Reid Is Member Of Hospitality Committee Of Texas At Palo Duro Canyon Park

Nicky Reid of Rochester, Texas a Sophomore at West Texas State University has been selected as a member of the hospitality committee of the "Texas" musical-drama to be presented for its third season this summer in the Palo Duro Canyon State Park.

Nicky reported for rehearsals on June 1, and will be working from 1 to 5 and 6 to 10 p.m. each day throughout the month of June. The presentation begins June 29 and will continue through Labor Day, with performances every night except Tuesday.

"Texas" is the story of the settling of the area. With a cast of 65, it is drama intertwined with native folk songs and dances going back to the Panhandle country of the 1880's. The story is challenge, humor, pathos, and excitement - reliving an unforgettable era in the American history. Cowboys, Indians, horses, wagons, and western characters are in authentic settings. People marvel at the perfect acoustics, stereo sound and dramatic lighting in the amphitheatre with a 600 foot canyon wall for a backdrop in this spectacular setting for the stars.

The amphitheatre was built as a memorial by the people of the Panhandle in cooperation with the State of Texas. The drama was listed in the top twenty travel attractions over the United States by the National Association of Travel Organizations for the years 1966 and 1967. It has also been honored by the "Freedom Foundation" at Valley Forge and is being recommended to over-seas visitors by the publication, "Festivals USA", a publication of the United States Travel Service.

The Palo Duro was once the sheltered passageway to the Southwest and was inhabited by dinosaurs, mammoths, buffaloes, Indians, comancheros, smugglers, and pioneers. The canyon is a tremendous abyss 120 miles long covering over 15,000 acres.

Paul Green, author of "Texas" has four other such productions currently operating in the United States. "The Lost Colony" at Manteo, North Carolina opened in 1937 and the play still draws thousands to that historic spot each summer. Other dramas are the "Common Glory" at Williamsburg, Virginia; the "Stephen Foster Story" at Bardstown, Kentucky; and "Cross and Sword", at St. Augustine, Florida. Mr. Green is currently working on historic dramas for Ohio and Georgia.

Nicky has been active in dramatic work at the University and has been in several major productions presented by WT. He has received numerous awards for his work and has been very active in all phases of the fine arts at West Texas State University.

He will be enrolled in a two hour course in theatre at West Texas State University and will be paid for his summer's work. For a student so interested in drama, music, acting, continuing his education summer work, this is indeed a wonderful opportunity. Nicky is the son of Mr. and Mrs. Manfred Reid of Rochester.

FHA Regional Meet Set June 25-28 In St. Louis

How to check the flow of rural people into urban centers will be discussed at a regional meeting of the Farmers Home Administration, to be held June 25-28 in St. Louis, Mr. L.J. Cappelman, Texas State Director for the agency said today.

Texas officials attending the meeting will include Mr. Cappelman, John O. Barnes, Assistant State Director, L.D. Smith, Rural Development Specialist, Arnold H. Paul, Executive Officer, J. C. Hayes, Assistant to State Director - Farm Management, J. D. McKenzie, Chief,

Operating Loans, and W. E. Lawson, Chief, Community Services.

Agency leaders representing 18 states will attend.

Mr. Cappelman said that the Farmers Home Administration will loan about \$1.3 billion during the coming year to create jobs in rural America, improve rural housing, strengthen family farms, develop needed rural community facilities.

"The main drive in all Farmers Home Administration programs is to strengthen the economy of rural America, to make it a place that will attract rather than repel people," Mr. Cappelman said.

He estimated that 4 million people would benefit from the services of the Farmers Home Administration in Fiscal 1969.

The Farmers Home Administration through 1,600 county offices located in rural areas in all states provides development credit accompanied by management aid. Funds advanced by the agency are used to help low-income rural families obtain needed resources and raise their incomes, and to help disadvantaged rural communities obtain modern community facilities.

As of December 31, 1967, the agency reported losses of less than one percent on funds advanced through current programs.

Loans outstanding total \$4.2 billion.

Few people get what they want—they usually get what they deserve.

Editorial

BY MELANIE WHITLEY

All across this country last week people asked themselves "Can this be America?" What is wrong with us? God works in mysterious ways, maybe He could see that our consciousness could only be aroused by great tragedies like the deaths of our most able leaders, John Kennedy, Martin Luther King and Robert Kennedy.

We have allowed the laws of this country to become such a maze that a person can literally get away with murder. We guard the freedom to rebel and overlook the freedom of quiet perseverance. Speech is no longer free when our leaders must speak behind armed guards. Our merchants, at the slightest vexation, often in no way concerning them, have their livelihood looted from them. We make it easier to buy a gun than a bottle of paragon. We have made divorce laws more binding than marriage vows; the homes are dissolved and children must learn to tread water by themselves.

Everything that is wrong with this country is wrong in the same proportions in the homes. Our parents don't seem to care what their children read, watch or do; they have become conscientious objectors to their role as head of the family. Scouts, Little League, 4-H projects, or simply to catch a ball or read a story, their reply is always the same, "We don't have time." These are the same people who will later ask, "What did I do wrong?" completely baffled.

When there are two parents in each home, when the parents love their children more than themselves, when the children are made to respect their parents, when the children are expected to prove their abilities, when laws are changed to protect the guileless instead of the crafty, when the Supreme Court is un-hypnotized, when the American people get off their flabby, apathetic carcasses and shout "No more!" THEN will we begin to see the America where freedom walks in the dark unafraid.

PUBLISHER'S NOTE: I agree that we people who live in these United States should concentrate on being more like our forefathers who fought proudly for their rights and be proud enough to fight literally if necessary to protect what we have materially. And revive our spiritual attitudes to be "doers of the Word and not hearers" only.

