

**Gaylon Merritt named Gen. Manager**

Don Jordan of the Jordan Oil Company of Brownwood has recently purchased Yocham Texaco. Mr. Jordan is the Texaco Distributor in Brownwood.

Mr. Jordan stated that Gaylon Merritt has been named General Manager of the Rising Star, Cross Plains and May operations. Service will be continued on the same basis of the Yocham operation. The wholesale office has been moved to the Texaco service station and any products may be purchased here.

Sam Hunk has been named office manager of the operations.

Mr. Jordan would like to extend a cordial invitation to everyone in the area to stop by and get acquainted.

## Annual Ballinger Rattlesnake Roundup To Be Held

The Annual Ballinger Rattlesnake Roundup and Antique show has been scheduled for Saturday and Sunday, March 26-27. The sight for the event will be the beautiful Community Center and Show barn in Ballinger. Show times begin Saturday at 7:00 a.m. and run through 9:00 p.m. and the Sunday activities will begin at 9:00 p.m. and the Sunday activities will be at 9:00 a.m. and finish at 6:00 p.m. that evening.

A \$50.00 cash prize will be given away Sunday at 4:00 p.m. There will also be prizes given away every hour - these were donated by local merchants and you must be present to win.

Buddy McQueen has asked that everyone come and plan to do their monthly shopping while in Ballinger. The friendly merchants will have on display on the bargain bonanza strip over 1001 specials for you.

Seventy-five percent of the proceeds from the Antique Show will go for an illium 4'x8' glass bulletin board to display historical facts of Ballinger and Runnels County. This will be located at Pioneer Plaza Site.

The Rattlesnake Roundup, which is in conjunction with the Antique Show is sponsored by the Lions Club of Ballinger. They will pay 45c a pound for snakes on Saturday and 20c a pound on Sunday. There is a \$2.00 hunter's fee.

Admission for the show will be \$1.00 for adults and 50c for students. Show times are Saturday, 10:00 a.m. to 4:00 p.m. and Sunday from 1:00 p.m. to 4:00 p.m.

## Chamber Of Commerce Banquet March 10th

The Rising Star Chamber of Commerce Banquet has been set for Thursday, March 10th at 7:30 p.m. in the high school gym, according to Don Boyett, President of the organization.

Curley Hayes, West Texas Public Relations employee and retired Southwest Conference referee, will be the guest speaker for the evening.

Mrs. Frank Gray and James Steel will provide dinner music for the evening, with the organ furnished through the courtesy of S&M Music Co. in Abilene.

The Junior Class of Rising Star High School under the sponsorship of Coash Frand Gray, will cater the dinner.

Tickets may be purchased from the Chamber of Commerce.

**Smith's Tell Of Trip To State Capital**

at Allord's corner is extremely difficult to make.

The wear and tear on Clarke Street is reaching the point where there may be possible damage to water and sewer lines that are located here. The City decided to haul enough Caliche to build the road back up and ask Pride Oil for some crude to be used as a protective layer in preserving the street.

In a discussion about the upcoming election, it was stated that there are four seats to be elected: three, two year terms and one-one year term. It was decided that the three persons receiving the most votes will fill the two year terms and the fourth highest person will fill the one year term. In the case of a tie, the candidates if agreeable by writing, will flip a coin to decide the winner. The candidates may file with the returning officer; otherwise the City will follow instructions from the Texas Election Code Book Article 4 OSA.

Wednesday morning at 8:00 we began to set up the flags. By the time the first two were in the stands people had begun to show interest. It was a steady flow from then on. Rep. Hanna came to see us very early and returned later to have his picture made with us. His lovely wife came by and chatted for a while. They were delightful. We expected that because we knew the Hanna's and knew what kind of people they are but we were completely unprepared for the response we received from so many of the other law makers.

There were many who showed interest in the flags but four stood out, and won our hearts completely. Len Nolle Sutton, a charming colored lady from San Antonio, told us she hoped she would get our program in every school in her district. A.C. Garcia, also of San Antonio, was very interested in the display and asked to be photographed with us and for a statement in his people which he sends out in a news letter. Elmer Martin of Colorado City expressed his desire that our flags could be seen in every school in the state of Texas. The last of the four was David Stubbeman of Abilene. I saved him for the last because his entire staff went out of their way to make our visit a good one. His secretary spent her entire day being our hostess. He introduced a resolution in the house to give us a citation. No words can express our appreciation because we felt these acts came from the heart. We felt, too, that they reflected the esteem our own Rep. Hanna has among his colleagues. Our district has chosen wisely.

We were graciously received

## Rising Star Track Girls Take Crown

The Central Texas track season opened here Friday with the Rising Star girls and Rochester boys taking team titles in the Mountaineer Relays.

Rising Star, featuring most of the stars who led the Wildcats to second place in the state meet last spring, rolled up 109 points to 63 for runnerup Newcastle in the girls race.

Rochester had 90 1/2 points in claiming the boys title. Bangs was second with 66 points. Goldthwaite had 43 for third and Early took sixth with 20 1/2.

Rising Star's girls won the 440 relay, took second in two other baton event and Wildcat ace Pam Hill captured the triple and long jumps. Teammate Carolyn Bessent ran first in the 220.

Goldthwaite got first from Johnson in the high jump and 80 yard hurdles.

Defending state Class B 880 champ Janet Doyle of Lohn triumphed in 2:38.3

In all, the girls smashed 10 division records.

Goldthwaite's Tommy Collier swept the sprints in 10.3 and 24.0, and Mozelle's robert Gibson high jumped 6-5 to highlight the boys competition. Goldthwaite also took second in the 440-yard relay.

Thweatt gave Mozelle another first with a shot put measuring 47-5/8

Bangs ran well, winning the mile relay in 3:42.9 and getting seconds from Johnny Allison in both hurdles.

For Early, David Bullard went 12 feet for second in the pole vault and Mike Bullard grabbed a third in the 880.

Lewis of Richland Springs and Rising Star's Ken Hounsell ran 1-2 in the 440 and May's Jay Edwards took third in the high jump.

**SHOT PUT-1.** Thweatt, Mozelle, 47-5/8; 2. Clayton, Newcastle, 3. Salinas, Rochester.

**LONG JUMP-1.** Kolhbow, Dublin, 20-7/8; Thweatt, Mozelle; 3. Sanders, Jim Ned.

**POLE VAULT-1.** Tindle, ACHS, 12-0 2. Bullard, Early; 3. Miller, Goldthwaite.

**YARD RELAY-1.** Rochester, 45.57; 2. Goldthwaite; 3. ACHS.

**YARD RUN-1.** McWhorter, Rochester, 2. David, ACHS; 3. Bullard, Early.

**120 yard HIGH HURDLES-1.** Middlebrook, Albany 15.56; 2. Allison, Bangs; 3. Michaels.

**100 YARD DASH-1.** Collier, Goldthwaite, 10.3 2. Sullivan, Lometa; 3. Bever, Trent.

**440 YARD DASH-1.** Lewis, Richland Springs, 53.2 2. Hounsell, Rising Star; 3. Strickland, Rochester.

**330 YARD INT. HURDLES-1.** Michaels, Rochester, 42.2; 2. Allison, Bangs; 3. Jennings, Jim Ned.

**220 YARD DASH-1.** Collier, Goldthwaite, 24.0; 2. Compton, Cranfills Gap; 3. McKamey, Bangs.

**MILE RUN-1.** Gonzales, Baird, 4:54.0; 2. Alaverez, Loraine; 3. Vicenti, Albany.

**MILE RELAY-1.** Bangs, 3:42.9; 2. Rochester, 3. Star.

**TEAM TOTALS-1.** Rochester, 90 1/2; 2. Bangs, 66; 3. Goldthwaite, 43.4. ACHS, 36; 5. Albany, 26.6. Early 20 1/2

**GIRLS**

**HIGH JUMP-1.** Johnson, Goldthwaite, 5-0; 2. Holmes, Rochester; 3. Lee, Newcastle.

**SHOT PUT-1.** Rose, Loraine, 34-0 1/2 (Record); 2. Vincent, Early; 3. McDorman, Monzelle.

**TRIPLE JUMP-1.** Hill, Rising Star, 34-1; 2. Lee, Newcastle; 3. Estes, Lometa.

**LONG JUMP-1.** Hill, Rising Star, 17-0 1/2 (Record); 2. Kasberg, Miles; 3. Bessent, Rising Star.

**DISCUS-1.** Cobern, Paint Rock, 130-0 1/2 (Record); 2. Harris, Rising Star; 3. Wolfenbarger, Irion County.

**440 YARD RELAY-1.** Rising Star, 53.6; 2. Miles; 3. Loraine.

**880 YARD RUN-1.** Doyle, Lohn 2:38.2 (Record); 2. Freeman, Trent; 3. McCreary, Cranfills Gap.

**220 YARD DASH-1.** Bessent, Rising Star, 26.9 (Record); 2. Hudson, Dublin; 3. Oliver, Woodson.

**80 HURDLES-1.** Johnson, Goldthwaite, 11.7 (Record); 2. Elliott, Rising Star; 3. Thiebaud, Dublin.

**880 YARD RELAY-1.** Newcastle, 1:54.8; (Record); 2. Rising Star; 3. Thiebaud, Dublin.

**100 YARD DASH-1.** Oliver, Woodson, 11.9 (Record); 2. Hudson, Dublin; 3. Wilson, Mozelle.

**MILE RUN-1.** Hahn, ACHS, 6:19; 2. Aelfe, Lometa; 3. Duus, Santa Anna.

**MILE RELAY-1.** Newcastle, 4:30.5 (Record); 2. Rising Star; 3. Goldthwaite.

**TEAM TOTALS-1.** Rising Star, 109; 2. Newcastle, 63.3 Miles, 50; 4. Goldthwaite, 40; 5. Water Valley, 31; Lometa, 23; Mozelle, 16; Santa Anna 14; Paint Rock, 13; Early, 12; Irion County, 10; Lohn 10; Blackwell, 4; Christoval, 4; May 4.

