## Diamond Jubilee Celebration Ends On Historic Note

Hereford's 75th Diamond Jubilee Celebration is now history.

But it won't be forgotten — at least not until after 1998 — Jubilee officials made sure of that.

Along with the final celebration activities Saturday city officials buried near the Community Center a time capsule which is to be opened in 1998, Hereford's 100th birthday.

Also Saturday, the day Hereford was officially 75 years old, was the cutting of a birthday cake at the Community Center

### Branding Time

By Speedy Nieman

That feller on Tierra Blanca Creek says planning your work is good, but doing it is much better.

Time waits for no man, but it sometimes hesitates a bit for a woman of 39.

Don't miss the big Dollar Day bargains listed in today's issue. Since Labor Day comes on Monday, many stores will be offering the Dollar Day items Tuesday.

TEXAS AG Commissioner John White made a big hit with his Hereford audience during the Jubilee's "ag day" observance here Thursday, blasting the "foolish" price freeze on beef and predicting a bright future for agriculture. Gross farm prices should be the best ever the next two years, he says, adding that "the farmer is long overdue on his fair share."

White says it appears the only problem for the farmer is the government. "There's no way of knowing what decisions the administration might make to adversely affect the ag economic picture." The ag commissioner also emphasized that housewives have to realize that food is still the best buy in their budget.

TALKING with a man who walked on the moon is an unusual experience, and it's not surprising to find him quite a unique individual. Several newsmen interviewed Capt. Ed Mitchell here this week, and the hour passed much too swiftly for all of us.

Mitchell's moon trip apparently was an experience that has changed the direction and purpose of his life. We believe he is sincere in his goal of developing human potential, but we also know he's facing a big task! When members of a family have a difficult time learning to live together, how are you going to get it across to the whole world?

MITCHELL was in for a big surprise at the autograph party Wednesday afternoon. People were thrusting notes and programs toward him for his autograph, when suddenly he noticed he was looking at his own birth announcement!

He turned around to find Mrs. Calvin Goodin and to ask the question: "Where in the world did this come from?" Turned out her folks were friends of the Mitchells here back in the '30s, and the announcement was in a scrapbook owned by Mrs. Goodin's mother. Mrs. Goodin also told the astronaut she was still mad at him — she remembers playing marbles with "Eddie Dean" and he wound up with all her marbles!

ALL GROUPS, clubs or organizations who entered floats or units in the Jubilee parade are due "participation ribbons", according to parade chairman Harold Wheeler. He requests for heads of groups who did not receive a ribbon to come by his office, Room 301, Courthouse, or contact him.

While on the parade subject, we join many others of the community in congratulating Wheeler for a job well done in one of the biggest and best parades ever held in Texas!

and a public bar-be-cue sponsored by the Rotary Club.

Mayor Jim Sears, assisted by Jubilee Queen Betty Hodges, cut the 75th birthday cake with Jubilee general chairman Dale Young serving as emcee. Sears was presented a special plaque for the City of Hereford.

THREE pioneers were awarded plaques at the birthday party. Nona Arthur Jowell was honored as the pioneer with the longest residence in Hereford — coming here in 1902 at the age of 12. Kenneth Rayzor of Santa Paula, Calif., was honored as the oldest pioneer (1904) to register from out of town.

Anna Schulz Vaughn, Tacoma, Wash., was recognized as the pioneer coming the farthest (in the U.S.) to be in the celebration. She came here in 1909 from Kansas and lived on the Escarbarda for a time. She had a son named Hereford.

Mrs. Vaughn's sister, Ida Clay of Hereford, was also at the party. The two sisters worked in the dining hall while attending Panhandle Christian College here, and they were in the school chorus with Mrs. Jowell.

Not present at the cake-cutting was Dora Ruth Inman Gilley, who came the farthest for the celebration. She registered from Liberia, North Africa.

THE CELEBRATION officially ended on Diamond Jubilee Day Saturday night with the final performance of Hereford's historic pageant, "Hustlin' Heritage 75." Also Saturday night was the drawing for the Diamond Jubilee grandfather clock during intermission of the pageant.

Faces will now be much cleaner in Hereford as officials held the beard judging contest Saturday afternoon and men were allowed to shave for the first time in months.

Saturday's activities ended months of planning and preparation which were all climaxed the past 10 days during the actual Jubilee Celebration. Thousands of out-of-town visitors took part in various parts of the overall celebration and Hereford received state-wide publicity with the many state and national figures who visited the Celebration.

The Celebration began months ago as men began sprouting facial hair in preparation for the Saturday afternoon beard contest.

ONE OF the major early activities came in late July when Eugene Suttle won the Marathon Rocking Chair Contest in Hereford and set a state record of 91 hours and 21 minutes in the rocker. He

### Happy Birthday Hereford!

Mayor Jim Sears, top assisted by Jubilee Queen Betty Hodges, sliced Hereford's 75th Anniversary cake at the Community Center Saturday morning as one of the closing highlights of the Diamond Jubilee Celebration. Miss Hodges fed the mayor the first piece of cake, then others attending the party were served. Three Hereford pioneers were among

those honored and recognized at the cutting of the Diamond Jubilee birthday cake Saturday morning. Left to right are: Nona Arthur Jowell, oldest continuous resident; Kenneth Rayzor of Santa Paula, Calif., oldest out-of-town pioneer to register; and Anna Schulz Vaughn, who came the farthest (Tacoma, Wash.) to attend the celebration.

## Beef Freeze 'Silly'

By DON RICHARDS  
Brand News Editor

The Texas commissioner of agriculture said Thursday in Hereford that the present price freeze on beef was "totally unworkable from the beginning" and that he has "never seen anything as silly" in his 20 years in office.

John C. White, Texas ag commissioner since 1951, and keynote speaker at Agriculture and Industry Day noon luncheon in the Bull Barn, blasted the Nixon Administration price freeze, stating "there is not a single, sound economic reason for it."

"The only thing I have heard that reasonably supports the retaining of the beef freeze is to protect the President's credibility during the present economic situation," White said.

WHITE predicted the gross farm prices in the next two years would be the best ever and said a bright future exists for agriculture.

"Your (the farmers and ranchers) problem is the government," he said. "I believe we have the best govern-

ment in the world, but it needs to start making up its mind what it is going to do about international markets and then just tell us what it is going to do."

White said he didn't know of any segment of the economy that is being watched any closer these days than the agriculture industry.

"But I think it's good that we are in the spotlight," he said. "Agriculture has been deprived of the benefits in comparison to what it has contributed."

THE AG commissioner also said the so-called "exorbitant" prices for ag products are well deserved by the farmers.

"I had lunch with (U.S. Department of Agriculture) Sec. Earl Butz last Saturday," said White. "And I think he agreed that the Texas wheat farmer has not benefited from the high prices of last year, and to a great extent, this year, because they had to sell at the time of harvest."

"ALSO, we are not even up to 90 per cent parity yet and until then I don't think we should be subject to criticism. For

## Petition Circulated For School Track Surface

A petition, calling for a bond election to put a new surface on the running track at Whiteface Stadium, went into circulation in several local businesses this week.

Initiated by Dr. Joe Whitley, the petition urges the Hereford School Board of Trustees to call the election in the near future, so that, if approved by voters, it could be installed by early spring 1974. The petition asks for an election for \$36,000 in bonds for the track surface and new surfaces for the runways for the field event areas.

The track presently has a cinder running surface.

"I think many people do not understand exactly what the petition is calling for," Whitley said. "This will be to put a new surface on the track. One that can be used year-round with very little maintenance."

Whitley also said passage of the bonds will not raise local school taxes.

"We just need voter approval," he said. "We have about 45 of the petitions out at various business places in town and we already have about 500-600 signatures. I am going to meet with the school board at the next meeting and present the petitions and ask for the election."

Whitley met earlier with the board and inquired about calling such an election again. Board members said they had authority to call the election, but would do so only if a petition indicated enough local residents supported the idea.

"We cannot hold a district track meet in Hereford until we get this new track surface," Whitley said. "We are one of the few schools this size which do not have new surfaces on the running track."

## Herd Scrimmages Tascosa

## Football Season Arrives

Football season arrived Friday night. There was no question about it being correct football weather — and a scrappy bunch of Hereford Whitefaces made sure there was no question about the team.

The Herd matched pad for pad with the Amarillo Tascosa Rebels in a preseason scrimmage in Vega Friday night and Coach Larry Dippel walked away with same idea of what he has to work with this week before "the games that really count."

ALTHOUGH the game was a controlled scrimmage, Hereford coaches got a "pretty good" look at the players and what areas of the offense and defense that need extra work before the season-opener Pampa game Friday.

The Herd scored three touchdowns to Tascosa's two during the long drives portion of the scrimmage. Later, during the goal-line stand drives from five yards out, the Rebels scored six out of 10 times against the Herd. The Whitefaces then swapped sides and scored four times in 10 tries against a Tascosa goal-line defense.

HEREFORD halfback James Harris excited everyone on the Herd's opening

offensive play as he rambled 70 yards off tackle for a score. A few plays later Harris scored again from only a few steps out after halfback Chuck High made a couple of good gainers to put the Herd in good field position.

On the final offensive drive of the Whitefaces, High scored from a few steps out to end Hereford's scoring.

High's score was set up by a Franklin Higgins pass and some nice running by receiver Dave Charest. The play covered more than 50 yards.

BUT THE Herd defense also had its high spots. The defense pulled down three Rebel aerials and held the Amarillo team scoreless on its first offensive possession.

The Rebels did score, however, during their final possession on two runs, just a few plays apart, each of which was more than 65 yards.

Getting the interceptions for the Herd were Dave Charest, Harris and Kent Hollingsworth.

DIPPEL SAID after the game he had been pleased with the overall effort, but was somewhat disappointed with the Herd's goal-line defense.

"I felt like it was a good scrimmage," he said. "We got a lot of good from it and I think it will help us prepare this next week."

The coach said he was more pleased with the offensive unit than the defense. "We let them score too many times on the goal line," he said. "But I was pleased with some individual playing."

THE COACH didn't mention any players specifically, adding that he wanted to see the statistics and film of the scrimmage first.

There were no kicks or punts during the game as coaches from both sides huddled with the players to call plays. Each offensive team ran against the defensive unit of the other team for 20 plays before the teams swapped positions.

Both teams then ran 10 plays at each other from a 5-yard goal line position.

HEREFORD opens its regular season at 8 p.m. Friday in Pampa against the Harvesters. The first home game will be Sept. 14 against Amarillo Palo Duro.

### Looking Downfield

Whiteface Quarterback Franklin Higgins drops back as he looks downfield for receiver Dave Charest during Friday night's scrimmage in Vega against Amarillo Tascosa. Higgins and Charest connected for a 50 yard pass-run play to set up a Hereford score. Chuck High, foreground right, prepares to block for Higgins.

# It's Dollar Day Time In Hereford

# Astronaut Urges Men 'To Live Together'

By O.G. NIEMAN  
Publisher

A former astronaut, now a "planetary citizen", returned to his birthplace in Hereford Wednesday and called on all men to "gain a knowledge of themselves and learn how to live together."

Edgar D. Mitchell, sixth man to walk on the moon, was in Hereford Wednesday to participate in the Diamond Jubilee Celebration. He held a press conference at 3 p.m., went to an autograph party at the Community Center at 4 p.m., and was guest of honor at the opening "Hustlin' Heritage 75" spectacle at Whiteface Stadium Wednesday night.

A retired Navy captain, Mitchell was born in Hereford Sept. 17, 1930. He left here at the age of five when his family moved to Roswell, N.M. Mitchell said he was told Wednesday that his birthplace was in a house where Kelly Electric is now located—the 600 block of 25 Mile Ave.

AT THE autograph party during the afternoon, Mitchell

met Mrs. Ruby Gilbreath, who told him his family lived for several years across the alley from her. Mrs. Gilbreath, whose home was at 5th and Lee, said she remembered him playing with her children.

Since retiring from the Navy and the astronaut corps, Mitchell has founded and is president of The Institute of Neotic Sciences, located in Palo Alto, Calif. According to the dictionary, "neotic" is derived from a Greek word meaning "full intellectual apprehension."

PURPOSE of the non-profit, tax-exempt organization is to "study the human awareness of man and to develop the full potential of mankind to solve the problems of today and tomorrow."

The institute deals with psychic phenomena, as extra sensory preception (ESP), mental telepathy, intuition and other related matters. Mitchell gained world attention when he tried ESP experiments during rest periods on his moon voyage.

He had four persons on earth

assisting on the experiment and, at certain times, he looked at a series of cards and tried to use mental telepathy to send the images back to earth.

Anita Rettig, director of press and public relations for the institute, termed the experiment "a success", but not "astounding". Miss Rettig, a beautiful blonde with personality plus, also happens to be the fiancée of Dr. Mitchell. No date has been set for a wedding, she stated.

Miss Rettig briefly outlined Mitchell's career prior to the press interview. She pointed out he was one of 19 men selected for the start of the astronaut program out of a field of 7,000 applicants. He was on the support crew of Apollo 9, the back-up crew of Apollo 10, and was the lunar module pilot of Apollo 14.

HE FLEW the Apollo 14 mission with Alan Shepard and Stuart Roosa. Shepard was the first man to "play golf" on the moon, and Miss Rettig called Mitchell "the world's most famous caddy!"

Asked about his first step on the moon, Mitchell agreed it was "awesome" and "overwhelming", but he believes his first thoughts were concerned with staying alive. He called the moon trip a moving experience — one that has changed his perspective on life itself.

The space experience "makes one know, without doubt, that there is a divine direction and

purpose in the universe," Mitchell claims. On the return trip, with some time to think, the astronaut said it was an "overwhelming experience to see Earth floating insignificantly in the cosmos."

MITCHELL said he returned feeling to be a "global citizen" rather than just an American citizen. He compared the planet

Earth to a spaceship and thinks we must "all work together to solve all our problems."

