

Ticklers By George

"He never uses 'em. . . Just carries 'em to throw a scare into his opponents."

Speed Cited As Greatest Hazard

Would you drive your car off a 10-story building? Well, that's what it's like to hit a solid obstruction when driving 60 miles an hour, according to Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety.

"Speed kills - take it easy" is the slogan of a traffic campaign the Texas Highway Patrol is conducting during July as part of a continuing program to save lives on the streets and highways of this community. The year-round program is part of a nationwide traffic safety educational promotion of the National Safety Council.

"Just remember, when you find yourself driving a little too fast, that the faster you go the greater is the destructive power of your car," W. J. Elliott, Chief of the Texas Highway Patrol said. "And remember, too, that the higher the speed if you have an accident, the greater are your chances of being killed. In fact, the chance that an accident will be fatal is eight times as great at a speed of 60 miles an hour than at 20 or less."

Speed is a contributing factor in two out of every five fatal motor vehicle accidents, state traffic authorities report. They interpret "speed" as "violation of speed limits" and also "speed too fast for conditions."

"Speed is an accident cause all of us can help eliminate," Captain Polk Ivy of the Amarillo Office of the Texas Highway Patrol said. "We can do this by driving within legal and common sense speed limits, and by supporting our police in the enforcement of all speed regulations in our community and state. Let's eliminate this killer."

GREELEY NEVER SAID IT GEORGETOWN, Colo.—(AP)—

Western historian says Horace Greeley never said it. "Go west, young man, go west," that Benjamin Draper of Georgetown insists the phrase first was uttered by John Babson Lane Soule, a Terra Haute, Ind., newspaper editor, in 1851. And Soule wasn't referring at all to the mountain west, Draper said, but rather to the Mississippi valley, then being settled.

MADRAS EMBLEM

MADRAS—(AP)—The Madras government has adopted a temple tower as its state emblem. Finance Minister B. Gopala Radhik says "adoption of a Hindu temple in the state emblem does not take away the secular character of the Indian government." He added: "The temple tower merely typifies the Dravidian architecture and culture of south India."

The peninsula of Arabia has never been one political unit.

Mrs. George F. L. Bishop, III, and children George and Nick, of Houston, are visiting in the home of her brother, Claude McGowan, Jr., and Mr. Bishop's sister, Mrs. Dee Graham.

Mr. and Mrs. Don Alexander of Corona, Calif., W. O. Gillespie also of Corona, and Mrs. Wade Morrow of Phoenix, Ariz., have returned to their homes after visiting Mr. and Mrs. J. W. Alexander.

Andorra, one of the two smallest republics in the world, consists of six parishes in the diocese of the Spanish bishop of Urgel, in the valley of the eastern Pyrenees between France and Spain.

Vatican City, granted the status of an independent state within Rome in 1929, covers 109 acres. The leaning tower of Pisa is 179 feet tall and inclines 16 1/2 feet from the perpendicular.

It's the '49 FORD!

With the Features You Want! AT OUR SHOWROOMS NOW!

SAFETY The '49 Ford has a 59% more rigid "Life-guard" Body and Frame structure. It has a lower center of gravity, too, for solid security. And "Picture Window" Visibility all around.

COMFORT The '49 Ford has the "Mid Ship" Ride. You ride in the smooth-going level center section. New "Hydra-Coll" Front Springs and "Para-Flex" Rear Springs, too!

PERFORMANCE Only Ford in any field gives you a choice of V-8 or Six. Both engines are new... both are engineered for smooth, sparkling performance.

BEAUTY Outside—a "dream car" silhouette. Lower, yet there's plenty of road clearance and head room. Inside—new upholstery, new instrument panel, new fittings.

ECONOMY New "Econo-Fla" Cooling, new lubrication system, "Deep-Breath" Manifold for up to 10% greater gas economy. New Over-drive, optional at extra cost, gives up to 25% greater gas mileage!

YOU HELPED DESIGN IT... COME IN AND SEE IT!

From the Album: "Legless Calf"

Legless Bobby Moony, above, will be recalled by scores of old timers. The calf was born on the Ed Mooney place in Randall County in May, 1916, and had no signs of legs—as the above picture shows. When the calf was a few days old it was bought by A. H. Ellison, who fed it with a bottle for two months and then secured a fancy price from an Amarillo showman, who placed "Legless Bobby" on exhibition. The calf remained in perfect health for eight months, then died suddenly from some cause which was never ascertained.

SAND PRESERVES WAGON SYDNEY, Australia — (AP)— More than 70 years ago a young Australian bullock driver called Charles Young unhitched his team and left his wagon to stand on the south coast of Western Australia near Manjimup. He returned for his wagon some months later but was unable to find it. Shifting sands covered the dray from sight during the ensuing years. Recently the sands began to reveal the wagon preserved in perfect condition. Charles Young's son has salvaged complete parts of the wagon which he has presented to the Perth Museum. Perth is the capital of Western Australia. Charles Young, who lost his dray in the sands, died 15 years ago at the age of 91.

CATS SCARE PIGEONS CHICAGO — (AP) — Pigeons got too pestiferous at the Lincoln Park Zoo's lion house and refreshment stand. So some dummy cats were placed on the top of both buildings. The cats are made of wood. But the heads and tails are attached to the bodies with spring steel. The breezes move them. This makes them look lively enough to scare the pigeons away.

