Save Your Money By Trading In Meadow

New Scraper Demonstrated

Judge Lincoln came by Tuesday afternoon and invited the Star editor out east of town with him, where the Adam's Machinery Company were demonstrating a new piece of road machinery. All of the four commissioners of the county were there, as well as their road crews, watching the demonstration. The implement on demonstration was a large "Scraper" which is supposed to be the real thing for building a large dump, over lakes, and such like. It really is a large Fresno, holding five yards of dirt. It is pulled by a catpillar tractor, and is automatically operated by the man operating the "Cat".

Robert Taylor makes his debut as a Western star in "Billy the Kid", spectacular outdoor action drama, opening Sunday on the Rialto screen. Story of the reckless romantic bandit who wrote western history in gun smoke, the new picture was filmed in Technicolor, with Brian Donlevy, Mary Howard, Ian Hunter, Gene Lockhart and Lon Chaney, Jr., in a distinguished supporting cast.

Dr. Lowery Arrives In Ropes

We were over at Ropes Tuesday afternoon of this week and met the new doctor, namely Dr. W. W. Lowery. He comes from Lampasas. Dr. Lowery has the appearance of a fine doctor, and comes very highly recommended. Mrs. Lowery is a registered pharmacist, and is employed at the Ropes Drug.

Voters Turn Down Proposal

The election held Saturday to see whether the Meadow Pool and Needmore school districts would be consolidated failed to get a sufficient amount of votes in the Needmore district, and therefore fell through. In an election to consolidate, a majority vote must be obtained in every district which it would affect. Pool and Meadow both went strong for the consolidation, but at Needmore it liked three votes carrying. These districts are already grouped for school purposes, but it was thought by school official that the systems could be operated much cheaper and more convenient as a consolidated district, but since a majority of those casting votes in Saturday's election preferred for it to continue under the present plan, that it will.

New Minister

Ray E. Gully, Church of Christ minister, and family of Fort Stockton have moved to Meadow. He is minister for the local congregation, filling the place vacated by S. A. Ribble some time ago.

James Fox is visiting in Seagraves this week.

HEY! TAKE YOUR HAND OFF!

Plenty of Rain

The Meadow community has been visited by three or four heavy rains in the past weeks time. Farmers have been made to fear that with such an excessive amount of moisture, the matter of getting a crop ready for harvest is going to be much more difficult than in previous years.

Miss Glenola Welch returned with Mr. and Mrs. Milton Henson and daughter who has been visiting here, for Corpus Christi to spend the summer.

Sons of the American Legion

Judge Lincoln is head of a new organization in Terry County known as "The Sons of the American Legion," which meets every Friday night at the Legion Hall in Brownfield. He urges all Meadow boys whose fathers are members of the American Legion to come down and join. He would like to have the organization completed by July 24th.

Meadow Is The Place

Merchants Point Out Advantages Of Trading Here

In this issue of the Star you will notice a page advertisement signed by practically every business house in town urging the people of this community to maintain their community loyalty, by purchasing everything in Meadow that it is possible to buy here. In this advertisement are cited several reasons, all good ones, why you should trade at home.

But the best logical reason we can cite to the Meadow people why they should come to Meadow boils the thing to a matter of dollars and cents. That reason is the well known fact that Meadow is the cheapest grocery town on the South Plains. This is not just promotion talk but is based upon proven facts. Every week three Meadow Grocers, Hand, Rucker and Jones quote a large group of prices to the buying public. And Mr. Public, if you don't believe their prices are rock-bottom, just get prices from other towns and compare them. Meadow prices are always on par with prices in other towns much larger and quite often much cheaper, on the same brand articles. R. G. Finley, on the highway also has a line of groceries and sells them right.

So we say to you, if for no other reason than the hard cold fact of dollars and cents you should trade in Meadow. You will be the loser if you don't.

Singing In Meadow Sunday

This following Sunday, being the second Sunday, the people of the Meadow community wish to invite every one to come to our little town in the afternoon for a few hours of good gospel singing at the Methodist church. We will have with us the Lubbock quartets, both Junior and Senior, also the Stephenson quartet from Ropes, and other good singers.

Come and enjoy yourselves for a few minutes and forget about planting over and working out your crops.

Fighting for a Free Europe

Intensely interested in a new Bren anti-aircraft machine gun mounted for combat against low flying enemy planes are high-ranking officers of the Allies—Australians, Belgians, Czechoslovaks, Free French, Greeks, Luxembourgers, Dutch, Norwegians, Polish and Yugoslavians—now fighting for the common cause of a free and new order in Europe. The Allies are training side by side and ready to fight side by side for a new world of free men.

RAILWAY LABOR UNION DEMANDS WOULD COST 900 Million Dollars A YEAR

THE labor unions have made their demands upon the railways of the United States—and through the railways upon the PUBLIC. These demands are vastly larger in proportion than any they have ever made. The economical and efficient operation of the railways is vital to the nation's defense effort. Therefore, the Western Railways present to the public the following facts:

The labor unions representing engineers, firemen, conductors, brakemen and switchmen are demanding a 30 per cent increase in wages, amounting to 190 million dollars a year—although their present rates of pay are the highest in history.

