Leaps To Win

Hereford's James Harris leaps 22 feet, 7 inches here to win the Hereford Regional Qualifiers Meet here Saturday and set a new career high for himself. With the leap Harris bettered his old mark by more than two inches and moved into

the lead among area jumpers. Harris went on to place first in two other events. See details of track meet in story inside, other pictures on Page 1, Section Two.

Cleanup Parade Slated Saturday

Led by HHS Whiteface Band, an anti-litter parade of Hereford youth organizations will initiate spring cleanup week Saturday morning, followed by trash pickup in various sections of town by the youth groups, each assigned to a work area.

Five trucks have been volunteered to haul away the litter under supervision of Edward Allison, beautification chairman of Deaf Smith County Chamber of Commerce.

That committee and its counterpart in the chamber Women's Division will conduct the weeklong cleanup effort, aimed at making the city more attractive as well as clearing out health hazards.

Mrs. W.C. Russell is chairman of the Women's Division committee which planned the parade and other activities, climaxed with tree planting ceremonies April 26 to observe Texas Arbor Day. Trees will be set on the grounds of Hereford Day Care Center, at Kings Manor retirement home and at Shirley School.

PRECEDING THE week, posters made by Hereford school children in third to sixth grades will be placed in store windows and other public places, calling attention to the cleanup. Mrs. R.W. Eades is chairman of this phase of the campaign.

Cash prizes will be given by the Women's Division, \$5 for first place winner in each school and an additional \$10 for the grand prize winner selected from school winners.

THE PARADE will form at the high school parking lot. Its route is down Avenue F to Park Ave., west on Park to Main Street and down Main where the units will turn off to go to their assigned work areas.

In addition to school organizations, 4-H Clubs, Rainbow Girls, Campfire Girls, Boy Scouts, Leo Club and Key Club members are to participate.

COOPERATION OF all residents in the city is being urged to rid Hereford of trash. Yards, vacant lots and alleys are all targets of the cleanup. Families are asked to set trees on their own home grounds on

Arbor Day or during the week, and to take other steps in beautifying their yards.

Mrs. R.C. Hoelscher and Mrs. Travis McPherson are co-chairmen of publicity for the campaign.

Others on the Women's Division beautification committee are Mmes. Charles Riggan, Guy Warden, T.J. Carter, E.W. Young, C.O. Taylor, Melvin Jayroe, Glenda Hansen, Ray Cowser, Bob Spangler, Jay Boston, Joe F. Clark, Darrell Rose and Homer Garrison.

Serving with Allison on the Chamber committee are Frank Ford, Roger Hale, Pitts Harrison, Dorrel Jones, Mark Smart and Lester Wagner.

Cleanup Begins

A dilapidated residence, long abandoned, has been torn down on this corner but the debris and weeds still call for action in the citywide cleanup campaign next week. Mrs. Travis McPherson and Mrs. R.C. Hoelscher of the beautification committee of the Chamber of Commerce Women's Division look over the site rather pessimistically.

May Cost \$265,000

City Discusses Trash Problem

By DON RICHARDS
Brand News Editor

Hereford City Commissioners may be forced to use their quarter of a million dollars left from revenue sharing funds just to take care of the city trash problems.

New incinerators to take care of the city's 22.15 tons of trash per day are, expected to cost about \$265,000. But commissioners are not faced with much of a choice — they must have them.

The commissioners discussed their plans about the incinerator problems during their Monday night meeting at City Hall. The present problem arose after 80 mile-an-hour winds caved in the side of the city's tepee type incinerator.

THE STATE has now outlawed the tepee type burners because of the excess smoke that is let off and Hereford has been using expensive sanitary land fill since it lost use of its trash burner.

City Manager Dudley Bayne recently visited Houston where he saw the new type of incinerator in use and said it is very efficient and is state approved. He

added that the City of Houston has purchased about 200 of them. It would take three to handle Hereford's daily trash.

THE STATE has earlier suggested Hereford city officials spend upwards of \$1 million on a new incinerator, but city officials have felt it not as efficient as the tepee burner.

Bayne said an official of the incinerator company would be in Hereford this week to view present facilities to see if some of the incinerator equipment could be saved.

Commissioners then decided to postpone any action until Bayne could recommend what action be taken.

IN OTHER action at the meeting Commissioners accepted a low bid of \$5,131 from K and S Sales for a new tractor for the Parks Department. Other bids were submitted by Davis Implement for \$6,304 and from Kent Supply for \$5,499.

Commissioners also decided to keep two used police cars to use for city use and as a backup for the police

department. The city accepted other bids for used city equipment sold through closed bidding by the public. Used police cars, city trucks and unclaimed bicycles were sold to the highest bidders.

REPRESENTATIVES from the Hereford Jaycees missed the meeting and were a part of the agenda and were expected to ask for permission to place baseball backstops in some of the city parks. However, they were placed on the agenda for the May 6 meeting of the Commission.

In other action at the meeting Majin Garza appeared before the Commissioners to complain about an incident recently in which he was stopped and questioned by a Hereford Police officer.

Garza said the officer stopped him about 2 a.m. one morning recently just to question him. Garza added that he felt this type of action by officers was inappropriate.

Mayor Jim Sears and Bayne said they felt officers should not be harrasing people, but said it is customary and correct for officers to stop and question people they feel might be acting suspicious or might have been suspected to have been connected with some crime. They added they felt the time of the incident might have been part of the problem.

Commissioner Paul Abalos then suggested Garza set up a meeting with Police Chief Don Brush to discuss the problem to see if the two could not "work out" the problem.

COMMISSIONERS also voted to approve petitions to close portions of Jewell and Witherspoon Streets between the Santa Fe Railroad tracks and New York Avenue and just south of New York Avenue. Arrowhead Mills and the George Warner Seed Company had requested the action.

Commissioners also approved a resolution to remove errors from the tax rolls that were discovered recently when delinquent tax notices were mailed.

IN FINAL action Commissioner H.A. Cavness asked for information concerning the city ordinance pertaining to fireworks.

Bayne said no fireworks can be sold,

discharged or transported for sale within the city limits. He added that the ordinance will be strictly enforced.

Bayne also said a new state law is expected to go into effect next year completely prohibiting fireworks in the state of Texas.

All commissioners were present for the meeting along with Bayne and Sears.

Choosing Van Line Important In Moving

(EDITOR'S NOTE: This is the third article in a series of nine relating to the problems involved in a family's moving from one town to another town.)

By JANIS LOCKHART
Brand Staff Writer

There is more to selecting a van line than just looking into the yellow pages.

Each moving line has its own policies and these policies affect each prospective client.

One transport will not remove anything from any wall in a house. The family must remove every picture, mirror and anything else hanging, and place it on a bed or somewhere the movers can come in and pack it.

This means that if one is moving curtains and drapes these must be taken down beforehand. This can be bothersome if one must spend the night in the house and yet have it ready for packing early the next morning.

ONE LOCAL van line said, "We do everything for you from beginning to end, you do nothing." This sounds great but one should make sure there are no exceptions to find out about after one chooses a moving company.

With the paper shortage one might want to make sure that when packing dishes, use something other than newspaper if at all possible. (It is murder to get the black print off of white dishes.)

One lady that has just recently moved from Hereford said, "I had to run all the dishes through the dishwasher twice before the black print came off."

We have to appreciate the paper shortage and its

problems, but why not pack other objects in the newspaper rather than the dishes we put our food on.

Besides, fine china just does not look good wrapped in the local news.

ONE MAJOR thing that each housewife should keep in mind is to keep track of all damages at the time of unpacking and file a claim for these things. It may take a little time, but when you have had a typewriter dropped and broken or a desk cracked and after one year, the desk is still not fixed. The client may have second thoughts about the choice of the mover.

After several calls, now it is too late to have it fixed. The mover has a time limit as to how long he is responsible for fixing any damage.

ANOTHER TYPE of van line researched is ideal. When their men arrive, they lay carpet runners out so as not to bring mud, grass, or dirt onto your carpet.

A new aspect is "Maid Service". Women will appreciate this. This service is constructed to help clean up the house they are leaving after the furniture is removed. The maid will be provided again to help when the new house has been filled with belongings. This is a major break-through.

WHEN THEY are unloading and call you out to the truck to ask where a large piece of furniture should be put, stand very far back.

If they have forgotten to bolt the steel ramp to the truck and there are two men plus a large article such as a sofa, all perched on this ramp and it falls, it will most certainly break at least five toes per foot if you happen to be standing where I stood.

Don Richards Resigns As Brand News Editor

Don Richards, news editor of The Hereford Brand, announced his resignation this week to become owner and publisher of The Clarendon Press.

Richards, news editor since May 1973, will move to Clarendon this weekend and will assume management of the weekly newspaper Monday. His wife, Melba, will be associated with Richards in the operation of the paper.

"We hate to lose the services of Don—he is an outstanding young editor and has won the admiration of many citizens while performing his duties with The Brand," publisher O.G. Nieman stated. "We can only wish him much success in his new venture," added Nieman.

Richards is a fourth-generation

newsman and was employed with The Brownfield News and Abilene Reporter-News before coming to Hereford last year. His father, A.E. Richards, is publisher of The Rails Banner and Jayton Chronicle, and his grandfather and great-grandfather were newspaper men.

A graduate of Texas Tech, the 26-year-old Richards was editor of The University Daily while in college. He was on the dean's list and selected to Who's Who in American Colleges and Universities, and was a member of the Saddle Tramps and Sigma Delta Chi.

Nieman said The Brand hopes to name a successor within the next few weeks. Richards had submitted his resignation about two weeks ago, and a replacement is being sought.

Lawrence Strafuss Elected Hospital Board Chairman

Lawrence Strafuss was re-elected Chairman of the Deaf Smith County Hospital District Board of Directors in a re-organization meeting Tuesday morning.

Officers retained along with Strafuss were Mrs. Charles Hoover, vice president, and Tommy Carnahan, secretary-treasurer.

Frank Zinser was the new member to the board, replacing Ed Wilson.

In addition to the electing of new officers, the directors went into a lengthy discussion of long range goals for the hospital. Present at the meeting was Bill O'Connell of O'Connell, Probst and Zelsman of Austin, who presented a slide presentation concerning his firm's study of long range proposals for the hospital.

O'Connell said the hospital should first undertake a plan to remodel, add to and update the surgery department of the hospital. He complimented the present surgery department at the hospital and said his proposal was looking over the next five to seven years at keeping the surgery department up to hospital standards.

O'Connell presented a nine-item list of proposed hospital goals, and set up priorities as to how his firm felt the board should proceed with remodeling plans in the future. The

architect hesitated to place a dollar figure on the total remodeling plan because of changing costs, but estimated the total nine-item list would be about \$500,000.

The architect recommended adding no new beds to the hospital but said funds will be needed to modernize the hospital and finance support material and equipment. His suggestions included remodeling the original building in the hospital and replacing air conditioning units. He added that the 1963 addition to the hospital needs only minor maintenance and that the newest addition is in good shape and needs no remodeling.

Other recommendations were to remodel to add fire and safety standards, which the board had already authorized; upgrade operating room facilities; add two new operating rooms; move nursing staff station; move the recovery rooms nearer the surgery rooms; enlarge and consolidate central supply; add a new kitchen facility; add a small laundry; enlarge emergency rooms and improve dietary facilities.

There are no major changes needed in the next seven years," he said, "but these facilities will be needed by then and I feel you should begin to work toward these goals now so that you don't have everything needed at once."

"Updated surgery and other support facilities such as laboratories, x-rays and specialized departments will help you draw new doctors to the hospital."

Hospital board members discussed at length possible financing of the long range plans and ways to proceed to make sure the progress is needed before the funds allocated.

The board then selected two committees to look into detail into financing and farther at the long-range plans. Selected to the finance committee were Mrs. Hoover, Zinser and Strafuss. Selected on the joint-conference committee to meet with the Medical Staff to plan goals were Carnahan, Mrs. Harlan VanderZee and Dr. Hugh McCrary.

In other action at the meeting, Ron Welty, hospital administrator, reported that the new minimum wage bill will add about \$3,000 a month in additional salary expense to the hospital.

Dr. A.T. Mims gave the Medical Staff report and said that the staff had accepted a plan to test a new respiratory service for 90 days. He added that the staff had discussed a plan related to the Mental Health Mental Retardation plan to help potential suicide and drug cases.

Fire At A & W

Firemen work to get water inside of the A&W Drive In on Park Avenue about 8:30 a.m. Monday in an attempt to extinguish the blaze inside. Fire Marshal Jay Spain said the fire started from a short in the deep fryer at the drive in, but that a built-in fire safety extinguisher saved the place from heavy damage. The fire was quickly under control, but heavy damage was done to the kitchen portion of the building.

Patrol Reports March Mishaps

The Texas Highway Patrol investigated nine accidents on rural highways in Deaf Smith County during the month of March, 1974, according to Sergeant W.E. Wells, Highway Patrol supervisor of this area.

These crashes resulted in one person killed and two injured.

The rural traffic accident summary for this county during the first three months of 1974 shows a total of 16 accidents resulting in one person killed and six injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for March,

1974, shows a total of 395 accidents resulting in 23 persons killed and 172 persons injured as compared to March, 1973, with 468 accidents resulting in 19 persons killed and 263 persons injured. This was 73 less accidents, four more killed, and 91 less injured in 1974 at the same period of time.

The 23-traffic deaths for the month of March, 1974, occurred in the following counties: five in Lubbock; four in Hale; two each in Parker and Wichita; and one each in Deaf Smith, Foard, Gray, Hutchinson, Randall, Wheeler, Bailey, Palo Pinto, Terry, and Young counties.

Rotarians View Slide Presentation On Russia

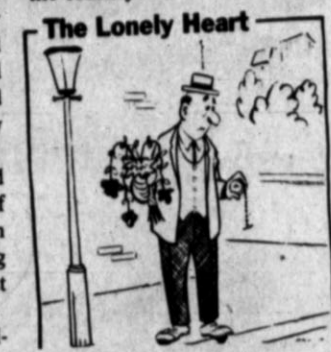

The Hereford Noon Rotary Club Monday viewed a slide presentation by Virgil Smith about his recent trips to Russia.

A graduate of Oklahoma State University, Smith is involved in developing different varieties of wheat and recently visited Russia to aid them in their wheat production. He explained Russian politics and showed slides of historic places and others that showed Soviet way of life.

