## 'First Wedding'

Tickets are now available "Eastland County's First Wedding," a historically-accurate, musical dramatization set for two performances at the Majestic Theatre in Eastland on Saturday, Aug. 20th at 8 p.m., and Sunday, Aug. 21st, at 2 p.m.

In the cast of over 50, some 35 are direct descendents of the characters portrayed in this historic event. Many still live in or near the county.

Tickets at \$3.00 each are available at the chambers of commerce in Cisco, Eastland and Ranger and will be available at the door.

Eastland County Historical Society, the production was conceived by Society President Roy Lee Smith, who wrote the script and is the producer.

Directors are Mrs. Don (Jeannie) Griffen and Keith Henson and others.

Original music by Ruth York of Cisco will be one of the highlights of the play, as well as a troop of Boy Scouts who will provide authentic Indian portrayals to help stage one of the most hairraising battles ever on a stage, or in a theatre.

This production is a continuation of this county's history and the wedding event follows by 20 years the exeuction of Capt. William Eastland, for whom Eastland County was named. He was killed by a Mexican firing squad in 1843; the first wedding in this county took place in

county-cooperative nounced.

project with participants from throughout the county busy in helping with the event.

Spectators will meet the Blairs, the Ellisons, the Lemleys and a host of other who initially shaped our history. They were the pioneers and this is a part of their story, told interestingly and respectively, in an effort to properly record and preserve the history of this county. The County History Society hopes to continue the annual presentations to portray the many other exciting events that make up the county's rich heritage.

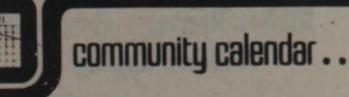

Special lighting ef-Sponsored by the fects, costumes, sound equipment and staging will be of such a level that spectators will know that they've seen a major production.

> There'll be a little bit of everything: Indian fights, scalpings, square dancing, blackpowder firearms, a funeral, and of course the elaborate first wedding - which didn't come off without a lot of complications.

You'll laugh, you'll and your knowledge and respect for those who went before us will be increased.

(P.S.: Also look for the big 30x50 foot Texas flag again.)

It has already been suggested that the week of the presentation be declared Pioneer Days in Eastland County, and that citizens be encouraged to wear period costumes during the week, and especially to the play. The effort is a Details will be an-

## Young Artists from Central America and Nearby Study Locally

SHARING ART LESSONS last week were Rowonna Sublett, left, and Lisa McCorkle, standing beside their first completed oil paintings during a week of intensive lessons. The top painting was done by Lisa and the bottom one by Rowonna.

Lisa McCorkle from Ambergris Caye of Belize (formerly British Honduras) spends one week of her two-week vacation each summber in the United States taking art lessons from Jo Hubbard, Rising Star art teacher, artist and owner of Hubbard

Gift & Gallery. Lisa first began painting three years ago and this makes her third year to take a week lessons with Mrs. Hubbard. Last year the 14 year old was joined by Rowonna Sublett, an 11-year-old student in the May school, and Rowonna asked to share in Lisa's week of lessons again this

Lisa and Rowonna learned to paint adobe buildings and to "crackle" pottery for their first paintings this summer, begun July 27. The pottery is based on pottery made by Indians native to New Mexico. The successful results of the girls' efforts were on display at the gallery last week. An old barn,

reminiscent of those in this area, was to be the second of five paintings planned for the two young budding artists to complete this Lisa, almost 14, considers the oil painting she's

nience of securing supplies and lessons a very important part of her visit to Texas, more important than the adventure of a side trip her brother made to ride the rapids. The teenager was visiting

with Ann Driskill in Brownwood during the week of her art lessons and also spent a few days in the Hubbard home to enjoy some horseback riding and swimming

Rowonna, daughter of Nick and Donna Sublett, also began painting three years ago and has already won many awards at area

### The Next Best Thing -

.....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with with a clear title. Peculiar to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.

If your old air conditioner can't beat the heat or won't last the summer, cool off with an electric heat pump.

The heat pump will keep you cool in the summer and warm in the winter. You'll also save money because the heat pump delivers two or more units of heat for every unit of electricity used.

Plus as a WTU customer, installing a heat pump with a seasonal energy efficiency rate of 9.0 or above can qualify you for \$500 when your home meets WTU's Energy Saving Plan requirements.

Contact your local contractor or WTU office for details.