Airplanes In Surplus Lists

After several months with nothing but a few military transports to dispose of, War Assets finds itself back in the surplus airplane business. A number of commercial and personal type planes formerly used by the Civil Aeronautics Administration have been added to the surplus list. In Texas and the southwest, 18 airplanes are on sale at Meacham Field, Fort Worth, and Oklahoma City, Okla. It is a sealed bid offering, with World War II veterans getting next to top preference in the awards. Catalogs and other information are available at the Grand Prairie regional office. Bids must be sent prior to August 9 to WAA's Washington Office, Accounting Division.

Carrying on its step by step consignment of government property at surplus army camps, the regional War Assets office announced it has a mile of railroad trackage and other accessories to sell at Camp Maxey, near Paris. Priorities expire August 17, after which bidding will be open to the general public. Purchasers will have to complete removal of the trackage, but there are no restrictions as to resale of the material.

A variety of surplus materials will be up for spot bidding next week at the Altus, Oklahoma, Army Air Field. In the War Assets assortment will be six lots of fire extinguishers, three drafting tables, chairs, filing cabinets, desks and office machines, a number of tons of scrap metal and scrap rubber, a quantity of lumber, some surplus landing gear, gas engines, tractors and derricks. Inspection will be held on August 10 and 11, with bidding to commence at 10 a. m. August 12.

DEATH KNOT FOR SNAKE SYDNEY, Australia — (AP) — A dead brown snake found at Benjerop, near Swan Hill (Victoria), had apparently been strangled by its own coils. W. Davey of Benjerop found the head and about a foot of the snake's body protruding from its hole. He dug out the body and found the snake tied in a tight knot just below the ground. The snake apparently had tucked its head through its coils when it began to move out of its hole and the harder it had struggled, the tighter it had pulled the death knot.

SWINGS INTO SLEEP DECATUR, Ill. — (AP) — A tourist who apparently takes a dim view of such things as rates, reservations and room service drove his car over the side of a road east of the city. He strung a hammock from the handle of his automobile door to a tree, climbed in and went to sleep.

THINGS ARE DUCKY FOR THE FIREMEN

MOLINE, Ill. — (AP) — Soaring meat costs rang no alarm in fire station number four. A group of farsighted firemen were ready for the emergency. They bought 75 young ducks at 25 cents a head, and fed them generously. Now the birds are ready for the knife and fork.

Wherever you go, they're talking DYNAFLOW

FROM Atlantic to Pacific, it's simply terrific.

Not in a generation — maybe not in two — has any single improvement in automobiles caused the talk or met the instant approval that has greeted this new drive.

You see the reason in your first five minutes behind a Dynaflo® wheel.

You sense that this is not merely an improvement on old ways, but a whole new system of transferring power from your engine to the rear wheels.

For the first time, oil does every thing — replaces the friction clutch, eliminates the usual forward gears, even actuates the mechanism by which you change from Driving range to emergency Low and Reverse.

You feel the result in new smoothness that's like riding a mighty tide of flowing oil.

You move from standstill to road speed in one smooth unbroken sweep of power, quick and effortless in getaway and instantly responsive at speed.

You stop by pressing the foot-brake — go again by feeding gas. Once you've set the selector lever, you need not touch it again in normal driving until you're ready to park or back up.

Outside engineers look at Dynaflo and say, "Now you've got something!"

You'll say so too — once you handle a Buick Roadmaster with this new driving magic.

Try it, first chance you get — and we think you'll want to see your Buick dealer at once to get an order in — with or without a car to trade.

*Dynaflo Drive is available at extra cost on Buick Roadmaster models only.

BUICK alone has all these features

- * DYNAFLOW DRIVE (Optional, Roadmaster Series)
- * TAPER-THRU STYLING (Rear and Roadmaster)
- * FLEX-FIT OIL RINGS * HI-POISED FINERBALL POWER
- * SAFETY-RIDE RIMS * QUADRI-FLEX COIL SPRINGING
- * VIBRA-SHIELDED RIDE * ROAD-RITE BALANCE
- * SOUND-SORBER TOP LINING (Rear and Roadmaster)
- * RIGID TORQUE-TUBE * BUOMATIC SPAK ADVANCE
- * TEN SMART MODELS * BODY BY FISHER

Hereford Beats Umbarger 21-0 In One Sided Game Here Sunday

By HOMER FOX
Last Sunday Hereford blasted Umbarger in a one-sided ball game in the new Veterans Park. The score was 21 to 0. Umbarger didn't have their full strength in the line-up Sunday and just couldn't get going. A lot of bobbles in the field, with ten errors, the boys couldn't get started hitting the ball and only collected four hits off Anderson — and all singles. Just one of those things in baseball.

While Umbarger was having their worst day of the season, the Hereford bunch had their best, with only one error in the field. Glenn Anderson went all the way in the box; he pitched to 12 men in the first four innings, gave up two singles in the fifth, one in the sixth and one in the eighth — and struck out nine batters. While Anderson was doing such a splendid job of chunking, his team mates were piling up runs for him, smacking a total of 23 hits, and just to show how breaks can go in a ball game with one side getting all the bad breaks, 13 of those 22 knocks were "blooper" singles just over infield and short of the outfielders.

C. Hartman pitched all the way for Hereford and regardless of the errors and bad breaks, he just grinned and chunked 'em across and said nothing.