"I work in developing and selling different varieties of wheat," he explained. "I can assure you that I have nothing whatsoever to do with wheat commodities."

Smith explained that agricul-

ture, like everything else, is controlled and operated by the government in Russia and therefore is very inefficient. He explained much of the Russian way of life with his presentation and explained some history of the country.

Sid Henderson Found Dead, Funeral Services Set Today

Sidney Wayne Henderson, 21, was found dead about 10:30 a.m. Tuesday in the floorboard of his car parked inside his father's service station on Park Avenue.

Judge Glen Nelson, peace justice, pronounced Henderson dead at the scene and ruled the death as a result of carbon monoxide poisoning. However, an autopsy was ordered by Nelson.

Officials said Henderson had gone to the station the night before to work on his car. The station was closed and he apparently closed the garage

doors, but left the motor running on his car.

Investigators said the ignition switch was on the vehicle and the gas gauge on empty, although the car was not running when he was found by his father, Melvin Henderson. Time of death was estimated to be about eight to 10 hours before he was found.

Born in Levelland July 28, 1952, Henderson came with his parents to Deaf Smith County two years later.

Funeral services are to be conducted at 10 a.m. today in

Avenue Baptist Church, of which he was a member. The Rev. John H. Johns, pastor, and the Rev. Prentice Smith, pastor of Greenwood Baptist Church, will officiate. Burial will be in West Park Cemetery, directed by Gililand-Watson Funeral Home.

Survivors are his parents, Mr. and Mrs. Melvin Henderson; three brothers, Ronny and Billy of Hereford and Keith of Amarillo; and grandparents, Mr. and Mrs. Bill Henderson of Levelland and Mrs. Leon Sanders of Aransas Pass.

Special Survey Begun For Activity Program

Senior citizens, aged over 55 years old, are urged to contact Deaf Smith County Community Action if interested in participating in an activity program.

Funds have been made available to the local chapter from the Texas Panhandle Community Action group to organize recreational programs for senior citizens.

A survey is now being con-

ducted to see if there is sufficient interest to initiate the project.

Senior residents are invited to respond to the concept by mailing their name, address

and telephone number to Deaf Smith Community Action, Box 1731, Hereford. These will be answered by telephone calls to obtain further information.

The program will include

outings, games, such as "42", crafts and other appropriate activities. Recreation suggestions are invited also.

The survey can be answered by telephoning 364-5631 or 364-

5641 or visiting the Deaf Smith Community Action center south of Hereford on Archer Road.

Local response will determine whether the idea is feasible for this area.

Ghosts in India will not cross the threshold of a house if camel bones are buried under it. Who can blame them!

A.S. Higgins Services Are Planned

Graveside funeral services for Albert Sidney Higgins, rancher living near Texline who was a former longtime resident of Deaf Smith County, will be conducted at 4:30 p.m. today in West Park Cemetery, directed by Gililand-Watson Funeral Home.

Mr. Higgins was a member of a pioneer ranching family of this county, which settled in the area before 1890. He lived in the Progressive community northeast of Hereford until the late 1940's, when he sold his property there and moved to Texline.

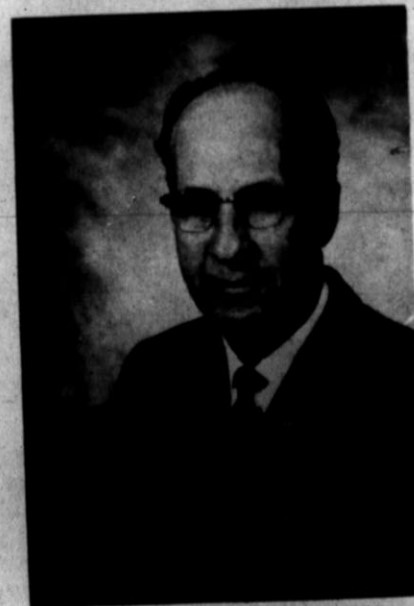

Members of his immediate family reside elsewhere now but he has a number of cousins from various branches of the Higgins family, who still live in Deaf Smith County.

Funeral For Frank Smith Is Pending

Funeral arrangements for Frank Smith, Hereford resident more than 40 years who died Tuesday in a rest home at Yukon, Okla., were being made Wednesday afternoon at Gililand-Watson Funeral Home.

Mr. Smith was a painting contractor in business here since 1929, when he came from Anson. His wife, who was Edna Sharp before their marriage Jan. 13, 1923, in Dallas, died here in September of 1969.

Survivors include four daughters, Billye Jane Noyes of Hereford, Doris Goldboro, Theresa Throckmorton and Christine Weber, and a son, Robert Bruce Smith.

Second Performance Set Friday Night

Stanton All-School Play Begins Tonight

Two Arrested On Warrants

A man and his wife were arrested by Sheriff's officers Monday in connection with the theft of "several thousand dollars worth of cattle" from Colorado.

Deaf Smith County Sheriff Travis McPherson said his deputies arrested James Landrum Lewis, 44 and his wife

Wahnita, 35, on a fugitive warrant from Colorado. He said both had been charged with fraud by check in connection with the cattle.

Bond was set at \$25,000 on each.

The couple had been in Hereford only a few days at the time of their arrest at No. 32 Elm Court, where they were staying.

McPherson also indicated he expects several other arrest warrants will come in connection with the case.

A man plunges into politics to make his fortune, and only cares that the world shall last his days.

-R.W. Emerson.

Scott Dryden and Melinda Gonzales portray George and Mozelle as they discuss their future in the Stanton Junior High Play.

Students from Stanton Jr. High will present the annual all school play Thursday and Friday, in the Stanton auditorium.

The title of the play is "It All Started With...." or The Boy Who Changed The World, by Patricia Malango. Curtain time is 7:30 p.m.

The play is a story about a teen-age cave boy with a problem. He isn't interested in the things a cave boy should be such as, fighting, hunting and fishing. He would rather wander about the forest daydreaming.

He is flunking school because he can't master the survival skills taught there. This is serious, as the weak who can't support themselves are necessarily exiled to certain death in the wilderness.

George's father, John the Strong, will not allow his son's exile, a temporary measure which ruins his campaign for mayor of the village.

How George solves his problems and makes a place for himself in his society is the story of the play. Somewhere, sometime, there had to be a beginning of civilization, and for all we know, perhaps it really did happen just this way.

The cast is: George, Scott Dryden; John the Strong, Ted Pittsinger; Agatha, Charlene Smith; Mozelle, Melinda Gonzales; Dorothy, Rose Valdez; Paul the professor, Marc Strange; Scarface, Ed Frye; Spear, James Mays; Bear, Robert Schumacher; Ruth, Dianne Banner; Irma, Nickie Stipe; Genevieve, Sabra Hacker; Irving the Great Nose, Jon Fraser; Ralph the Fast Runner, Lyle Bonner; The Voice, Shelby Rogers; Children of the village, Melissa Morgan, Tonya Black, Becky Aguirre, Ruben Vargas.

George's Schoolmates, Lance Walton, Karl King, David Record, Chris Southward, Mike Culp, Jim Banner.

Ruth's Gang, Renee Imman, Cecilia Ricketts, Shelby Rogers, Sonya Hacker; Margaret Brumley, Judy Griego, Lyla Poteet, Gracie Grand, Tawana Moton.

Women of the Village, Brenda Keeter, Kim Cochran, and Jeanne Hair.

The play will be directed by Darla Hodgson and music at intermission provided by the Dogie-ettes directed by Doug Morris.

Scene From Play

Paul the Professor gives his students instructions, a scene from the Stanton all school play. From left to right: Karl King, Scott Dryden, David Record, Chris Southward, Ed Frye, Marc Strange, James Mays, Jim Banner, and Mike Culp.

NEWS NOTES

FEEL CHANGE
SPACE CENTER, HOUSTON-SkyLab 3's astronauts said they feel changes of "almost a spiritual nature" in their views of themselves, of other humans and of the possibility of life existing elsewhere in the universe, after orbiting the earth for 48 days.

KISSINGER POLL WINNER
PRINCETON, N.J.--The Gallup Poll reports that Secretary of State Henry Kissinger is the man Americans most admire. Others in order are The Rev. Billy Graham, President Nixon, Sen. Edward Kennedy, and Vice President Gerald Ford was fifth.

FEDERAL PAY RAISE
Member of Congress, the Cabinet and top Federal officials are scheduled for pay raises exceeding 7 per cent in early March--and more again in 1975 and 1976. It will be the first salary increase for the Government's upper echelon since 1969.

SOVIETS TO ECONOMIZE
MOSCOW--The Soviet Union's top planner has warned that Russians are going to have to be careful about their use of fuel. He told the Communist planners, who direct the Russian economy, they have to scale down their general economic targets for 1974.

Be as anxious to help others as you are to accept favors.

The Kitchen Almanac

For a really different taste, baste chicken or turkey with the juice from any canned fruit... When making a cake, have eggs and liquid ingredients at room temperature.

To frost cupcakes in a hurry, simply dip the top of each cupcake into soft frosting and swirl... Keep a large salt shaker filled with flour. It comes in handy when flouring a board for rolling out dough, coating chicken, making gravy, etc.

Know The Cooking Lingo
Coddle: Simmer gently in liquid for a short time.

Creative Hot Water Cookery: Cooking with a Hot-water Dispenser. (The unusual appliance by KitchenAid dispenses hot water preheated up to 190°.) In addition, for use with many convenience foods — hot cereals, gravies and hot beverages — the versatile dispenser is also handy for such tasks as thawing, warming, melting and blanching. Instant hot water saves the cook the time and trouble of always having to "put the teakettle on."

Canape: A French term for a tiny piece of fried or toasted bread topped or spread with appetizers.

Julienne: To cut food into match-like strips.

- What great disaster occurred April 14, 1912?
- What are the Roman numerals on the reverse side of the Great U.S. Seal?
- On the Great Seal what is the motto on the ribbon in the eagle's beak?
- When did crucifixion cease to be a form of punishment?

Answers To Who Knows

- April 17, 1942.
- A writ issued to enforce performance of a public duty.
- Arizona.
- Records show Egyptian and Roman children played with marbles before Christ was born.
- Pennsylvania.
- A lightweight marimba resembling a xylophone.
- The Titanic sank.
- MDCCLXXVI (1776).
- E Pluribus Unum—Out of Many, One.
- In the 4th Century A.D., throughout the Roman Empire.

Chemical Fertilizers' Loss Would Cut Crop Production In Half, Says Scientist

Take away chemical fertilizers and crop production in the United States would drop 50 per cent this year, says a North Carolina State University soil scientist. And that's not all, according to Dr. J. Fulton Lutz. Further depletion of soil nutrients would mean an additional 25 per cent drop in production in 1974. The scientist said his predictions are made to illustrate the serious threat to those who want to ban chemical fertilizers in this country. Two states in recent years passed laws banning chemical fertilizers, but quickly rescinded them. "We must learn to live with chemical fertilizers or starve," says Dr. Lutz. He points out that many farmers prior to 1942 never made more than 20 bushels

of corn per acre. In 1972, however, with the aid of more nitrogen and other fertilizers, the average yield was about 80 bushels. Fertilizers have also been a big factor in tripling yields of wheat and other crops in the last 25 years. "Many people do not understand that chemical fertilizers are essential if we are to feed our present population," the scientist notes. "Only a small part of these fertilizers can be replaced with animal manure." Taking his own state as an example, the North Carolina soil scientist said—if all the cattle manure produced in that state could be spread evenly—it would amount to about 500 pounds for each acre of crop and pasture land. Since cattle manure contains only about 10 pounds

of nitrogen, five pounds of phosphorous, and 10 pounds of potash per ton, it would be a poor substitute for chemical fertilizers, he added.

ON WAR POWERS
The House and Senate overrode President Nixon's veto of a bill restricting his powers to wage war. This was the first of nine vetoes by the President since his re-election that Congress overrode.

U.S. AND EGYPT
CAIRO—The United States and Egypt have announced agreement to resume diplomatic relations and exchange ambassadors within the very near future.

2155 Acres of Choice Colorado Irrigation Land

PUBLIC AUCTION

WEDNESDAY, APRIL 24, 1974
Commencing at 1:30 p.m.

LOCATED: 5 MILES EAST OF ARAPAHO, COLORADO—OR—5 1/2 MILES WEST OF WERKAN, KANSAS
(Sale will be conducted at the Headquarters)

- * Irrigation wells with pumps & motors
 - p Pivots for Valley Sprinklers
 - Improvements or Headquarters
- Numbers 1 through 7 Order of sale of Tracts

HERE IS AN OPPORTUNITY TO BUY SOME OF COLORADO'S FINEST IRRIGATED FARM LAND that is real well located and is highly productive. The Buyer shall receive possession as soon as the crops are harvested and the Buyer or Buyers shall receive 1/2 of the wheat delivered.

LEGAL DESCRIPTION: The West Half and the Southeast Quarter of Section Two (2); All of Section Three (3); All of Section Four (4); That portion of the North Half of Section Ten (10) lying North of the Union Pacific Railroad Right-of-way; That portion of the North Half of Section Eleven (11) lying North of the Union Pacific Railroad Right-of-way; All located in Township Fourteen (14), South of Range 42, West of the 6th Principal Meridian, in Cheyenne County, Colorado. (2155 acres more or less)

TRACT 1
This is a real fine 320 acre farm all in irrigation and in wheat. It has a real good irrigation well with pump & 250 hp motor, 2 pivots & a nearly new Valley Sprinkler System. This Tract is the W/4-4-14-4.

TRACT 2
Here is a real fine, fully irrigated 320 acre farm all in wheat. It also has a real good well with pump and a 250 hp motor, 2 pivots & a nearly new Valley Sprinkler System. This is the E/4-4-14-4.

TRACT 3
Here is another real good 320 acres that is all in irrigation and in wheat. It has another one of the fine irrigation wells with a 250 hp Cummings Motors and Pump, 2 pivots and a nearly new Valley Sprinkler System. This is the W/4-3-14-4.

TRACT 4
This 320 acre farm lays real good and is all in wheat except for about 40 acres of native grass. It has a real strong irrigation well with pump and electric motor. This is the E/4-3-14-4.

TRACT 5
This 320 acre farm has the improvements on it. One real strong irrigation well with pump & 250 hp Cummings Motor, 1 pivot & nearly new Valley Sprinkler System. One Quarter in irrigated wheat, one Quarter in Native Grass & it's a real good Quarter and one Quarter the owners were thinking of planting Corn.

