Sights and Faces Seen

Californians call them fogs, but to an uninitiated Texan it looks like rain, says Marie Cornelius of California weather. Mrs. Cornelius is back at work in Judge Jim Witherspoon's office.

An idea for conserving space and making an unusual display is found at the Hereford Store Company this week. Mr. Harman has his center window filled with shoes all hung by strings from the ceiling. A good idea for a store window but still would like a suggestion for piling assorted junk on a desk and still being able to find just what you want when you want it.

Thelma Jones of Dimmitt is the new office assistant at the farm security office. She succeeds Frances McLeod, who went to Childress two weeks ago.

Wonder if Velma Hodges got flowers for her valiant efforts to quell the youth movement in the front benches at the B & P W program Monday night. We heard that she was going to get flowers with a card suitably inscribed, "in memory of a lovely evening."

Mrs. Carl Wimberley of Dawn suggests that Hereford ought to have a regular depot in some public place for the collection of waste paper. Mrs. Wimberley came to town Monday afternoon with practically a car-load of paper and was looking frantically for someone to give it to.

Money is the root of all evil, just ask Eva Pittman, who tripped over a telephone wire in pursuit of the filthy lucre yesterday and is now ready to see if that First Aid treatment is really practical.

Bud Jacobsen left this week for California where he will work as an engineer at American Aircraft Company.

F. G. Collier Is New ACA Secy.

F. G. Collier arrived last week from Dumas to take over duties for Deaf Smith County. Collier has been in the county office since July 1941.

Mr. Collier owns a farm in Dickens County which he feels gives him an opportunity to know something besides the theoretical side of the government program.

The new farm program administrator says that he appreciates the welcome he has received in Hereford and feels that his work here will be pleasant. He invites farmers to stop by the office and talk over any problem of compliance with the government program.

Travel Comedy To Be Shown At Methodist Church

"This Amazing America," a technicolor travel comedy of American life, is a picture which will make us all proud that we are Americans, says Rev. Martin B. Norwood of the film which will be shown at the Methodist Church next Wednesday night.

The picture was not available for Sunday night showing as part of the regular School of Missions program. Mr. Norwood says, however, because of its (Continued on Page 12)

Interment Here For S. B. Oglesby

Funeral services for Sidney B. Oglesby, 81-year-old retired farmer-stockman, who died Saturday were held Monday afternoon at the San Jacinto Baptist Church; and burial was in West Park Cemetery at Hereford.

Mr. Oglesby was the father of Mrs. George L. Muse of Hereford and had formerly lived in the Hereford and Umbarger vicinity. A grandson of Mr. Oglesby, Kellar Muse, also lives in Hereford.

Survivors are five sons, Virgil Oglesby and Hubert J. Oglesby, Amarillo; Taylor Oglesby, Friona; Herbert Oglesby, Carlock, Cal.; and L. T. Oglesby, with the Pacific fighting forces; three daughters, Mrs. Myrtle Morell, Moscow, Tenn.; Mrs. W. P. Bell, Pampa; and Mrs. Muse, Hereford; 27 grandchildren and seven great grandchildren.

Rev. W. S. Sibley, pastor of the Summit Baptist Church, assisted by Rev. Frank Hasty of the San Jacinto Baptist Church, were in charge of the funeral rites. Pallbearers were grandsons of the Panhandle pioneer.

Rural Schools Set Record In Defense Bonds

Pupils in the six rural schools of Deaf Smith county spent \$261.95 for defense bonds and stamps during January and February, County Supt. A. J. Schroeter revealed this week. The average sales for each pupil enrolled during the two month period was \$2.13.

Heiselman School, one of the smallest in the county, made the best record of defense bond purchases, marking up a total sale of \$22.70; and one pupil, Edward Rhorbach, bought four \$17.75 bonds to account for \$75 of the total. Edward bought the bonds with money he had earned himself. Schroeter reports Heiselman School also reports the biggest percentage of enrollment buying defense securities. Eighty-one per cent of the Heiselman pupils bought stamps or bonds during the period covered by the report and average sales were \$7.51.

Summitfield Second School set record among the rural schools was set up by Summitfield, where \$22.45 worth of defense securities were purchased; 80 per cent of the enrollment bought stamps, and average sales were \$2.23.

Daniel reported \$47.50 sold; 65 per cent of the enrollment buying and average sales of \$1.99. Other records were Dawn, \$47.80, 57 per cent and \$1.23; Walcott, \$9.50 per cent and 80 cents; and Westway, \$14.30, 50 per cent and 34 cents. Figures for Westway are based on the report for January.

"We think the rural schools are doing a good job on this defense stamp buying," says Schroeter, "and we believe that the figures are going to improve all the time."

Food For Victory Meeting Held At Wyche School House

The first of a series of Food For Victory meetings was held at Wyche school house Friday night with A. R. Bateman, county agent, in charge of the meeting.

The county agent told of the scrap-iron drive which will soon get under way in Deaf Smith County and urged the cooperation of all. He said that prizes will be offered to boys and girls for the largest collections of scrap iron.

Miss Izora Clark Matthews, FSA home supervisor, spoke on food required for a safe diet, using the Texas Food Standard as a guide. Each person present was scored on food eaten that day and the estimated cost of the food was totaled. The speaker recommended the control of the common cold through diet.

B. C. Drinkard, Farm Security Administrator, showed pictures of gardens and storage on farms. Miss Sadie Lee Oliver, CHDA, used posters to illustrate varieties of fruit and vegetables that may be grown in this locality. Members summed up the following slogan from the talks made by the speakers: "Plant a garden, grow your meat, live by the Texas Food Standard and help scrap the Japs with scrap iron."

Summer Water Rates To Encourage Gardens

Annual summer "irrigation rates" to consumers of city water were announced this week by Mayor C. J. Paddock, who said that the new rates will go into effect on Mar. 20, and will be allowed on billings of Apr. 1, 1942.

"The rate is lower this year than in recent years," he continued, "because the city council wishes to encourage persons to grow gardens in connection with the wide appeal of our government. We also hope that the new rate will, as in the past, encourage beautification of trees and grounds of the city."

Under the new rate, the minimum charge will be set at \$1.50 on the first 3,000 gallons of water. Until the new rate went into effect the rate was \$1.50 on the first 2,000 gallons. Under the new schedule, this minimum

will carry a 10 per cent discount if paid by the tenth of the following month.

After the first 3,000 gallons at \$1.50, a sliding scale will be used as follows:

First 3000 gals	1.50
Next 3000 gals at 25c per 1000	
Next 5000 gals at 15c per 1000	
Next 10,000 gals at 13c per 1000	
Next 10,000 gals at 11c per 1000	
Or 31,000 gallons for	\$5.40
Less 10 per cent	54
Net total	\$4.86

The new water rate will continue until Sept. 1942, according to present plans. City officials expressed a hope that all persons would take advantage of the low rate, which they believe to be in line with the national defense program as advocated by the government.

Farewell Ceremony For Big Draft Group

City Finances In Good Shape

There is no danger of having to put a new ceiling on the city debt.

That is the cheering news of the comparative financial statement of the City of Hereford, published in The Brand this week. In fact, the city's financial condition looks especially good in a time of steadily rising state and national government costs.

Specifically, the report of auditor C. W. Cogdell reveals that the city indebtedness has been reduced from \$212,500 in 1940-41 to \$206,000 in fiscal 1941-42. The \$6,500 figure represents a decrease in bonded indebtedness.

At the same time, the 1941-42 fiscal year saw a reduction of the tax rate to \$1.00, with tax collections of 86.88 per cent of the total levy. According to the report \$2,538.64 was the decrease in the amount spent for water plant construction compared with the 1940-41 amount. The decrease was made possible because of extensive improvements made in the plant two years ago. Dis-

B&PW Sponsored Program Draws Good Audience

About 150 Hereford people attended the program given Monday night by a group of Negro entertainers from Amarillo, and reports were enthusiastic concerning the variety program presented. Sponsored by the Hereford Business and Professional Women's Club, the singers, representing many religions and denominations, donated their services for the benefit of welfare work being done among their own race by Rev. J. J. Regan. In explaining his work, Father Regan pointed out that his aim was not only to help this particular group but also to make the audience more keenly aware of responsibilities to help any person or group in need of aid.

