Transportation Discussed

Chamber Of Commerce Seeks Better Freight Service

A move to get better freight transportation in and out of Hereford was supported early Thursday by directors of Deaf Smith County Chamber of Commerce.

The directors took the action after hearing a report from the area development committee concerning the problem of transportation service in the area. The report, by Terry Caviness, requested the support of the Chamber in a visit to the local and main offices of Santa Fe Railway Company in an attempt to work out better scheduling in the Hereford area.

"We are not getting as good of service as we would like to see," said Caviness. "We thought we could meet with the railroad people and work out something suitable with them."

Directors also discussed the quarterly membership meeting planned for 8 p.m. Tuesday night in the Bull Barn. The 75th Diamond Jubilee committee will be in charge of the program and will present a style show featuring old-fashioned dresses and costumes.

BOB JOSSERAND, head of the agriculture committee of the Chamber, said the committee is sponsoring a tour July 13 for several feedlot management students from Texas A&M. Josserand said the students had requested specific places and businesses they would like to visit and that the tour would be similar to the recent cattle-industry tour of the group from Washington County (Brenham).

Josserand also requested and received from directors an endorsement of the agriculture-industry activities

planned for August 30 during the Jubilee Celebration.

Josserand said the committee had invited U.S. Sec. of Agriculture Earl Butz to be the keynote speaker at a luncheon during the day, but had yet not received an answer. He also said U.S. Rep. George Mahon and U.S. Rep. Bob Poage would be in attendance during the day and at the luncheon.

THE DIRECTORS also voted to support a plan to locate a diagnostic laboratory veterinarian clinic on the campus of West Texas State University in Canyon. The clinic is to be located somewhere in the Texas Panhandle under the authority of Texas A&M.

When asked if the clinic could be located near Hereford, Josserand said Texas A&M would "probably want to locate near a college or university."

IN OTHER action before the Chamber directors:

—Chamber Director Bill Albright reported membership has decreased some but not significantly. There are more than 500 businesses and 50 personal memberships presently. Albright said he would like to see a "Buy It In Hereford" campaign started to boost membership.

—Noted the new Chamber sign located on side of the new office building has been erected.

—Discussed the "Volunteer" Chamber newsletter.

—Decided to postpone the special meeting and also postpone a planned survey of the city to prepare a brochure

to give to businesses and industries interested in locating in Hereford.

—**DISCUSSED** the purchase or remodeling of a conference table for the conference room in the Chamber building and decided to try to get other bids for the carpentry work involved.

—Officially set January 17 as the annual Chamber banquet and discussed the fall new teacher banquet.

—Discussed Christmas decorations for the city and at Sugarland Mall. President Jim Conkright said he would talk with previous Christmas decorations committee members and report at the next meeting.

—Noted that November will be the first date the Chamber can receive reaccreditation from the national Chamber organization.

HEARD a report that the Chamber had helped two local trucking firms

secure fuel to continue operating during the shortage crisis.

—Urged all directors and Hereford residents to write state and U.S. Congressmen to express concern that fuel be provided for the different areas of the local agriculture industry.

—Decided to honor baseball star Mickey Mantle with an honorary Hereford Bull Award during the Yankee player's visit to Hereford for the annual baseball banquet this Friday.

—**POSTPONED** consideration of revision of the bylaws and committees until R.C. Hoelscher can present the proposed revisions. Hoelscher is chairman of a revision committee and

Formby Selected NAB Chairman

Clint Formby, president and general manager of Radio Station KPAN and well-known Hereford civic leader, was elected to the prestigious position of chairman of the Radio Board of Direc-

tors of the National Association of Broadcasters.

Formby's election as the top officer came during the NAB board meeting in Washington and follows a rise in the national organization that began in 1970 when he was elected delegate-at-large for Class C broadcasting stations of the NAB. In that position he represented almost 2,000 radio stations from throughout the United States and Puerto Rico.

Formby defeated Don Kops, president of Kops-Monahan Broadcasting Company of New Haven, Conn., for the NAB position. He succeeds Andrew Ockerhausen, general manager of WMAL AM FM TV, Washington, D.C.

The first Texan to hold the office, Formby is past president of the Texas Association of Broadcasters and currently serves as vice-chairman of the Texas Tech Board of Regents, a position appointed him by Gov. Preston Smith in 1971. He has also been active in many local, regional and state civic projects.

Formby is also president of the new Hereford CableVision Company, and of radio stations in Temple and Levelland.

CLINT FORMBY

MICKEY MANTLE
...To Speak In Hereford

Mantle To Speak At Banquet Here

Mickey Mantle, New York Yankee baseball star, will be the highlight speaker at 8 p.m. Friday night at the annual baseball banquet in the Bull Barn.

The banquet climaxes the year for Pony League and Broncho League baseball players. However, the public is invited to attend the banquet.

Tickets for the banquet will be on sale until Tuesday at Hereford State Bank and at Dickies Restaurant for \$2 each. Hereford Jaycees and Hereford

Hustlers will be the official welcoming committee for Mantle, who will arrive Friday afternoon and will conduct an autograph party for the public from 5-7 p.m. in the Community Center.

The Deaf Smith Chamber of Commerce is also expected to present the baseball great with the Hereford Bull Award.

Master of Ceremonies for the banquet will be John Bunch and all baseball awards will be given to the players.

Fireworks Draw Heat From Local DA Office

If local residents are going to buy or sell fireworks during the Independence Day celebration holidays they should know the laws or understand the consequences they may face, warned Crim. Dist. Atty. Andy Shuval this week.

Fireworks, which officially can go on sale today, cannot be bought or sold past July 4, Shuval said.

"We have a real problem with this each year," he said. "Also they can not be shot inside the city limits under any conditions."

Citing the Texas laws concerning fireworks, the district attorney said all fireworks stands must be located at least 500 feet outside the city limits.

"**AT ALL** stands selling fireworks must be at least a four-inch sign reading 'Fireworks - No Smoking,'" Shuval said. "Then there can be no smoking at all within 10 feet of the fireworks stand."

Shuval also stated that all fireworks on display for sale must be protected from the public at all times and that only employees of the stand may enter the building where fireworks are being sold or stored.

Fireworks also are not allowed to be displayed in windows.

"**OUR BIGGEST** problem, though, is probably persons violating the law about where they can shoot off the fireworks," the attorney said. "Fireworks cannot be shot within the city limits at all. They cannot be shot within 100 feet of a fireworks stand or within 600 feet of a church, school or hospital."

Hereford Fire Marshal Jay Spain issued a warning to local residents who try to pop firecrackers in the ditches along area roads.

"They could be a real fire hazard with all the wheat and barley farmers are trying to harvest," Spain said. "We usually have several fireworks-related fires this time of year and we could use the people's help in watching out for us."

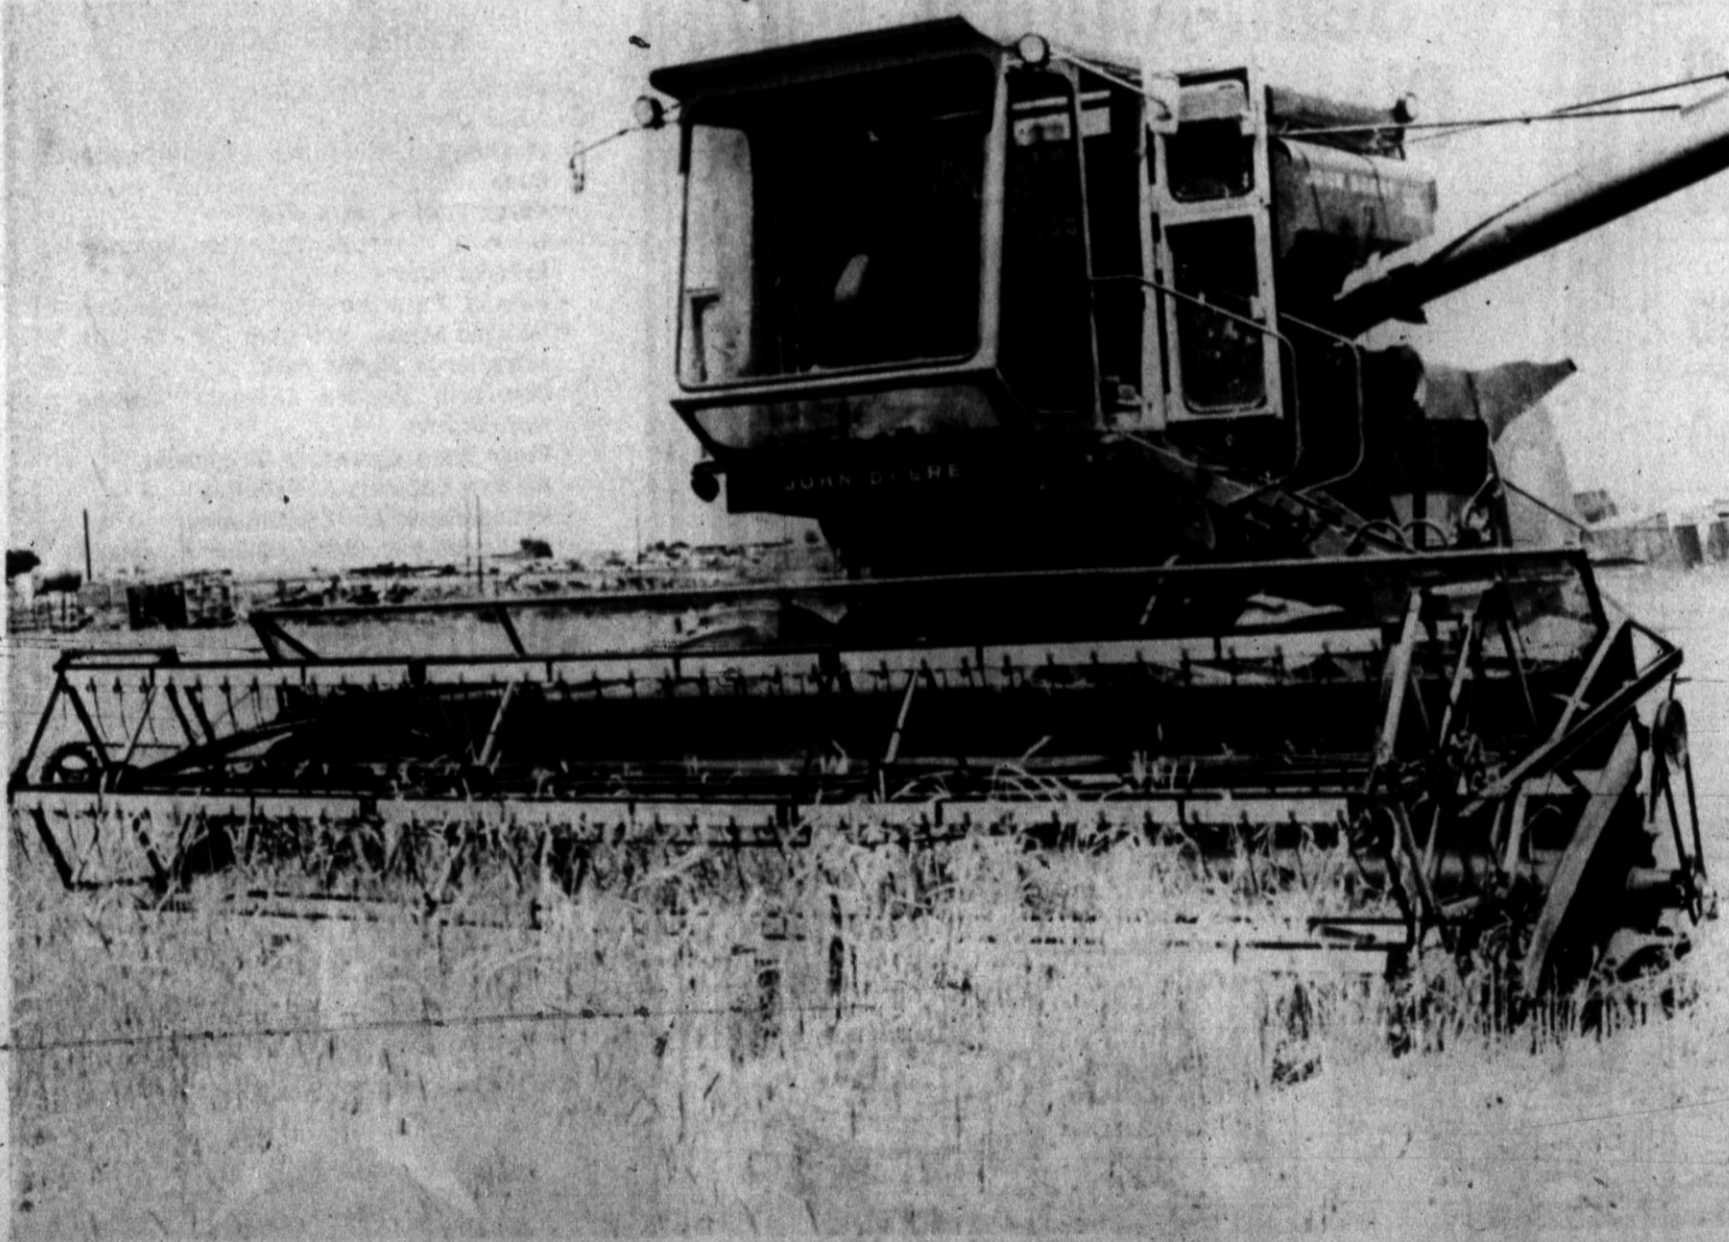

SPAIN emphasized for special care to be taken in use of fireworks that "shoot out" small balls of fire because of the fire hazard created.

Hereford Police Chief Don Brush said local officers will be observing for fireworks violations within the city limits — especially those involving moving vehicles.

CC Plans Quarterly Meeting

Deaf Smith County Chamber of Commerce will hold its regular Quarterly meeting at 8 p.m. Tuesday with special program concerning the 75th Diamond Jubilee Celebration.

A style show of early era dress is scheduled with old fashioned lemonade and cookies to be served as refreshments.

Brand Photo By Don Richards

Harvesting Season Opens In Hereford

Big harvesting machines have been humming around the Hereford area and Deaf Smith County this week as the annual harvesting season gets into full swing. Grain elevators in the city reported harvesting going smoothly with farmers

bringing in loads of barley and wheat continuously throughout the day. Above, Danny Bates operates the combine harvester in a field of ripened wheat northeast of Hereford.

Lions Install Officers In Ladies' Night Ceremonies

Jim Hale was installed as Hereford's noon Lions new president in the climax of the Installation Party and Ladies Night Thursday at the Civic Club Center.

Installed along with Hale as officers of the civic club were Ted Higgins, 1st vice president; James Gentry, 2nd vice president; Virgil Walker, 3rd vice president; Lanny Crump, secretary; Bill Bradley, treasurer; Roy Hartman and Melvin Jayroe, Lion Tamers; Victor Cantu and Charles

Watson, Tail Twisters; and Weldon Dickson and Harold Wheeler, directors; Debbie Hale, sweetheart.

The installation was conducted by Lion Dist. Gov. Raymond White before the full crowd in the civic auditorium. In other highlights of the annual installation meeting the Lions presented a check for \$2,750 to the Opportunity Plan as a result of the \$3,044 grossed at the auction last week. Milton Morris of the Opportunity Plan received the check and said

more than 100 students from Hereford had attended college or technical school under the plan.

L. M. Carlisle was presented a life membership in the Texas Lions League for Crippled Children by the Hereford Club. Carlisle is one of the original charter members of the Hereford Club.

Cletes Corlis won \$100 after his name was drawn from the box containing all Lions who had brought a new member into the club and the president's appreciation award from Lion Boss Nolan Grady went to Lion Tommy Bowling.

Nolan reviewed the Lions activities and achievements

during the past year and then presented Lion Sweetheart Carolyn Langley with a stereo set as a present from the club.

Libby Word, president of the Lions Leo Club of Hereford High reported on the Club's activities during the year and said membership was pushed from 10 to 42 members.

Entertainment for the meeting was provided by Sandy Caison, accompanied by Rodney and Dee Ann Caison. Miss Caison sang several numbers including "All I Need Is You," "Delta Dawn," "What Now My Love," "Cry," "Put Your Hand In The Hand," and "American Trilogy."

CARLOS RODRIGUEZ

Illegal Drug Traffic Down

The illegal hard drug traffic has been dropping off some in the Panhandle since it reached its peak in 1968 a special intelligence officer from Amarillo told Hereford Kiwanis during their noon meeting Thursday in the Civic Club Center.

