With this issue of The Rising Star, this newspaper begins the 78th year of its existence. Under one name or another and a succession of editors, it has gone on, year after year, chronicling local history as it happened and providing a medium of fact and opinion which has made a definite contribution to the development of its area.

Seventy-seven is a lot of years. It is almost as long as this town is old.

But, as a matter of fact, most newspapers in our area began existence very soon after their towns were established. This is a significant fact of our free society. No sooner was a pioneer settlement founded than a newspaper began to be published.

It didn't take much to start newspapers back in those days. A hand cranked press and a shirrtail full of type was about all that was needed. An entire print shop could be carried upon the back of a mule—at least in a hack drawn by one of the animals.

It didn't take a great deal of business ability to run a frontier newspaper. It took an element we designate by an unmelodious 4-letter synonym for intestinal fortitude, and a goosequill dipped in nitric acid. A lot of that was squirted back and forth in those days as rival editors battled for field and virtue. The history of the Star contains at least one of those much dramatized episodes of western gunplay. Two editors "shot it out" in a street battle and one of them was killed.

The victor, I am told, later became a Methodist preacher.

But for all the uncouth and "personal" journalism of the frontier, we owe to it much of the credit for the liberties we now enjoy. It gave our pioneering folk a medium for enlightenment and public debate on issues formative of our way of life, and for the exposure of evil in a day when individuality ran to violent extremes. Most of the editors of those days were men of courage and remarkable vision. They were children of their time, and a yeasty time it was!

The challenges of today are more subtle, more "sophisticated", but none the less real and serious. The responsibility that lies upon the American press and the other great media of fact, opinion and communication is awesome in a time when so many "isms" attempt to lure our people from the virtues of democracy and a self-reliant freedom.

But so long as it meets that responsibility, so long as it remains responsible to its own conscience and dedicated to the enlightenment and the welfare of the people who read and listen, our democratic system has a means of correcting its own errors and stragglings.

In this day of bigness, the emphasis is laid upon our large metropolitan journals and our great TV and radio combines. The role of the small daily and the country weekly is often lost to sight in the mammoth complex of modern journalism.

But each of these small papers has a definite and vital part to play in the vast drama of our day, an important responsibility to its own field, a challenge to do the job where it is. And that job is a part (Continued on Page Eight)

Kittens Extend Season Record To 5 Wins, One Loss

The Rising Star Junior High Kittens extended their season record to five wins and one loss with a 14-8 victory over the May Juniors Monday night.

Dick Clake scored both of the Rising Star touchdowns and Tommy Alford made two extra points on a pass play.

Kyle Buchanan, quarterback, scored for May on a keeper play and Chuck Jones added two points on an end run.

Bud Carroll was outstanding on defense for the Kittens.

The Kittens will play their final game with the Cross Plains Juniors next Tuesday night.

The Kittens only loss of the season was to Goldthwaite here Tuesday night of last week. The Goldthwaite juniors took a 14 to 6 victory and with it the district title.

New Minister For Methodists Arrives

Rev. Stratton Taylor, newly appointed pastor of the First Methodist Church, and his family arrived in Rising Star from Waco late Tuesday.

Rev. Mr. Taylor will assume his duties here and preach his first sermon Sunday at the 11 o'clock hour.

Mrs. Beyrl Heath visited the Heath relatives in De Leon recently. Mrs. W. L. Boggs and Mrs. Heath visited Mrs. Fred Price in Medical Arts Hospital at Brownwood Monday. Mrs. Price is doing well.

A Most Important Day!

Tuesday's general election looms as one of the most important voting days ever to occur in a so-called "off year" when the presidential race is not on the ballot.

Political observers, viewing the light turnout in the Spring primaries, are justifiably alarmed about the prospects of a small vote.

Their concern is mirrored by statistics. Since 1936, the average turnout in a non-presidential election has been a dismal 33.4 per cent of the eligible voters.

This should not be the case this year.

Next Tuesday, the fate of 16 Congressional Amendments will be determined by you.

Next Tuesday, a spirited U. S. Senate race will end—a race in which your vote must last six years.

Next Tuesday, all of our State Senators will be selected—due to re-districting.

And next Tuesday, voters will determine their country's strength at the 1958 State political conventions. This fact too often is overlooked. As the election law now stands, our county will have one vote at the State political convention for every 300 votes cast in the governor's race. A heavy turnout of voters Tuesday will give us a stronger voice two years from now.

Your vote is yours alone; no one can cast it for you. If you don't use it, it is lost. Your voice in the future conduct of our State and Nation is muffled.

Next Tuesday is even more important to the citizens of Rising Star. Besides the General Election for State and National officials, there will be a local election to choose three members of our City Council.

The Star sees the election as important because it involves an issue of whether this community shall have representative government through the elected members of its City Council, or have its affairs arbitrarily administered in the whims and impulses of one man.

It involves the issue of whether or not councilmen can be elected who can and will think for themselves, who can reason and act together intelligently, in firmness and in harmony.

Rising Star is at a cross road; if there was ever a time when we needed to submerge personalities and join hands in a determined effort to secure the prosperity and future of our community it is now. We don't need heroics; we need an honest "working together" towards the goals of a good hospital, more housing, better streets, better and more dependable utility services, and a growing town! We need men who are not only good men, but able men; men who have shown in the management of their own affairs that they can be trusted with the City's affairs.

Take time Tuesday to vote.

And, if you are going to be out of the county Tuesday, remember that Friday, Nov. 4, is the last day you can cast your absentee vote.

che county line, it was announced by the State Highway Comm'n in Austin this week.

