May 1990 Homecoming

The 35th annual May Homecoming started off with a bang, as the May Tigers defeated Gustine 64-30 Friday evening, October 5.

Shelly Hardy, Junior class representative, was crowned Homecoming Queen after a stunning performance by the high school drill team and twirlers. Shelly is the daughter of Liz Hardy and the late Larry Hardy. She was escorted by family friend, Terry Lancaster.

Other candidates included Senior, Ashley Thompson; Sophomore, Joy Walters; and Freshman, Vickie Lee.

Carroll Chambers, class of '51, loaded the candidates into his 1939 fire-engine red Chevy for a spin around the field, while Guyle Donham, class of '90, loaned Troy Pallette, class of '60, his T-top Camaro to take Shelly around in the lead.

The May PTO sponsored the Ex's coffee at 9 a.m. while cheerleaders signed up the guests. Approximately 215 people visited while waiting for the luncheon. At 11 a.m. approximately 315 ex's and

their guests drifted over to the school cafeteria for a turkey and dressing lunch sponsored by the senior parents.

Felton Underwood, class of '23 led 112 ex's in prayer and the high school and junior high cheerleaders led the

MayISD Board Meeting

May Independent School District Board of Trustees met in regular session Thursday, October 11, at 8 p.m. in the library. Members present were Bill Murphree, Shory Kilgo, Toy Pallette, Bo Allen, Sec. Eddie Hardy and Pres. Jackie Brown.

Administration present were Principal Don Lee and Supt. Don Rhodes.

The minutes of the September meetings were read and approved.

Lee reported that students and staff were preparing for

the TAAS test to be administered the week of Oct. 15-19. He also reported that May Elementary has been awarded

\$10,000 from the Governor's Educational Excellence Committee for achieving high performance gains over the past three years.

Rhodes discussed the district improvement plan with the board.

All accounts payable vouchers and payroll vouchers were reviewed and approved.

May Elementary Receives Cash Award

Governor Bill Clements named May Elementary as one of 279 schools across the state to receive a monetary award. This award of \$10,000 will be presented to May Elementary School at a ceremony at 2 p.m. October 20 in the chamber of the Texas House of Representatives in Austin.

Those schools winning money cannot use it for salary supplements or any purpose related to athletics. The principal of each school is

required to appoint a committee to determine the use of the funds.

Schools which show sufficient gains in performance across three years are eligible to apply for monetary awards. Schools were selected based on gains on TEAMS scores from 1988 to 1990. Only the top 10% on performance gains was considered for this selection.

Selections were made by the governor's educational excellence committee and referred to Gov. Clements.

May Poster Contest Winners Are Named

The May Volunteer Department Auxiliary sponsored a fire safety poster contest in conjunction with fire prevention week. All participants received fire safety memo pads and pencils.

Cash awards were given to the following first place winners: Lacy Lunceford, 1st grade; Kyle Ribble, 2nd grade; Entee Sublett, 3rd grade; Shanna Deanna Allen, 4th grade; Chad Wheeler, 5th grade; and Chase Thompson, 6th grade.

Posters were judged on

neatness, originality, color and theme. Representatives of the fire department displayed a fire truck and carried out demonstrations for the students.

Correction

We apologize for an error in listing the new officers of Peoples State Bank, Rising Star Branch in last week's issue; Maxine Morgan is an assistant vice-president, rather than an assistant cashier.

Wildcats Feast on Buffalo

Rising Star fans thrilled to the taste of victory last Friday night when the Wildcats defeated the Cross Plains Buffaloes 34-0.

The Cats scored first when Alcorn followed good blocking and sped 25 yds. to the end zone. Alcorn's PAT was good and with 5:33 left in the first quarter; the Cats led 7-0. The Wildcats moved the ball well as Evans connected with Alcorn for 12 yds. and Bailey for 14. The Wildcat defense repeatedly stopped Cross Plains short of a first down and on their fifth punt of the