The program itself featured singing of old-time Negro spirituals by a ten voice chorus instrumental numbers on homemade instruments, readings—some in dialect, and dancing—strictly jitterbug style. Hit of the evening was the "Deep in the Heart of Texas" number given by six small children who sang and danced—and the dancing got better all the time.

Mrs. Louis Turner was director of the group and accompanist for most of the music. "We appreciate the splendid reception given this program," Mrs. Troy Moore, president of the B & P W said Tuesday, "and we want to thank Father Nathaniel and the people of the Catholic church for the use of the parish hall and Father Regan and the singers for their fine program. We hope to have more 'open meetings' in the future."

Elsye Wilkins Gets Washington Position

Miss Elsy Wilkins, daughter of Mr. and Mrs. C. O. Wilkins left Tuesday night for Washington, D. C., where she has received a civil service appointment as senior typist. Miss Wilkins took a civil service examination for junior typist about two months ago and received a senior rating on the basis of her grade. She is a graduate of Hereford High School and attended Texas State College for Women at Denton. She received her business training at an Amarillo business college, and has been employed at the Deaf Smith County A. C. A. office.

Bond Chairman Expresses Thanks

As County Chairman of the Deaf Smith County Bond Sales Committee I want to express my appreciation to the people for the cooperation we have received and the interest shown in the buying of bonds and stamps. Quite a number of people have not as yet responded to our call, but we feel sure this is not because of indifference and we are asking, if you have not already done so, that you contact some member of the committee and indicate to them what you expect to do through the year.

In the Hereford Brand of Feb. 12th, there appeared an article written by the committee, with the idea of stimulating bond and stamp sales, and for that purpose only, which article may have been misunderstood by some, and an error was made in same by stating "No bonds were bought" when it should have read "no pledge was signed to buy bonds." No name was called and it was not the intention of the committee to deliberately injure any individual, neither was it the intention to apply the word slacker to an individual, but in general to people who might wilfully avoid their duty.

We want to urge again that each and every one buy bonds and stamps to your full ability.

Respectfully,
J. C. RICKETTS, Chairman,
Deaf Smith County Bond Sales Committee

Sugar Rationing Draws Closer But No Days Are Set For Registration

Four New Scouts Join New Pine Tree Patrol

Four new Scouts were made members of Troop 1 in an investiture service held at the regular Monday night meeting, Feb. 9, when Billy Cawthon, Bob Hicks, Ragsdale Bailey, and Jimmy Whitaker received their Tenderfoot badges. The addition of these four scouts brings the total number of scouts in Troop 1 to forty.

A new patrol to be known as the Pine Tree Patrol was organized before the investiture service. Donald Robertson is patrol leader and Tommy Wilson is his assistant. The boys in this new patrol are Donald Robertson, Tom Wilson, Johnny Rogers, Jimmy Whitaker, Bob Cawthon, Jack Miller, and Glenn Russell.

Bill Phillips, assistant scoutmaster, has been called for service in the U. S. Army. The members of Troop 1 are very sorry to lose Mr. Phillips, but feel confident that the training he has received as assistant scoutmaster will benefit him greatly in the army.

Mar. 15 Is Deadline On Income Tax Payment

Final rush is on, so far as filing income tax returns is concerned, and reminders arrived from the treasury department this week pointing out that Mar. 15 is the last date for filing returns.

More than six million American citizens are filing their first income tax returns, and the government this year is offering an optional form to persons in the lower income brackets. They can pay the tax without going into the higher mathematics involved in filling out the regular income tax blank, simply figuring the amount earned and then turning to a table which shows the tax due on that income.

While taxes this year are the highest yet recorded, reports from all over the nation are that payment is being made cheerfully to speed victory in the war against the Axis.

E. B. Black Sells Hereford Herd

E. B. Black, pioneer Hereford ranchman, this week announced sale of the last of his famous blooded Hereford herd. In the lot offered for sale were 30 two-year-old heifers, 23 long yearling heifers and 80 bulls, 12 to 18 months old. Jack Turner, manager of the Silver Creek Farms at Fort Worth, bought approximately 50 bulls and 50 heifers at an unannounced price. They will be shipped soon to Fort Worth. Mr. Black left this week for a visit with relatives in Alabama, Georgia and Florida.

Sugar Rationing Draws Closer But No Days Are Set For Registration

Sugar rationing, one of the necessities of war, is a week closer, and in the Southwest the planning machinery for registering every man, woman and child for ration books already is working. Almost any day now the Office of Price Administration in Washington is expected to designate a four-day period in which everyone is to register.

In the meantime, the region Price Administration Office in Dallas is making extensive plans for the registration to be carried out without undue confusion in Texas, Oklahoma and Louisiana. The three State Ration Administrators—Mark McGee of Texas, Bert McDonald of Oklahoma, and U. S. Goodman of Louisiana—met with region OPA officials in Dallas last week. They discussed and studied the national plans for the four "R-days" and conferred on how these plans can best be applied in the three Southwestern States.

Following within the next few days, the administrators and their rationing assistants will return to Dallas, and with representatives of the three State Governors, school superintendents, and members of the OPA staff, they will attend a two-day rationing school. At this school, all details will be studied and final plans made for the big registration.

OPA officials have been assured of full cooperation throughout the three States and believe that no serious difficulties will arise in fitting every person. (Continued on Page 12)

Metzger Talks To Spud Growers

Interest in potato planting was increasing this week as some growers prepared to plant by the third week in March, and a talk at the county courthouse Wednesday night by Carl H. Metzger, potato specialist of the Colorado Certified Seed Potato Growers Association, drew an enthusiastic audience of potato growers.

Mr. Metzger reviewed the different varieties of potatoes most suitable to cultivation in this section; he also gave a detailed discussion of potato diseases and their control, giving the practical information which farmers need.

Following farmer participation in an open forum after Mr. Metzger's talk, H. M. Bainer, general agricultural agent of the Santa Fe, talked on prospects for sugar beet growing in the Hereford territory. Talks with H. E. Knapp of Rocky Ford, Colo., Bainer said, had revealed that the Colorado Sugar Company was interested in an experimental sugar beet acreage here. However, the Santa Fe man said, the plan did not call for large sugar beet acreage, and Mr. Knapp will be in Hereford in the near future to talk to farmers interested in sugar beet production.

The largest draft contingent of the War left Hereford this morning for Fort Sill, as the realities of a nation in combat struck home to the families and friends of more than fifty Deaf Smith County men.

To see off the first large number of draftees to leave Hereford, the local selective service board this week co-operated with various civic organizations to secure a real patriotic send-off for the boys. The High School Band under the direction of Ralph Smith played for the farewell ceremony and most business houses in Hereford delayed opening hours until 9 o'clock to allow employees to go to the courthouse for the event.

Leaving Hereford this morning were Aloysius Ben Lueb, J. B. Carter, Laverne Wesley Winfrey, Bennie Felix Urbanczyk, Paul Robert Barnes, Samuel Verdon Watts, John Hardy Wood, Arhart Henry Reinart, Billy Beene, Roy Wilson Brittain, William Lawrence Pillow, William French Thurmond, Herman Lester Tedford, Werner Fred Lueb, Lewis Robert Sherman, Joseph Charles Gregory, James Henry Lueb, George Woodrow Lutz, L. B. Russell, Walter Lee Kuper, William Clyde Battles, Eugene Bob Renfro, Cibola Laredo Goad, William Stewart Lee, Charles Raymond Kropff, Kyle C. Paving Bid Open On Highway 51

J. G. Lott, state highway engineer with offices in Amarillo, this week announced opening of bids for the paving of Highway 51, from 1.1 miles south of Hereford to the Castro County line. Also published in this week's Brand is an announcement of bids on the building of 269 miles of seal coat on Panhandle highways; with the road from the Randall County line to Hereford scheduled to be one of the highways to be improved.

