Wind Damage

More than 80 mph winds slammed through Hereford Tuesday causing heavy damage to many homes and structures. At left, a mobile home owned by Henry Rayburn, about five miles southeast of Hereford was toppled by the wind. No one was in the home at the time. At right, wind caved in the side of the City Incinerator, causing total damage to the \$18,000 structure.

Permits Near \$1 Million

Hereford continued on the progressive trail during the month of March as city building permits for the year neared the \$1 million mark and continue to run well ahead of last year.

Total permits issued during 1974 have now reached a mark of \$909,550 as compared with the pace of \$770,220 issued up to this same point last year.

March's permits of \$245,300 included major construction and many small building and remodeling permits. Totals of March last year were \$322,050.

HOWEVER, the three-month totals for the year indicate another strong construction year in the city as compared to the record year in 1973. The total for 1973 was over \$4 million.

The total for the first three months of this year not only is well ahead of the \$770,220 pace at this time last year, but also is better than the \$874,050 three-month total of 1972.

Hereford had building totals of \$407,100 in January and \$257,150 in February.

HIGHLIGHT during March was a permit issued to John Orsborn Buick-Pontiac for \$60,000 to remodel and alter the car dealership which was destroyed by fire recently. Two other permits in the total amount of \$76,000 was issued to the City of Hereford for a shop building and for a new Pitman Golf Course Pro Shop. One new residence was listed among the permits and was issued at \$43,000 and another permit for \$30,000 was issued to remodel the Nazarene Church on West 16th Street.

PERMITS ISSUED during March were:
 —John Orsborn Buick-Pontiac, alter and repair building, \$60,000.
 —City of Hereford, erect shop building, \$41,000.
 —Florentio Zamora, 219 Vera Cruz, \$200.
 —Guadalupe Soto Garcia, 304 Brevard, \$5,000.
 —City of Hereford, Golf Pro Shop, South Main, \$35,000.
 —Jose C. Aguirre, 419 Barrett, add to residence, \$1,000.

—H.G. Cook, 509 Willow Lane, erect storage, \$250.
 —Amado Guzman, 431 Barrett, add to residence, \$100.
 —Antonio Ramirez, 138 Ave. I, erect storage, \$250.
 —Epifanio Zepeda, 922 S. Main, storm shelter, \$200.
 —Esequiel G. Mendoza, 206 Harrah, add to residence, \$600.
 —Floy Davis, 415 Western, erect storm shelter, \$500.
 —Ernest Gilmore, 815 Brevard, add to residence, \$3,500.
 —Arnaldo Villarreal, Harrah St., move in mobile home, \$6,300.
 —Ramon Castillo, 608 Grand, erect storage, \$100.
 —Del Toro, 215 Ave. J, add to residence, \$4,500.
 —Donald K. Nielson, 817 Country Club Drive, add to residence, \$6,500.
 —Zelma Stewart, 707 Blevins, erect car port, \$300.
 —Ronald Bridges, 209 Ave. D, add to residence, \$2,500.
 —Tilecraft, Inc., 435 Centre, new residence, \$43,000.

—Cliff Arnold, 206 Beach, move in storage, \$400.
 —The Nazarene Church, add to church, 248 West 16th Street, \$30,000.
 —Leonel De Leon, 304 Blevins, add to residence, \$100.

School Race Set Saturday

A heavy turnout of voters is expected Saturday as interests and tension mounts in the eight-candidate race for the two open positions in the Hereford School Board of Trustees.

The only voting poll will be the Hereford Community Center, Park Avenue and Avenue C, with the polls open from 8 a.m. to 7 p.m.

A total of 276 voters had cast absentee ballots by the 5 p.m. Tuesday deadline in the election and indicated to local officials that about 3,000 to 4,000 voters are expected to vote. More than 7,000 local

residents are registered and eligible to cast ballots. School officials said six mail in ballots had been sent out and would bring the absentee balloting to 282.

There are no incumbents in the race, which has said to have built interest in the election. The two positions up for election are presently held by Dr. A.T. Mims and Hilrey Aven. Both announced some time ago that they would not seek re-election.

The eight candidates in the race include Lynton Allred, Jim Clarke, Jim Conkwright, Mrs. Clint (Margaret)

Formby, Lorenzo Granado, William D. (Bill) Johnson, Charles Schlabs, and Glenn Watts.

The winners of the election will be based on a plurality vote. The two candidates receiving the top vote count will be elected whether they receive a majority vote or not.

The two candidates elected will be installed at the regular meeting of the School Board next Tuesday night at 7:30 p.m. in the Administration Building. The old board will conduct old business, canvass the election results and then install the new board members.

City Approves 'Right Turn On Red'

The Hereford City Commission Monday night approved right turns against red lights at certain lighted intersections in Hereford.

However, the commission decided to continue to prohibit the turns against red lights at five local intersections. The five intersections at which right turns against

red lights will continue to not be allowed are U.S. 60 Main, U.S. 60-U.S. 385-U.S. 385-Park Avenue, Park Avenue-Avenue F, and Avenue F-Union Street.

Three of the five intersections where right turns will be prohibited include intersections of major highways through the city, and the other two prohibited intersections involved "excessive" pedestrian traffic around Hereford High and Stanton Junior High.

COMMISSIONERS warned that even at intersections where right turns will be allowed, each vehicle must come to a complete stop and have clearance before turning.

The right turns will be allowed as soon as the city workmen can remove the "No Right Turn On Red" signs from the affected intersections.

In other action at the meeting Commissioners heard the first reading for annexation of land south of the city and

accepted a bid for a new sewer rodding machine.

JEANE COKER, with the Daughters of the American Revolution (DAR) appeared before the commission to discuss plans for the upcoming U.S. Bicentennial Celebration.

Mrs. Coker obtained the signatures of each of the commission members allowing the local bicentennial committee to seek a state grant. She also discussed plans of the DAR in connection with the celebration.

Only a single bid was submitted for the sewer rodding machine from the Rockwell Company for \$3,960 minus an \$800 allowance for trade-in of the city's old machine.

COMMISSIONERS had asked that the right turns be placed on this week's agenda so that possible action could be taken.

Dudley Bayne, city manager, informed commission members that five tickets had been issued for violations of

the no right turn against red lights since the commission prohibited the action. However, he said all the citations were to out-of-town residents and all were on a highway intersection.

"I think we should change it because of the many tourists who come through town," said commissioner Frank Barrett. "They are allowed the turn in other cities and it confuses them here."

The commission then discussed the problems of traffic at the major highway intersections and the pedestrian problems around schools. They then excluded the school and highway intersections and allowed it at other intersections.

However, Barrett then suggested local law enforcement officers "clamp down on the many trucks that run through red lights."

"I see it all the time," he said. "Those trucks, especially through U.S. 385 and Park Avenue, run through that red light all the time and we are going to have some bad accidents there."

"That traffic light amounts to only about a yield sign," said Mayor James Sears. "Trucks and cars get to rolling fast and if the light turns yellow they seem to speed up rather than slow down."

IN A SPECIAL meeting of the Commission Tuesday night to swear in newly elected commissioners, Bayne informed commissioners that the high winds Tuesday had destroyed the city incinerator, valued at \$18,000. He said the incinerator was covered by insurance, but that city trash and garbage would have to be disposed of by sanitary landfill until further action can be taken.

Present at Monday's commission meeting were Mayor Sears, Bayne, City Attorney Langley and Commissioners Paul Abalos, Barrett and Hap Cavness. Commissioner Dub Boyd was absent and was recovering from recent surgery in Deaf Smith General Hospital. Also present at the meeting was Harvey Milton, candidate for the commission.

Light Vote Returns Boyd, Barrett To City Commission

In a very light turnout here Tuesday, incumbents James "Dub" Boyd and Frank Barrett were re-elected as members of the Hereford City Commission.

Boyd defeated challenger Harvey Milton 192-58 for Place 3 as Barrett collected 223 votes as he ran unopposed for Place 4.

A total of 255 local residents voted in the race among the 4-5,000 eligible. Only a single absentee vote was cast before the election.

Barrett was sworn in to his repeat term at a special called meeting of the Commission Tuesday night in City Hall. Boyd presently is in Deaf Smith General Hospital recovering from recent surgery and will be sworn into office at the next regular meeting of the Commission, April 15.

Two write-in votes were reported by election judges. One vote was cast for Clint Formby and a second cast for Joe Kerr.

Paul Abalos Works To Get Parents Involved In School

By JANIS LOCKHART
Brand Staff Writer

"Truancy, and no parent participation, are the two problems that we have, and they are not as bad as they used to be," said Paul Abalos, Director of Hereford's Parent-School Involvement.

In some states going to school is not mandatory as it is here in the Hereford school district. Some parents have just arrived from other states and can not understand why Hereford seems strict concerning the enrollment of children into school. Especially because the family does not plan being here for very long.

The Hereford School District does have a full-time truant officer and it is his job to see that children stay in school.

Some of the reasons given that children are kept out of school by parents are that they do not have money for a babysitter and they keep an older child at home to take care of the smaller ones while parents go to a doctor or other errands. Another one is that some need to be with parents to interpret.

"ONE REASON that parents need to see that the children are kept in school is that they are leaving themselves open for legal enforcement," said Abalos.

The main duty that Abalos has is to

work with all agencies, parents and schools in the interest of each child.

"We are interested in your children and that is why we want you to put your child into school. We have the resources and personnel and we want to help students get in school and stay in school," added Abalos.

Another problem Abalos faces is the fact that parents are not becoming involved in school activities. He feels this would be a great help to the parents and students alike.

"I do not know of any other district that offers as many opportunities for the students arriving in our district as we offer," explained Abalos.

On the Junior High and Senior High levels parents need to become even more involved with their children than when they are in the elementary level according to Abalos.

"When the parents know who each child runs around with and where they are, then the chances of truancy becomes less if they stay away from those that have little interest in school," he said.

"We are making progress and by no means are we fighting a losing battle. Parents can call me and get help with any problem concerning their child. We are having very good response with this program and want this to become a community-wide thing."

PAUL ABALOS

Longtime Banker-Farmer Of Area Buried Wednesday

Funeral services for Walter N. Hodges, 85, of 402 West Park Ave., banker and farm owner here for 45 years, were conducted Wednesday afternoon in First United Methodist Church by Dr. Jordan Grooms, pastor, and the Rev. Herschel Thurston, former pastor.

Burial in West Park Cemetery was directed by Gilliland-Watson Funeral Home. Mr. Hodges, who had been in a nursing home at Dimmitt the past two months, died in a hospital there Monday morning.

He was a founder of Hereford State Bank and continued membership on its board of directors. He had been a member of First United

Methodist Church many years, and was a 50-year member of the Masonic lodge.

A resident of Deaf Smith County since 1929, he was born Oct. 16, 1888, at Nocona. He married Velma Scott in Hereford.

She survives him, with three daughters, Jewel Johnson of Hereford, Jessalyn Williams of Panhandle and Dorthea Richards of DeFuniak Springs, Fla.; two sons, Aubyn and Walter Hodges of Hereford, and two stepdaughters, Nell Wilkins of Hereford and Dorothy Dacy of Houston.

Also surviving are two sisters, Pearl Burgin of Canyon and Minerva Paine of Nocona; a brother, Byron Hodges of Amarillo; 14 grandchildren and 20 great-grandchildren.

Mrs. Kelley Funeral Today

Funeral services for Mrs. Minnie L. Kelley, a longtime resident of the Hereford area before she moved to Oklahoma City about two years ago, will be conducted at 4 p.m. today in Rose Chapel of Gilliland-Watson Funeral Home by the Rev. Doug Manning, pastor, and Steve Graham, assistant pastor of First Baptist Church.

Mrs. Kelley died at the age of 90 in Oklahoma City Saturday afternoon. A funeral service was held there Wednesday afternoon. Burial will be in West Park Cemetery.

Born in 1884 in Wise County, she was the only sister of the late J.L. Lookingbill, a member of a pioneer family of the Summerfield community. She married Roy A. Kelley at Summerfield in December of 1943. His death occurred in 1969.

Survivors are three daughters, Velma Isbill of Oklahoma City, Estelle Caldwell of Long Beach, Calif., and Iona Bencemerita of Delano, Calif.; a son, Robert Wood of Modesta, Calif.; a stepson, Floyd Kelley of Weatherford, Okla.; 12 grandchildren; a number of great-grandchildren, and several nieces and nephews who live here.

Herd At District

Hereford's Whiteface track team travels to Plainview Saturday for the District 4-AAAA track and field meet, with the Lubbock Monterey Plainmen ruling as strong favorites for the team championship.

The herd surprised the league last year in claiming the district track title, upsetting the favored Plainmen. The talented Monterey team appears to have too much depth for any other 4-4A member to overcome this year, however.

THE WHITEFACES had their last "test" Saturday in the tough Amarillo Relays, and only three Hereford athletes made it to the finals. The trio, however, racked up 38 points to finish 7th in an 18-team field.

James Harris captured first place in the long jump with a 21-3/4 effort and was second in the 330 hurdles with a fine time of 39.1. Chuck High was second in the high hurdles with a 14.4 clocking, and he finished fourth in the intermediate hurdles in 39.6 seconds.

David Varner was the other point-winner for Hereford as he took second in the shot put, setting a Hereford school mark with a heave of 53-10/16. The trio will lead Hereford in the district meet at Plainview Saturday.

HIGH WILL be seeking a return trip to the regional meet and the state meet in the hurdles. He earned the berths last

year and placed in the state finals. Only the first and second-place winners in district advance to region, and the top two there go on to state.

Hereford failed to qualify either relay team at Amarillo, or any other individuals. Midland Lee took the team title at the relays and Vernon was the runner-up. They were followed by Lubbock Dunbar, Amarillo High, Tascosa, Caprock, Hereford, Pampa, Palo Duro, El Paso Irvin, Dumas, Plainview, El Paso Jefferson, Perryton, Canyon and Guymon.

PANHANDLE captured the small-school division, followed closely by Stratford, Memphis and Sunray. The Hereford junior varsity team scored well in the JV division, but no official point totals were announced.

Steve Jones was the only first-place winner for the JV team, taking the 440-yard dash in a 52.2 time. Mike Munterlyn was second in the 330 hurdles in 41.7, and Ronny Ohlig was third at 41.8. Other thirds were won by Jay Williams, 440 dash; Bobby Fields, mile; and the mile relay team of Fernando Garcia, Kirk Spain, Williams and Jones.

The sprint relay team of Gilbert Mendoza, Munterlyn, Jones and Barry Allen was sixth. Individual fourths went to Garcia in the 800, Gary Schumacher in the high hurdles, and Joe Gonzales in the mile. Fernando Rocha was fifth in the mile run, and Allen was fifth in the 100-yard dash.

J. MIKE RANSPOT

Death Claims Hall's Father

Services will be held this afternoon in Dawson for Mr. W.V. Hall of that city.

He was the father of James T. Hall, local manager of Deaf Smith Electric Cooperative. Mr. Hall, 76, died Tuesday evening at a Corsicana hospital.

He had served for a number of years on the board of directors of the Navarro County Electric Cooperative.

Surviving him are his wife, his son and two grandchildren, Mike and Kevin.

