

Mrs. Blanche Byrd New English Teacher At RS

Mrs. O.B. Byrd
Mrs. O.B. (Blanche) Byrd of Cross Cut has been hired by the Rising Star Independent School District Board of Trustees as High School English teacher. Mrs. Byrd also teaches a Journalism class in addition to English I, II, III and IV.
Mrs. Byrd comes to Rising Star with 21 years of teaching experience. She has previously taught in Cross Plains for 8 years and Brownwood for 13 years. Mrs. Byrd has taught High School

English, 7-9 English and secondary education.
Mrs. Byrd received her degrees from Daniel Baker College and Howard Payne University in Brownwood where her major was elementary education. She is Past President of Delta Kappa Gamma, an honorary society of teachers and a lifetime member of TSTA and NEA.
Her husband, O.B. is a rancher. They have one son, O.B. Byrd, Jr. who is a graduate of Texas Tech University in Lubbock, where he is employed by the State of Texas.
Mrs. Byrd enjoys needlepoint and crocheting in her spare time.
She also stated that she really enjoys teaching and is glad to be back in the classroom once again.
Welcome Mrs. Byrd.

Football In Rising Star Lometa -26 Rising Star - 14

Rising Star and Lometa played football Friday night at 8 p.m., 10-9-81.
Rising Star won the toss and elected to receive from the north end. Chuck Harris brought the ball to rest on the 26 yd. line, Scott tried a keeper play, Chambers plowed up 2 yds. up the middle and Rising Star tried to kick on 4th down and Lometa blitz was off sides. They drew 5 yd. penalty. Walker kicked deep and Lometa had short return to their 30 yd. line. Lometa has the ball for the first time and Lometa's number 14 Marvin DuBose took off on this first play and was stopped for a 2 yd. loss by the Cats line captain, Ed Anderson. This seemed to set an already aggressive defensive line of Rising Star, in gear as for the remaining and total entire game the defense was Super up on the forward wall. The offense line had the ability to open up the line of Lometa, and did so many times for considerable yardage, then our team would cool off by a pass play and either lose the ball or lose the chance for another first down.
By the end of the first quarter Lometa had begun some long pass plays and Terry Walker was on his toes helping shut them down. The second quarter found Vaughn and Chambers doing some impressive ball handling along with Mr. Harris and Mr. Walker.
Lometa put 6 points on the score board for the first score of the game and that was the score at halftime.
Just before halftime came, Thad Chambers was really running hard through some holes the offense line was opening up, but all of this was stopped cold by a pass play and the Cats drew a 15 yd. penalty on this pass play and were forced to kick on the 4th down. Lometa was shut down and kicked on the 4th down and Terry Walker set sail for the goal line down the west side line and David Cooper set up a key block for a number of extra yds. Clay Shults caught a low pass for some good gain and Damon Cooper took another high centered ball and the extra second or two broke his intending passing concentration and he

managed to shuck loose from the ball. The first half ended.
HALFTIME ENTERTAINMENT
Lometa's 26 young ladies with their drill team routine was A-OK.
The Rising Star Blue Brigade with the very field direction of Miss Selena McCuiston. The twirlers, Misses Gretchin Williams, Leslie Alford and Melinda Finley really helped the Blue Brigade with a very fine presentation.
The second half is as follows. Rising Star kicked off to start the last half and the ball came to rest after Lometa's return to the 37 yd. line. Todd Herring was making some mighty cold stops along with Clay Shults.
Number 30 Russel Greene of Lometa took a well thrown pass out in Lometa's right flat and went in for another TD. Lometa kicked and good gain by Harris and Vaughn and then came the old third down pass and another TD. Lometa kicked and good gain by Harris and Vaughn and then came the old third down pass and another TD. Lometa kicked and good gain by Harris and Vaughn and then came the old third down pass and another TD. Lometa kicked and good gain by Harris and Vaughn and then came the old third down pass and another TD.

Thad Chambers picked the extra point with Damon Cooper holding.
Rising Star kicked off to the 36 yard line of Lometa, Rising Star held Lometa and they kicked deep into Rising Star territory to the 7 yard line, Rising Star fumbled and Lometa recovered the ball with only 7 yards to make, Rising Star dropped Lometa for more than one loss at this time as the defense line of Rising Star was plowing up Lometa's team, then Lometa shot a short pass for the TD and took two points running for the extra points. This set the score at Lometa 20 and Rising Star 14.
Lometa kicked off with 6 minutes and 32 seconds remaining on the clock in the quarter, David Cooper returned the ball to the 38 yard line of Rising Star, Lometa intercepts a pass overthrown by some yards, Clay Shults wound up with the football on the open field and went to the end zone before a whistle was blown and this was called back by the official, Jon Vaughn with his lightning speed, went in and around the entire Lometa left side and cut down the ball carrier for some yards.
Rising Star was really digging in for another score, but as Lometa kicked on their fourth down, Rising Star once again found themselves on their goal line and Rising Star fumbled again and once again Lometa recovered and scored another touchdown but the Rising Star defense line held tight and no extra point was made.
Lometa kicked off and Rising Star went to the air in desperation for a quick score but Lometa stopped all this effort with another interception, so ended the game.
Lometa 26--Rising Star 14.
On October 16th at 7:30 p.m. in Goldthwaite, Texas the Wildcats will be playing their second district game.
This writer observed that no one in the school system has the elite job of raising old glory, this should be a proud honor. Yes, when our young gladiators step on the field of play, they should know we are behind them 100 percent as Americans. The flag speaks for itself. **TRAPPER**

WEATHER

Although areas all around us received massive rains which caused flooding and much damage--Rising Star residents received only several inches of rain. Monday when reports of 6 to 9 inches of rain was reported in Cisco, Eastland, Abilene and surrounding areas found Rising Star with only sprinkles. Monday night around 10:30 p.m. for a brief period rain fell, then started again early Tuesday morning and fell most of the day. Reports ranged from 2 to 3 inches but nothing like our neighbors.

