Hicks noted. "No one knew much about it."

Then in 1960, Hicks got into his own business. He bought Blanton Butane, a new company and began working to build it up.

"I could see the possibilities of butane — so I figured that was the best business to be in." He started out with a handful of equipment. Today he has five trucks, two service pick-ups and three to four times the volume of business.

He was one of the pioneers of flame cultivation. Along with 12 other dealers, he designed the first high rack flame cultivator in the United States. This was in 1962. "Controlling the flame was our biggest problem," Hicks recalls. "We learned by trial and error."

Hicks has been host to people from four or five foreign countries, who have come to see how flame cultivation works. People from 42 different states have also visited the local business for the same reason.

Hicks says the capacity of his butane tanks is about 36,000 gallons — with about 16,000 gallons at his plant 18 miles west of Hereford. A tanker truck from the pipeline terminal at Edmondson arrives every day with 7-8,

NAME CHANGE — Hick's Oil and Gas Co., has recently joined with Redi-Fuel Inc. Pictured holding the new sign are Claude and Douglas Hicks, with Eddie Townsend and John Hicks are shown below. See story for details.

000 gallons of Butane to replenish the supply. The local business serves some 500 customers.

Assisting Hicks in the operation of Hick's Oil and Gas are of his sons, Calude and Douglas.

Recently, 10 dealers from the High Plains joined to form "Redi-Fuel Inc." Hicks was one of these, and he explained the advantage of the new arrangement:

"By joining with this company we will have behind us all the equipment necessary to take the product from the ground, refine it and deliver it to the consumer."

Hicks will be 65 years old next year, but he plans to keep on working — getting up at 5:30 a. m. and staying until everything is done. "Some customers live in town, and come by early to pick up their own fuel and take it to the country. I believe we need to be here when the customer needs us — and it is the policy that is the key to our increased volume more than anything else."

Dates Of Fall Events Slated For Auxilliary

Representation at a district convention to be held in Canyon and plans for a party for patients in the Veterans Hospital at Amarillo, were discussed Thursday at a meeting of the Ladies Auxilliary to the Veterans of Foreign Wars. Mrs. Henry Murrell, new president, conducted business.

A program of western music was planned for the VA hospital party Sept. 6, when the Hereford VFW and Auxilliary will be hosts. The next regular Auxilliary meeting will be on Sept. 12.

Mrs. Murrell presented figures from a recent issue of the national bulletin, showing Auxilliary membership in the United States passed the 400,000 mark. Texas reported 14,261 members. She said, a gain of 1,268 over the previous high total.

Members present included Mmes. Leonard Davis, A. J. Ralston, Clarence Hollabaugh, Orpha Nickerson and Wayne Driskill.

Monday Meeting Set By Bowlers

Members of the Monday Night Sunset Keglers and the Hereford Women's Bowling Association have scheduled a meeting for Monday, at 7:30 p.m. in the First National Bank Community Room.

General discussion of the rules and organization are to be rolled over at the meeting and any interested person is invited to attend. Anyone interested in becoming a member of one of the two teams can contact Mrs. Bertha Arnold at 364-4483 or Mrs. Jean Watts at 364-0245.

A honeybee worker has about 6,300 units in its compound eyes.

effective. Late enrollment does not affect the date of hospital insurance protection under Medicare, however, unless more than a year has elapsed since age 65.

Although about 95 per cent of those reaching 65 enroll for the Medicare coverage that involves a \$4 a month premium, Briggs urges those who are approaching that age to obtain enough information to make their own decision. A free leaflet explaining the program is available from the Amarillo social security office.

Make Decision On Medicare Before Age 65

Every month, more than 120,000 Americans reach the age of 65. Each of them has a decision to make about Medicare — to enroll or not to enroll.

Travis C. Briggs, Amarillo social security district manager, today reminded folks approaching 65 that the decision should be made before they become 65.

"They should enroll during the three months before the month they attain that age," Briggs said, "to obtain the Medicare protection that helps pay doctor bills and other medical expenses. They can also enroll during the month they reach 65, or during any of the next three months, but this would delay the date coverage would become

Rodeo Time At Boys Ranch

The annual Cal Farley's Boys Ranch rodeo, the largest Labor Day event of the Texas Panhandle, will include riding and rodeo events from all of the 348 boys of the Ranch.

Ranchers not riding in the rodeo will serve as ushers, helping in the parking area, working at concession stands, or helping around the chutes.

Barbecue beef sandwiches, giant-sized, will be prepared and served for \$1 by the boys who are learning meat cutting and cooking as their future vocations for spectators who arrive early to picnic.

Tickets for either performance held at 2:30 p.m. Sunday and Monday, September 1st and 2nd are available in advance from the Boys Ranch office, Box 1890, Amarillo. Reserved box seats are \$2, general admission is \$1.50, and servicemen's and children's tickets are 75 cents.

The climax of the rodeo will be the naming of the Junior and Senior All-Round Cowboys, two of the highest honors that can be earned by the boys. Professional rodeo stock will be used in the bull riding and bare-back bronc events, and a special stick horse race will be featured for the four-to-six year old ranchers.

Wheat Growers Group Invites Candidates To Give Statements

Leo Witkowski of Hereford, president of the Texas Association of Wheat Growers and a member of the 1968 Executive Committee of the National Association of Wheat Growers, said Friday that presidential hopefuls have been invited to make statements on their agricultural policies at meetings of the national organization.

George Meeker of Garden City, Kans., president of the national group, said "in the interest of wheat and agriculture, we have invited each presidential candidate to make a major address on his stand on agriculture. The invitation is issued

on a non-partisan basis, and candidates have been asked to appear at meetings in any one of the National Association of Wheat Growers' 10 member states."

The NAWG is made up of state organizations in Colorado, Idaho, Kansas, Nebraska, Oklahoma, Oregon, South Dakota, Texas, Washington and Wyoming.

"We have received the assurance of cooperation from our state presidents where candidates may accept our invitation," Meeker said. "Candidates are being contacted by Glenn Hofer, NAWG executive secretary."

The Sunday Brand, Hereford, Texas, Sunday August 25, 1968
tary, in our Washington office." Meeker pointed out that U. S. farm policy is important both in domestic and foreign affairs. "American voters need to know how the candidates stand on this question, and we hope that our invitation will help to point it up," he said.

"The problems of farm income, the supply of food at home, foreign trade, and food needs of the world put our agricultural policy in a top priority position for this year's Presidential candidates," he said.

Witkowski was in Amarillo Thursday and Friday attending a quarterly meeting of the board of directors of the Grain Sorghum Producers Association. He will attend a meeting of the Board of directors of the NAWG in Denver, Colo., Thursday.

Autumn Dates Set To Begin New Guild Year

Final meeting of a year was held by St. Anthony's Guild Thursday morning at a coffee following mass and communion in St. Anthony's Catholic Church. Plans were made for a salad supper Sept. 26, when new officers will be installed.

Also, members were invited to a Parish Council meeting Sept. 12, when delegates will be elected to the National Council of Catholic Women's convention to be held in Denver Oct. 14-18. The Council is an organization to correlate activities of all women's organizations of the parish.

Mrs. William Gilleland, vice president, presided at the business meeting. The Very Rev. Angelus Delahunt spoke, discussing the position of the church in current world events.

Hostesses for the coffee were Mrs. Edward Hoffman, Ed Patzold, Joe Reinauer and Jim Pavlicek.

Fun-Adventure Are In New Books

Two new books that have just arrived at the Deaf Smith County Library stress upon two completely different types of adventures — the dangers of undercover agents in ocean waters off the coast of Russia, and the warm humor of the sturdy men and women of the Gulf Coast Region.

THE LAST FATHOM

By Martin Caidin

A succession of huge tidal waves and a suspicious network of Russian undersea operations alert American scientific and intelligence agencies to a new cold war danger. Donan Dark, oceanographer, former frogman, and developer of the revolutionary submarine Orca, is recruited by the U. S. Government to find the cause of these strange and frightening events. Dark is put in charge of operations at a secret base in the

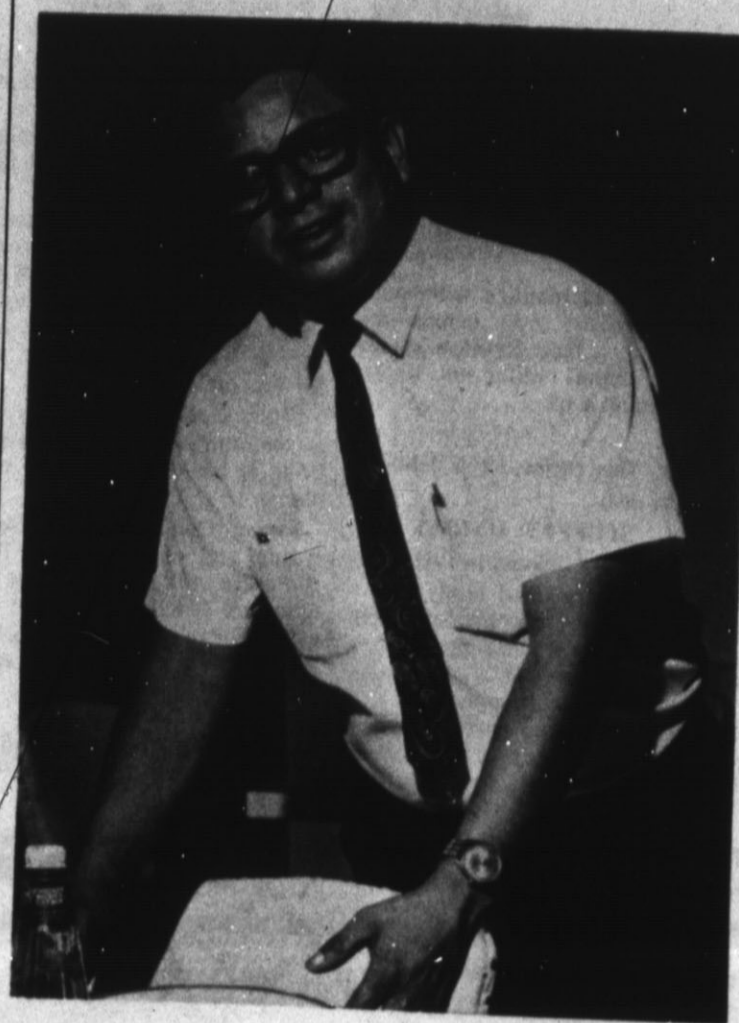

Caribbean and soon is investigating the destruction of the nuclear submarine Charger and the activities of the Soviet fishing fleet in the area. With the aid of the Orca, capable of sharp descent and swift maneuver at incredible depths, Dark and his teammates patrol the treacherous channels of hydro-space and uncover a fanatical scheme for the world domination.