## Reception Honors Former Rising Star Resident

**Pictured above is Mrs. Montgomery on her 90th birthday.**

An elaborate reception honoring Mrs. Ida Montgomery on her 90th birthday, was held Saturday evening Feb. 26th 1977 in the home of a granddaughter, Mrs. Sammie Hight in Kermit, Texas.

Mrs. Montgomery's daughter Mrs. Tommye Gertsner of Hobbs, New Mexico served refreshments. Three other daughter of Mrs. Montgomery were unable to attend due to illness.

Her lesses for the gala event and also assisted with the courtesy included granddaughters Mrs. Hight and Mrs. Joyce Hill of Kermit, Mrs. Betty Slawson of El Paso and Mrs. Earleene Huntington of Jal New Mexico.

Special guest were Mrs. Montgomery's sisters Mrs. Guyla Ives and Mrs. Ruth Bibbs of Odessa, Texas.

Mrs. Montgomery, assisted by a host of grandchildren and great grandchildren successfully blew out the 90 red candles, decorating a huge birthday cake which was inscribed "Happy 90th Birthday Mama, Grandma, Great Grandma and great, great grandmother."

Congratulatory telephone calls and telegrams were received by Mrs. Montgomery along with many gifts and cards. Her corsage of yellow rosebuds and beautiful cut flower-center piece was wired to her by a long time friend, Sterling Davenport of Rochester, New York.

Mrs. Montgomery, who has spent most of her life in and around Rising Star, in addressing the gathering stated that "The God Lord had blessed her with a good life and she was thankful for all her children, grandchildren, great grandchildren and great, great grandchildren and all her friends. She further wishes all a long and Healthy life."

Others attending besides those mentioned a bove were: Mr. Eddie Hight and Mr. Jack Hill of Kermit, Mr. Vernon Huntington of Jal, N.M. Mr. and Mrs. Dwight Brown of Dallas, Texas, Mr. and Mrs. Terry Hill and Mr. and Mrs. Wayne Hight and Amy of Odessa, Miss Puala Hill of Wink, Texas, Mr. and Mrs. Joe Keith Hancock and Joey of Odessa Mrs. Judy McDermott and Trevor of Hobbs, N.M. Mr. and Mrs. Mike Huntington and Mack Alan, and Mr. and Mrs. Jo hnnie Jinks, Candy and Randy of Jal, N.M. Gayla, Ken, and Jerry Slawson of El Paso, Mr. and Mrs. Glenn Branton, Betty, Lucy, and Josh of Odessa. Mrs. Mabel Weathermon of Hobbs, New Mexico, Mrs. Jerry Glover of Andrews, Mr. and Mrs. Gene Hill, M r, and Mrs. Weldon Hill, Pam Kelly and Steve of Rising Star. Mrs. Cathy Matheny of Odessa Miss Janice Bauleh of Odessa and Mrs. Thurman Coix of Kermit.

## Senior Citizens To Reorganize

In the regular scheduled monthly meeting of the Rising Star City Council several matters of importance were discussed.

Two representatives from the Senior Citizens, Mrs. Velma Turner and Mrs. Della Webb, met with the council concerning utilities to be furnished to the group which plans to meet weekly in the Breeding Building on Main Street next to West Texas Utilities. The City agreed to the same agreement as that provided by the West Texas Utilities, that being 3 months of free utilities to the group. The Council also voted to increase transportation cost of the H.V. Burk well from 3 cents to 5cents.

A motion was made to contact Pride Oil Company with regard to the heavy equipment trucks transporting oil from the local fields north of town. These trucks use this street stating that it is too difficult to travel the downtown area and the turn

## Mayfield Announces For Council

I, Louis A. Mayfield am asking the voters of Rising Star to support me as a candidate for a place on the City Council. I have forty years experience in the management, construction and maintenance of pipe line facilities which should qualify me for constructive assistance in the operation and main-

tenance of the Rising Star water and gas distribution systems. If elected I will give my best efforts toward solving our gas problem and other problems affecting our town. I will work, at all times, for the best interest of our town. I believe in letting the voters know what is going on in their city government.

415 acres Southeast of Ranger with deer and turkey. On Colony Creek. \$300 per acre.

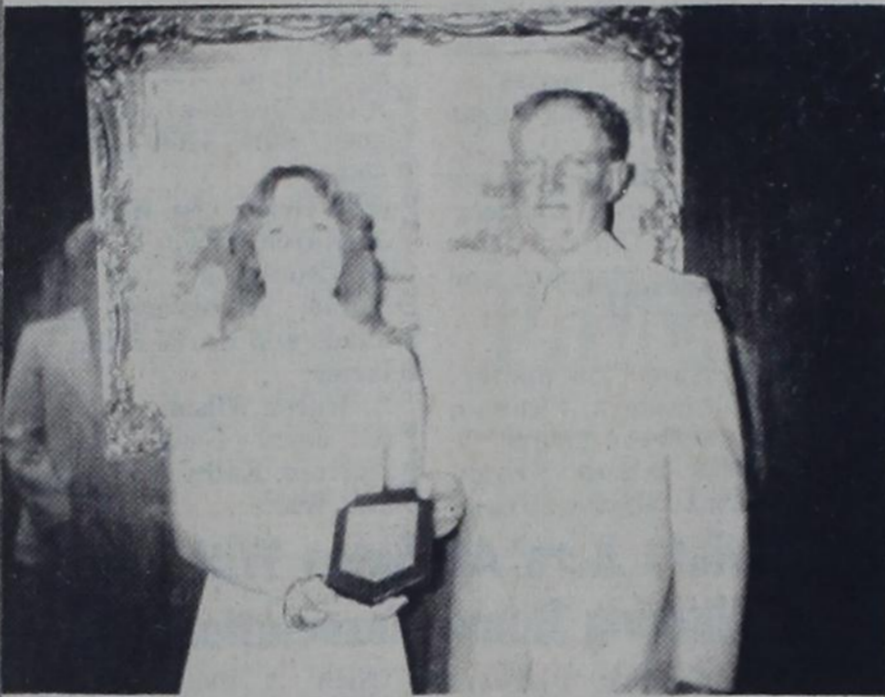

Left to Right: Joe Criswell, District Director, Cowan Hutton-Farmer and Mrs. Laverne Hutton.

The Upper Leon Soil and Water Conservation District held its fifth annual Conservation Awards banquet Wednesday, March 2, at PAR Center on Proctor Lake. Two hundred eighteen people attended to honor outstanding conservationists from over the three county district. The district is composed of five zones with each zone recognizing an outstanding Conservation Farmer. Edwin (Buster) Jones was honored as the Outstanding Conservation Farmer from zone one and was also selected as the district's Outstanding Conservation Farmer. R.L. (Bob) Mull was recognized as zone two Outstanding conservation Farmer. From zone three W.L. Carruth was the award committee's selection. Cowan Hutton was the selection from zone four, and Glen Hubbard was honored as Outstanding Conservation Farmer from zone five. Mrs. Lane Jones was honored as the Outstanding Conservation Homemaker in the district. She and her husband own and operate a dairy farm about six miles northwest of Dublin. For Absentee conservation Farmer the award committee selected Lewis Hampton from Brady, Texas. This award is presented to a person who lives outside the district and operates a farm in the district. Dr. Norman Wallace from Cisco Junior College was honored as Outstanding Conservation Teacher in the district. Shelly Gray from Rising Star High School was the essay contest winner. She read her essay entitled "Conservation-Present and Future" to the banquet audience. Other winners in the contest were Ken Hounsel, second place from Rising Star. From Ranger first place was Joe Cannon and Joe Williams second place; Cisco first place was Gaynelle Baum and Leigh Eller second place; Eastland first place was Janet Frost and Kem Miller second place; Comanche first place was Jerry Boone and Sheila Bouquet second place. The district first place essay received a plaque and \$10.00 and the second place \$5.00. This year was the first time a conservation poster contest was sponsored. Vicki Stephenson from Cisco Elementary School was selected as the district winner. The annual banquet is sponsored by the Upper Leon Soil and Water Conservation District and the ten banks in the districts.

By Charles Adams  
District conservationist

Pictured above is Shelly Gray, first place winner in the Upper Leon District Essay Contest. She was presented a plaque by Joe Criswell of Rising Star, zone director of the Upper Leon Soil and Water Conservation, at the Awards Banquet, held at Proctor Recreation Area Wednesday March 2nd.

# FOOD MARKETING ALERT

USDA  
Agricultural Marketing Service

As of Mid-February, the supply situation in March is expected to look like this . . .

### RED MEATS

**Beef** . . . plentiful. Production near the record of a year earlier. Smaller output of nonfed beef to offset a slight increase in fed beef.

