Flipped School Bus

An overturned Hereford school bus seems immovable following a four-vehicle traffic accident involving the car shown at the left. As a forewarning to other-to be careful, a safety caution sign tells drivers to watch out for school students. The bus was traveling north

on Highway 385 North when a semi-truck ran into its rear forcing the bus the flip over while making a right-hand turn onto the Grand Ave. No injuries were reported in the accident.

School Bus Overtakes In 4-Vehicle Wreck

A large Hereford School District bus sustained relatively heavy damage and its driver was shaken up during a four-vehicle traffic accident at the intersection of Highway 385 North and Grand Ave at about 4 p.m. Tuesday. Officers of the Hereford Police Department rushed to the scene, where no one was found injured even though two cars were severely wrecked, a bus was turned completely over on its side, and a semi-tractor-trailer truck was

damaged. No students were on board the bus.

According to an officer at the scene, both the bus, driven by Homero DeLeon Guerra, and a Swift Packing Co. truck were traveling north on Highway 385 when a pickup truck of unknown origin whipped around the bus and truck and came to a sudden halt in front of the Sonic Drive-In. The semi-truck swerved to the right hand lane to avoid the pickup and then it came in contact with the tail end of the bus.

Allegedly, the force of the truck and the act of the bus turning right on Grand Ave caused the bus to collide with a parked car and overturned at the same time. The bus slid off the parked car, a 1964 Chevy El Camino driven by Pablo Mireles, and then came in contact with a 1973 Chevy Impala driven by Doralea Contreras. The Impala was coming to a stop sign when the front of the bus collided with the front of the car. It bounced back off the bus.

The semi-truck, driven by James Woodall of Sunray, continued to travel north and park at the side of the road.

At presstime, police had no information as to the driver and description of the pickup. It was not at the scene of the accident.

No tickets were issued to any of the drivers at the scene. Police indicated that

a ticket would be issued to the driver leaving the accident if he or she is located.

School officials said the bus which turned over on its left side, was damaged substantially in the rear and dented on the side where it fell.

City Woman Loses Cash

A city woman reported the loss of a billfold containing a substantial sum of cash Tuesday near TG&Y on West Park Avenue.

Mrs. C.L. Russell of 810 Brevard told officers that the purse contained several

cards in addition to \$137 in cash.

TG&Y was also the scene of an incident of vandalism which apparently occurred Saturday night. A large plate glass window valued at \$125 was broken in the incident.

Robber Accosts City Man, Flees Scene Empty-Handed

A Hereford retiree was accosted by a robber southwest of the Hereford State Bank shortly after 11 a.m. Tuesday as he was proceeding to the bank to deposit some checks, but the would-be robber fled the scene empty-handed.

Local sheriff's officers are currently going over a list of suspects in connection with the attempted robbery.

ACCORDING TO Deaf Smith County Sheriff Travis McPherson, Pat Hanlon of 506 Schley parked in the vacant lot southwest of the bank Tuesday and was proceeding to the bank when he was confronted by a Mexican male approximately 30-35 years of age.

The man held a knife at Hanlon's stomach and ran his hands through the checks, prior to asking Hanlon if they were all he had in his possession. Hanlon reportedly answered that they

were all he had an important to him, and the robber replied they "weren't good enough", then turned and ran behind the law offices located across the street.

Hanlon went inside the bank and conducted his business, then reported the incident to the sheriff's office. He was not injured.

MCIPHERSON REPORTED that the would-be robber was described as 5 ft. 7 in. to 5 ft. 8 in. tall and was estimated to weight about 180 pounds. He was wearing light gold pants, a light brown shirt and a worn out brown jacket. His hair was combed straight back and he had a shaggy mustache and what McPherson termed "a five day beard."

Deputies picked up several suspects for questioning Tuesday afternoon, but thus far, no charges have been filed in connection with the incident.

VFD Douses

Bedding Fire

Units of the Hereford Fire Department responded to an alarm on West Fourth Monday afternoon.

Firefighters were summoned to the residence of Daniel Rameriz at 340 West Fourth where a bed was on fire.

Firemen responded to the alarm at 1:08 p.m. and had the fire out in short order.

Former Ranger Charged In Shooting Of Local Man

A 33-year-old Hereford man remained in critical condition in the intensive care unit of Northwest Texas Hospital in Amarillo this morning after he was shot during a disturbance at the Castro County Agricultural Housing Project in Dimmitt Saturday night.

THEODORE NOBRIGO was shot once in the chest with a .45 caliber pistol in the Saturday night incident.

Castro County attorney Robert Buntyn filed aggravated assault charges against William J.T. Robertson, 79, of Dimmitt, in connection with the shooting.

Robertson is the manager of the housing project, and is a former Texas Ranger.

According to investigating officers, the shooting occurred following a dispute over the blocking of the gates at the housing project.

NOBRIGO RECEIVED emergency treatment at Plains Memorial Hospital in Dimmitt, prior to being transferred to the Amarillo hospital.

Castro County Justice of the Peace Marshall Young set bond for Robertson at \$7,500 on the aggravated assault charge.

The housing project manager posted bond following arraignment.

The aggravated assault case will be presented before the next session of the Castro County grand jury.

School Board Joins Tax Group

By BOBBY TEMPLETON
Brand News Editor

No action followed by the Hereford School Board of Trustees executive session Tuesday night to discuss a pending legal suit, but trustees did approve an annual \$200 membership in Texans for Equitable Taxation, Inc. prior to the closed meeting.

Also, administrators and school board members discussed briefly the school bus accident Tuesday afternoon and hear short reports on enrollment and the new superintendent's arrival date. Larry Wartes, acting superintendent, gave the reports.

HE SAID THAT Dr. Harrell Holder, the newly hired superintendent from Bishop, will be on the job by noon Wednesday Sept. 15 as specified in the employment contract. He is preparing his move now after the Bishop School Board was scheduled to meet this week to hire a replacement. Supposedly, it is a principal of a Corpus Christi high school.

Holder replaces Roy Hartman, who served here as superintendent for seven years before accepting the superintendent's job at Grapevine this summer.

Enrollment this week is up by 100 students over last year according to a school board report. The total student body numbers 5,647 students.

James Gentry, trustee, moved that the board join the Texans for Equitable Taxation Inc. (TET) at annual cost of \$200. Its stated purpose is to shift the burden of funding the Minimum Foundation Program (the state program to finance education) from the local taxpayer to the state government.

It seeks memberships from institutional bodies and individuals, who only pay \$10 a year as opposed to \$200 for schools boards and other governmental entities. Gentry noted that the membership will only show an interest and that "we must show up in Austin at the appropriate time to get anything done."

HE PRESENTED a statement of figures compiled by Bill Phillips, assistant superintendent for business. It showed that the local taxpayers could save about \$875,000 if the state picked up 90 per cent of the program costs and the local district funded the 10 per cent cost. This means that the school district tax rate could drop by 41 cents per \$100 of assessed valuation.

Zulu Victims Set Fire

JOHANNESBURG, South Africa (AP) - Victims of Zulu attacks in the Soweto township set fire to an eight-block hostel for Zulu migrant workers early today, and two charred bodies were found in the ruins.

