Number 3

I hope that some of you experienced the excitement of seeing Comet Kohoutek as two of my "Star-Gazing" friends, and James and I did on Friday night, Jan. 11. The streak of the comet was visible to the naked eye, but with the benefit of binoculars the star itself could be seen in all of its celestial beauty - it was quite a sight!

This the first week of C.D.-S.T. has brought about much moaning, groaning, agonizing and just plain griping - we have heard and read many and varying comments on the advisability of this time change, but the most apropos was this coffee cup comment "This so called conservation measure reminds me of the old Indian who cut a length off the top of his blanket and sewed it on the bottom because his feet were cold." But who knows, something good may come out of this yet.

We congratulate Dale Wolf and Johnny Turner - I think it's pretty great for two of our Wildcats to be named to the All State Second Team. They are both fine athletes and we know they want to share this honor with the coaches who have trained them and with their parents who have encouraged them.

We say a special Thank You to James who has helped us all through Christmas vacation with the exception of the week that he 'rested' in the hospital. But it's back to the books for him and we'll try to manage without him.

N.P.G.O. Presents Plan For Modification Of Program

The steering committee of the National Peanut Grower Group on Jan. 10 presented to Agriculture Secretary Butz a proposal for modification of the peanut price support program. The national grower organization had previously approved the general principles for modification of the program in the hope of eliminating points of vulnerability in the present program, particularly cost and lack of flexibility in permitting the production of peanuts for export and crushing at prices less than those prevailing on domestic edible peanuts.

The plan as presented by the NPGG would drastically reduce CCC program costs through grower assessments that would be paid on the peanuts marketed in the United States. Such assessments, deducted from the grower's market price, would be placed in a general fund and used to

defray CCC program losses.

The present domestic allotment of 1,610,000 acres would be retained for allotment production, but unlimited production would be permitted for peanuts to be used in export and domestic crushing. Under the plan, price support loans would be available to growers through the three area grower associations as presently practiced. Peanuts produced on non-allotment acreage would be required to be moved through the grower associations in order to maintain identity, prevent substitution of peanuts, and preserve quality.

Price support for allotment production would be based on 75 percent of 1974 parity and adjusted for each crop by the change in the index of prices paid by farmers. The loan rate to growers would be 100 percent of the adjusted base price, to be decreased by one percentage point annually to not less than 96 percent.

Support on non-allotment production would be established annually by USDA at 90 percent of the estimated world market price. Stringent regulations would be established by the growers associations in determining that non-allotment peanuts are used expressly for export and crushing and do not reach the domestic edible market unless the domestic market cannot be supplied from allotment production.

Agriculture Secretary Butz expressed reservations relative to the assessment approach, but a compromise may be accomplished by utilizing a gradual acreage reduction in allotment production and supporting such production at prices somewhat less than the 75 percent of parity. The grower committee will continue to work with USDA personnel in an attempt to reach a solution that will be acceptable to both industry, USDA, and the Congress.

May U.F.D. To Sponsor Music Program

The May Volunteer Fire Department is sponsoring a musical program by Joe Paul Nichols, a recording star, who has presented programs on WFFA and WBAP radio stations. The local program will be presented Thursday evening Jan. 31, 1974, at 8:00 p.m. in the May High School auditorium. Admission will be: six years - 14 years - 50¢. Adults 14 years and over \$1.00 each. Let's all support our Volunteer Fire Department.

Sgt. Duye C. Marsh Receives Award

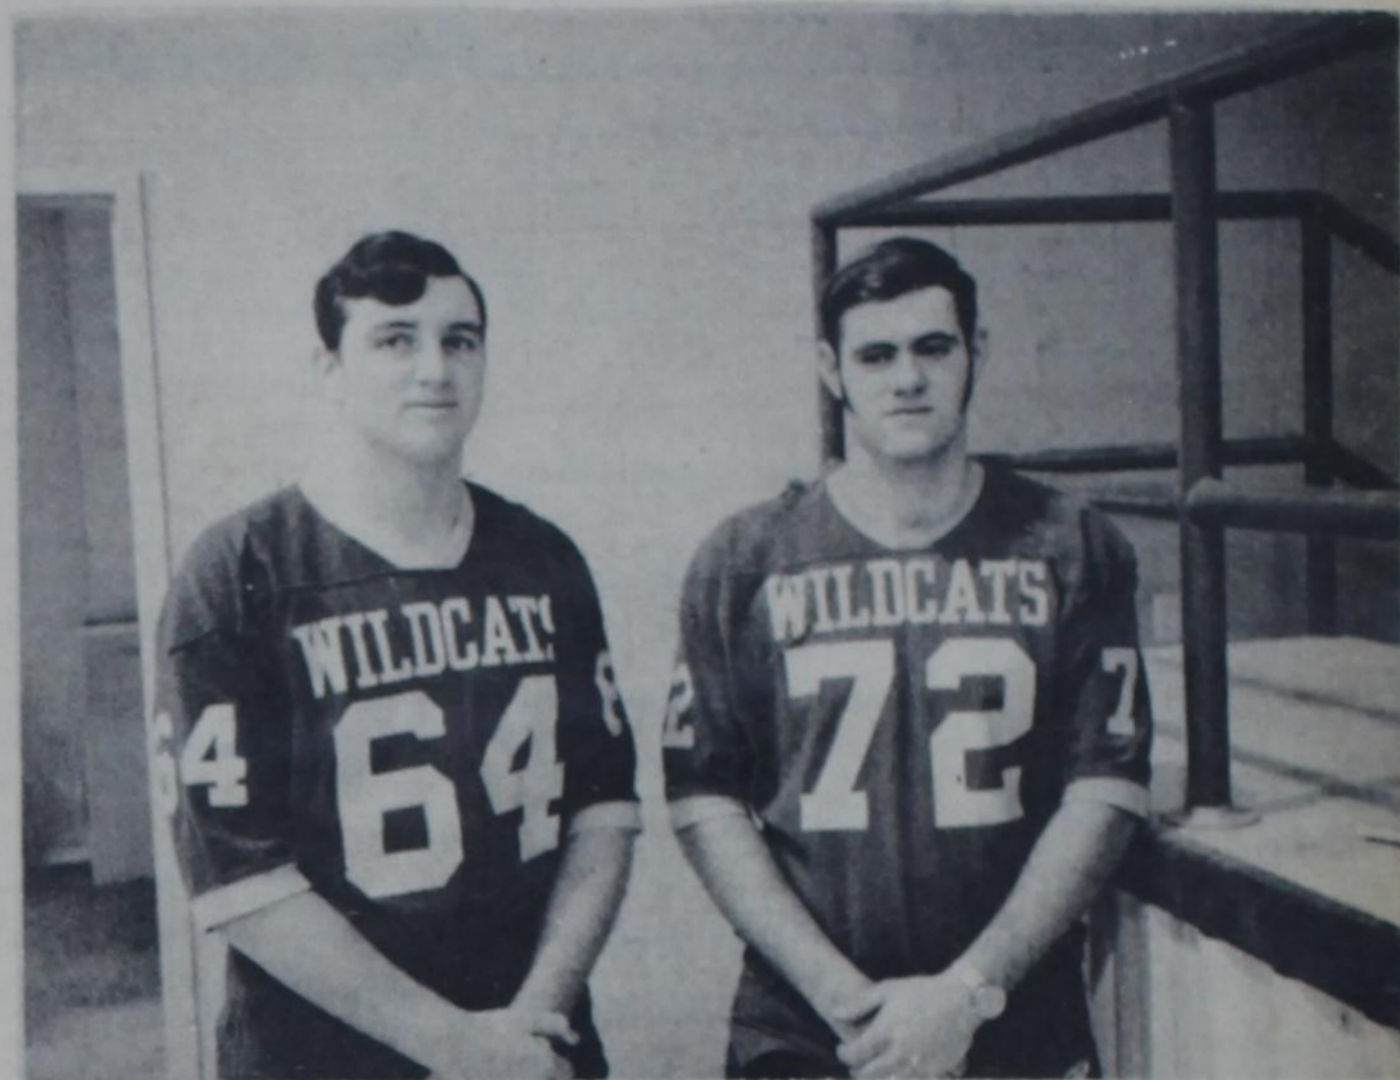

ALEXANDRIA, LA. - U.S. Air Force Technical Sergeant Duye C. Marsh, son of Mrs. F.C. Marsh of Rt. 2, Rising Star, Tex., has been given a cash award of \$75 at England AFB, La., for his military improvement suggestion.