The officer, Carlos Rodriguez with the Potter-Randall Metro Intelligence Unit, said the major problem presently in the drug area is the illegal use of marijuana.

"There was a big problem with LSD and the more hard

drugs in 1968," he said. "Since then the most frequent abuse is marijuana and amphetamines. There is also some Mexican heroin, but not to any great degree." Rodriguez, a former undercover agent and uniformed officer with the Amarillo Police Department, joined the special task force of 11 officers in 1968 when Texas Gov. John Connally created the Texas Criminal Justice Council, of which the intelligence unit is a part.

Specializing in all types of major crimes, the 11 officers aid local law enforcement officials in the area when requested by local offices.

Sheriff Travis McPherson, said the new drug laws in Texas would, in his opinion, hinder the officer and aid the pusher.

The new law allows a person caught with less than four ounces of marijuana to be charged with no more than a misdemeanor.

"Now the pusher just has to sell in smaller quantities and just face the possibility of being charged with a misdemeanor instead of a felony."

Rodriguez said the four ounces would make about 80 marijuana cigarettes.

In other action during the meeting Kiwanis President Don Lane announced he and Bartley Dowell, Lt. Governor of Division 33 and Dean Herring, new club building chairman of Texas-Oklahoma district will leave Saturday (June 23) for the 58th annual convention of Kiwanis International in Montreal, Canada.

Chamber Discusses Freight Problems

(Cont'd from Page 1)

was unable to attend Thursday's meeting.

Approved a plan reported by Albright for West Texas

Quiet Week Reported By Local Police

Hereford Police officers had a somewhat quiet week with only one accident reported and a relatively few number of complaint calls.

The accident occurred about 7:40 p.m. Thursday near the intersection of 25 Mile Avenue and Voegel Street.

A 1970 Oldsmobile driven by Bernadette B. Kalka, Box 683, was in collision with a 1972 Chevrolet driven by Gregory Dean Black, 629 Avenue H.

Both vehicles were heading south on 25 Mile Avenue and one of the cars was apparently attempting to change lanes when the accident happened.

State University to offer night classes in Hereford at a cost of \$55 for three semester hours.

Noted a report from the manager that inventory of the Chamber equipment was \$10,800 and that adequate insurance had been purchased to cover the inventory.

Albright also reported an upcoming Small Business Administration meeting July 19 and of a two-hour seminar of the Occupational Safety and Health Administration Thursday night at 7:30 p.m. in the Community Center.

Agreed to change a plan for hospitalization for the Chamber director to a retirement fund at the same cost.

Probation Revoked

Probation for a Hereford man was revoked this week in Judge Archie McDonald's 69th Judicial District courtroom in Deaf Smith County courthouse after the man had been convicted of a felony in Farmer County.

Reynaldo Morales, sentenced earlier in McDonald's courtroom to five years probation, lost that probation and was sentenced to the five years in state penitentiary this week. Morales was found in violation of probation rules during a hearing before McDonald as a result of the felony case conviction in Farmer County.

In other action in the courtroom probation was terminated against another man after the man enlisted in the U. S. Army.

In other court action in the county according to the summary of cases from Crim. Dist. Atty. Andy Shuval, one case of

felony swindling with a worthless check was filed in Justice of the Peace Glen Nelson's court against a man still at large and a charge of felony vandalism was filed against a juvenile in County Juvenile Court.

Ten cases were reported dismissed in Judge H. C. Williams County Court as a result of an earlier court ruling concerning the assistant district attorney's private firm representing criminal cases.

Judge Williams also set bond on three other misdemeanor cases sentenced one man to one year in jail and two years probation after he was found guilty of driving while intoxicated.

Two other cases of swindling with a worthless check were filed before the judge against men who are still at large.

To Face Light Agenda Monday

Deaf Smith County Commissioners will apparently face a short meeting during regular session at 10 a.m. Monday as no items were scheduled for discussion.

The commissioners' schedule includes the reading of minutes and paying of bills.

"Now, he didn't hurt his self jumpin' off the bluff in that way, but when it falls I can't promise what shape he'll be in!"

'Mayday!' Is Emergency Plea For Aid

Mayday! Adrenalin flows at the sound of the word.

Mayday is the international voice radio code used by vessels and aircraft in distress to draw attention to an emergency plea for aid, according to water safety officials with the Texas Parks and Wildlife Department.

"Distress" and "emergency" are the key words.

Routine calls for assistance—mechanical breakdowns or fuel shortages, for instance—are by law not permitted to contain the mayday expression. A death could be caused elsewhere if a hoax or exaggerated call is received.

The most powerful distress signal comes from a good radio equipped with 2182 KHz or a 156.8 MHz emergency

frequencies. These emergency channels are continuously monitored. Unfortunately, they have become the nautical equivalent of the gossip fence.

Unnecessary use of these frequencies, especially on more powerful transmitters or close to shore, can block out weak signals and a distress signal could be missed.

Parks and Wildlife Department officials think the following format is a good standard for calling mayday:

—Clearly declare "Mayday" three times to clear the airways and draw attention. Follow it with your vessel's name and call sign given three times for clarity. Give a description of the emergency: fire, sinking or serious injury.

—State position in relation to a well-known landmark or point of land. Use major points because local names are confusing. Give details of the exact nature of the distress and what kind of assistance you require.

—Indicate how many people are on board and what kind of emergency equipment you have.

—Give some indication of the boat's seaworthiness, its length, type of structure and any other information which would aid rescuers in locating you.

—If anything changes for the better or worse, contact the Coast Guard or rescue unit.

A mayday call is serious business. By using common sense before leaving the dock, 99 per cent of the potential

emergencies can be avoided.

The Texas Parks and Wildlife Department reminds boaters that additional information is available from the Office of Boating Safety, Eighth Coast Guard District, Customhouse, New Orleans, La. 70130.

SUPREME COURT RULING

Indians Scalp Orioles, 5-3

Brand Photo By Don Richards

Over The Fence

Greg Hennington unloads all his power into an Oriole pitch in the bottom of the sixth inning for his second home run of the night and also the run which carried the Indians over the Orioles, 5-3, in the championship playoffs Thursday night in Hereford Pony League action.

Playoffs End

Hennington Slams 2 HR'S

Greg Hennington hammered out four hits, including two home runs, to lift the Indians past the Orioles 5-3 Thursday night in the championship game of Hereford's Pony League action.

Mike Foster also joined in with the winning banners as he struck out 11 Orioles and held them to six hits. The winning pitcher allowed the Orioles only one good inning, the 4th, in which the 'birds collected all three of their runs on four hits.

The score was tied 3-3 going into the 6th inning when Hennington slammed his second and game-winning homer after facing a two-strike count. Catcher Archie Crim then followed after an out with a single. He stole second, moved to third base on a passed ball and then scored the insurance run on an error.

Hennington went four-for-four during the game and scored three runs and got two runs-batted-in off his two bases-empty home runs. His two singles came off his first two trips to the plate and then his homer came on back-to-back trips.

The win gives the Indians the Pony League championship with their next foe yet to be determined. The Indians had won the first half of league play with the Orioles taking the second half and thus setting up the best-of-three series.

However, the third game wasn't needed as the Indians won Tuesday night 8-7 and then returned Thursday night to finish the regular season.

Losing pitcher Hector Ramirez struck out 10 Indians and then cracked out two singles to lead the Orioles in the

batting department. Catcher for the Orioles was Abel Trevino. The Indians collected nine hits in scoring their five runs while the Orioles had six hits for their three runs.

The Orioles were three-up-and-three down in the first inning, but the Indians followed with two runs off four hits. Hennington and Crim both reached base on singles with Hennington scoring off Crim's bat. Crim then scored off a single by Foster and Scott Dryden collected a single before the inning ended with the bases loaded.

No other runs were scored until the 4th inning when the Orioles picked up three runs to go ahead, 3-2. Greg Albracht knocked a single and scored on Rowan Alexander's single. Jimmy Wright and Hector Ramirez then both hit singles to knock in the final runs for the Orioles.

However, the Indians tied the game up in the bottom of the fourth when Hennington belted his second round-tripper with one-out and the bases empty.

Both teams failed to get any rally going in the 5th inning and Foster then allowed four batters for the three outs in the top of the sixth.

However, in the bottom of the 6th is when Hennington unloaded with the game winning score.

Also playing for the Indians in the game were: Steve Hoover, Dale Tarr, George Yocum, Carlos Trevino, Rudy Coleman, and Rudy Castillo.

Others playing in the game for the Orioles were: Jim Lawson, Dennis Artho, Mike Reyes, Henry Torres and Benny Moore.

Hereford Man Lands Record Greenbelt Pike

Gayle Cornelius of Hereford rewrote a page in the Texas State Fish Record book back on April 20 when he landed a 15-pound northern pike from Greenbelt Reservoir near Amarillo.

The fish was 37 1/2 inches long and 17 inches in girth. The previous northern pike record was a 13-pound fish caught from the same Panhandle lake in 1971.

Native to northern climes, pike have been imported to Texas to supplement local predator fish such as

largemouth bass. Anglers throughout the South and West where pike have been introduced have welcomed it for its sporting qualities.

Also, no species of fish has inspired more fables than the pike. The fish's malevolent eye and underslung jaw grimly taking a lure has caused many an angler of old to wax a little poetic about his catch.

Anglo-saxon compared it to the ancient weapon, the pike, hence the name Esox lucius, the pitiless pike. Its baleful eye and tail-drooping posture cause ancients to identify it as Luce, the waterwolf.

Mystery has always been an important part of fishing and the sudden arrival of a big pike is enough to set the most stable of imaginations to work.

But there is no mystery about Cornelius's 15-pounder, and he'll vouch for all the stories about the pike.

Trap Shoot Planned Today For Gun Club

The first regular practice trap shoot of the newly-formed Hereford Gun Club is planned for 1 p.m. today at the gun range near the Hereford Airport.

Wayland Smith, president of the club, said the public is invited to the shoot and said membership applications to the club will be available.

Concessions will also be available and Smith said ammunition for purchase will also be available for all persons wishing to practice during the trap shoot.

Local Man Places In Clovis Rodeo

Tommy Deas of Hereford received a time of 5.7 seconds and ended up in third place in the steer wrestling competition at the recent Pioneer Days Rodeo in Clovis.

The annual rodeo was declared "the best ever in all aspects" by rodeo officials who said plans already were being discussed for the event in 1974.

For the first time since the rodeo's revival three years ago, adverse weather conditions were not a factor and total attendance was also reported as the best ever at just under 12,000 for the three sessions.

NEW FLAG
New Zealand's ruling Labor Party's annual conference has asked the government to adopt "God Defend New Zealand" as the national anthem and has suggested redesigning the New Zealand flag.

10 Whitefaces Ink Scholarships

Hereford High's 1973 crop of graduating athletes may have set some kind of record for the school, with a total of 10 boys being signed to college athletic scholarships.

Two more had made decisions this past week to bring the total to 10. Terry Scott inked a basketball letter with Frank Phillips College at Borger, and Alan Cornelius signed football-basketball agreement with Panhandle State in Oklahoma. Gary Hicks, bit 6-7 postman, had signed with Cook County Junior College at Gainesville a

couple of months ago, but The Brand missed the announcement at that time. Hicks joins David Duvall in selecting Cook County.

BASKETBALL LEADS the way for the recruits, with four signed to straight roundball scholarships—Keith Kitchens to Texas Tech, Hicks and Duvall to Cook County, and Scott to Frank Phillips. Two others—Cornelius and Luther Mays—will also give basketball a try in college.

Winston Short heads the

football list, signing with West Texas State, while Danny Harris also signed with the Buffs. Wesley High signed a grid agreement with Sul Ross College at Alpine, and Cornelius is headed for Panhandle State.

Mays, a fourth-place finisher in the state meet, signed a track agreement with Texas Tech, while Steve Nieman was recruited by West Texas. Mays will also be a basketball candidate at Tech.

Hicks, son of Dr. and Mrs. C.E. Hicks, missed the early

part of basketball season but came on strong for the Whitefaces in district play. He was the leading rebounder in 4-AAAA action and wound up in third place for the season. He tied for first in field goal accuracy, hitting 54.3 per cent of his shots from the field.

Scott, son of Mr. and Mrs. Dale Scott, was a fine playmaker for the Herd and also excelled on defense. He was third in scoring on the season and ranked second during district play. He was the top

free-throw shooter, hitting 80 per cent of his charity shots. Scott was named second team all-district for two years.

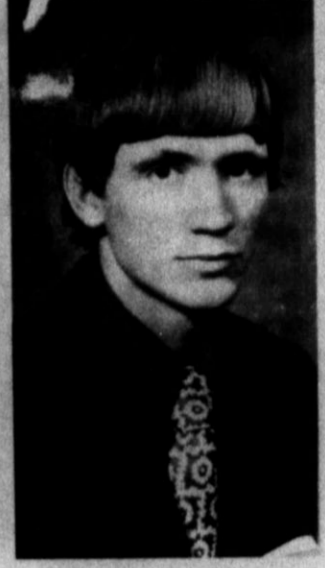

Cornelius, son of Mr. and Mrs. Guy Cornelius, was a top pass receiver for the Herd football team the past two seasons. He caught 12 for 267 yards the past year, ranking second behind Terry Champ. Cornelius was also a front-line reserve on the Herd basketball team, seeing a lot of action at a post position. The other seven athletes had previously been announced.

TERRY SCOTT

Hereford Legion Team Takes Palo Duro, 15-10

Hereford's American Legion team punched out three singles in the 9th inning to pull out the win over Palo Duro Wednesday night in Amarillo.

Hereford collected 11 hits in the winning effort as Roy Martinez got credit for the win. Mike Crim had started for Hereford and went six innings and recorded 11 strikeouts before Martinez took the mound.

The record for Hereford stood at 2-2 before Friday night's game with Caprock.

Hereford is scheduled to play Tascosa here at 3 p.m. today at Whiteface Field near the stadium.

Martinez, Dave Loerwald and Dave Charest each collected two hits apiece during the game which was tied at 10-all going into the final frame. In the top of the 9th after an

opening strikeout in the inning, Charlie Anderson followed with a single with Terry Poindexter and Steve Loerwald walking to load the bases. Martinez then singled in Anderson and Poindexter.

The next batter grounded out to the pitcher. Mike Crim got on to load the bases again and Charest singled in Steve Loerwald and Martinez. Crim scored the final run.

Hereford Will Host Preliminary Olympics

Hereford will host a preliminary AAU Junior Olympics June 30 at Whiteface Field, with boys and girls competing in five age divisions. The track meet is sponsored by the sports committee of Deaf Smith Chamber of Commerce.

The invitational track meet will serve as a preliminary event for the district meet which is scheduled July 14 in Borger. The Hereford meet will begin at 9 a.m. on June 30 with preliminaries in the running events. No pre-lims are set for field events.

The only qualification for entry is membership in the AAU. Membership registration can be accomplished here on June 29 and early June 30 before the meet. Events to be conducted in each division have been mailed to area chambers of commerce.

Age divisions for both boys and girls competition will include ages 9 and under in the

bantam division; ages 10 and 11 in the midget division; ages 12 and 13 in the junior division; ages 14 and 15 in the intermediate division; and 16 and 17 in the senior division.

Farmers Asked To Report Fuel Shortage To ASCS

DEAF SMITH COUNTY

Farm News

Grain Sorghum Needs Watching If Pre-Plant Herbicides Were Skipped

In their haste to get grain sorghum planted after a late harvest and wet spring, many High Plains farmers skipped the pre-plant of pre-emergence applications of herbicides used for controlling weeds. These fields will now need careful attention, says a Lubbock-based agronomist.

Dr. James Supak, area specialist with the Texas Agricultural Extension Service, says that many area fields where no herbicides were used

are becoming heavily infested with weeds. In some cases, herbicides were used but their effectiveness was limited by less than ideal soil and moisture conditions.

UNDER THESE circumstances, what is the farmer's best approach?

"Mechanical methods such as cultivation or knifing will help," says Supak, "but the weeds left in the drill row are the real problem.

"The weeds can be cleaned out by hoeing, but this method is costly. The next best method is with timely and precise post-emergence applications of herbicides."

The agronomist explains that for small careless weeds (less than one and a half inches), atrazine (AATrex) is recommended. The rate necessary to obtain control depends on the soil type and is specified on the chemical label. Usually, the rate is about one and a half pounds for these small weeds.

