

Officers crack down on drug misuse, arrest five more

Allen Everett Brooks, 17, was released Tuesday on \$1,000 bond on charges of possession of narcotic paraphernalia which stemmed from an incident Saturday night that sent a high school sophomore girl to the hospital locked in an unconscious position and suffering from what appeared to be effects of glue sniffing.

The arrest of Brooks, the girl and a juvenile boy, along with two other adults on Tuesday night, brought to 10 the number of persons arrested within the past week on narcotic-involved charges. The earlier arrests last week involved the first juveniles ever in Hereford on dope charges.

The two adults arrested Tuesday night also were charged with possession of narcotic paraphernalia. Bond was set at \$1,000 each for Benjamin David Rudnick, 23, 841 Blevins, and James David Walker, 21, also of 841 Blevins and formerly of Amarillo.

Another incident, which occurred last Monday night, resulted in the arrest and charge of assault with intent to murder being filed against an 18-year-old Dimmitt youth. He was one of three involved in the stabbing of a boy at the Labor Camp.

Brooks was arrested just before midnight Saturday after city police and sheriff's officers had watched his home at 404

Ave. J for several hours and saw "seven or eight" teenagers going continuously to and from some type of party in progress. The officers watched the house until about 11 p.m., when they left to get a search warrant.

The warrant was signed by Judge Jim Neil at 11:15 p.m. and by the time officers returned, most of the persons had left. The officers kicked in the front door and found Brooks and the juvenile boy in the living room.

The officers said they found 10 empty plastic bags with glue in them and two quart cans of glue, one empty and the other partially used. They also found a pipe which they believed to have been used in smoking marijuana

because of the strong smell of the substance when they entered the house.

Also found were several pills classified as dangerous drugs, hidden under a chair in the living room.

When officers entered the house they did not see the girl. They searched one of the bedrooms and found her crouched over in a closet, locked in the position and holding a plastic baggie which contained some glue. Officers said the girl appeared to be unconscious and the front of her clothes were covered with glue.

The officers got her out of the closet, but were unable to get her out of her crouched position.

They summoned an ambulance and the girl was taken to the hospital.

A doctor examined her and said he did not feel there was any brain damage, and the girl was released from the hospital to her parents early Sunday morning. He attributed her locked position to fright. Her mother had told her not to associate with those at the party.

Rudnick and Walker were arrested about 11:30 p.m. Tuesday at the home on Blevins. City police officers and sheriff's officers found a small amount of marijuana and some pills, along with some smoking pipes.

Fernando Cruz Fernandez, 18, 106 Northwest Sixth Street in

Dimmitt, was charged with assault with intent to murder and his bond was set at \$3,000 by Justice of the Peace Glenn Nelson. Fernandez was charged along with another 18-year-old and a juvenile, in the stabbing of Roy Salinas during a dance Monday night at the Labor Camp.

The other 18-year-old was still at large Wednesday and the juvenile was being held in the county jail.

Salinas, treated for three deep stab wounds in the lower stomach and a cut to the left lower leg, was reported "doing fine" at Deaf Smith County Hospital Wednesday.

Officers received a call about 11:30 p.m. Monday that a knife

had occurred at a dance in the Labor Camp. When they arrived, the report said, witnesses told them Salinas had entered a restroom with several other boys and the stabbing had occurred while they were in the restroom.

The officers questioned Salinas at the hospital and he told them two boys held him while another boy "in a purple shirt" stabbed him. Further questioning of witnesses disclosed the name of the juvenile and the fact the boys lived in Dimmitt.

Officers then got warrants and went to Dimmitt where they were notified the Dimmitt Police Department already had picked up the juvenile and Fernandez.

Federal money for park possible, Bayne discloses

City Manager Dudley Bayne will meet Friday in Dallas with representatives of the federal Housing and Urban Development Committee to see what federal programs and funds are available to the city for the development of a park in South Hereford.

Regardless, he said, three new holes are on the drawing board for the city golf course and "will definitely be playable by next summer." They will be developed within the present golf course property, and will be joined at some future time by six other holes across the South Main Street bridge, where the new park complex will take form.

What Bayne finds out from the federal representatives will be of

presented to the city commission at its regular meeting Sept. 20. Use of federal funds for improvement was discussed only briefly at the last city commission meeting, but the commissioners did not indicate whether they would be interested in getting federal help.

"They (HUD) have so many programs that right now I really don't know what we can or cannot do," Bayne said.

"The one drawback we have in applying for federal assistance is our per capita income. It is so high here, but it really isn't a true picture of Hereford. There are a lot of low income people here that aren't shown on the per capita income scale."

The per capita income is one of the many facts the federal

government bases its final judgment on. If it appears a city can finance a project because of per capita income figures, the federal government will reject an application for assistance.

In some instances where cities have a population of less than 5,000, the federal government will go in and completely finance a project.

The Texas Tech post graduate student doing the planning, Paul Nash, is expected to have a basic plan ready for detailing by November, Bayne said. The first plan would give the city commission something "to start detailing out," including the sprinkler system for the golf course, the lake and dam and the roads that would wind throughout the park area.

"Work will probably start this winter on the lake and the roads and other minor things, and the three additional holes on the present land will definitely be playable by next summer," he said.

An original idea of building some tennis courts on the new park land has been delayed, the city manager said, because tennis complexes have become a place where "trouble-makers hang out."

Bayne said instead of putting

a number of courts in the new park, the city probably will construct several courts in various parts of the city.

The work on the lake and dam will be done by the city employees, Bayne said, as soon as a spot is selected.

"He (Nash) has just about got it located. We didn't want to work on it before now because we were afraid we might put it in the wrong place and mess up the entire planning of the park."

SCS aid likely in park plan

The Tierra Blanca Soil and Water Conservation Board next week will seek backing by the city and county for a multi-purpose watershed project that officials feel "could be one of the greatest assets the county and area could be involved in."

The board will meet Monday with the county commissioners to ask their help in the major project that would, if proved feasible, provide for the establishment of a number of large dams along the two draws. The project would provide land treatment, flood control, agricultural water management, municipal and industrial water supply, recreation, fish and wildlife management and rural areas development.

It could work in with plans to establish a lake for recreation purposes in Veterans Park.

"The plan we have inaugurated here is to try and get a watershed program started on Tierra Blanca Creek and the Frio Draw and we feel it is a worthwhile project," said Gerald McCathern, chairman of the conservation board.

The board, when it applied for the projects with the Texas State Soil and Water Conservation Board, asked for the project to also include the Palo Duro Draw, but this was left out by the state for the time being.

Under the project, engineers would be called in to make a feasibility study of the project for the two areas and if they found there is a need for a project, the federal government would come in and help finance the work.

The assistance from the county and the city would be in the form of funds for the initial feasibility study.

"There are several aspects of the whole project," McCathern said, "such as recreation type programs, water conservation storage and possibly some irrigation, but in any watershed project, the number one item is always flood control.

"In the rain belt areas of Texas these dams are built primarily for flood control, but here we really don't have flooding problems like they do. We do have these rains every two years or so and these dams would be of benefit if we could catch this water and control it," he said.

Another major issue of the watershed projects, McCathern said, would be in connection with the water importation project that has been under discussion for a number of years. Through the watershed projects, the area would have places to store the imported water should the plan ever be approved. This would be a favorable mark for the area, he said.

"As far as recreational projects, it is my understanding we are having a push to start developing our recreational facilities.

