## School Trustees Commend Students

The Board of Trustees of Rising Star Independent School District met Monday, November 9, at 7 p.m. in the board room. Members present were President Larry Wilson, Vice President Doug Owen, Secretary David Harris, Tony Long, Ronnie Green and Dr. Charles Barnes. Absent was Bud Vicars.

The board recognized and offered congratulations to the following students for outstanding achievement:

**Stephanie Long** for being recognized as a national award winner for her Santa Fe Record Book, awarded through Washington, D.C. She will be further recognized by the National 4-H Congress Convention next month in Chicago, Ill.

**Toby Long** for being named Eastland County 4-H Gold Star Boy for his 4-H activities.

**Stephanie Long and Jo Beth Landers** for scoring a 1 rating in the Solo Twirling contest held in Brady on October 24. They will advance to state competition next summer.

**High School Band** on obtaining a III rating in the Marching contest held at Brady October 24.

Plans were initiated for board members to attend a board member training session on school law at Tarleton State University November 19 from 7-9 p.m. and another training session conducted by Texas School Service Foundation at Comanche High School on school insurance from 6:30 to 9:30 p.m. December 3.

Appointed to the Textbook Committee were Julie Weise, Edith Bibb, Jeanine Childers, Shelly Bailey,

Debra Cooksey, Eve Landers, Kenneth Good, James Cox, Cedric Bettis, Cynthia Wood, superintendent Dr. Donald E. Bryan and principals Weldon Hill and Dan Goodman.

A motion by Harris, seconded by Green, to amend Local School Board Policy DQB for career ladder as follows:

In order for a teacher to enter level three he or she must:

1. Attain a 5.0 summative performance score in the "clearly outstanding" category for advancement to level three and

2. Attain a performance rating of "clearly outstanding" for three years, and

3. Have fewer absences from duty than other candidates who meet the same qualification criteria or having all other considerations being the same or equal.

4. To remain at level three status he or she must maintain a performance level of 5.00 "clearly outstanding".

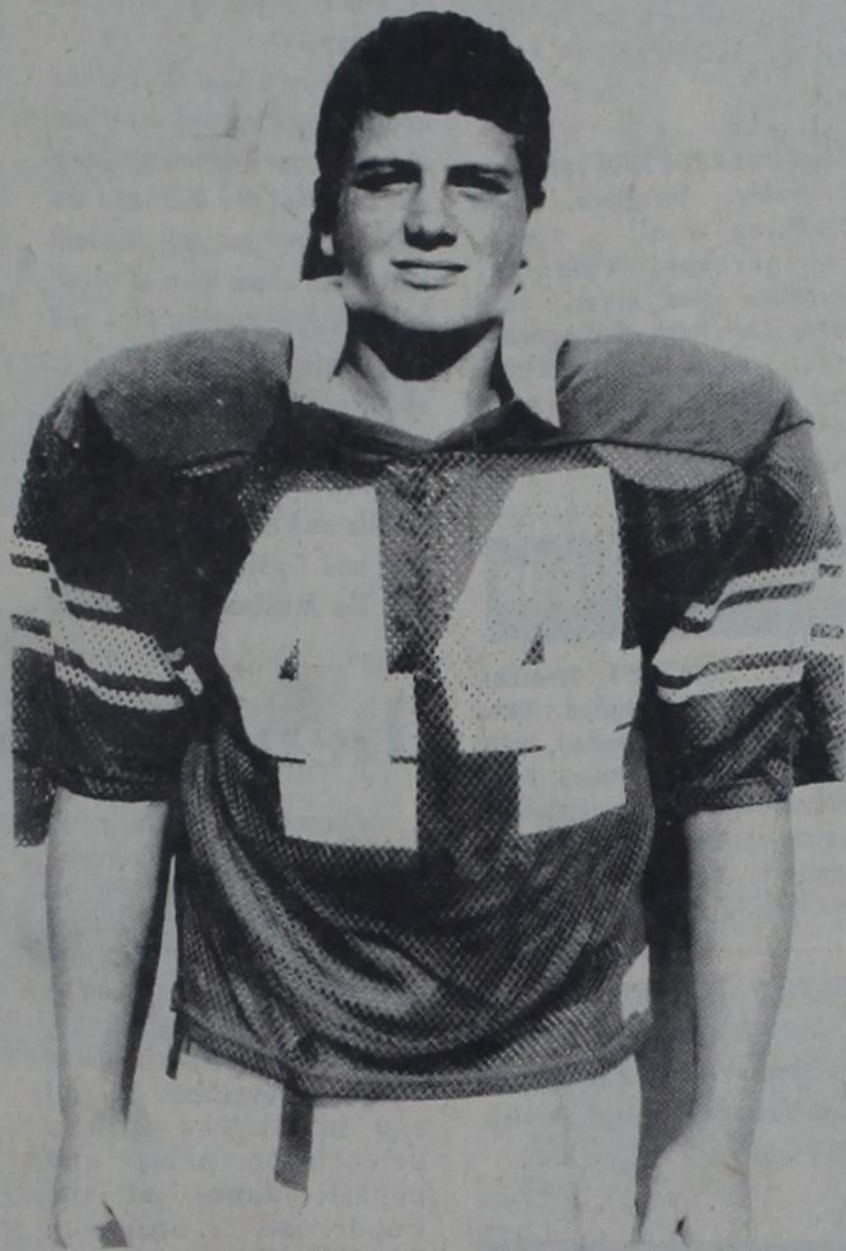

5. In order for a teacher to remain on level two status he or she must maintain a performance level of "exceeding expectations."

A motion made by Barnes, seconded by Wilson to allow the Republican Primary for 1988 to be held in the Board Room of the Rising Star, I.S.D. carried 6-0.

A motion by Wilson, seconded by Long, to appoint Dr. Charles Barnes to the Board of Directors of the Eastland County Appraisal District carried 6-0.

Principals reported an average daily attendance (ADA) of 207.35 for the month of October 1987.

Weldon Hill gave the monthly Lunchroom Report.

## Congratulations, Derrick White

Derrick White, a Sophomore running back on the Rising Star Wildcat football team, gained more than 1,000 yards during the season in the game against Santa Anna Mountaineers last Friday night. This outstanding achievement helped the Wildcat team secure second place in District 8A and a berth in the playoffs.

Derrick achieved the distinction of being named to All District Second Team Offense and Honorable Mention Defense during his Freshman year. He is the son of Debbie and Danny White.

Watch Derrick as he and his teammates meet District 7A winner Throckmorton in a head on clash at Breckenridge Friday night.

## Wildcat Victory Over Santa Anna Clinches Spot in the Playoffs

The Rising Star Wildcats traveled to Santa Anna Friday, November 13 and defeated the Mountaineers 30-14 before a packed stadium. The Wildcat fans were not disappointed as the Cats clinched a spot in the state play-offs for the second year in a row. Santa Anna scored first by running the opening kick-off 83 yards for the touchdown. The extra point kick was blocked by sophomore Toby Long and the Cats trailed 6-0, but not for long as the Wildcats overcame their butterflies and decided to play football.

