

Herd Opens Against Harvesters Tonight

By BOB NIGH
Brand Sports Editor

The Hereford Whitefaces begin their quest to improve on a 4-6 season in 1975 tonight when the Pampa Harvesters come to town for a 7:30 p.m. contest at Whiteface Field.

Coach Fred Upshaw's Whitefaces have been picked on several fronts as the team to beat in District 4-4A, while Pampa has drawn the favorite's role in its district, 3-4A.

Hereford finished tied for second in the five-team district last season after forging a 2-2 mark in district play, and placed four players on the All-District team.

Returning to lead the Herd this season are two of those four, Roy Martinez and Carlee Graves, who provide Hereford with threats both on the ground and through the air.

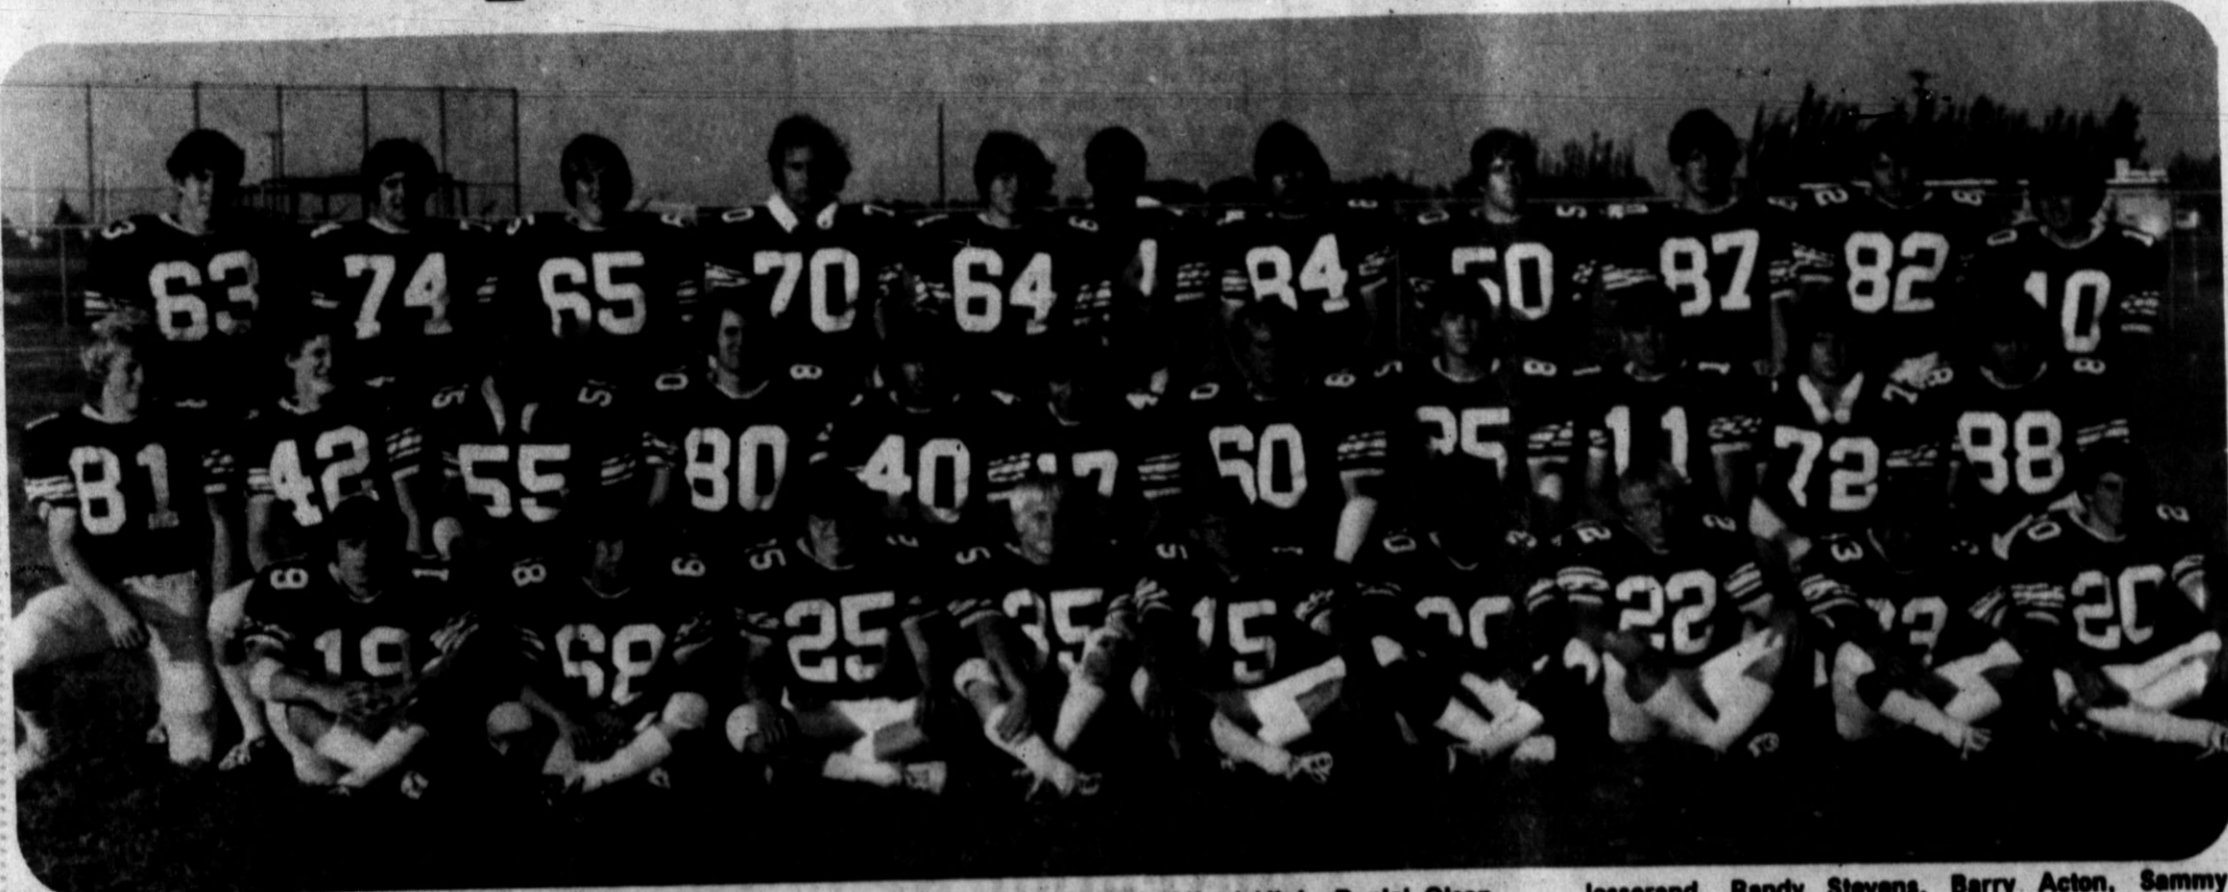

Graves led the Herd in rushing in 1975 with 690 yards on 96 carries. Martinez finished third among receivers in 1975 with 267 yards on ten catches. Martinez edged Graves in scoring in '75, four touchdowns to three.

This season Hereford must see an improvement on defense if the predictions of a number one finish are to come true. In 1975 the Herd finished last defensively among district members.

The 1975 Whitefaces wound up third in defense against the rush behind Monterey and Plainview, but finished deeply in the cellar in pass defense.

This year Upshaw is counting on

(See HERD OPENS, Page 5)

The Hereford Whitefaces kick off the 1976 season tonight when they take on the Pampa Harvesters at Whiteface Field. Thirty-four players will take the field under the direction of head coach Fred Upshaw and the coaching staff. They are: Front row l to r: Greg Hennington, Victor Pacheco, Robert Schumacher,

Dennis Artho, Paul Bell, Alfred High, Daniel Olson, Arthur Rocha, James McDowell. Second row l to r: Greg Albracht, Russell Harkins, Rick Taylor, Rowen Alexander, Roy Martinez, Arthur Gonzales, Wade Ohlig, Gary McCustian, Jim Lawson, Phil Livers, Baltimore Guerrero. Top row l to r: Jim Fish, Doug

Josserand, Randy Stevens, Barry Acton, Sammy Davison, Carlee Graves, Abel Trevizo, Greg Brockman, Mitch Guinn, Burl Miller, Kelly Kitchens. Not shown are Bobby Mejia, Mitchell George, and Mark Moten.

City Woman Still Hospitalized After Brutal Assault Thursday

By JIM STEIERT
Brand Farm Editor

A 21 year old Hereford woman remained in the intensive care unit of the Deaf Smith General Hospital today after she was brutally stabbed and raped at her home in northeast Hereford Thursday morning.

THE WOMAN was severely injured with about 15 cuts to the head and face during the assault, according to a spokesman for the Hereford Police Department.

The victim was taken to the local hospital shortly before noon Thursday and underwent treatment through most of the afternoon.

According to a statement given to police Thursday evening, the young woman had remained at home yesterday morning because she was not feeling well.

A black male, estimated to be in his 30's, came into the bedroom at the home and woke the woman, displaying a knife and threatening to kill her if she did not remain silent.

THE WOMAN'S arms and legs were

bound with washrags and string. She was raped and stabbed repeatedly about the head.

Police reported that the brutal attack occurred sometime between 9 and 9:30 Thursday morning.

The victim had managed to partially free herself and pick up her baby when she was found by a neighbor shortly after 11 a.m. Police were notified of the incident at about 11:30 Thursday morning.

Officers were unable to determine how the man gained entry into the woman's home.

THE ASSAILANT was described as 5 ft. 8 in. to 5 ft. 11 in. tall and his weight was determined as between 130-140 pounds. The bearded man was wearing a yellow shirt with brown pin stripes at the time of the attack, the local officers feel he might have been driving a light-colored car.

City police and Deaf Smith County sheriff's officers, who are coordinating their efforts in the investigation of the incident, request that anyone seeing an individual fitting the description notify either the city police department or the sheriff's office immediately.

AF To Investigate Cadet Theft Ring

AIR FORCE ACADEMY, Colo. (AP) - The Air Force has ordered a full-scale investigation into a lawyer's charges that cadets have been operating a forgery and theft ring at the Air Force Academy since 1972.

A spokesman for the academy acknowledged Thursday that the Air Force Office of Special Investigations was conducting a probe.

Maj. Monte Blews, the academy's

chief public relations officer, said Thursday that one cadet forger was court-martialed and dismissed, and that another accused cadet resigned in the summer of 1975.

"Since then," he said, "there have been a few isolated cases of forgeries, but no evidence of a series."

However, the lawyer, Edward Joel

Muscular Dystrophy Drive Begins Sunday

The annual Jerry Lewis Telethon for Muscular Dystrophy begins this Sunday in Hereford with an all night collection effort headquartered in the reception room of Hereford State Bank and concludes at 5 p.m. Monday when the telethon goes off the air.

Under the direction of Campaign chairman John Metcalf, local volunteers will man the permanent collection location throughout the entire telethon broadcast on KFDD Channel 10 in Amarillo.

Special activities for the drive include a carnival in Dameron Park, sponsored by the Hereford Lodge 2269 of the BP Order of Elks, and a house-to-house fund drive. Volunteers will go door-to-door starting at 9 a.m. Monday, Labor Day, and continue until the broadcast is finished.

Anyone desiring to help with the campaign is asked to call Metcalf at 364-2800, especially in the house drive.

Anyone not contacted may make donations or pledges of them at the permanent collection station.

A fish bowl will be set up at the bank for those collections turned in to symbolically show how much has been taken in.

The telethon actually begins at 10 p.m. Sunday with Lewis leading a long list of stars scheduled to appear on the show to raise funds for the afflicted with muscular dystrophy handicaps. Several thousands of dollars were raised here last year.