Student of Of The Week

Sybrinna Killion, daughter of Mr. and Mrs. Lavelle Killion, has been selected as

the Rising Star Junior High STUDENT OF THE WEEK. Sybrinna, Drum Major for the Kitten Pep Squad, is a leader in school spirit. She is a member of the Blue Brigade Band and an honor student. Sybrinna was selected for her cooperation, willingness to work and her super attitude.
Congratulations, Sybrinna.

Oil News

Dallas-The Railroad Commission set the Texas oil production rate for October 1981 at the market demand factor of 100 percent for the 56th month in a row and the 112th time since the Commission first went to the ceiling level in April 1972.

Chairman Jim

Nugent and Commissioners Mack Wallace and Buddy Temple directed the continuance of the maximum statewide allowable after receiving and reviewing purchaser nominations for Texas oil in October totaling 2,511,226 barrels per day, a decrease of 3,493 barrels daily when compared with September

1981 buyer requests. October 1980 nominations totaled 2,617,096 barrels daily.

Next month's permissible rate of output is calculated to average 3,051,490 b/d with actual production estimated at 2.46 million b/d. The maximum allowable applies to all but 10 fields in Texas that are assigned lower legal rates of flow for conservation purposes. Actual production in October 1980 was 2,519,344 barrels daily. Nugent reported that

October 1981 nominations for the purchase of Texas gas totaled 23,392,989 Mcf/d (thousand cubic feet per day). Gas nominations for September amounted to 24,961,348 Mcf/d. October 1980 gas nominations totaled 23,381,425 Mcf/d.

The next statewide oil and gas hearing will be held Tuesday, Oct. 20, at 9 a.m. in Austin at the Hilton Inn.

Major purchasers filed these floor nominations for Texas oil in October: Amoco Production,

215,000 barrels daily, down 2,500 from the previous month; Cities Service, 80,000, unchanged; Conoco, 56,000, unchanged; Exxon, 303,500, down 800; Gulf, 112,000, unchanged; Marathon, 67,460, unchanged; Mobil, 199,700, down 2,400; Phillips Petroleum, 72,000, down 4,000; Shell Oil, 186,300 down 6,200; Sun Oil, 90,602, up 6,602; Texaco, 98,000, unchanged; Union Oil, 27,350 unchanged.

Significant changes in October nomina-

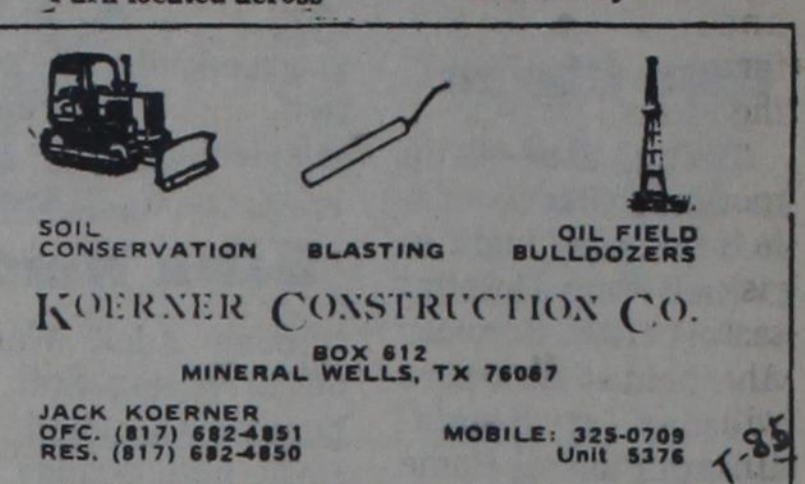

tions were submitted in writing by these purchasers of Texas crude oil:

Arco, 134,000, down 1,000; Basin, Inc., 39,770, up 2,994; Champlin, 2,500, down 1,200; Charter Crude Oil, 21,222, up 4,158; Chevron, 40,654, down 2,035; Clayco Inc., 22,380, up 1,510; Compton Corp., 2,960, up 1,050; Crude Co., 6,084, down 2,216; Diamond Shamrock, 11,257, down 2,440; Matador Pipelines, 81,340, down 6,700; Scurlock Oil, 95,800, up 6,800; Sigmores Refining, 4,790, up 3,020; Total Petroleum, Inc., 6,201, up 4,061; and Western Crude Oil, 27,317, down 2,584.

Chairman Nugent reported that crude oil and petroleum products imported into the U.S. averaged 4,443,000 barrels daily for the four weeks ending September 4, down 714,000 barrels from the same period a year earlier.

Living With Risk In Agriculture

College Station--When it comes to risk and uncertainty, farmers should be at the head of the line.

