THURSDAY, SEPT. 5, 1968

VOLUME 78, NO. 45

Through The Editor's Specs

By BAB

All this news of heart transplants and other surgical marvels coming out of Houston emphasizes the fact a number of Rising Star area people have cause to and do hold in great affection the man who heads up the surgical team most prominent in unness miracles — Dr. Denton A. Cooley, jolly grateful for

Two who are especially grateful for Dr. Cooley's skill and dedication are Dixon Boggs and Mrs. E.E. Winfrey. Both underwent heart surgery almost as advanced as that of the actual transplant of a heart. The late Mrs. Vda Bowers was another who benefitted from the marvelous talent of the Houston surgeon.

Dixon received virtually a new heart when Dr. Cooley removed a faulty valve and implanted a mechanical valve. It was a comparatively new technique at the time Dixon underwent the operation and then, as now, the interest of the medical profession and the hopes of numerous heart patients were focussed on the Houston surgical arena.

The new valve took up its task with perfect rhythm after some coaxing and "tuning" and today, years after, Dixon goes about his business as normally as people whose hearts have never needed repair.

"At first, as they told me, I could hear the clicking of the valve, but in time, as the heart tissue grew over the implant, that sound faded away and now here is nothing at all to suggest that the mechanical part is here. It works fine."

Mrs. Winfrey, although her case was different in some respects from that of Dixon's, had open heart surgery of the most delicate and serious character performed by the Houston surgeon. She was sent to the Houston clinic by her Abilene doctor.

It is small wonder that she keeps a picture of them man whose great and good skill gave her so many more years of happy and healthful life.

I am glad that Hubert Humphrey came out as he did in support of the action of Mayor Daley of Chicago in maintaining order during the Democratic convention in Chicago, but I wish he hadn't wavered so much in behalf of the so-called "liberal" vote. Any party that needs the hippies, the yuppies and the bums who instigated the Chicago disorders in order to elect its candidates, is not needed in this nation.

I simply cannot understand how any intelligent and patriotic citizen, and even less a public official with credentials to sit in the highest executive or legislative seats of this nation, could condone or even tolerate such acts of lawless defiance and the calculated obscenities that took place there. It is even more amazing that these so-called liberals shouting recriminations at the police for their "brutality" in knocking a few deserving heads, did not know what was actually taking place when the rioters had advertised for weeks that they intended breaking up the convention. If they did know and were simply hysing the incidents in an effort to curry favor with a certain class of voters their statements and postures are all the more reprehensible.

Mayor Daley and his Chicago officials, forewarned, simply and legally beat the rioters to the punch and they should be commended, not condemned.

If their example is followed in other cities where such outbreaks of mob violence occur there will be less of it.

U. S. Doing Poor 'Selling Job' Abroad, Says Writer

The following letter from Dr. G. A. Dunn, Jr., Rising Star business man and chairman of the Department of Social Sciences of Bee County Junior College, who is now touring the Mediterranean area, gives an intimate view of some aspects of conditions in that area, with special reference to the image of the United States in Near Eastern eyes.

Dear Mr. Butler:

This finds me most comfortable situated since I left Rising Star, and the sign in the garden in front of the hotel says "5875 miles to New York." I am certainly enjoying my balcony which looks out over the city of Jerusalem. I was endeavoring to compare and contrast by feelings viewing Jerusalem with those while viewing the Acropolis at Athens. Historical background and religious faith make quite a difference.

This is not a reportorial letter but just a personal message of thanks with greetings to you. I was not in a position to use my press card had I desired when the Czechoslovakia story broke; in fact, there was only limited coverage.

When the soldiers were marching into Czechoslovakia I was getting up in Malaga, Spain, preparing to board a ship for Africa. I read the story in the French language newspaper printed in Tangiers. There is universal disapproval except by the invading countries. De Gaulle blames it on Yalta, which indirectly means use.

In my travels I find the U. S. blamed for so many things. It seems that we are doing a poor job of "selling", for the picture is rather distorted. Many have told me that they have changed their plans to visit the U. S. because they were afraid. They mention picketing and rioting. I might add that despite

our generosity we are not appreciated, and no one seems thankful, but then you can never buy a friend.

Also, HemisFair has done a poor job of selling. Very few have heard of it, and those that have made comment have done so unfavorably. The travel agencies and air lines have now cooperated and I can't understand why.

