## **Proposed Amendment One** Originated In Eastland

Editor's note:

Citizens of this area will be interested in the fact that the Proposed Constitutional Amendment 1 on the Nov. 5 ballot originated in Eastland.

Last spring Mayor C. W. Hoffmann Jr. sent a letter to the Texas Municipal League and asked the group to do something about legislation governing Home Rule cities whose population has dropped below 5,000.

Frank J. Sturzl, Executive Director of the Texas Municipal League, agreed that changes were needed. Aproposed Constitutional Amendment was presented to the last regular session of the State Legislature. The support was so overwhelming that the proposition was approved two weeks before the session ended. That cleared it for inclusion on the Nov. 5 ballot.

The Municipal League and Frank Sturzl have continued to give strong support to Proposition 1. Eastland continues to give overwhelming support, and area cities have indicated they join in this effort. Large cities and large newspapers throughout the state have also stated a desire to see Proposed

Generations of the Past; Living in the Present; Building for the Future, this was Homecoming 1991!

About 200 exes and friends gathered Saturday morning to reminisce about days gone by and to enjoy the program that

had been planned. The Ex-Student Association meeting followed coffee and visiting, with Barbara Long presiding. Other officers were David Harris, vice president; Kim Childers, secretary/ treasurer; Carolyn Walker, reporter; they have completed their two-year terms and new officers were elected.

Officers for 1992-1994 are David Harris, president; Buck Harrelson, vice president; Sue Harris, secretary/treasurer; and Cathy Wilson, reporter.

The classes of '41 and '51 tied at having the most members present, with 14 each at the meeting. The class of '48 followed closely with 13 members present.

The anniversary class of 1941 elected Jean Gray Parker and Sterling Dav-King and Queen. Homecoming Queen and King, elected from the audience, were Mamie Robinson Joyce and Cecil Joyce, both from the class of 1918.

David Harris announced that Patricia Pavon had been awarded "Citizen of the Year" for 1991 by the Ex-Student Association. Her name will be placed on the plaque that is hanging in the gym at the present. When the new 16,000 square foot building is completed it will hang in Jarod Horton, Aaron Long the principal's office. We will look forward to the progress made at our Alma Mater and, possibly, to meeting in the auditorium next year.

## Wildcats Win Big at Homecoming

Last Saturday, Rising Star Homecoming game was a perfect ending to a great day of activities for ht returning exes.

Santo traveled to Rising Star and did the Cats the favor of helping them tie for first place in district with Tolar.

The first score of the game saw Jarod Horton returning a 40+ punt return for a touchdown. Jeff enport Coming Home Medley displayed his usual poise in kicking a good PAT.

Santo showed signs of coming back but the great Cat defensive line (Will "Wilber" Ezzell, Matt Harmon, Terry "the Warewolf" Ware, Donnie "Donk" Horton, Rene Rodriguez and Scotty Wilson) kept them form advancing down the field.

This reporter was kept busy playing in the band and many details escaped me. However, I did notice that all the TDs were made by sophomores and David Bronson, supported by senior Jeff Medley's PATs and the entire Wildcat team.

Scotty Wilson had his best defensive game of the year with 11 1/2 tackles.

This Friday, October 25 the toughest game of the season will be played right here in Wildcat Stadium at 7:30 against Gorman. This is sure to be a really good game. Come out and watch the Cats on their way to the play offs.

The Eastland County Hay Show is an important educational event for producers and helps support the county show grounds. Donated bales of hay will have protein run on them and then judged. Dr. George Alston, Extension Agronomist, will judge the hay and present a program on hay production and quality.

The bales of hay will be auctioned off following the show. Funds raised by the auction will go to the Eastland County Livestock Raisers Association to retire debt and improve facilities of the county show grounds.

The show and auction will be December 7. Plaques and ribbons will be awarded.

#### NORTH CENTRAL CATTLE RAISERS CLINIC

The North Central Cattle Raisers Clinic will begin at 8:30 a.m. with registration and viewing of Agri-Business Exhibits on Thursday, October 24, 1991. This was formerly the Tri County Cow-Calf Clinic. The clinic is being held at the Stephens County Agriculture Center located 3 miles east of Downtown Breckenridge on Highway 180.