Raymond Lueb led the bunch in hits, 4-for-4 and scored four runs; Stan Barrett 3-for-5, Blue Turpen 3-for-5. Almost missed this Jno. Winkler, who does a lot of pitching himself; re-relieved L. J. Clark in right field in the sixth and hit 3-for-3 himself. L. J. Clark blasted one down the right foul line for a home run in the fourth and we just knew that Conrad Clark had one over the fence in the seventh, but it fell 4 1/2 inches short of the fence and Conrad made it to second by sliding.

We go to Nazareth next Sunday, and don't forget August 10 the boys dedicate their new park and new lights with a night game between the American Legion and V. F. W. And brother, this could be a battle-royal, cause this American Legion team has a good ball club and they mean to win this game.

CARD OF THANKS
I would like to express my heartfelt thanks to the many friends who have sent cards, letters and flowers and other tokens of friendship during my recent illness. My earnest wishes are that each of you may receive similar expressions of friendship when illness comes.
Mrs. H. H. Boardman

Rev. and Mrs. Harold Hicks and family of Littlerock, Ark., arrived Monday for a 10-day or two-weeks stay with her parents, Mr. and Mrs. Joe Beyer. Enroute they stopped at Vernon for a brief visit with Mr. and Mrs. C. H. Dillehay, formerly of Hereford.

Don and Ivan Baucum of Corpus Christi were in Hereford Saturday looking up their ex-school mates who were in college with them in Canyon in 1915.

Frank Gentry of Borger, accompanied by his son, John Stephen, and Miss Emma Faye Ellis, spent Sunday in the O. T. Bailey home.

Mr. and Mrs. Walter Carlton and family of Borger visited in the Wayne Edwards home for the weekend.

Miss Dolores Phillipps has just returned from a two-week vacation and friends in Gainesville, Dennison and later in Roswell. The most outstanding sight seen on her vacation was the Bottomless Lakes near Roswell, she said.

Night Games

(Continued from Page 1)
ing the new ball park," Wood said. "We planned it for the entertainment of Hereford and all adjoining towns, and we invite the public to help us out on these opening three games in order

that we can get a small part of our investment back. Admission of one dollar each will be charged for the games, or donations in any amount above that will be accepted," he said.

Jim Spurlin of Sayer, Okla., visited this week in the home of the Cooper Morgan family.

Coke Party Compliments Bride-Elect

Georgia Faye McConnell, whose wedding to Robert Bruce Allen of Montgomery, Ala., took place Sunday, was honored on Thursday evening preceding the wedding date at a coke party given by a group of Hereford High School classmates at the home of Doris Jean Hastings. The honoree was presented with a lovely gift.
Those enjoying the party were: Jacqueline Newell, Jaynice Boskathrine Hodges, Mary Helen

McGilvary, Barbara Boyd, Mary Louise Grady, Diane Roberson, Minnie Alice Wells, Doris Hastings and the honoree.

Snap Dragons And Petunias Used At Tuesday Club Party

Mrs. Travis Dameron was hostess to members and guests of the Tuesday Afternoon Bridge Club at her home last week. She used yellow snap dragons and pink double-ruffled petunias to give a pleasing effect and dainty refreshments were served after the party. Mrs. George V. Stambaugh was winner of

the high score award. One table of guests played with members and included Mesdames O. L. Clegg, Richard Barnard, and George V. Stambaugh and Miss Johnnie Estes.

Members present were Mesdames; W. J. Stanford, Ernest Medkief, Jim Lipscomb, Paul Mathers and the hostess.

Mrs. Geo. F. L. Bishop Jr. and two children, George and Niek, of Houston are guests or her brother, Claude McGowan, Jr., and his sister, Mrs. Dee Graham. Several parties are being given to entertain the visitors.
Mr. and Mrs. Jeff Roberson, accompanied by Mr. and Mrs. Lee Hopson, left last week-end for California and Oregon, where they will make a two-week visit.

for fast, Clean Cutting...

New OLIVER "77" New No. 22 Mower

You can make short work of all cutting jobs with these two new Oliver units.

The new 6-cylinder "77" with its six forward speeds gives you almost any ground travel speed and drawbar pull combination you want—at peak engine efficiency.

Take the new direct drive power take-off of the "77"—what could save more time in the hayfield? And, think how these advanced features increase tractor utility and cut down operating costs: choice of three new engines, (1) for gasoline, (2) for tractor fuel, and (3) a diesel to be available later... metered oil system... Oil Miser transmission case... battery ignition... choice of interchangeable cast iron or stamped steel wheels and basic interchangeability of mounted tools with all other new Row Crop models.

The new No. 22 Mower rides on two rubber-tired caster wheels... is protected from damage by a safety spring release. The sickle bar is close to the rear tractor wheel, making it easier to get around square corners. A dust-tight, oil-bath chain-drive transmission with a safety slip-clutch runs the pitman.

Professional Dress Designer, Age 13

Thirteen-year-old Marion Buckley, who bills herself as America's youngest producing dress designer, displays one of her creations in Los Angeles. The blonde Amarillo girl is in Los Angeles on her first buying trip. She's been designing clothes since she was ten and has made 29 successful commercial designs. This one is a general utilities dress with bib front. With jewel accessories it becomes a party dress.

South American Road Race Champ To Get \$25,000

BUENOS AIRES — There's a speeder's paradise coming up in South America — 6,000 miles of road without a speed limit. And with a \$25,000 prize at the end for the fastest driver.

That's the outline of the Buenos Aires-to-Caracas road race, which will cover about two-thirds of this continent.