Eyewitnesses said blacks from areas in the big ghetto south of Johannesburg that had been targets of Zulu attacks two weeks ago attacked the Mzimhlope hostel with gasoline bombs. It housed 11,000 Zulu bachelors.

Boston Schools Open Quietly

BOSTON (AP) - Boston's public schools opened quietly today for their third year of court-ordered integration after a night of rock throwing and clashes with police in two white neighborhoods.

No trouble was reported as forces of police stood watch over pupils arriving at South Boston, Charlestown and Hyde Park high schools, scenes of "previous racial turmoil."

Beatie Breaks Copyright Law

NEW YORK (AP) - Former Beatle George Harrison was not aware of it, but he infringed on a copyright when he wrote the melody for "My Sweet Lord" in 1970, a federal judge says.

U.S. District Court Judge Richard Owen, a composer himself, convicted Harrison of copyright infringement Tuesday. Although Harrison did not deliberately plagiarize the melody of "He's So Fine," he did essentially use the work, the judge said.

Medical Cost Control Tried

WASHINGTON (AP) - The government says runaway medical costs are the major health problems facing Americans.

Controlling those costs, which officials said rose to 300 per cent in the last decade, is listed as the top priority in a new five-year health plan released by the Department of Health, Education and Welfare Tuesday.

HHS Key Club Brings Home Trophy From Fall Conference

The Hereford Key Club was granted the distinction of possessing the traveling attendance trophy of the Texas Oklahoma District of Key Club International by bringing more members from its Division 33 to the fall training conference held Sunday at Amarillo High School.

The trophy, presented to division with the most members in attendance, remains with the local club since Mitchell George, a Hereford student, is the Lt. Governor for the division. He is the son of Mr. and Mrs. Jerry Don George of 135 Hickory.

Other divisions represented at the conference were number 6 and 27 composed of Pampa, North Amarillo, Borger, Wheeler, and Childress.

The trophy competition was initiated in Region 1 of this district to stimulate interest and attendance at the conference. It will be held locally for one year until another division is able to take it away by bringing the greatest percentage of members to the next conference.

seven sponsoring Kiwanis Club members. Some of the people leading the local contingent were Eugene Barkowski, president elect of the Hereford Morning Whiteface Kiwanis Club, Dean Herring, a member of the Noon Kiwanis Club, and Gene Brock, Key Club sponsor of the Hereford High School faculty.

Herring presided over a workshop of presidents and vice presidents of Key clubs.

A film entitled, "Challenge Indifference," was presented.

Mitchell George, Lt. Gov. of the Key Club International Division 33 of the Texas-Oklahoma district, displays the traveling trophy won by his group while attending a fall workshop.

Local Woman To Help In Volunteer Program

Mary Hazlewood of Amarillo, Regional Volunteer Coordinator of the First Lady's Volunteer Program, Office of the Governor, announced today that Louise Evans Bruce of Amarillo has been appointed to serve as regional coordinator of volunteer participation during the swine flu inoculation this fall. Assisting Mrs. Bruce in Deaf Smith County will be Bernadette Kalka.

Volunteer Program need many more volunteers to assist during the mass immunization drive against the A/New Jersey strain of influenza. Persons wishing to help as a volunteer should contact either Mrs. Bruce, who serves as Executive Director of the Amarillo Area Academic Health Center, or Bernadette Kalka, Public Health Clinic at Hereford, Texas," Mrs. Hazlewood concluded.

In making the announcement, Mrs. Hazlewood said, "The First Lady's Volunteer Program, a division of the Texas Center for Volunteer Action, is co-sponsoring with the Texas Department of Health Resources the massive effort to protect 10 million Texans from swine flu during a ninety day inoculation period this fall. The First Lady's Volunteer Program will be responsible for all statewide volunteer recruitment and placement during the big health campaign."

Chamber Women Discuss Assembly

By **KERRIE STEIERT**
Women's Editor

Plans for a general membership meeting on Oct. 5 took top priority during a meeting Tuesday afternoon of the executive committee, Women's Division of Deaf Smith County Chamber of Commerce. The meeting was conducted by Mrs. W.E. Sparks, president, at Hereford Country Club.

As director of the upcoming assembly, Mrs. Richard Ottesen announced that the current YMCA campaign here would be the program topic. Chief business concern will be the election of Women's division directors and appointment by the Chamber board of a new WD president.

In affiliation with this, Mrs. O.G. Neiman reported for the nominating committee, which is under the chairmanship of Mrs. Rex Lee. She stated that the names of Mrs. Stanley Simmons and Mrs. Richard V. Davis will be submitted for acceptance as WD directors.

All Women's Division members are welcome at the 5th meeting to be held at Hereford Country Club. The luncheon fee will be \$3.50.

ALSO DISCUSSED by the Chamber women was the general membership assembly to be held Jan. 18, when the C of C Woman of the Year will be

recognized. Mrs. Bill Johnson is in charge of the program, which will be "Hats" presented by Mrs. James Welch. This meeting will also be held at the Country Club.

In keeping with the Chamber by-laws, the board selected Mrs. Simmons to serve as vice president in charge of membership until January. The position had been vacated by Mrs. Joe Railey, who served in that capacity for two years until moving to Lubbock recently.

CONCERN OVER community beautification was expressed by Bill Albright, executive vice president of the Chamber. In his presentation, he requested that the Chamber women coordinate their beautification efforts with those of the Chamber's environmental committee in attacking Hereford's weed problem.

This topic led to a discussion of the irritating fly infestation locally and Talia was cited as a city which has gotten rid of these pests. It was suggested that a letter of inquiry be written to leader in that community, requesting their advice.

Albright expressed his appreciation to members of the decoration and welcome committees for their work at the recent centennial meeting and teachers banquet.

THE CHAMBER executives praised the efforts of Mrs. Eunice Petersen for her placement of paintings in the Chamber office on a monthly basis. Several artists are represented in the display and the public is welcome to view this exhibit.

Routine items were considered and correspondence was reported by Mrs. Johnson.

Also in attendance at the Dutch luncheon were Mrs. Harlan VanderZee and Mrs. Tony McMorries, secretary at the Chamber office.

Keeping Busy

When Mrs. Glenn isn't employed at Holly Sugar, she is occupied with various hobbies and household duties including canning. She is shown canning applesauce which she made from her fruit trees. The Glenns reside at 218 Fir.

Active Homemaker Enjoys Variety of Interests

By **SANDY INMAN**
Brand Staff Writer

VERSATILE, vivacious and versed in craft projects, Mrs. Ken Glenn of 218 Fir finds the time for numerous hobbies as well as being a housewife, mother and parttime employee.

Employed several months of the year at Holly Sugar in the accounting department, Mrs. Glenn spends her leisure time making dip and drape dolls, sewing, creating plaster molds and wall plaques and making goldleaf articles.

Her current project is sewing together denim squares for a patchwork bedspread. She plans to use the bib of jean overalls for pillow shams.

Her two sons, Kevin, a student at Hereford High School, and Brent, who attends La Plata Junior High School, also keep their mother occupied with their variety of interests.

KEVIN JUST completed flying lessons this summer. The teenager, with the aid of other family members, has owned many unusual pets including a six-foot bull snake, a monkey named "Flip Wilson", squirrels, baby wolves and rabbits.

