When the Declaration of Independence struck the key note of liberty, American banking had its inception. No name stands higher in the memory of our nation than that of Robt. Morris, banker and patriot, who founded the institution which financed the War of the Revolution.

Let's not too much to say that but for that bank and the wisdom, courge and financial resourcefulness of its founder, the Revolution would have failed. It upheld the hands of General Washington through that long and dreadful war, and gave to

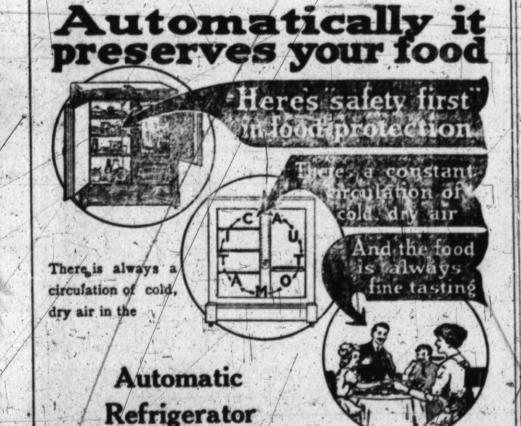

him the means of victory Morris found the money and framed the laws that grought this nation into effectual being Our national life we owe to the steadfast devotion of these two men, Morris and Washington banker and soldier.

Backing in those days was crude, but the genius of Morris furrished the basic principles on which we have erected the spleadid system that has been the conserving factor in all our business affairs—the agency that has built up our industries and stered our commercial prosperity.

Mothers' Park is looking very like a park these days, since the dead grass has been raked off and the entire park generously watered. This is one of the prettiest spots in the city and with proper care, including ample water supply and smoothly mown grass, this park will be a model of civic attractiveness and a worthy monument to the progressive and interested mothers of Hereford.

Did you see the Civic Club's float in the school parade, and wasn't it an inspiration? Wasn't it suggestive of beautiful things and didn't your soul catch a vision of what it would mean to live in an environ- ly. ment of beauty, unmarred by offensive sights. odors and conditions?

Didn't it deepen your conviction that it is plainly the duty of each individual one of us to become actively aggressive in the work of the civic campaign? A clean, attractive city with the influences which radiate from it, is none too good for Hereford.

been in six or eight years. One of the greatest needs now existing is more sidewalks and more street crossings. With the right kind of effort among our people, there is no reason why more sidewalks should not be constructed this year than we have ever built in the city, and I favor putting in street crossings just as fast as the finances will permit. I think an active campaign should be carried on to secure a large extension of sidewalks. When properly solicited and shown the necesmany property owners will cheerfully put them in. I am sure the commission will do all it can in putting in the crossings.

A new sewer line should be built to accommodate the new High School and something like 20 residences accessible to such a line. The sewer line running through the tier of blocks west of Main Street, should be extended and thus accommodate about twelve residences right in the heart of the city, now without sewer accommodations of any kind. Some of the property owners on this line have offered to assist the city in building it by advancing a part of the money required. It will cost something over two thousand dollars to construct these two sewer lines, but I think the matter can be financed without serious difficulty. The health of the community is of the first importance, and the way to insure that is by making the town sanitary.

To quote again from Mr. William's communication, "Let's Pull Together." Respectfully,

Wm. M. Knight, Mayor.

Brown Chief

Brown Chief is one of the most brilliant and sensational saddle stallions that ever made a season for public service in Northwest Texas. He is a decendent of the famous Kentucky Chiefs and Denmarks, and his breeding embraces the most fashionable blood lines of the present day. He was sired by Blue Chief, and out of Queen of the West. He is a grandson of the lamous Galloway Chief that made the greatest showing as a three-year-old of any colt ever bred in Missouri.

Brown Chief stand 15.3; weighs 1200 pounds abundance substance; has the richest seal brown color imaginable, being slightly dappled! He has a clean cut head (as the picture shows) with a mild eye, and his neck is a beauty, being true to his type of horse; goes the five saddle gaits correctly, fast and in brilliant form. His colts are of the type, that command a ready market as a cayalry mount or an ideal saddle horse

This excellent son of Blue Chief will make the season of 1916 at our ranch. 2 miles south of Black, Texas. Parmer County, at \$6 a serve; \$10 the season; \$12 50 to/insure living coit. Those owning good mares who want to breed to a very fine and reresourceful stailion do not live too far away to patronize this ho se. This is an extremely low fee for a stallion of such royal breeding, great style and conformation.