CISCO Dr. Roger Schustereit assumed his duties Monday

as President of Cisco Junior College. A reception to honor the new President and his family is being held Wednesday, Aug. 3 from 10 a.m. until 12 noon in the Community Room of First National Bank. This reception is hosted by the College Board of Regents, and everyone is invited to attend. Dr. Schustereit, a native of Victoria, holds a Bachelor and MA Degree from the University of Texas in Austin. During his early teaching career he began work on a Doctorate at Texas A&M University, and holds his Doctor of Education Degree from that institution. He taught English at Round Rock High School, Ranger Junior College and Bee County College before going into Administrative work. He was promoted to Vice President of Administrative Services at Bee County College in 1985. His qualifications are expected to be a great asset to CJC, and lead to expansion of the college programs.

The Cisco High School Class of 1978 is planning their 10-yr. class reunion for Saturday, Sept. 3. Anyone associated with this class over the years who is interested in more information should contact Pattie Weathers Moore, 442-1752, or Shelia Sawyers Johnson, 442-4365.

The annual E.L. Graham Memorial Hospital Auxiliary Book Fair will be held Sept. 23 and 24. As last year, the Faor will be held in the Corral Room. There will be a large variety of books, including children's, adults, Biblical, history, cookbooks, and many more. Along with the selection of books there will be home-baked items. If anyone would like to donate books, they may be left at Thrift Mart or at the Chamber of Commerce. Mark the date of this sale this is a wonderful place for

all booklovers of the area to come and browze. The books are always reasonable in price and in good condition.

The regular monthly country and western musical at Scranton Community Center will be held Saturday, Aug. 6. The concession stand will open at 6 p.m., and the music is scheduled to start at 7 p.m. The general public and all area musicians are invited to attend.

BAIRD

The recent Baird Clean-Up Day was termed a big success by everyone. This work day, which was sponsored by "The Meadow" and the City got a lot of cooperation. Workers picked up from 55 diffrent places, and several of the places had multiple loads. Besides individual effort, the Callahan County Coop gave special help. Manuel Aquirre also ran a backhoe to help with the project. The clean-up was not the only project going that Saturday. The Air Force 96 FMS AgeShop were downtown painting on the old theatre and old Griggs Hospital building, and were joined there by some of the Meadow workers. Downtown is really looking great - so swing off the freeway and see the improvement!

The Baird City Council has requested that Bill Morgan, City Secretary, contact a consulting engineer to help with a plan to correct an definciences in the city water supply. The Council discussed a report from the Texas Department of Health, in which some deficiences were noted. Several of these have already been corrected by city employees, and the Council is questioning if several more really ex-

At a meeting on July 25 the Callahan County Commissioners discussed payment of the Sheriff's Deputies for overtime put in during the his range fire early last spr-

ing. The Commissioners decided not to pay overtime, since many county employees put in a lot of extra time and they didn't ask for or receive extra pay.

The Baird Chamber of Commerce is putting together a list of available dove, quail and deer leases. The Chamber gets a lot of calls asking for land to lease for hunting, and they would like to get these people together with landowners.

EASTLAND

A large crowd attended the 5th Saturday Jamboree at the Majestic last Saturday night, and enjoyed a fastpaced musical program. Al Anderson, Director and MC, introduced other area musicians and participated with his own band. Among the special features were fiddle player Roy Thackerson and The Bluegrass Kinfolk from Buffalo Gap, with Ronnie Gill on banjo. Contributions were taken for a sound system for the Majestic, which is a badly needed item. A special bright spot of the evening was the announcement that R.D. Weeks, a favorite Eastland musician, had been moved from ICU at Harris Hospital in Fort Worth to a private room.

This is State Tournament week in Eastland, and the Texas Teenage Baseball Senior Division started Monday at the Baseball Complex. Most of the teams and some fans are expected to stay in local motels for the week, with the final playoffs on Saturday, Aug. 6. Eleven teams from various places in Texas are involved in the Tournament. The concession sales belong to the city, while ticket sales will provide umpires pay, tournament expenses, and possibly help provide some storage space under the bleachers for baseball gear.

The annual 4-H Rally Day will be Aug. 26 at Camp Inspiration. Activities will consist of swimming, volleyball, miniature golf, etc. Exhibits and displays of 4-H projects will be on view. Opportunities in 4-H will be highlighted by county 4-H members who have participated in district and statewide activities during the past year, and a free hotdog supper for 4-H families will be hosted. 4-H'ers will re-enroll or enroll as a new member during the evenings activities.

RANGER

Fr. Jim Miller, area Parish Priest for St. Rita's of Ranger, St. Francis Xavier of Eastland, Holy Rosary of Cisco, and St. John's of Strawn left Aug. 2 for South Arlington. There he is forming a new parish, St. Joseph. Fr. Miller has been the Ranger area Parish Priest since April, 1982. Fr. Miller says he has enjoyed the people and country in the Eastland County area very much, and plans to return to Ranger from time to time. Fr. Jim Hanlon of Fort Worth became the new area Priest on Aug. 3.

