Meadow Boys Win Tourney

The Meadow boys showed fine form the past week end, coming up from behind in the final game of their tournament, and defeating a very good Wellman team to win their own tournament, making their season record eight games won and no losses.

Bert Smith, the crack shot forward of the team was placed on the all tournament team along with two boys from Ropes and two from Wellman.

Wellman placed second in the tourney, with the Ropesville team winning Consolation honors.

Very beautiful trophies were awarded the winning teams, and a small watch chain basketball was awarded to every boy playing in the event.

The three day event was crowded with good games, some of the finest teams on the Plains participating.

Buy Stamps For Christmas

To a lot of folks, Christmas means buying things - buying gifts, buying Christmas trees or buying food for the Christmas dinner. It means milling around through crowds in the stores and trying to get one of the poor over worked clerks to wait on you.

To a lot of other folks, Christmas means making things, making gifts, making toys and candy for the youngsters, making Christmas dinner from foods produced on the farm. This is being done by many of the families in this county by Farm Security Families and others throughout the county. Somehow, with things like they are over the world, today, we do not feel like spending much money at Christmas anyway, and a lot of us couldn't if we wanted to. We still want to observe Christmas, especially for the children's sake.

If you had planned to spend some money for things this Christmas that you have now decided to make at home

Christmas Is Just Around The Corner Don't Delay Your Renewal

This week we are bringing to you our Christmas issue. While our great country is now covered with the shadow of a great war, which has been thrust upon us by those who would seek to take from us even our right and privilege of celebrating Christmas in commemoration of the birth of Christ, yet we can not allow this to hinder our observance of this, the Holiday of holidays in this country.

In this issue we bring you messages and greetings from just about every business house in town, as well as some from other places, who have thought it to their advantage to use our columns to send to the people of our community their cheer and good wishes.

We would like for each of you to sit down in the quiet of your own home, when you have plenty of time, and read these greetings from your friends, the merchants, and especially page 3, which contains special messages from our county officials. Several of them stated to a representative of the Star that they would like very much to send a personal greeting card to each citizen of the Meadow community, expressing season's regards to each of them, but since that was a matter of impossibility they were glad to avail them

It you have not renewed your subscription to your daily paper, or if you intend to subscribe for one, but have not done so yet, you should do so at once. We have very attractive combination rates between the Star and all the leading dailies.

CHEESE—IN THE LINE OF DUTY!

ALL is not guns and airplanes in national defense, for the ever-expanding defense program now reaches into every home through the national nutrition program. Wise meal planning has thus become not only a source of personal satisfaction, but also a mark of patriotism!

Designed especially to provide a nutritious mainstay for a luncheon or supper menu is the platter of tempting tomato cups shown in the photograph. The hollowed-out tomatoes are plumply stuffed with a well-seasoned rice mixture and served with a rich cheese sauce—a sauce so good that every last spoonful will be eaten! Cheese, its principal ingredient, is recognized in the nutrition program as an important source for calcium, phosphorus and protein.

To make the preparation of such cheese recipes easier, one manufacturer has now placed on the market a new smoother, faster-melting type of cheese food. It comes in the economical, family-size, two-pound box, but with a difference! Taking his cue from a consumer survey, which revealed that women did not like the wooden cheese box that had to be pried open, this manufacturer has packaged his product in a paper-board container that is clean and smooth and opens as easily as a candy box. The cover can also be slipped back on tightly to keep unused portions of the cheese from drying when it is placed in the refrigerator.

You will need 1½ cups of the cheese food to prepare the recipe

for the tomato cheese cups. The full recipe is given below:

Tomato Cheese Cups
(Serves 6)

- 6 large tomatoes
- 2 cups cooked rice (½ cup raw)
- ¼ cup butter
- 3 tablespoons green pepper, chopped
- 1½ teaspoons salt
- ¼ cup flour
- 1½ cups milk
- 1½ cups smooth-melting cheese food, grated
- 6 slices bacon
- Parsley

Cut off tops of tomatoes, scoop out pulp into small bowl, and turn tomatoes upside down on absorbent paper to drain. Combine cooked rice with tomato pulp. Add 1 tablespoon of melted butter, the green pepper and 1 teaspoon salt. Fill the drained tomato cups with this mixture and place them in a shallow baking pan. Bake in a moderate oven (350° F.) for 15 minutes.