Sergeant Marsh recommended the installation of a one-digit dial intercommunications system at the Claibourne Weapons Range.

He is a wire maintenance supervisor at England with a unit of the Air Force Communications Service.

The sergeant attended Cross Plains High School.

Beginning Jan. 24 the Rising Star will feature a recipe column each week. If you would like to share a favorite recipe, send a copy to the Rising Star, P.O. Box 127.

ALL STATE - JOHNNY TURNER and DALE WOLF

Two Wildcats Make All State

Dale Wolf and Johnny Turner, outstanding in Rising Star's dash to the state playoffs, have been named to second team positions on the

state class B football team. Dale, a 5-10, 200 pound senior, is the son of Mr. and Mrs. James Wolf. He made the No. 2 team as a defensive lineman.

Johnny, 6-0, 210 and only a junior, was a second team selection at offensive guard. He is the son of Mr. and Mrs. J.C. Turner.

Rising Star Has "Active" React Club

The community of Rising Star is very fortunate in having the services of the Rising Star Emergency (REACT) Club. This is a group of citizens banded together to help in any emergency that arises in the community or at any time the group is needed.

The Emergency Club members are not paid a salary and do not charge for any of the

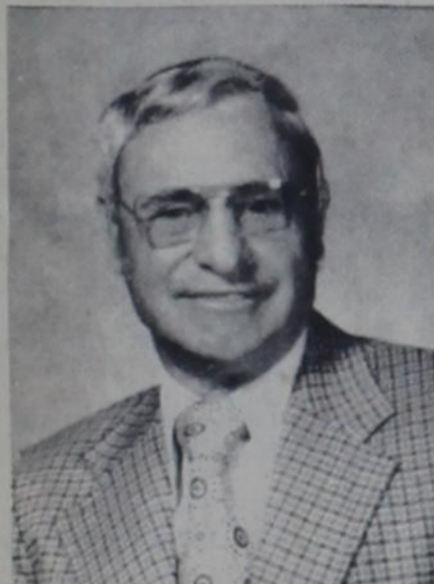

varied services they provide. Club members report that they are in the process of obtaining some emergency equipment as funds become available.

A need that arises periodically is for blood donors. Emergency club personnel request that those willing to donate blood when the need arises give their name and blood type (if known) to club

members C.B. Nichols at Nichols Cleaners or J.W. Bishop, phone 643-4271, in an effort to expedite the process of locating available blood donors in case of an emergency. Members report that transportation when needed, will be provided to and from the blood donation center.

Citizens are also reminded that the Emergency Club may be reached when needed by phoning 643-4271 or 643-3811.

O.C. Warden Announced For Co. Superintendent

O.C. WARDEN

O.C. (Stubby) Warden, 58, has announced that he will be a candidate in the May 4th Democratic Primary for the office of County School Superintendent. "Stubby", former head coach and teacher at Ranger High School for 16 years is certainly not new to the people in Eastland County. Warden, who coached the Ranger Bulldogs to several district championships and won the state championship in 1953, is a veteran of four years in the U.S. Navy during World War II as a lieutenant.

At present he is supervisor for the Eastland County public schools, a position he has held for the past 13 years, working out of the county school superintendent's office.

"I feel that after 33 years experience in the school business, some 29 years in Eastland County, will enable me to be an effective county school superintendent. I know the needs of our schools and our school children in our county".

Warden graduated from Texas A&M with a BS degree in 1939, a Master of Education from Hardin-Simmons in 1952 and has done graduate study at Texas University and ACC.

Charles Crow - "Promising Young Artist"

Charles Crow is a young artist whose paintings "show his appreciation of man's relationship to nature". This is the opinion of one art writer as expressed in the Austin American Statesman.

Charles is the son of Mrs. Gladys Crow of Rising Star and at present is making his home here with her.

The prominent young artist was born in Houston. He studied architecture at the University of Texas. Later he worked as an illustrator for

John Roberts Inc., and is now devoting all of his time to painting.

Charles had his first major exhibition at the G. Harvey Galleries in Austin last October where patrons described his works as "having a sensitive treatment of the simple beauties of nature, which promises to make him one of our more prominent artists."

He says that he prefers to use the freedom of subject matter which he himself desires, rather than to paint what he

thinks the public will buy, for he thinks that this would afford him a narrow framework in which to paint.

Charles paints in acrylic and water color and his paintings show a precision of technique and an appreciation of nature and man's relationship to it in works of beautiful coloring and of interesting and varied subject matter.

It is hoped by this writer that this young artist will capture some of the beauty of our mesquite and sand country while he is working here.

Joe T. Gray Announces Re-election For District Clerk

Joe T. Gray has authorized this newspaper to announce that he will be a candidate for re-election to a second term as District Clerk of the 91st District Court, Eastland County.

Mr. Gray said that he will issue a formal statement at a later date.

He is a native of Eastland County and a 1931 graduate of Eastland High School. He graduated from Texas A&M in 1937 and is a Certified Public Accountant. Gray is a member of the Texas Association of Public Accountants.

Lakewood Ladies To Meet Jan. 18

The Ladies Lakewood Assoc. will hold their monthly luncheon on Friday, Jan. 18, at 12:30 at the Lakewood Recreation Clubhouse.

Hostesses for the luncheon will be Mrs. O.B. Edmondson, Mrs. Edwin Baum, and Mrs. J.C. Bowden.

H.P.C. Students Register Jan 15

BROWNWOOD - Dormitories at Howard Payne College began filling up January 12 as students arrived on campus for spring semester registration which officially began Tuesday, Jan. 15, at 8 a.m. Some 1200 students who pre-registered during admission week before the fall semester ended will be the first to sign up according to Don Jackson, dean of admissions and records.

Returning students were followed Wednesday by approximately 150 freshmen and transfers who are registering at HPC for the first time.

Area residents signing up for continuing education courses also registered during the two day session or may sign up at their first class meeting.

Registration ended Wednesday at 5 p.m. and classes

are scheduled to begin Thursday (Jan. 17) at 8 a.m. Students registering after the Wednesday deadline will be charged a \$5 late fee according to Jackson.

An orientation and advisement session for freshmen and transfer students was held at 9 a.m. Tuesday in Winebrenner Science Hall, Room 121.

Monday, Jan. 21, will be the first day students may add or drop courses and the deadline for late registration will be Feb. 1.

According to Jackson registration will be speeded up this semester because of a new computerized system for handling records.

Jackson said, "The new computerized system will greatly speed up registration and eliminate long waiting lines."

The Young Homemakers Will Have A Bake Sale At Higginbothams On Friday Jan. 18 At 9:30 P.M.