FOR LARGER careless weeds and small annual grasses, a higher rate of atrazine (up to two and a half pounds per acre) plus one gallon per acre of a non-phytotoxic crop oil is needed to get control.

"Even with this higher rate," Supak points out, "careless weeds more than four inches tall and even small annual grasses may not be controlled, especially if they are moisture-stressed at the time of application."

The area specialist says that atrazine is capable of killing weeds that germinate after it is applied. A timely rain or incorporation with a rolling cultivator within two days after application will increase the residual effectiveness of the herbicide.

ALTHOUGH atrazine generally provides effective post-emergence weed control, the chemical has some limitations. First, it persists in the soil for long periods of time, and only sorghum and corn can be grown the following year. Second, atrazine should not be used on sandy or loamy sand soils because serious crop injury can result. And third, sorghum must be at least six inches tall before over-the-top atrazine treatments can be applied, Supak emphasizes.

For broadleaf weed control in areas where cotton and soybeans are not grown extensively, 2, 4-D or Banvel may be used. The 2, 4-D is available in amine, acid and ester formulations. However, the amine formulation will drift less than the ester or acid.

All formulations of 2, 4-D may be used at one-half pound per acre to control broadleaf weeds less than two inches in sorghum. The sorghum should be at least six inches tall but not yet to the boot stage at the time of application.

Deaf Smith County farmers are reminded they should report immediately any critical farm fuel shortages to the ASCS county office.

Don A. Tatum, Executive Director of the Deaf Smith County Agricultural Stabilization and Conservation Service (ASCS) office, reports that in addition to using fuel conserving methods in their farming operations, farmers have also been asked to report critical fuel shortages to ASCS.

If a fuel supply problem cannot be resolved locally or at the state level, the shortage will be reported immediately to Washington, D.C. where it will be brought to the attention of the Office of Oil and Gas (OOG), U.S. Department of Interior.

The OOG operates under the authority of the fuel allocation program which designates farming and other vital activities for priority access to fuel supplies.

If any farmer cannot obtain fuel needed for his farm operations he should make this fact known to ASCS. Farmers should do everything they can to obtain supplies before requesting assistance.

Farmers are urged not to buy more fuel than they need for the near future, as equitable distribution is necessary if all farmers are to have enough fuel through harvest.

Some suppliers have not been able to meet farm customers' needs fully, partly because independent and cooperative

fuel producers and marketers have not been able to obtain enough supplies.

The national concern over fuel is based on two problems: supply and distribution. Demand for fuel has increased steadily, while supply has not. And, some areas are near the end of major petroleum distribution systems, making equitable distribution difficult.

A primary reason for the fuel problem in farming areas is the greater need for farm products. The country's farmers have been encouraged to plant about 40 million additional acres of food and feed crops this year.

Gasoline demand has risen at an annual rate of about six per

cent during the past two years, while crude oil processing has risen only three per cent annually. We use nationally an average of 47 million barrels of gasoline weekly, while we produce only 43 million barrels.

Both state and federal agencies have been working the problem and several actions have been taken to increase supplies. In the meantime, Tatum said, ASCS will offer the critical shortage reporting service for farmers as long as it is needed.

ASCS is handling this monitoring service for all farmers in the county, regardless of race, color, religion, sex or national origin.

Man Wins Reserve Champion
 The Second Annual Black and White Holstein Show for the Panhandle district, was held Monday at the West Texas State University Dairy.
 Approximately 60 animals were exhibited in the various classes. Mr. Bill Stansell of Fluvanna, was the official judge.
 The Grand Champion was an aged dry cow, Vue Claire Marquis Fran, owned by Louis Hinders of Canyon. The Reserve Champion was a 3 year old cow, Moo Meadow Tonto Plush, owned by N. R. Jones of Hereford.
 Animals owned by Sharon Hinders and Louis Hinders won the junior champion heifer and senior champion female classes, respectively.
 Of the 17 classes, 11 first place awards went to Louis Hinders, 3 to N. R. Jones.

Annual Sew Fair Held Tuesday At Bull Barn

By Argen Draper
Home Demonstration Agent

Third annual sew fair is being presented Tuesday, June 26, at the Bull Barn. This is on recycling clothing and other things that can be saved from the trash can.

There will be excellent displays of remade clothing and household items. It will be very interesting so plan to attend.

Also, you are encouraged and invited to bring any recycled item that will be an example to others and that will give ideas to others.

Also, wear any dress or pants suit that you have remade or trimmed. Recycle family clothes—and create new fashions while saving money.

Sewing notions—popular recycling tools—transform old garments into style-conscious wearables. Examples include replacement pockets, zippers, new belt fasteners, trims iron-on patches.

Some patches, especially designed for jeans, add new dimensions, promising teen approval.

With iron-on patches, follow directions carefully. Success requires the right pressure and heat—otherwise the patch will

fall away after cleaning. Extend pants wear-life by reinforcing inside hems. For best protection, cut half-moons—measuring about five inches by one inch deep—of heavy fabric and add to inside hems.

As for care of a recycled item, consider both garment and added trim or fabric. Both should be compatible—washable trims on washable garments.

For best results, pre-shrink trim before using—following the procedure normally used with the garment. This insures a recycled garment as attractive later as when first changed.

Once started, ideas and creativity just seem to flow. Other renovation techniques turn to sewing machines, and most now feature numerous stitch variations—valuable in creative mending.

Shrinks—those brief sweaters—are one current rage. Homesevers can create them simply by taking in side seams and hems of old sweaters.

Commercial sweater knits can be cut and sewn without raveling—hand knits can't.

Sew-on patches and appliques will cover stains or holes in recycled garments. For a unified look, carry these new additions throughout the garment by adding contrasting

pockets of the same fabric or color.

Decorative stitching, rick-rack, braid or contrasting band of fabric cover that lengthening line on dresses, skirts or slacks.

In other recycling "face-lifts," appliques reinforce buttonholes, and decorative pulls replace plain zippers.

Remember: Tuesday, June 26, 2:30 p.m. Bull Barn for the third annual Sew Fair.

Fusible webs and films simplify home sewing—by eliminating several time-consuming tasks. These products utilize heat, steam and pressure to bond two fabrics together—that is, any fabric that can be steam pressed.

Although they're not suitable for seams, fusibles simplify addition of trims and appliques—and eliminate basting, hemming and some hand sewing.

In addition, they aid in matching designs and prevent raveling. Also, fabric and belting material are joined invisibly through use of a web or film.

Several factors contribute to the products' popularity—they make invisible bonds yet don't alter fabric flexibility. At the same time, they reduce bulk.

Fusibles are sold by the yard, in precut sheets or as tapes of various widths—and come in several weights.

For best results, test product effectiveness on a fabric scrap—before using it in the garment. Webs work better on some fabrics than others.

Although bonds usually are permanent, sometimes they loosen. When this happens, simply re-press the item—resealing the fabrics.

To remove, steam the area heavily and pull fabrics apart. Don't allow hot iron and webbing to come in contact—they'll stick together.

By the Garden Gate

With Glad

By Mrs. Art Manjeot

This morning when I went out to do some needed chores in the garden I really agreed with Kinsley who stated that each of us should thank God every morning when we get up that we have something to do that very day which must be done, whether we like it or not.

Many virtues such as self-control, diligence, temperance and contentment will enter into the heart of one who goes about the daily chores with a song in the heart and thankfulness to have something to do.

Having been away from home for two weeks, there were really many things that had to be done. Gee! I never knew grass, weeds and plants could grow so fast and so many problems come at once; well they are sure stacked up at Glad's.

Did enjoy my stay at the Texas Lou Courts in Amarillo and especially enjoyed the lovely serenade of the birds each morning and the pretty rose garden. Really fell in love with the cameo roses, as well as renewing acquaintance with red rosette and Chicago peace.

Also good to touch elbows with people from various states and to listen to my sister Lavinia describe the many things she did in Detroit and the visit into Canada.

In Amarillo I had the opportunity to attend a lecture by Mrs. H.H. Boynton of Pampa on her experiences with gardening according to signs and phases of the moon. It was scheduled at the garden center under auspices of the North Judges Group of Dist. I TGC.

Mrs. Boynton is a gardener of 13 years, an excellent horticulturist; one who practices ecology, organic gardening, theories of moon sign planting, contributes to theory of keeping America beautiful; and a loyal supporter of the Amarillo

Garden Center (all monies collected from the lecture was given to the center).

In discussing her beliefs and practices of moon planting she based much of her philosophy on Biblical teaching, from Genesis, "In the beginning God—created the heaven and the earth," that He used the moon to create rhythmic harmony which is instrumental in keeping man in harmony with nature; and from Ecclesiastes, "To everything there is a season... a time to plant, and a time to harvest."

Planting by moon signs has been practiced since ancient time. The first book written relative to practices was in 1874. In it is the explanation of dividing the moon into quarters and the twelve signs of the zodiac.

Since the first publication many other books have been written and probably the most used today is Llewellyn's Moon Sign Book and Daily Planetary Guide. A new publication is offered the public each year, as signs change with the passing of each year.

Because I have had so many inquiries relative to this subject am listing excerpts from Mrs. Boynton's lecture:

Cancer is the sign most fruitful and moist; watery and feminine. Is the most productive sign and used extensively for planting and irrigation. Excellent time for transplanting... plants never wilt if so planted.

Leo, barren, dry, firey and masculine. Is the most barren sign, and used only for killing noxious growths, also good time for cultivation. She further stated that if going on vacation and one did not want their lawn to grow fast he should mow in the time of Leo. This often causes the ends of grass, thus cut, to have a brown appearance, but this is removed when irrigated according to Cancer.

For growth above the ground, beans and flowering plants, plant in the 1st quarter of the moon; those which mature below ground, potatoes, peanuts etc, plant in the 3rd quarter.

To summarize; it will be well to remember we should use Cancer, Scorpio, and Pisces for planting whenever we can, unless the nature of the plant itself points to another sign.

Taurus and Capricorn are next in the order of preference, especially for root crops; and then Libra, Sagittarius, and Aquarius, in that order. Do not forget we are going to combine the moon signs with the moon phases in selecting our planting dates.

The barren signs (Aries, Gemini, Leo, Virgo, and Aquarius) (fourth quarter preferred); During this time cultivate, turn sod, foreign grasses and garden enemies. Fertilize when moon is in a fruitful sign. Organic fertilizer during the decrease and commercial during first and second quarters.

Flowers: Follow the general planting rules, and plant seeds during the increase (1st and 2nd quarters) in Libra for beauty, Cancer, Scorpio, or Pisces for abundance, Scorpio for sturdiness or Taurus for hardiness.

Harvesting: Root crops for food during decrease (3rd and 4th quarters) Stored grain during full moon, for seed also. Onions harvested, will not shrink or sprout (so stated Mrs. B.).

The real measure of success to gardening and kindred things is that one believe that God did create and that He wants man to keep in harmony with His plan and the motions of His universe. Keep happy and be glad always that he so planned. NOTE: will later give suggestions for gardening in July.

THIS AND THAT... The hollyhocks are especially beautiful at the Cansler home on Texas, also I saw the first dahlia blossoms at the Joe Evans home.

Alley plantings back of some of the homes on West Haven have been colorful and pretty, hollyhocks, and larkspurs especially pretty. Roses are in full flower at the Wilson home on Juniper.

4-H Members Participate In Field Trip To Ranches

Recently Deaf Smith 4-H'ers and their friends participated in an all day range conservation field trip conducted by J.C. Brown of the local Soil Conservation Service office and John Wright, Area S.C.S. Range Conservationist.

Those participating visited sites on the Reinauer Bros. ranch and the Bridwell Ranch west. Range plants of local interest were collected and discussed as to their relation to the site and the importance they play in range and wildlife conservation practices. Types of soils in the areas visited were noted and their relationship to the types of vegetation growing in the vicinity.

Members and friends taking part in the field trip were Charles and Bryan Kerr, Marie Harris, Charisse Dobbs, James Hamby, Raymond Bribiesca Melody and Juanita Kendrick, Ronnie Province, Demita Goforth, Jackie Harrell, Mark Betzen, Patrick Miller, Micki Merritt, Kelly Scoggins, Crystal, Carol and Connie

Zinser, Julie and Sharon Chapman, Russell Fangman and Kim Brandt along with adult coordinators Mrs. Karen Zinser and Mrs. Emily Ogle.

Christianity attracts few in China today

Prof. John Fleming of St. Andrew's University in England says the Christian church is still alive in China but is receiving few new members.

In Peking, the Protestant church has a membership of about 500 with 20 pastors and 40 churchworkers, Prof. Fleming says. He also says the Catholic church services are still in Latin but the church is hostile to Vatican policy and regards itself as "separated from Rome."

The DODGE BOYS at JONES MOTORS

have beautiful bodies.

Beautiful '73 Polara.

The big Dodge makes a lot of sense.

It's an easy step up in price to get Dodge Polara's full-sized looks, luxury, and equipment. But it's the engineering features, such as Electronic Ignition and Torsion-Quiet Ride, that make Polara an outstanding buy.

Beautiful '73 Charger

... gives you more of what's new. Style. Features. And choice.

Dodge Charger's great styling is still in a class all by itself. What's new for '73? A unique Torsion-Quiet Ride, front disc brakes as standard, a choice of three vinyl roofs, and a "super quiet" Charger SE.

Extra care in engineering makes a difference in Dodge... depend on it.

Mrs. Bill Albright
... "tree" candle she got in Germany

For Mrs. Albright

New Home Means Place To Make New Friends

By SUE COLEMAN
Women's Editor

AN ARMY OFFICER'S wife is envied by some women and pitied by some for her life style which is certainly out of the ordinary, but Mrs. Bill Albright sums it up with an emphatic, "I haven't been bored!" Home for the Albrights has been in various parts of the United States, from the east to the west coasts, and for a while in Germany. Vivacious Inez Albright saw each move as she did the recent one to Hereford, as an opportunity to make more friends.

The Albrights are at home at 108 Mimosa now that his wife and their two younger daughters have joined Albright, who came several weeks ago as executive vice president of Deaf Smith County Chamber of Commerce.

THEY MOVED FROM Leavenworth, Kan., after the school term ended. Susan graduated this year and plans to be a student in Kansas University next term; Debbi is a high school sophomore who this summer is getting acquainted with her future classmates.

There are four other children. The older daughter, Cindi, is married and lives in Leavenworth. Bill Jr., whose family comprises a wife and two children, is stationed on Okinawa and Dave in Germany, both in the U.S. Army. Steve lives in Oregon.

Now that her husband is retired from army service and in a civilian position, Inez Albright looks back on a life that has taken her far from the small town of Plattville, Wis., where she was born.

SHE WAS WORKING for the summer in an Illinois city, planning to continue her education, when she met her husband and changed plans for a career. That of homemaker has given her many rewards, the friendly blonde newcomer says.

The just-married Albrights lived a short time in Virginia, then spent six years in New Jersey. While Albright was stationed in Korea the family lived on the other coast, in California, to be handy when he had opportunity to come back to the U.S.

"With children growing up, I couldn't see a move to the orient at that time, so we just moved in that direction as far as was practicable, and waited."

THEY WENT OVERSEAS from 1956 to 1959, though, to Germany, and Mrs. Albright enjoyed the experience of living in another country and the east of travel to other parts of Europe.

The Panhandle is not so strange a place to the family, as they have lived twice in Oklahoma and for two years in Texas, at El Paso. Since they were at Fort Sill in Oklahoma, they had a good idea of Northwest Texas.

Mrs. Albright is impressed with the diversity of terrain in this state, from the mountains and deserts of the far western reaches to the Plains, to the wooded country of North Central Texas near the Oklahoma border. She is eager to explore the canyons of this area, to see another face of the high plains.

SHE ENJOYS THE CREATIVE task of homemaking—sewing, cooking and refinishing furniture. She has done her share also of the activities of chapel and women's clubs wherever her husband was stationed.

Her participation in social-work of various kind, she says, always came about when she substituted for her husband or "finished something he had started." He was active in civic and social projects and

she always became involved in them.

"Even work with prisoners in the penitentiary at Leavenworth," she laughs. "And with Youth Power, the program of finding jobs for youth in summer. I wound up as secretary." She shared his enthusiasm for Boy Scouts, was a Cub Scout-Den Mother and assisted in other ways.

"BUT THAT WAS FAIR enough, because when I worked with Girl Scouts he helped me, and one time even found himself helping as house mother for a bunch of Girl Scouts!"

Naturally, Mrs. Albright has become a member already of the Chamber of Commerce Women's Division, and is joining in the plan-making for Hereford's Diamond Jubilee.