TRACT 6
Here is 125 acres across the road from that fine well on Tract 5. It is all in wheat and will irrigate either from Tracts 5 or 7. This is that portion lying north of the railroad of the N/4-11-14-4.

TRACT 7
Here is 220 acres of real fine farm land that is 90 in wheat with about 200 acres in flood irrigation. It has an extra strong well with a 250 hp Cat Motor. This is that portion lying North of the railroad of the N/4-11-14-4.

IRRIGATION WELLS: All of the irrigation wells are good, strong wells that will easily pump from 1600 gal. per min. to over 2,000 gal. per min. All 5 of the gas motors are on Natural Gas with only one well with electric motor.

IMPROVEMENTS: There is an older modern home, a set of corrals and a real good 42'x50' Quonset steel building with concrete floor.

ORDER OF SALE: Tract 1 will be offered separately and Tract 2 will be offered separately. Tracts 3 & 4 will be offered as a unit. Tract 5 will be offered separately and Tract 6 will be offered separately and then Tracts 3 & 4 will be offered as a unit. Tract 7 will be offered separately and then Tracts 5, 6 & 7 will be offered as a unit. Then Tracts 6 & 7 will be offered as a unit. Then Tracts 5, 6 & 7 will be offered as a unit. Then all of the Tracts will be offered as a unit and then the land will sell the way it brings the most money.

TERMS AND FINANCING: 10% to be paid down day of sale to be held in Escrow. Sellers will furnish a merchantable Title to the Buyer or Buyers, then not more than 10% will be due with the balance to be carried by the Sellers for 10 years at 7% interest with the Buyer having the privilege to pay up to 20% in any one year.

To Perform Tonight

Jose Greco, internationally-known master of the classical Spanish dance, and his assistant, Nana Lorca, will be presented in a lecture-demonstration-recital at Canyon High School tonight at 8 p.m. The program is sponsored jointly by West Texas State University and the National Endowment for the Arts. The general public may purchase tickets at \$2 for adults and \$1 for students.

NEWS VIEWS

Henry M. Jackson, Senator (D-Wash):
"The big oil companies will earn obscene profits because the administration refused to impose controls."
Gerald R. Ford, Vice President:
"Our Republican party organization must be the vehicle for future elections."

J. James Exon, Chairman of the Midwest Grocers' Conference:
"There is an improper spread between consumer prices and farm prices."
Georg Leher, West German Defense Minister:
"A united Europe can only be achieved if it pays heed to a sensible relationship with America."

Henry Kissinger, Secretary of State, in Russia:
"If our two nations attempt to take advantage of each other... then there can be no peace among ourselves or in the world."
John T. Dunlop, Member of the Cost of Living Council:
"Congress is hurting the fight against inflation with a stop-and-go attitude towards wage and price controls."

Air Transportation

A Necessity — Not A Luxury

Air transportation means a lot to someone who wants to visit a seriously ill father or mother — or whose children are trying to get home from school on vacation.

But it means a lot more than that to the entire country. On the service side, it means an integrated system that offers speed, mobility, flexible capacity, safety, economy efficiency and convenience in personal, business and recreational travel — moving people and things quickly from where they are to where they want to go, when they want to go.

In 1973 U.S. commercial air transportation contributed more than \$30 billion to the Gross National Product. It carried 200 million people some 161 billion passenger miles (the equivalent of nearly an 800-mile trip for every man, woman and child in the United States). At the same time it carried nearly 400 million tons of freight and express, and about 16 billion letters.

This feat was accomplished by about 2250 aircraft, mostly jet, valued at more than \$12 billion.

The fact is that some 78% of all passenger miles travelled on public carriers between cities in the U.S. and 95% between the U.S. and overseas destinations were by air.

But speed, convenience and comfort in movement are only a few of the contributions of the commercial air system. Its very existence advances technology, supports national defense (the air reserve fleet system) and contributes to economic stability and growth at every level of our society. This impact on the economy often is overlooked.

For example, in the New York metropolitan area, the contribution of the air transport industry is about \$7 billion a year. Last year half of the airline employees based in the Chicago area made mortgage payments on \$400 million worth of homes. The Atlanta International Airport is the single largest employer in the state of Georgia.

Every industry, air transport included, has a "ripple effect" on the economy. For example, an airline buys a modern jet aircraft for \$25 million (\$2.4 billion worth of such aircraft now are on order). The company that delivers that airliner probably has somewhere between 7,000 and 10,000 subcontractors, sub-subcontractors, suppliers and vendors. Each of these supports many people in thousands of communities who pay taxes; buy food, clothing, automobiles and other goods and services; make payments on homes, and participate in all facets of community activity.

So the five-hour trip from New York to Los Angeles by air (which used to take three days and many stops) is only the tip of a mammoth economic pyramid.

It is inevitable that we must depend more and more on air transportation to tie our country and the world together — effectively and efficiently. It therefore deserves high priority in national transportation policy considerations.

Crist Opens Officially

The public is invited to attend ribbon-cutting ceremonies at Crist Appliance Inc., 112 Miles, at 9 a.m. today.

The festivities will launch a three-day Grand Opening for the new business owned by Mr. and Mrs. Gene Crist.

Representatives of the Chamber of Commerce will be on hand to participate in the event.

If you can't get PIONEER Brand 8311 here are some excellent alternative hybrids for High Plains farmers.

Pioneer Brand 8311, the "Golden Bronze Yield Leader," has been our most popular hybrid this year — so popular, in fact, that it may be in short supply in some areas. One reason is that the demand has been so great downstate where 8311's disease tolerance is so important. Fortunately, there are several other Pioneer Brand hybrids that are proven top performers on the High Plains. If you can't get 8311, ask your dealer about these.

- PIONEER Brand 8417**
This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.
- PIONEER Brand 820**
This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.
- PIONEER Brand 828**
One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.
- PIONEER Brand 846**
Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

PIONEER BRAND SEEDS

U.S. composers hit hard times

DIAMOND: Quintet in B Minor for Flute, String Trio and Piano. **THOMPSON:** Serenade for Flute and Violin. **PALMER:** Quintet in A-Clarinet, String Trio and Piano. **DAVID GILBERT:** flute; **ARTHUR BLOOM:** clarinet; **KEES KOOPER:** violin; **PAUL DOKTOR:** viola; **FRED SHERRY** and **WARREN LASH:** cello; **MARY LOUISE BOEHM:** piano. Turnabout TV-S 34508.

In his Quintet, completed in its present altered form in 1963 when the composer was 48, Palmer seems to be dreaming his way in a random fashion and does not come up with a work of strength or direction. This is music by a man who can't make up his mind what he wants to do.

PORT WASHINGTON, WIS. — Grass cutting time is closer than you think! Now is the time to insure that your mower will work well and will conserve fuel, according to Gerald Streng, of the Simplicity Manufacturing Co., Inc., an affiliate of the Allis-Chalmers Corp. He writes the instruction manuals for equipment such as your mower.

He believes that everything starts with your attitude toward power mowers — tractor types, riding mowers, walk behind mowers. Specifically, don't neglect the operator's manual because no machine will operate effectively and efficiently without some effect by

the operator. Go over the manual both at the end of the mowing season and the end of the storage season.

Storage Creates Problems
"Things happen to power equipment as it sits all winter in sheds and garages. So, check all exposed areas for rust, and clean and paint these areas to

retard deep rust infestation. But covered areas also need cleaning; a good grade of grease solvent will do the job for the engine's exterior. "As the manuals say: inspect steering controls and linkages for security. You'll appreciate

the firm control offered by a firmly adjusted steering wheel. A loose wheel is a hazard to property," he explained. "Things do loosen up even as metal assumes new shapes or stresses with weather changes. In addition, operators sometimes adapt to loose steering, ignore it, and then store equipment without maintenance. Months later, loss of control comes as a surprise."

Tires are particularly susceptible to change during storage. Pneumatic tires must be re-filled to the recommended pressures. Unequal tire pressure can cause uneven cutting

height or slashes down to the roots. In addition, tires must be inspected for wear or damage, which are often ignored in the fall. Yet, tires can be damaged during storage by other objects falling against them, or cracks produced by months of resting in one position.

Replace worn or damaged tires. Grease the wheel bearings so that the equipment will move with uniform flexibility on startup. A wheel that binds can cause a machine to move in unexpected directions, causing loss of control.

By KING DURKEE
Copley News Service

It is noted with some considerable sadness that the March, 1973, Schwann Record and Tape Guide lists but five recordings for all three of these living American composers: David Diamond, Virgil Thompson and Robert Palmer.

Picking at random the Schwann of June, 1970; 22 recordings were listed for the same composers. Who can deny that hard times have befallen the American composer?

In the works on this record the Diamond Quintet easily takes top honors. It is a work of Diamond's youth; he was 22 when he composed it in 1937 while studying in France. To the discerning, the quintet stamped Diamond as a potential major talent.

It is a work of three movements that is played in 13 minutes. The movements are well differentiated, and the total composition represents several musical ideas skillfully connected. A racy dialog between the piano and strings dominates the first movement. The second, a melodically beautifully Romanza, is in sharp contrast to its predecessor and seems a quiet reflection upon what went before. The third movement utilizes to good effect an underlying, incessant tempo of an Irish washerwoman jig.

The Thompson Serenade also was composed in France in 1931 when the composer was 35. A less than a six-and-a-half minute piece hardly seems this composer's medium. Actually the work is little more than an exercise.

Stanton Competes In Clovis Track Meet

The Stanton 7th grade track team competed in the April 6 meet at Clovis. The results were as follows: Diacus, Jackie Mercer - 2nd, 96'11"; Long Jump, Jackie Mercer - 3rd, 16'9"; 440 yd. relay, Kevin Bunch, Santos Luna Robert Graves, and Jackie Mercer - 4th, 52.7.

440 yd. dash, Freddie Flores - 3rd, 62.8; 120 low hurdles, Kevin Bunch - 1st, 16.2; 880 yd. relay, Robert Graves, Kevin

Bunch, Freddie Flores, and Rudy Costillo - 4th, 1:55.4. The seventh grade came in 5th in the meet with 23 points participating with 11 other schools.

The 9th grade results at the meet were: Long Jump, Ruben Moreno - 2nd, 18'9"; High Jump, Barry Acton - 2nd and Bill Fraser - 4th with 5'5" and 5'3"; Pole Vault, Scott Dryden - 2nd, 10'.

In the 880 run, James Mays came in first with a new record of 208.3.

880 relay team scored a 143.5; Mile relay - 5th, 353.2; 880 Medley relay - 5th, 149.5; Mile run - Dennis Collins 3rd, 509.7.

The 8th grade results were: Shot Put - Bobby Mejia, 4th, 39'2 1/2"; Long jump - Greg Hennington, 4th, 17'9"; Pole vault - Kelly Kitchens - 1st

10'9" and Albert Del Toro, 3rd, 9'6"; High Jump - Albert Del Toro, 4th - 5'1"; 70 yd. High Hurdles - Kelly Kitchens, 1st - 10.5; and Greg Brockman 4th - 11.

100 yd. dash - James McDowell; 4th, 11.3; 880 yd. run, Frank Madrugal - 1st - 2:13.6, which was a new record.

880 relay - 2nd - 142.6 composed of James McDowell, Greg Hennington, Joe Barrientes, and Albert Del Toro. 440 dash - Greg Brockman, 5th, 60.4; 120 low hurdles, Kelly Kitchens - 4th, 15.9; and Joe Barrientes - 5th, 16.

In the mile relay - 5th with 358.6 - Leonard Gaiwan, Joe Barrientes, Randy Marrs, and Greg Brockman. Stanton won second place with 46 points and Yucca of Clovis took first place with 65 1/2 points.

MILE RELAY TEAM — Pictured is the La Plata Mile Relay team which won first place last week at the Clovis Track Meet. From left are Russell Harkins, Terry Brady, Roy Martinez and Carlee Graves.

Bulldogs Take Two From Herd

The Plainview Bulldogs took a doubleheader from the Whiteface Baseball team Tuesday in Plainview 12-2 and 9-1.

Dave Loerwald took credit for the initial loss and Lynn Tarr pitched the second loss.

The losses dropped the Herd to a 4-19 season record and are now 0-2 in the second half of district play.

Hereford jumped off to a two-run first inning lead, but the Bulldogs came back with eight runs in the bottom of the second to go on with the win.

In the second game Plainview got three runs in the first two innings and led all the way.

Hereford will now entertain the Lubbock Coronado Mustangs in a doubleheader here beginning at 2:30 p.m. Friday.

Simon To Attend Phone Meeting

A Hereford employe of the Southwestern Public Service Company has been selected to attend a conference for supervisors of the electric company, it was announced today by Jake Webb, SPS district manager in Hereford.

Jim Simon, Storekeeper, 329 Cherokee, will attend the week-long seminar, April 22-26 at the Camelot Inn in Amarillo.

The conference, one of two being held to acquaint SPS supervisory personnel with the operation and management of the company, will be attended by 31 employes from Roswell, Hobbs, Lubbock, Amarillo, Borger, Plant X, Carlsbad and Hereford.

The conferrees will hear discussions on company organization, management and supervision, dynamics of supervision applied to man management and supervisor and personal analysis.

Ed Love, manager of training for Southwestern Public Service Company, will be in charge of the conferences.

Of The Texas Department of Agriculture
John C. White, Commissioner

Farmers on Roller Coaster... Red Meat Processing Down... Anti-Screwworms Plans Progress... Lack of Rain Reports Heard

THERE'S NO DOUBT that Texas farmers are better off than they used to be - if you pick the right periods of time; and there's no doubt that they are worse off than they used to be - at other times.

The Texas Crop and Livestock Reporting Service says that the "All Farm Products Index of Prices Received" last March 15 was 543 per cent of the January, 1910-December, 1914 base. That is 34 points below the previous month of this year but 100 points (23 per cent) above a year ago.

On the other hand, the livestock products index was about eight per cent below February 1974 and 10 per cent below the same period last year, as any cattleman will testify. Beef cattle were down \$3.40 a hundred from February and \$5.60 below a year ago at \$40.40 per hundred. Hogs at \$33.20 a hundred were down \$5.20 from February and \$4 from a year ago.