**Pork** . . . plentiful. Production to increase seasonally and average 18-20% above the low level of a year earlier. This would be about 13% above the 1974-76 average for the month.

### POULTRY & EGGS

**Broiler-fryers** . . . plentiful. March marketings about 6% above the record large production of last year and 21% above the March 1974-76 average.

**Eggs** . . . adequate. March 1977 supplies about 1% above a year earlier and about the same as the recent 3-year March average.

**Turkeys** . . . adequate. Seasonally light marketings up about 7% from March last year and 21% above the recent 3-year average. March 1 inventory of fresh frozen turkey, an important factor at this time of year, nearly 10 million pounds above last year but more than 20% lower than the 1974-76 average.

### MILK & DAIRY PRODUCTS

**Milk and dairy products** . . . plentiful. High production will continue to result in supplies exceeding current consumption and storage requirements. Milk production exceeded previous yearly and 3-year averages by 3 and 5% in Jan. Preliminary figures for Jan. indicate butter production was 9% higher than Jan. 1976, and American cheese production was up 13%. In Dec. 1976, nonfat dry milk production was 9% above previous year and 5% above average.

Commercial stocks of butter on Jan. 1 were 6 times greater and

manufacturers' stocks of nonfat dry milk were 2 times greater than the beginning of 1976. Commercial American cheese stocks were up 33% from last year and 20% over the 3-year average.

### FRUITS, VEGETABLES, NUTS

**Fresh citrus fruits and juices** . . . adequate. Latest USDA estimate places U.S. orange crop 11% below the pre-Florida freeze forecast, but still 3% higher than the 1975-76 total. Florida's freeze-damaged crop now estimated 14% below the Jan. 1 level but 1% more than last season's output. U.S. grapefruit crop is now forecast at 11% below month earlier as a result of the freeze. This figure is only slightly lower than last season.

**Lemon** production 49% higher than last season, but 10% lower than the record 1974-75 crop. Stocks of Florida frozen concentrated orange juice on Jan. 29 were 27% less than stocks reported same time last year.

**Fresh noncitrus fruits. Winter pears** . . . plentiful. As of Feb. 1, Pacific Coast Winter pear holdings reported at 42% more than Feb. 1, 1976. Apples . . . adequate. Holdings of apples for fresh use as of Jan. 1 were 13% smaller than last year's large supply, but more than 8% above the 5-year average.

**Canned noncitrus fruits** . . . adequate. On Jan. 1 canners' inventories of peaches and fruit cocktail were 17% above the 1974-76 average. Pears were up 24%. Jan. 1 applesauce stocks were down 13% from year earlier.

**Raisins** . . . light. 1976 production was much lower than in 1975, as rains caused heavy losses. **Dried prunes** . . . adequate. California 1976

production 3% less than previous year but 3% above 1974.

**Processed vegetables** . . . adequate, with a few canned and frozen items plentiful. **Canned sweet corn and green peas** . . . plentiful. On Jan. 1, canners' inventory of sweet corn was 26% above the 1974-76 average; green peas were up 37%. End of 1976 showed holdings of frozen corn-on-cob, cut corn, and green peas 37%, 15%, and 5% over average.

**Potatoes** . . . plentiful. Feb. 1 fresh potato holdings a record at 8% over year earlier and 14% above the 1974-76 average. **Frozen french fried potato** holdings were 22% above average.

**Peanuts** . . . plentiful, although stocks on Dec. 31 were 10% lower than year earlier record. 1976 production 3% lower than record 1975 crop. **Almonds** . . . plentiful. California 1976 crop was record high, some 44% more than in 1975. **Walnuts** . . . plentiful. 1976 production around 7% less than record 1975 crop. **Pecans** . . . light. 1976 production 60% less than 1975 crop and a little lower than 1974 production.

**GRAINS & LEGUMES**  
**Rice** . . . plentiful. Production 9% lower than last year's record crop due to 11% fewer acres. Crop will total 117 million cwt.

**Wheat** . . . plentiful with large carryin. Production at a record 2,147 million bushels, slightly more than last year's record and 15% above the 1973-75 average.

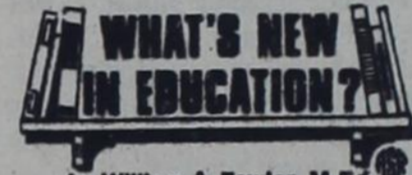

**Corn** . . . plentiful with production at record 6,216 million bushels, 7% above last year and 16% above 1973-75 average.

**Dry Beans** . . . plentiful even with production forecast at 1% less than 1975 and 5% below 1973-75 average. Rough data indicate domestic use during 1975 and 1976 slackened. **Dry peas** . . . adequate. Production 21% under last year and 15% under the 1973-75 average.

**Terminology used:** PLENTIFUL — More than enough for requirements. ADEQUATE — Enough to meet needs. LIGHT — Less than adequate; not enough for normal needs.

FMA 3-77 February 1977

## Local Girls Travel To Area IV Meeting

by William A. Fowler, M.Ed.

### Recycle Your Career

In today's world of accelerated developments in technology, it is almost mandatory for men and women to engage in supplemental education and training. Experts predict the average worker may expect to "recycle his career" — that is — change his occupation, from five to nine times during his working life.

Where do you get this "extra education?" Here are some ways: (1) Institutions of higher learning offer day and evening courses in professional, vocational and technical fields. (2) Many companies provide and pay for employee training courses to assist them in upgrading their job potential. (3) Correspondence schools offer an opportunity for education in your spare time at home. According to the National Home Study Council, which has over 100 accredited member schools, there are 1.5 million students enrolled today in home study.

R. E. Buono of Fort Washington, Pa., for example, was hesitant in deciding to prepare for employment in the broadcast communications field — he was told by his friends the subject was much too difficult to master at his age (42). However, after enrolling in a correspondence course in communications, he passed the examination for his first class radio-telephone license and became a professional in the broadcast field.

You can get a free copy of the Directory of Accredited Home Study Schools by writing to the National Home Study Council, 1601-18th Street, N.W., Washington, D.C. 20009.

Becky Wilson

Eva Alexander

Deann Alford

Marilyn Wilson

More than 1,200 high school students and their advisers participated in the annual event.

Betsy Sargent of Lampasas was elected president; Denise Williams elected president; Denise Williams of Hamilton, first vice president; Barbara Buffington of Weatherford, second vice president; Kerry Nault of Iowa Park third vice president; Debra Hargrove, daughter of Mr. and Mrs. Alton Clem of Hamlin, fourth vice president; Tammy Stewart, daughter of Mr. and Mrs. Billy Stewart of Brownwood, Early High School, fifth vice president; Pam Lewis of Hico, sixth vice president.

Also Vicy Froh, daughter of Mr. and Mrs. Kenneth Froh of Comanche kenneth; Kathy Johnson of Iowa Park, secretary; Judy Farris of Mineral Wells, sergeant-at-arms; Daphne Maxwell of Greenwood, parliamentarian; Karen Woolsey, daughter of Mr. and Mrs. Ernest Woolsey of Comanche, Sidney High School, historian; Susan Sutton of Lampasas, state officer; state nominating committee member.

Area members that went were: Sponser, Mrs. Dorothy Diddle; President; Becky Wilson; members: Eva Alexander, Marilyn Wilson, and Deann Alford.

Mrs. Helen May is new owner and manager of Huddleston Flowers. Mr. and Mrs. May live in May Texas. They were former owners of the Downtown Cafe. They have two daughters Mrs. Billie Pinkard of Brownwood, Mrs. Eddie

Barker of Rising Star. They will appreciate your continous patronage of Huddleston Flowers and hope to serve you with courteous efficient service.

## May Basketball Tournament

### WOMEN

May Tiger Booster Club is sponsoring a Basketball Tournament March 10th and 12th at May High School Gym. Games start at 6:00 p.m. on Thurs. and at 3:30 p.m. on Sat.

There will be a concession stand and anyone can pick up their May Tiger T shirt. Admission will be \$1.00 and \$5.00. Medals will be awarded to first place and Ribbons will be awarded to 2nd and 3rd places.

## ANBESOL® KILLS MOUTH PAIN ON CONTACT

Denture pain, toothache, cold sores, teething pain, relieved for hours.

When minor mouth pain strikes use Anbesol, the pain killer. Anbesol, with three anesthetics, soothes irritated nerve endings, deadens pain. Helps prevent infection, too. Use as directed for hours of relief.

### NOTICE

There will not be a Jaycee Meeting this Thursday night - March 10th due to the Chamber of Commerce Banquet. The following week, March 17th, the Jaycees will hold their annual election of officers. The Jaycee Banquet has been set for March 31st in the High School Gym.

## Oil News

Callon Petroleum Co. of Brownwood completed No. 1 Bess L. Wright in the BBB&C, Block 3, (Marble Falls) Fields three miles northeast of May in Brown County.

Location is 660 feet from the north and 330 feet from the west lines of Lot 14, J. Dickinson Survey 10.

Daily potential was 46 barrels of 43 gravity oil, flowing through a 16-64 choke with packer set on the casing and 310 pounds tubing pressure.

Production is from perforations at 2,889 feet to 2,901 feet.

Operator set the 4 1/2-inch casing at 2,950 feet, total depth. Gas-oil ratio was 2,022-1.