Dick Foster Is Candidate For County Treasurer

Eastland County Commissioner, Dick Foster of Precinct 2, has announced that he will be a candidate in the May 4th Democratic Primary for the office of County Treasurer of Eastland County. At this time Foster is serving as County Commissioner for precinct 2, but due to the redistricting he will be unable to seek re-election

as Commissioner.

Foster is fifty-one years old. He is married and has three children; Mrs. Don Underwood of Roby, Mike Foster of Cleburne, and Brent Foster, a sixteen year old sophomore in the Gorman Public School.

Foster states that he will make a formal statement at a later date.

Proud Grandparents

Mr. and Mrs. Owen Aiken are proud to announce the birth of their first grandchild, a little girl born to Mr. and Mrs. Otto Aiken of Westbrook on Saturday, Jan. 12.

Announcing...

CHAD DEWAYNE HILL

Mr. and Mrs. Dinky Hill proudly announce the birth of a son Chad Dewayne, on Dec. 23 in Eastland Memorial Hospital. He weighed 7 lbs and 5 ozs. and was 19" long.

The Hills have another son, Kerry, who will be four in April. Chad's paternal grandparents are Mr. and Mrs. Rex Dunlap of Brownwood, his maternal grandparents are Mr. and Mrs. Clinton Wilson of Rising Star.

He has four great-grandparents, Mrs. Walter Hill of Rising Star, Mrs. Linnie Zellars of Odessa, Mrs. G.K. Dunlap of Brownwood and Mr. J.H. Wilson of Rising Star.

SEEDS FROM THE SOWER

By Michael A. Guido, Metter, Georgia

The twins, five years old, had knelt for their bedtime prayers. Little Clara prayed first, closing, "Goodnight, Lord; and please stay tuned for Clarence."

The Lord stayed tuned for another one of His children. He wrote in Psalm 116:2, "Because He hath inclined His ear unto me, therefore will I call upon Him as long as I live." But for the Lord to stay tuned there must be:

Companionship. Prayer is simply keeping company with the Lord. Spurgeon, the prince of preachers, said, "Not an hour passes during any day but that I am in conscious communion with my Lord."

Communication. Because

the gay passengers had been jamming the wireless with senseless messages to friends in America and Europe, other ships in the area could not get through to the Titanic with iceberg warnings. Over fifteen hundred people perished. So often our lives are jammed with frivolous words that the saving Word of the Lord cannot get through to us. We must clear the channels.

Commitment. In the field of radio, the transmitting and receiving sets must be attuned. So with prayer: there must be sympathy with the Lord's will and Word.

Does the Lord stay tuned for your prayers?

Thoughts
 From The Living Bible
 "The Festival of Tabernacles: Five days later, on the last day of September, is the Festival of Shelters to be celebrated before the Lord for seven days. On the first day there will be a sacred assembly of all the people; don't do any hard work that day. On each of the seven days of the festival you are to sacrifice an offering by fire to the Lord. The eighth day requires another sacred convocation of all the people, at which time there will again be an offering by fire to the Lord. It is a joyous celebration, and no heavy work is permitted."

did you know
 An American farmer produces enough food and fiber to feed and clothe 27 people—far more than in other countries. This high productivity couldn't happen without a superior transportation system that brings equipment, fuel, feed, seed, fertilizers and chemicals to the farm—and carries the farm's output to market.

 1st and 3rd Wednesday - 2:00 p.m.

FROM OUR CHURCHES

Church of Christ Rising Star

In these days of soaring prices, a question frequently asked is: "What does it cost?" Before purchasing any article, we do want to be sure that we can properly care for the obligation. Too, we want to know whether or not we are getting proper value for our money.

It is certainly no less important to consider both cost and value with regard to matters of the soul. Jesus stressed this in one of his parables (Luke 14:25-24). In one instance, a tower was to be built and in the other a war to be fought. In both cases, in order to assure completion of the task, the cost had to be calculated in advance. Jesus points out the necessity of knowing something of cost and value before one begins to follow him.

There is basically the need to put Jesus first. Father, mother, wife, children, brothers, sisters - these all must be "hated" (not despised, but 'loved less'). Even one's life must come second to Jesus (Luke 14:27). Cross bearing is a part of discipleship (Luke 14:27). Possessions must assume an inferior status to the directions of Jesus (Luke 14:33). The balance of the New Testament bears out this stern warning by Jesus. Many early Christians lost family, wealth, social position and even life just because they chose to become and be Christians, Saul of Tarsus being a notable example. Yes, the cost was, and continues to be great in many cases. Why then did so many choose to follow Christ and why do so many others now walk the same rocky road?

It is simply because the cost of NOT following Christ is far too great. The value of being a Christian far exceeds that of not being one.

Without Christ, there is no hope, no direction, no meaning to life and no worthwhile relationships. Without Him; His teaching, His example and His death on our behalf, not only the "paths of glory", but all roads would lead "but to the grave". Under the leadership of Christ, we have hope (Romans 8:24; Colossians 1:27, etc.). With Him, we have life, not death (Romans 6:23). We have a sure direction (Eph. 4:11-16), a firm definition of truth - what is right and what is wrong (John 8:32; John 17:17). As disciples of Christ, we also know the fullest meaning of the term 'fellowship', not only as it applies to God and Christ, but also in the human context (1 John 1:7; 2 John verses 9-11). In a word, to be a disciple of Christ means Heaven, but to be otherwise is to be a part of hell (Revelation 21:1-10).

It is no wonder then that those who have thought seriously about the matter choose to commit themselves without reserve to following Christ. True, such costs, but the cost is minimal, compared to the value received.

To know more about the riches of the Christian life, in the biblical sense of the word, without denominational tints, why not join with us in detailed Bible study at 9:30 a.m. Sunday and 7 p.m. on Wednesday. Then, enjoy with us the warm, edifying periods of worship and study on Sunday at 10:30 a.m. and 6:00 p.m. OR, LET US VISIT WITH YOU AT ANY OTHER TIME CONVENIENT FOR YOU.

Our sick seem to be making some improvement, for the most part. Everette Harris is gaining more strength all along. Buck Maples is feeling better. Mrs. Matilda Elliott seems slightly improved. Earl Fussell is now out of the hospital and is with his son in Houston for a few weeks. Clyde Flanagan is out of the hospital and back at Twilight Acres Rest Home. However, two others

have just entered hospitals. Elmore Mauldin was taken to the Stephenville Hospital last Monday with possible heart complications. Charles Gunels has been getting weaker lately and was taken to the Eastland Hospital by his son Clyde last Monday. He may enter a rest home afterward. Clifford Hale has had some bad days lately, but seems to be a lot better at times.

Have a good week. Call us if we can help in any way.

Owen Aikin

First United Methodist Church Rising Star

Never Alone is the Christian Who lives by faith and prayer.

For God is a friend unailing And God is everywhere. H.V.L.

Mrs. Myrtle Tyler entered West Texas Medical Hospital in Abilene Monday.

Several have visited Lucy Boase in Hendrick Hospital this past week.

Clara Burkhead remains a shut in.

Mary Boase is home from Stephenville Hospital.

Calvin Easterling has returned to school this past week.

Pastor and wife attended funeral of a cousin, Johnnie McDonald in Comanche Friday afternoon.

Harry and Madolyn Sone have returned from a trip to the Holy Land.

Pastor and wife visited members of Cisco Wesley Church Thursday.

Mr. and Mrs. Eli Jacobs have left for a few weeks' vacation on the coast.

Service was held at local nursing home Sunday afternoon. We need your help.

Monday afternoon the United Methodist Women will meet at Church. Don't forget this meeting.

For what shall it profit a man, if he shall gain the whole world, and lose his own soul? Or what shall a man give in exchange for his soul? Mark 8:36-37.

