Serving the Most Prosperous Sections of Eastland, Brown and Comanche Counties

A Dollar Spent  
Away Is Gone!

IN 1890

RISING STAR, EASTLAND COUNTY, TEXAS, OCTOBER 24, 1957

VOLUME 67, NUMBER 1

Have a Light, May

Jack Smith, Wildcat Band President, turns on the salesmanship in the Wildcat band's campaign to sell light bulbs for band activity funds. Mayor Walter Smith is on the receiving end of Jack's appeal.

## City Warns Against Dumping Dead Carcasses

Complaints have been received by the city that persons with dead animals or carcasses of other sort have been taking them to the city dump ground and throwing them out without burying them. Some have even been dumped on the road before getting to the dump grounds.

Attention has been called by Mayor Walter Smith to the fact that the city has an ordinance which prohibits such open dumping and requires that all such carcasses be burned or buried.

The City Health Officer, Dr. Ben Bradley, called the matter to the attention of the city and pointed out the serious health hazard that exists in such practices. Mayor Walter Smith said that every facility of the city that can be employed will be used to enforce the ordinance and protect the health of the people in this vicinity.

## Lions Club for Rising Star Is Being Considered

Representatives of the Bangs Lions club, headed by Tommy Young, deputy district Lions governor, and Marlowe Fisher of Austin, State Lions secretary, conferred with a group of Rising Star business and professional men at the High School Monday evening on the possibility of organizing a Lions club in Rising Star.

The advantages of a Lions club and its value to the community were pointed out. After discussion the group decided to invite as many business men, farmers, ranchers and professional men as possible to attend a meeting at the school library Monday evening, Nov. 4, to go further into the project. District Lions Gov. H. R. Garrett of Eastland will be asked to attend the meeting.

## Rising Star MYF Wins Banner

The Rising Star MYF won the attendance banner at the sub-district meeting in Cross Plains Monday night, October 21. The banner is awarded on a percentage basis and although Gorman had more members present, Rising Star had the highest percentage. Twelve attended from Rising Star.

## Tommy Reynolds, CJC Grid Star, Is Killed

A report to the Rising Star Record Wednesday morning said that Tommy Reynolds, star back of the Cisco Junior College football team and a former Cisco High School star, was killed in an automobile accident near Weatherford about 1 a.m. Wednesday morning when his car was in collision with a truck.

A sister of Tommy's who lives near Weatherford had just given birth to a baby, and he was returning from a visit with the family when the accident happened.

Mrs. Olice B. Jones represented the Rising Star Eastern Star Chapter as the delegate to the Grand Chapter which will meet in Memorial

## Lorraine And Wildcats Play Here Friday

The Rising Star Wildcats, winless so far this season although they have played some close games, will meet a team more near their own strength when they entertain the Loraine High School eleven at Wildcat field next Friday night at 7:30.

Lorraine has won one game so far. They lost to the May Tigers 19 to 0, played Class A Roscoe a 7-6 decision and last week were defeated by the Stanton Class A team 20 to 7.

The Wildcats, crippled by injuries and further hampered by flu this week, hope, nevertheless, to be nearer their real strength Friday with prospects that Robert Needham, regular quarter and best ball carrier of the team, and Edward Burns, regular guard, who have been to see at least unlimited action, out with injuries, will be back.

A big question mark was posed, however, by invasion of the "flu" germ which kept Jack Callaway and Eugene Bishop away from practice Monday. If they are able to return and Needham and Burns are back, the team should have a good chance to win its first game of the season.

It will be the first meeting between Loraine and Rising Star in the history of the schools. A fast, smart Mason team, favored to win the district title, outgunned and outmanned a crippled Rising Star Wildcat team last Friday evening to run up a score of 40 to 0. The Cats were playing without the services of Robert Needham, quarterback and best ball carrier of the club, and Edward Burns, star guard, and they were hampered with injuries to other players.

Mason's line play was superb and their backs proved fast and elusive. The passing game was good. The Cats were never able to get an offense going against the excellent defense of the visitors although they tried manfully and turned in some spectacular plays of their own during the evening. Fumbles cut short every promising drive.

Mason scored 19 points in the first half and added 21 in the final two periods.

## Boys of Rising Star Invited to Join Boy Scouts

An invitation to boys of this area, between the ages of 11 and 14 to join the Boy Scout troop was issued this week by Scoutmaster R. A. Brooks, Jr. Meanwhile the campaign for funds, coincident with the campaign throughout the Comanche Trail Council, neared the \$300 mark set as the Rising Star goal, according to Bob Shults, local finance chairman.

Art Fisher, auditor of the drive, reported that his office had received \$264.00 up to noon Tuesday. There were a number of teams still unreported and Mr. Shults urged that these workers report to Mr. Fisher at once, whether or not they are finished with their soliciting. A report to the council office must be made shortly, he said.