"It is sad to realize that mankind has reached the point when he essentially has control over all the elements, yet he has not learned to live with himself or his neighbors," emphasized Mitchell. "We have tremendous technological genius—it's too bad our knowledge of ourselves

and how to live together has not progressed commensurately." Mitchell says he wants to develop psychic powers for the good of mankind. "It's not something to play with, unless you are God-centered and prepared to handle it—we want to provide credibility to psychic phenomena."

HE ADMITTED that psychic phenomena has a history of "charlatanism" and demonology, but he hopes to study and research the matter through science and within

religious beliefs. Asked to relate the psychic phenomena to laymen's language, Mitchell used words such as "hunch", "gut feeling", intuition.

Since the formation of The Institute of Neotic Sciences, Mitchell has spent much time lecturing and speaking to colleges, universities, management groups and international clubs. The demand on his time to appear on national talk shows has also increased, primarily to discuss psychic phenomena.

ED MITCHELL and ANITA RETTIG, his fiancée

## Robbery, Accidents Investigated

By STEVE CONNELLY  
Staff Writer

There were several wrecks and a robbery during the latter part of Diamond Jubilee Celebration Week, and several other small incidents kept the Hereford Police Department busy.

Baker's Food Store, 2201 E. First, was robbed Thursday of \$440 and the incident was reported to the police at about 10:10 p.m.

Jack Baker, owner, stated that the money was stolen from a desk drawer in his office in the store and that the money consisted of checks and small bills.

The theft apparently occurred between 3 p.m. and 5:30 p.m., but no leads have been found to identify the thief.

AN ACCIDENT occurred at the intersection of Park Avenue and Avenue G Tuesday at 8:05 a.m. involving two cars.

A 1968 Opel, driven by Terri Lynn Greenwood, 228 Ave. C, was going east on Park Avenue and was attempting to turn into the Dairy Queen when a 1969 Chrysler, driven by Michael Lujan Albair, 302 Blevins, was going west on Park and the two cars collided.

A few hours later, an accident occurred at the intersection of 13th Street and Avenue F at 11:50 a.m., involving a pick-up and a car.

A 1966 Plymouth, driven by Stephanie Ramirez, of Odessa, had stopped at a stop sign at the intersection and then proceeded into the intersection and collided with a 1971 Ford pick-up, driven by Jose Ruiz Jr., Rt. 3, Friona.

TUESDAY'S third accident occurred in the 300 block of Avenue J at 3:50 p.m. involving two cars.

A 1969 Chevrolet, driven by

Ruth Weis, 1932 Cedar, Amarillo, was parked and started to enter a driveway on Avenue J, when a 1971 Mercury, driven by Guadalupe Beltran, 413 Ave. J, collided with the side of the Weis car.

A hit-and-run accident was the fourth and last accident Tuesday and it occurred at the intersection of Park Avenue and Lawton Street at 4:20 p.m.

Ruben A. Cano, 609 Ave. K, was riding a bicycle east on Park Avenue and an unknown car was going west on Park. The car made a left turn onto Lawton Street in front of the bicyclist, and Cano collided with the car's fender. Cano received minor injuries from the incident, but hospitalization was not needed at the time.

The car has not yet been identified and the Hereford Police Department is still investigating the case.

WEDNESDAY'S first accident occurred in the 200 block of W. 3rd Street, and involved a parked car and a pick-up.

A 1973 GMC pick-up, driven by Charles Dean Durham, Rt. 4, Hereford, and a 1967 Chevrolet, owned by Vernon Watkins, 830 Blevins, were parked at the curb on W. 3rd Street. The Durham vehicle began to back out of the parking place and struck the left rear side of the Watkins car.

Wednesday's second accident occurred at 1:40 p.m. in the 100 block of Avenue J, which occurred as two cars were backing out of driveways.

A 1972 BUICK DRIVEN BY Mary Gladys Legg, 106 Fir, was backing out of a driveway, heading east, and a 1969 Plymouth, driven by John William Hall, 112 Ave. J, was backing out of a driveway toward the west and the cars collided in the center of the street.

One accident was reported Thursday at 12:09 p.m. at the intersection of U.S. 60 and Lawton Street.

A 1967 Chevrolet pick-up, driven by Evelyn Tibijas, 1034 S. 2nd, Raton, N.M., was traveling north on Lawton Street, and a 1969 Chevrolet, driven by Marsha H. Ward, 426 Schley, was driving west on U.S. 60 when the two cars collided.

There were also several stray dogs caught this week, and have caused a great deal of trouble to the Hereford Police Department and citizens alike, during the past few weeks.

There were also a few calls for family troubles and two persons were arrested for being intoxicated.

Perhaps a surprise has been the fact that there have been no arrests of 18 to 20 year olds this week, since they were given "a adulthood" on Aug. 27.

# Pioneer Sisters Being Honored

Two sisters, members of the pioneer A. B. Schulz family, have been honored at a family reunion and a luncheon this week, and will be further honored at a reception next Sunday from 2 to 5 p.m. in the REC Medallion Room.

They are Mrs. Tom Vaughn of Tacoma, Wash., and Mrs. Ida Clay, formerly of Tacoma, who has spent the summer in the Vaughn home. Mrs. Vaughn was Anna Schulz before she married.

Described in the Hereford history book issued for the city's Diamond Jubilee as "the milkmaid girls," the sisters are daughters of the late A. B. Schulz, who operated a dairy on what is now named Dairy Road and established the first creamery here.

Their friends and all Hereford oldtimers are invited to the afternoon reception Sunday.

Complimented with them at the luncheon in the home of Mrs. Merin Kaul was Mrs.

## Noon Lions To Meet Thursday

The Hereford Lions Club will not hold its regular luncheon meeting Wednesday, but will have a special "Ladies' Night" dinner Thursday at 7 p.m. in the Civic Club Center.

President Jim Hale urged all Lions to remember the Ladies' Night party and bring their wives to the dinner. A surprise guest speaker is planned for the program.

Grady Wilson of Sturgis, S. D., a former resident of Westway community who attended Jubilee celebration events here during the week.

Mrs. Walter Kaul assisted in entertaining. Guests included Mrs. Jerry Landers of Westway, Mrs. Elvin Wilson of Friona, Lucille Weemes Starkey of Amarillo, Mmes. Ronald Matthews, Clarence Schulz and Arvil Hopson of Hereford and Roxana Weemes Schulz of Concord, Calif.

The family reunion last weekend was in the home of Mrs.

Clay's daughter, Mrs. Irving Willoughby.

Members present from other cities were the Johnny Willoughby family and Lucilee Starkey of Amarillo, Mr. and Mrs. Walter Schulz of Concord, Calif., Mr. and Mrs. Glenn Kyser of Fort Worth, James Edwin Schulz of Arlington.

Those who live in Hereford were the Willoughbys, Messrs. and Mmes. Ronald Matthews and Clarence Schulz, the Mark Matthews and Ronnie Matthews families, Terry Sparks and Mrs. Herman Schulz.

Mrs. Vaughn and Mrs. Clay ... to be reception honorees

# Beef Freeze 'Silly'

(Cont'd from Page 1)

the past 20 years the consumer has been fed for about the cost of production."

"I think the consumer will support the rise in farm prices when he understands the full facts," White said, "and it's out job to tell them."

The commissioner said food prices will go up "but it's still the best buy for the dollar. Food here (in the United States) is still the cheapest in the world."

"You deserve the prices you are getting and I'm proud you are getting them. I've never really seen it so good for the farmer."

"SOME people have accused the farmers of holding back food," he said. "The American producer doesn't hold back food. He has it up for sale. You give him a reasonable price and he will sell it."

"We need the Administration to come forward and tell us candidly what the situation is," he said. "Agriculture is what we have to work the American dollar back up. Agriculture has saved the American economy. If they (the ad-

ministration) will just tell us what is happening and what is needed—the country will respond. You have the willingness to respond."

WHITE PRAISED Hereford and Deaf Smith County as "the top producer of Texas agricultural products."

The commissioner also interjected his speech with bits of humor adding that "the American farmer loves to produce and will produce as much as is needed. He (the farmer) has produced when he is going to lose—he's done it for 20 years."

"You elected me in 1961 and the cattle prices broke in 1962," White said. "I told you then that if you would stay with me I would get the prices back up—and I have done just that this year."

THE commissioner also joked about the many recent political scandals and said that a good picture of how low agriculture has been regarded is reflected in the fact that he hasn't been able "to get in on any of the good scandals going around." But agriculture is getting big enough now that the next big scandal that comes around—you may hear me in on it—but I sure hope not."

Presented Bull Award

Jim Conkwright, right, president of the Deaf Smith County Chamber of Commerce, presents the Hereford Bull Award to John C. White, who was the keynote speaker Thursday at a noon luncheon in the Bull Barn during Agriculture and Industry Day of the Diamond Jubilee Celebration.

## Father Of Hereford Woman Mishap Victim

The J. C. Brown family, 718 Cherokee, left Tuesday to attend funeral services for her father, Soy Gray, 60, of Florence, near Austin. Mr. Gray's death occurred in a tractor accident. Survivors include his wife.

MEETING POSTPONED  
La Plata Study Club has postponed its first meeting of the fall, originally scheduled Tuesday, to Sept. 18 because of the death of the father of Mrs. J. C. Brown, club president. Mrs. Ken Rogers' home will be the meeting place for a dinner to begin a club year.

To show results in the battle of life one must keep driving.

# Diamond Jubilee Ends

(Cont'd from Page 1)

outlasted 51 other contestants and earned himself more than \$1,000 for his efforts.

The main 10-day celebration then began Aug. 23 with the annual Rider's Club Rodeo and first big highlight came Aug. 25 with the Diamond Jubilee Parade, one of the largest in Texas history. Texas Gov. Dolph Briscoe was in town to serve as parade marshal and was joined in parade activities by U. S. Cong. George Mahon, State Sen. Max Sherman, State Rep. Bill Clayton and Ignacio O. Arrieta, Mexican Consulate of Lubbock.

BETTY HODGES was then announced as Diamond Jubilee Queen the night after the parade.

Last Sunday was Religious Heritage Day and was highlighted with a mass religious service that night in City Park.

Monday was Merchants Promotion Day featuring special sidewalk sales. Tuesday was Youth Day and Wednesday was Ladies Day.

WEDNESDAY'S highlight was the opening performance of the pageant, which was kicked off by moon-walking astronaut Ed Mitchell. Mitchell, who was born in Hereford, was joined in opening the pageant by Miss Hereford, Sandy Cason.

Also Wednesday was the auctioning of the final three, stamped-souvenir coins. Numbers "1", "73", and "75". Hereford

State Bank paid \$575 for the number "1" set, Reece Lawson paid \$150 for the number "73", and Jack Griffin paid \$450 for number "75."

THURSDAY was Agriculture and Industry Day and was highlighted by a noon luncheon speech by John C. White, Texas Commissioner of agriculture.

Friday was Mexican-American Day featuring Mexican exhibits and fiestas and a "battle of the Bands" late Friday night entertained area youth as four major area rock groups "battled" each other.

Hereford's Celebration is now history—but the memories will linger on—at least through 1998.

Gets Cowbell Award

Texas Agriculture Commissioner John C. White, in Hereford Thursday to speak at the Bull Barn, is being presented here with the Cowbell Award by Mrs. Bob Josseland of the Hereford CowBelles Chapter.

## Funeral Service Is Conducted Here For Hereford Woman

Funeral services for Mrs. Vera Davison, 75, of 117 Ave. E, were conducted Saturday morning in Avenue Baptist Church and burial was in West Park Cemetery, directed by Billiant-Watson Funeral Home.

The Rev. Billy Wayne Parvin of Hammon, Okla., and the Rev. J. L. Bozeman, pastor of Temple Baptist Church, conducted the service.

Mrs. Davison died Wednesday evening in a hospital here. Family members have requested that memorials be made to the Cancer Society or Avenue Baptist Church building fund.

She was born April 19, 1898 in Rockwall County and married Wyatt Davison there Oct. 7, 1917. His death occurred in 1945. She came to this county from Royce City in 1942.

Survivors are three daughters, Mrs. J. S. Cross and Mrs. Don Houle of Hereford and Mrs. Ray Fruge of Sioux Falls, S.D.; three sons, Don of Hereford, Jack of the U. S. Air Force in Thailand and Roy E. of Dallas; two brothers, Earl Wilson of Snyder and Byrd Wilson of McKinney; 21 grandchildren and 16 great-grandchildren.

## Tractor Pull Proves Exciting

Over 100 persons witnessed the awesome power of today's farm machinery in a tractor pulling contest which was held at the Rodeo Arena Thursday afternoon.

After troubles with a partially wet track, the tractors got underway and first place in the 10,000-plus class was won by Ed Allison in a 4320 John Deere.

In the next class, first place went to a 4630 John Deere owned by L.W. Norvell and was driven by State Norvell. The tractor pulled another tractor and large group of men, with the total weight estimated as 27,000 pounds.

A 1370 Case earned second

place, with Mrs. N.A. Brown and Sons as the owners, and Tommy Brown, driver.

Third place went to a 1468 International tractor owned by Lowell Newmayer and was driven by David Hays.

Fourth place went to a 5020 John Deere owned by L.J. Jones, and fifth to a Ford 9000, owned by Steve Jones.

In the 7,000-pound class, a 560 International tractor owned by Ted McWhorter won first place, and an 830 Case owned by Richard Sims won second place.

There were also some small garden tractors which were for exhibition purposes which showed their prowess at pulling.

Richard Sims and Ed Allison, who were the coordinators of the tractor pull, had it organized on short notice for the entertainment during Diamond Jubilee Celebration Week.

## Insects Could Rule The World

Insects far outnumber human beings.

While there are approximately 3 billion people in the world, scientists estimate there are that many insects for every square mile of the earth.

California's Top Crop  
Cotton is California's leading field crop. In 1972, the state's cotton crop had a gross value of \$291 million.

Don't worry about the things you can't change or influence.

## Josseland Appointed To ProChemco Office

Robert D. Josseland of Hereford has been elected senior vice president of ProChemco Inc. to serve as general manager of its cattle operations, the firm has announced.

He has been regional manager of Farr Better Feeds' Texas branch the past two and a half years, living in Hereford. Josseland is to move to Amarillo, headquarters of ProChemco.