She has been busy getting settled in her new home, but is not missing any opportunities to get out and meet Hereford people.

"The pictures can be hung later," she declares. "Knowing my neighbors and everybody else in town is much more important—and more fun!"

Toiletries Needed At Girlstown Asked

Firsthand knowledge of the needs of Girlstown residents, acquired by a recent visit to the home at Whiteface, has launched Kappa Iota Chapter of Beta Sigma Phi on a campaign to collect toiletries lacking for the girls' use.

Members of Kappa Iota found the residence at Whiteface completely out of deodorants, and with short supplies of such things as toothpaste and bath soap.

They ask the cooperation of Hereford residents in supplying these needs, with current emphasis on collecting deodorants so each girl can have her own supply.

Anyone who will contribute deodorant of any type, or cash for the campaign, is asked to take it to the home of Mrs. Tim Gearn or Mrs. Kirk Owsley.

The contributions will be picked up if either of these members is notified. Mrs. Gearn may be reached by telephone at her home, Mrs. Owsley during office hours at 364-1070.

Kappa Iota Chapter has made numerous contributions to Girlstown residents as a special service project in past years, and with all other members of Beta Sigma Phi gives regular financial support to the home as an international project of the sorority.

The current campaign to meet personal needs of the girls is an added effort to aid those who live at Girlstown because they have no other home, or in some cases because their own home environment is not suitable for a girl's best development.

People of Deaf Smith County, who have given generously to Girlstown on many occasions, are being asked to join the sorority chapter in making these needed gifts on a person-to-person basis, Mrs. Gearn said.

Betzens Announce Daughter's Birth

Mr. and Mrs. Thomas C. Betzen Jr. of Lubbock are the parents of a new baby daughter, Camille Diane. She weighed 9 lbs. 7 oz.

Maternal grandparents are Mr. and Mrs. Henry Solomon, 500 Star, and paternal grandparents are Mr. and Mrs. Clarence Betzen.

STEAMER SINKS On Nov. 4, 1857, the American steamer Pacific sank after a collision off Cape Flattery with 236 persons aboard.

ALONG THE FRIO

By MRS. OWEN ANDREWS
Brand Correspondent

Several members of Frio Homemakers Club met last week at a special meeting to discuss joining the Hereford Diamond Jubilee campaign.

Mrs. E.F. Vogler, club president, and Mrs. D.F. Yandell presented the details to the group and it was decided to join the effort as a club unit.

Mrs. Yandell was elected leader for this activity, Mrs. Owen Andrews secretary, Mrs. Frank Robbins treasurer and Mrs. Harlan Barber as High Sheriff.

Mmes. Jack Andrews, Tommy Sparkman and Eugene Baldwin were elected representatives of the group. The club was named Frio Frillies for the celebration. Club members and anyone else interested are welcome to join.

On Sunday, Mrs. E.B. Berryman and her granddaughters, Lynette Andrews and Rhonda White, flew from Amarillo to Biloxi, Miss. Rhonda was returning home after a three-week visit here. Mrs. Berryman and Lynette are planning to visit the Wallace Whites at Biloxi for several days.

Here to visit the Floyd Coles this weekend are Mr. and Mrs. Herman Vinson of Pampa. On Sunday they will have other members of the family at the Coles. It is a special occasion to celebrate Mrs. Vinson's birthday, which occurs Saturday.

The Floyd Coles are remodeling and adding to their home. New plumbing, central heating and new windows will be installed in the old part of the house and added will be a bedroom, bath, utility and office rooms and a double garage, part of which will be over a new basement. The original part of the house was built by the Coles soon after they were married, about 26 years ago.

Mr. and Mrs. Arthur Blackburn and grandson, David, went to Friona Tuesday afternoon to attend funeral services for Elmer Paul. They were accompanied by Mrs. W.A. Springer. Mr. Paul, a brother of Ralph Paul, died at Roswell, his home town. The funeral was at Roswell with graveside services at Friona Cemetery.

The Blackburns visited their son, Jerry, and his wife in Friona. The Jerry Blackburns have lived there about three months and he works for Missouri Packing.

E.H. Little of Texline visited

relatives here Thursday. The Littles have moved their house from the farm into Texline recently.

Virgil Barber of Lubbock spent last weekend with his parents, the Harlan Barbers. Also visiting the Barbers were their daughter-in-law, Mrs. Jimmy Barber, and Jason of Hutchinson, Kan. She came with friends for a visit here and with relatives around Lubbock.

Bill Cole was in Corsicana the last of the week to be in the wedding of a fraternity brother there.

Cheryl and Beverley Cole accompanied junior girls from Frio to Plains Baptist Assembly camp, Thursday through Saturday. Girls going were Laurie Rogers, Terri Harkins and Sandra Harkins.

Mrs. H.M. Mobley and Nell Miller spent last weekend with their daughter and sister, Mrs. Earl Reno, and Mr. Reno at Midland.

Mr. and Mrs. Clark Andrews visited her aunt, Mrs. France Holly at Abilene Thursday. Mrs. Holly, a Wellington resident, seriously ill and staying in the home of her daughter at Abilene when not in the hospital.

Mr. and Mrs. Gilbert Holquin are parents of a daughter, born June 19 at Deaf Smith General Hospital. She was named Anna Isabel. Mrs. Holquin underwent surgery Friday. The Holquins, natives of Mexico, farm with the Earl Harkins.

Visiting the Henry Andrews the past week was their daughter Doris Jean, from near San Diego. She spent a week here, flying home Monday.

TEACHER JAILED A Miami court recently sentenced Theodore Taylor, 29, a schoolteacher to five years in prison after he was found guilty of recruiting pupils to peddle heroin in school corridors at \$10 a bag.

Collecting Sales Tax Difficult Job For State

By JOHN HILL
Attorney General

One of the most difficult, and most time-consuming, tasks of the Attorney General's office is carrying out the duty of collecting state sales taxes after they have been certified "delinquent" by the State Comptroller.

Thirteen of the 106 attorneys in my department, and about one fourth of our 91 clerical personnel work on this problem in the Taxation Division.

It is a problem. And I believe it one which directly affects the consumer, since you (and me and my family, and every Texan) are the ones who pay this tax, and you should be the ones to reap the benefits of the revenues it produces.

Many of us resisted the idea of the sales tax when it was first introduced in Texas 12 years ago. And when the one-per cent city sales tax was added, and when the State tax went up to four per cent, we fussed a lot more.

But there is no way around the fact that our sales taxes do pay for a large part of the public services which are available. In 1972, net State revenues from sales taxes paid into the treasury provided \$818,172,597 — nearly one billion dollars — for education, public health, agricultural programs, oil and gas regulation, judicial, and legal and regulatory services.

In addition to that, the revenue-hungry city governments which levy one cent of every five sales-tax pennies paid received some \$178 million in sales tax shares to provide local services.

While the great majority — at least 95 per cent — of businessmen who have the responsibility of collecting sales taxes from the consumer have been passing them on to the State of Texas every three months as required, there has

been a small, but significant, number of sales tax permittees who have not.

The State Comptroller attempts to collect from them, and if that does not produce payment, he certifies the tax as "delinquent," so the Attorney General's office can take action.

Last year, more than \$12 million worth of unpaid sales taxes was certified to our office — and, almost half of that amount was due from sales tax permittees who already were

delinquent from a previous three-month period!

The Senate committee which studied the delinquent sales tax situation estimated that the loss of these revenues through failure to pass them on to the State actually passed the \$20-million mark, and may have been as high as \$80 million.

Although my Taxation Division makes every effort to recover these dollars so they can be put to public purposes, sometimes, it is impossible. For instance, if a firm already has

gone out of business by the time we can file suit, there is no legal way to reach the permittee.

The irony of this situation is that the laws which created other state taxes which effect less people and do not produce as large a proportion of revenue for public benefit carry a mandatory security requirement, so the State can be assured of collection.

Thankfully, the Legislature recently passed a bill sponsored by Representatives Terry Doyle and Camm Lary and Senator

Ike Harris to correct that problem by requiring security, such as bond, from sales tax licensees with unproven or poor payment records.

After that bill becomes law on January 1, Texas consumers really will be able to expect their sales tax dollars' worth of services.

And, in the meantime, you can be certain that the Attorney General's Sales Tax Division still will be working diligently on your behalf.

New Officers Installed

New officers in Hereford's Evening Lions Club were installed Monday night in a Ladies Night meeting at K'Bob's Steak House. Installed were: (front row, l-r) Bob Matchett, third vice president; Bob Lohr, secretary-treasurer; Larry Dobbs, second vice president; and Cindy Hairgrove, club sweetheart. Back row l-r; Charlie Riggan, taitwister; Joel Williamson, Lion Tamer; Ed DeLozier, member of board of directors; Joe Don Cummings, Lion Boss; and Lewis Lea, first vice president.

Hints Given For Better Tire Safety

By turning on the air conditioning, or getting a little fresh air, motorists can avoid the frustrations during the hot and muggy days ahead. And a little fresh air for the tires will also aid in avoiding a lot of frustrations.

One of the most persistent problems in tire care and safety is underinflation. Underinflation causes an excessive build-in of heat in a tire, and heat is its worst enemy.

THIS PROBLEM is very evident during the summer

months when families are taking longer trips, and vehicles are often overloaded. One strong recommendation is for motorists driving long distances at prolonged high speeds to inflate their tires four pounds per square inch above the auto manufacturer's recommended inflation levels found in the owner's manual, but never to exceed the maximum level found on the sidewall.

Other summer driving tips are:

1. Make sure your tires have not worn to less than one-sixteenth inch in any two or more adjacent tread depth grooves. Replace immediately if they have worn to this danger point. Tires have built-in "wear bars" which appear as smooth bands across the face of the tread when it has worn to one-sixteenth inch. Another method for checking tread depth is to take a Lincoln-head penny and insert it into the tread groove. If the top of Lincoln's head is visible, then the tire should be replaced.
2. Examine your tires for any cuts, bulges or knots. Should you find any, remove the tire and have it examined by an expert.
3. Remove any foreign matter which may have become trapped in the tread grooves.
4. Never "bleed" your tires when they are hot after prolonged driving. They will eventually return to their normal pressure.
5. Look out for "summer ice." Sudden showers mix with the oil and grime on the road causing a light film and bringing about "hydroplaning" conditions. Slow down and drive according to conditions.

UNDERINFLATION can add a strain on the car's motor as there is more road resistance, cutting down on potential gas mileage.

"A good way to realize greater gas mileage, tire life and increased safety is to slow down. All drivers should realize the cost factor, both for economics and safety, is greatly increased for the car going at 70 miles per hour compared to one traveling at 50 mph.

Inflation should always be checked when a tire is "cool," or before starting out on a trip. It is also advisable to check the pressure with an individual hand gauge as service station air towers are often inaccurate. Make a mental note of how much additional pressure each tire needs, and add air at the local service station.

Simms Lions Discuss Sweetheart Candidate

Simms Lions Club selected a committee to nominate candidates for Lion sweetheart during the regular breakfast meeting Thursday morning in the Simms Community Building.

Lions noted the new table in the building and then discussed methods to increase attendance and membership of the club.

Joyce Shipp and Emily Ogle of the county extension service office were in charge of the program and discussed activities and functions of the county 4-H groups.

The club meets each first and third Thursdays of the month with first Thursdays being a supper meeting and the third Thursday a breakfast meeting.

Youngest Celebration Belles Group Organized

Very young women of Hereford have joined the movement to organize Celebration Belles, with formation of the Sugar & Spice Chapter by elementary school girls. It has 16 members who will help promote plans for the city's Diamond Jubilee. They went to work immediately, and were leaders in the Thursday evening sale of bonnets and badges in a citywide canvas of homes. Regina Bryan was elected chapter president, or in the Jubilee style of naming officers, high bustle. Eugenia Combs is vice president, low bustle;

Carol Eddy treasurer, silver bell, with Kerry Hacker, her assistant, copper bell. Sandee Emmitte as secretary is known as Susy Quill and Shelly Blessing as Susy Redbird; Shelly Bryan is the club sheriff with Kelly Blessing as deputy; Carol Day, Paula Ward and Dawna Inman are representatives to the Jubilee board of governors. Other members are Dian Warden, Robin Coleman, Pam Word, Gina Inman and Desiree Brown. Mrs. Gaylon Bryan is the adult sponsor. Shelli Williams was a guest at the organization meeting.

Small Talk

By SUE COLEMAN
Women's Editor

SOMEBODY WAS VERY smart in picking the bonnets that Hereford women are being asked to wear as Celebration Belles, to promote the town's 75th anniversary shindig. When the subject was first mentioned the general reaction was, "I don't want to wear a bonnet." Of course the objectors were thinking of the practical sunbonnets such as pioneer women of this county actually wore.

But when they see the cute little lace-frilled half-bonnets that will be worn, most women change their mind and decide it won't be so bad to do their duty by the celebration.

The bonnets are becoming to nearly everyone, don't muss the hair and are not at all like my checked-gingham split bonnet which is authentic but hardly pretty.

In general, it looks like women are getting right into the spirit of the celebration and working to make it a good one. Right now any of them can join the Celebration Belles or enter one or more recipes for the Tasting Spree which will be the first major event for women. It will come on July 17.

project, isn't worrying about leaving it in charge of Annie Ruland.

RELATIVES VISITED Tuesday with Mrs. William McGehee — you may know her better as Katie — at her home, 504 N. Miles. They were her brother, Dr. E.L. Nichols Sr., with Mrs. Nichols and their son, Dr. E.L. Nichols Jr., who came up from Plainview.

LISTED ON THE DEAN'S honor roll at Oklahoma State University for the spring semester is Cheryl Cole, Hereford student at the school in Stillwater.

Another Oklahoma college, Panhandle State at Goodwell, announces the pre-enrollment for next fall's term of two from Hereford: Rocky Dean Andrews, son of the Clark Andrews, and Alan Cornelius, son of Mr. and Mrs. Guy Cornelius.

Both were on the Student Council and members of FCA in Hereford High. Andrews was president of FFA, vice president of the Rodeo Club, member of Key Club and Leo Club. Cornelius was also a member of NHS.

Hospital Notes

Development of hypo helped Civil War medics
In 1806, opium's active principal, morphine, was extracted and soon it became an important pain-killer. The development of the hypodermic syringe around this time provided a more efficient method of administration for morphine, which was used to treat the wounded in the Civil War, the Crimean and Franco-Prussian wars.
No cutoff date set yet for Viet vets' benefits
No cutoff date has been set for veterans' benefits for the Vietnam war. The Vietnam era is still continuing for purposes of eligibility for veterans' benefits.

MAYBE IT'S NOT FAIR for nearly everybody to run off on a trip and leave the work to a few, but it happens fairly often, and the Rainbow Girls who are being left behind tomorrow are pitching in to their work with willing attitudes. Most of the Hereford members will make a bus trip to the Grand Assembly in Fort Worth and be gone until Thursday. Meantime, the fireworks stand they will operate until the Fourth of July needs looking after. So the few who stay home will man it every evening, then when the travelers get back the stand will be kept open all day until the Fourth. The stand will be on the Hamby Real Estate lot on Dimmitt Highway. Helen Ann McWhorter, who as mother advisor is responsible for the money-making

ABE LINCOLN BEARD
Will This Be Your Beard Style For Hereford's 75th DIAMOND JUBILEE

DC Tour
Nancy Annette Acker of Nazareth and Danny Mark Simpson of Friona pause before the Capitol in Washington, DC during the June 11-16 visit there on the rural electric Government-In-Action Youth Tour. Deaf Smith Electric Cooperative sponsored the two participants, part of 41 youth who comprised the Texas group.

LONDON VISITORS
An increasing number of visitors comes to London each year: two million in 1964; five million in 1970; an expected eight million this year and possibly 12 1/2 million by 1975.

RUBBER RUGS?
The carpet industry accounts for nearly half of all natural latex consumed by the United States.

DE-STALINIZATION
On Oct. 31, 1961, the body of Joseph Stalin was removed from public display in line with the new "de-Stalinization" policy.

V.C. RELEASED
On Oct. 31, 1971, the South Vietnamese government released the first of nearly 3,000 Viet Cong prisoners.

MR. BUSINESSMAN

A consistent, well co-ordinated advertising campaign placed in **THE HEREFORD BRAND** can reach more people, quicker than your salesmen. Newspaper advertising motivates people... when people are motivated... they buy! So, Mr. Merchant, when you want to reach the most people, the fastest way possible... think newspaper. We cover more of the people you want to reach.