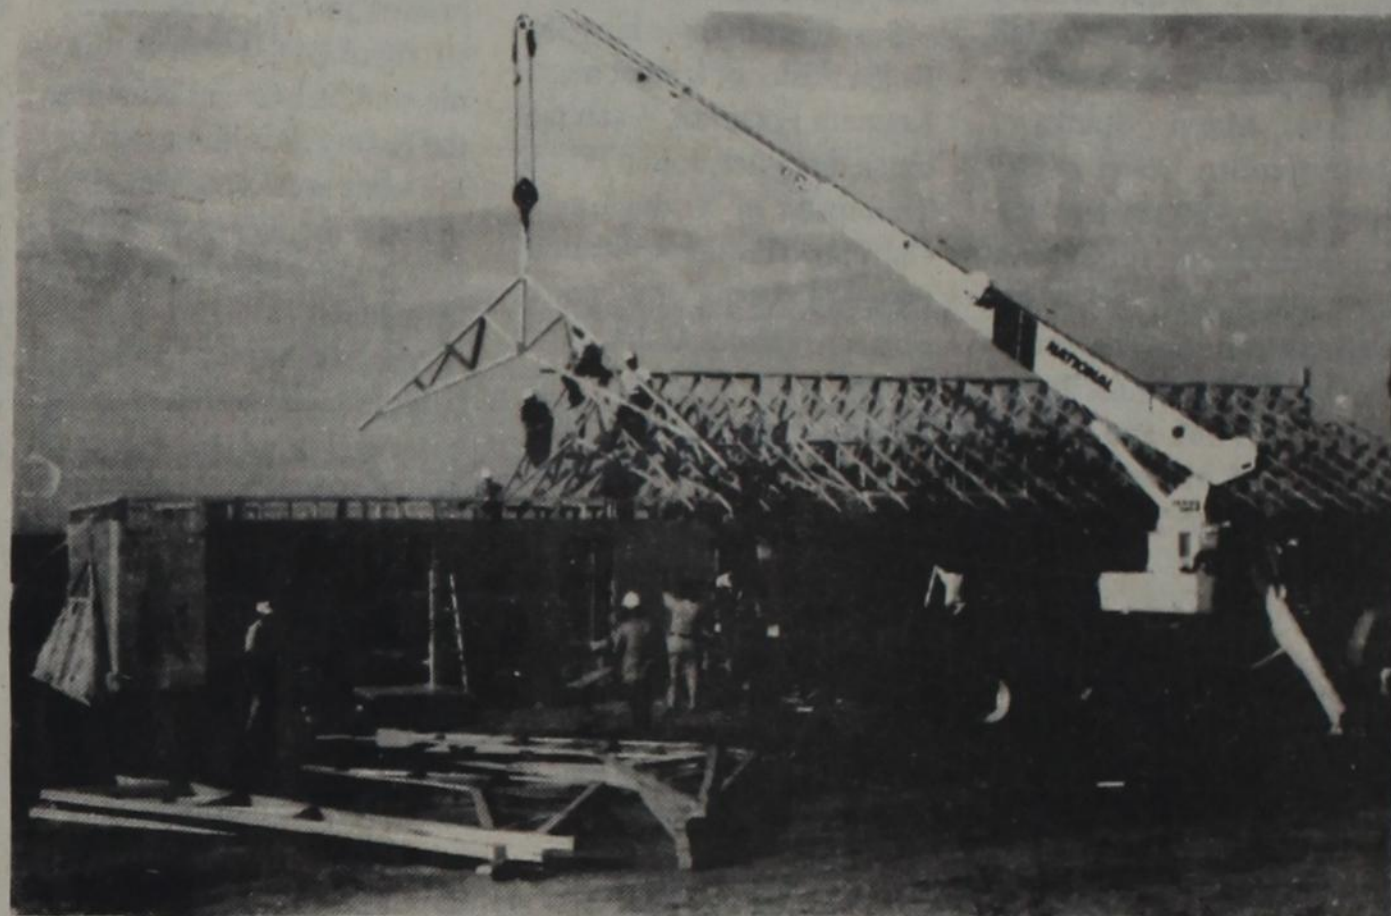

first quarter, Bailey followed Gey's block and darted in and out 49 yds. for the Cats second touchdown. Alcorn's PAT was good and the quarter ended 14-0.

The second quarter was a defensive battle. The Wildcat punter, Alcorn was able to effectively give the Buffs bad field position while the Buffs punter was unable to get off a good punt.

Alcorn knocked the ball loose from the Buffs, but the Buffs were able to recover and the quarter remained scoreless.

Church Being Built at Union Center

A crane from Dallas lifts trusses to the roof of the new building for Union Center Baptist Church.