Custom cattle feeding operations of the firm in Hereford, Pampa, Guymon, Okla., and Ohio, Neb. will be his responsibility, also ranching

in Mississippi and Montana. In addition to cattle feeding ProChemco is engaged in oil and gas exploration from its Houston offices.

The Josselands, who live at 333 Centre, have a daughter and three sons. They have been active in civic and church affairs of Hereford during their residence here.

Josseland was born in Kansas and is a graduate of Colorado State University. He has been a bank officer in Julesburg, Colo., and was with a land company at Satana, Kan., before he came to Hereford.

## Ireland-Latham

Mr. and Mrs. Richard Ireland of Moriarty, New Mexico, announce the marriage of their daughter, Sylvia Lynn, to Dennis Latham, son of Mr. and Mrs. Ross Latham, 107 Star.

The marriage took place Saturday evening at the home of the bride's grandparents, Mr. and Mrs. Harry McCauley, 307 East Fifth, with the Rev. Steve Graham officiating for the exchange of vows.

Mr. and Mrs. Ronnie Lance

were the couple's only attendants.

An informal reception for the wedding party and family members followed the ceremony, at Hereford County Club.

Mr. and Mrs. Latham will reside at 205 Funston St. She is employed as a floral designer at HR's Flowers here, and Latham is associated with a cattle corporation.

## McClains Hold Reunion At Civic Club Center

The W. R. McClains held their family reunion last Sunday at Civic Club Center with 49 guests present. Mrs. Bertie McClain of San Francisco, Calif., wife of the late Rev. Jimmie McClain, was recognized as the oldest member present.

Other family members present were Leora Bates, Ruby Allred, Willie McClain, Velva McClain Cooper, Ray S. Daniel, Louise Daniel, and Messrs. and Mmes. Ralph Allred, Cecil Allred and O. L. Shugart from Amarillo.

Also, Mr. and Mrs. Elmo

Ellis, Plainview; Mr. and Mrs. Kim Ware, Quanah; Mr. and Mrs. Glenn Allred and Gracie Allred, Wildorado.

Attending from Hereford were Messrs. and Mmes. Jimmie Allred, Charlie Callaway, R. C. Anderson, Roy Manning, Cecil Oglesby, Wayne Jones and Rodney and Stephanie, Homer Thomas, O. G. Smith, Clarence Strange, Buddy Curtsinger, Jeanette Curtsinger and Shane, Coy Phillips, Leda Heaton, J. C. Allred and Mrs. Laura Higgins.

STYLES OF PAST — A blue ribbon in the historical division of the old-fashioned style show, a Jubilee event on Ladies Day, went to Mrs. G.E. Hamilton of Kings Manor for the cotton dress with fully gathered back, fullness flowing to the floor from a ruffled yoke, upper photo. Mrs. Don Davidson stands in a flowery frame, wearing her own wedding dress of dawn pink tulle.

## Vintage Styles Win Awards In Jubilee

Fashions of the past were paraded before a large audience in the high school auditorium Wednesday afternoon as one of the events of Diamond Jubilee Ladies Day, and awards were made to costumes in four categories. Memberships in Hereford Community Concert Association were presented as awards to Mrs. J. E. Shirkey for the outstanding costume in the historical division and Mrs. Louise Vaughn in the originals division.

Mrs. Gary McQuigg modeled the most beautiful costume and Mrs. O. G. Nieman the most unusual. Mrs. G. E. Hamilton received the blue ribbon in the historical division, while first three places in the original division went to Mrs. W. E. Dameron, Mrs. R. E. Curtsinger and Carmen Flood.

Karyn McChristian was winner in the Little Miss division, Delores Jones and her daughter, Jeanna, for mother-daughter costumes.

Mrs. Clint Formby was narrator for the revue and Mrs. J. C. McCracken pianist. Vocal solos by Mrs. Joe Reinauer Sr. and Dale Young added to the entertainment, and dances of the 1920's by Mrs. Kenneth Hunt and Mrs. Mike Patrick.

Mrs. John Gilliland was staging director and Mrs. Henry Sears wardrobe director. The script was written by Mrs. Austin Rose Jr. Backstage

assistants were Mrs. S. G. Townsend and Mrs. Lynn Kester.

Models were Joyce Lomas, Denise Strange, Ruth Ann Casler, Chris Marnell, Julie Wilcox, Carolyn Hays, Carmen Flood, Dianne Hoelscher, Shyla Thomas, Sylvia Emerick, Teena and Vicki Reinauer, Donna VanderZee, Linda Warrick, Mmes. Patrick, Hunt, Flood and Nieman.

A special showing was made of the Catalina bathing suit collection, modeled by Judy Cloud, Lou Davis, Julie Koenig, Amy Herring and Glenda Hunt. This display was by courtesy of Bess Moore at The Vogue.

## MONTGOMERY WARD

### ENERGY SAVING ACTION

Tips to help Consumers Save Energy and Money.

Make sure all sun-exposed windows have draperies. Let the sun in on cool days and keep it out on warm days to help your heating or cooling system. Insulated or even just lined draperies can help reduce energy consumption substantially. So can awnings.

# School Hosting Weekend Rodeo

Hereford High School Rodeo Team will host the Tri-State rodeo Thursday, Friday and Saturday nights beginning at 7:30 p.m.

A matinee performance will also be presented by club members Saturday at 2 p.m. Adult tickets will be priced at two dollars and student tickets one dollar.

A dance will follow the rodeo Friday and Saturday at the Little Bull Barn featuring the Gators. It will begin at 9 p.m. and last until 1 a.m. Co-sponsors for the HHS rodeo team this year are Bob Ward and Marcus Phillips. Stock contractor for the rodeo is James Martin of Spearman.

The HHS girls rodeo team of the Tri-State Rodeo Association captured the team trophy at all four Tri-State rodeos to date. These included trophies won at Wheeler, Happy, Muleshoe and Perryton.

An outstanding junior cowgirl on the rodeo team this year is Mary Shipp, daughter of Mr. and Mrs. Billy Shipp. She has been a member of both the rodeo team and Tri-State High School Rodeo Association for two years.

Mary has contributed points for all around cowgirl and for the girls team. She has won numerous belt buckles and two saddles, one of which was won at the finals in June.

Placing in rodeos at Happy, Muleshoe and Perryton, she entered several events including barrel racing, pole bending, steer riding, goat tying and break-away roping.

A new member of the rodeo club and Tri-state Association this year is Renee Poarch, a sophomore in high school and daughter of Mr. and Mrs. V. H. Poarch.

Renee won all around cowgirl at Happy and received two saddles and several belt buckles in the rodeo at Perryton.

Two high point ropers this year are Thorton Monroe, freshman at La Plata Junior High School, and Gary Cotten, senior at high school.

Monroe, son of Mr. and Mrs. Jim Monroe, teams up with Bill Blasingame, son of Mr. and Mrs. Tommy Blasingame of Westway. Although Monroe excels in roping, he also competes in ribbon roping.

Cotten has won belt buckles and has been high point winner which will enable him to compete in the finals held at the end of the school term.

He has entered tie-down calf roping, ribbon roping and team roping also steer wrestling, a sport recently introduced to Tri-State club members.

## SMALL TALK

By SUE COLEMAN  
Women's Editor

**COLLEGE ROOMMATES** a good many years ago while both were working on masters degrees at Ohio State, got together and introduced their families to each other this week when Mr. and Mrs. Myron Gearhart and son, Bryon, of Chillicothe, O., stopped to visit the Arthur Clarks, south of Hereford.

They were on their way to California on a vacation trip, and left Friday. Mrs. Clark and Mrs. Gearhart, then Charlotte Ritch and Sue Dresbach, shared an apartment when they were graduate students.

They had not seen each other since 1952, although they have kept in touch by occasional letters, and had not met each other's husbands and children.

Gearhart farms and raises cattle in Ohio, as Clark does here, so the visitors enjoyed seeing farms and feedlots. Charlotte Clark took Sue Gearhart to the county museum, among other local points of interest.

**VISITORS JUST** before the Diamond Jubilee were Mr. and Mrs. Grady McDaniel and children, Lori and Jim, of Lake Arrowhead near Wichita Falls. Mrs. McD. is the former Peggy Bumpass, and they visited her parents, the G. L. Bumpasses, and brother Danny of 1013 Grand.

Mr. and Mrs. Pat McDaniel of Crowell were also guests in the Bumpass home last weekend and saw the Jubilee parade.

**AFTER RECEIVING** her master of arts degree from the University of Southern

Mississippi at Hattiesburg in summer commencement exercises, Lois Kershen came home to spend a while with her parents, the Andrew Kershens.

The week before the commencement, she attended the national convention of Young Democrats at Louisville, Ky.

**SORORITY PLEDGES** at the University of Oklahoma include Meredith Wilcox of Hereford, to Chi Omega, a news release from Norman says. Meredith is the Jack Wilcoxon daughter, a graduate of Hereford High.

## Fall Show Held By Garden Club

The creativity award in Hereford Garden Club's annual Fall Flower Show, held Wednesday as a part of the Diamond Jubilee celebration, was given to Mrs. A. L. Manjeot, the only special award made in the show for flower arranging.

Blue ribbons designating first place on arrangements were awarded to Mmes. John N. Jacobsen Jr., R. L. Layman and Alfred Smith.

Winners of red ribbons were Mmes. Ben Childers, O. G. Hill Sr., W. C. Hromas, G. W. Newsom and S. S. Williams. Yellow ribbons for third place

went to Mmes. Ray L. Johnson, Neal Foster, R. L. Wilson, D. N. Garner and Childers.

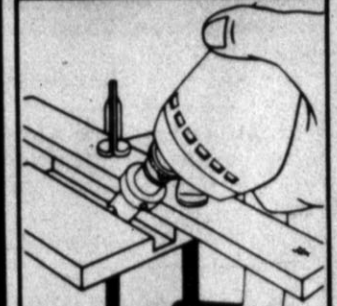

Blue ribbon awards were made to the gardens of Mrs. L. W. Norvell and Mrs. Manjeot, which made up the horticulture display.

Johnson Junior gardeners received a special award for their educational display on construction of terrariums. Sponsored by Mrs. Ray L. Johnson, the juniors showed terrariums they had made. Awards went to Renee Dobbs, Leeann Dobbs, Kelly Foster and Debbie Brown in that order.

Judges were Mmes. A. B. Parker, W. B. Swinburn and S. D. Nelson of Tulsa, who were accompanied to Hereford by Mrs. O. T. Hewitt.

This was a placement show, with arrangements made to fit the theme of the city's Diamond Jubilee celebration and to blend with an antique show held at the same time in the Manjeot home. About 300 persons viewed the displays.

## New Year Begins For RC Volunteers

New officers were in charge of the business meeting of Red Cross Uniformed Volunteers at the August luncheon in K-Bob's Restaurant, beginning a new year for the group.

Mrs. Emil Dettman is the 1973-74 president and Isabel Martinez is secretary.

Members reported a total of 60 hours spent in volunteer community service in the preceding month. Mrs. Paul Beach of Columbus, Ohio, was welcomed as a guest.

## For Moon-Walkers, Too!

Mr. and Mrs. Dorrell L. Jones, owners-hosts of Friendship Chateau Inn welcomed Astronaut Capt. Edgar D. Mitchell and his press secretary, Anita Rettig, to the Friendship Chateau Inn during their visit to Hereford's Diamond Jubilee.

(Mrs. Jones, Capt. Mitchell, Mr. Jones, Miss Rettig)

When in Hereford, Mr. and Mrs. Jones welcome you to the Friendship Chateau Inn... hosts to commercial people, tourists, truckers, and Moon walkers. Choose...

Legal Notice  
THE STATE OF TEXAS  
TO: F. L. Vanderburgh, Anna D. Vanderburgh and Dorothy Vanderburgh, and if the said F. L. Vanderburgh and/or Anna D. Vanderburgh and/or Dorothy Vanderburgh be deceased, the heirs, unknown heirs and legal representatives of the said F. L. Vanderburgh, Anna D. Vanderburgh and Dorothy Vanderburgh, deceased, Defendants, Greeting:  
You are hereby commanded to appear before the Honorable District Court 69th Judicial District of Deaf Smith County at the Court House thereof, in Hereford, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 15 day of October A.D. 1973, then and there to answer Plaintiff's Petition filed in said Court, on the 31 day of August A.D. 1973, in this cause, numbered on the docket of said court and styled "Amp W. Miller, Jr., et ux, Plaintiffs, vs. F. L. Vanderburgh, et al" defendants.

A brief statement of the nature of this suit is as follows, to wit: Plaintiffs, Amp W. Miller, Jr., and his wife, Ruth Miller, sue for title to and possession of The East 65 feet of the West 125 feet of the South 140 feet of Block 45, of the Town of Hereford and Additions, Deaf Smith County, Texas, alleging that they have title to the said land and improvements thereon under the 3-, 5-, 10- and 25-year Statutes of Limitation; Plaintiff, Ruth Miller, sues for title to and possession of The West 60 feet of the South 140 feet of Block 45, of the Town of Hereford and Additions, Deaf Smith County, Texas, as her separate property, alleging that she has title to the same and the improvements thereon under the 3-, 5-, 10- and 25-year Statutes of Limitation, and the Plaintiffs, and each of them, pray that all of the right, title and interest of the Defendants, and each of them, in and to such properties be divested out of them and invested in the Plaintiffs and that the clouds cast upon the Plaintiffs' titles by the Defendants; and each of them, be removed; as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court at office in Hereford, Texas this 31 day of August A.D. 1973.

Attest:  
Lola Faye Veazey, Clerk  
District Court, Deaf Smith County, Texas  
By Robert Williams, Deputy (SEAL) S-10-4c

INVITATION TO BID

Deaf Smith General Hospital, Hereford, Texas, will accept bids on the following hospital equipment. Said bids to be opened and read on September 14th, 1973 at 8:00 a.m.

Monitoring Equipment  
1. One Spacelab - Saturn 3 (model 1103) portable monitor.  
2. Two Spacelabs - Saturn 4 (model 1104) portable bedside monitors.  
3. One Apollo central station.