The race will be held in October or November, the early summer in the southern hemisphere. Nearly 100 drivers entered the last international road race here from Buenos Aires to Santiago, Chile and back. In addition to the grand prize, another \$100,000 will be passed out to the entrants in this race, and even more than 100 drivers are expected to try to collect some of it.

The one catch in the race is the condition of the roads. They are all passable but not much more. Most of them are dirt or gravel, narrow, winding and alternating desert stretches with mud. They will make heavy demands on the U. S. made stock cars which are used for road racing here.

Stock cars stand up better than racing cars on rough roads and repair parts for common U. S. makes are available all along the route.

Luigi Villorasi, Italian racing driver who has won many road races here, will be the favorite for the event. He has not decided whether to drive an American stock car, a European stock car or his Maserati. The Maserati has carried him to victory in his other races, but they have been over city streets or park roads.

Over the poor roads in this race, Villorasi will be on more even terms with the top Argentine drivers, and the Brazilians, Chileans and Uruguayan drivers who will enter.

The race is being sponsored by the Argentine Automobile Club, which is putting up most of the prize money. Argentina's President Juan Peron has given \$25,000 to be distributed as lap prizes. There will be 14 days of actual racing with two days rest in each of four cities along the way. Longest drive will be the first day's stage, 1060 miles. Each day's times will be added to determine the winner.

As early as 1787 the recognized flag of the New England colonies had a blue field with a white union quartered by a red cross. Such a flag, with a pine tree added, was carried at the Battle of Bunker Hill.

What It Means:

Corn - Hog - Ratio

by **ROBERT E. GEIGER**
Associated Press Staff Writer
WASHINGTON — There is a mathematical formula that seldom fails to produce more meat when it touches the "pork point". This formula is based on a set of figures known as the corn-hog ratio. It produces more pork when the ration gets above 12 or 13 to 1.

This ratio got down to around eight to 1. Now it's back to about 11 to 1 and climbing higher toward that magic 13 to 1 level. Does this mean you can let your mouth water over the prospect of more bacon, more ham and more pork chops, at reasonable price, tomorrow or next week or next month?

No, sir, say the experts of the U. S. Bureau of Agricultural Economics. Nature just won't cooperate that fast. Here's why. To figure the corn-hog ratio

you take the price of 100 pounds of hog and divide it by the price of a bushel of corn. If it comes out less than 12 to 1 it is more profitable, usually, for the farmer to sell his corn instead of feeding it to the hogs. When it gets around 13 to 1 farmers generally start raising more hogs and feeding them the corn. They can get more out of the corn that way.

Department of Agriculture experts expect corn prices to go down to around the government support price. Last year this averaged about \$1.37 a bushel. A big corn crop is one reason for the price drop. If the ratio gets around 12 to 1 the farmer will breed more hogs this fall. They will produce a crop of pigs next spring. But then the pigs have to grow up and be fattened on the corn. This means that probably

not until fall of 1949 will there be more pork on the market.

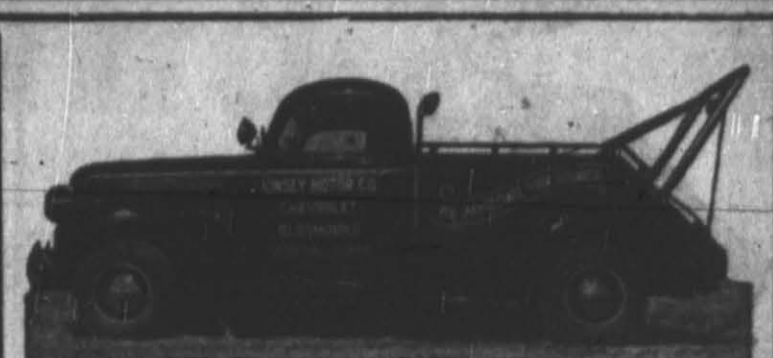

The big corn crop will permit farmers to put more fat on the animals they plan to market between now and next fall, but the agricultural experts say the extra meat this produces won't make pork much more plentiful. The corn also will be used to fatten cattle, but it takes longer to increase the supply of marketable beef than it does pork. So the corn isn't a big factor in producing an immediate increase in beef.

There probably will be a greater proportion of choice corn-fed beef this winter and next spring than there might have been if the corn crop was smaller and meat prices lower. But there will be fewer grass-fed cattle marketed, so the total supply of beef won't be increased substantially.

The number of cattle on farms is comparatively low, and if farmers slaughter an unusually large number this winter it means there will be less beef later on. Farmers can't sell their breeding stock and have their calves too.

There are 11 high waterfalls within an 11 mile section of Columbia River highway.

Oregon has more than 20,000 acres of forest lands, including lake and stream surfaces.

ghum acreages in the history of the area. Wheat land and grazing land will also benefit from the rains; grass, reported to have been getting "short and dry", will now turn green rapidly.

Damage to the potato crop was feared by Agent Hugh Clearman, however. He says potato harvest is now at its peak and serious damage might result. Lettuce, recently planted, and carrots, another new crop, stand good chance of benefiting from the rains.

Producers felt that clear weather, plus warm, dry west winds would bring the remaining potatoes through in good shape.

August contest," he warned. "Even if a candidate was named in July, it will take a new ballot to nominate the candidate for August."

Miss Hammer will not be eligible to compete in contests during the next 11 months. She was introduced as a guest of the Lions Club Wednesday and will be a guest of the Rotary Club Friday. She was also interviewed over Station KPAN Wednesday afternoon.