The carnival is a special project of the Elks Lodge, which is donating all proceeds to the MD drive. See story inside this issue concerning specific carnival information. It begins at 1:30 p.m. Sunday.

Metcalf hopes for a large response to the campaign and encourages anyone with an interest to donate funds.

update friday

Unemployment Rate Jumps

WASHINGTON (AP) - The nation's unemployment rate increased for the third month in a row in August, edging up from 7.8 to 7.9 per cent, the highest level so far this year, the government said today.

At the same time, the Labor Department said the increase in the number of Americans with jobs slowed last month after sizeable gains earlier this year. Employment rose by 74,000 in August to 88 million out of work force of 95.5 million, after a gain of 400,000 in July.

1 Radical Among Top 10

WASHINGTON (AP) - For the first time this decade, the FBI is listing only one political radical among its 10 most wanted fugitives. That doesn't mean all the others have been apprehended.

Some simply have been dropped from the list, although they remain wanted on criminal charges, and the FBI still wants to find them. But several have been captured and brought to trial, often after years of hiding among friends in the underground.

Spiderman Faces FTC

WASHINGTON (AP) - "Spiderman," the popular comic book character who can spin spider webs and climb the sides of buildings, has met his match at the Federal Trade Commission.

The FTC announced Thursday that the Hudson Pharmaceutical Corp. had signed a consent decree to stop selling its vitamins through advertisements in comic books and on television commercials between 6 a.m. and 9:05 p.m. that appeal to children or use hero figures - including Spiderman - as an inducement to buy its product.

Teachers Welcomed At Banquet To 'Most Unique Community'

By O.G. NEIMAN
Publisher

New teachers were welcomed to "the most unique community in the United States" Thursday night at the annual Teacher Appreciation Banquet, as guest speaker Wayne Thomas explained the big difference here was a certain attitude... "a feeling of pride, urgency in getting things done, and positive thinking."

Sponsored by Deaf Smith County Chamber of Commerce, the banquet drew 193 teachers, spouses and guests. The event was held at Civic Club Center with Roy Faubion as master of ceremonies. Some 45 new teachers were recognized by C of C President Don Hicks.

Special entertainment was provided by the Hereford Chamber Singers under direction of Bill Devers, and dinner music was played by Patti Hendon, Miss Teen

Hereford. The new teachers attended the banquet as guests of sponsoring firms and institutions in Hereford.

Thomas, prominent local attorney and civic worker, told teachers of Hereford's tremendous growth and progress since 1940 - outlining many factors and series of events which have led to the "hustlin' Hereford" slogan associated with the city.

The community was fortunate to have underground water for irrigation and good soil, but a number of towns have had these natural resources and not grown and prospered, the speaker pointed out.

"I believe the real difference is a certain attitude, and I'm glad I caught the disease," stated Thomas. "While we honor you as new teachers in the community, and entrust in your hands our greatest assets - our children, we enlist your support in helping Hereford

hustle." Thomas listed a number of factors and events which make Hereford a unique community. He pointed out that Hereford doubles its population in the 1940's, had a 50 per cent increase in the 50's, and another 70 per cent increase in the 60's. This came at a time, he added, when most rural communities were declining in population.

In the 1970's, said Thomas, Hereford was the fastest growing city in the state, excluding suburban areas and was the 13th in the whole country. "I am telling you these facts so that you might get a feeling of the enthusiasm of the community," added Thomas.

The attorney reported that financial institutions had \$14 million on deposit in 1960; that total rose to \$36 million by 1970, and is estimated to \$150 million on this date. The total includes banks.

(See TEACHERS, Page 2)

New Teachers Honored

Emcee Roy Faubion, left, and speaker Wayne Thomas visit with two new teachers who were among the honorees Thursday night at the annual New Teacher Banquet. Terle Beth Rush, left, is a

teacher at Stanton, while Kathy Long is a teacher at Bluebonnet. The C of C-sponsored event was held at the Civic Club Center with almost 200 persons attending.

(Brand Photo)

Welcome New Teachers

The annual New Teacher Banquet was held at Civic Club Center Thursday night, and three of the honorees are pictured with Pat Hughes, chairman of the chamber's sponsoring committee. Left to right are Bill and Jo Nell Trammell, teachers at

high school and Northwest, respectively; Hughes, who is also principal at La Plata, and Jo Ann Lane, a new teacher at La Plata. The Culture, Arts, Religion & Education committee of the chamber sponsors the event.

Teachers--

from page 1

savings and loans, and credit unions, Thomas said.

Thomas, who is a member and past chairman of the Texas College and University Coordinating Board, listed the advent of the vegetable industry, the sugar industry, and the packing plant and feedyard businesses as big factors in the progress of the community.

Pat Hughes, chairman of the chamber's Culture, Arts, Religion & Education (CARE) committee, recognized special guests at the banquet. These included school trustees, acting superintendent Larry Wartes, and several school principals, as well as members of his committee and Mary Herring, chairperson of the Women's Division decorations committee.

Faubion announced the start of the Community Concert Association's membership drive, and introduced Norma Walden who conducted a special drawing for the CCA. The names of six new teachers were drawn, and the lucky winners received season tickets to the CCA programs this year.

Cadets--

from page 1

Meyer, said Thursday in a telephone interview from his home in Middletown, N.Y., that at least two dozen cadets were robbed of thousands of dollars by a forgery ring that still may be active at the academy, involving at least four of its more than 4,400 cadets.

Meyer said they stole cadets' checkbooks and military identification cards and cashed forged checks in restaurants and stores in nearby Colorado Springs, as well as at the privately run Air Academy National Bank on the institution's grounds.

The attorney said he became involved after the parents of a cadet accused of forgery asked him to take over the cadet's defense from a military attorney.

Meyer's client was exonerated and returned to the academy in good standing, and the lawyer believes the young man was actually a victim of the forgery ring.

The attorney said that information he turned up in the course of defending his client was reported to the academy and that he was asked by its superintendent, Lt. Gen. James R. Allen, for all information he had on the subject.

Meyer said he sent Allen a letter last Aug. 23 detailing his charges, with transcripts of interviews with former cadets who allegedly admitted taking part

in the forgery racket. He said he sent a copy to Air Force Secretary Thomas Reed.

Blews said that Allen ordered the investigation Aug. 27, the day after he received Meyer's letter.

The probe comes on the heels of a cheating scandal at the U.S. Military Academy at West Point, N.Y., which has raised a controversy about its honor code.

The Air Force Academy operates with a similar code, under which cadets must not lie, cheat or steal or tolerate any cadet who does.

Intervention

Asked In Bell's Rate Case

ABILENE, Tex. (AP) - City Atty. Richard Tulk said Thursday he wants to intervene in the general rate increase application filed by Southwestern Bell with the new Texas Public Utilities Commission.

Tulk said Thursday he will file a petition to challenge the request because he feels it is improper, and he would like to see alternatives presented.

The attorney said he is confident the commission will allow cities to intervene in its considerations.

Convention Reported To Noon Kiwanians

Kiwanians heard a report on the Kiwanis International Convention in San Diego from Ed Coplen at the club's meeting Thursday.

In addition, the Kiwanians welcomed their new sweetheart for the coming year, Tanya Black; inducted a new member and gave some awards.

Coplen and vice-president Tom Templeton attended the club's International convention as delegates of the local club. Club member Dean Herring also attended the June conference. San Diego was the sight of the

Kiwanis International Convention held June 20 and 21. Coplen said about 20,000 Kiwanians and their families were registered at the annual event this year.

Coplen narrated a filmstrip showing a few highlights of the convention, depicting not only the officers and guests who spoke before the general convention, but also some of the activities that took place during the convention. The San Diego Zoo, Seaworld and restaurants and tourist spots on the harbor were among many sights

Kiwanians enjoyed while in San Diego.

Outgoing president of Kiwanis International Tom Osborn handed over the gavel to incoming president Stan Schneider during the convention. Other awards included one to Pat Boone for decency as an entertainer and a posthumous medal to a truck driver's wife for an act of heroism in which he was killed trying to aid a highway patrolman.

Entertainment at the convention included several choral groups, even some made up by the Kiwanians themselves. Jessie Owens and Virginia Graham were among honored speakers before the Kiwanians and their wives. A training conference was also held on the Main Emphasis of the coming year, Lead The Way and Safeguard Against Crime.

The Hereford Kiwanians were introduced to the club sweet-

heart for 1976-77 by incoming president Bud Eades. Tanya Black is a junior student at Hereford High School. James Hudson, an employee of the Hereford Independent School District, was inducted as a new member by Eldon Koch. Howard Birdwell was Hudson's sponsor. President Coplen named Dan Welty as Kiwanian of the Month and Bud Sparks was presented a package of golf balls for placing second in the recent district golf tournament.

Kiwanians were urged to attend the 50th anniversary of the Tulsa Kiwanis Club. The celebration will be held on September 21 with Don Wilson, incoming president of the Texas-Oklahoma district as the scheduled speaker.

The original name of Puerto Rico was Boriquen, in the native Arawak Indian language.

Second Mars Landing Prepared

PASADENA, Calif. (AP) - Awaiting only the final order from earth, the Viking 2 lander was ready to cast off from its mother ship today and attempt America's second touchdown on Mars.

After a meeting of the Viking command team, the "go" command was scheduled to be radioed to the spacecraft. That command will direct the two-piece spacecraft to split apart, the lander beginning its

3 1/2-hour descent to the surface while the Viking 2 body remains in orbit around Mars.

The gray, three-legged lander, loaded with life-detecting instruments, was scheduled to land at 6:58 p.m. EDT on a

northern plain called Utopia.

A check of the automated lander Thursday found everything in readiness. Mission Director Tom Young declared the craft to be "in very good shape."

The only concern, he said, was a sign that the lander may overheat after landing. It is summer in Utopia. Young said a plan had been drawn up to turn off some equipment and reschedule experiments to reduce the inside heat.

Viking 2 was aimed for a landing at a site farther north and about 4,600 miles from where Viking 1 made the first successful Mars landing July 20.

Showers To Dampen Weekend

Texans are promised clear to partly cloudy and rather warm weather through the Labor Day weekend and, yes, you guessed it still more scattered thundershowers, at least through Saturday.

Most areas which were uncomfortably dry until the past week grew almost waterlogged today as a rash of thunderstorms lingered across much of

Central, North and Northeast Texas and near the Middle and Upper Texas Coast. Occasional showers dotted parts of Southwest Texas.

Skies were generally clear in far West Texas, the Texas Panhandle-Plains sector and the southeast corner of the state.

Threatening turbulence during the night generated a couple of tornadoes-one near Godley in the Fort Worth vicinity and another at Richmond near

Houston. Neither apparently caused damage. Extended forecasts promised that most of the damp weather would dry up by Sunday.

Temperatures in early morning ranged from 78 degrees at Brownsville and Palacios on the coast down to 57 at Amarillo and Dalhart in the Panhandle. Thursday's top marks hit a peak of 96 of Cotulla in Southwest Texas.

HEY BIG DRIVER!

WATCH OUT FOR THE LITTLE GALS AND GUYS!

Children move fast, so go slow! Drive carefully on streets near schools and in all residential areas. Remember too, that some schools have double sessions and shorter school days so be on the look-out for children on bikes and on foot throughout the day. Give the little kids a chance to grow up big, like you!

To be Careful just takes a little bit of time!

Upshaw Addresses Local Lions Club

Hereford High School Athletic Director and Head Football Coach Fred Upshaw gave a preview of how he feels the 1976 grid season will go as he spoke to the Hereford Lions Club at their meeting Wednesday.

Upshaw reiterated his earlier contention that the '76 Herd is going to be "an exciting football team" this year. Upshaw told the Lions that the players were looking forward to the game with Pampa Friday.

"We will get a good picture of how good we are, and we are glad to have a game with such a good team this early in the season," he said.

Upshaw said the seniors on

the team, 26 in all, have provided "excellent leadership" for the team as a whole this fall. "And all the players have been working very hard since we began practice three weeks ago," he added.