"Managing a modern farm operation in today's complex and risky world is no easy task," says Dr. James Ahrenholz, economist with the Texas A & M University System. "Farmers face ever-changing conditions in the weather, market place and their total environment that make their business a gamble."

While farmers have always had to cope with various degrees or levels of risk, it's important for them to have a better understanding of the different sources of risk in the decision-making process, notes Ahrenholz.

He presents these major sources of agricultural risk as identified by Gene Nelson, Oregon State University, and Ted Nelson, Oklahoma State University, in a special Extension Service, U.S. Department of Agriculture report: --Production and yield risk: Yields and production can vary greatly due to weather, diseases, insects, varieties, machinery, timing of practices and related factors.

--Market and price risk: Prices paid for production inputs and received for farm products are affected by supply and demand conditions, trends, speculations, government programs, commodity cycles, seasonal variation and consumer demand.

--Business and financial risk: Increased use of borrowed capital and larger capital investments have increased financial risk and put more pressure on maintaining an adequate cash flow.

--Technology and obsolescence risk: Rapid development of new technology can make current production methods obsolete shortly after important investments are made. Thus there is a risk in adopting new technologies too late as well as too soon.

--Casualty loss risk: Loss of assets due to fire, weather, and theft can be devastating, especially in inflationary times.

--Social and legal risk: Agriculture is subject to changing social attitudes that affect governmental laws and regulations dealing with such areas as environmental protection, use of certain chemicals, and land use planning.

--Human risk: Farming is a hazardous occupation, and accidents and health problems can be critical to the survival of the operation, particularly during crucial production periods. Dishonesty and unavailability of business associates also can determine an efficient operation.

"The key to coping with the uncertainties of agriculture is the risk-taking attitude of the farmer himself--how he views risk," contends Ahrenholz. "If a farmer is to be happy with his decisions, he needs to make them so as to be consistent with his attitudes regarding risk."

Risk-taking attitudes mainly result from farming goals and objectives, financial ability to assume the risk involved, and size of the possible gains or losses involved in the decision.

There are risk takers, risk avoiders and risk neutral farmers, notes the economist. All have their own management style and all can be successful. The main point is that a farmer needs to consider his attitude about taking risk since it will influence his decisions and give him a better feeling about them.

Growing Child

Moving Is Learning Everything babies do teaches them something about themselves and the world. Moving is no exception.

Growing Child, the monthly child development newsletter, reports that as soon as a baby is born he experiences the pull of gravity.

His body, head, arms, and legs now have weight and he must learn to live in a world where everything he does is affected by his weight and the weight of the objects he handles.

To learn to live with gravity, a baby begins moving his arms and legs. His head weighs about one-fourth as much as his whole body, and that's why he doesn't move it too much at first.

The early fist clenching, arm waving and leg kicking a baby does are mostly reflex responses to hunger or discomfort. When he has been fed he usually goes back to sleep. But there are a few periods each day that the very young baby spends in just moving.

As a baby develops from week to week, these moving periods become longer and the movements become stronger and more frequent. The kicks and waves may seem aimless, but the baby is busy learning how

his legs feel when he kicks, when he stiffens them, when he stretches.

He learns how his arms feel as they change position. He learns that when he moves against gravity he must work harder than when he moves with it. He begins to learn that there is a difference between himself and everything else in the world that is not himself.

As baby kicks and waves, a constant stream of sensations is fed back into his brain from his muscles, joints, tendons and skin. These are sorted out, matched with similar sensations, and filed. This is the basis for the building of coordinated skills like reaching, grasping, crawling, creeping, walking and running.

Exercise periods are good for a baby. Dress him in loose clothing or just a diaper and give him freedom to move. Gentle roughhousing will encourage activity.

Roll him gently from side to side. Gently hold one foot, and then the other, and then both feet so he must pull or push to free himself. Resist him gently, but don't frustrate him. Talk to him all the while and make a happy game of it.

Moving is learning for a baby. Not only

does he learn from the movement itself, but he learns that when he moves purposefully, he can make something happen. This is a giant step toward gaining confidence in his ability to change.

For more information on the physical and social development of children up to the age of six, write to GROWING CHILD, PO Box 620N Lafayette, In 47902. When writing, include child's birthdate. A year's subscription to the GROWING CHILD newsletter is \$11.95.

Introducing Gorman Milling Company's PEANUT HAY PROCESSING CENTER

ROUND BALE PROCESSOR

This machine will grind a large round bale of hay in less than 5 minutes.

PELLET MILL

250 HP Spout Waldron Pellet Mill for manufacturing Hay Pellets.

WHY A FORAGE PROCESSING CENTER AT GORMAN MILLING COMPANY?

1. Our area is suited for forage production but not large scale grain production.
2. We must learn to use feed stuffs that are available nearby. During the recent past freight rates have increased greatly, thus increasing the price our customers must pay for ingredients shipped in from distant points.

WE MUST BEGIN TO USE WHAT WE HAVE!

AN ASSEMBLY AT SCHOOL

Last Thursday October 8th, Lt. Royce Tucker gave an interesting program and film on becoming and being a game warden.

To open the assembly, the FFA Chapter officers presented the opening ceremonies. The officers were: President-Thad Chambers; Vice-President--Clay Shults who was not present but was represented by Greenhand Vice-President--Lisa Bearden; Reporter--Randy Guidry; Treasurer--Billy Nall; Secretary--Sam Scott; Secretary--Chuck Harris and Advisor--Doug Owen.