Funeral Arrangements For Former Hereford Resident

Funeral services for James L. Marcum III, former resident of Hereford who has been living in Littlefield the past year, will be at 11 a.m. Friday in the First Baptist Church in Littlefield.

Burial arrangements have been made in Hereford for 2:30 p.m. Friday.

Mr. Marcum died early Wednesday in a Lubbock hospital of injuries received in an accident involving irrigation equipment on a farm near Littlefield. He had been associated with his father, also a former resident, in an automobile dealership and farm operations.

He attended Hereford schools, graduating in 1967, and a school for morticians in Houston. He married Pam Faver of Hereford.

She survives him, with two children, Missy and Mitch; and his parents, J.L. Marcum Jr. of Littlefield and Mrs. Mary Frances Marcum of Oklahoma City.

Cancer -- Evil Killer

Cancer—one of the most evil killers of all time—has brought grown men to their knees; it has shattered thousands of happy families; and it has robbed the world of some of its greatest and most beloved leaders.

This disease, this bluish on the soul of mankind, will indiscriminately kill 350,000 Americans this year alone. It kills the very old and the very young and those in between; it strikes the good and the bad; it knows no race, color, or national origin; and it cares not what God its victims love or the language they speak.

Cancer strikes one of every four Americans. It is second only to heart disease as the leading cause of death in America, claiming one of every six of us who die each year.

In Deaf Smith County, this year, many people will die of cancer it rates continue at their present pace. More of our present population will eventually succumb to cancer.

Today there are more than one-and-one-half million Americans alive, cured of cancer. In 1913 few were cured of cancer, and it was not until the late 1950's that doctors were able to cure even one of every five cancer patients.

The American Cancer Society poured more than 24 million dollars into research on the disease in 1972-73, representing more than 33 per cent of the society's budget.

The next greatest expenditure of funds by the American Cancer Society, and perhaps its most humane, is for the service and rehabilitation of present and past cancer patients.

Public education follows in order of importance. Public education refers to literature, posters, and films, available free of charge to all Texans, which attempt to educate the general public to be more aware of cancer by knowing such things as the seven warning signals and the importance of the yearly physical examination.

Some of the past victims of this unprejudiced killer have been Babe Ruth, Walt Disney, Sam Rayburn, Gary Cooper, and more recently, Jim Callum of San Antonio Happy Jazz Band fame, and movie stars, Betty Grable and Robert Ryan.

Nearly everyone has somehow been touched by cancer, either having lost a loved one or having known someone who died of cancer.

However, until the 20th Century, and more accurately, within the last 40 years, cancer was not even mentioned among the American populace. It was one of those diseases "that no one talks about"—mainly because it was thought that there was little or no chance of recovery or even treatment for cancer before 1900. It was considered incurable.

Then in 1913, a group of physicians and laymen banded together to attempt to make the public more aware of this "incurable" disease. That seed, sown in pre-World War I days, was known as the American Society for the Control of Cancer. It was to become what we know today as the American Cancer Society.

Today, 60 years and literally billions of dollars later, the American Cancer Society is still in business, and its 1974 Crusade slogan—"We Want to Wipe Out Cancer in Your Lifetime"—does not seem quite so impossible as it would have probably sounded to the organization's founders in 1913.

At present, two of six cancer patients, or one-third, are being saved. The goal of the society's public education program is to save that third person in six, who is now dying, but could be saved by early detection and treatment.

The Deaf Smith County Unit of the American Cancer Society helps program chairman for Clubs and Organizations plan programs dealing with cancer, and makes available a concise list of speakers and films for possible program themes.

The American Cancer Society is a national volunteer agency. It is trying desperately to live up to its goal, to wipe out cancer in our lifetime. Volunteers feel that this is possible through the society's three-pronged attack of service, education and research.

Key members of the Deaf Smith County unit of the Cancer Society are Jim Tucker, president; Mrs. Dale Jones, Crusade Chairman; Charles Wagner, Business Chairman; and Mrs. Jim Bob Perrin, Rural Chairman.

Former Resident Accepts Honors For Vietnam Vets

A former Hereford resident, Gene Brashear, son of the Ercei Brashears and now a student in the University of Texas at Austin, as president of the University Veterans Association appeared at an Austin City Council meeting to receive a resolution honoring Vietnam veterans on their day, March 29.

Brashear was a founder of the University Veterans and was elected its first president. In this capacity he has been interviewed by the Austin American-Statesman; the Daily Texan, student newspaper at UTA, and the Cactus Pryor program on radio station KLBJ.

He has been asked to be on a committee to interview applicants for the director of student financial aids at the university, also invited to join Phi Eta Sigma, freshmen honor society for students with a 3.25 or higher grade point average.

Brashear returned to college after attending Texas Tech for a

Deaf Smith County Chamber Report

"This report is meant to keep you informed of recent, present and future activities of your Chamber. Things, you should know".

BEEF PROMOTION: Western Union Messages sent to officials in Washington and Austin, followed by letters with newspaper articles and headlines enclosed to Wall Street Journal, Paul Harvey, TSN, Today Show, etc. (List is available) (Also show copy of newspaper article & letter).

AAU JUNIOR OLYMPIC BOXING: Letters including information packets sent to officials; tickets designed and planning continues.

WEST TEXAS CHAMBER OF COMMERCE: Annual Meeting April 18-20 at Odessa. President Roy will speak at keynote. Executive Vice President plans to attend, any items of interest from this Chamber should be presented in written form.

HOUSING: Meeting held with Resource Development Committees, HUD & FHA. HUD representative in Hereford conducting market survey-results and recommendations due this month.

AG TOURS: Texas A & M tour scheduled Friday, July 12; Australian Beef Producers tour scheduled May 4th.

REFERENCE BOOKS: 1971 Edition of Thomas register was presented to High School library.

RAILROAD CAR SHORTAGE: Notified George Mahon of situation asking his help to get ICC to provide assistance.

1974 POPULATION: Using Southwestern Public Service residential meter count of 4,055 and a 4 person per family average, City population figures to be 16,220.

SUMMER ACTIVITIES: The Culture Committee of the Chamber and the Youth and Education Committee of the Women's Division are both strongly in favor of a supervised program for young people during the summer.

ALL SPORTS BANQUET: Letters and copy of newspaper article on banquet sent to surrounding communities (Banquet will be April 22 at Bull Barn) tickets available at Chamber.

ORGANIZATION SIGNS: Co-ordinating with Civic Club leaders to renew the organization signs at city entrances.

RESOLUTIONS: Letter sent to Bill Clayton advising him of our support in fertilizer investigation; City notified of request to keep U.S. 60 & 385 free of weeds.

Local Theatre Manager Responds To Complaint

Scott Brewer, manager of Hereford's two Commonwealth Theatres, this week told the Brand it is not regular policy of the theatres to show X-Rated previews with lower rated movies.

Brewer made the statement in connection with a letter to the editor in the Hereford Brand which complained about an X-Rated preview which was shown between a double-feature of lower rated movies.

"If the lady had notified me sooner I think I could have assured her it was not a policy," Brewer said.

Anti-Litter Parade To Open City-Wide Campaign

An anti-litter parade to open the citywide spring cleanup April 20 is being planned, and any youth groups which have not been contacted but which would like to participate, are asked to notify Mrs. W.C. Russell as soon as possible.

Mrs. Russell is chairman of the beautification committee in the Women's Division of Deaf Smith County Chamber of Commerce, which will sponsor the annual cleanup week. The parade will be led by the high school's Whiteface Band, Campfire Girls, 4-H Clubs, Boy Scouts, Leo and Key Clubs, Rainbow Girls and various school groups have been invited to participate.

Observance of Arbor Day, April 26, will be another feature of the week. The beautification committee plans a public tree-planting ceremony, and also asks each family in the city to plant a tree in its own yard.

Mrs. Milburn Hosts HD Club

Young Homemakers Extension Club heard an unusual interpretation of "What Fathers Are" when they met in the home of Mrs. Nick Milburn Tuesday morning.

The program was given jointly by Mrs. Marvin Welty and Mrs. Milburn. Mrs. Welty gave a reading titled "If I Had Known" and was followed by the hostess giving a heart-warming excerpt from Reader's Digest about fatherhood.

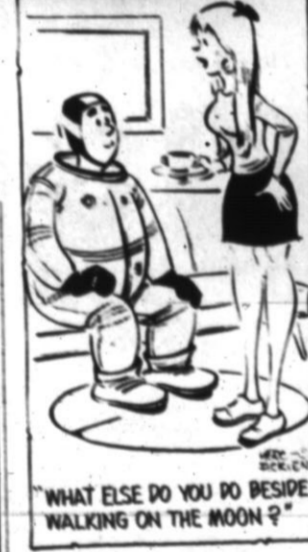

The members discussed plans to attend several upcoming activities. These included a cancer seminar in Amarillo May 1, the April District meeting in Borger and a covered-dish supper on April 22.

Mrs. Argen Draper presented a short synopsis of fitting clothes when sewing.

We know what you're looking for.

Letters To The Editor

Visitor Praises Hereford

Dear Editor,
After coming home from a recent trip to Hereford I feel I should write and say how much I appreciate your lovely town, and the homefolks in it. Also, I would like to give you an outside impression of inside Hereford.

The reason for my trips to Hereford are members of my family who live here. My Mother Mrs. Emma Schumacher lives at Westgate. There I find such friendly concerned folks taking care of their residents. My Mother

couldn't be in better hands. It is of great comfort to me to know that she is so well taken care of at Westgate.

I have three brothers and one sister and their families living in your town who take great pride in showing me Hereford

and the Golden Spread area. Mr. and Mrs. Walter Schumacher live seven miles west of Hereford showed me the thousands of cattle in the nearest feed lot, also the feed they raise and the irrigation systems.

Mr. and Mrs. Herman Schumacher live at 325 Cherokee, took me over the town to see the Christmas lights in early December.

Alois and Jean Schumacher took me on a country drive last Summer after which we spent the evening in their storm cellar at 413 Ave. K, waiting out a tornado alert and a heavy rain storm.

On another trip, Mr. and Mrs. Mark Lindeman took me to the

Palo Duro Canyons to see "Texas". During that same week they took us to a Circus in town where we met so many friendly folks. I was at the Lindeman home at 302 Ave. K when I heard and felt the milk plant boiler explosion, that was another Hereford experience.

My younger sister, Mr. and Emil Ehly live at Nazareth. There they showed me the diversified farming area.

By now I feel I know the Golden Spread country. I appreciate all the folks that make me feel at home here, and I read the Sunday Brand on every trip.

Sincerely,
Mrs. Joe Koetter

Commends Schools

I have recently learned that the Hereford Independent School District was selected by the Senate Education Committee and the Governor's Office of Educational Research and Planning for use in a study of school districts which have demonstrated outstanding educational services.

This study was designed to determine a cost analysis of those districts which have developed educational programs that aim to meet the needs of all the students, not

only the child with the normal learning abilities, but also those children who are gifted or have a particular learning disability to cope with.

The Hereford Independent School District is to be commended for having the foresight to develop innovative programs which the State of Texas has considered exemplary of quality educational systems throughout our state.

With Kind Regards,
Ron Clower,
State Senator

Annual Shriners Clinic Canceled

Due to the conflict between dates of the scheduled Shriners Clinic in May and the different seminars for doctors, the annual Shriners Clinic will not be held this year.

"They are looking forward to having the clinic next year, but

must cancel it out for this Spring," reported Bill Albright, Executive Vice-President of the Chamber of Commerce.

"It is sad that we must give the Clinic up this year, but we will be planning on a good one next year," Albright added.

Track Girls Host Meet

The HHS track girls hosted their first invitational track meet Saturday with nine area schools participating.
 In the field events, Plainview took first in the shot put with a throw of 34 ft. 2 1/4 in. Canyon and Tulia finished second and third respectively.
 Placing first in the long jump was Canyon with 17 ft. 5 three-fourths in. and Littlefield took first place in the high jump with 5 ft. 1 in. Throwing the discus for first places was Olton with 106 ft. 6 1/2 in. Canyon won the triple jump with 32 ft. 10 in.
 In the running events Canyon took first in the 60 yd. dash with 7.1 as the winning time. Canyon also won the 80 yd. hurdle with Renee Payne of Hereford placing second.
 Winning the 100 yd., 220 yd. and 440 yd. dashes was Canyon with 11.4 ft., 26.6 and 62.0 respectively. Olton won the 440 relay and the 880 relay ties of 51.1 and 1:51.1. Finishing second was Canyon and third Hereford. Friona's relay team took first with a time of 4:19.1. Canyon took first place in the meet.

Drill Team Plans Try-Outs

Drill team try-outs are scheduled for April 15-17 from 3:30-4:30 p.m. in the boys-gym. The routine will be taught and judged by drill team officers Donna Munnerlyn, Becky London, Shyla Thomas and Renee Payne.

Applicants will be judged on dance coordination, precision, timing, Kicks, ability to learn quickly and poise.

The rules concerning drill team tryouts have been altered this year. Only sophomores and juniors will be eligible to participate.

It isn't very difficult, in hot weather, to feel too tired to work.

It's always easy to find an excuse for delaying hard work.

A man with an axe to grind ought to turn his own grindstone.

Intelligent adults are kind to the children they meet in life.

LEE DUNAWAY

Lee Dunaway Joins SW Bell

The new Wire Chief for Southwestern Bell Telephone Company is Lee Dunaway. Lee comes to Hereford from Borger, where he held the position of Plant Foreman. Asked how he thought he was going to like living here, he said, "I liked it the minute I drove in."
 The Dunaway family consists of Lee, his wife, Bess; Jeffery, age 7; and Russell, age 2. His wife and children are planning to move here just as soon as school is out, and this

summer hopes to be able to hunt and fish, which the entire family enjoys.

Good luck rarely comes unexpected; usually, it's over-expected.

The enthusiasm of a salesman is what costs you money.

You can look back to 1973 but we prefer to look forward to 1974.

Deaf Smith 4-H'ers To Compete Saturday In Amarillo Contests

Nineteen 4-H'ers from Deaf Smith County will compete in the District I Elimination Contests in Amarillo, Saturday,

according to Assistant County Extension Agent Robert Devin. The youth won in county eliminations contests last week, qualifying them for district competition.

Six different contests will be staged at the same time, Devin says. They include horse judging, which will be at the Bill Cody Arena at the Tri-State

Fairgrounds, dairy cattle judging, livestock judging, soil evaluation, and range and pasture grass identification, all to be climaxed with award ceremonies at West Texas State University, and the 4-H Food Show, which is to be at Bonham Junior High School in Amarillo. Competing in the contests from Deaf Smith County are:

Senior Livestock Judging—Rick Coleman, Randy Coleman, Britt Hicks, Edd Stallings.
 Junior Livestock Judging—Wayde Boren, Roy Stallings, Russell Fangman, Steven Douglas.
 Senior Grass Judging—Sam Finley, Sandee Finley, Micki Merritt.
 Senior Dairy Cattle Judging—Kevin Douglas, Rudy Coleman, Terry Barrier.
 Food Show—Seniors—Sandra Stallings, Frankie Wells, JoAnn Wagner, Rhonda Hagar.
 Food Show—Juniors—Gina Inman, Kelli Robinson, Geni

Welty and Susan Skaggs. Both senior and junior level competition in the events will give youth from 22 counties in the Panhandle High Plains a chance to test their skills. The two top teams and/or individuals in the district contest will represent the district at the State 4-H'ers. The second round of the annual eliminations contests will be held April 20. Devin emphasizes that the contests will be held at different locations. Both the judging and awards ceremonies for the food show will be held at the Bonham School, while the horse judging activities will be at the Bill Cody Arena.

