BIG SPRING, TEXAS, FRIDAY, OCTOBER 26, 1945

NO. 50

THE MIGHTY MO REACHES NEW YORK—The 45,000-ton battleship Missouri, on which the Japs formally surrendered to the Allies in Tokyo Bay, moves majestically up the Hudson river to her berth at New York the night of Oct. 23 as she completed her voyage from the Pacific. New York's blazing skyline at dusk forms a brilliant background for the Mighty Mo. (AP Wirephoto).

Diplomatic Power Stripped From Japan By MacArthur

TOKYO, Oct. 25 (AP)—General MacArthur today ordered Japan to sever relations with all foreign governments and to turn over its diplomatic properties and papers throughout the world to the Allied powers.

The order, issued "by direction of the Allied powers," told the Japanese government to recall "immediately" its diplomatic and consular representatives home from neutral countries.

Purpose of the order, other than the apparent one of revealing to the Allies all Japan's diplomatic and consular secrets, was not disclosed. It came to MacArthur from the joint chiefs of staff at Washington.

In its sweeping implications the order was comparable to one issued by MacArthur a few weeks ago, in which he directed that all records of Japan's banking and industrial concerns which had furthered that nation's imperialistic ambitions be delivered to occupation authorities.

The directive followed close upon criticisms from Moscow to the effect that with the demobilization of Japan's armed forces, the occupation policies in the conquered nation should be directed by a four-power control commission instead of by MacArthur.

Shortly afterwards, Domel news

agency reported that Prince Fumimaro Konoye, royal career statesman and youngest of Japan's senior statesmen, would renounce all titles and court privileges so that he could take part in politics as a private citizen.

Konoye was prevailed upon by Marquis Koichi Kido, lord keeper of the privy seal, to delay his action until work on revision of the constitution is finished, Domel said.

The action might indicate that Konoye has determined to accept General MacArthur's suggestion, which was reported last Sunday, that the three-time premier head the liberal political movement in Japan. Konoye said in it reporting the suggestion that he was undecided what he would do.

On a carcass weight basis, the November beef supply will be about 13 per cent less than this month, veal will drop off about 19 per cent and lamb and mutton around 22 per cent, according to agriculture department estimates.

The seasonal run of hogs to market is expected to boost the pork supply about 41 per cent to counterbalance declines in other kinds of meat.

The fat cuts of pork assigned lowest point values include backs, plates, jowls, and bacon plates and jowls. Regular bacon remains at six points a pound.

Five more stamps in ration book four will become valid Nov. 1 for buying meats and fats. These include the last four red stamps—W1, X1, Y1 and Z1—and green stamp N8, the top-right coupon on the last sheet of green stamps remaining in book four.

If rationing continues in December, five more green stamps will be validated at the start of that month, OPA said.

Transportation—Flights by American Airlines between Chicago and New York cancelled by strike of mechanics and maintenance workers in the two cities; CIO union spokesman predicts entire system will be tied up.

Steel—SKF Industries, Inc., Philadelphia, sues CIO local for \$2,000,000 damages as result of mass picketing after strike on Oct. 1; troop-sleeper construction halted by walkout of 1,000 workers in Pullman Standard Car Manufacturing company, Hammond, Ind., plant.

Public Utilities—AFL gas maintenance and repair men in second strike in month, threatens service to north New Jersey communities. Shipping—Port director at Houston, Tex., describes losses resulting from walkout of longshoremen "terrific"; establish railroad embargo.

Both men are employed by O. W. McCurdy Construction company which is doing remodeling at the refinery.

The price administrator explained the workings of price control panels made up of some 200,000 volunteers who check on ceiling prices.

"It is absolutely un-American and contrary to law," Taft interjected, "for the government to organize these people to spy on other people."

"They don't spy," Bowles replied. The flap-up came as other senators, delving into postwar housing prices, heard an official estimate that 3,200,000 American families will be forced to "double up" in living quarters by the end of next year.

At Omori, where thousands of Americans once lived on flea and lice-infested mats, the assistant war secretary came face to face with Tojo, writing at a small desk in one of the barracks. Tojo snapped his feet, but did not bow and watched stoically as the party passed on.

In another barracks, General Homma stood in the doorway. "Are you getting enough food? Enough rice?" Eichelberger asked the general.

"Oh, yes, plenty," answered Homma and bobbed his head jerkily as McCloy walked by.

Eichelberger explained that, except for the lice and vermin, the Japanese war criminals were kept under living conditions as nearly as possible like those under which the Americans lived before the surrender.

McCloy asked Eichelberger if precautions were taken to prevent Tojo and the other prisoners from killing themselves.

"Oh, they've all had ample time to do that before," replied the general. "To tell the truth, I don't think any of them would care to but I can't say I would be terribly sorry if any of them did kill themselves."

Congress Veto On Atom Power Unit Set Back

Military Committee Declines To Impose Veto Authority

By WILLIAM F. ARBOGAST
WASHINGTON, Oct. 25 (AP)—The house military committee has declined to impose congressional veto power on the foreign licensing authority of a proposed atomic energy commission, it became known today.

The committee's action made it likely the issue of cooperation with foreign interests and individuals in development of atomic energy will be fought out on the house floor, perhaps next week.

Chairman May (D-Ky) said the group expects to finish consideration of the legislation tomorrow. It has been writing the bill behind closed doors, with the aid of war department experts, for several days.

Rejected by what was reported as a close vote was an amendment by Rep. Elston (R-Ohio) to require the approval of the president and congress before the commission could give or lend to any foreign government or person any property for atomic research and development.

The committee simply retained the original provision prohibiting the commission from taking any such action without approval of the president.

Elston and supporters contended congress should have veto power over any move the commission might make to release secrets of atomic energy to non-Americans. The Ohioan told reporters he would take the fight to the floor of the house.

At the request of war department officials who said the action was asked by leading scientists, the committee eased some of the legislation's restrictions on atom energy research.

The changes, department experts said, would permit research by scientists within limits which would not endanger national safety. The commission would have power to determine how far a scientist could go.

Scientists had complained to the committee that the limitations in the original legislation were so rigid they might discourage research.

Elston said he doubted the amended version would meet the objections of the scientists.

Jap Civilians Plan Democrat Election In Shanghai 'Tokyo'

SHANGHAI, Oct. 25 (AP)—Japanese civilians, segregated in one Shanghai area, are preparing to hold what probably is the first democratic election by any Nipponese.

The residents of "Little Tokyo" across Szechow creek from downtown Shanghai, tomorrow will choose a secretary-general for a self-governing committee headed by Yakuda Tsuchida, former ambassador to the puppet Nanking regime.

The committee handles the problems of housing and feeding more than 80,000 Japanese under guard in the Chinese Third army area.

Debate Blocked
LONDON, Oct. 25 (AP)—Prime Minister Attlee blocked in commons today a repeated attempt to open a full dress debate on the future of the atomic bomb, saying that "no full statement can be made until the international aspect has been discussed with the United States and Canadian governments."

For Assignment
Lt. Col. Joseph F. Hunker arrived at the Big Spring Bombardier school Wednesday for assignment. His position has not been announced yet but he has been in conference with top ranking officials at the post.

No Starvation In This Camp

Jap War Criminals Live Bleakly Where American Prisoners Suffered Tortures

By RICHARD K. O'MALLEY
TOKYO, Oct. 25 (AP)—Assistant Secretary of War John J. McCloy met some of Japan's most distinguished war criminals today as he got a first hand picture of conditions under which American prisoners of war lived on a visit to bleak Omori prison camp near Yokohama.

Lt. Gen. Robert L. Eichelberger, Eighth army commander, accompanied McCloy on the swift tour of Omori, which now houses Hideki Tojo, Japan's Pearl Harbor premier, and Lt. Gen. Masaharu Homma, former Philippines commander charged with responsibility for the infamous "Death March from Ba-

tao."

The Americans likewise visited the notorious Yokohama prison. At Omori, where thousands of Americans once lived on flea and lice-infested mats, the assistant war secretary came face to face with Tojo, writing at a small desk in one of the barracks. Tojo snapped his feet, but did not bow and watched stoically as the party passed on.

In another barracks, General Homma stood in the doorway. "Are you getting enough food? Enough rice?" Eichelberger asked the general.

"Oh, yes, plenty," answered Homma and bobbed his head jerkily as McCloy walked by.

Tax Bill Goes To Adjustors

STRIKE VOTE BEGINS AT GENERAL MOTORS—General Motors employees (Chevrolet division), members of the CIO Automobile Workers Union, receive ballots from girl clerk of the National Labor Relations Board as strike vote at the big automobile plant got underway early Oct. 24. (AP Wirephoto).

Workers Hold Strike Vote

DETROIT, Oct. 25 (AP)—Chrysler Corporation's 125,000 eligible employees were polled on the strike issue today as early returns from similar balloting among General Motors workers indicated an overwhelming majority in favor of a work stoppage.

The Chrysler vote, affecting employees in 22 plants, was the second in the CIO United Automobile Workers' plan to extract a 30 per cent wage increase from all the major car manufacturers.