Unlike his brother, Brent's interest lies with athletics. He plays football and basketball. Both of the boys and their parents all enjoy camping when weather permits as well as boating, skiing and motorcycle riding.

Residents of Hereford for over 10 years, the Glenns are members of Central Church of Christ. The attractive homemaker's husband is assistant manager of Big T Pump Co. The couple, who were

married in 1958, are originally from Oklahoma. Opal Glenn graduated from high school at Chickasha and her husband, a graduate of Alex High School at Alex, attended an Oklahoma college.

BESIDES HER varied interests, Mrs. Glenn is active in Alpha Iota Mu Chapter of Beta Sigma Phi Sorority. A member of the chapter for four years, she is currently serving as president.

Other offices she has held include vice president and expansion officer. A highlight of her membership was in 1975 when she was named BSP Girl of the Year.

Two recipes the family enjoys are Onion Stuffed Steak and Pistachio Cake.

ONION STUFFED STEAK
1 1/2 cups bread stuffing
1 pkg. French fried onion rings

3 tsp. salt
1/2 tsp. pepper
1 tsp. parsley flakes
1 cup water
2 lemon juice
1 large round steak (remove bone)
3 T. flour
1 cup beef bouillon
Combine stuffing mix, on-

ions, water and lemon juice. Toss to moisten and let mix stand. Next sprinkle flour, salt and pepper over both sides of steak.

Place stuffing in center of steak and pack firmly. Roll steak and secure with string and toothpicks.

Brown steak and roll on all sides in shortening. Add 1 cup bouillon, and cook 1 1/2 hours or until tender.

Slice and serve with brown gravy or bouillon.

PISTACHIO CAKE

1 box white cake mix
1 pkg. Pistachio instant pudding

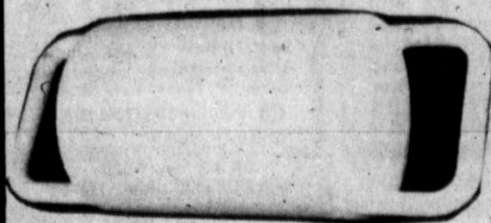

1 cup Wesson oil
1 cup 7-Up
3 eggs
3 drops green food color

Mix together and pour into greased and floured pan (9 x 13 or two round pans) Bake at 350 degrees for 35 to 40 minutes. Cool.

FROSTING

Beat 1 pkg. instant pistachio pudding in one cup milk, add about 1/2 to 10 oz. bowl of Cool Whip. A 1/4 or 1/2 cup 7-Up can be added to spreading consistency. Add two or three drops green food color and keep in refrigerator.

Beef-A-Thon Set Sept. 13

Local homemakers are invited to an informational program prepared by the National Live Stock and Meat Board, who are aiming to educate the beef consumer.

The workshop is scheduled at 1:30 p.m. Monday, Sept. 13 at the Community Center. All interested persons are welcome.

Miss Jayne Hager, consumer services specialist, will be the featured speaker and will conduct a fast-moving demonstration focusing on recipes prepared by the late chef Mike Roy for the Beef Industry Council of the Meat Board. The recipes stress both gourmet quality and low cost.

Also addressing the audience will be Dr. Frank Orts, meats specialist, Texas Agricultural Extension Service, College Station.

These programs are supported by the Texas CowBelles, the Meat Board and Texas Agricultural Extension Service.

Winning the food and nutrition division of the Texas 4-H records book contest, Miss Rhonda Hagar has won an all-expenses-paid trip to the National 4-H Congress in Chicago during the Thanksgiving holidays.

On the national level, Miss Hagar will be competing against 49 finalists for an \$800 scholarship. She is the daughter

of Mr. and Mrs. Richard Hagar of Dawn and is a 17-year-old senior student at Hereford High School.

Miss Hagar won the state title during competition Sept. 1-3 at Texas A&M University. Another local entrant who received first place in her category was Micki Merritt, daughter of Mr. and Mrs. G.C. Merritt. The HHS senior student was cited

for her entry in range management.

Rather than attending the National Congress, Miss Merritt will attend a 4-H Range camp at Brownwood this summer. In each of their division, the girls competed against entrants from 12 other districts in Texas.

Record books from 4-H'ers are judged on leadership and in-depth work.

TOPS Chapter Starts Drive To Add Members

Starting under the new leadership of Mrs. John Gilmore, members of the TOPS evening chapter here are hoping to increase their enrollment.

All interested persons who are concerned about losing weight sensibly are invited, free of charge, to a TOPS meeting at 6 p.m. Monday at Property Enterprises, Highway 385. Parking is behind the building.

Featured speaker for the upcoming meeting will be a representative of the local YMCA project, which is gaining momentum with its new membership drive. The guest speaker will describe the advantages of a YMCA and explain the organization's goals.

Further information can be obtained by calling Mrs. Gilmore.

ATTENTION IRRIGATION FARMERS

Don't tie up your fertilizer dollars in wheat

At today's grain prices, can you afford to fertilize wheat as you have in the past? NO! What can you do? Consider the Ag ENTERPRISES FERTIGATION alternative:

1. If you are going to graze your wheat, then put down a minimum preplant. When market prices improve, then sidedress in the spring with liquid nitrogen to provide the boost you need to make grain.
2. If you don't plan to graze, simply don't use a preplant—keeps costs down! When the market improves you can add the needed nitrogen through the water.

THE COST

For a system that you can use on any crop, we offer the following:

BASIC FERTIGATION SYSTEM FOR BOTH ROW WATERING & SPRINKLERS

	Retail	Cost	Ag Enterprises
1. Jaeco Stainless Steel Simplex V-Belt Drive Complete.....	\$490.00	\$380.00	
2. 1500 gallon Polyolefin Fertigation Tank	795.00	N/C*	
3. Installation.....	15.00	15.00	
TOTAL	1300.00	395.00	

THE GUARANTEE

1. The pump is guaranteed for one year on all parts and labor.
2. MONEY BACK if not satisfied. (all we ask is that you try our system for one year, two crops, and if you are not completely satisfied we will refund half the price of the system. Your total cost would be \$197.50.)
3. We have made this offer for over two years and to date have not had a single pump returned!

BUSINESS & INDUSTRY REVIEW

HEREFORD GLASS CO., INC.

Mr. Verdon Watts, manager for the firm and Kathy Morgan, bookkeeper and custom frame assembler display some of their frames available in their shop.

Hereford Glass Co., Inc. has been in the same location, 1302 E. Park Ave. for the past 26 years. When the business was founded by Mr. Fritz Dodson, the primary items handled were glass and mirrors. Now the firm handles glass, mirrors, auto glass, artist supplies and both ready-made and custom picture frames.

In the past few years, the business has doubled the size of their picture frame display area and now offer over 200 styles of custom picture frame materials.

Mr. Verdon Watts, manager of the firm for the past ten years, is one of the reasons for the firm's success. His knowledge of the firm's products and concern for the business and their customers has been a great contributing factor. Mr. Watts stated that he has watched the city of Hereford expand both in business and residential areas and expects the prosperous growth to continue in the future.

Verdon belongs to the Noon Lions Club and both he and his wife Billie are active in the First United Methodist Church.