The paving of the Castro County line would improve 4.223 miles of road in what is conceded to be one of the worst "raps" in the state highway system. This paving, together with some in Castro County, was approved by the state department last summer, but earlier information had indicated that it might be postponed until after the war.

Thief Takes \$14 From Purses Of Party Guests

Fourteen dollars, all in bills, was the haul made by a thief who entered Mrs. Oscar Easley's home yesterday afternoon and made a raid on the purses of guests who were attending a bridge party in the Easley living room. The intruder evidently entered by the back door, according to Mrs. Easley, who says that entry by any of the windows was impossible. He also would have had to go through the house to get to the two bedrooms where the purses had been left.

Sheriff J. O. Newell, who is investigating the case, says that similar robberies have occurred frequently in other towns.

Teachers To Attend Conference Mar. 20-21

Canyon—Public schools of Deaf Smith county will close March 20 and 21 to permit teachers and administrators to attend the Northwest Texas Conference for Education in Amarillo. It will be the first meeting in Amarillo, where auditorium facilities are adequate for this large convention of teachers.

Nearly all schools of the 26 Panhandle counties will close for the two-day sessions.

The program for the general and sectional sessions has been completed by W. B. Weatherred of Pampa, president of the conference, he announced here this week. The Conference in its business phases is District 9 of the Texas State Teachers Association. Dr. A. M. Meyer of West Texas State is vice-president; Glenn Allison of Hereford, treasurer; and Supt. W. C. Perkins of Shamrock, secretary.

Speakers at the general sessions will include Dr. Zebulon Judd of Alabama Polytechnic Institute, Auburn, Ala.; Charles H. Tennyson, public relations director of the Texas State Teachers Association; Dr. A. D. Zanzig, music instructor at the University of Texas; Dr. F. N. Percheville, University of Texas; Jeff Williams, famed humorist of Chickasha, Okla.; Ralph M. Pearson, designer of Nyack, N. Y.; and Dr. J. A. Hill, president of West Texas State College.

Educational specialists also will be heard at sectional meetings, which will be held in various churches and schools of Amarillo.

Registration for the Conference will open at the Amarillo Municipal Auditorium at 8:30 a. m. on March 20.

CHDA NOTES

By Sadie Lee Oliver

The Food for Victory meeting at Wyche last week was well-attended and all persons in the audience seemed really interested in doing their share to increase production of needed foods and to give their families a balance diet. Mrs. Matthews' talk on the Texas food standard brought home the idea of good diet by actually showing the foods that are needed for good health.

The current issue of the Oklahoma Farmer-Stockman contains a score card on daily vitamin intake; and by comparing your own record with the suggested diet on the score card you can find in just what foods you are falling short—and very few persons get all their vitamins every day; just check up and see.

S. O. Wilson suggests that all persons who plan to raise gardens should include some potatoes in the garden—that is if they have an adequate water supply. With potatoes, Mr. Wilson says, the trick is to keep the plants damp but not wet.

Incidentally, if we can increase our vegetable production in this county, we may find a surprising drop in the number of bad colds next winter. For colds have a definite relationship to diet; recent experiments have showed that good diet—including all the necessary vitamins—can nearly do away with the common cold.

Do You Remember?

Mar. 14, 1918
Contractor J. P. Snyder had been awarded the contract for erection of the Will Stone business block.

Work on the new Methodist Church was scheduled to begin within the next ten days.

The Hereford Orchestra (eight pieces) had met at the home of Dr. Gough and "discussed music divine to a small but select and appreciative crowd."

The Turrentine brothers of Hereford were going to start work soon on a phone line to link Dimmitt and Hereford.

D. R. Gass had been attending merchandise markets in Kansas City.

The Hereford National Bank reported resources of \$204,259.95.

Mar. 14, 1918
The commissioners' court was considering the possibility of locating a home demonstration agent in Deaf Smith County to help with the new victory Garden Campaign.

A school board election was coming up and the terms of four trustees—R. N. Mounts,

Charles Donald, R. J. Kibbe and J. H. Bowers—had expired. D. C. Laird, W. E. Hicks and C. C. Ferguson were hold-over trustees.

D. L. McDonald had bought two carloads of fine Holstein dairy cows.

From Camp Travis it was reported that James W. Robinson had been promoted from private, first class, to corporal.

The "largest social affair of the season" was the reception held at the home of Mr. and Mrs. W. E. Hicks honoring Mrs. Tom Webb of Texline, Mrs. H. H. Hawkins and Mrs. L. L. Jones.

The Star Theatre advertisement was downright poetic in telling of Gladys Brockwell in "The Branded Soul." The story it seems concerned "the fire of faith which touches a man's soul and awakens in him the consciousness of his own evil ways."

Geo. T. Higgins, aged 71, a leading rancher of the Hereford territory since 1903, had died on Mar. 8.

Mr. and Mrs. Ray Barber and Mr. and Mrs. Tom Ivey were attending the cattlemen's convention in Fort Worth.

Mar. 10, 1932
The school board had met to make plans for the coming school year and had started on the re-election of teachers. Already re-elected were C. H. Dillehay, supt.; G. M. Hudson, high school principal; Miss Edith Shields, grade school principal; B. H. Hopkins, vocational agriculture teacher, and Tom McCollum, athletic coach.

Mr. and Mrs. Paul Foster had entertained Miss Rozella Veazy with a birthday party.

Mr. and Mrs. J. E. Hill had been in Fort Worth attending the Fat Stock Show.

The Hereford Post of the American Legion had endorsed national legion demands for immediate payment of the remaining 50 per cent of the soldier's bonus.

Hereford debating teams (Mattie K. Sherman and Lois Smith and Leslie Cuiwell and Edwin Holland) had lost to the Friona teams.

Names, Serial Numbers Of New Selective Service Registrants

57 Men Added To List In Feb. Sign-Up

Here they are—the 357 men signed up in the last selective service registration in Deaf Smith County—and part of the last manpower reserve which Uncle Sam is expected to be calling in ever-increasing numbers for army service.

The names are listed below according to their local serial numbers, and a lottery next Tuesday, Mar. 17, in Washington will determine the order numbers of these registrants. The list printed here does not represent the order in which men registered with the local board, as all registration cards were mailed before serial numbers were determined.

'Tempos' Change Washington's Skyline

New buildings to house growing government departments have been dubbed "tempo" in contrast to permanent government buildings. Looking east from the top of Washington Monument, visitors see how the squat, box-like temporary buildings change the skyline of the nation's capital.

SOCIETY

MRS. JOHN McLEAN, Society Editor Phone 181

Today with simpler living and more than frequently simpler meals, we are turning to combinations in food for convenience. Here is a salad that very conveniently combines vitamins A, B, C, and G for you too. Its a delight to the eye as well as to the taste and fits in with any type of meal. Mrs. W. F. Gillis uses the recipe often and if you are looking for something to increase our vitamin intake a bit, try it. Here it is:

Let's Cook Something

ENGLISH PEA SALAD

- 1 small can English Peas (smallest size)
- 1 can pimientos (chopped)
- 1-2 cup roasted peanuts (rolled)
- 1 tablespoon melted butter
- 2 tablespoons salad dressing
- 2 tablespoons grated cheese
- 1-2 tablespoon vinegar
- Salt and pepper to taste.

Mix all ingredients and moisten with the mayonnaise vinegar and butter which have been blended together.

"Dragon Seed" Is Reviewed For Summerfield Club

Mrs. Guy Walsler and Mrs. C. R. Walsler were co-hostesses for the Summerfield Club at the school house Thursday afternoon.

The Rhythm Orchestra of the Summerfield School entertained as a prelude to the program. This was the orchestra's first public appearance and four numbers were presented.

Two book reviews made up the program. Mrs. Brit Clark reviewed "Time of Your Life" by William Saroyan. She quoted: "In the time of your life, live so that wondrous time you shall not add to the misery and sorrow of the world but shall thrill to the infinite delight and mystery of it."

