How times change!

Fifty years ago on June 10, Wm. E. (Bill) Tyler, went to work as an apprentice bookkeeper for the Continental State Bank on the very site where the bank he now heads is standing. He worked for three months without pay, learning the business, and then began to receive a salary of \$25 per month. To earn that salary he started work at 7 o'clock in the morning and more often than not, worked until 10 o'clock in the evening.

He was a long time getting up to \$50 per month.

For fifty years, with the exception of three weeks as a bank examiner—a job he didn't like and resigned to return to the Continental State at \$100 per month—Mr. Tyler has been a banker, in the same spot, working up from apprentice to president. If that isn't something of a record, especially in a small town, it is close enough to merit being called one.

When Mr. Tyler went to work in the Continental State, the majority interest was owned by J. G. Wilkinson of Fort Worth, founder of a famous banking family of that city, Wm. Koonce, the father of Jay Koonce, and predecessor of his son in the management of the Higginbotham stores here, was the cashier of the bank and Mr. Tyler's immediate boss.

In 1934 Mr. Tyler purchased the Wilkinson holdings in the bank and changed the name to the First State Bank, which name it still bears.

Nowadays it would be difficult, with all the inducements, the salaries, the retirement funds and the other fringe benefits which are offered prospective careerists in the various professions, to induce a young man to work three months for nothing in order to learn a business. Not that the present system is any worse or better. It is simply made necessary by the kind of a society in which we live and the economic organization by which we support ourselves.

But I cannot help the thought that perhaps some of the reason for the rather sorry impression we appear to be making upon a large proportion of the world's awakening population and the fine target we seem to offer such propagandists as the Russian butcher and his ilk may be due to the idea that in our insistence upon personal responsibility and the blessings of the free enterprise system, we have somehow come to place a lot more emphasis upon "gimme" than upon "do".

Watermelon growing in this area seems to have declined in acreage but increased in science. One of the reasons for the loss of acreage, perhaps, is the fact that so many growers looked without too much respect upon the scientific realities of the business of producing this luscious fruit that came to us from Africa. They plowed and planted and trusted to luck in the marketing of their product, which came to suffer at both ends of the business, losing quality and market, too.

Down below my home in a broad level field of sandy texture, there is evidence of what study and care both in the production of the watermelon and the selling of the product, can do. Charlie Ballew has a twenty-acre field of bright green vines beginning now to fruit heavily. By the middle of July he and his helpers will be busy harvesting the melons and marketing them to dealers with whom Mr. Ballew has developed quite a demand for his produce because of its consistently high quality and fine shipping and keeping characteristics.

That field of twenty acres must happen. It is the result of many years of careful study of the science of growing melons—of rotation, propagation and cultivation,

Harry Sone New Head of Lions Club

Harry B. Sone was elected president of the Rising Star Lions Club at the meeting of the club Monday evening at the school cafeteria. Mr. Sone succeeds Dr. Ben Bradley who resigned as president at the meeting of the club two weeks earlier.

In the absence of First Vice-President John D. (Skeet) Clark, Lee Hughes, second vice president, presided at the meeting at which members of the City Council were present as guests.

The club discussed with the council a program for improving traffic safety in the city, with especial reference to speed limits imposed on motor vehicle traffic, and at the end of the discussion passed a resolution offering any assistance that the City Council might desire in such control.

The question of a contribution to the fund being raised for the purchase of new high school band uniforms was referred to the board of directors of the club.

Dr. E. M. Roth of Cross Plains was a guest and his membership in the Odessa, Texas, club was transferred to the local club.

Ropers Challenge Records at Rodeo Contests Friday

A crowd rivalling the opening night attendance except for the visiting riding clubs, attended the second performance of the Rising Star summer rodeos last Friday night, to witness contests that challenged records in some of the roping events.

Stiff competition in the calf roping and goat roping events produced times as low as 11 seconds in the jackpot contests and made a 14-second performance necessary to win even a third place.