GeoDynamics Oil & Gas Inc. of Brownwood completed No. 1 Bess L. Wright in the same field.

Location is 467 feet from the south and west lines of Lot 14, same survey.

It had a daily potential of 42 barrels of 43 gravity oil. Flow was through a 16-64 inch choke and perforations at 2,960-86 feet. Operator set to 4 1/2-inch casing at 3,072 feet, and the hole is bottomed at 3,080 feet. Gas-oil ratio 4,762-1.

Same firm completed No. 1 A.H. Lancaster in the regular field five miles northwest of May.

Location is 660 feet from the south and 3,600 feet from the east lines of Section 23, Block 3, BBB&C Survey.

Daily potential was nine barrels of 43 gravity oil, pumping from perforations at 2,284-96 feet.

The 4 1/2 inch casing is set at 2,423 feet, and the hole is bottomed at 2,185 feet.

Morrell & Parrott of Albany will drill No. 1 Burnett as a proposed 3,100-foot wildcat in Comanche County.

Location is two miles south of Gorman on a 160 acre lease.

It spots 660 feet from the northwest and southwest lines of Section 44, block 2, H&TC Survey.

GeoDyanacis Oil & Gas Inc. of Brownwood will drill No. 2 Thomas Newman in the BBB&C Blk. 3, (Marble Falls) Field three miles northwest of May.

It spots 660 feet from the north and 2,170 feet from the west lines of Section 23, block 3, BBB&C Survey.

GeoDyanacis Oil & Gas Inc. of Brownwood will drill No. 2 Thomas Newman in the BBB&C Blk. 3, (Marble Falls) Field three miles northwest of May. It spots 660 feet from the south and 2,040 feet from the west lines of Section 18, Block 3, BBB&C Survey.

Permit depth applied for is 2,950.

FISHER-C.R. Gallagher Jr. of Lubbock will drill No. 1 Herb Lakey in the Royston Field five miles west of Hamlin.

The planned 3,200 foot venture spots 660 feet from the south and west lines of Section 19S Block 1, BBB&C Survey.

Noble & Bradbury No. 2 Addie Foreman was completed in Brown County Regular Field three miles northwest of Brookesmith.

Location is 350 feet from the north and 1,270 feet from the west lines of block 56, A1.D. Neil Survey 41, A-719.

Absolute open flow was 134,000 cubic feet of dry gas daily from perforations at 553 to 567 feet.

The 4 1/2 inch casing is set at 724 feet.

Two other wells were completed in the area by the operators.

No. 10 Ula b. Stone and M. H. Stephens is located 300 feet from the north and east lines of Lot 74, Metzger & Taylor Survey.

Absolute open flow was 10,800,000 cubic feet of dry gas daily from perforations at 794 to 800 feet. The 5 1/2 inch casing is set at 827 feet.

Other Farm Show features include a Texas State FFA Tractor Mechanics Contest at 6:30 p.m. and a Natural Fibers Fashion Review at 4:00 p.m. both scheduled for Saturday, March 12.

## Southwest Farm Show

With a thundering roar and gleaming exhibits of \$6 million of farm machinery and equipment, the Southwest Farm Show and Championship Tractor Pull will open for a three-day run, March 11 in Fort Worth.

Housed in the Tarrant County Convention Center, the show doors will open at 10:30 a.m. and close at 5:30 p.m. each day, March 11-13, according to Harry Bryant, Farm Show manager.

"This will be the largest array of farm machinery we have ever had," Bryant said. He pointed out that the Convention Center exhibit hall, over 100,000 square feet, has been filled and additional thousands of square feet of exhibits have moved to large tents across the street west of the Center.

Although the Farm Show is free and open to the public Bryant urged spectators to go to their local implement dealer for free registration forms for hundreds of dollars worth of door prizes to be given away during the show.

The forms will also be available at the Farm Show entrance.

Climaxing each day's events will be Championship Tractor Pull featuring some of the Southwest's most exciting modified and hot-rod tractors and drivers.

Tractor pulls will begin at 7 p.m. Friday and Saturday and at 6 p.m. on Sunday.

Reserved tickets are available for the pulls and may be ordered: Tractor Pull P.O. Box 938, Fort Worth, Texas 76101.

On Friday, March 11, the New World of Agriculture Forum and luncheon will feature state and national leaders.

Tickets are required for the forum and may be secured through local County Extension Agents in Advance.

Other Farm Show features include a Texas State FFA Tractor Mechanics Contest at 6:30 p.m. and a Natural Fibers Fashion Review at 4:00 p.m. both scheduled for Saturday, March 12.

## Honor Roll Announced

# FROM OUR CHURCHES

## First United Methodist Church

The story is told of a man of large wealth who lived most of the year in a country home among the hills of Vermont. All his inheritance and surroundings were those of culture and luxury. All the temptations of wealth drew him toward ease and selfishness. But instead of that he was known in the little church of the place and throughout the neighborhood as a sacrificing, hard-working, consecrated Christian. One day a minister who visited the church asked him how he came to throw himself so heartily into Christian work. His answer was quaint but striking: "When I became a Christian, and began to read my Bible with appreciation of its meaning, I read that I was called into the vineyard of the Lord; and I made up my mind at once that I was not called there to eat grapes, but to hoe, and I've been trying to hoe ever since!"

The man with the hoe is needed in every church. Those Christians who come into the Lord's vineyard and have no idea of doing anything, are usually in the majority. "I've joined the church," said such a man to his pastor, "and I feel that I am saved. But you'll have to excuse me from coming to worship, or taking part in the Sunday School work. I'm too busy." All he wanted was the grapes, he let other members do the hoeing. How much are we getting-and is the reason of our lack entirely unconnected with a lack of hoeing.

We are most happy to report that Mrs. J.R. Bucy, along with Mrs. Floyd Joyce have returned home from the hospital and are reported recovering from their problems. However, John Mathis is still a patient in the Cisco Hospital, but is hopeful of returning home the middle of the week. Mrs. Ira Swift gave us a call saying she was going to stay with her children in West Texas for a couple weeks.

We are in prayer for the family of Frank Winchester due to the loss of his mother, Mrs. Beulah Winchester. Mrs. Winchester was to be buried in Odessa on Monday of this week. And too we extend our Christian sympathy to the family of E.F. Bender of Cisco whose wife passed away this past Friday evening. Mrs. Bender, along with her husband were faithful members of the Wesley Methodist Church in Cisco.

To all in sorrow due to the loss of a loved one we extend our heart felt sympathy and pray Our God will bless you even in your sorrow.

Worship in the church of your choice this week, you will be blessed of God for your participation. If we can be of assistance to you or yours please give us a call of come by a visit.

Hubert Taylor

**RISING STAR CEMETERY ASSOCIATION**  
We are grateful for the memorial given to our cemetery: **MEMORIAL TO Mrs. Irene Vermillion** By Mr. and Mrs. Leonard Harris \$5.00

## Christian Fellowship Church

### CHRISTIAN FELLOWSHIP CHURCH

"And there arose a great storm of wind, and the waves beat into the ship, so that it was now full. And he (Christ) was in the hinder part of the ship, asleep on a pillow: and they awake him, and say unto him, Master, carest thou not that we perish? And he arose, and rebuked the wind, and said unto the sea, Peace be still. And there was a great calm."

Mark 4:37-39

Christians who constantly worry and fret over circumstances need to trust and rely on the Christ within their boats (lives). When our attentions is focused on our spiritual inner strength, God will cause the storms of life to cease and the sea will become as glass reflecting the true nature of our Father.

Peter walked on the water as long as his eyes were upon the Master. It was when he looked at the waves that his faith began to falter and he began to sink in the depth of the sea. Our Heavenly Father is teaching us not to look at outward circumstances but to put our trust and confidence in Him. God can weather all our storms. Waves of doubt, fear and unbelief must obey the Christ who still says, "Peace be still."

Sunday Morning Services at 10:00 a.m. Sunday Evening Services 7:00 p.m. Mid-week services Thurs at 7:30 p.m.

Don Bruce  
104 Main St.  
Rising Star, Tx.

## First Baptist Church

Just in case you have been wondering, by the time you reach 70 you will have spent nearly a quarter of a century sleeping. Sleep is necessary, but the Bible warns of too much: "How long will you lie down, O sluggard?" (Proverbs 6:9).

The important thing is to spend the proper amount of time where it will count the most.

According to Christopher News Notes, here is how most Americans spend their waking hours during 70 years of life:

- 11 years working
- 8 years playing
- 6 years eating
- 5 1/2 years grooming
- 3 years reading
- 3 years talking
- 1/2 year worshipping God.

If the above schedule is somewhat accurate, obviously something is out of balance. And if this is true of you and me, obviously now is the time to increase the time we spend in reading, reading the Bible, praying and worshipping the Lord.

March 13, this Sunday, through March 18, Friday, our church will have revival services. Services will be held each morning at 7:00 during the week and at 7:30 each evening. Sunday services will be held at

11:00 a.m. and 7:00 p.m.  
The goal of our Bible study in Sunday School is 200 during the month. This last Sunday there were 176 attending Bible study, not far from our goal! Be with you class this Sunday and enjoy the Bible study hour.

Visiting Sunday morning from Georgia was Jack Smith. R.D. Williams, Pastor

## Church of Christ

A recent book by former Watergate figure Charles Colson has made more widely known than ever the expression "born again", previously reserved for religious discussions. The production purports to describe the conversion of Colson to a form of Evangelical Christianity.