Americans can spend few hours in a country and then speak with the voice of authority, but I think that having made four trips across the ocean, with this being my third trip to Jerusalem, it should give me some basis for judgment. For instance I have "no use" for De Gaulle, but the fact remains that he was and is the answer to the needs of France for the present.

He has followed the example of the United States in his economy; public works — bridges, highways, transportation, housing — with inflation, and it seems that his neighbors have followed his example.

I forgot to mention that the hotel where I am staying was damaged considerably during the "six days war" but an excellent job has been done repairing. You can still see some bullet holes. Israel is celebrating 20 years of independence. It is brash, confident, cocky and in a hurry.

There is much to say by way of contrast with previous visits to Europe. Labor is working more and better hours and using more, better and heavier machinery. In many ways you think they are copying after the United States — but they would never admit it.

I go next to Crete, then to Syria and Turkey, and after that will return to Italy. I am expecting to be home soon.

G. A. Dunn, Jr.

No Inspection in Fire Rate Hike -- Mayor

Mayor W. G. Reed told The Rising Star Tuesday that he had called the State Insurance Commission at Austin for an explanation of a report published in an area newspaper to the effect that the commission had levied a five per cent penalty on the city's fire insurance key rate for alleged deficiencies in the city's fire protection program.

"I asked them," said the mayor, "if an inspection had been made of the city to determine its fire protection status, and I was told that no inspection had been made, and that the conditions listed in the story were taken from records of several years back."

"They said that the reason for the penalty was that the fire department of the city had not met and made a report of its fire prevention activities and I was assured that if the department would meet and report its actions, the penalty would be removed. I am contacting the members of the department and urging them to meet and take the necessary action."

"I also requested the State to send an inspector to go over the local situation, and the department said that if I would write the request in the form of a letter an inspector would be sent."

I was stunned when I read the report, especially where it said that we had no fire alarm, that we were lacking in trucks and equipment when we have, not two, but four trucks, and the statement that 40 per cent of our residential roofs are combustible. Why nearly all residential roofs in this country will burn. I thought the action was very unfair, especially since we had no notice that anything was wrong, and no chance to give our side of the matter or to meet the required conditions.

"I hope the fire department members will take this situation seriously and get busy with us and try to do something about it."

A. D. Jenkins of the Jenkins Insurance Agency told The Rising Star that no notice of any increase in rates had been received at his agency.

"If there is any increase in rates it will have to come later," he said. "So far we have not received any official notice."

Ben Seider, brother of Alvin (Pete) Seider of Rising Star, died of an apparent heart attack in his home at 653 Wilson in Abilene, Thursday, Aug. 29.

He had lived in Abilene since 1926 and was employed as a mechanic by Bontke Bros. He was a member of the Lutheran Church.

Mr. and Mrs. John Mathis were in Fort Worth recently where Mrs. Horton had a routine medical checkup. Her report was good. On the return trip the Mathises visited Rev. and Mrs. J. W. Hodges at Gordon. Rev. Hodges, a former pastor of the First United Methodist Church in Rising Star is doing a good work as pastor of the Methodist Church at Gordon," Mr. Mathis said.

Mr. and Mrs. Tor Krieger of Claremont, Calif. were recent visitors in the home of her grandmother, Mrs. H. S. Switzer.

Mrs. B. G. Elliott is visiting her daughter and son-in-law, Mr. and Mrs. Dock Carroll at Crane.

Vietnam Casualty . . .

TEDDY WHITLOCK
Grandson of Mr. and Mrs. Whitlock
Killed in Vietnam

Funeral services for Marine Pfc. Theodore (Teddy) Whitlock, 19, son of Mr. and Mrs. J. T. Whitlock of Las Vegas, Nev., and grandson of Mr. and Mrs. W. P. Whitlock of Rising Star, who was killed in Vietnam, were held at Las Vegas August 16. Burial was in a Las Vegas cemetery.

The youth arrived in Vietnam only a few months ago and was killed August 1 near Quang Nam of "head and body wounds from hostile rifle fire and explosive devices," according to a telegram sent to his parents.

He had been stationed with the First Reconnaissance Battalion of the First Marine Division.

Prior to entering the service on December 28, 1967, he attended Rancho High School and was graduated from the school. He worked as a bus boy at the Alladin Hotel while he attended school.

His father, a native of Texas, is employed at Nellis Air Force Base.

Besides his parents, he is survived by a 21-year-old sister, Donna Marie, and his grandparents, Mrs. Beulah Hall of North Las Vegas, Nev., and Mr. and Mrs. Whitlock of Rising Star, several aunts and uncles.

