Farm Accident Toll Is Hiked By Carelessness

WACO — (Spl.) — Man's spectacular advances in the field of medical research which increase life expectancy and reduce human suffering are being largely offset by his lethargy in applying simple antidotes to some of the commonest causes of death and injury, the head of the state's largest farm organization declared recently.

Citing the tremendous farm accident toll which annually takes 1,000 lives and seriously injures another 100,000 in Texas alone, J. H. West, president of the Texas Farm Bureau, called for full cooperation on the part of farmers and ranchers of the state in the Farm Safety Week observance set for July 19-25.

"We employ our best brains in conquering such killers as polio, tuberculosis and heart disease and fail to use the common sense God gave each of us for the preservation of our lives and prevention of injury to our bodies," West declared.

The farm leader said that the Farm Safety Week observance is "a concentrated effort to make the observance of safety precautions second nature with all who work in agriculture." The nationwide observance was set by proclamation of President Eisenhower and in Texas by Governor Daniel.

The accidental death rate among farm people is higher than in any other major industry, and Texas has one of the worst farm accident records in the nation, West said.

"Farmers are naturally susceptible to work accident because the farmer is a 'jack of all trades,'" he declared. All of his jobs are hazardous, and the farmer is less cognizant of the inherent dangers and less likely to take precautions than the skilled worker who is familiar with them and knows what can result from carelessness."

Former Rising Star Man, Now With AEC, Visits

Lt. Col. Charles M. Barnes of Rockville, Md., where he is with the U. S. Air Force and attached to the Atomic Energy Commission, was a visitor in Rising Star for several days last week, the guest of Joe Barnes, an uncle; Mrs. Lula Foster, an aunt; Mrs. Wade Byrd, a cousin; Mrs. Noble Foster and other relatives and friends.

Col. Barnes, a veterinary doctor, who formerly had an office at Cisco, is engaged in a study of the effects of radiation on animals and other physical phenomena in connection with development of space flight and other uses.

He came through Rising Star after attending the funeral of a brother at Brownfield last week. His father was editor and publisher of the old Rising Star X-Ray, predecessor of the Record, at the turn of the century.

Eastland Girl To Be Crowned State Pecan Queen

Miss Rebecca Graham, Eastland County Pecan Queen, will be crowned Texas Pecan Queen for 1959 at the annual convention of the Texas Pecan Growers Association at the Texas Hotel in Ft. Worth, July 14-15.

This will be the second state pecan queen from Eastland County. Miss Ann Little, Rising Star, was crowned as the first State Pecan Queen at the convention in Austin last July.

Miss Graham, recent high school graduate, won the right to be crowned state queen when 21 of the county pecan entries earned 116 points at the state pecan show at A&M College last winter, three points more than San Saba County, closest competitor. Placings of the entries determined the number of points, it was explained.

She was crowned as the county pecan queen at Ranger last December over nearly a dozen pretty girls from various communities at the local pecan show. She is the daughter of Mr. and Mrs. E. L. Graham of Eastland.

Oscar Schaefer, president of the local pecan growers organization recently presented her with a \$40.00 check from his organization for her expenses to the convention.

B. B. Freeman, Rt. 1, Ranger will receive a plaque for his reserve grand champion entry in the state pecan show. His Ranger variety of nuts graded 61.7 percent kernel. The new variety was named after the city of Ranger.

Eastland County Agricultural Agent J. M. Cooper is expected to appear on the program during the two day meeting. C. T. Smith, Rising Star, state director, and several other county growers are expected to attend.

ATTEND FUNERAL

Mr. and Mrs. D. C. Large attended the funeral for Alvin Lee at Grandbury Saturday.

Mrs. Wolf Buried Here In Services Sunday At 3 P. M.

Funeral services for Mrs. Trudie Caroline Wolf, 62, former resident of Rising Star who died in Hendricks Memorial Hospital, Abilene, Saturday at 5 a.m. after a brief illness, were held at the First Baptist Church in Rising Star at 3 p.m. Sunday afternoon.