The club will hold its Ladies Appreciation Night Thursday, September 16 at 7 p.m.

A joint Zone meeting for this region will be held at the Civic Center in Hereford Saturday, September 11 at 2 p.m.

The Lions are now participating in a membership drive, and a CB Radio and antenna have been donated as one of several prizes that local members may be eligible for.

Elks Lodge Carnival To Help MD Drive

The Hereford BP Order of Elks is sponsoring a carnival at 1:30 p.m. at Dameron Park to help raise funds for the Muscular Dystrophy Drive here.

At the park, located at North Main St. and Park Ave., games and contests among entrants will be held to pull in extra money to benefit MD victims.

Local merchants have donated prizes to be given to winners of the events. These will help defray any overhead expenses that would have been incurred if prizes were purchased.

Events include a greased pigs contest, bingo, horseshoe throwing, greased pole climbing, and dunking board competition. An Elks Lodge spokesman said that all proceeds will be donated to the campaign. A large turnout is hoped so that the goal mark can be reached.

Any and all entries are urged.

Long-Time Job Transfers Couple

Moving from their home in Gaffney, S.C., Mr. and Mrs. Eugene Hardgrave have settled at 242 Fir in this community and report that they "like it fine." The couple came here in August so that he could work as a cattle buyer for Armour Company, which has employed Hardgrave for the past 35 years. They have a daughter, Glenda, who is married and resides in Redrock, Okla.

In addition to her duties as a housewife, Helen Hardgrave

enjoys sewing, crewel embroidery and card games. She is a former member of Beta Sigma Phi Sorority.

A key interest of the couple is their grandchildren, Julie, 10, and Mark, 7. Mrs. Hardgrave is a product of Oklahoma. She was reared at Cherokee, Okla. and graduated from high school at Byron.

Her husband spent his adolescence at Ford Smith, Ark. They are members of First United Methodist Church here.

Newcomer Profile

MRS. EUGENE HARDGRAVE
...in her new residence here

Iced coffee originated in Algeria as a sweetened, cold coffee drink known as mazagran, according to the National Geographic Society.

Emperor Theodosium I of the Roman Empire died in 395 A. D. The Empire was then divided between his two sons, Honorius and Acadius.

School Lunch Menu

WHAT IS A SCHOOL LUNCH?
Some students think a balanced lunch is a hamburger in each hand.

In the primary grade, it's a threat... "You can't go out to play until you eat!"

In the elementary grades, it's a contest... "My plate's clean, may I have seconds now?"

In high school, it's a tool for asserting new-found sophistication... "I can't eat this stuff!"

Among the faculty, it's a wall... "If I eat it, I'll get fat." In the kitchen, it's a worry... "Will they like it today?"

To the supervisor, it's a challenge... "How can I make it on this budget?"

To the Federal government, it's a Type A Meal.

To busy mothers... it's a blessing!

raisin creams, buns, milk.

HD Club Meets For Luncheon

Launching another year of home demonstrations work, members of North Hereford Extension Club met for lunch Thursday in the home of Mrs. Paul Hoff.

Roll call was answered by "Problems I've Had with Plants." Opening the business portion of the assembly was Mrs. Aubyn Hodges, president. She introduced her fellow officers, including Mrs. Neal Lemons, vice president; Mrs. Bob Campbell, secretary; Mrs. T. E. Bridendine, treasurer and Mrs. Cliff Johnson, reporter.

Serving as delegate to the County HD Council will be Miss Roberta Campbell.

Members were reminded that the next meeting is scheduled Sept. 16 at 2:30 p.m. in the Hodge's home.

Others in attendance were Mmes. Jay Crofford, Neal Lueb, Roger Williams, Iva Saltzman, W. J. Lueb, Tom Draper and Red May. Also present were Justin, Jeremy and Jason Lueb and Tony Campbell.

Chapter Begins Season

Members of Kappa Iota Chapter of Beta Sigma Phi Sorority held their "Day of Beginning" recently at the home of Judy Wall, 136 Pecan.

Mrs. Joe Paetzold, president, led a discussion on chapter policies and rush and Mrs. Bill Johnson and Mrs. Dan Warrick, members of the yearbook

committee, discussed program assignments for the new year. Refreshments of watermelon fruit balls, crackers, cheese and punch were served to approximately 15 members.

The next week was scheduled at 7:30 p.m. Sept 7 at the home of Mrs. Dan Warrick.

BIG BROTHERS-BIG SISTERS
OF HEREFORD

Wow! What a place we live in, where we can decide who we are, what we are, and what we want to do with our lives.

But this ability to choose leaves us with a great responsibility - the responsibility of making that decision.

Sometimes we find ourselves in a dilemma of what we really want and what we feel we can cope with. I have to fall back on my basic belief that we never are given more than what we are able to handle, even if we give it to ourselves.

I've been accused of being "unrealistic" in my thinking because of my optimism, but I feel strongly that everyone must dream if they are going to accomplish anything in this life. Heim Ginotti, the renowned child psychiatrist, said, "Grant to a child in fantasy what he cannot have in reality."

I believe there's a lot of merit in this for adults, too. We will all get bogged down if we remain in our "real" realm, but dare to dream and it will take on reality because your mind is pointed in that direction. Set a high goal...there's no challenge in making it easy. It doesn't have to be great in the eyes of society, but meaningful in your own terms.

Once you've made your decision, stick to it. Don't let anyone or anything change your beliefs.

If you look, you'll find encouragement and the courage to be what you want to be.

Coke Party Opens Year Of Meetings

Beta Sigma Phi Sorority sisters opened a new season for Xi Epsilon Chapter Sunday afternoon at a Coke party in the Friendship Room of Hereford State Bank. Hostesses were Mrs. Jerry Richburg and Mrs. Gerald Sledge.

With Mrs. Ken Ruland presiding, members reviewed plans for the 1976-77 yearbook. It was announced that the next meeting is scheduled to convene at 7:30 p.m. Sept. 7.

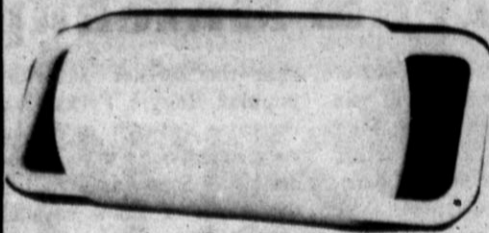

Following the informal business session, Crazy Bridge was played by women in attendance. They included Mmes. Jimmy Bell, Johnie Burkhalter, Bill Drake, Nelson Kendall, Davie Sorrells, Jim Aldridge and Terry Fogo.

CLASS SCHEDULED

Members of the American Association of Retired Persons, Chapter 884, will sponsor a defensive driving class September 15-16 beginning at 10 a.m. in the REC Medallion Room.

Reservations must be made by calling 364-1954 or 364-6917.

JV Defeats Pampa, Junior Highs Split

The Hereford junior varsity rallied for three second-half touchdowns Thursday night to grab a come-from-behind 18-12 victory over the Pampa JV at Pampa.

Hereford coaches Danny Haney and Bobby Anderson were visibly pleased with the performance of their team in the winning effort.

"We got a tremendous effort all down the line," Haney said Friday morning. "The kids all have a tremendous attitude, and were real high for the game."

Fullback Richard Olson broke for two big plays in the Herd rally. Olson broke free on two occasions for long gainers, with both runs going for scores.

Olson's scoring jaunts covered 30 and 40 yards respectively. Quarterback Jackie Mercer added the third Hereford touchdown on a one-yard sneak. Mercer also had a 60-yard touchdown run called back on a penalty.

The Hereford coaches got the opportunity to use a lot of players in the contest. "We've got a whole lot of depth at every position, and as a result got to put a lot of kids on the field,"

Haney said. The big effort on the night defensively for Hereford came on the field series of downs in the game. Pampa was threatening to score the possible winning touchdown, and had a first-and-goal from the one.

The Hereford defenders got into a goal-line defense, and turned back the Harvesters on four straight runs into the line as time ran out in the contest.

The Herd JV is open next week, and return to action on September 16 at home against Palo Duro in a 4 p.m. contest.

Action began for the two Hereford junior high programs last night also with Stanton and La Plata splitting a pair of eighth grade games.

The La Plata eighth grade Red team took a 16-6 win over the Stanton Blue team as Brent Self broke free for two touchdowns and two extra-point bursts.

Norman Hill added the third La Plata score after intercepting a fumble in mid-air.

Stanton earned the split as their White team grabbed a 6-0 win over La Plata White in a defensive battle.

Graves Suspended

Hereford head coach Fred Upshaw has announced that Herd fullback Carlee Graves has been suspended from the team until Monday, and will not see action in Hereford's game against Pampa tonight.

"Carlee has been suspended for disciplinary reasons until Monday," Upshaw said in making the announcement. "We do hope Carlee is back at practice on Monday and we will go from there," the coach added.

Upshaw did not release any details on the reasons for the suspension, adding that Roy Martinez will start at tailback tonight with Russell Harkins taking over at fullback. Martinez will also start at free safety in the place of Graves on the Herd defense.

Culpepper Safe In Second Place

AMARILLO—Hereford's Jim Culpepper has second place sewn up in Southwest Speedway's late-model season standings going into the asphalt track's season championships at 8 p.m. Saturday.

Culpepper finished third in the first half standings and is second in the second-half standings, trailing only defending champion Don Burt of Amarillo in the season standings (3,065-2,080). Mid-season champ J.D. Hughes of Sundown is third with 1,665 points. Hereford's James Davis is 10th in the late-model division's

season standings with 700 points and Wayne McCullar, another Hereford driver, is 12th with 625 points.

In the modified-stock standings, Odessa's John Foster clinched the season title with 1,440 points with Amarillo's James Crider second with 920 points.

It's a close battle in the street-stock standings at the NE 24th and Folsom Road track with mid-season champion Doug Smith of Panhandle owning a 197-194 point edge over Amarillo's Paul Malacara Jr.

Decade Makes Difference; AFC Central Turned Around

By GARY MIHOCS AP Sports Writer

What a difference a decade makes. Just look at the four teams in the Central Division of the American Football Conference. In 1966, the mighty Cleveland Browns were aiming for

their 10th berth in the National Football League title game. They failed; fullback Jimmy Brown decided to work with movie stardom instead of pulling guards, and subtle erosion began.

"I fully intend for the Browns to become a dynasty again, and I fully expect it," Cleveland owner Art Modell now says. After a 3-11 record last year, worst in their history, the Browns have shown preseason improvement under Coach Forrest Gregg, who a decade ago was a rangy offensive tackle on the Green Bay team that won Super Bowl I.

The Houston Oilers finished 3-11 that year with a 39-year-old quarterback, George Blanda, branded by critics as over the hill.

Houston's current team is coming off a 10-4 season, and it figures to be a contender despite a winless preseason and assorted other maladies - like a stomach virus that left about two dozen players with double options early in training camp.

"When the bells ring, we'll be there," pledges Oilers Coach O.A. "Bum" Phillips, who has the same crewcut he had in 1966.

The Cincinnati Bengals didn't exist in 1966. They were another innovation whirling around under the hat of Paul Brown, the founder and ex-coach of the Browns, who was then in retirement.

The Bengals await their ninth season as a prime contender for Super Bowl XI.

Brown, general manager and coach from the start, has handed the coaching reins to Bill "tiger" Johnson, who admits, "I'm following a tough act."

The last, and once least team, in the division has two tough acts to follow. That's the two-time Super bowl champions, the Pittsburgh Steelers.

Their 1966 season marked the debut of another new coach, Bill Austin. Pittsburgh, a perennial also-ran under nice-guy owner Ary Rooney, and their leading rusher was Bill Asbury.

That same season, a young assistant coach, who even then

had a taste for fine wines and meticulous organization, joined Don Shula's staff at Baltimore.

His name was Chuck Noll, a former guard and linebacker at Cleveland.

