flourishing enterprise. The Spanish padres who came to Texas from Mexico to convert the Indians established the first farms. In the churchyard of Ysleta Mission on the banks of the Rio Grande River, there is a plot of ground which was cultivated continuously from the middle 1600's until 1954 when the drought finally broke this amazing record.

Today, we have only about seven percent of our people actually engaged in agricultural work on the farm. But our economic health still springs from the soil.

Although farmers make up less than seven percent of our population, a full 45 percent and better of our business community is actively engaged in some related agricultural field. These people either buy, sell, transport, process, or manufacture goods which come directly from the land.

Our states' value of agricultural products is a gigantic two billion dollars each

year. We may not any longer be a "nation of farmers" as we once were, but without farming as one of the basic pillars, our national economy would collapse.

The country became a great nation because its economy was rooted in the living heritage which we must guard well.

Wealth of the land. Our agriculture, then, is a continuing record.

hen house robbing, sheep slaughtering, and the killing of calves and yearlings.

It has been reported that in our local area, around Rochester, our hunters have claimed the lives of over a hundred coyotes, just since ginning season started, and that only this last week, several bobcats were killed.

We want to thank each one of these men (Greyhound boys and local men) who take time and effort to hunt these critters down and kill them, who knows, maybe they will eventually turn up with

that "varmint", be he four legged or two, which has plagued the Haskell County area for quite some time.

For Don Coyote, maybe he is only a wild animal that belongs in Westerns on your TV screen, that does loud and prolonged howling at night, to some of you, but stockmen over the county realize their viciousness, and their hope is that the Greyhound boys and anyone else interested in ridding our county of this very real menace, may soon be able to adjust the coyote population, as well as other animal killers.

spected. During the past five and one-half months only 1,800,000 or 40% of the 4,500,000 registered vehicles in Texas have been inspected. This leaves 2,700,000 vehicles to be inspected in approximately two months. If the number of uninspected vehicles were divided evenly among the 5,200 official inspection stations in Texas each would have approximately 520 vehicles to inspect in about 40 working days, or 13 vehicles per day. The stations in heavy populated areas will have many more than this average number to inspect. In areas where there are only a few stations you may have many miles to travel.

The Sergeant urges motorists to have their vehicles inspected without delay to avoid the inconveniences of waiting lines.

Remember — no extension of the Safety Inspection deadline, April 15, 1965.

Mrs. Dera Myers and Ronda have her sisters, Mrs. Clara Hearn of Levelland; Mrs. Thelma Townsend of Snyder; Mrs. Zonia Holmes of DeLeon; Mrs. Lola Greenwood of Munday; and Mrs. T. W. Barton of Rochester, visiting them this week.

**EDITORIAL**  
"Feature Writing"  
By Alana Williams

Today, there is much controversy by parents and teachers and other adults over the younger generation's future lives. These leaders of today should, indeed, be concerned greatly, but not to the extent of planning someone else's whole life. (This is done quite often today.)

Some parents go so far as to set marriages. Not in the same manner as the more primitive countries, but with the same basic idea. "Why?" we ask, "would anybody not give their children at least that privilege." Simple answers from these parents are — "I want her to be happy" and "I didn't want to see him making the same mistakes I've made."

Most teenagers, no matter what anyone says, have their own goals, have determined their own values, and have developed personal interests. These goals help them pick their friends and finally, a mate. The values chosen for the teen his standard of living, while the interests form the most desired occupation. It seems if the main phases of life — family, standard of living and occupation — are derived by the ambitious factors developed at an early age, no one or nothing should be allowed to upset this perfect triangle, which may mean success or failure in life. Basically, the same is true for habits.

Habits that are formed in early life or that are beginning in adolescence should not be corrected by anyone but the parents. The reason for this is, children grow up in the eye of parents' expectations and most respect is directed their way. Therefore, correction of a moral or physical wrong is only aggravated by an outsider, when it could have been "nipped in the bud" by a parent whose personal psychology was familiar.

Adults must realize that growing up is a delicate and difficult process. Many times a mistake is made on this road, but it is best if the traveler can pick himself up, without the unasked-for help of someone that considered only an intruder, no matter how good their intentions. So live and let live, but always try to give your willing advice by living an example of it.

**BAND NOTES**

We are proud of these girls and hope they enjoy playing with the selected bands at Denton.

**List Your Social Security Number On Tax Return**

Don't forget to list your social security number on your Federal income tax return. The law requires it. If both husband and wife have income, they each should list their numbers on a joint return. If only one has income, only his number is required.

Administrative Officer Arthur E. Fogle, Jr. of the Internal Revenue Abilene office said social security numbers are being omitted on some returns. Taxpayers should double check to make sure that social security numbers are complete and accurate.

Omission of the number will delay processing of your return. This is time-consuming and inconvenient for you and the government.

If you do not have a number, ask the nearest Internal Revenue office of Social Security office for application Form SS-5. Application Form SS-5 may also be secured from most local Post Offices.

**PATTERNS FOR PROGRESS IN COMMUNITY DEVELOPMENT**

**ROBERT LEE CITY LIMIT POP. 990 Est. 1400**

**This is a sign of active community development**

Many towns in our service area are engaged in or planning community development programs. One outstanding example is the continuing development of Robert Lee. Here, aggressively energetic citizens have built a new Court House, a new school building, a new Post Office, and a modern bank building. They have developed a City Park with recreation building, swimming pool, sports fields and a nine-hole golf course; modernized the City Hall, paved city streets and voted a bond issue to enlarge the local hospital. And, they can now claim a population gain. Robert Lee's proud record is a Pattern for Progress of what can be done in Community Development which improves the chances of continued growth, making the community a better place in which to live, work and play. Growth conscious towns are invited to contact their local WTU manager for assistance from our area development representatives.

