## The Next President of the United States?

BARRY GOLDWATER

LYNDON BAINES JOHNSON

Lt. Gov. Preston Smith may be wondering who, after all, is getting the benefit, politically speaking, of his friendship with Preston Mangum of Rising Star. The Rising Star man and the lieutenant-governor are good friends personally and politically, and the two always manage to get together when the governor is in this vicinity.

Incidentally, the governor is one of the major state political figures who keeps a close contact with the people in the smaller towns and 'tis said he knows more small town folks than any other state official.

The other morning he came by for a visit with Jack Agnev, another personal friend and former schoolmate at Texas Tech. He and Preston Mangum and two or three other local characters were having breakfast in a Rising Star cafe when the second in command of the state's executive complex remarked that after one of the elections in which he was the successful candidate he received a letter of congratulations addressed:

"Hon. Mangum Smith"

## Sister of Rising Star Man One Of 4 Wreck Victims

A large number of Rising Star relatives, friends and former neighbors attended funeral services at Brownwood Monday for Mrs. O. T. (Cordya) Jarvis, sister of George Steel of this city and one of four prominent women to die in a two-car broadside collision near Wingate Saturday.

Services for Mrs. Jarvis were held at 10:30 a. m. Monday in First Baptist Church, Brownwood, with burial in Eastlawn Memorial Park.

Mrs. Jarvis died enroute to Brownwood Memorial Hospital. Three other women with whom she was enroute to a club meeting at Snyder, were dead at the scene of the collision. The tragedy occurred at 11:45 a. m. Saturday.

Mrs. Jarvis was born Cordya Steel in the Williams community and was married to Oscar Thad Jarvis in 1929. Mr. Jarvis died in November 1947. The family were for many years residents of May, Texas.

She was appointed assistant county auditor in January 1963 and served as Brown County treasurer from 1949 through December 1962. During that time, she was the first woman to be elected to head the County Treasurers Association of Texas in 1956.

Mrs. Jarvis was active in numerous civic organizations and was superintendent of Adult No. 4 Sunday School Department of First Baptist Church, Brownwood.

Her survivors are two sons, Dr. Oscar Thad Jarvis of Athens, Ga., and O. C. (Putter) Jarvis of Brownwood; her father, R. D. Steel of Brownwood; one sister, Mrs. Pearl Daniels of California; four brothers, Olive Steel and Cleo Steel, both of Brownwood; George Steel of Rising Star and Robert Steel of San Diego, Calif., and six grandchildren.

Among those who attended the Associational Meeting at First Baptist Church in Albany Tuesday, Oct. 20, from Rising Star were Rev. A. D. Kyle, Mr. and Mrs. Fred Roberts, Mrs. Madelle Jackson Mrs. Lee Clark.

## Heavy Local Vote Expected In General Election Tuesday

A large turnout of voters in the Rising Star box was expected in the general election next Tuesday.

Normally the box votes between 700 and 800 and at least this number of voters were expected to register their choices in national and state races from president and governor to the constable of the precinct.

There will be two ballots in the election—one for those who have paid their poll taxes or who are exempt by reason of age or otherwise, and another for those who did not pay this state tax although required to

do so as a qualification of state and local voting.

Non-exempt voters who did not pay the tax may vote for federal officers, but cannot vote for state and local officers. Holders of valid poll tax receipts or those legally exempt from such payment, may vote for all candidates on one ballot.

In Eastland county there is no registration requirement or a requirement for poll tax exemption certificates, since no town in the county has a population of 10,000 or more.

Voters appearing without their poll tax receipts or who

are exempt will be required to sign a register.

Raymond Gray will be the precinct election judge, having been appointed by the county commissioners court.

The polls will be located at the City Hall and they will open at 8 a. m. and close at 7 p. m. under the state law.

## Full Paving of Main Street In City Is Sought

Full-width paving of Main Street, the route of Highway 183 through Rising Star, is being requested by the City with good prospects that the State Highway Department will do it. Mayor Walter Smith said Tuesday.

Highway engineers responsible for maintenance of the present paving have recommended that it be done, the mayor said.

College Street, over which Highway 36 passes through the city, already is so paved from city limit to city limit, and the maintenance problem for the highway department is much less difficult, the mayor said.

If Main Street is so paved, the full width pavement would extend from the north to the south city limits and in front of the high school it would extend to the fence bounding the east side of the campus.

The City has written a letter to the District Highway Engineer at Brownwood requesting the improvement.

## Dr. Wright Takes Over Hospital November 1st

Effective November 1, Rising Star Hospital will be under the management and operation of Dr. Charles B. Wright who comes to Rising Star from Comanche where he has practiced as a physician and surgeon since 1961.

Dr. Wright has severed association with the Memorial Osteopathic Hospital at Comanche to assume operation of the Rising Star Hospital.

Dr. Allen Dean Schmitt, who operated the Rising Star institution very successfully since 1960, has resigned the hospital management to devote himself to private practice. He will remain in Rising Star and continue to use the local hospital in the care of his patients.

Dr. Wright, in taking over the hospital, has announced that it will be maintained as an open staff hospital, with its facilities available to all doctors who may wish to use it.

Dr. Steve Semeniuk, who maintains a private clinic in Rising Star, has announced that he also intends to use the local hospital for the care of his patients.