In the first—among some 325,000 General Motors workers in 97 plants throughout the nation yesterday—a union spokesman estimated that 100,000 took part.

First returns ranged from a 4-to-1 affirmative majority in GM's new department division at Bristol, Conn., to more than 20-1 land-slides at the big corporation's plants in St. Louis, Atlanta, Ga., and Memphis, Tenn.

With some 20,000 ballots counted, reports from regional officials of the National Labor Relations Board showed 17,664 GM workers wishing to authorize a strike and 2,269 opposing the move.

Still uncounted were an estimated 50,000 votes in the Detroit area and many others from large union locals in out-state Michigan and in other states.

Neither General Motors nor Chrysler permitted the NLRB to conduct the balloting on company property, so special voting booths were set up in union halls, school

De Gaulle Commutes Sentence Of Dentz

PARIS, Oct. 25 (AP)—Gen. De Gaulle today commuted the death sentence of Gen. Henri Fernand Dentz, former French high commissioner in Syria, to life imprisonment at hard labor.

Dentz had been convicted of treason because he commanded French resistance to British troops in Syria in 1941. At his trial he declared that he had only followed orders.

TOTAL LOSS SEEN ON SURPLUS HOLES

DALLAS, Oct. 25 (AP)—On the list of surplus property at the local office of the Defense Plant Corporation are million dollar war plants—and 19 post holes.

A Dallas accountant checking the office's files came across the inventory reference.

DPC men admitted the government's loss probably would be total when it came to finding a bidder for the holes.

Conceived at San Francisco by representatives of half a hundred nations "determined to save succeeding generations from the scourge of war," the organization came into formal being at 3:45 p. m. (CST) yesterday.

A few pen scratches on diplomatic parchment by Secretary of States Byrnes made the San Francisco charter "a part of the law of nations."

Byrnes subsequently said that maintenance of peace "depends not on any document, but what is in the minds and hearts of men."

The organization to keep the peace is not actually functioning yet.

The assembly is scheduled to hold its first meeting in London in December. Some time later the all-powerful, 11-member United Nations Security Council will meet.

As of yesterday noon, 26 nations had completed ratification of the charter and delivered the necessary documents at the state department. Ratification documents of at least three more nations was required to make the charter effective—and one of the three had to be Russia, one of the "big five" on the Security Council.

Shortly after 3 p. m., Fedor Orekhov, first secretary of the Soviet embassy, called at the state department's division of treaties. He had with him not only Russia's ratification, but those of the White Russian and Ukrainian republics as well.

Senate Reduction Fundamentally Different

By FRANCIS J. KELLY
WASHINGTON, Oct. 25 (AP)—The senate's \$5,788,000,000 tax reduction bill, fundamentally different from the \$5,350,000,000 measure passed by the house, headed today for a conference committee which will adjust the variations.

The senate took a seven-hour look yesterday at its finance committee's handiwork, added another \$155,000,000 of relief, then passed the bill by a voice vote.

After the house goes through the formality of rejecting the senate changes, the house and senate conference committee will get together—probably Friday—to work out the final form of the legislation.

House and senate versions vary so widely in so many particulars that the conference committee is expected virtually to rewrite the measure.

Speed is essential. Internal revenue officials would like to know the final form of the bill by Nov. 1 so they can prepare and send out revised withholding tables and tax blanks to offices all over the country.

The tax out would apply to next year's income; the tax bill on this year's income will be figured on present law.

In effect, though not in method, the two houses were not far apart on the individual income tax cuts.

Both start in by allowing payers of the 3 per cent normal tax the exemptions granted surtax payers (\$500 apiece for the taxpayer and each dependent). The house voted to trim 4 percentage points off each of the graduated surtax rates. The senate said take off 3 percentage points; then reduce the tax thus computed by 5 per cent.

The result, in the case of 32,000,000 first-surtax-bracket taxpayers, is the same—a combined normal and surtax rate of 19 per cent on taxable income above exemptions, instead of 23 per cent under present law.

A married man who earned \$2,500 and had two dependents would pay \$95 tax under either version, compared with \$100 under the current law.

The two chambers were a good deal farther apart on corporate taxes.

The house voted to reduce the rate of the excess profits tax from 85.5 per cent to 60 per cent next year and to repeal it on Jan. 1, 1947. The Senate accepted corporate cuts totaling \$2,934,000,000.

Going Concern

United Nations Document Made Law Of Nations

By GRAHAM HOVEY
WASHINGTON, Oct. 25 (AP)—The United Nations is a going concern—on paper.

Conceived at San Francisco by representatives of half a hundred nations "determined to save succeeding generations from the scourge of war," the organization came into formal being at 3:45 p. m. (CST) yesterday.

A few pen scratches on diplomatic parchment by Secretary of States Byrnes made the San Francisco charter "a part of the law of nations."

Byrnes subsequently said that maintenance of peace "depends not on any document, but what is in the minds and hearts of men."

The organization to keep the peace is not actually functioning yet.

The assembly is scheduled to hold its first meeting in London in December. Some time later the all-powerful, 11-member United Nations Security Council will meet.

As of yesterday noon, 26 nations had completed ratification of the charter and delivered the necessary documents at the state department. Ratification documents of at least three more nations was required to make the charter effective—and one of the three had to be Russia, one of the "big five" on the Security Council.

Shortly after 3 p. m., Fedor Orekhov, first secretary of the Soviet embassy, called at the state department's division of treaties. He had with him not only Russia's ratification, but those of the White Russian and Ukrainian republics as well.

Radicals Denying Peron Supported By Labor Class

TOKYO, Oct. 25 (AP)—General MacArthur today ordered Japan to sever relations with all foreign governments and to turn over its diplomatic properties and papers throughout the world to the Allied powers.

The order, issued "by direction of the Allied powers," told the Japanese government to recall "immediately" its diplomatic and consular representatives home from neutral countries.

Purpose of the order, other than the apparent one of revealing to the Allies all Japan's diplomatic and consular secrets, was not disclosed. It came to MacArthur from the joint chiefs of staff at Washington.

In its sweeping implications the order was comparable to one issued by MacArthur a few weeks ago, in which he directed that all records of Japan's banking and industrial concerns which had furthered that nation's imperialistic ambitions be delivered to occupation authorities.

The directive followed close upon criticisms from Moscow to the effect that with the demobilization of Japan's armed forces, the occupation policies in the conquered nation should be directed by a four-power control commission instead of by MacArthur.

Shortly afterwards, Domel news

OPA Cuts Points On Butter, Oils

WASHINGTON, Oct. 25 (AP)—The OPA announced today that ration values on butter, margarine, lard, shortening and oils will be cut four points a pound next Sunday.

For all of these products the new value, effective through Dec. 1, will be eight points a pound. Current point costs will be maintained during the new period for all prime cuts of beef, veal and lamb and for lean cuts of pork. Lower grades of beef, veal and lamb will continue ration-free.

The only meat changes are reductions of two to four points a pound for six fatty pork cuts and for barbecued pork.

Over-all meat supplies next month will be about one half of one per cent less than in October and "therefore do not permit the end of rationing," the OPA chief said.

On a carcass weight basis, the November beef supply will be about 13 per cent less than this month, veal will drop off about 19 per cent and lamb and mutton around 22 per cent, according to agriculture department estimates.

The seasonal run of hogs to market is expected to boost the pork supply about 41 per cent to counterbalance declines in other kinds of meat.

The fat cuts of pork assigned lowest point values include backs, plates, jowls, and bacon plates and jowls. Regular bacon remains at six points a pound.

Five more stamps in ration book four will become valid Nov. 1 for buying meats and fats. These include the last four red stamps—W1, X1, Y1 and Z1—and green stamp N8, the top-right coupon on the last sheet of green stamps remaining in book four.

If rationing continues in December, five more green stamps will be validated at the start of that month, OPA said.

Transportation—Flights by American Airlines between Chicago and New York cancelled by strike of mechanics and maintenance workers in the two cities; CIO union spokesman predicts entire system will be tied up.

Steel—SKF Industries, Inc., Philadelphia, sues CIO local for \$2,000,000 damages as result of mass picketing after strike on Oct. 1; troop-sleeper construction halted by walkout of 1,000 workers in Pullman Standard Car Manufacturing company, Hammond, Ind., plant.

Public Utilities—AFL gas maintenance and repair men in second strike in month, threatens service to north New Jersey communities. Shipping—Port director at Houston, Tex., describes losses resulting from walkout of longshoremen "terrific"; establish railroad embargo.

Both men are employed by O. W. McCurdy Construction company which is doing remodeling at the refinery.

The price administrator explained the workings of price control panels made up of some 200,000 volunteers who check on ceiling prices.

"It is absolutely un-American and contrary to law," Taft interjected, "for the government to organize these people to spy on other people."

"They don't spy," Bowles replied. The flap-up came as other senators, delving into postwar housing prices, heard an official estimate that 3,200,000 American families will be forced to "double up" in living quarters by the end of next year.