"We feel it is an ideal time if we could get the backing of the city commission where we could put one of these projects down there where they have been talking about a lake. It would fit right in with the project going on right now," McCathern said.

The dams to be constructed would be large enough to contain enough water to provide large recreational areas for skiing, swimming and recreation. There would be several scattered along the two draws.

"There are problems we are going to run into such as with land-owners, where feasibility study shows a site where there should be a dam," he said. "We are going to have to convince them it is a worthwhile project and they would benefit from a dam being put there."

The county commissioners, who have the power of eminent domain, could force a land owner to make his land available for construction of dams. Also, the involvement of the county would be necessary because of the need for funds to purchase the land.

Whitefaces start grid play Friday

Who: Hereford vs. Pampa
What: Season-opening football game
Where: Harvester Stadium, Pampa
When: Friday, 8 p.m.

BY CHARLES RICHARDS
News Editor

Three weeks of the daily drudgery of football workouts build up to a climax at 8 p.m. Friday in Pampa with the 1971 football lifeline for both the Hereford Whitefaces and Pampa Harvesters.

"We've been working hard, and now we're ready to play," Hereford coach Larry Dippel, undertaking his first season as a head coach, said.

Both the Whitefaces and Harvesters are considered better than a year ago. The two teams met in the season opener of 1970, and a long field goal as the clock sounded gave Pampa a 24-22 victory.

This year's game is rated a toss-up.

Robert E. "Swede" Lee came to Pampa three years ago after the Harvesters had suffered through 11 straight losing seasons. Last year's 6-4 record broke through the drought.

Hereford has played Pampa each of Lee's previous three years.

"I think you can say our game is going to be a close one. The first year it was 12-7 in our favor, the next year 12-9 Hereford, and last year it was 24-22. Goshee, you can't get any closer than we've been playing. It kinda looks like whenever we go on the field, it's gonna be a dog fight," Lee said.

"I just hope we don't have a finish like last year again." Hereford has the same hope. The Whitefaces recovered a Pampa fourth-quarter fumble in the end zone and marched 80 yards for the go-ahead touchdown, but Harvester quarterback Dale Ammons kicked a 45-yard field goal on the game's last play to ruin things.

A large following from Hereford is expected to make the 100-mile trip. The stadium is between Worrell and Decatur Avenues in the 1200 block of Duncan Avenue, and the main entrance to the parking area is on Decatur Avenue. The stadium, like Hereford's, holds about 5,000 fans.

Hereford students and fans will sit on the east side.

Four starting backs missed an intrasquad scrimmage and a scrimmage with Canyon last week because of injuries. But they're all healed now and will be at full speed for the Pampa

game, Dippel said. Keith Kitchens, a junior taking the quarterback reins from the graduated Mike Wartes, has recovered from a bruised back; Danny Harris, a junior running back, has got over a pulled leg muscle; John Page, a senior running back, has recovered from a sprained ankle; and Danny Charest, a senior defensive halfback, is well after having gotten a finger in the eye.

Dippel said, however, he may start at quarterback with Barry McNutt, the No. 2 quarterback who was impressive with his stand-in duty while Kitchens was out last week.

He was undecided at the other backfield positions.

Either Wesley High or Page will start at tailback, Rudy Gonzales or Terry Champ at wingback and Eugene Suttle or Larry McNutt at fullback. High, Champ and the McNutt twins are juniors.

"I think we're in pretty good shape, in terms of conditioning, outside of the boys that have been hurt," Dippel said Wednesday.

Dale Hollingsworth is the center, Wayne Moton and Alan Hair the guards, Mike Dawson and Jay Henderson the tackles. See WHITEFACES Page Two

Local business leaders to attend WTCC meet

Several business leaders from Hereford will attend a meeting in Amarillo Friday to help establish plans and priorities for the West Texas Chamber of Commerce in the Northern Panhandle area.

The group will be led by Hor Garrison and Clint Formby, directors of the regional organization.

The seminar will be held at a noon luncheon in the Dining Room of the TSTI facilities on

the old Amarillo Air Force Base. J. Fike Godfrey, executive vice president of the West Texas Chamber of Commerce, said, "Business, professional and agriculture people who would like to participate should contact the local director for reservations."

A. L. Scott, Fort Worth, president of the regional organization and president of Kimbell, Inc. stated, "The purpose of the meeting is to inform the leaders of the Northern Panhandle area

about the current program of the WTCC and to get their suggestions and ideas for projects and priorities that will keep our program relevant to the needs of the area."

Scott will lead a delegation of distinguished business leaders from throughout the West Texas area in a panel discussion.

Paul Timmons, Amarillo, is district vice president of the WTCC for the Northern Panhandle area and is making all arrangements for the meeting.

Whitefaces...

(Continued From Page One)

Bruce Barrett the tight end and Alan Cornelius the split end.

On defense, Ralph Waits and Steve Clark hold down the ends, with Richard Sierra and Alberta Garza on the interior line.

Win Short, Rosendo Garza and Ike Graves are at linebacker. Walter Olson is corner back, Charles Allison and Barry McNutt are defensive halfbacks and Suttle is safety.

Pampa has a bigger, speedier and more experienced team than last year.

"We feel like we're a little better from an offensive standpoint because of some more experienced players," Lee said.

"The biggest difference in our football team is that we will be a little bigger in the line and hopefully, we will be able to block a little better."

The Harvesters run out of the Wishbone-T offense that the University of Texas made famous.

Ammons is back again this year. Considered one of the state's top quarterbacks, Ammons is the key to the Harvesters' success this year. He is a top runner himself and an adequate passer. He has a top receiver in split end Mike Reddell, who despite his 5-foot-6 height, can battle and come up with the ball.

The Harvesters have quickness in the backfield. Dippel considers that one of the things his Whitefaces must stop to win.

Ammons will have all seniors in the starting lineup with him—with 5-9, 175-pound Garvin McCarrell and 5-11, 165-pound Bob by Owen at halfbacks and 5-9, 165-pound Johnny Roth at fullback.

Another back is Richard McCampbell, a 5-9, 165-pound junior, who has been timed at 9.8 in the 100-yard dash.

"If he breaks on us, he'll

score," warned Dempsey Alexander, Hereford assistant who scouted Pampa in its scrimmage against Vernon last Friday.

McCarrell is a 10-second man in the 100.

Dippel is worried about two things primarily.

"I think the first thing, we have got to contain Ammons. We have got to keep him inside. We need to force him to throw the sprint passes and things like that," Dippel said.

"And second, we have got to prevent the long touchdown passes and the long runs. They have got a lot of speed and when they get outside, they're dangerous. This Reddell kid is capable of beating you. He's a fine receiver. And they stick this McCampbell and McCarrell out as flankers, and when they open up, they're hard to contain."

Pampa has seven players who go both ways. Tibby Rogers, a 6-1, 195-pound senior will play from both left guard offensively and right end defensively, and Lee considers him one of Pampa's premier players.

Ammons and McCampbell are safeties on defense, and Owen and Roth are the cornerbacks, which gives the Harvesters speed in their secondary.

Pampa is going with 10 seniors and one junior on offense. Eight seniors and three juniors are on defense.

Funeral service set in Lubbock for Dr. Berry

Funeral services for Dr. Marvin Berry, 31, of Lubbock, son-in-law of Mr. and Mrs. Stan Knox, will be conducted at 5 p.m. today in the chapel of Broadway Church of Christ at Lubbock by Dr. Henry E. Speck of Dallas.