Members of a church at Cedar Hills, near Dallas, are putting their mission work into actual practice. More than 40 members of Colonial Hills Baptist Church have made the trip to the Rising Star area to build a structure for the small mission church started at Union Center just a few years ago.

The Rev. Milton Magness, pastor of the Cedar Hills church, said that his church, which has been in existence only six years, has made an annual event of constructing church buildings; the Union Center church is the fourth project the group has undertaken. The Church Building Planning Department of Baptist General Convention of Texas takes the date suggested by the Colonial Hills members and selects the site from its files. Many in the building group set their vacations to coincide with project.

The supervision of the construction project is done by the Church Building Planning Department's Mission/Church Builder of Dallas, Charles Smith. Smith oversees the work and sees to the ordering of materials and equipment.

He said that the volunteer group from the Dallas area ranges in age from the 20s to 80s and includes both men and women. While some of the hammer swingers are employed regularly in the construction field, many are not. Smith said that there are accountants, executives and an airline pilot among the workers.

Some volunteers had been on the job nine days when Smith was interviewed on Monday, and some had put in as few as one day. He estimated there were 35 workers on hand Monday. The construction supervisor expected to have the building "in the dry" by the end of the

week. The Dallas area workers will put in their last day on Friday and volunteers from Cisco will be on the site Saturday.

Many of the Cedar Hills volunteers take their travel trailers to the building site. Since this one was in a rural location, they have parked their vehicles at Cisco, where church members have prepared breakfast and an evening meal for them. Local church members prepare lunches for the workers at the

Union Center Community Center where the church has held its meetings since its organization.

The new building, approximately 81x39 feet, is about a meeting at the small community building for church service half mile east of Union Center on Eastland County Road 292. Finish work on the new building will be done as the local church and area volunteers are able to carry out the work. An average of 22 persons each week have been

Membership Drive Kick-Off A Success

The Rising Star Chamber of Commerce & Agriculture kicked off its annual membership drive with a ham and bean/stew supper Friday night, October 12. We would like to report that it was a success and we gained five new members. They are Campbell's Cabinet Shop, Ruby Murdoch, Franklin and Sharolyn Cox, O'Conner's Field Service and Lee and Wanda Hughes.

Our membership goal is 100 new members and we feel we are off to a good start. Next week Mildred Childers and her committee members will be contacting the non-member businesses in the city.

Work is progressing on our new Chamber office. If you have not seen it, please drive by and look. It is located at the corner of College and Cooper (directly across the street from Dr. Carpenter's office).

Bill Smith works in water resources planning for Trinity River Authority in his regular job. As a participant in his church's building program, he swings a hammer each fall on his vacation.

Letter To Editor

To the citizens of Rising Star and the surrounding community:

I am interested and concerned about Rising Star's future, as I know you are. The Rising Star Chamber of Commerce & Agriculture's annual membership drive is underway and we need your help. A small group of members cannot "make things happen" for Rising Star. We need help from each of you inside and outside of the city limits, as an associate member or as an active voting member. Anyway you are able and willing to help will be greatly appreciated. I know you will truly feel it worthwhile to give your time and support.

We all share the same goal: making Rising Star a thriving and productive rural community, but it won't happen unless we "all together" make it happen! We can make Rising Star great again and I'm willing, are you?

I urge you to contact one of the following people and ask them how you can help: Gene Lyon, Betty Duggan, Don Bryan, Mildred Childers, James Ramsay, Lorry Moore, Gene Moore, Ann Murdoch or me, Jean Ramsay. Jean Ramsay Rising Star

The deadline to register to vote in the Nov. 6 election was Oct. 9.

"What this absentee voting period does is provide Texans with additional 17 days to vote, instead of just on election day," Bayound said. "If you are registered to vote, there simply is no excuse to stay away from the polls."

So please realize that we do take notice of all these things that are done that are "extra" - such as the copies of Rising Star Records, the ladies serving coffee at the gym, the ladies and girls serving at the lunchroom - so many things. We do appreciate, every year.

Also, much thanks to Bob and Glenda Harding and friends who made our party 19 1948 so comfortable and nice. Our Class of '48 was, and still is, so close and extra special. Looking forward to each year for years to come.

Pioneer Patchwork

By Irma Miller

We of the Quilting Circle finished quilting one Lone Star and worked on another. We had six guests from New Mexico at our quilting and luncheon last Tuesday. The ladies also helped us quilt for several hours. They were Doris (McDaniel) Hunter and Bessie McDaniel of Alamogordo and Homer and Betty Kyle and Paul and Juanita Harlow, all of Lovington.