Dr. Wright is a native of Georgia where he operated a

hospital for several years after completing his surgical residency at Kansas City.

He went to Comanche in 1961 where he had a large and growing practice in the course of which he has become well acquainted in the territory he expects to serve in Rising Star Hospital.

## Dr. Schmitt Will Have Office On N. Main Street

Dr. Allen Dean Schmitt announced this week that his medical offices will be located at 505 North Main St. in the S.C. Gregory residence just across from the Rising Star FHA Housing Project.

Dr. Schmitt, who has operated Rising Star Hospital since 1960, has resigned as operator and administrator of the hospital to devote himself to private practice.

He will be located in his new offices for practice Monday, November 2.

Meanwhile Dr. Charles B. Wright of Comanche will assume operation of Rising Star Hospital on November 1st.

Dr. Schmitt relinquished operation of the hospital because the burden of operating it in connection with his practice was too great, he told the hospital board.

He will continue to use the hospital for the care of his patients, he announced.

## Sandra Warlick Wins Fourth at State Fair

Sandra Warlick, Rising Star school girl who has won many show awards with her Black Angus 4-H club steer projects, entered her calf in the Dallas Fair agricultural show this month and won fourth place in the heavyweight division of the show.

## District Lead Hinges On May-Rising Clash Friday

All the interest of a traditional rivalry plus leadership in the district football race will center on the clash of the Rising Star Wildcats and the May Tigers at Rising Star stadium here Friday night.

As matters stand the Wildcats and the Tigers are tied for the

leadership each with one victory. The Wildcats defeated the Bangs Dragons 6-to-0 at Bangs last Friday night while the Tigers were to 12 at May Saturday night.

The game will begin at 7:30 p. m.

A 14-yard field goal from an angle in the early moments of

tory and no defeats. The Wild-cats defeated the Bangs Dragons 6-to-0 at Bangs last Friday night while the Tigers were to 12 at May Saturday night.

The game will begin at 7:30 p. m. A 14-yard field goal from an angle in the early moments of the game will be the key to the outcome.

## Storm Brings Moisture, But Bolts Cause Damage

A severe electrical storm which moved over the Rising Star area late Sunday afternoon, brought showers registering 1.3 inches on the city gauge but did much less welcome damage to cattle, homes and TV sets, as well as the nerves of residents.

At least two fine Angus bulls were casualties of lightning bolts which struck the vicinity, and one farm home was struck and damaged considerably. Scores of TV sets were knocked out.

Black Angus bulls belonging to Dr. Steve Semeniuk and Marion West south of Rising Star were killed by the bolts. Both were valuable pure bred animals. The Semeniuk farm is two miles south of Rising Star and the West farm is a mile west of the Semeniuk place.

The Altus Butler farm residence about six miles southwest of Rising Star suffered considerable damage when struck by lightning.

Showers which accompanied the storm benefitted young grain and softened the ground for plowing, although it caused a delay in the peanut harvest

which is just getting under way.

The 1.3 recorded at the City Hall was the first appreciable moisture received in October. It brought the year's total as recorded by the City to 24.37 inches, almost the annual average. Of this amount 8.56 inches fell in September.

## Former Rising Star Man Dies in Oklahoma

Death of R. O. West, 81, former resident of Rising Star, occurred last week in Lone Wolf, Okla., where he had been engaged in the lumber business for about 30 years, according to word received here.

Funeral services and burial took place in Hobart, Okla., Saturday, Oct. 24. A native of Mississippi, Mr. West came to Rising Star at an early age. He formerly was in charge of the lumber department at Higginbotham's here, and built the home now owned and occupied by Mr. and Mrs. C. E. Flanagan.

Five daughters and one son survive, none of whom live here.

## Peanut Yield Is Averaging Well

The first harvestings of the peanut crop in the Rising Star area began arriving in quantity at the Rising Star drying plant of the Winfrey Seed and Peanut Co. early last week, and Monday the plant had processed approximately 40 tons.

Week-end rains and the prospect of more moisture Monday slowed digging of the crop, however.

A good average yield was offset by a generally poor grade due to the immaturity of the nuts, plant operators said; Grading is being done by USDA

Grader William Barnes of Uvalde.

Jerry Winfrey estimated the average yield of peanuts so far processed at about 30 bushels per acre while grades ran from 49 points to 63 points.

"We look for better grades as the harvest progresses," Jerry Winfrey, plant owner, said. He based the prediction on the probability that the later nuts would be better matured.

Under normal conditions, the drying plant will handle about 60 tons of peanuts daily, he said.

## P-TA Hallowe'en Carnival Oct. 31

The Rising Star Parent-Teacher Association will sponsor a Hallowe'en Carnival in the former Higginbotham Motor Company building Saturday, October 31.

Doors to the carnival will open at 5:30 and the carnival will close at 9:30 p. m.

Featured will be a spook house, fortune-telling booth, country store and other shows with a "carnival atmosphere."

"Bring the children and everybody come for an evening packed with fun," P-TA officials urged.

Anyone having merchandise to contribute to the country store is asked to turn it over to the P-TA committee in charge as soon as possible. Contributions of jewelry, pickles, jelly, used clothing, novelties, etc., are sought and will be greatly appreciated, the committee said.