Mrs. Lanham Burkhalter of Rising Star, an aunt of the young Marine, and her sister and husband, Mr. and Mrs. O. W. Coppedge of Hobbs, New Mexico, attended the funeral.

Mrs. Kelsey Dies; Funeral Services Held Sept. 2nd

Funeral services for Mrs. Linner Day Kelsey, 59, of Route 1, Rising Star, were held in South Copperas Baptist Church at 2:30 p. m. Sept. 2, 1968 with Rev. Allen Owens of Comanche officiating. Burial was in the Stag Creek Cemetery under the direction of Higginbotham Funeral Home.

Mrs. Kelsey died in Parkland Hospital at Dallas at 6:30 p. m. on August 31, 1968. She had been ill one year.

Born August 22, 1909 in Comanche County, she was married to Dillard Kelsey in Comanche December 3, 1930. She was a member of the Baptist Church.

Pallbearers were Larry White, Lester Linney, Buddy Cook, Jerry Cook, J. D. Clark and J. D. Somerford.

Survivors include her husband of the home; four sons and six daughters, her mother, three brothers and four sisters, and 16 grandchildren.

Mr. and Mrs. Tor Krieger of Claremont, Calif. were recent visitors in the home of her grandmother, Mrs. H. S. Switzer.

Wildcats Open Grid Season With Early at Early Sept. 13

The Rising Star Wildcats, with 12 lettermen back, including 9 offensive starters from last year's Class A wars, will field a solid, ball control team in the Class B league this fall.

The team will make up for what it lacks in speed with stronger and bigger boys than those who set a respectable record in the higher classification last season.

Among the returning veterans are two AA-9A district selections in Dalton Hughes at back and Mike Rhodes in the line, and

two second team, defensive selections, Danny Hughes and Mike Green.

The Wildcats gave some encouraging indication of how they will play when they scrimmaged the populous Cisco Lobo squad on even terms at Cisco last Friday afternoon. Coaches Frank Gray and L. C. Hounsel took 28 boys to Cisco where they were two-platoon by the 56-member Lobo squad in 80 minutes of alternate offensive and defensive scrimmage.

Each squad held the ball in

two 20-minute offensive periods. The Wildcats pushed across a score in their first possession and the Lobos did likewise. The Cats did not score in their second period and the Lobos, with fresher men on the field, registered a touchdown in the final minutes of their second period of possession.

Friday of this week the Cats go to Jim Ned for a scrimmage beginning at 7:30 p. m. scheduled they will play

They will play their first scheduled game of the season when they meet the Class A Early team at Early Friday night, September 1.

The nine offensive starters from last year's squad are:

Backs: Dalton Hughes, 2 letters; Dick Clarke, one letter; Tony Long, 2 letters; and Carter Hounsel, 1 letter;

Linemen: Mike Rhodes, center, 2 letters; Tom Perkins, tackle, 2 letters; Ronald Green, end, 3 letters; Tony Geye, end, 1 letter, and Danny Hughes, guard, 1 letter.

Bobby Linney, transfer from New Mexico where he lettered as a freshman and was ineligible here last year, and Craig Schaefer, are giving the returning lettermen some real competition for the backfield berths.

Eight offensive starters from last year are Dalton Hughes, Mike Rhodes, Ronald Green, Tony Geye, Danny Hughes, David Bailey, Tony Long and Johnny Owen.

The squad includes six seniors, 11 juniors, 10 sophomores and five freshmen. The seniors are Dalton Hughes, Mike Rhodes, Perkins, Green, Schaefer and Geye.

Juniors are Danny Hughes, Bailey, Long, Hounsel, Linney, J. A. Hubbard, Danny Medley, James Cook, Larry Bond, Nikki Claborn and Owen.

Sophomores are Clarke, who will quarterback the team, David Harris, Brad Carnoll, Tommy Bibb, David Middleton, Benny Ezzell, Larry Efferd, Jackie Rutledge, David Griffin and Larry Alfrod.

Randy Goldston, Mike Polk, Tommy Linney, Danny Cook and James Underwood are the freshmen.

Veteran of the squad with the longest record of service is Monty Howard, team manager, who has served in this post for six consecutive seasons.

Schools Begin 1968-69 With Tuesday Classes

The 1968-69 term of the Rising Star Public Schools opened uneventfully Tuesday with a regular schedule of classes. Enrollment will approximate what it was last year, Supt. J. E. Watkin said. The number of families moving out of the district was, about, balanced scholastic-wise with the number which moved in.