David White passed five yards to Steven Wilson for the tying touchdown. Stacy Green kicked the extra point only to have it ruled no good in the first of many controversial official rulings. Santa Anna's offense was stalled when James Holman sacked the quarterback for a nine yard loss. The quarter ended 6-6.

Rising Star took the lead for good when David White connected with Reil Barron for a 15 yard touchdown pass. There was a bad snap on the PAT attempt and holder David White ran the ball in for the two point conversion.

Santa Anna was forced to punt when James Holman and Lupe Pavon each registered a quarterback sack on consecutive plays. The Cats offense struck again. This time David White threw his third touchdown pass of the night 13 yards to Stacy Green. The Cats were unable to convert the extra point following a bad snap as White's pass was incomplete to Shawn Morrow in the end zone. The defense of the Wildcats did an outstanding job after the first play of the game. They held Santa Anna to 23 yards rushing and a minus 22 yards passing in the first half. The Mountaineers had a one yard net while the Cats had 224 yards! WAY TO GO DEFENSE!

The Cats extended their half-time lead when Kerry Hill recovered a Santa Anna fumble in their own end zone for the Wildcat touchdown. This time Stacy Green's PAT as good moving the score to 27-6.

Santa Anna tried to come back with a flea flicker but was stopped short of the end zone by Derrick White. The Wildcat defense refused to allow Santa Anna to score when David White intercepted a Mountaineer pass in the end zone. The Cats took over on their own 20 yard line and managed to overcome numerous penalties. Admittedly the Cats were off-sides a couple of times, but it seemed the officials were looking for infractions. The Wildcats were assessed a record 23 penalties for 210 yards to the Mountaineers three penalties for 25 yards. It says a lot for the character of this Wildcat team that they were able to retain their

momentum. The Cats were forced to settle for three points when junior Stacy Green kicked a 37 yard field goal.

With the help of Wildcat penalties, Santa Anna was able to score in the fourth quarter. The score came on a 13 yard pass play. The two point conversion pass was good and the score was 30-14, Wildcats. The Wildcat offense fumbled the ball on their next drive and Santa Anna moved into scoring position. Once again the Wildcat defense proved too tough when Reil Barron intercepted a pass and returned it 27 yards. Later in the

same quarter, Derrick White came up with the third Wildcat interception. White returned the ball 37 yards. This was a very nerve racking game for players and fans due to the Santa Anna scoreboard not working. No one but the officials knew how much time remained in the game. Fortunately for Santa Anna time ran out when the Cats were once again in scoring position. Final Score, Rising Star Wildcats 30, Santa Anna Mountaineers, 14.

**WE ARE PROUD OF YOU!**  
The Wildcats advance to the play-offs. They will take

on Throckmorton in a rematch of last year's bi district game. Your support means so much to these young players. Come cheer them onto another victory Friday, November 20, at 7:30 p.m. at Breckenridge.

Individual statistics are as follows: Rushing: Derrick White, 29-120 (This puts White over the 1000 yard mark for the season. Congratulations, Derrick!!); David White, 15-85; Stacy Green, 10-62; Kevin Bond, 9-49; Steven Wilson, 4-24.

Receiving: Reil Barron, 3-39, 1 TD; Stacy Green, 2-27, 1 TD; Ronnie Evans, 1-10; Steven Wilson, 1-5, 1 TD.

## The Pack Is Back!

The Wildcats were thrilled with your support at their game against Santa Anna last Friday. You cheered them to a win for second place in the district.

Be there  
**Friday, November 20**  
at Breckenridge **7:30 p.m.**

when the  
**Rising Star Wildcats**  
face the  
**Throckmorton Greyhounds**  
District 7A winner

## 'Neighbors' Help Farmer

One of the important factors in the settling of the West was help given by neighbors in times of need. The type of neighboring that evokes memories of pioneer times is still in evidence in Rising Star.

Several farmers worked together to finish digging and to thrash peanuts for L.D. Bond after he suffered a

heart attack a few weeks ago. Bob Medford, Darryl Medford, Gary Wilson, L.T. Owen, Robert Owen and Wilburn Caudle put their equipment and labor to work for a farmer in need.

In this farming community, the word "neighbor" continues to retain the significance it had during the pioneer days.

## May School Lunch

May Independent School District today announced its policy for free and reduced price meals for children unable to pay the full price of meals served under the Insert MNational School Lunch Program, and/o-School Breakfast Program). Each school and the office of the (central office) has a copy of the policy, which may be reviewed by any interested party.

The following household size and income criteria will be used for determining eligibility: (insert income eligibility criteria as announced by USDA for free and reduced price meals). Children from households

whose income is at or below the levels shown are eligible for free or reduced price meals.

Application forms are being sent to all homes with a letter to parents or guardians. To apply for free or reduced price meals, households should fill out the application and return it to the school. Additional copies are available at the principal's office in each school. The information provided on the application will be used for the purpose of determining eligibility and may be verified at any time during the school year by school or other program officials.

## THANK YOU

We wish to express our deeply felt thanks to everyone for their well wishes, cards and prayers. A special thanks to those who helped in gathering our crop and to Dr. Carpenter for insisting on immediate hospital care.  
Thanks,  
L.D. Bond and family

We wish to take this opportunity to express our sincere gratitude to each of you who supported us with your visits, cards, flowers, prayers and food during Bill's stay in the hospital and his death. You have opened your hearts to us, and we have felt your love and support.

We believe that God in his infinite wisdom and love has answered our prayers by doing what is best for Bill, and we believe that he will sustain each of us in our hour of need. Please know that we love and appreciate each one of you, and we pray God's blessings on each of you.

# Gordon Spot

## By DeMarquis Gordon, County Agent

The first frost and hard freeze of the winter occurred in Eastland this past week. This could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazing after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost or freeze when the plant material begins to wilt. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight.

As far as prussic acid poisoning is concerned the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic materials and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by

depression and paralysis. Signs of colic may be present. Stuper (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red.

To prevent prussic acid poisoning in livestock, follow these steps:

1. Allow plant material affected by frost to dry thoroughly before grazing. This may require a week or more of good sunlight.
2. Feed animals hay or supplement before turning them in on plants that may contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited.
3. Remove all animals from the pasture if one in the herd shows any signs of poisoning.
4. Call veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected animals is highly efficient if given early. This product is available from veterinarians.
5. Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local veterinarians will be happy to submit sample for you.

The overall key to prevent prussic acid poisoning in livestock is to be aware of plant materials that may cause poisoning then keep cattle from grazing such plants until a safe period has passed.

# Guest Slot

By HVO

YOU MAY have seen it, but if ever an article deserves to be reprinted, this is it. It's from the October issue of The Progressive Farmer, written by Boyd Kidwell, about a town in Alabama with a lot fewer assets than our towns have.