The firm submitted a low bid of \$142,160.00 on the project. The new construction will consist of flexible base, asphaltic concrete pavement and one course surface treatment on the shoulders of the highway.

The contract allows 180 working days for completion, according to E. M. Pritchard, district highway engineer at Brownwood. The project will be supervised by R. P. Hann, county resident engineer at Eastland.

QB Club Members Invited to Attend Football Banquet

Quarterback Club members and their families have been invited to the annual Wildcat Football banquet to be held in the High School gym at 6:30 p. m. Saturday, November 19.

Tickets for the catered affair are \$1.50 per person and may be purchased from Lee Hughes, Coach Frank Gray or Dr. Lob Mahoney. Deadline for ticket purchases is Nov. 17.

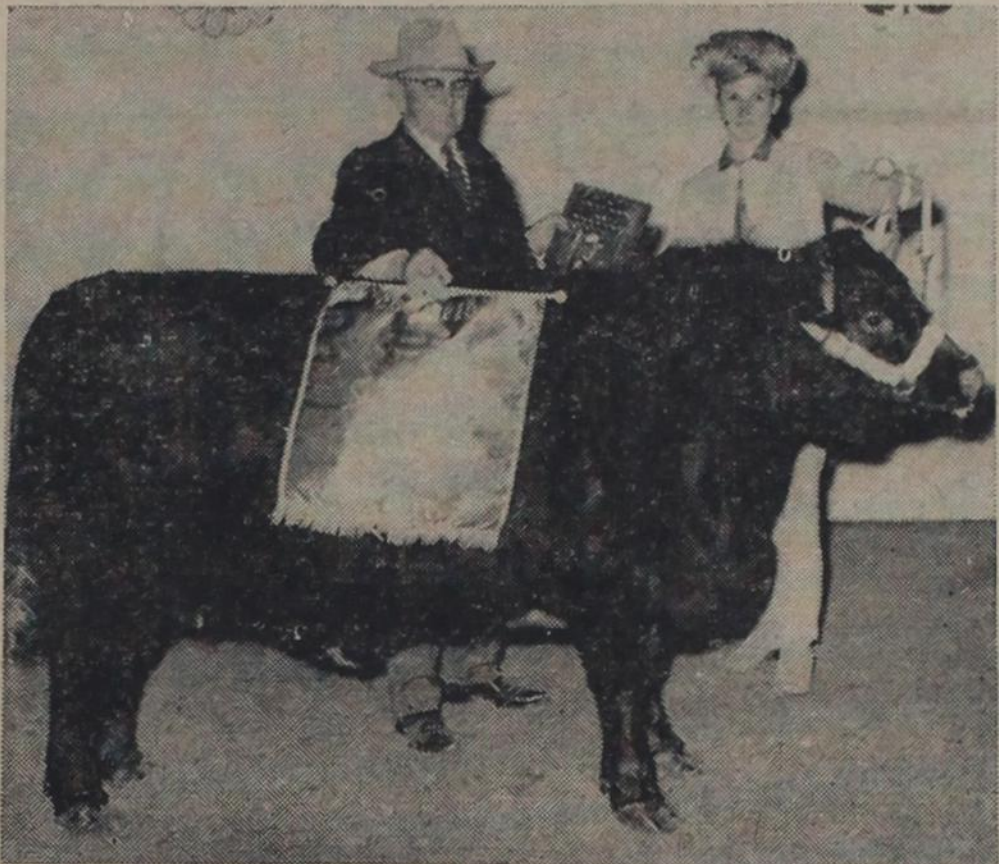

The Quarterback Club will have its final meeting of the season Wednesday, Nov. 16, to view films of the Rising Star and Cross Plains game and look back over the season.

Important business will be discussed and all club members are urged to attend. The meeting will begin at 8 p. m. in the High School locker room building.

RAY AGNEW RECEIVES SERIOUS ARM INJURY

Ray Agnew fell as he entered the vault at Agnew Grocery, Tuesday, November 1, catching the inside of his forearm on a meat hook. The flesh was exposed to the muscle. He was taken immediately to Brownwood where 27 stitches were required to close the wound.

Wildcats in Layoff; Meet Buffs in Final

A Rising Star Wildcat football team, riddled by injuries which have stripped it of most of its first line backs, had a period of rest this week as it prepared for its final game of the season here next week — the annual grudge clash between the Cats and the Cross Plains Buffaloes.

The contest, always a spirited battle, is expected to be nothing less this year. The two teams are evenly matched, to judge by their season records, and the Buffs will have the added incentive of breaking a long period of Wildcat domination.

The Wildcats, relying heavily upon "B" team members to replace injured regulars, found Santa Anna too potent to handle last week at Santa Anna and fell 48-6 to the aroused Mountaineers.

Dalton Hughes scored the only Rising Star points, going over from the one-yard line to top a drive in which he and Tony Long, assisted by a 30-yard pass from Danny White to Ronald Hunt, had carried the ball up the field in consistent rushes during the third quarter.

With the exception of that drive, the Mountaineers dominated the game, scoring the first time they put hands to the ball.

Robert Clarke, injured regular, was used sparingly and only

as a decoy in the game, and Ewright Carter, who has been out since the Bangs game, did not play at all. Coach Frank Gray had also to replace Don Claborn, who suffered an injured finger early in the game.

Willie Ezzell, guard, who was also injured in the Santa Anna fray, and Carter are doubtful starters for the Cross Plains game, Coach Gray said.

The game will be called at the local field at 7:30 p. m. Nov. 11.