LaDawn Little of Ranger won the Grand Champion Prospect Steer Division at the big show in Eastland last week. She won this award with a Limousine steer. LaDawn, an outstanding 4-H member and student at Ranger High School, is the daughter of Mr. and Mrs. Bobby Little. The family lives on a farm SW of town. Her grandmother, Annie Rendall, resides in Ranger.

The 1988-89 RHS Student Council and Varsity Cheerleaders are sponsoring a dance and party to kick-off two-a-days. It will be held at the Old Gym on Aug. 5 from 9 p.m. - 12:30 a.m. Admission is free and there will be free refreshments for everyone.

#### Cisco Class To Sponsor Dance

The Senior Class of Cisco High School, in coordination with Senior Class parents, is sponsoring an Eastland County and area high school dance on Friday, August 5.

The dance will be held at the Corral Room from 8 p.m. until midnight.

Jason Phillips will provide the music for the dance. Admission will be \$3.00. Soft drinks will be available.

Cisco has an active group of parents, Parents for Teens, who have sponsored monthly parties for Cisco High School students for the last five years. Senior Class parents who work with Parents for Teens, will serve as chaperones, in addition to other interested Senior parents, or parents from other classes. Parents from all surrounding towns are invited to also help chaperone. Definite rules have been established for high school students as follows:

1. Only high school students will be allowed to attend the dance.

2. Students may leave the dance at any time, however, once a student leaves they may not return.

3. No drugs, alcohol, or dipping will be allowed.

Says a "spokesparents" for the Senior Class, "High school parents should be assured that the dance will be well chaperoned and our definite rules will be followed. Please feel secure in allowing your teenager to attend our dance, and feel free to join us if you can.'

# CJC To Open Final Production Of "The King And I"

The Cisco Junior College Summer Dinner Theatre will open its final production of the season this Friday, August 5, at the Hilton Dinner Theatre. The production will be Rodgers and Hammerstein's THE KING AND I, one of Broadway's most loved musicals. It was this show which brought Yul Brynner to fame in the title role and features such songs and "Hello Young Lovers,"

"Getting to Know You," and

the ever popular "Shall We Dance?'

It is a bold and very exciting show featuring the contract players of the summer along with citizens of the Eastland County area. CJC Drama always encourages community participation, and this particular show includes 40 community people out of a cast of 50. Out of the 40, 21 are children playing the royal princes and princesses of the royal court. These children have been under the direction of Caroll Brown with Donna DeLuca and Scott Taylor as musical

directors choreographers. Both Donna and Scott have enjoyed working with the children and watching them grow as singers and performers. Two years ago, Scott was musical director and choreographer for ANNIE, and is working with some of the same kids

## Fishing Outdoors

By Terry Wilson -

Fall Patterns are Starting August 4th, 1988 the E.C.B.C. shall be meeting at The Crossin' Restaurant in Dinner performances of Eastland, Texas. The meeting will be called to order at 7:00 p.m. sharp and end at 9:00 p.m. All members are urged to attend this very important event. This will be the meeting items concerning the E.C.B.C. Open Invitational at Lake Leon will be finalized and everyone's input is needed.

At present August 14th will be tournament day for the members of the E.C.B.C. The exact Lake site will be drawn for at Thursdays meeting. Just one more reason for everyone to make plans to attend the meeting. Some may feel its a little

early to think about fall fishing patterns. But believe me folks those old mors back bass are already showing fall tendencies.

Fall normally means some of the years best fishing. Topwater action picks up rapidly. Early and late are still your best bet right now, but keep one tied on and chunk it off and on all day. With the fall patterns just starting a wide variety of patterns are still working.

Main lake points are where the first signs of fall show normally. Fishing has

been good on these locations for a number of months. Now instead of one bait (the worm) producing, a variety of choices are coming into thepicture. Rat-L-Traps, cranks, spinners, and of course topwater. You should find these point fish traveling up and down the point

bably the pattern which receives the most attention. Primarily because fishing down a visible bank is very easy. This process produces lots of action when fish are found. Find one in the Fall and you have found a concentration. A popular early Fall location is bank adjacent to your point, especially the bank where the creek creates a ledge near the shoreline. My personal favorite lure choice on these banks are a shad imitation deep diving crankbait. Throwing the lure almost on dry land and let it set just a

Thursday, August 4, 1988

minute before cranking. Often times Mr. Bass will bust the bait before it is moved. It not kick the handle into high causing the lure to dive and hit bottom hard and fast. As soon as the bait bumps bottom pause for a split second allowing it to clear bottom. Then repeat the process until you can't touch the bottom. This of course will be as soon as your lure clears the ledge. After clearing the ledge maintain a fairly steady speed of retrieve.