A radar-equipped ferry now is operating between Brooklyn, N. Y., and Staten Island.

Olympic Winner Is Son Of Former Hereford People

Guinn Smith, son of Mr. and Mrs. O. P. Smith, former Hereford residents, won the pole vault title for American contenders in the Olympics at Wembley, Eng., Tuesday.

Heralding the jump as "a magnificent flight", Associated Press reported:

Smith, forced to make his approach along a soggy, slippery runway, soared to 14 feet 1 1/2 inches to win the pole vault. He fell short of Earle Meadow's Olympic mark of 14 feet 3 3/4 inches, but it was a great effort under the conditions. A light but steady rain fell through the last four hours of the competition.

Smith, a frequent visitor here, was not too widely known in the community. Mr. and Mrs. O. P. Smith moved to Hereford from Amarillo in 1940 and resided here until 1943, when they moved to McAllen, where they now reside.

Hospital Notes

22 Dismissed
Patients dismissed from the hospital this week were: Mrs. Vasquez, O. B.; Christine Sullivan, med.; Earl Smith, inj.; Mrs. Arnold Betzen, O. B.; Mrs. A. R. Monroe, O. Fire Damage At Elite Cafe Set \$10,000 Monday

The Elite Cafe was ravaged by fire about 4 a. m. Monday morning and the exact cause of the blaze is not yet been determined. Gaston Baer, owner of the building, estimated the damage would run between eight and ten thousand dollars.

Proprietor of the cafe, Jay Johnson, discovered the flames when he came to work, and summoned the fire department. They had to be recalled about 6 a. m. when smoldering fires in the ceiling started another blaze.

Smoke damage in the neighboring stores was negligible. The Popular Store reported a small amount of water damage after the second blaze and Kester's Jewelry had some of their open displays smoked so that they had to be polished.

Cherry Ann Forrest Studies At Training School In Arkansas

Miss Cherry Ann Forrest left last Monday for Fayetteville, Ark., where she will attend a Leadership Training School at Mount Sequoyah.

The school is for Sub-district, District, and Conference officers for youth work in the Methodist Church.

At present, Cherry Ann is publicity chairman in the Northwest Texas Conference of the Methodist Church.

A chartered bus will transport the group from Northwest Texas and will leave from Lubbock early Monday for Arkansas.

The United States produces more than one-third of the total value of the world's mineral products.

Here's a Sweet Story From Puerto Rico

Oxcarts are used in Puerto Rico to haul sugar cane from fields to loading platforms. Cane is then shipped to mill over a narrow-gauge railroad. Here, plantation workers are about to get several loads on their way. Puerto Rico expects to produce 1,100,000 tons of raw sugar this year from 10,000,000 tons of cane.

"Nemobius Gryllidae" Is The Name Hordes of Crickets Take Over Main Street

Main Street has been invaded! A horde of crickets has swarmed into the business houses, chasing each other around chair legs and singing their serenades along the sidewalks.

Because this is the season when they hatch off, they are particularly abundant. The crickets here are the small brown variety, latin name "nemobius gryllidae," and although they have taken up inhabiting the cement, they are actually field crickets.

Crickets have an appetite for practically anything. They eat garden vegetables, clothing, upholstery, smaller insects and even turn cannibalistic at times and start chewing up each other. Hordes of the insects have been known to strip farm fields of

their crops, much like their relatives, the locusts and grasshoppers. They accomplish some good because they will eat destructive insects and decaying plant matter.

The famous cricket song, never Number 1 on the Hit Parade but consistently interesting, is made either by rubbing of the forelegs together or fanning the wings.

Whereas, in the U. S. the cricket is an insect to be tolerated or killed -- in China cricket fighting is one of the national sports. The orientals believe crickets are the re-incarnated great Chinese warriors and the insects are pampered and trained for cricket fights. Hundreds of thousands of dollars were once waged on the outcome of such

a match. Two of the insects are put in a jar and antagonized to battle until one is killed.

It is important among such enthusiasts in China for a man to be able to diagnose cricket ailments and prescribe such corrective treatment as feeding them pre-masticated cabbage leaves of butterfly wings for example.

In England, also there is an old folk story which forbids killing a cricket on the hearth. This superstition arose from the legend of the mournful cricket and his song of unrequited love.

But, if you don't fall for these international attachments or care to make care to make pets of them, they can be destroyed. A mixture of poison in bran will -- (Continued on next page) --

Personal

Mrs. Charles Rodgers and daughter, Charlene, of Lubbock, spent a few days last week visiting her parents, Mr. and Mrs. E. L. Calhoun, Mr. and Mrs. G. A. Wood of Dimmitt were Sunday visitors of the Calhouns.

D. R. Grimes of Hot Springs, New Mex., was in Hereford last week. Mrs. Grimes has been here several weeks visiting her daughter and family, Mrs. Billie Wall.

Mr. and Mrs. Elmer Patterson entertained relatives with a house party held in their home this week-end. The guests were Mrs. J. J. Kennon and sons, Jim, Dow and Joe, and a daughter, Mrs. B. B. Erwin, all of Roswell. Mr. and Mrs. Monroe Horton and children, Joyce and Jimmy, of Montrose, Colorado, and Miss Frances Chambers of Amarillo. Mrs. Kennon, Mrs. Horton and Miss Chambers are Mrs. Patterson's sisters. Her brother, A. L. Chambers and his wife and children, Jeanne, Eleanor, and Susan, of Canyon were there, and also Mrs. Alice McKinley, Mrs. Patterson's aunt, from San Francisco who arrived earlier in the week for a visit.

