

## **Gospel Meeting at Church of Christ**

#### **Owen Cosgrove**

A late summer gospel meeting begins Sunday, August 11 at the local church of Christ. The spiritual menu will offer a feast of good, solid gospel preaching and the singing of old-timey gospel songs that have been loved and sung through the ages. The singing and the "true to the Bible" messages will teach, lift up, and inspire memories of great gospel meetings and fellowship of years gone by.

Owen Cosgrove of Waxahachie, will preach in the meeting. His background and experience serve well in equipping him for the preaching of the gospel in efforts like this. Mr. Cosgrove graduated Magna Cum Laude

Mr. Cosgrove and his wife (married in 1954) have four children. Thus, they join (and can identify with) tens of thousands of couples who have experienced the tensions of parenting in an age that has felt the onslaught of Satan against the family. his preaching and teaching reflect sympathy for both parents and young people who must face the societal problems of today. And, he points with emphasis to the Scriptures as the surce in which are found God's own solutions to the problems of any age

and any society. Mr. Cosgrove is no

stranger to Rising Star. He preached in the first gospel meeting held in the present building when it was first opened in 1966. Herschel McDonald, now an elder in the Church of Christ in Cisco, was the local preacher at that time. Cosgrove remembers a number of folks, some who have since passed away, who were present as visitors from within the community during that meeting will be as good as back then. All those in and near **Rising Star have a cordial** invitation to be the guest of the Rising Star Church of Christ during the four

Why, as reported by the anglers was because they were fishermen. This is not an attitude which reflects Eastland and the surrounding area. But it will be one these gentlemen pass along about our area.

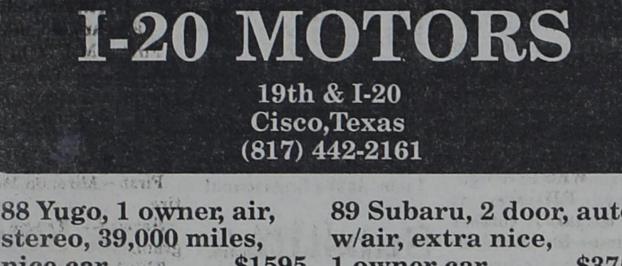

Lake Leon has already had 3 major events which have hosted over 250 anglers. Most of these are visitors to Eastland, Cisco and Ranger. These persons buy food, gas, room & board, clothing, and more. Lets all attempt to make visitors welcome, after all most dollars spent here go around 3 times and one bad trip could affect many dollars for our area.

August 4, 1991 the Stephenville Bass Club will be hosting their Open Tournament at Lake Granbury.

Till next cast, carry plenty of fluids and sunscreen during these hot Texas days. Good Fishing.

### **SCS Seeks Volunteers**

Volunteers are needed in Eastland County to help conserve soil and water, and the U.S. Department of Agriculture's Soil Conservation Service (SCS) has launched a campaign to find them in the county.

"We know there are many people in the county who have the talent and time to help us solve our local resource conservation problems," said Ron Bailey, SCS district conservationist, Eastland. "Volunteers would be greatly appreciated, especially since the SCS workload has dramatically increased with the 1985 and 1990 Farm Bills."

Bailey said there are several jobs in his office that volunteers can help with, including secretarial and computer jobs, education programs, writing news articles and stories and doing field work.

SCS started using Volunteers in 1986. Volunteers range from high school and college students gaining work experience, including females and minorities, to retirees sharing their experi-

"I know there are many people in the county who could provide SCS and the Upper Leon Soil Conservation District with some valuable assistance," said Bailey. "Your interest, skills, and talents will be matched with field office tasks. Stop by our office located in the Farm Bureau Building on east Main Street in Eastland or call us at 629-1480. All programs and serv-

Billy Crystal stars at Mitch Robbins, a New York radio and ad salesman who trades the high rises for the high plains when he and his two best friends set out on a cattle driver. They learn about life, love and the outdoors in the Castle Rock entertainment comedy 'City Slickers'. This film will show at the Majestic next weekend.

#### **Popular Comedy 'City Slickers' To Show At Majestic Theatre**

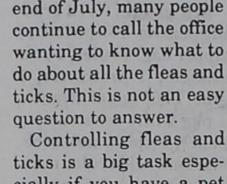

"City Slickers" is another of the current films that Majestic Manager Ed Allcorn went to a great deal of trouble to obtain. This Castle Rock comedy has been on the Top Ten list around the country for weeks, providing a bright spot in summer entertainment.

The subject matter, three New Jersey friends joining a cattle drive in is located in the Basement Northern New Mexico, of the County Courthouse. has a wide appeal. And This information given the stars - Billy Crystal, Daniel Stern and Bruno purposes only. Reference to Kirby - are popular enough to bring out a collection of fans. "City Slickers" will begin at the Majestic on Friday, Aug. 2, 7:30 p.m. It will show nightly at 7:30

through Monday, Aug. 5. Tickets will be \$3 at the box office, and the picture is rated PG-13.