Noll is trying to do what neither Shula nor Vince Lombardi did - guide his team to three straight Super Bowl titles.

The Steelers return every regular that won a Super Bowl X check, including linebacker Andy Russell, delaying his retirement one more year because he doesn't want to "wake up 20 years from now and tell myself, maybe you should have gone after that third straight Super Bowl."

Defensive tackle Joe Greene, who sustained a nerve injury last season that led to weakening of his left arm, is back, and his play has been erratic in preseason, like that of his defensive mates.

Steve Furness, who filled in ably for Greene last year, gives solid backup help.

The Steelers got more breathing room Thursday when they learned a delay had been granted in the scheduled Oct. 4 trial in Texas of their other defensive tackle, Ernie Holmes. Holmes is charged with possession of cocaine.

The trial now is expected to take place some time after the football season.

The other Steelers defenders all appear sound after assorted preseason injuries, including lean middle linebacker Jack Lambert, labeled by Noll as a "defender of the right" in Super Bowl X.

The offense features the familiar cast of quarterback Terry Bradshaw, receiver Lynn Swann and running back Franco Harris.

Gone is disgruntled backup quarterback Joe Gilliam, cut outright by Noll, but rookie Mike Kurczek appears on able backup, along with veteran Terry Hanratty.

Pittsburgh's top challenge could come from Cincinnati, which finished 11-3 a year ago and lost only to Pittsburgh, twice, and Cleveland en route to the "wild card" playoff berth.

Bill Johnson, the Bengals

50-year-old new head coach, earned all-pro honors centering to Y.A. Title at San Francisco.

Beyond precision passer Ken Anderson and receiver Isaac Curtis, the Bengals have added two-time Heisman Trophy winner Archie Griffin.

The usually reserved Paul Brown cheered like a college freshman in his general manager's box as Griffin darted for a 46-yard touchdown early in preseason.

Another top Bengals rookie is wide receiver Billy Brooks, a deep threat drafted on the first round even though he caught only five passes his senior year at run-oriented Oklahoma.

Defensively, the Bengals have added veteran Coy Bacon to their front four, and he figures to bolster the pass rush.

Defense figures to be a strength again in Houston, where the Oilers are coming off a 10-4 season, with their only losses to Pittsburgh and Cincinnati, twice each.

But there have been assorted maladies in the Oilers' winless preseason.

Early in training camp, nearly two dozen players were stricken with a virus that led to vomiting and diarrhea. The running backs also have been hit with a rash of injuries, including starters Fred Willis and Ron Coleman.

Yet Houston has shown improvement in recent losses under Phillips, an easy rider who believes in relaxed practice sessions.

No one denies, however, that the Houston offense has passing firepower, with Pastorini throwing to Ken Burrough, the only 1,000-yard receiver in the NFL last year.

There's also 5-foot-9 Billy "White Shoes" Johnson, who tied an NFL record last season by returning four kicks for touchdowns.

Another of pro football's mini-threats is found in Cleveland, where 5-foot-10 Greg Pruitt ran through about 10 dozen tearaway shirts last season en route to 1,067 yards rushing.

Newcomers are veteran linebacker Gerald Irons and wide receiver Paul Warfield, back with Cleveland after playing five seasons at Miami and one in the WFL.

A&M To Use Pro-Set Some

COLLEGE STATION (AP) - Texas A&M Coach Emory Bellard said Thursday the Aggies will break its triple-option Wishbone-T offense at times this fall and operate from a pro-set.

Bellard told touring Southwest Conference writers: "We plan to throw with greater frequency... we plan to break the wishbone and go into a pro-set on occasion. How consistent we are will depend on the opponent's defense. We're going to play some real tough defensive football teams, but we're going to challenge them."

Bellard said "We're playing maybe the best we've played since I've been here."

The offensive line is doing a fine job, and the quarterback situation is the best it's been. David Shipman is the No. 1 quarterback, but we wouldn't hesitate to play either Keith Balkor or David Walker. We have excellent running backs. They are young and inexperienced, but they have the talent to play well."

The Aggie coach was equally satisfied with his defense. "We'll be the same type of defensive team we were last year. We may not have as good statistics, but we'll play well."

Wrestling Features Tag Team Matchup

Ricky Romero, Super Mex of the wrestling world, will join forces with tough Young Scott Casey in tag team action Saturday night at the Bull Barn. Lions Club officials announced.

The club, which supports many worthy causes through its sponsorship of professional wrestling, will bring the team of Swede Hanson and Randy Colley to face Romero and Casey.

Hanson is a 6-5, 325-pound rough houser with a boxing background. Colley, three inches shorter, steps in at 270 pounds. Romero and Casey, both six-footers, step in at 222 and 235 respectively.

Last week saw Romero beating an ambitious Larry Sharpe in the best two out of three falls. Hanson and his usual partner, Rip Hawk, beat Abe Jacobs and Pistol Pez Whatley in semi-main action.

This Saturday's card also sees the return of Dennis Stamp, 245-pounder who was All-American in both football and Wrestling at Concordia College in Minnesota. Stamp was Minnesota State Wrestling Champion as an amateur, and is current holder of the Brass Knucks Championship in the pro ring.

He will take on another 245-pounder, Abe Jacobs of New Zealand.

In the opener Saturday, popular Reggie Parks, who overcame a tough of flu last week to pull out a thirty minute draw with Scott Casey, will try the mettle of fellow Canadian Jerry Kozak.

Kozak, an outstanding junior heavyweight at 218 pounds, is from Vancouver, but has become an American citizen. Besides his interest in wrestling, he is an avid hunter, and serves as a Reserve Deputy with the Potter county Sheriff's Department.

Parks is from the province of Alberta, but makes his home in Nogales. He outweighs Kozak by twelve pounds, but is giving away years of experience.

Lions Club officials also announced that on Saturday, September 11, a Texas Death Match between Super Destroyer the Ex-World Champion Dory Funk Jr. has been signed. The Super Destroyer already holds a victory over Funks. He also defeated World Champion Terry Funk in a non-title Texas Death Match in Amarillo recently.

Lord Alfred Hayes, 280-pound cowboy Don Wayt, and The Lawman, have also been signed for the matches on September 11.

This Saturday's matches will commence at 9:00 P.M. at The Bull Barn.

Herd Opens Tonight Races Tightening Up Somewhat

continued from page 1

returnees Rowen Alexander, Abel Trevizo, Jim Lawson, and Rick Taylor to lead the defense. Alexander, at one defensive end, has been mentioned by Upshaw as having the "best football sense" of any player on the team.

Pampa has been picked by one rating system as an eight-point favorite in the contest Friday, and, in contrast to Hereford, the Harvesters are blessed with a proven defense.

Pampa coach John Welborn has been quoted as saying that his team "will be as good on defense this season as we were the past two." That could make Friday as long night as the Harvesters have led their district in defense the past two years.

On offense the Harvesters have several premier performers who will try to gain a little recognition of their own. Backs David Caldwell and Ricky Moore head up the backfield,

which includes senior signal caller Mike Lancaster.

A pair of hefty tackles, 220-pound Ben Wilson and 200-pound Terry McBride anchor the Harvester lines.

Listed as probable starters on offense for Hereford tonight are James McDowell (170) and Rowen Alexander (160) at the ends, Bobby Mejia (210) and Barry Acton (200) at the tackle slots, Sammy Davison (175) and Jim Fish (200) at guard, Greg Brockman (190) at center, Kelly Kitchens (150) at quarterback, Roy Martinez (155) and Russell Harkins (160) at running back, and Dennis Artho (159) at wing back.

Hereford star running back Carlee Graves will not see action tonight after being suspended from the team until Monday for disciplinary reasons.

Defensive probably starters for Hereford are Acton and Alexander at the ends spots, Abel Trevizo (190) and Fish at tackle, Baltimore Guerrero (155)

at nose guard, Brockman and Rick Taylor (190) at linebacker, Greg Hennington (150) and Jim Lawson (160) at cornerback, Martinez at free safety, and McDowell at strong safety.

Listed as probable starters for Pampa on offense tonight are: ends-Doug Burns (165) and Phil George (165); Tackles- Doug Wallin (185) and Ben Wilson (220); guards-John Boemeisch (187) and Darrell Mitchell (190); center-James Hulse; quarterback- Mike Lancaster (155); halfbacks- Ricky Moore (190) and Eddy Keller (172); fullback- Dave Caldwell (212).

Defensive probables starters for Pampa include: ends- Tom Albus (170) and Chris Skaggs (174); tackles-Terry McBride (212) and Chris Copeland (213); nose guard-Dusty Neff (175); linebackers-Randy Ford (150), Ken Romines (155), and Frank Stomers (190); cornerbacks-Doug Watson (165) and Steve Hancock (145); halfbacks- Levi Bailey (162) and Steve Spencer (150).

By HANK LOWENKRON
AP Sports Writer

Is the National League writing the early chapters of a book called, "The Miracle of 1976?" Through the years the NL has come up with exciting first-place races that have kept interest high in the sport right through to the World Series.

A month ago it appeared there would be no hot September pennant fight in either league. But, now the defending Eastern champion Pittsburgh Pirates and Los Angeles Dodgers in the West have turned things around.

Thursday, the Pirates pulled to within nine games of Eastern leader Philadelphia with a 5-0 victory over San Diego. Larry Demery, 9-4, pitched a five-hitter as the Bucs' seventh consecutive victory drew them closer to the first place than they've been since July 18.

Pittsburgh has cut 6½ games from Philadelphia's lead since Aug. 24, helped by a six-game losing streak by the leaders.

The two clubs meet for three games next week.

On Aug. 14, the Dodgers trailed Cincinnati by 13 games. Since then Manager Walt Alston's club, has won 14 of 16 games to cut the deficit to seven. The latest triumphs, their third and fourth in a row, came Thursday night in a 2-1, 5-3 sweep of the Montreal Expos.

Bobby Murcer drove in five runs as the San Francisco Giants ended a five-game losing streak by outscoring the New York Mets, 10-7. Minnesota downed Milwaukee, 8-4, in the only American League game.

"We're not thinking about the Phillies one bit," claimed Manager Danny Murtaugh. "We have to go out there and do our job," he added. "We realize if we keep winning, somebody else has to help us by beating the Phillies, so that's out of our hands."

"Our attitude is the old line about playing them one at a time," said Pittsburgh's Richie Zisk, who drove in two runs with

a double and stole home in the team's latest victory.

Demery's first major league shutout was the sixth complete game in seven starts by Pirate pitchers.

Dodgers 2-5, Expos 1-3
Don Sutton, 17-9, went 2-3 in the opener. He left after bruising his right index finger while fielding a hard grounder by Earl Williams.

Charlie Hough picked up a save in the first game and

recorded his 13th of the season in the nightcap. Elias Sosa, 6-7, won the second game with a three-hit, four-inning relief performance after starter Rick Rhoden exited with elbow troubles. Bill Buckner had three hits and a sacrifice fly to pace a 12-hit attack.

Giants 10, Mets 7
Murcer's five RBI were a club high for the Giants this season. San Francisco jumped on Jon Matlack, 14-8, for six hits and six runs in 31-3 innings. Mike

Caldwell, making his 42nd appearance of the year, picked up his first victory after seven setbacks.

Twins 8, Brewers 4
Rookie Butch Wynegar had four singles, Rod Carew and Lyman Bostock had three hits each to pace a 17-hit Minnesota attack. Tom Johnson, 2-1, earned the victory with 8 1-3 innings of relief after starter Eddie Bane was raked for three runs on four hits.

Borg, Vilas Winners

FOREST HILLS, N.Y. (AP) - Swedish sensation Bjorn Borg and Argentina's Guillermo Vilas fought off opponents in wind and rain and Janet Newberry supplied the thunder at the water-logged U.S. Open Tennis Championships.

Showers which began early Thursday soaked the clay courts at the West Side Tennis Club throughout the day, delaying the start of play for two hours

and stopping it for two more during the afternoon. Several matches were postponed and others were played in continuous drizzle on soggy courts.

