By Speedy Nieman

That Feller on Tierra Blanca Creek says there is nothing wrong with women that can't be corrected by masculine patience.

Congratulations are in order for Bill Albright and Roy Faubion, honored by the Hereford CowBelles Tuesday evening for their leadership in community support of beef promotion. Albright was not present to receive his honorary CowBelle award, but Faubion accepted an honorary lifetime membership after being named as the "honorary CowBelle" at the first Dad's Day dinner last year.

Faubion, prior to the awards presentation, had called on all local citizens to write their Congressmen and urge action against beef imports. It's an appeal that has been discussed previously on the radio and in the newspaper, but the administration has still not taken any action. If you don't have the addresses, call the C of C office and write or wire your Congressmen!

Albright discussed this situation and the letter-writing project in his "Hustle" column in The Sunday Brand. He also pointed out that all of us in the community will eventually feel the effect of the losses in the cattle industry.

The setback to the cattle feeding industry will have a "ripple" effect that will touch all of us—whether we're in the cattle business or not. For example, the declining cattle market could be a factor in higher school taxes. The school system receives a substantial revenue from taxes on cattle, and the loss of this revenue could be a blow to the school budget. This is just one potential problem area.

Our main business is not to see what lies dimly at a distance, but to do what lies clearly at hand.—Thomas Carlyle

Mark Twain, in his reporting days, was instructed by an editor never to state anything as a fact that he could not verify from personal knowledge. Sent out to cover an important social event soon afterward, he turned in the following:

"A woman giving the name of Mrs. James Jones, who is reported to be one of the society leaders of the city, is said to have given what purported to be a party yesterday to a number of alleged ladies. The hostess claims to be the wife of a reputed attorney."

Have you ever looked closely at the "Indian" on our old one-cent piece? Are you sure it is an Indian? At any rate, here is the story:

In 1835, the United States government offered an award of \$1,000 for a suitable design to be placed on the new one-cent coin soon to be issued.

About this time some Indian chiefs from the far Northwest visited the "Great Father," as they called the President. After visiting Washington they went to Philadelphia to see the mint. The chief engraved, James B. Longacre, invited the Indians to his home.

His daughter, aged 10, was greatly delighted with these guests. During the evening one of them placed his feathered war bonnet on her head. An artist, who was among the guests, quickly sketched the girl's picture and handed it to her father. He was pleased, and decided to enter it in the contest for the coin design. It won the competition, and the face of the little "Indian" has gone into more hands than any other American coin.

Hereford Independent School District Board of Education approved a preliminary budget proposal of \$4,983,350 for 1974-75 at a regular scheduled Tuesday meeting.

Last year's budget totaled \$4,420,300. Expenses for the proposed preliminary budget fall into three broad categories, local maintenance, transportation and interest and bonded debt.

ESTIMATED EXPENDITURES for 1974-75 show \$4,259,500, local maintenance; \$184,700, transportation; and \$539,150, interest and bonded debt. Last year's amounts were \$530,200, \$146,000 and \$3,744,100, respectively.

DR. ROY HARTMAN, superintendent, said although the budget is slightly higher than last year's, taxes would not have to be raised to provide the funds for the 1974-75 school year.

He added, however, such an increase would have to be considered soon, noting Tulsa had recently raised its tax valuation.

The board set the 1974-75 tax valuation rate at two dollars per \$100, the same rate that existed for 1972-73.

THE BOARD also appointed Bill Davis to serve on the Tax Equalization Board, after school tax assessor and collector Orpha Click said Rocky Lee would be unable to serve on the board. Click told the board delinquent taxes for HISD currently amounted to \$45,942 in real estate and \$100,529 in personal taxes.

IN OTHER school business, the board read a report indicating class room attendance for all Hereford schools, including kindergarten, was 93.3 per cent for 1974-74, down slightly from 93.9 per cent for 1972-73.

Board members were advised the summer enrollment is currently 650 students. Five courses are offered during the summer, including driver education, American history, world history, government and health.

Hartman advised the board of commendations and recommendations by the Texas Education Agency on HISD's Title I Child Migrant Program as determined in a recent visit by a monitoring committee of TEA.

HIAS was congratulated for its excellence

in facilities, parental involvement, enthusiasm and hard work of both instructors and administrators, eligibility and record transfer forms, participation in National Lunch and Breakfast programs, four-year-old program and certification of personnel.

To provide a stronger total migrant program, the TEA recommended modifications, including the following:

□ Circulating teachers to serve 100 per cent migrants.

□ Personnel paid 100 per cent from Title I Migrant funds should serve only migrant students.

□ A team-teaching approach to be utilized at junior high schools so migrant students will be served only by migrant teachers and will receive help in language instruction in addition to instruction in other courses.

HARTMAN noted adjustments were being made so HISD could continue to qualify for Title I Migrant Program funds. He said Hereford schools had the third largest migrant program in the state.

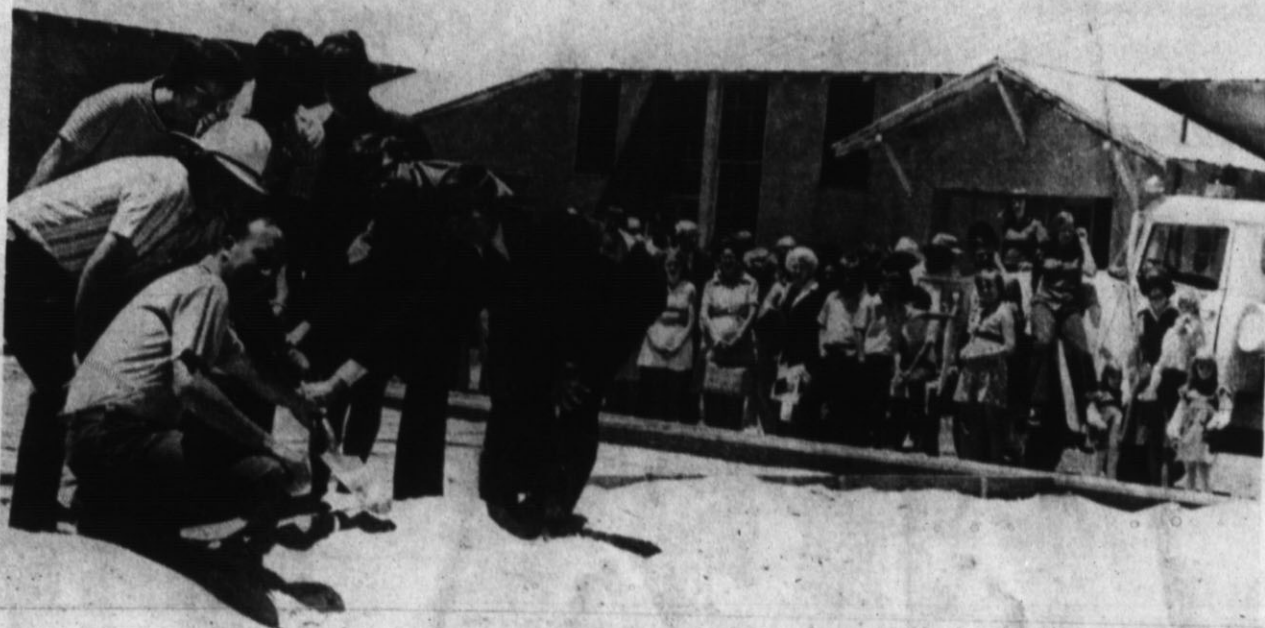

The board accepted three resigna-

tions. Grady Allen, La Plata Junior High teacher, submitted his resignation to take a position with Monahan schools and Wendell Robinson, assistant high school coach, resigned to become head coach at Spur. Elaine Lynley, a reading teacher at La Plata, also resigned.

ELECTION of 13 new teachers was approved by the board. The board waived policy requiring all teachers live in the school district in the case of Margaret Hamil, a proposed teacher for Hereford's bi-lingual program, on the recommendation of Hartman.

Hartman said the bi-lingual teacher, who lives in Friona, was qualified, certified and enthusiastic about teaching, but could not move to Hereford because her husband's company required its employees to live in Friona.

She will teach four-year-old students at Tierra Blanca. The board approved the conversion of the old library at the high school into two classrooms, one for regular classroom use and the other for art, journalism and annual staff use.

Group Effort

Seven Dawn citizens involved in raising funds for Dawns new \$40,000 community center building officially launched the project Sunday with a groundbreaking ceremony. Representatives of organizations shown are, from left, Bill Cornett, Dawn Lions; JauDon, Fire Department; Doris

Johnson, Home Demonstration Club; Wallace Shelton, Dawn Community Association; Mary Parker, Music Club; Denny Sowell, Green Valley 4-H Club; Rev. Gene Meacham, pastor, Dawn Baptist Church.

Two Join Soil District

Tierra Blanca Soil and Conservation District has added two new conservationists to its staff, according to Ed Blackwell, manager.

TOM CUNNINGHAM, 33, will be filling the post of district soil conservationist which was recently vacated by J.C. Brown. Cunningham served in the same capacity for four years in Panhandle.

RANDY UNDERWOOD, 23, has worked for the State of Texas as a horticulturist and will be employed in the Tierra Blanca District as a soil conservationist. He is a graduate of Tarleton State University with a Bachelor of Science degree in plant and soil science.

Cunningham, originally from Munday, holds a degree in agriscience from Sul Ross University in Alpine. He has been active as a soil conservationist at Henrietta and Dumas. Cunningham is now living at 1101 Thirteenth with his wife, Willa, and their sons, Brett, 12, and Brad, 9.

Underwood, who grew up on a peanut farm near Ranger in Eastland County, is engaged to Miss Becky Adams, also of Ranger. Following their marriage on July 6, the couple will be at home at 112 Ave. H.

TOM CUNNINGHAM

Friday Marks Flag Day

Hereford citizens will join other Americans Friday in observance of Flag Day as Key Club members and local residents display the "stars and stripes."

FLAG DAY, which is not recognized officially as a national holiday, commemorates the origin of the star-spangled banner in 1777.

Local participation will include observance by students currently attending summer school, according to Mrs. Marjorie Lassiter, program director. The youth will conduct discussions of the origin and meaning of the U.S. Flag and will be involved in flag raising ceremonies. Boy Scouts will be responsible for raising the flag while

students give the Pledge of Allegiance and sing "The Star Spangled Banner."

HEREFORD HIGH SCHOOL Key Clubbers will continue their public service of flag display. This work is performed throughout the year by the youth organization. As a result of this project, the boys received a citation of honor from Mrs. Luther Norvell, Regent of the Los Ciboleros Chapter of Daughters of the American Revolution.

Flag Day was first observed in 1877 to celebrate the 100th anniversary of the flag's origin. Congress requested all public buildings to display the stars and

(See FLAG, Page 2)

CowBelles Give Honorary Awards

Cited for his support of the CowBelles' main objective, beef promotion, Bill Albright was named Honorary CowBelle of this year at the Hereford club's annual Dad's Day barbecue Tuesday evening.

ROY FAUBION was presented an honorary life membership in the same program at Hereford Country Club.

Albright, executive vice president of Deaf Smith County Chamber of Commerce, and Faubion, the 1974 president, were both praised for leading community support of the cattle feeding and marketing industry.

THE HONORARY CowBelle was picked from three nominees; Bob Josseland and N.E. Tyler were the other finalists.

Other special guests were members of a group which accompanied delegates from Hereford to the Texas CowBelles convention in San Antonio this spring and assisted in a campaign for better cattle prices. They are Messrs. and Mmes. R.W. Eades, O.G. Nieman, Burk Inman and Faubion.

The barbecue supper is one phase of a major promotion of the National CowBelles organization, Beef For Father's Day. Husbands of members are guests each year for the event.

Bilingual School Meeting Set

The Hereford Independent School District Community Advisory Committee for Bilingual Education will advise the district on administration and operation of the bilingual education project at a 1 p.m. meeting Friday at Tierra Blanca Elementary.

ALL PARENTS of students that will be in the first grade during 1974-75 school year are invited to attend the meeting.

Ed McCreary will lead a discussion on the topic, "Bilingual Education in Hereford Public Schools."

The advisory committee consists of Homer Guerra, Aurora Flores, Hope

(See SCHOOL, Page 2)

Commissioners Allocate Funds

Deaf Smith County Commissioners bought new library chairs, proposed allocation of general revue sharing funds and heard numerous reports and requests in a Monday meeting.

The commissioners agreed on the purchase of 198 orange, polypropylene chairs from the Sperry Rand Corp. to be used in the basement of the new county library. Total cost of the chairs amounted to \$2,851.20. Delivery date of the new furniture was set for two weeks.

Commissioners approved a request by County Librarian Gwen London, acting as a spokesman for local gardening clubs, to let the garden clubs arrange the planters around the new building.

DEDICATION DATE for the library has been scheduled for July 4, 1974.

The court, proposing allocation for \$215,482 in general revenue sharing funds, designated \$120,000 for road improvement, \$100,000 for county jail improvement and \$15,482 for multi-purpose and general government.

The funds, to come from Entitle Period Five of General Revenue Sharing, will cover a period beginning June 30,

1974 and ending July 1, 1975. Federal regulations require counties applying for the funds allocate the funds before receiving them.

COUNTY SHERIFF Travis McPherson told commissioners he made a trip last week to Champagne, Ill., to present architectural plans for proposed county jail improvements to the National Clearing House, a division of the Criminal Justice Council.