My friends, the admonitions start with you and me. We together can accomplish many things where singly we will fail.

Rochester Rotarians Celebrate 25th Anniversary With Guest Night Dinner

The Rochester Rotary Club celebrated its 25th anniversary with a ladies' night dinner at the school cafeteria Monday, June 10, with guests from Stamford, Crowell, Haskell and Weinert. The wives of all the Rotarians were also guests. John Michaels and Mr. and Mrs. Charlie Collier of Rochester, former members of the club were honored as members of the charter club.

Grady Halbert, past district governor and his wife Eunice of Crowell were guests and Mr. Halbert brought to the group a very inspiring speech on Rotary. He was introduced by Phil Simmons, incoming president for 1968-69.

Mr. Halbert spoke on "Rotary's Part in World Peace". His quote was, "not how to use, and not how to maim and kill but how to live." This, he said, was the way to world peace and that Rotarians could help bring about world peace with mutual trust and understanding. Meet thy neighbor and understand him and this will help bring about world peace. Rotarians are the most diplomatic group of people in the world. If they work together they can help promote the world peace that we need today, according to Mr. Halbert.

Mrs. Bill Chambers and her FHA girls planned the decorations and fixed them. The tables were laid in white with blue centers with a large gold paper flowers as centerpieces. "Rotary International" was the theme and the colors of blue and gold were carried out in the house decorations as well. The dinner was prepared by the cooks who cook every Monday night for Rotary and they are to be congratulated for the delicious meal of fried chicken, creamed potatoes, English peas, vegetable salad, hot rolls, butter, peach cobbler and iced tea.

Four FHA girls dressed in International costumes served. They were Kay Newsom, representative.

resenting Mexico; Kay Davidson, India; Martha Ann Hicks, South America; and Becky Martin, Dutch, from Holland.

Hob Smith quoted he had never missed a meeting in 25 years. Mr. Hudspeth said he had only missed about five. With this type of record, these men deserved to be honored.

Alexia Mayfield of Weinert accompanied by Mrs. Sandy King of Munday at the piano presented several songs which

were very fitting for the occasion. Her first song, "Memories" which brought back many memories for the Rotarians who have been members so long. Then to add a bit of humor she followed with "Smiles". Then "Try To Remember" and "Let There Be Peace On Earth". These brought hopes to many as her lovely voice echoed the hopes of each one.

Abe Martin gave the invocation and Hob Smith adjourned the meeting with a thanks to each one for attending and making the silver anniversary of the Rochester Rotary a grand occasion.

Girl Scouts Have Cookout

BY SHERRY SLOAN

The Rochester Girl Scouts met at the clinic building Monday afternoon and hiked to Robert Speck's pasture. After we arrived at the pasture the clouds looked so bad we decided to gather wood so it would be dry and go to Sharon Mullino's house in case it rained, we would have shelter.

By the time we arrived Mrs. Mullino's house it was raining, so we played games. After the rain had stopped we found our places to make our campfires and divided into troops. Each troop had to cook their own meal with the dry wood we had gathered.

We had hamburger patties, potatoes, onions, carrots, do-boys and pineapple cobbler. After the dishes were cleaned up and the fires put out with water and dirt, all returned home. Attending were, Kay Silba, Susan Mullino, Melissa Roberson, Sherry Sloan, Karen Sharp, Becky Sloan, Cherri Lynn Townsend, Riva Hitt, Cissy Wright, Mrs. Mullino and Mrs. Freida Wright.

Fort Worth Gardens Site Of Wedding

The central rose garden of the Fort Worth Botanic Gardens was the setting for the wedding of Miss Gayla Valkman and Gary Boyce Qualls at 10 a.m. Saturday.

Parents of the couple are Mr. and Mrs. R. L. Valkman of 8012 Ferndale, and Mr. and Mrs. J. E. Qualls, 3813 Chickasaw all of Fort Worth.

W. Ray Averitt, minister of Westland Community Temple, read the ceremony in which Miss Reba Valkman and Dennis Martin were attendants.

The bride wore a lace dress over satin.

A reception was held at the Valkman home. The couple will live at 3237 Lubbock St., Fort Worth.

The bridegroom, a native of Rochester, attended Tarrant County Junior College. He is the grandson of Mrs. Bertha Trimmer of Knox City, former resident of Rochester.

Dr. and Mrs. H. E. Charles and Lynn of El Paso and Mr. and Mrs. Fay Wilson, Marlin, Jim and Jeff of Abilene spent the weekend with their parents, Mr. and Mrs. S. S. Hook.

Visiting Mr. and Mrs. Hollis Wolf and Mr. and Mrs. Bud Clark over the weekend were Mr. and Mrs. Mack Clark and family of Hurst and Aubrey Wolf of Irving.

Colors are printed on cotton cloth much like printing on paper.

Mr. and Mrs. Dickie Sloan and Scott and Becky and Sherry Sloan were in Abilene Friday. They spent the day visiting the zoo, the airport and other points of interest.

Greg and Brad Rollins of Irving spent last week with their grandparents, Mr. and Mrs. Charlie Overand. Their parents, Mr. and Mrs. Charles Rollins, came for them over the weekend.

CALL IN YOUR LOCALS

Mr. and Mrs. Larkin Jones spent the past three weeks in Eastland with Sgt. and Mrs. L. E. Jones' children while she was in California to meet her husband, Sgt. L. E. Jones who was returning from Vietnam and visit relatives.

Not every one of our dreams come true, but we continue to have our dreams.

Careful habits will often save someone's life and the interest-

ing part of it is that it might be your life that is saved.