The story is about friends who face the truth about life, love and themselves when they share an adventurous vacation that ropes them into a modern day cattle drive through the American southwest.

The picture was shot primarily on location in the ranch country of Northern New Mexico and Southern Colorado. The scenery is spectacular, the atmosphere authentic, and many of the animals were filmed in their usual habitat.

There are many sprays, dusts, and dips available. Your veterinarian can help you if you have a heavy infestation. Do not use the chemicals that you use in your yard or in the house on your pets. Once you have treated the yard, inside of the

"I call this my 'coming of middle-age movie," explains Billy Crystal, who created the story idea and is the executive producer of the film.

"I wanted to make a movie about friendship," says Crystal. "Friends never really get to know each other until they are forced to bond together and trust each other with their lives."

Performers Crystal, Stern and Kirby had to be fast learners to play in this film. Like the characters in the story, none of them had ridden horses or roped cows.

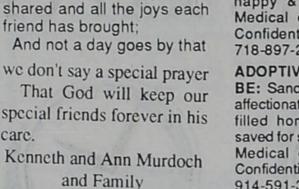

"Billy actually roped a cow the very first time he tried," recalls Bruno Kirby.

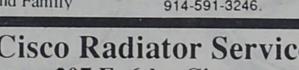

"I had a great horse, Beechnut," says Crystal, who wound up owning his trusty quarter horse and housing him in the hills. near his Los Angeles home.

### **County Commissioners Join with the City Of Eastland on Grant Application**

**Emergency Medical** Services was a main topic for the County Commissioners Monday, July 22. As previously reported, they approved a modified contract for Pct. 1.

But there were also a number of other important items on the agenda - among them was a proposal for the county to join the City of Eastland in a Community Development Block Grant application to the West Central Texas Council of Governments.

Eastland Mayor C. W. Hoffmann, City Manager Paul Catoe and Gary Montgomery brought the request to the court. Catoe explained that the grant would be for \$350,000, and would be used to raise Eastland Lake Dam and widen the spillway. The total cost of he project would be

428,000. Catoe referred to the dam, located northwest of Eastland, as a "high hazard dam. "He said that in the

event of a 30 inch rain over a short period of time (unlikely, but possible) there could be a loss of property and possibly a loss of life down from the dam.

If the dam broke the water would gush down the North Fork of the Leon River.

Both Catoe and Hoffmann told of the two previous applications for the Grant, in which the county had joined. Although the applications seemed to be favorably received, they were turned down each time. The application for

these grants is highly competitive, Hoffmann said, but he felt the City might stand a better chance this time. The city might enhance

its chances even more if Commissioners were told.

The Commissioners agreed to join in the grant application, but said they would need to check on the legality on whether they could help financially with a project on land owned by the city. There was a discussion on the possibility of the county furnishing "inkind" help on the project, such as machinery or material for construction

On other items, the Commissioners approved the transfer of \$225,573 held in a debt service account to the General

The jail was paid off on June, 1990, so these funds were not needed for that

Also authorized was the transfer of funds from the General Fund to the Road and Bridge Fund. This was involved with the purchase several years ago of the Lasater prop-

erty just north of the jail. Funds were transferred when it appeared that the County would be forced to expand the jail. Fortunately the situation has eased - the jail has passed the last three inspections.

**Wool Promotion Referendum Set** 

On other jail matters, Sheriff Ronnie White reported that 14 prisoners were currently in the jail. Twelve are waiting trial, and two are being held for other counties.

Not one is being held for TDC - for the first time in a long time! Good news too on Court-

house maintenance -Comm. Calvin Ainsworth said the work on the interior continues. He also plans to install the new lawn sprinkler system and get in the new lawn before long. And on the faded yel-

low parking stripes around the Courthouse -Ainsworth says that they will definitely be taken care of soon. Would you believe that the Company paint was ordered from sent the paint thinner ahead of the actual paint?

After chuckling over this matter the Commissioners settled down to the more serious business of scheduling budget workshops. But they had still another agenda items calling for their attention Monday, as they sat in the hot Courtroom.

This was consideration of the appropriation of funds for window unit air conditioners for the Courtroom.

The motion was approved!

Joann Johnson reports that so far there has been little interest shown in this election. At least not many have stopped by her office to vote absentee in the State portion of the election.

There are probably a number of factors involved, including that Constitutional Amendment No. 1 is worded in a confusing manner. But voters are urged to study the Amendments and proposals, try to understand what they mean, and make their vote count for the side they believe to be right.

The U.S. Department of Agriculture has scheduled a referendum August 19-30 for wool producers to decide whether to continue a market promotion and improvement program.

Keith Bjerike, administrator of USDA's Agricultural Stabilization and Conservation Service, said the proposed program, similar to one approved in 1986, would continue to authorize deductions from producer price support payments.

if the referendum is approved by a majority of either the producers voting or the producers who own a majority of the sheep represented in the referendum, deductions from wool price support payments would be established at a rate not to exceed seven cents hundredweight of unshorn lambs for calendar year 1991.