McPherson said NCH, which can make a recommendation federal monies be released to counties for jail construction or improvements, suggested an additional 15 feet of space be included in the proposed jail improvements.

The sheriff said he felt, however, since NCH only suggested the additional space instead of making it an absolute requirement, the county could qualify for federal money without complying with the suggestion.

McPherson said he was not sure yet how much the improvements would cost.

THE IMPROVEMENTS, which in-

Honored By CowBelles

Roy Faubion, C of C president and KPAN executive, was presented a honorary lifetime membership in the Hereford CowBelles by president Marn Tyler during the annual Dad's Day dinner Tuesday evening at Hereford Country Club. The club gave its "honorary CowBelle" award to Bill Albright, C of C executive vice president, but he was out of town. Both were cited for outstanding community leadership in beef promotion.

Police Check City Burglary

A soft-drink vending machine was burglarized at 7 sometime Tuesday night at the Hereford Grain Company at 511 W. First. According to Hereford police investigating the incident, the burglar gained entry through an unlocked door.

Officers said they were called to the scene by Norbert Skypala, an employee of Hereford Grain. Skypala told officers he had

arrived at work to find a rear door on the east side of the building standing ajar. The vending machine, according to Skypala, was left with the key in the door. The burglar apparently opened the door with the key, and grabbed the change holder full of coins.

Skypala told officers there was a large sum of money in a vault at the rear of the building, and various amounts of money in desks throughout the building. None was missing.

The door is normally kept locked, Skypala told officers, but apparently had been opened during business hours the day before, and employees failed to check it at closing time.

Agriculture and agribusiness are responsible for employing around 16 million people, one-fifth of the total U.S. labor force, said Agriculture Commissioner John C. White.

Wheat Variety Demonstration Conducted For Local Producers

A wheat variety demonstration is being conducted on the Raymond Schlabs farm north of Hereford, it was announced Wednesday by County Agent Juston McBride.

All area wheat producers are invited to go by at their convenience and view the demonstration. The location is six miles north of Hereford on Hwy. 385, 1 mile east and 1/4 mile north. The demonstration signs are on the east end of the field and easily identifiable, according to McBride.

THE DEMONSTRATION is one of 14 being conducted over the Panhandle under the sponsorship of the Texas Agricultural Extension Service, and is partly supported by the Texas Wheat Producers Board. Leo Witkowski of Hereford is a member of the board.

McBride was assisted in the demonstration by Dr. Frank Petr, area agronomist for the Extension Service. Yield data will be published when the wheat varieties are harvested.

VARIETIES in the demonstration

include Trison, Homestead, Sentinel, TAM-101, Caprock Sturdy, TAM-W103, Scout 66, Kerwin, Tascosa, Eagle, and Centurk. These are some of the leading, recently developed varieties from Texas, Oklahoma, Kansas and Nebraska.

Trison, Kerwin and Eagle are from Kansas, while Homestead and Sentinel are Nebraska varieties. The demonstration gives local farmers an opportunity to observe the varieties under local conditions and determine which have the best potential for this area.

"Due to the extreme dry weather and stress due to banks grass mites, all varieties are seven to eight inches shorter than would normally be expected," McBride noted. The yield is expected to be somewhat low, however, McBride feels the agronomic characteristics will still be evident and the demonstration "will be worthwhile for farmers to visit."

THE SIGNS will be posted on each variety for approximately one week, and local wheat producers are invited to see the demonstration at any time.

More from Page 1

COUNTY-

clude renovation of toilet and shower facilities for inmates and additional space for juvenile and female inmates, were recommended by the Panhandle Region Planning Commission.

The Commissioners' Court heard a request by a committee representing the Deaf Smith County Historical Museum for the county to hire a full-time museum director at an annual salary of \$7,200.

A committee spokesman said duties of the director would include exhibits arrangement, conducting educational programs, documentation of museum pieces, restoration and preservation of artifacts and conducting regular tours.

The spokesman said total weekly time spent on the job would probably not usually amount to 40 hours, but would occasionally.

REPRESENTATIVES of Dawn's Fire Department requested Deaf Smith County purchase new equipment for the department, but the court said it lacked the authority to grant the request. Commissioners explained the county simply hires Hereford's Volunteer Fire Department whenever there are fires in the county, but does not employ them regularly or buy it equipment.

New equipment sought by the Dawn Fire Department included six new tired, two air packs and two dry-powder fire extinguishers.

The department also sought to be included in any county liability insurance

coverage which might be available to cover damages to property caused by firemen in the line of duty. The court, however, reiterated its position of not providing services for city fire departments and said the Dawn Fire Department would have to make some other arrangement to obtain such insurance coverage.

COMMISSIONERS approved the adoption of a resolution proposed by the Panhandle County Judges and Commissioners Association protesting the inclusion of Judiciary Article Five in the proposed Texas constitution.

The resolution notes the article calls for the establishment of a new circuit court system in the state's counties, requiring all judges to be lawyers and with salaries paid by the state, but from funds taken from fines levied in each county court.

AFTER STATING such an arrangement would jeopardize many counties' finances and few, if any counties actually needed a circuit judge, the resolution said establishment of the circuit judge system should be settled on an individual county basis by a majority vote of people concerned.

In other business, the commissioners granted a request by Fred Whipple, pastor of the Christian Assembly Church to use the Bull Barn for non-denominational evangelism program sometime in August.

Commissioners also made routine payment of monthly bills.

Fry, Nieman Bound to Boys State

JCPenney

CRAIG NIEMAN, STAN FRY
... boarding bus to Austin

Stan Fry and Craig Nieman, two Hereford High School seniors, boarded a chartered bus in Amarillo at 3:30 a.m. yesterday to begin their trip to Austin where they will attend Boys State June 12-18. They traveled with other Boy Staters from the area.

Chosen by the local American Legion Post-No. 192 to attend the Boys State Convention, the boys were first selected as nominees by members of the school faculty.

Selections are made on the following basis: leadership—50 per cent; character and integrity—25 per cent; and scholarship—25 per cent. "Scholarship, loyalty to his country, character, ambition, leadership ability, and the ability to get along with fellow students are the most important qualifications," said James Jesko, post commander.

Stan is the 17-year-old son of Mr. and Mrs. Stanley Fry. He is in the Explorers post of Boy Scouts, holding the rank of Eagle Scout and belongs to the Order of the Arrow. One day after returning from Austin, he plans to leave for Philmont Scout Ranch in New Mexico.

A member of the junior varsity football squad last

season, Stan is also a member of the National Honor Society, Fellowship of Christian Athletes, Key Club and Student Council. He is a member of St. Anthony's Catholic Church. Stan works in the summers for his father at Stan Fry Sheet Metal.

Craig, 17-year-old son of Mr. and Mrs. O.G. Nieman, has been photographer for the HHS yearbook the past two years and also works as part time photographer for the Hereford Brand and at North Plains Printing in the summers.

He was a member of the varsity baseball team and junior varsity basketball team 1st season and is incoming vice president of Key Club.

An active member of the First Baptist Church, Craig is also a member of Fellowship of Christian Athletes. He attended a FCA Camp last summer and plans to attend again in August. He spent a week this summer at Church Camp in Larkspur, Colo.

During their expense paid trip they will attend well supervised programs. Upon arrival all boys

will be divided into two political parties and then will select their candidates to run for state offices.

Highlights of the week will be when the candidates visit the State Capital and spend most of their time in the office they are representing.

The entire program is

non-partisan. Problems will be considered without reference to any existing political party and will be free from propaganda. The sole purpose is to enable the boy to grasp the meaning of some of the responsibilities which he will be called upon to assume when he becomes an adult.

WHO KNOWS?

1. Name the fifth President of the U.S.
2. Who was his Vice President?
3. To what party did they belong?
4. Did Pocahontas marry Captain John Smith?
5. Name the state bird of Indiana.

A.A. Head Rites Are Scheduled

The funeral of Austin Avery Head, 87, of 239 Ave. K, will be conducted at 10 a.m. Friday in Rose Chapel of Gilliland-Watson Funeral Home. Burial

will be in Rest Lawn Memorial Park.

Mr. Head, a retired farmer, died at his home Tuesday evening. He had been a resident of Deaf Smith County since 1929, when he moved from Oklahoma.

A native of Georgia, he was born Aug. 15, 1888. He married Anna Lee Barton Feb. 17, 1923, at Sentinel, Okla. He was a veteran of military service in World War I.

Survivors are his wife; five sisters, Gertrude Head and Frances Reed of San Diego, Calif.; Lexina Schuyler and Irene Schuyler of Sedona, Ariz.; and Eunice Jones of Trinidad, Colo.; four grandchildren and two great-grandchildren.

Not many men have both good fortune and good sense.

-Livvy.

Ex-Resident Of City Dead

Funeral services for Mrs. Ellen Ann Baker, 33, of Amarillo, former Hereford resident, were being planned at Janesville, Wisc., where the body was sent by Blackburn-Shaw Funeral Directors of Amarillo. Her death occurred Monday.

Mrs. Baker lived several years in Hereford while her husband, Bobby Baker, was the pro at John Pitman Municipal Golf Course. In addition to her husband she is survived by three children.

Every man is the architect of his own fortune.

-Sallust.

Hereford Boxers In Action

Hereford boxers advanced to the final rounds of the AAU Regional Nine Junior Olympic Boxing Tournament last weekend but none won championship titles. Left, Eddie DeLeon has his

nose bloodied by Teddy Duren. DeLeon lost the semi-final match to Duren. Center, Vincent Guerrero lands a punch on the jaw of Raphael Ludwick. Ludwick was given the decision and

regional championship title in their division. Right, Hector Guerrero leans back to keep the glove of Ronnie Trahan from connecting. Trahan was declared the winner on a decision. One-

hundred boxers from Texas, Louisiana, and Mississippi competed in the event.

Boxers Counted Out On Regional Titles

By DAN WELTY Sports Editor
Hereford and West Texas district boxers placed only one champion on the AAU Region

Nine last Saturday night, as the stronger Southern association team took outstanding overall honors in the Junior Olympic Boxing Tournament.

The three Hereford boxers who made it into the semi or final matches were all defeated in the second evening of the tourney. All three fell to the decision of the judges.

Joe Martinez of Plainview was the only West Texas boxer in the tournament to win a finals match. Martinez knocked out Kip Delaune in the first round of their 115-pound match. For his efforts, Martinez was named the outstanding intermediate boxer. He claims the regional title, but intermediate boxers do not advance any farther than the regional level.

Richard Tillman of Amarillo will go to the National AAU Junior Olympic Tournament at Bradley University in Peoria, Ill. Tillman went unopposed in the regional tournament. He will

box in the 156-pound senior division at the national meet. Perhaps the hardest-fought, crowd-pleasing bout came when Teddy Duren of Grand Prairie met Hereford's Eddie DeLeon in a 139-pound senior division semi-final.

The crowd of 800 at Saturday night's fights roared its loudest as the two were introduced. DeLeon was the underdog, a first-year boxer while Duren had three years of experience coming into the match.

Duren landed several good punches in the first round, but DeLeon held his own. Duren's experience showed as he moved around DeLeon, but Eddie traded Duren punch for punch. In the second round, DeLeon's anger was sparked when his nose became bloody,

and his rage landed a punch that knocked Duren to the mat. Shortly after, another well-placed punch knocked Duren's mouthpiece out, and threatened to weaken his knees.

The third round was much the same as the first two, with the battle see-sawing back and forth. When the judge's votes were counted, Duren was their unanimous choice as winner of the bout. Fan reaction differed with the decision.

Duren was named the outstanding senior division boxer of the tournament. His match with DeLeon proved to be the championship match, as Danny Favalla forfeited the finals bout.

Hector Guerrero drew Ronnie Trahan of Broussard, La. in the finals match of the 90-pound

intermediate division. Trahan was taller and has a longer reach than Guerrero.

Trahan came out in the first round confidently while Guerrero seemed a little unsure of himself. Trahan dominated the first round with concise punching.

In the second round, Hector seemed to find some of the lost confidence as the round progressed, but still had trouble with his opponent's longer reach.

The third round was a standoff, with the strain of the match showing on both boxers. The judges cast all three votes for Trahan, however, giving him the intermediate, 90-pound regional championship title.

Vincent Guerrero faced Raphael Ludwick of Metairie,

La. in the final match of intermediate division 95-pound class. Ludwick proved to be a crowd favorite the night before with his convincing win over Ralph Reyes of San Antonio. The fans cheered loudly as Ludwick stepped in the ring for the championship bout.

Ludwick came out with a strong opening, pounding Guerrero through much of the first round. Vincent's fight did not begin to get until the second round, but the steady punching of Ludwick's gloves had already taken their toll.

The third round was the most evenly fought of the bout, with both boxers showing signs of fatigue. The judges again voted against the Hereford boxer, giving the match and championship title to Ludwick.

Hereford's only other contestant in the tournament, Frank Celeya, was counted out in the first round of his initial bout. Celeya received a punch to the mid-section and was unable to continue the fight.

Other West Texas boxers to lose in the intermediate finals were Tracy Bowers, Guymon, a decision to Kevin Brosh, Ocean Springs, Miss.; Manuel Diaz of Amarillo forfeited his match to Farrel Bourdrax, Marrero, La.; Kelly Patterson, Guymon, a decision lost to Edward Dowdy, Denham Springs, La.

The only West Texas boxer in the senior finals was Romero Guzman, who was TKO'd in the second round by Ronnie Shields of Houston.