CAREER SALES OPPORTUNITY

Would you like to earn \$10,000 to \$25,000 a year (and more) as a salesman? You can do it right here in **Hereford, Texas**. No overnight travel is required. We offer a comprehensive training program. You will receive excellent fringe benefits. There is an opportunity for rapid advancement.

Of the 30 men in sales positions in our Lubbock Office, 3 earn in excess of \$30,000 a year and several others earn between \$10,000 and \$25,000 a year. In recent years, our top salesmen have qualified for meetings in New Orleans, La.; Scottsdale, Arizona; Puerto Rico; and in 1975 the meeting will be in Hawaii.

A sales background and a college degree are desirable but certainly not essential. Several of our men have college degrees, some have a couple of years of college. Others are high school graduates. We have successful young men. Other successful men in our organizations are grandfathers. We have no particular requirements—we are looking for honest, hard-working men (and, possibly, women) who meet people well and who will work very hard and follow our proved sales system exactly.

Take five minutes to investigate this challenging, satisfying, and rewarding career. Call Lubbock 747-8608 on Friday between 2 P.M. and 6 P.M. or Saturday morning between 9 A.M. and 12 Noon and ask for Mr. Tom Davis.

VOTE FOR JIM CLARKE

SCHOOL BOARD TRUSTEE

Jim Clarke

**I am running for the
board of Trustees of the
Hereford Independent
School District....**

I am not running for school plumber or a popularity contest. I am affiliated with no group and have no wish to alienate myself from any group but...

HERE ARE SOME QUESTIONS I WOULD LIKE ANSWERS TO:

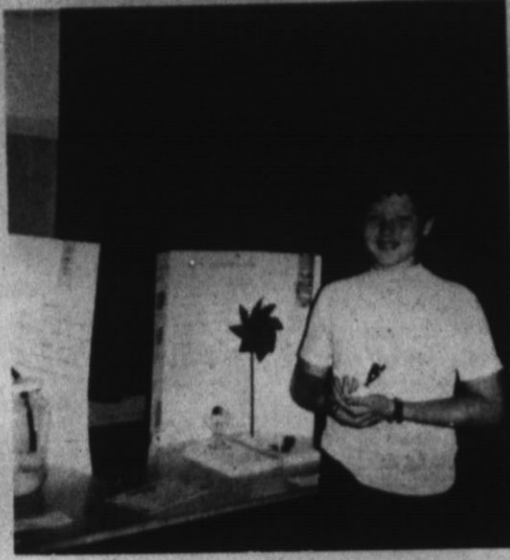

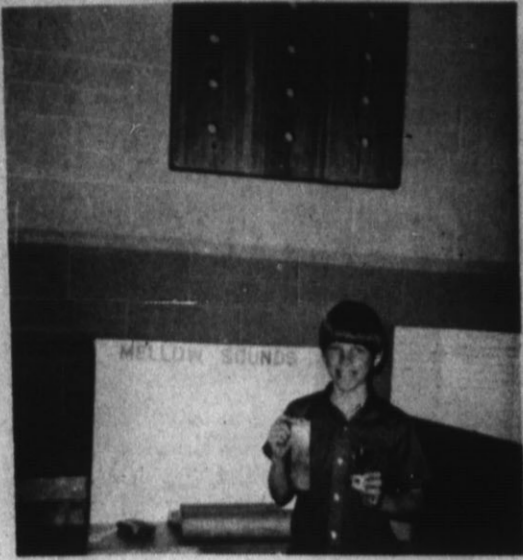

1. Why do free lunches exceed paid for lunches?
3. Is the open class school successful? If so why is the new one different.
5. Have board policy's been adhered to in regard to hiring all personnel?
7. Do our administrators attend too many conventions at Tax Payers expense?
9. Why can't the schools and particularly the rest rooms be kept clean?
11. Why not permit young people to use the gyms in a summer program?
13. Are all students disciplined the same?
15. Are we getting our money's worth on architecture fees?
2. Is membership in TSTA & NEA mandatory for teachers in the Hereford School System?
4. Why are expense accounts not audited?
6. Why not a central personnel office with evaluation reports on personnel and teachers?
8. Will it be necessary to raise property evaluations if the present trend in spending continues?
10. Why not have a school attorney for legal advice?
12. Why not a girls athletic program at least as good as the class B & C schools.
14. If the expense of financial advice is necessary would it be possible to get it somewhere else and save money-we did on insurance!

Want to know the answers?_____

VOTE FOR JIM CLARKE

HE WILL ASK THE QUESTIONS

St. Anthony's Names Science Fair Winners

These students were selected as science fair sweepstakes winners at St. Anthony's Parochial School recently. Paul Brockman (left) was honored for his exhibit of physical sounds. A display based on physical science earned an

award for Brent Clarke (center). Lyndy Walterscheid (right) received recognition for her display of life in pond water. All entries were judged by Eugene Barkowsky and Tommy Rosson, Hereford High School faculty members.

St. Anthony's School held its annual science fair on March 18 and 19, with grades four through six participating. Eugene Barkowsky and Tommy Rosson from the Hereford High School were the judges.

The following students were outstanding in their projects: Grade Six: Brent Clarke, First place and sweepstake; Rosie Garcia and Irasma Gonzales, 1st place; Juan Ruiz, 2nd place; Barry Morgan, 3rd place; Joe Frank Perez, Robert Torres, Gilbert Gonzales, 4th place.

Grade Five: Lyndy Walterscheid, First place and sweepstake; Teresa Schilling, 1st place; Ronald Herr and John Foster, 2nd place; James Hund, Charis Velasquez, Brent Walterscheid and Leona Warren, 3rd place; Donna Walterscheid, 4th place.

Grade Four: Paul Brockman, First place and sweepstake; Tina Hund, 1st place; Bruce Clarke and Kenneth Schlabs, 2nd place; Denise Gomez, Sheela Herr, Vicki Reinauer, Alan Koenig and Freddy Lazoya,

3rd place; Carol and Cheryl Walterscheid, Bob Foster, Joan Kalka and Sandra Barrera, 4th place. All other participants received honorable mention awards for their effort.

Stanton Girls Place

The Stanton Track girls met recently in Friona with Dimmitt and La Plata track girls.

The Stanton 7th grade girls placed first in each event. Luanna Berryman, Becky McGilvary, Irma DeLos Santos, and Marie Schilling, ran in the 440 relay with a time of 56.2.

Barbara Jacks, Thelma Hernandez, Polly Robinson, and Marie Schilling, ran in the 880 relay for a team total of 2:06.4.

Luanna Berryman, Janis Simpson, Joni Webb, and Barbara Jacks, competed in the mile relay with a time of 4:53.6.

Becky McGilvary ran the 220 dash in 29.3; Laurie Pittarel competed in the 80 yd. hurdles with a time of 14.8; the 60 dash was run in 8.4 by Becky McGilvary; 100 dash ran by Luanna Berryman was timed at 13.0; and the 440 dash ran by Irma DeLos Santos was completed in the time of 73.4.

The 8th grade girls placed first in every event except the 220 dash and the mile relay taking 2nd place in these two events.

The 440 relay ran by Angela Hartman, Kathy Wilson, Cindy Ford, and Pam Whitley, came in with a total of 55.6. The 880 relay composed of Angela Hartman, Paula Barber, Cindy Ford and Kathy Wilson came in with 2:01.4.

Deadra Polan in the 80 hurdles placed with 14.5; Pam Whitley competed in the 60 dash with a total of 7.8; the 100 dash was run by Pam Whitley in 12.7; and the 440 dash run by Cindy Ford came in with a 69.3.

Hereford Man Charged In Plainview

Larry R. Hardee, 26, of Hereford, was charged with involuntary manslaughter in Plainview Monday in connection with a truck-car accident which killed a Kress Baptist minister and his two sons.

The Hereford man remained in a Plainview jail late Monday night in lieu of the \$10,000 bond set by a Hale County Peace Justice.

Killed in the accident north of Plainview at the intersection of U.S. 87 and FM 788 were Jorge Lopez Rodriguez, 32, and his six-year-old twin sons, Joel and Issac. Injured in the crash was Mrs. Eva Rodriguez, wife of the minister. She is reported in fair condition in Central Plains Hospital.

The truck driven by Hardee was owned by Pacific Molasses Company of Hereford. Rodriguez was driving a stationwagon.

2 FOR 99¢

Rate Can Be Lowered Child Death, Injury

Preventable accidents are the most common single cause of death for children, say officials at the Texas State Department of Health.

In an average year, about six thousand children under 15 die in home accidents, and about four times as many are permanently crippled. Nationally,

more than half of non-fatal accidental injuries to children occur in the home.

Last year in Texas some 550 Texans under 15 years old were killed in accidents on the highways or at home. Nearly 1,100 Texans in all died in home accidents, says the Health Department.

The holiday season is a prime time for accidents to strike. Children will be playing with new toys, both inside and outside the home. There's more emphasis on fun than safety, and you'll find some kids out in their yards or in the streets—kicking a ball around, skating or riding shiny new bicycles.

Parental negligence can be blamed in most cases of home accidents. Ironically, these same negligent parents would, without hesitation, risk their own lives if their child's life were threatened in some obvious way. The less obvious threat of home child-hazards and inadequate safety training somehow escapes them.

Your awareness and concern can greatly reduce the probability of your child having a fatal or crippling accident. It will help you to know where and when these accidents are likely to occur.

The kitchen is the most dangerous room in the house, according to the National Safety Council.

Principal danger points are the stove, beneath the sink, low cabinets and closets.

Cooking utensils should never have their handles toward the front of the stove where they are within the reach of tip-toeing youngsters, says the Health Department.

Bleach, lye, ammonia, detergents, ant poisons, and any questionable substances should be locked up or kept on very high shelves inaccessible to toddlers. Keeping such substances locked up may be inconvenient, but it is the only sure way to protect children.

Kitchen drawers should not contain loose knives, ice picks, or scissors. Electric appliances should be unplugged and covered when not in use—preferably stored out of sight. Plastic outlet covers are available which will keep curious youngsters from ex-

ploring electric outlets.

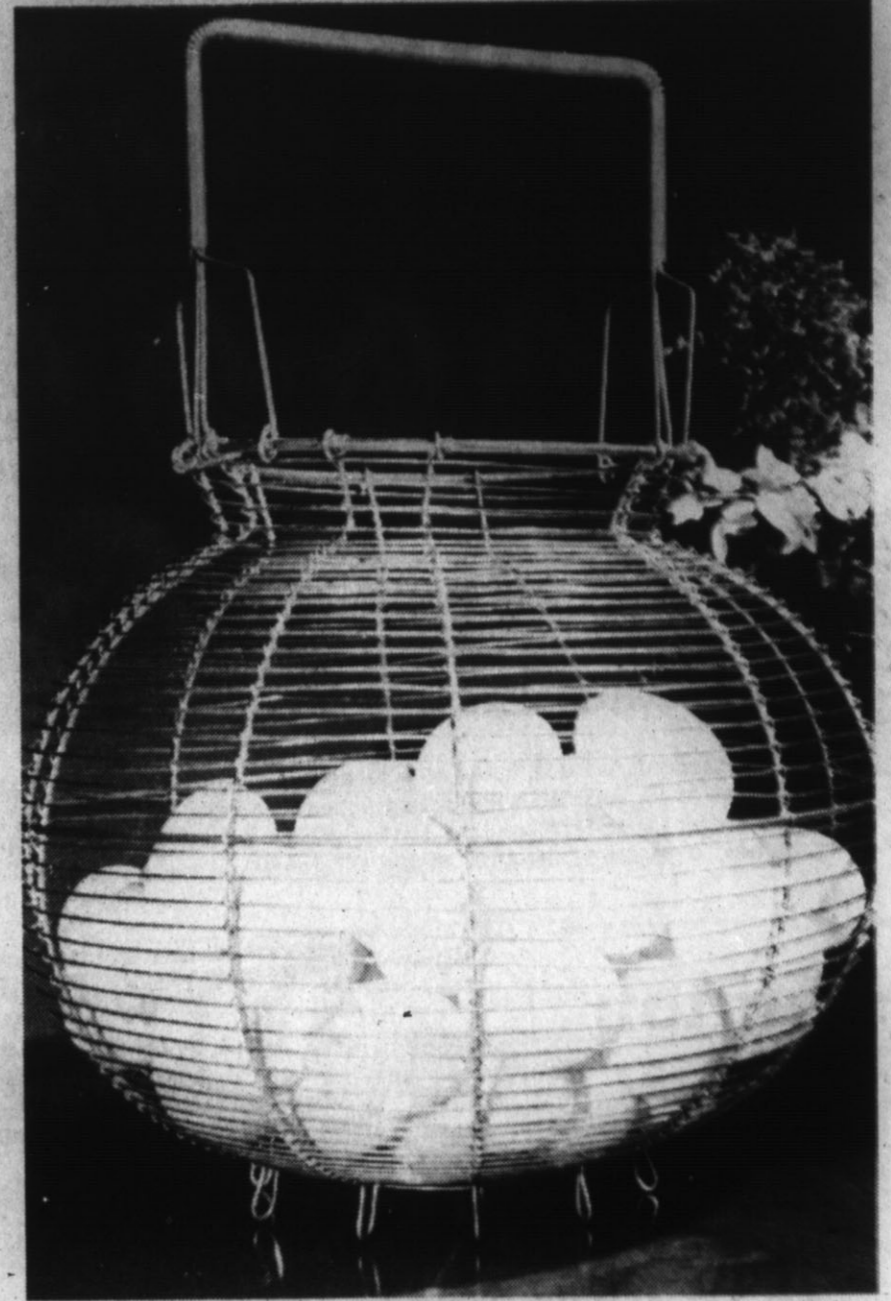

Another potential death trap is the bathroom. Only harmless bathroom needs should be kept in the medicine chest, low cabinets or low drawers. Lethal items, such as manicuring and shaving equipment, and dangerous medicines, including aspirin, should be placed in a locked cabinet out of the sight and reach of children.

In other rooms of the house, open electric outlets should be covered, frayed extension cords should be mended or replaced, cigarette lighters and matches put away, guns and ammunition placed under lock and key, and broken toys thrown away.

The family garage, which often doubles as a storeroom and catchall, may contain kerosene, antifreeze, saws and hammers, lawn mowers, and other miscellany that can burn, cut, or poison inquisitive tots. Tools and sharp implements as well as flammable products should have a special storage place which can be padlocked.

Your yard may contain hazards too. Lily or fish ponds should be fenced in or covered until children are old enough to recognize their potential danger. Swimming pools should be fenced in, and their gates locked. Garden tools should not be left lying around, and poison sprays should be used with extreme care.