"B" Team to Meet Goldthwaite Here

The Wildcat "B" team, which has had to surrender many of its players to replace injured members of the "A" team, will play the Goldthwaite "B" eleven at the Rising Star field Thursday (tonight) at 7:30.

With the exception of Danny Hughes and Mike Rhodes, the squad is in good physical condition.

This will be the only game here this week.

Mrs. M. M. Sheffield spent the day Wednesday with Mrs. Beyrl Heath. Mr. Sheffield is employed by the school system at Halcomb, Kan.

16 Proposed Amendments Are Explained

Lengthening the ballot for voters who go to the polls for general election next Tuesday are 16 proposed amendments to the state constitution. For the convenience of persons who have not had time to study the proposals, a brief explanation of each is published here.

Amendment number one would exempt farmers and ranchers from paying full taxes on high priced lands, so long as it is used for raising livestock or growing crops. The wording is vague and conflicts with constitutional requirements that all taxation be uniform and equal. Those favoring this amendment believe a farmer or rancher should not be required to pay taxes on the actual worth of land if it is not used for the purposes which could make it more valuable. They point out that farming has always received special consideration and that it has value as a way of family life which this country needs to preserve. In addition, some argue that this would keep land prices from snowballing too fast and make

development around cities more orderly. Those who oppose the amendment contend it is wrong to extend exemptions on taxes to any special group. They suggest that every land speculator might become a farmer. They also object to the tax assessors assuming the investigations the statute would require.

Amendment number two involves the cities of Dallas and Fort Worth. It would authorize the Legislature to create airport authorities, composed of one or more counties, thus enabling Tarrant and Dallas Counties to join in the construction and maintenance of joint facilities for air traffic. The amendment would require that if two or more counties were voting on a jointly-owned airport, it would be necessary that the voters in each county cast a majority vote favoring the proposition.

Amendment number three would allow the shift of Arlington State College from the Texas A&M System to that of the

General and City Votes Set In Separate Boxes

Two elections will be held simultaneously in Rising Star Tuesday, November 8.

One is the general State and National election for candidates nominated in primary voting last May, and the other is a special City election to choose three members of the City Council for as many vacancies occurring by reason of resignations.

State election law regulations will apply in both elections.

Senate Race Only Serious Contest In Election Tuesday

The general election box will be located in the dining room of the American Legion Hall on South Main. Charles Ballew will be the election judge and he will be assisted by; Fred Price, Mrs. Love Shults, Mrs. Lila White, Mrs. Frank Gray, Mrs. Woodie Chambers, Mrs. J. R. Bucy and Mrs. Ozzie Burns.

The polls will open at 8 a.m. and close at 7 p.m. While no poll tax will be required for voting, voters between the ages of 21 and 60, inclusive, must have been registered as such, and those who paid their poll taxes early in the year are automatically registered. Those who registered during the special registration period in the Spring are of course, eligible.

Persons who were over 60 years of age in 1955 are not required to register in this county and may vote without having registered. They must have been 60 years of age on January 1, 1955, however to be exempt.

The only contest of any note in the general election is the race for United States Senator from Texas between incumbent John Tower and his democratic opponent, Waggoner Carr.

Of great importance in this election is the submission of 16 proposed amendments to the State Constitution for their approval or rejection.

A digest of these amendments is presented in this issue of the Star.

Democratic candidates for State, District and County officers in this election are not opposed.

To be voted on for county officers are:

Frank Sparks for judge of the 91st district, concurring with the county;

Scott Bailey for county judge; Johnson Smith for county clerk;

Ellen Justice for county treasurer;

Roy Lane for district clerk; O. L. Stanney for county school superintendent.

10 Candidates In Contest for Three Places on Council

Ten candidates have offered for the three council posts to be filled at the special city election to be held at the City Hall.

The polls will open at 8 a.m. and close at 7 a. m. as the case with the general election, and two ministers, Rev. R. L. Pendley of the First Baptist Church and Minister H. McDonald of the Church of Christ will be the election judges.

The candidates are:

- J. F. BOBEEEN
- WILLIAM J. CLARKE
- DERRELL WHITE
- JOHN G. LEE
- CHAS. A. CHAMBERLAIN
- R. L. CARTER
- F. J. MAYNARD
- J. D. MORROW
- L. H. (Babe) MORRISON
- JOHN NUNNALLY.

The three elected will take places vacated by the resignations of Elgie Crisp, Willie Cooper and Judd Morrow.

Guns, Cash Taken As Home Is Burglarized

Relatives here have received word that the home of Mrs. Elizabeth Robbins, near San Angelo, was burglarized recently, while Mrs. Robbins and her daughter were in San Angelo shopping.

A number of valuable guns belonging to her late husband were taken, along with other items including a fruit jar containing about one hundred dollars. The home was completely ransacked.

Mrs. Robbins will be remembered in Rising Star as Elizabeth Smith daughter of the late Mr. and Mrs. Bob Smith. No clue to the robbery has been found.

June Harris, Gayla and Harvey visited Mr. and Mrs. Harvey Clark at Trinity last week and attended the Prison Rodeo at Huntsville on Sunday.

is already a constitutional provision for retirement, disability and death compensation for county employees. Eleven of the larger counties have adopted their own systems. This proposed amendment would extend coverage to officials of smaller counties, many of whom are not presently protected in old age as are their counterparts in industry and in such fields as school teaching. Most of the expense of such an enactment would be borne by the individuals themselves.

Amendment number six would authorize payments by the state to dependants of law enforcement officers who suffer violent death in pursuit of duty. It is argued that local governments do not make sufficient provisions for survivors of law enforcement personnel — including firemen — who pursue hazardous careers in the public interest. Those who oppose this proposition raise questions about the wisdom of the state's interference with

It Has Been

By VADA ARNOLD

The Parent-Teachers Association has for many years played a most important role in the life of Rising Star. Always active in work for the good of the school and community.