Mental Attitude Key To Win Upshaw Says

Mental attitude is the key to a Hereford victory over Palo Duro Thursday night says Herd head coach Fred Upshaw. Upshaw has made the statement at a meeting of the Hereford Booster Club Tuesday night.

"We've got to play and play hard," Upshaw said. "It's tough to keep getting up week after week, but we have to get ourselves back up, or down as the case may be, and be in the right frame of mind."

Upshaw leads his troops against the Dons in Amarillo Thursday night, and according to a scouting report on Palo Duro given at the meeting by Hereford coach Carroll Tucker, the Dons are "Big as a Barn."

Tucker told the booster club that Palo Duro is bigger than average. According to the coach the Dons offensive line averages around 192 pounds. Anchoring the line is a center who tips the scales at 255.

"On offense they run at I-Slot formation and like to run the power sweep with both guards pulling, and on defense they use a Split-Four Look alignment with only two down linemen," Tucker added.

Tourney Set By Forum

The American G.I. Forum is sponsoring their first Annual Golf Tournament this Saturday, September 11 at the Hereford Municipal Golf Course. The 18-hole event is open to all male golfers in the area, with all play to be completed on Saturday.

Three places will be awarded in the Championship Flight, and winners of the other flights will receive trophies, a spokesman of the Forum said.

Tea time for the tournament is 9 a.m. Saturday. Entry can be made at the course Pro Shop. Entry fee is \$12.50.

Women's Golf Meet Set

The Hereford Women's Golf Association will hold a meeting at 5:30 p.m. Thursday at the Pro Shop of the Municipal Course, with discussion to center on the coming Two-Ball Florida Scramble.

A fee of \$10 as well as attested handicaps, and requests for carts are required at the time of entry.

The first newspaperwoman was Madame Doublet de Persan (1677-1771) a widow of Paris who never left her apartment for 40 years but held parties daily at which each guest was required to give her a tidbit of news. She then produced a handwritten newspaper — each issue of which was widely circulated for months.

No Red-Shirt For Allison Sloan Says

By DENNE H. FREEMAN Associated Press Writer

LUBBOCK, Tex. (AP) — Texas Tech Coach Steve Sloan said Tuesday he has decided not to red-shirt quarterback Rodney Allison, who is in a battle for the No. 1 spot with senior Tommy Dunivin.

Allison, a junior, had been running a battle with the strong-armed Dunivin and Sloan indicated during spring training a possibility that he might red-shirt the nifty-running Allison.

"I had been thinking about 1978, but decided a lot of things can happen between now and then," Sloan told touring Southwest Conference football writers.

Sloan laughed and added, "Somebody might shoot me with a harpoon before 1978... you just can't tell what will happen. Both quarterbacks will be ready to go for our opener against Colorado."

Sloan indicated that both Dunivin and Allison will see plenty of action.

"If one is not doing well, then I will play the other quarterback... we'll kind of play it by ear," he said.

Sloan, a former All-American quarterback under Bear Bryant at Alabama, said, "I don't remember ever having two guys that capable at quarterback on the same team. Both of them are winners."

Sloan said Teeh's offense could be superior and had high praise for his offensive line. "If I had to go to Russia to fight, I wouldn't mind taking them along," Sloan said of his offensive line. "We are a little undersized but the quickness is above average."

He said one of the keys to the Red Raider season could be the Sept. 11 opener in Lubbock against powerful Colorado of the Big Eight Conference.

"I think it would help our confidence a great deal if we could beat them," said Sloan. "Understand it's not a live or die situation, but there would be great by-products if we could beat them."

Michigan State's Wolverines play their first five 1976 football games at home.

Evert Breezes; Borg Struggles

By HOWARD SMITH AP Sports Writer

FOREST HILLS, N.Y. (AP) — Chris Evert did it the easy way. She always does it the easy way. Bjorn Borg and Manuel Orantes did it the hard way. Borg and Orantes are used to doing it the hard way.

And Ilie Nastase did it his way, coming through in a storm of controversy. Nastase is always surrounded by controversy.

But one way or another they all advanced to the quarter-finals of the U.S. Open Tennis Championships. They started playing tennis at the West Side Tennis Club at 11:30 in the morning Tuesday and they didn't get done until after 1 a.m. And they saved the best match for last.

Nastase, the temperamental Romanian who terrorized officials, fans, ballboys, cameramen and Hans-Jürgen Pohmann earlier in the tournament, squared off against muscular Roscoe Tanner in the final match of the evening session. They played for 3 hours and 15 minutes. It was gruelling tennis, pressure tennis, brilliant tennis.

And when it was over, after all the booming serves and searing forehands and cracking

volleys, it came down to whether one tennis ball landed a half-inch this way or a half-inch that way.

The sets were even at two each and the games were even at four. Tanner, the handsome, blond southpaw, was serving at 30-40. Nastase hit a forehand volley and the ball flicked close to the line. The linesman called it out. Nastase cried out in disbelief. The umpire overruled the linesman. The head referee was called.

Finally, with both players agreeing and the linesman still dissenting, the ball was ruled in and Nastase had his break. He won his service at love to take the match 7-5, 6-7, 1-6, 7-6, 6-4.

"I never thought the ball would be called but," said the 24-year-old Tanner. "I definitely saw the ball in. It bounced half on the line and as I see the rules that is in."

Nastase's victory boosted him into the quarters against Dick Stockton of Dallas, a 6-3, 7-5, 6-4 winner over Jairo Velasco. The other men's quarters match Borg-Orantes, Jimmy Connors-Jan Kodes and Guillermo Vilas-Eddie Dibbs.

Borg, down two sets to none and 0-2 in the third, rallied to beat dogged Brian Gottfried 6-7, 3-6, 6-4, 6-4, 6-2 in a torturous 3½-hour match. And Orantes, the defending champion, overcame arm problems to survive a 2:45 marathon with Stan Smith 3-6, 1-6, 6-2, 7-6, 6-1.

Gottfried played brilliantly against the second-seeded Borg for two sets in the afternoon before fading before the speedy Swede's sharp passing shots. Gottfried has success at the net in the first two sets but was passed repeatedly in the final three.

Smith, the former champion who has been making a startling comeback of late, cruised through the first two sets against a sluggish Orantes. But the Spaniard came to life in the third set, won the fourth-set tiebreaker with a brilliant lob and coasted through the final set against the sagging Smith.

calls or staging heroic comebacks, prefers to beat her opponents quickly and decisively. She overwhelmed British blonde Sue Barker 6-1, 6-0 in a tidy 45-minute affair. Miss Evert has played three matches so far and has lost just two games.

Miss Evert's opponent in the quarters is Russian teen-ager Natasha Chmyreva.

RALEIGH, N.C. (AP) — North Carolina State has lost fullback Ralph Stringer for the season because of a shoulder injury suffered in State's 17-12 loss to Furman Saturday.

Stringer, a 4-foot-11, 198-pound senior from Warren, Ohio, played briefly Saturday before suffering a recurrence of an injury which had bothered him during the final days of the 1975 season. He is scheduled to undergo surgery.

Stringer made the All-Atlantic Coast Conference team as a defensive player last season. He was converted to the offense this season.

ATLANTA (AP) — Thirteen veterans and four rookies are to report to the Atlanta Hawks' pre-season training camp Sept. 23 at Woodward Academy, a suburban private school, the club says.