The child hazards mentioned are by no means exclusive. Only you can look through your own house and decide what is a hazard and what is not. Don't wait until it's too late.

WAITING FOR EASTER MORNING—Large, clean, smooth-shelled eggs are the right kind for boiling and dyeing. More nutritious than candy, the eggs can be eaten in a variety of ways after the fun of the Easter egg hunt. Agriculture Commissioner John C. White reminds consumers that eggs still cost less than other main dish foods. A dozen selling at 89 cents costs only 60 cents a pound.

Rotarians Honor Brown,

View Masters Golf Film

The Hereford Rotary Club Monday honored Hereford City Patrolman Joe Brown as the law enforcement officer of the month.

Brown, and his wife, Annie, were guests of the club at the noon meeting Monday and will be the guest of the club at each of its Monday meetings during April.

In other action at the meeting Phil Hill was installed as a new member before the club viewed a film highlight of the 1973 Masters Golf Tournament.

Hill was sponsored into the club by John Price. Hill is the new manager of the Sherwin-Williams Paint Store in Sugarland Mall.

Brown was introduced to the club by Mike Patrick, past president. Brown is a native of Rossville and Poteet, Texas and moved to Hereford in 1962 where he met his wife and the two married in 1963.

They have a daughter and a

son and he worked with three packing companies in the Hereford area before joining with the police department in February of 1972. He is a member of the Hereford Peace Officers Association and is attending Amarillo College studying Police Training.

The Rotary Club scheduled its next Monday meeting at the First United Methodist Church for a community church service.

WINDOW HOLDS MAN

FRESNO, CALIF.—After cutting a hole in a wooden and plastic window, the transient became stuck while trying to crawl through the lumber company window. He said he was glad to see the officers who were answering the burglar alarm.

Consumer Driver Program Announced By Doyle Johnson

A consumer program developed to help drivers check cars for maximum engine efficiency and gasoline economy was announced this week by Doyle Johnson Chevrolet in Hereford.

It is part of a national campaign with the potential of saving U.S. car owners "literally millions of gallons of gas" this year, Johnson stated. The program, titled "Energy Check USA", is being sponsored by General Motors Parts Division, which serves GM's five auto divisions.

"Most of GM's 12,000 dealers are participating in the Energy Check effort," said Johnson. "If all car owners would check their cars for economy and keep them properly tuned, they'd not only save a lot of gas for themselves but millions of gallons would be saved for all of us."

The dealer said his company is not just promoting the idea, but is setting lower prices on related services this month. They include a no-charge economy check-up, with the GM coupon, and the engine tune-up.

The national Energy Check program will include a direct mail invitation to over 12 million GM owners to have their cars checked. Newspaper and

radio advertising will also be used to support the local dealer's invitation to owners to have their cars "energy checked."

School Grants Offered At WT

The federally-funded Basic Opportunity Grant applications are now available through the West Texas State University Student Financial Aids offices and other public institutions.

"We hope that individuals who qualify will take the time to apply for the financial assistance they are entitled to receive," said Keith Winter, WTSU director of development. "West Texas State University and other institutions of higher learning are marvelous places for the development of their own potential."

"WT will have administered over \$1 million in financial assistance this year to people anxious to improve both their life-styles and economic opportunities through post-high school work," he continued. "For the Opportunity Grant, 'All the student has to do is meet certain criteria and he is 'entitled' to a designated amount.'"

The Basic Educational Opportunity Grant Award is a grant and, unlike a loan, does not have to be repaid. It is estimated that during the 1974-75 academic year the awards will range between \$50 and \$800. They are available to students

who began their post-high school education after April 1, 1973, and are attending on a full-time basis.

Eligibility for and the amount of the grant is based entirely on the financial resources of the applicant and his family need, which is determined through the submission of the financial statement application to the grant program.

The student should receive the results of his application within four weeks upon submission. The notification should be sent to West Texas State University or to any other school he wishes to attend.

There, WTSU will calculate the amount of the Basic Grant, and will attempt to put together a package of additional grant, loan and work assistance funds to meet the individual's needs.

An ancient Chinese fire-god was transformed in modern times to a god of fire engines.

YHT Hears Talk On Alcoholism

Mrs. Cassie Foresome of Danmitt presented the program on Alcoholism Anonymous to members of the Young Homemakers of Texas Tuesday evening in the Flame Room of Pioneer Natural Gas building.

Mrs. Foresome gave a brief history of the program, its purpose, and the hopes and fears of an alcoholic. After refreshments were served by the hostesses, Mmes. Joe Don Edelman, Bud Kelley, and Charlie Weatherford, a short business meeting was held.

It was reported that the Rotary Club has donated the needed mattress covers to the chapter to complete its collection for residents of Gristown at Whiteface.

Mrs. W.W. Roach was welcomed as a guest by members present. They included Mmes. Larry Alley, Tommy Betzen, Jim Culpepper, Connie Urbansky, Alan Dunning, Ralph Hill, Louis Montana and Jerry Russell.

Cindy Smart Named Girls State Envoy

Cindy Smart has been chosen by the American Legion Auxiliary here to attend Bluebonnet Girls State in June, with Vicki Payne as alternate. The Hereford Auxiliary will also sponsor a girl from Adrian, and Donna Harwood has been selected with Belva Jackson as alternate.

The girls will spend 10 days, June 11-21, in the annual meeting with others from over Texas, learning the processes of democratic government in a mock state where they will elect officials and pass legislation.

Girls State will be held at Texas Lutheran College in Sequin, as it was last year. Girls who attend are high school students, chosen by Legion Auxiliaries for qualities of character, citizenship and scholastic ability. Miss Smart is the daughter of Mr. and Mrs. Jeff Smart, Miss Payne of Mr. and Mrs. Gerald W. Payne.

The Hereford Auxiliary, with Mrs. J.G. Gandy as the current president, sponsors a girl for the trip each year and also sponsors a girl from Adrian.

You won't find ground almonds in many stores, but you can easily prepare them yourself. Grind whole shelled almonds - or coarsely chopped, sliced almonds - a few at a time, in an electric blender or a food chopper with a fine blade. Use natural almonds (almonds that have not been blanched) for deeper color and more pronounced flavor, or blanched almonds for a more subtle taste.

- | | |
|--|-----------------------------|
| 1/2 cup ground natural or blanched almonds | 1/4 cup margarine, softened |
| 1/2 cup sugar | 1 quart vanilla ice cream |
| | 1/2 teaspoon almond extract |

Combine almonds and sugar in heavy saucepan or skillet; stir over low heat until sugar melts and almonds turn a golden brown. Turn out onto foil; cool. Wrap foil around brittle and smash into crumbs. Mix with margarine and almond extract; chill. Allow ice cream to soften slightly; stir in brittle mixture; freeze. Makes 1 quart.

A crop of thick-skinned onions is said to be a sign of a severe winter.

4-H Members To Compete In District

Eight Deaf Smith County 4-H members will compete in the District I 4-H Food Show April 6 in Amarillo, open to the public from 11:30 a.m. to 12 noon at Bonham Junior High School; awards program will begin at 1:30 p.m.

Competitors in four food entry classes will be: Main dishes, Gina Inman, junior, and Rhonda Hagar, senior; side dishes, Susan Skaggs, junior, Frankie Wells, senior; breads and desserts, Kelli Robinson, junior, Jo Ann Wagner, senior; snacks and beverages, Geni Welty, junior, Sandra Stallings, senior.

Each took first place honors in the Deaf Smith County 4-H Food Show. At the food show Texas beef nuggets were prepared by Miss Hagar, rice and chops by Miss Inman, strawberry delight by Miss Wells, marinated vegetables by Miss Skaggs. Miss Robinson will enter cinnamon rolls, Miss Stallings, Texas tassies and Miss Welty, Texas party loaf. Senior winners in the district show will represent the district in 1974 State 4-H Food Show in June, according to Joyce Shipp, county extension agent.

Holy Week Detailed

Holy Week services will begin at St. Anthony's Catholic Church when the congregation assembles at the school auditorium for the celebration at 10 a.m. on Palm Sunday. A procession to the church will follow, symbolizing Jesus' triumphant entry into Jerusalem.

On Holy Thursday there will be confessions from 4-6 p.m. Holy Mass will be at 8 p.m. with the Rev. Bernard McGorry, S.A. as celebrant. Adoration before the Blessed Sacrament will be from 9-12 p.m.; none after midnight or Friday. Confessions on Good Friday will be from 4:30 p.m. followed by the Stations of the Cross. The Passion of Our Lord will be at 5 with the Rev. Bernard McGorry, S.A., celebrant. On Holy Saturday, the Easter Vigil, confessions will be from 3-5 p.m. The Holy Mass at 8 p.m.

will fulfill the Easter obligation. The Rev. Aedan Davis, S.A. is celebrant. No confessions will be held Easter Sunday and the masses will be at the usual time for Sundays, 8 a.m., and 10:15 a.m. and 12 noon.

Nixon seeks continued curbs on executive pay. Seaver, Mets agree to record \$170,000 contract. Mrs. Meir fails to bring Dayan into cabinet.

Iran to aid India with oil and investment. Labor may call for nationalization of oil. G.M. to shift plant to small-car output.

Mrs. Artho Is Honoree At Shower

Honoring Mrs. Ray Artho, a layette shower was given Saturday in the home of Mrs. Albert Sinnacher. Hostesses were sisters-in-law of the honoree, Mmes. Danny Loerwald and Ralph Loerwald, and cousins, Mmes. Frank Brorman, Don Dolle, Pat Feery, Dale Smith and Sinnacher.

Games entertained the guests, with a reading by Mrs. Brorman and another, an original verse read by Mrs. Ralph Loerwald. Gifts were presented to the mother-to-be, and the packages opened.

A nursery lamp, gift of the hostesses, was used as the centerpiece on the refreshment table, in a pink and blue color theme. Mrs. Artho wore a corsage of pink and blue pompons tied to a rattle.

Among the guests were her mother, Mrs. Gene Loerwald, and mother-in-law, Mrs. Elroy Artho; also her and her husband's grandmothers, Mrs. Clara Loerwald and Mrs. J.L. Irlbeck.

Gas Syphoning Can Be Fatal

Using your mouth when syphoning gasoline is extremely dangerous and can be fatal, the Texas Medical Association warns.

Gasoline is a poison which acts as an irritant in the digestive tract. In the lungs, however, it is most often fatal.

Relatively small amounts of gasoline in the stomach will cause pain and discomfort, irritate the digestive tract and can cause ulceration and other complications. However, should a person who has swallowed even a small quantity of gasoline vomit, there is extreme danger of some of the gasoline entering the lungs.

Even one or two drops of gasoline in the lungs can be fatal. The gasoline causes chemical pneumonitis (new-mo-night-us), a condition causing permanent damage to the lungs and frequently leading to death.

Recent deaths in the U.S. have been reported as the result of syphoning gas by mouth. With today's gasoline shortages there is the dangerous potential for more of these deaths.

If you do swallow gasoline or discover someone who has, do not induce vomiting. Keep the person calm and get them to medical care as fast as possible. But remember - do not induce vomiting. Gasoline is a pain in the stomach, but a killer in the lungs.

UIL Teams To Compete

The 4-AAAA District UIL one-act play and literary event contests will be held Friday and Saturday April 5 and 6 in Lubbock.

The district one-act play contest will be held at Lubbock Estacado Friday morning for a full day of one-act plays including teams from Lubbock High, Snyder, Lubbock Monterey, Plainview and Lubbock Coronado.

The play was presented to the high school student body Tuesday and Northwest Elementary last Thursday and will be presented again for the

community tonight at 8 p.m. in the high school auditorium at no charge.

The play is entitled "Things, Words and Ordinary Things" written by Ronald Burt under the direction of Rex Manley. The play depicts a slice of life from the 1960's.

The cast consists of Donna Munterlyn, Butch Casey, Denise Strange, Cameron Clements, D'Lyn Davison, Cathy Koeber, Sara Richetta, Kim Young, Alan Ward and Jerry House.

The backstage crew consists of Frank Smith in charge of

lighting, Bill Harding as his assistant, Debbie Loper in charge of sound, Russ Odum in charge of make-up and La Donna Bridges in charge of props.

The literary part of the contest consists of forensic events, ready writing, spelling and plain writing, science and shorthand, and will be held at Lubbock Christian College.

Representing Hereford High School in boys debate will be Butch Casey and Frank Smith, in girls debate, Helen Looby and Dulores Abalos.

Entered in extemporaneous

speaking Denise Strange will represent girls persuasive; Cameron Clements will represent boys persuasive. In boys informative is Alan Ward, and in girls informative D'Lyn Davison is representing Hereford.

In poetry and prose interpretation Donna Stroup will compete in girls prose with Russ Odum in boys prose. Representing Hereford in girls poetry, Ellen Ann Wesson holds the honors with Jerry House in boys poetry.

Alternates will be Gene Ann Shipley in girls persuasive,

Michelle Moore in girls informative, Raymond Zamora in boys poetry and Cindy Crider in girls poetry.

In ready writing there will be Michelle Moore and Gayle Gripp. In spelling and plain writing there will be La Juana Matchett.

Entered in the science events will be Cheryl Arney, Beverly Phillips, Jean Barber and Rhonda Thompson as an alternate.

Representing Hereford in shorthand will be Charles Wright and Cindy Parten. Daria Payne will be alternate.

Those students who win first place in their respective events will be eligible for regional competition at Texas Tech April 18-19.

Garner Sweepstakes Awards

These trophies are the spoils garnered by the 1973-74 UIL math team, as displayed at Hereford High School. The number scholars will be traveling to Lubbock Christian College on April 6 to compete in a district meet. Sponsoring the team's activities is Don Hooper.

Training In Useful Field Provided

"There's always use for beauticians. It's hard work, but I like it," commented La Donna Woodle, a junior cosmetology student of Mrs. Jackie Cabiness.

To qualify for cosmetology a girl must be at least 15 years of age, and must maintain an

average of 75 in all classes. She must have 1,000 hours working in cosmetology lab to graduate and to be eligible for the state test given at Austin.

Three credits are given for each year of cosmetology. To get the 1,000, 3 hours a day for three years must be taken. A

few extra hours are given in case of absence, but if a student is continuously absent she is responsible for getting the hours at a private school.

The building is equipped with everything a regular beauty shop has. Anyone can make an appointment and have her hair, wig or wiglet styled. The

only difference being that the prices differ from the beauty shops. For example, a shampoo and set is \$1.75. The money made goes for new supplies. It is also good practice and experience for the girls.

Hereford High has offered cosmetology since 1968. It is financed by the federal government. Mrs. Crabtree and Mrs. Thurlow were previous instructors before Mrs. Cabiness, this being her first year at HHS.

After the girls get their 1,000 hours, they must go to Austin to take the state examination. The girls are not guaranteed a job after graduation but they do receive their licenses.

The test consists of a written test, hair styles on wigs and wigs and manicures.

Linda Flores a senior remarked, "It is a good profession." Kathy Scott, a sophomore, thought it would be fun.

Paula Reyna enrolled because "I thought it would be fun to be a beautician and make other people pretty."