PROCESSING OF RED MEAT was down during February 1974 in Texas. Slaughtering plants produced 160.9 million pounds during that month, which is 20 per cent lower than the 201.0 million pounds produced in January 1974 and four per cent below February 1973. February 1974 slaughter of cattle totaled 252,000 head, 65,000 head fewer than the previous month and 17,000 below February a year ago.

There were 569,000 head of cattle slaughtered during the first two months of this year; 214,500 sheep and lambs were killed during the same two months. Sheep and lambs killed totaled 98,500 during February, which is 17,500 fewer than the month earlier and 2,000 more than in February 1973.

SCREWORMS are showing up more frequently now in Mexico, it is reported. Slow help is on the way, however. Mexican and U.S. officials are reported by USDA to be negotiating with contractors for construction of the main facility in southern Mexico in which to produce more than 300 million sterile screwworm flies each week.

The production plant is supposed to be completed in 1975. The plan is to eradicate screwworms north of Tuxtla Gutierrez, Mexico, then to keep a permanent barrier of sterile flies across Mexico's narrow Isthmus of Tehuantepec to keep the pest from moving northward.

LACK OF RAIN is a drawback to farming in many parts of Texas, but progress is reported in planting in 1974 crops. Oats are reported doing well in the southern and eastern half of the State where moisture has been adequate.

Wheat is heading out from the Cross Timbers to South Texas and is in the boot stage on the Low Plains. Irrigated wheat is making good growth on the High Plains, and rains a couple of weeks ago helped some dryland wheat, but most dryland wheat has poor prospects.

Rice seeding is reported more than half completed, and cotton planting is about seven per cent complete over the State, all of it in South Texas. Peanut planting is underway in South Texas.

IF PECAN buds herald true spring weather, then such weather is here; because pecans are leafing in most South Texas areas and budding in other areas of the State.

Steak Cited As Bargain

Beef prices are "more pleasing" than they have been for some time, according to one observer.

Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, listed round steaks and roasts, ground beef, arm and blade pot roasts and steaks as showing best values currently.

"Pork values include shoulder roasts and steaks, end-cut loin roasts and chops. Some brands of bacon are down in price, too."

Citing turkey and turkey parts among the most economical, high-quality protein foods available, Mrs. Clyatt suggested roasting a larger turkey and using leftover cooked-meat for later meals.

Turning to fruit counters, the specialist noted that ample quantities of apples, grapefruit and oranges are available in the moderate price range.

"Reasonable Temple oranges are still around at attractive retail prices.

"Murcotts (honey tangerines) are slightly higher priced than Temple oranges—but they're very good, and pineapples for Mexico are plentiful."

Strawberries, bananas, cantaloupe, honey dew and watermelon are available at various price levels, and soft-shell squash prices are trending downward.

Fresh vegetables in good supply at the most economical prices include cabbage, carrots, mustard, collards, turnip and greens, broccoli, radishes and green onions, the specialist said.

Texas Gas Tax Lowest In Nation

BY DAN M. SLAK
Texas Highway Department

The State of Connecticut asks for a dime. Delaware, Kentucky, Maine, Maryland, Michigan, Mississippi, New Hampshire, North Carolina, Vermont, Virginia and Washington want nine cents. The motor fuel tax charged by the State of Texas currently ranks lowest of all continental states at a nickel per gallon. Dissecting Texas' nickel share, we find that 3 and three-fourths cents goes to constructing, maintaining and policing the state's highways. One and one-fourth cents goes to Texas public schools. In most other states the entire gasoline tax heads directly for highway business coffers only.

IF THE PRICE of gasoline is 50 cents a gallon, Texas gets its nickel. To clarify a possible point of misunderstanding, should gas prices climb to \$1 per gallon or higher, the state would collect on the same nickel-a-

gallon basis that prevailed at, say, 35 cents.

"Thus service station operators may handle considerable money but send less of it to the Comptroller in the form of taxes," a recent edition of Texas Good Roads Association Newsletter depicts the situation.

"Reason, of course, is the tax basis for gasoline. If Texas collected a percentage of the gross income (say, a five per cent sales tax), then the tax money would increase with the price of gasoline. But Texas gets only five cents per gallon 'use tax.'"

One conclusion drawn by TGRA is: "Increased prices for gasoline could keep the retail income somewhere near normal—but a falloff in gallonage will surely play havoc with the (state) highway fund."

FOR THE RECORD, Nevada collects six cents, Oklahoma 6.58 cents. The remainder of the contiguous states receive

seven cents on up to a dime.

The first Texas gasoline tax was one cent per gallon levy passed in 1923. Three-fourths of the amount collected went to the Highway Fund and the remainder to the Available School Fund.

The 40th Legislature raised gasoline taxes from one to three cents a gallon during the period from March 16, 1927, until Sept. 1, 1928, after which it was to be reduced to two cents.

In 1929, the 41st Legislature provided for a reduction of automobile registration fees, but also increased the gasoline tax from two cents to four cents

a gallon.

By constitutional provision, one-fourth of the revenue from motor fuel taxes is earmarked for the use of the state's public schools.

THE STATE GASOLINE tax was increased to five cents per gallon in September 1955 with no changes in distribution—still three-fourths to the highway fund and one-fourth to public schools.

The highway fund also receives about 80 per cent of motor vehicle license fees, with the counties retaining the remainder. All of the vehicle

sales tax goes into the state general fund.

Reagan Houston, Texas Highway Commission chairman, recently termed "doubtful at best" that the present gasoline tax will be adequate to meet future needs. He added that, "We're almost through with our interstate system and that will help keep future costs to a minimum."

By comparison, the federal highway tax is four cents a gallon. That tax expires in 1977.

WON SECOND — This La Plata Junior Track team won second place in the Clovis Junior High Track Meet last weekend. These team members here won first place in their individual and relay events. To Legalize Pari Mutuel Gambling

ACT Fighting Upcoming Texas Referendum

The Anti-Crime Council of Texas (ACT) is now working as statewide coordinating center in the campaign against voter approval of the May 4 referendum on legalized pari-mutuel gambling.

This information was released Monday by ACT Co-Chairmen Dr. Abner V. McCall of Waco, president of Baylor University, and Mrs. Homer Garrison, Jr., of Austin.

"Pari-mutuel gambling is not the only, not even the main concern of the Anti-Crime Council," said Dr. McCall. "But we did not believe we could shirk our responsibility in this campaign."

"Organized crime is a billion-dollar-a-year business in Texas, and its single biggest money-maker in the state is illegal gambling."

"It is our position we will

never control organized crime if we feed, nurture and publicly promote or condone its major source of income. That is exactly what we would be doing in legalizing racetrack betting indirectly, but certainly financing organized crime."

ACT, said Dr. McCall, is offering the support of its of-

ficers and members throughout Texas to assist any and all organizations opposed to pari-mutuel gambling for whatever reason."

Specifically, he said that the year-old Council has prepared and is distributing promotional materials and research data, providing speakers and speech materials for meetings around the state and is seeking to coordinate the efforts of other groups "so the facts on this issue will reach the most voters with the greatest impact."

Mrs. Garrison added that ACT is accepting financial contributions toward the campaign.

"But perhaps the most

powerful tool we could have is people who recognize the dangers inherent in pari-mutuel wagering and who are speaking to their neighbors on a 1-to-1 basis."

"We are convinced the great majority of Texans remain steadfastly and rightly committed in their opposition to pari-mutuel betting, and that they must, first, know their votes are urgently needed May 4."

The pari-mutuel referendum will be held in conjunction with both the Democratic and Republican primaries on May 4. That day voters will be asked if the 64th Legislature should enact a law to allow pari-mutuel

betting on horse races by local option. Pari-mutuel betting has been turned down in seven previous elections in the last 21 years, most recently in 1968.

The Anti-Crime Council, formed in March, 1973, is a broad-based group seeking "to mobilize citizen support in the fight against crime." The Council has developed a 9-point statewide program calling for state and local government action on law enforcement issues ranging from provision of bail to oral confessions. One point of this program deals with gambling and ACT's opposition to legalized pari-mutuel betting.

"We have found people across the political spectrum joining in this opposition," said Dr. McCall. "And their reasons span the spectrum of public interests."

"Some are against pari-mutuel wagering because they believe it is a form of regressive taxation damaging especially to the interests of low-income and minority citizens."

"Some are opposed because of the documented damage gambling does to consumer markets and its depressing effects on most all legitimate business enterprises. These are people who say with good reason that legal gambling produces nothing more than an unhealthy redistribution of great amounts of cash from

which socially destructive elements benefit most."

"Some are consumer advocates who oppose mass media promotion of legal betting as misleading and unfair in that it hides the fact that almost all bettors must ultimately lose."

"Law enforcement officials are speaking out on the contribution of legal gambling to crime, and church leaders are focusing on the threat of individual degradation and family destruction."

"While the concern of ACT is the fight against crime, we feel all valid arguments should be presented to voters so they may make an informed choice on May 4."

TIPS FOR OUTDOORSMEN

by Vern Sanford

Ever take binoculars with you on a fishing trip? No, I don't mean a hunting trip—I mean fishing.

Most everybody takes a pair of binoculars when hunting deer and other big game—but very few use them while fishing, unless it be in the Gulf of Mexico. Even there the use is rare.

We highly recommend binoculars to anglers—even if they have keen eyes and can spot fish feeding, see a school of minnows swimming, or shad jumping—from quite some distance away. Most of us can use that extra boost that binoculars give to vision while fishing, even more than in hunting.

In hunting you look for the animal itself, but in fishing you're seeking "signs" of fish—evidence that they are in the area even though out of your sight. You look for movement on the water, or of the water, as well as activities of the live food that fish

seek. Birds circling are a definite sign of food directly below them. Quite often it proves to be a school of whites chasing shad, but black bass can be located the same way.

A heron standing statue-still in the shallow waters of a gulf bay, close to shore or perched atop a submerged rock in deep water, means (if it stays there any length of time) that there are small fish nearby. And where small fish are, big fish soon will be—come feeding time.

A reliable dealer can guide you in selecting the right binoculars. Mainly it's a matter of personal preference as to quality, power and weight.

One thing for sure—a sharp pair of binoculars can, quite often, increase your fishing success immeasurably. Try 'em—you'll like 'em.

Simms Lions Vote On 1974 Officers

Simms Lions met to elect new officers last Thursday at the Simms community building. Those members selected to serve were: Roy Blevins, Boss Lion, Larry Harris, 1st vice-president; Willis Duggan, 2nd vice-president; Julian Perrin, secretary; Gene Bradley, tail twister; Scat Russell, director and Jerry Russel, Lion tamer. Officer installation will be held in June.

A business session included sponsorship of a new Boy Scout troupe and the purchase of a plaque commemorating two deceased members. The memorial will be placed in the

Simms community building. Roy Blevins reported on the good crowd which attended the volleyball game in Walcott a few weeks ago. He extended appreciation to those who participated in or witnessed the event.

Terry Creitz won the tail twister's pot.

USING DIESEL POWER
DES MOINES, IOWA—Statistics show that from 1964 to 1973 the use of diesel-powered tractors on farms here increased from 18 per cent to 39 per cent.

My Fellow Citizens,

Every four years the voters have the responsibility of selecting a County Judge. That time is here again May 4th, and I am a candidate. The position is a real challenge. It cries out for a person who will LISTEN and HEAR the PEOPLE.

I have the ability, education, experience and desire to meet the challenge. In my opinion, every situation should be approached with a clear mind and a clean conscience.

If I am elected I WILL:

1. Work for you and with you toward a greater degree of harmony among all people.
2. Conduct my duties in an orderly manner without hostility or fanfare.
3. Do my part to operate the county business at the lowest possible cost consistent with good business practices.
4. Handle the court duties with integrity, promptness and fairness to everyone.
5. Handle the probate court to protect the rights and interests of all people concerned.
6. Treat every person who comes to my court with due respect.
7. Maintain an open line of communication with all citizens.

If you want these conditions met, vote for Sam Morgan, Democratic candidate for county judge. I care about people.

Athletes To Be Honored At Sports Banquet Monday

1973 LTD 2 door hardtop, power brakes and steering, air conditioning, one owner, steel belted tires and radio.

1973 Maverick, 2 door, air conditioner, power brakes and steering.

1971 Chevrolet Impala 4 door, air conditioning, power brakes and steering.

1971 Plymouth Satellite, air conditioner, power brakes and steering, new tires.

ORVAL WATSON FORD SALES
200 W 1 st. 364-2727

Hereford High athletes will be honored and students and adults well, will have opportunity to hear Jesse Owens, all-time great Olympian, when the annual All-Sports Banquet is staged here Monday night by the Whiteface Booster Club.

Tickets for the event are on sale at both banks, the chamber office, and the school. Adults tickets are \$6 each, and student tickets are \$4. The banquet is set for 7 p.m. in the Bull Barn.

The event is held each year to honor all athletes in high school, with outstanding athletes in each sport being awarded certificates by The Hereford Brand and KPAN. Awards are given to outstanding male athletes in football, basketball, track, baseball, golf and tennis, and to girls in tennis, volleyball and track.

The "Athlete of the Year" award will also be presented at the banquet this year by the sports committee of the Deaf Smith County Chamber of Commerce. It was initiated last year and Keith Kitchens was the first recipient.

The featured speaker, Owens, is considered by many sports experts to be the greatest track and field star of the half century. He gained international distinction in the 1936 Olympic Games in Berlin by setting new Olympic records in winning individual titles in the 100 meters, 200 meters and broad jump, and running on the victorious relay team.

Owens has gained respect and honor, not only for his achievements as an athlete of unparalleled skill and ability, but also because of his many and varied activities in community service. In 1955, the U.S. State Department delegated Owens as America's "Ambassador of Sports" and sent him on a two-month tour of the Far East.

The following year he went to Australia as one of the personal representatives of President Eisenhower at the 16th Olympiad. He was the honored guest of the German people at the 1972 Olympics held in Munich.

The famous all-time Olympian is currently making public

appearances on behalf of youth groups. His talks are for youth groups, civic meetings, sports banquets, and commencement addresses at various schools and colleges.

Owens is also a representative of the Ford Motor Company in their marketing division, and Sears, Roebuck and Co. In 1973, the National Collegiate Athletic Association selected Owens to be the recipient of the 1974 Theodore Roosevelt Award, which is the highest honor bestowed upon anyone by the NCAA.

Golden Gleams

Out of the abundance of the heart the mouth speaketh. —Matthew 12:24.