Roy Dennis of Cisco shares this with us, and if ever there was a time when our towns need to be thinking "Thumbs Up" this is the time.

A united effort now could provide a master plan in progress which would preclude some unpleasant things that could be down the road.

The article is titled "It's 'Thumbs Up' in Haleyville!"

You'll see that slogan on signs as you drive into town. There'll probably be a "Thumbs Up" bumper sticker on the car in front of you. The slogan will be on the cash registers in the local restaurants, and all the people in City Hall will be wearing "Thumbs Up" buttons.

The community's attitude hasn't always been

so spirited. A couple of years ago, this Winston County, Ala., town of 5,300 was about to pass away.

Haleyville's biggest employer, Tidwell Industries, a mobile home builder, had laid off most of its workers and entered Chapter 11 bankruptcy. The elementary schoolhouse had burned. Then Haleyville Textile Mills, which employed 460 workers, closed.

"Thirty minutes before the textile mill officially notified us that it was closing, we went into high gear," says Mayor Larry Gilliland. "We started calling other companies in that line of manufacturing."

A few months later, Bama Textiles, Inc., reopened the mill. Now Bama Textiles is one of eight new industries operating in the area.

"We were in a state of shock when the old plant closed," says Don Haynes, a shift leader at Bama Textiles. "Haleyville's a good place to live. I'm glad we didn't have to leave."

When the city representatives visit prospects, they don't beat around the

bush. "We use two criteria," says City Administrator Jesse Miller. "First, we want businesses that are profitable. If they can't make a profit, they won't stay. And second, we're after people who want to live here."

The mayor and the city administration counter any talk about what the rural community lacks.

There is no interstate highway. But there is a railroad line. There is no river. But the Bear Creek Reservoir supplies clean water. The county leads the state in unemployment. But it has a solid labor force.

In February 1987, 22.8% of the workers were available. By the end of June, the unemployment rate had dropped to 12.7%.

Bids are being let for a new school. Gilliland says that it will be one of the state's finest. The high school football team and the girls' basketball team made it to last year's state finals. The track team was the 1986 state champ.

"Our cheerleaders even made it to the national championships," says the mayor proudly.

"We couldn't have gone to the regional and national championships without the community's support," says Beverly Donaldson, sponsor of the high school cheerleaders.

"The squad raised \$10,000 from fund-raising projects to pay for the trips."

All of these positive points are explained in a glossy color brochure. The town plunked down \$8,000 for 500 of these brochures and some other materials. Miller sends the mailouts to potential clients. If he gets a response, he sends the more detailed, expensive brochure.

If a problem arises, the city fathers tackle it. For example, when Haleyville's sewerage system was reaching capacity last year, the town competed with several others for a Tennessee Valley Authority (TVA) pilot sewerage project. Now Haleyville has increased its capacity with the TVA sewerage system.

"TVA wants to test the system, and several other towns wanted the additional capacity," says Miller. "But the mayor and the city council convinced TVA that they really wanted to work with it. This positive attitude, more than any other factor, got us the sewerage system."

When it comes to attitude, there aren't many small towns playing in the same league with Haleyville. "Thumbs Up" makes this an upbeat rural community.

# Hunting Great In County And Area

Hunting has been great in Eastland County for the first weekend of deer and turkey season even though the weather hasn't been that favorable with winds and rainstorms.

Local deer processors reported about 157 deer had been brought in for processing by Monday morning after the season got underway last Saturday.

Rust Deer Plant on Highway 80 between Cisco and Eastland reported about 70 deer and six wild hogs had been brought in along with some wild turkeys for smoking.

The deer were said to be really good and fat with one field dressing 146 pounds, and some hunters said they would go turkey hunting after they got deer.

Rust's biggest deer was an eight point buck killed by Allen Attebery of Waco on the Mike Siebert Ranch. It had 23 1/4 inch spread and dressed 141 pounds.

Grandpaw's Smoke House, south of Spur 490 southwest of Eastland, reported about 50 deer and some wild hogs had been brought in along with three wild turkeys.

Grandpaw's biggest deer were an eleven point killed

Jimmy Williams of Cisco is proud of the eleven point buck that he killed on his first attempt at deer hunting. The buck field dressed weighed 140 lbs. and was the biggest buck at Grandpaw's Smokehouse Monday morning. Jimmy is the 14 year old son of Hollis and Ann Williams.

by 14 year old Jimmy Williams of Cisco with a 270 salvage, and a ten point killed by David Sherial of Guthrie, Okla., on the W.D. Brown Ranch.

The Williams deer was killed on Battle Creek north of Putnam and it weighed 140 pounds. It had a 18 1/2 inch spread, 13 inches between the tines and 5 inch around each base.

Sherial's deer had a 17 inch spread, 9 inches between the tines and a 5 1/2 inch around the bases.

Grandpaw's reported that about half of their customers had been local people on the first day.

Ranger Meat Co., 216 N. Austin, Ranger, reported that about 37 deer had been brought in and that they were in good shape with most dressing 70 to 80 pounds. Some big ones were dressing up to 110 pounds.

Ranger Meat's biggest deer were an eleven point killed by Joe Webb of Fort Worth and a twelve point killed by Danny Bryant of Covington.

Bob Adkins, Johnny Graham and John Barnes

were the local men bringing in deer at Ranger Meat while most of their customers were from the Metroplex.

Some other big bucks brought to Rust's included an eight point by Homer Kirk, an eight point by Jack Hallmark, an eight point by Pat Hogan and a six point by Neal Skinner.

I-20 Pawn Shop on West Main in Eastland reported that sales of hunting supplies was good and Wal Mart said they seemed to have more sales.

At this time of the year hunting has become an important Eastland County industry and this is a very good year here for the sport.

# Fishing Outdoors

By Terry Wilson

Some Area Lakes To Receive Veteran Broodfish

In years past, fish that completed their work as brooders on state hatcheries were quietly put out to pasture in public lakes.

While this probably suited the fish just fine, it did little for fishery management since the brooders could not be identified later.

Now the Texas Parks and Wildlife Department's Hatcheries branch has launched a new program that will encourage the catch-and-release concept by giving anglers complete information about the fish's past.

Under the "Veteran Broodfish" program, brooders of five species will be tagged when released back into the wild. The internal tags will have an external streamer inscribed with "Veteran Brooder", a broodfish number and the department toll free telephone number, 1-800-792-1112.

Anglers catching these fish encouraged to write down the broodfish number and release the fish. Then by calling the toll-free number the angler will receive a history of the fish's production record and a copy of its "honorable discharge."

Bill Rutledge, hatcheries chief, said the program will focus attention on the catch and release concept, and also call attention to the contribution the hatcheries make to fishery management in the state. "The department is implementing several programs that promote catch and release because we feel as fishing pressure increases it will be necessary to use larger fish more than one time," Rutledge said. "Besides, the department has a considerable investment in these fish because genetic selection and hatchery maintenance are costly."