It will be the first time in seven years the National Basketball Association club has held its camp in the Atlanta area.

New Coach Hubie Brown said he will hold two practices each day until the exhibition season opens the first week in October.

ARLINGTON (AP) — The Texas Rangers hired Eddie Robinson of the Atlanta Braves as executive vice president Tuesday and said his National League expertise is crucial to the club's baseball fortunes.

"We think one of the prime things we're going to have to do this year is make several trades, perhaps with the National League," Ranger owner Brad Corbett told a news conference.

A Critical Look At Contemporary Sports

SPORTS IN AMERICA. By James A. Michener. Random House. 451 Pages. \$12.95.

A little warning to the average armchair, bar stool or stadium-seat sports fan: You will be disappointed in "Sports In America" if you are expecting: —New and hitherto undiscovered historical items about past sports heroes. —Interviews with the superstars of today. —Statistics and/or recaps of great moments in sports. —Or any of the other traditional sports reporting usually found in the morning sports pages and sports magazines.

Think of this book as a thorough essay or, perhaps, a collection of views and studies of athletics and its present and future role in our society. If that sounds interesting, then there is a lot here for the price, which, incidentally, is about equal to a choice seat at a sporting event these days.

One question that seems to pop into everybody's mind immediately when told of the nature of this book is "Why James Michener?" Simple: he is a long-time sports fan who genuinely loves athletics and physical fitness and is concerned about the future of sports, especially in America. He offers some criticisms of the present sports scene and suggestions for improvement, including endorsements of changes already proposed.

That several studies of sports and physical fitness are part of this singular volume and that the author is a skilled writer might be enough reason for some to want to read "Sports In America."

But although nicely written and well constructed, it isn't anything a Michener fan will miss by not adding it to his collection.

Hebert, Rockdale Unanimous Choices

By The Associated Press

Beaumont Hebert in Class 3A and Rockdale in 2A, already on top in their respective divisions, have received added honors this week as unanimous No. 1 pick in The Associated Press Schoolboy Football Poll.

Hebert, which convincingly trounced crosstown rival Beaumont Forest Park 35-7 and Rockdale, which thumped Brenham 21-9, each received all 17 first place votes of the AP panel of Texas sports writers.

Joining Hebert and Rockdale with No. 1 billings after the first week of school games, are Brazoswood in 4A Aledo in A and newcomer Rochester in B. Rochester, ranked No. 2 last week, got its chance at No. 1 when Groom was defeated by Class A, Claude, 13-12. Groom hung on to eighth place this week.

Only two ranked teams fell in Class 4A, No. 6 Baytown Lee and No. 9 Wichita Falls Rider. Both disappeared from the top 10 this week and were replaced by No. 9 Killen and No. 10 Abilene High.

Abilene earned its promotion to the top 10 with a 39-0 embarrassment of Rider. Killen blasted Austing Lanier 39-6.

Brownwood, a perennial powerhouse in Class 3A, lost its opener to Class 4A Abilene Cooper 14-13 and dropped from No. 2 to No. 6. Mount Pleasant, ranked eighth of a week ago, dropped out of the top 10 after losing 11-3 to 4A Marshall.

Humble, a 44-0 victor over Spring last week, moved into the 10th spot.

The biggest earth quake of all five divisions took place in 2A where half of the top 10 lost including No. 2 rated Pittsburgh, No. 3 LaGrange, the defending state champion, and No. 4 Pearsall. Ninth ranked Refugio and No. 10 Alpine also lost.

The new lineup behind Rockdale in 2A now has McGregor in the runnerup position followed by Kermit, Columbus and Bowie to round out the top 10.

Aledo, Big Sandy and Barber's Hill held the first three positions firm in Class A but the lower ranks underwent a reshuffling after No. 4 Ore City, No. 6 Schulenburg and No. 9 DeLeon were beaten.

Schulenburg and DeLeon were replaced by No. 8 Falls City and No. 9 Hart.

Hutto, rated third last week, dropped to ninth in B after losing to Thrall 20-0 and Ben Bolt edged into the No. 10 spot to replace Agua Dulce, a 13-0 loser to Premont.

LANDOVER, Md. (AP)

Gerry Meehan, who averaged almost a point a game after joining the Washington Capitals midway through last season, has signed a multiyear contract with the National Hockey League club.

Terms of the contract were not disclosed.

Meehan, 29, a center, was traded to the Caps last Jan. 22 in a deal that also brought Washington defenseman Jean Lemieux and a draft choice in exchange for Bill Clement. In 32 games for Washington, Meehan scored 16 goals and had 15 assists for 31 points.

NEW YORK (AP) - Rod

Carew of the Minnesota Twins was named "Player of the Week" by the American League today after collecting 14 hits in 30 at-bats for a .467 batting average.

Carew, the five-time AL batting champion, was a unanimous choice. Raising his average to .332, the winner of the last four AL batting crowns had a pair of doubles, a triple, nine runs scored and five driven in.

Runner-up in the weekly poll was Sixto Lezcano of the Milwaukee Brewers, followed by Cleveland pitchers Jim Bibby and Jim Kern.

'Horns, Bears, Aggies Given Favorites Role

By HERSCHEL NISSENSON

NEW YORK (AP) - It's decision-making time. And it has nothing to do with people named Ford or Carter, although it wouldn't be surprising if Jerry Ford, a one-time Michigan center, dropped in to see how the football team is coming along when he kicks off his campaign in Ann Arbor this week.

No, the immediate choices lie between Nebraska and Louisiana State, Arizona State and UCLA, Ohio State and Michigan State, Pitt and Notre Dame... people like that.

Our Presidential favorite will remain a secret that's why they have curtains around voting booths. The college football picks are yours for the price of this newspaper.

Nebraska at Louisiana State: The cornhuskers had all sorts of trouble with LSU a year ago, winning by only 10-7. This time, the Cornhuskers are ranked No. 1 in the nation, but it still won't be a runaway...Nebraska 21-14.

UCLA at Arizona State: The Sun Devils make no bones about it—they're going for No. 1. You can see them do it on national television in a unique Thursday night game, if the cameraman can stay with the ASU speed demons...Arizona State 28-14.

Michigan State at Ohio State: For a change, someone other than Woody Hayes is out for revenge. Michigan State is steaming because Hayes—among others—whispered their recruiting misdeeds into NCAA ears, leading to a shopping three-year probation. New Coach Darryl Rogers said he doesn't know Hayes or Columbus, Ohio, very well but he doesn't like either one. He'll like them even less after...Ohio State 24-7.

Pitt at Notre Dame: From 1965-73, Notre Dame outscored Pitt 427-74. But the Panthers made it close in '74 and whipped the Irish last year behind Tony Dorsett's amazing 303-yard galloping. The winner of this game goes right into the thick of the national championship

picture...Notre Dame 17-14. Oklahoma at Vanderbilt: No team has ever won three national championships in a row and only one team has a chance this year...Oklahoma 38-14.

Alabama at Mississippi: How much was Ole Miss looking ahead when Memphis State zapped 'em last weekend? Too much, probably. Last week, the Tigers; this week, a Bear named Bryant...Alabama 28-7.