Lt. Royce Tucker has been a Game Warden for the Texas Parks and Wildlife Department for 20 years. He presides over 9 counties and 11 wardens. He was also a 1952 graduate of Rising Star High School.

"FRIDAY"

Friday was an exciting moment for Mrs. Easley. Friday was her last day to teach at RSHS.

At the beginning of the day the Journalism class had an enjoyable party for her.

The Sophomore class gave her a Golden Book of Quotes-with all their signatures.

Bibby's Creations gave her a T-shirt with her initials on the sleeves.

The Senior class, fourth period, had another party with a very large cake that had yellow roses and

"We Love You Mrs. Easley" on it (and we do). Also we gave her a very nice piece of lingerie. What a site! The Seniors wish you lots of luck! We'll miss you.

At the Pep Rally, the cheerleaders presented her with the Spirit Stick of Rising Star High School. After the Pep Rally, there was a tea at the Home Economics Cottage from the faculty. It was a sad moment to see her go.

We now say "Hello" to Mrs. Byrd, but not good-bye to Mrs. Easley. The Easley's were alot of help to Rising Star. We thank you!

THE RISING STAR vs LOMETA PEP RALLY

The pep rally this week was full of spirit for our team. The cheerleaders performed several yells. The players who spoke for the football team were seniors Damon Cooper and Billy Nall. The band performed several songs and the twirlers did their routine. Coach Finley was presented with a big cake from the sophomore class for his birthday. The cake was a football field with goal posts. It was a great pep rally! Go Wildcats.

Becky Hardesty

RISING STAR vs LOMETA

Lometa came out strong in the first half, scoring twelve points and holding the cats scoreless.

Coming out of the locker room for the second half, the Wildcats seemed fired up.

Early in the third quarter Sam Scott completed a pass to Chuck Harris from fifteen yards out for the cats first TD.

Again in the fourth quarter a Scott to Harris completion added another 7 pts. for Rising Star.

Turnovers hurt the Wildcats as they fumbled twice late in the fourth quarter deep in their own territory. Lometa, able to produce touchdowns on both occasions, pulled out the win 26-14.

Homemaking Education Advisory Council Meets

The Homemaking Education Advisory Council met Thursday, October 6, 1981 in the Rising Star Homemaking Department. Members attending were Mrs. Sue Barnes, Mr. Frank Gray, Mr. Gene Williams, Reverend Williams, Mr. Doug Owen, Randy Guidry and Mrs. Linda Webb. After all members had been introduced, Mrs. Barnes was elected chairperson and Linda Webb was selected as secretary.

The committee was advised as to their function, structure, organization, FHA projects, and the departments goals for the 1981-82 school year. Committee members

viewed home experience records, conceptual framework and helped evaluate planned projects and goals of the department. Members also offered suggestions to

be included in the curriculum.

Refreshments had been prepared by Becky Hardesty and served to committee members.

By Janet Thomas

This has been Eastland County Fair Week. The success of any Fair is dependent on the people involved. So this week I would like to salute the many volunteers that have been working hard to make the Fair a successful event.

The efforts of the Eastland Chamber of Commerce is sponsoring the parade and oil show have made the Fair bigger and better than ever. Frances Cox and Gib Copeland, Chairman and Vice-Chairman of the Fair Association, have given unselfishly of their time, to the success of this year's Fair.

Many volunteers in the Home Craft division have been working with Mrs. Betty Kidd, General Chairman. These ladies have done a tremendous job. I would like to take this opportunity to "spotlight" these volunteer workers this year in my column.

RECIPE FOR THE WEEK

October is here and that means witches, spooks and pumpkins. So this week I am featuring Pumpkin Bread from the Extension publication Quick Breads.

Pumpkin Bread
¾ cup shortening
2¾ cups sugar
4 eggs

1 6-ounce can pumpkin
¾ cup water
3¾ cups all-purpose flour

2 teaspoons baking soda
1½ teaspoons salt
½ teaspoon baking powder

1 teaspoon ground cinnamon
1 teaspoon ground cloves

¾ cups coarsely chopped nuts
¾ cup raisins

Mix shortening and sugar in large bowl. Add eggs, pumpkin and water. Blend in flour, baking soda, salt, baking powder, cinnamon and cloves. Stir in nuts and raisins.

Pour into pans. Bake until wooden pick inserted in center comes out clean, about 1 hour 10 minutes; cool slightly. Loosen sides of loaves from pans; remove from pans. Cool completely before slicing. To store, wrap and refrigerate no longer than 10 days.

PHOTOGRAPHY DIVISION WORKERS: Mrs. Peggy Phillips, Brenda Dabbs, Jean Harbin, Inez Cogburn, Jane Swift, Mrs. George Brazell.

ART SHOW DIVISION WORKERS: Neta Faye Parsons and Joyce Grubbs.

The delicious free stew and drinks provided by Ranger and Eastland Olney Savings was delicious. All the Fair goers say a big "Thanks" to you and your hard work in putting this free meal on for the public.

The entertainment each night was coordinated by top musician Lyndell Cockburn from Ranger.

All the educational and commercial booths were great. A special thanks to Gordon Woolam for helping out as booth chairman in the absence of Willie Butler who had surgery prior to the

Check New Laws To Reduce Tax Bite

College Station—New tax laws give individuals and businesses a chance to cut their 1981 taxes—but not without careful planning.