An example of the talent and ingenuity of members is portrayed in the May Fete Program on Friday evening, May 1, 1936, drawing an estimated crowd of 2,000 "completely filling the big new school gymnasium".

A loud speaker system was arranged for, but failed to work. Nevertheless, the program was "the very best."

Superintendent of Schools E. T. Dawson made preliminary remarks and introduced Mrs. Colquitt Williams, director-general of the May Fete. Mrs. Williams made a short talk thanking her committee and all talent taking part on the program.

The first act, "Texas Under Six Flags", was one of the best on the program. In pageantry form, Texas was shown under the Indian, French, Spanish, Republic of Texas, Confederacy

and United States flags. Six young ladies in early day costumes, with six young men carrying flags, as their escorts made the pageant near perfect.

Pioneers under the direction of Miss Vivian Johnson brought no little applause. Rev. G. Alfred Brown, pastor the First Methodist church, was shown as the pioneer circuit rider, and under an improvised brush arbor on the stage, conducted a religious service. A choir taken from the different churches of the town, sang old time songs. A quartette of old-time music made quite a hit. The singers were, J. I. Foster, Stanley Webb, Mrs. John Hancock and Miss Lenora Hancock.

Bob Buckingham, local scoutmaster, presented an Indian scene. An Indian dance by Gaita Browning, an Eagle Scout of Brownwood, was very good. Mrs. H. H. (Olice) Jones, as Cynthia Ann Parker, sang "Indian Love Call". This was considered one of the outstanding numbers on the program.

The cowboy chuck wagon

scene, put on by Clifton Hord, was the most realistic one of the evening. The chuck wagon at meal time was the setting, with W. C. (Beck) Cox as camp cook. A number of cow hands sat around and played poker while Cox prepared the meal, frying bacon and making coffee, over a real fire. The familiar call of the cow camp, "come and get it", broke up the scene.

Mrs. Carl Irby presented the farmer act that opened with an old Fashioned Husking Bee'. Mrs. Lee Burkhead found the red ear of corn and was chased around the stage by her husband for a kiss. Then followed an old time singing play, "Shoot the Buffalo." A special feature was a musical skit by L. R. Smith, Sr., and Mrs. Gertrude Chrisley.

An evening in a pioneer home was sponsored by A. Strackbein, showing an old fashioned square dance in a ranch home. Music was furnished by the Goss String band. Homer Head of Pioneer acted as caller.

Mrs. Fred Roberds presented eight small children in a folk dance. "Little Warren Dean Bailey sang "Liza Jane." Floyd Glynn and Betty Jane Joyce made a hit with their tap dance.

H. B. Self portrayed an oil-field scene, with an oil derrick and high school boys as drillers.

The final number was the crowning of "Miss Texas", Miss Mamie Glenn Lloyd, by A. T. Shults, Jr.

The P-TA, Mrs. Williams and each person who took part on the program were highly praised for the good entertainment.

Union Center Club Plans Thanksgiving

The Union Center Hobby Club met Tuesday, October 25. One quilt was finished and another started.

Plans were made for the usual Thanksgiving dinner. The date was set for November 5. Mrs. Lanham Burkhalter was elected to buy the turkeys for the dinner.

Two very small visitors were at the meeting, Dena Patterson and Donetta Nall.

Altom Explains Requirements Of Registration Law

Recent conflicting statements have resulted in misunderstandings about voter registration requirements, Eastland County Tax Assessor - Collector Edgar Altom, said.

"Section 34 of the Texas Election Code gives us the qualifications and requirements for voting," he said.

"Every person subject to none of the foregoing disqualifications who shall have attained the age of twenty-one years and who shall be a citizen of the United States and who shall have resided in the state one year next preceding an election and the last six months within the district or County in which such person offers to vote and who shall have registered as a voter, if required to do so, shall be deemed a qualified elector," he quoted from the law.

Any qualified elector who is over sixty (60) years of age on the day of an election at which he offers to vote and who does not reside in a city of ten thousand (10,000) or more inhabitants may vote at the election without having registered as a voter.

In other words, no person between the age of 21 and 60 will be permitted to vote unless he has registered in accordance with the provisions of this code, he said.

"41A states that the county tax collector-assessor of each county in this state shall be the registrar of voters in that county."

Registration period began Oct. 1, 1966 and will end Jan. 31, 1967. Those persons registering in this period will be qualified to vote from Feb. 1 1967 to Feb. 29, 1968, he explained. Applications for registration may be obtained at the Chamber of Commerce office in Cisco, the City Hall and Jenkins Insurance Agency in Rising Star, Todd's Variety Store in Gorman, and the Commercial State Bank in Ranger. These may be mailed to Edgar Altom tax assessor-collector, Box 389, Eastland, Texas and certificates will be written and mailed to applicants at no charge, Altom said.

The registration certificate of a person who registers before he becomes a qualified elector (21 years of age) shall have stamped or written thereon the following: Not entitled to vote before (blank) date on which he will become a qualified elector to be inserted in the blank).

The same notion shall also be placed opposite his name on the list of registered voters, Altom explained.

Some 300 persons had registered by Friday.

Mr. and Mrs. M. J. Dukes and her brother Tom Stark of Cisco attended the funeral of their uncle R. D. Cox at Lubbock, Thursday October 27. Mr. Cox a native of Comanche, lived in the Rising Star area for a number of years.