Texas at Boston College: With Earl Campbell and a couple of speedsters named Johnny Jones, Darrell Royal's Wishbone could become a Royal T-royalty, get it? So will B.C.... Texas 29-13.

Missouri at Southern California: The Trojans are aware of what underdog Missouri did to Alabama in last year's opener. As it turned out, that game cost 'Bama the national championship...Southern Cal 31-17.

Stanford at Penn State: Will Stanford be looking ahead to

Michigan more than Penn State will be looking ahead to Ohio State? The same situation prevailed last year, Penn State winning 34-14. This time... Penn State 19-14.

California at Georgia: This one should be a "breather" for the Bears since their next two games, also on the road, are at Oklahoma and Arizona State... Cal 28-14.

North Carolina at Florida: The Tar Heels used a fake-injury, no huddle trick play to dump Miami of Ohio last weekend. Another ranked team coming up...Florida 30-13.

Virginia Tech at Texas A&M: The Gobblers are trying to crack the Top Twenty and this could be their only stumbling block... Texas A&M 24-10.

Washington State at Kansas: Jackie Sherrill, State's new coach, may turn the program around, but not this fast... Kansas 28-14.

Rutgers at Navy: The Scarlet

Knights are looking for an unbeaten season to match the one turned in by the basketball team. Surprise, surprise... Navy 18-14.

Duke at Tennessee: The feeling in this corner is that the Vols will be the surprise team in the South... Tennessee 24-10.

Houston at Baylor: Houston makes its long-awaited debut in the Southwest Conference... Too much, too soon... Baylor 20-12.

Indiana at Minnesota: The Gophers, riding Tony Dunny's throwing arm, are the Big Ten's darkhorse. Things get even darker via the Upset Special of the Week...Indiana 21-17.

Tulsa at Oklahoma State: winner can lay claim to being the second best team in the State of Oklahoma... Oklahoma State 29-14.

Colorado at Texas Tech: The last time the Buffs hit the Lone Star State...Texas provided a 38-21 loss in the Bluebonnet Bowl. Tech ain't Texas... Colorado 28-20

Arizona St. over UCLA; Michigan, Irish, 'Bama, picked

By Major Amos B. Hoople Peerless Prophet

Jove, friends, this is the week we've all been waiting for as the nation's major collegiate powers unlimber their heavy artillery!

The cannonading starts on Thursday evening as the UCLA Bruins, still floating on Cloud Nine — heh-heh — following their amazing come-from-behind Rose Bowl triumph over Ohio State last January, will journey to Tempe to engage the Sun Devils of Arizona State in a national TV extravaganza. We look for Frank Kush's Sun Devils to bring the UCLANS back to earth in a hurry winning by a comfortable 35-14 count.

Then on Saturday the festivities begin in earnest. Here are just a few of the choice tid-bits ready for your enjoyment: Arizona vs. Auburn; Arkansas — Utah State; Florida — No. Carolina; Illinois — Iowa;

Michigan — Wisconsin; Minnesota — Indiana; Alabama — Mississippi.

And how about these matchups: Oklahoma — Vanderbilt; Notre Dame — Pittsburgh; Ohio State — Michigan State; Oklahoma State — Tulsa; Penn State — Stanford; Purdue — Northwestern; Southern California — Missouri; Tennessee — Duke; Texas Tech — Colorado; Nebraska — Louisiana State; Texas — Boston College and Washington vs. Virginia.

Egad, dear readers, never in our long, long association with the collegiate gridders have we had such a plethora of early season masterpieces. And, in the tradition of Hoople Football Forecasts of years past, we have some astonishing predictions in store for you — har-rumph!

Let's consider first the Big 10 with a full state on tap. We look for Woody Hayes to open his 26th season as head man at Ohio State with a convincing

28-14 win over the Michigan State Spartans. Meanwhile, at Ann Arbor, host Michigan will show the world why our esteemed prognosticator — hak-kaff — rates them No. 1 by rolling over a fine Wisconsin club, 30-6.

In other Big 10 meetings we make it Illinois 17, Iowa 14; Minnesota 24, Indiana 15, and Northwestern, 36-26, in a shocking conquest of host Purdue!

In a regional telecast feature we see Notre Dame avenging last year's upset at the hands of Pittsburgh by taking the Panthers, 27-12. The Irish defense will be ready for Pitt's Dorsett this time. However, "Talented Tony" will still give a good account of himself.

A trio of Big Eight standouts have too many horses for their opponents and we look for Nebraska, Oklahoma and Oklahoma State to win handily.

We Quit!

Mexican President Visits, Hopes To Expand Exports

By ELOY O. AGUILAR
Associated Press Writer

SAN ANTONIO, Tex. (AP) - Mexican President Luis Echeverria arrived here Tuesday on a two-day visit intended to boost Mexican exports and reassure U.S. investors and buyers following the recent sharp devaluation of the Mexican peso.

Echeverria was met at Kelly Air Force Base just outside this South Texas city by a group of several hundred persons led by Texas Gov. Dolph Briscoe and San Antonio Mayor Lila Cockrell.

As the last notes of the national anthems of the two nations faded, a group of mariachis from the Mexican-American Cultural Institute of San Antonio brought a smile to Echeverria's face with two popular Mexican songs.

The president moved toward the group, shaking hands and then chatted briefly with other well wishers.

"It is a pleasure to be here," he said. "I bring greetings from Mexico to the people of San Antonio."

Echeverria made no official speech at the brief airport reception. In answer to a newsman's question concerning the possibility of releasing U.S. citizens held in Mexican jails on drug charges, he said only: "They will serve out their time."

He declined to elaborate, saying the matter will be discussed later.

Mexican officials said recently there has been talk of a possible agreement that would allow American inmates to serve out their terms in U.S. jails.

After a motorcade to his downtown hotel, Echeverria accompanied by his wife and a group of high ranking officials, attended a luncheon. Later he was to inaugurate the giant fifth annual Mexican trade fair.

Mexfair 76, the largest foreign trade display of Mexican goods, has attracted more than 6,400 buyers to the city's exhibit hall.

"This is going to be our first test following the floating of the peso in the world market," said a presidential spokesman, pointing out that last week's currency devaluation was intended in part to boost Mexican exports.

The peso, which had been quoted at 12.5 per U.S. dollar for more than 22 years, was floated last week and immediately sank to 20 per dollar when the Mexican national bank quoted it at that rate.

"It was regulated 'float,'" the Echeverria spokesman said. "It was regulated by the national bank to prevent speculation."

Mexfair, first held on an experimental basis in 1972 with sales of \$1.6 million, attracted 5,000 buyers last year when sales rose to \$80 million.

The fair is a major effort by Mexico to expand exports to the United States and reduce the balance of trade deficit with its largest trading partner. Trade with the United States accounts for 60 per cent of Mexico's total.

The country had a deficit of nearly \$3 billion with the United States last year.

"We must sell more to the United States," said Julio Faesler, director of the Mexican Institute for Foreign Trade.

Mexican products on display here include manufactured and industrial goods ranging from transistors to steel and heavy equipment.

"We believe that this fair will give us an idea of how foreign buyers are going to react to the floating of the peso," said an Echeverria spokesman. "We are confident that our exports will increase now that our products have become cheaper in relation to the dollar."