All-America Game Benefits Several ★★★★★★★★★★

The 14th annual Coaches All-America Game will be played for the fifth straight year in Jones Stadium, Texas Tech University, Lubbock on Saturday, June 22.

For Lubbock and the Texas South Plains, this grid classic has become "All Americans on the Line for Handicapped Americans." Many needy charities in Lubbock, on the Texas South Plains and throughout the Lone Star State have benefited through over \$160,000 of the net proceeds shared in the first four years at the game's Lubbock site by the co-sponsoring non-profit Lubbock Chamber of Commerce and the Texas Lions, District 2-T2

(2700 Lions in 67 West Texas Lions clubs).

The Lubbock State School for the Mentally Retarded received a large amount of the Lubbock Chamber of Commerce net game fund-share for the school's new \$61,000 specially-designed enclosed swimming pool. Other non-profit humanitarian causes helped are: the South Plains Kidney Foundation (kidney dialysis machines-\$25,000); and Girlstown USA* a home for displaced girls in Whiteface, Tex. (new \$40,000 gym).

Also receiving a helping hand when they need it most included: Little League Baseball, eyecare patients of ages, Girl Scouts, Meals on Wheels, the Texas Lions Crippled Children Camp at Kerrville and the Texas Lions Club Diabetic Camp at Friendswood.

Lubbock businessmen, on their own volition, separately

underwrote \$117,000 in lighting replacement for lights damaged in the May 11, 1970 tornado. Jones Stadium thus became one of the best lighted stadiums in America, ideally suited for nighttime color television and better spectator viewing.

The signing Saturday of the nation's leading passer and a 6-3, 248-pound offensive lineman completed the rosters for the Coaches All-America game. Quarterback Jesse Freitas of San Diego State, who led the nation in both passing and total offense in 1973, signed his contract along with Al Davis of Boise State. Both will play for Coach Barry Switzer's West team.

A total of 60 players are now in the fold for the annual classic which has been described as "the best of the all-star games."

The 6-1, 190-pound Freitas

completed an amazing 65.4 per cent of his passes for 2,993 yards and 21 touchdowns. He averaged 263.7 yards per game in total offense.

The flashy passer was a consensus All-Pacific Coast performer and was selected to play in the Senior Bowl where he was named Player of the Game.

Freitas finished his San Diego career with 324 completions in 518 attempts for 4,193 yards. He was drafted by the San Diego Chargers.

Davis, a two-year starter for Boise State, was named All-Big Sky Conference in 1973. He was drafted by the Atlanta Falcons.

Freitas will join Texas Tech's Barnes as the quarterback for the West eleven.

Tickets for the All-America Game are on sale at the Texas Tech Ticket Office.

"Getting Along"

SOONER OR LATER, a man, if he is wise, discovers that life is a mixture of good days and bad, victory and defeat, give and take.

He learns that it doesn't pay to be a sensitive soul—that he should let some things go over his head like water off a duck's back.

He learns that he who loses his temper usually loses.

He learns that all men have burnt toast for breakfast now and then, and that he shouldn't take the other fellow's grouch too seriously.

He learns that carrying a chip on his shoulder is the easiest way to get into a fight.

He learns that the quickest way to become unpopular is to carry tales and gossip about others.

He learns that most people are human and that it doesn't do any harm to smile and say "good morning" even if it is raining.

He learns that most of the other fellows are as ambitious as he is, that they have brains that are as good or better, and that hard work, and not cleverness, is the secret of success.

He learns that it doesn't matter so much who gets the credit so long as the business shows a profit.

He comes to realize that the business could run along perfectly without him.

He learns to sympathize with the youngsters coming into the business, because he remembers how bewildered he was when he first started out.

He learns not to worry when he does not make a hit EVERY time, because experience has shown if he always gives his best, his average will break pretty well.

He learns that no man ever got to first base alone and that it is only through co-operative effort that we move on to better things.

He learns that the fellows are not any harder to get along with in one place than another, and that "getting along" depends about 98 per cent on himself.

Red Raider Day Today

Texas Tech coaches and Red Raider Club officials from Lubbock will be special guests here today as Hereford and area Raider fans get together for an afternoon of golf and fellowship.

The "Red Raider Day" affair starts with a golf tourney at 1:30 p.m., and will be concluded with a dinner at 7:30 at the Hereford Country Club. A film on the Raider football highlights of 1973 will be shown at the dinner.

Mac Tubb is chairman of the golf tourney, and Dave Hopper is heading up the local Red Raider Club event. Entry fee for the golf tourney is \$20, which includes green fees, cart and dinner. Admission to the cocktail hour, starting at 6:30, and the dinner is \$7 a person.

Tubb is hoping to have at least one of the Tech coaches, or RR Club members, ply in each of the foursomes of the golf tourney. Both the golf meet and the dinner hour are open to interested Raider fans. Wives are also invited to attend the dinner party.

Hopper did not have a complete list of coaches and Raider backers who will be attending from Lubbock. RR Club members from Dimmitt and Friona are also expected to participate in the event.

'Birds Even Season

Hereford's American Legion baseball team, the Redbirds, moved their season record to .500 with a 15-1 win over Memphis Sunday afternoon.

The Birds are now 1-1 and have two games to make up because of weather. A June 7 game with Palo Duro was rained out and the June 8 contest with Amarillo High was postponed because of high winds and blowing sand. No date has been set for the Palo Duro makeup, but the Amarillo High makeup has been set for Saturday, June 22.

In Sunday's game, the Birds scored six runs in the first inning off starter Lopez, who was relieved by Browning in the second. The Birds got 12 hits and 15 runs in six innings of play, and the contest was called because of the ten run rule.

Harvey Torres went the distance for Hereford, allowing only one hit, and walking three hitters. The Hereford infield scored only one error.

Steve Loerwald and Mike Artho led the Bird hitting with three hits each. Pete Hale had two, while Roy Martinez, Mike Crim, Dave Artho and Vance Hennington got one hit each.

Hereford was on the road Wednesday night after press deadline to play a contest against Plainview, and has games with Caprock at Hereford Saturday and Canyon at Hereford Sunday. Game time is 3 p.m. in both games.

Group To Attend AAU Track Meet

Hereford's AAU track team will travel to Amarillo this weekend to compete against other youngsters of the Panhandle region. Over 60 youngsters will load the bus Saturday morning to attend the meet at Amarillo's Dick Bivins Stadium.

The team will appear for the first time this season in new uniforms provided by the Noon Kiwanis Club. The civic group is sponsoring the track program in Hereford. The team is coached by Don Cumpston, with help from Ronny Wagner, Martha Emerson and James Harris.

There are five age divisions that will compete Saturday, but most of the Hereford team falls in the nine-under and 10-11 brackets. The group held a "warmup track meet" last Saturday despite the high winds to familiarize the youngsters with meet procedures.

The bus will leave Hereford Saturday morning at 8 a.m. with field events in Amarillo beginning at 10. Preliminary running events are scheduled for 11 a.m., with finals at 1 p.m. In the near future the team plans to compete in Brownfield and hold their own AAU meet here in Hereford.

A moderate income is one which comes within a moderate distance of covering moderate expenses.

Herbicide Ban Raises Prices

The American consumer would become the ultimate loser and agriculture the immediate loser if future use of 2,4,5-T is

Policies Behind With Coverage

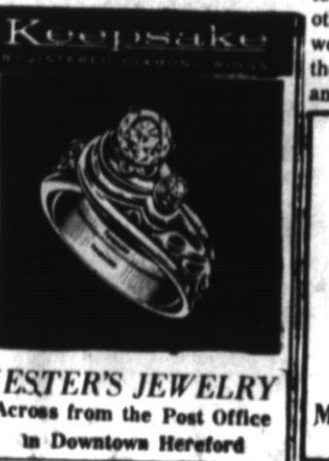

Fire and windstorm insurance for farmers and ranchers is usually about two years out of date, points out Dr. Wayne Hayenga, economist for the Texas Agricultural Extension Service.

"Due to rapid price increases, machinery, equipment and buildings insured at common prices two years ago are probably under insured by about 25 per cent today while grain in storage is probably under insured by 50 per cent," notes the Texas A&M University System specialist.

Besides knowing the coverage value of a policy, Hayenga also stresses the importance of knowing how the company intends to pay losses.

"Many farmers assume they will collect the full amount specified in a policy if a loss occurs, although this is not necessarily the case. It is usually the intent of the company to cover losses up to the policy limits or the 'actual' value of the property lost. Determining the actual value of lost or damaged property is a difficult job with different companies using different methods," explains the economist.

WASHINGTON -- Consumers Union has asked the government to ban the interstate shipment of pet turtles.

KEEPSAKE
JEWELRY
Across from the Post Office
in Downtown Hereford

limited or banned, according to a researcher with the Texas Agricultural Experiment Station.

Dr. Joseph Schuster, head of Texas A&M University's range science department and a TAES scientist, emphasized that future use of the herbicide that is widely used to control brush and weeds on rangeland is in jeopardy.

"This herbicide is highly effective in controlling noxious woody plants on rangelands and forests. It has a record of relative safety covering more than two decades of use. Now, this vital product is awaiting a public hearing called by the Environmental Protection Agency. Action following the hearing remains to be determined," the scientist added.

Costs of such agricultural items as meat, wool, mohair, and forest products are likely to climb if use of 2,4,5-T is banned or limited, Schuster said.

What is happening concerning this herbicide points up the risk to other important agricultural herbicides, regardless of their safety records, Schuster continued.

"The general public needs to understand more about the vital uses of each product, their safety records, how to use the products effectively, as well as possible potential dangers. The public should be concerned with protecting the environment, but citizens should depend on scientists and others trained in the field to determine the hazards involved in using herbicides," he said.

Schuster emphasized that our country's economic strength and its ability to produce needed food, fiber, energy, timber and other resources are sometimes weakened by demands made in the name of protecting citizens and the environment.

Jo Ann Wagner, Deaf Smith County entrant in clothing educational activity at the recent Texas 4-H Roundup in College Station, was the third place winner. The daughter of Mr. and Mrs. Lester Wagner, 244 Centre, is shown giving her winning demonstration. She is a member of Merry Maidens 4-H Club here and her coach for the state contest was Joyce Shipp, county extension agent and 4-H director.

World Grows Record Crop

World wheat production in 1973 totaled a record 367 million metric tons, 10 per cent above the 1972 harvest and 17 per cent higher than the 1967-71 average. World wheat area gained about 5 per cent, and 218 million hectares, and yield rose 5 per cent at 16.8 quintals per hectare.

The Canadian wheat crop in 1973, at 17.1 million tons, was 18 per cent above that of 1972, principally because of larger area. The United States produced a record 46.6 million ton crop, up 11 per cent. The

A to Z
Tire & Battery
Best Deal
128 W. 1st

U.S. area gained 14 per cent to 21.8 million hectares. Mexico's wheat crop was 18 per cent higher at 2 million tons.

The South American wheat harvest is estimated at 9.2 million tons, 4 per cent higher than in 1972. The Argentine crop is estimated at 4 million tons, down 13 per cent. The Argentine area was 22 per cent lower because of a wet planting season and a discouraging price situation. Brazil produced 1.85 million tons, its second largest crop.

Western Europe produced 50.3 million tons of wheat in 1973, 2 per cent below the 1972 high. The European community had a 41.1 million-ton crop, compared with 41.2 million in 1972. Declines in France and Italy were offset by gains in

West Germany and the United Kingdom. Spanish production dropped 14 per cent to 3.9 million tons because of dry weather.

The East European wheat crop gained 4 per cent to 31.8 million tons. Poland, Czechoslovakia and Hungary had substantially larger outputs.

The Soviet Union produced a record 109.7 million tons of wheat in 1973, 28 per cent above 1972 and 9 per cent over the previous record in 1966. African wheat production was off 7 per cent, at 8.7 million tons, because of declines from good yields in North Africa in 1972. The 1973 wheat harvest in Asia is estimated at 79.4 million tons, down 4 per cent.

India and Turkey had declines of 1.5 million tons, while Pakistan had nearly a million-ton increase.

Australia's wheat crop is estimated at 11.9 million tons, nearly double that of 1972, as area gained by 15 per cent. Wet weather late in the season left Australia with a substantial amount of off-grade wheat.

The farmer wants to please the consumer because he is paid by the consumer and because the consumer demand for his products either increases or decreases the price he receives for his products.

Machines Fill Labor Spot

Buying farm machinery is usually a complex decision, laments an agricultural economist, and it's never an easy yes or no. People have a hard time weighing their decision on the key issues of efficiency and management requirements.

Rather, they tend to look at their neighbor with his fancy tractor rig, complete with air-conditioned cab and stereo radio and imagine how nice it would be to have one. Often on that basis, they buy bigger equipment than they need, or more luxury than they can afford.

"Let's face it," Marvin Sartin, area specialist with the Texas Agricultural Extension Service, admits, "farm equipment today costs a lot of money. In fact, the investment in machinery on today's farms exceed the total cost of a farm a few years ago."

To the dismay of farmers, the number of people willing to work on farms is dwindling, and farmers have a hard time keeping an efficient ratio of machine to human labor output. The Lubbock-based economist adds.

AGRICULTURE has adjusted to the machinery-labor problem by substituting capital for labor—buying bigger tractors and equipment. Sartin believes this seemingly endless trend

must stop sometime. Efficient machinery management includes the wise purchase of equipment, fitting the equipment to farm needs, adjusting the use of machinery as the farming situation changes, and maintaining a proper economic balance between machinery and labor, he explains.