By last Tuesday this community had received 2.5 inches of rain, and we are glad for the dry-out period we have had since it quit raining, making beautiful days.

The homecoming crowd at Pioneer Pentecostal Church Saturday was not as large as the group last year. This year's celebrants came from as far away as Lubbock, Fredericksburg and Johnson City. A good time and a good lunch were enjoyed by about 45 commemorators, who had encouragement to one another in the Blessed Home and in faithfulness to the Lord as their theme.

Novilia Barton reported that their recent visitors were two of Cleo's nieces and a nephew, Jackie Lambright and Ray and Etie May Swindell, all of Dayton. The Bartons had their house cleaned and painted, which took several days.

Jean Fore's visitors during this past week were Bessie McDaniel and her daughter, Doris Hunter, the Harlows and Kyles, all of New Mexico, who spent the week up until Sunday; Vi Harlow of Marble Falls came Sunday. Grasson and Myrtle Harlow of Arlington visited and Clyde and Debbie Harlow and their children, Arlene, Hanna and Arthur, all of Arlington, came in. Betty and Randy McDaniel of San Antonio also came Saturday, and they all celebrated Bessie's 90th birthday and Paul and Juanita's 50th wedding anniversary. Helping them celebrate were friends, Shirley and Laura Rankin of Cross Plains and from the community including Frankie and Oliver Smith, Jewel Foster and Jean Alexander, who dropped by. Each of the celebrators had a cake and they all had a nice party around a pretty table.

Pumpkin Crop Says 'Happy Halloween'

Legend has it that jack-o-lanterns lead late night travelers into swamps and marshy ponds where, confused and frightened, the hapless souls fall in and drown. Great ghosts! It's nice to know that pumpkins beam a cheerier message today. Piled in heaps

at farmers markets, roadside stands and supermarkets, they welcome the arrival of autumn and its first celebration, Halloween.

The biggest crop of Texas pumpkins comes from the High Plains, which has the warm days, cool nights and

low humidity necessary to grow a quality product.

It is estimated that 14 million pounds will be harvested this season in Floyd County, the state's biggest pumpkin producer. An additional 10 million pounds are expected in nearby Bailey County. About 80 percent of the total is sold for jack-o-lanterns, the rest for pies and other pumpkin dishes.

The best jack-o-lanterns

weigh between 15 and 20 pounds, have bright orange, blemish-free rinds and well defined ribbing. To carve one, cut off the top stem section and scoop out seeds, pulp and meat with a spoon. Outline the jack-o-lantern's face on the shell and carve with a sharp knife.

The leftover fresh pumpkin meat can be steamed or boiled to make pumpkin puree, which can be converted to pie filling or a vegetable dish. Pumpkin puree freezes

well.

Pumpkin is an excellent source of vitamin A and potassium. It also contains fair quantities of calcium, phosphorus and iron. With only a gram of sodium and a trace of fat, it's a fine choice for side dish or dessert.

Heyser Elected Alternate Angus Delegate

JV Heyser, Cisco, has been elected as an alternate delegate to the 107th Annual Meeting of the American Angus Association, November 11-13 in Louisville, Kentucky, reports Richard Spader, executive vice president of the American Angus Association.

County Hay Show Is on Saturday

The Annual Eastland County Hay Show will be held Saturday, October 20 at the Eastland County Livestock Show Barn.

Samples from the entries have been sent to the forage testing lab at College Station to determine protein content. Results should be back early next week.

Dr. George Alston, Extension Forage Specialist, will judge the hay early the morning of the 20th. He will present a program on hay production and feeding various protein levels beginning at 9:30 a.m.

Following the program, the hay will be auctioned, beginning at 10:00 a.m. You can bid on a particular lot of hay or by the bale, whichever you prefer. Hay is in both round and regular bales. At the present time, we have about 150 round bales and about 80 regular bales. This is not all one type of hay, so we should have something for everyone.

Not only does the hay show provide a service for the producer since they will receive a copy of the analysis, but you can purchase quality hay and know what you are getting. In addition, it will provide money to retire the debt on the livestock show building. Ribbons and plaques will be awarded.