Dr. Berry died unexpectedly Wednesday morning in a Lubbock hospital. Burial at Lubbock will be directed by Sanders Funeral Home of that city. His family requests that memorials be made to The Children's Fund, Box 511, Richmond, Va., 23204, or to a Christian children's home.

A native of Pampa, Dr. Berry married Kathy Knox in Hereford in 1966. He had been director of the department of general practice at John Peter Smith Hospital in Fort Worth until May, when he moved to Lubbock to be associated with Dr. Lowell Johnson in private practice of medicine.

Dr. Berry, who became a diplomate of the American Board of Family Practice early this year, was a graduate of West Texas State University and of Southwest School of Medicine at Dallas.

In addition to his wife he is survived by his parents, Mr. and Mrs. Albert Berry of Pampa, and a brother, Dr. Don Berry of Jackson, Miss.

Jim Brunning of the Philadelphia Phillies last year became the first pitcher in modern baseball history to win 100 games in each major league.

Cycle accident injures George

Jerry Don George, high school principal, was reported to be in serious condition Wednesday at Lubbock's Methodist Hospital after suffering severe head injuries in a motorcycle accident on his farm near Turkey last Sunday.

George was moved out of intensive care Tuesday and doctors said his condition was "encouraging" although he was not too responsive.

He suffered the head injuries about 9 p.m. Sunday while he and his 6-year-old son, Stevie, were riding a motorcycle on a dirt road near their farm. The cycle apparently hit some loose dirt and George was thrown away where he hit his head.

His son was pinned under the motorcycle for a short time before he was able to get loose and return the mile to the home and get his mother.

George and his son were taken to the Plainview hospital where they received emergency treatment and George later was taken to Memorial Hospital in Lubbock.

Police investigate Spence burglary

City police officers this week are continuing their investigation into the burglary of the Mary L. Spence Music Company on Main Street over the weekend.

The store manager, Woody McDermitt, reported the burglary to the police department late Sunday afternoon. He told officers the break in occurred some time between 6 p.m. Sept. 4 and 3:30 p.m. Sept. 5, when he went to the store.

The burglar gained entry into the business by knocking a hole in the ceiling of the southeast corner of the building. Taken were two guitars, one valued at \$250 and the other at \$90.50.

EASIER ON COWS

LONDON (AP)—Britons are drinking more beer and less milk. A government report showed milk consumption fell by nearly two pints a head between 1969 and 1970, while beef consumption increased four pints a head.

Hawaii is theme of party

A Hawaiian luau with a setting of palms and flowers were arranged for the rehearsal dinner preceding the wedding of Janet Tipps and Ted Coleman last weekend.

The bridegroom's parents, Mr. and Mrs. James R. Coleman, were hosts Thursday evening in the Flame Room of Pioneer Gas Co., assisted by Mrs. Coleman's mother, Mrs. Elizabeth Walker of Ada, Okla., and Mrs. L. W. Norvell.

The wedding party and members of the two families were guests. Parents of the bride are Mr. and Mrs. Ivan Tipps.

Another party before the Friday evening ceremony was the bridesmaids luncheon in the Irving Alexander home, with Mrs. Alexander and Mrs. Gaston Baer as hostesses to the bride and feminine attendants.

Miss Tipps had previously been complimented with showers here, at Levelland where the Tipps family formerly lived, and in the Oldham County Country Club at Vega.

Look who's new

Mr. and Mrs. Joseph L. Johnson are the parents of a son, born Sept. 7. He weighed 8 lbs. 5 ozs.

Mr. and Mrs. Homer W. Rudd are the parents of a daughter, born Sept. 7. She weighed 8 lbs. 2 ozs.

Mr. and Mrs. Cruz J. Barrientes Jr. are the parents of a daughter, Monica, born Sept. 7. She weighed 5 lbs. 9 ozs.

Mr. and Mrs. Enrique H. Mendoza are the parents of a son, Hilgenio, born Sept. 5. He weighed 5 lbs. 13 ozs.

Mr. and Mrs. Frank P. Rocha Jr. are the parents of a daughter Michelle, born Sept. 5. She weighed 6 lbs. 5 ozs.

Young Homemakers attend area meeting

"Backtracking 1971 for better trails in 1972," will be the theme for the Area I Convention of Young Homemakers of Texas when representatives from 35 chapters converge on Muleshoe Saturday.

A luncheon and style show will kick off the day's program.

Mrs. Charles Weatherford, area president from Hereford, will preside during the afternoon session. Highlights of the day will be the election of new officers. Mrs. Ed Wittner of Plainview will be the guest speaker. Her topic will be, "The Art of Liking Yourself." Mrs. Wittner will also bring special music selections.

The Young Homemakers will join the Young Farmers at the Awards Banquet in the Muleshoe High School Cafeteria in the evening.

Don Williams, Minister of Youth, Broadway Church of Christ, Lubbock, will be the speaker.

The Young Homemakers will announce the winners of the Outstanding Chapter. Cash prizes will be provided by the Electric Utility Companies of Texas and Pioneer Natural Gas. A hundred dollar scholarship will be awarded to the Area I Little Sister by Pioneer Natural Gas. The Little Sister is chosen from several high school girls who were chosen by their local Young Homemaker Chapter. The candidates are:

Teresa Lynn Criswell, Idalou; Donita McDermitt, Hereford; Toni Ann Key, Childress; Marilyn Miller, Hale Center; Peggy

Carter, Muleshoe; and Kay Martin, Patton Springs High School, Afton.

Area Officers are President, Mrs. Weatherford, Hereford; First Vice President, Mrs. Wayne Stephens, Silverton; Second Vice President, Mrs. Robert Hunt, Muleshoe; Secretary-Treasurer, Mrs. Pete Laney, Hale Center; State Officer, Mrs. Jimmy Roberts, Dimmitt; and Area Advisor, Mrs. Ima Dora Haile, Homemaking Consultant, Texas Education Agency, Plainview.

Former resident buried recently

Funeral services for Wallace Erby Ward, 54, of Dimmitt, a former Hereford resident, were conducted in DeQueen, Ark., Friday and burial was in nearby Mt. Ida Cemetery. Mr. Ward, who lived here for a time in '70, died in an Amarillo hospital.

His son, Airman Jerry Ward who is stationed at Abilene, was a Hereford resident until he began military service. Other survivors are the wife and three daughters, Mrs. Claude Downs, Mrs. Byron Baxter and Susie Ward, all of Dimmitt; three sisters and a brother.

CATTLE BRANDS

EFFECTIVE DATE

AUGUST 30, 1971

AN ACT

Relating to the recording and re-recording of livestock brands and marks; and declaring an emergency.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. (a) This Act shall apply to every county in this State. In all the counties each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect have his mark and brand for such stock recorded in the office of the county clerk of the county. These owners shall record the marks and brands whether the brands and marks have been previously recorded or not.

(b) The owner shall have the right to have his mark and brand recorded in his name who according to the present records of the county first recorded the brand and mark in the county, or in event it can not be ascertained from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

(c) After the expiration of six months from the taking effect of this Act all records of marks and brands now in existence in the county shall no longer have any force or effect and after the expiration of six months only the records made after this Act takes effect shall be examined or considered in recording marks and brands in the county.

Fall meetings begin for club

A new member, Mrs. Dick Fellers joined Progressive Home Demonstration Club when the initial fall meeting was held in Pioneer Gas Co. Flame Room Tuesday afternoon following a summer vacation.

Values in Life was the program topic discussed by Argen Draper, County H.D. Agent, who spoke of ideals and goals in life as determined by environment. Mrs. H. J. Hershey presided for a brief business period.