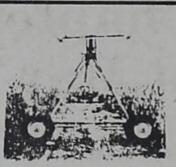

Producers attending the clinic will receive 2 continuing education credits toward the renewal of their private applicator pesticide license. The clinic also includes a sponsored lunch so producers planning to attend the clinic are asked to preregister by calling the Eastland County Extension Office at 629-1093 by October 21, 1991.

The program topics will include, cool season forages, soil nutrients, warm season forages, native and introduced warm season perennial grasses, herd health, pelvic measurements, EPD's and implants.

The luncheon keynote speaker will be Charley Scruggs, retired editor of Progressive Farmer Magazine.

Roddy Peeples from VSA Radio Networks will be the program moderator.

The North Central Cattle Raisers Clinic is planned and organized by Extension Program Council Livestock Committees for Stephen, Palo Pinto and Eastland Counties.

### **Eastland County Bass Club**

Eastland County Bass Club sponsored weekly jackpot will be held at Chock-O-Block on Lake Leon, Sunday, October 27. Fishing hours will be from 1:30 p.m. to 5:30 p.m. and anglers have to pay before fishing. Due to club activities the last two weekends, the jackpot have been postponed until this day.

Congratulations to Al Senterfitt for winning the Eastland County Bass Club Angler of the Year Award. Al received a check and a beautiful trophy that would look good on anyone's fireplace mantel. To win this adward Al, caught the most total poundage of fish in our monthly club tournament. Al caught nearly all of his fish flipping a jig into shallow water and he did quite well on all lakes picked for the club tournaments but his heaviest stringers came from Lake Daniels. In second place for Angler of the Year was Butch Willingham and in third place was Bud Wood. Both these anglers received a check from the

by Michelle Ferbrasche During November many students in Rising Star Elementary were nominated to take a test for the gifted and talented program. The test, a standardized assessment instrument used to determine the children's creative and intellectual ability, is composed of 26 subject tests, 23 tests to evaluate intellectual levels, and three tests to assess creativity. It is a state mandate that children be nominated and tested.

Parents and teachers evaluated the nominees. Forms for evaluation were sent home and teachers used achievement levels from the TAAs, and California Achievement

This program gives the children who would enjoy different types of thinking skills a chance to explore and develop beyond the normal school activities. Some of the activities are service center seminars, field trip to the Soviet Space display and the Omni

Club.

The next club meeting will be November 7 at the Eastland National Bank and will begin at 7:30 p.m. The E.C.B.C. would like to invite prospective members to meet with us and ask questions about our club and its activities if they are thinking about joining the club. New members can join anytime, or ask questions,

about the club by calling Gary Horton at 647-3888 or Butch Willingham at 442-3142.

The next E.C.B.C. interclub tournament will be November 9. Anglers will meet at Double Vision Resturant in Eastland for the drawing of the lake to be fished. All anglers who enter the tournament can put a lake into the hat and at 6 a.m. we will draw for that days exciting lake. Fishing hours will then be set. Anyone wanting to join the club can do so at this time also. This year membership dues will include a one year subscription to Honey Hole magazine.

theater. Kindergarten teacher, Dixie Hood is working with the gifted children in kindergarten through third grades and Mr. Mohundro is working with grades fourth through sixth.

The Rising Star Elementary will be having an interesting week October 21 through the 25. The activities during this week will show the childrens participation in the Texas Red Ribbon Campaign. Monday, they wore sunglasses to Shade out drugs. Tuesday thy wore caps or hats to keep a lid on drugs. On Wednesday students wore gloves to say hands of drugs. Thursday they will wear their clothes inside out to slow peer pressure reversal. And on Friday the students will wear black clothes to black out drugs. There was a drug rally on the football field Wednesday. These activities will show the children drug awareness.

This years activities go to show that there is more to learning than reading, 'riting and 'rithmetic.

## Homecoming Day 1991

by Laura Rankin Starting off the fun-filled day of Homecoming, Rising Star students, teachers and exes attended registration in the Rising Star High School gym, where 246 people were counted. Everybody reported that they had a great time catching up with their old classmates.

The Parent Teacher Organization sponsored a luncheon at the elementary cafeteria. Everyone in the community was invited and most everyone attended! The PTO is doing a wonderful job this year. Keep up the good work!

The Rising Star Homecoming parade started at 2 on Saturday afternoon. There were several high school entries in the parade this year. These included the high schoolcheerleaders and Wildcat football team trailer and the junior high cheerleaders and Kitten football team trailer. The Wildcat band followed them and received a great response from the spectators. Betty Jo Jones appeared in the parade as Miss Rising Star. She looked beautiful and we're really proud of her! Cheryl Robinette followed as the FFA Sweetheart.