Mr. and Mrs. Dallas Dill were visiting relatives in Rising Star on Tuesday, Oct. 27. They live in San Angelo.

## Hereford Breeders County Tour Set For November 5

The date for the first tour of the Eastland County Hereford Breeders' Association has been set for November 5, according to Ross Wilson, Gorman, Texas, President of the sponsoring organization.

Five stops have been scheduled for the all day affair. The breeders are asked to meet at the Brown Jug Cafe at 8:30 a. m. on the above date.

The first stop will be at Hardy Tidwell's ranch, north of Desdemona. After a look at some of his cattle, Tidwell will be host for coffee and doughnuts.

Ed Harrison's ranch, between Desdemona and Gorman, will be the second stop.

The last stop before lunch at the above cafe, will be at Keith Whitt's place, just west of Gorman.

The group will inspect some of Wilson's cattle at the Charley Underwood place and then at his farm.

The last stop will be at the Dr. D. V. Rodgers ranch, 5 miles west from Gorman.

It is anticipated that the tour may become an annual affair. The Association sponsored a show and sale last November.

Ranchers and breeders from Eastland, as well as all adjoining counties, are invited to participate on the tour.

Mr. and Mrs. Jesse Scott of Wichita Falls are here for a visit with her sister, Mrs. Ethel Parker. They were joined here by Mr. and Mrs. Jesse Scott's daughter and husband from Indiana.

## United Fund Board Called For Nov. 5th

Plans for a United Fund drive in Rising Star will be made at a meeting of directors of the Fund called for 3 p. m., Thursday, Nov. 5, at the First State Bank. The call was issued after a discussion at the chamber of commerce noon luncheon Tuesday in which it was urged that the united fund project—a combination of various general charitable askings in the community into one financial campaign—be reactivated after a summer-long quiescence due principally to the now defunct drought.

Agencies such as the Boy Scouts, the Twiliters, the March of Dimes, Heart Fund and etc., will be included.

During the luncheon at the Elite Cafe, the C of C also discussed the county industrial program and named James Rutherford and Mayor Walter Smith to represent the chamber of commerce on the county

committee.

President John Pruet thanked W. E. Tyler, Cecil Shults and members of the Hospital Board for their good work in securing a doctor to take over the operation of the hospital.

Mr. Tyler reported that the Lakewood Country Club area recreation project ought to be developed with FHA loans, was awaiting the completion of plans and specifications from financing agency.

## HP Junior Elected Church Youth Director

During a Conference meeting of the First Baptist Church Wednesday evening, the church elected Riley Albertson, a junior in Howard Payne College, to serve the church as song leader and youth director, and chose J. W. Bishop to be custodian of the church building.

### VOTING RESPONSIBILITIES

Our government is a democracy — a government ruled by the people; but it is estimated that only sixty per cent of the American voting public will participate in the national election. How can our government continue to be a government by the people if the people do not fulfill their voting responsibilities.

In national elections we constantly hear one candidate tearing down the character of another. Many times the important national and international issues may be ignored the candidates may try to bring out ignoble deeds of their opponents to shift public opinion. Because of so many scandalous stories released about politicians, it is impossible for the general public to have a true picture of each candidate. We must consider the qualifications and past governmental experience of each candidate to get a genuine picture of the merits of each.

Responsibility involves taking a stand. An opinion should be expressed only after careful consideration and reflection. Some people may say that they have no preference, so why vote? This is how political mistakes get into office. This does not mean that one should support a party or candidate with fanatical and unreasonable determination. Each person should learn the opinion of others and study the issues before making a final decision.

One of the most important doctrines of our government is that the majority rules and the minority must abide by that decision. If every eligible voter will cast his vote in November

for the candidate of his choice, the candidate chosen will truly be the choice of the majority.

### KNOWLEDGE COMES, BUT WISDOM LINGERS

The senior class has decided on their caps and gowns for graduation. They are to be royal blue with blue and gold tassels on the caps. Everyone seems very pleased with the choice, and all hope it will make our graduation a little different from the previous ones.

The senior English class is studying eighteenth century English authors and their works and find that they must stay on their toes to keep up with the authors' strange style of writing.

Senior typing students are concentrating on speed by taking three and five minute timings.

The seniors are also working on term themes, which are due next month.

Senior chemistry students are learning all about oxygen and its uses.

Before going, James Cox, one of our senior football players, received a leg injury in the Richland Springs game and will be out for the rest of the season, with exception of the last game, if his leg mends fast. He has done a great job, and we all hope he gets to play in the last game.

Some of the seniors have developed unusual characteristics for some unexplainable reason this year.

D. W. — Sleepy, especially in class.

T. D. — high grades in study

of John Milton.  
 T. G. — A different expression.  
 C. S. — Freckles that pop.

### LIVE AND LEARN

Hello, Readers! This week and last week have been busy weeks. The Juniors, Sophomores, and Freshmen have been taking S.I.R.A. tests for at least two mornings each. This has made the schedule in R.S.H.S. a little confused.

Doug reports that we are making profit on our candy machines.

Congratulations to the Sophomores on the Powder Puff game. I hear you did very well. The girls who participated found many a bruise after the game.