Miss Linda Koonce came out winner in the first event on the program—the local boys and girls barrel races. Miss Koonce rode her horse around the barrel course in a time of 21.2 seconds, almost equalling the more professional riding of the girls in the following open girls barrel race.

In that event Geraldine Harris was victor with a time of 20 seconds, closely followed by Mary McIlwain with 20.2, Mary Davis with 20.3 and Mable Adams with 20.6.

In the calf roping event Sonny Phillips took first money with a time of 25 contestants with a time of 12 seconds. Mike Sims was second with 13.6 and Ralph Russel was third with 13.9. Jay Stoker had a time of 12.8 nullified with a 10-second penalty.

In the bronc riding contests Harry Boyd took first and Bob Gohlson second.

James Stewart turned in a time of 19.2 seconds to win the goat roping event with Ralph Russell only one-tenth second behind to take second money. There were ten entries.

Mike Galloway won the bull riding event and Howard Beasley and Sam Odom tied for second.

It was in the jackpot roping, final event on the program, that the most sensational times were made. Bob Nixon tied his calf in eleven seconds for first place money, and Logan Adams was second with 11.8 seconds and Doug McGuire and Buck Carter tied with 12.3 seconds each.

The third performance of the summer series will take place at the rodeo arena on Highway 36 east of town Friday night at 8 o'clock.

LUNCHEON MONDAY

The regular monthly luncheon will be served at the First Methodist Church on Monday, June 26.

Braves on Top In Little League

The Braves were in first place in the Rising Star Little League standings despite a loss to the Indians Tuesday night at the Little League lighted field. It was the first defeat for the league leaders, who suffered a 10 to 0 shellacking at the hands of the second standing Indians.

A second game on the Tuesday night billing was postponed because of rain. It was between the Yankees and the Dodgers.

The only other mark against the Braves was a tie with the Yankees Thursday night of last week when time ran out before a 14-all knot could be broken.

In the second of the two games played Thursday night the Indians defeated the Dodgers 15 to 3 with Paul Henderson the winning pitcher.

Two games are played each Tuesday and Thursday night at the lighted field in the City Park. The first game starts at 6:30 and the second at 8 o'clock. A time limit is imposed.

As the record now stands the

Braves are in first place, the Indians second, the Yankees third and the Dodgers fourth. Standings in the league are now as follows:

Team	Win	Tie	Loss
Braves	3	1	1
Indians	3	0	2
Yankees	1	1	2
Dodgers	1	0	3

Wheat Marketing Referendum to Be Held July 21

As required by present law, a wheat marketing quota referendum has been announced for July 21, Chairman William F. Bryant of the Comanche County Agricultural Stabilization and Conservation Committee announced today.

Marketing quotas for the 1961 wheat crop have been proclaimed by the Secretary of Agriculture, ever the available supply of wheat as required by legislation whenever the available supply of wheat is more than 20 per cent above the normal supply. However, quotas will not become effective unless they are approved by at least two-thirds of the producers voting in the referendum.

If quotas are approved for the 1961 wheat crop, it will mark the eighth consecutive year they have been used for wheat. Wheat quotas and acreage allotments apply only in the 39 so-called "commercial" wheat States, of which Texas is one.

The present law, the chairman explained, states that, to be eligible to vote in the referendum, a grower must expect to have more than 15 acres of wheat for harvest in 1961. Any producers who signed applications under the feed wheat provisions permitting them to grow wheat for use as feed on the farm for 1960 will not be eligible to vote in the referendum on quotas for the 1961 crop.

Every wheat grower will be informed of the individual wheat allotment for his farm in advance of the referendum date.

If quotas are approved in the referendum, the present law provides that farmers who comply with their wheat acreage allotments will be eligible to market all their wheat without restriction. A grower who exceeds his allotment will be subject to marketing quota penalties on his excess wheat if he has more than 15 acres of wheat for harvest as grain.

Building of Housing Units Well Under Way

Construction on the 12-unit Rising Star low-rent housing project was getting well under way this week at the site on the former McDonald property on North Main.

The contractor, V. B. Likins of Abilene, said pouring of the concrete foundation slabs was expected to get under way Thursday.