The two above mentioned pattern areas are reliable patterns for weighers and from time to time you can hit some lunkers. But for pure lunker pleasure Fall river bassin can't be beat. I'm not saying the creeks turn to 6 pounders, but over the years I have found that your average yield per fish will be much higher in the creeks.

Of course creek fish are (1) harder to catch as a rule (2) more supseptible to pressure from anglers (3) spook easily with an increase in boat traffic (4) and mother nature can throw you

a quick curve with fresh water.

Creeks are probably an anglers most reliable area year round, but it never fails when Fall begins creeping in, watch out for some fast action. Jigs, worms, spinners, topwater, Rat-L-Traps, spoons (weedless) etc. Almost any bait you can work in a creek will produce. The creek patterns are similar to the banks we mentioned early with the ledge near the bank. The exception here is look for the heavy cove near the lip of the bait river channel. If the bass aren't in the heavy cover, "slip the lip" just into the

The best time for beating the crowds up the creeks are of mid week right about now. The peak's are nomrally around late September to November, depending on how soon old man winter arrives. But there is some excellent angling already picking up in the river's in area

channel for a good tug on

your line.

STATEMENT OF NON-

DISCRIMINATION Comanche County Electric Cooperative Ass'n. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the grounds of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or nation origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries

and participants including

rates, conditions and exten-

sion of service, use of any of

its facilities, attendance at

and participation in any

meeting of beneficiaries and

participants or the exercise

of any rights such

beneficiaries and par-

ticipants in the conduct of

the operations of this

organization. Any person who believes himself, or any specific class of individuals, to be subjected by the organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 180 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations.

#### 1988 PROPERTY TAX RATES IN RISING STAR ISD

This notice concerns 1988 property tax rates for RISING STAR ISD. It presents information about three tax rates. Last year's tax rate is the actual rate the taxing unit used to determine propcrty taxes last year. This year's effective tax rate would impose the same total taxes as last year if you compare properties taxed in both years. Compare it to the tax rate the taxing unit proposes for this year. This year's rollback tax rate is the highest tax rate the taxing unit can set before taxpayers can start tax rollback procedures. In each case these rates are found by dividing the total amount of taxes by the tax base (the total value of taxable property) with adjustments as required

### Letter to the Editor

Frankly I'm a little tired of all the gossip and slandering of our city officials by a certain special interest group, that probably has an axe to grind with the city from some other time and event. After all, people, YOU elected the officials to represent ALL OF THE PEOPLE to the best of their ability. They are sworn to do the best for all, not just the few that

kick and scream the loudest. These city officials deal with problems every day. They spend much time in study of all issues, just to keep our town out of trouble with the laws of the state and county. They also deal with all the little problems that people like you and I throw at them. All this is done without pay or even very many 'thanks yous' from anyone. Just because they are elected to serve you does not mean that they or their families cannot be hurt by all the harsh things said against them.

As to the differences and meetings you have had over the fire department - the only real difference that I can see in the running of the fire department by the city is the

PAPER WORK involved. When the fire department was being run by committees, the paper work seemed to fall by the wayside and was never sent to Austin, as required by state law. So why shouldn't this be handled by the city officers? After all, the trucks, the building in which the fire trucks are housed, the land the building is on and the water the trucks use, are all on city

property. All the laws and bylaws cannot change the fact that laws concerning now to conduct volunteer fire departments in small towns have already been made in Austin by state people. That long, long, too long list of laws and bylaws won't ever be read by half the people that fight our fires. Three or four years from now they won't even know they exist. The ones fighting our fires then will have made, or try to make, other rules.

So again I ask, What is all the fuss about? Our volunteer firefighters will continue to fight fires wherever they are, the same now as in the past because they are good men and know whre their duties lie. They will not let their neighbors and friends down because of

some difference of opinion. As I understand it, the city officials will supervise and see that the times of practice and the PAPER WORK required is written up at the proper time and sent to Austin. This is to insure the fire department and township will continue as a safe town and area, for all the people.

These city officials have

studied the overall picture for longer than those few that see only their own side of the issue and have built it up to bigger than it really is by GOSSIP.

Frankly, I can't see what you rural folks are upset about. A big majority of folks in town have property in the country too. All the wear and tear on our trucks has happened fighting rural fires. We lost a truck early this year in an out-of-town grass fire. It was quickly replaced by the reasearch of city officials. They found a good usd truck to purchase. The ladies -city and ruralwent to a great deal of hard work and trouble to have a