TURN SOUTH AT THE SECOND BRIDGE

By LEON HALE

A warmly humorous collection of tall tales and true, about the sturdy men and women who inhabit America's gulf coast region. Unique in their individuality, their amiable eccentricity, their colorful honesty, and their homely philosophy, these people make their lives and their homes off the beaten track. They're riverbank dwellers, catfish fishermen, country lawyers, storekeepers, cowmen, schoolteachers, village mayors, tugboat captains, beachcombers, and just plain old folks who spend their days sitting around the courthouse square, whittling, playing dominoes, and cussing the government.

Leon Hale, a Texas newspaperman with a listening ear, has wandered around the Gulf Coast meeting yarn spinners and other talkative characters, and now, in anecdote and recollection, conversation and observation, he captures the flavor of a quickly disappearing source of modern American folklore.

Abalos Makes New Changes In Businesses

Paul Abalos, a teacher at Stanton Junior High School and popular Spanish-language disc jockey in the afternoons over Radio Station KPAN, has taken a partner and moved his magazine and record store, while beginning still another business — a cafe specializing in Mexican dishes.

Abalos reported that he sold a half-interest to his brother, Lasaro Jr., in the Spanish-language magazine and record store. The location has been moved from 145 W. Third to 133 N. Main, in the same block with the Texas Theatre.

Lasaro Abalos Jr. is recently out of the Marines, where he had a tour of duty in Vietnam. He and his wife Mary — he was also recently married — plan to make their home in Hereford.

The young Abalos is 21 years old.

The same merchandise through the same business relations will be handled at the new location as it has previously, it was announced.

The cafe is now in operation at 145 W. Third, in the former location of the magazine-record store. Paul Abalos announced

that it was not in business strictly for Latinos but Anglos, as well. He said that a number of the city's civic leaders have already tried the food and service there and are well pleased with them.

"I felt that there was a need for this type of restaurant in Hereford," he said, "and we will do our best to serve the people as we have in the past" in his other business and professional endeavors.

Still another brother is associated with him here, at the cafe. Rosendo Abalos will assist at the Third and Miles location,

The underground stem, or rhizome, of the bloodroot secretes a scarlet juice when cut. American Indians used the almost indelible fluid as war paint.

Hindi is an Indo-Aryan language that developed from classical Sanskrit about 1000. In its written form, Hindi uses the Devanagari script borrowed from Sanskrit. The language spread widely over northern India in the 19th Century.

and he plans to enter West Texas State University at Canyon this semester.

Street Party Held On Fir

"If a man does not make new acquaintances, as he advances through life, he will soon find himself left alone." — Samuel Johnson.

The wise statement made by Johnson appeared on a mimeographed sheet that was passed out to residents of Fir street.

"As new families move in and old ones move out, the neighbors tend to realize that they are losing out on hospitality from lack of acquaintances," said Mrs. Jack McKinster. "Several families on Fir street noticed this a week ago and decided to remedy the situation by having a cake and ice cream party for the neighborhood. The party was held Thursday night."

Hosts and hostesses for this party were Mr. and Mrs. Jeff Smart, Mr. and Mrs. Tandy Legg, Mr. and Mrs. Don Clements, Mr. and Mrs. Jack McKinster, and Mrs. Laura Higgins.

Other residents on Fir street who enjoyed the party were families of Mr. and Mrs. Nelson McRight, Mary Vasek, Mr. and Mrs. Jack Allmon, Mr. and Mrs. J. R. Oglesby, Mr. and Mrs. Marvin Hunter, Mr. and Mrs. Don Beard, Mrs. Mary Carney, Claude Dameron, Mr. and Mrs. Jack Hughes, Mr. and Mrs. Bob Ginn, Mr. and Mrs. W. C. "Chick" Russell, Mr. and Mrs. Lee Holinger, Mr. and Mrs. Guy Corbellus, Doris Rojek, Mr. and Mrs. A. D. Hutton, Mrs. A. E. Wiley, Mrs. Thelma Arbuckle, Mr. and Mrs. Ulys

NEW ABALOS RESTAURANT — Paul Abalos has transformed his Third and Miles location into a restaurant specializing in Mexican dishes. His Spanish-Language magazine and record store has been moved to 133 N. Main, where his brother, Lasaro, has gone into partnership with him. Another brother, Rosendo, is working with him at the cafe. Paul has been active several years here in business, civic and entertainment enterprises and said he felt "there was a need" in Hereford for this type of restaurant for Anglos and Latinos, alike.

NEW SHOP LOCATION — The Abalos Record Shop has moved to 133 N. Main with sales of Spanish-language magazines and recordings. The former location at Third and Miles is now Abalos Restaurant, specializing in Mexican food. Shown here is Lasaro Abalos Jr., recently back from Vietnam, who has taken a partnership in the store with his brother Paul. Abalos is in charge of the restaurant, and is continuing as a KPAN disc jockey and to teach school.

Three Remain In County Jail

Three men remained in Deaf Smith County Jail late Saturday under \$2,000 bond each in connection with last Monday's strong-armed robbery of a Hereford man, David Broadwell.

Charged with taking \$12,000 from Broadwell are William Lewis Jr., 25; James Hodges, 28, and Finer Lee Younger, 28.

Officials of the sheriff's office expressed their thanks to local residents for their assistance in

the quick capture of the three men.

The Rev. C. W. Allen had given a description of two of the Negro men he had seen talking to Broadwell near his (Allen's) home on Mable Avenue, and Mrs. S. O. Daniels had given the description of a third Negro man she saw driving up and down the street in the same vicinity.

The three were arrested at Amarillo about one hour after the robbery.

H.D. CHATTER

Onions, Raw Or Cooked

By Mrs. Argen Draper
Home Demonstration Agent

This crop of onions seems better than ever for flavor and quality. Mrs. Ed Dziuk gave us a favorite recipe of her family.

PICKLED ONIONS
1 gallon onions (1 go 1 1/2 inches in diameter)
2 quarts distilled vinegar
1 cup salt
2 cups sugar
1/2 cup mixed pickling spices
Pour boiling water over onions. Let stand 2 minutes; drain and peel. Sprinkle with salt, cover with cold water. Let stand over night.
Rinse with fresh cold water and drain. Tie spices in bag

and boil 15 minutes with sugar and vinegar. Add onions and bring to a boil. Remove spices. Pack onions while hot in hot jars and seal.

Try this recipe for a delicious main dish.

STUFFED ONIONS
6 medium onions, peeled
3/4 pound ground beef
1/2 cup mushrooms, chopped
1/4 teaspoon chili powder
1/2 teaspoon salt
1/4 teaspoon pepper
1/2 cup grated cheddar cheese
Pinch of sugar

SAUCE
1 can condensed cheese soup
1/2 soup can of water
1/4 teaspoon chili powder
Peel six medium onions and parboil them about 30 minutes or until almost tender. Slice off the end of the onion and remove all but three-fourths of an inch of the outside shell.
Chop the pulp of the onion. Sauté chopped onion, ground beef, mushrooms. Add chili powder, salt, pepper and sugar. Cook until lightly browned. Mix cheese with beef mixture and fill the onion cases.

Place stuffed onions in a casserole and add a little water. Bake at 350 degrees for 35 minutes.

Sauce: Combine cheese soup, water and chili powder. Pour the soup mixture over the onions and bake until heated through. Serve with a crisp green salad and hot buttered rolls. Make 4 to 6 servings.

The Sunday Brand, Hereford, Texas, Sunday August 25, 1968 set three days and seal.

man reminds me canning is nearing the end of the season. She is ready to can stew for quick winter meals.

The rule for canning any mixed foods is to process the length of time for the food that takes the longest. If meat and vegetables are canned together, I would suggest cooking the stew meat almost done. Add to the raw vegetables.

Pack in jars, add one teaspoon salt to quarts and 1/2 teaspoon to pints. Cover stew with hot broth in which the meat was cooked. Process at 12 pounds pressure for 40 minutes unless shelled green beans are added, then process for 50 minutes.

Oops!!! The recipe for kraut is for quart jars.

EASY KRAUT
Cut cabbage on a cutter or chop. Pack into quart jars. Add one teaspoon salt and one teaspoon sugar, to each jar. Fill jars with cold water. Place lids loosely on jars, Do not seal. Let

A FEW CALLS to buy used jars. If you have jars for sale, call the office and we'll refer those interested to you.

WE NEED A QUICK method sweet pickle recipe for gherkins. Is there one where the gherkins won't shrivel?
Also, we need a recipe for making jelly from bell peppers. The jelly is served with meats.

Please call Kay Cockrum, 364-3573, at the Extension Office.

The agents will be in College Station all next week for State Conference. Kay Cockrum will be available to give food preservation and other information.

Gardeners sometimes locate colonies of squash bugs by their noxious odor. The pests take their name from squash, pumpkins and other gourds they eat.

Trip Into The Past

Local Resident Describes Success Of Arizona Couple

EDITOR'S NOTE: This is the sixth story in a series written for the Brand by Mrs. Corinne J. Neely, pioneer Hereford resident. Mrs. Neely, a former employe of the Brand and still a frequent contributor, returned to Arizona recently to visit the places she lived and taught when beginning her career. She described it as a "trip into the past."

Adventures in Arizona Are Common Place but not Ordinary CHAMBERS, Arizona — My friends, Frank and Alice Young, have not only been a success business-wise but as civic workers and leaders in their community. They also find time to be with their family and hosts of friends.