See you in Church
Mrs. Lloyd Coker

Universal Full Gospel Assembly Rising Star

Are you looking for Jesus to come today? He just might you know. No one, not even the Angels in Heaven know the exact day or hour, but Jesus tells us that in the last days, conditions of the world would be as they were in the days of Noah, and certainly they are that today.

Never have we seen world conditions as they are now. And especially our own nation being shaken as it is.

Each day that passes brings us closer to the hour when each of us will stand before God to give account for the life we live, the things we do. It won't matter then if we have been a president or a floor sweeper in this life. We will be judged, not by how much money we have, not by the value of our home or material things, not by the prestige that might be ours, or our social position. But by how much we have done for God, the love we have shown for our fellow men. The kind words we have spoken. The deeds we have done. People are very careful today to go to the right places, be seen with the right people, (right in their sight) yet never stop to wonder what God thinks. The way we worry about what people will think, one would think that man is "god" of the Universe. But not so!

God is on the throne, God of the earth and God of eternity. Each of us will spend eternity somewhere, and there is only two places. Heaven and Hell. Everyone likes to talk about Heaven, but seems in these

days, it's a little out of style to talk about Hell. But one is just as real as the other. We are making our choice of our own souls destiny by the way we live. Someone said, "Why, God is a loving God. He wouldn't send anyone to Hell." And it is so true, God doesn't send anyone to Hell. They go there themselves because that is where they choose to go.

Revelation 22:17 "And the Spirit and the bride say, come. And let him that heareth say, come And let him that is athirst come. And whosoever will, let him take the water of life freely." In Joshua 14:15 "And if it seem evil unto you to serve the Lord, choose you this day whom ye will serve Who are you serving today? Where are you going? Now is the time of decision. Let's serve God and make Heaven our eternal home! We invite you to come and worship with us.

Since the time change, we begin our Thursday night service at 6:30 and also Sunday evening service at 6:30. Our Sunday School still begins at 10 a.m.

Bro. McGinn

First Baptist Church Rising Star

Within the heart of every christian is a desire to be better than he is. All of us are sinners saved by God's grace. A christian is capable of sinning.

It was Plautus who said, "No man is wise enough by himself." No christian is capable by himself to become the person God wants him to be.

The fellowship of a church greatly aids the christian in his personal life. John says, "If we walk in the light as he is in the light, we have fellowship one with another and the blood of Jesus Christ cleanseth us from all sin". To have fellowship with God and His people has a cleansing and purifying effect.

Fellowship has a purifying affect upon our personal lives. By ourselves it is rather easy to do the wrong thing. We reason that no one will ever know, it will only hurt ourselves. When you are with another christian it is easier to overcome temptation. Your life is better because of the influence of another christian upon you.

Fellowship is also purifying to others. As you were kept from committing some sin by the presence of another christian you will also have the same affect upon those about you. For as you need the encouragement and strength derived from others so they draw the same help from you.

It follows that there will be a purifying affect within a church fellowship. Your life is affected by others and their lives affected by you. This will affect the life and testimony of the church.

Our fellowship with God and our fellowship with God's people is a purifying, cleansing experience. No one is at his best who neglects the fellowship of the church. Sunday morning a speaker representing the Gideons International will present the morning message. The Gideons place Bibles in hospitals, schools, motels and in some 40 languages in countries around the world.

For the Sunday evening and Wednesday night Bible study the pastor will continue the January Bible Study. "In Him the Fullness", Colossians 2:8-23. Sunday; Wednesday, "Christ Filled Christians", Colossians 3:1-14 will be studied.

First Baptist Church extends to you an invitation to come and worship.

Mr. and Mrs. Franklin Cox have returned from a three day tour to Jamaica. They report a very enjoyable visit. Watch for their story which will be in this paper soon.

MRS. GEORGE L. PHILLEY
...nee Martha Jo Vallery

Jody Vallery Weds George L. Philley

Following a wedding trip to Corpus Christi, Mr. and Mrs. George L. Philley will reside in College Station. The bride is the former Martha Jo (Jody) Vallery and is the daughter of Mr. and Mrs. R.O. Vallery of 1923 12th Street, Port Neches. Mr. Philley is the son of Rev. and Mrs. D.R. Philley of Hooker, Okla., who are former residents of Rising Star. Rev. Philley was pastor of the First Baptist Church here.

The bridegroom's father read the nuptial lines at the ceremony solemnized Dec. 28 at the Southside Baptist Church in Port Neches. Dr. Bill Lamkin of Waco was soloist for the 7 p.m. rites with Gene Philley of Lufkin as pianist.

Jan Vallery attended her

sister as maid of honor. Bridesmaids were Cindy Rhines and Swanette Schuh.

Acting as best man was Charles Post with John F. Davis of Liberty and Jimmy White of Sheldon as Groomsmen. Guests were seated by Willie Brooks of Bowie, Bud Philley of Dallas and Willie Wilson of College Station.

A reception followed in the Vallery home. Included in the house party were Mrs. Willie Brooks of Bowie, Mrs. James Miller of Nederland, Mrs. John Matteson of Houston, Mrs. Butch Sheffield of Houston, Myra Hanlon of Port Neches and Christy Shaw of New Orleans.

Rice bags were distributed by Jeanne Wilson and Becky Brooks.

Mrs. Maurine McCuin Presents Program To Young Homemakers

The Young Homemakers met Monday evening, Jan. 14, at the Homemaking Cottage. The meeting was called to order by President Doris Cox. There was no business and the meeting was turned over to Mrs. Maurine McCuin. Mrs. McCuin is a member of the Cross Plains

Garden Club and enjoys, as a hobby, candle making. She shared with us the procedure used in making candles and the many different molds candles could be made into.

HD NEWS

By Janet Thomas County
Home Demonstration Agent

Home Demonstration Council met this past week. Club members are busy preparing for new activities in 1974. Mrs. Sue Taylor, a member of Lake Cisco Home Demonstration Club, was newly elected as County THDA Chairman for 1974.

Mrs. R.W. Gordon, County H.D. Council Chairman, and Mrs. Sue Taylor, County THDA Chairman, will represent Eastland County at the District 8 planning meeting on Jan. 22 in Hamilton. Chairmen from nineteen counties will attend this planning session in order to make plans and arrangements for the spring District 8 THDA meeting to be held in Glen Rose.

An interesting pie recipe that you might like to try is...
PINTO BEAN PIE
1 cup cooked, mashed pinto beans
salt
1 cup sugar
2 tablespoons butter
2 eggs
1/2 cup coconut
1 teaspoon vanilla
Mix all ingredients together

and bake in 9 inch unbaked pie shell at 350 degrees for 45 minutes. Navybeans may be used instead of pinto beans. (This makes for an interesting pie which is similar to a chess pie.)

Light rust stains on porcelain enamel (sinks, bathtubs, etc) can be removed with lemon juice.

When shampooing carpets, if you must put the furniture back before the rug is completely dry, put small pieces of aluminum foil, wax paper, or cardboard under the legs of the furniture. This will keep you from getting rust, and wood stains on the carpet.

Need to clean mirrors or windows? Here's a good hint that works excellently! After washing the surface, dry with crumpled - up newspaper. The newspaper shines and is lint free.

Comments From Austin

Rep. Joe Hanna done. The Constitutional Convention has completed the first week with pomp and ceremony mixed in with some very important decisions.

The ceremonial aspect was not really lightly presented, but consisted of church leaders of Texas asking for divine guidance, and for the delegates to rise above personal and selfish interests for the benefit of the State. Gov. Briscoe and Lt. Gov. Bill Hobby are not members, which might seem unusual, and they do have a vote any time on any part at the Convention.