This week in the classes we are working with three equations, three unknowns in Algebra II. We are contemplating the chapter on oxygen in chemistry. In civics we are studying a new unit. The Homemaking girls are steadily working on their garments. The typing classes are working on their next units while taking their dreaded timings. In English we are continuing our study in garments.

Sharrie encourages everyone to pay his class dues for the month of November.

Discussions in home room have been following the channel of Junior play, Junior-Senior Banquet, and money. The latter is usually discussed the most.

Good luck, Wildcats, skin Tiger!

Until next week, Marcia

### BUILDERS OF TOMORROW

The sophomore class spent all day Friday, Monday, and Tuesday taking achievement tests; they were tiring, but at least we got a break from classes and homework.

The biology class dissected the clam; following this we took up the study of arthropods and dissected the crayfish from the crustacea order. The English II students took a test on "Julius Caesar" last Wednesday; term themes are due November 6, and we have to turn in another book report next Thursday. The World History pupils were test-

ed last week on our debt to the Romans, we are now in the chapter on the Europeans. The sixth period Health class had a test last Thursday on unit two; we are presently reading unit three, "Understanding Your Body."

The basketball girls have been shooting, passing, scrimmaging, and conditioning; we are going to have to stay away from the candy machines and stop eating between meals in order to get in good shape.

We wish to thank everyone who helped with the Powder Puff football game to make it a big success.

P. S. — We seemingly have some artists in our class whose fire posters were unusually good! Eh — Jill and Pam!!!

### NOT FINISHED — JUST BEGUN

The freshman class lost a girl last week. Linda Rudd moved back to New Home. The class gave her a going away present last Thursday afternoon.

The photographer will be here Friday, October 30, to finish taking pictures for the annual.

The P. T. A. will sponsor a Halloween Carnival this Saturday night to make a nice payment on the air-conditioners for the schools, so be sure to come!

The Home Econ. girls have cooked three dinners; they are studying a chapter on eggs.

The freshman class took achievement tests on Wednesday and Thursday morning of last week. The results will be in as a Christmas gift.

The Ag. I boys elected Greenhand officers. They are: President, Bret Griffin; Vice-President, James Gerhardt; Sentinel, Mack Wolf; Reporter, Robert Clarke; Treasurer, Grant Poyner; Secretary, Billy Turner; Advisor, Mr. Geye.

We are studying the different kinds of motions and the order in which they may be presented.

In Alg. I, the problems are getting even more difficult!

James Gerhardt

### FROM THE WILDCAT DEN

Last week the Wildcats began their first district play. This week they will play their second district game, which will be played against the May Tigers. As everyone knows, the Wildcats and the Tigers have been old rivals for a great many years; and when these two teams compete with each other, a fine game will be played by both teams. The game this year will be played at Rising Star. Only two more district games remain after this one, Blanket and Gorman. There will be an open date after the Blanket game. I am sure the Wildcats would appreciate having all the fans come and back them all the way during these next three games.

We all hope that James will be able to return to the squad as quickly as possible.

De-tail the TIGERS! Reporter, Franz

### SPORTS SCOOP

The basketball girls are really working hard now trying to have a good team this year. Tuesday night the girls played Olden and did a really fine job. The Sophomore girls are doing a very fine job this year.

The schedule has not been completed yet, but we have already been entered in three tournaments. This is our year to host a tournament also and it will be December 10, 11, and 12. We are hoping to bring home a few more victories this year than last so we need the support of you students. In the mean time, don't forget to come to the football game Friday and watch those Cats skin a Tiger. Sandra

### TOWARD NEW HORIZONS

Last Monday night Mr. Jones was the host of a superintendents dinner for all superintendents of Estland County. After the dinner the guests discussed some of the problems that rise in each school.

The dinner was served in the Homemaking building and was prepared by our sponsor with the assistance of the third year girls. The menu consisted of baked ham, potato salad, green beans, hot rolls, crab apples, pickles, olives, coconut and pineapple cream pie, iced tea, or coffee.

We will soon be having our monthly meeting and electing our first Homemaker of the Month for this year.

Signing off, Pam

### F.F.A. NEWS

Monday night members of the Chapter sold rat bait. Most groups had good luck in selling the bait. Each bag contained one half pound of bait and sold for 25c. In Ag. III we are involved with test in Ag. Economics; in Ag. I parliamentary procedure is giving us the "know how."

### DO RE MI

The stage band has been practicing for the coronation. We hope to put on a good program.

The concert band has been working on drills for the game against May; we think you will enjoy our half-time performance.

We want everyone to come and bring a friend to the May football game. We are going to present our band sweetheart, Linda Burkhauler.

That popcorn is still a poppin!!!

Good Luck, Wildcats! Trudi

### CHARACTERISTICS OF A GOOD STUDENT

Within two years, my classmates and I will graduate from high school. While some will go on to institutions of higher learning, many will seek jobs; however, jobs are becoming hard to find.

The coming of the machine age and the steadily increasing population have combined to make for fierce competition among job-seekers. The employer finds himself faced with a pleasing problem: which one of these fine applicants should get his job? Perhaps in experience and appearance they are equal; what then? He looks at their school record, that's what! High School average and conduct sometimes spell the difference between a good job and a rejected application. That's the reason why each and every one of us should strive for better marks and try to become a better student.