Hide or seek

God has given each of us certain abilities, certain talents. Perhaps some have received more than others, but no one has been left out. What we do with these is up to us. We can hide them or we can seek to develop them.

Considering the parable of the talents found in Matthew 25:14-30, we discover that the man who hides his abilities often ends up losing them. But the man who seeks to improve himself is often rewarded with all the glories that come with hard work.

What better way to improve the potentials that we have than through education! Learning increases our natural abilities, and the rewards are obvious. What will you do with the abilities that God has given you? Will you hide them or will you seek to expand them?
To Hide or Seek? Which will you do?

Small talk

BY SUE COLEMAN
Women's Editor

RIGHT NOW THERE are a lot of busy women in Hereford, but I've an idea none so busy as Nell Hodges. She is president of the Texas Home Demonstration Association and it will have its annual convention the week of Sept. 20. Naturally, she has the responsibility of seeing that everything is in order for that occasion.

But that's not all—not nearly. This year, Texas HDA is hostess for the National Home Demonstration Association in its annual convention, which will immediately follow the state meeting in Dallas.

So Nell has the job of seeing that the Texans are ready for greeting visitors from the other 49 states and entertaining them in proper Texas style.

She says the state convention has been curtailed a bit, in time as well as in program, so the hostesses won't be too tired to see that their visitors are welcomed and made to feel at home. Nell acted her usual unruffled self when I talked to her about the double convention lately, but imagine having all that on your mind!

THREE DELEGATES will go from this county to Dallas; Mrs. Leroy Johnson, Mrs. J. G. Gandy and Mrs. Paul Hoff are those elected. The County H.D. Agent, Argen Drpaer, also plans to go, and so does Vi Williams if she recovers as well as she expects from recent surgery on a hand.

Nell says she will certainly feel relieved when her term as state president ends with the election of new officers at Dallas, although she has enjoyed the experience of heading the big women's organization.

Asked how many miles she has traveled as president, she admits that she failed to keep

account of that factor at the beginning of her term, but she knows it's up in the thousands of miles around the state, not to mention some long trips across the country to national board meetings and such.

One thing about being state president of any organization in Texas, the office holder is fully aware of just how big this state is, by the time he finishes his term.

HERE AND THERE: In a grocery store just after 5 p.m. it shouldn't take but a little while to gather a quorum of a business women's club. . . That's the time the working woman has to shop. . . In one store Tuesday afternoon as I hurried through I saw Nell Miller making a selection at the meat counter, Ursalee Jacobsen at one checkout stand while Gwen London waited at another and Lucille Posey directing a laden sack-boy to her car.

When Mary Elizabeth Barnard returned to the coffee service for a second cup at the Chamber of Commerce Women's Division lunch Tuesday she set off a "while you are up" reaction. . . Margaret Schroeter suggested, "Just bring the pot back with you," and cups were immediately held up by Nita Merritt, Doris Hardin and Meredith Wilcox for refills also.

Talking about music appreciation among the small fry, Frances Parker voiced a universal truth as I overheard her tell a mother, "Everybody is at ease with what they are acquainted with," and it would be nice if many people who plan programs for adults could take that as a motto. . . it would save us some dull programs which reflect the chairman's enthusiasm for a certain type of music, unrelieved by familiar pieces on which the listeners could relax a while.

Beef production looks prosperous

COLLEGE STATION—People in the cattle business can look to the future with optimism as beef consumption continues its upward spiral across the country, according to Dr. Ed Uvacek, livestock marketing specialist with the Texas Agricultural Extension Service.

The specialist refers to a recent U.S. Department of Agriculture research publication which said beef now accounts for about two-thirds of all red meat consumed in the United States.

"Continuation of the present per capita trends is expected and this coupled with an increasing population will call for a third more beef by 1980. The average American today consumes about 114 pounds of beef annually," he added.

The expansion of beef cow numbers may hold the real key to meeting this increased demand for beef, explains the specialist. Today practically all available calves are being used

for feeders, and calf numbers will have to be increased to maintain the growth of the beef industry.

"Cattle feedlots over the U.S. handle more beef today than the entire cattle industry produced a scant 20 years ago," notes Uvacek. "Yet the industry still needs to increase its output by a third to keep pace with trends in population and per capita consumption over the next 10 years."

The specialist suggests that cattle feeders take a look at the live futures market as a means of reducing some of the risk in the cattle feeding business that results from price changes. Contract arrangements also help the producer lessen risk, he points out.

Cathy Young gets recognition for top grades

Cathy Sue Young of 428 Ave. I, Hereford, is among 375 students who have been named to the spring honor roll at the University of Texas in the College of Natural Sciences.

A student must have earned at least 82 grade points (an A is 4 points per semester hour) for a semester's work to be placed on the honor roll. The average semester course load is 15 hours.

CULTURAL CLUB TO MEET—Mrs. J. G. Gandy will be hostess to Cultural Home Demonstration Club at her home, 414 Star, at 2:30 p.m. Friday. The program on Safety in the Home: Floors, will be given by Mrs. Grady Parsons.

Throughbred racing in New York City, including Belmont Park on its outskirts, runs for 210 days this year.

4-H committee duties assigned

Committee duty was assigned to girls of Merry Maidens 4-H Club Tuesday afternoon when they met at the home of Kathy Vogel, 305 Stadium Dr., with Mrs. Bruce Terry, adult leader, and Joyce Shipp, assistant County H. D. Agent.

Each brought her club record book up to date, and Mrs. Shipp gave a demonstration of lighting. The girls volunteered for committee work, and were listed as follows:

Telephone committee, Lisa Martin, Jane Ellis, Sherrie Wells, Carole Vogel, Kathy Brownlow and Sharlene Powell; 4-H Week observance, Chris Marnell, Dianne VanZandt, Jane Ellis, Debbie McPherson, Kathy Brownlow and Sharlene Powell; Kathy Vogel.

Recreation committee, Sharlene Powell, Sandra Wells, Lisa Martin and Carole Vogel.

EQUIPMENT REQUIRED ON FARM TRACTORS, IMPLEMENTS OF HUSBANDRY, AND FARM EQUIPMENT

- Farm Tractors — Self-Propelled Unit of Farm Equipment or Implement of Husbandry
- I. Hazard Warning Lights
 - A. Required on vehicles manufactured or assembled after 1-1-72
 - B. Front
 1. Two
 2. Mounted at same level
 3. As widely spaced laterally as practicable
 4. Display simultaneously flashing white or amber lights, or any shade of color between white or amber
 - C. Rear
 1. Two
 2. Mounted at same level
 3. As widely spaced laterally as practicable
 4. Display simultaneously flashing amber or red lights, or any shade of color between amber and red
 - D. Visible not less than 1000 feet to front and/or rear in normal sunlight
 - E. Shall be displayed whenever such vehicle operated upon a highway
- II. Headlights
 - A. Two headlamps - meeting requirements of either Sec. 126-128 or 129
- III. Tail Lights
 - A. Red tail light
 1. Visible not less than 1000 feet
 2. Mounted as far to the left of the center of the vehicle as practicable
- IV. Reflectors
 - A. Two red reflectors visible from 600 to 100 feet to the rear when in front of lawful lower beam of headlamps
- V. Combination of Farm Tractor and Towed Farm Equipment or Towed Implements of Husbandry
 - A. Operated during time mentioned in Sec. 109