Registration will run about 256, he estimated.

BAND PARENTS TO MEET

Rising Star Band Parents Club will meet in the band hall at the High School Monday, Sept. 9, at 9 p. m., it was announced. All band parents were asked to attend.

E. T. Hudnall is convalescing at his home following surgery in the Eastland hospital.

News of The First Baptist Church

The First Baptist Church welcomes Mr. and Mrs. Joe Stuard and family to its membership. The Stuards are newcomers in our community. They are at home in the former Alton Clark home on East Highway 36.

Wednesday night, Sept. 4 is regular church conference night. — Mrs. C. E. Baker, Reporter

Vehicle Inspection For '69 Begins Sept. 1

AUSTIN — The 1969 vehicle inspection period began Sept. 1 in Texas according to Colonel Wilson E. (Pat) Speir, acting director of the Texas Department of Public Safety.

"More than six-million vehicles are expected to receive the compulsory inspection prior to the April 15, 1969 deadline," Speir said. Inspections may be performed at any of the almost 5,500 vehicle inspection stations in Texas, each of which displays the official vehicle inspection station sign. Texas law requires inspection of the brakes, lighting equipment, horns and warning devices, mirrors, windshield wipers, front seat belts in vehicles where seat belt anchorages were part of the manufacturer's original equipment on the vehicle, steering (including power steering) and wheels and rims (not to include removal of the wheel from the vehicle) on all motor vehicles registered in the state. Special inspection provisions apply to trailers, semi-trailers, pole trailers or mobile homes having a loaded gross weight in excess of 4,000 pounds.

John Hopper Is Buried In Services Held Here Sunday

John Thomas Hopper, 78, died in Eastland Memorial Hospital at 3:45 a. m., August 29, after a year's illness.

Funeral services were held in First United Methodist Church in Rising Star at 2 p. m. August 30, 1968. Rev. Bill Crawford of First Methodist Church officiated, assisted by the Rev. Don Timberlake of the First Baptist Church.

Burial was in the Rising Star Cemetery under the direction of Higginbotham Funeral Home.

Mr. Hopper was a retired farmer and a member of the Methodist Church. He was born March 11, 1890, at Hiram, Georgia, the son of Mr. and Mrs. Barnie W. Hopper. He married Eunice Lee Nunnally in Brownwood on June 1, 1912, and had lived near Rising Star through the years.

Survivors include his wife of the home, one son, Merle Gene Hopper of Orinda, Calif.; one daughter, Mrs. Billie Nowlin of Rising Star, and three grandchildren.

Pallbearers were Ray Nunnally, John Nunnally, Ray Agnew, Harry Sone, Mearlyn Jones and John Starkey.

Cattle Blood Disease Findings Indicated

Anaplasmosis, a severe blood disease in cattle, has been reported in wide-spread areas of Texas by veterinarians. Dr. Milton Risinger of Kaufman, near Dallas, and Dr. Joseph Bitter of Edna, on the Gulf Coast, both reported numerous cases in their area of the state. Other veterinarians are seeing cases of anaplasmosis, including instances in each and central Texas counties, a Texas Veterinary Medical Association spokesman in Austin said.

The disease causes extreme anemia and death, if not detected early. The most effective safeguard against anaplasmosis is immunization with a recently released vaccine. Veterinarians are also able to use medication and blood transfusions for severely affected animals, according to T.V.M.A.

The minimum fee is \$1.75. This does not include the cost of repairs or adjustments necessary to enable the vehicle to pass inspection.

Speir said the new vehicle inspection sticker will be a two and one-half inch square replica of a DPS patrolman's badge with red background. Motorists are urged to have the 1969 inspection performed as soon as possible to insure that their vehicles are mechanically safe for fall and winter driving.

Medlin said the Workshop is a part of the semi-annual program held for officers of the 972 Lodges in Texas. The Masonic Lodge is the largest fraternal group in the state, with membership of nearly 250,000. The group is noted for its charitable activities.

MELODY SINGERS TO MEET

The Melody Singers will hold their first meeting of the season in the home of Mrs. Mae Brown Monday, Sept. 9. All members were urged to attend.

Mrs. and Mrs. A. O. Winter of Austin visited her sister and brother-in-law, Mr. and Mrs. O. R. Shults and Stanford and Lowery Horton, her brothers.