John Josie of the Baptist Church of Amarillo will present an organ recital on the Allen Organ at the First Christian Church Friday afternoon at 3 o'clock. The public is invited.

Higgins Family Picnic
The Higgins family enjoyed a family reunion at the Ky Higgins ranch near Palo Duro Sunday. Those attending the affair were Mr. and Mrs. Claude Higgins, Mr. and Mrs. Charlie Hodges, their son, C. L. and grandson, Keith, Mr. and Mrs. Si Orr, Mr. and Mrs. J. D. Bruner, Thurman Bruner, J. T. Cronin, Mrs. Eula Rambo, Mrs. Mildred Lamb, Jennie K. Rush, Mr. and Mrs. James Wilde and children, Mrs. Imogene Whitehead and Charles, Richard Jewell, Mr. and Mrs. and Mr. and Mrs. Bob Higgins.

Now, Hold It!

Anita Simons of New York, member of the U. S. Olympic women's gymnastic team, strikes a graceful pose under the watchful eyes of Coach Roberta Bonniwell of Philadelphia. Other members of the team look on during training session at the Southlands College Women's Center, London.

HONEYMOON TRIP

Spending a part of a honeymoon trip in Hereford last week were Mr. and Mrs. Malcolm G. Johnston of Waco, who were guests of Mr. and Mrs. Clay Ridgway, Mrs. Lydia Beach and Mr. and Mrs. Edgar Ireland.

The couple married July 10, in Temple and after the honeymoon trip they will make their home in Waco.

FAR EAST SHIPS GUARD AGAINST PIRATES

SINGAPORE — (AP) — The Indochina Steam Navigation Company isn't taking any chances with pirates along the China coast. All vessels belonging to the line now employ White Russian anti-pirate guards. The men are posted at strategic points on the ships and are fully equipped for any emergency.

PTA Sponsors Physical Check For Beginners

In accordance with the recommendations of Dr. George W. Cox, State Health Department official, the Hereford Parent Teachers Association will sponsor a modified version of the National Health Round-Up among pre-school children this summer. Mrs. J. C. Reese, chairman said today. An effort will be made to provide a physical check-up for each of the younger entrants.

By next week the P. T. A. plans to have delivered to the parents of all first graders a mimeographed sheet which is to be filled in by the family physician and presented when the child enrolls.

School officials are co-operating in the plan, and over a 12-year period it will have reached almost every child in the schools. This is one of the first steps in the P. T. A. health program. The health committee, which tallied the country-wide program to local needs was Mrs. J. C. Reese, chairman, Mrs. George Graham and Mrs. Earl Springer.

New Blue Cross Group Planned

A community group of Blue Cross is being organized now Elmer Mathis reported Friday. "This will be the last group of this kind to be organized for some time," said Mathis, who added that he would like for those interested in joining a community group to see him at once, at the Deaf Smith County Hospital.

Business organizations can still organize Blue Cross groups, however, as they are needed, he said.

GI Kids In Samoa Face Hard Times
 By DOUGLAS LOVELAKE
 AP Newsfeatures

PAGO PAGO, American Samoa—American servicemen left hundreds of half-caste babies, and a first class problem, in American Samoa. These children are growing up in a land where they have little birthright. The reason is that persons of less than three-fourths Samoan blood may not inherit or buy land, except for a few freehold acres. This restriction bears heaviest now on the shoulders of the grown children of traders and navy men who married Samoan women before the war. But in a few years, unless it is remedied, the illegitimate children of American fighting men will find substantial blocks in their path to economic betterment.

The problem will be discussed with a Congressional committee which plans to visit Samoa late this year. Half-castes, Samoan-born and of Samoan blood, complain that they practically are outcasts in their own land.

One trader solved the problem by giving his children excellent educations in Hawaii and mainland schools and universities -- and kicked them out of Samoa. Another expanded his business to provide jobs for all his children. But such solutions are available only to a well-fixed few.

The navy, in line with its policy of "Samoa for the Samoans," has protected the land. Most land is commonly owned but registered in the name of the matai, or family head. Matais can sell land, but only to other qualified Samoans and subject to navy approval. Samoan leaders express great concern over the dangers of land alienation. They point to Hawaii, where few Hawaiians own land, as an example. They fear that if restrictions were removed, the more aggressive white and part-Samoan groups soon would own the best land.

Hereford Represented At Sorority Meetings

The annual fraternity and sorority reunion of West Texas State College was held in Amarillo last week-end with several members from Hereford attending the various parties.

At the Gamma tea, held in the mezzanine of the Herring Hotel Saturday afternoon were Mrs. Douglas Groom, Mrs. Darrell, Blanton, Mrs. Fred S. Barrett, Jr., Miss Wilma June Miller and Miss Margaret Barrett.

A Reunion Dance was held at the Nat Saturday night. Kappa member, Miss Helen Jo Wilson and Miss Rosemary Phillips, a Zeta were there. Fraternity members included Wayne Thomas, a Sig, and Mrs. Thomas and former Beta's, Frank Barrett, and G. T. Higgins.

COFFEE PRICE FRETTERS BRAZILIANS

RIO DE JANEIRO — (AP) — There's lots of coffee in Brazil, but the price of a cup is going up. The rising price of coffee is causing the disappearance of the traditional cafes of Rio de Janeiro where in bygone times most of the nation's business was transacted.