All of that was just fine with Miss Newberry, a 23-year-old scrapper from La Jolla, Calif. Miss Newberry took on third-seeded Martina Navratilova early in the evening and stunned the Czechoslovakian expatriate 1-6, 6-4, 6-3 in a

thrilling center-court match.

Miss Newberry, coming off a knee operation and 20 pounds lighter than she was six months ago, took advantage of a lapse in concentration by her opponent to win the second set after being crushed in the first. She repeatedly fired passing shots, past the charging Navratilova, mixing them with soft, accurate lobs.

Early Season Collision May Tell The Tale In AFC East

By GORDON BEARD
AP Sports Writer

The two chief contenders in the Eastern Division of the National Football League's American Conference clash head-on for the first time this season earlier than ever.

And, by the time Miami visits Baltimore in the fifth week of the season it may already be apparent which is the hungrier team, the deposed Dolphins or the "Cinderella" Colts, who ended the Dolphins' four-year division reign a year ago.

The other three teams in the division - Buffalo, New England and the New York Jets - appear a notch or two behind Baltimore and Miami, both of which posted 10-4 records last season.

Buffalo finished at 8-6 in 1975, but the Bills' since have lost superstar O.J. Simpson, plus veteran players from an already porous defense. Both the Jets and the Patriots were 3-11 last year, and they also are undergoing changes.

"Being knocked out of the playoffs for the first time since 1969 should make our team hungrier than ever," said Miami Coach Don Shula. Baltimore's Ed Marchibroda, NF Coach of the Year in his first season as head coach, recognizes the hazards following the miracle turnaround of the Colts, who were 2-12 in 1974.

"Some teams didn't respect us last season and we were able to take advantage of it," Marchibroda said. "But not this year. They know all about us and we won't be able to sneak up on anybody. Hopefully, we can carry over our enthusiasm and confidence into a new season."

Off the preseason competition, it won't be easy, after winning their first two exhibition games, giving up just three points, the Colts dropped their

next three while playing uninspired ball.

In addition, Baltimore made what appears to be a dangerous gamble by trading veteran quarterback Marty Domres to the San Francisco 49ers.

That leaves Bill Troup who has called just one play in two NFL seasons, as the backup to Bert Jones, an emerging star who is sometimes a reckless runner and played with injured ribs much of last season.

Miami, which never has won fewer than 10 games during Shula's six seasons at the helm, hardly crumbled last year and was nudged out of the playoffs because of two losses - to Baltimore - the second by a 10-7 score in overtime.

Injuries, which plagued Miami last season, still are a troublesome factor as the new season approaches. But Shula, whose record ranks No. 1 among active NFL coaches, was expected to move as decisively in that area as did in dispatching unhappy veterans Jake Scott and Mercury Morris to other teams in recent weeks.

The Colts can hardly expect to start 1976 the way they finished last year, with nine consecutive regular-season victories and one more in the playoffs before being eliminated by the Super Bowl champions, the Pittsburgh Steelers.

But neither can they afford to lose four of their first five games as they did a year ago. They need respectability from the start. A comeback wouldn't be as easy a second time around.

Jones was the NFL's No. 4 passer last year, a jump of 15 notches in one year, with 2,483 yards and 18 touchdown passes. Lydell Mitchell ranked third in rushing with a club record 1,193 yards, operating behind a line which was stabilized when tackle George Kunz was acquired in a trade.

Mitchell also led the Colts with 60 pass receptions, while wide receiver Glenn Doughty had 39, tight end Ray Chester 38 and wide receiver Roger Carr 23.

The Baltimore defense led the league with 59 quarterback sacks in 1975, but the rush has been almost nonexistent in exhibition games while end John Dutton is sidelined with an injury. It will be needed, however, to help a secondary still learning to work together.

TWO BIG TESTS
YONKERS, N.Y. (AP) - The 78-night summer-fall harness session which opened at Yonkers Raceway July 19 will feature two rich stakes. Besides the \$200,000 Yonkers Trot, 3-year-old pacers will go to the post in another \$200,000 test - the Cane Pace - on Aug. 21.

THREE EX-DOGDERS
NEW YORK (AP) - For a while this summer, three former Brooklyn Dodgers were managing in the American League. They were new Boston Sox pilot Don Zimmer, who replaced Darrell Johnson; Dick Williams of the California Angels and Gene Mauch of the Minnesota Twins. But a few days after Zimmer was promoted from a coaching job, Williams was dropped as the Angel pilot.

The Colts have had other serious exhibition injuries, but they pale in comparison to what hit Miami. However, the Dolphins won their first five preseason games.

Knee injuries to Earnest Rhone and first-round draft pick Kim Bokamper, plus the uncertainty that Mike Kolen would recover from knee surgery, forced Shula to talk 35-year-old linebaker Nick Buoniconti out of retirement.

Further depleting Miami's defense, end Bill Stanfill and safety Dick Anderson are hobbled, with Anderson out possibly for the first third of the season. In addition, wide receiver Freddie Solomon is out with a kidney ailment as the season opener nears.

Since winning their second straight Super Bowl after the 1973 season, the Dolphins have lost a host of veterans through trades, the expansion draft and the defection of those how played out their options.

But they still have quarterback Bob Griese, who missed the final 4½ games of 1975 with a foot injury, running backs Benny Malone, Don Nottingham and Norm Bulaich, and a strong offensive line headed by guards Larry Little and Bob Kuechenberg, and center Jim Langer.

After failing to be traded by Buffalo as requested, Simpson apparently has chosen to sit out the season. There still is a chance a deal may be worked out with Los Angeles, otherwise the Bills won't be compensated for the damaging loss.

Coach Lou Saban's reconstruction job was expected to be concentrated on the defense, which yielded 355 points last season. But with Simpson gone and tackle Donnie Green refusing to report after the club wouldn't renegotiate his contract, the offense needs work, too.

While going 1-4 in preseason games, the Bills have stressed ball control, a strategy designed to help both the offense and defense.

Quarterback Joe Ferguson,

OWNER NEEDS TO SELL! Make An Offer On This 3BR. on NW Drive- It's Priced To Sell. Call Mark Andrews For Details 364-6633

who tied Minnesota's Fan Tarkenton for the league lead with 25 TD passes last year, has settled down after finally signing a new contract. Running back Jim Braxton, who rushed for 823 yards, is back but wide receiver Ahmad Rashad paled out his option and is gone.

New England traded quarterback Jim Plunkett at his request and his replacement, Steve Grogan, has performed well in the exhibition games despite the Patriots 2-3 record. Sam Cunningham is the top runner.

Wide receiver Randy Vataha, the team's leading pass catcher, suffered a fractured cheekbone last week and is expected to be out at least four weeks.

In addition, Steve Burks hurt a knee that was put into a cast, leaving the Pats with just two wide receivers, veteran Darryl Stingley and rookie Willie Armstead.

Lou Holtz, the new Jets coach from North Carolina State, promises an exciting enthusiastic team with a will to win. He admits he's not a miracle worker, but at the same time he said the goal is to make the playoffs.

But the Jets, making numerous mistakes, are 1-4 in preseason play with Pittsburgh still to be played.

While Joe Namath remains the drawing card and the

greatest threat for New York, rookie Richard Todd is expected to start getting some work this year as Holtz grooms him for the quarterback post.

Hobbled with knee injuries which severely limit his mobility, Namath completed only 48 per cent of his passes a year ago, but he still has fine receivers in tight end Richard

Caster and wide receivers Jerome Barkum and David Knight.

Gone is running back John Riggins, who played out his option, the retired Emerse Booser and Carl Garrett, who was traded. Newcomer Ed Marinaro, a free agent from the Minnesota Vikings, will have to take up much of the slack.

Faith in God can conquer fear.

Fhe dark shadow of fear creeps into all our lives at one time or another and threatens to dim the bright glow of our security and peace of mind; regardless of whether the thing we fear is real or imagined. We are often apprehensive about illness, crime, failure, poverty and all manner of human disasters. Instead of succumbing to the paralysis of dread, learn how faith in God will help you conquer your fears and replace them with an absolute trust in His guidance and protection. Bring your fears to Church this Sunday and learn how groundless they can be when seen in the light of faith.

Skipping School Leads To Life Of Crime, Parole Official Says

AUSTIN (AP) - The kid who makes a habit of skipping school stands a good chance of being tomorrow's burglar or robber, says the youngest member of the Texas Board of Pardons and Paroles.

Paul Cromwell, 33, spent time on the streets of Houston as a juvenile probation officer before becoming a college teacher, parole commissioner and, finally, board member.

"I now see coming up here for parole a number of juveniles I worked with who have graduated and are doing their postgraduate work at Ellis Prison Farm," he told an interviewer.

"The most disappointing thing in my life is to look at the file of a person I knew as a juvenile who was a truant or runaway at 12 or 13 and is now doing time for burglary."

Cromwell did his master's thesis at Sam Houston State University's highly regarded criminal justice Department on the relationship between chronic truancy and, later, more serious delinquency.

"There's a strong relationship," he said.

Cromwell is part of the most diverse group of persons ever appointed to the board. He views himself as the "middle-of-the-roader" between Ex-Dist. Atty. Clyde Whiteside and Selma Wells, a black woman whose late husband was an ex-offender.

He opposes the death penalty yet figures he can sit objectively on clemency cases.

In dress, he favors dark, pinstripe suits but wears slightly more rimless glasses. Since Presiding Judge John Onion of the Court of Criminal Appeals named him to the board in December, he has grown a mustache. His dark hair is becoming prematurely gray.

Cromwell admits to being "a mouth" and sometimes wonders whether his outspokenness might cause the Seante to "bust" him when his appointment comes up for confirmation next year.

The board, he realizes, is a favorite target of persons on the left who think it is too stingy with paroles and those on the right who think it is too willing to turn criminals back into society.

He despairs of doing much to curb crime until somebody finds a way to keep its seeds from germinating in the young.

"You hardly see a person in prison who didn't have a juvenile record...All we are doing is treating the symptoms when we work with them in prison and on parole."

The Texas Youth Council is doing a pretty good job but by the time they get to the TYC, they sometimes are beyond repair. Somebody ought to be catching them before the juvenile court stage. The ones in TYC we've just got to accept that 50 per cent of them are going to continue being a problem to society and start looking at the ones coming in," Cromwell said.

Cromwell agrees with the new crop of criminologists who are comfortable with the notion that prison is for punishment.

"Rehabilitation is the icing on the cake...When a judge or a jury sends a man to prison it is not to be rehabilitated. It is for

punishment for the crime he committed. When I look at a case for parole, I have to look at the magnitude of the offense. Society has a right to punish by placing an individual away from the community for a time," he says.

He's also hard-nosed about paroling convicts with a tendency toward violence.

"My feeling is that if you were carrying a gun, that is an assaultive act in itself," Cromwell says.

In parole revocation cases, even if the parole officer recommends only a reprimand, "I'll vote to revoke if he was carrying a gun. That man is a potential murderer," he said.

While at least one prison

reform group, Citizens United for the Rehabilitation of Errants CURE, objects to a proposed new prison, Cromwell supports it.

A new prison will relieve crowding and the "double bunking" that increases prisoner-against-prisoner assaults and homosexual attacks, he said.

"Tanks are what we are going to have in the Texas Department of Corrections pretty soon unless something is done about the population," Cromwell said.

He advocates a statewide probation system, with state subsidies and standards of education and caseload for probation officers. This would tend to reduce prison popula-

tions, he believes.

"Right now, we've got probation officers with 800 cases, and 200 are not rare. What probation means in most counties is a suspended sentence, so I can see why judges send so many people to prison," Cromwell said.

Attitudes swing in cycles, he believes, from treating crime as a sickness to "getting tough" with criminals. But neither approach has worked, he added.

"It's a terrible thing to say but I don't think there is much you can do to change a person's criminality once he becomes an adult and forms his concepts of right and wrong. But you can provide him an opportunity to change himself, if he wants to."