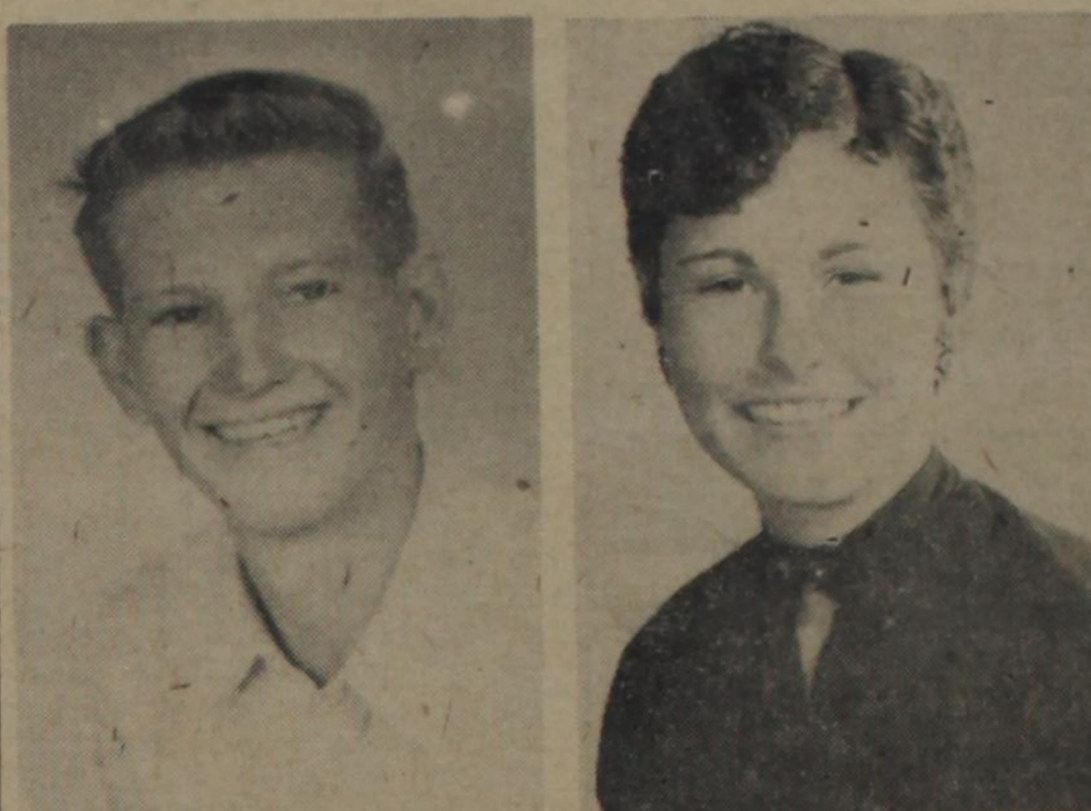

The invitation issued by Rev. Mr. Brooks said:

Attention all boys: ages 11 to 14. If you would like to become a Boy Scout come to the Scout Hut across from the Methodist church Monday night, Oct. 28, 7 p.m. On that evening you will be told what you will need to do to be a Scout and we will show you a film about our Scout camp. Scouting is fun, helpful, and useful to every boy. If your father would like to come, bring him too.

Scoutmaster, Troop No. 115 R. A. Brooks, Jr.

Mr. and Mrs. John Pittman of Kermit and Mr. and Mrs. H. R. Pittman and daughter, Judy, of Killeen, were recent guests of Mr. and Mrs. G. C. Groce, John Pittman is a brother of Mrs. Groce's. Pittman's nephew

## Two Sweethearts and a Beau

Three of the High School students selected by the various student organizations for special honor, are shown here. They are, top left, Billy Rucker, who was chosen by the Future Homemakers Chapter as the Chapter Beau; top right, Jaynell Edmiston, sweetheart of the Future Farmer Chapter, and, bottom left, Sandra Erwin, Wildcat football team Sweetheart. Sandra will be presented in a Sweetheart ceremony during the between halves activities at the Rising Star-Cross Plains football game.

## Wildcats Receive Class B Grouping

## No Homecoming Program to Be Held This Year

There will be no Rising Star Ex-Students Homecoming this year. Originally scheduled for November 9, the program was cancelled after a canvass of sentiment among ex-students and a discussion at the Chamber of Commerce noon luncheon Tuesday at the Star Cafe.

Charles Rutherford, president of the association, asked for the opinion survey and brought the matter before the Chamber of Commerce meeting.

Several valid reasons are behind the decision not to hold the homecoming, he pointed out. One is the prevalence of the "flu", which will prevent so many from attending; another the lateness of the peanut crop which will keep most farmers busy during the period, and another is the fact that the community has just completed a big and successful effort in organizing and presenting the Free Fall Fair, and to ask the same workers to undertake another community program requiring as much work as would a homecoming parade and celebration, particularly at such a time, would be an imposition.

The chamber of commerce agreed with the suggestion that such a homecoming would be more successful if held every two or three years in the place of every year. There would be less strain on the community manpower and ex-students living away would be more inclined to come home for a celebration each two or three years than every year.

"We will get our organization together and work out a definite policy in the near future," said Mr. Rutherford. "Meanwhile we find from our survey of ex-student sentiment that less frequent programs are more favored."

## Father of Pete Starks Is Buried

The father of Pete Starks, John Smith, Ark., Sunday evening and F. Starks, about 75, died at Fort was buried at Des Arc, Ark., the family home town, Wednesday afternoon at 2 p.m.

Mr. and Mrs. Starks and daughter, Sharon, went to Des Arc for the services.

## October Rains Bring Year's Total To 31 In.

The first fall rains of any consequence in years continued Tuesday to soak the Rising Star area, bringing to 3.2 inches at noon Tuesday the amount of moisture recorded here in October and to 31.43 inches the total annual rainfall so far recorded.

The peanut crop, which fortunately for the present at least, is late this year, was not suffering serious damage as yet, except for the portion already dug and still in the fields, farmers said. But continued rain could have a serious effect on the crop.

Young grain and pastures, however, were in wonderful condition, and the prospects for next year's crop were being brightened with every shower as more and more moisture was being stored in the soil for the growing season.

The rains falling in the Rising Star area came in the most beneficial fashion with little or no damage to soil or conservation and drainage structures from washing. In the Leon river area north of Rising Star and in the Turkey creek area near Cross Plains, the Soil Conservation Service reported serious damage with heavy washing and destruction of a great many structures.

The rains of last spring and the continued rains this fall, point up sharply the necessity of more soil and water conservation work in this area, said John Lee, chief conservationist of the Rising Star SCS office. Farmers, ranchers and business men of the area would do well, Lee said, to begin work right now on promoting conservation programs for Turkey Creek, for Leon River and the Sabanno river. It will take a considerable time and a great deal of work to realize on these programs, he said, but their reality would be of great benefit to this section both in soil saving, crop increase and water supplies.

The gauge at the City Hall registered .52 inch of rain at noon Tuesday. Rain has been regular throughout the month, according to Mayor Walter Smith's records. Two inches fell on October 16, .98 of an inch on October 15, .48 of an inch on October 14, 1.40 inches on October 13 and .24 of an inch on October 8.

The outlook was for continued showers.

## "Goblins" Will Make Appeal for CROP

"Ghosts and goblins" the Rising Star are scheduling a treat collection for October 24, Halloween night, under the sponsorship of the Methodist Church.

Young people of the community plan to make Halloween an occasion of sharing with hungry people through the Christian Rural Overseas Program (CROP). Replacing the usual self-centered trick-or-treat appeal, the folks will make house calls seeking contributions for the CROP campaign.