S/3c John G. Wells and Mrs. Wells of Los Angeles (Calif. visited their uncle and aunt, Mr. and Mrs. J. R. Bucy, over the weekend.

Weekend guests of Wilburn and John D. Caudle were John Paul, Ernest Leake, Don Hickman, and Jerry Wills, all of Fort Worth.

Officials Preview World's Largest Storage Tank For Liquefied Natural Gas

"Cold box" of world's largest liquefied natural gas storage tank is inspected by (left to right) Francis V. Madigan and Samuel L. Becker, New York City Board of Standards and Appeals Commissioners; George H. Ewing, Vice President and Chief Engineer, Texas Eastern Transmission Corporation; and Solomon Sheer, Deputy Director of the New York City Board. Gas received from Texas Eastern's pipeline passes through the "cold box" where it is refrigerated to minus 250°F and then piped into the heavily insulated pre-stressed concrete storage tank.

Staten Island, the storage facility is the first above-ground storage system for liquefied (or frozen) natural gas. When completed, the tank will be 270 feet in diameter rising to a dome of 97 feet above ground level. In this area 600,000 barrels of liquefied natural gas will be maintained at a temperature of minus 260 degrees Fahrenheit, ready for use whenever winter demand calls for a rapid influx of gas beyond normal usage. Texas Eastern Transmission Corporation, through the acquisition of Transwestern Pipeline Company, is the nation's only supplier of energy to markets on both coasts. Last year the Texas Eastern pipe lines delivered a total of 952 billion cubic feet of natural gas to customers from California to New York and Boston.

THIS YEAR GET The Fast One! LONG PEANUT COMBINE

Now, with 5th cylinder that strips wet or green vine from the rear picking cylinder. Increases picking capacity and lowers horsepower requirements under wet or green conditions.

GET SPEED, HIGH QUALITY AND ECONOMY ALL IN ONE MACHINE!

That's exactly what you get when you own a LONG peanut combine. For years LONG has led the field in speed, picking quality and low up-keep costs. Now the best has been improved again. Day in and day out, LONG peanut combines have the strength, durability and speed to keep going. This is the machine that you can depend upon to get your job finished better and quicker. Without the dependability of a LONG many owners report they would make far less from their crop.

THE RISING STAR.

It Has Been

By Vada Arnold

The Rising Star street paving program in the business district was almost completed in February, 1923, and the Chamber of Commerce planned a BIG celebration at the completion. All neighboring towns were invited to attend the event.

A list of city improvements was published in the X-Ray. Editor W. T. Curtis said "Live Towns Keep Moving."

Some of the improvements within three years were an electric lighting system, including the "white way," installed in the business district, a municipal water and sewer system; motor equipment for the volunteer fire department, a three-story brick school building, paid for, a guaranteed nine months school term; installation of a natural gas sys-

tem for fuel, one hundred new homes and more than a dozen new business houses were built. The population increased to over two thousand. "All of this in less than three years." There were more than 1500 farmers in the immediate vicinity of Rising Star.

"Our citizens are now on the move, they are in the habit of doing big things and will not be satisfied unless we stay on the move, up." The editor continued, "we need more railroads. We need to make Rising Star a big city. We have 30 brick business houses and we need one more badly, one in the very heart of the business district where the Masonic building now stands. The building was allright when the Masons erected it years ago. They had a hard time building it then

and deserve much credit for their efforts, but the lodge and the town have outgrown the building and it should be replaced."

Living costs increased 18 percent in 1922 and was expected to increase to a higher level in 1923. So Rising Star citizens had troubles 46 years ago.

"Boys will be boys." The late M. S. (Doc) Sellers in a 1926 issue of the Rising Star X-Ray must have been in a reminiscent mood for he said "in company with Fred Eberhart, we used to swipe pecans from uncle George Hill over on Sabanno Creek when we were kids."

Foye Harris was honor graduate of the Rising Star High School seniors in May, 1926.

When we ride along our wonderful highways in plush automobiles we rarely let our thoughts drift back to the mode of travel in 1915, when the W. E. Anderson family decided to take a trip to west Texas, all the way to Scurry County, in a covered wagon. Cecil Joyce, a young lad, was invited to go along as a guest of the Anderson's son, Newton. The two boys made the greater part of the trip on their bicycles, while the family rode in the wagon.

Next Stop — Cloud 9!

