Clean Up Campaign Is Success

The clean-up, paint-up, fix-up plant-up campaign got under way Monday, April 20 with lots of work.

The City Hall underwent a complete paint-up on the interior and woodwork of doors, etc.

The city is busy cleaning alleys and drainage ditches all over town and will follow up next week with city-wide spray job.

The mayor stated that a drive over town revealed much trash piled for the city to haul off and they would haul every day this week until the campaign is finished.

Several hundred children entered. Sandra is eight years old and in the second grade. Her parents, grandparents and friends are proud of her artistic ability. Her father is in the Air Corps and stationed at Killeen.

Many vacant lots are being cleaned of weeds and debris. So are lots used by implement people.

The mayor stated the City Council is considering passing a city ordinance whereby uncooperative vacant lot owners can be forced to clean up their property.

However, we feel sure that Rising Star folk have two much civic pride to be forced to have to clean up their property.

Polio is a dread disease. Cities who have had an epidemic of this disease have freed themselves from the suffering by cleaning their city. Many instances can be related.

The campaign goes on all this week for this special clean-up. But wise people will keep it going every week in the year thus removing a disease hazard and promoting civic pride and a love of beauty for their home.

The date and place for the Eastland County Pecan Field Day has been set for May 13 at the B. B. Freeman Orchard in the Chaney community, 10 miles southeast of Ranger, according to an announcement today from the County Agent's office.

Propagation, fertilization, cover crops, marketing, diseases, insects, new spray materials, varieties and other topics are to be discussed and demonstrated during the all day meeting.

Invitations have gone out to men at Brownwood, A. & M., Stephenville and Weatherford to appear on the program which will get underway at 10 o'clock that morning.

Those attending will tour the 56 acre orchard and nursery on the Freeman farm during the afternoon.

In 1949 a total of 353 farms in the county harvested 143,227 pounds of paper-shell pecans while 114,736 pounds of native pecans were gathered on 285 farms. The figures are from the 1950 Census. The value of the crop in the county in a normal year runs into a large sum.

The marriage licenses are for couples who were married, had their licenses recorded at the county clerk's office, and then failed to claim the licenses after they were recorded.

WHERE THE MONEY GOES.

Do you ever kick about the high cost of food and other goods? You'd be wiser to kick about the high cost of government.

Last year the average American family of four had an income of \$3400. It paid out \$1100 of it in direct and indirect taxes. That \$1100 would have been enough to buy a \$21 basket of groceries each and every week of the year.

Sixty or more persons heard A. Z. Myrick, president of the Eastland County Farm Bureau, give a resume of farm bureau activities, Thursday night April 16, at the county-wide community meeting at Scranton.

He also cited pertinent facts about recent resolutions that were adopted by the state and national organization.

J. C. Coates told the assembly of recent legislative activities in Austin and of the necessity of strong support of any measure that will affect our agricultural program.

J. M. Cooper, county agricultural agent, discussed new varieties of hybrid Sorghum, winter legumes and peanuts.

Communities represented at the meeting were Eastland, Gorman, Desdemona, Cisco, Ranger, Cheaney, Flatwood, New-Hope, Kokomo, Sabanno, Nimrod, Pleasant Hill and Bluff Branch.

T. C. Cozart was in charge of

MAY SENIORS PRESENT "LOOK OUT, LIZZIE" The Senior class of May high school will present a three act farce-comedy Friday, April twenty-fourth, at 8:00 P. M. The setting is in the sitting room of the Long farm house near Centerville, Indiana, in mid-summer. Silas Long (Thomas Franklin), with his wife, Sarah (Linda Lewis, and daughter, Hazel (Reba Nieman), have had hard going on an Indiana farm, Hazel had tried almost to the breaking point, but Silas always insists as his reason for staying is that there is a valuable quarry on his farm. When Hazel meets Richard Biltmore (Perry Mullis), a city stranger, and becomes attached to him. An invitation for him to come to dine at the farm gives rise to a bunch of hilarious fun with Hank (Claude Cobb), the hired man, dressed up as butler, and Lizzie (Wanda Willett), the cook, as the maid. According to Minnie Hall (Glenda Boyd), this is a disastrous thing. Minnie, she of the wagging tongue variety, finds out that her intended, Dave Hinkle (Mannin Smoot), holds a mortgage on the Long farm then the fun really begins. A lot of fun and a few extra heartbeats have been planned for an excellent evening's enjoyment. Admission will be: Adults and high school students, 35c. Grade school students, 20c.

Cotton producers are asked by Secretary of Agriculture Benson to reduce their 1953 plantings 18 percent below those of last year. A crop of from 12 to 12.5 million bales would meet the estimated domestic and export demands and leave enough surplus to take care of reserve needs.