The Rev. Ed Jackson, pastor of the Rising Star Church, officiated and Higginbotham's Funeral Home directed burial arrangements in Rising Star Cemetery.

Mrs. Wolfe, a practical nurse employed at the Stewart Nursing Home, Abilene, became ill Friday night. Her husband died February 14 of this year and was also buried in Rising Star. A native of Emmett, Ark., she came to Rising Star as a child and lived all her life here until she and her husband moved to Snyder about three and a half years ago and then to Abilene.

She is survived by a son, James Wolfe, Rt. 1, Rising Star; a daughter, Mrs. Finis Langston Jr., of Abilene;

Four grandchildren; a brother, R. H. Hicks of Carbon, and two sisters, Mrs. Nada Upton, Albuquerque, N. M., and Mrs. N. C. Hill of Odessa.

She was a member of the First Baptist Church of Abilene.

Rising Star Golf Players Invited To Cisco Tourney

The golfers of Rising Star have been invited to participate in the annual Cisco Invitation Golf Tournament July 10, 11 and 12. The invitation was extended by Karl Armstrong, president of the Cisco Country Club.

Plans call for qualifying to end Friday, July 10. Mr. Armstrong said that the Cisco club will accept telephone or written qualifying scores but that those who expect to compete for medal honors must play 18 holes at the Cisco course on Friday.

Match play will be 18-hole rounds Saturday and Sunday, July 11 and 12. Entrance fee will be \$7.50, which includes the tournament barbecue at 7 p. m. Friday. Suitable prizes will be awarded to the winners and runners-up of all flights and the consolation winners Mr. Armstrong said.

W. E. (Bill) Jenkins of Houston, formerly of Cisco, is the defending champion. Dueto illness, he is not expected to compete in this year's tournament.

Mr. Armstrong said the Cisco course is in the best condition in many years due to the plentiful rainfall this year. Approximately 100 golfers are expected to enter the tournament.

Lady Golfers Invited To Eastland Tournament

The Ladies Auxiliary of the Eastland Lakeside Country Club will hold a tournament for women golfers of Eastland County on July 18 and 19, it was announced this week. A covered dish supper is being planned for Friday night, July 17.

The tournament will be held over a course said to be in final shape, and prizes will be awarded in all flights, including the beginners' flight.

Mrs. Doris Beasley, reporter for the Auxiliary, said that an invitation is extended to all women golfers of the county to enter the tournament.

PARENTS OF A SON

Mr. and Mrs. Wayne White of Midland are announcing the birth of a son, Jeffrey, on June 28 at Midland. The infant weighed 10 pounds and one-half lbs.

Members of the Rising Star Lions Club and "Impressed" volunteers sacrificed dignity to the cause of fun and civic improvement at the High School gym for two hours Tuesday night, and then took back their dignity well rewarded for their efforts. As models of women's wear they left a good deal to be desired, and their acting was only slightly better, but they got the laughs they went after and some \$90 toward the rescue unit the club is purchasing for Rising Star fire department.

It was a much better evening than they were afraid of, thanks to the persistent work of Mrs. Tom Lewis and her assistants who cajoled and bossed some 20 men into roles as models showing evening gowns, dinner dresses, beachwear, play suits, rain coats and even a bikini bathing suit for the amusement of some 200 or more people.

The show was "integrated", Dr. Ben Bradley Club president, drawing a big hand in the black-face role. Charles Rutherford did a swell job as announcer, although considerably embarrassed at times by the affectionate natures of his models.

Models appearing were C. M. (Mutt) Carroll, Roy Holly, Aubrey Goss, Charlie Tyler, B. B. Hickman, Jimmie Nichols, Robert Butler, Cole White, Tom Lewis, Bill Crawford, Harry Sone, Lee Hughes, Jay Koonce, A. D. Jenkins, Billy Dennard, B. A. Butler, Lane Wells, Pat Agnew, Eddie Bradley, Gerald Maynard, and George Steel.