Mrs. C. D. Ballew underwent surgery in Hendricks Memorial hospital at Abilene last week. She is recovering satisfactorily.

INTERGITY IN EVERYDAY LIFE

Integrity signifies honesty, purity, soundness of character; brightness in general. Continual and habitual practice of these qualities constitute a morally responsible individual.

A person's relationship with others is dependent upon the extent of his development in this respect. Most people prefer to associate with those of their own moral standards who are consistent in their practices.

Integrity is probably most important within each individual. Inwardly everyone would like to be the best person he can be; however, this impression is sometimes belied. An individual who does not support these principles tends to backslide, and respect is lost for himself. When he is dishonest with himself, naturally his inner happiness subsides and is replaced by a reluctance to face the facts of what he has become since he has

allowed a slackening in his conduct.

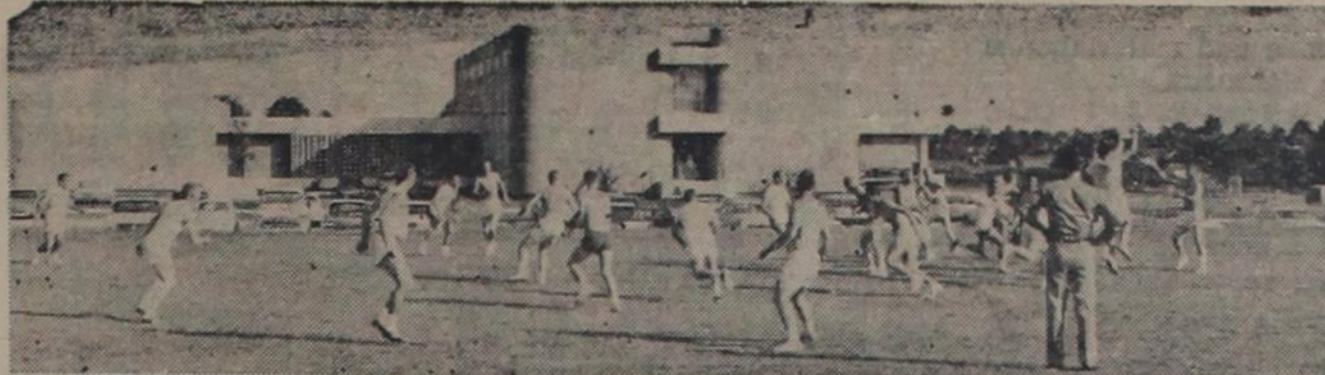

It is important to follow a close moral code from both others and himself, if he will bear in mind that rising from lower standards is much more difficult than slipping from a higher level downward.

BUILDERS OF TOMORROW

The seniors past week has been a calm one-aside from hard studying for the swiftly moving up second six week. The fact has just sunk in that the English Term Theme is due in just a few short days. This may even be a reminder to a few—we hope not! Oh, yes, there are other projects that will be due, but they do not pertain to all seniors. Let's take time out to check back and make sure we are not forgetting something.

All who attended the Coronation will agree that it was a beautiful ceremony. Thanks to

SPORTS NEWS

The Wildcats traveled to Santa Anna Friday night in hopes of staying alive in the district

race. Last weeks 8-0 victory over the Early Longhorns gave us a new lease on life. It was a hard game and the Wildcats proved to the fans and themselves that they can still win a game. Dalton Hughes, Tony Long, and Don Claborn did a good job of carrying the ball and our line did an excellent job of blocking. Dwight Carter is still out of action; we all hope he will be able to go in time for the last game, Cross Plains.

WITH THE FARMHANDS

We are now in study of parliamentary procedures—rules and regulations governing meetings. It establishes a firm background for the young farmer that will help him later in community leadership. We intend to enter a team in Senior chapter conduction, Greenhand chapter conduction, and team in the Greenhand Quiz. There are other events but we are not sure

whether or not we are going to enter them. Last Tuesday week, we held a chapter meeting. Discussion was held on possibilities of money earning activities to buy a chapter stock trailer. A motion was also passed to buy ten feeder pigs as a chapter project. Indoctrination of Greenhands was also held. The roster of Greenhands is as follows; Tony Long, Danny Hughes, Ray Darnell, Donald Coker, Larry Gerhardt, Larry Bond, James Cook, Gary Hubbard, Danny Medley, Joe Dell Hubbard, Johnny Owens, Leon Gibbs, Melvin Henson, Nikki Claborn, Bill Shults, Bobby Seider, Jimmy Kendrick, Carter Hounsel, David Bailey.

NOT FINISHED JUST BEGUN

The routine of class hours was made easier this week with frequent fire drills.

Juniors are beginning to wonder if Mrs. C. is indestructible since she is always so busy that she keeps working.

Chemistry lab experiments are causing quite a stir. Although there have not been any nasty explosions, there always seems to be a definite odor which fills the classroom.

J. G., English III class would like to know why you blush when the subject turns to water?

Congratulations to Travis Ford on his Angus winning fourth at the Dallas Fair.

All the girls and guys are anxious for the football game and banquet. This will be a special memory for all to keep.

WITH THE SOPHOMORES

The Sophomore class is very busy on term themes. Many of us are writing on "Julius Caesar", while others are writing on "Silas Marner". We find both of these characters very interesting.

We all enjoyed the talent show last Monday the thirty-first. We had one act from our class—Gayla Harris, Barbara Hollis, Kay Barrow, and Mickie Chamber had an unusual act.

The Sophomore class will be selling packages of light bulbs on Saturday, November 5, from 9:00 to 12:00. They will sell for \$2.00 a package. It will be a great bargain. Remember to have your money ready when we come around. The class is to receive one-third of our sales. Remember the date on November 5.