Every man is born with the faculty of reason and the faculty of speech, but why should he be able to speak before he has anything to say.

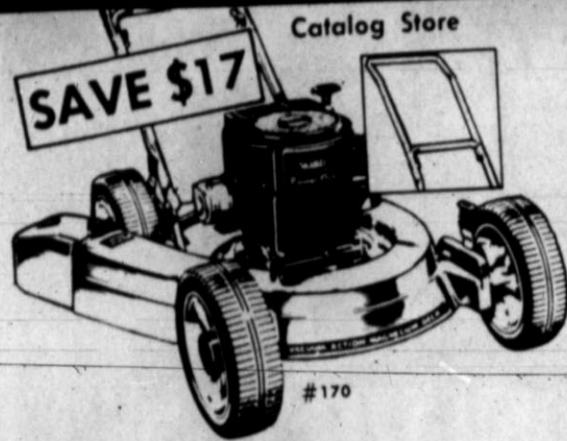

—Benjamin Whichcote.

880-YARD RELAY TEAM—The La Plata 880-yard Relay team captured first place last weekend in the Clovis Junior High Track Meet. From left are relay team members Russell Harkins, Doug Reinart, Terry Brady and Carlee Graves.

Walnut Fudge Tote Cake

2 1/2 cups sifted cake flour
2 teaspoons baking powder
1/2 teaspoon salt
3 eggs, separated
2 1/2 cups sugar

CLIP 'N' COOK

Copley News Service

4 tablespoons butter
1 1/2 cups milk
2 teaspoons vanilla
4 squares unsweetened chocolate, melted
1 cup coarsely chopped nuts

Sift together flour, baking powder and salt. Beat egg whites stiff, add 1 1/2 cups sugar gradually, beating constantly until very stiff. In another bowl, combine butter, remaining sugar and egg yolks and beat until creamy. Add about half the flour mixture and 1/2 cup milk; mix thoroughly. Add remaining flour and another 1/2 cup milk; blend. Add remaining milk, vanilla and melted chocolate. Blend. Fold in egg white mixture and nuts. Pour into greased 9 x 13-inch pan and bake in preheated 350° F oven for about 45 minutes or until done. Cool in pan. Frost. Decorate top with walnut halves.

CHOCOLATE SOUR CREAM FROSTING: Cream 6 tablespoons butter, gradually blend in 3 cups sifted confectioners' sugar alternately with 6 tablespoons dairy sour cream. Stir in 1 teaspoon vanilla. Melt 3 squares unsweetened chocolate. Cool and blend into frosting.

THE FAMILY LAWYER

Collision With Ambulance

Driving home from work, Harold crashed into an ambulance at a busy intersection. In short order he found himself facing a charge of "failing to yield the right-of-way to an emergency vehicle."

But in court, Harold came up with the following facts in his own defense:

- 1) that the traffic light had been in his favor;
- 2) that he had not heard the siren because he had his windows up and his radio on; and
- 3) that he had not seen the ambulance until the last moment, because other cars were obscuring his vision.

Under these circumstances the court could find nothing negligent in Harold's conduct, and dismissed the charge.

Traffic codes generally do give special privileges to ambulances. However, these privileges are not absolute. In case of a collision between an ambulance and a private car, the court will weigh the entire situation on its merits.

Furthermore, ambulances have privileges only when there is (or at least appears to be) a true emergency.

Thus, in another case, an ambulance that was merely returning to its home office was held not entitled to go through a stop sign.

LEON RICHARDS SUGGESTS

Consolidate ...and get your bills under full control

Gather up those nagging bills, those dragging charge accounts, your lagging expenses...bring them to financial house! Let us show you how to add them all together (consolidate!), pay them off in one convenient loan. Your payment may be less than your total monthly payments!

Come in...call us. Consolidate to a larger loan... \$1000...\$1500...\$2000 or more. Act today!

Harris Wins Three Firsts In Meet

By SPEEDY NIEMAN

James Harris and the wind dominated action in the first annual Hereford Regional Qualifiers' Meet here Saturday.

Strong, gusty wind cut down the star-studded field and handicapped performances, but it didn't dim the competitive spirit of the district winners from around the area.

Hereford's James Harris was one of the top performers of the day, capturing first-place me-

dals in the long jump and 330-yard intermediate hurdles, and anchoring the Herd mile relay team to a come-from-behind victory.

Robert Mayberry, Dimmitt speedster, was another standout with victories in the 100 and 220-yard dashes. Harris had a fine 22-7 effort in the long jump, while Mayberry clocked a 9.8 in the century. All races over 100 yards in length suffered the effects of the strong wind.

Distances and heights in the

field events were more respectable. Delbert New hit 6-5 in the high jump, and Randy Clabaugh of Coronado vaulted 14 feet in spite of the wind. Randy Cook of Littlefield reached 157-2 with the discus, and Graham of Alpine heaved the shot 54-11 1/2.

Most of the times were relatively slow in the races. Hereford's mile relay team won with a 3:42.7—way above its best time, but the event was still exciting. After a bad handoff,

Harris took the baton on the last lap about 15 to 20 yards behind Palo Duro's anchorman. He caught up with him on the final curve and zoomed home in front.

Coach Don Cumpton clocked Harris at 51.4 on the last lap—a fine 440 since the open quarter was won with a 53.9 time by Raymond Williams of Tulla.

Ricky Labus of Panhandle had a good time of 14.2 in the 120-yard high hurdles, edging Charles High of Hereford for

first place. High was timed in 14.4. The Whitefaces' other regional qualifier, David Varner, finished sixth in the shot put with an effort of 51 1/4.

Cumpton reported that a number of schools cancelled their entries in the contest, due to the bad weather. Along with the wind that gusted up to 65 miles an hour, the temperature was only in the 40's. "It was a terrible day for what should have been a great meet," lamented the Hereford coach.

Lubbock Dunbar won the sprint relay with a slow 45.2 timing, followed by Plainview, Stratford, Floydada, Clarendon and Memphis. Following Hereford in the mile relay were Palo Duro, Bovina, Friona, Sundown and Clarendon.

Harris' time in the 330 hurdles was only 42.4, well above his season's best of 39.1. Mike Hagood of Sundown was second at 43.3. Mayberry won the 220 dash in 22.8, and Gary Kovar of Plainview was second

in 23.5.

Dennis Cobb of Stinnett fought off Lane Preston of Coronado to win the 880 in a time of 2:12.5. The wind also slowed the milers considerably. Simms of Caprock took first in 4:56.1 and Friona's Dale Parsons followed at 4:56.6.

Cumpton was meet director, and the event was sponsored by Deaf Smith County Chamber of Commerce. John Cardinal was meet starter; Dempsey Alexan-

der was the clerk, and Fred Upshaw the recorder. Awards were presented by HHS cheerleaders.

FCA To Sponsor Golf Tournament

The Hereford chapter of the Fellowship of Christian Athletes will sponsor a golf tournament here Friday, May 10, it was announced this week by Fred Upshaw, chapter advisor.

The tourney will be conducted as a team event, with foursomes playing with handicaps. Entry fee is \$15 per person. All golfers interested in playing in the tourney should contact Coach Fred Upshaw at Hereford High School or the athletic department.

Six Junior High Track Teams To Compete In Meet Here Saturday

Six junior high teams from three schools will compete in Hereford Saturday for the championship of the South Zone District Track Meet.

Boys from the 7th, 8th and 9th grades in the two Hereford junior high schools, two Canyon schools, and two Plainview schools will be entered. The meet begins with field events at 9:30 a.m.; preliminary running events start at 10:30, and the finals begin at 3 p.m.

Admission for the meet is 50 cents for adults and 25 cents for students. Presentation of trophies is scheduled for 6 p.m.

The running finals start at 3 p.m. Saturday with the 440-yard relay. Next in line are: 880-yard run, 60-yard high hurdles, 120-yard high hurdles, 100-yard dash, 440-yard dash, 100-yard low hurdles, 50-yard dash, 330-intermediate hurdle, 220-yard dash, mile run, 880 relay, and mile relay.

Off To Region

These members of the Hereford Whiteface Track team will be competing in the Regional Track Meet this Saturday in Lubbock in five events. The Herd will be competing in the mile relay, both intermediate and high hurdles, broad jump and shot put. Track members going on the trip are (bottom row l-r) James Harris, Steve Jones, David Varner. Top row (l-r) Dave Charest, Chuck High, Elijo Garcia and Coach Don Cumpton.

Britains believed that beech trees were instantly deadly to snakes. This was particularly true if the trees fell on the snakes!

Mrs. Lowder Nurtures Love For Plant Life

By SANDY INMAN
Brand Staff Writer

HANGING potted plants are very 'in' nowadays and are extremely attractive when arranged in decorative tankards or mugs which are supported by macrame cords or ropes. Mrs. Don Lowder of 119 Mimosa loves growing plants and has a fluffy ruffle fern hanging to one side of the bay windows in the kitchen-dining area.

Walking into her kitchen is like walking into a miniature greenhouse. You can see aluminum pie pans filled with marigolds on the china cabinet; tomato, green pepper and egg plants on her kitchen bar which she plans to set out in her garden this spring.

"I really enjoy plants and it's fun growing them," says the lovely brunette. "Last year was the first time I had ever canned vegetables from my garden and it was very enjoyable."

SHE EXPLAINED the steps she follows for growing flowers from seeds. Flat trays are filled with potted soil and watered until very moist. Next the seeds are pressed just below the surface level to insure proper growth.

The final procedures include covering each tray with plastic and placing the trays in a dark place until the plants are large enough to plant.

The wife of an attorney and mother of two-year-old Mike, eight-year-old Jay and seven-year-old Steve, little time is left for Mrs. Lowder's hobbies which include oil painting, antiques furniture and cooking.

HOBBIES the entire family enjoy are snow and water skiing along with most outdoor sports.

Sue Hill before her marriage, Mrs. Lowder and her husband married while attending the University of Oklahoma in Norman. She has a degree in education and has taught one year of English and social studies in the Hereford school system and also worked as a lab technician at the Family Clinic.

She is a member of L'Allegria Study Club and both she and her husband belong to several bridge clubs and are members of St. Thomas Episcopal Church.

THEIR HOME which they purchased when they moved to Hereford five years ago from Oklahoma City has built-in bookcases which Mrs. Lowder says is a must since her husband has such a large collection of books.

Bay windows in the kitchen and livingroom add a touch of elegance to their home as do their lovely furnishings. The one room Mrs. Lowder is particular-

Area C Of C Women's Meeting Set

Members of the Women's Division, Deaf Smith County Chamber of Commerce, are invited to a conference for area chamber women sponsored by the Women's Division in Amarillo April 27.

Horizons For Involvement is the topic announced. Time will be given for an exchange of ideas, methods of putting them into practice and project results.

The meeting will begin at 10 a.m. in the Hilton Inn; closing time is set at 2:30 p.m. A lunch will be a part of the program.

Hereford members who wish to attend the conference are asked to telephone the Chamber of Commerce office or the Women's Division president, Mrs. O.G. Nieman announced.

In East Africa, people seeking refuge didn't go into the church, as Europeans do, but went to the drum-makers!

ly proud of is the playroom located just off the kitchen. This is the room the family lives in at night. "It really is nice for the boys to have when my husband and I entertain guests," she smiles.

Good cooks run in Mrs. Lowder's family and her recipe for American Ravioli has been handed down through several generations.

AMERICAN RAVIOLI

- 2 lbs. ground meat
- 6 stuffed olives or ripe olives pitted and sliced
- 1 1/2 cups egg noodles
- 1 large onion chopped
- 2 small cans tomato sauce
- 1/4 cup catsup
- 4 Tbs. Worcestershire sauce

- 2 Tbs. sugar
- 1 lbs. salt
- 1/4 tsp. Cayenne powder
- 1 Tbs. black pepper
- 1 small can mushrooms
- 1/4 cup chopped celery
- 2 cups grated American cheese

Saute onion and celery in butter. Add meat and saute 5 minutes stirring constantly. Cook egg noodles according to the directions on package and drain.

Add meat mixture and other ingredients saving one cup cheese for topping. Place in baking dish and cover with remaining cheese. Bake in 300 degree oven for 45 minutes. (Serves 15 people).

Mrs. Don Lowder ...With son, Mike

Cute Kids Will Vie For Prizes

With entries complete, plans for the second annual Cutest Kids contest sponsored by Hereford Newcomers Club are taking shape and the public is invited to see the parade of cute kids at 2 p.m. May 4 in St. Anthony's School auditorium.

The contest will be staged there instead of the Community Center as originally planned. Admission will be a dollar for adults and 50 cents for children.

Judging will begin at 1 p.m. and completed before the public program. All contestants will appear onstage, announced by Amarillo television personality Len Slesick, who will act as master of ceremonies.

Awards will be made for the first three places in each division separately for girls and boys in each age group from 2 to 5 years.

The contest is a yearly fundraising activity in the Newcomers Club, with proceeds

going to support community projects such as the club's aid to the district Mental Health Mental Retardation Center here.

Inquiries from parents of the

young entries or any others who wish to know more about the contest may be made to Mrs. Glenn Perry of the Newcomers Club.

WT Hosts Gem Show

The West Texas State University Geology Club will present a Gem and Mineral Show Saturday and Sunday in the WTSU Activities Center Ballroom.

Over 100 dealers from around the country will be displaying their gem and minerals for sale or in competition for the special exhibitors prizes.

Co-organizing with the WTSU club will be the Golden Spread Gem & Mineral Society of Amarillo, and the High Plains Rock Club of Plainview.

Hourly door prizes will be given, with the exhibits open

from 10 a.m. to 10 p.m. Saturday, and 10 a.m. to 6 p.m. Sunday. A grand prize of an opal pendant mounted in gold appraised at \$275 will also be awarded.

Special features of the weekend are a silver working exhibit, and day and night tours to Palo Duro Canyon. For a dollar, the day run will stress the canyon's magnificent geological formations, and the night one will track the fluorescent minerals.

Admission to the show is \$1 for adults, and 50 cents for students.

The Hereford Brand, Hereford, Texas, Thursday April 18, 1974

Along The Frio

By MRS. OWEN ANDREWS
Brand Correspondent

Frio Homemakers Club met Tuesday in the home of Mrs. Laura Liffrel. The program was a review of the book Oh Ye Jigs and Juleps by Virginia Carey Hudson, given by Mrs. Clark Andrews. The story of a 10-year-old girl's approach to the important things of a child's life, was a light hearted brighter for one of those days of wind and dirt with which we were plagued last week.