Other unions representing a greater number of railway employees are demanding wage increases ranging as high as 95 per cent—averaging 47 per cent—and amounting to 580 million dollars a year—although their present rates of pay also are the highest in history.

Thus the wage increases being demanded by the labor unions amount to 770 million dollars a year, an average increase in excess of 41 per cent.

In addition, certain of these labor unions have demanded advances in their pay not included in the above figures, and more rules for the creation of unnecessary jobs.

The situation, then, is this: The total cost of complying with all the demands made would be approximately 900 million dollars a year!

The average weekly earnings of railway employees are now 15 per cent higher than in the peak year 1929, while the cost of living is 12 per cent less.

The demands of the railway labor unions are being made when the entire nation has just been asked to make a supreme effort for National Defense.

The railways cannot meet these demands without a great increase in the cost of transportation. They exceed by more than 700 million dollars the income that the railways had left after paying their annual expenses, taxes and charges in 1940.

The railways have a vitally important job before them. They need all their resources to continue adequately to serve you and contribute effectively toward the National Defense Program.

Beef Steak Pie

2 cups roast beef or leftover steak cut in 1 inch cubes. 1 1-2 cups gravy or milk. 1-4 c. chopped onion. 3-4 cup leftover vegetables. 1-4 tsp. salt. Mix ingredients and pour into a buttered baking dish. Cover with dough made as follows.

1 c. Flour.
 1 tsp. Baking Powder.
 1-8 tsp. salt.
 2 tsp. fat
 1 egg.
 1-2 cup mi k.
 Mix flour baking powder and salt, cut in flour with a knife and add the eggs and milk. When a moist dough forms pour over meat mixture and spread with a knife so that it covers entire meat mixture. Bake at 350 for 25 minutes.

Ropes Bank In Good Condition

The Star printed some condensed statements for the First State Bank at Ropesville this week. From this statement we notice that the bank is in fine condition. They have deposits amounting to \$123,579.23.

The Brownfield ladies ball team will be in town Tuesday at 6 p. m. to play the Meadow ladies.

Among the most dramatic of the fighting forces of the Allies are the colorful Anzacs whose valor in battle, good humor and fellow ship with their Allies, and strength under the most trying fighting conditions are legendary. Fighting side-by-side with the countries of occupied but unconquered Europe, and the sister nations of the British Commonwealth, the Allies are massed in great strength. Their recruits are drawn from those escaping daily from Europe while the Anzacs travel the world around to lend their physical and moral aid.

Bedspreads Compete for Crocheting Honors.

THERE'S a rosy freshness to this hand-crocheted bedsread, appropriately named "Jenny Lind." Its design is based on the centid butward, a combination of single and double crochet is used to form the spike and petal design. To bring out the beauty of the design and for long wearing qualities, use mercerized crochet cotton with a high lustrer in white or colors. You can also enter the finished spread in the Fifth Nation-Wide Crochet Contest this Fall, where bedspreads will occupy an important place in the final judging. Directions for crocheting this spread and details of the Contest may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design No. 681.

Exquisite Decorative Doilies are Crocheted

THE final, exquisite touch to any decorative scheme, and one that you can contribute yourself, is found in dainty needlework. Hand crocheted doilies are part of our American tradition, and here is a set of three which will enhance the beauty of your buffet or lend charm to an occasional table. These gossamer, web-like doilies crocheted in mercerized, crochet cotton will look crisp and fresh after repeated tubbings—and will cost you just 20¢ to make. Doilies may also be entered in a special class in this year's Nation-Wide Crochet Contest and will be judged for national honors and cash prizes. Directions for making these doilies and details of the Contest may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design No. 7254.

WHAT "TRADING AT HOME"

Means To You And Yours!

Doesn't it stand to reason that when you trade at home, you see what you buy, you examine its quality and talk it over with the merchant who sells it to you.

You See at a glance what you are getting for your money, and you know that the purchase must prove satisfactory in every respect, otherwise you have no difficulty returning it to the man from whom it was purchased, and getting a satisfactory adjustment or refund.

In this manner You and the merchant are building up a friendship and understanding which in itself makes for a better community existence.

Doesn't your Meadow Merchant [pay the taxes for your county and school, and isn't he always a leader in every good movement by co-operating with every section of this county in every worthy cause? Then how can he continue to help if you fail to patronize his place of business.

THE MOST IMPORTANT REASON WHY MEADOW PEOPLE SHOULD BUY IN MEADOW IS BECAUSE THE PRICES ARE CHEAPER. THEY SAVE!

Don't over look one important factor about your local merchant. He is your friend and neighbor. He not only invites your patronage and offers you 100 per cent satisfaction, but is ready to stand behind everything he guarantees. Can the same be said of purchases made away from home? The answer is obviously, NO.

Your money spent away from home helps only those who contribute nothing to the up-building of our community. Trade with the Meadow merchant and you help all — your own friends — neighbors and loved ones.