Katie

ALL THE WAY CATS

The cheerleaders want to thank everyone who participated in our talent show and helped to make it a success. The money we made from this will go to help pay for the Football Banquet.

The time for the "pinnig" is coming up soon. We have had quite a few names already turned in but still lack several. Get busy, Boys!

The Cats have an open date this week but will play Cross Plains here next week. The Cross Plains game will be the final game of the season; we would like to have everyone come and cheer the Cats to victory.

Sally

WILLING TO LEARN

These beautiful days in Rising Star make it hard for us to study but we are still striving to learn.

In science we are studying the electron dot, configuration, and how to combine two elements using the electron dot.

In math we are studying the stock market. The class is divided into eight groups of four. We were told to buy one hun-

Filing Supplies at the Star

As IT Looks From Here

By Omar Burleson, M. C. 17th Texas District

Washington, D. C. — THIS ISSUE will conclude "As It Looks From Here" until the Congress returns in January to begin the first year of its 90th Session.

MY THANKS GO to those who have responded to these weekly comments and who have lent support and encouragement to it.

SHORTLY BEFORE the next session of the Congress opens individuals to whom this is sent and the newspapers which use it will be contacted to determine if you wish to continue to receive it.

AS THIS CONGRESS closes there will follow appraisals of its accomplishments by writers and news analysts. Evaluations will come from all quarters, and the mark given, as usual, will depend on the particular evaluator's point of view.

THERE IS A tendency on the part of many to grade a session of Congress on the quantity, rather than the quality, of legislation enacted. Too often the scoreboard uses the total number of Presidential proposals adopted as compared with the number requested. On this scorecard the Congressional Session of 1966 does not rate as high as did the Sessions of either of the two immediately preceding years. One reason for this is that it is an Election year, but not a Presidential one, which causes a more independent attitude by Members of Congress. Members know they must run on their own record, and it is going to be an interesting Election year in many parts of the Country to see how well the Administration's programs fare. The election should determine if Members of Congress truly represent the people who elected them, rather than adhering to a line laid down by a Party decree.

INCIDENTALLY IN appraising this or any other session, it seems to me that there should also be a score on what the Congress failed to do, as well as that which it did. The 1st Session of the 89th Congress (1965) turned down few proposals of the Administration, but a number have been rejected in the Session just closed.

MANY GOOD and long overdue measures were finally adopted in 1966. Among them is legislation to preserve certain of our natural resources for future generations. The Veterans Readjustment Assistance Act to assist in educating ex-servicemen was highly constructive.

SOME OF THE PROGRAMS, such as automobile and highway safety, have their good intents of course, are yet to be proved. The Interstate Highway Program was continued on an advanced level. Continued and expanded were programs to combat air and water pollution and to promote soil and water conservation.

THE COLLECTIVE judgment of the congress is more effective of the National mood than any evaluation made by pollsters or the expert analyst. The 435 Members of the House of Representatives and 100 Senators speak for the people in deciding issues. Whether or not we, as individuals, agree with the majority verdict, it is our system and we abide by it. If the Congress and the administrators of Laws passed by it are in accord with Constitutional principals, we have nothing to complain about, but rather, to change it if we do not like it.

OUR SYSTEM of government is the best ever devised by man. It is often clumsy, cumbersome and often apparently inefficient, but it is our Government and under it are the recipients of the greatest blessing ever known to man.

WHEN THE CONGRESS is slow to act, it is usually because there is no clear view as to how the people of the Nation feel. When opinion is divided Congress does not act hurriedly. When the people are obviously united behind a proposal, action come quickly.

THOMAS JEFFERSON said, "I think it a duty in those entrusted with the administration of their affairs to conform themselves to the decided choice of their constituents." In other words, Members of Congress are to be representatives of the people, not trustees acting in a "we know best" manner.

RUTH and I LOOK forward to seeing our friends where we return home.

HIGGINBOTHAM'S

TEXAS IS ON THE MOVE!

In virtually every field of endeavor, our state has made dramatic progress the past four years under the strong leadership of Governor John Connally. His administration's bold, yet sensible programs have helped provide new opportunity and a better way of life for all our people.

IMPROVED EDUCATION — Since 1963, state investment in higher education has doubled, and faculty salaries have increased 40%. State support of local public schools have increased 44% in four years, including a \$100 million teacher pay raise enacted in 1965. Technical and vocational training programs have been vastly increased; junior college enrollment doubled during the current bi-ennium. Special literacy programs for migrant workers and their children have been expanded. A college student loan fund of \$85 million has been established. And a special Governor's Committee on Public Education currently is studying all facets of elementary and secondary education.

WATER RESOURCES DEVELOPMENT — Long range planning and development have been given top priority. \$100 million in bonds have been issued for development of needed storage facilities; authorization has been granted to expand this program to \$200 million for the next two years.

CONCERN FOR THE AGED AND NEEDY — Since 1963, assistance to our elderly has been increased 27%. The Governor's Committee on Aging is continually working for the benefit of our senior citizens.

OUTDOOR RECREATION — More than \$2 million has been invested in improving ten of our most attractive state parks during the past two years to provide additional recreational facilities.

INDUSTRIAL EXPANSION — A record 855 new industrial plants have been established the past three years, moving Texas into second place in the nation in industrial expansion. Last year, more than 23,000 new jobs were created in manufacturing alone — the best year ever for the Texas labor force.

INCREASED TOURISM — More than 12 million tourists visited Texas last year, adding more than \$900 million to the state's economy, and creating 140,000 new jobs. The state's tourist advertising program has been sharply expanded.

