here was still no definite inrmation available here this week on the Caddo strike brought in on the S. T. White farm northwest of Rising Star. The well has caused a great deal of stirring about in the area, a lot of lease activity and the prospect of further drilling which may or may not amount to ex-

tensive development. Reports of the well's potential range from 50 barrels per day to 1,000 barrels and gas producactive, although not in large burning area.

consequence.

It is reported that several new locations are in the making and Comm'rs Refuse to there is a good chance that within the next few weeks considerable drilling activity will take place about the well.

The Caddo lime is the same as that from which the Pioneer field produced and it is regarded as about the best oil bearing formation in this area. There is possibility, I am told, that the new strike, which apparently took the fraternity by surprise, may encourage further explorative drilling in this area, and have one report that there is good possibility for another well of similar depth being drilled a short distance east of town.

A revived oil leasing and drilling activity would be a boon of this area who have suffered Ranger Woman to Be from the effects of drouth for Speaker for P-TA so many years.

HAPPY VACATION!-HERE'S WHAT YOU DO

This vacation map is based on business surveys which indicate that during the year, 85,000,000 persons will go on vacation with 70,000,000 traveling by car. The most popular vacation area appears to be the North Atlantic States from New Jersey upward. Other popular areas are around Lake Michigan, out on the Pacific Coast and along the South Atlantic Coast. However, there are many popular vacation states outside these areas. About \$20 billion is spent annually having fun and relaxing.

February 17, 1958.

Mr. and Mrs. B. A. Petzell an

"Pay more...what for? Fords the buy!"

Why? Because this 1957 Ford gives you the advanced features, the solid ride, the effortless handling that you once expected to find only in expensive cars. And when it comes to looks, where can you find fresher styling than in the sculptured-in-steel lines of this new Ford?