Eichelberger explained that, except for the lice and vermin, the Japanese war criminals were kept under living conditions as nearly as possible like those under which the Americans lived before the surrender.

McCloy asked Eichelberger if precautions were taken to prevent Tojo and the other prisoners from killing themselves.

"Oh, they've all had ample time to do that before," replied the general. "To tell the truth, I don't think any of them would care to but I can't say I would be terribly sorry if any of them did kill themselves."

Fighting Family

Son Is Glad Pop Getting Out Too

BERLIN, Oct. 24 (AP)—Pvt. Richard Eckles of the 504th parachute infantry regiment is anxious to get home to his pretty wife, Peggy, in Brownwood, Tex., but he is just as glad that "Pop" will get home first to see "Mom" in Columbus, Ohio.

"Pop" is Sgt. William M. A. Eckles of the 7118th Railway battalion at Nancy, France. "Pop" has only 46 points to son's 48 but "Pop" is getting out first—and likely soon—because of his age. "Pop" is 39 and son is 21.

Father and son both were drafted. Richard, an only child, was inducted June 26, 1943 from Toledo where he lived in suburban Waldridge. Father was called up Aug. 13, 1943 from Columbus. "Pop" went overseas on July 20, 1944 and Richard followed on Jan. 21, 1945.

They have met twice since being overseas.

Richard holds two battle stars and the Purple Heart for a wound suffered at Eldena, south of Schwerin, just four days before V-E day.

Richard and Peggy were married a year ago. She is living in a civilian housing project in Brownwood.

J. W. Curl Held

Picked up by local police officers this morning, James Wilson Curl is being held in the county jail for United States Postal authorities.

Truman To Accept Honor Degree At Baylor Centennial Convocation

WACO, Oct. 25 (AP)—President Truman will be at Baylor University Dec. 5 to accept an honorary doctor of laws degree, President Pat M. Neff announced this morning.

An engraved invitation to the special Baylor centennial convocation, in a green morocco folder with a gold seal, was presented Truman two weeks ago by two former Baylor students, Sen. Tom Connally and Rep. W. R. Poage of Texas.

The president is expected to address the annual session of the Texas Masonic grand lodge on his visit here. He first visited Waco several years ago as a member of the Missouri grand lodge, of which he is a past grand master.

Neff is scheduled to become grand master of the Texas grand lodge on the same date.

Baylor conferred honorary degrees on former President William H. Taft in 1918 and on former Vice President John Garner in 1936.

LONDON, Oct. 25 (AP)—King George has created seven new labor peers, giving Prime Minister Attlee's labor government 32 representatives in the house of lords out of a total membership of 819.

The announcement concerning the creation of the new baronies said the measure was taken to "increase the representation of the government in the house of lords" and "to insure that business in the upper house is conducted with proper dispatch and efficiency."

Movie Strike End Major Labor News As 225,000 Idle

The ending of the eight months old strike of motion picture workers in Hollywood—which union leaders estimated cost workers \$15,000,000 in wages—afforded major news along the nation's labor front in the last 24 hours.

The number idle over labor disputes remained virtually unchanged at around 225,000.

The 7,000 workers affected by the prolonged walkout were expected to be back on their jobs by Monday at the latest, but issues involved in the jurisdictional dispute were not expected to be ironed out for some time.

If the international unions affected fail to settle the questions, a three-man council from the AFL executive committee is to take up the issues, its decision to be final.

Other major strike developments were:

Transportation—Flights by American Airlines between Chicago and New York cancelled by strike of mechanics and maintenance workers in the two cities; CIO union spokesman predicts entire system will be tied up.

Steel—SKF Industries, Inc., Philadelphia, sues CIO local for \$2,000,000 damages as result of mass picketing after strike on Oct. 1; troop-sleeper construction halted by walkout of 1,000 workers in Pullman Standard Car Manufacturing company, Hammond, Ind., plant.

Nabors Building Big Little Paint Store

Before too long, Big Spring Paint and Paper Company hopes to become the biggest little paint and paper store in this community. Already it has a very complete line of available products of the Pittsburgh brand but as soon as possible the hard-to-get commodities will also be on their shelves. Things sold now, across the counter of the store, mostly include wallpaper, glass and minor paints. Good materials, which haven't been available for quite some time, such as an excellent quality of enamel, known for durability, are expected off the production line. Paints of green, red, blues and other prominent colors will be released during the next 60 days since the government no longer needs these colors for camouflage. O. L. Nabors is the owner of the Big Spring Paint and Paper company and is assisted in his business by his brother, Cecil Nabors. They offer to their customers the solving of any paint problem which may confront them in interior decorating, papering, color schemes and later on, they will be able to give better service with better materials to back them up. Nabors believes that linoleum should be available by the first of the year in multiple patterns. Big Spring Paint and Paper company plans to carry a full line of painters equipment such as ladders, running boards, paint brushes and paper hangers' brushes. A delivery service for their customers is maintained full time now, Nabors said. He says any products ordered will be delivered anywhere in town by calling 1181. By the first of the year, Nabors hopes for a more completely stocked store and everything a paint company should handle, may be obtained at 120 Main.

NEW IMPROVED PEACE TIME QUALITY COSDEN HIGHER OCTANE

HIGHER OCTANE THAN BEFORE THE WAR!

Our Cosden Higher Octane and Cosden Premium Ethyl Gasolines are better than they were before the war—BECAUSE the war has brought out many wonderful scientific discoveries—and not the least of these is the remarkable advances in the quality of these premium gasolines.

The BEST way to prove these facts is to STOP AT THE SIGN OF THE FIRST COSDEN TRAFFIC COP, tell the station attendant to "Fill 'er Up"—then judge for yourself the improvement in Mileage!

Cosden Higher Octane

Midway Carnival Is Slated For Friday

Midway school will have its Halloween carnival Friday in the school gymnasium, it has been announced.

There will be traditional booths for entertainment, along with bingo and cake walk concessions. Proceeds will be used for some phase of school activities.

Dendrochronology is the science of counting and examining the rings in the trunk of a tree, and thereby discovering its age and condition.

The first telephone in the White House was installed in 1880, when Rutherford B. Hayes was President.

Glamorize Cole Slaw With Dressing

Yes, it's our old friend Cole Slaw — but glamorized with a combination of both French and Cooked Salad Dressing.

Cabbage is one of our most economical and plentiful vegetables. Served as Cole Slaw, it adds the crunchy texture and green freshness we like with autumn meals. Then, too, raw cabbage has about twice as much Vitamin C as the cooked version, another reason for serving it as salad.

A new idea in making Cole Slaw combines both French and Cooked Salad Dressing. Simple directions for making both types of dressing, based on your bottle of salad oil, are given below. Try the combination of the two dressings on potato, mixed vegetable and meat salads, too.

Cole Slaw. (4-5 servings) Combine 3 cups shredded cabbage with 1-2 cup grated raw carrot and sprinkle with salt. Mix together 1-4 cup Cooked Salad Dressing and 1-4 cup French Dressing with an egg beater. (The resulting consistency is fluffy and creamy.) Add to vegetables, toss lightly and garnish with green pepper rings.

Cooked Salad Dressing. (Makes 1 cup) Mix 1 tablespoon sugar, 3-4 teaspoon salt, 2 tablespoons flour and 1-2 teaspoon dry mustard. Beat 1 egg, add to dry ingredients, mixing well. Add 3-4 cup bottled milk gradually. Then, very slowly, add 1-4 cup vinegar and 2 tablespoons bottled salad oil. Cook over hot water, stirring constantly until thick. Strain and cool.

French Dressing. (Makes 3-4 cup) Rub bowl lightly with cut garlic clove. Remove garlic, add 1-4 teaspoon dry mustard, 1 teaspoon salt, 1-4 teaspoon pepper, 1

Apricot Glaze Makes For Different Taste In Baked Ham Slices

By CHARLOTTE ADAMS

Apricot Glazed Ham Creamed Potatoes
Green Peas
Tomato Jelly Salad
Hard Rolls
Gingersnap Pudding

Apricot Glazed Ham

1 slice ham, 1 inch thick
1-2 teaspoon allspice
1-2 teaspoon cinnamon
1-2 teaspoon cloves
1 small can apricots
Slash fat edge of ham slice. Place meat on broiler rack allowing three inches between top of meat and source of heat. Sprinkle with spices and cook until browned, basting with apricot juice occasionally. When brown, turn. Sprinkle other side with remaining spices and continue cooking, basting occasionally with remaining apricot juice. When second side is done place apricot halves on top and brown fruit slightly. Ham is best when broiled at a moderate temperature.

Gingersnap Pudding

1-4 pound gingersnaps
3 cups milk
1-2 cup raisins
2 tablespoons sugar

1 tablespoon butter or margarine
2 eggs
1 teaspoon baking powder
Crush gingersnaps into small pieces, cover with milk and allow to stand for 20 minutes. Add raisins. Mix sugar, butter or margarine and beat egg yolks. Fold into first mixture with baking powder and bake at 325 degrees one hour. Cover with meringue made from egg whites beaten until stiff but still moist with three tablespoons powdered sugar. Garnish meringue with a dab of jelly.