We hop to see the hay producer and the buyer the hay show. Remember the date—October 20, beginning at 9:30 a.m. You can come earlier if you want to inspect the hay prior to the program.

ices and they look forward to occupying the new quarters. Union Center Baptist Church is a mission of First Baptist Church of Cisco. Pastor of the small church is Red Chambelain, a lay preacher, and members of both churches have set his ordination into the ministry as one of the first services when the new church is occupied.

Both the Cisco church and Colonial Hills church are carrying out mission work in first-person terms. Mission work is not just something they read about in their denomination's newsletter, it is something they do.

The 1990 Leadership Retreat for Junior 4-Hers, ages 11-13, will be November 16-18 at the Texas 4-H Center.

4-H Presents Awards At Banquet

More than seventy 4-H Club members and a few adults were honored at the Eastland County 4-H Awards Banquet Saturday evening at the Eastland High School cafeteria.

After a barbeque supper with quite a selection of vegetables, salads and desserts, the crowd was addressed by Clay Cowdrey, a Tarleton State University junior who is one of a very few winners of the President's Silver Tray Award. A native of Post, he is residing in Stephenville while attending TSU.

If you think you can, you can, said Cowdrey, who encouraged the 4-Hers to learn about the world, set goals, and then accomplish those goals. He pointed out that 4-H is large cities as well as rural areas. He had a beef project at Post while a boy in Detroit he met rode a unicycle at pro basketball games as a project. Set many small goals and then climb a ladder of goals a rung at a time, he suggested.

Cowdrey told how he didn't

achieve his goal until after his third try, and as a result of that achievement, he got to go to Pleasantville, N.Y., and meet with the top people at the Reader's Digest. The difference in ordinary and extraordinary is the extra effort you put into it, he said.

Keep after your goals, meet people, and keep the right attitudes, Cowdrey admonished. And remember, our touch on the lives of others is what is most important, he concluded.

Record book awards and certificates went to more than seventy, and the judging teams, method demonstrations, recreation team, and those with 100 percent attendance records were recognized.

Tommy Seay of Olden was seventh in state in mail in air rifle competition and others received patches.

Horse team members David Williams and Holly Greenwood went to State, and Williams placed seventh. Team members received

plaques.

This year, the Friend of 4-H Award went to the Eastland County Extension Homemakers. They helped with the show, the concessions, and raised money for three camp scholarships.

Holly Greenwood won the Secretary Guide Award with Jennifer Jarrell placing second. For the Scrapbook Award, Olden placed first, Rising Star second, and the Roughriders third.

Ricky Agnew was named Outstanding 4-H Jr. Leader, and Fred and Nanette Keith were the Outstanding Adult Leaders.

The Danforth Leadership Awards went to Joanna Wallace and Tommy Thompson. And the Gold Star Awards were presented to Cathy Thomas and Jennifer Jarrell. Both also received a \$100.00 bond as part of the Gold Star Award.

Natalie Stevens and Diane Butler received 4-H Alumni Awards.

The Outstanding 4-Her Awards went to Jeremy and Jessica Keith of Olden, Hannah Nicks of Cisco, Stephen and Kimberly Reich of Nimrod, Joanna Wallace and Niki Cozart of Ranger, Cathy Thomas and Barbie Butler of Eastland, Brian Bailey, Holly Butler and Kristie Collins of Rising Star, and Tessie and Rocky Ingram and Holly Greenwood of the Horse Club.

Gold Star winners at the Eastland County 4-H Banquet were Cathy Thomas (L) and Jennifer Jarrell (R). In the middle are Danforth Award winners Joanna Wallace (L) and Tommy Thompson (R).

Card of Thanks

All of my brother Jamie's family joins me and our brother and sisters and their families and my family in expressing our thanks to all of you for expressions of concern, love and sympathy, your prayers for us during his illness and death, the telephone calls, beautiful cards, the flowers, comforting words, the personal visits, and the food that was brought to our home. Our thanks to Clifford and Jimmy Nelson and Wynelle Brown and Frances Bishop for attending the funeral.

Every kindness has shown us your care, and has helped to make our sorrow easier to bear.

Our prayer is that God will bless each of you.

I am so thankful that Glenn and I were in Amarillo to be with Jamie and his family on Friday and when death came at 4:20 a.m. on Saturday morning Sept. 29. I was privileged to help him with his lunch on Friday before he slipped into a coma during the late afternoon.