He added that the Veteran brooders may be more susceptible to being caught after spending all their lives on a hatchery. "We would like to protect as many of them as possible to give them ample opportunities to spawn," said Rutledge.

The first 1,000 Veteran Broodfish (largemouth and smallmouth bass, channel and blue catfish and red drum) will be released at the following locations: Lakes Coleman, Ray Roberts, Fork, Meredith, Medina (lake and river), Possom Kingdom, Greenbelt, Twinn Buttes, Cisco, Town (Austin), Ascarate, Casa Blanca, Livingston, Brownwood, Red Bluff, Spence, Waco, White Rock, H-4, H-5 and Dunlap.

Several red drum broodfish will be released in Galveston, Matagorda, Corpus Christi and Laguna Madre bays. Brooders also will be released into small lakes at the following state parks: Purvis Creek (not yet open for visitation), Choque Canyon, Lady Bird Johnson, Tyler, Rusk, Bastrop, Buescher, Huntsville, Blanco, Arrowhead, Mineral Wells, Balmorhea, Caddo, Palmetto, and the J.D. Murphree Wildlife Management area at Port Arthur.

When serious anglers talk fishing electronics one name stands alone, Lowrance Electronics, celebrating 30 years. As the world's leading manufacturer of sportfishing sonar equipment, continues as leader with the new Lowrance X-30, X-40, and X-50.

The folks at Lowrance Electronics say advanced technology is the key to simplicity. To prove it, they point to the X-30 LCG. It's fully automatic, yet offers a combination of features unmatched in the industry.

Foremost is a revolutionary fish identification system called "Fish Flash". The X-30 utilizes a special computer program to analyze objects not attached to the bottom or other structure. Those identified as fish appear on the screen as flashing pixels for easy identification.

A fish alarm feature audibly alerts the operator to the presence of fish, and a zone alarm system warns of depths above or below any preselected range. Lowrance's patented Grayline feature clearly separates objects near the bottom, such as fish, rocks and trees, from the true bottom. The unit's glare free display screen, with 82 vertical pixels is backlit for night use.

Other features include 600 watts of power, 10 foot zoom and bottom track settings, automatic discrimination for interference free operation at high speeds, digital depth

display (in one-tenth of a foot intervals), and a "user friendly" keyboard offering step-by-step operating instructions on the screen.

As with all Lowrance LCG's the X-30's stylish case is nitrogen filled to prevent fogging and is completely waterproof.

For more information on the X-30 and other Lowrance products contact the Public Relations Department, Lowrance Electronics, Inc. 1200 East Skelly Drive, Tulsa, Oklahoma 74128.

The new X-40 also includes the incredible clear-vision screen and boasts 192 vertical pixels.

And the best just got bet-

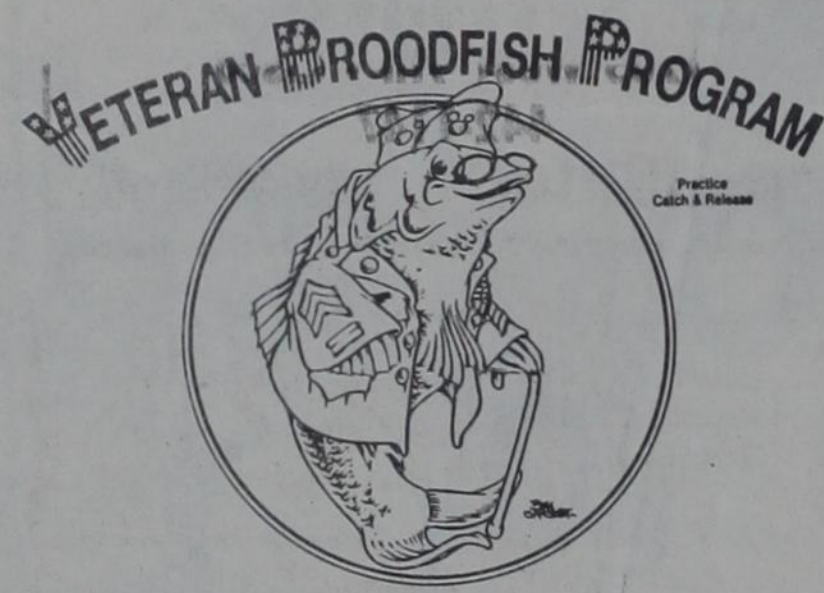

ter with the introduction of Lowrance's new X-50 LCG.

It boasts all the feature of its popular predecessor, the X-5, plus the clearvision display screen for unsurpassed visibility, even with polarized sunglasses! The screen comes with 192 verticle pixels and 3000 watts of power to measure depth to more than 1000 feet.

Also the X-50 includes "multiple use" features such as surface temperature and speedometer. The X-50 representing the best in total system sonar, offers a combination of features at a surprisingly competitive price.

Terry L. Wilson

TEXAS PARKS AND WILDLIFE DEPARTMENT

ATTENTION FISHERMEN

TEXAS PARKS & WILDLIFE DEPARTMENT WANTS YOU

...TO KNOW...

that there may be Veteran BROODFISH in this area. These broodfish have spent their entire lives on state fish hatcheries producing legions of young warriors to stock Texas reservoirs.

They represent a unique platoon of highly specialized soldiers. They have been selected for their genetic integrity and specially trained at hatchery boot camp. Their last special mission is to help make fishing better in this local area.

If you catch a VETERAN BROODER, please release it so it may complete its assignment. Record its serial number from its "dog tag" and call our TOLL FREE HOTLINE 1-800-792-1112 or write us at Texas Parks and Wildlife Department, 4200 Smith School Rd., Austin, TX 78744. You will be provided with a history of your fish's production record and a copy of the honorable discharge.

## ABSOLUTE AUCTION

And Other Consignments

Saturday, November 21, 1987  
-10:00 A.M.

5 1/2 miles East on Hwy. 36, Comanche, Texas At Cen-Tex Auction Service & Sales Location

Tractors, Loaders, Backhoes, Dozers:

# District 8 4-H Food Show To Be Held Saturday

Eastland County 4-H'ers will be competing in the District 8 4-H Food Show this coming Saturday, November 21, at the Stephenville High School. Over 200 4-H food show contestants from 18 Central Texas counties will be judged on nutritional knowledge, and food display.

Competing from Eastland County are Sub-Juniors: Stachia Sharp - Nutritious Snacks and Desserts; Kimberly Reich, Bread and Cereal; Joanna Wallace, Fruit and Vegetables; and Holly Greenwood, Main Dish. Juniors: Christy Arther, Main Dish; and Cathy Thomas, Nutritious Snacks and Desserts. Seniors: LaDawn Little, Main Dish; Natalie Stevens, Bread and Cereal; Kari Schuyler, Fruit and Vegetables; and Paula Porter, Nutritious Snacks and Desserts.