Sue Smith, a senior, has wanted to be a hair dresser since she was six years old. Mrs. Cabiness has a total of 22 girls in her morning and afternoon classes.

Math Team In Title Hopes

After a successful year of pre-district competition, the HHS UIL Math team will be traveling to Lubbock Christian College to compete in the district meet April 6.

The math team has won no less than 3rd place in any event this year and is preparing for the upcoming district meet.

Members of the math team

are entered in two divisions, slide rule and number sense. Members of the slide rule team are Joel Fuhrmann, Barbara Garcia and Mary Jo Bartels. The number sense team is composed of Ginger Newton, Jim Goheen and Jean Barber. Number sense alternate is Denise Wozniak.

Commenting on the district meet, Don Hooper remarked,

"We should do very well in district competition. It is very possible that we will take the first three places in each event. These students are outstanding and have the potential to go to the state meet this year."

The following is a record of the math teams record this year: Hereford meet, 2nd sliderule (SR), 2nd number sense (NS); Quannah meet, 2nd

SR, 1st NS; Andrews meet, 3rd SR, 3rd NS; Andrews, 2nd SR, 2nd NS; Hereford, 1st SR, 1st NS; Lubbock Coronado, 3rd SR, 1st NS and Lubbock Cooper, 1st SR, 1st NS.

The regional meet will be held April 20 at Texas Tech University in Lubbock.

The state meet in Austin is May 4.

Youth Conservation Corps Offers Summer Employment

Interested in a summer job? The Youth Conservation Corps Program are offering jobs for any person eligible between the ages of 15-18.

Conservation-oriented employment camps are being hosted by most states as a result of the Youth Conservation Corps Act of 1970. With federal assistance from the Departments of Agriculture and Interior, the state of Texas will operate three projects-two 40-day camps, one residential and one non-residential, and one 56-day camp, which is a residential camp being offered for this area.

The objectives of the program are: 1) accomplish needed conservation work on public lands, 2) provide gainful employment for 15-18-year-old males and females from all social, economic, ethnic and social classifications and 3) develop an understanding and appreciation in participating youths of the nation's natural environment and heritage.

A summary of the job is maintaining public parks and operating hand and power tools. Job assignments are made in accordance with child labor laws.

A typical eight hour work-day at camp will include approximately two hours of environmental learning. Even though less than 300 youths will actually participate in the

summer employment projects, interested youths from all areas of the state are encouraged to apply for consideration.

Eligibility is determined by the following factors: 1) Have been 15 by June 1 and not over 18 by August 31 of the program year, 2) must be permanent resident of the United States, 3) have an interest in conservation or in learning about the development and maintenance of our nation's natural environment, 4) not have a history of serious criminal or anti-social behavior that might

jeopardize their own safety or that of other participants, 5) not be known as drug users, 6) be recommended by a school principal, guidance counselor or other responsible adult other than parents, 7) be physically qualified to participate fully in the various work and training projects of the YCC camp program, 8) be able to obtain parental or legal guardian consent to enroll in the program, 9) have or be able to obtain a work permit as required by laws of respective state (only needed if selected) and 10) have a social security number prior to entrance into the program.

Applications can be made at the Texas Employment Com-

mission office. All applications must be in by April 12, 1974 where they will be forwarded to the Office of Youth Opportunities in Austin for initial screening.

Selection of youth from each Texas Employment Commission district will be based on and determined by the age 15-18 population figures within district areas. Those selected

will be informed by mail by May 17.

This particular project is located in Sanford at camp Lake Meredith. The salary is adjusted since the camp is residential. The salary for the full period is \$200.

Building trades is one of the many vocational classes offered at HHS. Rex Manley, right, instructs the boys on the proper way to construct a dog house. Pictured are Tim Cox, Buddy Wilford, Ronnie Safferfield, Laurel Cantu,

Building Trades Supply New Vocational Skills

Learning the trades of building is one of the many vocational classes offered at HHS.

Building trades is under the supervision of Rex Manley. The young men in the building class are taught many skills

such as learning how to lay brick, electric wiring, plumbing, and carpentry, which are the four main categories that all the trades are classified under.

Projects taken on by the class are constructing buildings. In the past years they have built

the portable classrooms at Stanton Junior High, Shirley Elementary, and Hereford High Schools. This year they are building an addition to the fieldhouse at the Whiteface Stadium.

The building trades students start with the foundation of the building and they do all of the work themselves. The only professional assistance they receive is when a professional plumber and a professional electrician come in and check the wiring and plumbing work.

The work the students do is, for practice, so usually there is not a fee charged for the work.

The building trades class grading system is based on the attitudes of the students and on individual projects. Learning to get along with other people is stressed in this class because work with the machines in this class can be dangerous.

Leadership plays a big role in the building trades class for not everyone can teach the skills required for this class.

Building supplies are purchased at a local lumber yard and charged to whatever job they are working on.

The building trades program is open for boys in grades 10-12. This class is not open to girls.

There are 26 boys in both of the building trades classes. The talents of the boys varies. Each student is traiped according to his individual talents.

Building trades has been with the Hereford High School for seven years. Rex Manley has taught it for the past two years and B.F. McDowell preceded him.

"Not only have I found the building trades class to be a great challenge but the young men I work with make my job a pleasant one," stated Manley.

After taking building trades there are many opportunities open to the student. Many men after taking building trades have gone on to a top salary of \$15,000 a year.

Building trades is a member of the VICA club.

HHS Band Member Meet For Clinic

On March 28 the Hereford High School band had a three and one-half hour clinic with Dr. Gary T. Garner.

Dr. Garner is currently a band director at West Texas State University in Canyon. This made Dr. Garner's 60th clinic with bands. During the rehearsal Dr. Garner worked with the band on style, tone quality and musicianship.

The HHS Band will travel to

Amarillo, April 28 for their annual UIL contest, where they will perform three numbers, "España Cani", which is a Spanish march, "Sinfonia Nobilitaria", a contemporary piece and "Bongi", a classical transcription.

Dr. Garner remarked, "I was not only impressed by how well the band students played, but that they were fine ladies and gentlemen with exceptional manners."

Whiteface Staff

The "Whiteface" is published bi-monthly by the Journalism department of Hereford High School, in cooperation with the Hereford Brand. It is a member of the Texas High School Press Association and the Interscholastic League Press Conference.

Opinions expressed are those of the writer or person interviewed and not necessarily those of The Whiteface Brand.

Editor, Monta Edis, reporters: David Grimes, Kenneth Lang, Rob Lomas, Jimmy Sanchez, Bobbi Shelton, Larry Anbold, Jean Brady, Alfonso Games, Russ Odum, Diana Griego, Liz Hawley, Steve Jones, Annette Noyes, Lisa Patterson, Debbie Scroggins, Kathy Waltrip and Lee Walker.

New FHA Officers Named At Meeting

New FHA officers for 1974-75 were elected in the home of Melinda Bradley on March 27. FHA girls from La Plata and Stanton chapters were present.

Officers to preside next year in the Royal Rose Chapter are as follows: Sandra Stallings, president, Debbie Smith, 1st vice-president, Debbie Loper, 2nd vice-president, Mary Jane Cano, 3rd vice-president; Rhonda Huger, 4th vice-president and Mickey Merrit, secretary-treasurer.

Officers to preside next year in Chapter 11 are Isabel Penn, president, Frankie Wells, 1st

vice-president, Ann Bradley, 2nd vice-president; Ann Zeitsche, 3rd vice-president; Linda Mendez, 4th vice-president and Ernestine High, secretary-treasurer.

Sponsors for FHA are Mmes. Laymen and Prowell from Hereford High, Bradley from Stanton Junior High and Burelsmith from La Plata Junior High.

The girls were installed Sunday evening in the Church of Christ Fellowship Hall by former officers of FHA. They are observing National FHA week April 1-5, and have and have many activities planned.

The activities include wearing red and white on Monday, Tuesday was Teacher Appreciation Day; Wednesday they had a Coke party in which they selected a new FHA little sister; Thursday they will host an FHA breakfast; Friday they will have a slumber party and Saturday is recuperation day.

Volleyball Team Plays Last Game

Completing an eventful season, the volleyball girls played their last game March 26.

"Varsity played an excellent game, but lost two out of three. The first game was Palo Duro 13, Hereford 9. Second was

Hereford 15, Palo Duro 8. Third game was Palo Duro 15, Hereford 7.

"Junior varsity played a very good game, but still needed more practice," commented Miss Helen Reed. With the score in the first game 15 to 11, Hereford lost to Palo Duro.

Second game Hereford kept the time, and won 13 to 11. Third game was a hard but well-played skirmish. Palo Duro won it with a victory of 14 to 9.

Try-outs for any student who will be a junior or senior will be April 15-19, at 4:30 p.m.

in the boys gym at the high school. And will have to sign up in the office in their school.

The girls will be picked on their abilities and skills.

The seniors will hold a workshop, and will be working on all the girls trying out.

Spring Activities Slated For HHS Senior Students

As Spring activities begin to appear at a rapid pace, the schedule for all senior events leading to graduation was announced at a senior class meeting Thursday.

Opening the activities will be the senior banquet May 10 at the Bull Barn.

Senior picnic at Wonderland Park in Amarillo, May 15. Practice for Baccalaureate is scheduled for Friday, May 17 with the actual ceremonies on Sunday May 19.

Final exams for the seniors are May 20, 21, 22.

Commencement practice

begins at 3:30 p.m. May 22 with graduation following May 23.

The all-night party will be held following graduation ceremonies at the Activity Center on the West Texas State University campus.

Senior class sponsor is Mrs. Betty Mercer, assisted by

Mmes. Colleen Billingsley, Betty Oglesby, Sue Painter and Dorothea Prowell. Also Bill Gentzel, N.D. Kelso, Steve Thomas and Paul Abalos.

Mrs. Mercer has announced that caps and gowns will be available May 13 and it will cost \$6 to pick them up.

News From Austin

Delegates Approve April Recess

AUSTIN, Tex. — Constitutional Convention delegates will take a break from their duties at the end of this week — until after the May 4 primaries.

They voted last week to recess for 30 days after tentative passage of local government and legislative articles or no later than April 5. They will return at 2 p.m. May 6 to finish up.

Delegates approved by a 123-47 margin (with a two-thirds majority, or 121 votes, needed as a minimum) a 60-day extension of the convention after the recess. That means a July 30 final adjournment date whether work is completed or not.

Chances appeared brighter for agreement on a revision document for submission to voters at the general election.

Work already is completed on the preamble, bill of rights, and articles on the executive branch, education, finance, manner of amending the constitution, voting rights and local government.

The article on the legislature is expected to take all week. Yet to be considered are judiciary and general provisions articles, which stayed in committee longer than any, and the brief article on separation of powers.

All must muster a two-thirds majority vote after the recess before they can be submitted for approval of citizens.

The convention already has cost \$1.8 million. About \$590,000 is left from the original legislative appropriation, which would be enough to run the convention about 30 days beyond May 6.

INSURANCE BREAK DUE — High risk drivers can get a break in insurance rates under a new plan approved last week.

The State Board of Insurance authorized "upward deviation" from standard rates for those drivers whose records do not qualify them for either reduced or standard premiums.

Phoenix Insurance Company of the Travelers Insurance Group made the first acceptable filing, providing a market for the high risk drivers at 35 to 115 per cent above manual rates for different classes of coverage.

Such drivers have been charged up to 300 per cent above standard.

First National Insurance Company of America (Safeco group) was also approved to provide coverage to higher risk drivers at an additional 15 per cent for all private passenger classes.

Sixty-nine companies have been granted Board permission to sell auto insurance at less than standard rates, and two have permission to sell at greater rates.

NORMAL TRAVEL SEEN — The energy shortage will ease enough by mid-June to insure a near-normal summer travel season in the state, according to Texas Tourist Development Agency projections.

The Sunday gasoline sales ban is the biggest factor in a six per cent decline in attendance at major Texas tourist attractions during the first two

months of 1974, the tourist agency figures. Campaigns are being sponsored to encourage Texans to spend their vacations near home and residents of neighboring states to visit Texas on well-promoted package tours.

CRIME RATE UP — Texas' crime rate rose 3.1 per cent last year, according to the Texas Department of Public Safety.

DPS reported 492,654 major criminal offenses during 1973 for a rate per 100,000 population of 4,177.2. In 1972, there were 472,011 major offenses and a rate of 4,051.9.

OFFICIAL OPINIONS — Basic

information from police arrest records should remain available to the press, Atty. Gen. John Hill concluded in a revised opinion Monday. The opinion replaced a controversial one written last January holding Houston airport police could withhold detailed offense reports from newsmen.

In other recent opinions, Hill concluded: The new lobby control law is not unconstitutional, although it may chart a fine course between lobbying and bribery.

In a series of new opinions, Secretary of State Mark White Jr. held:

Candidates can make campaign expenditures to allow

the press to accompany them on their travels. Expenditures below \$100 by friends for printing and mailing campaign letters do not have to be reported by candidates.

A paid political advertisement meets legal tests for identification of the newspaper carrying it if the name of the publication appears somewhere on the same page, so an interested party may readily ascertain the newspaper's location.

COURTS SPEAK — A \$238,250 judgement against General Motors in the death of a Houston woman who died when her new car plunged out of control was upheld

by the State Supreme Court. U.S. Supreme Court upheld Texas procedures for nominations of minority party and independent candidates.

The Court of Criminal Appeals reversed and remanded a murder conviction of a San Antonio man because a juror was informed the man had threatened to "kill again."

Too much prosecution evidence resulted in reversal by the Court of Criminal Appeals of a 25-year rape sentence assessed a Dallas man. The Court of Criminal Appeals upheld two 100-year sentences of a Dallas man in a rape-robbery.

for insuring equal employment opportunity have been received. Thirty-eight of the state agency affirmative action plans have been approved by the Equal Employment Opportunity Office, and 184 are being reviewed. Only five state agencies have not submitted plans and policy statements.

APPOINTMENTS — Governor Dolph Briscoe named Dr. James W. White of Houston to the Veterans Affairs Commission to succeed J. Walter Janko of Somerville.

Other new appointments by Briscoe include J. H. Jemison of Houston to the Texas Cosmetology Commission, and Anthony Cangelosi of San

Antonio, Robert Uhr of New Braunfels and Ross Forney of Renner to the Interim Committee on Small Business.

Thomas L. Toone, formerly of Balmorhea, was appointed to the legal staff of the secretary of state's elections division.

VALLEY DEADLINE SET — Agriculture Commissioner John C. White ordered all Lower Rio Grande Valley cotton farmers to complete planting by midnight March 31 to further the pink bollworm control program. The program includes planting and plow-up dates found beneficial in fighting the insects. Counties affected by the

March 31 deadline were Cameron and lower portions of Hidalgo and Starr. Planting deadline for other counties north to Webb, Duval, Jim Wells, and San Patricio is April 20.

SHORT SNORTS — Federal Environmental Protection Agency awarded a \$1.2 million grant to Texas Air Control Board to improve air pollution controls.

R. B. McGowen Jr., Pecos River Commissioner for Texas, was designated to work with the Texas attorney general to obtain enforcement of the Pecos River Compact terms and assure state rights. Texas claims New Mexico has deprived it of a share of water.