He has been instrumental, as a school board member, in getting a new school building in Sanders, a little town five miles from here. The new church building in the town is also a part of his work and planning. Alice was born and reared as a follower of the Latter Day Saints Church and Frank has become a member. He holds the office of an elder and performs several duties in this capacity. She is active in the work of the church and in carrying out some of her duties, she has had most interesting and at times harrowing experiences. It is one of these that I wish to tell you about.

This country is still pretty wild and rugged, nature-wise at least. It was this unpredictable factor which led to the frighten-

ing events which she and another woman experienced. Here is the story as she told it to me:

One summer's day they set out to do some church calling. Not many of the members live in the town of Sanders, so often their calls range in all directions and as far away as 25 miles. (One year three of these visiting teams decided to keep mileage and it totaled 1400 miles).

On this day they had planned a trip which they could accomplish by sundown. There were not so many calls but the twisting, brushy and rutted trails wove in and out among the cedar and sage-brush of the country of the Arizona Puerco (River) Valley and through sandy or washed out roads.

Being experienced women in this kind of travel they prepared for the trip by taking shovels and a long straight board-impement needed to get out of the sand. Sacks of food is another must. If it is not used, it is given to the Navajo children as a treat.

Part of their calling was made on Navajo people. At first they often found locked doors or they would see women and children disappearing into the cedars. This was not discouraging, only a challenge — and gave the hope of better luck next time.

This particular day they had planned to go to the High Lonesome Ranch 25 miles away, with only three Navajo homes between. This would be a days work. But when it came time to turn from the highway

south, they sighted an ominous black cloud. From the wonderful teacher, experience, they had learned to be weather wise.

Even as they watched, they saw flashes of lightning and heard the rumble of thunder. So they changed their minds and instead of going south they decided on a trip to the north. The Smiths ran the Brunt Water Trading Post in that direction. The sky was clear, Mrs. Smith was a member of their church.

They did not see her often as she was kept busy with her husband and two sons running the post. They now began to anticipate stopping with her in the cool home which adjoined the store. Both buildings were faced with a long vine-covered porch. The old adobe home was 75 to 100 years old, with deep window sills on which grew many potted plants. They were ready to rest in the easy comfortable chairs for a nice visit.

After making a return trip of 10 miles back to the highway they now must travel 10 more miles over cedar mesas, past red cliffs. They arrived at the big sandy, dry wash which they must cross, as it lay between them and the post. Here they got out to survey the condition of the wash and found it to be free of sand as there had been no wind.

Arriving at the store they found Mr. Smith and one son. He was bargaining with Navajo, Hooten Longhair, over the price of lambs. (It had been a dry year and the lambs were weighing light. Both were afraid the prices would not be good.)

Allan, one son, was slowly filling a grocery order for Mrs. Silversmith, while her children ran about drinking their favorite orange and pink soda-pops. A trading post is a good place to meet friends and to visit. The Navajos love this and time means nothing to them. So the store is never a place of hurried activity. But is rather one of friendliness, counseling and bargaining.

The two women callers then learned that Mrs. Smith was in a Gallup hospital and was expected home within a few days. So the pair shopped a little, hoping to cement a good relationship with the owner, who was not a church member, and whom they feared was not too pleased about their visit.

The women found some good TEXAS sweet onions which they bought and a few other small items. About this time, Allan at the door shouted, "Look!" They all rushed to the door — and the women say they will never forget the sight which met their eyes nor what followed.

A flash flood was coming down the dry gulch, which they had to recently crossed. It was carrying large boulders, uprooted cedar trees and a high wave of sandy muck. Alice said it looked as though a huge bulldozer (tractor) was cleaning out the wash. Before they knew it the water came in high waves and was creeping into the door. The Indian children ran inside badly frightened. The door, now closed, was bulging under the pressure of the water.

Everyone stood in horror, as the water crept higher and higher until it reached the window sills. Then up it climbed on the window frames. They were trapped! Alice ran to a back window and saw that they were at the foot of a long sloping hill — and could escape. But they needed to grab the children and hurry lest the adobe building should crumble. By now the

Workshop To Be Held At LaPlata

Teachers from over the Panhandle are expected in Hereford Monday for the Introductory Physical Science workshop at La Plata Junior High.

The five day workshop, lasting from 9 a. m. to 4 p. m. will end Friday. Roger Huber, 24, and Johnny Fuston, 24, who attended the summer IPS Leadership Conference in Colorado, will conduct the local workshop.

Huber and Fuston will teach area teachers the techniques they learned at the Colorado workshop. They were among nine from Texas who attended the summer conference and are the only IPS specialist in Texas north of Midland or west of Dallas.

Ten Saturday workshops will follow next week's workshop, four in September and seven spaced from November to March.

A \$30 tuition fee per teacher paid by each school district represented will help finance the workshop. Additional financial assistance up to \$450 is being provided by the Education Development Center in Massachusetts to local workshop instructors over the United States.

Education Development Center plans to issue certificates to teachers attending local workshops and teaching the course concurrently. The workshop is equivalent to six semester hours of college credit.

water was waist deep. They tried to help Mr. Smith save some of the merchandise and his records.

The black cloud had followed them bringing havoc to the very spot which they had expected to be safe. It was now raining hard. They finally went to the back of the house and found three dry rooms on higher ground. Everyone was soggy wet, bedraggled, tired and frightened. They were cold but thankful to be alive and even had time to be thankful that Mrs. Smith was comfortable at the hospital unknowing of the events at home.

By now it was 8:00 o'clock and they sought what food they could. But there was nothing to drink, the water system was gone. Someone suggested canned milk but they had no water with which to dilute it. The canned juices and most of the food had been carried away in the flood.

There was no fire to cook on or to keep warm by, — and it was too wet outside to build a fire. So they huddled together to keep warm. Alice began to worry about her family. She knew by now her husband would be looking for her. He would search to the south unaware of their change of plans. Her co-worker said her husband would not worry as he would think she was at Alice's home.

Since the rain had stopped Alice wanted to start walking but her companion was a 300 pound woman. She knew that she could not climb, crawl or flounder out of the dry washes they would have to cross — even if she could have walked far. The Navajos began to leave.

Mr. Smith and sons, as well as her companion, suggested that they all go to bed and rest until something could be done. At 3 a.m. Alice awakened from a light sleep to the barking of the dogs. . . and she knew that her husband had arrived. She dashed to the door in time to hear Mr. Smith talking and recognized her husband's voice saying, "Mr. Smith, this is Young from Chambers, have you seen or heard of anything of my wife and Rance Spurlock's wife?"

So ended one church call 11 ng trip and an adventure.

Miss Underwood Weds Robert Arthur Higgins

Miss Rycke Lynne Underwood of Levelland became the bride of Robert Arthur Higgins, son of Mr. and Mrs. A. B. Higgins, Route 4, in an evening ceremony at First Methodist Church of Idalou Friday. She is the daughter of Mr. and Mrs. Delbert H. Underwood of Marble Falls.

The Rev. B. H. Kendrick, pastor of Idalou First Baptist Church, conducted the double ring ceremony in which her fa-

ther gave Miss Underwood in a scalloped border of the lace finished the below-elbow sleeves and lace petals trimmed with seed pearls underlaid a satin rose which held her bouffant illusion veil.

Miss Janis Higgins, sister of the bridegroom, was maid of honor and the bridesmaids were Miss Kay Hilton o. Lubbock, sister of the bride, and Miss Carol Wilson of Levelland, her cousin. Tania Watts was the flower girl and the bride's younger brother, Wesley Underwood, carried the rings.

His brother, Mike Higgins, attended Mr. Higgins as best man, Ushers were Dale Underwood, Jim Phillips and Ralph Paige; George Muse and Kent Black served as groomsmen.

Mrs. Jerry Long was the soloist, singing More and Wedding Prayer. Miss Marilyn Shields was her accompanist and played the marches.

The bride's satin empire gown had appliques of re-embroidered Alencon lace in a front panel and on the train which extended from back waistline.

Interviews Are Being Conducted For DE Students

Any student at the Distributive Education classroom at Hereford High School, Monday through Friday throughout the month of August, will be interviewed for academic training during the afternoons.

G. C. Graves, distributive coordinator for the 1968-69 school year, said that Distributive Education students get one hour of flexible training each day designed to fit the mode of the student, the business and the community. Generally, it contains business fundamentals and selling skills.

Distributive Education is a special training program for juniors and seniors in high school who are interested in sales and retail work. The daily interviews are conducted between 9 a.m. and 12 noon daily. An appointment can be made by calling 364-4456.

David Treadwell will be teaching the pre-employment lab for Distributive Education at HHS. Graves also urged that local businessmen cooperate in this program by hiring students.

Morning Coffee Is Given For Canyon Woman

At a coffee in Mrs. G. W. Duncan's home Thursday, a shower of layette gifts was presented to Mrs. Phil Duncan of Canyon. Hostesses were Mmes. Norman Hodges, Charles Packard, Leroy Bodkin, Ira Ott and Cecil Hart.

Sweet rolls, fruit and coffee were served from a table centered with a folded-paper baby buggy. Cloth and napkins repeated the motif.

The 22 guests included the honoree's mother, Mrs. E. C. Hewitt Jr., and her husband's mother who was a visitor from Memphis.

fellowship hall after the marriage service. Mr. and Mrs. Higgins left for their home at 1614-29th Place, Lubbock, where they will reside while he attends Texas Tech as a junior. His major is banking finance.

For travel the bride wore a two-piece ensemble of black and white linen and her corsage was the orchid from her wedding bouquet.

She has attended Idalou High School and Tech. Mr. Higgins, member of a pioneer ranching family of Deaf Smith County, is a graduate of Hereford schools.

The National Geographic Society recently employed a computer to do the tedious and costly job of preparing the index for the enlarged new edition of its "Atlas of the World."

Agriento, on the south coast of Sicily, was founded by Greek colonists about 382 B. C. and called Akragas. It thrived on trade with Carthage.

READ THE WANT-ADS.

Wed 50 Years, Phillips Plan For Reception

Fiftieth anniversary of a wedding solemnized in the bride's home in the Palo Duro community northeast of Hereford will be celebrated by Mr. and Mrs. Coy Phillips next Sunday. They plan to welcome friends and relatives at a reception in the IOOF Hall.