Others attending the meeting were Mmes. E.F. Vogler, Jim Brooks, Owen Andrews, Harlan Barber, D.F. Yandell, Frank Robbins, Annie Springer, Fred Walton, J.E. Andrews, Tony Urbanczyk and Miss Alma Andrews.

also had as visitors their children, Mr. and Mrs. Herman Vinson and Shelley of Pampa and Cheryl Cole, student at OSU. Accompanying Miss Cole was her fiancé, Sal D'Amoto, also of OSU at Stillwater, Okla.

Mrs. Carlton Dobbins accompanied the Edgar Vinsons to Gonzales last Wednesday to visit through the weekend with the Jeff Masseys. Mrs. Massey is the former Sammie Vinson.

Visiting the Henry Andrews several days last week were her brother Clark Lee, and family from California.

Mr. and Mrs. D.F. Yandell visited his mother, Mrs. A.N. Yandell, and a brother, H.H. Yandell and family at the Yandell home at Seminole last weekend.

Mr. and Mrs. Ronnie Andrews, Kyle and Jim, were

due home the first of the week from a 10-day trip by plane to visit his sister, Mrs. Godfrey Baldwin and Mr. Baldwin and children in Temple Hills, Md.

Mrs. Johnny Robinson, Stacy and Gregg and Mrs. George Parker visited relatives in the Lubbock area Friday night and Saturday. Mrs. Robinson and children spent the night with Johnnys parents, the Roy Robinsons and Mrs. Dovie Isbell. They also attended a bridal shower for a nephew's fiancée while there.

Mr. and Mrs. Billy Warrick helped neighbors, Mr. and Mrs. Lynn Long and family, move to Meridian, down on the Brazos River, last week. They all live in the Ford Community.

Here for Easter with the Al Johnsons were her parents, Mr. and Mrs. Bacon of Clarendon.

CowBelles Hear Effect Of Work

National impact of the CowBelles' program of beef promotion was glimpsed by Hereford members in committee reports at the April luncheon Tuesday in Hereford Country Club.

Mrs. Bill Howard of the legislative committee mentioned response from legislators, government officials and newsmen to telegrams and letters sent by Hereford CowBelles concerning the effect of federal policy on the cattle industry. She reported a recent message to a committee holding a congressional hearing on the subject.

A proposed trip to Washington D.C. and New York City by a Beefmobile sponsored by radio station KGNC of Amarillo, which has asked Texas

CowBelles to conduct the tour, was announced by Mrs. N.E. Tyler, local president.

This proposal will be presented to the Texas CowBelles convention set for April 22 and 23 in San Antonio, where delegates and visitors from the Hereford group will be present. Mmes. C.F. Newsom, Elmo Hall and Mary Gibson were elected delegates at the luncheon.

Named as alternates were Mmes. Dick Coupe, O.G. Hill Jr. and Melvin Cordray. Others planning to attend include Mmes. Tyler, Bob Jossand, Jim Ferrin, R.N. Yarbrow, James McCarty, Willis Duggan, Ed Reinauer and Joe Reinauer Sr. They plan to fly from Amarillo with members from over the Panhandle.

The program Tuesday was presented by a guest, Rhonda Hager of Green Valley 4-H Club. Introduced by Mrs. Leroy Johnson, she gave a demonstration which has won her awards in 4-H contests, using material supplied by the CowBelles.

Showing posters, charts and pictures, she spoke of importance of the beef industry, value of beef in the diet and standardization of beef cuts.

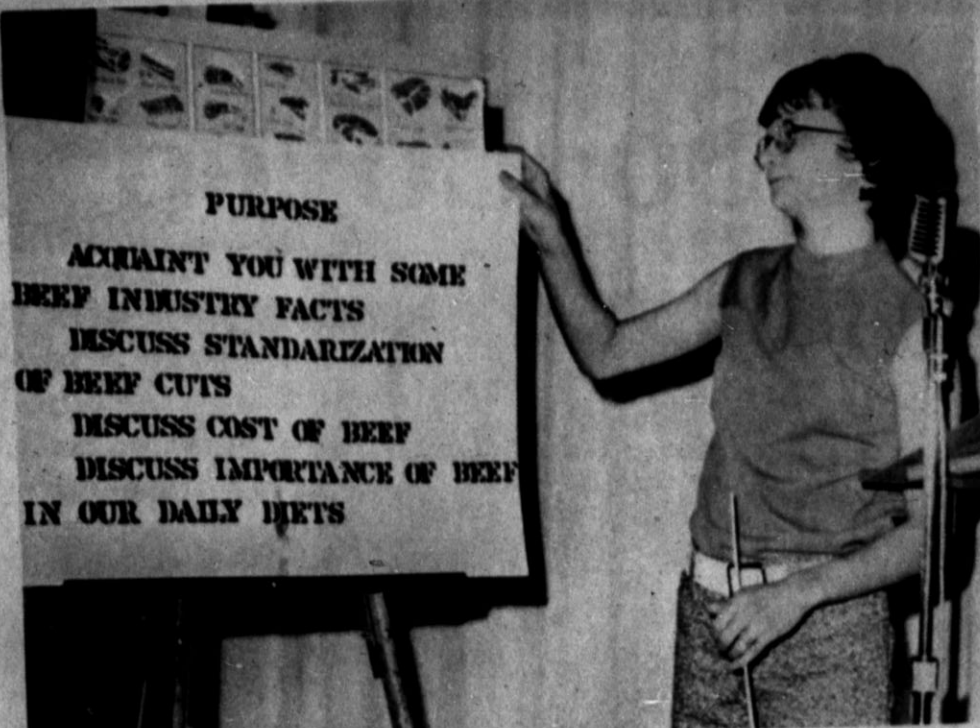

Beginning of a CowBelle News Service, aimed at supplying information to news media of the state, was reported by Mrs. Gibson, who will edit a fact sheet for newspapers. Mrs. Joe Reinauer Sr. will assist in contacting radio stations.

Announcement was made of four new members added the past month, and visitors including two from the new Oldham County CowBelles were introduced. Hostesses were Mmes. Jack Carrothers, Florence Fluitt, Olen Caviness, Bill Walden, Billy Wall and Dwayne Cassels.

CowBelle bumper stickers were placed on sale.

Mrs. Hill acted as secretary in the absence of Mrs. Coupe, who was in Amarillo to appear on a television farm and ranch program.

Date of the annual Dad's Day barbecue was set for June 11 and the place will be the country club. This will be the final meeting before the summer recess for the CowBelles.

YOUNG SPEAKER — Rhonda Hager, a 4-H Club girl who has won county honors with her demonstration on the value of beef as a food, presented it to Hereford CowBelles at their luncheon Tuesday to the applause of members and guests. She used material supplied by the CowBelles as the basis for part of her talk.

Second Term Given Club's President

Officers for next year, with Mrs. S.N. Thweatt reelected as president, were chosen in Messenger Extension Club at its recent meeting at Messenger Community Building. Members held an all-day quilting and served lunch at noon. Mrs. Gene Bradley was hostess.

Mrs. John Garnett was named vice president, Mrs. Bob Moelius secretary-treasurer and Mrs. Bradley reporter. They will be installed with other extension club officers of the county in a program this summer, and begin a new term next September.

The quilt was completed during the day. Custom quilting is the club's fund-raising project this year, so members spend a day in that activity occasionally to replenish their treasury.

Mrs. Bill Page won a game prize in the social period, and Mrs. Garnett received the day's door prize.

Briscoe Makes Amarillo

Governor Dolph Briscoe plans to receive friends and supporters in Amarillo today in a two-day campaign swing which marks the third of four major area-wide tours in his campaign for re-election.

The Governor will arrive at the Hilton Inn in Amarillo at 5 p.m. before traveling to an appearance in Lubbock.

Other cities hosting Briscoe are Brownwood, Abilene, Wichita Falls, Quanah, Snyder, Weatherford, San Angelo and Midland-Odessa.

IS SERVICE OVER

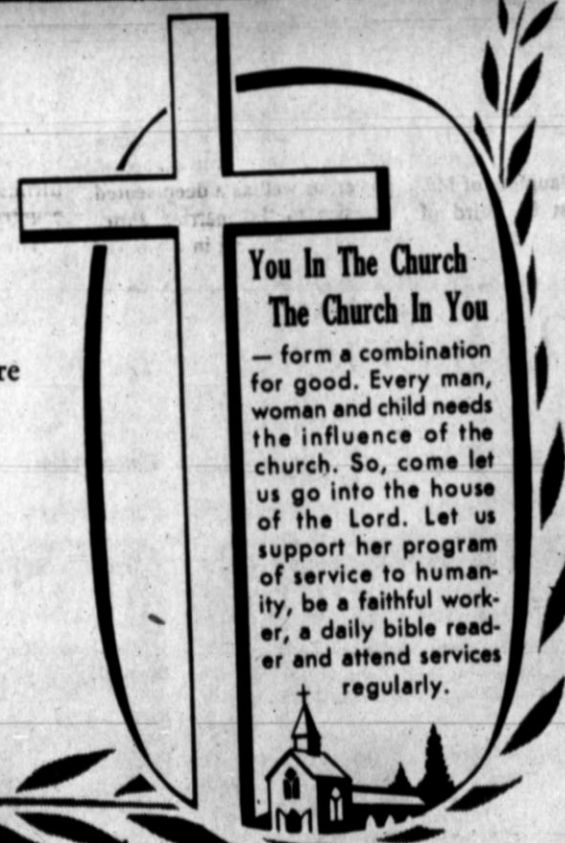

For many of us, church service sometimes seems to go on forever. And when they do, it is most difficult to keep still, and managing to stay awake becomes an 'Everest-like' challenge. When caught in this situation, many a weary worshiper wonders if the service will ever end.

but while the preaching service must end, our personal service should never stop. It should be a daily practice, and not a once-a-week-token that is haphazardly done. And it should be sincere, done out of love instead of a mere performance, which is done many times for personal gain.

When our personal service ceases, then the preaching service will really seem long because we will be listening to what we know we should do but are not doing. That is, when misery really sets in.

The worshiper should not lose the joy of his salvation by ceasing to do all the service he can for his church. It should be the Christian's greatest desire not to let the service end for him.

Small Talk

By SUE COLEMAN
Women's Editor

During the Easter holidays at West Texas State the new Miss Hereford, Susie Hickman, and her mother, Mrs. Robert Hickman, took a trip downstate, visited some pageants where Miss Texas contestants were being selected, met several officials of the state pageant and gained a lot of attention for Hereford.

Miss Hereford was introduced at the pageants they attended, which was very effective advertising for her home town—and of course that's one of the functions of a Miss Hereford.

Susie and Joyce saw Miss Halton-Eulless-Burleson picked, also Miss San Marcos. The triple crown, incidentally, went to a girl chosen from the three Fort Worth suburban towns which hold a joint pageant.

Janette Caviness joined them at Fort Worth Saturday and was Miss Hereford's chaperone to the Miss Fort Worth pageant. Janette was co-director with Susie McGee of the recent Miss Hereford pageant where Susie won her title.

Susie enjoyed meeting a number of the girls with whom she will compete in the Miss Texas pageant at Fort Worth this summer and feels that the trip to the various contests will help her as she carries Hereford's bid for the state title.

HOLIDAY visits were the rule on the Easter weekend and there were guests in a lot of Hereford homes. Mabel Wagner had quite a family reunion at her home, 138 Beach. Her daughter, Louise Mitchell, with her two sons, Michael and Steven, came up from Dallas.

From Amarillo were Mrs. Wagner's sons, Donald, Clyde and Glenn, with their families, also a granddaughter and her husband, Mr. and Mrs. Michael Wade. Relatives who live in Hereford and Mrs. Wagner's son, Lester, and grandson, Ronnie, with their families.

A FAMILY gathering here and a trip to Clovis brought the R.L. Ethridges, their children and grandchildren together on the weekend. The Clayton Rutters and sons, Allen and Steve, and the Gene Rutters came up from Austin, and the Ethridges' daughter, Clea Tassmore, over from Amarillo. They all went to Clovis Saturday to visit another son, N.L. Rutter, and his family.

TO ANOTHER New Mexico city, Carlsbad, the Benny Wombles went for Easter to visit their daughter, Gay, and her husband Ray Robertson.

CHOSEN for scholastic and community achievements, David Hicks is one of 22 students in South Plains College at Levelland named to the 1974 Who's Who Among Students in American Junior Colleges.

David is the son of Mr. and Mrs. C.E. Hicks, 107 Douglas. His name will be listed in the 11th edition of Who's Who.

OLINDA HALE, a Hereford student at Tarleton State University in Stephenville, has been named to the distinguished student list for the last semester. She is an English major.

She and her husband, Michael Hale, live in Stephenville; she is the daughter of Mr. and Mrs. Ernest O. Baird of Hereford.

At The Library

Queen Elizabeth's Life Revealed

Gloriana, The Years of Elizabeth I by Mary M. Luke is being featured this week at the Deaf Smith County Library.

In this biography, the author reveals the hardships Elizabeth faced her first 25 years and her reluctance to share her hard-won sovereign power.

The library is open to the public free of charge on weekdays from 9 a.m. until 5 p.m. and Saturdays from 9 a.m. until noon.

GLORIANA, THE YEARS OF ELIZABETH I

By Mary M. Luke

In this engrossing and masterfully rendered biography Mary M. Luke gives us a splendid picture of the reign of Queen Elizabeth I, from the day she ascended the throne until the day she died.

Elizabeth Tudor, daughter of Henry VIII and Anne Boleyn, lived the first 25 years of her life rejected and illegitimized, in the shadow of her older sister, Mary, and younger brother, Edward.

Suddenly, in 1558, the young woman who had suffered physical imprisonment and severe emotional deprivation inherited the crown in a manner she regarded miraculous. For the first time in a hazardous and lonely life, Elizabeth experienced complete freedom of mind, body, and spirit.

More than any previous Tudor, Elizabeth's concern was for her people. She early realized her greatest security lay in her subject's love and trust—the first she had ever experienced—and never would the queen risk her popularity or endanger her crown by an unwise marriage.

This feeling and a reluctance to share her hard-won sovereign power, as well as a deep-seated aversion to the married state, was not surprising in a woman

whose mother had been executed by order of her father.