Vera Butler was in charge of the music for the style show and assisted Mrs. Lewis in organizing and directing the models.

There was other entertainment also much enjoyed by the audience. This included presentation of the "Grasshopper Opera", a comic, long-time collegiate favorite sung by Mrs. Lewis, Jack Smith, Janis Jones, and Jimmy Warfield, with Jim Lewis at the piano and Sandra Bradley announcing; several numbers by Jimmy Wilson's western band and numbers by Lloyd Gonzales' combo. The Wilson band was composed of Jerry Wilson, Lloyd Gonzales, Roy and Ray Merworth and Janis Jones, soloist. Playing in the combo were Mr. Gonzales, Bill Rutherford, Sandra Bradley, Linda Koonce, George and Billy Cook, Gerald Bishop and Jim Lewis.

Abilene Woman Hurt In Car Wreck Here

Mrs. Roy Fenwick of Abilene suffered head injuries when the car in which she, her husband and children were riding went out of control and struck a culvert on Highway 36 about a mile west of Rising Star Sunday afternoon. Mr. Fenwick was driving when a tree blew Mrs. Fenwick was treated at Rising Star hospital and taken to Abilene. Mr. Fenwick and the children were examined and released.

The family were on their way to Rising Star to visit Mrs. Fenwick's mother, Mrs. Ruby New.

AS IT LOOKS FROM HERE

By OMAR BURLESON
Cong. 17th Texas District

WASHINGTON — Perhaps our nation has never been more health conscious than at the present time. Some diseases, such as small pox and tuberculosis, which at one time took a fearful toll of lives, have now been practically eliminated by medical science.

As some of the older diseases are eliminated, seemingly new ones appear which were unheard of a few years ago. It is entirely possible some may have existed, but were not recognized for what they were.

Cancer continues to be one of the top killers. It strikes 450,000 Americans every year. It is estimated that unless prevention or cure is found, 40 million men, women and children now living will be stricken by cancer, and 26 million of them will die. It is the number 2 killer in the nation.

Aside from the cost in human lives, the 700,000 cancer cases under treatment at any given time are estimated to cost \$300 million hospital bills each year. This, added to the cost of lost wages and production, becomes a staggering figure.

At the present time there is being spent nearly one hundred times as much on military research as that spent on cancer research.

Money alone will not buy a cure for cancer, but without adequate funds to provide research facilities and new experiments for the discovery and treatment of cancer, the disease will remain a dread to hundreds of thousands of people.

Tremendous gains have been made in discovering the cause of cancer, in detecting early stages, and in its treatment.

Breakthroughs appear near, according to some of the experts, in treating several types of cancer. About twenty drugs are already in use and proving effective against thirty forms of cancer for periods ranging from weeks to several years.

Included in the President's budget is \$75 million for cancer studies and research. Some in the Congress are insisting this be increased. As a matter of fact, the House of Representatives reduced other items and added \$8 million to the President's figure. It is understood that the Senate may possibly increase this sum to over \$100 million.

There is a question as to whether vast new sums of money pumped into cancer research can be used effectively. If used effectively, it would provide greater facilities and equipment for experimental work; train more people through fellowships; obtain more qualified personnel through better salaries; build more laboratories; increase grants to universities and hospitals; and boost contracts to pharmaceutical and other industries.

To be effective and practical, common sense must be applied by those charged with administering any program, but it does take money.

It's The Law In Texas

NO WILL? WHO INHERITS PROPERTY?

What will happen if you should die without executing a legal and proper will? Who will inherit your property? Your husband, wife, mother, father, children, your wife's relatives? The best way you can say who will have it is to provide a will which will protect your rightful beneficiaries and

dispose of your property in accordance with your wishes.