Peso Devaluation Hits Everybody

BROWNSVILLE (AP) - Devaluation and inflation are meaningless words to 10-year-old Raul.

But he does understand his pesos won't buy as much as they used to in the U.S. stores.

Raul, a shoeshine specialist in this Mexican city across the Rio Grande from Brownsville, Tex., was caught along with millions of others Tuesday when the Mexican government announced the peso would be allowed to float in the international money market.

Raul says he'll take pesos for his shoe shining chores but he'd rather the tourists pay him with American money because "it's easy to spend."

Following Tuesday's announcement, many American businessmen throughout the Rio Grande Valley quit accepting pesos.

Thursday, when the Mexican banks opened, the pesos plummeted from eight cents to five cents.

A Matamoros banker blamed U.S. inflation for the devaluation saying, "We buy much more than we sell to the U.S. We have to do something to stimulate private enterprise in our country. We have brought the inflation in the U.S."

Nicanor Chapa Marti, director of the Banco Commercial Mexicano, also said American investors caught with a pocketful of pesos were not hurt by the devaluation because "they made so much profit in the past."

An American banker disagreed. "It cost anyone with any pesos something," said Otis Parchman, president of the First National Bank in Brownsville. "Every investor dealing in pesos was hurt, depending upon the type of investment."

Marti opened his bank Thursday to a throng of curious customers and a constantly-ringing telephone. American bankers-and-were anxious to establish a rate of exchange for pesos and dollars.

"We are buying dollars at 20.40 pesos," said Marti. "And we are selling dollars at 20.60 pesos. This rate was suggested by the Banco de Mexico. They help us determine rates but we will make adjustments every

day according to the money market."

American businessmen resumed accepting pesos Thursday from customers like Raul and his mother who shop for food and clothing in Brownsville

"sometimes three times a week."

Some U.S. banks along the border said they were exchanging pesos for dollars at 20 to one rate.

NEW GIRL IN TOWN - Detroit, in this case - happens to be an identical twin. "Flora," a life-size bronze by French sculptor Aristide Maillol, a new addition to the Detroit Institute of Arts, is an exact duplicate of a sculpture in the Tuilleries Gardens in Paris. "Flora," being admired by Claudia Barker of Grosse Pointe Shores, Mich., is a gift of former Detroit Mayor Ben Silberman, now a Californian and owner of the Beverly Hills Hotel.

From 1933 to 1936 a severe drought converted the Great Plains into a "Dust Bowl." Duluth, Minn., was incorporated as a city March 1, 1870.

Free House Rebuilt For Old Neighbor

McKINNEY, Tex. (AP) - As chilling winter rains swept East McKinney last January, retired McKinney carpenter W.M. Jeter decided he'd seen enough.

Outside, his 73-year-old widowed neighbor Julia McDade was tottering on an old ladder in an attempt to plug gaping holes in the tattered roof of her tarpaper shanty.

"I said to myself, 'Lord, I'm gonna do somethin,'" said Jeter.

What he did was completely build a sturdy, new two bedroom frame house for his neighbor - without charging her a penny.

Jeter, a carpenter for 35 years, is nearly 71.

Mrs. McDade will soon move next door into the new house, leaving behind her sagging shack, with its dirt floor, battered walls and wood-burnt stove.

For the first time in her life, she'll have indoor plumbing.

"This woman needed a home and I decided to do it myself," said the lean, friendly carpenter, who lives across the street.

Jeter agreed to dismantle an old church parsonage nearby in order to obtain lumber,

sheetrock, nails, doors and windows for the new house.

Mrs. McDade spent hours pulling nails from the lumber, while Jeter, a sixth-grade drop-out, lobbied with city officials to obtain permits for his project.

He once appeared before the McKinney City Council - carrying rough blueprints penciled on the back of an old board.

Some of the materials and money and groups and one of Jeter's longtime friends, an electrician, did the wiring.

But Jeter did the remainder of the work, laboring nearly five hours a day since last April. He laid a foundation, built the frame, installed the plumbing, hung sheetrock and constructed the roof.

"Mr. Jeter is some neighbor," said the diminutive Mrs. McDade as flies buzzed through the screenless windows of her shack. "He took it upon himself to build me a house."

Money from the North Texas area has begun to trickle in as people have heard of Jeter's project. He is planning an open house celebration in late September when he finishes the new house.

State Officials Asks For Car Air Bags

AUSTIN (AP) - The U.S. Department of Transportation should immediately require all new cars to have air bags as a means of preventing injuries and deaths, State Insurance Board Chairman Joe Christie says.

"Further delay in unconscionable as a contribution to fatalities and injuries, on our nation's highways," Christie said Thursday in a letter to Secretary of Transportation William Coleman.

Americans are turning more and more, he said, to gasoline-saving small cars as a result of national energy policy. These cars "expose our citizens to greater risk of death and disabling injury," he said.

He advised Coleman not to accept at face value statements of auto makers that there is little public desire for the devices.

"Lack of public awareness and therefore interest in the optional safety feature of air bags may be largely attributable to poor advertising and the lack of a marketing program for air bags," Christie said.

The insurance industry, not the car manufacturers, is

promoting the purchase of cars with optional air bags, he said.

Christie told Coleman that he believed making air bags mandatory in new cars would slow the rapid rise in car insurance rates.

"I submit that the standard for passive restraint systems, would further reduce fatality rates as well as reducing bodily injury damages in automobile accidents. These reductions in turn would make a great contribution in keeping drivers off the slippery financial slopes of higher automobile insurance rates," Christie said.

The largest cigars in the world, two feet, eight-and-a-quarter inches long, are made in Andorra - one of the smallest countries in the world.

Drive Announced For Voter Registration

AUSTIN (AP) - Gov. Dolph Briscoe and Secretary of State Mark White announced Thursday month-long drive to register all Texas voters.

"The strength of our democratic form of government depends on the active participation of citizens in the political process," Briscoe said in signing a proclamation making September "Voter Registration Month."

White said as chief state elections officer his office had been working on the project for the past two months and has received support from a large number of business, labor and civic groups.

"Over one million voter applications will be available in 3,200 grocery and convenience stores and some 500,000 applications will be available in 5,000 beauty shops throughout Texas," White said.

Registration materials also will be obtainable through 320 savings and loan associations and at Department of Public Safety Driver license district offices.

School districts have been asked to assist in the drive and so far 221 districts have requested 87,632 voter kits for their pupils.

Eleven chamber of commerce have received 112,110 applications which will be given to businesses in their area to be included in employe pay envelopes.

In addition, White said, the Governor's Committee on Aging will distribute more than 17,500 registration kits through their 26 regional offices and some 150 nutrition centers. Those enrolled in adult education classes also will get the voter kits.

Each kit contains an explanatory letter and an application for a voting certificate.

Qualified unregistered voters need only to fill out the application blank and mail it to

their county tax assessor-collector who will send them back the blue voter certificate.

If a voter has the blue voter certificate now it shows he is registered and ready to vote, White said.

Registration for the Nov. 2 general election must be completed 30 days ahead of time by Oct. 1.

Aside from the black slaves who fought in the Revolutionary War, there were white indentured slaves, men and women, mostly from England, who had sold themselves into bondage to earn their passage to the new world. It is believed that half the white immigrants going to America during the Revolutionary Era were indentured. The World Almanac notes that service in the Continental Army won freedom for many of these men.

When you lease or finance Gifford-Hill's 360, it will be on your terms.

Nowhere in the world can you buy or lease a better pivot irrigation system. Gifford-Hill designed the 360 to be everything the farmer wanted it to be. And now, it's equipped with a lease or finance plan that's everything a farmer wants it to be.

Since just about everybody's got their own way of keeping records and allocating capital for the year, we can help you work out a way of leasing or financing a 360 that will fit into your financial planning.

But these plans aren't the only way the 360 has of improving your financial position. You can produce a better crop and reduce your pumping costs at the same time.

All of your field gets the same amount of water because of Gifford-Hill's unique sprinkler spacing. And your crop gets the maximum benefit from the water because the drop is small enough to penetrate the soil. It doesn't compact or puddle. You use less water at lower pressure than you do with any other system.

So, while we help you increase the amount of money you make, we can also help you increase the number of ways you have to spend it.

Come talk to us. On your terms.

Hollywood drama

Hollywood Television Theatre, the long-running dramatic anthology series aired on PBS, will present five plays during its sixth season. This series, which gives many west coast actors the chance to really show their stuff away from cops and robbers shows, will be seen on consecutive Thursdays beginning September 16.

CARROLL O'CONNOR and SALLY STRUTHERS aren't smiling for long on All in the Family this week, and baby Joey is caught in the middle. The friction starts over whether or not Joey should be baptized. Archie says yes. Mike says no. (REPEAT)

The Hereford Brand, Hereford, Texas, Friday, September 3, 1976

same character at different stages in his life, all onstage simultaneously. Tim Matheson, Perry King, Mitchell Ryan and Alexander Scourby play the four Hemingways.

To Catch a Tapeworm -- If Necessity is the mother of Invention, then a swallowable tapeworm is an invention only a mother could love. The question is, why did the inventor consider it necessary. Was he dissatisfied with the way his old-fashioned, non-swallowable tapeworm trap worked?

Whatever the reason, the trap is only one of a series of oddball 19th-century inventions, all patented, featured in an animated sequence in "The Second Revolution," the 11th and final special in the American Parade series. The program, narrated by Tony Randall, will be presented Sunday, September 12 (10-11 p.m., ET).

NBC recently announced plans to air last year's debacle of disaster flicks, "Earthquake," as the premiere attraction in its new series, The Big Event. The one thing this picture had going for it was the fact it literally shook up its audience, with the newly devised "sensurround" technique. All of this will be absent from your home screen viewing, of course.

Election Year Pay Raise Issue Now Goes Before Senate Members

WASHINGTON (AP) - It is now up to the Senate to decide whether senators, congressmen and other members of the upper strata of the federal government should accept pay raises in the home stretch of a national election year.

Members of the House of representatives, most of them in the midst of re-election campaigns, decided on a 325 to 75 vote Wednesday that they really don't need election year pay hikes. And, in a surprise move, the House also decided the election year salary increases should be denied to senators, federal judges and high executive officials.

The pay raise for the lawmakers and high-level officials would be automatic as of Oct. 1 under usual procedure. If members of the House and Senate take their automatic pay raises their salaries would rise from \$44,600 a year to about \$46,740 a year.

The House voted against the pay raises by adding an amendment to the bill that provides money to run Congress and its related agencies. The House then passed the \$780-million measure.

The bill now goes to the Senate, which is expected to take it up after the Labor Day recess.

While all House seats are up for election, only one-third of the Senate seats are at stake and senators presumably are feeling less political pressure to avoid a raise that might inflame voters.

Moreover, senators favoring the raise can argue that it would be unfair to deny the adjustment to about 2,000 nonelected workers.

If the Senate disagrees with the House about the need for pay raises, the issue will go to a conference committee for resolution.

Early Warning To Cancer Found By Two Scientists

SAN FRANCISCO (AP) - Two scientists say they have inadvertently found a substance in the blood of cancer patients that could provide an early warning system for the dread disease.

Dr. J.C. Morrison and E.T. Bucovaz of the University of Tennessee said Wednesday that tests of 4,200 persons showed the system was nearly 90 per cent accurate in identifying whether patients had cancer.

They told a news conference at the American Chemical Society national meeting that if it proves itself in further studies, the blood test could in three years be part of routine yearly physical examinations.

Chemical Executives Acquitted Of Pollution Coverup Charges

By DOUGLAS E. CALDWELL Associated Press Writer

ALEXANDRIA, Va. (AP) - Two chemical executives accused of trying to cover up Kepone pollution in the James River were acquitted Thursday of conspiracy charges.

U.S. District Judge Robert R. Merhige, who heard the case without a jury, declared: "I simply am not satisfied beyond a reasonable doubt. It's as simple as that."