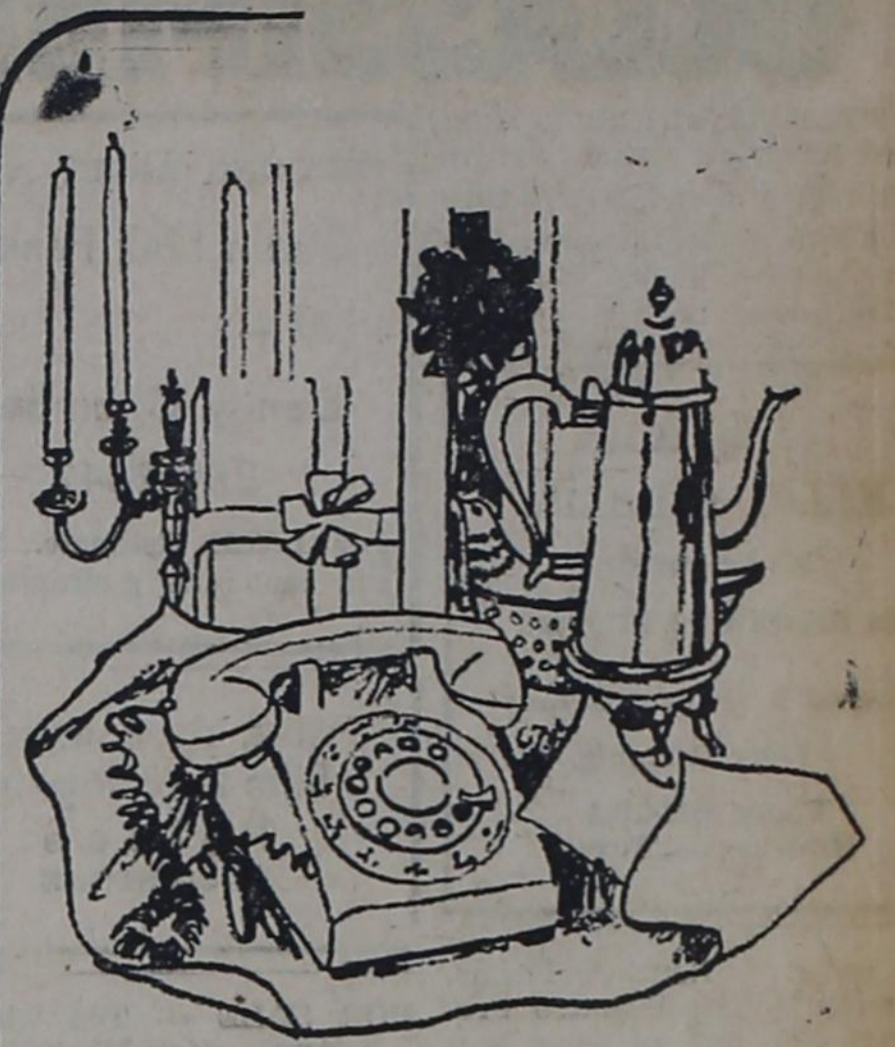

Completely furnished, right down to softened water and happy guests, this room is being hoisted into place in a new and novel hotel at HemisFair '68.

SAN ANTONIO, TEXAS — It's going to be a soft life for this family as up, up, they go to the top of the luxurious new 20 story, \$7.5 million Hilton Palacio del Rio Hotel. It's not elevator service, Texas style, but a new way of building.

To speed construction and complete this newest of posh hotels in time for HemisFair '68, builders pre-fabbed it almost entirely out of completely finished room units. Cast in lightweight concrete, each room was completely furnished and equipped with everything from bed linens to matchbooks before being hoisted into place by the world's largest crane. The hotel even boasts of Culligan softened water in every one of its 600 pre-plumbed bathrooms. Softened water not only pro-

vides guests with the ultimate in bathing luxury, but also reduces building maintenance and housekeeping. Confides the management, "It's as if we'd hooked our plumbing to a cloud."

The new hotel, located beside the San Antonio River, features a terrace view from every room. A man-made waterfall spills into the lazily curving watercourse below, where gondolas transport guests to and from HemisFair.

North Star Club Has Tuesday Meeting

The North Star Club met Tuesday afternoon in the clubhouse. Mrs. Mabel Ralston and Mrs. T. C. Crisp were hostesses.

The group sang "America" and Mrs. Ralston gave the devotional from "The Upper Room." \$5 was

given to the cemetery fund.

For recreation, Bingo was played. Mrs. Hattie Goss won two games and Mrs. Martin and Mrs. Morris one each. Mrs. Morris was the winner of the prize, a cigar.