CROP identification tags and labels on sealed money containers will be used to identify the youths taking part in the collection.

Proceeds will send surplus dairy foods and overseas through Church Service to hungry Government plus for supplied free of charge. Improved voluntary Handling and distribution surplus food costs less than a penny a pound.

Heading the Halloween project for CROP is the Y. M. C. W. department of First Methodist Church.

Mrs. Flo Appleby of who has been visiting Heath, returned to Sunday. Mr. and Mrs. Heath of De Leon and daughter of A. L. Mrs. Nell Grazell were visitors in home. I. W. R. daughter, Elizabeth, community visit W. Heath Sunday.

The two their way home in the playmate, also six years of the bridge. Lar- him and held on policeman patrolling car, arrived and youngster to safety.

...will receive an award heroism from the Indian of the YMCA Thursday, October 31.

If you may believe one Turkish citizen, the people of Turkey, who for centuries have lived under the shadow of the great Russian Bear and who have fought several wars with the Muscovites, are confident that, with a little help, they can take care of themselves in the event of Soviet aggression. They are concerned, but they have held their own in the past when Russia repeatedly tried to take possession of the Dardenelles and warm water outlet to the Mediterranean, and they believe they can do it again.

That was the attitude of the Soyken, Turkish agricultural trainee who was the guest of John Lee and his Soil Conservation district staff here for a full day Monday. The young Turk is studying soil and water conservation methods in the United States both in the field and at universities. He is now at Brownwood for several weeks.

The Russian and Syrian charges that Turkey and the United States are planning war on Syria was dismissed by Soyken with a shrug of contempt. "Why should we want to attack Syria?" he responded to John Lee's question. "They are no threat to us. One Turkish regiment could deal with Syria in a matter of days."

Argument may be regarded as influenced by patriotism but the fact is it doubtless is true. As Mr. Soyken pointed out the situation is a Soviet-made propaganda bogey to further the campaign of Russia to nullify the position that Turkey and including the United occupy within such short of the Russian heartland.

er was the young Turk at panicky over the Russian and the possibility that an atomic rocketry would his nation off the earth. Turkey will be in there, too, if comes to war, was his attitude. The fighting won't be on side.

American boys who fought side the Turks in the Korean war will testify to that. Among among the U. S. the only real fighting were the Marines.

g to Mr. Soyken, the nation is going about ss of rehabilitating an that is in somewhat and that American is in, rescuing its from centuries of feudalizing itself and planning to be around time to come.

W. Eddy has returned sit with her son, J. T. dessa. Recent visitors dy home were A. L. Archer City, Joe Burichita Falls, also Pat Hatfield. Miss Mae d with Aunt Kate Mrs. C. W. Eddy was

**STOCK CERTIFICATES, CAPITAL REQUIRED TO START CORPORATE BUSINESS**  
Every corporation organized under the Texas Business Corporation Act is required to deliver stock certificates to its shareholders.

And, as a protection to corporate creditors, a certain minimum amount must be received by a corporation for the issuance of shares of stock before it commences to transact business.

Formerly, a corporation was required to have received \$1,000 or ten per cent of its total capitalization, whichever was greater. However, the 1957 amendments to the Texas Business Corporation Act have removed the second requirement. Now it is only necessary that a minimum amount of \$1,000 have been received for the issuance of shares before the corporation commences business.

There is no requirement that the organizers earmark any money at all for the corporation before filing the articles of incorporation with the Secretary of State. The requirement is merely that the minimum be received by the corporation before it commences business.

As amended, the Corporation Act permits a corporation to use a reasonable amount of the proceeds received from the sale of its stock to pay organizational and sales expenses without thereby rendering the stock subject to further assessment.

The price to be paid to the corporation for its shares is fixed by its board of directors, subject to the restriction that it be in an amount at least equal to the par value of the shares. The directors may also specify whether payment must be made in cash, or whether payment may be in the form of property or labor performed for the benefit of the corporation.

Stock certificates must be signed by the president or a vice president and the secretary or a deputy secretary of the corporation or by such other officers as may be specified in the bylaws. If the certificate is countersigned by a transfer agent, fact-finders of the corporation may be used.

The certificates must appear certain formal statements such as the name of the stockholder, the name of the corporation and the number of shares. They must also contain a statement of any preferences afforded to any class of shares, and any provisions denying preemptive rights to the stockholders.

As a result of the 1957 amendments to the Texas Business Corporation Act, these statements may be made in full or in summary form or there may merely be a reference to the stock certificate in the document in which the statement can be found.

Stock certificates are not to be in any particular form. They need not even be printed or related so long as they contain the statements required by the statute.

Stock certificates prepared by the State of Texas, is written not to advise. No law would ever apply or in any law without the aid of a lawyer who is fully advised concerning the facts in, because a slight variance may change the application of the law.)

Mrs. Walter Smith, son, Jackie Smith, attended the Fair, been in Dallas about

Mrs. J. L. Somerford, of last week to spend days visiting their

Oscar Clark of

### SOIL CONSERVATION DISTRICT NEWS

Torrential rains hit in Turkey Creek Watershed above Cross Plains causing much road and agricultural flood damage.

According to Calvin and W. H. Ingram and E. E. Weaver the creek got higher than it has been since 1923. Many county bridges were damaged with a few written off as total losses. The eye of the storm seemed to center in the Cottonwood Community about nine miles northwest of Cross Plains. Rains up to seven inches were reported by several having fairly accurate measurements, according to Harold Garrett of Cross Plains who accompanied Soil Conservation Service technicians Coleman Walton of Baird, John Lee of Rising Star, and Vaughn Speakman of Brownwood in making a preliminary flood damage survey. Most of the damage occurred on unprotected land, Garrett observed. Range and crop land having good cover suffered little damage other than from desiccation, loss of fences and livestock. Soil losses on unprotected fields and range land were from moderate to severe in most of the flood plain. Heavy silt load carried from Turkey Creek during this and previous rain storms has choked up the channel capacity of the creek which in a large measure is responsible for some of the extensive flood damage during this storm, Garrett further observed. Flood water carrying a large quantity of drift and debris intensified flood damage, especially to fences and bridges.