Reviewing "Dragon Seed" by Pearl S. Buck, Mrs. Clark said "Pearl Buck's new novel is the strongest and most instructive story yet written of China at war. As literature, it edges the first-rate. As discreet and powerful propaganda, it makes tangible the living, the suffering and the bravery of a great and obscure people under four years of hermetic tyranny, in a defeat which refused to stay put."

During the business session Mrs. Ray Johnson, president, appointed the year book committee for next year. They include Mrs. D. C. Walsler, chairman; Mrs. O. B. Summers and Mrs. Lloyd Lookingbill.

Members present were Mesdames A. L. Behrends, L. L. Cannon, Brit Clark, Jim Clark, Lee Curry, Fay Johnson, Lloyd Lookingbill, K. Lawrence, J. E. Noland, Mack Noland, O. B. Summers, D. C. Walsler, Chas. Noland and the hostesses.

Seven And One Make Eight To Celebrate

Seletta Robinson entertained with a party Saturday afternoon celebrating the eighth birthday of her sister, Eva Pearl, at the home of their parents, Mr. and Mrs. Irvin Robinson.

Favors were tiny American flags tied to all-day suckers. After games the large birthday cake was cut and served to seven guests and the honoree.

The seven little girls celebrating with Eva Pearl included Joan Witherspoon, Cecelia Wilkins, Nelda Guy Lawrence, Joan Orr, Billy Jane Smith, Doris Jean Smith, and Gail Marie Foster.

Westway H. D. Club Distributes Shrubs

Shrubs contributed by Mrs. Maurice Tannahill and Mrs. Al Werner were distributed at a recent meeting of the Westway Home Demonstration Club held at the home of Mrs. Tannahill with Mrs. Orville Houser as co-hostess. The shrubs included: Tamarix hispida, Winter Jasmine, Elder, Coral berries, Vitex, Snow-berries, Chenault, Weigela, Pussywillow, Spirea and Butterfly bush.

On Feb. 25, members of the club were entertained at the home of Mrs. Joe Landers with Mrs. R. M. Gunn as assistant hostess.

After a short business session plans were made for the club to engage in Red Cross work. Refreshments were served to Mesdames A. C. Pierce, E. H.

By MRS. MERLIN KAUL

J. B. Little has returned to his home here after an absence of four weeks. He visited at Bowie in the home of Mr. and Mrs. John Fox, in the homes of his daughters, Mrs. John Winters, at Douglas, Okla., and Mrs. Curt Griffin at Amarillo. Mrs. Griffin is ill at a hospital in Amarillo.

Mark Benefield left Sunday for Oklahoma City on business. He was accompanied by Snyder, Okla., by his wife and her sister, Mrs. W. L. Jones, who will spend a few days with their mother, Mrs. M. P. Sockwell.

The cold wind Saturday brought more snow—only a little here but several inches out in the C. F. Rickles and Philip Miller area. Monday was a real spring day—calm and warm and sunny.

Mr. and Mrs. Henry Allmon and Wanda Marie went to Petersburg, where they visited in the home of Mrs. Allmon's sister, Mrs. Albert Clubb. At Bethel they picked up their son, Jack, of Lubbock, who was visiting in the Jim Bagwell home and he accompanied them to Petersburg.

Mr. and Mrs. Travis Dickson visited Mrs. Dickson's parents, Mr. and Mrs. Drew Dunn at House, N. M., Sunday.

Mr. and Mrs. Ralph Durstine of Friona visited Thursday in the Merlin Kaul home. Mr. Durstine's niece, Mrs. Bette Frye called at their home one night last week en route to Yuma.

Mrs. Walter Graham of Arney Monday afternoon.

Miss Margaret Simpson a student at Canyon college spent Sunday with her parents, Mr. and Mrs. M. L. Simpson.

Mr. Sam Hunter and children, Sammie Lane and William Allen, called on her sister, Mrs. Bill Metcalfe and new baby girl, Peggy Lee, at Hereford Friday afternoon.

A meeting of the USDA will be held at the school building Friday night.

Ariz., to join her husband who is on army duty there. Bette, who has visited here in the Merlin Kaul home was accompanying Mrs. Daniel Boone of Junction City, Kan., whose husband is also stationed at Yuma. Mr. Boone is a descendant of the historical Daniel Boone. He is a native of Texas. The Boones are featured in the article "How America Lives" in the March issue of Ladies Home Journal.

Mrs. Durstine said that Mrs. Boone was wearing the same riding habit in which she was pictured in the Journal.

Miss Muriel Ott has been suffering with a sprained ankle. Howard Gore was a guest Saturday night of Wayne Little.

V. Skypala visited a few days last week in the home of his daughter, Mrs. Richard Connally near Abilene. Mrs. Connally expects to visit here at Easter.

Mr. and Mrs. Grady Wilson, Junior and Norma Sue visited Mr. and Mrs. E. B. Osburn and Bobby in their new home in Amarillo, Wednesday. Wayne Little and Roy Landers also visited in the Osburn home that day.

Mrs. Osburn has been ill since they moved to Amarillo and Saturday night was taken to a hospital where she was operated on for appendicitis. Her friends here wish her a speedy recovery.

Wayne Little and Roy Landers visited Vesta Mae Landers at

Canyon Wednesday. Elvin and Junior Wilson, accompanied by friends from Hereford, went to Lubbock Sunday where they visited their sister, Mrs. Bud Nopson, Mr. Hopson, and Jerry Ray.

Mrs. O. Wilder and Mildred were Amarillo visitors Thursday.

Mrs. P. B. Sowell accompanied her sister, Mrs. Thurman Johnson, to Friona Monday afternoon.

Mrs. Grady Wilson spent Sunday and Monday afternoon at the M. S. Roe home helping care for the Roe babies.

Mr. and Mrs. Philip Miller went to Amarillo Monday to get bathroom furnishing.

Mr. and Mrs. Merlin Kaul and boys visited in the Ralph Durstine home near Friona Friday.

Nannette and Wayne Little, Roy Landers and Howard Gore accompanied Vesta Mae Landers to Canyon Sunday afternoon when she returned to WTSC.

wartime, the American Red Cross has decided to postpone its regular 1942 Fall Membership Roll Call and hold it simultaneously with its next War Fund Campaign early in 1943, Chairman Norman H. Davis announced today. Authority for the Chairman to plan this combination was voted by the Central Committee at its meeting on March second.

"For 25 years," Chairman Davis said, "The Red Cross traditionally has held its Membership Roll Calls in the fall months, to finance the normal operations of the Organization, and to build up its membership which is the largest of any non-governmental organization in the country. Today we are engaged in a bitter war requiring Red Cross operations which will cost much more than the Roll Calls can provide. This makes

necessary the larger War Fund Appeals. To conserve the man power of the Red Cross and its millions of citizen volunteers for their operating duties, the Red Cross has decided, barring unforeseen emergencies, to combine its 1942 Roll Call with the next War Fund Campaign which is expected to be launched early in 1943.

ROSSON-HAYS

Let's Cook Something

Mrs. Rex Tynes of Lubbock, formerly of Hereford, whips up a delicious sweet potato pudding that is a favorite with both men and women. Even a beginner will get good results with this recipe and its old-fashioned creamy flavor never fails in taste appeal. When that desire for "something different" gets strong enough to upset your every day cooking habits, try this sweet potato pudding recipe.

SWEET POTATO PUDDING

- 3 raw sweet potatoes—grated
- 1 1-2 cup sweet milk
- 1-2 cup butter
- 1 cup sugar
- 1-2 cup sorghum molasses
- 2 eggs
- 1-2 teaspoon of cinnamon and allspice

Combine all ingredients, stirring in the grated potatoes last. Pour in a buttered baking dish and bake one hour in slow oven.

GREEN PEPPER CUPS are delightful accompaniments to the sweet potato pudding. Fill par-boiled green peppers with cooked fluffy white rice and garnish with toasted almonds.

