Stunt Night, sponsored by the staff of the Round-up, Hereford High school annual, will be staged at the high school auditorium tonight (Thursday), beginning at 7:30 o'clock.

Highlight of the affair will be the coronation of the Annual Queen. Results of an election now being carried on by the high school classes will not be announced until the moment for the coronation.

Candidates for the title of Round-up Queen are Ramona Gunstenson, representing the Senior Class; Betty Kathryn Hodges, junior candidate; Caren Conklin of the Sophomore class; and Gayle Foster of the Freshmen.

The coronation ceremonies will climax the evening's entertainment.

Many stunts are planned for the program, most of them probably skits to be presented on the stage at the auditorium. Organizations taking part in Stunt Night are the Whiteface Band, the Glee Club, Tri-Hi-Y, Hi-Y, and the Senior, Junior, and Freshman.

## Irish City Calls Off 1947 Saint Patrick's Day

SHAMROCK, Dec. 16—St. Patrick's Day, for many years before the war one of the Panhandle's most famous annual celebrations, will not be observed in Shamrock next year.

The Shamrock Boosters Club, originator and sponsor of the annual event in pre-war years, voted last week to postpone the celebration for another year.

Shortage of materials and labor was the factor which prompted the decision of the Boosters Club.

The Club had been considering resumption of the annual promotion stunt for several weeks, and had held round-table discussions of the problems.

In pre-war years, the celebration was held on March 17 of each year, and thousands of persons thronged Shamrock to take part in the festivities.

## Hereford Cagers Rip Russell Team In AAU League

Sparked by a trio of former West Texas State stars, the Hereford implement basketball team made its debut in the Amarillo AAU League Wednesday night of last week, trimming Russell Stationery 67-33 at Amarillo College gymnasium.

The Hereford quintet ran up a 14-0 lead in the first quarter of the game, and never slowed down.

Douglas Groom, Hereford High school basketball coach and former W. T. tall-boy, poured in 18 points to lead the team in scoring. Groom, who stands 6 feet 5 in his stocking feet, was highly effective inside the foul circle, but rang up 14 points from longer range.

Center Earl Stagner accounted for 14 points, and Velton Sogee dropped one.

The Hereford team is being touted as one of the top combinations in the Amarillo AAU loop, and are currently rated second only to the West Texas State College Freshmen.

Line-up for the Hereford team included Nellie, Poey, Groom and Noland at forwards, Stagner and Davis at center, Kelly, Lawrence and Sogee at the guard posts.

## Home for Christmas

Richard B. Boyd son of Mr. and Mrs. Tom J. Boyd of Hereford is expected home at the beginning of the Christmas furlough at New Mexico Military Institute, Roswell, New Mexico. He will arrive about December 19.

Enrollment at New Mexico Military Institute is limited to 595 cadets. Of this number, one hundred fifty-eight are from Texas. Thirty-four states and foreign countries are represented in the geographic distribution of cadets at New Mexico Military Institute.

# Blackhawks Win Regional Crown Friday

Look Who's a Winner!

Kentucky's 4-H canning champion, 17-year-old Wendell Straughn of Prospect, looks pretty smug as he poses with half a dozen other state champions at the 4-H National Congress in Chicago. His comely "attendants" are Beatrice Margwarth, 18, Ramona, Okla.; Eloise Hughes, 17, Bath, N. Y.; Mary Grant, 19, Winona, Miss.; Delphine Kaeter, 19, Sauk Rapids, Minn.; Bonnie J. Klein, 17, Aumsville, Ore.; Patricia Morgan, 18, Indiana.

## Rockets Battling Desperately To Even Score at Games End

The Phillips Blackhawks retained their Regional Crown last Friday at Wellington with a 13-7 victory over the Wellington Skyrockets to close out the Panhandle's Class-A gridiron campaign for 1946.

The Hawks took a body blow two minutes after the opening whistle when Walter Johnson, 175-pound Rocket center, slashed into the Phillips backfield to intercept a Blackhawk lateral and raced 60 yards to the Skyrocket's lone touchdown.

The crowd of 5,000 fans which jammed the Wellington stadium was stunned by the sudden break of the play.

The Hawks, however, recovered rapidly. Sensational punting by I. D. Russell, the Rocket's ace fullback, kept the Blackhawks out of scoring territory for the remainder of the first period, and for five minutes of the second, but Phillips power was not to be denied.