Immediately following the parade was the 1991 Homecoming pep rally. The gym was colorfully decorated with streamers, signs and posters by the high school and junior high students. They did a super job and the gym looked great!

The winners of the runthrough sign contest were announced at the pep rally. The juniors' sign, "Proud to be a Wildcat" took 1st place; 2nd went to the sophomores' sign, "Wildcats On Top of the World:" the freshman class sign "Chew 'Em Up, Spit 'Em Out" was 3rd; and the seniors' sign "Here's a Quarter, Call Someone Who Cares" placed

The junior high also entered the run-through sign contest. Eighth grade took 1st place with "Beg For Mercy;" 7th came in 2nd with their sign, "Reach the Top."

IN the 3rd-4th grade division, 3rd grade was awarded 1st place for "Wimps" and 4th got 2nd with "Generations".

Among the youngest entries, 2nd grade placed at the top with "Bag 'em" and "We Feast on Wins" won 2nd place for 1st grade.

The high school students also painted windows in the downtown area. First place went to the 10th grade for "Same Story: Fame and Glory;" "Do It Again in '91," the 9th grade's entry was 2nd; 12th placed 3rd with "Wildcats;" and 11th placed 4th with "You've Got the Right One Baby-Uh Huh!"

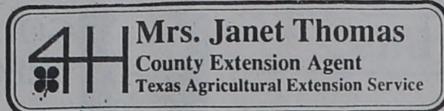

Parade floats were awarded prizes at the pep rally, too. The sophomores came in 1st. 2nd place went to the kindergarten class of 2004 and the class of 1941 took 3rd place.

Elizabeth Alldridge started off the pep rally on a patriotic note with "I'm Proud To Be an American." She did a wonderful job and we would like to thank her for singing at the

pep rally. The junior high cheerleaders were introduced by Jo Linney. High school cheerleaders were introduced by their sponsor, Anna Ezzell. They did a great job keeping the crowd on their feet with their spirited dance and cheers. Spirit sticks were awarded to the most enthusiastic people at he pep rally, which included winners from

the '85 and '89 classes. The Wildcat band, under the direction of Tim Riley, kept the pep rally going with their upbeat songs. Twirler, Laura Rankin performed also.

The psyched-up football guys were introduced by Head Coach, Dan Goodman. Coaches Doyle Browning and Steve Harrelson were also introduced. The Wlldcat team is revved up and ready to go

## Fishing Outdoors

by Terry L. Wilson

Jay Frimal with some Leon lunkers.

**Bob Hood Wins** 

Classic at Leon Boats come in many shapes and sizes these days. But a boat which is tailored for fishing that is no longer in production is the "Water Wagon." This name is one many of you are familiar with. Basically this craft is a block of styrofoam like material with some aerodynamic cuts. The angler sets flat on the boat with legs extended into the water. Movement while fishing is done by the use of dive fins. Small outboard motors are used to move from one area to the next, most use a 2 horse.

Leon was visited by 20 of these crafts this past weekend for the Mini Boat Bass Club year end classic. These men and women hale from 6 or 7 cities in the panhandle of Texas. This event was a two day event with anglers being allowed to weigh up to 5 fish per day.

was set up with 2 different weigh-in times to help insure that all the fish could be released alive. The first being at 1:00 p.m. and the other at 7:00. Anglers could weigh-in only 5 fish total for Saturday thus as legal fish were caught the choice had to be made as whether to keep a 2 pounder or release it in hopes of something larger.

The 1:00 p.m. weights reflected a tough day of catching with Jay Frimal of the 1991 Club Champ leading the field with 3 fish going 8:24.

Moving on to the final 1:00 p.m. Sunday weighin showed I missed the better weights Saturday evening. Few fish were brought in Sunday after the cool front had passed and the high pressure call nd the high pressure call for 1991 fished two days

had settled in.

The final results were: 1st Bob Hood, 14.93; 2nd Jay Frimal, 14.85; 3rd Kenneth Scroggins, 14.18; 4th Randy Abbott, 13.96; 5th Tim Hollis, 12.76.

None of these weights included a 2 day 10 fish limit. Big bass overall was taken by Bill McCowan a nice 6.03 Leon Lunker.