Invitations are being sent to out-of-town friends; those living in this area are all asked to call between the hours of 2 and 5 p. m.

Hostesses will be their daughters, Lynda, Mrs. J. T. Higgins of Houston, and Bernadine, Mrs. G. W. McReynolds of Roswell, N. M., assisted by the only grandchild, eight-year-old Katrina Higgins.

Mr. and Mrs. Phillips, both from old-time families of this area, have lived in Deaf Smith County since their marriage, and in Hereford since 1936. They

occupy the same house, 230 West Fourth, that they moved into at that time.

Miss Dola McClain and Coy Phillips were married by the Rev. H. B. Strickland, a Baptist minister, in the simple home ceremony with only a few relatives present. Her brother and his wife, Mr. and Mrs. W. T. McClain, were among them, and Mrs. McClain, now of Amarillo, is assisting with anniversary plans.

The bride wore a dress of victory blue mousseline which she and her mother made, and a pair of modish high-laced shoes of soft kid with French heels.

Date of the wedding was Sept. 29, 1918, but the anniversary reception is to be held early so relatives who could not be here after the start of school, may be present.

Founder's Day

AT KINGS MANOR

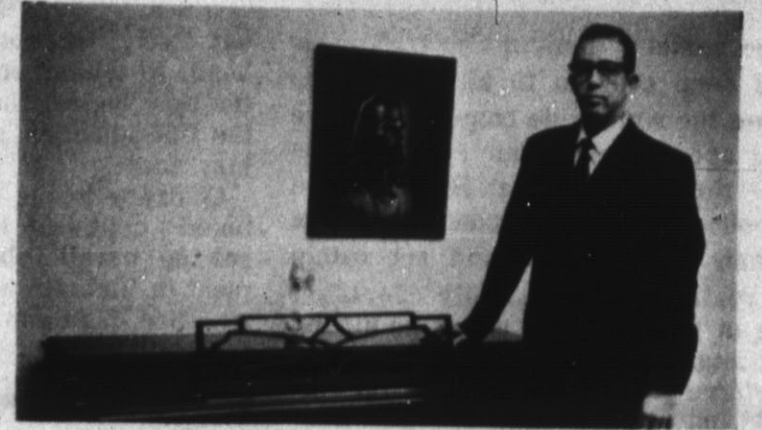

To Date - Our New Gifts
Total \$18,110. Ten More
At \$1,000 Each Would Get
Us NEAR THE TOP
Wouldn't It

Our Third Annual Founders Day Dinner Program IS READY

On Monday, Sept. 9, at 6:30 p. m. at the First United Methodist Church as many as 200 who have become Founder Association Members will hear

EARNEST LANGLEY as Master of Ceremonies
Dr. MARVIN L. BOYD as Guest Speaker
Special Music by a Mens Quartet and the Bell Choir
HUGH CLEARMAN Presiding Over Election of Officers

Membership in the Founder's Association is achieved by any person who makes a gift to provide funds to improve the program at King's Manor. Gifts Average over \$100 per plate, but as much as \$10 secures annual membership.

Were Looking Forward
To Seeing You At
Our Founders Day Dinner

Kings Manor Comprises A Ten Acre Campus With:

- *Social Care in Cottages on Cottage Drive
- *Attendant Care in the Manor - - and - -
- *Nursing Care in Westgate - - Each a Part of KINGS MANOR

We Discover

that room for 100 is not enough. Our Ten year goal has been met in 6 years, but there are 40 counties served by King's Manor. In that area there are SEVEN elderly ill persons for each commercial bed in Nursing care programs. We must have another addition at Westgate as early as this current contract is completed.

WE DISCOVER that over 10,000 elderly persons in our 40 counties have no children and suffer loneliness. Poverty is bad, but poverty and loneliness both are too much burden and drive many into early senility. Therefore we must also provide more new apartments for well applicants. The number who believe that choosing social responsibility inside such a home as THE MANOR is wiser than avoiding social responsibility by living alone, is on the increase. We have residents who are "younger" at 85 than they were at 80 because they have been "concerned about" friends and neighbors."

SECOND ANNUAL DEDICATION CEREMONY

We Direct

your concern toward ways by which you can help us. Leave a gift at the bank for this present program, or mail it to Dr. Don R. Davidson, Box 1657, Hereford, Texas 79045, or call us to ask questions about it.

WE DIRECT Make the "Care of Aging People" your hobby and study our program by comparing it to other programs you may contact. Join the "Volunteers" who help us from time to time.

WE DIRECT Make plans to leave a consideration for "Northwest Texas Methodist Homes for Older Adults, Inc." (our tax exempt title) in your will, and encourage others to do so. Purchase a Life Gift Annuity from us that will provide strong returns on the investment for life in terms of tax exempt cash payments. Help to get loved ones interested in residency here, or even arrange for your own deferred Membership. All Founders work at these features. BEST OF ALL would be to "come and live with us for the sake of those in the Home, while you can make a career of loving those up and down our halls, and on our campus."

We Dare

to dream. We shall be presenting plans for a new apartment complex to be added to The Manor within days after this year's Founder's Dinner. This will provide the same care now given in our duplex cottages, but it will be under the same roof with the large dining room and the social activity facilities.

WE DARE This \$70,000 addition will be a reality only when we can find at least ten persons who can provide 60% of the capitol cost. We have several who are ready to accept an apartment, but others must appear. We must not build for less than 14. We will then have 116 residents in facilities costing over \$900,000 but with capital indebtedness payable at \$30 per resident per month in only 20 years. This would be sound expansion.

WE DARE We also have plans for a central kitchen and staff meeting building to serve both dining rooms at The Manor and at Westgate. This would be a good memorial gift from a friend who has \$40,000 to invest for us.

WE DARE We look to a day when bequests will provide endowment so that there will be room in our resources for new staff members in fields now not served. An employed Director of the Auxilliary would help much. We invite you to dream with us.

WESTGATE COOKS MAKE PREPARATION

We Dedicate

your gift, past and present, to the Christian purpose of loving these who live with us now and those across the next hundred years. That dedication is shared by our board of trustees, our administrative commission, our entire staff, our family of residents, and our friends both in church groups and in the Association of King's Manor Founders.

WE DEDICATE Freedom, respect, responsibility, privacy, creative activity, comfort, friends, security, fun and worship, all become blessings applied to dear ones whose lives deserve your love and help. Excellent food, individual attention from ministers, attendants, nurses, physicians, friends and other staff-members are expressions of God's Providence made real by the support reflected each year in the list of gifts that are dedicated in our dinner ceremony. Those of us who are investing our life's strength in days or care for our residents are kept from frustration and defeat by the wonderful expressions this Annual Founder's Program presents. Your love cannot be expressed in vain.

Attack On Czechoslovakia Setback For Communism

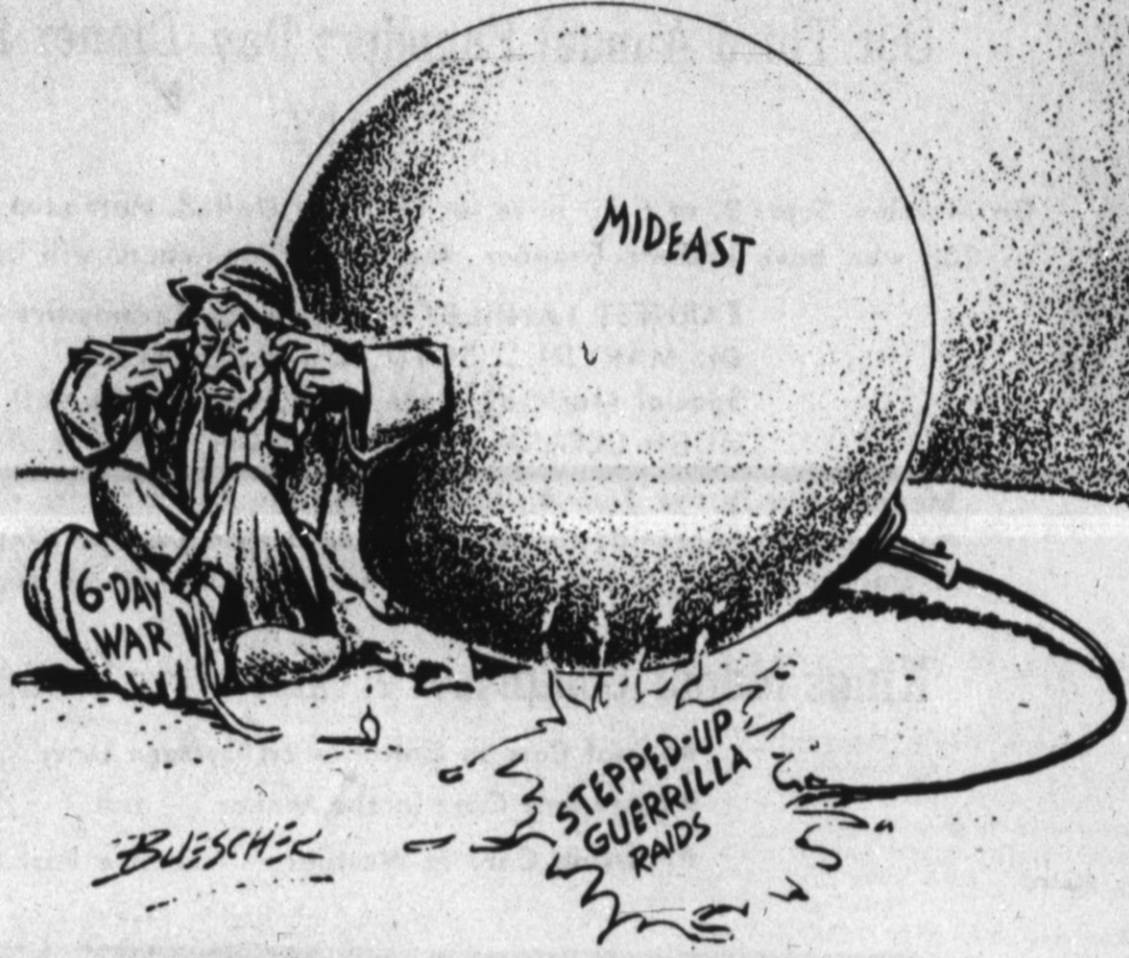

The current crisis in Czechoslovakia is of deep concern to all people who oppose the worldwide communist movement and certainly our sympathy is with the Czech people. However, the turmoil is within the confines of the Warsaw Pact nations and not within our realm of responsibility. To intervene in this struggle, either politically or militarily would be foolhardy. Like interfering in a family quarrel, we would only be the loser.