Price Daniel, Jr. was elected President of the Convention, which came as no surprise to anyone. Senator A.M. Akin was elected as Vice Chairman.

Most of the work has been on the rules and procedure, which is very important. It is important for many reasons, but the main fear was because the presiding officer had the right to appoint committee chairmen and the committee members. This could cause stacking committees with members to assure that preferred results could be almost certain.

However, on Friday the committees were appointed, and it appears that the appointments were very fairly

I was appointed to local government committee. The 37 man Citizens Advisory Group has advocated many changes in this area. While I agree with some of the changes, there are many that I disagree with. Such suggestions would affect our area radically. The large urban counties could use and, perhaps, need the changes. I do not want them forced on us.

This next week, all of the work will be in committee, with each delegate working on his part. There is sure to be much bitter debate. These will be open to everyone, and many Texas citizens will be giving their thoughts and suggestions to the committees.

Mr. and Mrs. E.R. Tunnel of Tahoka are visiting this week in the home of Mr. and Mrs. Everette Harris. Sunday guests of Mr. and Mrs. Harris were Mrs. E.E. Winfrey, Mr. and Mrs. B.A. Petzel, and Mr. and Mrs. S.C. Tucker who have truly been good Samaritans in that they have been hauling water to them while their water system has been frozen.

Mr. and Mrs. Larry Pinkard and daughter Pam of Bangs visited her parents Milt and Helen May on Sunday.

Mr. and Mrs. Tony Geye were weekend visitors in the home of his parents Mr. and Mrs. H.L. Geye.

John Cameron of Williams Lake, Canada, is a visitor in town.

Mrs. Boase is progressing satisfactorily in Hendricks Hospital in Abilene where she underwent surgery on Monday of last week. Her address is Rm. 2 - 403.

WE CAN MAKE IT HAPPEN

Hello, Everyone!
 The Seniors surely are glad to be back at school to finish this last semester. It is just a few months and we will be out. We were given report cards the day we came back and few better start working on their grades. Right, J.U.?
 The Seniors are going to put on a play sometime in February; we are also going to have the Harlem Jokers here soon.
 In basketball, district competition has started. Our teams are showing good team work and making it tough on their competitors. I hope everyone will go to the games and show their support to the Wildcats. That's all from the Seniors of '74!

TOWARD NEW HORIZONS

Hi! Here we go again! This week has really been a cold one. I think winter is finally here. In the classes we are just bidding our time until Mrs. Diddle decides that we are ready to sew. To pass the time, we have been learning the basic stitches of embroidery. We have had several more boys to join the Home and Family Living Class. Incidentally - the name has been changed to Consumer Education. They have already had an experience in the kitchen - (And what an experience!) They made cookies which must have been good for they disappeared almost as soon as they were taken out of the oven! The Freshmen have also been making cookies. They smelled delicious! Surely hope you are having a good year.

READY FOR EVERYTHING

We had a natural - born singer for a History teacher and did not even know it. We found out last Tuesday when Mr. Nunnally sang a few lines about "Gay Paree". We were studying World War I at the time.
 In English we studied nouns last week and found out just how much K.J. really knew. Bookkeeping has us working on the last part of our practice set. Now who said that they were to be a C.P.A.? Come on! Speak up!

The typing class should have no trouble walking through the yellow pages because this week's workout has our fingers in top shape! (or should I say thumbs D.L.M.?)
 Geometry always has a different angle to look at, but now we are studying congruent triangles and ways of proving them.
 That's the latest for another week with the Seniors of '75'. Maybe next week we will find out why the study hall heater smells like roses on one day and jasmine the next.

Could be interesting!

Taronna

TODAY NOT TOMORROW

A new year and I am back again with Sophomore news. We all hope everyone is ready to make the very best of 1974. Our thanks go to the room mothers for the party. We all had fun. We missed Mrs. Claborn who could not be with us; a great party, Mrs. C. I'm sure no one was disappointed because the bad weather kept us out of school Thursday, but we were all ready for it when we went back on Friday. Our classes passed by quickly; even though reports cards were handed out and we were told what our grades were on the mid-term tests. Things as bad as you thought B.B.? Better luck next time!

In our studies we started mainly where we left off. We have begun a new chapter in chemistry about Physical Science, which deals mainly with combining powers of elements. We all handed in our literature books and received our grammar books in English II. Our first lesson was on developing a paragraph. After a longer lunch break, (thanks to our new schedule) we are studying the reformation of the church in World History. T.B. "Bloody Mary" is not what you think it is! In Algebra I we are still graphing problems. That's all for this week.

Keep Smilin' Marilyn

in the fish bowl

Hi! I hope you had a nice holiday. The fish class has really enjoyed our first semester of high school, but we are glad to have started the second semester.

It seems that C.S. did not make it back to school in one piece. She seems to have left her appendix at the hospital. IN Math we are studying the properties of 0 and 1 and have just taken a chapter test over all the properties and function rules. We are burning material in homemaking to see if it is fire retarded. We will start sewing as soon as we finish our study of fabrics. The Ag. boys are judging pigs. We have our dissecting specimens for Biology and will start dissecting soon. In English we are studying nouns and verbs; we have started diagramming sentences.
 Have a nice week!

Pam

WILDCAT COUNTRY

Back from Christmas at last and District has begun in basketball. We will play a round robin in DISTRICT. For the one who do not know what that means, we will play everybody twice. Our district this year consists of Carbon, Gorman, Putnam, Moran, and RISING Star. The Abilene Reporter News has the boys picked third in the district, but we will be trying to do better than that. We have been having good workouts lately and

nobody is on the injured list, so come on out and enjoy the ballgames. See all of you there.
 Johnny

IN THE CORRAL

Our district basketball games have begun. Our first and second games were lost to Moran with a score of 47 to 30 and to Gorman with a score of 62 to 53. Marissa Polk was high scorer with a total of 17 points against Moran and 42 points against Gorman. Pam Hill was second high with 8 points in the Moran game and five points in the Gorman game. Marilyn Bibb scored a total of 8 points, 5 points in the Moran game and 3 points in the Gorman game. Jerrilynn Winfrey scored 3 points in the Gorman game. Even though she made no score, Marilyn Clark was a great asset to both games. All five of these girls try very hard to win, but they could not be as close as they are without the guards.

Our guards for this year are Taronna Chambers, Dorothy Bishop, Gwenda Butler, Pam Hunt, Marilyn Bibb, Dottie Chambers and Kasey Maynard. Marilyn Bibb is our versatile girl because she is both a good forward and a good guard. Our captains are Marissa Polk, Dorothy Bishop, and Taronna Chambers. We have great confidence in these three girls to lead us to victory.

Our next games are against Carbon, Putnam, Moran, and Gorman. All of these games will be played at home so we hope to have a big backing from the Wildcats fans.