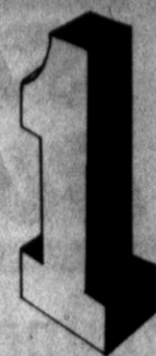

Newspaper advertising motivates people... when people are motivated they buy!

TO: James Keith Fanning
Defendant, Greeting:
You are hereby commanded to appear before the Honorable District Court of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 16 day of July A.D. 1973, then and there to answer Plaintiff's Petition filed in said Court, on the 17 day of May A.D. 1973, in this cause, numbered 6802 on the docket of said court and styled Jane Vaughn Fanning Plaintiff, vs. James Keith Fanning Defendant.
A brief statement of the nature of this suit is as follows, to wit: A Divorce as is more fully shown by Plaintiff's Petition on file in this suit.
The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.
Issued and given under my hand and the Seal of said Court, at office in Hereford, Texas this the 30 day of May A.D. 1973.
(Seal)
Attest:
Lola Faye Veazey Clerk,
District Court, Deaf Smith County, Texas
Dean Butcher, Deputy.

Legal Notice

LEGAL NOTICE

Notice is hereby given that a meeting of the Board of Equalization of the Hereford Independent School District is called for July 5 & 6, 1973, at 10:00 a.m. in the Commissioners Court Room at the Deaf Smith County Court House for the purpose of reviewing and equalizing tax assessments for the year 1973. Anyone owning taxable property within the District is invited to meet with the Board and present any claim for adjustment of the appraised value of their property to which they believe they are entitled.
It is the purpose and desire of your Board of Equalization to as nearly equalize values as it is possible to do so. If you feel you have a just claim for an adjustment of your assessment, please bring your problem to the Board.

Hugh Clearman, President,
Board of Trustees
Hereford Independent School District
B-52-2c

OSHA Seminar To Be Held Thursday

A seminar to make Deaf Smith County area businessmen aware of the provisions of the Federal Occupational Safety and Health Act will be held from 7:30 to 9:30 p.m. Thursday at the community center.

The chamber of commerce and the industrial education department of West Texas State University will sponsor the presentation.

Dr. Donald Envick and Dr. Wallace Johnston of WTSU will conduct the seminar. Envick and Johnston recently completed a training program as OSHA safety instructors.

Bill Albright, chamber of commerce executive vice-president, said the seminar will be of interest to businessmen, farmers, industrial people and to company safety officers. Employees are also invited to attend.

The seminar will deal with recognition and prevention of hazards on a job site, and on techniques for complying with OSHA standards. In addition, the seminar is designed to familiarize employers and employees with some of the more important and far-reaching provisions of the OSHA regulations and to give examples to help recognize violations.

There is no fee for the seminar Albright said, however, persons interested in attending should make reservations through the chamber office.

Taylor's Sale To Feature GE Items

Business is booming, according to C. O. Taylor, owner of Taylor's Furniture and Appliance Store.

And for the 16th consecutive year, Taylor will cooperate with other General Electric dealers to place appliance orders on General Electric's Louisville factory sufficient to fill a solid train.

In return, the Louisville appliance maker has again made available to participating dealers a variety of specially produced models at reduced prices, as well as price reductions in the regular appliance line.

Taylor said that improvements evidenced in General Electric's appliance line include the mini-wash washers, the new style General Electric Americana refrigerator with custom dispenser that gives you crushed ice or cubes without opening the door, a new low-priced microwave oven that cooks a wide variety of dishes in a fraction of usual cooking time and dishwashers that scrub pots.

Taylor said that many items in these lines will be represented in his sale which starts Monday.

STEEL WAGES
The total cost per hour including benefits for hourly employees in the steel industry was \$7.44 in February, 1973, compared with \$7.08 average for 1972, according to the Iron and Steel Institute.

Eight Hereford Students Head Out On Europe Trip

Eight Hereford students and two teacher-counselors will leave for an educational tour of Europe Monday, with plans to return August 6.

Bruce Logan, Hereford teacher and instigator of this summer's trip, will accompany the students as a teacher-counselor, along with his wife.

"The purpose of this trip is to give these students a chance to not only see Europe as a tourist, but according to a based inquiry

into the spirit of western man. We will be probing into crucial periods of Europe with course work during the morning and excursions in the afternoon," Logan said.

The Hereford students participating in the tour are Delores Abalos, Betty Banks, Anette Cotton, Mike Friemel, Becky Friemel, Renee King, Jan Reinard and Joel Valdez.

The trip is sponsored by the Scholastic International Co.,

who plans study trips abroad. The students participating in the tour pay a tuition fee and will stay on university campuses throughout Europe.

The tour will include visits to Brighton, England; Paris and Strausburg, France; Munich, West Germany, Innsbruck, Austria; Venice, Florence and Rome, Italy.

A social studies teacher at La Plata Junior High, Logan said that some of his students

seemed very interested with what was going on internationally. Logan has been to Europe several times and has lived there while in military service.

"I started working on such a tour in October. I'm very interested in the European lifestyle and culture and I think this tour will be very beneficial to the students," Logan commented.

SPACE TELESCOPE

Operating beyond the interference of earth's atmosphere, the Skylab space station's solar telescopes will make observations of the sun not possible from the ground, particularly in the ultraviolet and X-ray regions.

CHAGALL IN RUSSIA

Marc Chagall, the modernist painter, who left Russia as a voluntary exile in 1922, returned recently at the invitation of the Soviet Ministry of Culture to attend an exhibition of his paintings in Moscow.

TEMPLE FOUND

A pagan temple, complete with frescoes and statuary, has been located under the floor of one of Rome's oldest Christian churches, St. Stephen the Rotund, a 15th Century circular church.

GO DICKIES
ALL THE WAY!

There isn't a job as tough as Dickies workclothes.

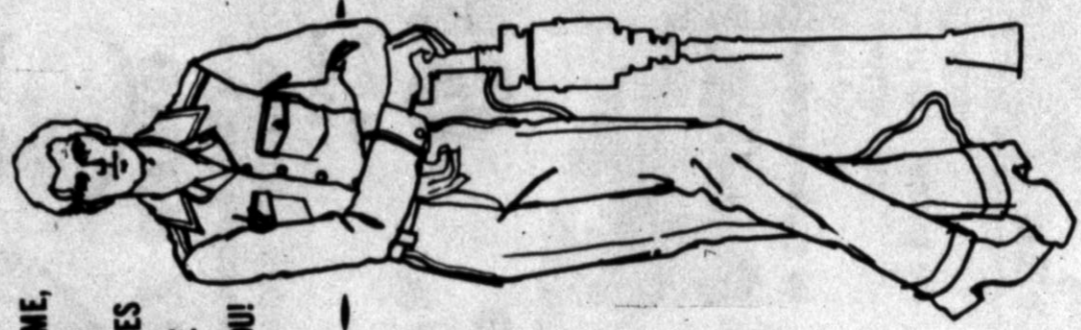

Even if he works in a glue factory, even if he sandblasts buildings, we've got workclothes for your husband that are more rugged than what he does for a living.
They're Dickies. Made with the heaviest blend of 65% polyester/35% cotton in the business.
But even though they're so durable they're not tough on you. Because they're Shape/Set and never need ironing. And they've got Soil-Release.
And they come at a very easy price.

*Ridin'
4-H'ers
And
Their
Horses*

INTENT ON the starting signal, Shawn Wylie, left, and Lee Washington get into line.

A FAST TURN is made by Kathy Crim's mount.

DISTRICT SHOW competition for 4-H Horse Clubs will take Deaf Smith County members to Amarillo Thursday and Friday; in preparation for the event they have practiced regularly at the Hereford Riders Club arena, where these photos were made by Brand News Editor Don Richards.

RIDER'S best friend.

RIDING SKILLS are learned by the club members who also are taught how to care for their horses and equipment. Robert Devin, assistant county agent and 4-H leader, is assisted by Jigger Rowland and a number of other adults who sponsor the club.

RAPPORT BETWEEN horse and rider shows in these photos of the youngsters putting their mounts through their paces, petting them and in one case taking a rest a-horseback.

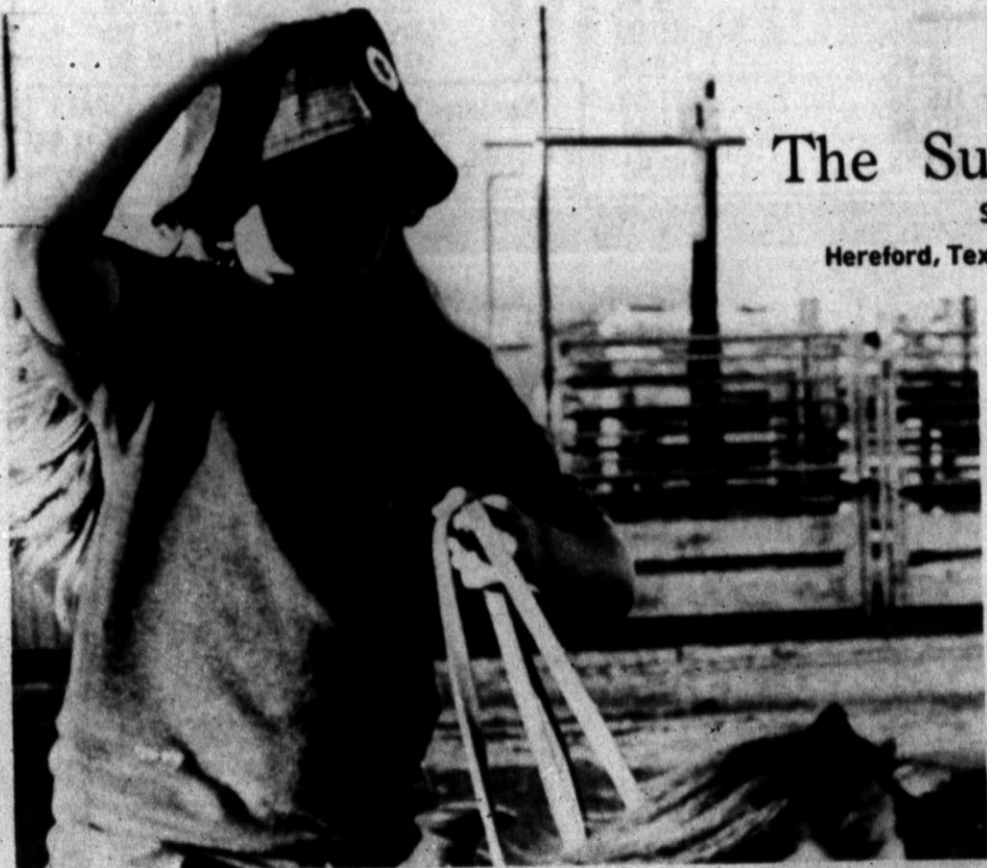

IMAGINARY CAMERA is aimed by Elizabeth Rudd at the photographer.

PRIDE IN HIS horse is evident in Hector Guerrero's grin.

The Sunday Brand

Section Two
Hereford, Texas, Sunday, June 24, 1973

NOT ALL RIDERS wear cowboy hats, but Kristin Stallings might find one handy in the West Texas wind.

THIS LITTLE doggie scampered about in the arena action until he was tired, then became a spectator.

A BIG HUG is given her horse by Joycelyn Aven.

FORE OR AFT, Phylecia Rowland is the picture of relaxation as she uses her horse for a couch after a brisk workout.

Wedding Vows Spoken In Setting Of Flowers

Marriage vows were exchanged by Miss Holly Gay Young and Ronald Aaron Etheridge in a late afternoon ceremony Saturday at First Christian Church, where bouquets of white gladiolas and carnations decorated the candlelight altar.

The bride is the younger daughter of Mr. and Mrs. Melvin Young, 106 Avenue I; parents of the bridegroom are Mr. and Mrs. A.E. Etheridge, 115 Fir.

The Rev. Gene Brink, minister of the church, conducted the wedding ceremony.

Mrs. Bill Ashby of Houston was her sister's matron of honor, and Gary Eskew attended Etheridge as best man.

Bridesmaids were Misses Jean Coffin and Elizabeth Phillips; groomsmen Gary Hargis of Oklahoma City and Mark Etheridge.

Shanelle Eskew was the small flower girl. Serving as ushers were Doug Phillips, Bill Ashley, Kevin Lea and Kelly Lea.

A ruffled pinafore of pink floral-print sheer cotton topped the bride's white voile gown, which had ruffles of the material at the neckline and on narrow cuffs of the bishop sleeves.

The skirt fell in soft gathers to toe tip length, below the pinafore.

Her fluted white picture hat was banded with ribbon, and ribbon streamers hung from

center back. Her bouquet was a cluster of white miniature carnations with tufts of pink net.

Bridesmaids' dresses of dotted sheer over satin were styled with empire waistline circled with ribbon matching the fabric in color. Mrs. Ashby wore pink, Miss Phillips yellow and Miss Coffin green.

Also in blending colors were their picture hats with ribbon streamers, and nosegays of daisy mums they carried.

The wedding reception was in Hereford Country Club where the summer flower colors were repeated on refreshment tables.

In the houseparty were Mrs. Eskew, Mrs. Hargis, Miss Connie Matthews and Miss Elaine Brooke.

Mr. and Mrs. Etheridge will be at home in Hereford after a honeymoon trip. Both are graduates of local schools, and the bride has attended West Texas State University. Etheridge has completed a period of service in the United States Navy.

Club Holds Election

Election of officers for North Hereford Home Demonstration Club was on the agenda at the Tuesday morning coffee in the home of Mrs. Mac Tucker, 307 Sunset Drive.

Presiding over the election was Mrs. Gaylon Bryan. Mrs. T.E. Brisendine was voted in as president; Mrs. Tucker, vice-president; Mrs. Paul Hoff, secretary; Mrs. J.A. Crofford, treasurer; Miss Roberta Campbell, council delegate; Mrs. Tony Hoffman, alternate council delegate; Mrs. Gaylon Bryan, reporter; Miss Campbell, assistant reporter.

Mrs. Rupert McDonnell was the club's guest and present also were Mmes. Iva Saltzman, Roger Williams and A.E. Hodges.

WEDDING DATE SET — Engagement of Miss Janice Gayle Cavin and Lawrence Henry Groneman, and plans for their marriage August 3, are announced by her parents, Mr. and Mrs. James D. Cavin, who reside in Northwest Deaf Smith County. Parents of the prospective bridegroom are Mr. and Mrs. W.E. Groneman, south of Vega. Miss Cavin has attended Clarendon Junior College and Amarillo College since her graduation from Adrian High School. Her fiancé, employed with Roark Implement Co. in Vega, is a graduate of Vega High and attended Amarillo College.

Electric bus gets test in England

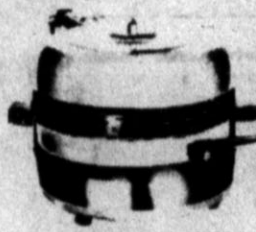

England's Department of Trade and Industry has loaned the town of Norwich an experimental electric bus powered by 220-volt batteries, capable of carrying 25 people at a top speed of 25 miles per hour, with a range of 35 miles.

It is believed that fleets of battery-powered buses would help reduce pollution caused by exhaust fumes.

Kin Of Residents Wins Honors

Graduation honors were awarded Kim Riggs, in high school commencement exercises at Oxnard, Calif., last week, and she left shortly afterward for the Philippines as a Youth Fellowship summer exchange student.

Miss Riggs is the granddaughter of the Charles Newells, 133 Ranger, and great-granddaughter of Mrs. Merlin Newell of Hereford. Her mother is the former Jacqueline Newell.

She was featured with one other student in a newspaper story and picture as an out-

standing girl graduate and was one of 22 honor students in her class, designated a California Honor Society sealbearer. She also had a four-year perfect attendance record in school.

Listed among her accomplishments was her choice as Senior Girl of the Month in February, her service as publicity chairman for the Girls League, membership in the Rally Club, Student Government and yearbook staff.

CC-1

CHEF'S CHOICE
The outdoor range. Heavy-duty cast aluminum. Double unit. Dual controls. Length 38-1/2". Width 16". Rotisserie extra. Cash price \$143.33. *Budget price \$173.52. Budget terms \$4.82 per mo. for 36 mos.

#300 black #325 WHITE

CHARMGLOW GAS LIGHT
A touch of safety and elegance. Cast aluminum construction. Cash price \$60.85. *Budget price \$73.63. Budget terms \$2.05 per mo. for 35 mos. 1 final payment of \$1.88.