Elizabeth's experience with men had been limited. When, early in her reign, she found her interest focused on the one man she could not have—Robert Dudley, later the great Earl of Leicester—faced the political challenge of his wife's mysterious death with a poise and equanimity which lifted her above suspicion even as it assured an end to Dudley's marital ambition.

Though she loved him until the day he died, Elizabeth never entirely trusted Robert Dudley, and in Gloriana the long story of their tempestuous relationship is dramatically revealed.

Next to Leicester, the person with whom Elizabeth was most emotionally involved was Mary Stuart. The Queen of Scots' story made dramatic counterpoint to Elizabeth's own, reflecting the English queen's horror as she watched her unfortunate cousin so heedlessly endanger her crown and life that she must flee to England for protection. There, for 19 years, she intrigued for her freedom.

These were years of despair, frustration, and animosity for Elizabeth—feelings which did not end with Mary's execution but was only replaced by a tremendous guilt the English queen carried to the day of her own death.

In addition to its central drama, Gloriana is very much an evocation of the Elizabethan era. While reluctant to marry, Elizabeth nevertheless made brilliant use of the courtiers and royal suitors who might serve her, the nation, and the crown. With rare intelligence, she shamelessly used her queenship to satisfy her vanity—and ultimately to benefit her country.

The "years of Elizabeth" were years filled with great events and peopled with the colorful personalities surrounding the queen. There was William Cecil, the great Lord Burghley, who juggled the fortunes and fate of the Tudor courtiers to suit his unpredictable mistress, even as he staunchly remained her foremost minister and friend.

And there were many others, such as the handsome Sir Christopher Hatton, the darkly dashing Walter Ralleghe, and the reckless Robert Devereux, Earl of Essex, the Queen's last favorite. It is in this involvement with her favorites, her ladies-in-waiting, her courtiers and ministers that the Elizabeth in depth emerges.

In this superb narrative, as she did so successfully in Catherine, The Queen and A Crown For Elizabeth, Mary M. Luke was brought to vivid reality the "year of Elizabeth." Dominating them is Elizabeth herself, a woman terrified of losing her crown, in emotional bondage to her subjects, a demon with her ladies-in-waiting, an incredible coquette, a demanding monarch and, at the same time, a poignantly lovable woman and queen.

Mr. and Mrs. Bobby Owen
... Silver anniversary honorees

Surprise Dinner Given For Couple

A surprise anniversary dinner for Mr. and Mrs. Bobby Owen, married 25 years, was given Saturday evening by their daughters, Becky, Barbara, Brenda and Beth, in the home of Mr. and Mrs. W.G. Owen, 1209 Grand. The two Owen men are brothers.

The silver anniversary cake decorated the table, with an arrangement of pink and lavender tulips and sprays of heather.

Guests included mothers of the honored couple, Mrs. Velma Hodges and Mrs. G.P. Owen; also Mr. and Mrs. Gerald Wilson and son, James Neil; Mr. and Mrs. Warren Owen, Mr. and Mrs. Lloyd Crume.

The Owens were married April 17, 1949 in a ceremony conducted by the Rev. R.H. Cagle in First Baptist Church. Both are lifelong residents of Hereford. Their home is just north of the city on Highway 385.

Garden Club Members Observe Arbor Day

In observance of Arbor Day, members of Hereford Garden Club planted a club juniper at their garden center recently after their meeting in the REA Medallion Room.

In compliance with the ceremony, Margaret Shown discussed the reasons for recognizing the holiday and emphasized the importance of junior garden clubs' participation throughout the nation.

the First Baptist Church rose garden is being continued.

Members decided to have their annual plant and rummage sale April 22 at the Garden Center. The sale will begin at 10 a.m. with the public invited to attend.

Junior Gardeners Plan Summer Work

Plant Material A Fascinating Medium was the program given by Mrs. A.L. Manjeor and she also reported on the spring District I convention held in Amarillo recently.

Mrs. Bill Griffin was acknowledged as a new member by the hostesses, Mrs. J.N. Jacobsen Jr. and Mrs. Alfred Smith, and members before the business meeting began.

Numerous reports were given during the session with Mrs. O.G. Hill Sr. presiding. It was announced that the club would place seven volumes of Theories of Pate in the public schools.

The club's participation in the recent art festival was reported on and Mrs. Jeff Roberson mentioned that maintenance at

Growing vegetables and flowers will be a project of the Johnson Growers, a junior garden club, for this summer and members will vie for prizes to be given by Hereford Garden Club. Plans were made at a recent meeting in the home of the club sponsor, Mrs. Ray Johnson.

Fifteen members were present for a lesson on preparing soil to grow plants outdoors and in. Mrs. R.L. Wilson will assist Mrs. Johnson in directing the juniors in their gardening project.

People must learn to get along with less than perfect persons.

AARP Supper Planned Today

The AARP (Association of Retired People) will have a covered dish supper, today at 7 p.m. at the Community Center announced W.O. McCutchen, president.

Anyone 55 and older is invited to come.

Envy and jealousy eat out one's soul and warp one's personality.

Four Local Teams Enter Ag Contest

Twelve vocational agricultural students from Hereford High School will compete Saturday at Texas Tech University for the 47th annual Texas Tech Vocational Agricultural Judging Contest.

The youths will enter four judging categories: livestock, dairy cattle, poultry and meats. Sponsors are Marcus Phillips and Bob Ward.

Those vying for honors will be Ted Elike, Jay Boren and David

Hutchins (livestock judging team); Mike Cabiness, Gerry Johnson and Robert Pope (dairy cattle judging team); David Bell, Rex Reinart and Tom Marnell (poultry judging team) and Mike Aven, Jess Arthur Robinson and Billy Bartels (Meats judging team).

Participants are expected from 150 West Texas high schools.

Five hundred three-man teams are expected to compete

in 11 separate events in the contest. Livestock, dairy cattle, dairy products, poultry judging, and meats judging, and agricultural mechanics competitions will serve as elimination contests for Areas I and II of the State Future Farmers of America (FFA) competition. Five contests, in cotton, wool, crops, grass and land judging, will also be conducted, though not for FFA elimination competition.

Judging will begin at 7:30 a.m. in various places throughout the Texas Tech campus. Contest results will be announced at 2:30 p.m. in the Ballroom of the Texas Tech University Center. During that time, teams qualifying for State FFA competition will be certified by contest supervisors from Areas I and II.

Special guests at the contest will be Raymond Holt, consultant to the Vocational Agriculture

Department of the Texas Education Agency; Wilbert M. Meischen, executive secretary of the Texas Vocational Agriculture Teachers Association; and Jerry Johnson, State FFA vice president from Post-

The annual contest is coordinated through the Department of Agricultural Education at Texas Tech University. T.L. Leach is chairman of the department and Prof. L.M.

Hargrave is contest general superintendent.

Members of the Texas Tech faculty will supervise each of the competition events of the contest. Dairy products judging will be under the supervision of Dr. Milton L. Peoples, professor and acting chairman of the Texas Tech Department of Food Technology.

Livestock judging will be under the supervision of Dr. Leland F. Tribble, professor of animal science. Dr. Robert C. Albin, professor of animal science, will supervise dairy cattle and poultry judging.

Bikes To Be Taped, Free

Free Lite-A-Bike tape will be placed on all bicycles brought to Hereford fire station between 1 and 4 p.m. Saturday, in a safety campaign conducted by the Ladies Auxiliary of the Veterans Of Foreign Wars.

Mrs. L.R. Boggs is chairman of the project and other members will assist in placing the free reflective tape on bicycles to make them visible at night. All bicycle owners in the city are urged to have their vehicles marked for safety.

Slogan of the campaign is "Light Your Bike-Save Your Life". It is an annual project of the Auxiliary. Announcements are being made in schools of the city as the Auxiliary members hope to reach every child who rides a bicycle.

If all the arguments, debates and set speeches in the world were put in a pile and burned, there would be much blaze but very little loss.

Community Study Series Is Ended

An appropriate close to a season of club study focused on the Hereford community, an explanation of the human resources development committee of Deaf Smith County Chamber of Commerce was given at the meeting of LaAlflatus Estudio Club Tuesday afternoon.

R.C. Hoelscher, committee chairman, was guest speaker at the meeting in Mrs. A.H. Cook's home. He told the purpose of the

committee: to study community needs, how to meet them and how to enlist members of the community for solving its problems.

Club members were urged to involve themselves in community affairs, each choosing a field in which her efforts could be most effective. The speaker was introduced by Mrs. Ira Ott, program chairman.

A Thought For The Day was given by Mrs. A.B. Higgins, who

quoted from Dr. Karl Menninger's book, 'What's Happened To Sin?'

Final plans were made for the club's annual spring luncheon at which 1974-75 officers will be installed. It is scheduled at noon May 7 in Mrs. Emmitt Hale's home. Mrs. Sam Morgan presided for business.

Refreshments were served to those on program and Della Stagner, Madeline Bell, Mmes. T.W. Roberson, George Suggs,

W.F. Johnson, Marlin Gilliland and Hale.

La Plata Junior Red Cross Helps Orphan With Project

The Junior Red Cross of La Plata, sponsored by Mrs. Ray Barber, is working on the school-wide project of helping an orphan, Kaddiseh Tannour JaJa, to provide money for his general care.

The school has one representative from each home room to attend the Red Cross meetings and then return to their classmates with the current results or news of the projects underway.

"This being only the second year to participate in this help, the organization hopes that it will become an annual affair and that each student will become active in this in order for it to become an annual success," said Mrs. Barber.

The organization donates \$100 each year for clothing, schooling, food and any other care needed for this young boy. "One fund raising project that the school had this year was a

candy sale. The Red Cross bought the candy and then it was sold to the students. All profits went towards this child," said Mrs. Barber.

"During the year, a group from HHS donated time and presented a program of music. Each child at La Plata was able to see the program, but donations were taken from those able to give. Over \$100 was raised," added Mrs. Barber.

Depending on the amount of money needed decides as to how many fund raising projects are sponsored.

A letter of appreciation was received from Kaddiseh Tannour JaJa, interpreted, and then read to all classes.

The club can either continue supporting the same child or take another to help, but so far, they have chosen to stay with this same child.

Helping Orphans

Save the Childrens Federation, Inc., officers of La Plata Junior High, begin their second year of helping an orphan overseas. Standing from left to right are: Shawn Frye, 2nd vice president; Julie Wilcox, president; Mrs. Ray Barber, sponsor; Joe Hernandez, publicity; and Karen Lowrie, secretary.

New Members Of Red Cross Board Elected

New directors for Deaf Smith County Chapter of the American Red Cross were elected at the annual meeting Tuesday morning in Community Center, and terms of four directors were extended for a year to complete a board for the coming year.

Chosen for three-year terms and assigned to work areas were Don Daugherty, disaster committee; John Gilliland, first aid; Mrs. Dale Henson, youth committee; Mrs. Don Douglas, Westway area; Mrs. Robert Lloyd, Simms area; Mark Armor and Robert Mercer, directors at large.

One-year extensions of their terms on the board were voted for Mrs. Edgar Sowell, Mrs. Gaylon Bryan, Duane Albracht

and the current president, John Poindexter. Officers will be elected for a new year in July.

This summer's water safety program, which offers swimming and life-saving instruction at the municipal pool here, was discussed as the main item of business. Mrs. Richard Zinser is water safety chairman.

She is already planning the schedule and recruiting helpers to conduct the program which each year involves scores of youngsters and adults in lessons. Need for more volunteer instructors and other assistants was stressed.

Mrs. Sam Morgan of the Red Cross Volunteers served coffee to board members at the close of the meeting.

Tech Day Unites Exes

Ex-Students of Texas Tech University, scattered throughout the United States and some in faraway lands, will observe the Annual Texas Tech Day, Saturday.

In announcing the date, Manuel DeBusk of Dallas, President of the Tech Ex-Students Association, pointed out that Texas Tech Day is one of the most important days on the University calendar each year. Local observances are planned by most of the Association's 40 organized clubs and a number of groups that are not organized. This will be the 20th Annual observance of Texas Tech Day. Its purpose is to bring Exes and

other Friends of Tech together for the "common enjoyment of traditions and heritage" of the University, DeBusk said. Thousands of Exes and friends of the University will get together, many meeting for the first time with one another, but with a common tie, Texas Tech.

Several campus officials and faculty members are expected to attend chapter meetings throughout the State and the Nation.

Not all the chapters will meet Saturday. Some will choose a more convenient day soon, according to Wayne James, Executive Director of the Ex-Students Association.

Texas System. The broad academic program is designed to meet the increasing demands for continuing education of all citizens by providing opportunities at the undergraduate, graduate and professional levels.

The Texas Tech University School of Medicine, which opened in the fall of 1972, is a separate state educational institution governed by the President and Board of Regents of Texas Tech University. The first graduating class of 24 students of the School of Medicine received their degrees last month. The new school has a highly innovative program emphasizing the role of the family physician.

In addition to the chapter meetings, there will be numerous gatherings of Texas Tech Exes in homes throughout the nation.

Founded in 1923 and opened in 1925, Texas Tech is in the midst of observing its 50th Anniversary. Last fall it had an enrollment of 21,510 students in its eight Undergraduate Colleges, and two Schools - Graduate and Law.

Academically, Texas Tech has been designated as one of the four major, multi-purpose Universities in the State of

Men are never so likely to settle a question rightly as when they discuss it freely.

-T. B. Macaulay.

The most stringent protection of free speech would not protect a man in falsely shouting fire in a theater and causing a panic.

-Justice O. W. Holmes.

History Presented To Club

Mrs. Elmer Patterson presented a program on Panhandle History to La Plata Study Club Tuesday evening when it met in the home of Mrs. Ansel McDowell.

Material for Mrs. Patterson's program came from several books written by Panhandle authors. Much of her information was from Light 'n' Hitch, written by Laura V. Hamner, known as the "queen of the Panhandle writers".

The first settlement in the Panhandle was Fort Elliott, established in 1875. Mrs. Patterson said hunting and the buffalo started the development on the plains.

Barbed wire and windmills were two important developments during the early years of the cattlemen. The windmill helped develop irrigation and is known today as the symbol of the development of the plains.

In 1876 the Panhandle was divided into counties with Deaf Smith County being established in 1890. The greatest fights back in that era were over the location of the county seats.

Mrs. Patterson concluded the program by reading a poem, We Are Americans, by Marjorie Lindsey Brewer, an author from Tulsa.