See you at the games, Teresa

PEACE

Peace is a gentle thing; peace is the earth; peace is the people; peace is the Heavens above, stretching endlessly in void. It is a gently blooming flower on the brisk spring morning, the softly flowing creek, the birds singing from their nests and soaring above, watching over the land below. Peace is friendship of a kind that gives great feeling to the heart. Peace is honor; peace is striving for others and their striving for you in turn; peace is harmony and happiness. It builds a man, gives him strength so strong and mighty - the great, great strength that it takes to be gentle; such a strength this is which has no equal as a great quality of humanity. Peace is love - a small but strong love of all things - the true magnificent love of God, and of a mate or a fellow being. It is in striving in one's own direction, sharing experiences, being close; this is peace. A man is not a man, not a full complete man, until he experiences true peace of the kind that is not forgotten, happiness of being lonely, at peace th yourself and humanity or respecting the material things of life, which I am doing in a great hope that you will experience the peace I am trying to generate in reading my words; thank you.
 Wesley Killion

WITH THE FARMHANDS

Hello, everybody; I hope all are enjoying the New Year and staying with their resolutions. The year surely started off cold; are you keeping warm?
 In III, we are studying the different kinds of electric motors and how they operate. We are also learning how to repair them and how to replace blown fuses in a circuit.
 Ag. I and II are studying how to judge livestock and preparing for all of the contests. They went to their first one in Brownwood on Saturday and did not do too bad for the first time out. We hope they can win a lot this year.
 I guess that's about all for this week. Be good and have a good day every day.
 Dwane

DO RE' MI

Hi!
 Hope everyone has finally recovered from the New Year's festivities and is about to adjust to Daylight ngs Time!
 The time change finds us still half asleep every morning, but

During 1974 Convention

A statewide tollfree telephone line which enables Texans all over the state to ask questions and offer suggestions on constitutional revision will continue to operate during the 1974 Constitutional Convention.

The telephone number is 1-800-292-9600.

The Texas Constitutional Information Center was originally established by the Texas Constitutional Revision Commission as part its charge to inform the public of its activities.

The telephone line has averaged a high volume of calls from citizens with questions about the constitutional revision process or the Commission's proposed new Constitution for Texas.

we are looking forward to starting our New Year right with a number one at contest this spring.

The band students are working hard to be ready for March 9 when we will compete at Cisco. March 22 and 23 have been set for the date of the U.I.L. contest.

This past week we have been deciding on what pieces we will play at contest and trying to correct our mistakes, and do we have a lot of mistakes!
 In case you people have forgotten, we still have First Aid Kits to sell!

Have a nice week, Nancy
 P.S. Congratulations, Delynn!

During the first month of its existence, between November 15 and December 15, the center received an average of 48 calls on each working day. The number of calls ranged from a low of 15 on the first day of operation to a high of 143.

The information center will continue to operate 24 hours a day. It will be manned by staff during the daytime and calls at night will be recorded for answers later.

Information Center staff is equipped to answer many of the questions asked. Other questions will be referred to appropriate Convention research staff for written answers.

The Constitutional Revision Commission found the Information Center valuable in accurately answering citizen questions and receiving suggestions from those wishing to help with the Constitution.

Callers to date have included a broad cross-section of Texans - university professors interested in teaching material, lawyers trying to clear up technical questions, students writing papers on constitutional revision and a great number of citizens concerned about how a new Constitution would affect their lives.

The Convention Information Center will be located in the Convention Public Information Office in the Capitol.

The number will continue to be 1-800-292-9600.

MEETINGS

Thursday, January 17, 1974

Page 4

The Eastland County Cycle Club held their fifth meeting Tuesday night at Chesnut Cycle Center in Ranger with the meeting being called to order at 7:00 by President Tommy Rose.

Items discussed were plans for a Motorcycle lime run which is planned to take place in March. Times and place will

be released sometime in the next two weeks.

Anyone wishing to know about the lime run or membership in the club is asked to contact Tommy Rose at 629-2626 daily or at 608 S. Seaman in Eastland, or Donny Chesnut at 647-3245 or 647-1140 in Ranger.

The Club will also be holding

Motorcycle Barrel races Sunday at 1:00 p.m. at the Ranger rodeo arena.

Members and guests are urged to attend.

6 WAYS TO CONSERVE AND SAVE ON WINTER HEATING

- For savings on energy, set the thermostat on the temperature setting that provides adequate comfort (the President suggests 68°). Don't continually switch it up and down. Remember, the lower you set the thermostat in the winter the more money you save on energy.
- A routine service inspection by a qualified service man is advisable prior to the heating season. Follow the manufacturers recommendations on this. Clean filters keep the heating unit operating at maximum efficiency and economy. Filters are the most neglected part of any forced-air heating system.
- A wood burning fireplace should be equipped with an efficient damper. Be sure to keep the damper closed when not in use. A chimney with the damper open carries warm air out the house, wasting heat.
- To decrease heat loss and reduce energy cost in rooms that are not in use at night or in extremely cold weather, draw the draperies and lower the shades over the windows, glass panels and doors. If the sun is shining on glass areas, open the draperies. The sun shining through the glass will supply additional heat at no cost.
- Some wall heaters have fan-forced circulation. To clean, turn the unit "OFF". Blow dust out of unit with vacuum exhaust attachment. Clean the grill cover with a vacuum or warm detergent water.
- Proper insulation and weather stripping will make your home more comfortable. It will help keep dust and dirt from blowing in, and will help to eliminate cold drafts in the winter time, thus saving money on your heating bill.

Higginbotham's

Mary Letha Hubbard

Hubbard-Perkins Engagement Announced

Mrs. Ruby Nell Welch announces the engagement and approaching marriage of her daughter, Mary Letha Hubbard, to Thomas Wesley Perkins, son of Mr. and Mrs. Fred Perkins.

The bride-elect, a 1971 graduate of Rising Star High School, is presently a junior home economics major at Tarleton State University. The prospective bridegroom, a 1969

graduate of R.S.H.S., attended Cisco Junior College and is presently stationed in San Diego, California, on board the U.S.S. Sperry.

The wedding is planned for Saturday, Jan. 25, in El Paso, Texas.

Diego, California, for Tom's remaining four months in the Navy. Upon his discharge from the U.S. Navy, the couple plans to attend Texas University.

"Then And Now" Topic Of Saturday Club

The Saturday Club met Jan. 9 in the Library building, with thirteen members present.

Mrs. Helen Donham served delicious refreshments from a table laid with a white linen cutwork cloth, centered with an arrangement of roses.

Mrs. Vada Arnold presented the program "Then and Now", she related a factual, humorous and very interesting story comparing the fashions, homes, churches, schools, stores, cafes, the telephone system, and health remedies of

Rising Star in the late teens and early '20s of this century with present day activities and facilities.

Mrs. Arnold displayed posters showing a paper doll collection that she started in 1910. She also showed photographs of street scenes, an early graduating class and prominent citizens.

The Jan. 23 meeting will be a luncheon at 12:30 in the home of Mrs. Dorothy Shook.

Elizabeth Robertson
Reporter

The Texas Agricultural Extension Service, Soil Testing Laboratory has released a summary of soil test results for Eastland County. The summary includes samples tested between January 1971 and July 1972.

Of the 124 samples tested, 74 percent were either low or very low in potassium. Most soils are low in nitrogen, therefore it appears that many Eastland County soils are deficient in nitrogen, phosphorus and potassium.

However, this summary does not tell about your soils. For such information you need to have samples tested from each field at least every two or three years if you are going to keep up with changes taking place in the soil due to cropping and fertilization.

Now is a good time to collect soil samples for testing. Act early and plan next year's fertilization to take advantage of plant foods in the soil. Act now to allow more time to find the fertilizer you need.

Phosphorus can be applied well ahead of planting while nitrogen can be applied after soil temperatures drop below 50 degrees F. Efficiency from nitrogen fertilizers is reduced when warm, wet conditions prevail between application and planting time. With an anticipated short supply of some fertilizer materials, soil tests, early planning and early application will be more important in 1974 than in recent years.

Farmers and ranchers of Eastland County are urged to inspect their grain storage facilities to determine if stored grain pests are damaging feed and seed stock held over through the winter months. Frequent inspection of grain storage bins is a good practice even though the bins may have been properly cleaned before grain was stored during the summer months. Eggs of stored grain pests are commonly deposited on grain in the fields before grain is harvested.