Program For Music Study Club Illustrates Fundamental Form

The Music Study Club met Monday afternoon at the home of Mrs. H. K. Fox for a program on "The Fundamental Form in Music."

In giving the background for musical selections illustrating the lesson subject, Mrs. H. L. Broadwell, leader, said in part, "The easiest listening form is the sectional arrangement of music and the simplest is the two-part form. The second type is three part form such as sonatas and symphonies. Variation in the form is provided in many ways. Sometimes the bass is repeated continually with the right hand playing something different all the time. In fugues there are three voices employed and sometimes four. In four voice fugues there is always one voice predominant. The chorale prelude is usually a variation on hymns. Present day composers use the sonata form just as much as those 100 years ago, for the sonata form applies not only to sonatas, but to symphonies, concertos and all the larger pieces of music. The sonata form may be applied to an entire work or to a specific type of work in one movement."

Mrs. Broadwell closed her dissertation with a series of questions and answers.

Musical selections illustrating the fundamental forms described included "Turkish Rondosona in A" (Mozart) a duet played by Mrs. C. C. Acker and Miss Eloyse Pitman; "Sonata No. 1 in C" (Mozart) played by Mrs. James R. Allison; "Violin Prelude in E Minor" (Chastin) by Mrs. A. C. Thompson and "Prelude in B Major" (Bach) played by Mrs. Broadwell.

Announcement of the next meeting was made by the pre-

Mrs. Allison Gives Luncheon For Knitting Club

Mrs. James R. Allison entertained members of the Tuesday Knitting Club with a luncheon this week at her home.

Low bowls of vari-colored sweet peas were used in the decorations. A visitor from Louisiana, Mrs. Wilbur Kramer, who is visiting her sisters, Mrs. T. M. Dameron and Mrs. Woodrow Ireland, was honor guest. Those seated were Mesdames Knox Kinard, C. H. Dyar, Woodrow Ireland, Wilbur Kramer, Travis Dameron, Ernest Medkief, W. C. Hromas, and the hostess.

ANNOUNCE SON'S BIRTH

Mr. and Mrs. Colby Conkright have announced the birth of a son on Tuesday, March 10 at Deaf Smith County Hospital. The new arrival has been named James Colby and he checked in at 7 1-2 pounds. The James part of the name is for Mrs. Conkright's father, J. J. Flannery of Sherman.

Miss J. C. McCracken. The meeting will be held next Monday afternoon at 3:30 o'clock at the home of Mrs. S. P. Ross. Radio Britain Day will be featured with out-of-town guests invited to attend.

Those present were Mesdames C. C. Acker James R. Allison, H. L. Broadwell, Ellis Coombes, R. P. Coneway, C. H. Dyar, J. C. McCracken, T. W. Roberson, S. P. Ross, A. C. Thompson, H. A. Close, Miss Eloyse Pitman and the hostess.

"Look Who's Laughing"

Those favorite citizens of Wistful Vista, Fibber McGee and Molly, hit the screen with Edgar Bergen and Charlie McCarthy in "Look Who's Laughing," which shows Sunday, Monday and Tuesday at the Star Theatre. Also in the show are McGee's prize stooges, Gildersleeve and Mrs. Uppington—and if you like the Fibber and Molly radio show (and it's tops in its field) there is no doubt who will be laughing—it's going to be you.

In Streamlined Comedy

Elyse Knox and Dick Clayton form the romantic interest in the comedy, "Miss Polly," which has Zasu Pitts in the title role. The picture, which is a Saturday and Sunday attraction at the Texas Theatre, is a story of an old maid with young ideas and its hilarious lines and zany action bring Zasu Pitts back to the screen in a story that is "right up her alley."

Elite Sewing Club Sees For Red Cross

The Elite Sewing Club turned its meeting into a Red Cross knitting and sewing Tuesday when members met at the home of Mrs. J. C. Cummins.

After the sewing session refreshments were served to Mesdames Wm. McGehee, E. E. Fridley, Tom Alderson, H. V. Williamson, C. C. Cox, J. B. Cavanaugh, F. L. Terrell, G. W. Newsom, Ross Fuller, Edna Fincher, Edna Jett, L. W. Carlyle and the hostess.

Miss Orvelia Hill, student at W. T. S. C. spent the week end here with her parents, Mr. and Mrs. O. G. Hill.

"Texas Day" Program Is Presented For Pioneer Study Group

A "Texas Day" program entertained members of the Pioneer Study Club when the meeting was held at the home of Mrs. O. G. Hill. Mrs. J. M. Gilliland was co-hostess.

Mrs. Ray Johnson opened the program with a parliamentary drill and the Texas Day program began with Mrs. A. G. Bell giving the historical background of the state. Mrs. Bell's historical sketch dealt with the life of Josiah H. Bell, great-grandfather of the late A. G. Bell, who was a Texas pioneer.

"The Indians of Texas" was the subject discussed by Mrs. E. H. Ireland who called attention to the signs left by the Indians in Palo Duro Park and other historical spots.

"Texas Our Texas" was sung by the group in conclusion of the program, with Mrs. J. B. Jones leading.

During the business meeting Mrs. B. E. Roberson was named delegate to the Seventh District, Texas Federation Women's Clubs convention which will be held in Lubbock, Mar. 26-27. Mrs. O. G. Hill was named alternate.

Members voted to accept the invitation to a tea at the Friona Woman's Club building on March 16.

The next meeting will be held at the home of Mrs. J. E. Beyer on Mar. 24.

Those present were Mesdames H. A. Close, Noah Ewton, Burl France, Carl Frye, N. E. Gass, J. M. Gilliland, Bob Higgins, O. G. Hill, E. S. Ireland, J. B. Jones, Ray Johnson, F. M. Kester, F. L. Lucas, H. D. Reed, B. E. Roberson, T. E. Seigler, F. L. Terrell and Al Werner.

Mission Study Circles

Groups of mission circles meeting Wednesday for study included all circles of the Baptist W. M. S. meeting at the church with Mrs. C. J. Mountz conducting the Bible lesson for the Martha Ellis Circle, Mrs. Jim Lipscomb conducting the lesson for the Lydia Green Circle and Mrs. Sank Ramey leading the lesson for the Nichols Circle.

Methodist Women Members of Circle 1 of the Woman's Society For Christian Service met at the home of Mrs. Lyle Ellis for a lesson on the Bible study book, "Our Time." Mrs. Ella Lamb was leader and a general discussion of the lesson was conducted.

LOCALS

Mrs. J. E. Cockrell, who has spent the past nine weeks with her sister, Mrs. R. L. Beams, in Louisville, Ky., has returned to her home here. Mrs. Beams passed away two weeks ago. While in Kentucky Mrs. Cockrell visited other relatives in Hodgenville and Sonora.

Miss Edah Park returned Monday from Abilene where she has been visiting for the past two weeks. Before going to Abilene Miss Park received clinical examination in Temple.

Miss Nola Margaret Blue, daughter of Mr. and Mrs. R. G. Blue, left today for Fresno, Calif., on a short vacation trip. She is a senior student at W. T. S. C., Canyon. She accompanied Mrs. Emmett Goff and her son, Bill Jolly, of Amarillo, who will visit another son end brother, Sam Jolly, there.

Miss Virginia Moseley, who is attending school in Amarillo, was a week end visitor in the home of her parents, Mr. and Mrs. Edgar Moseley.

Mr. and Mrs. Arthur Thompson visited their son, Arthur, Jr., at Sheppard Field in Wichita Falls Saturday and Sunday. With them went Mrs. Arthur Thompson, Jr., who is living in Amarillo.

Mrs. Edwin Mauk left this morning for Burbank, Calif., to join her husband who is employed by the Lockheed Aircraft Company.

Simple Precaution Can Prevent Accidents

Recent increases in home accident deaths prompt Mrs. Bernice Clayton, Extension Service specialist in home improvement, to urge more accident prevention work in wartime. At a time when every citizen must contribute his maximum to the nation's victory effort, home accidents slow down production, rob the nation of essential manpower, and are costly in money and morale, she says.