Eastland County contestants will be judged at 10:40 a.m. The public viewing of the food displays will be at 1 p.m. prior to the awards program which will start at 2 p.m. Food demonstrations by

Eastland County 4-H'ers to compete in the District 8 4-H Foods Show in Stephenville this Saturday, November 21, are (left to right) front row: Joanna Wallace, Holly Greenwood, Kimberly Reich, and Stachia Sharp. Back Row: Christy Arther, Cathy Thomas, LaDawn Little, Natalie Stevens, and Kari Schuyler. Not pictured is Paula Porter.

4-H'ers will be from 10-12 noon in the main auditorium. This is open to the public. Participating from Eastland County are

Joanna Wallace, Holly Greenwood and LaDawn Little.

# County Hay Show Results To Be Announced Thursday Night Nov. 19

Production of high quality hay will be the topic of discussion at a program at the Eastland County Livestock Show Barns, Thursday night, November 19th, at 7:30 p.m. County Extension Agent, DeMarquis Gordon says, the results of the county hay show will be announced and Dr. George Alston, Extension Agronomist, will discuss factors affecting hay quality. Champion plaques will be awarded to the exhibitors of the best hay in each class.

Improved hay quality could increase profits to forage and livestock producers and make a significant contribution to the agricultural economy of Eastland County, according to the agent.

Sponsors of the hay show are H&R Feed Store in Ranger, Bond Fertilizer of Lake Leon, Carbon Farm Supply, Browns Feed Store of Gorman, Winfrey Feed and Peanut Company of

Rising Star and Pioneer Farmers Co-Op. All hay entered in the hay show has been tested for protein content. Dr. Alston will give each entry a physical score based on stage of maturity, texture, leafiness, foreign material and color. Both the physical and chemical score determine the classification score of the hay. Dr. Alston will tell how producers can produce, harvest, and store hay to get the most valuable product for livestock and profits. Gordon encourages all forage producers to attend the educational program and hay show awards program Thursday night.

## CAPITOL UPDATE

by Jim Parker

In the coming weeks you will see considerable media coverage on a committee convened to "reform" the workers' compensation system. Current legislation mandates that an indepth study of our policies, procedures and benefits relating to worker's compensation be compared to that of other states with the intent of "reforming" our system. As I'm sure you know, workers' compensation insurance is widely believed

## Jammie Dee Dancers To Have Bake Sale

The Jammie Dee Dancers will have a bake sale at Wal-Mart in Eastland on Saturday, November 21, beginning at 9 a.m.

The bake sale is to raise money to attend the "I Love Dance" talent show in Austin. Every dancer will participate in the competition. This is a great opportunity to get your Thanksgiving desserts, without having to

to be a system of mandatory insurance coverage that protects the employee who may be injured in the performance of his duties. Truly, it is much more than that and likely protects employers at least as much as employees. The employer protection comes from the fact that employee liability is constant and fixed for any given type of injury. In other words, if you lose your right index finger at the middle joint, it's worth 45 weeks of disability payments whether you are in Plano or Plainview, Dallas or Dumas. (Most people wouldn't sell their index finger that cheaply.)

From the employee's standpoint there is at least the certainty that employees can collect, under the most serious circumstances, disability payments for up to 401 weeks. (The amount per week is figured on a formula based on the amount of income the employee makes per week.)

The real problem I have is, when you start "reforming," who are you going to penalize? Do you increase benefits for employees thereby raising premiums for already financially embattled employers or do you make a better deal for employers thereby making the theoretical index finger worth less? While a rose by any other name may truly smell like a rose, reform by any name does not necessarily carry the connotation of something better. Perhaps legislative service has made me cynical but I have come to the point where I get highly nervous when folks start talking about "reform" this and "reform" that.

Since virtually everyone of us is either an employee or an employer, I am going to suggest to you that this is one problem that merits your close scrutiny regardless of your position. Let's all see what "reform" turns out to be and try to be sure it is something we can live with.

# Kittens End Season With Sweetheart Banquet

# October 100% Attendance Students Given Ice Cream Party

## Lady Cats Begin Season

November 10 the Lady Cats came out and showed some strong points as they took on the Early Junior Varsity. Coach Goodman was pleased with the progress the Ladies had made from the last scrimmage. Tuesday, November 17, the Lady Cats travel to Blanket to play at 6:30 p.m. Results will be in next weeks paper. Saturday, November 21,

the Lady Cats will be traveling to Santa Anna to play the Mountaineers in what is promising to be a good game. The Ladies hope to upset Santa Anna in what would be the Ladies first win over Santa Anna in four years. Tuesday, November 24, the Lady Cats will host the Lady Buffs in a long time rival play. We hope to see you at the games. Jackie Harris

Kitten Beau, Brandon Geye, and Kitten Sweetheart. Jomy Clark, were named during halftime activities at the Kitten football game.

The Kittens played Santa Anna at home last Thursday night. This was the last game. The Kittens did not win, but played their best all

year. Halftime activities included the crowning of the Kitten Sweetheart and Football Beau. The eighth grade girls

were candidates for sweetheart who is elected by the football boys. The football beau is an eighth grader and is elected by the junior high girls. The Kitten Sweetheart for 1987 is Jomy Clark, daughter of Benjy and Jan Clark. The 1987 Football Beau is Brandon Geye, son of Terry and Gretchen Geye. The Sweetheart Banquet was held at the lunchroom after the game hosted by the cheerleaders.

Individual statistics for the game are: Rushing: Scotty Wilson, 12-54; Jarod Horton, 11-36; Brandon Geye, 6-16; Trey Bilbrey, 3-14; Chad Hill, 2-12. Passing: Brandon Geye, 1-1-14 yards. Rasc Receiving: Chad Hill, 1-14 yards. Kickoff Returns: Jarod Horton, 3-48; Scotty Wilson, 2-9; Trey Bilbrey, 1-3. Fumble Recovery: Donnie Horton, 1; Brandon Geye, 1. Rising Star Santa Anna

The entire kindergarten class achieved perfect attendance during October and was given a gift by Rising Star Parent Teachers Organization.

Jason Rutledge won a game in the drawing of kindergarten, 1st, 2nd and 3rd grade students who had perfect attendance during October. The children were treated to ice cream and the drawing by Rising Star Parent Teachers Organization.

Shawn Morrow was the lucky high school student with perfect attendance during October who won a portable radio in a drawing sponsored by Rising Star Parent Teachers Organization.

Trey Bilbrey won the portable radio in a drawing among 4th, 5th, 6th, 7th and 8th graders sponsored by Rising Star Parent Teachers Organization. Students who had perfect attendance during October were treated to ice cream and the drawing.