1. One half hour after sunset to one half hour before sunrise
 2. Any other time when due to insufficient light or unfavorable atmospheric conditions, persons and vehicles on the highway are not clearly discernible at a distance of at least 1000 feet
- B. Farm Tractor equipped as I. above if manufactured or assembled on or after 1-1-72, and equipped as II., III, and IV. above at all times when operated upon a public highway at times mentioned in Sec. 109
- C. Towed Unit
1. If unit or load extends more than four (4) feet to the rear of tractor, or obscures any light thereon, it shall be equipped with at least two (2) red reflectors visible 600 feet to 100 feet to the rear when directly in front of lawful lower beams of headlamps
 2. If towed unit extends more than four (4) feet to the left of the center line of the tractor, it shall be equipped on the front with an amber reflector visible from 600 to 100 feet in front of lawful lower beams of headlamps
 - a. shall be so positioned to indicate, as nearly as practicable, the extreme left projection of towed unit
 3. The two (2) red reflectors shall be so positioned on the rear as to show as nearly as practicable, the extreme width of the vehicle or combination carrying them
 4. Provided all other requirements are met, reflective tape or paint may be used in lieu of the reflectors

Sec. 126 - Requires multiple beam lighting equipment - high and low beams

Sec. 128 - Defines single-beam road lighting equipment

Sec. 129 - Alternate road lighting equipment - two (2) lighted lamps revealing persons or objects seventy-five (75) feet ahead and operated not over thirty-five (35) miles per hour

EQUIPMENT REQUIREMENTS ON FARM TRAILERS

- I. Tail Lights
 - A. Only one required until 1-1-72
 - B. Two required after 1-1-72, visible 1000 feet
 - C. Only required on rear-most vehicle in combination
 - D. Both mounted on same level
 - E. Widely spaced laterally as possible
 - F. Mounted 15" to 72" high
- II. White Light on License Plate
 - A. Lighted when headlights (or auxiliary lights) lighted
 - B. Make license plate legible 50' to rear
- III. Reflectors
 - A. Visibility
 1. After 1-1-72 on vehicles assembled or manufactured prior to that time, must be visible 100' to 350'
 2. On vehicles assembled or manufactured after 1-1-72, must be visible 100' to 600'
 - B. Required
 1. Two or more on rear - red
 2. 15" to 60" mounted height
 - C. If Vehicle is 80" or More in Width
 1. At front, mounted on each side, one amber reflector
 2. At rear, mounted on each side, one red reflector
- IV. Stop Lights
 - A. Two required after 1-1-72
 - B. Visible 300 feet
 - C. Activated upon application of foot or service brake
 - D. Must be red or amber
- V. Clearance Lights (required if 80" or more in width)
 - A. At front, two amber lights, one on each side
 - B. At rear, two red lights, one on each side
 - C. Mounted on permanent part of structure so as to indicate width and height of vehicle

Church problems told in novel

Mixing politics and religion is a real danger, as young Calvin Stoneman finds out when he realizes that his church's budget is not going to be used for religious activities.

Find out what he does to avoid this. Read this exciting and bold story today. It is found at the Deaf Smith County Library.

SAFETY OF CORRUPTION

By Al Dewlen

A fascinating novel about the sudden takeover of an independent Protestant Church by an ultra right-wing organization. The congregation of Cedar Park had always been stable and reliable until their minister resigned—setting off the rapid election of a successor, tears and recriminations from the oldest members and new worries for the assistant minister.

This is a strong, bold story about a very believable subject, the danger of mixing politics and religion. Young Calvin Stoneman was content to remain assistant minister at his independent, Protestant Church.

And so when the minister—his close friend and trusted adviser—resigned, he did not seek the post for himself, though the Board of Elders elected an old fashioned revivalist to lead the church.

Calvin Stoneman found that the congregation was suddenly, subtly changing—that money from unexplained sources was filling the offering plates quicker than ever before—and that he was being forced into a new, less important role in the church's affairs.

All this puzzled Calvin until he realized that his church's budget was not going to be used for religious activities, and that the new minister was fast becoming an unwitting pawn controlled by right wingers.

Church hosts Mexican supper

The San Pablo Methodist Church will host a public Mexican Supper Saturday at the Fellowship Hall of the First United Methodist Church at Fifth and Main Streets.

The supper will begin at 5 p.m. and continue until 9 p.m. Tickets are \$1.50 for adults and 75 cents for children and can be obtained by calling 364-3100.

The supper is sponsored by the Women's Society of San Pablo Methodist Church. The Rev. Antonio Vela Jr. is pastor of the Church.

Leroy Kelly of the Cleveland Browns leads active American Football Conference rushers with 5,309 yards and 57 touchdowns.

Highlights, sidelights from your state capital

BY BILL BOYKIN
Texas Press Association
AUSTIN, Tex.—Gov. Preston Smith sprang one surprise after

another in announcing appointments to key state positions. One of the biggest was selection of his longtime legal aide and top political campaign worker Robert D. (Bob) Bullock, formerly of Hillsboro, as Secretary of State, succeeding Martin Dies Jr. A few days earlier, he selected another staff assistant, V. Larry Teaver of Lubbock, to the

State Board of Insurance. Surprise here was that Teaver did not replace Durwood Manford, veteran member of the board. Manford got a new six-year term and Charles D. Mathews, a Dallas trucking executive and attorney until two years ago, was moved from the board to an Austin district judgeship. Teaver replaced Mathews when the freshman board mem-

ber became judge of the new 200th Travis County district court. Smith stirred some controversy by naming a successor to Brig. Gen. James M. Rose as assistant adjutant general of Texas for air. On recommendation of Maj. Gen. Ross Ayers, the state adjutant general, he picked Lt. Col. Belisario D. J. Flores of San Antonio for the

Air National Guard command. Smith's other appointments included: *T.E. (Gene) Mitchell of Plainview as chairman of the Governor's Committee on Human Relations, Dies previously doubled in that job before his appointment to the Ninth Court of Civil Appeals at Beaumont. *Robert W. Kneebone of Houston for a new six-year term

as a member of the Texas Youth Council. **REDISTRICTING MOVES** ON—A two-day legislative redistricting fight moved toward a Supreme Court decision last week. Atty. Gen. Crawford Martin filed briefs in appeal from the August Austin district court ruling that House of Representa-

tives reapportionment this year is unconstitutional because it improperly violates county lines. Martin said the "one-man-one-vote" rule of federal courts eliminates state constitutional provision safeguarding county lines. At the same time, 53rd District Judge Herman Jones refused to prevent the Texas Legislative Redistricting Board from reapportioning the State Senate

and said the Board may also do preliminary House realignment. Time for attack on Board's work, concluded Jones, is when it finishes.

Rep. Fred Head of Henderson brought suit in Jones' court to prevent the Board from redistricting House and Senate. He contended new census data is not complete and that reapportionment should be left until 1973. Head indicated efforts will be made to get his suit before the Supreme Court at the same time as the attack on House reapportionment of the regular session.

TAX STUDY LAUNCHED—New Legislative Property Tax Committee began a four-year study of how property taxation can be made "fair, viable and efficient."

Sen. Jim Bates of Edinburg was named chairman of the group and Jack Hart of Midland, staff director.

Hart noted a recent decision of the California Supreme Court may make the Texas committee's job more difficult. California court held reliance on property taxes alone to finance public schools is unconstitutional.

Committee's work is being financed by a charge of \$1 per delinquent tax receipt authorized by the Legislature this year. Among goals is computerization of ad valorem tax records on a statewide basis.