What, really, does the term "born again" mean? Actually, the Biblical expression is "born from above" or "born new". An examination of the context where it is used (John 3:1-21) reveals the significance.

It is at once evident that Jesus is speaking of a radical change that must take place in the individual. This is described elsewhere as "putting off the old man and putting on the new man" (Colossians 3:9-10); as becoming a "new creature" (2 Corinthians 5:17); as the washing of regeneration and renewing of the Holy Spirit" (Titus 3:5); as a "death, burial and resurrection" (Romans 6:3ff); etc. When one accepts to follow Christ, he must understand that he can no longer be "conformed to the world" (live a worldly, sinful life), but must be

"transformed" Romans 12:1-2, after the image of God (Ephesians 5:1) and Jesus (Colossians 3:10; 1 John 3:3).

But, how does the change take place? Jesus says it is being "born from above" (John 3:3,7), which he further defines as being "born of water and the Spirit" (John 3:5), and again as "doing the truth" and "coming to the light" (John 3:21).

There are two basic suggestions from religious teachers as to the practical translation of this into reality. One affirms that this is purely the work of God, through the action of his spirit upon the human mind, in which the individual yields himself initially to the will of God and the Spirit takes over to do the rest. The other view sees this as a process in which God furnishes all the means for such a transformation: through grace and the gift of His son, plus instructions for securing and maintaining the transformed state, given through his spirit, but with the final responsibility being placed upon man. In this second view, both God and man join to produce the "new creature", but it remains essentially a process "from above". (More later).

Make Bible study and church attendance a regular part of your life! Be with us for Bible classes: on Sunday at 9:30 a.m., on Wednesday at 7 p.m. and for the Assemblies on Sunday at 10:30 a.m. and 6 p.m.

Most of our sick are improved. Ruth Middleton is at home and doing better. Leveta Scott (sister to Theo boyd) underwent knee surgery at Temple last week. Sue Barnes is improving. Stella Hill was able to be with us last Sunday. Vina White continues to mend satisfactorily. Oleana Claborn fell and injured her knee last week, but was able to be at church Sunday morning.

We have a number of special arrangements for Bible Study at home: Correspondence courses, film-strip subjects (we

furnish the equipment), personal studies, etc. All of this is FREE and with no obligations at all. Call or write to us for information: 643-6162 or Box 207.

Have a good week. Be sure to let us know if we can serve you in any way.  
Owen Aikin

## Commentary

By Myrtle Owen

### REVELATION

Rev. 1:8 The Alphabet is the cornerstone of all literature. The numberless volumes in the libraries of the world are composed of a varying combination of letters. Alpha is the first word in the Greek alphabet and omega is the last. Jesus chose these two symbols to describe Himself. Had He been speaking in English, He would have said, "I and the A and the Z," or "I am the alphabet." What the alphabet is to literature, Christ is to all of life. Jesus is called the word of God, because He is the full thought or expression of the mind of God. We know and understand the Father through Christ. He conveys the truth of God to us just as the alphabet is the vehicle for bringing the thought of the author to the mind of the reader.

Myrtle Owner

## LAUGH OUT

Two Irishmen, newly arrived in America, had put up in a small room. One night, pestered by mosquitoes, they kept slapping at the pests until they could get to sleep. About two o'clock in the morning a firefly happened to sail through the open window.

"It's no use, Pat," said one. "Here comes one o' the critters a-searchin' fer us wid a lantern!"

Members of the Ballet folk festival at Chamizal Folklorico Xochipelli dance at a National, El Paso, Tex.

## ARTS FLORISH AT CHAMIZAL NATIONAL MEMORIAL IN EL PASO

Not all National Park Service areas are sprawling natural wonders such as Grand Canyon, White Sands, Carlsbad Caverns and Big Bend.

One that isn't Chamizal National Memorial in El Paso, covers only 55 acres and memorializes the peaceful settlement of a century-long border dispute between the United States and Mexico.

The settlement proved that "men of good will, working together, can reach equitable solutions to mutual problems," according to memorial superintendent Frank Smith. "And in working together, they will find friendship and gain understanding."

Because friendship and understanding can best be stimulated through cultural exchange, there is an abundance of art, films, music and the performing arts on display at Chamizal throughout the year.

One big event occurs in October when the Memorial hosts a Border Folk Festival featuring a variety of border-related talent.

Another big event occurs in October when the Memorial hosts a Border Folk Festival featuring a variety of border-related talent.

Another highlight, coming up March 15-26, will be the second annual Siglo de Oro Drama Festival held in the 500 seat theater in the Memorial visitor center. The festival brings to the United States the productions of Spain's Golden Age—when literature and drama flourished in that country as they did in Elizabethan England.

The free festival is actually a competition divided into an academic category and a repertory category and it should be at least as good as last year's inaugural which received high critical acclaim.

This year the academic category will open the festival from March 15-19 with the University of Chihuahua, University of North Carolina,

Thursday, March 10, 1977

Texas A&I and Colorado University performing during the week.

Among the presentations will be Lope DE Vega's Fuenteovejuna, Tirso de Molina's El Burlador de Sevilla and Cervante's Los Habladores and El Viejo Celoso.

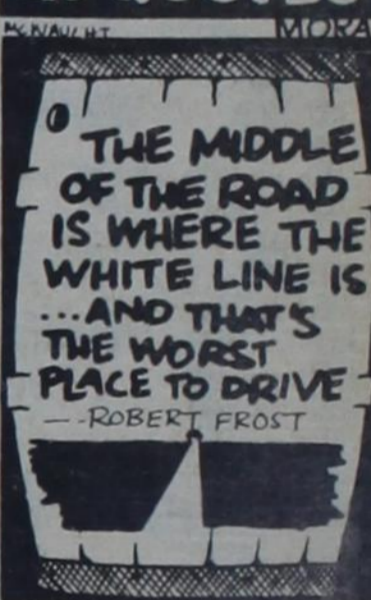

The repertory series will run March 22-26 with the Spanish Theatre Repertory Company, New York City, among the competitors. The plays will include Ruiz de Alarcón's La Verdad Sospechosa and Calderon de la Barca's La Dama Duende.

The Spanish language plays will begin at 8 p.m. During the day, visitors to Chamizal can enjoy exhibits depicting the events leading up to the settlement of the boundary dispute, caused by a change of direction of the Rio Grande, the river dividing the two countries.

A documentary film, "This Most Singular Country," narrated by Ricardo Montalban complements the exhibits and is shown upon request.

If you are planning a vacation Right Around Home, write the National Park Service, P.O. Box 728, Room N-18, Santa Fe, N.M. 87501. You'll be sent a trip planning guide to the parks within an easy drive of your home.

## IN QUOTES

# JACOBI SEPARATES IN... Sunflower Colors

...the "FASHION-RIGHT LOOK" from LADY LEGENDS & JACOBI IV

Fresh, spring colors in easy-care 100% polyester!

Imagine... "YELLOW", the shade of sunflowers, and soft "GREEN", the color of fresh new leaves. These flower shades will surely whisk you into spring in the most delightful way!

The famed Texas Longhorn, long a symbol of the birth of the nation's cattle industry, is being reconsidered by producers interested in incorporating them into modern breeding programs, according to Agriculture Commissioner John C. White.

### Longhorn Comeback Possibility As Producers Reconsider Breed

AUSTIN--The Texas Longhorn, long a major symbol of the birth of the nation's cattle industry, may well be making a comeback among cattle breeders.

"Breeders from Texas to Canada, from Minnesota to California, are re-examining the unique qualities of the Longhorn breed in order to incorporate them into modern breeding programs," according to Agriculture Commissioner John C. White.

Some ten million head of Longhorns made the long journey up Texas cattle trails to northern and eastern markets in the 25 years following the Civil War alone.

But by the turn of the century, the combination of barbed wire fences and imported breeds began to spell doom for the breed's dominance. Within a few years, Longhorns were nearer extinction than the American buffalo.

Interest in the breed has never died out altogether, and since 1964, the Texas Longhorn Breeders Association of America (TLBAA) has been telling the Longhorn story nationwide.

"The uncertain economics of modern-day cattle production have fostered a second look at Longhorn genetic characteristics," Commissioner White explained.

According to TLBAA executive secretary Manual Gustamante, Jr., Longhorns have fewer calving problems, produce well under marginal conditions, live longer than other breeds, contribute vigor, and utilize their hardy characteristics well in crossbreeding.

From a low of less than 1,500 true Longhorns known

to exist in the U.S. in 1964, breeders have been steadily increasing registered herds, with an eye toward once again making the famed animal an integral part of the nation's cattle industry.

### Motor Vehicle Registration Deadline Draws Near

AUSTIN-- Have you picked up your 1977 motor vehicle registration sticker yet? If not, be prepared to push the panic button.

That's exactly what members of the Tax Assessor-Collectors Association of Texas are about to do.

R.W. Townsley, director of the Motor Vehicle Division of the State Department of Highways and Public Transportation, said today that County Tax officials "literally were ready to crawl the walls" when the organization's board of directors met in Corpus Christi recently.

"Very few motorists have registered their vehicles - just like last year," Townsley said. "Tax offices are staffed to handle the anticipated rush to get stickers early, and they've simply got nothing to do."