MENTAL HEALTH AND MENTAL RETARDATION — New emphasis on prevention of mental illness and mental retardation has been achieved through establishment of new community centers, replacing the former practice of "warehousing" patients. Investment for research into causes of mental disorders has doubled the past four years.

BETTER HIGHWAY TRANSPORTATION — Texas has more farm-to-market roads than any other state — more than 35,134 miles. We lead the nation in construction of interstate highways, at a cost 40% below the nation's average.

COMBAT AIR AND WATER POLLUTION — New legislation for public health, "The Clear Air Act of Texas," provides state action to combat air pollution. Similar vigorous action has been initiated to control pollution of Texas streams, bays and estuaries.

NEW CULTURAL GROWTH — The Fine Arts Commission was established in 1965 to nurture the cultural enrichment of Texans. The state's cultural heritage will be preserved and portrayed in the state's pavilion at HemisFair '68 in San Antonio.

BUSINESSLIKE ADMINISTRATION — With unprecedented teamwork, our state government has operated responsibly and efficiently. The Legislature has finished its work on time in each session. Following a pay-as-you-go policy, we have maintained a healthy surplus in the general revenue fund without curtailing essential services.

HEALTHY, GROWING ECONOMY — Business activity rose 11% last year, as Texas continues one of the brightest growth areas. Employment and income are at an all-time high, unemployment at an all-time low. Despite increased responsibilities, our state government costs only \$168.78 a year per citizen, fourth lowest in the nation. No broad-based tax has been enacted the past four years. Texas still has no personal income or payroll tax, no corporate income tax, and is one of few remaining states with a limited sales tax of 2%.

LET'S KEEP THIS KIND OF PROGRESS AND PROSPERITY FOR TEXAS! HELP GIVE AN OVERWHELMING MANDATE FOR THE VISIONARY LEADERSHIP OF DEMOCRATIC GOVERNOR JOHN CONNALLY AT THE POLLS NOVEMBER 8TH!

Suggestions For Speeding Mail On Christmas Given

The following suggestions for speeding Christmas mail delivery were offered this week by Postmaster Cliffogene Witt; Mail for Armed Forces Overseas:

Christmas parcels and greeting cards by surface transportation should be mailed by Nov. 10. Air mail parcels should be mailed from Dec. 1 to Dec. 10.

Matches of all kinds and lighter fluids may not be mailed to overseas addresses. Cigarettes, other tobacco products, coffee and other various items are prohibited in parcels addressed to some military post offices.

All articles should be packed in boxes of wood, metal, solid fiberboard, or strong double faced corrugated fiberboard. All fiberboard boxes should be securely wrapped in heavy paper. Each box should be well tied with strong cord and have sufficient cushioning material to prevent any rattling or loosening of articles within the box and to prevent crushing of the box.

A slip showing list of contents and names and addresses of the sender and addressee, should be enclosed in each parcel mailed, whether overseas or domestic.

Domestic Mail:
Gift parcels for distant states should be mailed before Dec. 5 to insure delivery before Christmas, and those for nearby areas should be mailed by Dec. 15.

Greeting cards for distant states should be mailed not later than Dec. 10, and those for nearby areas by Dec. 15.

Greetings cards prepaid at first-class rates may be sealed and contain messages, and will be given priority of dispatch, delivery and forwarding. Also undeliverable first-class mail is returned to the sender at no additional cost if the return address is shown on the envelope.

Be sure the address on all mail is clear, legible and complete with zip code. Your local post office employees will be happy to supply you with needed zip codes of your regular correspondents.

Ask for the beautiful Special Christmas Stamp which will go on sale at your local post office Nov. 2.

Eight members of the band played for the Coronation last Thursday; we played "Spanish Flea," "Tijuana Taxi," "So Whats New" and "Whispering." The Band's representatives in the Coronation were Marcelene Roberts, Band Sweetheart; her escort was Floy McKinnerney, band captain. The Coronation was beautiful and we hope everyone enjoyed it.

Friday is the big day that we play Cross Plains. We have been looking forward to this game all year. The band will be there backing the Wildcats all the way. Can you do the some? Brenda.

The Rising Star

City Tax-Payers And Qualified Voters:

On Tuesday, November 8, a City Election will be held for the purpose of electing three members of the City Council.

The present Mayor has apparently assumed a one-man rule, and since he has taken office four councilmen have resigned because of dictatorial leadership and unauthorized expenditures.

The City's finances are getting in bad shape with not much hope for improvement unless three men are elected who can and will see to it that the recent City Tax valuations are revised and lawfully adjusted, and the management of the City affairs is put on a sound and economical basis.

There is a feeling of discord and static developing among our citizens that must be eliminated. It is very likely that we are facing a shortened gas supply when cold weather arrives.

Why not restore peace and tranquility in a town that has never defaulted in the payment of its operating expense or the payment of any note, bond or warrant on the day it was due?

There are ten good citizens who are candidate for election. We do not know the motives or the platforms of all of them and we do not have any rocks to throw at any of them.

But we do know that each of the following named men is capable, and willing, if elected, to work to restore the City affairs to a sound and businesslike basis, according to the duties and responsibilities of a City Councilman.

According to our City charter, the Mayor has no authority to invoke a one-man dictatorial rule. The responsibility for the City's business is in the hands of the City Council.

It is HIGH TIME that the voters Wake Up!

We heartily endorse and ask your vote for three of the following candidates:

- Judd Morrow
- Bob Carter
- Babe Morrison
- John Lee

(Pol Adv. paid for by a group of our tax-paying citizens)

ONLY YOU CAN CAST A VOTE!