He fought a long seven year battle with the cancer, knowing severe pain so much of the time, but never complaining. He felt every day of life was so precious and he wanted to make the best of it. He knew that our Heavenly Fa-

ther was in control, and at the appointed time he would go home to be with Him.

We have lost a wonderful brother and friend, and we miss him so much, but we know that some day we will be with him again in our heavenly home.

I heard about the wonderful singing at the Kokomo Baptist Church on Sunday night, Sept. 30 when members of the New Hope Baptist Church and First Baptist church in Gorman came for the singing. I'm sorry that we had to miss it.

There was some beautiful special music at the Kokomo Baptist Church on Sunday morning Oct. 7 when visitors, Joyce Gilbert of Houston, Glenda Miles of Abilene and Gary and Donna Gatlin of Amarillo joined the choir for the special music.

Other visitors were Lesley Gatlin of Amarillo, Dale, Kathy and Scott Collum of Huckabay, Scotty, Caye and Zack Mauney of Abilene, Mr. and Mrs. Wayne Clement of Dalhart, Don and Dusty Farlow of Brownwood and Ashley Laminack of Gorman.

Mrs. Bill Joiner underwent cataract surgery in Abilene on Thursday, and returned home on Friday. We are glad she is doing fine.

Mrs. Roy Buchanan and Mrs. Ima Boles of Clyde vis-

ited on Wednesday with Mrs. Albert Hendricks and Mrs. Mamie Little. Other visitors with Mrs. Hendricks were Ruth Bryant and Hope Joiner.

Glenda Miles of Abilene spent the weekend with her parents, Mr. and Mrs. Glenn Jordan and attended some of the Homecoming activities at Gorman on Saturday and the football game Saturday night.

Neal and Joyce Gilbert of Houston, Bob and Kathy Rodgers of Brownwood and John and LaTonne Rodgers of Carbon visited with their mother, Mrs. Berneice Rodgers during the weekend and attended the Homecoming activities at Gorman.

Rick and Pat Fuller of Dallas, Wesley and Kevin Fuller of Abilene and Christi Eaton of Ovalo were visiting with their parents, Mr. and Mrs. Claude Fuller and attended the Homecoming Activities.

Mr. and Mrs. Richard Nachtigall, Taylor and Trevis of Morgan Mill spent Friday night with Mr. and Mrs. Vernon Fields and Lindell.

Vernon and Deon Fields returned last week from a vacation trip to the Yosemite National Park and other points of interest in California and Las Vegas, Nev.

Mr. and Mrs. Jerry Hallmark and Mrs. Earl Braddock

and Ashton of San Angelo visited during the weekend with Mrs. Dora Garrett and Mrs. Commie Hallmark in Eastland. They also attended the reception for Jim and Maudie Bennett, celebrating their 60th wedding anniversary at the Women's Club in Eastland on Saturday afternoon.

It's flu-shot season. Almost 50 million Americans are at risk -- especially those over 65 and the chronically ill.

New drug to dissolve blood clots after a heart attack -- anistreplase --- is said to work faster than other clotters. The injectable drug is now being tested at the University of Utah Medical School.

Heavy alcohol consumption by fathers in the months before conception not only produces smaller babies (as a University of Michigan study found), but seems to result in slower-learning offspring. New research, on rats, comes from Washington University in St. Louis.

Short-pulse ultrasound seems to be effective in helping heal wrist and leg fractures, researchers found at Mount Sinai School of Medicine in New York. Therapy aims waves through a tiny hole in the cast.

Combination regimen -- short-term use of drug, etidronate, followed by long-term calcium use -- can strengthen the bones of elderly women and reduce the risk of spinal fractures, a Danish study reported.

WOW! The Rising Star Wildcats won an "awesome" game against Cross Plains last Friday night at Wildcat Stadium. The game ended with an outrageous score of 34-0. Rene Rodriguez feels, "It was a tough game until we started scoring, and from then on out it was pretty easy."

Donny Alcorn was announced "honorable mention" by the Abilene Reporter-News October 16. Donny feels, "I couldn't have done it without my linemen; if it wasn't for my team I never would've scored. But it feels pretty good."

Come join Donny and the rest of the Wildcat team next Friday as they travel to Santo. The game starts at 7:30, so be there and don't be square.