When a deceased has no will, or dies 'interstate' as the law calls it, the property of that person is distributed according to a detailed formula fixed by law. In some cases this may be the way you yourself would divide it—but in many cases it is not.

The provisions of the law concerning the distribution of the property of a person who dies without a will are rather complicated, and all of the possibilities cannot be covered by a general statement.

There are different rules for real estate and for personal property, for community property and for separate property, for homestead property, and for all of the many possible combinations of surviving relatives. Each situation must be carefully studied to determine the correct distribution of the property.

For example, here is a general idea of how the community property which you and your spouse have accumulated will be divided if you do not make a will prior to your death.

If your husband or wife survives and there are no children the surviving spouse receives all of the property.

If, in addition, there are sur-

by the National Endowment of Methodism are (NAF) of deceased children, all of the divide one-half of the property, while the surviving spouse would receive the other one-half.

Of course, grandchildren do not share in the estate unless the parent who would inherit is deceased. And when descendants of previously deceased children do inherit, they receive only the portion that the child would have received, regardless of the number of such descendants.

An odd note, perhaps, is that the surviving spouse already owns one-half of the community estate prior to your death, and the law adds nothing to this share where there are children surviving.

When there are only children and their descendants surviving, they divide the entire community estate between them.

During the Civil War, the Federal navy paid a Frenchman \$10,000 to build a submarine to sink the Confederate iron-clad Merrimac. But when a naval officer arrived to take command of the finished vessel, the Frenchman had disappeared (with his \$10,000). As no one could figure out how to work the gadget, it never was of any use to the Navy.

Hadassah's Dream Comes True

Former Senator Herbert H. Lehman (left) is shown with Dr. Kalman J. Mann, director-general of the Hadassah Medical Organization in Israel, after inspecting the \$25 million Hadassah-Hebrew University Medical Center, now under construction at Kiryat Hadassah (Hadassah Town), five miles west of Jerusalem.

KIRYAT HADASSAH, Israel—In the Judean Hills, overlooking the birthplace of John the Baptist at Ein Karem, a Hadassah dream is coming true.

Here at Kiryat Hadassah, the \$25 million Hadassah-Hebrew University Medical Center is being built as a "fortress of healing" in Israel. And throughout the United States and Puerto Rico, the 318,000 members of Hadassah, the Women's Zionist Organization—with headquarters at 65 East 52nd Street, New York City—are mobilizing every fund-raising effort to assure completion of this Medical Center in 1960. Mrs. Abraham Tulin is national chairman of Hadassah's Medical Center Committee.

Since 1948, when the United Nations assumed control of Mt. Scopus, Hadassah has been prevented from utilizing its hospital there and has been compelled to function in temporary quarters in various parts of Jerusalem. These medical, clinical, and research facilities to be consolidated in the new Medical Center, characterized by former Senator Herbert H. Lehman monument of the Twentieth Century Scientific and Medical