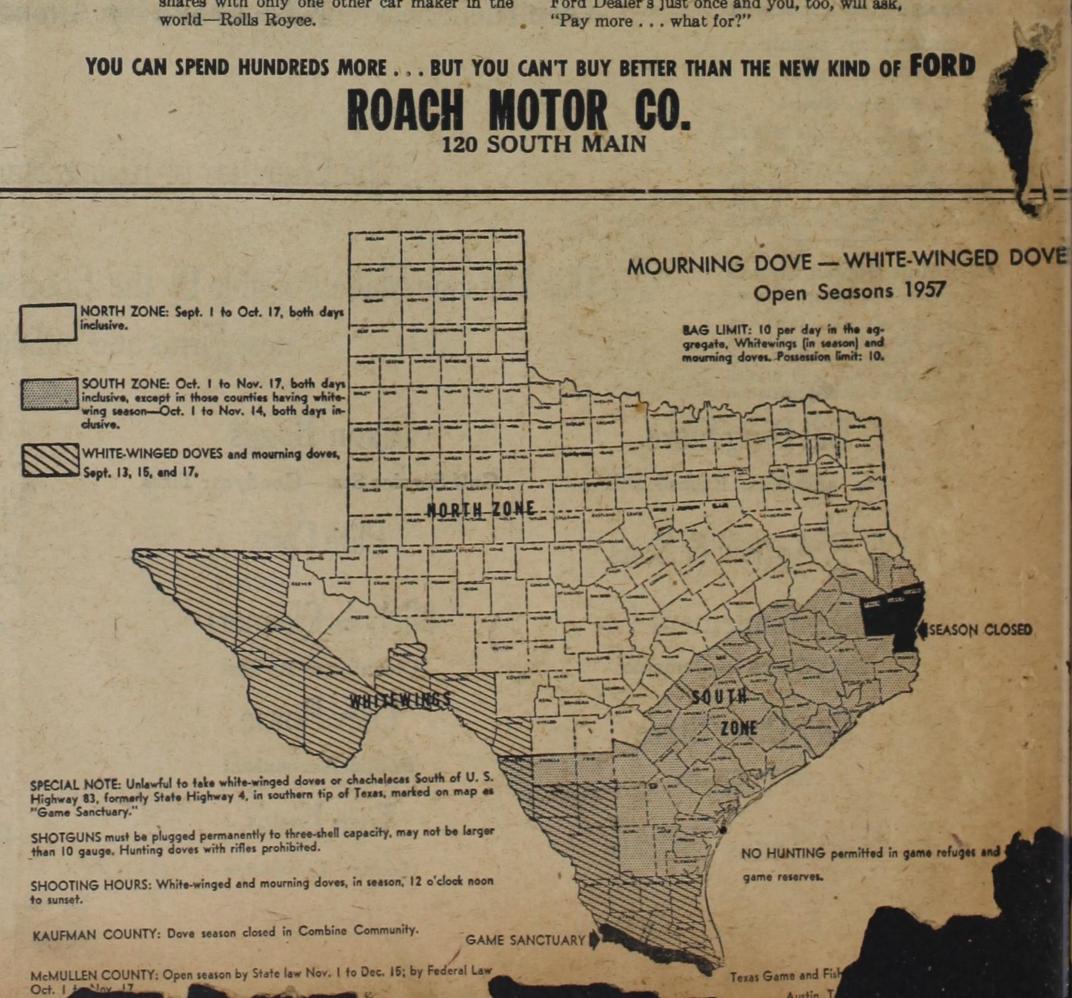

Ford's superiority is evident in many places. In the vital rear axle, the pinion gear that turns the rear wheels is straddle-mounted . . . supported between two anti-friction bearings instead of being "overhung" from a single bearing. This makes operation quieter, smoother and longer-lasting. It's a feature that Ford shares with only one other car maker in the

Or consider Ford's famous V-8 engine. No other manufacturer in the industry today electronically balances every V-8 engine, while operating under its own power, the way that Ford does. This means you get a smootherrunning engine—the finest V-8 in Ford's 25 years of V-8 leadership.

These are only a few of the important hidden values that are yours in Ford. But they indicate why so many people who can pay almost any price for a car - people who have driven expensive cars for years—are buying Ford today. Action Test this great performing car at your Ford Dealer's just once and you, too, will ask,

on Sept. 26th and 27th. Animals are: can be brought in either on Mr. and Mrs. M. G. Joyce, Mr. Thursday afternoon or on Fri- and Mrs. Lee Clark, Mr. and cay morning. Small cash prizes Mrs. Mark Clrak, Mr. and Mrs. and ribbons are awarded the Art Fisher and children, and winners.

The record book of Larry Harding, Rising Star boy who lives near Okra shows a return of \$318.47 from his field of Tom atson watermelons he had for his project. Like all melon growers he had aphids on his tines this year. He used Isotox and Malathion. There is more and ore evidence that the aphids are developing an immunity to

The club emblem is a 4 leaf cover with a letter H in each leaflet. The 4 H's stand for head, heart, hands and health.

David Ray, Scranton, writes that he wants to again feed out two lambs as his club project. It will be the second time that avid has fed lambs. Many club boys will start their lambs on feed the latter part of October. The population of sheep in the county continues to increase according to the U.S. Agricultural

Hot dry winds and the drouth reduced the yield of Funks Hybrid G-7-11 corn on the one acre project of Harold Reese who lives west of Scranton to a little ver 22 bushels. Harold has been in club work for a number of years. Most of that time he has had registered Duroc pigs for his projects.

A commercial bus company l'as been contacted relative to the transportation of 36 boys and girls who will attend the State Fair at Dallas on Rural Youth Day, Saturday, October 5th. The load is limited to club members who have done outstanding work during the past year.

Our hat is off to Joel Ray Graham, son of Mr. and Mrs. Jeff : U. Graham, 7 miles south of Cisco, who has been selected as the 1957 outstanding club boy and who will receive the Gold Star Award given by the A&M College Extension Service at the annual Rally Day next spring. I goes to school in Cisco and been in club work for several