Cotton Mill Labor Continues Walkout

DALLAS, Oct. 25 (AP)—Five hundred workers of the Mexia, Hillsboro and Itasca cotton mills are still off the job today, after efforts to bring management and labor together failed.

Ted F. Morrow, United States conciliator, said management of the three Texas mills has refused to enter into any negotiations with representatives of the United Textile Workers Union of America.

Morrow said yesterday he had

asked John M. Scott, attorney for the three companies, to meet with union officials to work out a settlement to the strike, now in its ninth day.

Morrow said that Scott had refused on behalf of all the managements, and said the attorney asserted the companies would not grant a checkoff to the union—providing deduction of union dues from workers' paychecks. Scott called that the sole basis for the dispute.

The name sugar applies to more than 100 substances having distinctive properties and scientific names—for example: sucrose, glucose, fructose, lactose, maltose.

GO TO SCHOOL TO STAY YOUNG

ATLANTIC CITY, N. J., Oct. 25 (AP)—Go back to school if you want to stay young is the advice given by Mrs. Annie Prince who is celebrating her 80th birthday today.

With books under her arm like any teen-age girl, Mrs.

Prince trudges four nights a week to Atlantic City Junior high school where she has enrolled in an elementary course at the adult evening classes.

Texas Today— FAMOUS LISCUM BOWL MOVED TO CAMP SWIFT FOR A PARTY

By JACK RUTLEDGE Associated Press Staff

The Liscum Bowl has been moved to Camp Swift.

This being the football season, the first impression many will get is that the Liscum Bowl is something like the Rose Bowl, the Cotton Bowl or the Orange Bowl. But it's not.

The Liscum Bowl is really a bowl—a \$50,000 bowl.

The famous Liscum Bowl is one of the most talked-about war mementos in the Second Infantry division. It is fashioned of 90 pounds of silver, measures two feet and four inches from handle to handle, stands three feet three inches high and holds 20 gallons.

It was named for Col. E. H. Liscum who led the 9th Regiment in an assault on Tientsin, China during the Boxer rebellion in 1900. He was fatally wounded. The date of his death, July 13, 1900, and his name are engraved on the inside of the mammoth bowl.

When the Yanks took Tientsin, troops recaptured a Chinese mint which was turned over to the Chinese government. In gratitude the Chinese gave the regiment a 90-pound ingot of silver.

It was taken to a silversmith in Yokohama where it was molded into a large bowl, tray, ladle and 53 cups. The work took seven months.

When the regiment was stationed at Fort Sam Houston, the bowl was kept in the vault of the adjutant's office. When the regiment went to Europe, the bowl

CHIEF RECRUITER—To Colonel Robert L. Bacon (above) United States Army, military personnel procurement director, Eighth Service Command has been entrusted the direction in the service command of the greatest recruiting campaign in the history of the Army.

County Court Given Authority To Issue Birth Certificates

AUSTIN, Oct. 25 (AP)— Any county court may require issuance of a birth or death certificate for an illegitimate person if birth or death occurs in the county in which the court is located, the attorney general's department said in an opinion.

The county court authority applies even when the legislature has given exclusive criminal and civil jurisdiction to a district court, the opinion added.

The first five year plan of the Soviet Union was inaugurated Oct. 1, 1928.

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

Vaseline or petroleum jelly is soluble in chloroform, benzene, carbon bisulphide and oil of turpentine.

Victory Loan Plans Set For Last Drive

If work and organization will be matched by purchases, Howard Countians will put their Victory Loan—the grand finale—over successfully.

Under Ted O. Groehl, chairman for the Victory Loan, and Otis Grafa, co-chairman, plans for the big push were mapped before the executive meeting at the Settles Wednesday afternoon.

Quota, Groehl recalled, will be \$1,020,000 over-all, of which \$330,000 must be in E bonds.

Every possibility will be explored for bond sales in an effort to reach the quotas—and as quickly as possible, said the chairman. Booths will be set up at the First National and State National banks, the Ritz theatre and possibly bond headquarters, which again will be in the Empire Southern Service office.

Marvin Miller is making contacts on out-of-town headquarters for local branches; J. B. Mull is directing a service club sales contest on a per member basis; Jake Douglas is heading up the payroll savings division; and Lee Porter is chairman of rural sales.

Mrs. Doug Orme is back as women's chairman while Mrs. C. S. Edmonds will serve as secretary for the campaign. Radio and speakers

divisions are in charge of Rev. P. D. O'Brien and Rev. H. C. Smith, Joe Hayden and Rev. Boyd Kelly, Joe Hayden and Joe Pickle are on the publicity committee. Theatre activities will shape up under Arthur Caywood, J. Y. Robb, Gene Hendon and R. L. Bull, and Walter Reed, high school principal, will direct school participation.

Already a bond premiere has been announced by Caywood for Ritz showing on Nov. 17. The motion picture industry will observe free movie day on Dec. 7, admitting bond purchasers without charge.

Use will be made of 16 mm. motion pictures during the campaign; stress will be placed on sale of the \$200 issue bearing the picture of the late President Franklin Roosevelt.

Groehl lauded past support from the bombardier school personnel and pointed out that with reduced numbers this assistance would be diminished. Maj. Harry F. Wheeler declared, however, that the campaign among those remaining would be as vigorous as ever. Monroe Harlan has been announced in charge of the civilian personnel contacts.

Panhandler Keeps Union Hours Too

CHICAGO, Oct. 25 (AP)—Lewis O. Doty, resident manager of the Stevens hotel, says one of the hotel's most regular visitors is a panhandler.

He comes in off the street every day at 4:30 p. m. to exchange his alms for folding money, Doty says. And he's on an eight hour day, never working overtime, after 4:30 p. m.

Serve 'Em A Blend They'll Enjoy

Breakfast is the most critical half-hour of the day. A hearty breakfast, spiced with cheery conversation and good coffee, does more for the spirits than almost anything else. If sour notes and complaints spoil yours, that brand of coffee you've been serving could very well be the cause. Put the family on Admiration Coffee for a week and see if a vast improvement doesn't occur. This rich, mellow blend builds up routine meals and dispositions alike, and lends sparkle and zest to the occasion. You don't have to search for a difference—you'll thrill to the difference on the first sip.

Admiration COFFEE

LUXURIOUS FLAVOR IN EVERY CUP

Idea! TRY THIS TEST

Here's a sly one. Start serving Admiration without letting on to the family. Then after you've had your first week of peace, quiet and "admiration," let them in on the big event.

Editorial --

A Letter From Mother

With The News

By Dewitt Mackenzie
AF Foreign Affairs Analyst

It is a pity the United Nations Security Organization isn't yet functioning, for it might prevent a catastrophe by friendly intervention in the Japanese rebellion against Dutch rule and the similar revolt against France in neighboring French Indo-China. Perhaps there still is time, if the organization (which came into formal existence yesterday with the ratification of its charter) gets into action soon. That is, there may be time if meanwhile some disinterested mediator can persuade the combatants to declare a truce and maintain the status quo until the United Nations can get to work. Certainly there's plenty of ground for intervention, since these upheavals already are inflaming other parts of the Orient and thus are endangering general peace. They can't be considered as local "family affairs."

"I am writing you on behalf of the boys in service, who haven't come home and who may not for months or years to come," says a certain Big Spring mother. "Mail was always very important to them. Now it's even more so. They are so home sick and hungry for sight of the states and want so desperately to come home. They see others come home and it's: 'Why not me?' When will I get to go home?" So many are going, very young—just out of school into the service.

Then she encloses a copy of one of the letters she writes.

"You know," goes the letter, "the minute Dad and Bud leave I get my writing equipment, curl up by the fire and start talking. I really look forward to every morning."

Then the letter goes on to express hope that it wouldn't be long before he could be home to stay; that his parents were pleased with his plans to go to college and how thousands of others of his age were going off to school on release from service; how the family had been to a movie and how "we" rushed home, fixed our late lunch of fried chicken and all the trimmings and practically stuffed until we were miserable."

There were lines about how much Bud looked like the young sailor, so much so that sometime when Bud spoke she turned around to see; about family activities, little newsy things such as the first north; how much his letters are enjoyed.

And Nothing Can Be Done About It

Royal Carp Facing With The AEF: A Bleak Winter

By HAL BOYLE
TOKYO, Oct. 25 (AP)—Leaves from a correspondent's notebook:

Postwar shortages are affecting the daily menu of the Japanese emperor's famous carp.

Those illustrious fish swim in the royal moat at one of Tokyo's busiest intersections. They are large and fat and grow to a length of almost two feet. They vary in color from dark gray to light gold and are very popular with the Japanese people.

They are extremely tame and swim up to the edge of the moat to accept tidbits of bread and potatoes tossed to them by Hirohito's faithful followers.

Recently one soldier passing by peeled off a stick of gum and tossed it to a carp. It was quickly snapped up. Now, several times a day, GI's drop by to watch the emperor's carp chew American gum.