The infestation is transported to storage and develops rapidly during the winter months.

Stored grain pests damage grain by consuming the entire kernel or by damaging the seed germ resulting in seed that will not germinate after planting.

Livestock may also refuse to eat feed stuffs that contain high numbers of stored grain insects. According to Area Extension Entomologist Dr. Clifford E. Hoelscher, insects referred to as primary and secondary pests often damage stored grains in this county. Primary pests attack whole kernel grain and complete their development inside the kernel. These pests include the rice or corn weevil, lesser grain borer and Angoumois grain moth. Because of their "hidden" developmental habits these pests may go unnoticed and can cause large grain losses. Therefore seeds should be split open and for primary grain damaging insects.

Secondary pests feed primarily on cracked or otherwise broken kernels. Some cotton secondary pests are the rice moth, Indian meal moth, and Mediterranean flour moth, flat grain beetle, confused flour beetle, and sawtoothed grain beetle.

All stored grain pests are characterized as being very small insects. Because of their small size careful sampling of each lot of grain is very essential. Probe samples should also be taken at various depths to determine if unseen insect infestation is building within grain lots. If careful inspection yields one rice weevil or one lesser grain borer, or as many as five insects of the other insects previously mentioned per quart of sampled grain then treatment is needed.

Fumigants can be effectively used to control stored grain pests. Fumigants are available in liquid, gas and volatile solid formulations. All of these materials are extremely toxic to humans and domestic animals according to Hoelscher and some fumigants also pose an extreme fire hazard and can explode due to static electricity in clothing or storage containers during fumigant application.

Farmers and ranchers may contact our office for further information on stored grain pest identification and control techniques. Bulletin L - 217 "Control of Insects in Farm - Stored Grain", is also available at the County Extension Office.

The new brucellosis regulations (Proclamation of the Texas Animal Health Commission No. AHC - 1) were adopted unanimously by the Texas Animal Health Commission at an official Commission meeting in Laredo, Texas, on October 15, 1973.

These new regulations will bring the Texas Brucellosis Program into compliance with the National Uniform Methods and Rules which are considered minimum standards.

In brief this regulation requires that all breeding cattle two (2) years of age and over that change ownership are required to be brucellosis tested. Breeding cattle may be tested on the farm or ranch or at an auction market. Slaughter type breeding cattle may be sold through livestock markets without test until sampled on the kill floor. The brucellosis test will be good for movement purposes for a thirty (30) day period provided animal is ear tagged and accompanied by test certificate.

Effective January 15, 1974, these regulations will be in full force and effect.

Tommy Linney and Lorri Kelley

Kelley-Linney Vows To Be Exchanged

Mr. and Mrs. John T. Kelley announce the marriage of their daughter Lorri to Tommy Mack Linney, son of Mr. and Mrs. L.J. Linney.

The wedding will be on Friday, Feb. 1, at 6:30 p.m. in the evening, at the First Baptist Church.

MAY NEWS

BY
Entha Campbell

January 15, 1974

Dear Sis,
We have three good friends running for precinct two commissioner this year: LeRoy LeMaster, Logan Stewart, and O.W. Thomas. Raymond Boyd has not said whether he will run this year or not.

Mr. and Mrs. Don Jones announce the arrival of a granddaughter, Delina Michelle Jones, daughter of Mr. and Mrs. Tommie Jones of Lawn, born Jan. 8 at 4 p.m. in the Dyess Air Force Hospital. Michelle weighed 6 lbs. 4 ozs.

Mr. and Mrs. Don Jones spent the weekend with their new granddaughter in Lawn.

Mr. and Mrs. Myrtle Kelton, Shane and Joel and Mr. and Mrs. Buck Kelton went to McCamey to the ranch home of Mr. and Mrs. Eugene Kelton for the holidays. Also visiting were Mr. and Mrs. Bill Kelton and family of San Angelo. Eva Sanstrom, an exchange student from Sweden, and a resident in the Eugene Kelton home was there. College students Lou Ann Kelton and Barbara Kelton were also home.

Sympathy is extended to the family of Dr. J.R. McFarlane who died Jan. 8 and was buried Jan. 11.

Mr. and Mrs. T.B. Newman of Hereford visited Mr. and Mrs. C.O. Young, Mrs. Ora J. White, Mr. and Mrs. Carl Bowers and Mrs. Ethel Walker.

Mrs. White celebrated her 87th birthday on Jan. 10.

Mr. and Mrs. Jimmy Whitehead, Jamie, and Sharon of Zephyr visited their grandparents Mr. and Mrs. Woodson Emfinger and Roy Don over the weekend.

Mr. bill Rankin of Odessa is in the Veterans Hospital in Dallas for treatments before surgery.

Mr. and Mrs. Garvin Sumner, Mrs. Gaynell Nelms and Paula of Dallas visited Mr. and Mrs. Raye Rankin over the holiday season.

The May Water Supply Corp elected seven board members on Jan. 8, 1974, for the coming year. They were Max Barker, President; Tick Lindley - Vice President; Mrs. Dorothy Barker - Sec. & Treas.; Bill Wilson - meter reader; Larry Gallion, Shorty Kilgo and Marshall Campbell.

Water bills will be mailed out the first of every month and they will be payable into a slot located in the Barker Garage. The small stub must be included with the exact amount of cash or check for the water bill in a sealed envelope according to a decision by Max Barker, president of the Water Supply Board.

Edward Massey has opened a Recreation Center next door to the May Cafe. Games are offered for all ages. Foosball, Dominoes, Pinball, Pool, and other games are available. The center will be open at 1 p.m. to 12 midnight.

Mrs. Effie Anderson has been in Oklahoma visiting her son for several days.

Mrs. Monsey is doing fine in the care center in Brownwood. Mr. Edgar Burnett was on the sick list last week.

Henry McCary entered the Brownwood Community Hospital Jan. 9; and he was due to have surgery Jan. 12.

Pee Wee Gilbert visited in the Herman Anderson home last Friday. He is from Hitchcock.

Mr. and Mrs. Glenn Alford and Mr. and Mrs. Herman Anderson have been getting a tape each week since Christmas from their son and daughter, Lt. and Mrs. Mack Alford and Andrea who are stationed in the Army Air Defense Corp in northern Germany. Marshall was in Pennsylvania last week. He visited Mr. and Mrs. Vernon Whiting in Youngstown, Ohio, enroute there. He returned home Saturday and will leave for Indiana on Monday.

Your owe me a letter

Sincerely
Entha

Ludene Michael is giving a Stanley Party on Monday, Jan. 21, at 2:00 p.m. in the Home Improvement Club room in the old hospital building.

SCHOOL NEWS

The May Jr. High Boys' Basketball Tournament kicks off Jan 17 - 18 - 19 in the High School auditorium. Participating schools are Cross Plains, Bangs, Gustine, Zephyr, Sidney, Blanket, Rising Star and May.

The May High School Honor roll for six weeks and for mid term are:

Freshmen - A - Jay Edwards, Beth Chambers, Tanya Chambers, Phil Mitchell, Jay, Edwards, Beth Chambers, Tyna Allen -

Freshmen B - 6 weeks - Jerry Newman, Phil Mitchell, Karla Murdock, Bonnie Buchanan, Jim Thomas. Mid-Term. Jerry Newman, Karla Murdock, Bonnie Buchanan, Jane Thomas.

Sophomores - A - Teresa Ribble, Clendon Chambers, Rusty Bailey.