Second Well on Parker Tract Southeast of RS Is Indicated

BANNER DAY AT SAYTOWN—Employees at Humble Oil & Refining Company's Baytown Refinery raise a flag in formal opening of the company's Polyolefin Unit—newest addition to Texas' growing petrochemical industry. The plant has an annual production capacity of 40,000,000 pounds of polypropylene, a new petroleum-based plastic of unusual qualities. Polypropylene, to be marketed by Humble as Escor, is light and water-resistant enough to make ropes that float, tough enough for dinnerware and machine parts, so resilient products made of it can be bent double without breaking, and it is resistant to heat, chemicals, oils and greases.

Southwest Gas Producing Company was reported to have completed its No. 1 Claude Parker as an excellent gas producer and to be preparing to drill a second well on the same tract.

The potential was not announced. It was reported also that the well encountered a good show of oil in the Caddo formation above the Marble Falls where the gas was found.

A drill stem test from 2910 feet was understood to have revealed a strong flow of gas which came to the surface in two minutes.

Location is about three miles southeast of Rising Star about 1 1/4 miles east of the Joyce oil producers and a mile east of a location on the Clifford Watkins farm where Bridwell Oil Company of Wichita Falls was drilling carefully ahead, keeping a close watch on formations as drilling progresses.

H. R. (Pop) Garrett Elected District Head War I Vets

Veterans of World War I and the Ladies Auxiliary held their 17th District conventions at Cisco Junior college Sunday in Cisco.

The groups held a joint meeting Sunday followed by a luncheon at noon. Separate business meetings and elections of officers were held in the afternoon.

Officers of Veterans of World War I were installed by Roger Q. Evans of Baird, department commander. They are H. R. Garrett of Eastland District commander; Karl Segrist, Stephenville, junior vice commander; John Mize of Abilene, chaplain; Crigler Paschal of Cisco, Quartermaster; J. C. Carter of Ranger, judge adjutant; and Paul Shanks of Clyde, trustee.

Auxiliary officers installed by Mrs. Joe B. Bobben of Hamlin included Mrs. Lora M. Turner of Abilene, president; Mrs. C. Spoon of Cisco, junior vice president; Mrs. Dot Elwood of Ranger, treasurer; Mrs. Albert Halle of Abilene, chaplain; Mrs. Lillian Henry of Stamford, conductress; and Mrs. John Maroney of Abilene, guard.

Auxiliary trustees elected were Mrs. Pearl Anderson of Abilene, one year term; Mrs. Ruth Browning of Ranger, two years, and Mrs. A. O. Nance of Cisco, three years.

The department president, Mrs. Lee Shoop of Corpus Christi, was present.

Brother Dies in Fall At Home in Ohio

Marshal Groce and G. C. Groce of Rising Star left Monday for Ravenswood, W. Va., to attend funeral services for a brother, G. M. Groce, 77, who died Monday morning in a fall from the roof of his two-story home at Long Bottom, Ohio. They were accompanied by Pete Groce of Hobbs, N. M., a son of G. M. Groce. The message received here Monday gave meager details of the accident, and nothing was known of the circumstances except that Mr. Groce died instantly.

Site for Booster Plant East of Here Is Fenced

Fencing of a five-acre site on what is known as the old Judd farm four miles east of Okra was under way this week in preparation for building of a booster plant by the Coastal States Gas Associates.

Construction of the plant is due to get under way soon. The site is about nine miles east by north of Rising Star.

It will supply a gas pipeline from this area to a pipe line to be built by the Lone Star Gas Company, according to reports.

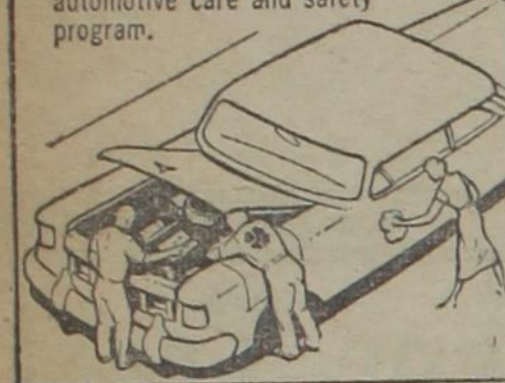

Development of a large acreage of gas properties east of Rising Star was being done by the Coastal States which this week completed two good gas wells near Duster, it was said.