Whatever his reasons are for owning thousands of dollars worth of equipment, the farmer's primary objective is to make money.

Says Sartin, "The decision to purchase additional or new equipment must first be based on a need for it. All farmers realize that any item which does not contribute productively to the farm operation is not economically justifiable."

The problem arises, he explains, in determining just how productive a particular item must be to justify its cost.

"Unfortunately, in practical terms no one answer to this problem will apply to all farmers," Sartin says. "A primary consideration in evaluating a potential purchase should be the buyer's financial condition and income tax bracket."

"An individual in a sound financial state and with a large taxable income can justify the purchase of machinery for his farm that is not justifiable for his neighbor. Investment credits, additional first-year

depreciation allowances, and accelerated depreciation methods can be used advantageously to reduce taxable income.

"THE TIMELY purchase of equipment is a standard tax management procedure for most successful farm managers," Sartin explains. "The realized cost of the equipment is the purchase price less the tax savings (dollars that would have been paid in income taxes if the purchase had not been made). Thus, often a farmer receives a dual advantage — a new, efficient, needed implement, and at a real cost substantially below the list price."

Machinery purchases for the individual without a large income or a sound financial condition can be disastrous, he points out. Too often, success in farming is measured by the number, model, and horsepower of tractors and not by the checkbook balance.

All farmers, though, will need new equipment as the old wears out and becomes obsolete. When faced with the purchase of new equipment Sartin suggests that these questions ought to be asked:

1. Do I need it? (Must the old one be replaced, or are you expanding enough to justify the new?)
2. What do I need? (What is your planning horizon, and how do you visualize your operation changing in that time span? What will do the job?)
3. What is the real cost? (Take into consideration tax advantages of purchase in year of high income.)
4. Can I handle this cost? (Take into consideration tax advantages of purchase in year of high income.)
5. What do I want? (Is your desire different from your need?)
6. Can I afford this difference?

"THE QUESTION of machinery purchases is, will always be, and should be an individual decision for each farm manager," the economist emphasizes. "Cost operation and income production are major considerations but are not absolute criteria. Although a tractor will plow just as efficiently without a cab, air conditioner, and AM-FM stereo radio, I would not suggest that tractors be purchased without these niceties if you can afford them. Similarly, if you want and can afford a 150 hp. tractor to do the job that a 125 hp. tractor can do, that is your decision. After all, a stripped-down Volkswagen will transport me more efficiently than a Cadillac, but given my choice I would rather ride in the Cadillac."

Selecting the right equipment is very complicated, but it all boils down to the individual needs and desires of each farmer and the willingness of his banker to go along with the idea, Sartin believes.

THE BEST RULE of thumb to follow, he concludes, is to limit purchases to the items that are needed and which a person can afford. Don't buy big tractors and big equipment just for the sake of size and horsepower. Will a larger tractor and eight-row equipment work in your situation? Will it save enough in operation costs to pay the difference in purchase price?

The economist recommends that a person do a lot of pencil work before he buys. He needs to get professional advice on tax benefits and objectively analyze these benefits and the limitations of all the alternatives on paper.

Often, the correct decision becomes easily apparent when the facts are in black and white, he concludes.

Irrigation Timing Boosts Corn Yield

Because corn uses more water than most major crops grown in West Texas, precise irrigation practices play an important role in boosting yields, says an irrigation specialist.

Leon New, agricultural engineer with the Texas Agricultural Extension Service, explains that irrigations during high water use stages of plant growth contribute heavily to high corn yields. Only slight increases are obtained by watering during states when the plant's water use is less.

"It is important to keep the plant's seasonal water use pattern in mind when planning irrigations," New advises. "This can boost yields and at the same time cut pumping costs."

The engineer explains that water use is low during the plant's vegetative growth when the first five to six leaves are unfolding. It is best to have only moderate soil moisture to support plant growth at this time. Usually, he adds, preplant irrigation or early rainfall is adequate for this early stage.

Any irrigation normally contributes little to corn yields and tends to encourage shallow rooting and excessive vegetative growth. In fact, lush plants grown under high soil moisture levels

early in the season often require more water later and compete for moisture that is important in producing top corn yields.

The plant's water use increases rapidly after six to eight permanent leaves have appeared, he says. Plants are likely to be about knee-high but will grow four or five feet during the following five to six weeks.

A new Veterans Administration center specializing in treatment for amputees, opened recently at the Denver VA hospital, increased to 20 the number of these centers operating in the country.

The Chief of Medicine at the Veterans Administration hospital in Philadelphia, Pa., Dr. Truman G. Schnabel, Jr., was installed as President of the American College of Physicians at the 55th annual meeting of the 21,000 member organization.

Employees required to provide Veterans Administration services for the nation's veterans population climbed past 200,000 mark for the first time since 1949 when VA employment reached 200,305 in March 1974.

More Efficiency Needed

A study of water resources in Texas released to Governor Dolph Briscoe contends that approximately one million acre-feet of water could be saved each year with more efficient management of farm ponds and other small bodies of water throughout the state.

This volume of water is comparable to the amount of flow by the Colorado River into the Buchanan Reservoir in an average year. The water saving, which the analysis says would provide for the true water needs of the farmer, the stockman, and other Texas water users, could be enacted by making a single revision to one part of the Texas Water Code.

Titled "The Effects of Ponds and Small Reservoirs on the Water Resources of Texas," the study was prepared by the water committees of the Texas Society of Professional Engineers (TSPE) and the Texas Section of the American Society of Civil Engineers (ASCE). The presidents of those two professional associations presented the published findings to Governor Briscoe in ceremonies this afternoon at the Governor's Capitol Office.

The two organizations undertook the water study to update their water education program. This report compiles, for the first time, much new factual data on water availability, water use, water management, water needs presently and future water requirements.

Specific studies included in the analysis refer to the stock ponds and small reservoirs of 300 acre-feet or less in capacity not intended for recreational use. These small bodies of water are currently exempt from regulation under the construction and maintenance permit system administered by the Texas Water Rights

Commission.

Records and actual location situations from across the entire state which were utilized in the preparation of this water study led the engineers to conclude that the Texas Water Code should be revised to bring all ponds and reservoirs of 10 acre-feet or more under the Water Code guidelines.

TSPE President Samson, paraphrasing from the foreword of the published document, told Governor Briscoe as the report was presented, "Experience tells us that the next clear day in Texas may be the beginning of another major drought, while a bank of heavy clouds may bring a disastrous flood. Great progress has been made in the past 30 years toward preparing for both extremes. Much must still be done, however..."

"Better design of small farm ponds and better water economy considerations in their design could result in more water for the farmer and for all Texans," added ASCE President King. "Far too much of the ponded water that should be put to beneficial use simply escapes back into the atmosphere without performing any beneficial service."

The 34-page summary of findings, along with a brochure captioning the study, were turned over to the Governor with the suggestion that he may want to pass it along to his Water Resource Conservation and Development Task Force headed by Gen. James Rose, planning coordination director for the Governor.

The conclusions of the 46-man engineering task force which put the study together are that the lack of effective regulation in this area is causing undue and unnecessary water loss and waste of this limited resource. They say that optimum use will not be achieved without modification of the Texas water laws.

The engineers propose a redefinition of Section 5.140 of the Texas Water Code. This Water Code revision would

require that all man-made ponds or small reservoirs proposed to be of 10 acre-feet in capacity or larger be issued a permit by the Texas Water Rights Commission prior to construction. A similar permit definition has been in use for many years in the state of New Mexico. Officials there credit the measure with much success in their water conservation efforts.

Texas Crop Sold As Salty Snack

AUSTIN--C.R.-UN-C.H. That may be the sound of a Texas potato.

According to Agriculture Commissioner John C. White, about half the 2,000 acres of spring potatoes from the Rio Grande Valley and nearly a third of the 18,000-acre summer crop on the High Plains end up as potato chips.

The rest are sold on the fresh market.

White said manufacturers look for potatoes that are low in sugar and high in starch to produce crisp, golden chips. In Texas these include the round, white Kenebec, the Monona and Norchip varieties.

The Agricultural Research Service of the U.S. Department of Agriculture has appointed two research scientists to a multidiscipline Federal-State research team working on hard red winter wheat at Oklahoma State University.

The scientists are Dr. Francis J. Gough, a small grain pathologist who is expert in the area of wheat diseases, and Dr. Owen W. Merkle, expert wheat breeder who will conduct research in the area of wheat varietal improvement for the hard red winter wheat growing areas of Oklahoma, Kansas, Texas, New Mexico and Colorado. They will join the research team August 1.

The multidiscipline research team of Federal and State scientists will then consist of scientists who are experts in cytogenetics, entomology, pathology, wheat breeding and quality.

Assignment of these two additional scientists to the team will permit the Agricultural Research Service and the State Agricultural Experiment Stations to broaden the basic germplasm base to reduce the genetic vulnerability of this important crop.

BISHOP, CALIF.--The United States Forest Service has been forced to limit public access to Mount Whitney.

Lubbock RTO Host Farm Forum

Farm implement dealers and others interested in the business of farm power and equipment will get a chance to exchange ideas and concerns during their second annual business

management workshop June 25 in Lubbock.

Site of the one-day meeting is the Plains Co-Op Oil Mill.

County Extension Agents in the South Plains Development program area are co-sponsors with Texas Agricultural Extension Service and Texas A&M University.

According to Billy C. Gunter, district agent with the Extension service in Lubbock, and Roy Childers, area Extension engineer, the event will kick off following registration at 9:45 a.m. The keynote topic, "Keeping Up With the Times," will be presented by Kenneth Cox, president of the National Farm Power and Equipment Association.

Everett L. Williams, dean of the School of Vocational Arts at Amarillo College, will talk about using trained people in the trade shops, and Wayland

Taylor, owner of Wayland Taylor, Inc. in O'Donnell, will discuss details of how his shop operates. A question and answer session will wrap up the morning agenda.

That afternoon at 1 p.m., Sentry Insurance Co. representative Norman Gentle of Dallas is slated to discuss OSHA regulations, and Joe McBride of J.I. Case Co. in Lubbock will follow with ideas on money management.

Ken Wolf, economist with the Texas Agricultural Extension Service at College Station, will share key thoughts on personnel management. Another question and answer session will follow.

Summing up the day's presentations will be Dale Elms of Elm's Equipment Co. in Lubbock.

Lubbock County Extension Agent Paul Gross will chair the morning program, with the afternoon session chaired by John Taylor of Taylor Implement in Big Spring.

Plains Co-Op Oil is at 2901 Avenue A. The public is invited.

Missouri Beef Lists Income

For the six months ended April 27, 1974, Missouri Beef Packers, Inc. earned a net income of \$3,197,387 on total revenue of \$284,063,144. The 1974 per share income of \$2.78 can be compared with per share earnings of \$1.18 in the six months ended April 28, 1973.

Missouri Beef Packers, Inc. has announced that it is conducting merger discussions with Kansas Beef Industries.

TEXAS DEPARTMENT OF AGRICULTURE

Eggs Excellent Buy While Prices Down

AUSTIN—Eggs, the most nearly perfect source of protein, are an excellent buy currently and should remain so for at least a month, reports Agriculture Commissioner John C. White.

Large eggs were selling recently for 51-53 cents a dozen on the wholesale market and in some cities retail prices for smaller eggs had dipped as low as 39 cents a dozen.

The wholesale price was a drop of 30 cents a dozen since January when large Grade A eggs were selling for 80 cents a dozen.

White said plentiful supplies and low consumer demand, occurring annually after Easter, have combined to bring about the price drop.

"Traditionally prices

drop between January and June when supplies increase," White said. "They will start to rise again in July when laying drops off because of the hot weather."

According to the U.S. Department of Agriculture, egg production is expected to remain higher this year than last. The laying flock was down two percent in early 1974, but the rate of lay was up one percent. An increase number of younger birds in the flock was expected to hold the rate of lay above 1973.

Egg prices in 1973 averaged the highest in many years, White said, but the drop since January has been continuous. Though prices will increase seasonally in the summer and fall, they will average

moderately below July-December 1973.

Texas Department of Agriculture home economists suggest buying eggs now while prices are low and freezing them for use during summer and fall. To freeze eggs, separate the whites and yolks. Place whites in a tightly sealed jar. Cover yolks in water and seal in another jar. Pour off the water before using the yolks. Frozen eggs can be kept up to a year.

The Veterans Administration reported recently that California, with 3.2 million veterans, leads the nation in veteran population, followed by New York, Pennsylvania, Illinois and Texas.

VA Provides Information

EDITOR'S NOTE: Veterans and their families are asking thousands of questions concerning the benefits their Government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.

Q—I'm eligible for educational assistance from the Veterans Administration. Will the agency pay me while I attend any school of my choice, or pursue any course?

A—Yes, provided the course or program is not barred by law, leads to a recognized educational, professional or vocational objective, and the school is approved by a state approving agency.

Q—Will the Veterans Administration pay the \$150 plot allowance in addition to the \$800 allowance for funeral expenses of veterans who die of service-connected causes, but are buried in private cemeteries?

A—No. The \$800 allowance is for all funeral costs, including a burial plot. If death occurs in a VA facility, however, an additional amount is authorized to transport the deceased to place of burial.

Q—I was honorably discharged last month after three years of military duty, and am thinking of applying for a GI home loan from the Veterans Administration. What are some of its advantages?