### SUB-DIST. MEETING

Sub-District number two, of the Stamford District Woman's Society of Christian Service of the Methodist Church, met Tuesday at the Rochester Methodist Church.

The meeting theme was, "Growth In Understanding and Spiritual Power." Mrs. O. R. Cox, Rochester, furnished quiet music on the piano. The opening prayer was given by Mrs. O. R. Cox. The meeting was presided over by Mrs. M. M. Busby, sub-district president from Seymour. Mrs. Dan Wadzeck, president of the Rochester WSCS, gave the welcome. The district president, Mrs. W. H. Pitman, Haskell, gave a short talk on membership, followed by the sub-district president speaking briefly and introducing the rest of the program. Mrs. L. C. Pirtle, Throckmorton, spoke on "A New Purpose, A New Image and a Greater Challenge." In her talk she included 12 things local WSCS organizations can do to try to increase membership.

"A Summons to a New Day", was given by Mrs. W. L. Woodward, Knox City. She took her talk from the May, 1964, Methodist Woman magazine. She also gave thoughts of her own. Mrs. H. H. Smith, Weinert, spoke on, "A Responsible Member." She asked the question, "Why Did You Join The WSCS?" and talked on being a re-

sponsible member. Several members of the Seymour WSCS presented a short drama entitled, "We Answer Lord." It was about a member feeling the call to the mission field and another woman who was disinterested at first. The dedication of offering and invocation was offered by Rev. Gene B. Louder, Rochester minister.

Lunch was served in the fellowship hall of the church, by the Rochester WSCS members. Following lunch and the singing of a hymn, special music was furnished by Marsha Shaver, on the saxophone, playing "How Great Thou Art", accompanied by her mother, Mrs. R. A. Shaver, Jr., at the organ. District officers led in an officers training session.

During the business portion of the meeting, Mrs. Busby was reelected sub-district leader. The district Day-Apart will be held on March 10, at the Hamlin Methodist Church. ### KURRENTLY WITH THE KINDERGARTEN CROWD

By MRS. TRUETT ALVIS

Parties are always thrilling times, but Valentine parties seem to be the LOVE-lyst. That's the way we all remember Kindergarten's celebration last week, anyhow. Each girl enrolled invited another girl, who will be in her class at school next fall, to be her guest for the day. Then everyone in Pre-School chose her favorite paper covering and made a Valentine box for herself and her guest.

In order to tell them apart—the guests' boxes all ended up being the same as the K. pupil who invited her—the decorations were all a little different; and you never saw such a pretty sight when they were all finished! Regular everyday Kindergarten games and toys were played with after the party started. At refreshment time, the table was centered with a Valentine Tree resplendent with pastel candy hearts.

Valentine napkins marked each place setting and a tray of heart-shaped sandwiches was passed, accompanied by small glasses of milk. Each one got to "pick" some hearts off of the tree before leaving the table.

Mrs. John Ben Glover was very gracious in her offer to help with hostess duties.

Young, young ladies who enjoyed the affair were Reida Mullino, Mickey Aguilera, Camille Wright, Betty Newsom, Camey Glover, Debbie Peters and Cindy Brazell. Betty simply couldn't stand to stay away the next day Kindergarten was to meet, so she's a regular now. Hope she likes us as well as we like her!

### ATTEND MEETING

Mrs. Tom Buckner and Mrs. Kenneth Newberry attended the Brazos Valley Postal Meeting, in Truscott, Monday night.

MRS. TED CALHOUN  
... nee Beth Simmons

## Beth Simmons, Ted Calhoun Exchange Vows Saturday

Elizabeth Lorene (Beth) Simmons and Ted Mack Calhoun of Red River, New Mexico, exchanged double ring vows, Saturday evening, Feb. 13, at 6:00 p.m., in the Rochester First Methodist Church, in a candlelight service before an altar of lemon leaves and pale orchid mums.

The bride is the daughter of Mr. and Mrs. Phil R. Simmons, Sr. of Rochester, and the groom is the son of Mr. and Mrs. Glen A. Calhoun, of Red River, New Mexico. The Rev. James A. Price of Trinity Methodist Church, of Plainview, and Rev. Gene B. Louder, local pastor, officiated.

Mrs. R. A. Shaver, Jr. was organist, and David Venable, soloist, both of Rochester.

The bride, given in marriage by her father, wore a gown of organza and taffeta, designed on sheath lines, with full, detachable train, marked by Dior bows at the waistline. Re-embroidered alencon lace trimmed the front of the gown, and a cabbage rose held her veil of illusion. She carried a bouquet of a white orchid with feathered carnations.

Mrs. Lerry Freeman, of Houston, the bride's sister, was Matron of Honor. Miss Jan Pendleton of Munday, and Miss Jule Rutledge of Fort Worth, were Bridesmaids. They wore identical floor length figurine style dresses with boat necklines, in azalea pink. A matching bow with circlets of azalea pink tulle, were the headpieces. They carried bouquets of light orchid mums.

Gary C. McMahon of Houston, was Best Man, and Phil R. Simmons, Jr., the bride's brother, and Robert Overton were Groomsmen.

Ushers included Robert Overton, of Virginia Waters, England, and Larry Freeman, brother-in-law of the bride, of Houston.

Miss Simmons graduated from Rochester High School in 1963, and attended North Texas University, where she was a Yearbook Beauty, and member of Angel Flight.

The bridegroom was a 1961 graduate of Paschal High School, Fort Worth, and attended Texas Christian University, where he was a member of Phi Kappa Sigma.