The two defendants, Frank L. Piguet, 52, and Gerald P. Williams, 36, both executives of Allied Chemical Corp., stood as the judge announced his verdict. They showed no emotion.

The judge reached his verdict less than an hour after he declined to throw out the charges and the defense rested its case without calling any witnesses. The prosecution rested its case Wednesday.

The trial is the legal climax thus far of a dramatic and far-reaching pollution episode that has halted some commercial fishing in parts of the Chesapeake Bay and the James River and raised concerns about the health impact of Kepone on chemical plant workers.

Kepone is a white powder used in ant and roach poisons. It has been found to cause cancer in animals, according to government studies.

U.S. Atty. William B. Cummings said at the outset of the trial that it was a major test of pollution laws and enforcement methods.

The government's case relies to a large extent on the testimony of Virgil A. Hundtofte, a former plant manager for Allied Chemical's Hopewell, Va., agricultural products plant where the alleged dumping took place in the early 1970s.

Hundtofte's 1974-75 operation of a Kepone plant in Hopewell after he left Allied.

Two other former Allied officials have pleaded guilty to lesser offenses in the case. In addition, the company has pleaded no contest to 940 counts

of dumping chemical wastes into the James, although it won the dismissal of conspiracy charges against it.

The trail is the first of a series of civil and criminal cases growing out of the manufacture of Kepone by Allied and later by Life-Science Products Co., founded by Hundtofte after he quit Allied.

Life-Science was shut down by Virginia authorities in July 1975 after about 80 of its workers came down with symptoms of Kepone poisoning.

with the corps' recommendations as to how to set up and who should pay for the inspection program, were sent to the secretary of the army in May 1957.

An Army spokesman said the Army approved the plan and legislation to put it into effect in December 1975. Wilson said they call for the states to conduct inspections of "the great bulk of privately owned dams" following standards provided by the corps.

He also said that a majority of states indicated that they should conduct the inspections, but that a number also said they could not pay for the safety checks without federal aid.

The law was enacted in 1972 within months of the Buffalo Creek, W. Va., and Rapid City, S.D., disasters. More than 320 were killed and property damage was estimated at \$165 million in the two cases.

The Army's inventory of dams to be inspected, along

Testifying before a house subcommittee Tuesday, Brig. Gen. Drake Wilson of the Army Corps of Engineers said "no inspections have been performed due to limited funding."

Wilson later said in an interview that the Army engineers had been given funds to compile an inventory of the dams after the law was passed and signed in August 1972. But, he said, the White House then decided the inspections should be a state, not a federal function.

In March 1976, almost a year after the report went to the Army secretary for approval and almost four years after the law was passed, legislation to put it into effect was sent to the White House Office of Management and Budget for its approval.

The OMB still is reviewing it, but a spokesman says the legislative recommendation that finally could implement the law should be on their way to Congress "before long."

Satanic Worship Results In Death

WICHITA FALLS, (AP) - Relatives of a man charged with killing his wife by thrusting an arrow through her heart in Brighton, Colo., say he was involved in Satanic worship.

Ray Crelia, 25, has been charged with murder in the death of his wife, Julia, 22. Her body was found Tuesday by two tourists along Interstate 70 a mile east of Seibert. Crelia was arrested about four hours later.

Authorities described it as a "cultist or ritual-type slaying." Crelia's stepmother, Mrs. N.J. Crelia, said here Wednesday her son and daughter-in-law "got started on drugs and he thought he was God. He said he worshipped the devil. It is all a nightmare."

She said Crelia had really been preoccupied with Stanism the past few weeks following a trip to Austin.

The chief investigator for the Adams County Sheriff's in Brighton, Gene Hodges, said an investigation revealed that Mrs. Crelia had been struck on the head with a bolo-type knife.

This probably occurred in their apartment in Brighton, where the couple moved two weeks ago, Hodges said. She was then taken to Kit Carson county and stabbed, he said. The tip of the arrow was found embedded in her heart and the arrow was found beside her body.

Those who knew Julia Crelia said she was a very nice and conscientious person who was very involved in the Christ United Methodist Church. Her employers at Midwestern State University's Moffett Library, where she was a secretary-receptionist, said they thought highly of her.

The management of a drapery firm where Crelia worked "on and off" for about five years, confirmed Wednesday that he was fired recently.

Mrs. Crelia said the couple left for Colorado two weeks ago after he announced to his family that he was God and that he worshipped the devil.

"Ray and Julia Crelia worshipped each other when they were not on anything," Mrs. Crelia said. "She would do anything for him, go anywhere, try anything. They got into some type of drug, LSD or something, that neither one of them could handle."

DIAMOND MINE LOS ANGELES (AP) - A six-carat, 75-point diamond is the largest ever uncovered at Arkansas' Crater of Diamonds, the only place where diamonds are found in the Western Hemisphere.

According to the Rand McNally "Traveler's Almanac," the whopper was found in April 1975 by a Missouri tourist at the Murfreesboro site, now open to the public as a state park.

He also stressed the test is a general one that may indicate cancer is present but will not tell doctors where.

"This could be a test that would tell a doctor that he should run further tests on a patient, watch the patient closely," he said.

Bucovaz said the two began their research looking at something quite different - the structure of yeast cells. In trying to find a protein molecule in the cells, they mixed the

yeast with human blood to see if the molecule they were looking for would combine with a different protein in the blood.

By chance, Bucovaz said, the blood they were using came from a cancer patient, and they found that a protein in the blood did latch onto the yeast protein.

When they repeated their experiment with blood from a healthy person, he said, it didn't work - the proteins did not combine. With 87 per cent of the cancer patients they tested later, they said, the combining occurred; in 91 per cent of the cancer-free patients there was no combination.

VETERAN FIREMAN SAN FRANCISCO (AP) - After 54 years as a fireman, George Washington Ryst, 83, retired recently.

He joined the department in 1922, became a lieutenant in 10 years, and captain in another eight. For the past 22 years, he has worked at fire prevention.

When San Francisco made retirement mandatory at 65, those already working for the department were exempted, so Ryst stayed on.

Mr. Wheat Farmer... INCREASE YOUR YIELD per ACRE

with the New Variety CAJEME 71

a Hard Red Spring Wheat

Yields of 120 Bushels and more have been realized from this new Wheat... developed in Mexico... plant in March and harvest in July. This bonus wheat will not only out produce winter wheat...it also has a higher protein percentage, meaning not only more bushels but a bonus as well. It is a hard mill wheat and the grain elevators accept it as well as winter wheat so there is no market problems..

Today In History

Today is Thursday, Sept. 3rd, the 247th day of 1976. There are 119 days left in the year.

Today's highlight in history: On this date in 1783, the Treaty of Paris between the United States and Britain officially ended the Revolutionary War.

On this date: In 1658, Oliver Cromwell, the Lord Protector of England, died.

In 1826, the first American warship to circle the world, the U.S.S. Vincennes, left New York on its four-year voyage.

In 1892, Britain assumed the protectorate over the Gilbert Islands in the central Pacific.

In 1916, in World War I, the Allies turned back the Germans at Verdun, in France.

In 1939, Britain and France declared war on Germany at the start of World War II.

In 1945, Singapore was returned to British control after being occupied by the Japanese since 1942.

Ten years ago: President Lyndon B. Johnson pledged federal help to improve the lot of rural Americans and to stem migration into overcrowded cities.

Five years ago: The United States, Russia, Britain and France signed an agreement on Berlin intended to end an era of confrontation in favor of a new relationship in Central Europe.

One year ago: A teachers' strike in Chicago kept 900,000 students from returning to school.

Today's birthdays: Former baseball player and manager Eddie Stanky is 59 years old. Singer Dorothy Maynor is 65.

Thought for today: We have no more right to consume happiness without producing it than to consume wealth without producing it - playwright George Bernard Shaw, 1856-1950.

Bicentennial footnote: One hundred years ago, Gen. George Washington warned that any individual guilty of cowardice, plundering or rioting would be punished.

The Cheyenne River is 527 miles long, rises in East Wyoming, and flows northeast to the Missouri River in central South Dakota above Pierre.

In 1807 Congress ended the importation of slaves after Jan. 1, 1808.

Ann Landers

Have A Ball

DEAR ANN LANDERS: I usually agree with your common-sense answers but find your mind closed in regard to husbands who ask their wives to beat them periodically. (After the beatings they are docile and loving.)

You say these people are sick. You are wrong. My husband and I have followed this pattern for years and I am thankful and I have followed this pattern for thankful we feel free to express our innermost desires.

We take turns whipping each other, but always with a trusting and mutually rewarding understanding. There is no hostility or brutality. It's just another way to have fun.

We believe it's normal to do whatever makes us feel happy and loving. Your experts will tell you the centers of pain and pleasure are not far apart. I hope you will print my letter in the spirit of "live and let live."

--K.J. In Delaware. DEAR K.J.: Here's your letter and my best wishes. Have a ball. "It's nobody's business if you and your husband want to whip each other with (or without) a "trusting and mutually rewarding understanding." You can tie each other up, use chains, bedsheets, clotheslines--whatever. Be my guest.

True, the centers of pain and pleasure ARE close together, but they are far enough apart so that healthy lovemaking is distinguishable from a sado-masochistic turn-on.

How fortunate that you two fun-loving kids found each other. It would have been disastrous had either of you married someone normal.

DEAR ANN LANDERS: I need help and can't trust anyone but you. I'm a widow, 58 years old. I met this man who seemed very decent and treated me like a lady. He asked me to marry him on our third date. I was lonely and Mr. Z brought a certain excitement into my life that had been missing for a long

ACROSS FROM THE POST OFFICE IN DOWNTOWN HEREFORD

time. I said yes.

Within the week I learned the following: I would be Mr. Z's sixth wife. (All previous marriages had ended in divorce.) His mother is 84 years old and lives with him. His house has been sold and must move within 90 days. He expects to move in with me--which, of course, means his mother would move in also. (She's a nice woman, but practically bedridden.)

I have a modest inheritance, a fine job and am in good health. Mr. Z retired last year (at age 65) and has very little money beyond his small pension and Social Security. He says he will not take any kind of a job, even part-time, because he has "worked enough already." I'm between the devil and the deep blue sea. Help me! -- F.G.

DEAR F. G.: Take the sea, honey. You don't need a five-time loser who won't work--with a semi-bedridden mother, yet.

If you're lonely, enjoy his company (as long as it lasts). But don't marry him.

DEAR ANN: Here I sit at my desk--with the same ol' bunch of knots in my stomach. Why? My two pre-school kids have been

dropped off at the babysitter's and my house is a mess.

I've worked for 14 straight years with two months off each time to deliver and report back to work.

Quit? I can't unless we give up the art of eating. We'd have to forego necessities, not luxuries. My husband would have to work two jobs. I'd NEVER be home and he'd NEVER be home. Settle for a part-time job? None to be had in this field.

I feel trapped. What's the answer?--Grass Looks Greener. DEAR GRASS: Maybe it's a part-time job in another field. Start looking, doll. "Trapped" people get ulcers, migraines, backaches and their kids are often victims of the anxiety and frustration.

"Sexual freedom" presents a difficult decision for teenagers and their parents. Ann Landers offers down-to-earth advice in her new booklet, "High School Sex And How To Deal With It--A Guide For Teen And Their Parent." For each booklet, send 50 cents in coin plus a long, stamped, self-addressed envelope to Ann Landers, P.O. Box 1400, Elgin, Illinois 60120.

Marriage Licenses Forged By Students

KNOXVILLE, Tenn. (AP)--At least 30 unmarried couples who are University of Tennessee students used fake marriage certificates to move into the school's housing for married students, officials say.

Earl Underwood, manager of UT's rental properties, said his office discovered the bogus certificates during a routine check of the files about two weeks ago. Underwood refused to say how many certificates were involved, but Knox County Court Clerk Dwight Kessel said Underwood brought about 30 fake documents to his office.