The business meeting was conducted by Mrs. J.C. Brown, president. It was reported that the club donated to the cancer fund.

Members voted to have the May 7 meeting as guest night and tour Sagebrush Galleries in Amarillo. The group will meet at the Community Center at 6 p.m. before traveling to Amarillo.

The 16 members present welcomed a new member, Mrs. Charles Kelly, and two guests, Mrs. Arthur Dettman and Mrs. Ad Harman of Dallas, both sisters-in-law of member Mrs. Emil Dettman. Refreshments of cake topped with whip cream and strawberries were served.

News From Austin

Results On Campaign Spending

NEW CONVENTION GOAL - With the Constitutional Convention in recess, President Price Daniel Jr. has a new goal: he is aiming to wind up the revision task by May 31.

Actually, he conceded the first or second week of June is a more realistic target. Two of the toughest articles - judiciary and general provisions (which includes the controversial right to work issue) - remain to be debated when delegates return to Austin.

They must also vote again (and muster a two-thirds majority) on the seven articles approved tentatively so far, and then decide the form of submission of the constitution, and alternative proposals to voters.

PRISONER COLLEGE PLAN OFFERED - Prison inmates at Ramsey Unit will be the first in the U.S. to be offered

a chance at four-year college degrees through the University of Houston at Clear Lake City. Junior college associate degrees have been available since 1965 through special programs. Thirty-to-60 students will begin classes at Ramsey Unit in June. Next fall, Stephen F. Austin University is due to extend courses to inmates at Coffield Unit near Palestine. "The more education a man has, the less likely he is to return to prison," said State Prison System Director W. J. Estelle.

CONTRACT AWARDED - A contract for the first modernization of property tax laws since 1925 has been awarded by the Legislative Property Tax Committee.

AUSTIN, Tex. - It's show and tell time for political candidates, and many of them don't have as much to show

as they would like to for their fund-raising efforts.

Gov. Dolph Briscoe ran second to Republican gubernatorial candidate Jim Gramberry in campaign spending up to March 25, according to the first contribution-spending reports filed with the secretary of state.

Gramberry reported contributions and loans of \$171,425 (including \$22,500 of his own money) and spending of \$171,425 since last summer when he began his race.

Briscoe's spending - including a \$120,000 loan of his own money - was pegged at \$153,754.

Frances "Sissy" Farenthold reported some \$40,865 in expenditures and debts.

The effort is far below that of 1972 when Briscoe spent nearly \$1.6 million in the primaries, and Mrs. Farenthold spent \$672,441.

Comptroller Candidate Bob Bullock has reported spend-

ing of about \$60,000 in his Democratic race, and Hugh Eduburg said he has outlays of about \$12,900.

Eduburg acknowledged he is using about \$7,000 of his own money. Bullock said he has used \$12,600 from his own resources, and has \$38,300 in loans from his business partner, Ken Wendler of Austin.

One of the big-spending groups so far has been the Texas Citizens for Parimutuel Horse Racing, which reported a \$7,000-cost campaign to get the issue of legalizing race track betting on primary ballots.

Law Research Corporation of Texas, an Austin group, received the maximum \$125,590 - cost recodification contract.

LPTC abandoned a plan to conduct an intensive school property tax survey on a totally-random-selection basis. The 35 school districts will be re-selected to insure a geographic spread in five regions.

COURTS SPEAK - Power of city governments to regulate extended area telephone rates was approved by the State Supreme Court.

The High Court turned down a Houston woman's appeal in a lawsuit in which she has unsuccessfully claimed \$635,000 in damages against a doctor due to an unusually-large appendectomy scar.

The Court of Criminal Appeals reversed a San Saba murder conviction because the jury didn't decide a sanity question.

Murder conviction of a Dallas man who set fire to car in which another was asphyxiated lost an appeal from a life sentence.

Attorneys for former House Speaker Gus Mutscher, appealing a conviction for bribery conspiracy, argued before the Court of Criminal Appeals that no conspiracy was ever proved and the principal witness was not asked about it.

FAMILIES NOTIFIED - A new state program offering toll-free telephone service has contacted 861 families, relaying messages on runaway children, Governor Briscoe reported.

Since last September, Briscoe said, the program, "Operation Peace of Mind," has received 1,890 calls from runaways in 42 states. The national hotline enables the runaways to relay messages to their parents from a round-the-clock, volunteer-manned center in Houston.

APPOINTMENTS - Frank Hutchinson is new director of Minority Business Enterprise.

Robert A. Sartwell of Houston was appointed by Governor Briscoe to the San Jacinto Historical Advisory Board.

Dann Barger of Brownwood is new superintendent of the Crockett State School.

Kraege Polan Jr., former aide to Speaker Price Daniel Jr., has joined the staff of Rep. Carl Parker of Port Arthur in his campaign for speaker.

Rep. Dan Kubiak of Rockdale is a new member of the Education Commission of the States, a national organization of state leaders and educators.

MIGRANT OFFICE CREATED - A Migrant Affairs Office and Migrant Fuel Allocation Plan for Texas were set up by executive order of the governor last week.

The MAC will act as liaison with all agencies which serve migrant groups and try to identify present and future resources at federal, state and

local levels to aid with problems.

The fuel program will permit migrants to obtain gasoline at 51 designated truck stops as they move north during agricultural seasons.

"PRIVATE" SUPERPORT ENDORSED - A Senate committee endorsed private ownership of a Texas superport, but two coastal area senators objected.

The Committee report said it is not "the responsibility of state government to underwrite this kind of risk when private enterprise is ready and willing to accept the challenge." Sens. D. Roy Harrington of Port Arthur and Bob Gammage of Houston said state ownership of the proposed offshore unloading terminal for oil tankers is in the best public interest.

SHORT SNORTS

The "capitol" will "move" to Amarillo, April 27, when Sen. Max Sherman becomes governor for a day. He is senate president pro tempore.

Governor Briscoe's top aide told a Senate sub-committee on consumer affairs there may be a need for regulation of

intrastate long distance calls and in cities and rural areas where none now exists.

Atty. Gen. John Hill has been asked for an opinion on whether free newspaper space devoted to signed columns by political candidates is covered by law requiring reports of campaign contributions.

VD Still Rampant

Venereal disease isn't the silent epidemic it once was, but it still is an epidemic - particularly among the state's young people.

More is being heard about VD in Texas, but more - much more - needs to be said about the causes and the cures for syphilis and gonorrhea, says the Texas State Department of Health.

Last year in Texas, 64,210 cases of gonorrhea and 5,384 cases of syphilis were reported.

Gonorrhea increased by about 12 to 15 per cent, but in the 10 through 14-year-old age group the increase was a startling 26 per cent. And, the age group from 15 through 29 reported 85 per cent of all VD cases in the state.

NATIONWIDE, gonorrhea has become the number one reported communicable disease, and syphilis - once thought to be under control - is continuing to present a serious problem.

Public health officials estimate that more than two million Americans were affected last year by venereal disease - more than half of the victims under 25 years of age.

The Texas State Department of Health and local health departments are using a four-pronged attack against VD. Emphasis is being placed on: epidemiology (or case tracing); gonorrhea screening by various health agencies; closer

cooperation with laboratories and private physicians; and education, or public awareness.

April is being observed as "VD Awareness Month", and education ranks high among priorities in combatting venereal disease. Everyone needs to understand how VD is spread, what the symptoms are and what can be done about it.

EVEN TODAY, despite the advances being made in bringing out the true facts on VD, there still is a "hush-hush" attitude about venereal disease.

Syphilis and gonorrhea are serious health problems. Syphilis can attack any part of the body, including the heart and brain. If a victim remains untreated, syphilis can cause insanity, crippling, blindness, heart damage and death. A pregnant woman with syphilis can pass it on to her unborn baby, causing it to be born sick, deformed or dead. Gonorrhea can cause sterility, heart damage, arthritis and blindness.

Health authorities emphasize that gonorrhea and syphilis are spread by germs passed from one person to another during intimate contact. Knowing the signs of VD - and reacting to them by seeking treatment - is very important.

The first sign of syphilis - a sore called a chancre - usually appears where the germ enters the body, usually from 10 to 90 days after contact. The painless sore may go away, but the disease doesn't. A rash, sore throat or falling hair may appear from two to six weeks after the sore disappears. Again, if the disease isn't treated, the symptoms may disappear and the disease will lie hidden, striking some vital organ such as the heart, brain or spinal cord in later years.

WHILE GONORRHEA isn't considered as lethal as syphilis,

it is more widespread and harder to control. The incubation stage is shorter, and first signs of infection usually appear within three to five days. Infected persons may experience a burning sensation while urinating, have a discharge from the sex organ or have abdominal pain. Males normally are acutely aware of these symptoms, but in women the symptoms may not appear or be ignored.

The national Center for Disease Control estimates that in the United States there are 800,000 women who have gonorrhea and don't know it. Those who have VD and don't know it are called asymptomatic carriers.

An important thing about VD is that it is contagious, serious and curable, say Dr. M.S. Dickerson, chief, Bureau of Communicable Disease Services for the State Health Department.

Dr. Dickerson says any person with symptoms of VD should visit a doctor or public health center immediately and request an examination. In Texas, all VD cases are handled confidentially. Minors may be examined and treated without notifying their parents.

The venereal disease message is being spread throughout the state during VD Awareness Month but, says Dr. Dickerson, the battle against this health threat is a continuous one 12 months out of the year.

FGBMFI To Meet Saturday In Civic Center

The Hereford Chapter of the Full Gospel Business Men's Fellowship International announces Elmer Hurley from Bronte as their guest speaker Saturday Evening at the Civic Center.

SPEAKER Elmer Hurley, Lay Witness speaker for the Hereford, Texas Chapter of Full Gospel Business Men's Fellowship International, Saturday at the Civic Center.

There will be a Buffet Supper for \$2.65 and begins at 7 p.m. followed by the meeting at 8 p.m.

Hurley and family own and operate a professional pharmacy which is rapidly turning into a Christian book store and tape center.

The Hereford chapter also invites all men to join them in a prayer breakfast once a month.

This is a time of sharing and fellowship of men concerned about the community, who desire to help.

W.H. "BILL" GRIFFIN VOTE AN EXPERIENCED BUSINESSMAN FOR COUNTY COMMISSIONER Pct. 2. WHY AM I RUNNING FOR COUNTY COMMISSIONER? At present, I am controlling my workhours, but still active with my own company, Griffin Industries, which includes oil well service, business consulting, and cattle feeding operations. WHAT ARE MY QUALIFICATIONS? Although I have never been active in a government capacity, I have always felt, like most people, that government at any level is basically a business operation. In private enterprise, I have been able to use my knowledge and experience successfully, and feel certain that both will prove useful in providing sound, efficient government for the citizens of Deaf Smith County. VOTE MAY 4th FOR Bill Griffin

The Hereford Brand, Hereford, Texas, Thursday April 18, 1974

County Land Surveyed

How large a land area does Deaf Smith County cover, according to the latest official figures? How much has it changed, if any, in recent years?

The subject has arisen because of the latest government findings, which show that many of the previously recorded figures no longer apply.

Some counties across the country are now listed with more land area than in 1960 and some with less. For the rest of them there has been no change.

TO A GREATER degree, however, the changes are attributed to a correction of errors discovered in the former calculating method and to new equipment, now in use, capable of making computations electronically down to a fraction of a square inch.

With the adjustments in population and in area since 1960, there have been revisions in the density figures. The density in Deaf Smith County is now given as 13 persons per square mile.

AS FOR THE NATION as a whole, the figures show a decrease of 12,119 square miles of land. The latest total reported by the Census Bureau, is 3,436,855 square miles. This compares with 3,548,974 in 1960.

To a large extent, what the country lost in land area it gained in water area, which increased by 12,030 square miles.

Overall, the United States seems to have suffered a net loss of 89 square miles.

Deaf Smith County is currently listed by the Census Bureau as having a land area of 1,510 square miles, which is somewhat more than its 1960 total of 1,507.

WHO KNOWS?

1. What is a deciduous tree?
2. How is a person's heart rate determined?
3. What is the Biblical name for Palestine?
4. Where does paraffin come from?
5. Identify: "Baby State," "Sagebrush State," and "Golden State."
6. When was the Titanic disaster?
7. When is Palm Sunday in 1974?
8. What English Poet "saw the heavens fill with commerce"?
9. How much does one measuring cup of sugar weigh?
10. What was Paul Revere's vocation?

Answers To Who Knows

1. One that sheds its leaves in the winter.
2. By the number of heart beats per minute.
3. Canaan.
4. It's a by-product of petroleum.
5. Arizona, Nevada and California, respectively.
6. April 14, 1912.
7. April 7th.
8. Tennyson, in "Locksley Hall."
9. One-half pound.
10. He was a silversmith.

Holds Accident-Free Record
Having driven a Texas Highway Department vehicle 18 years without an accident, Jim C. Mercer, left, recently received a certificate and pin from J.R. Blackwell, right. Blackwell is foreman of the Deaf Smith County Maintenance Section, of which Mercer is a member. Both are from Hereford.

CARD OF THANKS
We wish to take this opportunity to express our appreciation for the many acts of kindness during the recent death of our loved one. Your prayers, words of comfort, food, flowers, calls and visits meant so much to us. We especially want to express our appreciation to the nurses at Westgate for taking care of Mrs. Carlson. Your tender loving care made life more enjoyable for her. May God richly bless you in our prayer.
Mr. & Mrs. Lawrence Carlson & Family
Mr. & Mrs. Elmer Carlson & Family
Mrs. Vera Howe & Family
ADVERTISEMENT FOR BIDS
The Canyon Independent School District of Canyon, Texas will receive sealed bids until 5:00 PM, May 7, 1974 in the office of the Superintendent, 8 ACRES, at Umbarger, Texas one block off pavement on North side of Umbarger School site. Adjoins 100'x120' Lot with Frame House approximately 1600 Sq. Ft. Gas, Electricity, and Phone, no water. Bids may be made on the 8 acre tract, on the house and lot, or on both tracts as one unit. Bids to be opened May 7, 1974 at regular meeting of the School Board. The Board of Trustees reserves the right to accept or reject any or all bids. Key to house may be obtained from the Superintendent's office in Canyon High School, or at Umbarger Farm Supply, Umbarger, Texas. Bids must be accompanied with 5 per cent deposit of the bid to be considered valid. Bid forms available in Superintendent's office.