It is your right as an American to be able to vote; it is your responsibility as a citizen TO vote. Don't let your country down. Go to the polls Tuesday and protect your rights.

Constitutional Amendments—

decisions which could be made at the local level.

Amendment number seven would take out of the state constitution the requirement that a poll tax must be paid before a person can vote. There is no longer an issue since court decisions have nullified the requirement. The proposed amendment would require annual registrations of voters without a fee. Most of those who oppose this amendment do so, however, because they think that permanent registration, or registration good for a period of years, would be more in keeping with the national trend of liberalizing voting requirements. Those who favor this amendment argue that a right so fundamental as the right to vote should be clearly protected by statutory provisions of the Constitution to prevent voting the names of dead people and people who have moved, and repeat voting and other fraudulence. They believe the population is today so mobile, people move so much from city to city, state to state, and job to job, even within the same company, or into government service and back to private employment, that annual registration is the only way to keep an accurate, up-to-date record on who is entitled to vote.

Amendment number eight would provide voting privileges in races for president and vice-president for persons disfranchised by reason of short residence. Some people have doubts about this amendment because they fear increasing mobility of citizens would add greatly to the difficulties of holding elections and protecting ballots from fraud. But proponents point out that many people who move from one state to another are disfranchised by less than six months residence, and that all persons should be entitled to vote for the nation's highest office, particularly if they meet all requirements otherwise.

Amendment number nine would increase the Court of Criminal Appeals from three to five judges. The Governor would designate one of the five as presiding judge and at the expiration of his term, and each six years thereafter, a presiding judge would be elected. The court is now required to sit from the first Monday in October to the last Saturday in June each year. The change would allow the court to sit approximately the full 12 months.

Amendment number 10 would disallow the cancellation of any bonds issued against an independent school district when consolidated or merged with another. Benefits which were extended to Dallas County in a constitutional change voted in 1962 would be extended to all other counties of the state.

Amendment number 11 would extend the state water program to include filtration and transportation of water, authorize issuance of \$200,000,000 in bonds. This amendment would prohibit use of the Texas Water Development Fund, or any other state fund for water development, for financing any project that would remove from the basin of origin any surface water necessary to supply the reasonably foreseeable future water requirements within the basin for the next ensuing fifty year period. This would not prevent the transfer of water on a temporary, interim basis.

Amendment number 12 would provide a method and manner for dissolution of hospital districts. First constitutional authority for hospital districts was adopted in 1954. Under it the Legislature was authorized to create countywide hospital districts in counties having population in excess of 190,000 and in Galveston County. This set the pattern for other constitutional amendments to cover additional counties in 1958, 1961 and 1962. In 1962 also there was adopted a constitutional provision by which the Legislature could create hospital districts in any county.

Amendment number 13 proposes the consolidation in the functions of government. This proposition would authorize the Legislature to enact a statute which would apparently be limited to counties having a population of one million, two hundred thousand (1,200,000) or more. Harris County is the only one presently having such a population.

Amendment number 14 would remove a limitation in the constitution on voting by a person who is a member of the Armed Forces of the United States. The result would be that these servicemen would be allowed to vote if they met necessary requirements of age, citizenship and residence. Actually, the adoption of the amendment would serve only to take out of the constitution some wording which has little or no effect at this time.

Amendment number 15 would authorize state acceptance of money from private or federal sources for assistance of physically or mentally handicapped persons. It would allow gifts from private or federal sources to be used (1) in establishing and equipping facilities for assisting those who are blind, or mentally handicapped in becoming gainfully employed, (2) in rehabilitating and restoring the handicapped, and (3) in providing other services determined by the state agencies to be essential for the better care and treatment of the handicapped. The inclusion of "other services" apparently would bring under the amendment several state agencies which provide services to the blind, crippled, and physically or mentally handicapped as well as to the aged and to children; for example, the State Department of Health, State Department of Public Welfare, State Commission for the Blind etc.

Amendment number 16 would write into the constitution a definite date on which senators and congressmen would qualify to take office. The constitution does not specify when a senator takes office. It had previously been the opinion that a senator began drawing pay vouchers when he took the oath of office. This was several days after the actual election because he could not take the oath until the Secretary of State had certified the results of the election. Confusion over the exact date when senators' terms of office begin has been a major obstacle to special sessions of the Legislature in the period between a general election and the next regular session in January following. It arose when annual salaries were voted. This amendment would clarify these and many other questions.

Wayne Sellers Is Now Publisher Of Palestine Paper

Palestine, Tex. — Wayne C. Sellers, native Texan who has been publisher of the Rock Hill (S.C.) Evening Herald for four years, was named publisher of the Palestine Herald-Press.

He succeeded W. Lamar Hamilton, co-owner of the Herald-Press who sold his interest in the newspaper to devote full time to other business.

His brother, C. Lester Hamilton will continue with the newspaper as president of the operating company.

Sellers' father, the late M. S. (Doc) Sellers, until his retirement published the Rising Star Record and, earlier, the Brady Sentinel.

Stockholders in a new corporation formed to effect the transfer of interest are Lester Hamilton, Sellers and Talbot Patrick and members of his family, who own the Rock Hill newspaper.

The former corporate owner of the newspaper, Herald-Press, Inc., will be dissolved.

No changes are being made in the Herald-Press staff other than that Sellers replaces Lamar Hamilton as publisher, a spokesman for the new corporation said.

Sellers is a graduate of Texas Tech and did graduate work at the University of Texas. He began his career as a weekly publisher and later was with the San Francisco News and Sherman Democrat before joining the Evening Herald.