You are invited . . . to good times, good food

. . . in your own backyard with an outdoor gas grill and gas light. You can cook up a party at a moment's notice, because a gas grill is ready to cook in minutes. And it's so easy to cook on because you can control the heat. With a gas grill there's no charcoal mess, and you still get that delicious, outdoor char-broiled flavor that comes from the smoke of meat juices dripping on permanent ceramic briquets. Besides the good times you'll have cooking out, you enjoy the convenience of having a gas grill. You'll probably find yourself cooking on it just because you wanted to get out of the kitchen or didn't want to mess up the broiler of your kitchen range.

All prices include normal post-type installation (up to 50 feet of line) and 5% sales tax. *Budget terms are available at 12.75% annual interest on declining balance.

PIONEER NATURAL GAS COMPANY

Call Pioneer Natural Gas Company or ask any PIONEER employee about an OUTDOOR GAS GRILL and a GAS LIGHT.

Free Sew Fair Open To Public Tuesday

Rescue Me! is the slogan for the third annual Summer Sew Fair to be held from 2:30 to 4:30 p.m. Tuesday in the County Bull Barn.

It is sponsored by the Extension Service with cooperation of Hereford merchants, and open to all interested persons free of charge.

The program will emphasize making usable garments from out-of-style, outgrown or otherwise discarded clothing, for both adults and children. Not only clothing, but any item rescued from the trash can and given a new life of service, may be displayed.

A fashion show of remade garments will be staged with Mrs. Ira Ott commenting and giving suggestions for recycling the family wardrobe.

Demonstrations will be given by extension service agents from three counties. Argen Draper will be in charge of this phase of the program and Joyce Shipp will demonstrate top stitching; both are from the Deaf Smith County office.

Irene Keating of Castro County will show methods of sewing collars, cuffs and pockets and also demonstrate ribbing, and Jana Pronger of Parmer County will present the uses of bias binding.

Arrangements are being made by the Sew Fair Committee, comprising Mmes. Paul Corbett, J.G. Gandy, Bess Werner, Ruby Lee Hickman, Bob Ginn, Joe Peters, Marvin Welty and Ott.

Merchants to have displays at the Sew Fair are Perry's, Anthony's downtown and mall stores, Penney's, Duckwall, Gibson, and from Dimmitt, TG&Y.

Reunion Held By Family

Visiting the Jimmy Mercers home this week were Mr. and Mrs. Arthur Housley of Sunnysvale, Calif. and their son and family, Mr. and Mrs. Art Housley and Adam, of Naja, Calif. Mrs. Arthur Housley is a sister of Mrs. Mercer.

This weekend the families, including the Travis Caraways of Lubbock and their daughters, and families, the Jim Flagans of Lubbock and the Danny Kennis of Greenville, assembled in Lubbock for a family reunion.

During their stay here, the Housleys toured the P.O.W. camp where Arthur Housley was stationed during World War II. They also saw the production Texas at Palo Duro Canyon.

Mmes. Eugene Sparks and Elmore Rains entertained with a coffee giving Mrs. Arthur Housley an opportunity to visit with old friends and to introduce her daughter-in-law to former acquaintances.

The Housleys plan to visit this week with Mrs. Housley's sister and family, the Travis Caraways and with the Mercer's daughter and family, Mr. and Mrs. Gil Sims of Midland.

Merry Mixers Plan Party For July 4th

A Fourth of July party was planned and new officers were elected for Merry Mixers Square Dance Club at a called meeting Thursday evening at Community Center.

Couples are elected to fill each office in this club. Bob and Betty Hammock will serve as president next term, Jack and Fran Ambold vice president, Carlton and Gail Richardson secretary, Eddie and Kathy Burk treasurer, Don and Wanda Nall social chairman.

The special election was necessary because Jimmy and

Nita Victor, who had been named president, are moving to Pampa.

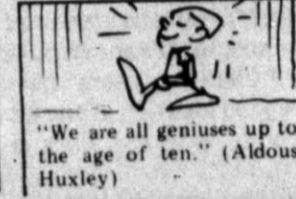

July 4 will be the date of the next meeting, and because it is a holiday the club will have a tacky party watermelon feast in Dameron Park instead of the usual evening of dancing, members decided.

Planning also began for a Diamond Jubilee dance to be held during the city's 75th anniversary celebration in late August. It is set for the evening of Aug. 27 in the Safeway store parking lot.

ENGAGEMENT ANNOUNCED—Mr. and Mrs. Royce Gene Welch of Route 3, Friona, former residents of Hereford, announce the engagement of their daughter, Veveca Lafern, to Troy Wayne White, son of Mr. and Mrs. Ray White of Friona. Vows will be exchanged August 17 at First Baptist Church in Friona. Both Miss Welch and White are 1972 graduates of Friona High School and attended South Plains College at Levelland.

BRIDE-ELECT—Mr. and Mrs. F.A. Fetsch, Route 5, announce the engagement of their daughter, Pauline Victoria, to Dennis Edwin Hicks, son of Dr. and Mrs. C.E. Hicks, 107 Douglas. August 18 is the wedding date set by the couple. Miss Fetsch is a 1971 graduate of Hereford High School and is presently employed at Hereford Texas Federal Credit Union. Hicks is a 1970 graduate of HHS and is a student at Texas Tech University. He is employed by Rural Electric Co-op.

Girls Leave For State Meet

By bus, a large delegation of Rainbow Girls from the Hereford Assembly will go to Fort Worth Monday for Grand Assembly, the annual state meeting. They plan to leave from the Masonic Hall at 6 a.m. and return Thursday.

While they are gone, other members will operate a fireworks sales stand in the evenings, a fund-raising project. Plans for these activities, and for decorating a Diamond Jubilee parade float, were made at this week's meeting in the Masonic Hall.

Volunteers Have Lunch

Mrs. Sam Morgan, chairman of Deaf Smith County Chapter of American Red Cross Volunteers, appointed Mrs. Jim Culpepper as chairman of the nominating committee, at a lunch at K-Bob's Thursday. Assisting her are Mrs. Clinton Jackson and Mrs. Art Lewis. Plans were made during the business meeting for the presentation of pins to LVN's recently passing state board examinations. Also, 225 hours of community service last month were reported by the volunteers.

Those present were Genevieve Miller, Isabel Martinez and Mmes. E.W. Dettman, Ray Carlile, Ray Berend, H.F. Neely, Clinton Jackson, Andrew Kershen and May Fralin.

Important People

"Competent and dedicated employees are the greatest asset of any company."

Those words by the president of Georgia Power Company hold much truth. Think how different history might read if the blacksmiths had all decided to go on strike just as war was declared in the American colonies, or if the operators of the world's first printing presses had thought it was too messy a job and refused to print any books.

It doesn't take many "what-if" jaunts of the imagination to realize that life today would be totally dif-

ferent had it not been for the dedication of the unknown worker in the background, striving to produce quality products and services.

American business executives recognize the importance of the workingman and listen to his suggestions, complaints and ideas, often incorporating them into their enterprise's operations.

The resultant upgrading of our industries has made the "Made in USA" stamp on products a mark of excellence and durability that the rest of the world finds hard to match.

Key Held By Farmers

The pages of American history are filled with names of statesmen, inventors, scientists, and industrialists who played important roles in this country's rapid rise from a small, insignificant European colony to a world economic power.

But the men who made it possible will remain nameless for all time. They're the American farmers, and you won't find their names in any history book.

FEW PEOPLE REALIZE THAT THE American success story stemmed from the productivity of its farms. Exports of agricultural products like cotton and tobacco from the southern colonies—and later from the young

republic—were important in earning the currency that was used to buy machinery and all kinds of industrial equipment from Europe. Without them, America could not have become the world's most advanced technical economy in so short a time.

History has a way of moving full circle, and now we are beginning to see a dawning realization that agriculture—once again—holds the key to bringing the American economy back into international prominence.

THE VAST amount of petroleum imports which will be needed to meet this nation's soaring energy demands will add to the already large deficit in our balance of payments. But there are strong indications that the oil trade deficit can be largely offset if we continue to increase our agricultural exports.

In the last 20 years, output per man hour on American farms has more than tripled. Where one farmer in 1952 produced enough food and fiber to supply the needs of 16 persons, today he is producing enough for 51.

AS WORLD population grows and becomes more affluent, demand for U.S. agricultural products—particularly wheat, feed grains, soybeans, and cotton—will continue to increase. Given the proper incentives and price protection they need and deserve, American farmers will produce the crops to meet these demands.

At the same time, they will be making a major contribution to the economic well-being of all Americans.

In Other Words...

Time For The Fireworks

By Don Richards

"In life, as in chess, forethought wins."

—Charles Buxton

Coming up soon will be the annual observance of Independence Day — July 4th. Governmental offices, school and almost all businesses will be closed as Hereford residents celebrate the birth of the nation.

Many cities across the state and nation will be celebrating and, no doubt, firecrackers will pop in Hereford. However, they probably won't all pop safely and legally the way officials would like them to.

WITH THE opening of fireworks stands today, Hereford firemen and law officials again are issuing the annual warnings about fireworks and where they will be allowed to be set off. And probably again this year, as every year, someone will have a firecracker go off in his hand; or several grassfires will be reported resulting from misuse of fireworks; and local police officers will be forced to file complaints against people throwing firecrackers from cars or disturbing the peace within the city limits.

IT SEEMS the problem grows a little bigger each year and may some day result in a law against the use of fireworks entirely.

This is not only in Hereford, but has been a problem in many towns. And it's really a shame because fireworks, used and displayed properly, are a real attraction and entertainment.

Not all persons who enjoy watching a good fireworks display are in the teen-age category. I have attended several major fireworks displays in larger cities and the majority of persons attending were adults.

Such a display could be a real attraction in Hereford. Although it may be too late to plan such a fireworks demonstration before July 4th this year, plans could be started before next year's Independence Day arrives.

THE HEREFORD Fire Department would be an excellent director of this type of fireworks display and I'm sure one of the civic clubs or other Hereford organizations would serve as sponsor for the event and purchase the fireworks.

Many cities even go a little farther and have a short program of patriotic music and humorous entertainment before starting the fireworks.

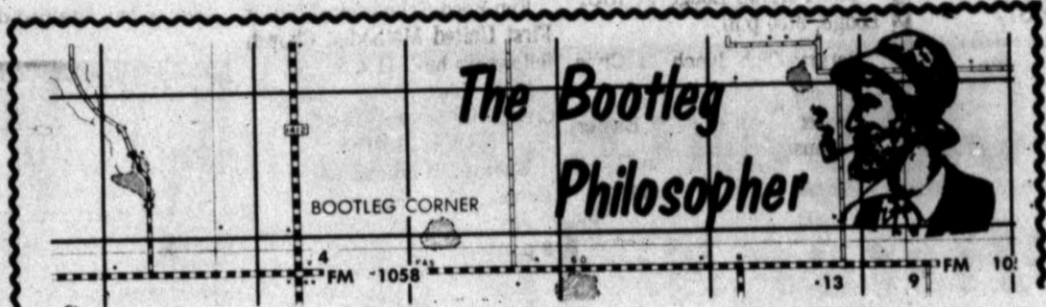

Companies that manufacture fireworks prepare special packages for these type of demonstrations and the display is far better than what individual citizens could afford to purchase at regular firework stands.

THE DISPLAY could be staged at some place with plenty of spectator room and parking such as the football stadium where most towns hold the display. A good location in Hereford might be the new portion of Veterans Park on the side of the hill.

The demonstration could then be viewed from all over the city and provide many citizens with relatively cheap entertainment and would probably be just about enough fireworks for people to feel they have celebrated the day.

MOST PEOPLE are sincere in their patriotism of the United States. Because they don't like firecrackers popping up and down the alley; or being thrown from cars; or allow their children to buy the potentially dangerous fireworks doesn't mean they are not patriotic.

An organized, safe fireworks display could be a real benefit to the city and fill in the void inside you when July 4th passes quietly by.

Dear editor:

As I understand it, America's reserve supplies of farm products are now down to their lowest in many years, mainly because we've been selling a lot of the stuff abroad, particularly to Russia and China.

I HAVE long wondered, why is it that Russia and China, with so much farm land as they've got, can't produce enough to feed themselves?

I have now found out. According to an article I read in a copy of Newsweek I bought last week because it had a picture of a horse on the cover — I remember saying to myself, you mean they've got horses involved in the Watergate mess now? — to continue, according to it, China's leaders for example for years have been sending city people such as school teachers, office workers, lawyers, newspaper people and such like out to help work the land.

There you are. There's the answer.

IF YOU want to hold crop production down, just turn your farm over to a bunch of city people. Put a banker in charge of maintaining your tractor, a school teacher in charge of planting, an insurance man in charge of plowing some college kids in charge of hoeing, a city councilman in charge of fertilizing, a newspaper man in charge of harvesting, a lawyer in charge of sales, and I guarantee you won't add a thing to the nation's farm surplus.

On the other hand of course if you put farmers in charge of running cities, what would you come up with? Probably with cities like New York or Chicago that are facing bankruptcy and clamoring for more Federal aid.

Yours faithfully,
J.A.

Talk Of Texas

By Jack Maguire

FOOTNOTE TO HISTORY—Texas, whose annexation treaty with the U.S. guaranteed it the right to maintain its own Army and Navy, actually has put three separate fleets to sea. One still stands ready for "duty."

In 1832, Texas acquired its first navy — a fleet of three ships borrowed from private owners and outfitted to enforce the blockade against Mexico. In 1835, war with Mexico was imminent and four more ships were added. Three of these were lost in battle and a fourth was impounded by creditors. Between 1837 and the spring of 1938, Texas had no naval power of any kind.

President Mirabeau B. Lamar began building the second Texas Navy in 1839 by buying seven ships. The "Charleston" was an ocean-going sidewheeler which was converted into a

man-of-war and renamed the "Zavala." The flagship was a 600-ton vessel mounting 22 guns and was christened the "Austin." Two other brigs mounting 16 guns and three 170-ton schooners completed the fleet.

THE SECOND navy continued to operate against Mexico until a truce was signed in 1843. After Texas was annexed by the U.S. in 1845, its navy disappeared from history. But it was to return.

On October 31, 1948, Governor Beauford Jester reactivated the Texas Navy by commissioning a private yacht as "the flagship of the fleet." Today the battleship "Texas," permanently moored at San Jacinto Battleground near Houston, a submarine at Galveston and the replica of a pirate ship at Arlington's "Seven Seas" entertainment center comprise the entire Texas Navy fleet.

"It's been said that Grandma was the first to practice ecology. She found a use for nearly everything today's wife throws away—and called it economy." NEW ROCKFORD, N.D., TRANSCRIPT

"Pollution" may be an overworked word, but that is because it is a growing problem. You read and hear more and more about pollution of our air, land and water. Another pollution that worries me, as obvious in modern movies and everyday speech, is pollution of our language." BELTON, TEXAS, JOURNAL AND BELL COUNTY DEMOCRAT

"Judging by the loud hollering along the Potomac, most Congressmen literally believe in Artemus Ward's famous quip: 'Let us all be happy and live within our means, even if we have to borrow money to do it, with.'" TURLOCK, CALIF., JOURNAL

"When people complain about their high grocery bills, are they talking about just the edible articles they buy each week, or do they include all the other items such as aluminum foil, garbage bags, toothpaste, needles, thread and the many, many other unrelated things they carry home? The old time grocery store was just that, but as we know them today they are really sort of department stores built around the old grocery store, and generally known as Super. Markets of one chain or another. They're a lot of years advanced from the day of the cracker barrel, the pickle keg and the old coffee grinder, grocery store." EVANSDALE, IOWA, ENTERPRISE

"The American farmer is getting too little commendation for it, but economists are pointing out that agricultural products are fast becoming, or already are, the only thing which the United States can produce as cheaply as it is produced elsewhere in the world—free or otherwise. It's a peace factor, too. More than our armaments, our food, and their need for it, are believed by some observers to have kept China and Russia out of the Vietnam War." REDWOOD FALLS, MINN., GAZETTE

"From a poor nation where nobody thought of themselves as being poor, to a rich nation where everybody is beginning to think of themselves as being poor; is what happened to the United States of America in 200 years, from 1776 to 1976." LENNOX, S.D., INDEPENDENT

"New equipment, machinery and paid personnel are all assets in the housekeeping chores of towns and counties. But in the last analysis, whether a community is kept neat and made attractive depends on the attitudes and actions of a majority of its citizens. People can discard cans, bottles, and debris of all descriptions—in the wrong places—faster than such trash can be picked up. Cooperation is the watchword." WINNSBORO, S.C., NEWS AND HERALD

Rita Betzen Bride In Morning Vows

A morning wedding ceremony was read for the marriage of Miss Rita Betzen to Jimmy Wayne Lumpkin of Dimmitt, in St. Anthony's Catholic Church Saturday with the Rev. John Keisling of the church officiating.