Brazil's national drink is the cafezinho (little coffee) which is a demitasse of black hot sweet coffee. Brazilians drink coffee not only at mealtime but all during the day. Little coffees are served at mid-morning and mid-afternoon in government agencies and large business houses, while cafes cater to those who have time to leave their work.

For a decade before the war, and even until a short time afterward, the price of a cafezinho was about one American cent. In 1946 it took a 50 per cent jump. Then the government withdrew its coffee subsidy. Cafes then began closing. Fourteen additional cafes in the center of Rio have closed since 1946. Others began selling fruit and lunches and even American soft drinks. Others abolished the cafezinho and sold only a large cup of coffee, with milk, for 60 centavos, or double the previous price. All restaurants continued to serve cafezinhos free with meals.

Mary Elizabeth Class Meeting Gift Party Given

Mary Elizabeth Class of the First Baptist Church met Thursday evening in the home of Mrs. Tandy Legg with Mrs. F. A. Tucker as assistant hostess. Roll call centered around "personal liberties and freedoms we enjoy".

Mrs. R. L. Roots conducted the devotional lesson for the evening and Mrs. H. E. Miller was in charge of a Bible quiz.

Those attending were Mesdames: Nonnie Harrison, H. E. Miller, R. L. Roots, G. E. Harris, Sam McLallen, E. Hutcheson, Glenn Boardman, John Hacker, F. A. Tucker, Horace Schloss, Sanford Smith, Jeff Roberson, and the hostess.

Hordes of Crickets
 (Continued from Page 1)

kill them, according to Bill Stanford, high school agriculture teacher. And one sure way to get rid of them, said Grady Rorger, is to hit them in the head with a rock.

YOUNGSTERS GIVEN PIPES SHANNON AIRPORT, FIRE
 (AP) — Four and a half year old Jimmie Guinane smokes 4 ounces of plug tobacco a week. His sister Mary, a year younger, gets through two ounces, and their father not only approves, but he pays for the tobacco. The boy and girl, children of farmer James Guinane, 36, of Carhué, Rineanna, County Clare, two miles from Shannon Airport, have been smoking pipes since they were able to walk. Both appear to be normal and healthy.

When a reporter called at the farm he found young Jimmie sitting beside his dad and his uncle Pat smoking away. There was no coughing, no watery eyes, no drooling and no traces of self-consciousness. Then pretty, brown-eyed Mary wanted a smoke. Her uncle lighted the pipe for her, for she is not allowed to have lighted matches — a pipe is different. James, senior, started his children smoking. "They will continue to smoke as long as I can buy them the tobacco" he said. "Ever since they began smoking they have never had a cough or a cold. Whooping cough was in the area earlier in the year and school was closed with it, but the children never caught it. 'Tis true that they smoke more than myself, but what matter, if they are healthy?"

Baker County in eastern Oregon has produced more than \$150,000,000 in mineral wealth.

Junior Endeavor 6:00 PM
C. Y. F. 8:00 PM
Evening Worship 7:00 PM
Mid-week Service every Wednesday 7:15 PM

The march of time goes on incessantly... on toward advancing age... on toward the day when your present earning power will be curtailed. Are you making adequate provision NOW for those declining years of yours? Let me show you a convenient, inexpensive way to provide an income for your sunset years.

HUNGER STRIKE BEATS ROMANIAN POLICE

BUCHAREST (AP) — Four Australians and one New Zealander in a combined tourist invasion of Bucharest for once outwitted the hardboiled Romanian "Securana" (security police). They are Hartney James, Arthur Alex Roberts and Weiss Margaret, Australians, and a New Zealander Robert Westgate, and wife, Cullin, and Australian, who described themselves as journalists, resident in London, England.

Planning a tour of Europe on as little money as possible the five arrived at Bucharest and stayed at the Grand Hotel.

After five days here they asked for an exit visa. "This will take time," the Romanian security police said. But the five were not going to waste their own good money waiting for an exit visa which other countries usually grant in two hours. So they went on a one day hunger strike.

Alarmed the police sent them money which they refused. Thinking it was not enough the police doubled the amount. This again was refused. Finally they compromised that the police would pay hotel, food and drinks until the exit visa was forthcoming. After three days it came, but not for via Constanta toward Egypt as they wanted.

The Securana had the last word. They were given five tickets, paid their bills and sent by rail from where they had come -- to Prague.

ASSEMBLY OF GOD
S. E. Eldridge, Pastor
Sunday School 9:45 A. M.
Morning Worship 11:00 A. M.

SAYS WORK CAN'T HURT NERVES
 DENVER — (AP) — Nobody ever had a nervous breakdown because of too much work, says Dr. John S. Bouslog, president of the Colorado Medical Society. "The belief in the damaging effect of hard work is little more than superstition," he said in an interview. "There's nothing to it. Over-worry may cause a breakdown. But that's something else."

FORMER RESIDENTS
 Mr. and Mrs. Carlos B. Floyd and son, Jack, of Tulsa, Okla., spent the past weekend in Hereford. They were guests of Mr. and Mrs. Paul Mathers. Mrs. Floyd is the former Miss Emma Jean Donald, daughter of Mr. and Mrs. Charles Donald, formerly of Hereford. They were enroute to their home after visiting her parents in Las Vegas, N. M.

State Reports On Typhus Fever

AUSTIN, TEXAS — Statistical information compiled by the State Health Department shows a total of 183 cases of typhus fever so far this year. During the week between July 17-24, seven new cases were reported, one-half the seven year median of fourteen for the week of July 24.