Raelser said Mexican exports have experienced healthy upward trend in the past seven months with the overall deficit reduced by 12 per cent from last year.

"We still have a large deficit," he said, "but we think the new dollar-peso rate will help our exports."

Mexican exports to the United States in the first quarter of 1976 climbed to more than \$448 million, an increase of 26 per cent over the same period last year.

It was the second visit by Echeverria as president to San Antonio, a city where Mexican-Americans make up about 35 per cent of its one million residents. In 1972, he inaugurated the San Antonio campus of the Mexican National University.

Among those who sought to speak with Echeverria were local Jewish leaders who wanted to discuss Mexico's stance toward Israel. Zavala County Judge Jose Angel Gutierrez of Crystal City, founder of the La Raza Unida political party in Texas, also sought a meeting with the president.

There was no official word whether Echeverria would meet with the Jewish leaders and Gutierrez.

Echeverria is scheduled to return to Mexico this evening. The trade fair continues through Sunday.

First American Woman Hopes To Climb Mt. Everest

EVEREST BASE CAMP, Nepal (AP) - Arlene Blum hopes to be the first American woman to climb Mt. Everest, but she says cancer research is more important to her.

"My research is very important to me, more important than mountaineering," said the 31-year-old biochemist from Berkeley, Calif., one of the two women in the 11-member American Bicentennial Everest Expedition.

Huddled in a tent as the snow fell on the base camp 11,500 feet below the peak of the world's highest mountain, Ms. Blum was reading over an advance copy of her article "Flame Retardant Additives as Possible Cancer Hazards." A runner had just brought it with the mail.

"My research on chemicals in the environment which may cause cancer is so satisfying," she said. "I think I can really help people this way. We spend so much money on trying to find cures for cancer but very little on the prevention of it. I really

was reluctant to leave my work to come to Everest."

Earlier that day, draped with crampons, ice axe and a rope, and wearing a floppy zebra-striped sun hat, she returned delightedly from several hours of work in the Khumba ice fall, the treacherous icy gateway to the world's highest peak.

"I love being there," she said, tired but smiling. "I'm really getting excited about climbing."

On the three-week march from Katmandu to the base camp, as she trudged up the slippery trails, Ms. Blum could be heard championing her favorite causes: legislation requiring that cigarettes be extinguished quickly to reduce fire risk; regulation of chemicals in hair dyes and fabrics that may cause cancer; population control in developing countries where she has traveled and climbed.

And equality for women climbers.

Hutchison Predicts Continued Leadership

AUSTIN (AP) - Chairman Ray Hutchison of the Texas Republican party said Tuesday Ray Barnhart's attempt to get Hutchison's job makes "no sense" and would be disastrous to GOP hopes to carry the state for the Ford-Dole presidential ticket.

Texas Republicans will vote Saturday in convention here for party chairman. Sen. Robert Dole of Kansas, the vice presidential nominee, will keynote the meeting.

Dole also is expected to attend a \$7.50-a-person fund raiser Friday night.

Hutchison, a former Dallas House member, noted that only 56 days remain before the November elections, and he said a "good majority" of Republicans "agree that it

would be a disaster to change the party leadership now."

In obvious reference to Barnhart, the leader of Ronald Reagan's forces that captured all 100 Texas delegates to the national convention, Hutchison told a news conference: "The Reagan-Ford primary is at an end. It is over. It ought not to be fought any longer."

Hutchison said he will recommend that John Butler Jr. of Houston be temporary convention chairman and that County Judge Barbara Cluber of Midland be permanent chairman. He said she would be the first woman to chair a Texas Republican convention.

"I am state chairman now and I intend to be after next Saturday," Hutchison said.

Grocery Officials Mum After Bombing

DONNA, Tex. (AP) - Officials of a grocery wholesale firm remained mum Tuesday after five bombs exploded at the company's warehouse, damaging a refrigeration unit.

No injuries were reported in the Sunday blasts.

Norvin Parr, manager for the Groce-Wearden Co., said he has been asked by U.S. treasury agents with the alcohol, tobacco and firearms division at Brownsville not to release information.

Federal agents said they would not release information pending further investigation.

Company officials said a sixth bomb did not explode. Two

Army demolition experts were flown from Corpus Christi to Donna to refuse and examine the bomb.

Agents said they also were investigating an attempted bombing at the firm about a month ago. Eight explosive devices had been positioned in an apparent attempt to destroy four tractor-trailer trucks. A truck driver discovered the bombs.

Groce-Wearden offered a \$1,500 reward for information about the first bomb attempt.

The international Paper Workers Union has been on strike at the firm since April.

New York Fires Set By 13-Year Old

NEW YORK (AP) - Seventeen small fires in midtown department stores in recent weeks were the work of not of bomb plotters but a 13-year-old girl using nothing more than matches or a cigarette lighter, police said Tuesday.

No one was injured in the fires, which have plagued major stores since a rash of blazes during the Democratic National Convention in July.

Deputy Chief Edwin Dreher of the Fire Department's arson-explosion squad said the girl was "the spitting image" of a composite drawing put together last month.

The girl was seized Monday night after a blaze broke out in a fabric section on the seventh floor of Macy's store on Herald Square. The store was still open at the time, Dreher said.

He declined to discuss a motive for the fires, but did say it involved neither political nor labor problems. He said the girl, not identified because of her age, had worked alone in setting the fires.

Nose Job Is Possible

DEAR ANN LANDERS: In regard to your advice to "I'm OK," may I say "BULLFEATHERS!" According to Ann Landers, one has to go through life with imperfect features unless he wants to.

DEAR ANN LANDERS: I know the awful question would come again -- "Mother or father?"

Well, it didn't. Instead he asked if I'd like him to make the decision. I answered, "Yes." He said, "I must know more about you. Would you be willing to talk to a girl who works with me and tell her about yourself?"

On three separate visits we talked about school, my friends and what I wanted to be when I grow up. He decided I should live with my mother, but I could visit my father whenever I wanted to.

The judge gave me his address and phone number and he made me promise to call or write on my 14th birthday (five months away) and tell him how things were going.

I now know it was my parents' idea to let the judge decide, but it was the judge's idea to keep in touch with me.

Now I have two homes and four parents. They all came to my graduation (junior high) and sat together. I hope "Worried In Houston" has parents and a judge who care about HER the way mine did. -- Lucky In Boston

DEAR LUCKY: So do I. Your letter may do more good than you'll ever know. Thanks for sharing.

DEAR ANN: The bride (my niece) admits she will be five months pregnant when the wedding takes place in October.

To look at her you'd swear she is six months gone right now.

Her parents are aware of the situation but still they want to give her a fancy church wedding. They must be blind. What kind of a gown could the bride possibly wear to conceal her condition? -- D.D.D.

DEAR D.: That's HER problem.

DEAR ANN: I just read the letter from the lady who complained because her husband always introduced her as "THE wife" instead of "MY wife." Some people don't know when they're well off. My husband never introduces me at all, just lets me stand there like a cigar-store Indian. Print this, please. He reads you daily, Mrs. Invisibile

DEAR MRS.: Here it is. Let me know if it helped.

I loved them both equally and couldn't choose. Every time anyone asked me to decide, I began to cry. Then this wonderful judge took me into

County Fair Slated

Competition in the annual Deaf Smith County Fair, scheduled Saturday at the Bull Barn, has been broadened to include adults.