As it stands, the communist system has suffered another setback. The fact that the USSR must resort to military force to keep a satellite nation in line demonstrates again that a people will not continue to live under the ruthless dictates of a totalitarian form of government without protest. The liberal element of the Czech leadership tried to bring peaceful reforms to its government, even though still under the communist banner. Russian leaders apparently realized that communism can be furthered only under strict controls and that when the people of any nation are allowed to speak

out freely, the communist system will begin to wither on the vine. They did the only logical thing; they suppressed the liberalization movement with military force.

Contrary to the thinking of some national political leaders however, we see no parallel between our involvement in Vietnam and the current Czech situation. Vietnam is a member of the South East Asia Treaty Organization (SEATO). Had Czechoslovakia been a member of the NATO alliance, then certainly the U. S. and all other member nations would have been called upon to defend her. But our apparent role as "policeman" for the free world should not be construed to include the defending of one communist system against another.

The cracks are beginning to show in the Iron Curtain. Rumbblings are coming from China, Yugoslavia, Hungary, Rumania, Albania, East Germany, Poland as well as Czechoslovakia. But an attack from without would only serve to solidify the communist nations. If communism is ever eradicated, the movement to do so will surely come from within.

A young lady writing an editorial in a student newspaper recently was concerned about the Democratic National Convention and how Texas' votes would be cast; she was quite nasty about the whole thing, and my conclusion was that she simply didn't like any presidential aspirant, Democrat or Republican. She was just plain mad, and was alienating herself from the system.

Her feeling of helplessness and pent-up frustration is somewhat exemplified by emotions among minority groups, namely Negroes, Texas liberals, and Latin American. No one can expect Texas liberal Democrats to smile and be happy after being so thoroughly castigated for wanting a few votes in Chicago. Just as someone once said that "law and order is another way of saying 'nigger,'" it appears that party loyalty and unit rule in Texas are synonyms for established Democrat conservatism. Texas leadership is, in effect, telling minority groups to go to hell.

This void of statesmanship and dignity is frightening; it makes high school civics books read like a fairy tale.

Although my personal feelings concerning the Democrat nominees are mixed, I am appalled at the attitude Texas' established political leaders have unashamedly displayed. Any man who would threaten to walk out of a democratic process as important as the nomination of a president — just because his side couldn't control the affair 100 per cent — has no business at a convention in the first place.

The idea that "it's my game or none" is not representative of either conservative or liberal ideologies; it's a blatant abuse of power.

This overt abuse of power has alienated students, Negroes, liberals, and Latin Americans. It is a dividing force, not a uniting one.

—Larry Fuhrmann

On Flowery Beds Of Ease

An eminent Southern educator, years ago, used to like to sing an old gospel song — or rather, hear the students sing it in chapel on Monday mornings — a few lines of which I still remember. It went like this: "Would you be wafted to the skies of flowery beds of ease while others work to reach the heights." And Colonel H. L. Armstrong, who was then president of Castle Heights Military Academy, in Lebanon, Tennessee, would be the first man on earth to answer those words in the negative. For he realized what most observant men of my acquaintance still realize, and that is the fact that men should earn a living for their families; that any honest toil is honorable; that a man should receive his pay in an amount commensurate with his worth and ability; and that idleness cannot be excused in those cases where people refuse to work at jobs which "they don't like," while the working people of this nation support them.

We are getting pretty sick of people demanding rights which, in fact, do not exist, just as we are getting pretty sick of politicians mouthing the phrase: "you deserve" this or that.

By what virtue do we deserve that which we have not earned? Does the child "deserve" to be the parent? Does the criminal "deserve" the protection of a society whose rights he would

destroy? Does the incompetent "deserve" to be the president of the company? Does the jobless "deserve" a handout simply because his joblessness is a direct result of his own refusal to work at something which he does not prefer?

What man or woman among us has been able to work, always at jobs which suited (us) absolutely? And the pay — how many of us make as much as we'd like to have? And our associates — how many of them are exactly the people we would prefer to associate with eight hours a day, year in and year out?

But just as marriage is not a perfect union, but usually a union of two imperfect people; so we live our lives, most of us at least, as reasonably happy people, in spite of it all.

Jobs? Yes, everyone should have a job, just as everyone should realize his own potential and face up to his own responsibilities; and we feel sorry for those who do not have the former just as we deplore the fact that we have all too many who do not recognize the latter, or recognizing it, refuse to accept it.

Most of us in this great nation see many things about us which we would like to change, but there are a few things we'd like to keep, and one of them is the belief that any honest toil is honorable. But unfortunately, and increasingly, we see too many people who stop looking for work the minute they find a job!

Fred Pool, East Texas Chamber of Commerce from The Graham Leader

And Russia, Too

Sign of the Times: If Americans too often express automatic distrust and uncertainty over the diplomatic bridge-building between this country and the Soviet Union, the Russians seem no less hesitant.

In recent days they have exhibited a sort of two-steps-forward, one-step-back approach to the possibility that the two nations may begin talks on reducing the arms race.

Premier Kosygin, appearing a bit dovish, favors serious dialogue with the West. At the same time hawks within the Communist Party have retorted louder than ever that "world revolution" is the highest Soviet aim. And now comes party chief Brezhnev straddling the fence — having scorn on the "violence and terror" within America but careful not to attack individuals, endorsing arms control talks and political settlement in Vietnam but mixing it up with heavy anti-imperialist rhetoric.

This detente business is curious indeed — Charlotte Observer

MAIN STREET, USA

Statistical Information Important In Washington

By BERT MILLS
WASHINGTON, D.C. — If President Johnson ceases to be a Federal employee next January, his pension will be only about \$22,000 a year — a big comedown from his White House salary of \$150,000.

Reason for the surprisingly low annuity is that the law does not allow counting his salary as President in computing his retirement benefits. If it did, his pension would be upwards of \$100,000 per year because of his long service in Congress.

Speaking of Federal money, a lot of it is going begging. The Postal Savings System was abolished more than two years ago, but about \$30 million remains unclaimed by about 500,000 depositors. No interest has been earned since April, 1967. Take your certificates to your Postmaster if any of this money is yours.

Rookie policemen and firemen are paid more in Washington than beginning teachers. A two-step salary increase voted by Congress raised the starting pay

for police to \$8,000 a year, and for teachers to \$7,000. However, the new law seeks to prevent a mass teacher walkout as was staged for lobbying purposes last March.

A question frequently asked of tourist guides at the U. S. Capitol is: "Who is the lady on the dome?" It is not any particular person. The figure is called Statue of Freedom, and depicts a woman in flowing draperies, her right hand resting on the hilt of a sheathed sword, and her left holding a wreath and grasping a shield.

Lincoln Memorial has Stalactites
Few of the millions who have visited the Lincoln Memorial know that beneath its foundation it resembles a scenic cavern, with icicle-white stalactites growing down from the ceiling as much as five feet, with shorter stalagmites pushing up from the floor. Visitors are not permitted in the foundation area.

Originally, D.C. was called the "Territory of Columbia," and was limited by law to 10 square miles. An 1871 law made "District of Columbia" official. The area is now 69 square miles, including eight square miles of water. The Potomac River is less than one foot above sea level at one point in D.C.

Highways for the exclusive use of commuter buses may become common in future years. The idea is being tested in Milwaukee, where a four-mile busway is being built. It will cost \$50,000 with the U. S. paying 80 percent of the bill. If the test succeeds, other cities are expected to adopt the plan.

A hurricane is not necessarily an ill wind. Back in 1945, a storm which hit the South brought relief to 40,000 square miles, did little damage, and killed nobody. However, a second hurricane is usually too much. Hurricane Connie in 1955 relieved a drought over 80,000 square miles but when Hurricane Diane followed one week later, massive flooding resulted.

Population Climb Slows
U. S. population rose 2.1 million last year but in both numbers and percentage the rate of gain was the lowest since 1945. The birth rate in 1967 hit an all-time low; however the rate for non-whites was 25.9 per 1,000 people compared with 16.7 for whites.

Negroes hold a larger share of Federal jobs than their 12 percent proportion of the population — 14.9 percent of jobs. Since 1965, Negro employment has climbed 26.5 percent while the number of government jobs rose 14.5 percent. In Washington, more than one out of four Civil Service jobs is held by a Negro. However, most of them are in lower or middle salary grades.

U. S. Department of Agricultural

THE BOOTLEG —Philosopher

Editor's Note: The Bootleg Philosopher on his hindweed farm applauds the possibility of a new invention.

Dear editor:

I was riding my tractor down to the mail box the other day, some people may think that's a sign of laxness but they don't understand motors, it's not good for an engine to sit idle too long, it ought to be cranked up and run every once in a while to keep the cylinder walls from rusting, and on the way back I ran over a glass bottle somebody had thrown from his car and cut a gash in my left rear tire.

It wasn't bad, but I figured I'd gotten all the rust out by then and parked the tractor on the hill where I keep it in case the battery is still low the next time I want to start it — some people with weak batteries are so short-sighted they park on level ground and invariably have to be pulled off — and pulled out a newspaper I'd been saving and by one of those coincidental quirks the first article I read was about glass bottles.

According to it, a university professor has received a \$50,000 grant from the government to invent a bottle that dissolves. He claims he can make one that, when you're through with it, you break and it begins to melt and in 24 hours is gone. Nothing left but a wet puddle.

I recommend that he hurry up.

Already, the article pointed out, Americans throw away 26 billion bottles a year. In numerals, if you've got enough zeroes in your shop and you're bound to have if you want to function in a society with a national debt as big as ours, that's 26,000,000,000. In ten years it's 260,000,000,000, in a hundred years 2,600,000,000,000 and in a thousand years, well, that's asking too many zeroes of even the New York Times, not to mention The Sunday Brand. A newspaper has other things to do besides stockpile zeroes, and besides if there are any spare ones around Washington will snap them up.