The disease reaches its peak in the month of August, Dr. Geo. W. Cox, State Health Officer, said.

Over a five year period from 1943 to 1947, typhus fever has been responsible for 273 deaths. The death rate has been reduced from sixty-three in 1943, to thirty in 1948.

"Typhus fever as we know it in Texas is transmitted by the fleas of infected rats," Dr. Geo. W. Cox, State Health Officer, said. "It can be controlled by the simple expedient of consistently maintaining a program of rat poisoning, rat trapping, and rat proofing."

Typhus fever is marked by a severe headache, chills and fever. A reddish mottling appears on the skin, and a hacking cough develops. The headache is the outstanding symptom because of its severity. Illness may last from 5 to 14 days.

The greatest outbreak of typhus fever, or Brill's Disease, was in 1941, when there was a total of 733 reported cases.

The Health Officer added that it was a sad commentary on our position as the most health minded nation on earth if we allow the disease to flourish when the means for its control and eradication is right at hand.

INDIA PUSHES IRRIGATION PROJECT

NEW DELHI — (AP) — The Mor irrigation project will bring under cultivation 600,000 acres of land and yield about 70,000 tons of rice annually. It is expected to cost the government \$21,000,000.

Jumbo

Mr. and Mrs. T. E. Brock and children left Wednesday for East Texas to visit her mother who is very ill.

F. E. Clowds, Lynn and LaNelle, left for Oklahoma Monday to help move his parents to this community to live.

Mr. and Mrs. J. J. Wilder and Charles left Friday for Mineral Wells where they are now making their home.

M. L. Simpson Sr. was complimented Friday night with a birthday supper. Present were Mr. and Mrs. Jiggs Hartman of Hereford, Mr. and Mrs. Bill Simpson and his family.

Mr. and Mrs. Howard Bishop and Tommie Lynn were Sunday dinner guests of the Tom Brock family in Flomont.

Mr. W. W. Adams and Lonnie Hunter visited in the Addison Hunter home Wednesday. They were enroute to their home in Wyoming after visiting relatives in Lamesa.

Finis Hunter was a business visitor in Amarillo Friday.

Orville Pierce was at home for the week end. He is attending the summer session at Texas Tech in Lubbock.

Mr. and Mrs. C. F. White are the parents of a baby girl, Gemma Lynn, who weighs seven pounds and three ounces; she was born Friday morning.

Mrs. Denson, mother of Mrs. White, is here for several days visiting from Stratford.

Mr. and Mrs. J. J. Wilder were guests at a farewell supper in the home of the Otis, Tuesday night. Others who were present were Mr. and Mrs. M. L. Simpson.

Mr. and Mrs. Sam Hunter moved to Dimmitt Monday. Their daughter Sammie Lane, and husband will make their home where the Hunters have been living.

Mr. and Mrs. Holly and Mr. and Mrs. Clayton Devin were Sunday guests of the Fred Axe family.

Bible school was concluded Friday night with a program. Sixteen children received certificates.

All members of the Jumbo H. D. Club are urged to attend the meeting Thursday, August 5, in the home of Mrs. Mrs. Fred Axe. "Mexican Cookery" will be the theme of the program.

Mr. and Mrs. Glen May and Eddie attended the rodeo in Claude Saturday afternoon.

THANKS

I have been out of town and am a little late in thanking the voters who supported me in the recent election.

It was a pleasure to meet and talk with the few whom I got to see.

Regardless of the one who wins in the second primary, let's all cooperate 100% and work out our problems. It can be done.

Thanks again.

EARL SPRINGER

Low Brothers
PLAX
 THE UNIVERSAL BEAUTY FINISH
 FOR PERFECT ENAMELING RESULTS

Experts and amateurs alike acclaim LOWE BROTHERS PLAX, the universal beauty gloss for all enameling. And no wonder! PLAX makes it easy to obtain expert results. Adaptable to any surface PLAX hides effectively, covers solidly and flows freely. What's more, PLAX resists wear and weather and many stains and acids—as dramatic "abuse tests" prove. And PLAX, the universal beauty finish, is economical, too, because ordinarily only one coat is needed for refinishing.

POLISH REDS BACK MOLOTOV WELCOME

WARSAW, Poland — (AP) — They've got a phrase in Poland that gets a stiff workout. It's "Serdeczny Witamy." It means heartiest or sincerest welcome. The Polish press and radio, controlled by the Communist-led Warsaw regime, liberally splashes the words everytime a diplomat comes from one of the "peoples democracies" of Eastern Europe.

The press and radio splurged their welcome to Soviet Russia's Foreign Minister V. M. Molotov at the recent conference here of the foreign ministers of Eastern European countries on what to do about settling the "German problem." Thousands of Polish tommygunners guarded the route of Molotov wherever he went. Whole blocks and sometimes series of blocks were closed off to the public by cordons of militiamen. The few Poles who saw Molotov's automobile go by exhibited no enthusiasm.

When Molotov left for Moscow, the press and radio said 50,000 Warsawians voluntarily, spontaneously, and enthusiastically raced to the nearby Okęcie airport to see him off. To aid the demonstration Government and factory workers were told by Communist organizers and high government officials that it would be advisable if they did go to see Molotov off. They had time off from work to do it.

A bird's air-conditioning system, enabling it to lose body heat, consists of a system of air sacs extending through the whole body.