What happens when a cold front and a warm front meet head-on? What are the characteristics of the stationary front produced?

A cold front, running into a warm front with about equal momentum, stagnates and marks time. The warm front also comes to a halt and the result, where the two air masses have met, is a stationary front.

A stationary front almost always produces prolonged rain and cloud and erratic wind currents. Sometimes the rain lasts for many days, until one of the systems breaks through the other or another strong front moves in.

If you're planning to fly in private aircraft, the weather map symbol of a stationary front should be highly discouraging, for landing and navigating in such an area is hazardous and often dangerous.

The Hereford Brand, Hereford, Texas, Thursday April 4, 1974

Railway Honored

The Texas Safety Association has honored Santa Fe Railway as the safest operating railroad in Texas, the eighth time in nine years Santa Fe's Western Lines has won this coveted award. In addition to the statewide award of honor plaque, Santa Fe's Northern division, headquartered at Fort Worth, received an award of honor as the safest division in Texas. In all, the railway won 33 safety awards presented at a luncheon in the Sheraton-Dallas Hotel.

Easter Hosts "42" Games

Easter community invites local residents to play "42" Friday at 8:30 p.m. in the Easter community building. Participants are requested to bring dominoes, card tables and refreshments.

A propagandist is usually a man who seeks to becloud the truth.

F.N. Stuppi, general manager of Santa Fe's Western Lines, Amarillo, accepted the TSA's plaque for safest Texas railroad. Santa Fe garnered 31 awards of merit for its Texas operations. The recipients include the communications department, tie treating plant at Somerville, rail welding plant at Pampa, special service department, 11 supervisors in the mechanical department, seven roadmasters, three signal supervisors, three general foremen in bridges and building, a trainmaster, an electrical foreman and the building maintenance department at Amarillo.

Amtrak Readies Fleet

In nine plants like this one at Beech Grove, Ind., almost 70 used railroad passenger cars a month are refurbished and overhauled as Amtrak prepares for the biggest summer travel season in its three-year history. By summer Amtrak will have a basic operating fleet of 1500 refurbished cars; over half of its diesel locomotives will be new or rebuilt and the capacity of its nationwide computerized reservation system will have been doubled. Amtrak operates 220 trains a day over 23,000 miles of track and serves over 400 cities.

In the Middle Ages it was believed that a diamond could produce a state of spiritual ecstasy. This is still believed today, as any recently engaged girl will tell you!

HHS Mechanics Enter Contest

The annual Plymouth Trouble Shooting Contest, which turns school work into a challenging sport, will bring together the top auto mechanics students of this area April 23 at Fenner Tubbs Chrysler-Plymouth, Lubbock. Hereford High School students will be competing in one of 100 regional contests being held in all 50 states this spring under the sponsorship of Plymouth dealers and participating schools. Regional contest winners receive all-expense trips to the National Trouble Shooting Finals at Dallas June 16, 17 and 18. In addition to the trip, prizes and awards in the National Finals are worth more than \$90,000 in college scholarships

and other prizes for the contestants. At the National Finals, each member of each first-place team wins a \$2,500 scholarship. A total of \$37,000 worth of scholarships is offered. Each team that places in the National Finals receives a trophy and a set of tools for its school. Trouble Shooters, sometimes called "Road Scholars", have to hit the books before they can hit the road to Dallas and the National Finals. They have to be outstanding in their classes to qualify for a regional contest, and they must be top students and auto mechanics to win in the regional meet.

Teams consist of two students, who are assigned to a new car in which a series of malfunctions have been deliberately placed. Malfunctions in all cars are identical, and all are related to the electrical, starting, ignition, fuel systems and body hardware of the cars. Teams race the clock and each other to find and fix the "Bugs" and restore their cars to normal running order. To win, however, a team must receive high marks in a written examination which is part of the contest and which contributes to the final score. The program is sponsored by the schools and Plymouth dealers in the area as a means of encouraging students to complete their education.

Lubbock Hosts Stamp Display

The South Plains Stamp Club and the High Plains Regional Philatelic Association has announced that the Soplex-Hiplex stamp show has been scheduled for Friday, Saturday and Sunday at the Municipal Garden and Arts Center in Lubbock.

"Over 100 frames of beautiful and interesting frames of stamps from all over the world will be on display for viewing by the public," said Russell A. Hill, vice-president of the South Plains Stamp Club.

"More than 25 trophies will be exhibited at the show until they are given to the lucky winners Saturday night at the Awards Banquet to be held at the Gridron Restaurant in Lubbock," according to Hill.

In addition to the stamps that will be on display, there will be a literature competition to award prizes to those who have excelled in the field of philatelic writing.

The United States Postal Service will have a Postal Substation at the show the three days. In conjunction with the Postal Service, a special Cacheted Souvenir Cover and special show cancellation will be available for outgoing mail.

"Ten dealers will be present for stamp collectors wishing to purchase those hard-to-get items they've been looking for," Hill stated.

He continued, "All in all, it totals up to be a lot of fun for stamp collectors and an interesting and enjoyable experience for all who attend. There's no admission charge so come out and see us at the Municipal Center."

Show hours are 1-10 p.m. Friday; 10 a.m. -10 p.m. Saturday; 10 a.m.-5 p.m. Sunday at the Municipal Arts Garden and Arts Center at 42nd and University.

Students Travel To Science Fair

Misses Denise Strange and Joan Waters will be carrying science exhibits to the New Mexico State Science Fair in Socorro, N.M. on April 19 and 20.

The girls, both senior students at Hereford High School, recently won second places at the Roswell Science Fair. These honors entitle them to participate in state competition. Miss Strange's project focused on seed germination while Miss Waters exhibited antibiotics.

The science students are being sponsored by Tommy Rosson, biology instructor at HHS.

Let's Cook

Bride Collects Records For 1919 Victrola

BY SANDY INMAN
Brand Staff Writer

LISTENING to an Al Jolson record played on a 1919 Victrola record player suddenly puts you back in the 1930's with all the realism and magnitude of a swinging era.

Mrs. Ronnie Parker of 505 Lee also has a collection of hundreds of old records including the original recordings of Superman's Greatest Adventures and the Lone Ranger which she plays on her treasured 'Vic'.

Adding to the uniqueness of her collection, is a complete volume of original children's records. "After I bought the record player it seemed only natural to start collecting old records. That's when I started hitting all the junk stores," says Mrs. Parker.

MANY OF RECORDS were purchased for as little as five cents and some for \$5. "You just have to dig around and be on the lookout for an old record. Buying them from a dealer runs

into a terrific amount of money," says the young homemaker.

She bought her treasured Victrola for 3500 pennies at an auction in Amarillo. In a somewhat pitiful condition when she brought it home, she decided to antique it gold to correspond with the decor in her livingroom.

Other findings she has run across on her junk store excursions include a wine screen and an Anderson lamp she purchased for \$5 at a garage sale and a gate leg dining table with chairs.

"WHEN I found the table it had an old car motor sitting on it, but that didn't discourage me until I brought the chairs home. They actually had bed bugs in the cushions," laughs Mrs. Parker.

With a lot of elbow grease and a little insecticide, she transformed her junk pieces into an attractive dinette set.

"After I finished sanding and painting the table and reupholstering the cushions, I was quite proud of my \$15.75 buy," states the blonde.

Another pastime of the newlywed is painting portraits. "Ronnie indulges in my painting because he also enjoys oil painting."

A NEWCOMER to Hereford and a bride of three weeks,

Melissa Parker is enthusiastic about meeting young people and making the rounds to those "terrific garage sales."

"You can find some great buys if you don't mind plowing through other people's junk and getting up early," she says.

Other hobbies that interest the homemaker include antiquing trunks, collecting old pictures, playing the guitar, making stained glass pictures, writing poetry and cooking.

"Typical of most men, Ronnie loves to eat and I love to cook so it works out very well," laughs Melissa.

A recipe her mother originated that Melissa likes to bake is Hawaiian chicken.

HAWAIIAN CHICKEN
1 chicken cut
Salt and pepper
Flour
1 cup cooking oil
1/2 bottle smoked barbecue sauce
13 1/2 oz. chunked pineapple
3 tbs. brown sugar.

Salt and pepper and flour chicken. Fry until golden brown. Take out of pan and pour off grease. Put back in pan and add barbecue sauce.

Add pineapple with its juice to sauce and then brown sugar. Mix well and pour over chicken. Cover and bake for 45 minutes at 350 degrees.

THE PARKERS are members of First Baptist Church and Melissa is employed as a hairstylist in Friona. Her husband is assistant manager of Sherwin-Williams Paints in Sugarland Mall.

At The Library

Author Solves 1946 Political Mystery

The Legionnaires by Per Olov Enquist and Ten Thousand Several Doors by Mary Craig are two books being featured at the Deaf Smith County Library this week.

The Legionnaires exposes the true story behind the 1946 political scandal in which the Swedish government extradited 146 Baltic soldiers back to the Soviet Union. This documentary novel reveals the political and private motives of the soldiers with unerring realism.

Ten Thousand Several Doors is a suspenseful novel involving murder, mistaken identity and romantic intrigue when Lorelei Wells discovers she is sole heiress of her father's estate. The library is open to the public free of charge on weekdays from 9 a.m. until 5 p.m. and on Saturdays until noon.

haunting reality. At the same time, the author exposes the political and private motives which can create a myth in the public mind.

Just before undertaking this investigation, he participated in the freedom marches in Jackson, Mississippi, and his experiences there provide him with insight into his biases and into the nature of political involvement.

TEN THOUSAND SEVERAL DOORS
By Mary Craig

While going through the processes involved in attempting to settle her father's estate, Lorelei Wells discovers incongruities among his personal effects.

At the graveside service, which Lori's father had asked his lawyer to keep her from attending, she discovers a number of headstones bearing the name of Wellen. Had her father's name been changed? Why? Who are these Wellens? And how are they related to Lorelei Greenough, mistress of El Rancho del Rio Perdido in Northern California, who claims that Miss Wells is sole inheritor of the ranch? Is it this supposed inheritance that seems to have put her life in jeopardy?

Murder, mistaken identity, and romantic intrigue in a setting of antiquity and dramatic beauty form the ingredients of this exciting gothic suspense novel.

THE LEGIONNAIRES

By Per Olov Enquist

In 1946 a famous political scandal erupted when the Swedish government extradited 146 Baltic soldiers back to the Soviet Union.

Although extradition of prisoners of war and escaped soldiers to their countries of origin was routine, a huge public outcry arose, portraying the fate of the Balts as certain and gory death at the hands of "Russian Barbarians."

Anticipating the worst, the interned Balts staged hunger strikes, self-mutilation and even suicide, in an effort to avoid being returned.

Twenty years later, Per Olov Enquist began a private investigation of this affair, to learn what actually happened to these men and what lay behind the fierce, almost hysterical protest.

In this documentary novel, as he pieces together letters, secret documents, newspaper articles and interviews, he evokes a growing suspense in his readers, leading up to his startling conclusions.

The individual life stories, gradually unraveled, take on a

CANDIDATE FOR SCHOOL TRUSTEE

LYNTON ALLRED

The most important asset our community has is our children. The training of these young people for their future is one of our greatest responsibilities. Educational needs and techniques probably change faster than any area of our community life. We must provide each child in our school district with an opportunity for the best possible education and training. My interest in serving on the school board is based on this philosophy.

I am a businessman and taxpayer and know that I could help formulate solid financial policies for appropriating the taxpayer's money that would yield maximum benefits to all the people in our district.

I feel that School Trustees are accountable to all the voters. I would do my very best to represent all the people of our district, not any particular group. All my decisions would be made after careful consideration of all facts, as objectively as possible, with the best interest of the entire system being the deciding factor. As a board member, I will make an impartial judgement on all issued

Cutest Kids Entry Open

Entry deadline for the Cutest Kids Contest sponsored by Hereford Newcomers Club will be extended through Friday, it was decided at the club's business meeting this week. Parents are invited to enter children from 2 through 5 years of age, to compete May 4 for separate awards to girls and boys in each age division.

This is the second annual contest of its kind sponsored by the Newcomers. After experience last year with an

evening program, the time has been changed to early afternoon and judges will make their decisions before the contest is opened to the public for a parade of the contestants and announcement of winners.

Entry fee is \$2 for each child. Entry blanks may be obtained from Mrs. Melvin Hoover at Hereford State Bank or at the Carousel Beauty Shop, by mail from Newcomers Club, Box 2147, or by phoning Mrs. Glen Perry at 364-3708.

Clifford Irving is freed on parole.

How early can you get

a "herbicide on sorghum?"

You can get Milogard® herbicide on about as early as you can put a tractor in the field. Preplant Milogard with or without your liquid fertilizer or put it on any time thereafter until just before the sorghum and weeds come up . . .

. . . which means the weeds die early, before they start taking soil moisture and nutrients that should go to the growing sorghum.

We recommend it. The earlier the better - as early as two to four weeks before planting. Or later. Milogard kills weeds any time in the preemergence period. Fit it to your schedule. But call in your order now.

Milogard® trademark of CIBA-GEIGY for propazine

DAWN, TEXAS

The Hereford Brand, Hereford, Texas, Thursday April 4, 1974

**Guinn Art
Is Shown
In Library**

Artist Of The Month in Deaf Smith County Library for April is Mildred Guinn, who is well known in Hereford through showings of her paintings in Art Guild exhibits and other displays.

Mrs. Guinn paints in oils, watercolors and pastels, chiefly landscapes and portraits. She is a past president of Hereford Art Guild.

Paintings which will hang in the library this month are in the various media. There are several western landscapes, including studies of windmills and scenes of the Escarbada headquarters of the XIT Ranch, two in watercolors and one in oils.

Also shown are scenes from a very different locality, the woods and hills of Eastern Oklahoma which she paints from childhood memories.

Not only library patrons, but everyone in the community is invited to visit the library and view the paintings by artists of this area, a different one each month.

**MHMR Group
Sees Museum**

Workers at the Mental Health Mental Retardation Center were taken on a tour of the Deaf Smith County Historical Museum recently by hostesses Mrs. Phillip Hill and Mrs. Dean Baxter, members of the Newcomers Club.

Mary James and Mrs. Austin Rose conducted the first tour which included displays of furniture and appliances used by some of the first residents of Hereford.

Mrs. Juston McBride explained how the general store operated and Mrs. George Turrentine gave a tour of the outside grounds around the museum.

Women's Division Hears Guest Talk

By-laws of the Women's Division, Deaf Smith County Chamber of Commerce, were changed at the spring membership meeting Tuesday, when a revised version of the governing rules was submitted by a committee and approved by vote.

Mrs. R.C. Hoelscher, Stan Knox, Waldo Baxter and Bill Lamm were on the committee which presented the by-laws they have drafted in several weeks of study.

A large group of new members and guests was introduced at the meeting, a lunch at Civic Club Center with approximately 80 attending.