Laundry Equipment  
1. Two 50 lb washer - extractors - with programmed washing cycles.  
2. Two 50 lb gas heated tumbler - dryers.

Bids must be delivered or mailed to the Administrator, Deaf Smith General Hospital, 803 East Third, P.O. Box 552, Hereford, Texas, 79045.

The hospital reserves the right to reject any or all bids or any part thereof.  
More detailed information can be obtained at the office of the Administrator, Deaf Smith General Hospital, Hereford, Texas.

Cotton Farms' Efficiency On Rise

Cotton production showed the biggest increase of any major crop produced in the U.S. last year, and the National Cotton Council attributes the increase largely to cotton farmers' rising efficiency.

While the over-all output of the nation's farm crops was up 1%, cotton production climbed 27% over 1971. Cotton farmers harvested 13% more acres in 1972, but a key factor in the production increase was the fact that per-acre yields were the highest in five years.

Also significant, according to the Council, was the fact that labor productivity on cotton farms was up 13%. It rose between 2-8% on other type farms.

Increased use of diesel-powered tractor units — of which cotton is a major consumer — was reported throughout the country. These allow greater output per man-hour, lower fuel costs, and energy conservation. In 1972, according to the report, 81% of all tractor units sold to farmers were diesel-powered.

Queen Betty of Diamond Jubilee  
... week's reign was busy one

### Prizes Given At Box Supper

Prizes given for decorated boxes at the old-fashioned box supper which was an event of Diamond Jubilee Ladies Day Wednesday went to Mrs. Guy Warden for the prettiest and Martha Troub for the cleverest idea. The awards were memberships in Hereford Community Concert Association.

Mrs. W. E. Dameron's was declared the best pioneer costume, while Debbie Prather and her daughter, Lynn, were cited for the cutest costumes. Guy Warden received an honorary award for the bushiest beard.

Hereford CowBelles sponsored the supper in Dameron Park, and presented a bouquet of red roses to Mrs. Dameron, their choice as Jubilee Queen. Roy Faubion, auctioneer, interviewed Mrs. Dameron, who came to Hereford in 1906 from Indiana.

Judges for the awards were Ray Cowser, former Hereford mayor, and Lloyd Senn, Amarillo television announcer. Music was by Jay Boren and the Pure Country band.

## Jubilee Queen Activity Was 'Rewarding' To Coed

By KEN RICHARDSON  
Brand Staff

HOURS OF preparation for a brief introduction, scurrying from one place to another and quick glances in mirrors to make sure her hair is straight are all part of the hustle and bustle of being Diamond Jubilee Queen.

Betty Hodges, 21-year-old daughter of Mrs. Joel Hodges, has led an active life meeting her Diamond Jubilee commitments and preparing for her final semester at West Texas State University.

Betty feels her active life during the Jubilee has been rewarding. "I've enjoyed having the opportunity to see so many old friends and tell them how my life has changed."

"When I put my life in the life of Jesus Christ, I really began to live. His way of life is the only way of life for me. Now it's His light that shines through me," she said.

BETTY FOUND meeting new people to be especially exciting. "It's always been exciting for me to meet new faces and to get to know the person behind the face."

She continued by saying that two people can't meet and have conversation and share time together without both lives being touched. Each leaves a trace of himself on the other.

"I'm glad it wasn't a beauty or a talent contest," Betty said as she commented on the way the Jubilee Queen was selected.

"If it was, you couldn't have hog tied me into it! I don't consider myself a beauty, and the only talent I have is doing Tarzan calls."

"I ALSO THINK my talent for milking cows is still hidden... Betty was kicked while she attempted to milk a cow at the milking contest."

Even though Jubilee Week was demanding on Betty's time, the three weeks of ticket sales prior to her coronation were difficult too.

"I did get discouraged at times," she said, "but then I remembered talking with people and sharing the Lord's light in me was more important than actually winning."

"Otherwise, if I hadn't kept that in mind, it would have been easy to get discouraged because some days it seemed like all I heard was 'no' or 'I've already bought.'"

A COMMUNITY can seem completely different to a girl after she is suddenly thrust into public contact. "The experience reinforced by feelings about how generous, accommodating and interested the people of Hereford were in me and my cause," Betty said.

As Diamond Jubilee Queen, Betty served as official hostess of the Diamond Jubilee and was requested to be present at as many functions as possible.

"I personally tried to make sure that everyone was enjoying himself," she said.

In addition to the honor of serving as Jubilee Queen and the privilege of meeting so many dignitaries, Betty, also profited financially from the Jubilee.

IN THE ROUND robin selection of prizes by the six finalists, Betty chose an eight-day trip to Hawaii, an original watercolor painting, \$20 of dry cleaning, a dinner for two, an album or tape of her choice and an Eisenhower silver dollar in proof condition.

Betty is a senior elementary education major this fall. She received her certification to teach in kindergarten this summer. Graduating in December, Betty hopes to go into Christian counseling.

"Elementary public schools are needing more and more counselors too. I'd like to teach in a Christian school, but I feel like public schools need witnesses too."

### Army Enlistee

Sandra Jean Coffin, 19, daughter of Mr. and Mrs. Harry Leon Coffin, 217 B Ave. H, recently enlisted in the U.S. Army's Security Agency as a communications center specialist. Pvt. Coffin will report to Ft. McCullen, Ala. for nine weeks basic training. After basic training, Pvt. Coffin, a 1972 graduate of Hereford High, will go to Ft. Gordon, Ga. for advanced training as a communications center specialist.

## Boosters Club To Meet Tuesday Night

The Whiteface Booster Club will meet Tuesday night at 8 in the high school auditorium, it was announced Friday by Virgil Marsh, club president.

Marsh stressed the location of the meeting, since the club usually has met in the Community Center. The meetings have been moved to the auditorium for a better view of game films, and to have a stage available for clinic-type demonstrations.

A film of the Friday-night scrimmage with Amarillo Tascosa is expected to be shown at the Tuesday session. The club has also changed its regular meeting night from Monday to Tuesday, in order not to conflict with Monday-night football on television.

All interested fans, men and women, are invited to join the club, Marsh announced.

Jubilee Judge

Deaf Smith County Dist. Judge Archie McDonald of Dumas joined in with Hereford during the 75th Diamond Jubilee Celebration. He was caught before the lens here in full dress sporting his recently-grown mustache, cane, long Jubilee coat, hat, tie and button.

A baby alligator enters the world only eight inches long, but it will grow about a foot a year until it reaches the average adult length of 6 to 8 feet.

# Women's Activities Fill Jubilee Week

Style Show

MERRY MIXERS Club of Hereford hosted evening of square dancing on Safeway parking lot.

Square Dance

TOP AWARDS in the old-fashioned style show went to Martha Shirkey, historical costumes; Mary Kay McQuigg, most beautiful, and Louise Vaughn, originals. Karyn McChristian, left, admires her first place ribbon in Little Misses division; Delores and Jeanna Jones, right, were Mother-Daughter winners.

Box Supper

JUBILEE QUEEN of the Hereford CowBelles, Mrs. W.E. Dameron was presented a dozen red roses at the box supper sponsored by that organization. Mrs. Joe Reinauer Sr., chairman of Ladies Day events, made the presentation in Dameron Park.

Antique Show

LONGEST MEMBERS of Pioneer Study Club, hostess group for the antique show, are Mrs. J.M. Gilliland, left, a charter member, and Mrs. A.G. Bell, seated on antique sofa in home of Mrs. A.L. Manjeot where the show was held.

White Collar Lunch

WHITE COLLAR GIRL luncheon hostesses were members of National Secretaries Association, Avis Blakey, Louise Gunther, Lois Jones, Thelma Lamm, Janie Victor and Irma Partin.

## The Sunday Brand

Section Two  
Hereford, Texas, Sunday, Sept. 2, 1973

Hopscotch

YOUNGEST BELLES of the Jubilee sponsored a hopscotch contest on Youth Day at Community Center parking lot. Contestants try their skill.

Quilt Show

DATING BACK to about 1850, old and new quilts were displayed all week under County Extension Club sponsorship. Mrs. Marvin Welty and son Greg, Mrs. Don Daugherty and daughter Sandra admired Dove-In-The-Window and Rob-Peter-To-Pay-Paul patterns while they were on hostess duty.

# Carla Crist Bride Of Randy Thompson

An arch of green foliage and pink-carnation blooms, topped with a cluster of wedding bells, was the background for the ceremony in which Miss Carla Dale Crist became the bride of Randy Chris Thompson Saturday evening in First Church of the Nazarene.

The bride is the daughter of Mr. and Mrs. Ronald Crist, 138 Nueces, and the bridegroom is the son of Mr. and Mrs. Bill Thompson, 144 Mimosa. Date of the marriage was set on the wedding anniversary of the Bill Thompsons.

After a trip, the couple will be at home at 607 Jackson.

The Rev. R. A. Noakes of Amarillo, a retired minister, conducted the vows as Mr. Crist gave his daughter in marriage.

Spiral candelabra held tapers which lighted the altar arrangement of pink gladiolas and roses flanking the archway. Hurricane candles burned in pew markers, linked with white satin roping.

Miss Crist's sister, Mrs. Mike McCathern, was her matron of honor and Danny Thompson attended his brother as best man. Miss Shan Banks and a sister of the bridegroom, Miss Emma Thompson, were bridesmaids, with Terry Lewis and Joe Coleman as groomsmen.

The bride's cousin, Wendy, daughter of the Wade Crists, was the flower girl and another cousin, Joel, son of the Don Smiths, carried rings.

With Mrs. John Fielder as organist, Mrs. Craig Poarch sang Wedding Song and Miss Lilli Lyons presented I Thank You as a prelude to the ceremony. Ushering guests were Bob Merrill and Dean Allen.

A period gown with figurine bodice and widespread skirt formed of lace tiers was worn by the bride. Sequins and pearl beads decorated lace scallops at the neckline. Sleeves were long and molded to her arms. A train was attached at the back waistline.

Her bouffant illusion veil, elbow length, was fashioned by her mother and fell from a jeweled tiara. She wore her mother's pearl necklace and carried pink sweetheart roses and white carnations with babybreath, tied with pink streamers.

Also of lace, her attendants' dresses were pink, with fitted bodice and toetip skirt. Their nosegays were of the roses and carnations.

Mrs. Crist was dressed in mint green with a cymbidium orchid corsage, while Mrs. Bill Thompson chose an orchid dress set off with a corsage of pink and white roses.

They greeted guests with the newly married couple at a reception in the Crist home after the ceremony. Miss Rhonda Corlis invited callers to register.

Mrs. Billy Parrack and Miss Deanne Allen presided at the table where the wedding cake, ornamented with pink and white roses and wedding bells, was served with pink punch.

For the honeymoon trip to New Mexico, Mrs. Thompson changed to a pantsuit in pastel blue with white accents and a corsage from her bridal bouquet.

Both Mr. and Mrs. Thompson are 1973 graduates of Hereford High School and he is employed at the Firestone Store here.

Guests at the wedding included the bridegroom's grandparents, Mr. and Mrs. Herman Jones of Borger; the bride's grandmother, Mrs. Floyd Crist of Clayton, N.M.; Mr. and Mrs. Billy Parrack of Breckenridge, Mr. and Mrs. Doug Crist of California.

**MARRIAGE LEGALIZED**  
Henry VIII's marriage to Catherine of Aragon was declared legitimate by Pope Clement VII on March 23, 1526.

**OKLAHOMA TERRITORY**  
President Benjamin Harrison opened the former Indian territory of Oklahoma to white settlement on March 23, 1889.

**INDOCHINESE AUTONOMY**  
On March 23, 1945, Gen. Charles de Gaulle announced that French Indochina would gain limited autonomy after the war.

**INVITATION REJECTED**  
On March 23, 1966, Red China rejected invitation to attend the 23rd Congress of the Communist Party in Moscow.

Mrs. Randy C. Thompson  
...nee Carla Crist

## CCA Workers' Tea Scheduled

Workers who will conduct the annual membership drive of Hereford Community Concert Association Sept. 10-14 will receive their kits of enrolment materials, and instructions at an orientation tea Tuesday afternoon in the Rudy Metz home.

Instead of a coffee which has been customary for workers, the afternoon session will begin at 3 p.m. at the home at 108 Rio Vista. Mrs. Richard Ottesen and Mrs. Paul Scott, co-chairmen of the drive, will direct the instruction of captains and workers.

Some of these will be working in their first membership campaign, while others have enrolled CCA members here for several years past. Renewals and new memberships will be received.

According to the CCA plan, new members are received only during the annual campaign week, and renewals must be made by the end of that week. Admission to the 1973-74 con-

certs will be by membership card only; no single admissions are available locally.

Present members may renew in advance of the campaign, and are urged to do so in order that workers may give full

attention to seeking memberships among newcomers. Checks for renewal may be mailed to Mrs. Ottesen at 116 Nueces.

Adult membership fee remains at \$10 for the season. This year, for the first time in Hereford, student memberships will be sold at \$5, and family memberships at \$30.

## Girls' Part

## In Parade

## Recognized

A ribbon was presented to Hereford Rainbow Assembly at its meeting this week, recognizing its part in the city's Diamond Jubilee parade. Mrs. Arthur Clark made the presentation for Harold Wheeler, parade chairman.

Mrs. Cortez Dewlen of Canyon, Rainbow grand visitor, was a guest who spoke of the organization's aims and was presented a gift by Linda Collins, worthy advisor.

Kathy Ann Digby was initiated with Melissa Johnson, past worthy advisor, giving the rose lecture as part of the ceremony.

Guests included Mrs. Vernon Darden, worthy matron of the Eastern Star chapter here, and Bill Phipps, worshipful master of the Masonic Lodge.

### CLUB MEETING SET

After the summer recess, Young Homemakers Extension Club will have its first fall meeting at 9:30 a.m. Tuesday in the home of Mrs. Don Daugherty, 833 Blevins.