Turkey Creek is one of the subwatersheds in the Middle Colorado. Flood prevention structures have been installed on three subwatersheds in the Middle Colorado which include Brady Creek, Deep Creek, and Clear Creek. Land owners in Turkey Creek have recently petitioned the Central Colorado Soil Conservation District for consideration in work plan development preparatory to solving the flood damage problems, according to C. M. Garrett, Supervisor of the Central Colorado Soil Conservation District. Garrett submitted this petition to the directors of the Middle Colorado Soil Conservation District Association at their annual meeting in Brady October 3 and it is hoped that the work plan will be started on Turkey Creek before too long, Garrett stated.

Rainfall throughout the Middle Colorado Watershed varied from four to seven inches according to E. J. Hughes, Area Conservationist at Brownwood. A check made on functioning of floodwater retarding structures early Tuesday morning revealed more than 20 of the 36 structures caught floodwater which is being detained for automatic release to regulated stream flow below. Rainfall other than on Turkey Creek was of gentle nature causing little flood damage. No appreciable damage has been reported on either of the three subwatersheds having floodwater retarding structures, Hughes said. Floodwater detained from this rain storm will be discharged over a period from three to 10 days without additional rains. This amount of floodwater temporarily detained to be discharged through prolonged stream flow will lessen the load to be carried by the Colorado River at its present flood stage, Hughes further states.

Mrs. W. L. Boggs has returned to her home after several days confinement in Rising Star Hospital. She was much improved.

## Two May Girls State Winners in 4-H Club Program

COLLEGE STATION. — Five Brown county 4-H girls have been named state winners in as many contests and are tops in Texas for 1957. The list of winners released today by the state 4-H club office includes George Ann Hitchcock, home improvement; Patricia Mae Madison, frozen foods; Rita Jane Stewart, beautification of home grounds; Janice Perkins, Santa Fe educational award and Raby Jean Beakley, public speaking.

The records of Misses Hitchcock, Madison and Stewart will be submitted for judging for sectional and national awards and Miss Beakley for national consideration.

The home improvement winner is the daughter of Mr. and Mrs. Tom Hitchcock and is completing her eighth year of 4-H club work. She is a senior in May High School. Her award will be an all-expense trip to National 4-H Club Congress which will be held in Chicago from December 1-5. Donor for the award is the Sears-Roebuck Foundation,

Chicago. Objectives of the home improvement program are to help the individual develop leadership talents; acquire a knowledge of the principles and materials involved in making the home more attractive and convenient at minimum cost; plan home improvements for beauty, comfort, health, privacy and safety; develop skills needed to carry out the planned work and to demonstrate to others what has been learned.

Improvement is made by Miss Hitchcock indicate how well she has carried out the objectives of the program. She has refinished floors, chairs, and other furniture; helped with heating several rooms in her home; painted woodwork in other rooms and made drapes and curtains for the home. She has worked out as part of her 4-H training. In general, she has helped to make living in her home more pleasant and the home chores less time consuming.

Completing 8th Year. The frozen foods winner is the daughter of Mr. and Mrs. F. H. Madison and she is also completing her eighth year of 4-H work at May. Her frozen foods work all began when the family purchased a home freezer. Her garden grew from a few rows

to an acre and the surplus production went into the freezer for later use. She reports that the home garden and orchard plus the freezer have materially cut the family food bill. Her record shows that almost 1,000 pints of fruit and vegetables were frozen and another 900 pints canned in her foods work. In addition, almost 4,400 pounds of beef, pork and venison were frozen along with 988 pounds of poultry and fish and 355 packages of other foods.

In addition to her work in foods, she has completed demonstrations involving clothing, food preparation, poultry and livestock. She is a Gold Star girl; a 1956 state winner in vegetable demonstration work; and holds many awards for honors won on the district and county level.

She has served as an officer of her local club or as a member of one of more committees each year and since 1954 as a junior leader in the May 4-H Club. She is also active in school, church and community affairs.

Miss Madison's all-expense trip to Chicago's National 4-H Club Congress is provided by the Whirlpool-Seeger Corporation of St. Joseph, Michigan. This donor also provides up to four medals for county winners and six college scholarships for as many national winners in the

frozen foods program. The state winner's record will be submitted for judging in the national contest.

Rita Jane Stewart, winner of the top state award in the beautification of home grounds, is completing her fifth year of 4-H club work. She is the daughter of Mr. and Mrs. A. R. Stewart and a member of the Early Senior 4-H Club. Each year she has added to her demonstrations which have included clothing, frozen foods, poultry, gardening, shrub identification, canning and a favorite, landscaping the home grounds.

The knowledge gained from being a member of two district winning shrub identification teams, alternate on a state winning team and a member of a second place state team caused Miss Stewart to undertake the project which she has successfully conducted. Her award will be a 19-jewel wrist watch. Donor for the awards program is Mrs. Chas. R. Walgreen of Chicago.

Miss Stewart reported that the first job was to get the yard in shape for sodding with carpet grass. Her father and sisters helped with the soil hauling and distributing work. Then began the job of setting trees and shrubs which has continued each year. A front walk has been construct-

ed, a front yard, and improved. The state alternate on the winning shrub identification from Brown county she was a member and second place in the state Senior 4-H Club. She is a member of the pep squad and a member of the pep squad.

Miss Beakley public speaking award at the 4-H Round Texas A&M College announcement on award was carried release.

The highly successful career of each of has been supervised by Velma Slaughter, home demonstration valuable assistance adult leaders Mrs. Mrs. Grace Gies Bleeker, Mrs. A. R. B. J. Dickerson, Mrs. kins and Mrs. J. L. Don't let your the Record express

# HOW VALUABLE ...IS LOCAL NEWSPAPER ADVERTISING TO LOCAL BUSINESS PEOPLE?

Here's what the American Bankers Magazine, a publication which represents a traditionally conservative profession, has to say:

"No business man or woman in any town should allow a newspaper to go to press without his or her name and business being mentioned somewhere in its columns.

"A stranger picking up a newspaper should be able to tell what business is represented in a town ... it's the best possible town adviser. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town."

IT'S CONSISTENT advertising that counts and the best advertising medium in this area is ...