Despite the easily handled stickers, which were initiated in 1976, and computer-prepared registration applications - which eliminate most of the delay formerly involved in typing registrations - which simply aren't remembering last year's frustrating last minute lines.

"Tax collectors are waiting for the 'big crunch,'" Townsley said. "Motorists will have no one but themselves to blame if they wait until the deadline April 1 to get their registrations."

Every county in the state is running way behind schedule." Many motorists could have registered by mail, but mail registrations ended February 29.

Meantime, those motorists who don't want to take time off from work to wait in line for as many as several hours had better take a few minutes to register their vehicles today.

It would be rough to be one of some 10 million motorists trying to register their vehicles in the last few days of the month.

## Millard Chambers

Millard Hampton Chambers, 74, of Rising Star died about 10 a.m. Friday at Hendrick Memorial Hospital in Abilene. Services were held at 2 p.m. Sunday at Higginbotham Funeral Home Chapel. The Rev. Estelle Allen, Pastor of the May Methodist Church, will officiate. Burial was in Wolfe Valley Cemetery. Born April 18, 1902, in May, he was a retired farmer. Survivors include four brothers, Marvin of May, Raymond of McCamey, Lester of Brownwood and Paul of Crosbyton; and a sister, Mrs. Willie Williams, of Avoca. He was preceded in death by a brother and a sister.

## Effie Gales

Effie Mae (Cox) Gales, 84, of May, died at 2:30 p.m. at the Leisure Lodge Nursing Home in Ft. Worth. Services will be Wednesday at the Higginbotham Chapel in Rising Star. Burial will be in the May Cemetery. Dick Williams, will officiate. She was born May 10, 1892 in McGregor, Texas. She married Jeff Gales, Dec. 8, 1905 in Comanche Co. He is deceased. She was a resident of May for 44 years. She was a member of the 1st Baptist Church of Rising Star. Survivors include two sons, Clarence Otis Gales and Floyd Gales both of Ft. Worth; four daughters, Mrs. Margaret Moore of Abilene, Mrs. Sadie Erwin of Rising Star, Mrs. Ethel Foy and Mrs. Thelma Price both of Ft. Worth; one sister, Mrs. Essie Landtroop of Meridian; a number of step-grandchildren; 2 great grand-children; 15 grand-children; 28 great grand-children. She was preceded in death by two brothers, and two sisters.

## Beulah Winchester

Beulah May Winchester 88, of Cisco, died at the Cisco Nursing Center about 8 p.m. Saturday after a long illness. Services were held at Hubbard Funeral Home in Odessa, Monday, March 7th. Born Jan. 23, 1889, in Falls County, she married Grover C. Winchester Feb. 10, 1907 in Colorado City. She lived in Odessa from 1944 to 1975. Survivors include five sons, H.J. of Bronte, Ronald of Cisco, M.B. of Andrews, Grover W. of Dallas, Frank F. of Rising Star, two daughters, Mrs. Doris Crawford of Rising Star, Miss Della Winchester of Odessa; one brother, E.B. (Dick) Free of Abilene; ten grand-children and twelve great grand-children. She was a member of Primitive Baptist Church.

A baby's first tooth usually appears when he is 6 to 8 months old. These "baby" teeth continue to appear for two or three years until the child has 20 teeth. In the meantime the permanent teeth are forming within the jaws and the first permanent molars usually appear at the age of 6 or 7. Eventually there will be 32 permanent teeth!

## May News

Roy Emfinger, who recently had surgery on his ankle in Hendrick hospital, is home and doing fine.

The Ladies Mission Society of the United Methodist Church of May met at the Church Monday for a brief meeting and later went on a visitation. They conduct these each week.

Mr. and Mrs. Fred Ashworth of May and Jo Ashworth and children Scotty and Corey visited Larry Ashworth in Garland over the weekend.

Charlie Moore is out of the hospital and is staying with his son, C.W. Moore in Abilene.

## United Methodist Of May Sponsor Hot Dog Supper

The Ada Prentice Unit of the U.M.W. of the May Methodist Church sponsored a Hot-dog supper honoring the May High Tigers: the girls basket ball team and the boys foot-ball team. Both of these teams won second place in the state finals. The supper of chips, dips, pickles, hot-dogs iced tea, cookies and punch was served in the Friendship hall. The tables were arranged in the form of a T representing T for the Tigers. The school colors of green and white were used among other colors in the table decorations.

Mr. and Mrs. Henry Allen visited Mr. and Mrs. W.E. York in Fort Worth this past weekend.

Thursday, March 10, 1977

# Public Notices

Mrs. Estill Allen, pastors wife, and Mrs. O.C. Allen U.M.W. President greeted guests at the door. Rev. Estill Allen gave the invocation before the meal.

Mrs. A.F. Michaels, program chairperson, gave th welcome speech after which she introduced the U.M.W. Women and had the girls and boys to introduce them selves.

Mr. Marian McDaniel poet read a poem about these girls and boys which he composed for this occasion.

Following the meal, fun games were directed by Tanya Allen and Grace Glenn.

Mrs. A.F. Michaels conducted the drawing of two numbers to determine the persons whose pictures would be sketched. Mr. Buchanan, High School superintendent, drew Tanya Allens number and Randy Percells number- Mr. Kenneth Dees, artist, sketched each one of their pictures and presented it to them.

Mrs. O.C. Allen Reporter

The Senior Citizens are once more reorganizing under the chairmanship of Mrs. Velma Turner. The group has planned an organizational meeting for Tuesday afternoon in the City Library. The group plans to have futre meetings in the City Library. The group plans to have future meeting in the Breeding building, located next to West Texas Utilities on Main Street.

This group of people hopes to generate some interest in various handwork items, crafts, ceramics, macrame, crocheting and other hobbies.

Meetings have been scheduled for each week and a luncheon will be served once a month.

Ruth Cartee, co-ordinator for the Senior Citizens who works out of the Cisco Junior College has helped provide guidelines for the group and is available for questioning.

Anyone interested in joining this group may contact Mrs. Turner for further information and watch next weeks paper for further developments.

Wealthy ladies in ancient Rome sometimes washed themselves in a sugary mixture consisting of 20 pounds of crushed strawberries and two pounds of raspberries.

**Fertilizer must dissolve before it can work. Ammo-Phos® fertilizer is highly water soluble. Test it for yourself and see.**

There is a simple test. Just fill a soft drink bottle with water. Add a tablespoon of Ammo-Phos® fertilizer and shake for about four minutes. Then do the same, using another fertilizer of the same grade. Compare the two—determine which product dissolves most quickly and thoroughly. If by chance you don't have Ammo-Phos® fertilizer on hand, stop in and we can supply it.... a tablespoonful or all the tons you need to feed your crop. In addition to excellent solubility, Ammo-Phos® is chemically combined to eliminate segregation and uniform in size to flow freely through the planter or spreader.

**The Sunshine Force**

Sunshine is a clean energy source. And solar heating is already available at competitive prices. According to the government's energy agency, solar heating can now compete economically with electricity in the heating of newly built, well-insulated, one-family houses. That estimate applies to major areas of the country where electricity rates are relatively high.

Some of the difficulties in storing solar energy haven't been worked out yet. So it's still essential in most areas to have some kind of conventional heating systems as a backup for cloudy days and long, cold winter nights. But solar heating is being suggested as a supplement or replacement for hot water heaters, furnaces, air-conditioners, electric home generators, and even central power stations.

Last year, half the new houses built in this country had electric heating. Without too much price differential, those houses could have had solar heating.

Solar lighting may be next. Government researchers have developed a solar lighting system which may be on the market before long. "The dollar value of sunlight used as light," they say, "is about 10 times its dollar value when used as heat."

As yet, solar heating cannot compete with the cost of heating by oil or natural gas. But those dwindling resources, unlike sunshine which is ever-renewable. And the cost of these fuels is expected to rise steadily, while the energy agency expects a 50 percent decline in the cost of solar equipment.

BY MRS. JACK MILLWEE

Mrs. Joy Brown and sons of Gorman visited her parents Mr. and Mrs. Jeff Price Sunday.

Mr. John McKeegan visited Mr. and Mrs. Jack McKeegan in Brownwood one day last week.

Mr. and Mrs. N.L. Leonard spent Thursday visiting their cousins Mrs. Willie Beeson and Mrs. Jessie Pinson in Comanche.

Mr. and Mrs. Charles McKeegan and children of Abilene spent the weekend with his parents, Mr. and Mrs. Quilla McKeegan.

Margaret Millwee won first place in the snack and beverage division in the 4-H County Food Show in Comanche Saturday and she also won third place in the Junior High Division.

Mr. and Mrs. J.D. Mitchel of NewCastle spent Sunday with her sister, Irene and John McKeegan.

Mr. and Mrs. Marvin McKeegan attended the Houston Rodeo this past weekend.

Mr. and Mrs. T.A. Weaver and Kyle Joyce spent the weekend visiting Mr. and Mrs. Covie Weaver and children in Dallas.

**SMALLER PEANUT CROP CUTS SUPPLIES**

The Nation has a 4.8 billion-pound supply of unshelled peanuts for 1976-77 4 percent less than a year earlier. Over 3.7 billion pounds less than 1975's due to reduced yields. Carryover stocks added 1.1 billion pounds to present supplies.