## Joyce Shipp Named As Outstanding

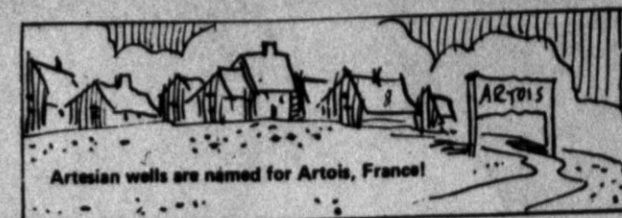

Named as an Outstanding Young Woman of America for 1973, Mrs. Roy Shipp of Hereford is being considered for further state and national awards in the annual program sponsored by women's organizations of the nation.

Joyce Shipp, who resides at 205 Fir, is a county extension agent with direction of 4-H Club activities as her major duty.

From nominees as Outstanding Young Women, one

from each state is chosen as her state's outstanding young woman of the year, and from the 50 state winners the 10 outstanding in the nation are

picked. The 10 national winners will be presented at an awards ceremony in Washington, D.C. this fall.

# Church Ceremony Read For Couple

Miss Rosie Ramos, daughter of Mr. and Mrs. Jaun Ramos, 513 Whittier, and Jack Gallegos, son of Mr. and Mrs. Carmen Gallegos, 430 Avenue D, exchanged marriage vows in a ceremony at St. Anthony's Catholic Church Saturday afternoon.

The Rev. Aedan Davis, associate pastor, officiated and the bride's father gave her in marriage.

She wore a lace gown with natural waistline, high ring collar and long sleeves. The skirt was finished with a wide flounce of the lace, shaping to a brief train at the back. Her lace-veiled extended over the train.

It was held by a crown of wax flowers and seed pearls, and her bouquet was of the same flowers in pink and lilac shades.

Maid of honor was her cousin, Miss Chana Castillo, who was dressed in white and carried pink flowers. Frank Gallegos was his brother's best man. Sicha Reyes was the flower girl and Armando Rodriguez the ringbearer.

Couples forming the bridal escort were Messrs. and Mmes.

Jesus Almanza, Benny Castillo, Juan Guillen, Israel Herrera, Jimmy Madrigal, Eluterio Mariscal, Gabriel Martinez, Carlos Pena, Abel Rodriguez, Jacob Rodriguez, Sabino Suarez, John Torres and Pablo Villarreal.

A wedding dinner and dance in the Old Fellows Temple followed the wedding. The tiered cake, all-white, was topped by bride-and-groom figurines in a heart shaped frame.

Mr. and Mrs. Gallegos will be at home in Hereford. Both have attended Hereford High School. He is a 1972 graduate and is employed at Taylor Furniture.

Out-of-town wedding guests included the bride's grandmother, Mrs. E.A. Gaona of Dallas; also Messrs. and Mmes. Willie Ramos, Alfredo Gaona, Benny Castillo and Miss Manuela Ramos of Snyder; Mr. and Mrs. Johnny Outhouse of Sweetwater; Messrs. and Mmes. Louis Ramos, Victor Trevino, Alfonso Gaona, Johnny Aleman, Ricky Villarreal of Dallas; Mr. and Mrs. Vince Gaona of Colorado.

# Show Favorites Are Given Awards

Votes of the approximately 300 persons who viewed the Diamond Jubilee antique show Wednesday morning showed a ladies writing table owned by Mrs. A.L. Manjeot as the favorite piece on display.

Next most popular was a mahogany slat cradle shown by Mrs. Leo Witkowski, while Mrs. A.B. Higgins' cutglass and sterling glove box took third place.

Oldest item in the show was a prayer book dated 1807 and exhibited by Elmer Patterson. Second oldest was a marble topped table owned by Mrs. P.H. Gilliland of Amarillo, and third was Mrs. Manjeot's writing table.

The show was sponsored by Pioneer Study Club, in Mrs. Manjeot's home where Hereford Garden Club also staged its fall flower show. This was one stop on a tour of homes

Wednesday morning. Pioneer Study Club gave bulbs as award, a red Dutch hybrid amaryllis to Mrs. Manjeot, tulip bulbs to owners of the oldest items.

The desk which won the popularity vote was a birthday gift to Mrs. Manjeot from her late husband, her son, Col. Lloyd H. Manjeot, and his wife. It was made in 1853 of South African mahogany and came from a castle on the Rhine river at Kassel, Germany.

Mrs. Witkowski's cradle dates from the early 1900's. Mrs. Higgins' glass box is of rare butterfly cut, an heirloom formerly owned by Mrs. Higgins' maternal aunt.

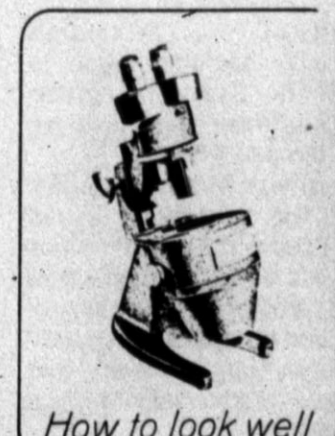

The table shown by Mrs. Gilliland, a former member and president of Pioneer Club, was made in 1845 and is a five-generation wedding gift to the oldest daughter in the family on her wedding day.

On the antique show committee were Roberta Campbell, Pioneer Club president, Mmes. Jack Renfro, Aaron Hutto, Gary McQuigg, John Winder and Manjeot.

# Scouts Announce Fall Recruiting Plans Here

The annual fall membership campaign in the Llano Estacado Council, Boy Scouts of America, will begin September 1st when 250 Scout troops, Cub Scout packs, and Explorer Posts enroll new members.

The Scout council expects to give an opportunity to 3,000 boys to join the Boy Scouts of America, Jerry Helfenbein, District Executive, said.

Special events scheduled for this fall include School Nights, Troop & Pack Rally Nights, First-Nighter, Uniform Day, demonstrations, camporees and other special unit activities.

A boy may become a Scout when he is 11 years old or has completed the fifth grade or a Cub Scout when he is 8 years old or has completed the second grade, and boys and girls who

are 14 to 21 years old may join an Explorer post, Helfenbein said.

In addition to the boys who join existing packs, troops, and posts, Helfenbein said, the Llano Estacado Council's organization and extension committee expects to organize about 30 new packs, troops and posts in the Council area.

The Boy Scouts of America provides a program for boys and young adults that is designed to develop desirable qualities of character, to train in the responsibilities of participating citizenship, and to develop personal fitness, Helfenbein said. Cub Scouting is a family — and home — centered program. Scouting is designed to achieve the BSA objectives primarily through a

vigorous outdoor program, and Exploring is designed to give boys and girls an active program with groups of like interest through business, industrial, and professional sponsors.

Information about Exploring, Scouting and Cub Scouting is available from the Council service center, 2806 Canyon Drive, Amarillo, telephone 374-5348, or Jerry Helfenbein, Hereford, telephone 364-4800.

# Editorials

## Dear Teacher

(Note: This classic "American Way of Life" editorial was written by Joe Parham, editor of the Macon (Ga.) Evening News many years ago. It is reprinted at the beginning of school for the simple beauty it expresses in the hopes and dreams of a Dad for his son.)

Well, this week we turn him over to you. For the next 12 years, in grammar and high school, you'll have him on your hands. Next to his Mother and I, you'll have more influence on his life than anyone else except the members of his immediate family.

He's such a little boy now. A pair of sturdy legs, tanned shoulders, bright eyes, a low head and an infectious grin. He's yours to mould, clay for your hands and mind to fashion as you will.

He's not afraid of anything. His mind is alert and quick to learn. His body healthy, his curiosity boundless and his stubbornness aggravating.

**THERE'S** a lot you can do for him in the coming years. I hope you will.

Teach him to remain fearless. Never mention the word "fear" and perhaps he'll never know what it's like to be afraid. Respect for danger and caution and carefulness, yes, but not fear.

Cultivate that healthy curiosity he's blessed with. Let him ask a million and one questions, and you come up with a million and one answers and be waiting for the next. Keep alive always that spark of interest in the people and things around him and in himself. He'll never be bored or disillusioned or cynical if his curiosity's never satisfied.

**SURE**, you're going to have to spank that little caboose of his occasionally. We do ourselves. Teach him discipline and respect for authority and understanding of rules and regulations, but don't curb his spirit. Let him not become a regimented automaton who follows others, lockstep style, through life, never hunting a better or different way

of doing anything and always being content with the status quo.

Instill in him a sense of fair play and a deep admiration for justice. Let him not be the schoolyard bully, nor the schoolyard coward. Show him that it is one thing to stand up for his rights and quite another to attempt to depose the rights of others. Breed into him a compassion for the weak and a feeling of kindness for the oppressed.

**HE ALREADY** knows love, and he knows God. The two are synonymous with him. Fan that glow! Breathe with understanding and love upon that ember so that it may become a strong enduring flame. Instruct him in the wonders of God's universe and the glory of God's works.

Teach him tolerance. Place no word or deed or malice of antagonism or hatred toward any of Heaven's children in that small heart. Let none of the venom of intolerance that any of us might feel spill upon and scar that clean soul of his.

**IMPRESS** upon him the importance of cleanliness. Help him to keep clean his ideals, his mind, his body. Show him by example and illustration how strong is a clean life. Build within him a deep sense of honor and a knowledge that integrity is not merely a word, but a way of life. Teach him that it matters not what a man's reputation may be. A reputation is merely what the world thinks of a person. But tell him that it is character that really matters, for character is what God thinks of a person.

He'll be coming to your school and into your heart and your mind this week. Teach him all these things. Teach him well, and when these things have begun to be learned — the arithmetic and the spelling and the reading and all the rest can be taught too.

**DO A** good job . . . Some day you may be as proud of him as I am right now.

Sincerely,  
DAD

## Small Price To Pay

Nothing can refresh the soul like a hot, spicy debate with associates over a political issue. But how often do we go beyond that and write our opinion to our Congressmen? Unfortunately, the answer is, "seldom or never." Too many of us fear that one opinion is barely audible in the hubbub of current events. Yet, as one legislator has said, "The mail box is nearly as important as the ballot box to a member of Congress."

**A SHORT**, factual letter limited to one topic could be just what a Congressman needs to chart his course in the right direction, and you will never know unless you write.

A major industry association gives some suggestions: "If you are writing about legislative proposals, explain how it affects you . . . Try to refer to a bill by number and subject . . . Make sure your views get to your Congressman early in deliberation of the bill."

If you wait for a crisis stage or try to change the legislator's mind later in the development of an issue, you are not apt to achieve your goals.

**FINALLY**, if the reply to your letter comes from an assistant, don't be upset. Public officials have staffs so

that requests can be dealt with effectively."

It's easy to rationalize your way out of writing to your Congressman, but the plain fact is that our democratic republic could not function without citizen input. Remember: "An official wants and needs to hear every point of view on an issue."

An eight-cent stamp is a small price to pay for freedom.

"See where a bit of a squeeze is developing in the matter of go-juice for chariots, clear across the nation. It'd be a good idea to start thinking in terms of saving gas whenever possible. Combine shopping trips; try walking if you're next door to a grocery; keep your car tuned up to get the best gas mileage possible, establish gas-saving driving habits by avoiding jackrabbit starts and the like. Drive with the traffic flow on arterial streets where signals are synchronized. Might even try a bike sometimes." MESA, ARIZ., TRIBUNE

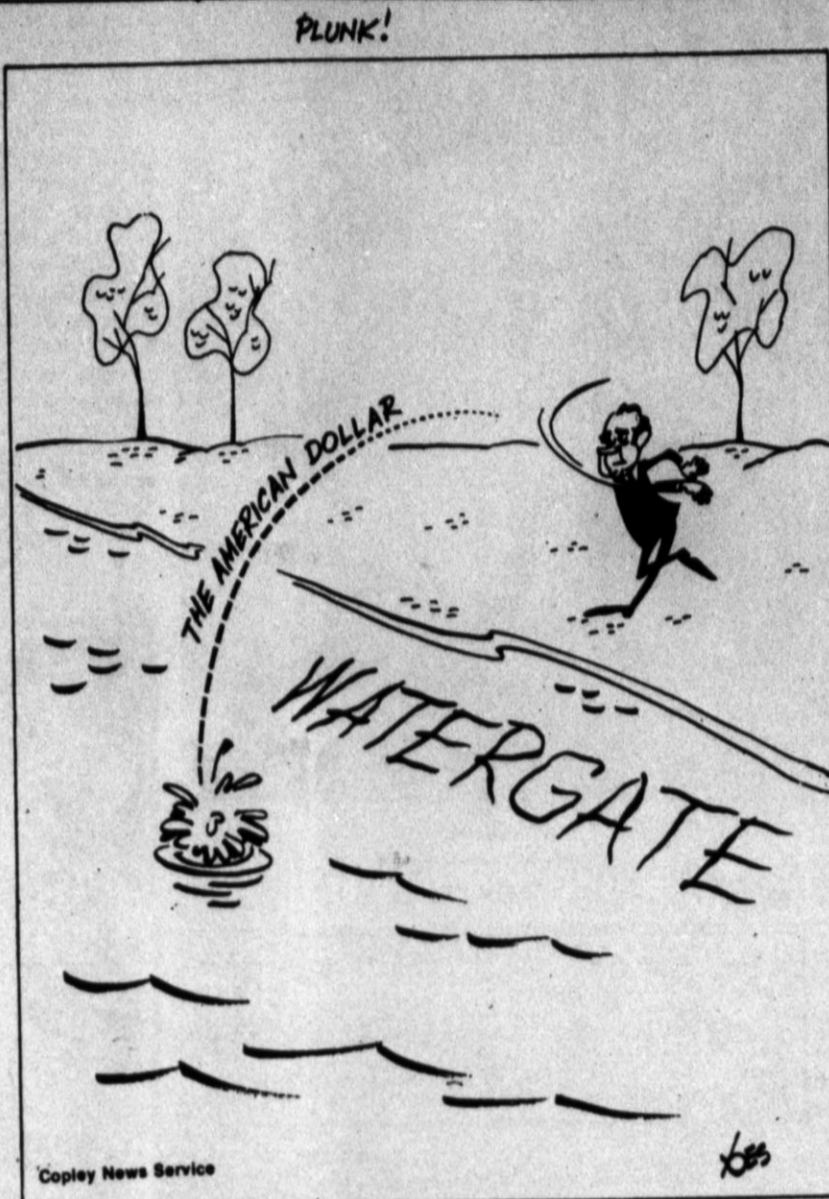

"A staggering statistic has come before our eyes from the state of Michigan. It seems that since Michigan lowered the age limits for drinking to 18 years the increase in 'young adult' drunk driving arrests has increased 99 per cent. We . . . should learn from the experience of Michigan. In our opinion 18 through 20-year-olds are not yet ready to accept the responsibility of handling alcohol." QUAKERTOWN, PA., FREE PRESS

"One of the perversities of human nature is that often individuals blessed with many things in common, disagree violently and unintelligently upon the merits of a relatively minor matter. There seems to be a trait in many individuals that compels them to be fighting about something all the time. If no major issues appear, they vigorously pump up minor questions, arousing ill-feeling and promoting them in positions of seeming importance. Much the same characteristic is evidenced in our attitude toward the institutions of mankind. Without giving proper proportion to the great and overwhelming good many of us incline to hunt up minor irritations and, in the excitement of the search, we often lose sight of the tremendous good that exists." COLUMBIA, MISS., COLUMBIAN-PROGRESS

## Letters To The Editor

### Jubilee Queen Expresses Thanks

To the people of Hereford:  
I extend my gratitude and appreciation to everyone who helped me in achieving the title of Diamond Jubilee Queen. Each of you helped in his own way — whether it was in the contribution of time, money, energy or efforts.