TEACHER PAY HIKE OK—Up to 90 per cent of 138,000 Texas teachers will get their pay raise as approved by the Legislature in spite of the 90-day wage freeze, under a Texas Education Agency ruling.

Ruling by State Education Commissioner J. W. Edgar is subject to approval by federal authorities. It would go to 1,200 local school districts on September 8 unless reversed in Washington, but is subject to further interpretation at local school board level.

Edgar said teachers signed contracts prior to August 15, many were had reached an agreement, and established eligibility to perform with a local school before the president's freeze order. Commissioner Edgar concluded that raises were in order also in local school districts which pay salaries above the state minimum where agreements were reached before August 15.

Texas Public Employees Association filed a petition for exceptions from the freeze since the Legislature last June passed an appropriations bill calling for state worker pay raises.

AG OPINIONS—Appropriations bill limitations on extended state pay to aliens do not prohibit the Texas Industrial Commission from hiring a Mexican National to work in Mexico full-time in a Texas Industrial Commission branch office there, Atty. Gen. Crawford Martin held.

In other recent opinions, Martin concluded: *A justice of the peace who is not an attorney must have served a minimum of two terms of four years each to be exempt from attending a 40-hour course of instruction for non-lawyers.

*Texas Rehabilitation Commission is authorized to deposit funds received from local agencies under a federal establishment grant in a local depository. Martin said a governor's veto of funds for payment of court costs will handicap his office in prosecution and defense of state cases.

WATER PLAN ALIVE—Master \$10 billion water plan to move surplus Mississippi River waters to Texas High Plains farms is still alive, according to Harry Burtleigh, executive director of the Texas Water Development Board.

Although Texans rejected \$3.5 billion bond issue to finance state's share of giant project, it is believed much of the money can now be obtained from the federal government, Burtleigh indicated. Two groups, West Texas Chamber of Commerce and Water Inc., are spearheading the new drive for financing.

The Pampa Harvesters, who experienced their first winning season last year since 1953, look even more powerful this year with three offensive and four defensive holdovers.

In the clash between the Whitefaces and the Harvesters last year the game was not decided until the final three seconds of the contest on a field goal by the versatile field general Dale Ammons who booted the ball 45 yards. Ammons returns this year to guide the Harvester attack and is picked as one of the top quarterbacks in the area.

While their offense is expected to be much improved, the defense of the Pampanos also is expected to be one of the bright spots for the team.

The Harvesters of last year turned in a 6-4 record, the first winning season in 17 years.

Coach Robert E. "Swede" Lee is entering his fourth year at the helm of the Pampa team and each of the four years has been an improvement over the previous one. In 1968, his first year, the Harvesters were 2-8.

The following year they were 3-7 and last year they were 6-4.

YOUR "ACTION CENTER" HEREFORD, TEXAS

Harris rating system favors Harvestors by 9

In his initial week of the 1971 high school football season, prognosticator Lewis Harris of Dallas has rated the Hereford Whitefaces as No. 171 in the state among the 236 Class AAAA teams.

The first week of the rating system is traditionally similar to the way the teams finished the previous years, with the ratings changed slightly to reflect key losses and gains of personnel.

Pampa, whom the Whitefaces play on the road Friday night in the first game of the season, carries a No. 110 rating, and its strength quotient of 124.7, compared to Hereford's 115.8, means Harris predicts Pampa will win by nine points.

The Harvesters defeated Hereford, 24-22, last season on a 45-yard field goal in the last second of play and went on to a 6-4 record, the first above-500 mark for Pampa in 17 years.

The Harris Ratings rank Austin Reagan, Brownwood, Refugio, Holliday and Agua Dulce as the leading teams in each of the state's football classifications.

In District 4-AAAA, Monterey

is rated highest. The Plainsmen are No. 29, Plainview No. 81, Coronado No. 120 and Lubbock No. 149.

Amarillo is No. 36, Tascosa No. 44, Palo Duro No. 56, Borger No. 102, Caprock No. 123.

Here are the rankings and strength quotients of area teams in each of the classifications. To determine Harris' predictions of how any two teams would fare, compare the strength quotients.

CLASS AAAA

1. Austin Reagan 151.7
2. Port Arthur Jefferson 151.3
3. Wichita Falls 147.2
4. Beaumont Hebert 147.1
5. Dallas Oak Cliff 145.7
6. Odessa Permian 144.4
7. Alice 143.9
8. Houston Kashmere 143.4
9. Abilene Cooper 142.9
10. Galveston Ball 142.4
11. San Angelo 140.9
12. Monterey 135.9
13. Amarillo 134.8
14. Tascosa 133.5
15. Abilene 133.0
16. Big Spring 132.7
17. Palo Duro 132.4
18. Odessa 129.6
19. Midland Lee 128.1

89. Midland 127.0
91. Plainview 126.8
102. Borger 125.6
110. Pampa 24.7
120. Coronado 122.8
123. Caprock 122.7
149. Lubbock 118.7
171. Hereford 115.8

CLASS AAA

1. Brownwood 140.1

WHO SWUNG THE LONGEST BAT?

AL SIMMONS...USED A 38-INCH LONG BAT, JUST FOUR INCHES BELOW THE LEGAL LIMIT...OLD BUCKET-FOOT HAD A LIFETIME AVERAGE OF .334 (1924-1944) AND HIT BETTER THAN .381 IN 4 SEASONS!

ACE LINEBACKER - Whenever loud thuds of leather meeting leather are heard this fall, Hereford's No. 55 often will be at the dispensing end of it. He's Win Short, a junior linebacker who head coach Larry Dippel, left, is expecting much from. He's 5-foot-11, 202 pounds.

Nation's top teams see action Saturday

BY ROBERT HARMON
Harmon Football Forecast
NEW YORK—Never in the history of football have so many collegiate powers moved into high gear so early in the season. Fourteen of last year's Top Twenty do battle Saturday in season curtain-raisers, and we've hardly gotten by Labor Day!

Orange Bowl champ and Associated Press national champion, Nebraska, takes on one of the West Coast's pre-season favorites, the Oregon Ducks. We rated Oregon 27th in our final rankings last season, and until the Ducks prove otherwise, they're 25-point underdogs to the C-huskers.

Graduation took its toll from third-ranked Ohio State, but Woody Hayes has a way of pulling replacements out from under his rolled-up shirt sleeves. The Big Ten opens conference play the earliest in its history, and in this early one, the Buck-

eyes are favored over the Iowa Hawks by 29 points.

Top attraction in the Big Ten has to be the game between the two pre-season favorites, Michigan and Northwestern. The Wolverines were seventh in our final ratings for '70, the Wildcats, 18th. The first rose goes to Michigan—they'll win by 14.

Sonny Sixkiller, 13th-rated, Washington's key to a climb to the top of the Pacific Coast conference, leads the Huskies against Santa Barbara in their 1971 opener. If there is a one-sided game on the schedule, this could be it—Washington by "many."

Friday night, Alabama travels to Southern Cal to officially open the major college football season. The Tide was 14th in '70. . . the Trojans, 21st. Graduation hit Southern Cal harder than it has in many years. Alabama will win by three points.

Two more West Coast football powers rumble into action Saturday: Rose Bowl champ Stanford, rated 11th last fall, tangles with Missouri, and 15th-rated UCLA meets Pitt. The Plunkett-less Indians may have trouble. Stanford is favored by nine and UCLA by 21.