Mr. and Mrs. C. B. Porter and children of Fort Worth are visiting here with her parents, Mr. and Mrs. Will Ware.

TODAY'S 4-H YOUTH . . . TOMORROW'S SAFE DRIVERS

There's more to having a car than just sitting behind the wheel and rolling down the highway, say 4-H boys and girls enrolled in the new automotive care and safety program.

Results add up to better driving habits, safer travel, reduced costs, fuller enjoyment of one of America's most popular possessions — the automobile.

REPAIRS FUEL COSTS UPKEEP

Record keeping — with an eye for economy of operation — is expected.

The 4-H automotive project is a joint undertaking supported by the Cooperative Extension Service, National 4-H Service Committee, and Firestone Tire & Rubber Co.

Parachuters to Thrill Crowds at Dyess Fiesta Days

U. S. Army Skydivers of the Fort Campbell, Ky., Sport Parachute Club who recently defeated Russia's best parachute team are slated to thrill visitors at Dyess Air Force Base's Fiesta Days, June 15-18.

Five of the half-dozen "Screaming Eagle" daredevil jumpers are Texans, the other members of the elite group representing the club is Sergeant First Class David Dereence, from Pennsylvania.

Captain of the team is Sergeant Major Henry Slomanski, who was one of the first men to be qualified as an Army

Free-Fall Instructor, and has chalked up 379 parachute jumps to be high man among the group.

Narrator for the exhibition is S. Sgt. Jimmy Horton, who won't be jumping at Dyess but has made more than 95 jumps.

The team is made up of Slomanski, 2nd Lt. Jerry W. White, who is a platoon leader with 56 jumps logged; S. Sgt. Estevan Torres, former fly-weight boxing champion who has gone out the door more than 169 times; Sfc David Dereence, former photographer and newsman who has made more than 350 trips to earth by way of a parachute; Specialist-4 James E. Lewis, 19, and the youngest member of the team, has hit the silk more than 90 times.

All members of the group are assigned to units of the famed 101st Airborne Division

Guests of Mr. and Mrs. Lee Burkhead Saturday and Sunday were Mr. and Mrs. Tom Stamey, Mr. and Mrs. Sombo Peeler and Pete Stamey of Fallston, N. C., and Mrs. Wade Everage and Mrs. Earl Morris of Comanche.

Higginbotham's

Husbands have to be fed three times a day, and watched over seven days a week, 52 weeks a year. Some of them need to be told when to buy a new suit, when to have a physical check up. They need praise when things go right and sympathy when things go wrong. And almost all of them have to be reminded about making plans for retirement.

It's a good thing a husband's love is worth all the trouble he causes.

Retirement is in the future for all of us. And the sooner we start making plans for it, the happier these years can be. Does your husband have a hobby? If not, urge him to develop one. Does he have a retirement savings plan? If not, encourage him to start one. Good health, outside interest, and freedom from financial worries spell happiness in retirement.

One of the best ways to prepare for retirement is to invest regularly in U. S. Savings Bonds. They're solid as a rock—guaranteed by your Government. They're loss-proof, fire-proof, theft-proof—the Treasury will replace them without charge in case of mishap.

And best of all, U. S. Savings Bonds now pay you higher interest—faster! Every Series E Bond purchased since February 1, 1957, pays you a safe and sure 3-1/4% interest when held to maturity. It pays higher interest, too, in the earlier years, and matures in only 8 years and 11 months.

So now, more than ever, it's smart to save with guaranteed-safe U. S. Savings Bonds. Your husband can buy them regularly where he banks or through the Payroll Savings Plan where he works. But just be sure he starts today!