A—Because VA guarantees 80 percent of loans - up to maximum \$12,500 - down-payments are either small or not required and there usually is a long repayment period with no penalty for early repayment. Also, VA appraises the house to determine reasonable value.

A Distinguished Professor of Medicine at the University of Oklahoma College of Medicine and senior physician at the Oklahoma City Veterans Administration Hospital, Dr. Solomon Paper, was named recently as a VA Distinguished Physician.

'Hot Haulers' Exploit Moving

By JOHN L. HILL
Attorney General

Many people who plan to move do so in the summer. If you're one of those who will be packing up and heading for new territory soon, be sure to select a reliable moving company to transport your belongings.

Because whether it's a cut-glass punch bowl or a well-used tricycle, your household goods probably would be hard to replace.

Attorneys in our Consumer Protection Division warn that some "hot haulers," or illegal moving companies, are in operation and that dealing with them could result in some problems.

FOR ONE THING, many of the illegal movers cannot or do not offer proper insurance for your goods.

For another thing, consumers who unwittingly deal with a bootleg moving company could possibly be liable for prosecution under the Motor Carrier Act, enforced by the Texas Department of Public Safety.

There are three classes of moving companies: (1) unregulated ones that can move goods from their base city to another; (2) companies licensed by the Texas Railroad Commission to move goods anywhere within the State; and (3) companies licensed by the Interstate Commerce Commission to move goods between states.

Spokesmen for the Railroad Commission say that many interstate movers have Texas representatives who are also

licensed as intrastate movers themselves.

IF YOU PLAN to move from Wichita Falls to El Paso, for example, you will need a company licensed by the Railroad Commission as an intrastate carrier. Picking a company from the telephone book, as many people do, is no guarantee that you'll get a properly licensed mover.

The best way is to check with the Railroad Commission to see if the movers you are interested in are listed as certified companies or as designated agents for such companies.

In order for a company to be certified, it must prove to the Railroad Commission that it has adequate insurance, a permit can be granted by the Railroad Commission.

Specialized carriers holding certificates or permits for the transportation of household

goods must adhere to certain requirements.

IF A MOVER says offhandedly, "I'll move you to Dallas for \$300," beware. He's not a licensed mover. If he were, he would have to take a look at your goods, give you a written estimate of the moving cost, weigh his truck both before and after loading your goods, and check the weight against a fixed tariff rate to determine the actual cost.

He would also have to notify you if the cost exceeded the original estimate by 10 per cent or \$25.00, whichever is greater. And, in addition, he would have to inventory all of your belongings and give you a copy of the inventory.

Certified intrastate moving companies must also be bonded, carry insurance, pay a licensing fee, and pay transportation taxes. Individuals employing such movers can also take out

additional insurance on their goods, if desired.

If you want to lease a truck and move your own goods, be sure you choose a reputable company for that, too. There are statutes that prohibit the leasing of a truck by one individual to another for a move if requirements regarding such things as proper insurance have not been met.

Any questions about regulations involving a moving company can be answered by the Railroad Commission, the Department of Public Safety, or the Attorney General's Transportation Division. For assistance with other consumer problems, call our Consumer Protection Division, your district or county attorney, or your local Better Business Bureau.

People who now find themselves paying higher prices for beef and pork don't seem to remember, or never heard, that as recently as 1971 the farmer received only 18.4 cents a pound for live hogs.

RECIPE

By Sarah Anne Sheridan

Need a suggestion to boost lagging appetites? Sometimes a tasty bread adds zest to a meal. A green vegetable and a simple meat to compliment Jalapeno Corn Bread is met with delight by my family.

Jalapeno Corn Bread

- 3 c corn meal mix
- 3 T sugar
- 3 beaten eggs
- ½ c chopped jalapeno peppers
- 1 large onion, grated
- 1 c whole kernel or cream style corn
- ½ c vegetable oil
- 1 (8 oz) pkg. grated cheese
- 2½ c milk

Preheat oven to 375 degrees (glass pan 350 degrees). Slightly grease 9 x 12 inch pan. Mix all ingredients thoroughly. Pour into greased pan and cook for 30-35 minutes, or until done. Serve hot.

Letter to the Editor

Dear Editor: Having been a former Deaf Smith County resident I followed with interest the recent "changing of the guard" in the County Judge's race. I use the "guard" phrase because that is exactly what it was.

For over a decade Judge Williams has run an efficient and honest office that has been a credit to Deaf Smith County and to the state.

A Judge's function is not to "please everyone" because by virtue of his decision-making power that is impossible. All he can hope to do is call the shots as he sees them in a fair and impartial manner. Judge Williams did that without fear or favor and leaves a record he, his family, his friends and the county can be proud of.

Mr. Sam Morgan will be a good "guard" of the public's interest. He is a fine man with a dedication as great as Judge Williams'.

The beauty about this election

was that the residents of Deaf Smith County couldn't lose they had their choice of two fine men. To Judge Williams, I say "a job well done." To Mr. Morgan, I wish for him a record of service in length and in accomplishments equal to his predecessor.

Very truly yours,
Jimmy D. Ivy

Where is the greatest danger from lightning in a thunderstorm? Do most discharges of lightning strike the ground?

The summer thunderstorm, the greatest producer of lightning, features maximum lightning danger in its later stages, not as the low, dark leading-edge squall passes above.

It's after the dark leading edge passes overhead, and after the rain is at least half finished, that maximum lightning danger occurs. It's still a danger after the rain has ended and the thunderhead has apparently passed on.

The leading squall line overhang of a thunderhead is sometimes a producer of lightning so it cannot be ignored. It does constitute a danger and precautions are in order. But maximum danger comes later, during the last of the rain and for a time thereafter.

Interestingly, most lightning discharges do not strike the ground, but strike oppositely charged cloud areas.

Poultry Good Market Buy

Poultry is a key word now in economical food buying, one authority says.

She's Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Fryer production is three per cent larger than last year, and bargains appear on whole birds, cut-ups and select pieces," the specialist reported. "Turkey and turkey parts with attractive price tags are feature items in many markets."

Fresh fruit and vegetables in good supply include cabbage, carrots, corn, collards, mustard greens, dry yellow onions, soft shell squash, radishes and green onions, Mrs. Clyatt said. "During this 'between seasons' period for fruit, peaches are priced high, and much of the fruit has not sized well. Cantaloupe and watermelon prices are dropping as supplies increase.

Turning to pork, the specialist said best values are shoulder roasts and steaks, smoked hams and picnics, end-cut loin roasts and steaks.

Beef values are chuck roasts and steaks, ground beef, round steaks and roasts.

CONSUMER WATCH-WORD: Milk production is at its seasonal peak now. Watch for specials on dairy products during June, Dairy Month.

Mrs. Gerald Nunley
... with musical cat

Let's Cook

Landscaping Is Project Of Gerald Nunleys

BY SANDY INMAN
Brand Staff Writer

DEMANDS on any housewife are great but they are doubled when she works outside of the home. Besides working as a multiple listing secretary at Coker Realtors, Mary Ann Nunley keeps a home for her husband, Gerald, two pomeranians and a cat.

She is an active member of Young Homemakers of Texas and she and her husband are members of First Baptist Church.

The Nunleys moved into their home at 223 Star over a year and a half ago and have been busy decorating and landscaping.

THE COUPLE have painted and paneled their six room house and are currently in the process of building a three-foot walk around their spacious backyard.

"We estimated the landscaping plan to run about \$80 with Gerald and I doing most of the work ourselves. Somehow it has snowballed and it has cost us considerably more than our original estimation," says Mary Ann.

Before the 20 tons of gravel could be shoveled into the walk way, the Nunleys had to place railroad ties around the walk and then lay down sheets of plastic to kill the grass.

THEY ARE making a picnic table from large wooden spools and plan to plant flowers to be used as a border around the back of the house.

A treasured piece of furniture the Nunleys have is an electrified player-piano. "My husband's father gave us the piano and Gerald refinished it and wired it for electricity", says Mary Ann.

The remainder of the livingroom is furnished with Spanish-style furniture as is the dining area and the master bedroom.

The pretty brunette's hobbies include sewing, playing the organ and cooking. A favorite dessert of the family is

Chocolate Fudge Cake.

CHOCOLATE FUDGE CAKE

Sift together:
2 cups flour
2 cups sugar
mix in pan:
2 sticks oleo
2 Tbs. cocoa
1 cup water
Bring to rapid boil. Pour over flour and sugar and stir until well mixed.

Add:
1/2 cup buttermilk
2 eggs, slightly beaten
1 tsp. soda
1 tsp. vanilla
1 tsp. cinnamon
Mix well and bake 20 minutes in a 400 degree oven.

CHOCOLATE ICING
Melt together and bring to boil:
1 stick oleo
4 Tbs. cocoa
6 Tbs. milk
Remove from heat and add:
1 box powdered sugar
1 tsp. vanilla
1 cup nuts
Beat well and spread over cake while still warm.

First Card Player—"We'd better stop the game now; we're even."

Second Card Player—"Even! How do you make that out?"

First Player—"Why, you had all my money a little while ago and now I've got yours!"

Campfire Girl Swimming Meet Scheduled June 22

A swimming meet for Hereford Campfire Girls of all ages is scheduled for the evening of June 22 at the municipal pool, and girls who wish to participate are to register at the pool between 10:30 and 11:30 a.m. Monday.

This will be the second annual meet for the Campfire Girls. It is open to any registered Bluebird or Campfire Girl and she need not be able to swim. There will be several contest events at the pool for non-swimmers. Mrs. Charles Springer, meet director, announced.

Practice sessions will be held through next week, beginning during the registration hour. Girls who come to register are asked to wear their bathing suits.

A variety of water contests will be conducted for girls of different age groups and different levels of swimming ability.

Mrs. Springer is being

assisted by a committee comprising Mmes. Arthur Clark, State Norvell and John Gilliland, and by other leaders of Bluebird and Campfire groups.

Lesley Makes Honor Roll

Thomas L. Lesley, whose hometown is Hereford, was graduated recently from Western State College of Colorado in Gunnison.

Lesley, a graduate of Wentworth High School in Lexington, Mo., was named to the Dean's Honor Roll for the spring quarter. To qualify for the honor, the history major had to achieve a 3.7 or better on a four point system for 12 or more undergraduate credit hours. This ranks him among the top seven per cent of the 2,818 students enrolled at WSC during the last quarter.

Always Right

An executive is a man who can make a decision and stick to it—no matter how wrong he is.

Jewelry Gifts Last For Dad

COWAN JEWELERS

DOWNTOWN

Small Talk

By SUE COLEMAN
Women's Editor

IN HER glamorous career as Miss Hereford of 1974, Susie Hickman is getting her share of the spice of life. Besides traveling around to several other cities where contestants for the Miss Texas pageant were being chosen, getting her wardrobe collected for her own state pageant appearances and practicing for her talent number, she is considerably in demand here in Hereford.

Last weekend, for instance, she sang such different events as a friend's wedding and the Region IX National AAU Junior Olympic Boxing Tournament at the Bull Barn. On the 25th she and Miss Teenage Hereford, Monica Herring, will both be special guests at the Chamber of Commerce's quarterly membership dinner.

Like the Miss Herefords who had the title in past years, she says she is certainly enjoying the whirl that will take her to Fort Worth the week of July 7 and the Miss Texas pageant that will climax that week.

GUESTS of the Robert L. Thompkins this week are their daughter, Mrs. Donald Smithson, and her family from

Trenton. The Smithsons have two daughters, Donna and Lori. Mrs. Smithson is the former Lynn Thompson, who grew up here and has many friends in Hereford.

All the Thompkins and Smithsons went last weekend to the Womble family reunion near Taos, N.M.

WE THINK we have a plentiful supply of June weddings this year, but not compared with some places. Steve Nieman was visiting up at the Air Force Academy at Colorado Springs recently and was told that 78 weddings were scheduled in three days at the chapel there — immediately after graduation day.

IT'S NOT just Methodists who are invited to the Herschel Thurston's Golden Wedding reception Sunday afternoon. They want all their friends to know. Although the party will be in the fellowship hall of the church where he was pastor for a long time, it is certainly not limited to members of that church.

A NEWS release from the

University of Texas Medical Branch at Galveston lists Phillip Cain of Hereford as one of the 34 members of the 1974 class who were graduated with honors.

There were 190 medical degrees awarded in the commencement ceremony June 2. Cain's parents, Morgan and B.F. Cain were in the audience for the graduation.

ANOTHER graduate in the medical field from UT, this one from the main university at Austin, was Jane Witkowski Geppert of Hereford. She received the bachelor of science degree in nursing. Jane is the daughter of the Leo Witkowskis, 215 Texas.

A Milestone

The most important step in the average father's life is his first baby's first.

Golden Wedding Party Scheduled For Thurston's

The Rev. and Mrs. Herschel L. Thurston will be honored with a reception Sunday afternoon, in celebration of their Golden Wedding anniversary. Friends are invited to the fellowship hall of First United Methodist Church from 2 to 5 p.m., when children and grandchildren of the couple will be hosts.

Hazel Lovelace and Rev. Thurston were married June 18, 1924, in the farm home of her parents, the T.E. Lovelaces, near Farwell. She was a recent high school graduate and he had completed study at old Clarendon Junior College and

been assigned as Methodist pastor at Elda, N.M.

The young minister served churches in the New Mexico Methodist Conference five years, then transferred to the Northwest Texas Conference so he could attend McMurry College at Abilene. His 40 years as pastor in Northwest Texas included seven years in First Church here.