"If only," sighed one soldier, "we had some bubble gum! That would really be worth seeing!" Odds are even that the imperial carp won't survive the winter. It would be an easy matter to toss a baited hook a few feet down into the moat and catch them. Already many Japanese are giving them hungry looks.

The 'Headquarters Commandos' came into their own at last.

Army officers who went through the war without seeing the armed enemy or firing a shot, lined up meekly in the lobby of the Dai-Ichi hotel and one by one came forward to receive a Japanese Samurai sword, after signing a receipt.

The swords were shiny new, just off the Nip assembly line, and like the men who got them as souvenirs—they had never seen battle. The weapons were part of sur-

rendered Japanese stores and were distributed to MacArthur's headquarters officers purely on the basis of rank. These armchair leaders took out their swords and swung them like eager, happy children. At last they had something to take home from the war and impress their neighbors.

The sign announcing distribution of the swords concluded: "No arrangement yet for women personnel."

It looks like the WACs and nurses will have to indulge in guerrilla warfare and capture their own souvenir swords to bring home.

Tiring of shipboard life, one group of officers aboard a vessel tied up at a pier in Tokyo had an adventure in Japanese finance while establishing a club for themselves ashore.

They found an abandoned, ratched building only a few score yards from their ship and obtained permission from the Japanese owner to use it as a club. They cleaned it out, decorated it, put in electric wiring and water pipes.

No sooner were they comfortably set up, however, than their little landlord arrived with his rent bill. With many bows and toothy smiles he presented it: "Five days rent—1400 yen."

That was almost \$100—an exorbitant figure. The naval officers did not smile back. They thought the landlord was trying to get them to pay off the Japanese war debt.

"We fixed up another bill to the landlord," said Lieut.-Commander Russell Knight, Palos Verdes, Calif. "Charging him 9000 yen—that's \$600—for labor and materials used in improving his building." "We have not heard from him since."

Washington Merry-Go-Round—

Silent Sit-Down Strike Against OPA

By DREW PEARSON
WASHINGTON—A lot has been printed about labor strikes, but not much about the silent sit-down strike of certain employers. This is a strike chiefly against the OPA and the treasury. Ultimately, of course, it is also a strike against the public.

Many corporations are operating with small staffs determined to "wait out" the OPA and not operate until reduced taxes are put in force. That is one reason why it may be months before you can buy your new radio, your new automobile or your new washing machine. The makers of these commodities, realizing that they cannot hope to sell more than one machine per customer in less than about a four-year term, want to sell at their own terms, and at the highest possible profit. That's why they're waiting for OPA ceilings to be removed. That's also why they want to wait until excess profits are voted down.

If they don't sell goods between now and Jan. 1, they keep their 1945 profit levels as low as possible, and if the 1945 profit does not exceed the average profit for the 1936-1939 period, they will receive large tax refunds from the government.

That's why practically no radios for the American public are being produced at RCA's Camden, N. J., plant, or at the General Electric plants in Bridgeport, Conn., and Syracuse, N. Y., or in the several large radio plants in the Chicago area. Although there has been time since V-J day for production of at least 3,000,000 radios by Christmas, not over 500,000 will be on the market.

In the field of housing, real estate dealers are concentrating on high-priced housing, and will continue to do so until OPA rent controls are removed. Then they can charge whatever rentals they want for the lower-priced housing; also, for the housing they already have.

Bombs For Congress Six members of a congressional committee sailing to Europe last August were nearly scared out of their wits while on the Queen Mary. Headed by Representative Louis Rabaut of Michigan, a subcommittee of the house appropriations committee had debated whether to fly or to go by boat. Finally they decided to sail—but they wished they hadn't.

The group which decided to enjoy some relaxation on steamer chairs included Dean Gillespie of Colorado, Robert Jones of Ohio, Butler Hare of South Carolina, Thomas O'Brien of Illinois and Judge John Kerr of North Carolina. Kerr had argued for the boat trip and finally convinced his colleagues.

The congressmen were just beginning to relax on their first night out from New York when an army officer came to Chairman Rabaut with a disturbing message. "The skipper thought you gentlemen ought to know," he said, "that we have just received a code message from the FBI. They report they have discovered there are a number of incendiary bombs on the boat scheduled to go off at midnight."

"There are several companies of Japanese-American troops on board," the officer told Rabaut, "and Japan is still at war with the United States."

Rabaut called his colleagues together and told them the news. Judge Kerr's first comment was: "I wonder if the skipper has ordered airplanes to hover around the ship."

All were alerted the entire night.

Velasquez, one of the greatest painters the world has known, was descended from a noble Portuguese family.

Washington—A Dollar-A-Year Man Goes Home With Discharge

By JACK STINNETT
WASHINGTON—The other day a big, quiet-spoken, ruddy-faced "bureaucrat" packed his bags in his suite at the Mayflower hotel and left Washington and the government after more than 11 years.

He was Leo Thomas Crowley, just about the champion dollar-a-year man. Crowley hasn't drawn any federal salary for six years although he held numerous jobs for which salaries were appropriated.

As this "bureaucrat" departed, both Democratic and Republican leaders rose in the senate to pay tribute to "his worth, his ability, his sagacity, and his fearlessness" as a public servant. It was a tribute rarely paid an appointive official by men of both parties.

Most people think of Crowley (if they think of him at all, for he certainly never advertised himself or his jobs) as the man who stepped into several of Jesse Jones' shoes; or perhaps as the alien property custodian.

His work in the latter job as a sort of combination J. Edgar Hoover, International banker, patent office, and director of numberless businesses would furnish material for a volume or two.

But the truth is that his first, last and only love was the Federal Deposit Insurance Corp. (FDIC).

When FDIC was set up by Congress in 1934, even its backers admitted it was an experiment. Even President Roosevelt was a degree less than lukewarm, but that didn't keep him from looking around for a good man to become chairman of the new corporation.

He found him in Madison, Wis., where Crowley was one of the town's leading citizens and on the board of many banks and corporations. Incidentally he was a prominent Democrat.

Crowley accepted the job with the idea of at least getting the

Monroney Home

FORSAN, Oct. 24 (Sp)—Lewis Wayne Monroney, son of Mr. and Mrs. G. L. Monroney, has returned with his discharge received on Oct. 10 at Roosevelt Base, San Diego, Calif., after service of three years to the day.

Monroney was on the USS Saratoga during the time he was in service and was water tender third class at the time of his discharge. He participated in the Solomon, Marshall and Gilbert Islands and Rabaul campaigns, and operated with the British fleet for two months at Saline, India. He was in two raids on Java and his ship participated in the first bombing of Tokyo.

He holds the American theater campaign bar, the Asiatic-Pacific bar with five stars. He finished Coahoma high school in 1940, and attended Texas Tech for two years. Mrs. Monroney has been making her home with her parents in Terre Haute, Ind.

With the wide publication of his letters, "Innocents Abroad," Mark Twain became the most extensively read author in America.

The jaws of salvage machines operated at great ocean depths are guided by television apparatus.

When FDIC was set up by Congress in 1934, even its backers admitted it was an experiment.

Even President Roosevelt was a degree less than lukewarm, but that didn't keep him from looking around for a good man to become chairman of the new corporation.

He found him in Madison, Wis., where Crowley was one of the town's leading citizens and on the board of many banks and corporations. Incidentally he was a prominent Democrat.

So Good To Prisoners Commander Called The 'White Angel'

TEMPLE, Oct. 25 (AP)—The Japanese decapitated an American Marine and beat to death another U.S. fighting man, Sgt. Lonnie Patman of Dallas told reporters while resting at McCloskey General Hospital here.

Patman said the two men were slain after they had been caught attempting to escape from Pinal prison camp near Nichols Field in the Philippines.

The Jap who did the decapitating was the camp commandant, called the "White Angel" by prisoners, "because he wore a white uniform, and because he was so 'good' to us," the Texas sergeant said.

HOUSTON, Oct. 25 (AP)—Three men are being held here and another in Fort Worth in connection with the robbery of a service station on the Beaumont highway early yesterday. Charges have been filed.

Boston Blackie Fools The Coroner

By BOB THOMAS
HOLLYWOOD—Boston Blackie—that's Chester Morris—was in a tight fix. He was describing it between scenes of "Close Call for Boston Blackie." Morris naturally speaks rather rapidly, but he has to talk even faster to get in a conversation between scenes of a Boston Blackie picture.

"You see, Blackie is in this hotel room where a murder was committed," he said. "He's got to get out, but the inspector, the coroner and the photographers are there and the place is surrounded by cops. Now how does he do it? I'll count to ten."

He didn't need to count, because any amateur could figure out that he would stuff the corpse in the closet and hide himself on the coroner's stretcher. A shrewd guy, this Blackie.

If I gave you the impression that Boston Blackies are made in a hurry, I am sorry. But it is true. Chester said so himself.

"On these pictures we just give

He Never Gave Up Hope—

Determination Pulls Dixon Through Prison Nightmare

"They tried to work, starve and beat us to death."