Part of every American's savings belongs in U. S. Savings Bonds

IT'S THE LAW IN TEXAS

FOLLOW SIMPLE RULES IN AUTOMOBILE ACCIDENT

Vacation time is near. Soon millions of people will be driving about the country, and automobile accidents will occur with increasing frequency. What should a person do when involved in an accident?

At such times it is hard to keep your wits about you and know just what to do. It is therefore a good idea to plan in advance just what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory:

1. Stop! Failure to stop can result in serious criminal consequences.
2. Render Aid. If anyone is injured: (1) Render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or both. (4) Do not move an injured person in any way that

could possibly add to his injury.

3. Protect the Scene from Further Damage. You may be liable for damages to approaching drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlight beams on the wrecked vehicles.

4. Call an officer. Policemen, Highway Patrolmen, Sheriffs and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.

5. Gather Information . . . Write it Down. Don't trust your memory. Don't guess—be specific. Measure skid marks. Step off distances. Be sure to obtain names and addresses of witnesses. You are required by law to exhibit your driver's license to the other driver—and he must do the same.

6. Be Careful What You Say. Even if you feel you probably are to blame, it is best to make no admission. You may learn later that the other driver was equally at fault, or more so.

7. See your doctor if there is the slightest chance you may be injured. Serious injuries do not always result in immediate pain or bloodshed.

8. Consult Your Lawyer Immediately. The sooner your lawyer is brought into the matter, the better he can advise you and protect your rights. He can obtain statements from the witnesses while their memories are fresh, and do many other things to insure that the true facts are preserved. Get your lawyer's advice before giving any interviews or statements to investigators or adjusters for the other side.

9. Inform Your Insurance Company Promptly. Failure to do so may void your policy.

10. Report the Accident to the Department of Public Safety. This is required by law if there is any injury, death, or total damages exceed \$25.00.

An official accident report form may be procured from the Police, Sheriff's Dept., Highway Patrol, or State Dept. of Public Safety.

(This column, prepared by the State Bar of Texas, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who is fully advised concerning the

facts involved, because a slight variance in facts may change the application of the law.)

"I GIVE YOU TEXAS"

By Boyce House

William Jennings Bryan, in his presidential race in 1896, was denounced for his advocacy of "free silver" but, oddly enough, his position was little different from that which his successful opponent, William McKinley, had held not long before.

McKinley's reversal is amusingly depicted in Oscar Ameringer's "If You Don't Weaken" (Henry Holt and Company). As a member of the band which welcomed the delegations who came to Canton, Ohio, to pledge their support to the Republican candidate, Ameringer heard the speeches which McKinley made in his "front porch" campaign.

On each occasion, the advocate of the gold standard would produce a silver dollar from his Prince Albert coat and say, "My fellow citizens, the opposition will tell you that this silver dollar represents 100 cents of American currency. Yet the same amount of silver contained in this dollar I hold in my hand will only purchase fifty-three cents' worth of merchandise in our sister republic across the Rio Grande."

The observer said that he knew that silver dollar well, because, a few years before, he had seen McKinley produce it, or one just like it, during a speech on the courthouse steps in Circleville. At that time, the speaker was running for governor and his declaration then was, "The opposition will tell you that the silver I am holding in my hand is worth only fifty-three cents. But I challenge any of my intelligent audience to walk into any store in the city and convince himself that this silver dollar will

purchase one cent less than 100 cents' worth of goods."

McKinley's switch was even more amusingly brought out in a story in Louis Brownlow's "A Passion for Politics" (University of Chicago Press). The author, himself a Democrat, had a cousin, Walter Brownlow, who was named as Tennessee's representative on the Republican National Committee in 1896. Someone protested to Mark Hanna, McKinley's campaign manager, that Brownlow was not for the gold standard but, on the contrary, had won the Republican Congressional nomination that very year on a free silver platform, and therefore should be removed from the national committee.