Recently signed legislation—the Economic Recovery Act of 1981—makes sweeping changes in many federal tax laws, points out Dr. Richard Edwards, economist with the Texas A & M University System.

Changes in asset depreciation, investment tax credit, leasing, inventory methods and tax rates can all help reduce the tax bite of 1981, particularly as they relate to agribusiness.

DEPRECIATION

Depreciation of business assets is the most significant of the changes, believes Edwards. Previously a complex matter dictated by IRS guidelines, the depreciation process has been simplified through, the Accelerated Cost Recovery System (ACRS). ACRS recognizes the difference between the economic and usable lives of equipment, and most important, allows businesses to recover a portion of their equipment costs over a much more realistic time period.

Classes of depreciable assets have been reduced to three—15 year, 5 year, and 3 year, explains the economist. Most light trucks and cars fall into the 3 year class; fixtures and equipment, the 5 year group; and buildings, the 15 year class. Additionally, the depreciation method is accelerated and changes gradually over the next five years.

The new depreciation table is so structured that December purchases receive the full tax write-off, thus allowing more flexibility in year-end tax planning.

An alternative to ACRS allows straight-line depreciation for periods equal to or longer than the life of the property class the equipment would be in if ACRS was elected, noted Edwards.

INVESTMENT TAX CREDIT

New tax laws also have simplified and liberalized investment tax credit. The time that eligible property must be held to get the full 10 percent tax credit has been

reduced from seven to five years. Another change is that 6 percent credit is allowed on some eligible assets after just three years.

An additional change relates to the recapture of investment credit (if credit is taken and then the property is disposed of before the minimum number of years are met). The new law, in essence, allows an investment credit of 2 percent per year up to the maximum allowable for each year equipment is held, notes Edwards.

Remodeling of old facilities also provides increased tax incentives. Investment tax credit increases to 15 percent for structures 30 to 39 years and to 20 percent for those at least 40 years old.

LEASING

In the past several restrictions were placed on the ability of leasing agents to show transactions as leases rather than conditional sales. Those restrictions have now been removed, says the economist, to simplify leasing.

INVENTORY SYSTEM

Another cost-saving device included in the new tax laws deals with adopting a LIFO (last in, first out) inventory system. This method of inventory accounting is generally preferred in times of inflation because it reduces tax liability, explains Edwards. But in the past it has been based on complex indexes. New tax legislation allows the Secretary of the Treasury to establish suitable indexes as the basis for inventory valuation. This should be especially helpful for small businesses. The changes also will allow a business to spread out the added tax liability associated with the first year of LIFO accounting over three years.

TAX RATE REDUCTION

Reduction in marginal tax rates for small businesses also should benefit agribusinesses, believes the economist. Starting in 1982, the marginal rate on income under \$25,000 will drop from 17 to 16 percent, with an additional drop to 15 percent the following year. For those in the \$25,000 to \$50,000

bracket, marginal tax rates will also drop 1 percent each of the next two years from the current 20 percent.

Individuals also were granted a reduction in marginal rates under the new legislation. A total reduction of 25 percent will be spread over a three year period—5 percent starting October 1, 1981; 10 percent starting July 1, 1982; and 10 percent beginning July 1, 1983. The so-called marriage penalty tax also has been altered.

Beginning with the 1985 tax year, marginal tax brackets will be established to prevent inflation from pushing persons into higher brackets with no increase in "real" income. This should help the situation that most wage earners now face—paying a larger tax burden while seeing a decrease in spendable dollars, notes Edwards.

OTHER CHANGES

Many other tax provisions have been liberalized under the 1981 tax legislation adds the economist. These include individual retirement and Keough plans, estate and gift taxes, new employee credits, extension of carryover periods for operating losses and tax credits, and treatment of capital gains.

Looking at the current tax year and the changes that have been initiated, Edwards suggests including as many expenses as possible in 1981 since income will be taxed at a higher rate. Also, since the depreciation changes are retroactive to January 1, purchases made this year come under the new accelerated depreciation rules and qualify for more liberal investment credit provisions.

Halloween Atmosphere Set At Senior Citizens

If you came by the center last Thursday and heard all the laughter and extra music and wondered what was going on—I think it was the spirit

of Halloween generated by the decorations put up by Doris, Lue Ella and Edith. Come by and see the scare crow, the ghost and all the pretty fall colors in flowers and fruits "Thanks ladies". We had some help with the laughter and music, from the Senior Citizen Band of Goldthwaite. There was 19 in number and almost as wild as the Starbrites.

Ronnie Bostic who was visiting his mother, even played the guitar with us and was a guest for the day. He is on leave and lives in Oklahoma at present. He is a Southern Baptist missionary to South Africa. 50 people were present and all had a wonderful time.

Sunday evening October 11, from four to six, a going away coffee was given for Joyce and Bill Easley at the center. Refreshments were served and a flower arrangement was presented to Joyce. We wanted to express our thanks to them for all the work and involvement in the community during their stay in Rising Star. They have been special friends to the Senior Citizens. We wish them all the good things of life.

This Thursday Oct. 15 will be free blood pressure day by the courtesy of Hazel McCollum.

Olive White Presents Program To Saturday Club Members

Eleanor Nunnally, vice president, presided for the Saturday Club meeting on October 7th and welcomed the guests and new members.

Olice B. Jones offered the invocation, followed by the Pledge of Allegiance.