Meanwhile, melt remaining 7 tablespoons butter in top of double boiler, add flour, remaining ½ teaspoon of salt and blend well. Add milk and cook, stirring constantly, until smooth and thick. Place over hot water, then add the grated cheese food and stir until it is melted. Broil bacon slices and roll into curls, securing each with a toothpick. Remove tomato cups to serving platter, pour cheese sauce over tops and garnish the platter with bacon curls and parsley. Serve immediately.

Crochet Useful Gifts for Christmas

If you like your Christmas gifts to be gay and charming, yet practical at the same time, here are four ideas that will please you. On the practical side, too, you can crochet all of these gifts yourself, for a mere pittance. Three balls each of red and white pearl cotton will make a set of four holders that will do honor to the most pretentious clothes closet. The crocheted glass jackets are handy for the hostess and they'll be gay and festive in red, white and blue pearl cotton. Use variegated pearl cotton to crochet the set of hot plate mats which will give the desired protection and lend a note of color to a table setting. For a good cook on your list, make a set of two or four of these pot-holders. Use two shades of pearl cotton, reversing your colors to make some light with dark lettering, others dark with light. Directions for crocheting these gifts may be obtained by sending a stamped, self-addressed envelope to the Needlework Department of this paper, specifying design #9266.

We'd like very much to send each of you a gift to show our appreciation of your friendship and patronage during the year.

As this is impossible, we take this opportunity to wish you all a very Merry Christmas.

SHORT CUTS

THE secret of making good coffee is to be sure your coffee pot is absolutely clean. An easy way to assure this is to wash the coffee maker thoroughly, rinse with hot water and dry with a paper towel instead of a tea towel. The paper towel quickly absorbs all moisture and also polishes the glass, leaving no lint, as you dry.

Do your baking tins often tarnish? Try moistening a paper towel with vinegar and polishing the tins with this. You will be amazed at the new-like sparkle your tins attain.

Uncle Sam Farmers' Best Customer;
30 Marketing Centers Established

Uncle Sam, the American farmer's best individual customer, spends \$750,000 a day every day in the year on foodstuffs for his army.

To afford the best possible facilities in handling these immense sales, it is announced that 30 regional marketing centers are being established throughout the country where producers may sell direct or through community or farm co-operatives. In this manner the Quartermaster Corps bought 750 tons of turkey together with all the trimmings for the soldiers' Thanksgiving dinner, and just now Uncle Sam is stocking up for the Christmas holidays and all the hearty meals that will come in between.

Through the marketing centers it is declared that Uncle Sam and the millions of American farmers will get better acquainted. Uncle Sam will get fresh produce of the highest quality and the farmers will get higher prices. An example of the volume of goods taken by the army is reported in recent requisitions for rations during the

autumn maneuvers in the Carolinas where the purchases in Columbia and Wellington marketing centers included: 2,600,000 dozen of eggs, 1,600,000 pounds of butter, 420,000 pounds of cheese, 315,000 pounds of turkey and 764,000 pounds of chicken.

At the same time a program has been announced for the purchase of a large part of the seasonal output of local canneries, smaller industries situated in the various fruit and vegetable growing regions. These district purchases will augment the recent buying of 126,000,000 cans of vegetables through the Chicago Quartermaster Depot.

Of the 50,000 horses and mules doing their bit in the army the great majority of these equine recruits were brought from the farms within the last few months, the purchases amounting to \$239,372. The spring program calls for a still greater number of riding horses and draught animals.

From all sections of the country come reports that Uncle Sam's marketbasket is a symbol of prosperity on the farm.

FROM the garrets, kitchens, cellars and scrap heaps of Canada, great quantities of metals are being redeemed for the Canadian war effort in a Dominion-wide campaign. The scrap is sorted and then hauled by railway, ship and truck to unloading centers like this where it is melted down to provide metal for guns and tanks and the many other implements of war on which Canadians are spending about 40 cents out of every dollar they earn.