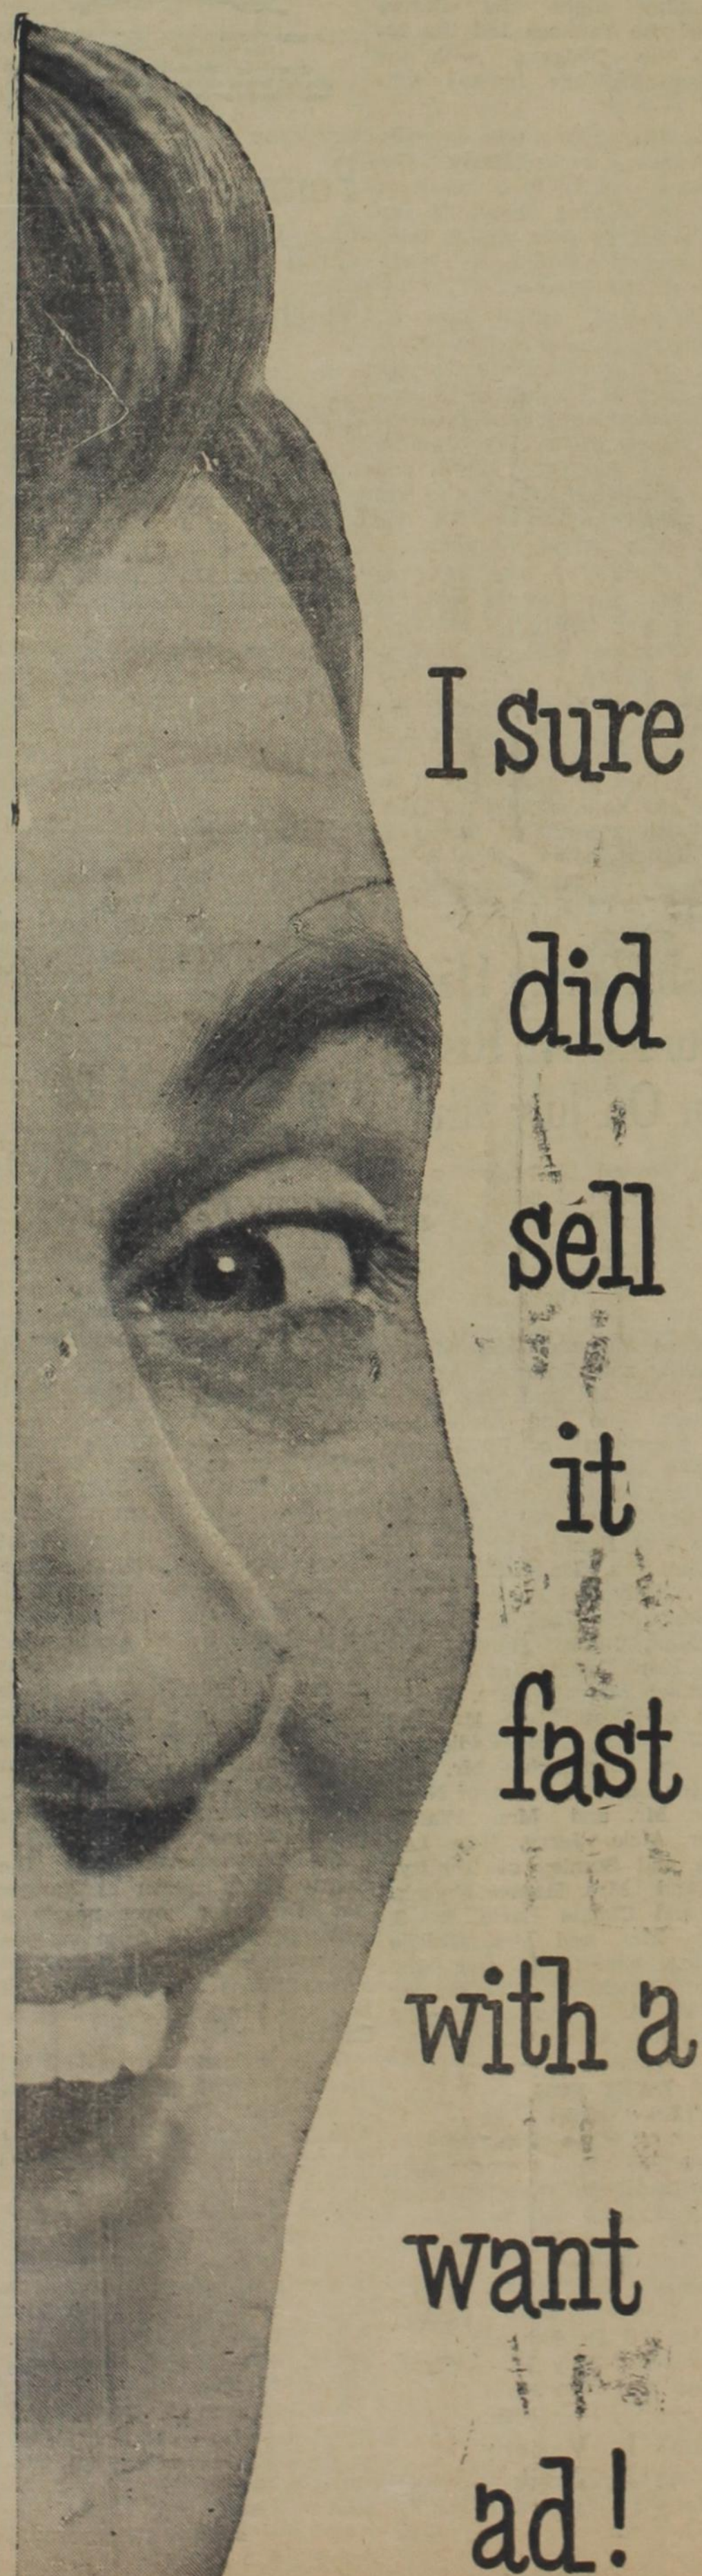

service laboratories; a separate Mother and Child Pavilion for maternity and infant care; the Rosensohn Outpatient Clinic, to serve more than 200,000 outpatients annually; and the Henrietta Szold School of Nursing and Residence.

One of the Medical Center's major features is already being adopted by hospitals now being built in various parts of the world. It is the brilliantly conceived nursing unit, shaped like half a wheel, which will reduce the work load of the staff and enable a concentration of medical treatment and nursing attention in closest proximity to the patients.

The Medical Center will have the most modern equipment for treatment and research. It will have the newest type model of the Cobalt Bomb for cancer research and high voltage therapy. Closed circuit color television units will also be installed to enable students to observe brain, heart and chest surgery.

In keeping with Hadassah's policy, there will be no distinction in treatment based on race, color or creed—between Arab, Christian and Jew—at the Medical Center. Its sole purposes will be to save life and to restore to people, physically and emotionally, the dignity of the human being.

The Medical Center will be of vital benefit to the State of Israel. In a time of Middle East peace, Hadassah is convinced that the Medical Center can be a major source for advancement of health and medical knowledge for the region.

First Small Watershed Loan Made By Gov't

College Station—The U. S. Department of Agriculture announced in mid-June the first Government loan to enable a local public improvement organization to participate in a small watershed development project, said Jack Barton, extension soil and water conservation specialist.