At any rate, I hope that professor succeeds, not only with bottles but with car windshields, plate glass windows, etc. If he does, that \$50,000 will be the best money the government ever invested. Why it costs more than that to clean up the broken glass after one small riot in just a medium-size city not big enough to make television.

It'll be real progress when you can have a riot on Saturday night and by Monday morning all the glass has melted and disappeared into the storm sewers.

Yours faithfully,
J.A.

... from the Brand's files

50 YEARS AGO — 1918

Forrest Walker, Jesse Stanford and John McFarland will leave Hereford Friday morning for Amarillo, where they will join a party of men being recruited by the United States Department of Labor for war service in the ship yards of the nation. This particular party is destined for Lee Hall, Virginia.

35 YEARS AGO — 1933

Less than 1,000 votes can be cast in Deaf Smith County in the election Saturday. Only 648 poll taxes are paid and there are less than 300 exemptions. Poll taxes this year totaled (assessed) 1,862. In 1932, 1,770 poll taxes were issued, and almost 2,000 votes were cast.

25 YEARS AGO — 1943

George F. LeGrand has been accepted as a new member of the Deaf Smith County Selective Service Board, where he takes the place of Carl Gilliland, whose resignation was accepted last week. LeGrand, a veteran of the first World War, and for many years engaged in business in Hereford, recently sold his interest in the City Drug Store and is now engaged in farming near here. Other members of the board are Frank E. Givans and H. G. Conkright.

15 YEARS AGO — 1953

The crash landing of a four-place cabin plane of the U. S. Air Force about 6:30 Monday morning in a muddy field about 16 miles north and nine miles west of Hereford resulted in injuries, though none too serious, to the two Air Force officers in the plane. Funeral services for J. M. "Mac" Pitman, 54, were conducted from the First Baptist Church in Hereford Wednesday afternoon at 2 o'clock.

10 YEARS AGO — 1958

Burglars failed to crack a safe at Rockwell Brother's Lumber Company office sometime Saturday or Sunday night but 12 or 14 paint brushes were reported missing when the business opened at 7:30 a. m. Monday. Deaf Smith County's first load of grain sorghum roared into the Community Grain Elevator Wednesday morning, the advance guard of a predicted large grain harvest this fall. Dan Nelson, who lives two miles north of Hereford on Star Route, brought in 11,460 pounds which had been cut from an irrigated field.

5 YEARS AGO — 1963

More than 250 students will start classes in a new building at St. Joseph's Mission in the Hereford Labor Camp next month. Final touches are being put on the three-story building now as workmen and volunteers rush to complete the structure before September 3.

ONE YEAR AGO — 1967

Dedication of a historical marker remembering Hereford as the "Town Without a Toothache," drew a sizable crowd to Gregg Park Friday afternoon. Included in the group were George Heard and his wife of Amarillo; George is the son of the late Dr. G. W. Heard, the dentist whose observations brought Hereford the title on the marker.

ure scientists have developed tablets made of oranges and grapefruit. The discs are about the size of a 25-cent piece, and eight of them equal one orange or half a grapefruit. Possible uses include a packaged confection, as part of rations for servicemen in the field, and as

nutrients for astronauts. Thirty-seven out of every 100 married women are in the labor force — up from 20 percent in 1947. Among college women who are wives, half of them are working. The better the education of a woman, the more likely she is to work after marriage.

Church Ceremony Read For Coffee-Stapp Vows

Miss Carole Coffey exchanged wedding vows with Carl M. Stapp Jr. in a ceremony just before sunset Saturday in First Methodist Church, with the Rev. C. E. Matthews, associate pastor, reading the double ring service.

The bride is the daughter of Mr. and Mrs. Marvin Coffey, 120 Greenwood, and the bridegroom the son of Dr. Carl M. Stapp, 711 Main, and Mrs. Mary Stapp, 42 Avenue G. After a Colorado honeymoon the couple will be at home August 3 in El Dorado Apartments.

As her father gave her in marriage, Miss Coffey was wearing the gown and veil in which her matron of honor, Mrs. Gary Tilory of Dallas, was married last April. It is of organza over bridal satin, cut on classically simple lines from oval neckline to ankle-length hem.

Bell sleeves ending just below the elbow are covered with Venice lace, and lace flowers trace the empire waistline. A train barely sweeping the floor is attached at the waist back with a Dior bow, and over it the long illusion veil floats chapel length.

Lace petals held the veil above her forehead and motifs of the lace are applied on the layers of illusion. She carried gardenias and white feathered

mums on a small Bible which had been carried by her aunt, Mrs. Jerry Rheudasil of Lewisville, at her wedding. Her pearl earrings were the bridegroom's gift.

Miss Patty Roach was her maid of honor and Mrs. Buddy Edwards, sister of the bridegroom, was bridesmaid. Marcus Jacobsen acted as best man, Gerald Bybee and Buddy Edwards as groomsmen.

Ushering guests to their pews were Lonny Coffey, the bride's brother, Dennis Rickman and Eldon Howell. Young members of the wedding party were Beth Sylvester, daughter of the Charles Sylvesters of Fraser, Mich., and cousin of the bridegroom, flower girl, and Brian Edwards, son of the Buddy Edwards, ring bearer.

Tapers held by spiral candelabra twined with greenery, set on either side of the altar where the cross was backed with a bouquet of bronze and gold mums, were lighted before the ceremony by Doris Thompson of Calvin, Okla., the bride's cousin, and Gail Sylvester of Fraser, Mich.

Don Baugous played the organ prelude and marches, and accompanied Ben R. Gollehon as he sang The Pledge and Wedding Prayer.

Feminine attendants had dresses of yellow linen, floor length

and sleeveless, with lace flowers applied across the yoke line. Floating back panels were attached below large covered buttons marking the low back neckline.

Mrs. Coffey wore for her daughter's wedding a beige knit dress with matching accessories while Mrs. Stapp chose a blue knit in A-line style. Both had corsages of feathered bronze mums.

They received guests with the newly married couple at a reception in the church fellowship hall, where Miss Ann Sylvester registered guests.

Mrs. Rheudasil served the wedding cake at one end of a long table, and Mrs. Gerald Bybee was at the punch bowl opposite. Between them, silver candelabra were surrounded by the bridesmaids' bouquets on the white net cloth over yellow. The cake, four tiers on columns, was decorated with yellow flowers and topped with dove figurines.

Mmes. R. B. Hutson, W. B. Dowell, W. C. Russell, J. A. Hodges Jr., L. R. Boyer, Lloyd Sharp and Larry Summers were in the houseparty.

Mrs. Stapp changed for the wedding trip to a knit sheath with jacket in persimmon shade, worn with brown patent accessories.

She attended Texas Tech and West Texas State University after graduation from Hereford High School, and is employed at Hereford Labs, Inc. She was an active member of the Order of Rainbow for Girls, serving as a grand officer in the state organization as well as Worthy Advisor locally.

Mr. Stapp, employed by Wallace and Tiernan, also attended Hereford schools, Tech and North Texas State University at Denton.

Among out-of-town guests at the wedding were the bride's grandparents, Mr. and Mrs. L. A. Coffey of Amarillo, Mr. and Mrs. Joe W. Thompson of Calvin, Okla.; the bridegroom's grandmother, Mrs. Charles Nutting of Grosse Point, Mich.

Also Dr. Helen Nutting and Miss Adele Rolfe of Grosse Point, Mich.

Also Dr. Jerry Rheudasil of Lewisville, Mrs. Waldo R. Hunt and Mrs. George Kubitskey of Farmington, Mich., Mr. and Mrs. Charles Nutting Jr., Chuck and Bill Nutting of East Detroit, Mich.

Pre-nuptial entertaining ended the day before the wedding with the bridesmaids luncheon at the Caison House at noon, when Mrs. Coffey was hostess to the bride, her attendants and Mrs. Mary Stapp; and the rehearsal dinner which the bridegroom hosted, also at the Caison House.

Miss Deb Holley served cake and Miss Patricia Morton the punch, assisted by Miss Sue Cleveland. Guests registered in a book where Miss Linda Estes presided.

Afterward the couple left on a honeymoon to Arkansas resorts. Mrs. Tooley dressed in a gray frock with band and bow of white, yellow and green at the low waistline. Accessories added a white accent. They plan to be at home by September 1.

Both are junior students at McMurry. The bride is an English major and a member of Wah Wah Taysee Service Club. Mr. Tooley, majoring in English has minors in religion and math. His campus memberships include Alpha Phi Omega and Eta Epsilon Iota.

Among wedding guests from other cities were Mrs. Alf Renfro of Drumright, Okla.; Mr. and Mrs. A. D. Moore, Mr. and Mrs. A. W. Tooley of Kress,

READ THE WANT-ADS.

Comings and Goings at King's Manor

Mrs. Orion Carter of Plainview visited her mother Mrs. Flora Bryant this week.

Mrs. Glenna Tooley and family went to Borger Friday for the wedding of her son, Randy. He was married to Miss Sherry Bevins of Borger. The Rev. Don Davidson performed the ceremony. Mrs. Davidson accompanied her husband.

Recent visitors of Mrs. Maggie Hamilton were Mrs. Pauline Murphy, Mr. and Mrs. Joe Bethley and son Rusty from Shreveport, La.; and Mr. and Mrs. Fred Bourland and daughter Kathryn of Alberta, Canada.

Mrs. Oved Caraway and family visited Mrs. Nannie Caraway last Saturday.

Mrs. Mary Lipscomb is in Lubbock this week visiting her daughter.

We are happy to have Mrs. Arthur Thompson returned Monday from Amarillo where

Anna Blake and Mrs. Mary Helen Fisher back home from their overseas trip. They went on a tour of Scandinavian countries.

Mr. and Mrs. Will Blaylock visited in Levelland with his daughter, Mrs. Mattie Lou Holway, last weekend.

Tom Nisbett had a visit from his son, Joe Nisbett, of Dalhart this week.

Mr. and Mrs. Orville Doak of Portales, N. M. visited Mrs. Clara B. Fry and Mrs. Maggie Hamilton last week end. Mr. Doak is Mrs. Fry's nephew and Mrs. Doak is Mrs. Hamilton's niece.