After a short business meeting, in which a gift of \$25.00 from Joy Setser to the library was acknowledged, Elizabeth Robertson introduced the speaker, Olive White, from Lewisville.

Olive, sister-in-law of Bertha Mae White, is a retired teacher, having taught in Ward-Belmont and Texas Woman's College for twenty-five years. She is a lecturer and writer of the column, "What Time Is It", published weekly in "The Daily Leader".

The interesting speech was based on different publications of "What Time Is It" which included topics as integrity in the government, crime rate, American ideals, the criminal courts, and social security.

In closing the following words of Barbara Ward were used... "Moral challenge of our day is the ability of our civilization to redeem its wealth, turn its immense

resources to the services of life, and use the technology of abundance to recreate, not destroy the face of the earth."

"What Time Is It?" The hour grows late.

The refreshment table was covered with a silk cloth from Indonesia and used a quartz anniversary chime clock as the centerpiece to emphasize the theme of the speaker.

Elizabeth and Bertha Mae as co-hostesses, assisted by Mrs. Blanche Johnston of Lewisville, served coffee, tea, sandwiches, lemon cake squares, and nuts to the following members: Ileta Agnew, Gladys Carter, Mary Claborn, Lela Clark, Helen Donham, Joyce Geye, Lenell Henry, Georgia Jacobs, Olice B. Jones, Lucille Joyce, Beatrice Kreuger, La Quita Lucas, Hazel T. Marsh, Barbara McCollum, Hazel McCollum, Eleanor Nunnally, Bonnie Polk, Polly Price, Adelia Shults, Vera Westerman, Yvonne Williams and guest, Olive White. Reporter---Mary Claborn

Letter To The Editor

Is the grass really greener on the other side of the fence? The old cliché "Count Your Blessings" truly should apply to you people in Rising Star. Coming from the Big City to a small town should really be done by each one of you, I know then you'd truly appreciate your freedom here. I still can't get used to people holding doors open for you, speaking to even if they don't know you, offering you their car because yours just fell apart and most of all listening to each other and caring about what happens to one another. So many times I've heard one of your

young people complain, "As soon as I graduate I'm leaving this one-horse town. I'm moving to Dallas, Ft. Worth, New York, Los Angeles, etc.) and rake in the dough and have some excitement in my life. Boy, are they in for a surprise—Because all of a sudden Little "Joe Smith's" son is no one, just one of the million trying to find a job that can at least pay the rent (a

nominal house in San Diego rents for at least \$350.00 a month). The Big Bucks, I can't deny, are there. We took a 50% cut in pay to re-locate, but is the price you pay really worth it? In the last four years my family was robbed eight times. I might as well have issued keys to the house! The police told me, buy a big dog I did, fed him until until he got big and they stole him! They said try double locks, we did, they came through the windows. My girls were in a private school—not because we were considered rich, but to protect them from the drugs in our grammar schools. (My husband worked for San Diego City Recreation and was propositioned by a 9 year old. When he asked her why, she told him she needed some pills bad). Your children can run free, ride a bike, walk to school etc. My daughter, who is now 10 years old, received her biggest thrill when we first moved down here by being able to walk to the store. Does this seem minor to you, well for someone who

Thursday, October 15, 1981

couldn't even skate in front of their own home without being hit and knocked over, this town seems like heaven. Our public school have 40 children to a class—yours average around 20. While most of you are still shocked at a murder a month in Abilene, we were having a murder a day. In the last six months we had in San Diego five people were murdered with a two block area of my home. Each of you should be proud to

live in Rising Star, and instill in your children that pride by helping in your school, churches and businesses. Just because "the Star" is a small town doesn't mean it isn't worth anything. Good things come in small packages, and the love you have here is fantastic! Of course for all of you kids who still want to move, San Diego does have paved roads, but me, well I'd rather go around your "jug holes" anyway!

Henry Allen's Return From Vacation

Mr. and Mrs. Henry Allen have returned from a two week vacation to Roswell, N.M., where they visited with Henry's father who is 96 years of age. They also visited a brother and sister. While there his brother Ned and wife treated them to a trip through New Mexico, Arizona, then to Las Vegas, Nevada, in

their new motor home. On their return trip back to New Mexico they spent one night on Lake Naveho Lake on the border of New Mexico and Arizona where the salmon run in the fall every year but wasn't cold enough at that time.

Ned and wife had spent a week in our home last week of August.

Rising Star Nursing Center

Avis Massey - Activity Director

MONDAY--Last night Barbara Alexander, Vicki Williams, Marlies Cogburn, Annie and J.C. Christian visited Alvin McNutt and Georgia Miller in Hendrick Medical Center in Abilene. Today was also news day.

TUESDAY--Bingo at 2:00 p.m. Numbers were called by our faithful Buster Rixford. Martha Irby, Mary Crisp, James Smith and Ada Foster won two games each. Ora Clark, Maggie Christian and Mary Hammett each won one game. The winners received quarters with which they could buy treats from the vending machines. Cassie Allen was guest player. Residents, visitors, and staff enjoyed popcorn. Mary Crisp, Martha Irby, Estelle Bolding and Cassie Allen all enjoyed games of 42 after Bingo.

WEDNESDAY--The lovely devotional brought by the First Baptist Church at 11:30 to 12:00 was enjoyed and appreciated by all. At the 3:00 shift change, Vicki Williams, LVN was given a lovely gift and party. Cookies and punch was served. She is leaving us to go to work at the Boys School in Abilene. We wish her well. She will

be missed by everyone here.