Thus Floyd Dixon, S 1/C, sums up his three and a half years in Japanese prison camp before his liberation on Sept. 6, 1945 off the northwestern coast of Honshu.

Sheer determination—often the difference between life and death—saw Dixon and others through the ordeal. During the cold, wet winter of 1943 when he suffered from malnutrition, colds and touches of beri-beri, his tenacity, strengthened by cards from home, pulled him through.

Dixon had been on Wake Island about a month when word of the Pearl Harbor bombing came. The narrow V. about eight miles from the tip to tip, became a beehive of activity—and not too soon for by

noon the Japs were bombing the outpost. Shallow foxholes afforded only air raid protection. By night men performed superhumanly to move anti-aircraft batteries to new positions. They did more than it was possible to do.

Cruiser Sunk

Boldly, the Japs moved in, coming so closely that Yanks bore-sighted a five-inch gun and sent a cruiser to the bottom in little over three minutes. Dismayed, the Japs tucked tail. Constant plastering from air and sea followed until around midnight Dec. 23, 1941, when the Japs came again in force. A destroyer swung into the south shore only to be inactivated by anti-aircraft fire. Machine gunners pinned the Japs down. But another destroyer beached inside

her and the southeast reef and got some fighters ashore. The end of Wake was a matter of time. The surrender was at 8 a. m. with one garrison holding out until noon.

More Veterans File Discharges With Selective Service Board

More veterans are filing discharges daily with the Selective Service Board. Those filing recently included:

J. C. Tidwell, technician 5th grade, field artillery battalion; enlisted June 13, 1940; Normandy, Unit badge with one oak leaf cluster. American theater campaign Rhineland, Ardennes, Central

Europe campaigns; American Defense Service medal, Good Conduct medal, EAME campaign medal with four bronze stars and one bronze arrowhead. Distinguished medal; two years foreign service.

Nathan Wesley Arthur, water tender first class, United States Navy, honorably discharged.

Woodrow Robinson, technician 5th grade, 144th infantry, entered service March 8, 1941; Good Conduct medal, American defense service medal; four years and six months service.

Manuel O. Wise, technician 5th grade, 91st ordnance, entered service January 8, 1944; two combat credits; EAME campaign medal; eleven months foreign service.

Odin H. Walker, sergeant, 1108th army air force base unit; entered Nov. 11, 1942; Rome-Arno, Northern France, Rhineland, North Apennines, Po Valley, Air Combat Balkans, Southern France campaigns; EAME campaign medal with seven bronze stars. Distinguished Unit badge with one oak leaf cluster, Good Conduct medal, American theater campaign medal; one year, six months foreign service.

John D. Ringener, staff sergeant, 91st training branch, entered service Jan. 20, 1942; Aleutian Islands campaign, Asiatic-Pacific campaign medal with one bronze star, American defense medal, Good Conduct medal; one year, six months foreign service.

Walter E. Buckner, staff sergeant, 2509th army air force base unit, enlisted Oct. 12, 1942; Good Conduct medal; two years 11 months in service.

Robert Prager, private first class, 1742nd service command unit, entered service Feb. 26, 1944; Good Conduct medal; one year, six months in service.

James M. Smith, sergeant, 1247th service command unit, entered March 19, 1941; American defense service medal, Good Conduct medal; four years, six months in service.

ON LEAVE: F/O Robbie L. Potts (pictured above) is here visiting his parents, Mr. and Mrs. G. C. Potts, after receiving his appointment following completion of a training course as a B-29 flight engineer at Hondo Army Air Field. He was awarded his wings Oct. 11 and after his leave will report back to Hondo.

Wayne White Wins Grand Champion In Sears Pig Show

Wayne White, Coahoma 4-H club boy, won the grand championship of the annual Sears pig show Tuesday morning at the Howard county warehouse.

His gilt, sired by a full brother of the gilt which established the national record in the Duroc sale at Lubbock last year, took first place in her division and then was judged tops of the show when E. M. Reganbrecht, swine specialist for Texas A.M. College, placed her over the first place boar.

The boar, only one to show, was rated as first place by Reganbrecht, who pointed out he was sired by a Washington county boar which also sired the champion animal at the Houston fat barrow show.

Other places in the gilt competition went, in order, to Willie Fryar, Knott, Hillis Yates, Big Spring, Bobby Powell, Coahoma, and Howard Smith, Gay Hill. Howard is ill in a hospital and was unable to show his animal.

Wayne White was awarded a registered Jersey heifer by the Sears Foundation from the herd of Joe Peterson, Lamasa Jersey breeder. Lloyd Robinson, Knott, who won a heifer last year, was given a red ribbon and awarded \$12.50 by the foundation for good care of his animal and for having brought her back to show. Peterson gave background of breeding for this year's first prize animal.

Second place winner in the gilt division earned 125 baby chicks and third, fourth and fifth places drew 100 baby chicks.

Among visitors here for the show were W. L. Marschall, San Angelo, district extension agent, and Hubert Martin, Martin county agent. Durward Lewter, Howard county agent, supervised the Sears show, attended by a representative crowd.

Yearling Steers On Group Feed Tests

Fifty-three yearling steers are now on group feed at the US Experiment Farm here, preparatory to the institution of a new cycle of feeding tests at the station on Nov. 1.

Basically, the next three years of feeding at the farm will be continuing the study of the past three seasons in seeking to throw some light on the cause of urinary calculi. The rations, however, will be arranged differently than for the past three years.

Feed comparisons, although incidental to the major objective, are still essential parts of the tests.

Calves came from the J. C. Sale herd in northwestern Martin county, said Fred Keating farm superintendent, and are a uniform lot and in good condition.

As of Nov. 1 the animals will be divided and placed in individual and group lots.

Subsidy Payments In County Totaled

Recent subsidy payments to Howard county stockmen in the Sheep and Lamb Production program have amounted to \$2,532.36, according to M. Weaver of the AAA office.

A total of 1,228 lambs in the 65-90 pound category were disposed of at \$1.50 cwt. Twelve lambs over that limit, totaling 1,185 pounds and bringing \$2.15 cwt., were represented in the payments.

In addition, 1,412 other sheep—with a total weight of 127,241 pounds—brought \$1 cwt.

Eight stockholders shared in the payments.

In the AAA's Dairy Production program, Weaver announced that total payments had been upped to \$7,370.36 and that figure was being increased daily.

Since the last inventory was taken, 6,609 pounds of butter fat was disposed of at 13 cents a pound. In addition, 1,906 hundredweight of whole milk, at 55 cents cwt., drew credit with the AAA.

Those transactions earned \$1,907.47 in payments.

Business Firms May Buy Surplus Goods

The Department of Commerce office of surplus property is offering business firms in this community the following types of merchandise:

Machinery, motor vehicles, auto parts, accessories and equipment, hardware, plumbing, heating, air conditioning, electrical, general products, furniture, office machines and appliances, paper, products and office supplies; medical and surgical; textile and weaving apparel.

Grand Champion To Be Selected At Swine Show

Grand champion of the Howard county Sears Pig Show, which got underway in the county warehouse barn today, will be declared at 10 o'clock tomorrow morning.

Judging is to be done by E. M. Reganbrecht, Texas A. & M. college swine specialist.

The nine 4-H club boys who have entries in the show will be honored at a Settles hotel luncheon Tuesday at 12:30 p. m.

Principal speakers at the function will be W. I. Marschall, district agent with headquarters in San Angelo; Bob Piner, local banker; C. T. Johnson, chairman of the Sears Foundation, Dallas; Durward Lewter, county agent, who will serve as master of ceremonies and as such will formally deliver the awards; and Reganbrecht.

The blue ribbon winner will earn for his owner a registered heifer, which is on display at the warehouse barn today. Other leading entrants will be presented with a quantity of baby chicks.

The public is invited to view the exhibitions after 5 o'clock this afternoon.

Three Local People Injured In Head-On Wreck Near Stiles

Three Big Spring persons were seriously injured in a head-on collision 20 miles north of Stiles around 11 a. m. Saturday. Mr. and Mrs. James Underwood and Mrs. Kathaleen Freeman were brought to the Malone-Hogan Clinic-Hospital by Nalley ambulance for emergency treatment.

Both cars were said to be demolished in the wreck which was caused by a cattle truck's dust, when visibility was cut. Three other persons in the other car were taken to San Angelo for treatment.

Mrs. Underwood, the former Jonanna Terry, suffered a serious cut on her forehead as well as a broken leg. Mrs. Freeman was bruised badly and also had leg injuries and Underwood had several teeth knocked out and suffered a leg injury.

The injured were enroute here after Underwood had completed work on a company job in Texon. A family reunion of the W. A. Underwoods was being planned for today since Capt. Forrest Underwood had just recently returned from two years overseas.

Big Lake Man Dies From Stiles Wreck

David Williams Armstrong, 44, Big Lake trucking contractor, died at a San Angelo hospital about 3 o'clock Sunday afternoon from injuries received in a head-on collision five miles north of Stiles Saturday morning in which three Big Spring persons were injured.