I thank the merchants for their generosity in providing such exquisite gifts for us and for showing interest in the Diamond Jubilee by this participation.

I praise the people of Hereford, the pioneers who nursed this land and the people of this generation who have established this setting in God's creation as a Hustling Hereford. I

praise God and His Spirit, by whom and with whom the past was accomplished and the future is being molded.

Thank you for pausing with me this week to reflect upon our proud heritage. May the spirit of the Diamond Jubilee continue to live in our hearts and may its fruit be evident in our work.

Betty Hodges

## Express Appreciation

Dear Editor:

We of Kappa Iota would like to take this opportunity to express our appreciation to several facets of our community.

We participated in the Diamond Jubilee celebration by sponsoring a bicycle race. This race would not have been possible without the Hereford Police Dept., the Sheriff's Dept., the Dept. of Public Safety, the Diamond Jubilee Headquarters and the active response of the people of Hereford.

Our ways and means projects aided us in providing help to Girlstown, USA, and we sincerely appreciate all those who helped us provide this service.

We think we have fine law enforcement agencies, and are proud that they not only provide law enforcement, but also take an active interest in community activities.

Kappa Iota Chapter of Beta Sigma Phi

## Texas May Win

Dear Sir,

An intense study should be made of the effect of Climate and Area upon the Brain and the U.S. Capitol moved to the area where the Brain works the Best:

America should have the Best Brainpower — in the Capitol.

Sincerely,  
Albert Price  
P.O. Box 1475  
Scranton, Pa. 18503

P.S. Texas may be the winner.  
God Bless Texas

**By JACK MAGUIRE**  
**FOOTNOTE TO HISTORY** — For 76 years, Texas and the world have regarded as a hoax the story that a "spaceship" landed at Aurora, Wise County.

Now even scientists are taking another look at what really happened.

The story was first published in state papers on April 19, 1897. It said only that an airship had crashed there the previous day. The pilot's body was badly mangled, but the story declared that it was clear that "he was not an inhabitant of this world."

Nobody got much excited about the story. Newspapers at the time were full of similar yarns about reported sightings of strange airships. Most readers decided the story from Aurora was a fabrication designed to attract tourists' attention to the town.

But did a strange ship from outer space really crash at Aurora?

Investigators from a scientific organization poked around the Aurora site earlier this year and found some curious things. Using electronic detectors, they uncovered many pieces of a strange metal which thus far has not been identified as anything known on earth. From 20 to 30 feet around the spot where the craft supposedly crashed, the ground gives off an identical electronic response even though no more metal was found.

The investigators failed to locate the burial plot of the supposed pilot. But they did find an unmarked, isolated grave in the Aurora cemetery that gives off the same weird electronic response that led them to the strange metal pieces.

**GOING, GOING, GONE** — another bit of wildlife on its way to extinction in Texas is a frog known as the Houston Toad.

Admittedly, the "Bufohoustonensis," as the biologists know it, is not

## The Bootleg

### Philosopher

Dear editor:

I don't know. I'm puzzled. I mean, you pick up a newspaper and before you look at it the first thing that pops into your mind is, who're they investigating this time? Who've they got the goods on now?

You know, illegal political contributions, kickbacks, bribery, wiretapping, get-rich-quick in office, influence peddling, favoritism, the Russian grain deal . . . you name it and some grand jury somewhere is investigating it, not just in Washington but all around the country.

**WHY ANY** prosecuting attorney who isn't investigating a politician for receiving or a corporation for giving illegal donations is now considered sleeping on the job.

It's not just in Washington, where Special Prosecutor Archibald Cox says it'll take him the rest of his life to finish with Watergate, but throughout the land, in both parties, among governors, mayors, state representatives, party finance chairmen, etc. In some areas any politician who doesn't come out of office richer than he went in is considered incompetent.

It's everywhere. Coaches are being investigated for illegal recruiting, athletes are being checked to see if they've been fed pep pills. Why cheating has even been found in the kids' soap box derby, and I wouldn't be surprised to see a scandal turn up somewhere in the country in the P.T.A.

I GOT to talking about this with a neighbor and he said he had the solution.

"What's that?" I asked.

"Everybody ought to resign," he said.

"Everybody?"

"Yep. Everybody. Fruit basket turn over."

"Now wait a minute," I said. "You have everybody resign and the country'll be in the worst mess you've ever seen."

"It already is."

I don't agree, although sometimes it looks like we're working on it. I agree with another neighbor who said anybody who doesn't vote in the next election ought to be horsewhipped.

Yours faithfully,  
J.A.

## Talk Of Texas

very important to man. It's also an obscure species of frog. However, the Texas Memorial Museum staff at Austin is concerned about the Houston Toad and what is happening to it.

Already the frog has all but disappeared from the bayous of the city that gave it its name. A few small populations, including one colony in the piney woods of Bastrop County, still exist. However, scientists fear that the frog, valuable as an insect killer, won't last another decade.

**TEXAS FIRST** — The state's original inter-city bus line began in 1907 when W. B. Chenweth started operating a six-cylinder stage between Snyder and Colorado City.

It was a business failure. Farmers protested that the contraption scared their horses. Preachers in both towns regarded the bus as the instrument of the devil and predicted that "it will blow itself up and kill half the people."

It didn't blow up, however, and Chenweth finally sold his invention to a Fort Worth man.

**THE CHANGING TIMES** — In 1927, University of Texas officials permitted its coeds to enter a bathing beauty contest on the condition that they couldn't be photographed!

As a publicity stunt the campus yearbook arranged to have a national movie newsreel crew come to Austin and photograph the beauties as they gambled in the sparkling waters of Barton Springs. The University administration, however, refused to allow the pictures to be made.

They feared that movies of coeds in bathing attire would damage the school's image.

**THE SIGNS OF TEXAS** — In a Pasadena pet shop: "For Sale — St. Bernard puppies. Guaranteed double your dog in a month or your money back."

# Hereford Area Land Was Traded For State Capitol

(Editors note: Original research done in State Archives and pertains to the early history of Deaf Smith County. The Western portion — part of XIT ranch in which the land was exchanged in return for state capital building.)

By FRANK FORD JR.  
On Nov. 9, 1881, Texas Gov. Oran M. Roberts, members of the Capitol Board, and the Building Commissioners, were sitting in the old Capitol Building working on the details of a new one to be constructed on the same site.  
Built in 1853, the venerable edifice in which they labored had not been a popular Capitol, described by one local scribe as resembling "A large sized corn crib, with a pumpkin for a dome."  
The problem of the old building was about to be solved, however. Just a few feet from where the Governor and his group were working, an incident was occurring which would speed up their plans for the new Capitol. Months before, a hole had been cut between the Attorney-general's office and a book room for the purpose of installing a stove-pipe.  
Later, the book room side had

been papered over, which worked fine so long as the hole was unused, but not so well when a stove was placed in the office side and a stove-pipe carelessly placed in this aperture, rather than the proper flue.  
The sparks in the stove that November day soon burned their way through the facade on the other side of the wall, sprinkled sparks on the books below, and started the excitement.  
According to the above mentioned scribe, "The only real tragedy of the fire was the total loss of a considerable volume of records dating back to the days of the Republic. The building itself was an eyesore and the only ones having cause to lament its passing were the bats who were left homeless."  
The old building was little more than kindling, and the effects of the fire fighters were frustrated by an inadequate water supply... for the most part both citizenry and officialdom stood about watching from a discreet distance while the fourth Capitol of the State of Texas burned to the ground.  
It has been six years before, in 1875, that 90 delegates had met in Austin to write a post-

Reconstruction Constitution for the State and also do a little figuring on the best means of ridding the state of the remaining carpet-baggers and scalawags.  
On Nov. 1 of that year, Delegate J. R. Fleming of Comanche had offered a resolution requesting the Committee on Public Lands to "Consider the propriety of setting apart 5 million acres of public domain for the purpose of building a State Capitol."

On Nov. 20, by a vote of 46-14 the convention passed a resolution by which 3 million acres were appropriated. Over three years later, on Feb. 20, 1879, the sale of 50,000 acres more was authorized to pay for the survey of the 3 million acres.  
On June 14, J. T. Munson of Denison, Texas got the job, and on July 17, N. L. Norton of Salado was appointed Commissioner to superintend the survey which was to include portions of Dallam, Hartley, Oldham, Deaf Smith, Parmer, Castro, Lamb, Bailey, Hockley, and Cochran Counties.  
That well-known element of the Western Texas Panhandle, drouth, forced the abandonment of the survey in the Fall of 1879,

but the surveyors returned to their task in the Spring of 1880, and on Sept. 1 of that year, their field notes and maps were referred to the General Land Office, which accepted them on Nov. 16. On Jan. 1, 1882, a contract was executed with Charles B. and John V. Farwell of Chicago, and building plans were under way.  
Joseph Lee of Austin, and N. L. Norton served as Building Commissioners for the state with John T. Dickinson of Houston as their Secretary. Mattheas Schnell, of Rock Island, Ill., was awarded the building contract, but through a series of assignments, Abner Taylor, who had helped rebuild Chicago after the great fire there, became the chief contractor. Amos Babcock, Taylor's father-in-law, conducted an inspection of the lands surveyed by Norton in the spring of 1882.

Commissioners Lee and Norton turned over the first shovels of dirt on February 1, 1882 with a number of citizens, but no officials, present. Nearly all of 1883 was spent in digging the basement, almost wholly within a single formation of rock. The cornerstone was laid on March 2, 1885, this time in an impressive ceremony with a large number of dignitaries in attendance. The stone of red granite weighed 16,000 lbs. and required 16 yokes of oxen to the railroad. As the highly decorated stone was lowered into position, the Travis Light Artillery fired a 49 gun salute in honor of the 49th Anniversary of Texas Independence.

On July 29, 1885, the state secured a grant of Granite Mountain Quarry, near Marble Falls, in Burnet County, from its public spirited owners. The huge granite blocks were transported the 75 miles from the quarry direct to the building site by rail.  
The original contract had specified that Texas limestone would be used, but by 1885, sentiment for red granite had become overwhelming. Abner Taylor had been concerned that there would be insufficient limestone in the Texas quarry, and had tried to get limestone from Indiana accepted, but Governor John Ireland had held out for the use of Texas materials until this sentiment for granite developed.  
As the use of granite involved much greater cost on the part of the builders, concessions were made on some specifications for the building's interior, and the state agreed to providing up to 1,000 convicts for labor at the quarry, with Taylor to board, clothe, and feed them. Among the many who objected to this use of convicts were the International Association of Granite Cutters, who boycotted the project. Gus Wilke, who had sub-contracted much of the construction from Taylor, then brought eighty-six granite cutters to the United States from Scotland. These men were met in New York by the union and a United States Marshall, who held that bringing in the workers was a violation of the Alien Contract Labor Law.

Sixty-two of the workers continued on to Texas anyway, and as a result, charges were filed against the District Court in Austin. Four years later the syndicate finally had to pay a fine of \$8,000 plus costs, but the progress of construction was not greatly affected.  
E. E. Myers of Detroit, had been employed as the architect by the Capitol Board on May 17, 1881 for the sum of \$12,000, but fell out with the Commissioners in early 1886 and failed to see the job completed. As the construction of the dome was undertaken in the final phases of the job, architects B. M. Harrod of New Orleans, N. M. Clayton of Galveston, and E. T. Heiner of Houston were employed to check the dome construction. They agreed with the contractor and commissioners that the brick lining which had been planned for the dome should be changed to an elaborate system of iron braces. J. N. Preston of Austin, W. D. Clark of Springfield, Illinois, and Gen. R. L. Walker of Richmond, Virginia served as Superintendents of Construction.

During these years of construction, a temporary capitol was authorized, with the cost not to exceed \$45,000 and the building to be completed by January 1, 1883. In September of 1882, part of the building, which was under construction, collapsed during a violent rainstorm. But the supreme insult to this temporary Capitol

did not occur until March of 1883, when in the midst of a windstorm, a group of legislators gathered across the street to watch it blow down again. It didn't fall this time.  
On May 18, 1888, the citizens of the State of Texas gathered to dedicate their beautiful new Capitol, which covers three acres of ground and stands seven feet higher than the National Capitol. On this occasion, those assembled heard speeches by Governor Lawrence Sullivan Ross, A. W. Terrell, and Temple Houston, son of Sam Houston.

There continued to be a few minor problems, and after much discussion between the

Commissioners and Gen. W. P. Hardemann, who was Superintendent of Buildings and Grounds, over whether final acceptance should be made, Edward C. Miller, an architect from Washington, D. C., was employed to give the final opinion, which would be binding on all parties. On December 7, 1888, he recommended acceptance. The Capitol Reception Board met and granted this acceptance the following day.