Jr. Wildcats Strike Again
by Racheal Coleman

The Jr. Wildcats started off their district games with a roar! They traveled to Cross Plains to compete with the Mighty Mites. A second quarter touchdown by eighth grader Chance Schaefer was the game's only score.

Chris Harrelson stated, "We were able to hold them off and the defense didn't let them score."

Chance Schaefer said, "The offense has been doing better. Without them, we couldn't have made it." Landon Ratliff also thought the offense did better than last week.

Coach Robby Stuteville stated, "I was extremely proud of the Jr. Wildcats for making an excellent effort to win the ballgame."

Coach Browning was excited also, stating, "We improved a great deal and we're excited to get another win."

The team hopes they can win this week and the weeks to come, to make up for the games they have lost. The Jr. Cats will play Thursday, October 18, at 6:30 p.m. against the Santo Wildcats here at Rising Star.

Let's go guys, beat Santo and get another VICTORY!

Dental Dialogue
by Cone C. Rice, D.D.S.

Professional Cleaning Best

Q. I brush my teeth three times a day; why do I need a professional cleaning?

A. A prophylaxis (cleaning) can remove stains and the hard, crusty deposit known as calculus that you can't remove with regular brushing. If calculus is left on the teeth, it causes the gums to become inflamed, and can eventually lead to gum disease. A prophylaxis creates a smooth, clean surface on the teeth, making your mouth feel fresher and your smile more attractive, and making it easier for your floss and brush more effectively at home. It allows the dentist to make a thorough visual examination of your teeth, and alert you to any problems you may have. Since stains and calculus form at different rates in different people, ask your dentist how often your teeth need professional cleaning.

This column is presented in the interest of better dental health. If you have any dental questions you would like answered, please contact the office of Dr. Cone C. Rice, 963 East Main St., Eastland, Texas. Phone: 817-629-3843

Great American Book Fair

A recent report, the first in ten years, issued by the Reading National Academy of Education points out the importance of independent reading for our children! Join us in promoting reading for our students. The book fair provides one more excellent avenue of reading adventures. Help students discover the world of words at this book fair.

Ready access to books in your home offers an opportunity for your child to read independently and to cultivate a "love" for books. It is

recommended by the National Reading Academy of Education that students spend two hours per week reading independently by the time they are in the third grade.

The Great American Book Fair will be open during the day from 7:45 a.m. to 4:00 p.m. at the elementary school library.

The books and materials furnished in this book fair cover a wide range of selections and interests with prices to fit most needs. Please support our library in this very worthwhile cause.

Homecoming 1990

school song. During the business meeting, an association constitution was adopted and a coming home queen and king were elected. Coming Home Queen was Linda McBride Wilson, class of '61, of Garland and Ben Cook, class of '29, of May, was elected in spite of his efforts to cease nominations. The oldest exes were represented by members of the class of '23, Anita Henry Chapin of Dallas, Felton Underwood of Abilene and Bonnie Grace LeMaster of Arlington. Traveling the furthest was Francis Goss Robinette from near Texarkana.

New officers elected for '91-'92 were Jo Marie Gregory, president; Kathryn Harrell, vice-president; Tricia Musick, secretary; Debbie Pittman Stephenson, treasurer and Becky Moore Coonrod, reporter. Outgoing officers were Cindy Pallette Wood, president; Chick Eoff, vice-president; Beverly Harrell Pittman, secretary; A.J. Dickerson, treasurer; and Randy Pittman, parade chairman.

The best floats ever lined the parade route. Winners in the school division were: 1st place, 2nd grade, \$50; 2nd place, 4th grade, \$30 and 3rd place, 5th grade, \$20. Judges did indicate that the junior class float was a very close 4th place. Carroll Chambers took 1st place in the antique car division, with Tommy Ellis of Brownwood, 2nd and Justin Thornhill of May, 3rd.

Many class reunions took place after the parade and a constant stream of hungry people kept the home demonstration ladies busy with their supper at 5 p.m. The day

closed with the traditional ex's dance at the rodeo grounds.

It takes very special people to donate time and effort to welcome strangers into their lives for what makes a very short weekend. The staff and students of May ISD are just that type of special people.

The grounds and buildings were immaculate, the staff and faculty were warm and friendly and the students did an excellent job of making the campus and weekend full of excitement for the returning exes.