Remedies for home accidents are more difficult to affect than remedies for industrial accidents, since there is no direct control over family life. Mrs. Clayton says that means the responsibility for accident prevention lies with every family. She says homemakers can make their homes safer by doing these things:

Use care in waxing floors and placing rugs.

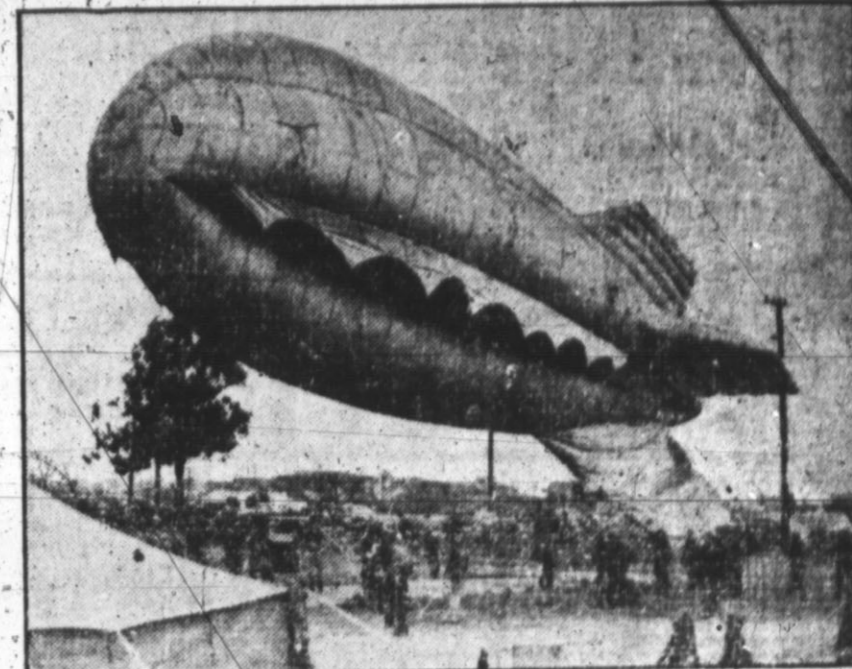

Install handrails or other simple safety devices over bathtubs.

Light stairways. Keep matches and poison out of the reach of children.

Dispose of can-openers which are dull or broken.

Keep knives and other pointed instruments in their proper place and teach children to

avoid them or to use them carefully.

See that clothing and curtains are hung where they cannot be ignited by an open fire.

Keep a short stepladder handy and avoid standing on chairs. Promptly wipe up grease or spilled water on the floor.

Don't allow kettles to boil

over, for water will extinguish a gas burner. If you notice a gas leak, extinguish all flames, ventilate the room, and call your gas company.

"The biggest help is to take your time," the specialist says. "Hurrying results in many accidents."

A 'Hale America' Results of Courtesy Contest Are Revealed

"It is needless to say how important 'physical fitness' is at this time. Every young child should be guided in this phase of defense work now because he must grow and develop into a hale and hearty American in order to fill a definite place in aiding his country when he is called." That is what Helen Ann Snyder of T. S. C. W. in Denton said in a letter to us, Helen Ann is the student chairman of the national physical education committee. She wrote to us asking the Hereford Schools to undertake a better physical fitness program.

You will agree with me that the health of our student body is not what it should be. Look at the number of pupils who have had colds this winter. There were far too many. If we had known how to prevent the colds in the first place, they they could not have spread. Look at the number of young people who are physically nervous, who cannot be still. We need to know how to check this, too. Not only do we need to know how to prevent these, but we need to apply what we know. That is what I mean when I say, "We need a better physical fitness program."

First, we need to watch what we eat and how much. Every student should maintain proper eating habits. He needs the proper amounts of food and the right kind of food. Incidentally, don't neglect to eat breakfast. One should receive one-fourth of his calories for the day at breakfast. Next, proper clothing is important. One should think about the amount worn in cold or in warm weather. Another important health factor we sometimes leave out is mental hygiene. This is obtained by wholesome activities, ideals and attitudes. During this time of war, we need to think only of those things that are desirable, not those that cause stress or strain. We need more wholesome recreational facilities. Through health service, one needs to think of correcting all his defects. Every individual needs to go to the doctor for a health examination, especially in times of war. In connection with the spiritual side, one should decide his philosophy of life. He should know what he believes and stand up for it. The school is trying to help develop this by sponsoring the devotional services each morning. In connection with the physical side, everyone should have at least one hour of play every day outdoors. If possible, because of the strain and tension existing throughout the country, this is very important.

This health program is new. Not very many schools have become acquainted with it. It will soon become known all over our country, however. Why couldn't the Hereford Schools be among the first to initiate such a program? This is very necessary in maintaining a "Hale America." Students in our schools do need to develop better health habits. Let's adopt the slogan—"For a 'Hale America,' be at your best to serve best!"

Senior Personalities

Betty Jo Kendall was born December 11, 1924, in the little city of Hereford. She is a blue-eyed blonde who weighs 118 pounds and is 5 feet 5 inches tall. Betty's hobby is picture taking, and she specializes in the photographic field which is very interesting to her. She simply loves cashew nuts and good music. Some dislikes of hers are cauliflower and the combination of the colors maroon and red. As a Freshman and Sophomore, Betty Jo belonged to the band. She has been a member of the Tri-Hi-Y and Pep Club all four years of high school. As a Freshman, she was a member of F. H. T. At present, Betty is corresponding secretary of the Tri-Hi-Y and president of the dramatic club.

One of the "little" bright spots in H. H. S. is Seletta Robinson, who is a mere five-foot, 100 pound Senior. She is a native of Hereford, being born here May 8, 1925. She is a brunette with hazel eyes. Seletta is a member of the Tri-Hi-Y and plays E flat Clarinet in the band, of which she has been a member four years. Letta is one of the make-up editors of the "Round-Up." For pastime, she reads murder stories and collects gopher matches she has them from nearly all parts of the globe. She says she "just loves to dance and roller skate," and she likes fried chicken and strawberry shortcake. Her pet peeve is being called "Shorty," and she dislikes persons who think they can drive but usually just "show-off." Seletta hopes to attend business college.

Another girl of the Senior class with a nickname of "Tillie" was born in Denton, Tex., October 25, 1924. Matilda Williams has attended school in Cisco, Amarillo, and Hereford, Hereford being her favorite. She has been in the glee club one year and pep club two years, being secretary and treasurer of the latter her junior year. Football and basketball are her favorite sports, and she is well-pleased with the team this year. Collecting dogs and making war scrapbook are her hobbies. Matilda has hazel eyes, black hair, weighs 120 pounds and is five feet and four inches tall. She wants to be an army nurse and plans to train at St. Anthony's in Amarillo. By the way, her by-words are "Agnes," and "Guzzie."

Devotional Service Grows In Attendance

The morning devotional sponsored by the Tri-Hi-Y and Hi-Y seems to be growing in attendance. The devotional is only 10 minutes long, lasting from 9:30 to 9:40. Each morning the group has a scripture, talk, song, thought for the day and special music occasionally.

Even though the devotional is short, it seems to be a help to many students. That short communion with God before beginning the day's work seems to give each student attending it a feeling that he will be guided through the day's duties. Some have even said that it helps them to pass the tests.

Everyone is invited to attend the devotional and to take part in presenting the program occasionally. There is a time and place for everything; this is not the time for fun and gossiping; so don't come with the intention of cutting-up.

If you feel that you need some spiritual help, come to the ten-minute morning devotional. Everyone is invited. The clubs sponsoring the program hope the attendance will continue to grow and that the time and effort of those planning and presenting the devotional will be of help to many.