In the South and Southwest, three powerful gridiron neighbors—Louisiana State, Arkansas and Mississippi—should start their '71 campaigns in the win column. LSU, rated sixth last year, entertains No. 17, Colorado. The Tigers will be tough again—LSU by 19. The Razorbacks finished in the No. 8 position, but are supposedly rebuilding. California will be the underdog by 13 points. And Ole Miss may have a bit of a surprise toughie in Long Beach State. The Rebels are favored by 18 points.

Texas Tech is a one-point favorite over Tulane, in a game played in the Sugar Bowl, and Houston is a two-touchdown choice over Rice in the first game ever between those two.

Sports calendar

- FRIDAY**
6:30 a.m.—Fans' breakfast and interviews with coaches at Calson House.
8 p.m.—Hereford vs. Pampa, Harvester Field at Pampa.
SATURDAY
1 p.m. (MDT)—La Plata 8th vs. Clovis Gattis, at Clovis.

7:30 p.m.—West Texas State vs. Memphis State, at Memphis.
8 p.m. (MDT)—Hereford sophomores vs. Nazareth varsity at Whiteface Stadium.
MONDAY
6:30 a.m.—Whiteface Booster Club breakfast, film of Hereford Pampa game, at Civic Club Center.
8 p.m.—Tennis Club organizational meeting, at Community Center.
TUESDAY
5 p.m.—La Plata 7th vs. Dimmitt, at Whiteface Stadium.
6:30 p.m.—La Plata 8th vs. Dimmitt, at Whiteface Stadium.

Hereford trio received degrees at Texas Tech

LUBBOCK—Texas Tech University President Grover E. Murray awarded approximately 1,050 degrees in 1971 commencement exercises in August. It was a record number for summer graduation ceremonies.

From Hereford were Michael Barton Wadzeck, Bachelor's in Finance; Sidney Jan Bayne, Bachelor's in Elementary Education; and, Tommy Claud Ross, Master of Science in Botany.

A FINE CATCH

AUSTIN, Tex. (AP)—Texas commercial fishermen were paid a record \$53.5 million for their 1970 catch, a 12 per cent increase over the value of their 1969 catch.

Alaska, with a catch valued at \$89.7 million, continued to lead all states in fishing, followed by California, Louisiana and then Texas.

RECORD CROWD AT MILO CENTER — Approximately 1,000 persons attended the 8th annual free Labor Day barbeque supper at Milo Center, growing from a crowd of 240 the first year. Woodrow Dutton, mayor,

was in charge of meal preparations. Lawrence Carlson was elected Monday to serve as mayor for the coming year for the community 11 miles north of Hereford on U.S. 385. —Photos by Betty Koelzer

FOOD DIDN'T LAST — Latecomers found the food already gone, when they arrived. Furnished by Pitman Grain and Pioneer Fertilizer companies, the food was prepared and served by Debbs Knox, Lawrence

Carlson, Cliff Roberson, Joe West, Robert and Mike Higgins, Johnny Townsend, Walter London, L. H. Lookingbill, Mr. and Mrs. Virgil Marsh, Roger McQuigg, and Jim and Steve Easley.

Funeral is held for longtime city resident

Funeral services for Miss Nettie Lee Green, 65, a resident of Hereford about 40 years, were conducted Tuesday afternoon in First United Methodist Church, of which she was a member.

The Rev. W. A. Appling, pastor, and Dr. John English, executive director of Kings Manor, officiated for the service. Burial was in West Park Cemetery, directed by Gilliland and Funeral Home.

Miss Green, who died Monday in Deaf Smith County Hospital after a long illness, had resided since last December at Kings Manor retirement home. She was a member of the United Methodist Church.

Born Oct. 17, 1905, in Castro County, she was a daughter of the late Mr. and Mrs. W. B. Green. The family moved to Hereford in the early 1930's. Survivors are two sisters, Mrs. Walter Easter of Hereford and Mrs. Richard Dixon of Amarillo, and a brother, R. T. Green of Corona, Calif.

Community calendar

- SEPTEMBER**
 13—Persons interested in formation of a Tennis Club meet at 8 p.m. in Community Center.

WTCC seeks program recommendations

Business leaders in the Northern Panhandle will be asked to make recommendations for the program of the West Texas Chamber of Commerce in a meeting will be held in the dining room of the TSTI facilities on the old Amarillo Air Force Base.

A.L. Scott, president of the Texas Chamber of Commerce from Fort Worth, said, "The purpose of this meeting is to gather suggestions and ideas from the leaders of the area so that we can establish priorities

and keep our program relevant to the needs of the area". Scott will lead a group of distinguished business and professional men from throughout West Texas who will outline the current program of the WTCC. In addition to serving as president of the regional Chamber of Commerce, Scott has served as president and chief executive officer of all of the Kimbell companies including the Kimbell Art Foundation since 1964. Kimbell is one of the largest food distribution companies in

the nation. Other business leaders who will appear on the panel with Scott are C.W. Brown, Mc-Camey, an independent oil operator and president-elect of the WTCC; F.V. Wallace, Amarillo, past president of the WTCC and former mayor of Amarillo; Beeman Fisher, Fort Worth, past president of the WTCC and cur-

rently president of the Texas Water Conservation Commission; B.E. Godfrey, an attorney

Grandson earns doctor's degree

Stephen Noel Bryant, grandson of a pioneer Hereford resident, Mrs. D. H. Bryant, recently received the doctor of philosophy degree from the University of Florida at Gainesville, Fla. He is the oldest son of the Rev. and Mrs. Noel Bryant of Wichita Falls.

Dr. Bryant will teach this year as assistant professor in the department of political science in the University of North Carolina at Charlotte. His specific courses will be in public administration, American government and political theory.

He received BS and MA degrees from North Texas State University at Denton, where he taught two years in the political science department. In 1962 he served as president of Methodist Youth Fellowship of the North Texas Methodist Conference.

His wife is the former Sallie Reeves of Denton and they have an 18-month-old daughter, Stephanie.

from Fort Worth and a past president of the WTCC; Harry Clark, Midland, a banker and formerly executive director of the Texas Industrial Commission; and J. Fike Godfrey, executive vice president of the regional organization.

Paul Timmons, Amarillo, is district vice president of vice WTCC for the Northern Panhandle area and is making all arrangements for the September 10 meeting.

Alvin Davis is promoted to Specialist Five

FT. SILL, Okla.—Alvin E. Davis, 22, son of Mrs. Theima E. Davis, Hereford, Tex., recently was promoted to Army Specialist Five while serving with the 57th Signal Battalion at Ft. Sill.

Spec. Davis is a circuit controller with Company D of the battalion.

His wife, Renae, lives at 133 Ave. K., Hereford.

Curtis O. Roach funeral service held Wednesday

The funeral of Curtis Olen Roach, 70, of Route 2, was conducted Wednesday morning in Rose Chapel of Gilliland Funeral Home by the Rev. Eugene Brink, pastor of First Christian Church. Burial was in the cemetery at Perryton Tuesday afternoon.

Mr. Roach, a farmer and rancher in Deaf Smith County since 1953, died in a Lubbock hospital Monday morning.

He was a native of Missouri, born July 2, 1901 at St. Joseph. He came to Texas from Missouri as a child, in 1907, and married Minta Butts May 24, 1930 in Pueblo, Colo. The family moved to this county from Amarillo in August, 1953.

Mr. Roach saw military service in World War II. He was a member of First Christian Church.

He is survived by his wife; a daughter, Patty Roach of Lubbock, and a sister, Mrs. Viola Roach Blossom of Richmond, Wash.