Miss Betzen is the daughter of Mr. and Mrs. Arnold Betzen, Route 4, and Lumpkin is the son of Mr. and Mrs. Everett Lumpkin of Dimmitt.

The bride's sister, Miss Teresa Betzen was maid of honor and Ray Joiner of Oklahoma City, cousin of the groom, was best man. Ushers were Joe Langford and Terry Moore, both of Dimmitt.

Mark and John Betzen Jr., cousins of the bride, were candlelighters. The bride's sister, Mrs. Ernest Flood, Jr. sang One Hand, One Heart and Ava Maria, accompanied by Mrs. Allan Evers, playing the organ.

The bride was given in marriage by her father and wore a snow white satin shirt-waist gown with a lace trimmed bodice and back. A lace trimmed sash tied at the natural waistline.

The dress was designed with long sleeves and a wide ruffle with lace heading was gathered at the hem of the gown. The bride wore a wide brimmed garden hat trimmed in white lace.

She carried a nosegay of daisies and cornflowers and wore her mother's locket as a good luck piece.

A shirtwaist cotton dress flocked with violet flowers was worn by the maid of honor. It was designed with long sleeves, square neckline and a ruffle gathered at the hemline.

Miss Judy Lumpkin, sister of the bridegroom, invited guests to register at the reception in the home of the bride.

Mrs. Flood and Mrs. Jesse Cash, sisters of the bride, served cake and punch from the bride's table decorated with yellow candles and the bridal bouquet.

Leaving for a wedding trip to Oklahoma, the bride wore a yellow pantsuit with a pastel yellow blouse. The couple will be at home after July 6 at George Air Force Base in California.

Mrs. Lumpkin is a 1973 graduate of Hereford High School and her husband graduated from Lowry Air Force Base Training School in Denver.

Out-of-town guests included Mrs. Martha Ellington, grandmother of the bridegroom, and Mrs. Bud Holloman, both of Oklahoma and Mr. and Mrs. Bill Sorrel of Lubbock.

Mrs. Jimmy W. Lumpkin ... nee Rita Betzen (Bradly photo)

Goodbye Said At Lunch

Close friends of Mrs. Gerry Grubbs honored her with a going-away luncheon Thursday at Hereford Country Club.

Mrs. Grubbs, who is moving to Dallas, stopped in Hereford a couple of days with her daughter, Angela, after returning from her son's wedding in California.

Gifts were presented to Mrs. Grubbs and the remainder of the time was spent in casual conversation. The table was covered with mango colored cloths and multiple arrangements of white daisies and white chachepots decorated each.

Mrs. Roy E. Sears ... bride in Georgia

Grandchild Of Couple Wed

The marriage of Miss Judy Lee Williams of Albany, Georgia, granddaughter of Mr. and Mrs. George Millard, 506 Lawton, to Roy Earl Sears was solemnized June 16 in First Baptist Church of Albany, with the Millards among the wedding guests.

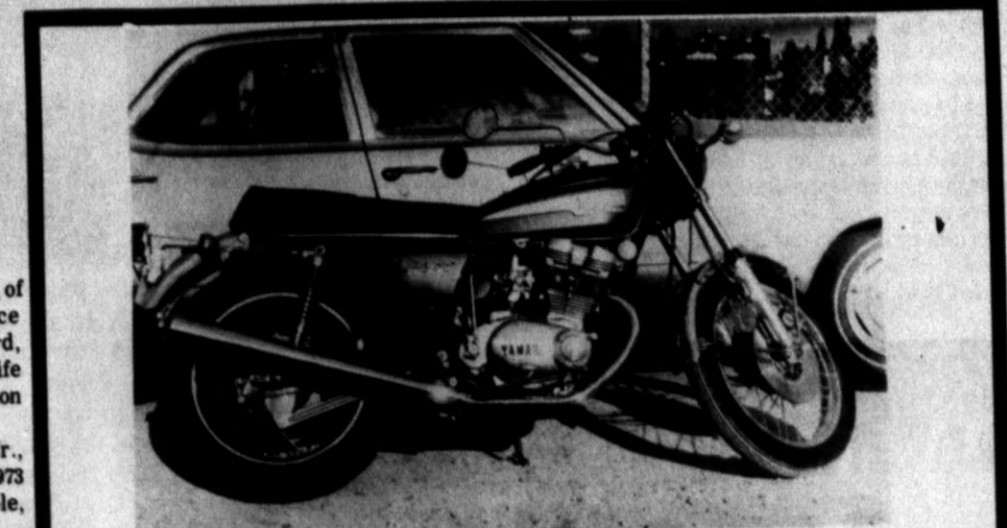

The bride is the daughter of Mr. and Mrs. Joe Robert Williams of Albany. Mrs. Williams is the former Arline Millard of Hereford. Parents of the bridegroom reside in Richmond, Georgia. The couple will make their home in Albany.

A sentimental item in the bride's costume was a diamond laviere which was a gift from her grandfather to her grandmother, and was worn by Mrs. Williams in her own wedding. After the ceremony, a reception was held in the church activities building then the couple left on a trip.

Polar bears need Greenland reserve

A Danish expedition recently reported the need for a polar bear reserve in Greenland to save the bear population from extinction.

The Danes, during a two-month tour, observed 52 bears, caught 24, earmarked them, took blood samples and extracted a tooth from each to determine the bear's age.

Recipe Deadline For Bee Fixed

Recipe entries for the tasting bee scheduled July 17 as a preliminary to the Diamond Jubilee celebration in August, are invited by Mrs. Joe Frank Huckert and Mrs. Glenn Watts, co-chairmen. Deadline for entries is July 9.

Each cook who submits a recipe is expected to prepare the dish for the tasting bee, which will be open to the public at noon July 17 in the County Bull Barn. Recipes will be compiled in a booklet and a copy given to each person who buys a ticket.

Price of the ticket, \$3, also covers a Jubilee commemorative plate.

"This will not be exactly a luncheon," Mrs. Huckert explains, "as only a taste of each dish will be served to a person. But we do expect to have so many entries that a full meal can be gleaned taste-by-taste."

Dishes will be judged in seven categories and prizes of merchandise, each appropriate to the category, will be awarded. For instance, the salad winner might receive a handsome salad bowl set.

Other categories are meat, bread, casserole, vegetable, dessert and international.

There is no fee for entering a recipe, and the entries may be mailed to Box 2147 by July 9, deadline date. Each entrant is asked to print her name on the recipe sheet.

In addition to the co-chairmen, entry captains have been appointed to receive the recipes or answer questions. They are Mmes. Leroy Williamson, Leona Seavey, Andrew Kershen and Mike Watts.

Tickets for the tasting bee are on sale, with Mrs. Melvin Hoover and Mrs. Jack McKinster as reservations chairmen. Both may be reached at Hereford State Bank during bank hours. Only 800 tickets will be available.

LONG HAIR BAN

Brazil's Under-23 football team was recently refused entry to Malawi because its members refused to cut their hair in compliance with President Hastings Banda's law, which also forbids tight trousers and miniskirts.

HOUSTON VOWS PLANNED—Mr. and Mrs. C.A. Grebe of Houston announce the engagement of their daughter, Pam, to Jim Cooper, son of Mr. and Mrs. Neil Cooper, 136 Mimosa. A July 21 wedding is planned by the couple in St. Andrew Lutheran Church in Houston. Miss Grebe attended Texas Tech University and will graduate from the University of Houston in December. Cooper, a 1966 graduate of Hereford High School, received his bachelor of business administration and master of business administration degrees from Texas Tech University. He is employed by Arthur Anderson and Company of Houston.

Jubilettes Chapter Organized For Club

Jubilettes was the new chapter name chosen by members of the Hereford Branch, American Association of University Women in assisting the Jubilee Belles with Hereford's Diamond Jubilee.

Members met in the home of Mrs. Gene Huntsinger to organize the chapter. A proposal for entering a float in the parade was discussed and Mrs. Cawthon Bryant was named to head the committee.

The Jubilettes are assisting with the city-wide sale of bonnets.

Officers elected to the chapter were Mrs. Huntsinger, president; Mrs. Joseph Shirkey, secretary; Mrs. W.J. Gilliland, treasurer; Mrs. Si Darling, sheriff; Mrs. Colby Conkwright, governor's representative.

Present for the meeting were Misses Shirley Simpson and Bea Barrett, Mmes. Reuben McGilvary, Wayne Hodgson, Dick Barnard, Leroy Williamson, Arthur Clark, Bob Hammon, Londidene Edmonson, Margaret Shown and Ruth Fish.

Comings And Goings At King's Manor

Tuesday and Wednesday Beulah Duensing had the pleasure of a visit from her cousins, Edward L. and Hazel Johnson of Hobart, Ind.

Mr. and Mrs. Frank Solomon of Shamrock visited Mrs. H.T. Fields as they returned from Farmington, N.M.

The Otis Naylors attended the Clarendon College reunion last Saturday and Sunday in Clarendon.

Mrs. Margaret Whistler of Snyder and Mrs. Joan Noonkester of Clarendon were luncheon guests of the Otis Naylors Thursday.

Mrs. Fay Guggel and Mrs. Don Davidson had as their guest, Mrs. Robert Kennedy of Due West, S.C. Mrs. Kennedy is the late Dr. Davidson's sister.

Ernest Stewart went to Turkey last week and stayed with his daughter and family, the J.R. Adamsons and sons. Mrs. Stewart went to Dallas and visited her nieces, the Misses Howell. They came back to Kings Manor Monday.

Kings Manor Auxiliary gave a reception in Lamar Garden Room honoring Dr. and Mrs. Dewitt Seago, the new chaplain and wife. Mrs. Jim Conkwright, wife of the president of the Kings Manor board, presided at the punch table.

A beautiful arrangement of tea roses and baby breath, arranged by Mrs. G.W. Newsom, centered the table.

Among many friends from out of town and Hereford who called were the Seagos' daughter, Linda Connor, and her daughter Susan of Arlington. Mr. and Mrs. Richard Snow played background music during the time of fellowship.

The United Methodist Women's June meeting was in the form of a tea for our two new pastors and their wives, Dr. and

Mrs. Jordan Grooms of First United Methodist Church and our Kings Manor pastor, Dr. and Mrs. Dewitt Seago.

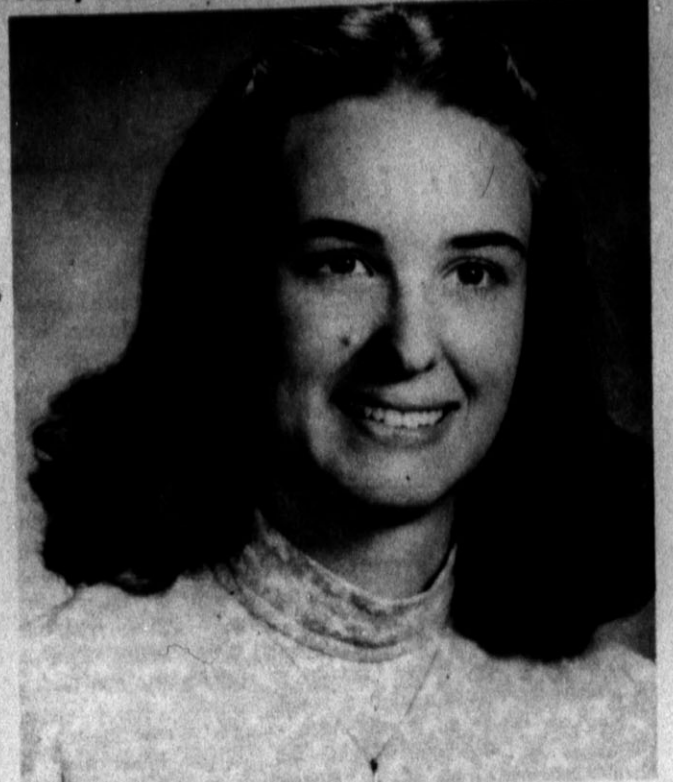

Mrs. D.H. Garner is president of the local UMW. She, with Mrs. Bob Strain and Mrs. Don Davidson served punch, mints and cookies in Lamar Memorial Garden Room.

The occasion was most informal and was, for the most part, hob-nobbing, moving about, visiting and getting acquainted.

Mrs. Richard Snow played the piano during the afternoon.

WELFARE BITE

Of the \$171 billion spent for social welfare in fiscal 1971 by federal, state and local governments, more than half, or \$92 billion, came from federal taxes.

TO MARRY EX-RESIDENT — Miss Lois Wink of St. Francis is the bride-elect of John Husmann, former Hereford resident now living in Dalhart. They are to be married in an August 4 ceremony at St. Francis, and make a home in Dalhart. Parents of the bridegroom-elect are Mr. and Mrs. A.H. Husmann, who reside north of Hereford. Miss Wink is the daughter of Mr. and Mrs. Clarence Wink of St. Francis.

Funeral Is Held For Ex-Resident

Funeral services for Clyde Carr of Eagle Pass, father of Mrs. Gary McQuigg of Hereford, were conducted Thursday morning in Eagle Pass. The McQuigg family attended the funeral.

Mr. Carr, who was a resident of Deaf Smith County for a time, several years ago, died Tuesday night after a long illness. He had farming and ranching interests near Eagle Pass.

Survivors include his wife, the daughter, three sons and 14 grandchildren.

Miss Black Of Amarillo Is J.R. Lohr's Bride

Mrs. Randall A. Arnold
... nee Karen Kay Poston

Poston-Arnold Married In Afternoon Ceremony

Saturday afternoon was the setting for the wedding of Miss Karen Kay Poston and Randall Alan Arnold at Avenue Baptist Church with the Rev. Norman MacDonald, pastor of the church, officiating. Only members of the immediate families were present for the marriage service.

Mr. and Mrs. Robert L. Poston, 411 Western, are the bride's parents and Mr. and Mrs. George A. Arnold of Coalinga, California are parents of the bridegroom.

Mrs. Kenneth R. Longenecker of Dallas, sister of the bride, was matron of honor and James David Arnold of Oklahoma City was best man.

The bride was given in marriage by her father and wore a street length dress of white silk organza over taffeta with a shirred organza bodice. The empire waist and long puffed sleeves were banded with white embroidered lace and satin ribbons.

The bride's elbow length illusion veil was worn by Mrs. Longenecker in her wedding. The bride carried a cascade of large white orchids and

stephanotis with accents of pink.

The matron of honor wore a street length dress of pink voile flocked with tiny pink rosebuds with green leaves.

Green ribbon tied at the empire waist and the dress had long puffed sleeves. She carried white carnations with accents of pink and green.

Other guests were invited to join those at the wedding, for the reception in the home of the bride's aunt and uncle, Mr. and Mrs. W.H. Gentry.

Mrs. James H. Poston of Arlington served the three-tier cake decorated with pink rosebuds. Mrs. H.W. Poston of Dallas served punch from the reception table which was covered with a lace cloth.

Others assisting were Mrs. James H. Gentry and Mrs. Philip W. Tullis. Silver candelabra with pink candles and pink and white roses made up the centerpiece.

Miss Kim Rutledge of Dallas invited guests to the registry at the reception in the Gentry home, 547 Willow Lane.

As her traveling costume, the bride wore an orange and white

On the wedding anniversary of the bridegroom's parents, Miss Roslae Ionia Black and John Robert Lohr were married Saturday in a mid-afternoon service at Pleasant Valley Christian Church, Amarillo.

Mr. and Mrs. Robert Lohr of 508 Union married 27 years ago on June 23. The bride's parents are Mr. and Mrs. Herschell Black of Amarillo.

Wedding vows were repeated after the bride and groom had sung special solos to each other at the altar. Miss Black's song, You Make Me Feel Like a Queen, was composed for the occasion by Janice Neely of Canyon, organist at the wedding. Title of Lohr's solo was If.

Tom Starche of Christian Assembly in Hereford conducted the ceremony as the wedding party stood before an altar arrangement of white chrysanthemums and blue carnations. A service of communion was conducted for the couple.