## Jr. High Basketball

Tuesday, November 10, the junior high girls faced some stiff competition when they scrimmaged Sidney Junior High. Although they ended up behind on the scoreboard, the Kittens gained valuable experience while executing plays and basic fundamentals well. Coach Bacon was pleased overall with the performance of her girls. Monday, November 16, Coach Bacon and her girls traveled to Carbon for their

season opening game. Nervousness prevailed the first three quarters but the girls exploded the fourth quarter with 14 points to win their first game, 25-14. Today and Saturday, the girls will be playing in the May Junior High Tournament. They face Cross Plains at 5:30 p.m. Thursday for their first game. Next Monday, November 23, the Kittens will travel to Eula and begin play at 6 p.m. Please come out and show your support.

## Catch That Wildcat Spirit!

The last district pep rally was held on Friday, November 13. Spirit seemed to be everywhere as the Wildcats walked out of the dressing room and into the gym at the beginning of the pep rally to "The Eye of the Tiger." Something about that song made everyone really fired up. The cheerleaders did many chants and an ensemble. Several Wildcat fans dressed up as raisins and did a dance to the popular oldie "I Heard it Through the Grapevine." The pep rally, although short, proved to be one of the best. The cheerleaders would like to thank all of the Wildcat supporters who came to the pep rally. They would like to see even more

next week as the Wildcats face the toughest team, the Throckmorton Greyhounds, for play off advancement. Please come out and show the Wildcat team your support on Friday at 3:10 p.m. in the gym.

## The Pack Is Back!!

## Calendar

THURSDAY, NOV. 19

# The PEOPLE'S FORUM

## I've Been Wrong Before

**By Gordon S. Clark**  
A long time back 1954 to be exact, I got a temporary government job as crew leader on the census of agriculture. It was interesting to say the least. The enumerators got the easy ones and I had to get information from the hard ones. Now some of those people had what I considered legitimate reasons for not giving information. Like, since the enumerators had to live within the area surveyed there were questions about land leased from others. Some figured that someone else might lease their land from under them if they knew all about price etc. Even the assurance that any enumerator giving any sort of information from questionnaires could be prosecuted didn't help at times. Since I didn't live near and assured them nobody but me would check the information and further that as soon as the sheets were sent in the name would be separated from the facts they loosened up.

One old man refused simply because felt that government was already dictating entirely too much what farmers could and could not do on their own land. You know something? He reminded me a lot of my old granddad who would have used that old muzzle loader he brought back from the Civil War and a minnie ball would have fetched up any government agent back across that split rail fence. I had the authority to simply turn that old cuss over to higher ups and he could have been hailed into a federal court to explain his

refusal but I sure didn't have it in me to do it. Then a Golden Deeder who also liked the old timer said it was too bad the man son couldn't give the information. I was more pleased than you can imagine. Certainly he could if he knew and if he would.

Many people believed that the owner of the farm or ranch only could give the information but the truth is that a census of agriculture has the soul aim of counting the number, types and specific information about crops and livestock. There may be additional questions about facilities but any person who can give accurate answers is equally acceptable. Thus the last refusal in my district was resolved. Some refusals were ornery in a different vein. One after arguing briefly began throwing down anything that came to mind until he said, "The stupid government puts out absolutely ridiculous information. Where do they get that?"

Very casually I replied, "From the sort of answers you give on these forms." He stopped as if shocked and began erasing and changing some of his answers.

Some people were a bit nervous about answers because they feared that figures on how many head of cattle they had would be

cross checked with the number rendered for taxation (naturally lower) or with the number they claimed they had in order to receive that drought relief feed they recently claimed (said numbers being somewhat inflated at times). They failed to realize that the vast amounts of manpower needed were not available. Besides, the federal government worries about their own tax collections and lets state and local entities do likewise.

Consider if you will the problem of ordering feed in case of drought relief or sudden blizzard in a given area where government might be called upon to send in feed to rescue starving cattle. What if they had not the slightest motion of how many head needed be provided for?

Toughest of all in a way was a couple who objected on religious grounds because God had declared that His people should be numbered but David did take a census. It took a bit of explaining that these were not strictly God's people being numbered, that the punishment fell upon the leadership who ordered the numbering, and that we are commanded to obey the laws of the land.

Though I got the information, I still felt uneasy about pressuring anyone to go against a firmly held belief.

## Medical Perspectives

By R.C. Matthews, M.D.

### PREVENTING THE FLU

Influenza season is upon us once again, and it's time to begin taking precautions. The best treatment for "the flu" is to prevent it - that is to take the flu vaccine. The people at greatest risk for contracting the flu and suffering complications, hospitalization and possibly death are the elderly and those people with chronic medical problems (heart, lung, liver, kidney disease, diabetes, etc). Therefore, everyone over 65 years of age, all nursing home residents and those with chronic medical illnesses

should receive the vaccine. Those who live with such high-risk persons, medical personnel and children receiving long-term aspirin treatment should also have the vaccine.

The month of November is the best time to receive the vaccine. Large out-breaks do not usually occur before December and reach a peak in January or February. Protection from the vaccine begins about two weeks after the injection and is generally thought to last about six months. Because of continual alterations in the flu virus itself and loss of im-

munity, the vaccine must be given every year.

Side effects of the vaccines used today are usually minor - local redness, and soreness at the injection site, less often fever, chills, malaise and muscle aches for one or two days. The vaccine should not be given to those who are allergic to eggs.

Typical influenza is characterized by the abrupt onset of fever, sore throat, cough and headache, often accompanied by generalized muscle aches and extreme malaise. The cough and malaise may last as long as 2 or 3 weeks. Rarely, it may eventually result in pneumonia, encephalitis or other life-threatening complications. Antibiotics are ineffective against the flu virus, but there is a drug

called Symmetrel or Amantadine which can decrease one's likelihood of contracting the illness after being exposed to it and can significantly lessen the symptoms of those who actually have the flu, especially if started during the first 24-48 hours of the illness.

Influenza can be a severe nuisance to some and a life-threatening illness to others. It can put an active person out of commission for weeks. If you are at high risk or just don't want to be hampered with such an illness, attempt to get the vaccine as soon as possible. Should you actually contract the illness, visit your physician as early in the illness as possible. There is no cure, but treatment to ease the symptoms is available.

R.C. Matthews, M.D.

## Stallion Finishes Season

DHandy DAR Grand Champion Arabian stallion of Ables Arabians of Gorman, owned by Vernon Ables and shown by Suzy Minck finished the season at Burleson last week with six first three seconds and one third, and over all high point.

Suzy and DHandy have 53 wins with numerous championships and high point awards. The most impressive was a high point award for a four show series

at Burleson when DHandy and Suzy worked against some of the best performance horses of all breeds in Texas.

DHandy will retire this year and start at stud, his mark in the show ring has been made.

Watch for DHandy folds next year because the best is yet to come. Come by and see DHandy and his folds. Visitors are always welcome.

## Senior Center News

A large crowd, including several visitors, met Thursday at the Senior Citizens Center. If anyone comes more than two times we claim them as members rather than visitors. The lunch was extra special: we have a lot of wonderful cooks. Come and be with us and you can eat for a small donation if you don't bring a dish. Ask the lady at the registration table about the donation.