For calendar years 1992 through 1995, the deductions may increase up to an additional one cent per pound of wool marketed and up to an additional five cents per hundredweight of unshorn lambs

D.W. and Georgia Curtis visited his mother and they attended the Curtis reunion in Eastland. The attendence was not as large as usual.

Charla and Roy Charles came to be with them on Monday. Charla is D.W. and Georgia's daughter. They live out on the Palo Pinto Lake where Roy is Shore patrol. She teaches in Gordon.

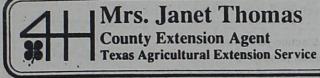

Mr. and Mrs. James Lewis came one day while D.W. and Georgia were here. Mrs. Lewis and Georgia were school friends. Lucy enjoyed all of them.

Thursday, July 25, was the day we celebrated birthdays for the month. Those honored were Bobbie Elliott, Ollie Burns, Cecil Joyce, Gus Dunn.

Irma Lee Jones baked the birthday cake. It was indeed delicious and we thank her so much.

Tuesday, Marion and Marjorie West went to Abilene. It was time for Marion's regular check SipeSpringshomecoming up. His doctor gave him a good report.

Wednesday the West's visited the Senior Citizens Center at Cisco. They always enjoy visiting friends there.

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

(Providing Mammography Services for over 5 years) **Guidelines For** Screening Mammography Established by the American Cancer Society.

1. 35-40 years of age -One baseline mammogram.

II. 40-50 years of age -A mammogram every 1-2 years depending on breast type and risk factor

III. 50 years of age and over -An annual physical examination and annual mammogram.

IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

Hon. Bill Lynn, Past District Deputy Grand Master of Masonic District 76, holds the best-kept secret of the May Community, the Community Builder Awards, offered by the Grand Lodge for the first time, to be presented to Charles Woods (1) and Windle blenn (r) for their community service in completing work on the May Volunteer Fire Department, to which many contributed, for service at the First United Methodist Church, and for making improvements on the May Home Demonstration Club. With them are wives Barbara and Babe.

When Hjardeir Dunn was growing up in Eastland people told her she was pretty - and she didn't pay too much attention to the remarks. She had a lot else going for her, such as making high grades in school.

But now Hjardeir, 30, of Austin, will have to pay some attention - for she has been named by People Magazine as one of the 50 Most Beautiful People In The World for 1991.

Her photograph appears in the "Summer 1991 Photo Spectacular Extra: of the weekly magazine, which is distributed internationally. Several thousand pictures were entered in the "Beautiful People" contest, and the winners include celebrities as well

as the "Local Lookers" discovered by photographers.

Hjardeir, a University of Texas Senior and parttime banker was spotted by photographer Zigy Zaluzny when he walked into Bank One, Texas at Austin where she works.

Zaluzny had been given free rein by People magazine in deciding who he thought was beautiful. Some of the main things he said he was looking for was people who were striking and interesting looking.

Hjardeir Dunn with classic features and large dark eyes, was one of five persons from Austin selected for the Special Edition of People Magazine.

says Dunn, who has a 13year-old son, Eric. "My son thinks it's great."

Hjardeir's parents are Mr. and Mrs. Ray Dunn of Eastland. Her brother, Ray Dunn Jr. also lives in Eastland, as does her sister, Cynthia Dunn. Another sister, Hjardist Thomas, lives in Austin.

Hjardeir still considers Eastland her "home town." After graduating from High School here she attended Cisco Junior College, then a Community College in Austin before enrolling in the University of Texas. She is majoring in Communications, and plans to graduate soon.

Mrs. Ray (Mary) Dunn says that Hjardeir finds it hard to get back to Eastland except on holidays - she has been so busy with her studies at the University and her work at the Austin Bank. Buther family and friends are very happy about her selection by People Maga-

James Morgan (l-r), Armstron Lodge, DeLeon, Brother Carr, Gorman Lodge, and long-time Secretary Grayson Brown, May lodge, relax during refreshments following Golden Trowel Award presentation.

Hon. James H. Anders, Coleman Lodge 496 and Education Officer District 76, presented the Golden Trowel Award to John Mallone, May Lodge 574, in a special program at May Lodge. Mallone, twice Master of May Lodge 574, is an ever-present help in time of need. Award engraved 'Our Beloved Brother' by Secretary McDaniel.

# LOYA **TO YOUR** COMMUNITY INCLUDES **SAVING MONEY** AT HOME, TOO

You know how important it is to spend your dollars at home because they create jobs, provide opportunities and produce the payrolls that hold and attract our young people.

Equalyl important, is the money you save in our bank because it makes possible the loans that enable a neighbor to buy a car, improve a home or finance a business.

Buy at home and save at home. That's the winning combination that helps make our town a better place in which to live and raise a family.

It is the policy of Peoples State Bank, consistent with sound banking operations, to meet the needs of the entire community and not to exclude or discriminate purposefully against any area of the community.

We're your hometown bank! The Peoples State Bank of Clyde **Rising Star Branch**