The annual fine arts program was given, directed by Mrs. Joel Newman, fine arts chairman. Guest speaker was Lou Clark of El Paso, who demonstrated fabric painting, a newly popular method of decorating wearing apparel. Mrs. Clark showed

GIVES YOUR BUDGET A BREAK!
Ellie's TAMALES

ordinary denim, chambray and knit garments bought from store racks and given original looks with painted designs.

She suggested using old-fashioned embroidery transfers, tole painting patterns or drawings from children's color books as patterns unless the painter can do free-hand drawings.

The speaker demonstrated painting on the back of a chambray shirt, the kind much liked by teenagers now, and on knit fabric.

A watercolor scene painted by Mrs. Newman, framed for hanging in a home, was given as a door prize; Mrs. Eugene Hendon's name was drawn for this gift.

Mrs. O.G. Nieman presided and announced that the next general membership meeting will be in July. She presented a gift from the organization to Mrs. Lynn Kester, in appreciation for her work as steering committee chairman for the recent Miss Hereford pageant.

Small Talk

By SUE COLEMAN
Women's Editor

HE GREW up in this county, so Cyrus Galley spent a lot of time visiting friends in Hereford and the Progressive community when he and Mrs. Galley were here from Moine, Ill. for several days recently. He is the brother-in-law of Mrs. Lester Galley and has other relatives here too.

Juanita and Horace Hershey were among the former neighbors the Galleys visited, and enjoyed renewing acquaintance with the Illinois resident.

AFTER open heart surgery that kept her in an Amarillo hospital a couple of weeks, Gladys Smith is able to be back at home at 904 Sioux, and can have visitors for short times so she hopes friends will drop in.

Her daughter, Dea Turger of Roswell, says she is No. 1 nurse for Gladys now, and I'm sure she will call time on the visitors, if necessary, to keep the patient from tiring.

It's good to hear that Gladys is recovering so well, and she says the cards and messages from friends have helped get her through the hospital stay.

and beautiful, but she hadn't seen the one in her parents-in-law's yard since it bloomed out this week.

THE SON born March 24 to Mary Lois and Eddie Skypala in Rochester, N.Y. is a special baby, even more than other babies. He is the first of the Edgar Skypala's grandchildren to carry the family name; in fact, the first of the Skypala great-grandchildren.

His parents and their parents are former Hereford residents. Mary Lois is the daughter of the late Kenneth Coker and of Mrs. Vernon Maib of Geary, Okla. The Edgar Skypalas are now residents of Austin.

A SCHOLARSHIP of \$100 cash value has been awarded to Rebecca Morgan, Hereford junior at West Texas State University, by Beta Beta Beta, national honor society in biology. She is the daughter of Mr. and Mrs. Myron Morgan and a medical technology major.

IN THE annual mathematics contest for high school students of the area held March 26 at WTSU, Ginger Newton of Hereford was among the 16 honor winners. There were 219 contestants from 21 Panhandle high schools who answered questions about algebra, geometry, logic and trigonometry.

At the Women's C of C Division lunch Tuesday Mrs. Jim Konkright remarked that redbud trees were her favorites; she came from Gainesville, down in North Texas where they are plentiful.

CONGRATULATIONS to Ginger. But with my head for math, or against it, it sounds like all those subjects at once would leave a person crippled for life.

Save This Chart--It Gives You The New Standard Names For Retail Beef Cuts

DEMONSTRATION SET — Using a new standard chart of beef cuts adopted by the meat industry nationally, above, C.D. Adams, a local butcher, will cut a half of beef in a public demonstration at 8 p.m. today in Community Center, sponsored by the Hereford CowBelles. The public is invited; beef cuts will be given as door prizes. In lower photo, Adams points out chart features to Mrs. Henry Emite and Mary Gibson, CowBelles members. The demonstration is part of a special weekend beef promotion in which food stores here are cooperating.

OES Host At Dinner For Masons

A dinner in Masonic Temple Saturday evening was the Hereford Eastern Star Chapter's annual observance of Masonic Night. Members of Masonic orders and their wives were the guests and Furman Vinson of Matador was the speaker.

Vinson, a 33rd Degree Mason, is a past district deputy as well as past master of the Matador Lodge. He was introduced by J.B. Noland, worthy patron of the host group, after Mrs. Vernon Darden, worthy matron, had welcomed the guests.

Music was by Mrs. Roland Hairgrove. Bernard Roberson gave the invocation and Gene Brock the benediction.

The speaker discussed the basic values of Masonry as they apply to today's changing world.

COWAN JEWELERS
DOWNTOWN

Prices Stable On Market Meat

Although beef prices may drop a few pennies, consumers this week shouldn't count on "any startling changes in meat prices," one observer predicted.

Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, said beef values will appear on round steaks and roasts, arm and blade pot roasts and steaks, ground beef and liver.

"Most stores will feature a number of chuck cuts and some T-bone steaks.

"Pork values generally will be shoulder roasts and steaks, end-cut loin roasts and chops, smoked ham portions and picnic, Boston butt roasts, and quarter loin cut into chops."

Egg prices are down slightly, with large-size eggs offering the best economy, the specialist said.

"At fruit counters, oranges

and grapefruit offer good quality at reasonable prices, and bananas are a good value. Apples, strawberries and pineapples are other choices."

Mrs. Clyatt listed cabbage, carrots, celery, bulk turnips and rutabagas as fresh vegetable items in good supply. Also acorn squash, mustard, collards, turnips and greens.

CONSUMER WATCHWORDS: Sometimes chicken parts make as good a buy as the whole bird, but usually they don't.

When the whole bird is 45 cents a pound, parts are an "equal" buy, if: breast halves with ribs are 50 cents a pound, breast halves without ribs are 61 cents a pound, drumsticks are 46 cents a pound, thighs are 50 cents a pound, wings are 36 cents a pound, and drumsticks with thighs are 48 cents a pound.

The extra cost of convenience is reflected on parts with higher per-pound prices than those listed above.

These members of Amarillo Repertory Dance Company will provide the background for two European virtuosos at 8 p.m. tomorrow at Tascosa High School in Amarillo. Soili Arvola and Leo Ahonen, known internationally as ballet artists, will also be supported by the Lubbock Civic Ballet. Tickets will be sold for \$1.50 at the door.

LAE Club Visits 3 New Libraries

Three new libraries in Hereford, two in schools and one the almost-completed Deaf Smith County Library, were toured by members of La Afiliatus Estudio Club Tuesday as they continued programs aimed at better acquaintance of members with community facilities.

The group met at Community Center in the morning to begin the tour.

They went to Shirley Elementary School where a new library is ready for use, Hereford High School where final furnishings are being placed before books are moved to a newly-built room, and the building soon to be occupied by the county library, where workmen are putting finishing touches on the construction.

After the tour the club women went to the REC Medallion Room to eat sack lunches.

Arrangements were made to change the next meeting place to the home of Mrs. A.H. Cook; it will be on April 16.

Those present were Mmes. Sam Morgan, S.C. Ramey, A.B. Higgins, George Suggs, Ira Ott, Cecil Brawley, Walter Johnson, Emmitt Hale and Cook, and Miss Della Stagner.

NEWS VIEWS

John L. McClellan, Senate Defense Appropriations Subcommittee Chairman:

"It will be our purpose to propose spending cuts only where we are convinced they can be made."

A philosopher is one who doubts.

-Montaigne.

Elections Held By Alpha Alpha

Alpha Alpha Chapter of Beta Sigma Phi elected officers to serve for 1974 at a gathering Tuesday evening in the Friendship room of Hereford State Bank.

Selected officials include Mrs. Joe Story, president; Mrs. Larry Summers, vice-president; Mrs. Max Stipe, recording secretary; Mrs. Delbert Bannum, corresponding secretary; Mrs. Hicks Roberson, treasurer and Mrs. Chuck Laing, civil defense representative.

City council representatives will be Mmes. Stipe, Story, Nolan Grady and John

Schneider with Mrs. R.J. Cramer alternating. Other business included balloting for the Girl of the Year, which will be announced Founder's Day, April 30.

Mrs. Laing served as hostess to these members: Mmes. James Shearer, Ollene Williams, Roberson, Schneider, Story, Stipe and Bannum.

James R. Schlesinger, Secretary of Defense: "Although substantial personnel savings have been made, I am persuaded that further economics are possible."

"I am willing to give whatever time is necessary to be an active, involved school board member."

QUALIFIED: 22 year resident of Hereford. A former teacher in both grade school and high school—currently a substitute teacher in the school system.

CONCERNED: That Hereford and Deaf Smith County continue to be a leading area in all of Texas.....that we offer quality education in all levels of our school system and receive 100% value for every tax dollar spent.

INVOLVED: Mother of four children with an intense interest in the future of our youth.

Fashions Shown To Newcomers

Spring styles were paraded for members and 10 guests of the Newcomers Club at a sandwich lunch in Community

Center Tuesday, after a business meeting Saturday in which a resignation advanced Mrs. Roger Kinder to the presidency.

She was first vice president, and became president when Mrs. Homer Yocum resigned. Mrs. Glen Perry was named to fill the vacancy as vice president.

Members decided to hold business meetings each month on the Saturday before the usual second Tuesday luncheon, in order to give time for more

informal visiting as well as a program at the luncheon meeting.

Sheldon Alexander acted as narrator for the fashion show, in which 10 models appeared in spring costumes from Gaston's in The Mall. Casual and dressy styles for 1974 were shown to the applause of the audience.

Guests were Mmes. Glen Willis, Dick Miller, Gail Beck, Tom Butler, Burl Rogers, Butch Grover, Philip Hill, Bill Childres, Johnny Hopkins and J.B. Jones.

Mrs. Kuper Is Honoree

Mrs. Larry Kuper was honored with a layette shower Sunday afternoon in the home of Mrs. Bill Kuykendall, Route 1.

The honoree was presented a corsage made from lace baby socks and refreshments of punch and an alphabetical block cake were served by the hostesses.

The table was covered with a white lace cloth and a stork figurine was used as the centerpiece.

Hostesses for the informal shower were Shirley Turner and Linda Merrill of Amarillo, Mrs. Johnny Kuper of Texoma, Okla., Mmes. F.B. Earnest, Paul Blakley and Gene Brownlow.

For God So Loved The World

Everyone has known the anguish of a problem which they cannot solve. For some, it might be a serious illness or even sudden death; for others, financial insolvency, emotional conflict or family strife. In these bad times, *we fall to our knees and ask God for help.*

However, such 'everests' of despair are few and far between. But what about the rest of the time? How about the everyday mountains that plague us? If God can help us conquer our unusual crisis-peaks, then He can easily help us conquer our daily peaks. If we will just *turn to Him all the time*, our days will be brighter and our burdens lighter. Our major problems will not seem so big, so tragic.

Don't let your everyday mountains, so vividly pictured here by the artist, conquer you. Overcome them by leaning on God. He will sustain you.

Con Con Okays Two Drafts

The Texas Constitutional Convention finished its preliminary work on the articles on the Executive Branch and on Methods of Amending the Constitution last week, reported Convention Delegate Bill Clayton.

The Executive Article draft, which maintains most of the traditional powers of the Governor, prompted extensive debate on many provisions. The article dealing with methods of amending the new Constitution required only a majority vote for amendments, but delegates later changed the section to require a two-thirds vote of a convention to submit a new document or amendments to the voters.

One of the major changes made in the Executive Article was the deletion of the Railroad Commission from its current constitutional status, leaving its

operation up to legislative scrutiny should the new Constitution be adopted.

The Executive Article and Article on Amendments, like all other articles in the proposed new document, must now gain a majority vote on their third and final reading and then be approved with all the other new articles by a two-thirds vote before they can be sent to the voters of the state for their approval or disapproval.

The Convention then began work on the new Constitution's Finance Article, Rep. Clayton stated that he thought that debate on the Finance Article would be quite extensive, with delegates aligned behind differing theories of taxation and revenue.

In further activities last week, Convention President Price Daniel, Jr., announced that he now believes it will be

impossible for the delegates to finish work on the Constitution within their original 90 day time limitation. Clayton, who predicted at the beginning of the convention that 90 days would not be sufficient, stated that he hoped the delegates would finish with at least the second vote on all articles before they recess in April for 30 days.

Unless such preliminary work is finished by that time, the delegates, who plan to come back into session after the May primaries, will have a difficult time completing work on the document before the maximum 90 day extension of time expires, Clayton stated.

Area residents may still record their preferences on any of the issues of the convention by calling the convention's toll-free number, 1-800-292-9600.

Serves Easter Seal

Dallas Cowboy All-Pro defensive tackle Bob Lilly, pictured with Bradley Meyer, will again serve as State Chairman of the 1974 Texas High School Football Boy's Lily Day for Crippled Children, an annual event to raise funds for the treatment and service program of the Easter Seal Society for Crippled Children and Adults of Texas.

PAPER & CONTROLS
The Cost of Living Council has exempted the \$31 billion paper industry from wage-price controls.

Nixon asks power of retaliation in trade. U.S. cancels meeting with Common Market.

AC Slates Auditions

Auditions will be held at 10 a.m. April 13, and May 4 for a number of scholarships awarded by the Amarillo College music department.

According to Robert Hoffman, chairman of the department, five memorial scholarships are open to individuals.

The Amarillo Music Teachers Association also contributes scholarships each year along with several general music major scholarships presented by the AC music department.

Service scholarships are awarded to any eligible student with performance qualities needed for the AC stage band and chamber choir. Dr. Dale Roller, choral activities director, and Ken Jones, director of bands, determine criteria for the band and choir scholarships.

Scholarships are awarded on the basis of talent and financial assistance, said Hoffman. AC students may audition if they currently are not on a music scholarship.

Scholarship auditions are

Program Receives Grant

The challenge of college freshman courses is now available to academically talented high school students the summer before their senior year at West Texas State University.

"We want to give the student a chance to do a little more with his summers," said Don Cates, WTSU registrar. "Those with proven academic ability and recommendations from their principals will be selected to take freshman level courses here at WT during the summer

whenever it does not conflict with their high school obligations."

While the final grade is immediately put on record, Cates said, "the student will not have his credit apply to his degree until he shows proof of high school graduation."

A feature of the WT program is that once the student graduates, his WT credit can be transferred to the institution of his choice.

Cates also described the new WT program as one "designed

AC Gives Spring Concert

On April 7, the Amarillo College Chamber Orchestra, composed of 12 students, will present a free spring concert to the public.

Directed by Mrs. Riana Muller, AC violin instructor, the concert will be held in the Concert Hall-Theater of the Fine Arts Complex at 3 p.m.

Beginning the program will be Short Overture for Strings by Jean Berger, Double Concerto in D Minor by Bach. Violinist for this piece will be Sandra McNally of Winfield, Kans. and

Deborah Taylor of Amarillo. A selection from Mozart, Eine Kleine Nacht Musik follows. "Allegro con brio" from the Quartet Op. 74 No. 3 will be presented by the AC student quartet composed of Miss Taylor and Miss McNally on violin, Dorothy Nelson on viola, and Dennis Eaves on cello, both of Amarillo.

Completing the afternoon program will be Andate Festivo by Sibelius and Variations on a Theme by Girolamo Frescobaldi composed by Alexandre Tansman.

WT Offers Courses

Supporting a vocational training program for 1,815 enrollees, including some Hereford residents, is one of the projects financed through an Office of Economic Opportunity grant that Governor Dolph Briscoe has announced.