Kessel said an examination of the photostat copies of the

marriage certificates showed they had been forged.

"These are really forgeries, but it is something that no one ever prosecutes, sort of like beating the system," Kessel said Tuesday.

Underwood said the students with forged certificates were evicted from the university apartments and their names turned over to university officials.

The university has 1,690 apartments for married students. The price ranges from \$90 to \$160 per month, including utilities. Private housing near the campus begins at about \$180 per month, plus utilities.

Thoughts

"May the Lord give strength to his people! May the Lord bless his people with peace -- Psalm 29:11.

The search for peace has its high hopes and its deep frustrations. But after the frustration, there is always renewed hope. On behalf of the United States I would say

in my closing words that we believe that international peace is an attainable goal." -- John Foster Dulles, former Secretary of State, addressing the United Nations.

Skin diving, one of the fastest growing sports in the United States, got its start shortly after World War II.

SAN FRANCISCO is growing up. Aerial view centers on the city's changing high-rise heart. Tallest structure is the pyramid-shaped Transamerica Building. Golden Gate bridge is in right background.

Federal Agencies Told No Foreigners

WASHINGTON (AP)-- President Ford is ordering government agencies not to hire foreigners to live in the United States.

In barring aliens from holding jobs in the federal government, Ford urged Congress to come up with legislation that will say exactly what rights aliens can exercise within the United States.

Ford's decision affects millions of aliens who otherwise might have sought federal jobs all over the country, ranging from janitors to secretaries to middle-level administrators. The order signed Thursday prohibits government hiring of aliens "except where the efficiency of the service or the national interest dictate otherwise."

The President's decision comes after a Supreme Court ruling last June struck down a Civil Service Commission regulation that also banned permanent resident aliens from government jobs. Those barred from federal employment are foreigners authorized to live in the United States but who do not obtain citizenship.

The court's decision was based on the justices' view that the Civil Service Commission lacked the authority to enact such a regulation. But the court suggested that Congress or the president could issue such a ruling and Ford's action Thursday took advantage of that invitation. In calling on Congress to

define the rights of aliens through legislation, Ford said the Senate and the House have primary responsibility to regulate the conduct of foreigners within the United States. He urged Congress to look promptly into the issues involved.

The central question involved is whether American citizens should get first consideration for U.S. government posts.

Citrus, Vegetable Growers Oppose Freight Rate Increase

Proposed increases in rail freight rates now before the Interstate Commerce Commission, in which carriers propose to increase the cost of shipping fresh citrus, melons and vegetables from Texas to all destinations by as much as 91 per cent, have been opposed by the Texas Citrus & Vegetable Growers & Shippers, a Harlingen based agricultural association representing the interests of the Texas growers and shippers of fresh fruits and vegetables.

In a verified complaint submitted to the I.C.C., C.K. Rivera, executive vice president of the association reminded the Commission that Texas agriculture competes with California and Florida for the housewife's dollar and the increases proffered by the rail carriers would not only eliminate the use of rail transportation for the marketing of Texas fresh produce but would very likely result in growers ceasing production of certain fresh vegetables or going out of produce farming, the ultimate result being increased costs to the housewife's family.

According to the association, the proposed increases are excessive and inflationary and unlawfully discriminate against shippers of Texas fresh fruits and vegetables since the

railroads have not only exempted Florida produce from comparable rate increases but on a rate in cents per mile basis, Texas shippers will be at a distinct disadvantage with shipments of like commodities moving from California.

In the Texas Citrus & Vegetable Growers & Shippers' statement it was pointed out that the rail carriers are

Beef Carcass Show Deadline Nearing

Deadline for entries to the eighth annual High Plains Fed Beef Carcass Show is Tuesday, September 6. Individuals, corporations, companies, partnerships and feedlots may enter one pen of five steers in competition.

Sponsored by the Amarillo Chamber of Commerce and West Texas State University, the show is designed to select the steers evidencing greatest efficiency in converting grain to beef.

According to show superintendent, Dr. Charles M. Smallwood, judging and fabrication will take place from Tuesday, September 14th through Saturday, September 16th. An exhibition of primal

proposing to establish rates at varying minima of from 40,000 to 90,000 pounds. Rail carriers are demanding vegetable ship pers to load in quantities that are unrealistic since most shipments by rail today are transported at weights which do not exceed even 40,000 pounds due to the density of the commodity and the inability of major markets to absorb large volumes.

cut from the winners will be on display at the Texas Cowbelles booth at the Tri State Fair, September 22-25. Entry fee for each pen is \$25. Entries are to arrive at Iowa Beef Processors on Tuesday, September 14th between the hours of 12:00 noon and 4:00 p.m.

Cash prizes, in several categories will range from \$25 to \$1,000. Entry blanks may be obtained from the Amarillo Chamber of Commerce, Amarillo Building, 301 Polk, Amarillo, Texas, 79101. Additional information may be obtained from Smallwood, School of Agriculture, WTSU, Canyon Texas 79016, 806/656-2646.

TWDB Schedules Public Forums

AUSTIN--The Texas Water Development Board (TWDB) announced Wednesday a schedule for 20 public forums around the State of Texas to gain citizen input on the revisions of the Texas Water Plan currently underway by the Board and staff of the water agency.

Executive Director James M. Rose, in a report to the August meeting of the Board Tuesday, said the forums will begin September 10 in Houston and conclude October 30 in the Waco-Temple-Killeen area. The public is invited.

One forum has previously been held in McAllen.

The forums will be held in key cities and towns in Texas' Standard Metropolitan Statistical Areas where the state's economic activity is concentrated.

Rose said the Board and the TWDB urge citizens in each of the areas to attend one or more of the public meetings and make their wishes known concerning Texas' water problems, opportunities, needs and ideas for meeting the water needs of the state now and in the future.

"We've already gained con-

siderable information about the Water Plan from private citizens various organizations, river authority directors and staff and others," said Rose.

The executive director said that the input was obtained at the McAllen forum and during visits he has made in recent months to river basin offices and facilities. Rose has spoken to numerous groups about the action program of the Water Development Board and the Governor's Water Task Force which he chairs.

The revised Texas Water Plan will be submitted to the Texas Legislature early in the next session, said Rose.

Rose said the updated Water Plan will identify the water needs over a 50-year time frame, on an area and river basin level, including the time of need for more water, both surface and underground.

The Water Plan will contain revised estimates of statewide water demands and supplies for municipal, industrial and agricultural uses.

Population projections will be made area by area, region by

region, river basin and sub-basin, all calculated on whether an area has sufficient water or an insufficient amount in the year 2000, 2010, 2020 and into the early 2030's explained Rose in his report to the Board.

The uses of and the need for an additional funding of \$400 million for the Water Development Fund will be discussed at each of the public forums. Constitutional Amendment

Texas Milk Volume Down

COLLEGE STATION--Records from the Texas Milk Market Order indicate that both the volume of milk and the number of dairymen delivering milk on the Texas market is down from a year ago.

This analysis comes from Dr. Randall Stelly, economist for the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service.

The total volume of milk in the Texas market was almost 297 million pounds in July, down 5 million pounds from July, 1975. However, the amount of milk used in Class I (fluid use) was 69 per cent of all producer milk, up 3.89 per cent from last July.

According to Stelly, there was a decrease of 771 dairy producers delivering milk on the Texas Milk Market Order this July compared to July, 1975. However, he points out that the 3,340 producers still delivering milk are getting larger--on the average. While producer receipts for the first seven months of 1976 were 21 million pounds or about 1 per cent less than for the same period last year, average daily milk deliveries per producer increased 586 pounds--from 2,370 to 2,956 pounds.

A look at milk prices indicated that producers in Zone 1 (Dallas-Ford Worth area) of the market order received \$10.62 per hundred pounds for milk (at 3.5 per cent butter) used in Class 1. Producers in other parts of Texas received various adjustments to this price, with those in the Rio Grande Valley receiving as much as 75 cents more per hundredweight, notes Stelly.

Proven Wheat Yield Evidence Required

By JOHN FUSTON

PROVEN WHEAT YIELDS: If you want to have a proven wheat yield for the coming program year, you should furnish this office with acceptable production evidence for the 1971 through 1975 production years for all farms you are farming, by September 15th.

CHANGES IN FARM OPERATORS, OWNERS, ETC.: Please report any changes in farm ownership, lease agreements, and/or address changes, so that we can keep our records up to date and send the necessary program information to the proper person.

BURNING OF CROP RESIDUE: The Texas ASC Committee has determined any deliberate burning of any annual crop residue violates reasonable conversation principles and will be considered a practice tending to defeat the purpose of the 1976 Agricultural Conservation Program.

PRICE SUPPORT LOANS: The price support rates for commodity loans in Deaf Smith County are:
Wheat \$1.51 per bushel
Gr. Sorg. \$2.10 per cwt.

CORN OR GRAIN SORGHUM DISASTER ACREAGE HARVESTED FOR NON-GRAIN USE: To be eligible for disaster payments on these acres, you must report the acreage and request an appraisal prior to cutting for silage, or haying or grazing the acres.

Number One on the November 2 ballot gives Texas voters the opportunity to authorize the Legislature, by two-thirds vote, to increase the Development Fund, said Rose.

The increase in funding is vital if the water programs of Texas, for the benefit of many, many small town and cities, including some large cities, is to continue to be healthy, and continue to make a real contribution to the economy and full-employment of Texans, said Rose.

The Development Fund, a

loan fund, not a grant program, is used primarily for hardship cases where the only alternative to funding of water supply and distribution projects would be for the town to raise taxes and increase water bills to an already overburdened community, said Rose.

The Fund is also used to purchase water supply storage space in reservoirs before they are built so that the water is available when and where needed as an area or a town experiences the expected growth.

RELO

FAMILY HOMES REAL ESTATE

MR. BOYER

The timing for you to buy couldn't be better. The following homes are ready to occupy and financing is available.

PRICED REDUCED

VACANT. This 2 story home has 4 bdrms., 1 1/2 bath, Storm Cellar, and 1740 sq. ft., of living space. Brick fenced yard, quiet location Sale Price \$27,900.00

OWNER HAS MOVED VACANT

Extra sharp and price is right at \$23,900.00. 3 large bedrms., 1 1/2 baths, double garage, fenced yard.

OWNER MOVING MAKE AN OFFER

On this home in Northwest Hereford. 3 bdrms, 1 1/2 bath, fireplace, nice carpet, real pretty yard.

ATTENTION IRRIGATION FARMERS

Don't tie up your fertilizer dollars in wheat

At today's grain prices, can you afford to fertilize wheat as you have in the past? NO! What can you do? Consider the Ag ENTERPRISES FERTIGATION alternative:

1. If you are going to graze your wheat, then put down a minimum preplant. When market prices improve, then sidedress in the spring with liquid nitrogen to provide the boost you need to make grain.
2. If you don't plan to graze, simply don't use a preplant--keeps costs down! When the market improves you can add the needed nitrogen through the water.

THE COST

For a system that you can use on any crop, we offer the following:

BASIC FERTIGATION SYSTEM FOR BOTH ROW WATERING & SPRINKLERS

	Retail	Cost	Ag Enterprises
1. Jaeco Stainless Steel Simplex V-Belt Drive Complete.....	\$490.00	\$380.00	
2. 1500 gallon Polyolefin Fertigation Tank	795.00	N/C*	
3. Installation.....	15.00	15.00	
TOTAL	1300.00	395.00	

THE GUARANTEE

1. The pump is guaranteed for one year on all parts and labor.
2. MONEY BACK is not satisfied. (all we ask is that you try our system for one year, two crops, and if you are not completely satisfied we will refund half the price of the system. Your total cost would be \$197.50.)
3. We have made this offer for over two years and to date have not had a single pump returned!

For more information call 267-2633 Vega, or at night call Neal Howell 364-2994 or Steve Jones 364-2357 Hereford

* If fertilizer is purchase from Ag Enterprises