The top four finishes reported the river section a their fishing spots. Motoroil and chartruese ring rascals, spinners and Rat-L-Traps were the top baits. Every angler reported catching a number of small fish and all were able to weigh-in some-

A total of 69 fish were weighed and all 69 fish were released back into the waters of Leon. This is an excellent release compound to some past events where big boats with areators were used. But, the special effort these sports persons put Saturday's weigh-in forth for the survival was that extra mile, thanks gang.

> As I watched these anglers and visited with many on the water it became evident this organization has a fine bunch of members. And we can all hope they will consider returning to Leon for the 1992 Eastland Volunteer Fire Dept. Open Event.

> Among these anglers was Mel Phillips outdoor writer and radio personality from Amarillo Texas. While Mel didn't finish in the top of the field it was a pleasure visiting with him. And I look forward to receiving notices of upcoming tournaments and outdoor shows in his area to pass along to you folks.

> The local ECBC Classic was also held this weekend. The top 16 anglers

## 'The Doctor' To Show At Majestic

When Doctor Jack McKee (William Hurt) becomes a patient in his own hospital, his condition forces him to depend upon a fallible medical establishment, in Touchstone Pictures new film, "The Doctor." Christine Lahti (Center) stars as Jack's wife Anne. This movie will open at the Majestic in Eastland on Friday, Oct. 25, 7:30 p.m.

Every Doctor must eventually become a patient. This is the theme of the current movie "The Doctor," which will show at the Majestic at 7:30 nightly from Friday, Oct. 25 through Monday, Oct.

Tickets will be \$3 at the box office, and the picture is rated PG-13.

In this movie there is quite a reversal of perspective when Dr. Jack McKee (William Hurt) is suddenly faced with an illness which makes him an ordinary patient in his own hospital.

For the first time in his life he is forced to feel what every patient feels, and to blindly rely on the medical establishment.

A successful surgical practice has given Dr. Charles Stenholm McKee a very nice life, complete with a beautiful family (Christine Lahti and Charlie Korsmo) a luxurious home and all the trappings of prosperity.

### Congressman Stenholm Answers P.C. Report

by Congressman

Public Citizen, a Ralph Nader creation, recently released a report about Congressional travel entitled "They Love To Fly

and It Shows." I did take 51 reimbursed trips during the 101st Congress. My lifetime experience as a farmer gives me a unique viewpoint as a member of the Agriculture Committee, and many of my speeches dealt with the 1990 Farm Bill. While speaking, I am explaining legislative issues and expressing my point of view to people throughout this nation. As Chairman of the Livestock, Dairy and Poultry Subcommittee, I have a responsibility to producers and consumers all over the country, so I try to make myself available. I have also used these occasions to speak on rural health care issues and the proposed Constitutional Amendment to balance the federal budget, which are just a few of the other topics for which I am seek-

ing legislative solutions. My travel schedule is public record. I believe in the importance of disclosure for public officials. It is a way to ensure accountability to the taxpaying voter. For example, my average trip involved getting on a plane at the end of the business day, travelling to my destination, checking into a hotel for the night, speaking the following morning and then departing. In fact, 46 of these trips took a day or less and only five trips involved more than a single night's stay. I have prepared a detailed report of all my trips during the 101st Congress and I will do the same for the 102nd Congress. I will be glad to send this complete report to anyone interested.

I think it is also important to know how these trips affected my duties in Washington and my home district. I participated in 98.9% of the votes here in Washington and I made 291 appearances in the 17th district of Texas during the 101st Congress. This year I have already made 150 appearances while visiting all 35 counties of the 17th dis-

#### **America Makes** Anti-Drug Statement

In a time when kids can't afford to get mixed messages about drug use, America can make a strong anti-drug statement without saying a word. During the week of Ocotber 20th, when you pin on a red ribbon you become a part of the campaign to encourage our nation's youth to combat the use of illegal drugs.

Sponsored by the National Federation of Parents, the Red Ribbon campaign is a project that links via red ribbons millions of Americans who are convinced that the war on drugs is winnable. It is a grassroots effort which is helping to change attitudes about drugs.

The Red Ribbon Campaign originated when Federal Agent Enrique Camarena was murdered by drug traffickers in 1985. The Red Ribbon became the national symbol to reduce the demand for drugs, just as the yellow ribbon symbolized the POWs in North Vietnam and support for the troops during Operation Desert Storm.