Women's C of C reports heard

Decision to open its quarterly membership meeting in October to the public, and to invite Bob Watson of Amarillo to speak on Patriotism, was made by the executive board of the Women's Division, Deaf Smith County Chamber of Commerce, at a lunch in Civic Club Center Tuesday.

Reports on various activities underway in the Women's Division featuring the meeting, with Mrs. S. G. Townsend, president, in charge. She gave the report of a recent state conference of women's groups in chambers of commerce from over Texas, where Corpus Christi was selected as next year's meeting place.

Attending this conference in Amarillo with Mrs. Townsend were Mes. Stan Knox, Lynn Kester, Dick Barnard and Milton Adams, one of the largest delegations present.

As requested at the confer-

ence, the Hereford board voted on a proposal for women's C of C groups to hold regional one day conferences after next year, instead of three-day state meetings. The local group approved regional sessions.

Mrs. Adams reported on the identification-mark project of the Women's Division, in which equipment is being rented to area residents for stamping driver's license number on such items as furniture, cameras, bicycles, tools, camping equipment and automobile parts which might be stolen.

Aim of the project is to discourage theft of such items, and to supply an easy means of identification if they are stolen. Equipment for stamping the numbers is all now available at the Chamber of Commerce office and the rental fee is one dollar.

Needs of Hereford Day Care Center were listed by Mrs. Bill Lamm. She reported 48 children now enrolled at the center and main need at present is for room dividers and kindergarten supplies, also for trading stamps to get serving carts.

The Women's Division share in a recent dinner to welcome new teachers in Hereford schools, table decorations, were arranged under leadership of Mrs. Deward Roberson, it was reported by Mrs. Jack McKinstler.

THE LAND

THE LAND is one of man's most valuable assets—we think it is prime collateral. In the past 54 years the Federal Land Bank of Houston has made almost 200,000 loans on Texas farms and ranches.

In other words, we specialize in making farm and ranch real estate loans—long term loans with prepayment privileges.

See us today for full details, no obligation of course.

Summer review opens club year

Destinations from Dawn to Paris were mentioned by La Afatus Estudio Club members for trips they have made this summer, as each told of vacation activities in answer to the first roll call of a new season. The club year began with a coffee Tuesday morning in Mrs. Emmett Hale's home, and the roll call response was a pleasantly informal part of the program. It was Mrs. Walter Johnson who told of a tour in Europe, and Mrs. T. W. Robertson who insisted that a visit in Dawn was a high spot of her summer.

Calendar of events

TUESDAY
THURSDAY

FOOTBALL TALK — Head football coach and athletic director Larry Dippel tells Kiwanians Thursday of the Hereford Whitefaces' prospects for 1971. The team could be better, he said, because it no longer doubts it can win in Class AAAA. President-elect Rodney Laubhan is at left and Gene Campbell at right.

on some programs, the first time at the next meeting, Sept. 21, when the topic is Drug Use in the Hereford Area. Argen Draper, County Home Demonstration Agent, will discuss fashion changes Oct. 19 and a foreign student in Hereford schools will be on a program in April.

Social events for members will be the annual Christmas party in December, a spring luncheon in historic Elm Tree Inn at Tulla and the May luncheon and installation of officers to close the year.

A second year in office is being served by Mrs. A. H. Cook, president; Mrs. Sam Morgan, vice president; Mrs. Al Hewitt, secretary-treasurer; Mrs. B. F. Markham, councilor; Mrs. Earl Clark, reporter, and Mrs. Johnson, parliamentarian.

Standing committee chairmen for this year in addition to Miss Stagner are Mrs. Suggs, social;

Organic level should be kept high in soil

COLLEGE STATION—Because organic matter makes so many contributions to the productive potential of soil, practices to maintain its level should be included in a balanced soil management and soil conservation program.

Now is a good time for producers to think about such practices since they'll be faced with crop residues following the harvest season.

"Organic matter plays an important role in the physical make-up of a soil," says Dr. Charles Welch, soil chemist with the Texas Agricultural Extension Service. "Although the actual organic matter content of most mineral soils is less than five per cent, it has a great influence on soil properties and plant growth."

Welch points out that the friable condition associated with highly productive soils generally is the result of a relatively high organic matter content. Through its beneficial effects on soil structure, organic matter increases the rate at which water enters the soil as well as the amount of water the soil can hold.

"As the rate at which water can enter the soil increases, the rate of water run-off decreases," he explains. "Therefore, the erosion potential of the water is decreased."

When a soil takes in and stores more water, it can supply more moisture for plant growth, Welch adds. Where enough water is available in the soil, plants

grow better and produce larger amounts of organic matter that can be returned to the soil. Thus, the organic matter cycle is started again.

Welch concludes by saying that practices designed to keep a relatively high organic matter level in the soil have proven to be excellent soil and water conservation measures.

THE MISSING FLOOR
JOHANNESBURG, South Africa (AP)—A new assistant manager of a hotel here was puzzled when the elevator carried him to the second floor whenever he pushed the button for the first floor. The staff in checking discovered behind a locked door 14 forgotten rooms which had been overlooked for 20 years or more.

HOW ABOUT SHOELSS?
LONDON (AP)—British police chiefs were warned that eccentric modes of dress and long hair should not in themselves be regarded as reasonable grounds to stop and search people for drugs. The home office issued the directive.

Comfort is...

Fresh, warm air gently circulating from floor to ceiling... down-to-earth dependability... easy-on-the-budget operating costs. Comfort is gas heating. There's no heat more comfortable.

And there's no heat cleaner than gas. Gas burns clean. It's one energy source that doesn't dirty the air.

Air-circulating gas heating systems also give you the first-half of a built-in gas air conditioning system. Adequate heat ducts can carry cool air to your whole house too — so you can add-on gas cooling right away or later if you prefer. Together, gas heating and gas cooling are an unbeatable combination for year 'round total comfort.

If you're building a home or planning to replace an out-dated heating system, choose thrifty gas heat. Check with your heating contractor.

La Plata Club meets at dinner

Theme of the year's programs in La Plata Study Club will be Today's Woman—Feet on Earth, Eyes on Moon, it was announced at the first meeting of a new season Tuesday evening.

Mrs. Jay Boston's home was the meeting place for a dinner; Mrs. Jack Brown and Mrs. Ken Rogers shared hostess duties with her. They make up the yearbook committee which presented a preview of the study course.

In a brief business session Mrs. Louis Woodford was appointed to serve as historian as well as club reporter this year.

Mrs. Kenneth E. Hunt was welcomed to membership. Others present were Mmes. Frank Prowell, Jim Neill, Raymond White, Emil Dettman, Phillip Shook, Pat Hughes, Harlan Vander Zee, Elmer Patterson, M.H. Richie, A. J. Schroeter, John Thames, Alex Glass, J.C. Brown and Pete Cash.

PITTSBURGH PAINTS

Amazing NEW WALL PAINT

IT DOES HALF YOUR WORK

Here's an amazing new latex wall paint that relieves you of most of the messy, bothersome, and time-consuming preparation for painting. PITTSBURGH PAINTS WALLHIDE® Latex One Coat Flat cuts your work in half.

- No need to fill small cracks.
- Forget about priming.
- Say 'goodbye' to the sloppy job of mixing.
- No need for a second coat.
- No more sanding.

In addition to saving half your work, the half you do is much easier with new WALLHIDE. It dries in 30 minutes, washes out of rollers and brushes with soap and water, and dries to a durable, flat finish — more washable than ever. Come in today for a free color chart.