Coach Chesty Walker's smooth-running grid machine went into high gear in the second quarter and rolled 49 yards to the Wellington 17 where Gerald Copeland, Rocket right end, stopped the threat momentarily by intercepting Eldridge's pass on the Wellington 11 yard line.

The Blackhawks held, however, and shoved the Rocket back to the four. Russell attempted to kick out of danger again, but his magic toe failed and the Hawks took the ball on the Wellington 10 yard stripe. Means scored in two plays from

that point, with Williams converting to tie the score at 7-all.

The Hawks broke the deadlock in the opening minutes of the second half when Jackson ducked through tackle and sailed 47 yards to the winning touchdown.

The Blackhawks apparently had the game on ice until the waning minutes of the last quarter when the Rockets suddenly took to the air and rolled up a rapid four first downs, their total for the afternoon, to drive to the Phillips 28, but the Hawk defenses stiffened and held and the threat was halted.

Phillips outscored Wellington 13 to 4 on first downs, 273 to 51 on yards gained rushing.

Phillips used the T-formation throughout the game, with the Skyrockets relying on a sputtering single wing which seldom had a chance to do any good against the hard charging Phillips forwards.

## Farm Markets Due to Drop in 1947, Say Extension Experts

Total demand for farm products is due to drop in 1947 and prices received by farmers during the coming year are likely to be below the 1946 average.

This is the situation reported by specialists of the Texas A. and M. College Extension Service who attended the Annual Agricultural Outlook Conference in Washington D. C. recently to get the picture on what to expect in agriculture for 1947. As summed up by the specialists the following is a general outlook for farmers next year:

Although cash receipts from farm marketings and government payments may be five per cent less than in 1946, farmers are still likely to receive more money for their products than they did in 1945, a near record year. With increased production costs and reduced sales, it is possible that the net income of farm operators will be reduced as much as 10 to 15 per cent from 1946. Even with such reduction, the net farm income will still be near the high wartime levels of 1943-45, and about two and a half times the 1935-39 average.

The increased consumer income due for next year is likely to go more for satisfying cumulative demand for many manufactured goods, as these become available, and not for the purchasing of more farm products.

Also, foreign demand for farm products is likely to be somewhat smaller in 1947. Index of prices received by farmers during 1946 is estimated to be about 225, and that figure is slated to drop in the early part of 1947. Prices in the latter half of the year may average considerably lower if crops continue large and exports are greatly reduced.

Production expenses are likely to continue the upward trend which has prevailed during the war period. Total farm production costs in 1946 will be about 10 per cent higher than in 1945, and a further increase of as much

as five per cent may occur next year. The indicated total for 1947 will be nearly 50 per cent greater than in 1920, the highest year prior to World War II. Increasing prices for nearly all commodities used in production are mainly the reason for the production costs due. One exception is the lower prices in sight for feed bought for livestock.

In the years immediately ahead, a higher average interest rate for the farm mortgage debt is seen, judging from the mortgage debt trends of the past few years. A more significant rise in interest costs during the coming year may occur in connection with non-real estate credit. The various creditors will make loans at about the same rates, but to finance larger purchases farmers will increase their debts with dealers an finance companies whose rates are considerably higher than those of the more usual lenders—banks and production credit associations.

Property tax payments made by farmers in 1947 will be up somewhat from those of 1946. The 1945 levies on farm real estate, payable largely late in 1945 and early 1946, were more than 10 percent higher than those of 1944. A further rise is expected in 1946.

For 1946 the realized net income of farm operators is estimated at about 14.7 billion dollars, or more than 10 per cent above 1945. Net income for 1947 may be from 10 to 15 per cent below 1946.

In the marketing and transportation picture, some shortages in means of processing and distributing farm products are expected to continue. Rail transportation shortages are likely to remain critical throughout the year. Food processing equipment should be improved to some extent next year, but limited plant capacity an equipment is likely

The Canyon High School Eagles won the first place trophy in their own Invitation Basketball Tournament last week-end, defeating the Stratford Elks in the finals Saturday night.

The Elks defeated the Dumas Demons in the semi-finals. Starring for the Stratford quintet was their all-state center, Pemberton. The Stratford team defeated Dimmitt's Bobcats 37-34 to advance to the semi-finals.