Shults is also laboring (studying) with his brethren-Lexes in Tarleton. Forgive me, Jack!

Sandra Bradley just nearly had me fooled and I about given up until we read "The Rising Star Record" and found she was attending Texas Women's College in Denton. Good luck, Sandy!

Mary Hardin-Faylor is fortunate to have the presence of Wanda Smith with her walls.

The Marines have got her! Mary Perkins is going well while serving at Camp Pendleton in San Diego, California.

Abilene just sneaked up on us and stole Patsy Holtz. Pat is working in a watch factory there. Howard Walker and Scotty Elliott teamed up and attacked Cisco Junior College together. They haven't decided whether or not it's a winning or a losing battle!

Verita Butler and Bobbie Erwin are also keeping Cisco Junior busy with their antics. How's the dorm, girls?

Out where the West begins—Sunnyvale, California—is holding Glenda Witt captive. She's working in a telephone company in California.

The cowpokes in Cowtown have Glenda Gibbard fascinated. She's attending a business college in Fort Worth.

Bobby Hubbard is still residing in Twinkle City. He is employed by his father and is married to one of RSHS students—LaVeda Hubbard.

Eldon Carter has also stayed in his home town. He's working for Mutt Carroll at the Magnolia station.

Just guess where J. C. Butler and Jack Kaltenbaugh are? Where else—the mental hospital in Big Spring where they are working as doctor's aides. We're hoping you two Exes won't become inmates!

Fred Pringle is working for Timmy Johnson in Rising Star. How's well-digging, Fred?

Glen Welborn is in West Texas working in Midland.

Thus, the Exes of '57 have been found and are all accounted for. See there—I told you they wouldn't be so hard to find—even if I did use all the detectives available at Rising Star High.

Uh, oh! Closed the case too soon. Just heard from the school grapevine that Rhea McDonald and her husband, Gerald, are in points West on the unusual trip of combining.

With no more interruptions, I believe I can say "The Case of the '57 Exes" is closed and my man-hunt has ended!

Pat Howard

### THANKS, EXES!

The class of '57 will be proud to know that the remaining money in their fund was well used. A water cooler was purchased and is now residing in the hall of RSHS.

The entire high school has appreciated this nice gift and wants to say a great big "Thank you!"

### FROM THE EDITOR'S SCRAPBOOK:

"War is a waste; a waste of men, of future generations of civilization."

"We're all entitled to make our mistakes, stand by them, and work them out, one way or another."

### A FUNNY NOTE

A newborn infant was crying lustily in the infant's ward.

"What's the matter?" asked a visitor, peering through the glass partition.

"Look," said the ward nurse, "if you were only a few hours old, out of a job, and owed the government \$1,999, you'd bawl too."

### LAST THOUGHT—

May your good ship "Happiness" continue to bear you safely through the waters of friendship into the harbors of good will on your way to new worlds to conquer.

### BAND NEWS

Once again the RSHS Wildcat Band presented a very entertaining program, this performance being during the halftime at the Rising Star-Mason game. Friday evening's activities included a very spectacular display in which the band formed a semi-circle and played "Moonlight", while the field was darkened and our majorettes twirled with lighted batons. The band showed remarkable progress in marching with a snappy precision drill.

We hope you buy a birthday calendar because a picture of our band will adorn the front! We want to thank the annual staff for this honor.

See you at the game! Let's back our Wildcats!

### NEW FACES

Our new face for the week is a freshman. She is Shelia Graham. She was born March 18, 1943, in San Angelo. Her parents are Mr. and Mrs. A. W. Pearce. Shelia has attended many schools; among them were Fort Concho and Lake View.

Shelia has blond hair and green eyes. She is about five feet tall. Shelia has made many friends here, one of her best being Louise Guyton, a freshman. Shelia's favorites are many—her favorite book is "Beverly Gray" and the magazine is "American Girl". Audie Murphy is her favorite movie star with

Rock Hudson running a close second. As for food, she chooses lemon pie and at school she claims English as the "ideal subject."

Essie Heairren

### WE, THE SOPHS

Have you met the Sophs? If you haven't, it's certainly time you did. Going alphabetically, we find—

Pat Agnew—That tall, blue-eyed blond is the pillar of our class; our capable class president. We never wonder what we would do without him; the idea is too inconceivable. Pat is the son of Ray and Alta Agnew, a very prominent family in Rising Star. Last but not least, he's such a wonderful football player.

Ronnie Alford—Man! That little guy surely can beat a bass drum and is quite an asset to the band. Ronnie is a brown-eyed brunette we have known for years. You have heard of the quiet one who is an essential cog in the wheel of humanity; well, that's our Ronnie.

George Cook—It isn't such a wonder that George and Ronnie should be the best of pals. George is also a brown-eyed brunette and very important to the band. His cornet playing helps to make our band. George left us for a while and we are certainly glad he missed us so much that he returned to Twinkle High.

Barbara Culwell—This one has stolen the hearts of all RSHS. Her coming to us never ceases to be a blessing. Bobbie is a very pretty brunette who barely reaches five feet in height. Is it any wonder she was chosen Soph Favorite?

And with this happy note we leave introductions until next week.

What do you say? Beat Lorraine, Cats!  
Reporter

### FISH NEWS

Hello, Everybody,  
The "Fish" are off to a new

six weeks with a bang. We successfully flew through the first six weeks with good grades. Thanks to our teachers!

Our reporter was so busy that she couldn't possibly get to the news this week, since she is on the annual staff, also our class representative for the Student Participation Association, and O-I lie does a good job of everything she undertakes.

This Friday night we have a game with Lorraine, here, so we will be looking forward to seeing all of you out at the game. Come on, Wildcats, get with it.

So from a fellow "Fish", here's saying, "Adios!"  
Jetta Butler

### JEST FOR FUN

Billy: "What do you mean, the soldier marched all day and only moved two feet?"

Martha W.: "That was all he had."

Husband: "Why in the world did you buy that hat?"

Wife: "Because I couldn't get it free."

Jerry: "Why did the little moron rub gunpowder in his hair?"

Jimmy: "Because he wanted his hair to grow in bangs."

Barber: "How would you like to have your hair cut, sir?"

Customer: "Off!"