Consumers will take the largest bite out of supplies in edible forms such as peanut butter—the leading food use—salted peanuts, peanut candy and cleaned roasting stock, sometimes called "ballpark" peanuts. Altogether food uses will account for 1.8 billion pounds of peanuts.

Crushers will turn 1.3 billion pounds of peanuts into about 53 million gallons of oil, used for such products as salad and cooking oils—by far the leading domestic peanut oil shortening and margarine. Exports may take 600 million pounds up from 435 million pounds the previous year, and feed, seed, farm loss and shrinkage may account the expected 4 billion pounds, carryover into the next year may be down one fifth from July 31, 1976.

This season, farmers received an average price of 20 cents a pound for peanuts in the shell, slightly below the support price, but about one-half a cent above 1975-76.

David W. Martin County Executive Eastland County ascs increase in National Peanut Acreage Allotment

Washington, Feb. 25--The public has been invited to express its views and make recommendations on a possible increase in the 1977 national peanut acreage allotment. Comments must be received no later than March 28.

Each year, legislation requires that the U.S. Department of

**Reddy's helpful tips for your Home Laundry**

**PLAN AHEAD**  
Sort clothes according to type of fabric, color-fastness, degree of soil and garment construction. You'll save both hot water and electricity by doing similar items together. Accumulate a full load before running your washer.

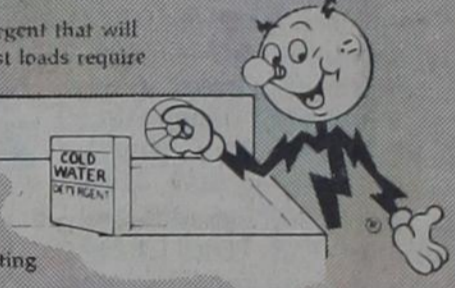

**BE SELECTIVE**

Choose the cycle that is precisely appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, most loads will come clean in either a cold or warm wash. Look into cold wash detergents.

Use the least amount of detergent that will get your clothes clean—most loads require only an ounce or less!

Overloading causes extra strain and wear on your equipment: check the manufacturer's recommendations for load weight. Balance your load by alternating small and large items.

**FOR SAFETY SAKE**

Be sure control is "off" before reaching into your washer. If one is necessary, use only a heavy duty extension cord. Be sure your washer is grounded. Keep dry cleaning agents, color remover and Fibreglas out of your washer. It's a good idea not to wash clothes containing cleaning fluids in your washer.

Pick up your FREE copy of "ENERGY CONSERVATION" Booklet from

# Pioneer News

- Mrs. A.C. Halsell

## PIONEER NEWS

By Mrs. A.C. Halsell

A few quotes from my Goodness Book, which I received for my Birthday, is worth thinking about:

"You are educated if you can do what you ought to do, whether you want to do it or not."

Remember the week day to keep it holy.

Don't do to others as though you were others."

First, a correction:

In my last news column, I named Mrs. Holman instead of Mrs. Barton. The item should read; Those visiting Mr. and Mrs. C.T. Barton during the week were her brothers, Mr. W.G. Reed from Rising Star and Mr. Earl T. Reed from Gatesville. Just the case of dialing a 6 instead of a 3 and not asking who I was talking to.

Mrs. Ethel Brown had several visitors this week. They were Mrs. Gladys Sessums, Mr. John McFerren and Wanda Jean and Mrs. Jack White. Mrs. Brown went to Brownwood to have check-up with her doctor. She also visited Mrs. Mattie Green who has had recent surgery. Mrs. Green is making a normal recovery.

Mrs. Veda Flippin of Corpus Christie visited her sister Mrs. Joe Fleming last week.

On Saturday, Mrs. Winnie Flippin, Gayle Flippin and Tamra, Charlene Fleming and Mrs. Veda Flippin had lunch with Mr. and Mrs. Joe Fleming.

On Sunday, Mrs. Winnie Flippin, Charlene Fleming, Veda Flippin and Mrs. Joe Fleming went to Stephenville where they visited Mrs. Lucy Stevens.

Other visitors during the week were Mr. and Mrs. James Cloud of Texas City, Mrs. Betty Merion, Mrs. Speck Conner and Mrs. Frankie Smith all of Pioneer.

By Mrs. A.C. Halsell

Mr. and Mrs. Thomas Flippin visited her father, Mr. Willard Melton, in Gorman hospital Sunday. Wanda reports that he is making a wonderful recovery from hip surgery, is in good spirits and is doing the walking therapy each day. Mrs. Nora Phillips visited her brother Mr. Melton Sunday.

James and Wanda Cloud and Mrs. Winnie Flippin visited Mr. and Mrs. Thomas Flippin recently.

Mrs. Thomas Flippin announces that donations of AB Positive blood can be donated at Hendricks Hospital in Abilene. Their grandson, who will soon undergo open heart surgery in Dallas, requires the AB Positive blood.

Mr. and Mrs. J.I. Sessums visitors on Saturday and Sunday were Mr. and Mrs. D.I. Sessums of Ft. Worth.

Mr. and Mrs. Pete Fore visited his sister, Estelle Huntington in Brownwood, on Wednesday. Others they visited in the Huntington home, were Mr. and Mrs. Mitchell Inabnet of San Antonio and Mr. and Mrs. James Inabnet of Evant.

Mr. and Mrs. N.A. Roady and son of Anson and Bob Roady of Cross Plains, had supper with Mr. and Mrs. Calvin Roady Friday.

Mr. and Mrs. Homer Don Parson had lunch with his parnets, Mr. and Mrs. Truitt Parsons, Sunday. They visited with her brother and family after church Sunday, night. Mrs. Lottie Sooter had lunch with Mr. and Mrs. Cowan Huttons on Sunday. Winnetta encourages women to continue their fight against ERA by supporting bills SCR 24 and Her 35, by writing letters, efforts to recall a petition to Washington any thing they can do to defeat the ERA. She states that there are actually seven states that are against ERA, whereas the opposing side claim there are only three, states.

Mr. Sam Beggs and Billy of Eastland visited Mr. and Mrs. J.T. Beggs Sunday.

# BIRTHS

Mr. and Mrs. Mike Huntington of Jal, New Mexico announce the arrival of their son, Mac Alan, born February 17th at 7:22 a.m. at Kermit Memorial Hospital in Kermit, weighing seven pounds and measuring 18 1/2 inches long. Maternal grandparents are Mr. and Mrs. P.L. Lowder of Crane, Texas. Great-Grandparents are Mrs. Mary Knight of Vallejo, Calif. and Mrs. Gertrude Lowder of Altus, Okla.

Paternal grandparents are Mr. and Mrs. Vernon Huntington of Jal, N.M., and paternal great grandmother is Mrs. Vernice Tyler of Jal and paternal great-great grandmother is Mrs. Ida Montgomery of Rising Star.

Ronnie and Doris Wilson are pleased to announce the birth of their second daughter, Kristi Jo, born Mon. March 7th in the Brownwood Community Hospital. She weighed 8 lbs. and 12 ozs. (the Wilson also have a daughter Kimberly - 3).

Grandparents are Mr. and Mrs. Clayton Wilson of Rising Star, and Mr. and Mrs. Arnold Navratil of Gilliland.

Debbie and Billy Spencer are proud to announce the birth of their son, Billy Gene born February 17th in the Brownwood Community Hospital. He weighed 8 lbs. and 12 ounces and was 21 inches long. Billy is welcomed by two sisters, Gena 4 and Tracy 3.

Maternal grandparents are Mr. and Mrs. Lewis Reed of San Angelo and paternal grandparents are Mr. and Mrs. Charlie Benson.

Great-grandparents are Mr. Amos Wood AND Mrs. Mabel Wood of Bloomington, California and Mrs. Maye Chamberlain of Suitland, Maryland.

Gwenn and Roger Pruitt are proud to announce the birth of their daughter, Brandy Lynn. The little miss was born Monday, March 7th at 8:42 in the Brownwood Community Hospital. She weighed 6 lbs. and 11 ozs.

Maternal grandparents are Mrs. Pauline Winfrey and Jerry Winfrey of Rising Star. Paternal grandparents are Mozelle Pruitt and Barney Pruitt both of De Leon.

# H.D. NEWS

By Janet Thomas County Home Demonstration Agent

Nineteen Home Demonstration Council members were present for the Monthly Council Meeting this past Wed. The Chairman, Mrs. Bernard Campbell presided over the council meeting.

Mrs. Edna Bint reported on the special committee appointed to purchase an American and Texas Flag set for the courthouse. Also working on the committee is Mrs. Sue Taylor and Mrs. T.E. Yarbrough.

Plans were made for the annual H.D. fun day which will be held May 4th at the Nimrod Community Center. The day will include a covered dish luncheon and making preparations and gifts for the 4-County H.D. Camp to be hosted by Eastland County, in July.

Eastland County H.D. members are making plans to attend the District T.H.D.A. meeting on March 22nd. at the State 4-H Center. Voting delegates from Eastland County include Mrs. Nettie Berry, Pleasant Hill H.D. Club; Mrs. Glen Jordan, Kokomo H.D. Club, and Mrs. Faye Massey, Lake Cisco H.D. Club. Alternates are Mrs. Bernice Tankersley, Morton Valley Club, and Mrs. Ellen Reddick, Flatwood H.D. Club.