The Thurston's went from Hereford to Floydada in 1966 and after his pastorate there he retired and they lived a few years in Ute Park, N.M. In the meantime they bought the old

church parsonage at 429 Miles where they had lived here, and in 1971 moved back to it.

Before coming to Hereford they lived at various places where he was pastor, including Friona, Canyon and Dalhart in this area.

The family includes two daughters and a son. Ann is now Mrs. R.P. Williams of Plano and has two children, Cindy and Steve. Norma is Mrs. Dan Ellis of Fort Worth and her children are Roxie, Patti and Ginger. The Bob Thurston and their sons, Phil, Richard and Barton, live at Denver City.

Library Still Closed

Please don't return those library books — yet! County library patrons are bringing books to the new building daily. Librarian Gwen London says, fearing fines if they are kept overtime. But the library is not open yet and the staff is busy getting everything in place after the move of books and furnishings from the former location in the courthouse.

No fines will be assessed on books held during the closed time, Mrs. London emphasizes, and equipment is not set up now for checking books in or out.

As soon as a date for opening the new facility is set, it will be announced through The Brand and radio station KPAN in plenty of time for books to be returned without fines. Dedication of the new building is scheduled for July 4 but the staff hopes it can be open for regular library services before that date.

Except for Ginger Ellis, employed in a camp in Colorado this summer, they are all expected, with their husbands and wives, to be here and act as reception hosts Sunday.

Also expected are Mrs. Thurston's sisters and brothers, Mrs. Mary Bilbrey of Albuquerque, Mrs. H.C. Hamilton of Lubbock, Mrs. Lavern Norris of Clovis, W.E. Lovelace of Vernon, Arlen of Tesque, N.M., Charlie, Woodrow and John of Farwell, and Rev. Thurston's sister and brother, Mrs. Bryan Hall of Sacramento, N.M., and Dr. O.W. Thurston of San Antonio.

Spring Scholars Listed

The following roster was issued by the National Honor Society at Hereford High School. This honor roll is a list of those students ranking in the top percentages of their classes during the last spring semester.

SENIOR 5.0 HONOR ROLL
 Sylvia Betzen, Carmela Burges, Lupe Castillo, Wesley Eades, Sherry Faubion, Eugenia Fish, Charlotte Fisher, Paul Galley, Paula Grady, Chip Guseman, Shelley Hacker, James Higgins, Lorraina Hudson, Vickie Kelley, Cathy Koelzer, Lee Line, Steve Loerwald, Jose Marquez, Vicki Mills, Donna Munnerlyn.
 Ginger Newton, Sharon Owens, Gerald Payne, Barry Roberts, Jess Robinson, Paul Rudd, Margaret Schilling, Judith Scott, Gerald Shipley, Johnny Smith, John Stoy, Denise Strange, Nelda Valdez, Dan VanderZee, Donna Walterscheid, Sharon Watson, Rhea Ann Wesson, Chris White, Kim Wilson, Layne Young.

JUNIOR 5.0 HONOR ROLL
 Barry Allen, James Arney, Robert Barber, Dan Beavers, Linda Betzen, Lynette Clearman, Danny Collins, Kevin Compton, D'Lyn Davison, Regina Fetsch, Stanley Fry, Joel Fuhrmann, Jim Goheen, Sue Ann Hamlett, Elizabeth Hawley, Beverly Hewitt, Kent Hollingsworth, Joyce Jesko, Deborah Klechak, Gary Landers.
 Debra Lindsey, Kathy Manning, Nancy McDonnell, Christie Ottesen, Cynthia Parten, Vicki Payne, Julie Reinart, Sue Roberts, Cynthia Rutherford, Janette Schlabs, Leese Sledge, Shyla Thomas, Laura Thompson, Evelyn Urbanczyk, Deborah Walterscheid, Lynn Wiley, Jay Williams, Denise Wosnitzky, Laurie Young.

SOPHOMORE 5.0 HONOR ROLL
 Dolores Abalos, Cheryl Arney, Betty Banks, Jean Barber, Marilyn Bradley, David Charast, Amy Cox, Jane Ellis, Debra Feagley, Michael Foster, Elaine Frische, Terry Hetzel, Robert Hicks, Giles Inmon, Steven Jones, Joan Josserand.

Luanne Kindsfather, Alice Kuper, Tamara Lawson, Debra Looper, Lisa Lyles, Renee Payne, Beverly Phillips, Michael Pittard, Patti Robbins, Wesley Strain, Rhonda Thompson, Joan Tiemann, Rose Warren, Jo Williams, William Word, Kim Young, Ann Zetzsche.

SENIOR HONOR ROLL - 4.0
 Kenneth Adams, Francisco Aguirre, Mike Aven, Nancy Barrett, Earl Behrends, Kathi Bell, Barbara Bentley, Linda Blackwell, Kay Blasingame, Fred Boren, Melinda Bradley, Marshall Breeding, Barbara Brown, Brenda Burdine, Brian Clark, Cindy Coleman, Tom Conaway, Deborah Connelly, Ricky Cook, David Crume, Sandy Cumings, Sheryl Deyke, Glenda Dodson, Lorna Douglass.

Yvonne Duggan, Stephanie Fortenberry, Sofia Foster, Elbert Fuentes, Americo Gomez, Karen Gresham, Nancy Griego, Gayle Gripp, Cynthia Hairgrove, Deborah Hale, Richard Harmon, Taffy Herr, Randy Hoelscher, Greg Holman, Shari Hughes, David Hutchins, Mary Ann Jesko, Ronald Johnson, Linda Keyes, Brenda King, Tena Kirkpatrick, Wendy Kirkpatrick, Debra Last, Lynn Lauderback.

Ray Lee, Teresa Leon, Pablo Liscano, David Loerwald, Rebecca London, Lilli Lyons, Marcos Marquez, LaJuana Matchett, Bridget Mazurek, Ramona McGilvary, David McKibben, Karen McPherson, Simons Mendoza, Brenda Nahrang, Dennis Noggler, Rodney O'Rand, Jean Paetzold, Libbie Parten, Darla Payne, Sara Pesina, Ricky Poarch, Joe Priddy, David Readhimer, Mary Jean Reinart, David Renfro.

Gerald Robbins, Lisa Rudder, Adelaida Ruiz, Wayne Schumacher, Marilyn Schmucker, Renee Self, Sue Smith, Debra Sorrells, Babette Stengel, Gary Thames, Mike Tucker, Charley Valdez, Grace Vasek, Kathryn Vogel, Edgar Warren, Susan Wartes, Teresa Waters, Diana Watkins, Danny West, Randall Williams, Beverly Willis, Andrew Wingert, Charlene

Wright, Garry Yosten, David Zinser.

JUNIOR 4.0 HONOR ROLL
 Elizabeth Aleman, Paul Anderson, Karen Anstey, David Artho, Roger Bradley, Albert Cardenas, Olivia Cardenas, Cathy Carrothers, Rebecca Claudio, Sharon Dearing, Melinda Dewbre, Rose Mary Dupnik, Lesley Euler, Katherine Fesmire, David Fish, Gary Friemel, Terri Greenwood, Melissa Henry, Reginald Herr, Monica Herring.

Debbie Hoover, Marty Jeffrey, Debra Jennings, Twanaha Kendrick, Pamela Kerr, Carry King, Gregory Koenig, Kelly Lea, Robert Lomas, William Lyman, Kevin Malone, Gloria Mays, Charles Martinez, Susan McCullar, Dee Miller, Glenda Morse, Darrell Murphey, Becky Oglesby, Isabel Pena, Jerry Reyna.

Barbara Richardson, Amy Roberson, Janie Rodriguez, Leesa Rose, Sammy Sanchez, Linda Satterfield, Thomas Schlabs, Patricia Scoggins, Sina Sims, Gregory Skypala, Cynthia Smart, Gayla Sossaman, Irma Suarez, Tomas Talamantez, Debra Tiemann, Diane Tiemann, Audrey Tohm, Frank Torres, Dwayne Waters, Gaye Wesson, Peter Witt.

SOPHOMORE 4.0 HONOR ROLL
 Elaine Albracht, Andi Askew, Mary Bartels, Beverly Beene, Bob Behrends, Theresa Betzen, Henry Chavez, Michael Crim, Alice Cuellar, Mary DeLaCruz, Lynda Dones, Brian Eades, David Emerson, Dennis Evans, Patsy Fisher, Davis Ford, Pablo Gaitan, Barbara Garcia, Susan Grimsley, Pete Hale, James Hamby, Jimmy Hammock, Robert Hardin, Jane Hoffman, Michael Hull, Gerald Johnson, Debra Jones, Stephen Jones, Ellen Jurde, Donna Kendall, Sandra Klueskens, Wilma Knight, David Kreis, Anastasio Madrid, Luiz Marquez, William Martin, Melinda Matthews, Dianna McCarley, Rachel McGilvary, Janet McWhorter, Andrea Mendez, Martha Mendiaz, Debbie Moore, Vickie Munnerlyn, Roy

Guest From Germany

Weekend visitors in the G.E. Brashear home, 143 Juniper, were Mrs. Brashear's sister and her husband, Mr. and Mrs. Eulis Stapp of Oklahoma City, with a house guest, Mrs. Gretel Schickedans of Offenbach, near Frankfurt, Germany, whom Mrs. Stapp met on a visit there last year. Mrs. Brashear and Mrs. Stapp, natives of Germany, have a number of relatives in the Frankfurt area and the latter's son is stationed in nearby Friedberg in U.S. Army service. Mrs. Schickedans is seated left with Mrs. Brashear in the front-porch group, with the Stapps and Brashear standing.

Newton. Russell Odom, Mario Reyna, Rosemary Reyna, Teresa Rhoton, Sara Ricketts, Olga Rios, Rocky Rodriguez, Rosa Rodriguez, Gerald Schumacher, Debra Scroggins, Gene Ann Shipley, Deborah Smith, William Spain, Jill Stephan, Roy Stotts, Wallace Stotts, Donna Stroup, Michael Turner, Delphine Ulibarri, Dirk VanderZee, Carole Vogel, Cathy Walker, Ronda Whitner, Ramon Zamora.

Enrolment And Questions On Yoga Class Invited

Inquiries about yoga by persons who wish more information before they enroll for a class, will be answered by

the instructor in the Summer Youth Program here, and at the same time registration will be conducted at 11 a.m. Friday in Community Center.

likely, to be injured, and concentration is the key to superior play. Good health and mental clarity and benefits available to any student or adult, the instructor says in inviting questions from interested residents.

Bridge Canceled For Tournament

The regular session of duplicate bridge, scheduled for Friday at 309 Western, has been canceled due to the Top of Texas Regional Bridge Tournament in Amarillo.

The tournament, which begins today at the Villa Inn, Interstate 40 and Grand, has slated two session pair events Thursday through Saturday with team contests Sunday.

According to Ed Schroeter, local bridge host, tournament play will follow this schedule: non-mixed pairs today at 1:30 and 7:30 p.m.; two session open pairs Friday at 1:30 and 7:30 p.m.; two session master pairs at 1:30 and 7:30 Swiss team at 12 noon and 5:30 p.m. Sunday. Duplicate bridge will resume its regular schedule next Friday.

Stephen Clark of Amarillo, who will conduct separate classes for adults and youth, will be here to answer questions about the course and about yoga in general, as well as to register those who have already decided to enroll.

An Amarillo resident who teaches in that city, at West Texas State University and at the Jeanette Caviness School of Dance here, Clark has studied and practiced yoga five years.

He explains that its aims are to develop bodily relaxation and mental concentration, and says the practice of yoga is helpful to an athlete since coaches agree that the relaxed player is less

Information about present plans for the classes may be obtained at Community Center, headquarters for the Summer Youth Program.

This phase of the program is an addition to the general program which is open only to youth of school age, since it includes adults also. Classes are planned at First United Methodist Church and a small fee will be charged.

The exact schedule of classes, time and place, will be decided after registration, to suit the convenience of as many enrollees as possible.

GED Tests To Be Offered Again

Due to local requests, General Equivalency Diploma (GED) tests will be offered in a special summer session Monday and Tuesday mornings at 8:30 a.m. in the board room of the Administration Building. The GED is offered for persons wishing to obtain a certificate of high school equivalency. Testing fee is \$10.

It is no small art to sleep; to achieve it one must keep awake all day.

daddy

... is big, and strong and gentle in heart. And it is natural that it just happens that way. As we know most giants are gentle and most kings are strong. Maybe its because all life lives on belief. On this day it is belief in our daddy that we celebrate. This is his day.

Then let us all pay honor to him.

Belief in God gentles the soul and generates power to believe in everything good. Belief in America, in our constitution, our community, our town, our church and our home ... that's daddy. *He even believes in his enemies and that will make a giant out of any daddy.*

Belief breeds a sort of goodness in these daddys that we can't well do without.

It smashes small thoughts and quickly turns them into big deeds. Yes, *there's a giant in the heart of every daddy* just waiting the chance to be very gentle and very kind.

The best place to see and feel this forward force, will be at your place of worship this week. *It is Daddys Day. Honor him.*

Unique Dog Show Planned

The United Sheriff's Posse and Riding Club of Range II is sponsoring their first annual Non-Pedigree Dog Show Saturday, July 13.

The show will be held in Dameron Park beginning at 2 p.m., with the Final Grand Entry Awards being presented after the individual class judging has ended.

Dogs will be divided into groups, and will compete with dogs similar in conformation. Each entry will be judged on a 1-10 point scale in four categories. Points will be awarded for grooming and healthy appearance, general behavior, and friendliness. Each group will be awarded ribbons for first, second and third places.