JOE BROWN, SON OF MRS. AGNES BROWN, PIONEER. WRITES FROM P. HARBOR

Joe Brown, with the Coast Guard, stationed in Hawaii, writes a very interesting letter to his mother, Mrs. Agnes Brown of Pioneer. Joe is aboard the Richey docked at the time of the letter for repairs. It is a Russian-made ship acquired from the

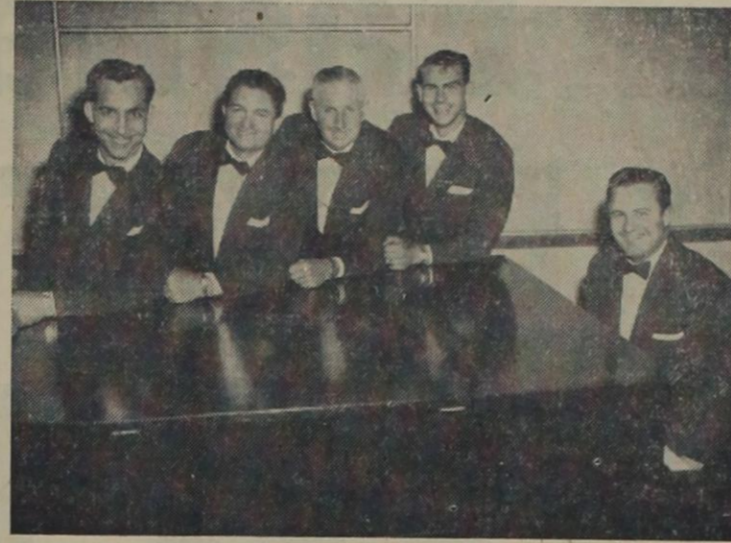

Russians and is painted white instead of the usual grey, said Joe.

The Richey will go on cruise which will cover about 800 miles, cruising to several interesting ports in that area. Joe speaks of "Station Uncle" which is an imaginary spot in the ocean and there are several others of like imagination. The ship is 307 feet long and designed for battle, carrying several calibre guns. One hundred and forty men comprise the crew. The crew has won three sets of ribbons, the Korean, the United States and the United Nations.

In addition to other interesting news, Joe inquired of local happenings in and around the home town.

Fred Harrell of Littlefield visited his mother, Mrs. J. W. Stewart, the first of the week.

MORE DAIRY COWS FOR EASTLAND CO.

Texas is rapidly becoming a dairy state and we have the natural conditions for milk production. We have a mild climate with good pastures most months of the year, and high producing cows can be purchased right here. Rising Star area is well adapted to dairy farming.

If the dairy barn and equipment are carefully planned, much time and work can be saved. The State Department of Health and your County Agent can help you plan the barn and equipment. Dairy dollars will build one.

Last Rites Held for J. M. Herrington At Waco Last Friday

Funeral services were held from the First Baptist Church at Austin last Friday morning for James Monroe Herrington, brother of Bill Herrington of Rising Star. Mr. Herrington died suddenly from a heart attack just after dining with friends in a cafeteria of the State Capitol at Austin. He had been with the state comptroller department for the past ten years. Prior to that he taught school in Eastland and Nolan counties and was county clerk of Howard county for 12 years. The deceased was a Shriner, 32 degree Mason and deacon in the First Baptist church at Austin and also was teacher of a men's Bible class. He served as first lieutenant in the First World War. Mr. Herrington was 62 years old at the time of his death.

Immediate surviving relatives are his widow, Mrs. Ruby Herrington of Austin; one son, Jack of Washington, D. C.; one daughter, Dorris of Austin; mother, Mrs. B. Herrington of Ranger; two brothers, W. J. of Rising Star and O. M. Herrington of Waco; one sister, Mrs. Max Ohr of Ranger. Mr. Herrington has been feeling fine for several days and had never complained of being sick at any time. Mr. and Mrs. W. J. Herrington attended the services at Austin.

EASTLAND COUNTY FARM BUREAU TO HAVE CONTEST TO DETERMINE QUEEN

Many counties over the state are already making plans for the big state-wide Farm Bureau Queen contest which will be sponsored by the Texas Farm Bureau Federation this year, was a statement made by A. Z. Myrick, president of the Eastland county farm bureau. Indications are that interest in the contest will be greater than ever before.

This is the third year that the state organization has sponsored the Queen Contest, but several county organizations have held contests a number of years. Winners as state farm bureau queen will have a \$500.00 expense paid trip with an escort to the American Farm Bureau Federation convention in December in Chicago.

Beautiful watches will be chosen in November at the annual state convention in Mineral Wells. These contests are designed to give recognition to the charm and loveliness of farm and ranch girls and to give rural youth an opportunity to become better acquainted with the organizational policies.

Rules of the contest will be published at a later date or just as soon as the county organization's plans are completed. It is hoped that each community will have one or more entrants in the county contest.

More Castor Beans

May Be Planted

COLLEGE STATION, April 22.—Present indications are that 100,000 acres will be planted to castorbeans in Texas this year. This is the average allotted the state on which prices are guaranteed by the United States Department of Agriculture. This average, says W. I. Ross, assistant agronomist for the Texas Agricultural Extension Service, compares with the 84,000 acres planted in 1937 Texas counties last year.

Total income from last year's crop, explains Ross, was approximately one and one-half million dollars. Yields were low in many areas due to drought and a lack of experience on the part of new growers.