Both Taylor and Wilke were credited with being patient and highly accommodating in incorporating improvements as the building progressed, and the result is a building of which all Texans can be proud. Hundreds

of men, good and bad, with various mixtures thereof, had labored over six years, applying their many skills with dedication, to bring the Capitol to completion.

The XIT Ranch, which came into being parcel by parcel as the work progressed on the building, was operated as a unit for over two decades until the last of the XIT beef was sold in 1912. Many of the folks who were a part of its rich history are still around to tell their grand-children about those days when native grass stretched as far as the eye could see. Those vast acres of the XIT made possible the building of the Capitol of Texas.

## Answer To Gas Prices New Texas Law Creates Motor-Assisted Bicycle

High gasoline prices combined with traffic and parking troubles may cause many people to look at a "new" mode of transportation.

New Texas law, effective this week, created a new category of vehicle, the "motor-assisted bicycle." Mileage of 175-200 miles per gallon is claimed for the Solex, the only brand of motor-assisted bicycle so far certified by the Texas Department of Public Safety.

A motor-assisted bicycle can be propelled by human pedal power only, by a motor or by

both. Maximum speed is 20 mph on level ground with motor-power only. The motor must be less than 50cc piston displacement.

The new law, House Bill 1196, puts the new creation somewhere between an ordinary bicycle and a motorcycle. These rules apply:

- No protective headgear required.
- Annual vehicle inspection is required (new criteria, less stringent than for motorcycles).
- Motorcycle license plates required (but no title

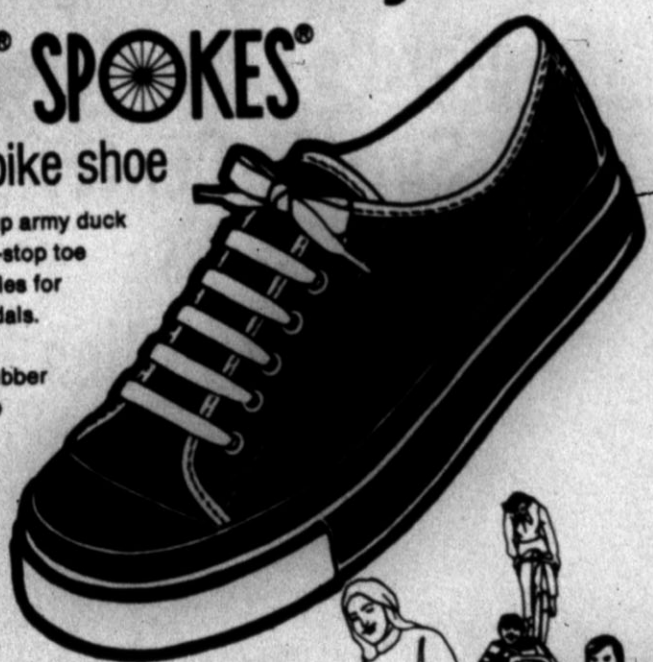

registration).

A motor-assisted bicycle operators license required (written test only, no riding test) with minimum age of 15. A valid motorcycle operators license is OK but an (automobile) operators license is not.

Motor-assisted bicycles are legal for operation on all public streets and highways on the same basis as other bicycles. In most Texas cities, they can even be operated in public parks, "hike-and-bike" trails, etc., if the motor is off and disengaged.

## All in the family Keds® SPOKES® the family bike shoe

Sturdy, stylish, lace-up army duck oxfords, with sudden-stop toe bumpers, deep outsoles for extra push on the pedals. Two colors give bike path dash, sponge rubber insole and arch keep busy feet from tiring. In sizes and styles for the whole family.

16" to 19"  
According to size and a great contest for all the family!

## WIN A RALEIGH® RECORD 10-speed bicycle Model DL-130 (No Purchase Necessary)

Come in and enter the Keds Spokes Shoe Contest\* today. Win a bike worth \$100 or more. Entry blanks available in our store. Contest ends

- \*Contest rules:
1. Winner will be chosen in random drawing. Decision will be final. Only one winner.
  2. Winner will receive one Raleigh Record 10-speed Model DL-130 bicycle.
  3. This contest is open to all U.S. residents except employees of UNIROVAL, INC., its advertising agencies, participating retailers, and their families.

Do's And Don't Of Milking

These three action photos from the Diamond Jubilee Cow Milking Contest give some hints on the proper way to get the job done. Champion Ruth Black, left, is seated close to the cow and

uses the pail-between-the-legs method. Linda McDowell, center, is not quite so close, but her main problem was in getting the cow to stand still. Gladys Cavness, right, was too far from her

work, and ol' Bossy kicked over her pail. Mary Dee Hoelscher won second place in the contest, and Allene Warden was third. Twelve ladies participated in the Jubilee contest.

# Mrs. Ruth Black Crowned Jubilee's Top Cow Milker

Mrs. Herschel (Ruth) Black emerged as the Ladies' Cow-Milking champion of Hereford's Diamond Jubilee Celebration Thursday, and it proved she hadn't lost her touch in some 20 years.

Twelve ladies entered the contest, and each had two minutes to coax as much milk as possible from ol' Bossy. Runner-up to the champion was Mrs. Marcus (Mary Dee) Hoelscher, and third place went to Mrs. Guy (Allene) Warden.

There were a couple of casualties in the contest, aside from the over-turned pails. Jubilee Queen Betty Hodges sustained a kick on the arm, and Mrs. Dwight (Susie) McGee also felt the ire of a dissatisfied cow.

Judge Bud Snyder measured the milk in each contestant's pail, pouring it into a

smaller bucket and gauging the depth of milk. Mrs. Black recorded some 2 inches of milk for the winning total, while Mrs. Hoelscher registered 1 3/4 inches, and Mrs. Warden had 1 inch.

Other entrants included Nell Cooper, Berta Ottosen, Carroll Ann Simmons, Sherry Hoover, Patsy Patrick, Linda McDowell, Gladys Cavness.

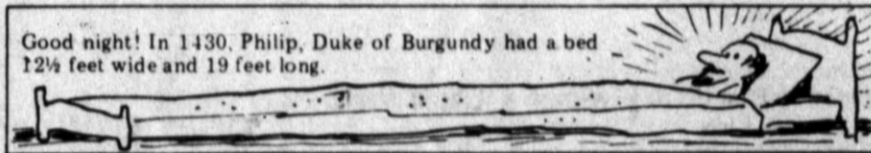

Snyder expressed gratitude to N.R. Jones, who provided the milk cows for the contest. Officials were not sure the contest was going to be held until Jones volunteered to haul his cows in from his dairy farm west of town.

Snyder also added a note of thanks to those who provided farm equipment and machinery for the display south of the museum during Jubilee Week.

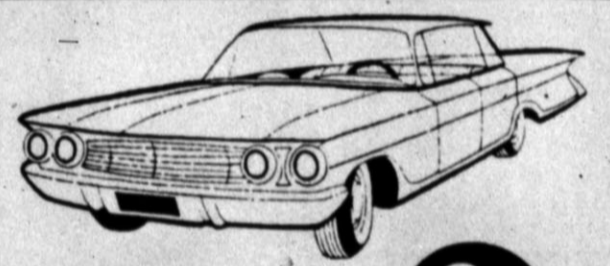

Top Milk Maids

As a part of agriculture day during Diamond Jubilee Week, a Ladies' Cow-Milking Contest was held Thursday south of the museum. Winners of the contest, left to right, were Mrs. Herschel Black, Mrs. Marcus Hoelscher and Mrs. Guy Warden. Twelve ladies participated in the contest, and only two casualties were reported. Mrs. Black, the champion, said it had been about 20 years since she milked a cow.

Good night! In 1430, Philip, Duke of Burgundy had a bed 12 1/2 feet wide and 19 feet long.

In ancient times only about 200 kinds of plants were known. Today scientists have named between 350,000 and 400,000 species, with about 2000 new kinds of plants discovered or developed every year.

## Bippus Reunion Visitors Come From Distant Spots

Annual Homecoming in Bippus community brought approximately 50 residents and ex-residents of that neighborhood to the community house, including two who traveled long distances from the east and the west.

Clark of Spartan, Mich., and Mrs. Todd Broadmoor of Lemon Grove, Calif., were honored. They were introduced by Mrs. Jack Weaver, who recognized Mr. and Mrs. S. N. Thweatt as the oldest couple present and Noah Anders as the youngest person.

Music made up most of the program at the Reunion, featuring the Trio of Hereford and songs and instrumental selections by Mary Ruth, Charlene and Joe Don Weaver. Youth of the community presented a skit, I Am America.

The Rev. Gene Brock gave the sermon at the morning worship service, with Our Eternal Homecoming as his subject. Clint Homfeld conducted a service of memorial for Mrs. Bill Doakes, Todd Steen, Richard Evans, Buck Watts and Chester Dodson.

Officers elected for next year's reunion are Mrs. Charles Higgins, president; Mrs. Edwin Morrison; vice president, and Mrs. Wayne Sifford, secretary.

## BIRTHS

Mr. and Mrs. Hector Martin Mata are the parents of a son, Hector Martin Jr., born September 1. He weighed 7 lbs. 10 oz.

Mr. and Mrs. James William Carnes are the parents of a son; James Joel, born August 31. He weighed 7 lbs. 10 1/2 oz.

Mr. and Mrs. LeRoy Williams are the parents of a son born August 30. He weighed 7 lbs. 15 oz.

Mr. and Mrs. Antonio Deojas Cantu are the parents of a son, Ismael, born August 29. He weighed 6 lbs. 6 oz.

Mr. and Mrs. Donovan Frank Laughlin are the parents of a son, Andy Michael, born August 29. He weighed 8 lbs. 6 1/2 oz.

## Postponed

The Guitorgan, which was to have been played Tuesday night at the IOOF Jamboree by Harold Manning was in Waco under repair for minor damages.

The solo concert has been postponed until the next Jamboree scheduled Nov. 13.

The sweet soft breezes this morn. Seem to be whispering, September is near. The dry leaf's rustle and the vivid colors of the flowers. Give promise that fall is just around the corner.

Fall days are busy days for the gardener. Time to prepare for harvesting late vegetables, and to ready potted plants for the winter months. Also the time when bulbs, corms, etc. will be planted for spring flowers.

If all the bulbs which Pioneer Study Club has sold are planted, and flower, Hereford will be a beautiful place come spring.

There is nothing quite so enchanting as a bed of fragrant hyacinths, or a brilliant planting in full bloom of red emperor tulips. Dainty and sweet massed blooms of anemones and the sudden surprise of the first crocus.

Since many gardeners will be planting for spring flowers, it is well to know when a bulb is a bulb or if it is not, what?

Many become confused when they see listed bulbs, corms, tubers, rhizomes, rootstocks and tuberous roots.

**Bulb:** A bud-like structure consisting of a small stem plate beset with closely crowded fleshy leaf bases, with buds in the axils of the leaves. Bulbs may be scaly with thickened narrow separate leaf bases as in the lily and dutch hyacinths. Bulbs with concentric layers are the onion, tulip and narcissus.

Some bulbs are eaten, such as the onion and in war times tulip bulbs were eaten in Holland. History reveals that they have almost become extinct because of this.

**Corm:** A short, upright, swollen, solid stem. Smaller than the tulip bulb, and larger than the grape (muscari) hyacinth bulb. A corm is therefore stem tissue. Examples of corms are gladiolus, crocus, and colchicums (fall crocus).

**Tuber:** A stem, usually underground and horizontal, thickened and fleshy and may be formed at the end of a slender underground rhizome or stem. These may arise on an aerial stem. Examples include potato and Jerusalem artichoke.

Artichokes are edible, and they also make excellent screening for a corner or for background planting. It is advisable not to plant them too close to the house because they attract worms and insects. When in flower they are very attractive.

**Tuberous roots:** Thick, fleshy storage roots as in dahlia, begonia, and cyclamen. They are roots, not tubers with eyes on the neck.

**Rhizome:** Is a thickened shoot that grows underground or along the soil surface, producing roots with its un-

dersides and leaves or shoots above the ground. Examples are bearded iris and Solomon seal.

The Dutch iris is propagated by bulbs, being the only iris which is grown from a bulb. It is much smaller than the tulip bulb and has different structure. The bloom is often referred to as the poor man's orchid.

Anemones are grown from a hardy bulb, which is the most peculiar of all the bulbs I have planted. One really might think they are planting a worm, as the shape and texture is very odd. They produce beautiful flowers. Especially attractive when massed.

**Rootstock:** Is in a measure related to the rhizome, only the shoots are short and stubby as in the canna.

All of these are storage organs full of food which enable the species to survive unfavorable climates. Bulbs are the little bulbs that form on the aerial stems of lilies and other plants.

Bulbets are those that form underground. It is well to save these, plant them in rows, and soon they will be of nice size, and can be listed as number ones. All is very fascinating, and a profitable study.

The crocus, and smaller bulbs should be planted first, grape hyacinths and other small bulbs, followed by daffodils. Tulips can be planted later. In fact a speaker at one of our garden club workshops said we could plant tulips as late as January, later if the ground is not frozen.

When planted this late they often bloom when the roses are in flower, therefore arrangers can really have fun working with the beautiful flowers.

Have received in the mails many flower books for autumn plantings, have found them most interesting and would be a profitable study for gardeners.

**GROOMING:** Harold H. Allen in the American Rose Annual says many gardeners snip spent flowers (especially of the grandiflora and floribunda roses) at the neck joint just beneath the bloom. This leaves a thin, weak stem, and the shoot developing from this will be incapable of producing a quality flower.

Mr. Allen recommends that we cut much further down, where the cane is pencil thick or thicker. He cuts approximately 1/4 inch above a good eye situated in a leaf-stem joint. The shoot that develops from that eye will become a stem of appreciable length and strength and produce a fine bloom.

It is advisable to use care in disbudding dahlias. Pinch when the buds are tiny and do not allow more than one bloom to a stem. Continue spraying for control of mildew.