Hanna wrote to Brownlow, inquiring about the matter. Here is his reply, in dialect which would have done credit to the pen of Artemus Ward or Petroleum V. Nasby:

"Dear Mr. Hanna, I done got your letter. It is so that I made some speeches only this here past spring when I was a-runnin' for the Republican nomination for Congress. I hadn't never run for no office before, and I hadn't never made no speech. I knowed I didn't have sense enough to get me up a speech so I just thought I'd git a speech some other feller had made and git it by heart and just say it.

"I happened to pick up a speech made by a feller by the name of McKinley to the Stark County, Ohio, Farmers' Alliance a couple of years or so back.

"I aim to be mighty busy in this here campaign, but if Mc flos agin, just wire me. Yours truly, Walter Preston Brownlow."

Takes Part in Army Operation in Germany

BAUMHOLDER, Germany (AHTNC) — Army Pfc Earl J. Smith, son of Austin Smith, Rising Star, Tex., recently participated with other personnel from the 8th Division's 26th Infantry in Operation Bayonet Blue in Germany.

The field training exercise, conducted under realistic combat conditions, was designed to determine the effectiveness of units of the 8th Infantry Division, a major element of the NATO shield of defense in Europe.

Smith, who arrived overseas in April 1959 on this tour of duty, is an assistant gunner in the infantry's Company B in Baumholder.

Howard Payne Lands Two Top Gridmen

BROWNWOOD. — Spl.—Two more gridmen have signed athletic letters of intent to enroll at Howard Payne College in September.

Latest to sign are Billy Joe Korenek of LaVega, and Gene Witherspoon of Gainesville.

Korenk, 5-9, 178 foremost athlete at LaVega High School last season, was named to all-district teams in both sports.

He was listed on the Wigwag Wisemen of America's high school All-American football team, and made the KCEN-TV Super Centex football team. A fitting climax to his high school sports career came last month when he received the athletic award at LaVega High School.

The speedy gridman led his team in rushing for the season with a net of 902 yards in 138 carries for an average gain of 6.8 yards per carry, and was number one man in the passing department with 29 completions in 74 tries for a net gain of 518 yards. He ran second on his team in pass receiving, nabbing seven passes for 98 yards.

Witherspoon was a three-year letterman in both football and track at Valley View High School, but was ineligible for football at Gainesville during his senior season. He ran a 49.7 last season in 440. The 6-0, 180-pound athlete played fullback, halfback and tackle in high school.

A New Image of Thrift

Mrs. Vivian Ackerman had looked into her mirror hundreds of times since she was a little girl, but this was the first time she had seen the image of "Mrs. United States Savings Bonds of 1961." The Tucson, Arizona, housewife won the coveted title over 52 competitors in the "Mrs. America" finals at Fort Lauderdale, Fla., last week. As the Treasury's leading women's volunteer during the next 12 months, she will spend part of her time touring the country in the promotion of Savings Bonds and Savings Stamps. The attractive brunette is the mother of three children. Her husband, Harry, is County Attorney for Pima County, Arizona. Mrs. Ackerman succeeds Mrs. Jean Lemons of Wichita, Kansas, "Mrs. U. S. Savings Bonds of 1960."

ABOUT YOUR HEALTH

The wave of infectious hepatitis now sweeping the nation is being felt strongly in Texas.

State Health Department officials are rushing quantities of gamma globulin to local health authorities who request it for use in forestalling further increases in cases of the liver ailment.

An aggregate of 1,061 cases of the disease—sometimes called "yellow jaundice"—had been reported as of May 28, compared with 553 cases for a similar period last year.

Infectious hepatitis, caused by a virus, is usually transmitted through close contact with infected persons and through contaminated milk, food and water.

A closely related disease called serum hepatitis is spread by accidental inoculation of infected human blood or blood products, or by use of needles contaminated with traces of blood from infected persons.

The ten leading causes of death in Texas during 1959 cause 60,721 out of a total of 73,753 deaths. Heart diseases and cancer were the number-one and number-two killers respectively.

Heart disease accounted for one out of every three deaths—24,629—and coupled with cancer—11,086 deaths—claimed half of the total for last year.

Apoplexy was the third ranking cause of death followed in order by accidents (including automobile), diseases of early infancy, pneumonia, birth defects, general arteriosclerosis, diabetes, and suicides round out the top ten killers.