Grand entry awards will include most original breed, best of show and most lovable pet.

All dog handlers must be 14 years or under in the event. Dogs cannot be AKC registered. All dogs must be on a leash. All dogs must be vaccinated against the disease of rabies, and owners must be able to provide proof of vaccination, valid for the year. All contestants must have their entry forms, parental consent and entry fee turned in to show officials by July 3.

For more information, contact Pat Winkler, 211 James, 364-5725, Box 13, or Nelda Smith on North Ave K, or Gail Richardson at 258-5858.

Rebekahs Announce Officers

Edna Mathes was chosen noble grand and Faye Brownlow was elected vice grand by members of Rebekah Lodge Tuesday evening in IOOF Hall. Mrs. Mathes advanced from the office of vice grand, in which she has served the past term. After a brief business meeting presided over by Mrs. R.E. Curtsinger, noble grand, Odd Fellows Lodge members assisted with a memorial service.

The Odd Fellows were hosts to 36 members and served homemade ice cream and cake.

The long sleep of death cures our scars and the short sleep of life our wounds.

Jean Paul Richter.

Honor Day On Fathers Day
COWAN JEWELERS
DOWNTOWN

City's Beauty Spots

Chosen as beauty spots of the past month for designation by the beautification committee of the Chamber of Commerce Women's Division, these two places will hold the official markers through June. The residence of Mrs. Guadalupe Suarez, a neat white house at 104 Bradley, was cited for its clipped green lawn bordered with blooming roses and other flowers, top photo. The non-residential beauty spot is the Seventh Day Adventist Church on Harrison Highway which has red roses in this bed and also across the back of the building.

Newcomers Entertained

Moving outdoors for the June meeting; Hereford Newcomers Club had its annual picnic lunch Tuesday in Dameron Park, for members and their children. The group met in the morning for visiting and games before lunch.

Introduced as guests were Mrs. Donnell Krueger and Mrs. Kellie McCormick. A report was given on a recent birthday party for

workers at the Mental Health Mental Retardation Center, with Mrs. Dean Baxter and Mrs. Earl Looper as hostesses. The club members in turn play hostess for these parties at the Center, which the Newcomers have assisted in other ways also.

John Gilliland presented an amusing magic show at the birthday party, and refreshments were served to workers

and staff.

Non-essentials take up too much time in life but why be different from those about you? *

Don't expect everyone to agree with you; variety of opinion is what makes the world interesting.

In Wonderful West Texas

Entertainment Abounds In East

Abundant family entertainment for Texas stretches down the center of the state, an easy ride from the Fort Worth-Arlington complex to Austin and the Hill Country.

The distance from Tarrant County to the state capital: 193 miles. Some cars can drive it on a tank of gasoline, observing today's 55 mph speed limit.

It's not only a sound vacation idea, says J. Fike Godfrey of the West Texas Chamber of Commerce, but it's a fuel-saver that aids the Texas tourist industry.

The West Texas Chamber serves this area from its Abilene office, said Godfrey, WTCC executive vice president.

Gov. Dolph Briscoe notes that more than 600,000 Texans are employed in the state's \$2.2 billion tourist business.

The area to the north, from Gainesville near the Red River to Jacksboro, features the old Butterfield Trail Route. And a train for vacationers, the Firefly, crosses the sometimes rugged terrain between Bridgeport and Fort Richardson at Jacksboro.

The Fort Worth area has Six Flags Over Texas, in its 13th season; Seven Seas, in its third; Lion Country Safari, Texas Rangers baseball, and the newest sight worth seeing: the Dallas-Fort Worth Regional Airport, the world's largest.

Arts enrich Fort Worth through the Amon G. Carter Museum of Western Art, Kimbell Art Museum and the Fort Worth Art Museum. For theater there's Casa Manna.

Eighty-seven miles south along Interstate 35 is Waco and Fort Fisher, home of Company F of the Texas Rangers. The fort is a replica of one established in 1837 and is the site of the Homer Garrison Memorial Texas Ranger Museum.

Austin, 106 miles farther, can be explored for its own beauty

or serve as a jump-off for the Hill Country or the Highland Lakes, both to the west.

Scenery comes in many forms in Austin, much of it historical: the 46-acre capital grounds; French Legation, built in 1841; the home of writer "O. Henry," a resident from 1885-95; and the newest and most popular attraction, the Lyndon B. Johnson Library.

The LBJ Ranch and National Historic Site is just over an hour's drive west of Austin, near Stonewall. Horse-drawn

vehicles are used for visitors.

Hill Country memories last longer after detours through the small towns, some of them German in origin, with their reputations for tasty, solid food.

This 200-mile, eastern fringe of West Texas is included in a new map published by the WTCC, the Wonderful West Texas Fun and Adventure Map. It and more than 200 brochures on individual cities of West Texas are available from: West Texas Chamber of Commerce, Box 1561, Abilene 79604.

MIKE GURLEY

Young Evangelist

A young evangelistic team the "Fish Net," will be hereford June 16-21. This team will be leading a revival at the Temple Baptist Church.

Three college-age young people make up the team that will be visiting Hereford. The preacher during the week will be Mike Gurley. Mike is a sophomore sociology major at San Jacinto Jr. College.

Jesse Outlaw will be directing the music throughout the week. He is a Junior art major at the University of Houston. He is a comedian, enjoys photography, and sports.

Betty Butler will be serving as pianist and soloist. She is a freshman at Trinity College in San Antonio.

The entire "Fish Net" team is made up of fourteen young men and three young coeds. They are from Park Place Baptist Church, Houston, Texas. The team was established in March, 1970 and had 1 1/2 years of intensive training before beginning revival and evangelistic work. They have had three years of revival experience and 89 different revival emphases.

The youth of Temple Baptist Church invites everyone to attend this Youth-Led Revival. The Temple Baptist youth, under the direction of Miss Janice Porter, are planning to have a Super Summer.

Search Begun For Band

The annual search for this country's outstanding high school musicians is underway with the opening of the 1974 McDonald's All-American High School Band Competition.

According to Paul Lavalle, director of the Band and the musical director of Radio City Music Hall in New York City,

102 top high school musicians - two from each state and the District of Columbia - will make up the group. 1974 marks the eighth consecutive year the All-American High School Band has been in existence, with new members selected each year. The Band is sponsored annually by McDonald's international restaurant chain.

The Band will play and march in the Macy's Thanksgiving Day Parade in New York City and in the Tournament of Roses Parade on New Year's Day in Pasadena, Calif. Its ap-

pearance in both parades will be broadcast on the NBC-TV and CBS-TV networks.

"Since repeat performances in these events are rare, the invitations are a real tribute to the musical talents of the band members," Lavalle said. The Band will also perform a noon hour concert at Rockefeller Center in New York and parade through Disneyland during the California trip.

The group is often called "the band whose pants don't match" because the musicians wear their local high school band uniforms topped off with matching All-American Band overlays and caps.

Each high school band director in the United States - more than 21,000 - has been invited to submit nominations of his two best musicians. Lavalle and members of the All-American Band Advisory Board will make the final selections. The board includes Professor Al G. Wright, director of Bands at Purdue University; George A. Christopher, New York State Music Association, and other distinguished band directors.

In November, when the Band members gather in New York City, they will audition for two Paul Lavalle Scholarships given annually by the New England Conservatory of Music

in Boston, Massachusetts. The grants honor the two top players in the McDonald's All-American High School Band. The scholarships offer full tuition, board and room at the New England Conservatory of Music.

Lavalle said the purpose of the Band is to single out America's outstanding high school musicians and honor them in much the same way all-star teams salute athletes.

Calling band-playing "the greatest sport of them all," Lavalle said, "High school musicians deserve recognition just as much as athletes. Young people make the McDonald's

All-American High School Band in the same way athletes make all-American teams - on performance."

Lavalle has been the nation's foremost band director since 1944 when his Band of America went on NBC radio as a 13-week summer replacement and stayed 10 years. His band was the only one to tour the country for personal appearances since the days of John Phillip Sousa. In 1969 Lavalle became music director of Radio City Music Hall, a post he continues to hold.

Sweet young thing; I like men with blue eyes and green backs.

The Hereford Brand, Hereford, Texas, Thursday, June 13, 1974

'Land Of Texas' Published

AUSTIN—Do you know that Texas grows enough carrots to feed the entire United States? ... That pecan trees are native to 152 Texas counties? ... That Texas ranks among the leaders in the nation in the bee industry?

Agriculture Commissioner John C. White has announced the publication of FROM THE LAND OF TEXAS - an informative and entertaining booklet of agricultural information.

Dedicated to the school children of Texas, White said that the book is a "record

that all Texans can appreciate."

The publication explains the challenges that face today's farmers and ranchers in their production of food for the American table. Also included are the major crops and livestock, production facts and figures and the growing areas of principal commodities.

For a copy of FROM THE LAND OF TEXAS, write John C. White, Commissioner, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Home Energy Usage Surveyed Locally

A survey of energy usage in 250 Amarillo and 100 Deaf Smith County homes is presently being conducted by West Texas State University geography students.

Its purpose is to learn more about how Texans feel about the energy shortages, their concerns for the impact of the shortages, their ideas as to what steps should be taken, and their attitudes toward programs already underway.

The study is being done by WTSU in conjunction with the University of Houston Energy

Institute, which ran an identical survey of 350 Houston area homes earlier this year. The compiled opinions will be presented to the Governor's Energy Advisory Council later this summer.

"The data will be used as input for policy," says WTSU Geography Professor Jack Muthersbough, the project coordinator. The survey should provide guidelines for future decisions by the legislature and other governmental bodies dealing with the crisis.

He also notes that the built-in

assumption behind the questions is "that things are going to be worse."

"We're using our resources faster than before. We can not continue to do this indefinitely. We've got to level off," the urban geographer says.

Participants in the opinion sample, which takes approximately 45 minutes to complete, will be paid \$5 for their time. A follow-up survey of the same homes will be run next year, also paid, to evaluate the Texans' changes in attitudes, information and opinions during

the 12-month lapse.

The survey's 72 questions range from an analysis of appliance and car usage to feelings on various governmental rewards for lessened energy consumption. The survey also makes a special effort to discover what the sources are of an individual's information on the energy crisis, and which he feels is the most honest and accurate. Others attempt to distinguish who the public blames, if anything or anyone, for the crisis, and what can be done about it.

The comparison of the two regions will probably show, Muthersbough predicts, "the impact of the energy crisis on the individuals having to spend more time in line for gas. The awareness level of the oil and gas industry may be higher in Houston than here. They should show a greater level of concern."

Yet he predicts that everyone's concern can't help but grow in the next year. "How bad things will be next winter we don't know, but the crisis is going to stay."

Ford urges Nixon to release data.

RECIPE

By Sarah Anne Sheridan

Hot weather isn't far away and nothing lifts one's appetite on hot days more than a pretty conjealed salad. There are multitudes of ideas and combinations, therefore, it's easy for one to find favorites for one's family. Try this tasty ginger ale and fruit combination—it's a favorite with my family.

Ginger Ale Salad
1 T gelatin
2 T cold water

- 1/4 c boiling water
- 1/4 c ginger ale
- 2 T lemon juice
- 1 T sugar
- 1 c sliced canned peaches or pears
- 1 c orange sections
- 1/4 c fresh strawberries, sliced
- 1/4 c grapes, seeded and cut in half.
- 1/4 c diced canned pineapple.

Place in refrigerator to cool. When mixture begins to thicken fold in all fruit. Pour into a ring mold or individual molds and chill until set.

*Serves six.

Senate votes rise in school lunch aid.

**West Hereford's
Club Year Closes
At Lunch Tuesday**

Two guests met with West Hereford Extension Club Tuesday for a luncheon which ended a year of meetings. Officers for next season will be installed with those of other extension clubs in the county at a luncheon Monday in Pioneer Gas Flame Room, then members will take a vacation until Sept. 10.

Mrs. Jack Baker and Mrs. Cecil Williams were guests welcomed in the home of Mrs. A.C. Flowers. Mrs. U.V. Pierce received the hostess gift.

Also present were Agnes Draper, county extension agent, and Misses E.M. Cox, Robert Boyd, Roy Boyd, Blanche Hardin, Norman Livesay, D.W. Allmon and Miss Evelyn Bell.

Staged Under The Stars

A wave of singers and dancers sweeps across the stage in the final scene of "Texas", the musical drama of Panhandle history. Appearing in this year's version of the Paul Green story is Miss Sherry White, former Miss Hereford and

daughter of Mr. and Mrs. R.C. White. "Texas" is performed nightly except Sundays against the natural background of Palo Duro Canyon. Curtain time is 8:30 p.m. beginning June 19 and running through August 24.

**Baptists Schedule
Summer Activities**

Most conferences at Glorieta Baptist Conference Center this summer will begin Saturday evening of each week and close at noon the following Friday. The exceptions include the Foreign Missions Conference, which will run from Aug. 9-14, Friday through Wednesday, and the Student Conference, which will be Aug. 14-19, Wednesday through Monday. The annual Conference for Single Adults is scheduled for the Labor Day holiday weekend, Aug. 30-Sept. 2.

Glorieta Baptist Conference Center is owned and operated by the Baptist Sunday School Board of the Southern Baptist Convention.

**Course Offered
For Mechanics**

A 36-hour short course in automatic transmissions for mechanics in the trade is being sponsored this summer by TSTI and the Independent Garagemen's Association of Amarillo.