The loan will be made by USDAs Farmers Home Administration to the Thorofare Creek Meadow Co., Salem County, New Jersey. The \$35,000 loan will help finance the non-Federal share of the cost of rebuilding a 5,100 foot dike and installation of three tide gates. Another 7,300 foot dike used for flood prevention purposes will be rebuilt with Federal funds, Barton said.

Under the Watershed Protection and Flood Prevention Act, local organizations and the Federal Government share the cost of small watershed development. Participating organizations that need to borrow funds to pay their share of the cost, and cannot obtain the needed credit elsewhere under reasonable terms and conditions, may apply to the FHA for credit assistance, he said.

The loan will be amortized over a 35 year period at an interest rate of 2.67 percent. Under the 1956 amendment authorizing loans in the small wa-

tershed program, the interest rate is the average rate paid by the Treasury on certain of its outstanding obligations at the beginning of the fiscal year in which the loan is made. The maximum term on loans of this type is 50 years. Watershed loans, said the specialist, may be used to install, repair, or improve approved facilities for water storage, drainage, and similar measures needed in small watershed development.

Applications for loans are made to the State directors of the FHA through the FHA representative. Loans are made only for projects approved by the Soil Conservation Service, Barton added.

Soil Conservation Commemorative Stamp Coming

College Station — A 4 cent postage stamp saluting progress in soil conservation in the United States will be issued August 26 by the Post Office Department, said Lynn Pittard, assistant extension soil and water conservation specialist.