Miss Regina Black, sister of the bride, was maid of honor and Jerry Park best man. Ray Black, the bride's brother, and Don Ratliff of Canyon were ushers. Sara Ruth Fish, daughter of the Buryl Fishes of Hereford, was the flower girl.

Wedding music included The Wedding Song and Walk Hand In Hand, sung by Mrs. John Laird of Odessa, the bridegroom's sister.

The bride wore Mrs. Laird's wedding gown of white organza and Swiss lace over satin, fashioned with empire bodice, Juliet sleeves and Watteau train. Lace appliques emphasized the high-rise neckline, cuffs and train.

Wedding music included The Wedding Song and Walk Hand In Hand, sung by Mrs. John Laird of Odessa, the bridegroom's sister.

Mrs. Arnold is a 1972 graduate of Hereford High School where she was a member of girls choir, drill team and 4-H Club. She is currently employed by Champion Feeders, Inc.

Arnold attended Northeastern Oklahoma A&M and West Texas State University. He is also employed by Champion Feeders.

Out-of-town guests included the bridegroom's parents and Mrs. Elvie Rhodes, the bride's grandmother.

The bouffant illusion veil was caught to a headpiece of pearl-trimmed roses and leaves. Miss Black wore a pearl drop necklace, gift of the bridegroom, and carried a bouquet of daisies and pink roses.

The maid of honor was dressed in pink chiffon over rose taffeta with cowl neckline and long puffed sleeves. She carried a single long-stemmed pink rose.

With daisy petals in her basket, the flower girl wore a floor-length frock of blue dotted swiss with short puff sleeves, and a blue ribbon in her hair.

The bride's mother chose a brown pleated skirt and brown-and-white plaid top with solid brown sleeves. Mrs. Lohr wore a pastel blue knife-pleated skirt with long-sleeved lace bodice. Both had daisy corsages.

At the reception in the church fellowship hall, Mrs. Donald McCall served the wedding cake while Mrs. Floyd Bingham ladled punch. The bride's

sister, Miss Rhonda Black, was at the guest book and Mrs. Don Ratliff at the gift table.

Covered with pink net over rose taffeta, draped with pink bows, the bride's table was centered with blue tapers in silver holders. The cake, circled with pink and blue sugar flowers, had bride-and-groom figurines under a gold cross on the top tier.

Honoring both the newly married couple and the Robert Lohrs on their anniversary, a supper in an Amarillo restaurant was hosted by Mr. and Mrs. Laird.

After a short trip, Mr. and Mrs. Lohr will be at home next week in Canyon. Both are employed in Amarillo after attending West Texas State University. The bride, a graduate of Palo Duro High School in Amarillo, was a member of Mu Phi Epsilon music sorority at WTSU. The bridegroom also studied at Texas Tech, and is a Hereford High graduate.

Schools Finish Summer Classes In Homemaking

Numerous craft projects, sewing, cooking and consumer buying were some of the skills students from La Plata and Stanton Junior High Schools were taught during summer homemaking classes at Stanton, which ended Wednesday. Classes for the two week course were scheduled in morning and afternoon sessions and were instructed by Mrs. Joe Bradley and Mrs. M.T. Burelsmith.

girls from each junior high school enrolled for the summer course. Each girl earned a half credit on completion of the course.

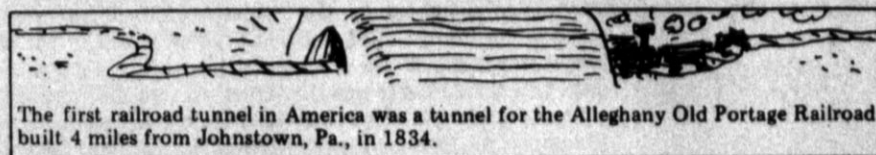

Aggression may be cured by operation

Dr. Earl Walker, a neurosurgeon at Johns Hopkins University, says abnormally aggressive people may be cured by operations on a part of the brain concerned with fear, sex impulses and memory.

The professor made the claim when he gave evidence in a Detroit court case involving a confessed killer-rapest, saying he thought a "careful study" should be carried out on humans.

SUMMER CLASSES ENDING—Summer homemaking classes, taught by Mrs. Joe Bradley and Mrs. M.T. Burelsmith, ended today for students from La Plata and Stanton Junior High Schools. Students taking the summer course earned a half credit and worked on various projects. Approximately 20 students from each school attended the sessions.

The first railroad tunnel in America was a tunnel for the Allegheny Old Portage Railroad built 4 miles from Johnstown, Pa., in 1834.

PTA-ALAT Will Meet Jointly In Amarillo

PTA District 8 council presidents will meet jointly with the area program board of American Lung Assn. of Texas in a luncheon meeting hosted by ALAT from 11 a.m. to 1 p.m., July 7 at the YMCA in Amarillo.

Purpose of the meeting is to kick off a cooperative anti-smoking education program with the goal of preventing students from taking up the cigarette habit.

Speaker will be Dr. Myron Dees, director of health and physical education at West Texas State University in Canyon. He will speak on plans for a smoking and health seminar to be held for District 8 students and adult trainees at the university in November.

Local directors of the Lung Association, formerly the TB and Respiratory Disease Assn. are Dr. Clyde Rush, Mrs. June

Rudd and Mrs. Jewel Smith. Mrs. Rudd stated that school systems without PTA chapters will be invited to participate in the November seminar and in related activities "to keep our youngsters from getting hooked on cigarettes."

Rebel leader caught in West Africa

Portuguese forces have captured a Soviet-trained African rebel commander in the West African territory of Guinea-Bissau.

The rebel leader, Tachado Capde, is expected to provide useful information about Russian ground-to-air missiles being used by the Guinea-Bissau rebels, according to military sources in Lisbon.

Couple Goes To Kansas After Vows

After their recent marriage in Vega United Methodist Church, Mr. and Mrs. David M. Stanley are at home in Hutchinson, Kan. Mrs. Stanley was Miss Terri Lyn Roark, daughter of Mr. and Mrs. H.M. Roark of Vega and a granddaughter of Mrs. Olive Wilson Morris, formerly of Hereford.

Ricki Roark, brother of the bride, read the ceremony which was written by the couple, assisting the Rev. Kenneth Metzger, officiating pastor.

The wedding reception was in the church fellowship hall.

Both bride and bridegroom attended West Texas State University, she after graduation from Vega High School. His parents live in Oklahoma City and he went to high school there.

Lately-Wed Couple Live At Dimmitt

Mr. and Mrs. Jesse L. Odum are at home at 611 N.W. Eighth in Dimmitt after an Ozark honeymoon which followed their recent marriage in Lee Street Baptist Church of Dimmitt. Mrs. Odum is the former Sheila Wilcox.

Parents of the couple are Mr. and Mrs. I.N. Wilcox, Rt. 4, Dimmitt, and Mr. and Mrs. Raymond Odum of Dimmitt. The Rev. Charles Harris officiated for the wedding.

Bridal attendants were Misses Joci Johnson, Rita Wall and Ginger Wilcox; Jerry Holcomb was best man, Rick Wilcox and Monte Johnson the groomsmen. A reception in the church fellowship hall was held after the ceremony.

Do you call this foreign aid?

The Inter-American Foundation, a federal government corporation, funded 14 projects in Latin America for more than \$2 million.

They include a \$124,850 grant to set up rural housewives' clubs in Tegucigalpa, Honduras, and a \$23,300 grant to set up a cooperative organization of trash pickers in Medellin, Colombia.

Prince Valiant

IN THE DAYS OF KING ARTHUR
BY HAL FOSTER

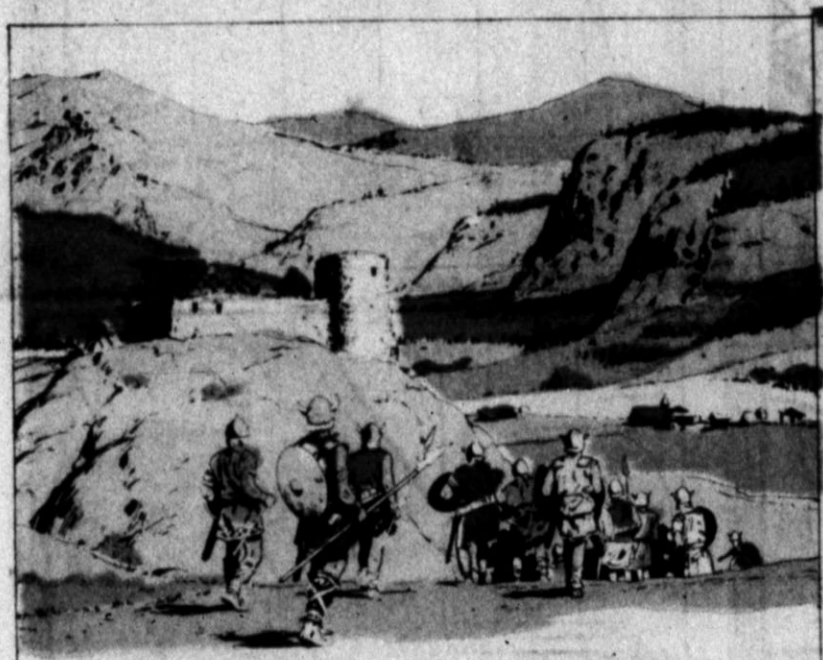

Our Story: JARL HAAKON WELCOMES THE RETURN OF PRINCE ARN AND HIS BAND OF YOUNG WARRIORS, FOR HE NEEDS ALL THE HELP HE CAN GET. "GRIMMER HAS BEEN KING OF HOLVIK BUT A MONTH," HAAKON SAYS, "AND ALREADY HE ALLIES WITH THE FIERCE TRIBESMEN OF THE INNER LANDS. THEY HAVE BEEN SEEN ON OUR BORDERS AND WE EXPECT RAIDS AT ANY MOMENT."

"THEY COME FROM THE STEPPES FAR TO THE EAST. THEY NEITHER PLANT NOR BUILD, BUT LIVE BY RAIDING. ANGRY NEIGHBORS HAVE DRIVEN THEM EVER WESTWARD THROUGH THE YEARS. HERE WE MUST STOP THEM."

IN THE GRAY DAWN, AS ARN LEADS HIS TROOPS OUT, LYDIA APPEARS ON HER BALCONY AND HER SMILE IS LIKE THE SUNRISE. OH, WHAT GREAT DEEDS HE WILL DO TO WIN ANOTHER SUCH SMILE!

THE VALLEY THAT LEADS TO KING GRIMMER'S KINGDOM OF HOLVIK HAS KNOWN PEACE FOR MANY YEARS AND THERE ARE FARMS AND VILLAGES ALONG THE WAY. A LONG-ABANDONED FORT GUARDS THE BORDER.

IT IS NOT LONG BEFORE THE WANDERERS FROM THE INNER LANDS ARE SEEN ARRIVING--A DISORDERLY MOB, EACH STRIVING TO BE FIRST AT THE PLUNDERING. ARN SENDS FORTH RUNNERS TO WARN THE PEOPLE DOWN THE VALLEY.

THE WANDERERS SWEEP BY, FIERCE, HARDY MEN WHO LIVE BY ONE RULE: TO TAKE WHAT THEY WANT FROM OTHERS.

AND DOWN THE VALLEY THE NIGHT SKY IS LIGHTED BY THE FLAMES OF BURNING HOMES.

BLONDIE

DAGWOOD, DAGWOOD... WHAT IS IT?

WHAT HAPPENED?

I POURED SOME OF THAT BUBBLE-BATH POWDER INTO THE TUB AND FELL ASLEEP

OH, MY GOODNESS

WHEN I WOKE UP, I WAS CEMENTED INTO THE TUB

THIS ISN'T BUBBLE BATH! IT'S PLASTER PATCH THE PLUMBERS LEFT BEHIND

IT'S NO USE... I CAN'T BUDGE YOU

YEOW

I DON'T KNOW WHO TO CALL... THE POLICE, THE FIRE DEPARTMENT, THE HOSPITAL?

I GUESS I'D BETTER CALL THE PLUMBERS BACK

WE'VE HAD SOME STRANGE CALLS, BUT THIS TOPS THEM ALL

WE'LL HAVE TO TAKE HIM TO THE SHOP, WHERE WE HAVE THE PROPER TOOLS

YEH, HE'LL HAVE TO BE CHOPPED OUT

DON'T WORRY, DEAR... I'LL HOLD DINNER FOR YOU

PONYTAIL BY LEE HOLLEY

hints from Heloise

DEAR HELOISE:
We have a friend in our office who had a stroke some time ago. With medical costs being what they are today, his expenses were enough to make anyone stagger! We all loved him so much and wanted to help him—but you know how proud some people are.

We held an office conference. It was decided to have some tickets printed up. The tickets were to be sold for a picnic in our local park to have more tickets made.

Most of the food and beverages were donated and we had a small combo. Not only you, but others too, would be surprised how much money we raised—and a wonderful time was had by all!

Our gentleman friend for whom the party was given was also there. He was able to greet old friends he hadn't seen for a long time. He was not aware of the reason for the picnic, so he had a wonderful time along with everyone else. Imagine his surprise when the check was presented to him.

Office Employees
Stupendous! Neat, sweet

HELP FOR HOMEMAKERS

and lovable... Long may you all be thanked, not only from me, but by many others too.

Most folks nowadays are trying to raise money for some worthy cause or another. Yours was a great idea, because—young or old—who doesn't have a ball at a picnic? Anyone else have any other good ideas that they would like to pass along? If so, send 'em in to me in care of this paper. Letters do not have to be signed to appear in the column.

Heloise

LOOK, NO CRUMBS!
DEAR HELOISE:
We enjoy your column very much. I thought you might find a travel tip for cookies useful.

When some friends from out of state came to visit, I wanted to give them some homemade cookies to take on their tours. But the cookies were fragile and a tin would be too heavy.

It just so happened that the cookies were oatmeal crisps, and as my eye fell on the round container of oats a light came on in my head. I realized that its diameter was just slightly larger than the cookies.

That's when I got the bright idea.

The container held 24 crisps. It was not only sturdy and lightweight but disposable as well.

Our friends were quite pleased.

Hope you find this useful. Keep those hints coming!
Jean Marie Wall

LEAVE THE DISHES!
DEAR HELOISE:
Last night we got in from a camping trip. I put the insulated ice chest without its cover into the sink and filled it with hot water and a shot of soap to soak the dishes.

Voila! This morning the water was still hot.

I thought that someone who wanted to leave dishes soaking overnight might appreciate this.

There would be instant hot water in the morning. And the dishes would be practically clean!
Beth Darr

Marvelous idea!
After all, this happens to nearly all of us at one time or another.

In the morning when you're refreshed, all it takes is a swipe with the sponge, a quick hot rinse and everything's sparkling in jig time.
Heloise

GOING CAMPING?
DEAR HELOISE:
I find the spring-type clothespins are dandy for holding curtains closed in a camper or trailer.

Mrs. Dan Barnes

SLIGHTLY CORNY
DEAR HELOISE:
I used my ice pick the other evening to lift corn on the cob from the hot water.

Try it and I'll bet you'll like it as much as I.

E. Z.

Now, that's a real hot idea. So easy!
And, folks, just a reminder...
When cutting corn off the cob, try this:
Run the ice pick deep into one end of the core of the cob, rest the other end of the cob in an angel food cake tin and slice away...
No more slipping, sliding ears of corn...
Thanks a bushel and a peck,
E. Z.
Heloise

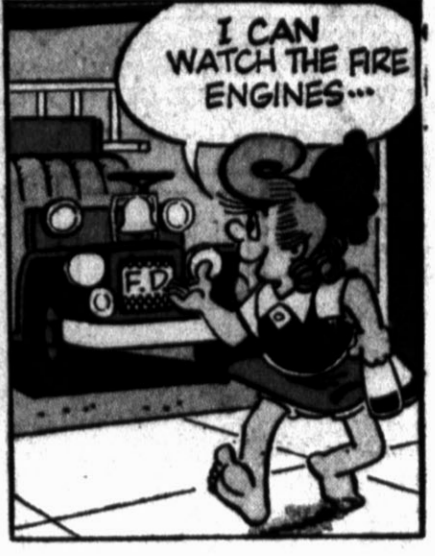

NEVER PUT BANANAS?

DEAR HELOISE:
I learned a little trick recently about keeping bananas fresh a little longer.

As soon as I bring them home from the market I wrap each one individually in aluminum foil and place them in the refrigerator.

Skins keep their original color as well as the banana itself, staying white.

I have kept them for as long as three weeks with only a little darkening of the skin.