Two-thirds of all deaths in Texas are attributed to the four leading causes which includes accidents.

Attending the Workers' Conference in Eastland Tuesday, June 14, were Rev. and Mrs. H. K. Neely and two children, Mrs. Raymond Turner, Mr. and Mrs. Earl Marsh, Mr. and Mrs. Fred Roberds, and Mrs. M. G. Joyce. These members represented the First Baptist Church.

Mrs. Jack Shults Honored June 11 at Wedding Shower

Mrs. Jack Shults was honored with a wedding shower at the home of Mrs. Olive B. Jones on Saturday, June 11, with co-hostesses: Mesdames Art Fisher, Robert Butler, Mearlyn Jones, William Key, Alyne Siekman, Ray Agnew, C. M. Cox, Lee Clark, Fred Roberds, and Miss Pauline Roberds.

In the receiving line were the bridegroom's mother, Mrs. William McLauri, and the bridegroom's sister, Mrs. R. D. Brown. Miss Pauline Roberds presided at the bride's book. Mrs. Mearlyn Jones and Mrs. Robert Butler served punch and Mrs. Art Fisher served decorated cake squares from the tea table which was laid with a white cut-work linen, and centered with a beautiful arrangement of shasta daisies and rosebuds. The same kinds of flowers were used in all of the party rooms.

The bride was assisted by her mother, the groom's mother and his sister in unwrapping and listing the many beautiful and useful gifts. Goodbyes were said to the hostess and words of appreciation were sincerely expressed by the bride and her mother.

Then the owner will have to furnish one at his own expense. Suppose the abstract shows the title to be faulty. Then the owner is in for trouble he never expected. Money can and will be saved by getting the title proved first and buy later.

EARL BENDER & COMPANY
Eastland, (Abstracts Since 1923) Texas

To top a summer meal . . . APPLE ZWIEBACK DESSERT

One big deliciousness, that's this dessert . . . and with cause. Just look at its goodies . . . lots and lots of brown-sugared canned apple sauce, buttery crumbles of zwieback, chopped almonds, coconut, cinnamon and nutmeg, all baked together until the flavors mingle. And it's a generously large dessert . . . for those second helpings, you know.

On a warm day, serve it chilled, with whipped cream. Or ice cream. On a cool day, spoon it up warm, fragrant and spicy, with a pour of cream over each serving. Wonderfully tasty, either way. And wonderfully easy to make, too. This is how it goes:

- 1 6-ounce package (3 1/4 cups) zwieback crumbs
- 3/4 cup light brown sugar
- 1 teaspoon cinnamon
- 1/2 cup chopped almonds
- 1/2 cup butter, melted
- 4 cups canned apple sauce
- 1/2 cup light brown sugar
- 1 teaspoon nutmeg
- 1 3 1/2-ounce can flaked coconut
- 1/2 pint heavy cream

Crush zwieback into coarse crumbs; add 3/4 cup brown sugar, cinnamon, almonds and butter, stir until thoroughly blended. Combine apple sauce, 1/2 cup brown sugar, nutmeg and coconut. Arrange in 2-quart casserole alternate layers of zwieback crumbs and apple sauce mixture, ending with zwieback crumbs. Bake in moderate oven, 350 degrees, 45 minutes. Serve hot or cold with whipped cream. Makes 8 servings.

Brother of Two Local Women Dies at Abilene

Funeral services for Henry Wesley Morgan, 74-year-old retired building contractor who died at his Abilene home Thursday of last week, were held at Abilene Saturday at 10 a.m. Burial was in Cedar Hill cemetery. The Rev. J. Perry King, retired Baptist minister, officiated.

He was the brother of Mrs. Walter Henderson of Rising Star and Mrs. Albert Lancaster of May.

Death was due to a heart attack.

Mr. and Mrs. Billy Barnes and son, Reg, of Phoenix, Ariz., were visiting relatives here last week. Accompanied by Mr. and Mrs. Howard Barnes and sons of Fort Worth, Mary Nell Barnes of Dallas and Mrs. Ethel Barnes. They spent the week end at Lake Cisco.