"How can I improve upon my grades?" some of us ask. The answer is not simple. While we all take the same courses each of us has entirely different problems. Laziness is the biggest problem, I think. We find ourselves trying to "just get by"

I am deeply grateful for your continued confidence and support. I hope that I may have your vote for re-election on November 3rd to continue the important progress that we are making together.

## VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

### THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement... a man who has worked consistently against progressive measures in the Senate... a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service... who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire... has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

### PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

### ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

## It's the Law in Texas

### WATCH YOUR HAT, COAT

The sign over the coat rack read: "Not responsible for lost or stolen articles" John glanced at it as he hung up his coat and hat and then turned to assist Jean, his wife, in taking off her fur coat. He put it on a hanger beside his own.

The two of them drifted casually down the corridor into the dining salon and were assigned to a table by the hostess. The lunch was exceptionally good both were hungry. The minutes flew by. John glanced at his watch, "Golly, it's almost 1 o'clock. Better get going."

But when they got back to the coat rack, Jean's fur coat was gone.

"I'm sorry, sir," said the manager, "but we are not responsible for lost articles. We put up the coat rack for the convenience of our patrons, but that sign you see makes you responsible for your own hat and coat. I'm awfully sorry, but we just can't watch everybody's possessions."

### Sign Noa Factor

The fact is that in the case of Jean's fur coat the restaurant would not have been responsible for its loss even if there had been no sign. One who takes off a garment and places it on a coat rack, as one would do in a restaurant, retains the power of surveillance and control over it himself.

Ordinarily, under such circumstances, the operators of the restaurant have no responsibility toward the customer's belongings because they have not knowingly received the exclusive possession and dominion over them.

The case would be different, however, where the coat had been delivered to an employee in a checkroom. In such event, the management probably would be responsible. So, also, in the cases where a customer checks valuables with a bathing house proprietor, or with a hotel desk clerk, or leaves his automobile with the parking lot attendant to be parked and stored for him, those receiving possession of the customer's property have the duty to use

proper care to see that the customer's property is returned.

## "REMEMBER THE ALAMO"

- the cry that fanned Texas' defeat to victory!

In March 1, 1836, thirty men from Gonzales broke through the lines of Mexican Army Commander Santa Anna to increase the Alamo's defenses to 187. This little band of heroes held the Alamo against overwhelming odds for five more days in one of the most heroic struggles to be found in the annals of man.

On March 6 Santa Anna with over 4,000 troops stormed the Alamo, and the last of the heroic band of Texans died fighting. Names like William Barret Travis, James Bowie, Davy Crockett and James B. Bonham became immortal.

The massacre at the Alamo inspired General Sam Houston's men at the battle of San Jacinto. Crying "Remember the Alamo!", the Texans sprang upon Santa Anna's soldiers and in a swift bloody fight won Texas its freedom.

### SPEAK OUT FOR FREEDOM

... with U. S. Savings Bonds!

Through the years that have followed, other "Alamos" and "San Jacintos" have inspired Americans to lead and win the fight for Freedom — Pork Chop Hill, Iwo Jima, the Meuse-Argonne Forest.

Today, by purchasing a United States Savings Bond, you can also speak out for Freedom as clearly as the battle cries of old. Every Savings Bond you buy is an investment in Freedom. Buy Bonds at your bank or on the payroll — an where you work.

Clothes that grow with the child... That's the dream of every mother of school-age children.

Yet how? Shop for garments that allow for growth. In a little girl's dress, fullness — gathered, pleated, or circular — set on each side of the front and back allows for action and growth. Dresses without belts or definite waistlines will fit comfortably as the child grows taller. Select a garment that has roomy armholes and short sleeves without cuffs or bands. Bands hamper arm movement and become tighter as the child grows.

Look for deep hems and ample seams for making needed adjustments.

Simply styled dresses are always high fashion. And they're easy to care for, saving time and lightening work for mother.

Household equipment represents a major investment to consumers, so give it the care and protection it deserves.

Protect it with plastic covers tailored for individual pieces, such as electric blenders, mixers, toasters, roasters and even washing machines. Wash equipment after each use, and keep it clean until needed again.

Most homes don't have sufficient cupboard space for everything, so washable dust covers are good insurance for long-life of equipment. Covers made of plastic-coated nylon are inexpensive and can be washed or sponged off with suds.

If your homemade jelly is too soft, it may be the result of one of the following: Too much juice in the mixture Too little

sugar; Not enough acid; or too big a batch.

Fabric manufacturers have offered consumers greater comfort in stretch garments. Now, prospective buyers need to be more discerning consumers. The comfort feature is keyed to America's accelerated way of life. Before buying a garment, consumers should determine if the stretch property of the fabric or garment really adds to its comfort in wearing, or is it just a promotional sales gimmick taking advantage of a new and different product.

Use of the garment should determine whether or not stretch is needed, how much stretch is needed, and where the stretch should be. Get the correct type of stretch for a garment, and give it proper care.

In selecting garments or fabrics of stretch, the direction of the stretch is important. Today's fabrics have warp, lengthwise or vertical filling, crosswise or horizontal and two-way stretch, a combination of warp and filling.