Mrs. Colene Rucker visited her daughter in Friona this week.

The Sunday Brand, Hereford, Texas, Sunday August 25, 1968

he visited relatives.

Mrs. Counts from New Mexico visited Mrs. Henrietta Duncan. Also visiting Mrs. Duncan recently was Mrs. Redwine of the Lazbuddy community.

Ralph Waits was going down the hall at the Manor barefoot the other day. He happened to pass by Mrs. Clara Fry. She asked him, "Where on earth did you get those shoes, Ralph?" He immediately replied, "They came with me."

Marty Bretch of Lubbock has been a visitor of Ralph Waits in the Manson D. Waits home.

Mrs. Mary Warren, a resi-

dent of Westgate, has as her guest this past week two of her daughters, Mother Mary Edgar of Maple Mt., Kentucky, and Sister Ancilla Marie of Farmington, N. M. These two ladies also visited their sister, Mrs. F. L. Wilhelm, who is on the nursing staff at Westgate. Another guest of Mrs. Wilhelm was a niece, Sister Maurine of Amarillo.

Mrs. Flora Hitchcock's daughter, Mrs. Carmen Day of Amarillo, visited her Sunday.

Bevins-Tooley Vows Exchanged By Candlelight

First Methodist Church of Borger was the place of Miss Sherry Lynn Bevins' marriage to Randy LaNoy Tooley Friday evening, a candlelight ceremony read by Dr. Don Davidson of Kings Manor.

Parents of the couple are Mr. and Mrs. J. D. Bevins of Borger, Mr. and Mrs. L. W. Tooley of Dawn. The newlyweds will live at Wylie, near Abilene, while both attend McMurry College and Mr. Tooley serves as student minister of Wylie Methodist Church.

Vows were spoken before an altar with three tall white candles at either end, the only sanctuary decoration. Her father gave the bride in marriage.

Her sister, Miss Jan Bevins, was maid of honor and Tom Gibner of Spearman the best man. Bridesmaids were Mrs. David Combs and Miss Marleen Tooley, sisters of the bridegroom, and Miss Patricia DeVaney of Enid, Okla.

The bride's cousin, David Bevins, Charles Spooner and Andy Channer served as groomsmen, Jerry Bevins, Mickey Artzberger, Pete Harrington and Jimmie Bell as ushers. Kerry Tooley, the bridegroom's small brother, was ring bearer; Timmy Bevins and Keith Tooley lighted candles as Mrs. Jim Scott played an organ prelude. David E. Combs sang the wedding hymns. Daisies clipped from Venice lace circled the neckline and wristline of the bride's gown of snowflake organza worn over bridal taffeta. Sleeves were long and fully gathered; the A-line skirt was floor-length.

A tiara of the lace daisies held to her blonde hair the illusion veil which floated over her shoulders at the front and shaped into a chapel train. Her bouquet was a cascade of fresh daisies.

Empire dresses of her attendants were made of a print in green, yellow, orange, white and gray arnel, the waists circled by yellow ribbon. They wore tiaras of fresh daisies in their hair and each carried a single Majestic daisy.

More of those flowers decorated the bride's table at the reception in the church Garden Room. The cake was five-tiered, ornamented with white and yellow sugar roses and topped with bride-and-groom figurines.

Miss Deb Holley served cake and Miss Patricia Morton the punch, assisted by Miss Sue Cleveland. Guests registered in a book where Miss Linda Estes presided.

Afterward the couple left on a honeymoon to Arkansas resorts. Mrs. Tooley dressed in a gray frock with band and bow of white, yellow and green at the low waistline. Accessories added a white accent. They plan to be at home by September 1.

Both are junior students at McMurry. The bride is an English major and a member of Wah Wah Taysee Service Club. Mr. Tooley, majoring in English has minors in religion and math. His campus memberships include Alpha Phi Omega and Eta Epsilon Iota.

Among wedding guests from other cities were Mrs. Alf Renfro of Drumright, Okla.; Mr. and Mrs. A. D. Moore, Mr. and Mrs. A. W. Tooley of Kress,

PASSENGER TIRE GUARANTEE
GUARANTEE AGAINST FAILURE
 Penneys guarantees every Foremost® tire against all failures in use—this guarantee lasts for the entire guarantee period stated for each tire. If the tire fails during the guarantee period, return it with your guarantee certificate and Penneys will, at its option: (1) repair the tire, (2) replace it with a new tire, or (3) give you an immediate refund. If we replace the tire during the free replacement period, there is no charge; if we replace the tire after the free replacement period, you pay 50% or 25% less than the current selling price of the tire including the Federal Excise Tax (see guarantee against failure chart for details).

GUARANTEE AGAINST TREAD WEAROUT
 Penneys guarantees every Foremost® tire (except the 72 series) against tread wearout for the entire guarantee period. You benefit as follows: if your tire wears out during the first half of the guarantee period, return it with your guarantee certificate and Penneys will replace your tire with a new tire (the charge for this will be 50% of the current selling price including Federal Excise Tax); if your tire wears out during the second half, the charge will be 75% of the current selling price including Federal Excise Tax.

These guarantees do not apply to commercial use of tires.

Here's how your guarantee against failure works:

Entire guarantee period	36 months
Free replacement period	1-18 months
50% off period	19-27 months
25% off period	28-36 months

Clinic Is To Be Dedicated Today

BOVINA — Dedication ceremonies for the new Bovina Medical Clinic is scheduled for today beginning at 3:30 p. m. Lieutenant Governor Preston Smith is scheduled to be at the dedication ceremonies where he will deliver a dedication address. Open house for the new clinic is to be from 4 to 7 p. m. following the ceremonies.

Bovina community residents have invited all interested area persons to attend the ceremonies.

WOOD FOR SALE! — Members of the Hereford Kiwanis Club have begun their annual wood sale to raise money for the civic projects. They have brought in nearly 300,000 pounds of the pinon variety

and are in the process of cutting it up into firewood. Orders for the wood may be placed with any Kiwanian member. Ray Todd is president of the organization.

15 From Here Are WT Grads

Fifteen Hereford students were graduated from West Texas State University at the summer convocation Aug. 22 in Canyon.

Receiving Master of Education degrees were Paul Abalos, Gene Brock, Walter Bryan, Floyd Payne and Nancy Richie.

Geary Gearn received a Master of Business Administration.

Seven graduated with a Bachelor of Science degree. They are Sandra Goodwin, Mary Jo Hodges, Linda Ann McGinnis,

Concerning Veterans

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through

Willia Powell, Richard Stanley, Gano Tubb and Patricia Tubb.

William Campbell received his Bachelor of Business Administration and Alice Thompson, Bachelor of Arts.

READ THE WANT-ADS.

the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q — I was drafted and have served two years. Now I am about to be released from active duty but must serve in the Reserves. May I keep my Servicemen's Group Life insurance while in the Reserves or must I convert to a private plan?

A — You must convert your SGLI policy to a private plan within 120 days after release from active duty if you want to keep this insurance protection. For further information, contact your nearest Veterans Administration office when you get back home or write to the Office of Servicemen's Group Life Insurance, 212 Washington Street, Newark, N. J. 07102.

Q — I lost my father in Korea, and the Veterans Administration has been paying an allowance to my mother for me. When I enter college this fall, will the War Orphans Educational allowance also be sent to my mother, or to me?

A — The VA usually pays this benefit directly to the college student, unless the mother or other fiduciary has been formally appointed as "guardian" by court action.

Q — I am interested in buying a farm with a G. I. loan. I am told I can do this even though the selling price is more than the VA appraisal.

Miss Ferguson Is Tea Honoree

Miss Jo Ann Ferguson, whose marriage to David Hill is planned for September 6, was complimented with a tea-shower at Hereford Country Club Saturday afternoon, when scores of callers wished the bride-elect happiness as they presented gifts for her first home.

Hostesses were Meses Mim McDowell, Lloyd Pool, Aline West, Carl McCaslin, Gaylord Newell, Joe Rogers, Coy Fryar, Martin Gilliland, Ralph Packard, Stan Sigman Jr., Paul Harvey, Douglas Nix, Wayne Phillips, Albert Maxwell, Harley Ward, Harold Beauchamp and Douglas Bryan.

Callers were received by Mrs. McDowell; the honoree and her mother, Mrs. Louise Ferguson; her fiance's mother, Mrs. C. H. Hill; her sister, Mrs. Danny

Martin, who is to be her matron of honor; her grandmother, Mrs. Nina Latham of Lubbock, and Mr. Hill's grandmothers, Mrs. W. W. Hill and Mrs. Henry Hastings.

Miss Beth Sheffy of Dimmitt was at the bride's book where guests registered. Miss Donna Hill, sister of the bridegroom-elect, and Miss Janet Fryar of Dimmitt served refreshments. Piano music by Miss Marilyn Newell formed a background for

conversation during the afternoon.

Gold daisies and mums in a silver compote centered the tea table, which was covered in white. The antique coffee service at one end of the table and a silver punch bowl at the other, with trays of tea dainties completed the setting.

Another recent courtesy for Miss Ferguson was a kitchen shower in Mrs. Bryan's home, with schoolday friends as guests.

Miss Cynthia Loerwald Bride Of Patrick Feery

The marriage of Miss Cynthia Jane Loerwald, daughter of Mr. and Mrs. Ed Loerwald, 224 Star, and John Patrick Feery, son of Mr. and Mrs. Frank Feery of Albuquerque, was conducted at mid-afternoon Saturday in St. Anthony's Catholic Church.

The Rev. Angelus Delahunt, S. A. pastor of St. Anthony's Parish, officiated for the ceremony and the nuptial mass. White pom-pom mums and snap-dragon blossoms were arranged on the main altar, white dahlias and gladiolus on side altars of the church.

Mrs. Don Dolle of Canyon, the bride's sister, played the organ processional, March In D by Bach, and for the recessional another Bach selection, Break Forth Into Joy. She accompanied Ben Gollehon in solos, Our Wedding Prayer (Geiger-Halton, The Pledge (Black) and Wedding Prayer (Dunlap).