The Nation's first soil conservation stamp will be formally released at the annual meeting of the Soil Conservation Society of America at Rapid City, South Dakota, August 26. It will go on sale the following day at post offices throughout the country. The stamp, which was de-

veloped in cooperation with the U. S. Department of Agriculture, portrays a modern farm-land setting signifying that conservation farming brings beauty as well as bounty to rural living. Soil conservation practices portrayed include contour stripcropping, terracing, pasture improvement, tree planting, and a farm pond. In addition, the silhouette of a city in the background symbolizes that urban as well as rural people are highly dependent upon the care and wise use of the land as a principal source of food, water, shelter and clothing. The stamp will be printed in three colors, yellow, green and blue.

Issuance of the stamp, Pittard said, is a tribute to farmers and ranchers, their local soil conservation districts and to the professional agricultural workers who have helped make the United States a world leader in soil conservation.

First day "covers" containing the stamp are available through the Postmaster at Rapid City, S. D. Upon request and receipt of addressed envelopes and a remittance to cover the cost of the stamps, the post office at Rapid City will place the new stamp on the envelopes, cancel them with a special cancellation mark used only on that day envelopes on the first day of issue and at that place, and mail the issue.

30 Eastland Co. Students Enrolled At North Texas

DENTON — Eastland County was represented by 30 students at NTSC in the school year just ended, the registrar's office has announced.

During the nine-month session, a total of 7,897 different students were enrolled. They came from 211 of the state's 254 counties, from 32 other states, and from nine foreign countries.

Dallas County again sent the largest number to NTSC, 2,149 students. Other counties represented by large groups were: Tarrant, Denton, Collin, Grayson, Cooke, Harris, Ellis, McLennan, Wichita, Gregg, Montague, Wise, Galveston, Navarro, Smith, Parker, Taylor and Harrison.

These record figures reflect the steady increase in enrollment at the college in recent years.

To accommodate the growing student body, there are now just completed, under construction, or in the final stages of planning, buildings which will add \$6 million to a physical plant already valued at more than \$20 million.

Guests of Mr. and Mrs. C. P. Brawner on July 4 were Mrs. May Roach and daughter, Mrs. Cleo Rupe and Mr. Bryan of Tulsa, Okla., and Mrs. Bender of Rising Star.

For vacationing or 'round-town driving, Cosden Gasoline delivers all the built-in power of your engine. It's a better brand to "go buy" for smoother, livelier engine performance... quicker, safer passing... and honest mileage economy.

Advanced refining techniques make Cosden a little better... and you can prove it. Take a "trip-check" with Cosden Premium Ethyl or Higher Octane Regular. You'll agree, for power, economy, and neighborly service... Cosden is a better brand to "go buy".

Cosden Motor Oils—10-w-30 or Heavy Duty—reach deep down in your engine and rout out friction before it starts. Match 'em with Cosden Gasolines for the perfect power-team.

His foxhole faith stayed with him...

It's been told many times how there were no atheists in the foxholes.

Faith under fire was quick, complete, uncomplicated and unquestioned. Fortunately, many who found faith under these conditions kept it—even after the firing stopped and the last troopship docked back home.

Like much of the hard wisdom learned in war, the faith developed in battle has been put to wider, wiser

use in the years that have followed.

It has spread outward now . . . to the family, giving them the strength needed to weather the long, hard pulls and the short, sharp adversities.

That strong family faith and stronger richer life it brings are never built better than now . . . are never built surer than when you worship together regularly—every week. Remember! It's your faith . . . your family!

Build a stronger, richer life . . . worship together this week

Mission Program Is Presented At WMU

The Mission program of the W M U of the First Baptist Church was presented by Mrs. B. B. Morris, Mrs. Earl Marsh, Mrs. Dennis Clark, Miss Pauline Roberds and Mrs. Ella Wells. Mrs. Raymond Turner gave a report on her visit to the Lueders Baptist Encampment. Prayers for the sick were led by Mrs. G. E. McDonald. Prayers for missionaries were led by Mrs. Ella Wells and Mrs. Dennis Clark. Fifteen members attended the meeting.