'Laziness and Success Don't Mix,' Says Kinard

"Don't be lazy if you plan to get along in the business world," commented Mr. Kinard as he talked to the Tri-Hi-Y Tuesday, Mar. 3, at its regular meeting. He spoke to them on the topic "How to get a job and how to hold one after it is secured." The talk was very interesting and instructive. Mr. Kinard brought out three important topics in his talk. In order to get a job, one must be somebody. By this, he meant that one must possess certain qualities, such as, honesty and dependability. A person needs to have a good personality. He must be pleasant and be able to meet the public well. Otherwise, he will be of little use to his employer, especially in an office position. If a person plans to get and hold a job, he should get equipped for this job. In other words, he should educate himself and apply what he learns.

Mary Lookingbill led the program. The group sang "Work for the Night is Coming." This was a very appropriate song for the theme of the program was "Vocations." Rachel Ireland gave a prayer, and Polly Dixon read the scripture. Ruth Temple Hastings gave a talk about unusual occupations.

Dont Let It Worry You; They're Just Practicing

Has anyone noticed a certain group of Seniors with orange books in their hands, mumbling to themselves and acting in an unusual manner, or have you almost been run over by several students dashing madly up the stairs at four minutes fifty seconds after five? Yes, these students were ten seconds early to play practice. This is in reference to the members of the Senior play cast who are very busy learning their parts for "That Crazy Smith Family." They are now starting on the second act. So be patient, folks, and watch for further details next week.

Last week Nadyne Newell's and Billy Davis' name were carelessly omitted from the cast as taking part of Sall and Dick. This was unintentional and we are sorry. Nadyne, The members in the cast are: Ma Smith, Rena Rae Renfro; Pa Smith, John Estes; Tony Smith, Harold Close; Betty Smith, Agnes Albracht; Buddie Smith, Richard Petersen; Sally Smith, Nadyne Newell; Barbara Weatherby, Lottie Lawhon; Aunt Bella, Lois Agnes Gilbreath; Professor Slatery, Donald Ray McCullough; Jewel Weston, Rachel Ireland; Stewart Brandon, Darrell Blanton, and Dick Jones, Billy Davis.

Three Make All A's

Juniors and Seniors, it's time for you to wake up and have some representatives on the high honor roll. The Sophomores and Freshmen in the fourth six-weeks period have three to represent them.

Ruth Tucker (Sophomore) made all A's. Loniene Martin and Billy London (Freshmen) made no grade lower than A.

Those on the low honor roll (A's and B's) are: Lois Henderson, Lillye London, and Rena Rae Renfro (Seniors); Mary Ann Acker, Marie Compton, Ella Mae Parsons, Phyllis Radovich, Vera Rea, and Nona Deen Rose (Juniors); Kathryn Acker, Louise Henderson, Marie Moreman, and Lee Roy Burgess (Sophomores); Helen Acker, Wanda Allmon, Marcella Blue, Naomi Brumley, Doris Goldston, C. W. Reeves, and Delmo Williams.

Boys, don't let the girls lead in number of those on the honor rolls next time. On the present roll, there are four boys and 19 girls. Shouldn't it be more nearly equal?

BSP Studies First Aid

Following the custom of electing new officers for each six weeks period, the B. S. P. Club met and elected Darrell Blanton, president; Billy Dameron, vice-president and chairman of the program committee; Robert Teter, secretary; and Bruce Smith, reporter.

A program on First-Aid followed the business session. Billy Dameron, a life scout, demonstrated first aid techniques, with the assistance of Jack Myers. After the demonstration, the group discussed other factors of first aid including: Care of an automobile accident victim, treatment for frost-bite, burns, snake bite, bleeding, etc., and use of the tourniquet.

Some general conclusions reached by the club are: No aid is better in many cases than is the wrong kind of aid; that first aid cannot be learned in a day, and should be practiced by the layman only when necessary; that too often more damage is done by well-meaning blunders than skilled doctors can repair.

Central Chatter

Central School has bought many stamps. The rooms rank as follows: Miss Alkman, \$824.35; Miss King, \$586.75; Miss Pittman, \$412.40; Miss Fullingim, \$403.75; Miss Johnston, \$321.50; Miss Daughtee, \$303.35; Miss Bell, \$229.20; Miss Bradley, \$224.25; Miss Womble, \$223.70; Miss Chollar, \$213.75; Miss Francis, \$197; Miss Rutherford, \$176.10; Miss Glasspy, \$104.85; Miss Burkett, \$70.90; Miss Glasscock, \$47.75; Mr. Starr, \$31.50.

The pupils and teachers of Central School, and those of the third grade in particular, have been saddened by the death of Shirley Hall. All of us join in extending sympathy to the members of her family.

Last Friday, March 6, the International Harvester Company and Rosson and Hays gave a very interesting picture show on the Marines and the civilian workers for defense.

Room 8B is going to use their monthly class dues to buy defense stamps. They think this is much more important than having parties.

Mrs. McCollister of Hereford has been in Alaska six years and she brought some of the things she had while she was in Alaska to school. She told 6A about Alaska and some of the things that happened to her. Mr. McCollister and their son, Martisha Ramey brought her to visit school.

WANTED ! !

Do you happen to have any old song books lying around your house? We students here at high school need some song books for our devotional services that we have each morning. If you do have any books that you would lend us, please let us know. You may bring them to Miss Crawford or to Lillye London, or send them to school by some one. If you cannot send them, call us and we will come after them. All song books will be deeply appreciated.

Seniors Convene For Reception of Cards

The Senior Class convened in the music room Wednesday for a very all-important occasion—that rolls around every six weeks. It is none other than the reception of report cards, those little slips of cardboard that spell joy or gloom.

Miss Ramey asked Seniors to be thinking about whom they would like to have for a speaker at graduation. Mr. Emmons then breezed in with report cards, and then the usual "oh's" and "ah's" prevailed at comparison of cards.

Richard Ireland reported from the Student Council that Seniors had bought over \$200 worth of defense bonds and stamps "which is extraordinarily good," say the Seniors of '42.

Honor Society Holds Officers' Election

To elect new officers was the purpose of the Honor Society at the last meeting. The officers elected were: Rachel Ireland, president; Phyllis Radovich, vice president; Marie Compton, secretary-treasurer; Nadyne Newell, reporter. With these new officers, the honor society has hopes of a more favorable and helpful future.

For the past few weeks the honor society has been giving help to students that are scholastically retarded, and at the last meeting they designated Monday as the special "helps" day.

Red Cross Meets

The Hereford Chapter of the Junior Red Cross met Friday afternoon. The group changed the meeting time from Friday afternoon to Wednesday afternoon, and they urge that every member be present at the next meeting. The organization is working on miscellaneous things for the army and navy hospitals. Friday the girls worked on puzzles to send.

Boys Get F. F. A. Pins

At a recent meeting of the F. F. A. eight boys received their F. F. A. pins. They were: Billy Hutson, Lloyd Manjeot, Clyde Brock, Ernest Ford, V. C. Hopson, L. A. McBrayer, Eugene Matthews, and J. W. Merrill.

Hoboes To Find Work

"It is now on the press, (Winchell) that there have been official dates, Saturday, March 14, and Friday, March 20, set for the annual hobo days. If some feminine hoboes knock at your back door for work on these days, you will know that they will be out getting money to send a delegate from the F. H. T. to the state rally in Dallas, April 17 and 18. Remember if you or any member of your family has any work to be done, get it out because this group of hoboes is on its way for finding work.

Small charges will be made according to amount of work done. Leave the thought in your mind that all sorts of work will be done, from mowing grass to cleaning bath rooms.

The Bow Tells the Tale; Be On The Look-Out

Have any of you boys ever wondered if it was all right to ask certain girls for a date? Perhaps she goes steady, or then maybe she is a man-hater—one never knows! There has been a way discovered so that the girl can now clearly show if she is open for a date-or-if she is definitely not wanting one. This is done with the bow. Yes, the bow that girls wear atop their heads. This idea, which is sweeping the country, is used in nearly all universities or will soon be introduced in them. So from now on, you boys watch the bows and take your cue from the girl you've always wanted to date. Now's your chance. Here's the key:

"If you see a girl around school who is wearing her bow on the top of her head, and you feel like a date, it's your privilege to try for one because she is open for a date.