Preceding the bride in the procession were her sister, Miss Claudia Loerwald of Amarillo, as maid of honor and Miss Joyce Feery of Albuquerque, sister of the bridegroom, as bridesmaid.

Brian Stevenson of Albuquerque was best man and the bride's brother, Paul Loerwald, was groomsman. Serving as ushers were Danny Loerwald and Ralph Loerwald, cousins of the bride, Dale Smith of Dallas and Bill Vichi of Albuquerque.

Another cousin, Jim Loerwald was the lector and brothers of the couple, David Loerwald and Jim Feery, were servers at the nuptial mass. The bride's father gave her in marriage.

Her bridal costume included items of sentimental value in her family; the tiara which held her shoulder-length veil had been worn by three of her sisters in their weddings, and her necklace was loaned by one, Mrs. Frank Brorman, who wore it as a bride.

Her gown was a sheath of moonlight crepe with yoke and long sleeves of Swiss lace. The chapel train, bordered and appliqued with matching lace, was attached at the shoulders

with a pair of crepe bows. She carried a bouquet of roses, carnations and stephanotis.

Nile green crepe made the attendants' dresses with lace trim in pink and green at the empire waistline. The dresses were made by the bride's mother, as were bows of the crepe with matching short veils which they wore in their hair. Their pink carnation nosegays were tied with pink streamers.

A reception in St. Anthony's hall followed the ceremony. Mrs. Brozman and Mrs. Don Denton of Modesto, Calif., sister of the bridegroom, registered guests. Miss Nan Schumacher of Dimmitt and Miss Barbara Zinser were at the refreshment table.

The bride's cake and wedding bouquets made the centerpiece on the table, flanked by green candles in silver holders. Summer flowers and white wedding bells decorated tables where guests were seated.

As the couple left on a trip taking them to a home at 6244 Fourth, Albuquerque, Mrs. Feery was wearing a blue knit dress with white accessories and a corsage of roses from her bridal bouquet.

She and Mr. Feery are both senior students at the University of Albuquerque. A 1965 graduate of Hereford High School, the bride is majoring in English and speech. The bridegroom, a chemistry major, completed high school studies in 1959 at Highland in Albuquerque.

In addition to his immediate family, wedding guests from other cities included the Don Denton family of Modesto; Mrs. Brian Stevenson and Sean Patrick, also Miss Beth Hebert of Albuquerque; Miss Mary Anne Duggan of Los Alamos, N. M.; the A. J. Schumacher family of Dimmitt, Don Dolle family of Canyon, E. J. Schumacher family and Mrs. Clem Schumacher of Sunray and Miss Christi Childers of Amarillo.

Adrian News

By ANN BEAVERS
Brand Correspondent

Miss Linda Sanders of Orange Cove, California and Dale Anderson were married in a single ring ceremony, Friday evening in the home of Mr. and Mrs. Bob Gruhkey. Rev. C. Coffee Precedes Pioneer Season

Preceding the start of a new club year, scheduled for Sept. 10, a business meeting of Pioneer Study Club was held at a coffee in the home of Mrs. Delmar Sigle, president, Thursday morning.

A feature of the meeting was presentation of a gift to Mary Ruth Hamman, three-month-old adopted daughter of the Bob Hammans. Mrs. Hamman is a member of the club.

Mrs. C. L. Craig was voted to membership. Announcement was made that the award for the Non-Residential Beauty Spot of the Month for August has been given to Mothers Park, which is maintained by Pioneer Study Club. This award is made monthly by Deaf Smith Chamber of Commerce beautification committee.

The group voted to place the deeds to Mothers Park, which is dated 1909, in Deaf Smith County Museum. The small park at the north end of Main Street was established by the club, which was called Mothers Club for the first 25 years of its 60-year history, as one of its early civic projects.

Coffee was served from a table centered with a large bouquet of summer flowers, featuring roses and aster in rose hues. Hostesses were yearbook committee members, Mmes. F. Frank Ball, B. E. Brumley, H. E. Miller and Hamman. Mrs. Ray L. Johnson, committee chairman, was out of town.

State Confab To Be Attended By Local Agents

Beginning Monday and running through Friday, there is a state conference at Texas A&M which will be attended by County Agriculture Agent Juston Mc-Bride, Home Demonstration Agent Argen Draper and assistant HD agent Rita Huckert.

The theme is their attendance, along with other county, area and state-based specialists, is their selection and attendance to three special program sessions on the various topics.

It is also an occasion for all employees of the Texas Extension Service to have a get-together with their families.

Hereford's Oldest Appliance Dealer

We Came to Hereford

20 years ago and opened our business with the idea that we could grow if we offered quality products and expert service. The carrying out of that idea has made us the largest appliance dealer in Hereford — and the oldest. We're happy to say that we're celebrating our 20th Anniversary in Hereford, and we want you to help us celebrate by taking advantage of the outstanding bargains we're offering this week. After all, it's you, our loyal customers, that have made our success possible. We appreciate every one of you.

MANDRAKE THE MAGICIAN

BY LEE FALK

The PHANTOM

By Lee Falk

SOMEWHERE ON THE PERSIAN GULF - A MODERN SEA GIANT TAKES ON OIL - 1,100 FEET LONG - 300,000 DEADWEIGHT TONS -!

TOO BIG FOR CANALS - THEY HEAD AROUND THE CAPE FOR NORTH-EUROPEAN PORTS - THE LARGEST CRAFT IN EARTH'S HISTORY!

LIFE ABOARD A 300,000-TON TANKER CAN BE BORING - NO DANGER EXCEPT FIRE OR SHOALS -

HOW MUCH IS THIS CARGO WORTH? AT \$3 A BARREL - MAYBE 6 MILLION - WHY? YOU WANNA BUY?

WHAT COULD BE MORE INVULNERABLE TO ATTACK THAN SUCH A COLOSSAL TANKER IN THE OCEAN?

AFTER DARK - ALL READY? ALL READY.

HANDS UP! WE'RE TAKING OVER! ?? WHERE DID THEY COME FROM?

RADIO ROOM

WHAT DO THEY WANT? WANT? WHERE DO THEY COME FROM? WE'RE IN THE MIDDLE OF THE BLASTED OCEAN!

CONT'D NEXT WEEK

BRINGING UP FATHER

by BILL KAVANAGH & FRANK FLETCHER

IF I CAN GET MAGGIE INTERESTED IN A BOOK, MAYBE I CAN SNEAK OUT WITHOUT HER SEEING ME -

MAGGIE, WOULD YOU LIKE TO READ THIS BOOK? THEY SAY YOU CAN'T PUT IT DOWN ONCE YOU START IT -

NO - I'M NOT IN THE MOOD FOR A LONG BOOK LIKE THAT -

THAT DIDN'T WORK SO WELL! I'LL HAVE TO THINK UP SOMETHING ELSE -

MAGGIE, YOU'VE BEEN PROMISING TO DARN THESE SOCKS OF MINE -

WELL, I DON'T FEEL LIKE DOING THEM RIGHT NOW -

SAY, DARLIN' - YOU HAVEN'T PAINTED ANY PICTURES LATELY -

THAT'S RIGHT. I THINK I'D LIKE TO TRY MY HAND AT A PORTRAIT -

OH, STOP SQUIRMING! THIS WILL ONLY TAKE A FEW HOURS EVERY EVENING FOR A COUPLE OF WEEKS!

Hi and Lois

by MORT WALKER and DIK BROWNE

GEE, RALPHIE - YOUR MOM WAS REAL NICE TO GIVE US THIS REFRIGERATOR CARTON

YEAH! IT'LL MAKE A NEAT CLUBHOUSE

BUT DO WE HAVE TO TAKE YOUR SISTER INTO OUR CLUB LIKE YOUR MOM SAID?

NAW! I SCARED HER OFF!

I TOLD HER SHE'D HAVE TO PASS THE INITIATION TO JOIN OUR CLUB.

I TOLD HER SHE'D HAVE TO EAT A WORM!!!

HEE HEE

I THINK I HEARD SOMEBODY OUTSIDE.

MAN THE LOOKOUT TOWER!

KEEP OUT! SECRET DOOR

HOW BIG A WORM?

8-25

TIM TYLER'S LUCK

by Lyman Young and Tom Massey

BANDY, IF WE ARE ABLE TO SEE BIG-FOOT, AND INCLUDE HIM IN OUR GAME REPORT, IT WILL BE WORTH THE TIME AND EFFORT!

THERE'S A HOOKER IN MY REWARD OFFER— THE PICTURE MUST PROVE HOW BIG THE ELEPHANT IS—

ABOUT THE ONLY WAY WOULD BE TO SNAP HIM AGAINST SOME OBJECT YOU COULD MEASURE LATER—

THE PICTURE I PAY FOR HAS GOT TO PROVE BIG-FOOT'S TRUE SIZE!

TYLER, I ADMIT MY REWARD IS A STALL FOR TIME—

HOW'S THAT?

WELL, I HOPE THAT I, OR YOU, OR SOMEBODY WILL THINK OF A WAY TO PREVENT BIG-FOOT FROM BECOMING JUST ANOTHER TROPHY!

LATER

I STILL SAY IT'S A GIMMICK TO ATTRACT HUNTING CLIENTS!

OH, I BELIEVE HIM, SPUD, OR WE WOULDN'T BE OUT HERE LOOKING!!

TIGER

by BUD BLAKE

I CAN BALANCE LIKE THIS—

AND I CAN DO IT UP HERE

I THINK I'VE GOT IT NOW

I HAVE GOT IT!

I CAN BALANCE ANYWHERE!

OKAY, TIGER, I'M READY...

TAKE OFF MY TRAINING WHEELS!

GRANDMA

by Chas. Kuhn

OH, MY... ROY JUST BROUGHT OUT A BAG OF CHARCOAL BRIQUETS

AND HE'S WEARING HIS CHEF'S HAT AND APRON!

THAT CAN ONLY MEAN ONE THING!

HE'S GONNA BURN UP SOME STEAKS AND INVITE ME TO HELP HIS FAMILY TRY TO EAT 'EM!

GO, MOVIES, HERE I COME!

WHEN ROY HAS A COOK-OUT...

... I HIDE OUT!