Mr. Armstrong, one of six persons hurt in the wreck, received a fractured jawbone and suffered severe shock.

Glenn Allen Jameson, 18, Robert Lee, suffered a slight brain concussion and was still unconscious at the hospital Sunday night. John David Armstrong, 17, son of Mr. Armstrong, was resting easily.

Mrs. James Underwood, 19, the former Jonanna Terry, who suffered a serious cut on her forehead and a broken leg, was reported as resting easily. Her husband and his sister, Mrs. Kathaleen Freeman, returned to their home Saturday night. Both suffered from fractured left legs and other bruises.

The two cars collided head-on when dust from a livestock truck on the dirt road obscured vision of the drivers.

City Represented At Abilene Meet

Ten West Texas towns were represented at a Thursday session in Abilene to discuss postwar plans for regional development. J. H. Greene, chamber of commerce manager, Joe Pond and C. S. Blomshield attended from Big Spring.

Representatives agreed that subsidization of new industry seeking locations in West Texas will be frowned upon by chambers of commerce. Consensus was for helping acquire small industry, aiding already established factories and to work mutually for the area's industrialization.

Greene was quoted as saying that Big Spring had never subsidized to get enterprises, but he felt each city ought to follow its own plans.

Study Club Donates To Public Library

The Child Study club has donated \$25 to the Howard County Free Public Library, which will be used toward the purchase of juvenile literature.

Circulation for the week ended Oct. 21 remained steady, according to Librarian Doris Nesbit, with 308 issuances as against a total of 310 for the previous seven-day period.

BIG SPRING LAUNDRY BURNS; LOSS ESTIMATED AS \$13,000

Fire of undetermined origin completely destroyed the Big Spring Laundry building at the corner of First and Scurry streets today, causing a loss estimated at \$13,000.

The blaze began in the extreme rear of the building at approximately 11:20 a. m., quickly spreading throughout the structure.

C. B. Sousa, manager of the plant, said that very few clothes had been salvaged in the holocaust. Several firemen barely escaped injury when the ceiling collapsed at 11:45.

The entire block facing First street was imperilled until the blaze was brought under control. Barbara Coats, Allene Castle and Pearl Aken—three of the 45 persons employed in the building—said later they hardly had time to escape the building before the structure was a sea of flames.

L. C. Holdrege, owner, has been in the laundry business at that location for 47 years. The building, one of the landmarks of the community, was erected in 1910.

One of the three fire trucks racing to the blaze was delayed ten minutes when it collided with another vehicle at the corner of Second and Scurry. Hubert Clawson, driver of the truck, said the automobile was knocked completely across the street.

No injuries resulted from the accident.

Even though the WPB's ban on civilian construction was lifted this week, Big Spring remains in a restricted state on local expanded construction.

Lumber companies here agree that the situation for lumber looks dark for the next 60 days and longer. There is little material to be had and from the best information gathered, the owners feel there will not be extensive building begun until late January and February. One yard operator says it will take his company a year to stock up because materials will be bought up so fast.

With the lifting of the ban, the civilian construction was expected to stimulate business expansion and provide a new source of jobs for the country's rising total of unemployed. At the present, there are 125 journeymen carpenters listed with the local No. 1634 with 85 others in the armed forces. Twenty-six men are listed with the painters local and four others are in the service.

It's a \$64 question where some other towns are able to secure lumber for extensive building, remarked a lumber company owner. The majority of companies have been out of lumber for some time and only in special cases are people able to secure enough to fill a construction need. Small shipments, however, are received periodically but do not stay on the shelves long.

Most of the construction companies are contracted now for remodeling and the building of small buildings as well as additions. They expect some time to pass before they are able to handle expanded programs, but then contractors expect a boom for this town.

The paint situation is cramped and again comes the prediction of relief within 60 days. In considering the wallpaper proposition, it is predicted that the paper industry won't be back entirely to normal until 1947. Miscellaneous things like gold bronze are now available in small quantities for the first time in several years. People in the South will be able to get more paints during the winter months because of the let up in the East.

Outlook for plumbing companies doesn't seem quite as bright as the lumber, paint, etc. Even though full production is underway for the pre-war plumbing fixtures, owners do not expect heavy delivery until late Spring. The picture of other essentials varies sharply.

Construction Materials Still Tight In Big Spring District

Local Separation Point Established To Ease Congestion

A Separation Point at the Big Spring Bombardier School has been established primarily to prevent the accumulation of a backlog of persons waiting for accommodations at other separation centers, according to a statement issued recently in EM, weekly publication of the field.

Personnel will continue to be dispatched to discharge depots near their homes, the EM story stated, but the local installation will do its part in helping speed up the already accelerated discharge program of the Army Air Forces.

A quota calling for the release of 40 officers and a dozen enlisted personnel reached the station this week. Their departure would leave but a small number of persons eligible for release at the field.

Capt. Michael Hoerger, BSAF's Personnel Officer, attended a separation information conference at Randolph Field last week.

Construction Materials Still Tight In Big Spring District

Club boys who participated in the Sears Foundation pig show here Tuesday were honored at a luncheon.

E. M. Reganbrecht, swine specialist for the Texas A. & M. extension service, told the boys that their success would be in multiplying numbers and weight, that this meant raising and not merely fattening a big litter.

W. I. Marschall, district extension agent, pointed out that the lessons of practical feeding and breeding were invaluable, and commended the procedure of giving prizes in livestock and poultry. Cliff Wiley lauded the boys for their efforts and accounted them "our future." Joe Peterson, Lamasa, registered Jersey breeder, affirmed this point, declaring that when he selected the heifer, given as a prize, he topped his herd "for I wanted the best for our boys, who are our best." Fred Keating, U. S. Experiment Farm superintendent, saw in feeding projects a wholesome trend to diversification.

Dorothy Wilkerson, assistant manager of Sears here, welcomed guests, who included fathers of the club boys as well as the boys and businessmen of the community. County Agent Durward Lewter presided and the luncheon was held at the Settles hotel.

Local Separation Point Established To Ease Congestion

County Ginning Total About 4,290 Bales

Howard county cotton ginned this season so far is approximated at 4,290 bales, the majority of it having been sold out right, a survey of community gins shows. Around 50 to 60 bales of cotton have been coming in daily since the end of the recent rains.

Price of cotton per pound is averaging 20 cents while seed cost hits \$52 per ton. One gin company reported its bales ginned so far has been held for government loan. Top price for feed is \$1.99.

County Ginning Total About 4,290 Bales

Capt. Berlie Fallon On Terminal Leave

Capt. Berlie Fallon, air corps communications officer, has arrived in town to visit with his parents, Mr. and Mrs. Claude Fallon.

Recently returned from a tour of duty in Italy, Capt. Fallon expected to be discharged at the end of his terminal leave.

Fire Officials Ask Public Cooperation When Alarm Sounds

DECORATED: Pictured above is Capt. Arnold J. Cissna, 22, who died in a heroic stand in Luxembourg in December, 1944. His wife, Mrs. Gladys M. Cissna, who lives with their daughter, Beverly Jo, 2, at Forsan, received the nation's second highest decoration which was awarded to her husband posthumously in a presentation ceremony at the Big Spring Bombardier school Friday. The citation for the DSC is for extraordinary heroism in connection with military operations against an armed enemy.

City officials and fire department heads have directed an appeal to the people of Big Spring to be more cautious when the fire alarm is sounded and to obey the traffic laws.

Considerable damage was reported done to an automobile which caused a fire truck to be temporarily put out of action Monday when a collision occurred during the excitement of the Big Spring Laundry fire. The driver of the vehicle told police that he did not hear the engine alarm. Those in the accident, luckily, escaped injury, H. V. Crocker, fire chief, stated.

Persons are also asked to be more careful about not stepping on fire hose. The city has been having trouble with this problem, which causes the hose to burst.

Pfc. Watterson Home On Point Discharge

Pfc. Claud Watterson arrived in Big Spring Friday after receiving a discharge at Mineral Wells. Watterson served three years overseas with the Medical corps, receiving the presidential citation and eight battle stars for his 400 combat hours.

He served with General Patton's Third army in Europe.

He and his wife are visiting his mother, Mrs. Ellen Watterson at 500 Young St. His two sisters living here are Mrs. Arthur Leonard and Miss June Watterson.

Cpl. Anderson Spends Two Days Here

Cpl. J. C. Anderson, A.C., has departed for Kearns, Utah, after spending a couple of days with his parents, Mr. and Mrs. Dave Anderson, of Big Spring.

At Kearns, Anderson will be processed for overseas service.

From where I sit... by Joe Marsh

"There ought to be a law!"

Every now and then, when I run out of news for the Clarion, I print items about what happened fifty years ago in our town. May be a lazy man's way of filling space, but it often makes mighty interesting reading.

From where I sit, it's sad how laws we need—more restrictions of our right to think, and choose, and live as we see fit. But more tolerance and understanding—more "live-and-let-live" among human kind.

Joe Marsh

Yes Mam!

GOIN' TEXAS AND PACIFIC

"Now that the war is over, people are ready to travel—and they are going Texas and Pacific.