Hereford's Whitefaces were eliminated from the tournament in the first round of play by the Price College Cardinals of Amarillo. The Herd dropped the initial game Friday morning by the margin of a single point, 23-22.

The Whitefaces went into the tournament ranked as favorites, and the Price victory was hailed as an upset. However, the Cardinals held the lead all the way after ending the first quarter with the score knotted at 4-4.

The Cardinals were dropped from the tournament in the semi-final round by the Canyon Eagles, who took a first round victory over Tulla's Hornets Friday by a 29-14 score.

Fangman led the Whiteface quint in scoring in their single tournament appearance with 8 points but was out-scored by H. Prier, Cardinal forward, to netted 10 points.

Mr. and Mrs. W. F. Ball of Tucumcari, N. M., are visiting Mrs. Ball's sisters, Mrs. Phil Radovich and Mrs. Wirt Phillips, and Mr. Ball's uncle, Mr. Charlie Hodges.

**Texas Drivers to Get Two License Tags in 1947**

Texas automobiles will carry two license plates next year . . . just like the good old days . . . instead of the lone tag sold during the war years.  
This will pose a new problem for motorists still driving the remnants of their pre-war cars . . . to find two pumpers to hang the plates on; but maybe its a sign of the dawning of that bright post-war world.  
The state will definitely return to the two-plate system for 1947, state highway officials

have announced, requiring both a front and back plate.  
The 1947 license tags will have a black background with white numerals. Manufacture of the new tags is already underway at the State Prison in Huntsville, and plates have already been shipped to Amarillo and El Paso.

Counties nearest Huntsville will be the last to get their license plates if the supply is not sufficient to go around for all counties by April 1. Windshield stickers will be issued for those counties to be replaced by metal tags as they become available.  
New plates will be required on all vehicles after April 1, 1947.

Highlighting last week's social activities was the holiday coffee given Thursday by Mrs. Tom Boyd as a courtesy to Mrs. Milburn Parkerson Kramer of Franklin, La., who with Mr. Kramer, is visiting her sister Mrs. Travis Dameron.

The Boyd home was beautifully appointed with holiday decorations featuring a brilliant Christmas tree in blue and silver, and profusions of pinecones, red berries and leaves. The centerpiece for the table was done in red and green with traditional Christmas holly and crimson tapers. Mrs. W. J. Stanford and Mrs. Lisle Woodford presided at the silver coffee service and Mrs. V. O. Hennen was in charge of the guest register. Calling hours were from 10 to 1 o'clock.

### There'll be thousands of extra long distance calls this Christmas

Every year—at Christmas time—extra thousands of long distance calls crowd the wires. It's much like the deluge of Christmas cards and gifts that flood the mails. Some calls, caught in this jam, are certain to be delayed—perhaps for hours.

In spite of 50,000 miles of new long distance circuits and well over a hundred new sections of long distance switchboard added in the Southwest this year, we know that operators will not be able to put every call through on schedule. We'll have every switchboard position filled... we'll be doing our best... but there'll just be too many calls.

SO HERE'S A TIP... If you can call a few days before or after the holidays, your call will have a better chance of getting through promptly.

## Tri-Hi-Y Holds Annual Rosebud Service Dec. 10

Highlighting the autumn programs of the Tri-Hi-Y, the annual Rosebud Service was given Tuesday night, Dec. 10, at Betty Kathryn Hodges' home.

Mary Helen McGilvary gave several musical selections to set the mood for the program. The club song, "Living for Jesus," further emphasized the theme. Allee Morgan read the scripture,

Proverbs 31:30-31, and Beverly Barkley gave the prayer. Patsy Slagle, accompanied by Barbara Burney, sang "The Rosary."

Mrs. W. E. Dameron, club mother, conducted the rosebud service, telling the story, then giving each girl a white rosebud and a creed.

After the creed was read in unison, the forty-five girls repeated the Tri-Hi-Y benediction and adjourned.

More than 100 University of Texas students, including some girls have applied for admission in the new flight-training program which will begin early in January. The program will be expanded to include training for flight instructors and commercial pilots, as well as instrument flying. Clarence G. Odell of San Antonio is director of the new program.