"But if you should notice that her bow is on the left side of her head, keep hands off! Further notice: she now goes steady.

"If the bow is on the back, be careful. This one's a manhater.

"And if the bow is on the right side, you can take a chance—she's neutral, doesn't go steady and isn't a man-hater."

Cut this out, boys, and keep it handy! By the way, girls, if you are a man-hater, better keep this handy and don't wear your bow in the middle; you might find yourself with a date!

Helps Evaluate School

Supt. Kinard spent Tuesday and Wednesday in White Deer. He is on the committee for evaluating high schools for the Southern Association of High Schools and Colleges, the evaluation being based on the new criteria. Others on the committee are: Dr. A. M. Meyer, Canyon; R. A. Selby, Amarillo; Carl Clift, Amarillo; Rex Reeves, LeFors; and Miss Frances Munson, Pampa.

Older Boys Conference To Be Held In Pampa

Several members and officers of the Boys' Hi-Y and sponsor, G. M. Hudson, will leave tomorrow for Pampa, where they will attend the Older Boys Conference of the Young Men's Christian Association.

The main speaker of the three day conference will be George B. Cowan, national director of the Hi-Y movement.

The theme for the conference is "Youth Building a New Democracy." The topic for the speech contests will be "Essential Needs for a Working Democracy."

Sophs To Sponsor 'Whiteface Round-Up'

The Sophomores met Wednesday morning with many ohs! and ahs! as report cards were handed out.

The class voted to sponsor the "Whiteface Round-up" some week in the future. They elected Christine Smith, editor; Marie Moreman, ass't editor; copy-reader, Arline Milard; proof reader, G. P. Owen; make-up editor, Ellen Posey.

The skating party, which was to raise money for the Junior-Senior banquet, will be put off indefinitely because a building can not be obtained.

The class had to adjourn because of the bell which always seems to ring just when the class is discussing business problems.

Sey, That's An Idea

Miss Katherine Kirby has been at high school but a short time; however, she already has solved the perplexing problem of ink borrowing for English 1. For one penny, one one-hundredth of a dollar, per student each pen hereafter will be filled from a co-op ninety cent jug of ink. Just such little things as this are nipping in the bud the proverbial high school sponge.

John L. Wilson Suffers Injury

John L. Wilson, 82, suffered a fractured left hip Monday, Mar. 2, when he slipped and fell on the snow covered ground. The accident happened in Vega while he was walking from the home of his daughter, Mrs. C. L. Morris, to the home of a son, John L. Wilson, Jr.

He was brought to Hereford Thursday and is now at the home of a daughter, Mrs. Jeff Oilbreath. Attendants say he is resting as well as could be expected.

Library Lists Titles On Lenten Reading List

The Deaf Smith County Library has nine new religious books especially recommended for a Lenten Reading List. Mrs. Clara McLean, librarian, said this week.

The books are "Prayer" by George A. Buttrick; "The Keys of the Kingdom," by A. J. Cronin (the only fiction which appears on the list); "Living Under Tension," by Harry Emerson Fosdick; "Women of the Bible," by H. V. Morton; "In the Shadow of the Cross," by Frederick K. Stamm; "Religion and the World of Tomorrow," by Walter V. Van Kirk; "This is the Victory," Leslie D. Weatherhead; "The Family Lives Its Religion," by Regina Westcott Wileman, and "The Revolution in Christian Missions," by Smith.

All books except the last one on the list were chosen by Dr. Halford E. Lucecock, professor of homiletics at the Yale University Divinity School.

Vegetables Add Color and Vigor To Your Repast

BY WINIFRED CLARK

EVEN the simplest dish or homeliest menu can be converted into a real treat when it's dressed up with vegetables. Why not keep farm money at home by using local produce to brighten up your meals. You'll save money and vital shipping space as well.

Here's a suggestion for bean loaf with tomato sauce that's a true taste tickler. To serve 5 or 6, you'll need 1 1/2 cups dried beans, 1 small onion, chopped, 1 tablespoon fat, melted, 1 egg soft bread crumbs, 1 egg, 1 teaspoon fat, 1 cup evaporated milk.

Wash dried beans, cover with cold water and soak overnight. Cook beans in this water until tender. Drain, mash, add remaining ingredients and mix well. Shape into loaf and put into well-greased baking dish or bread pan. Bake in moderate oven about 30 minutes. Serve with tomato sauce.

Here's a suggestion for serving string beans appetizingly. Cut string beans 1/2-inch in length, on bias. Boil in salt water until tender, then dice some bacon and onions and brown them in sauce with butter. Fry until golden brown. After removing from pan, add a little flour and some soup stock until you have creamy consistency. Drain water off boiled string beans, add the creamy rice, and cook for about five minutes.

Vegetables are appetizing, thrifty, and give you the vitamins you need for busy days.

Potato Men Elect New Board Member

Fred S. Barrett has been added to the board of directors of the Hereford Potato Growers Association to take the place of G. W. Newsom, who resigned recently.

Mr. Barrett came here from Twin Falls, Idaho, in 1940 and feels that the Hereford territory has a definitely good future as a potato growing section. He will probably plant 300 acres of potatoes this year.

The Hereford Potato Growers are making arrangements to install scales to weigh incoming potatoes, and other changes will be made in the cellar arrangement to facilitate handling, sorting and packing of spuds.

A motor driven machine to cut seed potatoes with a disinfected knife has been installed at the association warehouse, and this feature, experts say, should cut down materially the disease infection of seed potatoes. Tests have shown that disease can be spread through six-foot seed pieces if the cutting knife is not disinfected after slicing a diseased potato.

Travel Comedy

timely interest and patriotic appeal, a special effort was made to get it for the Wednesday night date.

The Exhibitor's Bulletin says of the picture that it is definitely not a conventional travelogue, but that "something new has been added" to the extent of making it "a gay little comedy—a mixture of fun, sightseeing, music, dances and an entertaining plot."

The movie will be shown in connection with Prayer Meeting, which begins at 8 o'clock. There will be no admission fee.

"In Mexico's Plaza's and Patios," an interesting silent picture, is on schedule for the next School of Missions program, Sunday night starting at 8 o'clock. The lesson study will be "Church Extension Expanding," Chapter IV of "The Methodist Meeting House." "This school is for children and young people as well as for adults," the pastor states.

suggests that WPA school lunch projects, as located and cooperatively worked, might be used in developing needed community canning centers in some places.

Collect Scrap

(Continued from Page 1)

a half million tons—more than enough, combined with other materials, to build twice as many battleships as there are in all the navies of the world today. Unless this scrap starts to move at once, steel mills will reduce operations, the production of arms will slow down, and more lives, time and money will be spent in fighting the war to a successful finish.

Now, today, when America must exhaust every energy to get steel production, we find our steel producing units curtailed to the extent of approximately 10,000,000 tons a year because of a shortage in scrap iron which we have created. There is danger that in spite of the need for a greater volume, we shall not be able to produce even this amount next year unless something is done to relieve the scrap iron shortage in America immediately. Therefore, bring in all your scrap not later than the weeks from March 12 to April 8.

bursements for the year were \$43,175.25, which is \$6,612.37 less than in 1940-41.

The condition of the interest and sinking fund, the auditor explains, shows an ample reserve for meeting all 1942 interest and principal retirements.

Fiscal 1941-42, is covered by the report, is a ten month period.

Sugar Rationing

son who is entitled to ration books. The registration will be conducted by elementary school teachers in every county, with representatives of families and individuals going to the school nearest them, provided the school is in the same county, to obtain their ration certificates. Registration forms and ration books already are in the hands of many county clerks who have been asked to guard the supplies carefully until needed.

When R-Ray arrives, every citizen will be given an opportunity to register and every effort will be made to complete the job in the four-day period. By registering, every individual and every family will be assured of their equitable share of sugar, and of other commodities and products that may be similarly rationed in the future.