THURSDAY--We were happy to welcome back Georgia Miller from Hendrick Medical Center. It is good to have you back Georgia. At 2:00, Estelle Bolding, Martha Irby, Mary Crisp and Cassie Allen enjoyed 42.

FRIDAY--Bible Study at 2:00. The opening song was "Leaning On The Everlasting Arms". Prayer by Robert Sparkman, other songs followed--"In My Heart There Rings A Melody", "Count Your Blessings" all led by Robert Sparkman with, Terry Horton at the piano. Mildred Parnell sang a special "I'd Rather Have Jesus". Olive Odum taught the parable about "Good Samaritan". Later Roly Earp played the piano.

SATURDAY

SUNDAY--Church service 3:00. Today was an emotional time for everyone as the family of Rev. Bill Easley of the First United Methodist Church will be moving to Kearns, Texas. There was a large number of guests and residents. Favorite

songs were sung--we will miss them and wish them well. We look forward to working with Rev. Lewis Wilkerson and his family.

COMMENTARY

By Myrtle Owen

THE LAMB BECOMES A LION:

One of the unique things about the Bible is that it speaks with the same matter-of-fact tone about things which man has never seen as it does about the common, everyday things of life. The Book of Revelation talks with unwavering assurance about the magnificent residence for believers in Heaven. It also describes with authority the events that will scourge the earth for seven years after believers are taken to Heaven. These seven years will be the most fateful in all human history. They are "the countdown," because at the termination of this period Jesus will return to earth as a cataclysmic personal appearance to establish the Kingdom of God on earth. During this seven-year period known as "the Tribulation" the human race will witness the most terrible judgment ever to fall on God's creation. Chapters 6 through 19 of Revelations describe in detail the unprecedented horrors of this time. Before

any judgment lashes the earth, however, a portentous scene must unfold in Heaven. This event is described for us in

Revelation 5:1-4, And I saw in the right hand of Him that sat on the throne a book written within and on the backside, sealed with seven seals. And I saw a strong angel proclaiming with a loud voice, Who is worthy to open the book, and to loose the seals thereof? And no man in heaven, nor in earth, neither under the earth, was able to open the book, neither to look thereon. And I wept much, because no man was found worthy to open and to read the book, neither to look thereon. About two thousand years ago, God revealed to the Prophet Daniel many predictions about future world events, including the return of Christ to this earth to set up God's earthly Kingdom. As Daniel puzzled over these fantastic predictions, God told him to seal up all of his prophecies until the end of the age (Dan. 12:4). During all the centuries since God spoke to Daniel, men have had comparatively little interest or knowledge concerning the events of that final period of man's history often called the "end of times". Prophecy has indeed been a closed subject. But John tells us in this chapter about one of the first events that will take place after the Rapture of the Church. It will be

the unsealing of a scroll that reveals all the judgements which will descend on the world during its coming seven years of travail. John also describes the dramatic search for someone worthy to open the scroll and set in motion its dreadful forces.

Pioneer News

By Mabel Halsell

(My Column never starts off with new immediately, but news always follows--so bear with me.)

Why would a priceless, autographed book, "Cameo Cuts" by Lenora Barrett Copyright 1950, be found in a junk museum in Mason, Texas? The book is a treasure by all accounts but a special treasure to our daughter, Lou Rodenberger, who found the book. The book has this dedication: "To My Former Pupils of the Texas Public Schools". It so happens that Lou is included in that group. Miss Barrett was her beloved English teacher in the Anson Schools during her Senior year. In her forward, Miss Barrett states "In Naples, an expert Italian judged a genuine Cameo broach...He commented on the precision of the cutting. Just so, a sonnet is written with precision. "A poem included: "FRIENDLY VOICE" White companions, grouped in lustrous air Acclaimed sweet peace on earth, good will to men, Lone shepherd gloried in the scene, and then In Bethlehem town they found the Christ-Child where A halo lighted up a lowly place.

A star shot from its course in rapsody. And marshalled wise men to Divinity--Befitting pattern for the earth-wide race.. That Christ now speaks to us, with small soft voice; of peace, good-will: humanity bethinks

How fine the world could be, now that He sends His songs beseeching ALL, that they rejoice With Him in molding people into links That form non-breaking golden chains of friends.

"The price was right"--the book, "Cameo Cuts" is now one of Lou's priceless possessions.

Mrs. Ethel Brown visited with her aunt, Cora Howland in Cross Plains. Her visitors this week were Lou Grider, Mr. and Mrs. Tillotson of the community, Velma Jones of Cross Plains, Mr. and Mrs. Travis Hoyt of De Leon, and Mrs. Mabel Birchfield of Cross Plains.

I was glad to talk to Josie Morris. I have known her and Alma for some time. Their visitors were Mrs. Petra Connley of Coleman, Mrs. Truitt Parson, Mr. and Mrs. Jay Chapman, Stephenville, Sylvia Brown, Rhonda and Nathaniel Swift of Cross Plains.

Mr. and Mrs. Sterling Gibson and son, Randall of Andrews visited his mother, Mrs. Wright Gibson recently. Mrs. Annie Odum and two girls were her visitors on Saturday.

