MASONIC LODGE

Install Officers at a Meeting Held Friday Evening—Oyster Supper at the Humphrey House.

Last Friday evening Hereford Lodge, No. 849, F. & A. M., held their first meeting under their new charter, and District Deputy Grand Master George F. Morgan of Clarendon installed the following officers:

W. B. Boyd, W. M.; Dr. R. M. Johnson, S. W.; C. L. Davis, J. W.; Jno. E. Ferguson, Treas.; D. F. Johnson, Sec.; A. J. Olliver, S. D.; L. A. Simpson, J. D.; Frank Dyer, Tiler; D. N. Poole, Chaplain.

Invitations were extended to all Masons and their families to be present at the installation and a large number of the friends of the fraternity were witnesses of the impressive ceremony.

The Hereford Orchestra rendered some pleasing musical selections and short addresses on the history and objects of Masonry were given by D. N. Poole and G. F. Morgan, after which all repaired to the spacious dining parlors of the Humphrey House, where a tempting and bountiful repast was served.

That Landlord Humphrey spread himself on this occasion will be apparent by a perusal of the following menu, which is said to be the most elaborate ever served in Hereford:

Fried Oysters	Fried Chicken
Baked Turkey with Dressing	
Potato Salad	Salmon Salad
Stewed Potatoes with Gravy	
Celery	Apple Sauce
California Peaches	
Chocolate Cake	Caramel Cake
Lemon Cake	Cream Cake
Coffee	Tea
	Milk

EASTERN STAR.

A Ladies Branch of the Masonic Order Organized Friday—The Officers.

Last Friday afternoon District Organizer R. W. Lemond of Plainview came here and organized a subordinate lodge of the Eastern Star, the ladies' branch of the Masonic fraternity. After the organization of the lodge the following officers were elected to serve during the ensuing year:

Mrs. A. A. Johnson, W. M.; F. R. Dyer, W. P.; Mrs. Metta Oliver, A. W. M.; Mrs. Edna Johnson,

Conductress; Miss Eva Humphrey, Asso. Conductress; D. F. Johnson, Secretary; Jon. Humphrey, Treasurer; Mrs. C. L. Davis, Adah; Mrs. Emma Mercer, Ruth; Mrs. E. Carter, Martha; Mrs. G. R. Hay, Esther; Mrs. D. N. Poole, Electa; D. N. Poole, Chaplain; Dr. R. M. Johnson, Warder; L. A. Simpson, Sentinel.

The regular meetings of this new lodge will be held Friday nights on or before the full moon in each month.

New Masonic Temple.

The members of the local Masonic lodge, who have been holding their meetings in the court house ever since they have been organized, are quite elated over their new temple, situated over the hardware store of Garrison Bros., in the Hay block. And well they may be. In company with Judge W. B. Boyd we paid a visit to their new lodge rooms and to say that we were surprised is putting it mild. The assembly room is 24x40 feet in dimensions and has a raised platform on all sides on which comfortable chairs are placed. An ante room at the entrance is at the disposal of prospective candidates. In the front of the temple are two spacious office rooms which are for rent. The Masons are to be congratulated upon their enterprise in erecting such a pretty temple.

What Beaumont Oil is Used For.

It has been fully demonstrated that Beaumont oil is a success as a fuel; a sure cure for itch, lice and ticks on livestock, and is said to be a cure for pulmonary troubles. The following communication from County Commissioner R. N. Mounts was received this week by Messrs. Rayzor & Womble, relative to the merits of Beaumont oil as a cure for itch on livestock:

HEREFORD, TEXAS, Jan. 21, '01.
Hereford Fuel Oil Co.,
Hereford, Texas:

Gentlemen—I have used Beaumont oil on my cattle suffering with the itch and found it to be a satisfactory cure in every case, and can fully recommend it to all stockmen whose cattle are troubled with this disease. Yours very truly,

STALLIONS.

I have for sale a few good young stallions of Morgan and Steeldust breeding, the latter predominating. They have the size, style, color and action. They are the best all-around horse for the country that can be bought. I sell them worth the money. If in need of a stallion, it will pay you to see or write me before purchasing.

BULLS AND COWS.

In the cattle line, I have eight registered Hereford bulls, from 16 to 20 months old; seven high grades, seven to thirty months old. These bulls were brought here as calves, and are now in only moderate flesh. Buyers can thereby tell just what they are buying, and pay for it accordingly. I also have fifty head good grade Shorthorn cows bred to Hereford bulls, at live and let live prices.

BOARS AND GILTS.

I invite your especial attention to my Berkshire hogs. Herd headed by Elma, Majestic, Windsor and Texas King. Have a few young boars now ready for service, also a few good gilts, from three to six months old. Remember, I guarantee my hogs to give satisfaction. Not me, but you, to say whether or not you have your money's worth.

VISITORS ALWAYS WELCOME.

GALBREATH, FOX & CO., = HEREFORD

VERNON citizens have subscribed \$50,000 for an oil mill.

WITH a population of nearly 1500 sanitary laws are a necessity and should be rigidly enforced. The only way that these laws can be enforced is to incorporate. Think it over.

THAT we should incorporate under laws guaranteeing an economical municipality, is admitted by every citizen who has the best interests of the town at heart. We hope to see an election ordered for that purpose in the near future, and when that has been accomplished we hope to see it carried without a dissenting vote.

THE recent census of Hereford, taken by the ministers in charge of pastorates here, discloses the fact that Hereford has a population of 1473. This was a surprise even to the most enthusiastic residents. While we knew that the population was increasing very rapidly, hardly anyone thought that it had passed the 1200 mark.

HEREFORD'S steady growth since the town was started, a little over three years ago, has been the subject of much comment by people who were conversant with the foundation

of the town. In a recent conversation with a railroad man connected with the passenger department of the Pecos system, he said that it was surprising to him to see so many people buying tickets for Hereford who were paying their first visit to the plains. The mystery to him was why so many people had Hereford for their objective point. The REPORTER representative informed him that Hereford's superior advantages as a place in which to rear a family was one of the reasons; another, her citizens all worked together for the good of the town, and while "abroad" and in writing to far-away friends never missed an opportunity to say a good word for the banner town of the plains. He remarked that the REPORTER was responsible for a good deal of the advertising which Hereford had received, which is true; but we do not wish to receive all the credit, as the liberal patronage we have received from our citizens and business men has enabled us to get out a paper which reflects credit on the enterprise of our merchants. When a man is looking for a location for himself and family, he looks at the local paper, and if it is well patronized by the merchants he knows there is plenty of business in that town, for when the newspaper is prosperous it is a pretty good indication that everyone else is.

He tried to do business with the Colorado miners but lack of cars on the "Denver" road thwarted his efforts with those mines. He then turned his attention to the Kansas and Indian Territory mines and by his persistency succeeded in causing the Santa Fe to make suitable freight rates from these mines, thus giving Panhandle people an assurance of no more coal famines.

Shooting Near Tucumcari.

Last Tuesday while Fred, John and Dick Spikes, who own a ranch near Tucumcari, N. M., were riding home after having repaired their fence, they were fired upon by unknown parties. John fell immediately and it is supposed that he is dead. Fred's horse was also shot, as was his rider, but managed to reach a Mexican's house, who carried him to the ranch of Condly Carmack's. Mr. Carmack, in company with John Flowers, brought Fred to Hereford for surgical treatment. He is stopping at Landlord Humphrey's and is resting as comfortably as possible, considering the nature and seriousness of his wounds. Fred believes that Dick is also dead. The shooting occurred at about 2 o'clock p. m. and Fred arrived here on Wednesday at 2 p. m.