For longer wear, an extra margin of stretch is recommended. Research results on the amount of stretch desired show: Tailored clothing, horizontal stretch, 25 to 35 percent; pants with stirrups, vertical, 40 to 60 percent stretch; sportswear, horizontal, 25 to 40 percent.

Sizing of stretch garments should follow regular sizing methods. Stretch garments have the advantage of a tailored smooth fit, yet provide for movement when it is needed. They are not intended to be worn skin-tight.

### Mrs. Mitchell Speaker For WMS Bible Study

Mrs. Troy Mitchell was the speaker for the Bible study meeting of the First Baptist WMS Monday, Oct. 26. She spoke on "The Missionary Message of the Bible."

The WMS meets each fourth Monday at the church for this study.

### County HD Clubs Achievement Day Next Wednesday

The North Star Home Demonstration Club held its regular meeting on October 20, when the program was presented by the County Home Demonstration Agent, Mrs. Beverly Nicholson, on "Know Your Fabrics Before You Buy."

The wearing qualities and other features of the various fabrics which women buy to make into clothing and for other purposes were discussed and also the proper way of washing and cleaning pamphlets were distributed.

County Achievement day will be held at Eastland on November 4 and the club has been asked to furnish two pies and two cakes for the bake sale to take place in connection with the program.

The North Star Club's Achievement Day and bake sale will be held on November 13 and 14 in the former Higginbotham Motor Co. building. Each club member has been asked to furnish two pies or one cake for the sale.

The birthday honoree for October was Mrs. Jesse Perry who received many nice and useful gifts.

Refreshments were served by Meses. W. V. Fenter and Willie Hill.

Mrs. Jack Knox won the door prize.

### IN NEW HOME

Mr and Mrs. Weldon Roach have moved to their new home on their ranch east of Rising Star.

### 'Home' Is Theme Of Saturday Club Program Oct. 21

"The American Home," was the theme of the program for the meeting of the Saturday Club on October 21, at the club house.

"The American Home, a Glowing Candlelight," and "Home Is Where Affection Dwells," were points emphasized.

Mrs. A. Louise Weber discussed "A Story in our Coffee Cup" and the theme, "Twenty Minutes 'til Six," was made interesting and amusing by Mrs. Robert Butler.

The hostess, Mrs. Jack A. New, used the Halloween motif in the decorations and refreshments.

During the business session, members responded to roll call with quotations on "the home." Minutes of the previous meeting were read and approved. Mrs. Milton Slayden led in prayer.

Twenty-one members attended the meeting.

### County HD Agent Presents North Star Club Program

The Eastland County Home Demonstration Clubs will hold their annual Achievement Day (Wednesday, November 4). The event will be held in Eastland in the Johnson Building on the north side of the square.

The public is invited to view the exhibits from 9 a.m. to 3 p.m. Cake, pie and coffee will be sold during the morning by the finance committee of the Home Demonstration Council.

All exhibits will be in place by 9 a.m. at which time judging will begin. The regular monthly meeting of the Home Demonstration Council will be held at 10 a.m.

A covered dish luncheon will be served at noon for Club members and invited guests.

The afternoon will be devoted to a special program, announcement of winners and presentation of awards.

### 'New Age' Theme Of Circle Program

The Mary Ann Circle of the Methodist WSCS met at the church on October 21 with Mrs. J. R. Bucy in charge of the program. The subject was "A New Age Touches Tender Doors."

Mrs. Bucy made the first talk on "To Change or Not to Change." She also read the scripture from Mark 2:21,22, and discussed, "A New Age Makes New Demands."

Miss Loretta Pearce talked on "New Roles for Women."

Mrs. Dorothy Shook gave a very interesting discussion of the influence of women on education from ancient to modern times.

Mrs. G. C. Groce talked on "A New Age Touches Tender Spots," and followed with a prayer.

"How Serious Are We" was the subject of a very serious talk by Mrs. Milton Slayden.

A discussion period followed. Mrs. Vada Arnold dismissed the group with prayer.

### WSCS Hears Program On 'The Bible' Monday

The WSCS of the First Methodist Church met Monday afternoon following the Society's regular monthly luncheon, with 12 members and two visitors present for a Spiritual Life and business session.

Mrs. J. R. Bucy, president, presided over the meeting and Mrs. Beryl Heath led the opening prayer. Mrs. Bucy gave the devotional. Her subject was "The Bible."

There was a vocal duet by Rev. and Mrs. Milton Slayden, "I Could Not Get Along Without My Bible."

Mrs. Bucy read the scripture and Mrs. Floyd Joyce spoke on "Children's Work." The group was dismissed with a prayer by Rev. Slayden.

Mrs. Ada Holoman, who recently underwent surgery in Eastland Memorial Hospital, is convalescing at the home of her daughter, Mrs. George Scruggs, 1501, N. Mockingbird, Abilene.

**Another Reason We're Glad We Live in Country**

Now that Election Day is right on top of us—next Tuesday, don't forget—we find great satisfaction in some figures reported by R. L. (Bob) Johnson of the Texas Election Bureau. Mr. Johnson reports that the "country cousins" in 231 rural counties out-voted their city brothers, percentagewise, nearly two-to-one!