Thanks to my many friends who have brought me fresh

vegetables and delicious fruit. Have had some delectable meals, thanks to you. We are so fortunate here to have such a good harvest, fine vegetable gardens and a full crop of fruits.

If you are seeking happiness, let others know you care, and share.

Remember we of Hustling Hereford are starting another period of history. What will our heritage for our generation be?

While we plan for greater accomplishments let us always be mindful that there must be joys and sacrifices in daily living and we all make contributions whether we are mindful of it or not.

As we share with others the excitement and satisfaction in guarding our heritage of natural beauty for enjoyment of generations to come, let us seek to preserve and sustain our heritage which will take dedication and the deep realization that we are co-workers with the God of all ages and that He will direct our footsteps if we will but let Him.

Sincere thanks for all who shared in the successful antique show, sponsored by the Pioneer Club and the Hereford Garden Club for their contribution to the beauty of the occasion. So good to greet friends and make new acquaintances. Do come again. Glad's Garden Gate is always open.

## India Study Will Begin At Luncheon

A firsthand view of India today will be presented by Mrs. Lyle Robinson of Tulsa when she is guest speaker to First United Methodist Women at a luncheon in the church fellowship hall Wednesday noon.

The visitor's discussion, illustrated with slides and mementoes she has brought from India, will introduce a study of India which will be continued in circles of the UMC women.

With this week's meeting, regular programs resume after the summer vacation schedule.

The executive meeting is to begin at 11:30 a.m. in the fellowship hall, with lunch to follow for all members at 12:15 p.m. The nursery will be open to care for small children.

# H<sup>3</sup> HUSTLE HUSTLE HUSTLE

By Bill Albright, Executive Vice President Deaf Smith County Chamber Of Commerce

Well, our Diamond Jubilee Celebration is history and we can all be proud of the results of the collective efforts of those who worked so hard and contributed so much.

For several months now we have focused on our rich and colorful heritage. We've honored our history and those pioneers who made that history.

These past 75 years of growth and progress didn't just happen. It took the dreams and vision of those early HUSTLERS. It took their foresight, labor and dollars to make Hereford what we enjoy today.

So we salute those who have gone before — and we now turn our attention to the important

subject of **HEREFORD — TODAY and HEREFORD TOMORROW.**

We need to take stock of where we are right now and where we want to be when our centennial celebration rolls around. 35 short years from now. We need to use a measure of that same vision and foresight; some of that aggressive pioneer spirit and a whole lot of courageous and capable planning.

Will they still call us HUSTLIN' in 1988? Will we still be a thriving growing community in which we're proud to live and raise our children? A lot depends on what we do right now.

We need to determine what's required in the way of industry — new and expanded? How about housing — do we need more rental property? What can we provide in the way of recreation?

Your Chamber of Commerce has been the focal point for the leadership which been provided over these past 75 years of progress and it will continue to support a quality life in a progressive growing community.

So here is our salute to the future — to **HOSPITABLE HUSTLIN' HEREFORD** in 1988.

## Comings And Goings At King's Manor

By FAYE GAUGGEL  
Mrs. Donnel Kruger and Mrs. Lee Carr, leaders of the Funny Face Bluebirds brought the group to the Manor after school Thursday, and gave Mrs. C.S. Pryor, a resident who is acting as their grandmother, a birthday party with many lovely gifts and a beautifully decorated birthday cake. Many of the residents came and enjoyed the party and delicious

cake also.  
Mr. and Mrs. Wallace Fields of Shamrock attended services at the Manor Sunday and spent the day with their mother, Mrs. H.T. Fields.

MISS DOWNSPOUT - MA'AM, THEN YOU DID ARRANGE FOR ME TO GET A BIT PART!

OF COURSE, POTEET! - YOU NEEDED SOME ACTUAL EXPERIENCE TO BACKGROUND YOUR HOLLYWOOD STORY!

POTEET IS DEEPLY MOVED BY THE SUICIDE OF A GIRL SHE REPLACED IN A BIT PART... THEN SHE LEARNS THAT...

I'M SORRY THE GIRL YOU REPLACED WAS SO DESPERATE THAT SHE KILLED HERSELF... BUT YOU MUST NOT BLAME YOURSELF...

...MY DISTINGUISHED EDITOR DID NOT MENTION THAT THE SUICIDE REALLY PROVES THE POINT OF THE ARTICLE I WILL WRITE...

...THAT THOSE KIDS SHOULD STAY AWAY FROM THE MOTION PICTURE BUSINESS IN THE FIRST PLACE!

WELL, DEAR, YOUR PIECE IS NOT GOING TO STOP THEM...

...AND BEAUTIFUL GIRLS LOSE PARTS EVERY DAY! BESIDES WHICH, BIG STARS SUCH AS MONROE ALSO HAVE HIT PANIC DEPTH AND GONE FOR THE PILLS!

REMEMBER JOAN CRAWFORD'S QUOTE - "A MOVIE CAREER IS WONDERFUL, BUT YOU CAN'T RUN YOUR FINGERS THROUGH ITS HAIR ON A COLD NIGHT!"

THERE IS A FINAL TWIST ON THIS... I WANTED TO SALVE MY CONSCIENCE...

BY ARRANGING TO SEND MY CHECK FOR THE ARTICLE I WILL WRITE... ...TO THE PARENTS OF THAT GIRL WHO COMMITTED SUICIDE!

BUT SHE HAD CHANGED HER NAME - AND CONCEALED WHERE SHE CAME FROM SO COMPLETELY... ...THAT NOW I CAN'T EVEN PURGE MY GUILT BY GIVING HER FOLKS THE MONEY!

# PONYTAIL BY LEE HOLLEY

BURGER BAR  
HOW ABOUT SOME GOODIES?

SORRY, DONALD, I'M BROKE

I HAVE SOME MONEY!  
THAT'S A NOVELTY!

INSULTS. ALL I GET IS INSULTS!

YOU HAVEN'T SAID ANYTHING NICE TO ME IN DAYS!

WELL, I'M ALWAYS HAVING TO BUY US SOMETHING TO EAT!

SO IT'S A SURPRISE WHEN YOU TREAT ME!

I HAVEN'T BORROWED ANY GAS MONEY FROM YOU LATELY, HAVE I?

THAT'S TRUE

WELL, I'M LOW ON GAS, AND AFTER PAYING FOR THESE MALTS...

I WONDER IF SHE REALIZES THIS IS AN INSULT, TOO

## hints from Heloise

**DEAR HELOISE:**  
This is a hint that has paid off for me several times since I have been using it. I carry two plastic gallon jugs filled with water along with a roll of friction-tape in my car at all times.

Last summer we came upon some people in a pick-up truck with a camper; they were having car trouble. It was about 10:30 p.m., and, of course, I felt a bit uneasy, but the fears were washed away when I heard a baby cry in the cab.

helped with.  
I know some people will say, "This might be a front for a hold up," but you still can help without becoming involved. Stop some distance in front of the distressed car, put out the water and tape, blow your horn and drive on. Then save up another pair of jugs and buy another roll of tape.

What a great, thoughtful idea! Now, after learning about this, my car, too, is equipped with these articles.

Heloise

**NO PINS, PLEASE!**  
**DEAR HELOISE:**  
A travel idea is to take along heavy balloons in the glove compartment of your car and a few pillowcases.

If someone wants to nap, a partially inflated balloon covered with a pillowcase makes a good makeshift headrest.

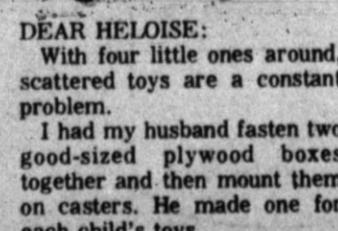

Beth Smith

**IT'S JOYLAND NOW!**  
**DEAR HELOISE:**  
With four little ones around, scattered toys are a constant problem.

I had my husband fasten two good-sized plywood boxes together and then mount them on casters. He made one for each child's toys.

The boxes can be rolled around with little effort and fit easily under each child's bed. Sure makes cleanup time more pleasant and gets all the toys up off the floor and out of sight.

Happy Mother

## HELP FOR HOMEMAKERS

**DRINK YOUR MILK!**  
**DEAR HELOISE:**  
Some people put chocolate or other flavorings in milk to get children to drink it.

I think my mother's method was better because it did not disguise the milk's flavor.

She would add a few pieces of dry cereal in the glass of milk. Any kind would do, as long as we kids liked it.

As we went after the cereal we unconsciously consumed all of the milk!  
Sure made milk drinking a lot more fun.

Missy

**GRAMMY KNOWS BEST**  
**DEAR HELOISE:**  
I am a sewing great-grandmother.

When I use a pattern that has more than one garment to the pattern - like blouse, jacket, skirt, etc., I separate the appropriate pattern pieces and put them in separate envelopes.

Then I label each envelope

and pin a scrap of the material I used to the outside.

At a glance I can tell what I made by that pattern and know if it needed any pattern changes.

Also, if I just want the pants or blouse, I don't have to unfold the entire package of pattern pieces.

Great-grandma

**LETTER OF LAUGHTER**  
**DEAR HELOISE:**  
Some very good friends gave us a canned ham for a present. We tried three can openers on it (all well used ones!), but with no success.

We finally used a paring knife which we ruined, but we got the can open.

When we turned the can over to put the ham onto the platter, there was a large key, made especially to open the can!

We threw the can and key in the trash.

One day later trying to squeeze the last drop out of a toothpaste tube, using a round

pencil, we knew we should have saved that big key!

Pete's Daughter-in-law

**HANG IT ALL!**  
**DEAR HELOISE:**  
I'm in the process of moving from one apartment to another. I find myself faced with the problem of patching small holes in my white walls where I've had pictures hanging.

So, armed with dustcloth, pliers, and a bottle of white correction fluid (for correcting typing errors), I took down all my small pictures.

I dusted the picture first and the wall where it had been hanging. Then, with the pliers, I carefully pulled out the picture hanger and taped it to the front of the picture, directly on the glass - if no glass, I taped it onto the back.

Finally, I lightly touched up the hole in the wall with the white correction fluid.

Not a mark to be seen anywhere on the wall. And I'm all set to rehanging the pictures in my new apartment.

Virginia Schubert

**THE BIRTHDAY BLUES**  
**DEAR HELOISE:**  
In a small office that I know of, the ladies all get together and go one step further than just the usual cake-and-card routine.

All the ladies honor the "birthday girl" by wearing clothing of her favorite color.

It adds to the festive mood

and makes the special one glow each time she sees one of her co-workers walk by.

A Reader

**IN THE LONG RUN!**  
**DEAR HELOISE:**  
I've just found a new use for panty hose with runs.

Wear them when you are ill and have to spend time flat on your back in bed.

They are warm and provide covering when slipping out of bed into bedroom slippers.

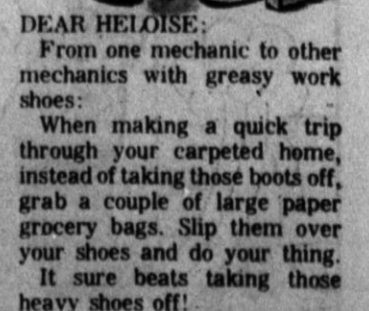

Mrs. J. L. H.

**IT'S A SHOO-IN!**  
**DEAR HELOISE:**  
From one mechanic to other mechanics with greasy work shoes:

When making a quick trip through your carpeted home, instead of taking those boots off, grab a couple of large paper grocery bags. Slip them over your shoes and do your thing.

It sure beats taking those heavy shoes off!

## HOCUS-FOCUS

CAN YOU TRUST YOUR EYES? There are at least six differences in drawing details between top and bottom panels. How quickly can you find them? Check answers with those below.

Differences: 1. Street light is missing. 2. House number is missing. 3. Bus is not there. 4. Sign is different. 5. Shirt is different. 6. Sweater is different. 7. House number is missing. 8. Bus is not there. 9. Sign is different.

### BULLETIN BOARD

● ON YOUR MARKS? Re-punctuate this sentence to make sense using three semicolons: In came the prisoner on his face; a fierce look on his feet; heavy boots protesting his innocence.

● This proves nothing: Start with nothing, add your age, double the result, add ten, divide by two, subtract your age, subtract five, and what have you got? Nothing.

● Scramble letters of underlined words to fill blanks: Beef stew is a favorite dish of cowboys out. The melon turned out to be a. A peach is not always West. lemon, cheap.

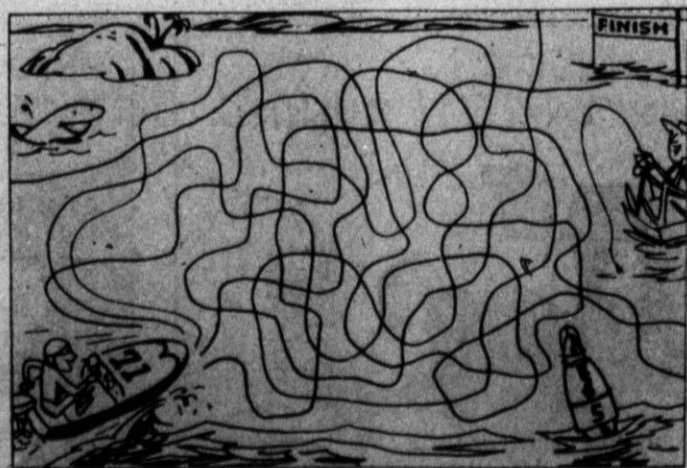

MAGIC CARD! Here is a feat of magic with which to mystify your friends. Fan out a deck of cards, and ask someone to select a card. Have him note its identity and replace it atop the deck.

Now, placing the deck behind you, attach a rolled piece of cellophane tape (previously prepared and concealed in your palm) sticky side out to the back of the chosen card.

Muttering some mumbo-jumbo, fling the entire deck with a flourish as flatly as possible against a nearby wall. Miraculously, the card your friend selected will cling to the wall while the rest of the deck descends to the floor.

A little practice will help, of course.

FULL SPEED AHEAD! Let's say you are at the controls of the speedboat at left above. Which path crosses finish line?