Sophs. B - Jan McPheeters, Jacky Michael,

Juniors A - Teresa Barker, Becky Buchana, Judy Driskill, Shane Kelton, Bill Murphree, Pam Ribble, Christy Thomas, Bobby Thornhill, Kayra Murdock

Juniors B - Jackie Bailey, Nathan Edwards, Bubba Jones, Beth Pallette, Stanley Purcelle, Candy Sparkman, Syble Wells, Roland Wheeler.

Juniors B - Semester - Jackie Bailey, Tresa Barker, Beth Pallette, Candy Sparkman, Bob Thornhill, Syble Wells, Rhonda Wheeler.

Seniors A - 6 weeks - Tina Bailey, Lonnie Bell, Connie Ehrke, Randy McDaniel, Roger White.

Seniors A - Semester - Lonnie Bell, Connie Ehrke, Roger White. hite.

Senior B - 6 weeks - Rickey Bailey, Larry Hart, John Nelson, Randy Newman;

Seniors - B - Ricky Bailey, Larry Hart, Tina Bailey, Randy McDaniel, John Nelson and Randy Newman.

May Grade School Honor Roll

EIGHTH GRADE
A - 6 wks - Debbie Hart, Larry Palmore, Karen Evans.
B - 6 wks - Carla Thornhill.

SEVENTH GRADE
A - 6 wks - Ted Murphree, B - 6 wks - Jonny Jackson, Jimmy Hart, Janet Nelson, Steve Thomas, Pam Mitchell, and Sue Newman.
C - Semester - B - Sue Newman.

SIXTH GRADE
A - 6 wks - Jackie McPheeters.
A - Semester

B - 6 wks - Becky Windham, Brad Wells, Susan Schweitzberger, Kenny Hignite and Bo Emory Allen.
B - Semester - Becky Windham and Bo Emory Allen.

FIFTH GRADE
A - 6 wks - Dena Tomas.
A - Semester - Dena Thomas
B - 6 wks - David Newman, Gary sn. B - Semester, d Newman, Gary Jackson.

FOURTH GRADE
A - 6 wks and seester - Jamie Epley.
B - 6 wks and semester - James Driskill, Benny Edwards, Gwen Evans.

THIRD GRADE
A - Diane Mitchell, Diane Thomas.
B - Darrin Chambers Shellon McCallie, Yvonne, Petross, Grant Wells, Lynne Whiteaker.

SECOND GRADE
6 wks A - Brenda Love.
B - 6 wks - Mike Barnes, James Jacasn
B Semester - Mike Barnes.

RISING STAR GIRLS' BASKETBALL TEAM: Bottom Row, left to right: Jerrilyn Winfrey, Marissa Polk, Taronna Chambers, Dorothy Bishop, Gwenda Butler, Coach Hounsel. Top Row left to right: Marilyn Bibb, Pam Hill, Pamela Hunt, Marilyn Clark, Doddie Chambers and Casey Maynard.

RISING STAR BOYS' BASKETBALL TEAM: Bottom row left to right: Danna Mungia, Alvin Spencer, Johnnie Turner, Rickie Schaefer, Teco Mungia. Top row left to right: Calvin Diddle, Kim Joyce, Steve Kenton, Kenton Joyce, Gary Westerman and Dale Wolf. (Not shown in photograph is Coach Frank Gray.)

Open House Planned In Culwell Home

FIRST GRADE
A - 6 wks - Terry Burnett, Melissa Norris, Cathy Petross.

B - 6 wks - Harold Musick, Shanon Harvez.

B. - Semester - Shanon Harvey, Cathy Petross, Melissa Norris, Harold Musick and Terry Burnett.

Nimrod News
By Eva Stroebell

Mrs. Vernie Allen has returned home after spending several days with her daughter Mrs. Martha Callerman in Athens, Texas.

Mrs. Robert Hagemann is home and improving after spending several days in Cisco Hospital.

Mrs. Dan Wende visited Mrs. Eula Graham in Eastland Hospital Sunday afternoon. Mrs. Graham is slowly improving.

Mr. and Mrs. Frank Ziehr visited their son Roland and family in Abilene recently.

Mr. and Mrs. Conrad Schaefer visited the Herman Schaefers Sunday afternoon.

Jerry Erwin of Dallas and Mr. and Mrs. Rick Terrell of Austin visited the Wordis Erwins recently.

Mr. and Mrs. Lonnie Switzer and children of Rising Star, Mr. and Mrs. James Switzer of Cross Plains visited their parents Mr. and Mrs. O.B. SWITZER RECENTLY.

Visiting Mr. and Mrs. E.E. Blankenship recently were Dr. and Mrs. Marshall Turnbull and children of Abilene and Mr. and Mrs. R.M. Duncan and family of Dallas.

Mrs. Herman Schaefer visited Mrs. Charlie Livingston Wednesday afternoon.

Mrs. Beulah Sheridan visited Mrs. Robert Hagemann Tuesday afternoon.

Mr. and Mrs. Abbott of Cisco visited her sister Mr. and Mrs. Charlie Livingston Sunday afternoon.

Mrs. Carl Druessedow and Mrs. Emma Raphael of Stamford visited Mr. and Mrs. Martin Wende Tuesday.

Rev. Simpson of Cross Plains, Mr. and Mrs. Charles Cox of Cisco and Goldon Lawson visited the Truett Dawkins Sunday afternoon.

Mrs. Lester King visited her mother Mrs. Pat Shirley Sunday.

Mr. and Mrs. Douglas Campbell visited their daughter and family Mr. and Mrs. Ronnie Rhodes Sunday in Fort Worth.

When the quality of your grass goes down, UP YOUR PROTEIN with our special

Liquid Feed Supplement 32

The nutritional value of grass varies from time to time and from place to place. That's why T-E has developed a complete line of liquid feed supplements to meet all the conditions faced by cattlemen.

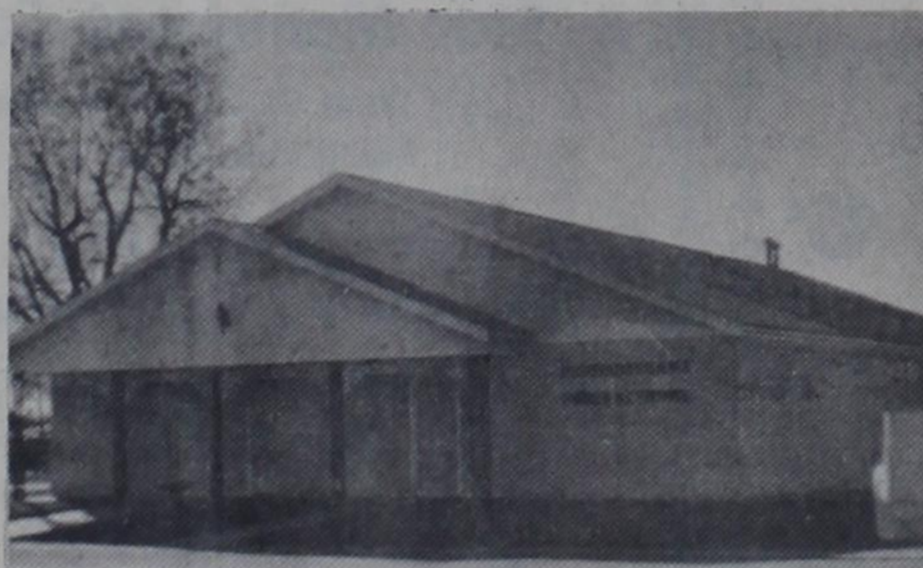

T-E Liquid Feed Supplement 32 is the one to use when the grass is dry or poor. It delivers protein, phosphorus, vitamins, trace minerals. And it delivers the energy to make them get out and rustle for what grass there is.