Elevator girl: "Here's your floor, Sonny."

Boy: "Don't call me Sonny—you're not my mother."

Elevator girl: "Maybe not, but I'm the one who brought you up."

Dum: "Why didn't they play cards on the Ark?"

Bum: "Don't ask me."

Dum: "Because Noah was sitting on the deck."

### TO THE BENCHWARMERS

"I shot a pass into the air, it fell to earth I know not where; And that is why I sit and dream On the bench with the second team."

# HOME MAKERS

## Views and News

Stella Kirkland  
Helen Rose, Typist

Henry Weathers  
Asst. Home Dem. Agent

Would you like to feed your family better for less? If you are like thousands of other homemakers, the answer is "yes". Follow these suggestions for better utilization of the food dollar. To get the most from today's food dollar:

- \* Plan your marketing list before you shop.
- \* Buy only what can be used or stored satisfactorily.
- \* Plan to use left-overs. Avoid waste.
- \* Market in person—see what you buy.
- \* Buy the form and quality that is best suited to the intended use.
- \* Buy foods in plentiful supply.

**DON'T FEED THE GARBAGE CAN . . .** The average American feeds 225 pounds of food a year to the garbage can. That's two-thirds of a pound a day. At the low rate of 25 cents a pound, this means a family of five pays \$281 for groceries they do not eat. Reasons: Lack of good planning and buying, poor preparation and serving, poor use of leftovers, and improper practices of preservation and storage. Solution: Suggestions for planning meals, buying, preparing, serving, and preserving foods are given in Extension Bulletin, "Eat Well for Less". Get a copy from the 4H agents' office.

Eggs are available in various grades and sizes in most markets. Extension foods and nutrition specialists say highest grades, A and AA, are ideal for cooking in the shell, for frying, or poaching. Thrifty homemakers need not shy away from Grade "B" eggs, but rather take advantage of the plentiful supply and lower price by serving egg main dishes often and by stepping-up the richness of many other foods with added eggs.

Non fat milk solids contain all nutrients found in fresh skim milk. It is economical and can supplement or substitute for part of your milk supply. Use non-fat milk solids for making your own mixes. Use them for biscuits, shortcakes, muffins, waffles, pancakes, chocolate pudding. Recipes are found in extension bulletin "How to Use Whole and Nonfat Dry Milk". Next time you have mashed potatoes, use a tablespoon of milk powder for every medium-sized potato. Add it with the butter when you mash the potatoes. Then, instead of adding fluid milk, use some of the hot potato water in which you cooked the potatoes. Substitute powders for milk in sauces, gravies, desserts, and meat loaves. Supplement calcium by adding powders to whole fresh milk. (Especially for children.)

**PLENTIFUL FOODS LIST FOR OCTOBER**—Outdoor chefs will find one of their favorites, broil it frying chickens, heading to list of plentiful foods for October. Cheese and dry peas so headline the October list of plentiful foods. Canned and frozen peas are also expected to be in ample supply as are apples, potatoes, onions, peanuts

The Scranton 4-H Club had their first club meeting last week, at which time they elected officers and discussed what would be suitable 4-H projects. The new officers are Harold Reese, president, Jimmy Johnson, vice president, David Stuart, Sec-Treas., Jerry Morgan, Reporter, and Franklin James, Council doing a very good job of feeding and training the Hereford steer that he won at the Houston Beef Calf Scramble last March. His Representative.

Jack Callaway, Rising Star, is calf weighs about 565 pounds now and is gaining over three pounds per day. He plans to show it at Abilene in February and then take it on to Houston to compete with the other scramble calves. Jack is feeding out another calf for the county show next spring. Jack has been a 4-H Club member for nine years and has fed calves for shows all that time.

The Electric Team Demonstration contest has attracted the interest of over sixty 4-H Club boys and girls of Eastland County. In the contest there will be two members per team, consisting of two boys, a boy and a girl or two girls. The teams can put on demonstrations on a general subject such as "The Many Uses of Electricity on Our Farm and in Our Home," or a specific subject such as "Repairing Extension Cords". The teams will compete against each other in the county elimination contest held in the early spring and the winning team will compete in the District contest at Tarleton College next April. To go to Tarleton College to compete there the team members must be 13 years old by Jan. 1st.

Franklin James, Scranton 4-H Club member, is very pleased with the Sears gilt he received from the Sears Pig Program in May of last year. His gilt farrowed nine pigs last March and raised eight and presently has a litter of eight pigs.

Sixty 4-H boys and girls have indicated that they are going to show fat lambs next spring at the county Livestock Show. Twenty-six boys are planning to feed out and show fat barrows and gilts at the show. Lamb feeding has been on the increase for several years. Even town boys can feed out lambs.

"News and Views" tip of the week: Coat the bottom of ice trays with a light film of salad oil and they won't stick to the freezer shelf. Remember to freshen them occasionally by washing in suds and rinsing thoroughly.—Nancy Weather, Assistant H. D. Agent, Eastland county.

## Charlotte Shannon In ACC Drama Cast

(Special to Record)  
ABILENE.—Charlotte Shannon, Abilene Christian College sophomore from May, has been chosen as a member of the cast for the ACC fall production, "Death Takes a Holiday."

Charlotte, the daughter of Mr. and Mrs. J. B. Shannon and a 1956 graduate of May High School, is a drama major. Charlotte is also active in Omega Rho Alpha.

"Death Takes a Holiday" will be the first of three productions planned by the Melpomenean Players for this year. The romantic fantasy is written by Alberto Casella and will be presented in Sewell Auditorium October 31, November 1 and 2, under the direction of Dr. Gaylan Collier, ACC drama coach.

Mrs. Adelia Shults is taking a vacation from her work at the First State Bank and is visiting her brother, Robert Horton, and family in Houston and her sister and family in Waco.

## LOCAL ITEMS

J. E. Pierce of Sherman, brother of Mrs. Wilburn Scott, spent Saturday night with the Scotts. On Sunday he, with Mr. and Mrs. Scott, attended the Golden Wedding celebration honoring Mr. and Mrs. Roy Pierce of Carbon.