Congratulations to the football team for beating the stuffing out of Gustine. Many thanks to the drill team and twirlers for the half time show, to the many parents who filled in wherever they were needed and worked at the luncheon, to the PTO for sponsoring Saturday coffee, the girls who registered the guests, to the room mothers and parents who worked on the floats, the class sponsors and to the administration who supports the Ex-Students Association in every imaginable way and everyone else I forgot to mention.

Special thanks to school secretary Karen Powers who allowed me to call 50 times a day and Jeanne Thornhill who swapped her May Homecoming beat ribbon for my Rising Star Homecoming beat ribbon.

On behalf of the 1990 May Ex-Students Association officers, I would like to express our gratitude for making this 35th Homecoming anniversary so very special for so many out-of-town and local ex-students. Thank you.

Adult Classes

(type), gain a basic understanding of what computers can do in the business world, perhaps, help you decide if taking computer courses to lead to a job in that field is what you would like to do.

Beginning Keyboarding is a class for the adult who has no keyboarding (typing) skills and is devoted almost exclusively to alphabetic keyboarding skill development.

The first emphasis is exclusively on technique of keyboard operation (without time pressure) and the second emphasis is on speed of manipulative performance (with strategic time writings). When appropriate, emphasis will be placed on accuracy of copy produced.

The class will build skill and refine techniques on the computer and then go to electronic typewriters for manipulative performance.

Participants must be prepared to work for 60 minutes. Extra lab time will be made available with prior arrangements.

The cost is \$5.00 per class time and includes all supplies and materials. The class will meet 6:30-7:30 p.m. Oct. 22

through Nov. 8.

Intermediate Keyboarding is designed for the adult who "used to" type but hasn't in many years.

The class will begin on electronic typewriters and progress to computer/word processing software.

After a quick review of the alphabetic keyboard, the typing of alphabetic, script, rough-draft and statistical paragraphs, the class will emphasize centering, report manuscripts, business letters and tables.

Participants must be prepared to attend class regularly and work for 60 minutes each class time; prior arrangements may be made for extra lab time.

The cost is \$5.00 per class time and includes all supplies and materials. The class will meet 6:30-7:30 p.m. Oct. 22 through Nov. 8, Mondays and Thursdays.

Beginner's Computer Literacy teaches you everything you wanted to know about computers but were afraid to ask. This class takes you from the on/off switch to simple computer applications to basic programming. Just enough so that you will know you have heard or used the terms and can look wise when the word "computers" comes up in conversations.

This class is mostly hands

on with outside reading and homework required. There will be one final examination.

Participants will attend 90-minute classes, take notes, use worksheets and work on computers.

Participants will need to bring at least a 70-page notebook. The cost of \$5.00 per class time includes all other supplies. The class meets from 8:00-9:30 p.m. Oct. 22 through Nov. 8, Mondays and Thursdays.

After the first session of classes is over, the classes will start again. More advanced classes will be offered during the winter.

Remember, the classes are limited to the first 20 who register. Call Diana White at the school, 643-3521, to reserve your place.

Mushrooms at Last!

An experiment in growing mushrooms on logs is coming to fruition for Dr. Charles and Anna Barnes. The mushrooms are in flower on logs implanted with the seed several months ago at the Cabo Ranch northwest of Rising Star.

Eight months after the seed (spahn) was implanted in Rising Star oak and pecan logs, the harvest of mushrooms has begun for Dr. Charles and Anna Barnes at their Cabo Ranch northwest of town.

Quilt Winner Named in May

May Homemakers Extension Club has announced the winner of its drawing for a quilt which was on display here earlier in the year. The winner is Vance McDaniel.

All proceeds of donations toward the drawing will go to West Texas Rehab.

This experiment began in February and it wasn't known precisely how long it would take for the mushrooms to grow to flowering maturity. Harvest should occur on these logs sporadically for the next four years.

These particular mushrooms are of Japanese origin and known as Shiitake, or Golden Brown variety. The Barnes' say they taste wonderful and the quality is excellent.

Theoretically each log should produce about \$10 worth of mushrooms each year with minimum labor on the part of the farmer. Trees are cut during the winter and it takes about 10 minutes to implant the spahn in each log. Since many farms bulldoze our shinnery oak trees to clear fields, there should be an ample supply of logs in this area. Logs must be kept in the shade while maturing. Barnes also kept his wet with a sprinkler to keep the summer temperatures down.