"If we are to help these people," Harper said, "we must know them and we must know their language." The Latin American nations are already far ahead of North Americans, Harper pointed out, in that they already know a

### Income Tax Time For Texas Farmer And Rancher Near

COLLEGE STATION, December 16—Thousands of Texas farm and ranch operators must soon bring out their pencils and record books and start figuring income tax reports.

that he has this choice in paying income tax: he can file a declaration of his estimated 1946 net income by January 15, followed by a final return by March 15, or, he can make a final return by January 15, in which case he does not have to file a declaration.

While a record number of farmers will pay income taxes for 1946, the average tax bill will be less than in 1945, due to a reduction in rate and the combination of the normal tax and surtax levies, Bates says. Farm income taxes should average about 17 percent less than in 1945 predicts the farm management specialist.

### TCU Students in Journalism Pick Ten Best News Stories of 1946

FORT WORTH, Dec. 17—Biggest news story of 1946 was the Republican sweep of the off-year Congressional elections, say students in the Department of Journalism at Texas Christian University here.

"The Republican victories put conversation in the saddle for the first time in 14 years," commented one student. "The vote indicates that 'there'll be some changes made'!"

All but one of the 10 best stories had to do with the war in one way or another. The Helrens kidnapping - murder case was the lone exception.

Besides the election story, rated No. 1, the "10 Best" include the following, listed with typical comment:

1. Nuremberg trials and executions. "Death and imprisonment come for Nazis who brought terrorism, destruction and death to millions of innocent people all over Europe."

2. Operation Crossroads. "The atom bomb test at Bikini marked the world at the crossroads. Which way will it turn?"

3. Coal strike. "The labor-management, brewing for years, comes to a head in one man—John L. Lewis."

4. End of OPA. "The end of OPA created the biggest domestic question of 1946: How soon can the U. S. successfully return to its historic free economic system?"

5. Helrens kidnapping-murder case. "Fans of crime news got everything—murder, mystery, solution."

6. Paris peace conference. "The world looked to its diplomats for peace, but all it heard was talk of another war!"

7. United Nations. "Now that the war is over, the most interesting news is peace, and the UN is the main hope for peace."

8. Meat shortage. "Public opinion asserts itself as price controls kept dinner tables meatless while ranges overflowed."

9. Housing shortage. "People try to make homes in tents, trailers, trees—anywhere for a place to live. A seemingly endless demand for a place to put one's family."

A change in the tax law permits deduction, as a business expense, on reasonable wages paid by a father to a minor dependent actually employed on the farm or ranch.

Under certain conditions, only 50 percent of receipts from sale of breeding cattle may be taxable. Bates advises farm operators to consult their county agricultural agents for information on this point or contact an Internal Revenue deputy.

The tax reporting job will be greatly simplified for operators who have kept record books through the past year, Bates says. The Texas Farm Record Book, which is available at Texas A. & M. College for a small cost, is a complete and simple form with spaces for recording all necessary items for income tax reports.

THE STATE OF TEXAS, COUNTY OF DEAF SMITH:

The undersigned having been duly appointed Administrator of the Estate of J. O. Lytle Jr., deceased, late of Deaf Smith County, Texas, by Fred W. Baird, Judge of the County Court of said County on the 31st day of October, A. D. 1946, hereby notifies all persons indebted to said estate to come forward and make settlement, and those having claims against said estate to present them to him within the time prescribed by law at his office, Hereford, Deaf Smith County, Texas, where he receives his mail, this 20th day of

November, A. D. 1946. A. O. THOMPSON, Administrator of the Estate of J. O. Lytle Jr., Deceased. 48-4c

TO ALL PERSONS INTERESTED IN MILLER AND SHORE SUBDIVISION OF BLOCK NO. 29 OF EVANTS ADDITION TO THE TOWN OF HEREFORD, DEAF SMITH COUNTY, TEXAS.

Notice is hereby given that the owners of Block No. 29 of Evants Addition to the Town of Hereford, Deaf Smith County, Texas have heretofore filed in the Commissioners Court of Deaf Smith County, Texas, an application to close the streets and alleys shown on the recorded plat of Miller and Shore Subdivision of Block No. 29 of Evants Addition to the Town of Hereford, Deaf Smith County, Texas and to cancel said subdivision. Said petition alleges that said streets