Marion and Marjorie West visited Cisco Senior Citizens Wednesday, then went to Clyde to visit their children, Juanita, Steve, Justin and Christine Hollis.

Martha has been going to Brownwood for stress tests; she went with her daughter to Hamilton Wednesday.

Leroy and Margaret Livingston have been ill but both are better now.

Berna Lee Chick spent Tuesday in Abilene shopping.

Betty Rabon's sister, Wanda, and husband spent the weekend with her.

Johnnie and Reba Mooney went to Lubbock Monday for the funeral of a lifelong friend of Johnnie's. He was Johnnie's captain in the Lubbock Fire Department when he joined it 45 years ago. Reba had two doctors appointments on Friday so they stayed over and visited children and grandchildren.

Alyne Seikman and Bob and Betty Seikman of Pyote and Madelle Jackson were guests in the home of Art and Betty Fisher. All enjoyed the homecoming celebration. Wanda Jackson of Abilene joined the group for coffee and "Floyd Joyce Friendship Cake" Saturday afternoon.

Edith and Willie Leah got up early Tuesday morning and had breakfast in Abilene with Willie Leah's daughter, Sara Nettles, who is staying at the Embassy Suites until they take possession of the house they are buying. After shopping they returned to the Embassy for lunch, saying it's a lovely place to eat. We extend our sympathy to the family of Jewel Hendrick; she was an aunt of Betty Raybon.

Those visiting Mr. and Mrs. Loren Frost last Sunday included their four daughters and three sons, Mr. and Mrs. Jerry Johnson, Sherrie and grandson Justin of Quanah; Carolyn Frame and Jerri of Everman; Mr. and Mrs. Ike Modawell, Barry, Rhonda and Wesley of Early; Billie Kay Hammonds and Melissa of

## Pioneer Patchwork

Irma Miller

The quilters had to replace the Fan with a Four Point Star, which is to be finished by Christmas. We had a good crowd Tuesday. Jo Claire Collier of Breckenridge, who was visiting with James and Jean Alexander, quilted all day with us. One of our quilters has taken a temporary job so she will be absent for a while.

Randall Barton, son of Novilla and Cleo Barton, who is from Conroe, spent several days helping out on the farm. Cleo's nieces, Etta Mae Swindell of Dayton and Martitia Glenn of May, visited last week. Novilla is sharing a good recipe.

German Oatmeal Cookies  
1 C brown sugar  
1 C white sugar  
1 C shortening or margarine  
1 egg  
2 C flour  
1 tsp. soda  
1 tsp. vanilla  
Cream sugar and shortening. Add egg and dry ingredients and cream together. Mix together one tablespoon hot water with 1 teaspoon baking powder. Add 1 C Angel Flake coconut, 1 C pecans and 1 C quick oats. Mix well with other ingredients. Roll onto small balls. Press down with a fork or finger. Bake ten minutes at

350° or as brown as desired. Week-end visitors in the home of Nell and Joe Fleming and Jim and Charlene Fleming included Bill Watson and son, Alton, Mr. and Mrs. Glen Fleming and son, Brian, and grandson, Gregg, and Lisa Atchley, all of Pampa; Julie Robison and son, Chris, of Midland; Billy and Zack Watson of Amarillo. Joe's sister Kate Watson and Lois Crist of Cross Plains and Mr. and Mrs. Clint Kniffen of Clyde visited on Wednesday. None of the Fleming relatives in Pampa had any casualties in the explosion. They happened to be visiting here. A floor lamp would not work, however, and the glass doors of the fireplace were open. They had probably blown open.

Irma and John Miller spent the day in Abilene Saturday, hearing three teaching sessions by Rev. Peter Marshall.

Jewel Foster and daughter-in-law, Norma, went shopping in Abilene on Saturday. Laverne and Cowan Hutton's son, Noah, and wife, Tempie, and children, J.R. and Annie of Anton, visited with them. Also, Laverne's

**MONDAY:** We played bingo. Our players were Snova Walker, Lila Jarrett, Annie Selman, Mary Crisp, Martha Irby, Pauline Hill, Lena Scott, Vera Forbes, Rada King, Maggie Christian, Irene Arnold and Buster Rixford.

**TUESDAY:** We had Bible Study with Olive Odum and her group of helpers.

**WEDNESDAY:** Our residents played bingo again. The players were Pauline Hill, Lena Scott, Snova Walker, Vera Forbes, Jewel Harrell, Mary Crisp, Martha Irby, Irene Arnold, Joe fox, Annie Selman and Rada King. We had a great time playing for prizes. Some of us kept on playing after the prizes ran out and had just as much fun.

## Sipe Springs News

Everyone enjoyed the musical with visiting and refreshments at Community Center Saturday night. A large crowd attended.

Relatives and friends received word of the death of Mrs. Mary Mood Smith of New London. Services and burial was there. We extend our sympathy to her family and other relatives.

Mrs. Zula Starett Elliott of Gardendale and Mrs. Arvil Starett of Colorado visited Mr. and Mrs. N.L. Leonard on Tuesday.

Mr. and Mrs. James Boles of Sundown visited their cousins, Dick and Ruby

## Commentary Myrtle Owen

**YOU FEED THEM**  
Tonight as you pray for others' needs as well as your own, are you considering what else you might do, in addition to prayer, for those whose lives touch yours - particularly those in your church family? Someone once shared the most unusual reason for leaving a church that I had ever heard, one that touched my heart. She said, "When I moved here I was wounded and brokenhearted. I didn't know a soul and devastating family problems tore me. So I joined a church. One evening they gathered around me to pray. They prayed, 'God, heal her. Comfort her. Put your arms around her and soothe her broken heart.' But not one of them put their arms around me. Not one took me out for coffee or asked, 'What can I do for you?'

If God works through His people, I sure didn't find Him in that place. I moved to another church." This reminds me of Jesus' command to His disciples when the multitudes were hungry. The 12 wanted to send the masses to the villages for food, but Jesus said: "They do not need to go away. You give them something to eat." We have here only five loaves of bread and two fish, they answered. "Bring them here to me," he said... taking the five loaves and the two fish... he gave thanks and broke the loaves. Then he gave them to the disciples, and the disciples gave them to the people. They all ate and were satisfied.... Matt. 14:16-20 NIV.

Before you sleep tonight sister, Betty Joy of Clyde, and her mother, Ella Dean of Cross Plains, visited Sunday afternoon.

Wyatt, last week. Mr. and Mrs. Butch Graham and children of Houston spent this past week end with his parents, Mr. and Mrs. Jack Graham. Mr. and Mrs. Joe Morgan of California, Winnie Anderson of Rising Star and Mrs. Jessie Duncan of Carlton have been visiting Mr. and Mrs. Harry Anderson. Mr. and Mrs. David Ranier visited friends in Dallas Wednesday night. Kyle Joyce and his friend, Cregg, from Austin and Tod Weaver and friends of Garland, visited the Kenneth Smiths and T.A. Weavers over the week-end.