Yes, sir, it's a fact. And we are mighty proud. It just shows that the country folks take politics seriously enough to go to the polls and do something about it.

We do more than talk — we

In the four big-city counties surrounding Houston, San Antonio and Fort Worth, there were 1,182,976 qualified voters. This spring, only 33 percent—or 452,135—voted.

In the 231 so-called rural counties, there were 1,132,057 Texans eligible to vote and 769,697 voted. That's nearly 69 percent.

In the middle counties, described as urban because of their population, the percentage was 51.5 percent. Out of 794,224 voters, 409,321 went to vote.

That's a mighty fine record. But since politics has been pret-

# Sabanno Has More Than Inch of Rain

By Mrs. Edwin Erwin

We have had more than an inch of rain and it's still cool and cloudy.

Mrs. M. P. Wilcoxon, Jr. and Mrs. J. L. King will be co-hostesses for the Busy Bee Club meeting Wednesday afternoon. We are always glad to have visitors.

Mr. and Mrs. Willie Duke and daughter, Marguirete — now Mrs. Malcom Webb — and her husband and little son, all of Crane, visited with Mrs. Duke's sister and family, Mr. and Mrs. I. P. Wilcoxon, Jr., Friday night. Mr. and Mrs. Webb were enroute to Fort Worth where they went for a new baby daughter. Their little boy is an adopted son and now they have a little girl.

Mr. and Mrs. Dwight Black of Atwell and son, Loy Don, visited with them Saturday night. Their son, Jay, a student at Tarleton State College, was home for the week end.

Mr. and Mrs. Gerand Sledge of Comanche and Clifton Lusk of Sidney visited with Mr. and Mrs. W. E. Lusk Sunday afternoon.

## Wildcat Tales--

that is, do just enough work to pass and not enough to excel. Another deterrent to good grades is ambition. Some students seem to think that they will have security all off their lives, even after they leave home.

What, then, are the characteristics of a good student? think a good student is one who

has looked ahead and is now preparing for problems of the future. He is one who is striving for better grades and an unblemished conduct record. He may not be especially intelligent; but through hard work, study and paying close attention in class, he makes good grades. I admire a person like this; to me, he shows determination and aggressiveness.

## STOMP THE TIGERS

The first of our district plays certainly did prove an exciting one. We have three more games to play in district, and we certainly want to wish our Fighting Wildcats the best of luck.

Since district games are well underway, school spirit shown at the pep rallies has been just great. The one last Friday was the best one ever, and we intend to make the next even bet-