Registration for two classes of the course will be held Monday in the Auto Mechanics building at TSTI, located on Avenue J at Ninth Street. Tuition is \$20 and includes manuals and handout materials.

Instructor for both classes will be Ed Howell, Mobil Automotive department at TSTI, James Connally campus, Waco.

James Burnett, automotive program director at the Mid-Continent campus here says the course is designed to increase the service skills of the transmission technician on turbo-hydraulic 400, aluminum power-glide, cruise-o-matic C-4 and C-6 automatic transmissions.

He emphasizes this is not a beginner's course, but is the first short course on automatic transmissions offered for tradesmen by TSTI.

Class "A" will convene on Monday and Tuesday evenings, 7 to 10, from June through July 23. Class "B" will be held on Wednesday and Thursday evenings from June 19 through July 25.

Instruction for both classes will be the same. Further information may be obtained by calling the automotive department at TSTI, 335-2316, Ext. 222.

Contracting Chinese
Red Peas**

1. Peas are only 70-80 days from planting to harvest. Not like grain crops and soybeans which tie up the land for much longer periods. Growers, it takes less moisture for peas than for most crops including cotton.
2. Peas require relatively small amounts of fertilizer which is so very costly today.
3. Peas on our contract can be harvested with moisture up to 30% giving growers maximum yields and ability to choose his own harvest time.
4. Peas are an ideal crop in which to rotate from grain, wheat, cotton and other row crops as they impart far more nitrogen and nutrients to the soil than they take out.

Area Farmer Welds Junk Pieces Into Work Of Art

After attending an art show, Raymond Annen of Rt. 2, Dimmitt, said he got to thinking about the art he had viewed. "Some of it looked like the artist had taken a brush and just dabbed a bunch of paint around on a canvas," Annen said. He thought to himself, "why couldn't I do something artistic?"

So he did like he visioned the artists had done. He dabbed a bunch of "stuff" together with a welding machine and produced a real piece of art. His piece of art is mounted on an old iron wheel rim that has been cut in half and reveals the history of him and his family. He welded together parts from old farm machinery, old cars he

had owned, and other things he had saved over the years.

During his spare time for about a month he worked on the "pieces of art". There seems to be a little history behind each item welded together. There is a foot rest from a Model A Ford that he says fools everyone. There is also a golf club that brings back some fond memories, a spike from the Fort Worth-Denver Railroad, valves from his first International tractor, a roller from an old bedstead and many, many other interesting pieces.

A salesman going through saw his "treasure" and offered him a good price, but Annen said it wasn't for sale no matter what the price.

Annen is a longtime director of Deaf Smith Electric Cooperative. He and his wife are members of the Holy Family Church at Nazareth and active in the community there. He farms between Dimmitt and Nazareth.

Original Piece of Art

Raymond Annen who farms near Nazareth is pictured with an "original" he designed and made during his spare time. Called a piece of art by some, he made the interesting structure from old things he had saved over the years and then sprayed it gold. (Brand Photo)

Clayton To Lead Water Planners

The Southern Environmental Resources Conference, meeting in Oklahoma for its annual convention, has elected Texas State Representative Bill Clayton (D-Springlake) as its Chairman for 1974-75.

The S.E.R.C. is charged with the development and planning of water resources in seventeen southern states. Delegates from each of the member states adopt policy for the conference by resolution and then provide information, testimony and research for Congressional and state organs dealing in water development and water resource management.

Representative Clayton, a twelve year veteran of the Texas House, was acknowledged by the Conference to be one of the leading authorities in the South on water resource management and development. Following his election Representative Clayton stressed that he hoped to lend greater emphasis to the Conference's role in acting as a liaison between state governments and federal committees handling current or potential water problems.

At its resolutions session on Thursday, the Conference adopted platform statements in several areas of concern to the member southern states. These resolutions included an opposition statement to any actions by the federal government which would preempt the states in their regulation of surface waters; a resolution opposing any federal land-use legislation which would not allow the individual states to develop land use programs designed to meet their own particular needs; and a resolution memorializing Congress to take action authorizing the Water Resource Division of the U.S. Geological Survey to become the data-gathering repository for all water resource information.

In further actions, the Conference adopted several suggested amendments to the 1972 Water Pollution Control Act. Representative Clayton noted that the Conference also selected Texas to be the next host state for the S.E.R.C. Convention.

NOTICE OF PUBLIC HEARING OF THE TAX BOARD OF EQUALIZATION OF THE HEREFORD INDEPENDENT SCHOOL DISTRICT

Pursuant to Article 29-E, Revised Civil Statutes of Texas, NOTICE IS HEREBY GIVEN that the Tax Board of Equalization of the Hereford Independent School District will hold public hearings relating to the valuation and equalization for tax purposes of all properties subject to taxation by the Hereford Independent School District, commencing on the 25th and 26th day of June, 1974, at 10:00 a.m. in the Commissioners Court Room, Deaf Smith County Courthouse located in Hereford, Texas, and continue to such other dates and times as shall be determined and announced by said Board until such Board shall have completed its public hearing as required by law. All persons owning property, real or

personal, within the corporate limits of the Hereford Independent School District having business before said Board of Equalization, may appear before said Board on the above stated location for said hearings.

STATE CAPITAL Highlights AND Sidelights by Lyndell Williams

AUSTIN, Tex. - Secretary of State Mark White, Jr., disturbed over low voter participation in recent elections, is planning a massive, coordinated get-out-the-vote campaign for the general election.

White indicated he will seek to harmonize efforts of business, labor organizations, educational groups, the news media and lobbying interests to improve the turnout.

As chief Texas election officer, White is studying election systems used in other states, and he has outlined preliminary plans for a bi-partisan fall drive to stir the voters to action.

He has asked State Sen. O.H. (Ike) Harris, Dallas Republican, to assist with the initial contacts with groups whose assistance will be sought.

Only 30 per cent of eligible Texans took part in the May 4 primaries, and far fewer voted in the June 1 runoff.

White hopes to get a new registration push going and to encourage businesses to devote part of their promotional budgets to "innovative" get-out-the-vote appeals.

Labor, which traditionally conducts its own campaigns to get union members to the polls, will also be asked to join in the overall effort.

"People must be made aware of the danger of ignoring the political system," said White.

He said he may even recommend a system of sales or property tax credits for practicing voters.

* Ordered a new trial for a Houston man convicted of embezzling \$40,000 and sentenced to life imprisonment.

* Reversed a sentence of a Houston man on charges he harassed a woman by telephone.

Austin and Lower Colorado River Authority face suit by 22 Fayette County landowners on plans for a coal-fired electric power plant near La Grange.

AG OPINIONS - Youngsters under 15 are not subject to criminal prosecution or juvenile proceedings for possession or consumption of alcoholic beverages.

But those 15 and over are liable to criminal prosecution, Atty. Gen. John Hill held.

In other recent opinions, the attorney general concluded:

* Whether a foundation holding land for donation to medical uses is eligible for tax exemption depends on facts bringing the group in guidelines laid down by courts.

* Parks and Wildlife Department can issue private bird shooting area licenses which will remain in effect until the following August 31.

* A requirement that dentures for welfare recipients to be made in the Department of Corrections laboratory is invalid.

* A Texas Youth Council member is entitled to reasonable, actual expenses incurred in his hometown while on state business.

* The State Board of Control may provide labor and materials for remodeling office space for legislators and staffs not used for actual meetings of the legislature or its committee.

* Properly handled salary raises for county and precinct employees can be effective immediately and do not have to await the next regular budget hearing.

* Legislative Property Tax Committee can compel production of appraisal data from tax assessors and private individuals.

* Property conveyed to a municipal corporation but burdened with so many restrictions it can't really be used is not exempt from county property taxes.

HEARING PUT OFF - A hearing on an industrial waste dump proposed for Limestone County near Groesbeck has been postponed until a series of Texas Water Quality Board hearings on waste disposal are completed in November.

The applicant requested the delay. Legislators said all similar applications should be postponed until TWQB concludes its hearings.

SHORT SNORTS The longest network Democratic fund-raising telethon will last from 9 p.m. June 29 to 6 p.m. June 30.

Holders of pennies have been urged to return them to circulation to avoid a penny supply problem.

Texas citrus industry representatives met with California growers and officials on interstate shipping and trade agreements.

Texas Education Agency will award \$270,000 in grants to help school districts develop modern comprehensive planning, budgeting and evaluation

techniques. "Foster Grandparent" program grants totalling more than \$1 million went to state schools at Abilene, Austin, Corpus Christi, Denton, Lubbock, Lufkin and Mexia.

Cigarette tax revenues increased \$1.7 million last month (to \$22.8 million) over May 1973.

Riders Club Host Here For Playday

Host club members were principal winners in the playday for Riders Clubs of Range II, held Sunday at Hereford Riders Club arena.

Mrs. Jackie Messer and Mrs. James Kirkland tied for high point woman and Vincent Guerrero was high point man in the adult division.

A girl and a boy were chosen for high points in each age group: Laura Thames and Joel Smith in the peewee division, Sandee Finley and Michael Kerr for juniors, Twanaha Kendrick and Sam Finley for intermediates.

The next playday here will be on July 14, with riders from neighboring clubs meeting in Hereford for the events which the public is invited to see.

"Make A Wish" visits dismal swamp

A friendly telephone company headquartered in a simple home in Maine, and the Great Dismal Swamp in Virginia, once owned by George Washington, are on the literary of the ABC News children's series, "Make a Wish," when the program explores the meanings of the words, "letter" and "rain," Sunday, June 16 (10:30-11:00 a.m.) on the ABC Television Network. (Rebroadcast)

In the opening segment on "letter," young viewers will learn what it's like to place a telephone call—the old-fashioned way—by name rather than by number—through the switchboard of the Bryant Pond (Maine) Telephone Co. The company, which has only 250 subscribers, offers one of the last hand crank telephone systems in the country. The

ABC covers the U.S. Open

The U.S. Open of the United States Golf Association—one of the world's most important and prestigious golf tournaments—will be given the most comprehensive television coverage accorded a golf event with ABC Sports' exclusive telecast covering live action Sunday, June 16 (2:30-5:30 p.m.) on the ABC Television Network.

This 75th U.S. Open will be played on the famed West Course at Winged Foot Golf Club, Mamaroneck, N.Y.—the site of the 1929 and 1939 Opens.

In terms of manpower and facilities, only the Olympic Games have required as great a coverage commitment on the part of ABC Sports or any other sports broadcasting organization. To provide its 5 1/2 hours of U.S. Open telecasts, ABC Sports will employ more cameras and technical facilities than ever before, as well as a large number of production, engineering and support personnel.

ABC Sports' golfcasting team for the U.S. Open will include Sportscenterers Chris Schenkel, Jim McKay, series host Fleming, Frank Gifford and British golfing authority Henry Longhurst. Expert commentators for the tournament will be Dave Marr, who at one time was assistant golf pro at Winged Foot, and golfing great Byron Nelson.

At Winged Foot, ABC Sports will be televising golf action from 14 holes—5 through 18—the most ambitious undertaking in tournament golf and one more hole than ABC Sports televised at last year's U.S. Open.

In this year's tournament, approximately \$225,000 is at stake, with a winner's share of \$53,000.

For the U.S. Open, Winged Foot's West Course will play to 6,961 yards, par 70. Although the course will measure only 88 yards longer than in 1959, when Billy Casper won the first of

his two U.S. Open titles, the contestants will find it a considerably tougher challenge.

Hundreds of additional trees have been planted, several greens have been tightened with new or enlarged bunkers, and new tees have constructed on the shorter par fours.

Host professional Claude Harmon, the 1948 Masters champion who finished third at Winged Foot in 1959, thinks the course will be half a stroke tougher per round. But, he feels that with today's improved standard of play, 1974's winning aggregate score will be the same—282.

In the 150 man field for the first rounds of the Open will be champion Johnny Miller, who is far and away the leading money winner on this year's professional tour; Jack Nicklaus, winner of 14 major titles; Masters champion Lee Trevino; Vardon Trophy winner Bruce Crampton; and British Open champion Tom Weiskopf.

The entry for the U.S. Open has averaged around 4,000 over the last three years, made up of professional golfers and amateurs of two-handicap or less, computed under USGA regulations. With the exception of players qualifying for exemptions under specific USGA rules, these entrants are subject to both local, then sectional qualifying, until 150 compete in the championship proper.

In the event of a tie after four rounds of regulation play, 18 holes will be played on Monday, June 17, and ABC Sports will televise the final holes of the playoff.

ABC Sports' exclusive television coverage of the U.S. Open will be produced by Chuck Howard, Associate producer will be Terry Jastrow.

"Something To Live For"

Jean Fontaine, Ray Milland and Teresa Wright, all Academy Award winners, star in "Something to Live For," a provocative modern drama directed by two-time Oscar winner George Stevens, on the ABC Television Network's "The ABC Monday Night Movie," June 17 (8:00-10:00 p.m.).

"Something to Live For" takes place in New York during the early 1930's and deals with stage actress Jenny Carey (Jean Fontaine), who finds her career falling apart because of her constant drinking. She meets advertising man Alan Miller (Ray Milland), a recovered alcoholic who still must fight the temptation.

"The Night of the Iguana"

Starring Richard Burton, Ava Gardner, Sue Lyon and Deborah Kerr. The drama deals with a dejected minister and three women who play a vital role in the life of the Iguana. (R)