The \$93,468 grant to Texas Panhandle Community Action Corporation in Amarillo contains \$19,437 for administration and \$74,031 for General Community Programming. Funded under Title II of the Economic Opportunity Act, the grant is effective retroactively from March 1 through May 31, 1974.

Argus Burnett, executive director of Texas Panhandle Community Action Corporation, explains that the vocational training program is operated in cooperation with the Texas State Technical Institute's Amarillo campus. The 87 classes, which are conducted at the TSTI Amarillo campus and in neighborhood centers, in-

clude sewing, welding, construction trades, typing, shorthand, clerical skills, and other vocational subjects.

The corporation operates two neighborhood centers in Amarillo and others in Bovina, Hereford, Tulia, Dalhart, Childress and Wellington-Shamrock.

Other corporation programs include providing a public health nurse; supporting 75 preschool children in Amarillo Day Care Center; and operating youth development projects including extensive tutorial assistance.

Administration funds are used for the planning and general management of the agency's programs.

Grant processing for the state was performed by the Texas Office of Economic Opportunity, a division of the Texas Department of Community Affairs.

THE BETTY BAXTER STORY

THOUSANDS HAVE ALREADY HEARD, YOU SHOULD HEAR IT TOO!

The Betty Baxter Story is the greatest story I have ever heard. It is a drama of deliverance in our time ranking with the greatest miracles of the Bible. That a young girl, hopelessly crippled and deformed as the woman Jesus healed in Luke 13:10-13, could have the faith to believe Jesus would heal her, is a challenge to every person who has ever felt the awful power of sickness and disease.

EXPLANATION

ATHLETIC PROGRAM FOR ALL

I DO NOT PROPOSE THAT WE ELIMINATE VARSITY TEAMS

Varsity teams should be kept for the spirit of the school. This team should set a goal for all other Hereford students in that sport.

I PROPOSE THAT VARSITY TEAM SHOULD NOT ELIMINATE OTHER STUDENTS FROM PARTICIPATING IN A SPORT!!

I propose we adapt an athletic program similar to Little League and Little Dribblers. Every student who wishes to participate in a sport would be guaranteed a minimum of one-quarter playing time without regard to their ability. He or she would play at home with other Hereford students

For example, in basketball 40 Hereford students would get to play a quarter playing time without regard each, in just one game. This would compare to only 5 students playing in a varsity game.

I think the reason why most students drop out of sports programs is simply they do not get to play the game and soon realize that they do not have a chance with the better athlete's.

I think these students and parents should get something for their athletic tax dollar as well as I think this is an important part of education.

IF YOU THINK SPORTS IS GOOD FOR ALL HEREFORD STUDENTS VOTE APRIL 6th

TSTA Holds Installation In Bull Barn Monday

"An inspiring installation ceremony, conducted by Leta Kaul, Of State and District officers, was the program for the night," said Bobby Boyd, president of the Local TSTA, concerning the TSTA convention Monday in the Bull Barn.

and Joy Barkowsky. There were 14 delegates elected for the district," said Boyd.

During the business session, highlights of the district convention, held in Fort Worth, and attended by Roy Hartman, Bobby Boyd, and Bera Boyd, were discussed.

"After dinner was served, election of delegates was held. State delegates were: Carolyn Waters, Eugene Barkowsky,

"A group band accompanied Lisa Martin, vocalist, for the nights entertainment, for the approximately 175 attending," added Boyd.

NEW TSTA
Texas State Teachers Association elected officers Monday night, they are, standing from left to right; Nancy Stewart, Eugene Barkowsky, Richard Stanley, Reuben McGilvary, and Carolyn Waters.

Texas Classroom Teachers Association elected officers Monday night. They are, standing from left to right; Mary Jo Hamman, Leta Kaul and Patsy Giles.

Youth's Views Of Program Asked

A summer youth program based at Community Center is being planned by the education and youth committee of the Women's Division of Deaf Smith County Chamber of Commerce, if youth of the area respond to a questionnaire and indicate their interest in such activity.

The courses are sponsored by the Randall County Home Demonstration Council and will be held in the Randall county Farm Bureau Building, 1714 5th Avenue.

The tailoring of mens trousers will be conducted April 19 and 26, and a fee of \$5 will be charged.

The classes for constructing mens sport coats will be held May 3, 10, 17, and 24, with a fee of \$12.

Mrs. Sowell Is Speaker

Mrs. P.B. Sowell, district deputy president of the Rebekah Lodge, presented the assembly's president's program to members of the Hereford lodge at their regular meeting Tuesday evening in the IOOF Hall.

Faye Brownlow was hostess for the 15 members present.

SHULTZ TO RESIGN
Treasury Secretary George P. Shultz has announced he will resign in May. The last member of President Nixon's original cabinet said his work had become too demanding on his energy.

Sewing Classes Planned In Canyon Soon

The Stretch and Sew Fabric Center of Amarillo, will conduct classes in Canyon for those interested in taking a course in tailoring of men's trousers and sport coats.

The classes for constructing mens sport coats will be held May 3, 10, 17, and 24, with a fee of \$12.

Morning and afternoon classes will be conducted if the classes fill. Anyone interested should contact the Stretch and Sew Fabric Center in Amarillo, by phone 806-355-8179.

Fees must be paid several days in advance in order for one to be registered. The personnel need this time to prepare for the classes.

Drop in carbon monoxide tied to lack of "gas."

House kills oil price roll-back plan.

Wreck of the Monitor believed found.

Airlines consider new Atlantic fare rise.

East German captures world skate title.

Mrs. Cramer To Head XEA

Xi Epsilon Alpha chapter of Beta Sigma Phi elected its Girl of the Year at a meeting Tuesday evening in the home of Mrs. Terry Albracht, but outcome of the balloting will be announced on Founder's Day, April 30.

Sorority members listened to Mrs. C.D. Fitzgerald as she spoke on Stimulants To Thinking.

The business session included discussion of a previous salad supper and election of chapter officers.

Serving for 1974-75 will be Mrs. Jim Cramer, president; Mrs. Kenny Ruland, vice-

president; Mrs. Ken Wiley, secretary; Mrs. Archie Dwyer, correspondent and reporter and Mrs. Jerry Shipman, treasurer.

City BSP Council representatives will be Mmes. James Horton, Jim Aldridge and Albracht with Mrs. Fred Mulkey as alternate.

Members approved the program book entitled Kaleidoscopic Awareness for the ensuing year. The pamphlet contains scheduled programs focusing on county and state government and community awareness.

The group opted to rush next fall.

Cleanup In Plans Of Jaycee-Ettes

Members of the Jaycee-Ettes planned a spring cleanup program at their meeting in the Reddy Room of Southwestern Public Service building Tuesday evening. They will cooperate in the annual cleanup week set by Deaf Smith Chamber of Commerce to begin April 20.

Plans were also discussed for the care of a cactus garden and to start program of visits to a shut-in once a month. Other scheduled events include a sit-in meeting this month in which the Hereford Jaycee-

Ettes will be hostesses and a volleyball tournament scheduled for April 25-27.

A report on work the members did on the recent cancer fund drive was given and a guest, Mrs. Robert Mercer, was recognized.

Members present were Mmes. Larry Bean, John Bunch, Bill Johnson, Lonnie Coffey, James Braley, Bill Bankston, Garri Lowrance, Ronnie Collier, Don Warrick and Steve Carroll.

SLOW DELIVERY
ROYAL OAK, MICH.—Postmaster Walter T. Ashton could not explain how a letter mailed 110 years ago from a Civil War soldier to a Michigan friend was recently delivered to a senior citizen's home.

Test your
diamond
I.Q.

Q. IS A LARGE DIAMOND ALWAYS MORE VALUABLE?

A. Not always. A smaller stone of finer color and more precise cutting—to show the fire—can be considerably more valuable than a larger gem of less quality. Cutting, color, clarity and carat weight are all important factors. As a member of the American Gem Society, we'll help you strike the right balance. AGS affiliation is awarded only to those jewelers who qualify on the basis of gemological knowledge and high ethical standards. Come in soon and let us explain the "Four C's" of diamond value to you.

AGS MEMBER AMERICAN GEM SOCIETY

**COWAN
JEWELERS
DOWNTOWN**

Neighbors,
I would like to take this opportunity to tell each of you how very much I would appreciate your support and vote in Saturday's School Board election.

I would really, like to serve you, "our" children, and "our" teachers by becoming a very actively involved member of our School Board.

Be sure and vote Saturday at the Community Center.

Thanks,
Glenn Watts

A SENSIBLE WAY TO STAY IN TUNE WITH THE TIMES.

Energy Check USA is either an inexpensive Economy Check-up (no charge with a GM coupon) or an in-depth Economy Tune-up for \$16.99 with coupon. Whichever one we perform, you can be sure you're helping to keep your car running efficiently and economically.

ENERGY CHECK #1
ECONOMY CHECK-UP

- ✓ Engine diagnosis
- ✓ Carburetor inspection
- ✓ Drive belt tension check
- ✓ Visual wheel alignment check
- ✓ Visual tire balance check
- ✓ Tire pressure check
- ✓ Air cleaner inspection
- ✓ Visual fuel, oil, coolant leak check

\$0.00 (No charge with Energy check coupon)

ENERGY CHECK #2
ECONOMY TUNE-UP

• Install Spark Plugs...Points and Condenser.

- Set factory specified engine dwell and timing for your particular car.
- Adjust carburetor idle speed and fuel mixture.
- Check (PCV) Positive Crankcase Ventilation Valve.
- Inspect all hoses for deterioration (cracks or oil damage) leaks—tighten as necessary.
- Check Battery—clean and coat terminals.
- Check air cleaner element and ventilation filter.
- Inspect all belts for wear—tighten as necessary.

\$21.99 ('16" with Energy Check coupon)

NOTICE ANNEXATION ORDINANCE TO ALL PERSONS INTERESTED IN THE FOLLOWING DESCRIBED PROPERTIES: Please take notice that, on April 1, 1974, the City Commission of the City of Hereford, Texas, duly adopted on first reading the following annexation ordinance, annexing to the City Limits of said City of Hereford, Texas, the property described in said ordinance, and which ordinance will be considered on final reading at a regular meeting of the City Commission of the City of Hereford at its office in the City Hall at 7:30 PM on May 6, 1974. The said ordinance is as follows: ORDINANCE NO. 994 AN ORDINANCE ANNEXING THE HEREINAFTER DESCRIBED TERRITORY TO THE CITY OF HEREFORD, TEXAS, AND EXTENDING THE BOUNDARY LIMITS OF SAID CITY SO AS TO INCLUDE WITHIN SAID CITY LIMITS SAID HEREINAFTER DESCRIBED PROPERTY AND GRANTING TO ALL OF THE INHABITANTS OF SAID TERRITORY ALL OF THE RIGHTS AND PRIVILEGES OF OTHER CITIZENS, AND BINDING SAID INHABITANTS BY ALL OF THE ACTS, ORDINANCES, RESOLUTIONS AND REGULATIONS OF SAID CITY. WHEREAS, a public hearing before the City Commission of the City of Hereford, Texas, where all interested persons were provided with an opportunity to be heard on the proposed annexation of the hereinafter described territory, was held at 7:30 o'clock PM on the 18th day of March, 1974, which date is not more than 20 nor less than 10 days prior to the institution of annexation proceedings; and, WHEREAS, notice of such public hearing was published in a newspaper having general circulation in the City of Hereford, Texas, and in the above described territory, on the 7th day of March, 1974, which date is not more than 20 nor less than 10 days prior to the date of such public hearing; and, WHEREAS, the total corporate area of the City of Hereford, Texas, on January 1, 1974, was 3,418.56 acres; and, WHEREAS, the population of the City of Hereford, Texas, is 15,000 inhabitants; and, WHEREAS, the hereinafter described territory lies within the extra territorial jurisdiction of the City of Hereford, Texas; and, WHEREAS, the hereinafter described territory contains 11.82 acres; NOW, THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF HEREFORD, TEXAS: The following described land and territory lying adjacent to and adjoining the City of Hereford, Texas, is hereby added and annexed to the City of Hereford, Texas, and said territory hereinafter described shall hereafter be included within the boundary limits of such City, and the present boundary limits of such City, at the various points contiguous to the area hereinafter described are altered and amended so as to include said area within the corporate area of the City of Hereford, Texas, and the property so added hereby shall bear its prorata part of the taxes levied by said City, and the inhabitants thereof shall be entitled to all the rights and privileges of all the citizens and shall be bound by the acts, ordinances, resolutions and regulations of the City of Hereford, Texas, and said territory so annexed is described as follows, to-wit: A tract of land out of Section 110, Block M-7, Deaf Smith County, Texas, described as follows: BEGINNING at a point in the existing City Limits line in the South line of Gracy Street, at its intersection with the East line of Miles Street; THENCE South with the East line of Miles Street to the southeast corner of its intersection with James Street; THENCE West with the South line of James Street to the Southwest corner of its intersection with an unnamed street lying West of Block 20, Ricketts Addition; THENCE North with the West

line of said unnamed street to the South line of Gracy Street; THENCE East with the South line of Gracy Street to the place of BEGINNING; Said tract comprising generally Blocks 17 and 20, of Ricketts Addition as originally platted, together with adjacent and intervening streets and alleys. GIVEN UNDER MY HAND AND SEAL OF OFFICE this 2nd day of April, 1974. Mary V. Watts, City Secretary City of Hereford, Texas (CITY SEAL) T-14-1c

ADVERTISEMENT FOR BIDS The Canyon Independent School District of Canyon, Texas will receive sealed bids until 5:00 PM, May 7, 1974 in the office of the Superintendent, 8 ACRES, at Umberger, Texas one block off pavement on North side of Umberger School site. Adjoins 100'x120' Lot with Frame House approximately 1800 Sq. Ft. Gas, Electricity and Phone, no water. Bids may be made on the 8 acre tract, on the house and lot, or on both tracts as one unit. Bids to be opened May 7, 1974 at regular meeting of the School Board. The Board of Trustees reserves the right to accept or reject any or all bids. Key to house may be obtained from the Superintendent's office in Canyon High School, or at Umberger Farm Supply, Umberger, Texas. Bids must be accompanied with 5 per cent deposit of the bid to be considered valid. Bid forms available in Superintendent's office. T-14-1c

Message To Be Televised

On Sunday Channel 11, KTVT will be televising the World Conference Broadcast of The Church of Jesus Christ of Latter-Day Saints. The time for the broadcast will be 9 - 11 p.m.

World Conference broadcasted from historic Temple Square in Salt Lake City feature the world's greatest music and messages for every family member.

The 375-voice Salt Lake Mormon Tabernacle Choir, world famed for broadcasts, concert tours, and recordings, provides the music.

President of The Church of Jesus Christ of Latter-Day Saints, Spencer W. Kimball, will be presiding over the conference. Leaders of the

Church will offer counsel on how to surmount trials and how to achieve peace of mind.

World conference Broadcasts are presented in the public interest by KSL Radio and Television to more than 350 stations in Australia, Canada, Mexico, Central and South America, Europe, and the United States.