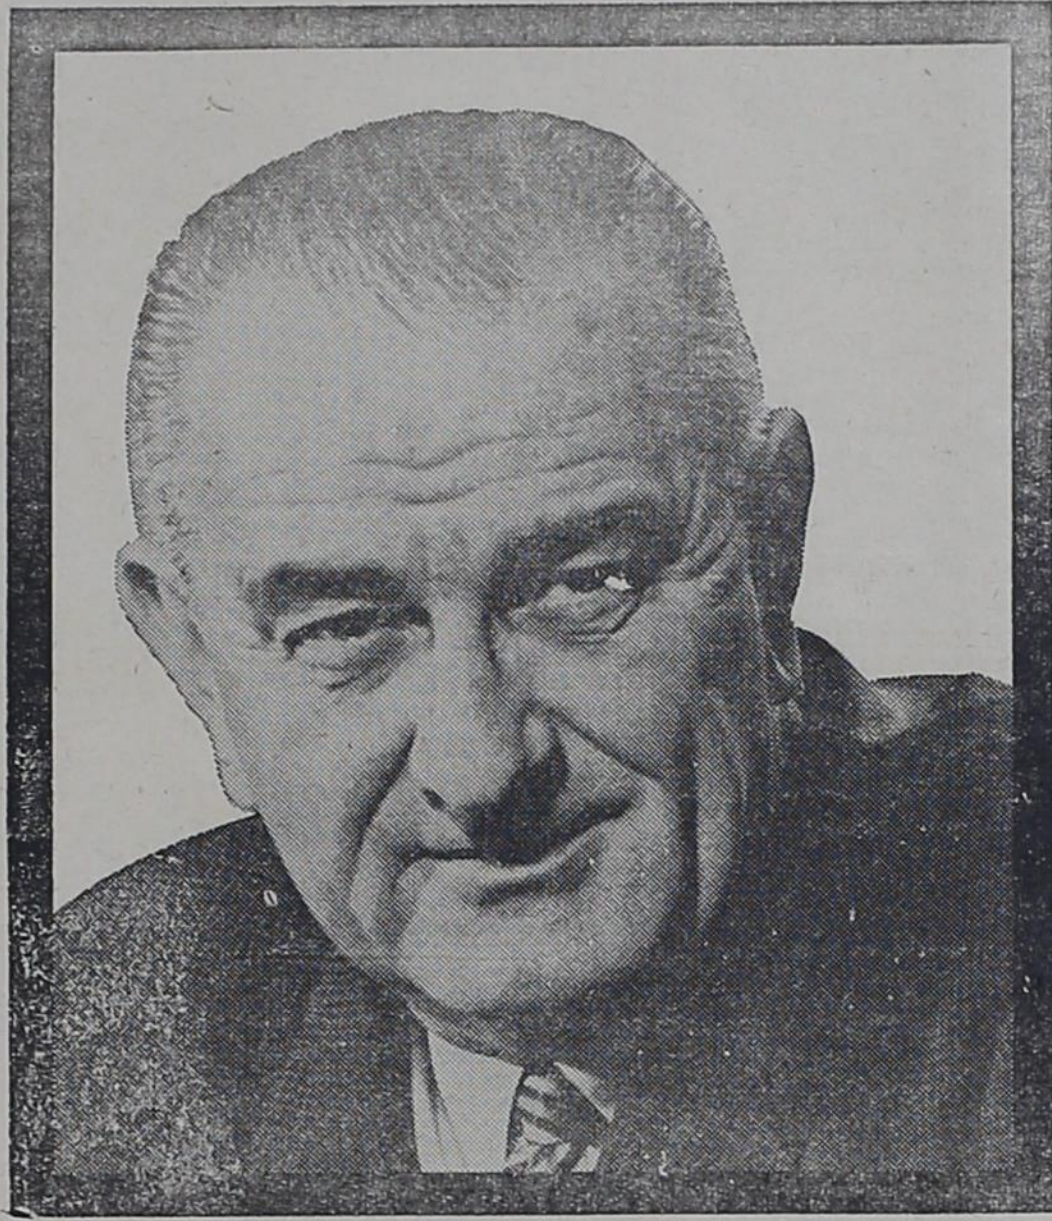

ter. Help us keep our good spirit and let the boys know we are behind them all the way.

Your attendance at the out of town games has been wonderful, and we want you to know we appreciate your support and cheering very much. Keep it up and we will see you

tomorrow night here at the Wildcat Stadium at 7:30 when we meet one of our greatest rivals, the May Tigers.

Signing off and wishing all the Wildcats the Best of Luck

LYNDON B. JOHNSON

HUBERT H. HUMPHREY

**IF YOU  
VOTE FOR  
THIS MAN**

**WHY?**

Lyndon Johnson had a serious heart attack in July, 1955. Doctors say that the average life expectancy of a man Johnson's age following such a heart attack is less than 10 years. (Ask your own doctor about this.) Therefore, the medical odds are that if Johnson is elected in 1964, Humphrey will be President before the term expires.

**Creamy Russet Potato Salad Ring Is Delicious For Indoor-Outdoor Eating**

Lots of good eating in this creamy, flavorful potato salad that's dramatically served in an attractive ring, with green and black olives, radishes and crisp carrot curl relishes tucked into the center. Delicious with cold cuts or chicken, this appetizing salad is especially tempting now when the newly harvested Washington State Russet potatoes are available. These popular, all-purpose Russets are excellent for salads, and for baking, boiling or frying because the fine-grained texture holds up under cooking processes. Washington State growers say the mineral-rich lava soil lends extra flavor and nutritional values to their Russet potatoes, so you'll want to serve them to your family often now while they are plentiful.

**CREAMY WASHINGTON STATE POTATO SALAD RING**

- 6 cups diced, cooked Washington Russet potatoes
- 2 cups sliced celery
- 3/4 cup green onions, thinly sliced
- 1/3 cup radishes, sliced thin
- 3 tbsps. chopped parsley
- 1 1/2 cups mayonnaise
- 1 1/2 tps. vinegar
- 1 tbsps. prepared mustard
- 3/4 tsp. celery seed
- 2 tps. salt
- 1/8 tsp. pepper
- 4-6 hard-cooked eggs, chopped

Combine all ingredients. Spoon salad into large ring mold, pressing down well with a spoon. Store in refrigerator over-night (or for about 4 hours). Before serving, remove from mold by loosening top edges carefully with spatula or thin-bladed knife, placing serving plate over mold; invert; shake hard once and salad will drop out. Surround with parsley sprigs and fill center with green and black olives, radishes, crisp carrot curls and cherry tomatoes if desired. Makes 8 to 10 servings.

Mrs. Nina Pierce of Denison, Texas, is here for a visit with her son and wife, Mr. and Mrs. Jack Jackson.

When the house is closed up... and the kitchen's soot free

Flameless Electric Cooking is all it could be

During the winter months when the house is closed up, a flameless electric range is almost a necessity. Only an electric range can prevent the ugly, oily film on windows, walls, cabinets...everything in the kitchen and adjacent rooms, because there's no combustion. Since heat is delivered directly by metal-to-metal contact with the bottom of the utensils, you don't have to clean soot from pots and pans. There's no doubt about it...electric cooking is clean, accurate, fast, and by putting the heat into the food, not into the air...you don't have to pay for dissipated heat.

Visit an electric appliance dealer soon and bring home an electric range so you, too, can have a bright and shiny kitchen.

FREE WIRING - An extra for WTU customers. If you are a customer of WTU and purchase your flameless electric range from a local appliance dealer, WTU will install the wiring at no charge to you.

**BUSINESSMAN'S TIME & TRAVEL**

**Stretcher**

Even the most energetic businessman simply cannot be in two places at the same time. That is why business executives increasingly rely upon long distance telephone service for efficient use of their time and travel. Long distance telephone cuts travel time, stretches the business day, broadens communication. And it does so at reasonable cost. If long distance telephone service is not already a key business tool for you, it should be.