Guests of Mr. and Mrs. G. P. Brawner during the past weekend were Mrs. Lucille Handlin of Tulsa, Okla.; Mr. and Mrs. Hubert Davis of Marlin, Texas; Mrs. Nettie Davis of Tahoka, Texas; Miss Bill Brawner of Fort Worth, and Carol Brawner. Mrs. Dell Davis and family of De Leon were also guests of Mr. and Mrs. Brawner last week.

Mr. and Mrs. George Payne has returned from a two-week visit in Grand Prairie with Mrs. I. V. Clark and family.

Mr. and Mrs. Jim Jones and son, Don, of Kingsville, were here for a few days to visit her father, A. N. Searly and Mr. and Mrs. Mark Clark and Aunt Kate Jones.

## North Star Club Meets October 15

The North Star Home Demonstration Club met in an all-day meeting with Mrs. Will Ware on Tuesday, October 15 at 2:30 p.m. The members repeated in unison the club motto, pledge and prayer. Eleven members answered the roll call. The order of business was taken up and Mrs. Ware read letter from the Council asking the club to get its entry in the Achievement Day, November 6, in early, and to bring a covered dish for the luncheon.

The club won \$15 for placing second in the Rising Star Free Fall Fair parade.

Present were Mmes. Louisa Ware, Lea Hardin, Ada Williams, Susie Coursey, Nora Harris, Eliza Harris, Dora Eberhart, Beyrl Heath, Mary Pierce, Ethel Clark, and Miley Wilson, members, and Mrs. Ethel Barnes of Rising Star and Mrs. Appleby of De Leon, visitors.—Ethel Clark, Reporter.

Scotch Tape at the Record.

### SENIOR NEWS

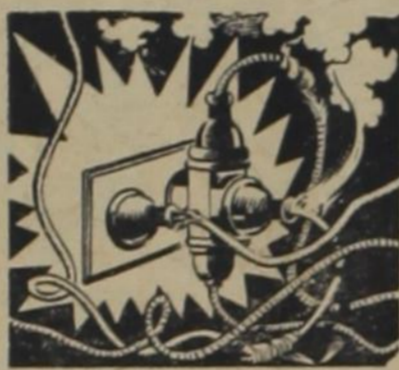

"Fair is foul, and foul is fair."—As you ex-Seniors will realize, we're slowly coming to the end of our study of "Macbeth" and I think I can truthfully let out a sigh of relief for the whole class. We've been saying poetry for three days and have started to work on our term themes.

The Seniors are trying to live up to the motto, "Seniors Are Good Leaders." We got a good start on this by leading off the school year parties with a surprise birthday party for Carl Weathers. The masquerade party given by his mother was at Carl's home. Carl, if you've thought you were being left out of something by all the secrets and whispering going on, well, now you know.

Three honorable guests were present at the party Thursday night. Mr. and Mrs. Homer Q. Cumquat Jones and their lovely daughter. The guests were

to again. The typing we had when we blood catches and he you this just ma Oh, well, malst! And it's all the Ser turned in Several to qualify Always and life full of ha Pencils at Record off

Wanda Smith, daughter of Mr. and Mrs. C. E. Smith and a student at Mary Hardin-Baylor College, Belton, is home while the school is closed because of a flu epidemic. She will return Monday when classes will be resumed.

Mayor and Mrs. Walter Smith visited the State Fair at Dallas from Friday to Sunday. They reported an enjoyable trip. The Mayor said he was particularly interested in the display of rockets and guided missiles.

M. D. Gibson and F. B. Joyce went to Fort Worth last week end. Mr. Gibson visited his son and family and Mr. Joyce visited his brothers.

## SOCIETY, CLUB AND CHURCH

MRS. F. W. ROBERDS, Editor Telephone 3-4301

### Saturday Club Has Program on "Health Welfare"

The Saturday Club met Wednesday, October 16, in the library. Mrs. Lee Clark, president, presided during the business session, when reports from committees were heard and future plans were completed. Mrs. Barney Cargile, program chairman, introduced the speakers, Mrs. O. D. Carver and Mrs. John Lee, who spoke on "Health and Welfare." The slogan: "Health is more valuable than wealth" was stressed. "Spare Parts Are Saving Lives" was discussed by Mrs. Carver. "The Truth About Tranquilizing Drugs" was given by Mrs. John Lee, who is a registered nurse.

tage places in the library. Roll call was answered by the 13 members. The Saturday Club is sponsoring a bake sale at Agnew's Grocery on Nov. 9th and again on Nov. 26th.

### Foster Home Sold To Douglas Eakin

Mrs. J. I. Foster and daughter, Margie Rixford, have sold their home here at 507 West Austin Street and have purchased a home in Comanche where Margie is a nurse. Douglas Eakin, a brother of Sam Eakin, bought the Foster home and will move here in the near future. We regret to lose Mrs. Foster and her family, who have lived here for a number of years, but we heartily welcome Mr. and Mrs. Douglas Eakin into our town. Mr. Eakin is an experienced oil driller and is a partner of his brother, Sam. The two have been very successful in their operations.

Mr. and Mrs. Sam Woodruff visited their daughter and family, Mr. and Mrs. Zelmer Glover, in Snyder last week. They were accompanied by Mrs. Lee Clark.

THREE LOVELY LADIES—Susan, Mary and Margie from one of Circusdom's famous families THE FRAZIERS. They appear several times during the performance and are always great favorites with circus goers. The famous Cole Circus will be in

### W.S.C.S. to Observe Week of Prayer

The W.S.C.S. of the Methodist Church will observe the Week of Prayer and Self Denial beginning October 23 at 10 a.m. They will also serve the regular benefit luncheon to the public from 11:30 to 12:30 on that day. The proceeds received will be used for church benefits. Following the luncheon and each day that week, they will study missions.

### Lueders Man New Encampment Manager

N. I. Williams of Lueders will be the new business manager of the Lueders Baptist Encampment, succeeding the Rev. Henry Littleton, who resigned. Williams, formerly a Lueders druggist for 14 years, is employed by the refinery at Lueders. Mrs. Williams is treasurer of the encampment and was re-elected to that office last week. Mrs. Williams is a first cousin of Fred W. Roberds of this city. ### Old Testament Books Are Studied By Ladies Class

The Ladies Bible Class of the Church of Christ made a rapid study of the book of Numbers at its meeting Thursday, Oct. 10. The three previous lessons covered the first three books of the Old Testament. Thursday, 12 ladies were present.