During Red Ribbon Week, October 20 through 27, communities across America will participate in activities designed to promote a drug-free America. By wearing a red ribbon, individuals can create positive peer pressure about drug-free choices. It is the rallying point for millions of children and adults who share the commitment to live healthy lives unhampered by substance abuse.

As a drug-free company, McCoy's Building Supply Centers are proud to be a part of the Red Ribbon Campaign. Beginning October 21 while quantities last, your local McCoy's will distribute By travelling and giv- free imprinted red ribbons and encourage customers to join the nation in promoting a drug-free America.

22-8, Rising Star.

The Rising Star Jr. Cats made the long trip to Santo last week, and they trounced on the Santo Jr. Wildcats with the final score being 22-8, Rising Star.

The game began with Wildcat Robert Hollis kicking off to Santo, and soon afterward there was an offside penalty called against Rising Star. The Jr. Cats' defense really held up well as they stopped a Santo touchdown with just over four minutes left in the first quarter. About two minutes later, however, Santo was able to score, and their extra points were run in. This made the score 8-0, Santo.

The Rising Star Wildcats were able to answer this wakeup call with Michael Perales. Daniel Rodriguez, and Jeremy Hall carrying the ball back down the field for the first Wildcat touchdown of the game, made by Perales with only 36 seconds left in the first quarter. Quarterback Landon Ratliff carried the ball in for the Cats as their extra points were earned. This ended the first quarter with the score being tied at 8-8.

In the second quarter, Daniel Rodriguez was able to score for the Cats with four minutes left in the half. The 2 point conversion attempt for the Cats failed, but they were able to hold on to their lead. Hollis again kicked off for the Cats, and their defense did and exceptional job of holding Santo. Johnny Fox managed an important defensive tackle which forced Santo to punt late in the second quarter. The remainder of the half was mostly a defensive story for the Cats as they kept their lead of 14-8 going into the second half of play.

Companies could computerize their businesses better and more efficiently if management depended less on computer experts in the decision making and more on the people who will be using the computers.

Executives must understand that setting up a computer system is more than just a management decision. Supervisors must convince the users that the change is necessary. They also must be aware of the impact that change will have on the users' work methods, relationships and communications.

Companies that keep control at too high a level ignore the need to sell change to their employees.

This problem is studied by top management's penchant for a hands-off approach to change. The people who manage organizations generally have not learned to manage the technology, yet would expect employees to be able to immediately use it.

Executives often fail to develop a vision of how the technology should tie into how the company does business. Therefore, employees may have a hard time operating the computers. So the users need to make computer decisions, not experts.

#### **ACS Supports Use** Of Breast Implants **For Mastectomy Patients**

The American Cancer Society, Texas Division is launching a state-wide letter-writing campaign among its 200,000 volunteers to urge Congress and the Food and Drug Administration (FDA) to allow the continued use of breast implants as an option for mastectomy patients seeking reconstructive surgery. The Society is also urging all Texans to get involved in letter-writing efforts.

Volunteer leaders of the American Cancer Society in Texas are concerned about the potential ban of breast implants for the use of reconstruction in breast cancer patients. At its recent annual meeting, American Cancer Society volunteer leaders agreed to organize a letter-writing campaign to support the use of breast implants as part of a patient's healthcare choices.

The Society's Texas Division approved the following policy:

"The Texas Division does not support a ban on silicone breast implants for breast reconstructive surgery. We do support continued research, quality assurance of implant devices to maintain their safety. We feel women should be well-informed of risks and benefits of reconstructive surgery so that they may make an informed choice."

"We're afraid that women will delay treatment if breast implants are no longer part of their reconstruction options,"

says George Peters, M.D., President of the American Cancer Society, Texas Division. "Statistics show that early detection saves lives and for many women avoiding a change in body image is a motivation for immediately addressing breast cancer through surgery."

Concern about a potential ban of breast implants is building in anticipation of the mid-November meeting of the FDA General and Plastic Surgery Devices Panel. Some fear that the panel will ban the use of breast implants. An announcement about future use of breast implants is anticipated from the FDA in January.