## Obituaries

Jonnie Crook

**FORT WORTH -** Jonnie Ferrell McDonald Crook, 82, died Saturday at a local retirement center. Services were at 2 p.m. Monday at Higginbotham Funeral Home Chapel in Rising Star with the Rev. Dale Jackson officiating. Burial was in Rising Star Cemetery.

Mrs. Crook was born in Eastland County and taught school for 45 years in Albany, Graham, El Paso and San Antonio. She retired in the early 1970s. She was a native of Rising Star and moved to Fort Worth in 1943. She married Alton Crook two years later. He died in 1963.

Mrs. Crook was a member of Broadway Baptist Church in Fort Worth. Survivors include three brothers, Almous McDonald of Kingsville, Loran McDonald of Lubbock and Roy Lee McDonald of Fort Stockton; three sisters, Mary Jo Lusk of Rising Star, and Mac Brown and Dorothy Allison, both of Fort Worth.

**'Si' Williams**  
COTTONWOOD - Ollis "Si" Williams, 70, died November 9 at a Waco hospital. Graveside services were at 2 p.m. November 11 in Admiral Cemetery, directed by Higginbotham Funeral Home of Rising Star.

Born in Cottonwood on Nov. 17, 1916 he was a U.S. Army veteran of World War II and a member of the Baptist church.

Survivors include a daughter, Mrs. Curtis (Marie) Chambers of Rising Star; three grandchildren; two nieces; and a nephew.

**Don Moorman**  
GORMAN - Miss Don Moorman, 80, died Friday in Beaumont. Services were at 2 p.m. Sunday at First United Methodist Church with the Rev. Rawlyn Richter officiating. Burial was in Sipe Springs Cemetery, directed by Higginbotham Funeral Home.

Born in Sipe Springs, she had been a longtime resident of Eastland County. She was a supervisor for Texas Department of Human Welfare. She was a member

of First United Methodist Church and De Leon Art Association.

Survivors include a nephew, Odus Moorman of Beaumont; a great-niece, Karen Pampe of Austin; two great-nephews, James Den Moorman of Dallas and Craig Scott Moorman of McKinney.

**Betty Boudreau**  
CISCO--Graveside services for Betty Jean Boudreau, 56, will be held at Oakwood Cemetery Thursday, Nov. 19, 1987, at 2:00 p.m., directed by Kimbrough Funeral Home. Rev. Cecil Deadman, pastor of East Cisco Baptist Church, will officiate.

She died Tuesday morning, Nov. 17, 1987 at E.L. Graham Memorial Hospital.

She was born August 17, 1931, in Paducah, Kentucky. She was a member of the Baptist church. She had lived in Cisco since 1976, moving here from the Rising Star area.

Survivors include one daughter, Mitzi Ratliff of Cisco; one brother, Terry C. Wade of Farmington, N.M.; two sisters, Louise Bradley and Cladean Kisner, both of Cisco; one grandson, Robbie Ratliff of Cisco; and a number of nieces and nephews.

Applications may be submitted at any time during the year.

Under the provisions of the free and reduced price policy, May officials will review applications and determine eligibility. Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. Parents wishing to make a formal appeal may make a request either orally or in writing to Don Rhodes, Box 38, May, 76857, 817-259-2131.

Households that list a food stamp or AFDC case number must report when

the household no longer receives these benefits. Other households approved for benefits are required to report increases in household income of over \$50 per month or \$600 per year and decreases in household size. Also, if a household member becomes unemployed or if the household size increases the household should contact the school. Such changes may make the children of the household eligible for benefits if the household's income falls at or below levels shown above.

In certain cases foster children are also eligible for school meal benefits. If a household wishes to apply for benefits for foster children living with them, the household should contact the school for more information.

The information provided by the household is confidential and will be used only for purposes of determining eligibility and verifying data.

In the operation of child feeding programs administered by the United States Department of Agriculture, no child will be discriminated against because of race, color, sex, national origin, age or handicap. If any member of a household believes they have been discriminated against, they should write immediately to the Secretary of Agriculture, Washington, D.C. 20250.

## School Lunch Program

For school officials to determine eligibility, households receiving food stamps or AFDC must list the child's name, their food stamp or AFDC case number and the signature and name of an adult household member. Households not receiving food stamps or AFDC must list names of all household members; social security numbers of all adult household members or a statement that the household member does not possess one; total household income and the amount and source of the income received by each household member; and the signature of an adult household member certifying that the information provided is correct.

Applications may be submitted at any time during the year.

Under the provisions of the free and reduced price policy, May officials will review applications and determine eligibility. Parents or guardians dissatisfied with the ruling of the official may wish to discuss the decision with the determining official on an informal basis. Parents wishing to make a formal appeal may make a request either orally or in writing to Don Rhodes, Box 38, May, 76857, 817-259-2131.

## American Cancer Society

The American Cancer Society met at K-Bob's for the November meeting. Dale Squires asked Roy Gevara to lead in prayer. Letty Craddock read the minutes of the last meeting. Danelda Gevara presented the Treas. account and gave the proposed Goals for this year. The many ways of contributing to A.C.S. are: The Crusade, which includes "send a mouse to college" Special Contacts, Residential, and Business. Special Events include the Gold Tournaments and something special at the time, and the Memorials which are in Memory of, or in Honor of a loved one or friend, total

goals for this year is set for \$18,000 from Eastland County. A.C.S. has plans to use \$3.00 for people for every \$1.00 given.

The Service and Rehab. report was that 40 people were served in some way in Eastland Co. last year. This first month (Oct.) eight were helped.

Bill Culverhouse has distributed material suggestions for the Great American Smokeout, Nov. 19th, is the day, many people again this year will quit for a day, and find out they can quit completely. Lesa Oswalt presented a film to a group in Ranger with question and answer period following.

Robert and Laurie Stahl, currently stationed in West Germany, would like to announce the birth of their first child, Mandy Nicole. Mandy was born September 22 in Fulda, West Germany, and weighed 8 pounds 8 1/2 ounces. Grandparents are Darrell and Judith Sigler of Bothell, Wash., and John and Dee Chamberlain of Carnation, Wash. Great-grandparents are Ruth Barton of Tacoma, Wash., Sam and Dorothy Dupree of Steilacoom, Wash., and Charles and Elizabeth Chamberlain of Rising Star.

## Local Author to Teach Fiction Writing Course

Having completed a six-week course in Writing for Children, Linda George is now planning an extended seminar in Writing Fiction, for January-March, 1988. A four-week seminar, titled "Plotting--How to Get Started," will be followed by two other four-week seminars, "Characterization, Description and Dialogue," and "Editing and Marketing." These seminars will be taught in Rising Star if enough interest is shown to keep the seminar local.

Anyone interested in receiving information about the seminars should write or call Linda George at the Joy Pecan Shoppe, Box 565, Rising Star, 643-3011. References available.