In Genesis, the book of beginnings, the student learns of the beginning of the world, man, the Hebrew nation, home life, and sin. In this book is recorded the first murder, the great deluge, and the beginning of a new world. In Chapter 12:1-3 we read of God's call to Abraham to head the new nation, and of God's promise of blessing to all mankind through Christ. In Genesis we read that Abraham and his descendants began building altars for worship to God. Above all this is the germ of the unfolding purpose of God to redeem man.

Exodus, which means "Going Out", tells of Israel's bondage in Egypt 400 years, and of the departure for Canaan. "Deliveries" may well be called the keyword of the book. This deliverance is a type of redemption through Christ. Moses was the leader in this exodus, and to him were given the laws by which the Jews were governed down the stream of time to Christ. The book of Exodus is closely associated with the book of Acts in the New Testament. The Bible student can easily trace an extended analogy between the two books.

The book of Leviticus relates to the Levites. Its leading points are the sacrifices, priesthood,

purity, feasts, and special laws. Certain laws of the "Law of Moses" govern all phases of the tabernacle worship, as the children of Israel continue their journey to the Promised Land. "Holiness" is stressed in Leviticus. Chapter 26 relates God's promise of blessing to the obedient, and curses to the disobedient. The ultimate aim of the book is to reveal Christ in type as sin-bearer. In the New Testament the book of Hebrews makes many references to this book, showing that various things of Leviticus were types of Heavenly things. In Hebrews 10 we read that we are redeemed by the offering of the body of Jesus Christ.

Numbers relates the 40 years of wandering and the journey to the Promised Land. The book contains two numberings — the first two years after the exodus and the second 38 years later. In the book, the lessons given in Leviticus are applied through service and work. Numbers is a record of Israel's march to the borders of Canaan, turning back because of rebellion, wandering in the wilderness until older ones died and young ones were trained to obey God, and of the return to the border of the Land of Promise. All who could fight were sent forth to gain the victories along the way to Canaan. —Reporter.

### Attend Baptist Meet at Eastland

The Baptist District 17 Annual Convention was held at First Baptist Church of Eastland on October 17-18. Twelve counties, seven associations and 161 churches were represented. Attending from Rising Star were Rev. Ed M. Jackson, pastor, and Mr. and Mrs. M. G. Joyce, Mr. and Mrs. Clark Crownover and Mr. and Mrs. Fred W. Roberds.

### Cole Circus to Be Here October 26th

Saturday, October 26, the Famous Cole Wild Animal Circus will be in Rising Star. Always a big day for every youngster and for all those adults who are still young at heart.

The big white trucks and vans of the Geo. W. Cole Three Ring Wild Animal Circus will roll into town early Saturday morning and will move directly to the ball ground in the City Park just west of the Rising Star Hospital where the work of setting up the tents and other circus props will get under way. For all those able to get over to the showgrounds Saturday morning, the setting up of the circus should prove an interesting operation. The Cole Circus carries its huge "Big Top" on large truck-mounted spools, spread it on the ground mechanically, and then raise it into the air with the help of ponderous elephants wearing special leather work harness. Stakes are driven mechanically and the big top goes into the air with amazing speed and efficiency. About 10 a.m. on circus day, all of the circus's wild animal cages will be open for nearly an hour's free inspection by visitors to the circus grounds. The Cole Circus has found that this morning "Free Sample" has had an excellent effect on box office receipts by giving townspeople a chance to judge the quality and calibre of the show.

Mr. and Mrs. Frank Perkins of Lockney, former residents of Rising Star, were here Saturday to visit friends. They were en route to Dublin and Brownwood.

Mrs. Ada Holamon, who has been visiting her daughter in Abilene, is now at home.

Mr. and Mrs. M. L. Joyce and son, Joe, of Albany, spent Sunday with his parents, Mr. and Mrs. M. G. Joyce, and other relatives.

Mr. and Mrs. J. M. Jones and son, Don Goodman, of Kingsville, were visiting Mrs. Jones' father, A. N. Searly, over the week end.

Mr. and Mrs. Will Ware have returned from Fort Worth and Arlington where they visited their children and grandchildren.

Mrs. Mollie Landreth, accompanied by her daughter, Mrs. Bess Wright, made a trip to Fort Worth.

Walter and Arthur Perry, sons of Mr. and Mrs. Jess Perry, spent the week end here with their parents.

Miss Billie Shults went to Abilene this week to visit her sister, Mrs. Henry Conkling, and Mr. Conkling.

Mr. and Mrs. Bert Holamon, David and Deborah of Goldsmith, Texas, attended the Dallas Fair and visited relatives here.

Mr. and Mrs. Earl Swayne returned home last week after visiting Mrs. Swayne's brother, Billy Graves in Dallas, and attending the State Fair.

Walter and Arthur Perry, sons of Mr. and Mrs. Jess Perry, spent the week end here with their parents.

### Claud Griffin Has Birthday Party

Rising Star and Amity friends of Mr. and Mrs. Claud Griffin gave Mr. Griffin a surprise birthday party on October 16.

Mr. Griffin wrote that the other men enjoyed the event about as much as he did, for, being on a strict diet, he could not eat the candy or use the chewing gum, and the others had the benefit of that. He also wrote that he would have liked to unwrap his packages but the other boys had them unwrapped for him before he could get started. So it made not just one man happy, but four, he said. They were all out of their beds, orders or no orders, and had a happy pajama party, he said.

Mrs. Ada Holamon, who has been visiting her daughter in Abilene, is now at home.

Mr. and Mrs. M. L. Joyce and son, Joe, of Albany, spent Sunday with his parents, Mr. and Mrs. M. G. Joyce, and other relatives.

Mr. and Mrs. J. M. Jones and son, Don Goodman, of Kingsville, were visiting Mrs. Jones' father, A. N. Searly, over the week end.

Mr. and Mrs. Will Ware have returned from Fort Worth and Arlington where they visited their children and grandchildren.

Mrs. Mollie Landreth, accompanied by her daughter, Mrs. Bess Wright, made a trip to Fort Worth.