Punch and cake, potato chips and fritoes were served.—Mrs. Mabel Ralston, reporter.

News From May

By Mrs. V. O. King

The Brown County Farmers Union met recently. President A. M. Goss called the meeting to order. The invocation was given by Norman Claborn.

Minutes of the last meeting were read by Mrs. Jim Nance, secretary. Topic of the program was: "Why Farmers Union?" Policies and goals were discussed by Norman Claborn. There were discussions from the floor of resolutions to be adopted by the chapter.

The next meeting will be held the first Monday in October at 8:30 p. m.

For exciting and unusual entertainment come out Friday evening at 8 o'clock and watch May' six-man football team in a scrimmage with Talpa Centennial.

May Community Improvement Ass'n meets Monday night at 8 o'clock at the club house. The school teachers of May will be honored. There will be a covered dish dinner and a musical program.

The May Home Demonstration Club meets next Wednesday, Sept. 11, at 2:45 p. m.

Calvary Baptist Church will have a week-end revival beginning Friday evening, Sept. 13. Services will also be held on Saturday night, Sunday morning and Sunday night. Ronnie Flemming of Fort Worth will be the evangelist and song services will be conducted by the Rev. Mike Shaw.

Children of Mr. and Mrs. Harold Pierson spent last week with them. They included Mr. and Mrs. Willis Pierson and daughter, Kelley and Brenda, of Autin; Mr. and Gene Pierson and sons, Matt and Steve, of Smelterville, Idaho; and Mr. and Mrs. Henry Klawitter of Austin. Other visitors were Mr. and Mrs. Festus Preston of De Leon and Mr. and Mrs. O. C. Miller of Fort Worth.

Mr. and Mrs. Tom Garrett, Jr., of Garland are the proud parents of a six-pound boy born last Saturday. Grandparents are Mr. and Mrs. Tom Garrett, Sr., Rt. 1, Sidney.

Mr. and Mrs. Henry Allen, Mr. and Mrs. Ansel Davis and Alvie attended the Davis reunion in Haskell last Sunday. From there they went to Vernon to visit a brother, Calvin Davis.

Mrs. Effie Driskill and grandson, Billy, celebrated their birthdays jointly last Sunday. Billy was 14 on September 1, and his grandmother is 88 years old on Sept. 5. Approximately 20 family members were present for a birthday dinner of turkey and dressing. Separate birthday cakes were served after lunch.

Mr. and Mrs. Tom Hitchcock were visitors in May last Tuesday.

Mr. and Mrs. John Reed and son, Johnnie and wife, from Lubbock are visiting Mr. and Mrs. Clyde Nesbitt.

Mary White, Kandy Buzbee and Bonnie Grace Lemaster went to HemisFair last week-end.

Mr. and Mrs. Clifton Phillips visited Mr. and Mrs. Bill Buzbee over the week-end.

G. H. Michael is home on leave. He will be stationed in Colorado after his leave.

Ronnie Larry is visiting his mother, Mary White. Ronnie lives in New Orleans.

Mr. and Mrs. Weaver Smith and Junior left for Roswell, N. Mex., Tuesday to visit Herman

Jeanne and Ann Parker spent last week with their grandmother, Mrs. G. C. Groce. Their parents, Mr. and Mrs. C. L. Parker of Hurst, spent the weekend here and the girls returned home with them.

Here's something else owners say about Long Peanut Combines

"It's the Thrifty One"

When it comes to up-keep costs it's a downright miser! Throughout, this machine is built to last. Special permanently lubricated bearings seal out dirt and dust. All gears and sprockets have been specially hardened to hold up longer under the rugged conditions found in peanut harvesting. Fewest number of moving parts mean fewer to wear out, fewer to cause trouble.

Some owners have run LONG combines for four years and spent less than \$150 total for repairs! Not only do you spend less money, you have less down-time... more harvesting time.

May Marine Back In States After Cruise In Med Sea

Marine Cpl. Gary R. Michael, son of Mr. and Mrs. Floyd Michael of May, notified his parents August 26, that he had arrived in the United States Thursday, August 22 at Norfolk, Va.

He has been aboard the attack ship USS Uvalde, along with a few other marines. Gary was selected as a goodwill ambassador of the United States. The motto of the Marines and sailors aboard the ship was "More than Duty."

Gary's battalion left Norfolk, April 18 last for the Mediterranean area. The first landing was made on the island of Crete, then the battalion went to Malta for 2 weeks liberty; from there to the island of Sardinia, then to Turkey for a week. It returned to Crete for another landing and then went to France and Italy. The cruise lasted for four and one-half months.