American Cancer Society physician volunteer leaders in Texas recognize that scientific evidence documents a low health risk associated with breast implants and that implants are a significant benefit to breast cancer patients who are able to restore an amputated body part. It is estimated that 25 percent of the two million women who have breast implants are breast

cancer patients. "It scares me to think about the women walking around who won't have their breast cancer treated because reconstruction won't be an option," said Lynne Lofgren, a breast reconstruction patient and volunteer for the American Cancer Society in Dallas. "The FDA should not take away the option women have to be reconstructed after

#### **Engine Trouble** Causes Plane To Land At Strawn

Frank Early of Fort Worth landed his Cessna 150 northwest of Strawn last Saturday after the plane developed engine trouble.

Early alerted authorities at Meacham Field in Fort Worth around 10:20 a.m. that he was having trouble with the singleengine plane. Soon afterward he landed the Cessna in an open field about seven miles northwest of Strawn. Early was not injured in the landing, and the plane received no noticeable structural damage.

After landing, Early telephoned authorities his location from a house on a deer lease. The location was pinpointed after checking numerous hunting lodges in the area.

Early called for a helicopter from Fort Worth to fly a mechanic to the site where the plane landed.

The annual meeting of the Eastland County Extension Program Coun-**United Methodist Women** cil was called to order on October 15, 1991 by Dr. Ronald Pope, Chairman. The meeting was held at the Calvary Baptist Church Fellowship Hall in Cisco and included a sponsored Fish Fry. The sponsors were Birdsong Company, Peanut Eastland National Bank, First National Bank-Cisco, Peoples State Bank-Rising Star, Production Credit Association and Freedom Bank-Ranger.

The audience of 50 heard a special presentation from guest speaker State Representative, Bob Turner. Four issues which Turner identified as being important in Texas' future were environment, health and health care, economic

development in rural areas and education. A summary of 1991

programs conducted by Extension Program Council Program Area Committees was presented by committee members. The critical issues in the 1991-94 Long Range Extension Program for Eastland County that were addressed in 1991 were Financial Planning and Money Management, Agricultural Profitability, Economic Development, Revitalization of Rural Communities, Agricultural Diversification, Chemical and Waste Management, Strengthening Families and Lead-

ership Development. Result demonstration cooperators were recognized for their work in

1991. Cooperators receiving certificates were Johnny Eaves, Charles Walker, Ronald Pope, Eastland County Commissioners Court, Tommy Toland, Benny Hagan, Dan Childress, Donald Holder, Roy Johnson, Lin Boch, Truet Hart, Billye Sinclair, Sandy Doss, Troyat Underwood, Bill Kenneth Wright, Montfort and Hoot Ferguson.

Elected officials of Eastland County were presented certificates for completing continuing education credits from the V. G. Young Institute of County Governments. Those receiving certificates were Joann Johnson - County Clerk, Ruth Hart

· County Treasurer, Calvin Ainsworth -County Commissioner, Reggie Pittman - County Commissioner, L. T. Owen County Commissioner and Bill Miers - District Clerk.

## Leadership In Short Supply In Politics, Turner Says

Before his speech at the Annual Extension Program Council meeting in Cisco Oct. 15 State Representative Bob Turner joked that he had his notes on a styrofoam cup he was holding.

He didn't have to refer to any messages on the styrofoam, for obviously the Representative is one of those people who can give a good talk without any notes at all.

This quality is all too rare in Austin, judging from Turner's remarks. He appeared a little sadder and certainly more analytical than during those days in the 1980's when he was a Farm Bureau leader.

But that was before he won the Special Runoff Election last spring for State Representative,

65th District. In Cisco Turner told the crowd of Program Council members, County officials and special guests that what was needed in Austin was "Leadership and communication ability.

"We are starved for capable leadership in the United States today!" He declared. "I find that in Austin many of the State Legislators can not even stand up and address a crowd. I don't know how they got elected!

"There should be special training in leadership for young people."

He listed the 4-H Clubs as one of the best places for young people to develop leadership ability.

"Did you know that in the 72nd Session of the Texas Legislature we almost lost the 4-H and Extension Service work?" he asked. "Funding was almost cut. You never know what is going to happen in Austin - and it usually happens quick. That is, why we must all be involved in politics."

Turner then discussed other major issues facing Texans today. He included the environment, health and health care, economic development in rural areas, and public education. To these he added the crime rate, saying it was "Horrible."

He said it was necessary to build more prison space, but that was no answer to the underlying problem. It was like tak-

ing an aspirin for a pinched nerve, he added.