"It's great to be able to step aboard a Texas and Pacific train and relax in comfort or walk around and leisurely visit with friends. Today, you may find that some of our trains are crowded, as many of your traveling companions are returning veterans on their way home. It is our privilege to see that they have the best.

"We promise you that in the postwar future the new Texas and Pacific lightweight passenger trains will provide the finest in rail transportation.

"Your constructive criticisms and suggestions are earnestly solicited."

FRANK JENSEN, Passenger Traffic Manager.

More Discharges Filed With Local Service Board

Big Spring and Howard county men are filing discharges daily with the local selective service board. Among those recently filed were:

Gilbert J. Diaz, Pfc., 218th General Hospital; entered service May 22, 1943; in Hawaii one year, three months.

Francisco T. Moncado, Pfc., 623rd Ordnance Ammunition Company; entered service Feb. 11, 1941; New Guinea, Southern Philippines campaigns; American defense ribbon, Asiatic-Pacific theater ribbon, Philippine liberation; two years, three months foreign service.

Ross J. Callihan, S/Sgt., ASFTC; entered service June 10, 1942; Philippine Islands, Burma and Central Burma campaigns; Meritorious Service unit plaque, Asiatic-Pacific ribbon; two years, four months foreign service.

Crestino T. Correa, Pfc., 5th Cavalry; entered service Feb. 11, 1941; Luzon, New Guinea, Bismarck archipelago, Southern Philippines campaign; Distinguished unit badge, Purple Heart medal, Asiatic-Pacific service medal, Philippine Liberation ribbon, American defense service medal; two years, two months foreign service.

Otis W. Grafa, Jr., S/Sgt., 2123 AAF Base Unit; enlisted Sept. 17, 1942; Ardennes, Rhineland and Central Europe campaigns; Air Medal with one silver oak leaf cluster, one overseas bar, three bronze battle stars, European-African-Middle Eastern ribbon; seven months foreign service.

Raymond W. Harrington, S/Sgt., 3021 AAF Base Unit; enlisted Oct. 25, 1940. (No data.)

John A. Buchanan, S/Sgt., 549th Bomb Squadron, enlisted Sept. 16, 1941; Normandy, Northern France, Ardennes, Rhineland, Central Europe, Air Offensive Europe campaigns; American defense service, European-African-Middle Eastern medal with one bronze and one silver battle stars, Distinguished unit badge; two years and one month foreign service.

John T. Couch, T/Sgt., 677th Bombardment Squadron; enlisted May 28, 1941; India-Burma, Air Offensive Japan, China, Central Burma; Asiatic-Pacific service medal, Distinguished unit badge, Air Medal with two oak leaf clusters, Distinguished Flying Cross, American defense service medal; one year, five months.

Declaration Of War Intended To Precede December 7 Attack

TOKYO, Oct. 25 (AP)—Fleet Admiral Osami Nagano—the man who gave the order starting the Pacific war—said today that a formal declaration of war was to have preceded Japan's attack on Pearl Harbor by one-half hour, but "for some unknown reason" the vital message was delayed in Tokyo.

The attack, he said in an exclusive Associated Press interview, "achieved far greater success than I had expected," and was not a military blunder.

Nagano, Japan's wartime chief of navy staff, accepted "full responsibility" for making the decision to attack, after a bitter internal controversy in which some admirals asserted that the plan was "too dangerous," he added.

He declared that he and other navy officers expected Japan's declaration of war to precede the attack on Pearl Harbor by 30 minutes. He did not elaborate on his comment that it had been delayed in Tokyo "for some unknown reason."

His comment seemed to imply, however, deliberate stalling. "Looking back on the fighting strength in the United States and Japan, I feel confident I made no mistake in issuing final orders to attack Pearl Harbor. Without its success, the Japanese would have been defeated earlier," he asserted.

The 65-year-old admiral, now living quietly on the edge of Tokyo, said he expected to be prosecuted as a war criminal for his share in the war, which he said included:

Breaking the deadlock between admirals urging that the first attack be made on Java and Malaya, and those advocating a first attack on Pearl Harbor;

Issuing orders for departure of the attacking fleet although the late Admiral Isoroku Yamamoto decided the sailing date, Nov. 26;

Issuing orders on Dec. 4 or 5 "to use our martial might on Dec. 8, 1941 (Tokyo time; Dec. 7, U. S. time)."

Returning Veterans Guests At Smoker

A portion of what Big Spring and the surrounding community contributed in the way of manpower toward World War II was most apparent at the VFW hall Wednesday night when the returning servicemen were guests of the

Livestock

FORT WORTH, Oct. 25 (AP) — (USDA)—Cattle 2,900; calves 2,400; active, strong; common and medium slaughter steers and yearlings 10.00-13.00; good cows 11.50-12.50; common and medium 8.00-11.00; cutters 7.25-8.00; canners 5.50-7.00; sausage bulls 7.50-9.50; good and choice killing calves 12.25-13.25; heaves 13.50; common and medium butcher calves 8.50-12.00; good stockers and feeders 12.00-13.00; common and medium 10.00-12.00; stocker cows 7.00-10.00.

Hogs 50; active at ceiling prices; good and choice 140 lbs. up 14.65; sows 13.90; stocker pigs 14.75 and 15.00.

Sheep 4,000; slow, killing classes mostly steady; feeder lambs 50 or higher. Common and medium fat lambs 9.50-11.00; medium grade yearlings 9.50-10.00; few good ewes up to 6.00; common and medium grades mixed 4.50-5.00; medium and good feeder lambs 12.25-13.25.

Jack Smith Leaves For Austin Meeting

Jack Smith, personnel manager of Cosden refinery, left today to attend the seventh annual Texas personnel conference of the University of Texas which begins Friday in Austin.

The two-day session will be held at Hogg Memorial auditorium. Management and labor will discuss their relative positions in the postwar era when O. A. Knight of Lubbock and Dan T. Pierce of New York speak Friday.

Consider Recognition

LONDON, Oct. 25 (AP)—A foreign office spokesman said today the British government is considering the question of according recognition to the new Venezuelan government. He said the British government is in consultation with Washington.

Strike In Singapore

SINGAPORE, Oct. 25 (AP)—Singapore's transport workers and municipal government laborers struck today in sympathy with dock laborers, who walked out Sunday in a demand for increased wages.

The combined cost of the two government-sponsored pipelines, the "Big Inch," and the "Little Big Inch" was about \$145,000,000.

The China-Burma-India pipeline, longest in the world, is about a fourth longer than the U.S. "Big Inch."

Aeronautics Group To Select Director

AUSTIN, Oct. 25 (AP)—The state aeronautics commission meets here today to consider applications for appointment as executive director of the recently created agency.

Al Buchanan of San Antonio is chairman. Other members of the party are Parker F. Prouty of Lubbock and Henry Ayres of Paris.

Gales, Floods Cause Damage In Atlantic

LONDON, Oct. 25 (AP)—Gales battered the coasts of the British Isles and western Europe for the third straight day today, driving the American Liberty ship Charles G. Glover aground off St. Nazaire, France.

The ship was carrying a cargo of coal from Charleston, S. C., to France. A French tug and trawler went to the rescue, but the crew said it was doubtful that the ship could be saved.

Extensive floods caused destruction in Great Britain.

Anne Rainbolt Works On J-Tac Publication

STEPHENVILLE (Sp) — Hard at work on "The J-Tac," students' newspaper at John Tarleton College, is Anne Rainbolt, daughter of Mr. and Mrs. H. M. Rainbolt of Big Spring, who holds the office of reporter for the publication.

Miss Rainbolt was elected to this position of responsibility by the Tarleton student body and was approved by Dean G. O. Ferguson after scholastic requirements had been checked. The student staff plans to make available to the students of Tarleton this year one of the largest and best J-Tacs published in several years.

Dean Commends Marilyn Keaton

STEPHENVILLE, Oct. 25 (Sp) — Marilyn Keaton, daughter of Mr. and Mrs. Herbert G. Keaton of 416 Dallas, Big Spring, was among the student leaders of John Tarleton College congratulated recently by Gabe Lewis, registrar and dean of students, for the excellent student activity program at that institution.

Miss Keaton is secretary-treasurer of the Eternas club, having been elected to that position by the students themselves.

SCS Conservationists At Big Spring Meet

A. T. Jordan, Midland, and G. W. Jamison, Stanton, work unit conservationists, visited Big Spring today to discuss problems relating to soil conservation with C. R. Donaldson, whose job is allied to that type of work here.

The conference, held every month, was conducted in the SCS office in the basement of the post office building.

Death Of A Traitor Unnoticed In Paper

OSLO, Oct. 25 (AP) — One day after the execution of Vidkun Quisling the only interest Norwegian civilians showed in the death of the arch-traitor was to express regret that more details of his last moments were not made public.

Norwegian newspapers carried only a one-sentence announcement that the execution of the excoriator had been carried out.

Mrs. Quisling, loyal to her husband until the last, is expected to receive his body. She is in seclusion and police refuse to disclose her address.