The battalion had 1,500 men ready for combat duty should trouble have arisen in the Med-

iterranean. "We are proud of every marine and sailor," said Lt. Col. H. E. Spiro, Marine commanding officer.

The USS Uvalde was built by the Moore Dry Dock Company, Oakland, Calif. Formerly the SS Wild Pigeon, she was acquired by the navy and renamed for Uvalde county, the home of vice-President John Nance Garner. She was active in numerous Pacific campaigns during World War II.

Mrs. Robert Huff of Cambridge, Ohio, visited Eugene Michael Monday afternoon. Mrs. Huff is the former Jean Chroma or May. She attended May High School. She is also visiting her grandparents, Mr. and Mrs. Lee Weathersay, Mr. and Mrs. Huff will make their home in California where he is employed. After a few weeks in May, Jeannie will join her husband there.

Mr. and Mrs. M. O. Walker of George West are visiting her uncle and his family, Mr. and Mrs. M. E. Vise.

MRS. FRANK FLEMING (Nee Charlene Vermillion)

Vermillion-Fleming Rites Are Read August 24th

Miss Sue Charlene Vermillion and Jimmie Frank Fleming exchanged marriage vows August 24 at 7 p. m. in the First Baptist Church of Rising Star with Rev. Don Timberlake officiating for the candlelight ceremony. The bride is the daughter of Mr. and Mrs. John Vermillion of Rising Star. Parents of the bridegroom are Mr. and Mrs. Joe Fleming of Pioneer.

The double ring ceremony was performed before a floral arrangement of pink and white chrysanthemums, flanked by white wrought iron candelabras with tall white tapers, greenery, and white bows. White bows marked family pews.

Alton Watson and Billy Watson, nephews of the bridegroom, lighted candles. Alecia Fleming, niece of the groom, served as flower girl. Organ music was provided by Mrs. Pat Walker, and vocalist was Mrs. Geraldine Underwood.

Given in marriage by her father, the bride designed her floor-length gown of candlelight bridal satin. The empire waistline featured an overlay of floral lace highlighted by seed pearls. The long fitted sleeves of lace featured tiny self-covered buttons and the chapel-length train of lace fell from the shoulders. Her wrist-length veil was attached to a tiara of white roses. She carried a bridal bouquet of white carnations and orchids accented by pearl hearts and lover's knots.

Miss Linda Porter of Ft Worth was the bride's only attendant. She wore a pink satin and lace floor-length dress fashioned after

the bride's dress. She carried a long-stem pink rose. Glen Fleming of Pampa served his brother as best man. Ushers were Jerry Fleming, Bill Watson, Richard Gollightly, and Buck Collins.

For something old, the bride wore a necklace made from her baby ring; her dress served as something new. She borrowed a white handkerchief belonging to the late Hazel Collins. Something blue was the traditional garter.

The bride's mother chose an aqua linen and silk dress accented with lace, with black and white accessories. The bridegroom's mother wore a royal blue bonded knit dress with black and white accessories. Their corsages were white carnations.

Reception was held in the church immediately following the ceremony. The bride's table was laid with white and pink net and accented by pink bows, rosebuds and pink candles. The tri-tiered wedding cake was decorated with pink roses and white wedding bells.

Mrs. Bill Watson of Pampa, sister of the groom, presided at the bride's book. Mrs. Glen Fleming and Mrs. Jerry Fleming served cake and frosted punch. Julia Watson and Cheryl Fleming, nieces of the groom, distributed pink rice balls to the guests.

For a short wedding trip the bride wore a blue Italian silk dress and jacket with black patent accessories and a white orchid corsage from her wedding bouquet.

The bride is a graduate of Rising Star High School and will

receive her degree from Tarleton State College in January. The bridegroom, a graduate of Cross Plains High School, received his degree from Tarleton in August. The couple will be at home at 760 N. Chamberlain, Stephenville.

Erasable Typewrites Paper In 100-Sheet Packs at the Star

Sylvia Butler To Wed Fred Draper Sept. 21

their daughter, Sylvia, to Roy Fred Draper of Comanche, on September 21, 1968. The wedding will take place in the Butler home at 3 p. m.

Mr. and Mrs. A. J. Butler have announced the engagement and approaching marriage of

Parents of the prospective bridegroom are Mr. and Mrs. A. E. Draper of Comanche.