"We need to do something to head off crime," he said. "We need to do something about alcoholism, offer alternative, continuing education teach people to be selfsupporting."

On education Turner said he believed schools should go back to local control.

Regarding health care, Turner said he regretted the loss of rural hospitals. He said they had been inadequately through government funding. He indicated he was not fond of governmental control of the health care system, however, for he had seen how that works in Germany and Canada.

"Those who can afford it go buy private care," he

Turner also remarked that Insurance Companies in this country are going to have to make changes in the way they write policies.

"Large groups are having to pay for drug and alcohol abuse, maternity care - we cannot sell that as a bare-bones policy."

On another subject, Turner said the only one of the proposed amendments he was urging people to vote "Yes" on Nov. 5 was Amendment 6 - the one dealing with State bonds and finance. The State should be more accountable for the way it spends its money, he said.

Turner summed up his

speech by saying that he felt sort of like an Old Testament Prophet - but he hoped no one would throw him down a well! Then the sheep-rancher, soldier, Farm Bureau worker and now State politician said he saw a lot of trouble ahead in this country if things didn't

The trouble was not in the political system, he explained, but in people who take advantage of it.

"There seems to be two classes of people around the trees and the mistletoe," he stated. "The trees work hard, pay taxes - and the mistletoe fastens on them. The mistletoe blooms, it is leafy and green - but it does noth-

"Have you ever seen so many mistletoe on a tree that it died? I'm not sure how many more 'Mistletoe folks' our country can stand?"

Turner went on to say that a lot of mistletoe shows up in Austin, demanding things.

"In fact, more mistletoe than trees seem to turn out and vote," he said. "We have a 59 billion budget this year-the largest ever. It's not going to get any better until people who are paying for the government get involved in it!"

After his speech Bob Turner and his wife, Ann, visited with a number of people in the room. They then drove home to Coleman County, where they live near a small settlement named Voss.

## Commissioners Told Work On 911 Is Complete At Dispatch

Eastland County Commissioners Tuesday heard that 911 Emergency Services work had been completed at the County Dispatch.

"As far as we know, we've done all we can do," said Pct. 1 Commissioner Richard Robinson. He explained that a lot of electrical and mechanical work had been completed, including a conduit laid for a new cable.

Judge Bailey said the West Central Texas Council of Governments recently sent street names and sequence numbers on Carbon. The County has been mapped in order to tie each residence into the 911 system.

Reports were that Carbon had named streets, put up new signs, and compiled well with the request for house num-

Judge Bailey mentioned that the Commissioners needed to make a form to give people who have been missed in the addressing, so they could get into the system.

This bill was termed "confusing" in another way. Sent to a citizens in the County, the bill had an extra charge for 911 sitting to one side. Although this charge apparently did not apply in Eastland County, some people might think it was theirs and go ahead and pay the amount Judge Bailey remarked.

On another matter, the Commissioners agreed to authorize the county to pay Comm. 4 Reggie Pittman's operating expenses until some precinct tax money came in. The precinct was out of money, the court was told - with about a 10-day lapse expected before funds came

She said one reason is that it is necessary to contact school officials in Eastland and get a key before using the building.

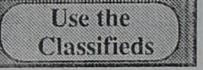

But she listed another reason that sounded more urgent - that vandals are breaking into the building, and "taking it over."

## Job Increase

conduct the company's class room instruction, business in the Rising and orientation for new Star area.

Rising Star Vineyards, Inc. is located on the former Bob Rust farm about five miles northeast of Rising Star, just off U.S. Highway. 183.

The corporation is an nursery business begun six years ago to develop, produce and sell to grape growers of Texas, the Sunbelt and nationally premium grade certified disease-free Texas grape vines and grape fruit.

The present business expansion will accommodate a 60% increase in grape vine bench-grafting orders and will also expand the total acreage for production of grapes.

The Company has signed a joint training partnership agreement for on-the-job training,

workers at the vineyard.

At least fifty-one percent of the new jobs created will be for citizens of Rising Star and will be primarily for low to moderate income families.

In addition to the jobs expansion of the grape presently created, the vineyard and grape vine entire community will benefit indirectly as this industry expands. It will bring need for additional housing, more students in school and increased business for local merchants. Our total quality of life

should definitely improve. The Rising Star City Council is to be complimented for the hard work it has done to secure grants of monies which will help our community.

Other recent grants obtained is for City Park Development and to purchase trees for our community.