The next best thing to a visit in a home is a telephone visit. So it was when I called for news at the Sessums home. Gladys and Mr. Bill have returned from a visit with his brother Mrs. George Sessums of Hillsboro, and with his sister and

husband, Mr. and Mrs. J.F. Bigham of Woodbury, Tex. Mr. Sessums is getting along very well with his neck injury. Just a matter of time and he will be fully recovered.

Mr. and Mrs. W.G. Parrish attended the Pioneer-Pentecostal Homecoming, Sunday. Their visitors during the week were Mr. and Mrs. Richard Williams of Terrell, Texas, Mr. and Mrs. L.D. Griffin, of Coleman.

Mr. and Mrs. James Alexander have returned from a trip to New Mexico and Crane. Mrs. Annie Laurie Alexander's visitors were Mrs. Kirkham of Cross Plains and Mrs. Chessir of the community.

Rev. Stan Coleman and wife, Eddie and Gayle Flippin and family, and Janice Reynolds of Rowden Community, had lunch with Mrs. Winnie Flippin on Sunday.

Visitors with Vernon and Glenda Phillips on Sunday were Mr. and Mrs. Gainer Boyd, all of Early, Mr. and Mrs. Winifred Dodds of Jonesboro, Judy Slagle of Cisco, and Allen and Janet Phillips of the Community.

Mark and Kathy Rodenberger of Dallas visited their grandparents, Mr. and Mrs. Halsell, Saturday and Sunday. They attended church with them on Sunday. Sometimes we correspondents think our columns make dull reading. Then I am reminded that every item is interesting to someone, and I am encouraged to keep on.

Among the many people who came to buy potatoes were Mr. and Mrs. Brown of Baird. Our front yard

visit helped to make the day. To name all who came would be a long list. (which proves the value of a want ad in the local newspaper.) We appreciate their coming. We do have more potatoes for sale..

Mrs. Gann reports that she and Mr. Gann are getting along fairly well, able to be up and do their work. Their son of Wichita Falls comes as often as he can. They are going to the Dentist.

Vanda King reports that her dad, Darwin Anderson of Abilene had a heart attack and is in the hospital. Last report, he was much better. Vanda will visit him today (Monday). Her grandmother, Mrs. Loma Atwood will accompany her to Abilene.

It was good to talk to Mrs. Rody this morning. Her visitors were Mr. and Mrs. Don Newsom from California, Mr. and Mrs. Bob Rody, Mr. and Mrs. H.A. Freeman of Cross Plains and Mrs. Cleo Barton.

Christmas Carousel

Christmas Carousel is this year's main fund raising event for the Junior League of Abilene, and promises to be the most thrilling holiday shopping experience in the area. Forty merchants from all over Texas will be featured at the event which runs Thursday, November 5th through Saturday, November 7th at the Taylor County Coliseum.

A coffee with early bird shopping kicks off the event on Thursday from 10 a.m. till 12 noon. Market doors open to the public at noon until 6 p.m. Doors are open Friday from 10 a.m. to 6 p.m. and on Saturday from 10 a.m. to 5 p.m. Admission

tickets cost \$2.00 and may be purchased at the door. A special tea room will feature homemade goodies from the League's new cookbook.

All proceeds from the event go back into the community. This year the Junior League is sponsoring ERAD, a drug abuse education program aimed at providing information to 4 major sectors of the community, including PTA's, medical professionals, school personnel, and young people. Money will also be spent on the Science Fair and Sunshine Delivery, a singing group which visits the elderly throughout the year.

A HELP IN THE TIME OF NEED

The custom of one Indian tribe was that before a boy could be initiated into his tribe, he had to kill a bear. That time had arrived for one young boy about 12 years old. Taking his bow and arrow, he ventured forth to find his bear. Eventually, a huge bear lumbered across his path and the poor boy was overwhelmed with terror but he knew that to be considered a man of honor, he had to prove himself worthy of it. But there was one thing he did not know—hiding in the bushes behind him was his father with his bow and arrow ready to spring to his aid the minute he needed it. Our God loves us more than any human father and is our refuge and strength, a very present help in the time of need (Ps. 46:1).

Pity weeps and runs away; compassion comes to help and stay.

TAX PRACTITIONER WORKSHOP

The Texas Agricultural Extension Service is cooperating with the Internal Revenue Service in offering 38 Tax Practitioner Workshops across the state reports DeMarquis Gordon, County Extension Agent. The nearest workshop to our area will be held in Stephenville on the 17th and 18th of December. These two-day workshops are specifically designed for tax practitioners who work extensively with farmers and ranchers. Topics to be covered in the general

workshops are: What's new; Capital Gains and Losses; Net Operating Losses; Credits-How to Report; Tax Principle Review-parttime activities, rental and personal use of property-travel and entertainment. This year Advanced programs will be offered in Houston, San Antonio, Austin, Lubbock, and Dallas, stressing tax preparation for small business also. Topics to be discussed in the Advanced workshops are: What's New-including Windfall Profits; 351 Transfers; Dividends, Calculating Earnings and Profits; Liquidations and Redemptions; Partnerships-Transfers In; Operating the Partnership, Distributive Shares; Partnership Dissolutions and Withdrawals; Questions and Answers. This is one of the most successful Extension program. Last year over 3,000 people participated in this statewide series. These practitioners reported filing over 850,000 tax returns. For additional information, please contact the Eastland County Extension Office for a brochure explaining more about the program and registration information.