CAMP FIRE GIRLS MARK GOLDEN JUBILEE BY COMPARING WASHDAY METHODS

As part of their Golden Jubilee celebration, Camp Fire Girls all over the country have been poring over old pictures and old records to measure the growth of their organization. The bit of research that has astonished them most is the change in their camp uniforms and the even greater change in methods for keeping them clean.

Heavy white duck middy blouses were worn in camp in 1910 when the organization was founded, and though the official handbook of that time instructed the girls to wash and iron them "using modern labor saving devices" the research further discloses that a wooden wash tub, a bar of yellow soap and a washboard were the current "tools." In place of the fabric-safe chlorine bleach beads now stocked on every grocer's shelf, Miss Camp Fire of 1910 hiked to a drug store for a bottle of Javelle water which she used as a bleach.

In its fiftieth year, Camp Fire Girls still offers honors in Home Craft to its members, but it also recognizes the common existence of washing machines and new detergents and bleaches. The uniform, too, has been modernized. Instead of cast-iron duck middies, the members wear dainty cotton blouses that can be laundered, bleached, starched with a few flips of machine dials.

Home craft is one of the Seven Crafts of the Camp Fire Girls, through which they "learn by doing" together and alone, and acquire the skills and knowledge that make them responsible, healthy young citizens. The organization was a pioneer in the field of camping for girls and this is still one of the most popular activities.

Red Cross Will Accept Chilean Relief Funds

The American Red Cross will accept contributions for relief of victims of the earthquakes and tidal waves in Chile, according to an announcement here. President Alfred M. Gruenther made this announcement following a request by the Chilean ambassador to the United States, Walter Muller, that the Red Cross serve as a channel for relief.

Current reports indicated that the dead and missing exceeded 450, over 1,000 have been injured, and many thousands are homeless.

In response to the Chilean Red Cross appeal for international assistance, the American Red Cross has contributed funds in excess of \$10,000. Contributions from Eastland county may be sent direct to E. Woody, Red Cross chapter treasurer, Box 111, Eastland, Texas.

Lydia Mauldin, Jerry Wilson, and Bill Rutherford are enrolled in the Howard County summer session.

Mr. and Mrs. R. E. Darnell and family recently visited Mr. and Mrs. Vick Kuentzler, Mr. and Mrs. Johnny Kline, Sharon, Johnny, and Mary Ann, and Mrs. "Cotton" Gibson, Ricky and Mike, of Abilene.

FFA Teachers to Attend Training Program by WTU

More than thirty high school vocational agriculture teachers from the West Texas area will be in Abilene, June 20 and 21, at Lytle Shores Auditorium to attend an FFA Teacher Training Program sponsored by West Texas Utilities Company.

Curly Hays of the WTU Public Service Department will serve as coordinator for the two day short course. J. B. Payne of Stephenville, Supervisor of Vocational Agriculture, Area IV, will assist with the electric short course. R. E. Patton and G. G. Hardin, WTU engineers, and W. E. McCune, Agricultural Engineering Department, A&M College, will be the instructors.

The laboratory work will consist of the construction of elec-

tric demonstration boards by each teacher who will receive the board free of charge to be used in the course of instruction at his school.

Lodging and meals will be available at Lytle Shores air-conditioned auditorium but each is asked to bring his own cot and bedding. Meals will be free at the courtesy of West Texas Utilities Company.

The meeting will open at 9 a.m. Mr. Patton will teach a course on "What Is Electricity" and Mr. Hardin will discuss "What Is Wiring." Following lunch, the meeting will reconvene for laboratory work.

The program for the second day will start at 8 a.m., and the entire morning will be devoted to laboratory work.

H. L. Geyer, Vocational Agriculture Teacher at Rising Star High School will attend the two-day teacher training course.

Mrs. R. D. Brown and two boys of San Antonio are visiting her mother, Mrs. Love Shults, and other relatives here.