Medical Missionary Speaks To Baptists

Dr. Frank B. Owens, a medical missionary from Indonesia, preached a very interesting sermon Sunday morning at the First Baptist Church. On Sunday he showed colored slides of the mission work in Indonesia. Dr. Owens was reared at Bangs and is related to Mrs. Olie B. Jones. It was a rare privilege to meet him and hear him speak. While here he was entertained in Mrs. Jones' home.

Susan Parker, daughter of Mr. and Mrs. C. T. Parker, is visiting relatives here.

Miss Virginia Irby has returned to her home in Austin after visiting her mother, Mrs. Clara Cain, here for three weeks.

Amity News

By Mrs. I. A. White

Rev. Raymond Woodruff filled his regular appointments Sunday and Sunday evening at Amity church. We had our vacation Bible school exercises and a nice program was enjoyed by a large crowd. It was good to have children from other churches taking part in the program. They were LaQuinta Reynolds of Dumas, Texas, and Cindy Pallette of Wichita Falls, granddaughters of Mrs. Herbert Henry of Amity.

Making the home of Mr. and Mrs. E. R. West happy on July 4 were their children, Mr. and Mrs. Homer G. West, Mr. and Mrs. Roy West, and Mr. and Mrs. Ralph Fitzgerald and son, Harley of Ft. Worth; a granddaughter Mr. and Mrs. O. Henson and sons, Glenn and Wes of Dallas.

Those visiting in the Hayden White home Saturday were Mrs. Mae Dillard, Mrs. Travis Bailey, Mrs. J. E. White and Mrs. Bob Dillard of Cross Plains. Mrs. Dorothy Fickel and Mrs. Harold McKay of Dumas were Sunday guests of the Whites.

Mr. and Mrs. Walter Henderson visited in the home of John Henderson at Gorman and the men enjoyed a nice fishing outing.

Those visiting in the I. A. White home Sunday were Mr. and Mrs. R. H. Fenwick, Mr. and Mrs. Harold McKay and Miss Dorothy Fickel of Dumas. Visiting on Wednesday were W. E. Ayers of Comanche and Mr. and Mrs. Floyd Taylor and son, James, of Ft. Worth.

Mr. and Mrs. Ben Marshall of Pioneer visited in the Guy Taylor home Sunday.

Mr. and Mrs. E. D. Stodghill had as their guests over the week-end Mr. and Mrs. Walter Faulkenberry, Mr. and Mrs. Jesse Haymer and Mr. and Mrs. Fay Rankin.

Mr. and Mrs. Jack Stout are vacationing in Arkansas.

Mr. and Mrs. W. T. Hender-

son and sons, Tom and Paul, enjoyed the Fourth on a fishing trip to Gorman.

All members of the Amity Progress Club are urged to be present at the next meeting. Don't let us down.

Mrs. Hayden White and children visited her mother, Mrs. Mae Dillard and grandmother, Mrs. Nannie Graham of Cross Plains Saturday night.

GUESTS OF SCOTT'S

Visitors in the home of Mr. and Mrs. Wilburn Scott during the week-end were their son, Rex, from Oklahoma City, Winfield Scott of Ft. Worth, Pierce Scott and family of Ft. Worth, Henry Pierce of Oklahoma City, Mr. and Mrs. Russell Muston of Abilene, and Mrs. Eva Curry of Phoenix, Ariz. Mrs. Curry is now visiting Charles Pierce in Breckenridge.

Always Call Your Doctor . . .
... if you are sick but call your abstractor if you are about to buy a farm, ranch or city property for a check-up on the title. The doctor has the right prescription to cure most any kind of physical ailment, but there is only one prescription for the land title and that's the abstract. You wouldn't buy a sick horse would you? Then why take on a sick title?