According to Sherry Harder, assistant County extension agent, the support of the entire community is needed to make the upcoming fair successful. Not only are entrants being sought, but local individuals and merchants are asked to help supply gifts and cash awards for fair winners.

Contest divisions are open to adults and youth, ages 9-19. A list of official rules and regulations is available from the extension office, 364-3573.

Contest events open to both youth and adults include YMCAs Program

Described To Lodge Women

Members of Hereford Rebekah Lodge 228 met in regular session Thursday evening of IOOF Hall with 12 women present. Beatrice Cox, Noble Grand, presided.

Marie Griffin, a representative of the Hereford YMCA Board of Directors, presented a brief, informative address about the current membership drive here and the programs offered by YMCA.

Several Rebekah members were reported ill during the meeting's segment. Lively discussions followed during the fellowship hour.

Mrs. Leonard Davis served as hostess in place of Nellie Beauford, who was unable to be present.

Carter Labels Actions Of FBI As 'Disgraceful'

By CHRIS CONNELL
Associated Press Writer

Jimmy Carter Tuesday pledged help in solving the problems of the cities, including, rising crime among the young, which he blamed on unemployment and bad example including the "disgraceful actions of the FBI."

Carter said the FBI director should be "purer than Caesar's wife....He shouldn't have federal funds being given to decorate his house."

President Ford has rejected a recommendation that he fire

FBI Director Clarence Kelley for having drapery valences built in his living room by bureau employees and for accepting gifts worth up to \$105 on special occasions from FBI executives.

Kelley has said the work was done without his knowledge and has reimbursed the government \$355 for doing it. Ford reaffirmed his support for Kelley and said the director "has had and will have the capacity to meet the essential high standards of the FBI."

The President stayed in the White House Tuesday and signed legislation authorizing

payment of compensation to those who died, were injured or lost property as a result of the Teton Dam collapse June 5 in the Southeastern Idaho.

He was to sign another bill later in the day providing aid for child day-care centers and spend the afternoon meeting with his staff.

It was Ford's second day at home while Carter stumped for votes. The President bypassed the traditional Labor Day campaign start to meet with advisers, chide Congress for not completing work on a major tax-revision bill and gave a television interview.

Carter opened his fall campaign Monday with a sharp attack on Ford, labeling him a latter-day Herbert Hoover and blaming the Republican party for a myriad of economic woes that Carter claims the Democrats will cure.

The Democrat toured a New York subway early Tuesday. He talked about the cities and crime to students at Brooklyn College, then left for Groton, Conn., to seek the votes of defense workers at the Electric Boat Division of General Dynamics.

Carter told the college audience that urban policy in the Nixon and Ford administrations has ruined city neighborhoods. He accused Republicans of paying only lip service to the people who live in those neighborhoods.

"Tight money, shrinking paychecks and a stagnant housing industry are some of the saddest products of the Republican's disastrous economic record," he said.

Smoking Costs Telethon

AUSTIN, Tex. (AP) - The director of a non-smoking organization said Tuesday performer Jerry Lewis' apparent decision to keep on smoking during his muscular dystrophy telethon cost the telethon a \$10,000 pledge.

Jerry Hofrock, director of Non-Smokers Medallions of America, a business enterprise that distributes "non-smoker" material, said his organization had pledged \$1,000 to the telethon with one stipulation: that Lewis not smoke while he was on television.

Hofrock said the organization was prepared to go as high as \$10,000.

He said 12,000 persons die each year from muscular dystrophy but 300,000 die from diseases related to cigarettes.

"We wanted Lewis to change his image, and we would put money in his pocket for the telethon," said Hofrock. "He apparently would not comply."

Asked if he had contacted Lewis personally, Hofrock said he had not, but he had talked to supervisors of the telethon in Austin and Las Vegas and assumed they relayed word of the offer.

One Killed In Gun Battle

MONTREAL (AP) - A running gunbattle between police and a man firing a sawed-off shotgun began in a downtown soul food restaurant and ended with one person dead and five persons wounded, police said Tuesday.

Traffic stopped and pedestrians ran for cover as police chased the gunman, firearms blazing, along Crescent Street, a colorful restaurant and night club district.

The gunman, believed to be a native of the West Indies, was in a hospital under police guard after a plain-clothes policeman shot him three times in the neck Monday night, a Montreal police spokesman said.

The gunman was not identified. The spokesman said police did not know what had sparked the shooting.

Police identified the dead man as Anthony Jagdeo, 27, an employe of a restaurant owned by his brother, Leon. Constable Jacques Caron was wounded in the thigh during the incident, the spokesman added.

Green Wants Action On Mushrooms

WASHINGTON (AP) - President Ford may be faced with a mushrooming political issue in the vote-heavy Northeast this fall if a Democratic congressman has his way.

Rep. William J. Green, D-Pa., wants Ford to do something about mushroom imports, which he says are threatening the mushroom-growing industry in Pennsylvania. Green also is running for the Senate against Rep. H.J. Heinz III, R-Pa., who also thinks mushroom imports are bad.

The two men are seeking the seat held by Sen. Hugh Scott, D-Pa., who has announced his retirement.

"You might say that Heinz has his pickles and that we want the mushrooms," an aide to Green said Friday. "Anyway, it's a serious problem for the industry in Pennsylvania and people are out of work because of it."

Although Pennsylvania is the largest producer, mushrooms are grown commercially in many other states, including Delaware, Maryland, New Jersey, New York and Ohio.

Last season, according to the Agriculture Department, the U.S. mushroom crop was a record of 309.8 million pounds and was worth \$191.1 million to growers.

Last week a House Ways and Means trade subcommittee headed by Green approved a resolution calling on Ford to seek a cutback in mushroom imports - mainly from Taiwan and South Korea - by asking foreign suppliers to reduce shipments voluntarily.

The resolution, now before the full committee, urges Ford to do something about the mushroom situation and has introduced a bill that would place import restrictions on them. Green's people claim, however, that it's too late for such legislation this session of Congress and that the resolution has a better chance of being approved.

A spokesman for Heinz said Friday that Green's resolution calling for voluntary curbs on

the part of foreign suppliers was weak and that is represented a sell-out of the U.S. mushroom industry.

According to the Agriculture Department, the mushroom import issue "has always been a sensitive one with the domestic industry" and that Ford has asked the Labor and Commerce departments to find ways of relieving the effects of imports.

According to a USDA analysis, such relief would consist of "implementing existing programs featuring low-interest loans for plant modernization, retraining of workers for other jobs and other measures that would prevent economic distortion" in Pennsylvania's mushroom industry.

Green and Heinz appear to agree that those proposals are not enough and want the growing flow of mushrooms into the U.S. market stopped or reduced at the foreign sources.

Live It Up
In the last 30 years, the real living standard of the average American has nearly doubled. In addition to improved productivity and the consequent rise in wages, the trend has been fueled by the changing occupations mix of the labor force. The Conference Board reports. Since World War II, white-collar employment has expanded twice as fast as blue-collar work, boosting average earnings. Also, the ratio of wives who work has jumped from 20 per cent in the 1940s to 43 per cent today, with almost 54 per cent working among households which earn \$25,000 or more.