Mrs. Sue Taylor, member of the state T.H.D.A. Citizenship Committee, will be attending a meeting for the purpose of preparing recommendations of work for H.D. Clubs to carry out in their study. Also plans will be developed for the Citizenship Workshop to be conducted at the State T.H.D.A. convention to be held in Galveston on September 20-22.

Mrs. Linda McCormack, State Extension Service Management Specialist from Texas A&M University is serving as advisor to the Citizenship Committee.

Congratulations to Word H. D. Club Members! They will be celebrating the Club's 43rd birthday with a luncheon and party this coming Thursday, March 10th. Miss Willie Word is a Charter member of the Word H.D. Club and is the only active Charter member. The Word H.D. Club was organized March 8, 1934 in the home of Mrs. C.M. Britain, with about 11 Charter members. The Club continued to meet in Mrs. Britain's home the rest of the year because it was centrally located and a number of the women had to walk. When war came in the early 1940's the club then met in the Public Library on Saturday Afternoons because of gas rationing. As World War II grew worse, the Club members met in the Red Cross Center on 9th Street. The members made shirts, and quilted quilts for oversea relief. Miss Ruth Ramey was agent when the club organized.

The Word H.D. Club members are still actively sponsoring worthwhile projects. This month, the members are making night shirts for the bed patients in the local nursing homes.

## Saturday Club Meets

The Saturday Club met March 3rd at the Library with 13 members attending.

Mrs. Carl Marsh was hostess, Mrs. Hazel McCallum acted as program chairman in the absence of Mrs. Floyd Joyce who was ill.

The president, Mrs. Ed Witt, introduced the speaker, Mrs. H.R. Diddle Home Economics teacher in Rising Star high school. She informed us about the program she was sponsoring for us.

Eighteen girls from her department each modeled a garment they had made in class. It was amazing how lovely some of them were. Mrs. Diddle introduced each one as they came in and each one very gracefully modeled their gown. Some had made pant suits, others street clothes, several had made formal. Mrs. Diddle has certainly portrayed good teachings and they all showed talent. After the program a business session was held. Four new members were elected. Mrs. Dave Cawley, Mrs. Jim Ray Cox, Mrs. Mack Gray, Mrs. Marie Hardin.

The table was lovely with lace covering and the flower arrangement was most lovely vase of Japonica. The refreshments were delicious sandwiches, banas, bread and coffee. Also candy mints.

The club will meet again on the third, Thursday of March with Mrs. Jerrell Harris as hostess and Mrs. Conrad Schaefer as program chairman.

## Gilbreath And Rogers To Conduct Services

Tom Gilbreath and Stan Rogers will be conducting services Saturday March 12th and Sunday March 13th at the Old Time Gospel Mission in Cross Plains beginning at 7:30 Saturday Night and 10:30 Sunday morning. There will also be a Sunday night service which will begin at 7:30.

Tom Gilbreath is 22 years old. He resides in Lubbock Texas where he is a member of Crestview Assembly of God (Tom Lakey, Pastor). Tom has served on Crestview teaching staff and in many areas of youth leadership. Presently employed by a Lubbock radio station. Tom is an announcer, newsman and public affairs program host. He feels the Lord is leading him into a ministry of Christian writing and drama and its related facets.

Tom will have been married for one year in April. His wife Pam, joins him in his work in Christian drama as an actress and production assistant.

Stan Rogers, 24, is a graduate of Texas Tech University with a degree in telecommunications. He also is a member of Crestview and serves as

president of the youth group and in various musical and teaching capacities. Stan is a partner in a film production company-Windmill Production. He looks forward to service in the area of mass communications and related ministries such as Christian films. Christians television programming etc.

In the Fall of 1971 Tom Gilbreath wrote a dramatic presentation for the youth department of Crestview Assembly of God in Lubbock Texas. Since that time, under the direction of the Holy Spirit, Tom has authored several "Gosplits" and many illustrations, and has both directed and performed them for various churches and organizations.

Since that time, Tom and Stan Rogers have worked together extensively. For the last two years, as a two man drama team performing in several cities throughout the Southwest.

Everybody is extended a cordial invitation to attend stated Mrs. Charlie McCowen, pastor.

## WHO WAS THAT LADY?

Female journalists were rare in the mid-19th century, but one woman who succeeded in making a name for herself was Eliza Holbrook Nicholson. Her husband died in 1875 and left her his newspaper, the New Orleans Picayune along with a debt of \$80,000. By 1891, she had made a thriving business of the paper with a circulation of 30,000. She achieved this success by developing her talents for managing editorial policy, proving she could succeed in a field almost closed to women in that era.

## Would You Believe...

The word bride is derived from an ancient Teutonic word meaning "to cook."

The longest and heaviest of all snakes is the anaconda of South America. Specimens have been reliably reported to be as heavy as 950 pounds, and as long as 37 1/2 feet.

## GORDON SPOT

by DeMarquis Gordon

It is the time of year that Eastland County stockmen should think about toxic poisoning of livestock from skin oak buds. This problem generally becomes apparent in this area starting around the first of April. Usually a shortage of feed will cause livestock to seek in the tender buds that are the only source of green material available. The shin oak buds, tender flowers and newly formed leaves are palatable and poisonous. The tannin of the shin oak is the toxic agent and causes an upset in the digestive tract of the affected animals. Cattle, sheep, and goats have been poisoned.

In acute cases of oak poisoning calves will get sick within a few days after having access to budding oaks and die with hemorrhagic enteritis and diarrhea after an illness as short as 24 hours. Most cases are of a longer duration and last from 3 to 10 days. The animal may exhibit evidence of discomfort and pain with an absence of appetite and rumen activity.

Due to the severe losses of livestock many years, some ranchers pen and feed cattle for three to four weeks when the oaks begin to bud. Supplementary feeding may help reduce losses, however the use of a properly mixed feed containing calcium hydroxide (hydrated lime) in a palatable formula has proven to be a more effective antidote than the supplement alone. The concentration of the calcium hydroxide in the feed must be high enough to counteract the oak tannins, but low enough to be palatable and eaten by livestock. A feed

formula, developed by Dr. J. W. Dollahite and others at Texas A&M University, that is palatable and economically feasible is as follows:

Ground Alfalfa	600 lbs.
Cotton Seed Meal	1,080 lbs.
Vegetable Oil	120 lbs.
Calcium Hydroxide (Hydrated lime)	200 lbs.
Total	2,000 lbs.

This is an open formula and can be mixed by the owner or any experienced commercial feed producer. Problems have occurred when substitutions to the ingredients have been attempted. Care must be taken not to get th hydrated lime too moist, so as to cause heating. The vegetable oil in the mixture is important and should not be left out. Molasses should not be used to increase palatability, since the increased moisture may cause heating.

Calves should be creep fed and cattle should be fed at the rate of four (4) pounds of the formula daily, starting about a week before the buds appear on the shin oak. The feeding period may have to be lengthened if a frost nips the buds, causing a later regrowth. After cattle get on the feed, their milk supply should increase.

The Eastland County Livestock Junior Show will be March 17 and 18, and 19. Several improvements are being made for this year's show. A new concrete walk has been poured through the center of the beef cattle barn. The new catalogues which were recently distributed pays tribute to Pete Tindall, the only charter member of the Livestock Raisers Association who is still active in the county stock show.

Thursday, March 10, 1977

### Cisco Art Club And CofC Plan Art Exhibit

The Cisco Art Club and Cisco Chamber of Commerce will co-sponsor the annual Eastland County Art Exhibit, March 19 through March 25.

Exhibition is open to all area artists, with no restriction on subject matter or media. Originals only. Copies will be disqualified from judging. Entries painted with instructor's assistance will also be disqualified. Wet paintings will not be accepted. Entries must not be older than two years, nor larger than 48 inches on the longest side. All entries must be framed and/or wired for hanging. Entries must be labeled on the back, with name, address and either price or Not For Sale.

Division of the exhibit into categories or into one open category will be the decision of the judge.

Entries will be accepted on Thursday, March 17, from 9:00 to 5:00 at the Cisco Chamber of Commerce. Entry fee will be \$1.00 per painting with a limit of three entries per person.

Judging will be held Friday, March 18, with awards and ribbons placed immediately after. Winners will be announced in area news media as soon as possible after judging is completed. Viewing will be open to the public March 19 through 25.

The Best of Show entry will receive a \$25.00 cash award. Second place Cash Award will receive \$15.00. Third place Cash Award will receive \$10.00. First, Second, and Third Place and Honorable Mention ribbons will also be awarded.

In addition, a \$20.00 People's Choice Award will be given to the artist whose entry receives the most votes from the viewing public. This winner will be announced on Friday, March 25, when the exhibit closes.

We wish to extend an invitation to all interested persons to participate in this exhibit. For further information, please call Glen Lawless, Exhibit Chairman at 817-442-3323, Jerry Bacon, at 817-442-3563 or Shelley Jackson at 817-442-2136.

### Hydrasieve Can Cut Cattle Dipping Costs

COLLEGE STATION - Cattle dipping operations at feedlots will go along much smoother with the help of a commercially available Hydrasieve, says an agricultural engineer in animal waste management.

The Hydrasieve was used in a demonstration at the Olton Feedyards last summer along with Co-Ral Cattle dip. It proved to be a useful combination in lowering dipping costs, filtering out suspended solids, and reducing the amount of pesticide residue, points out Dr. John Sweeten.

The Hydrasieve treatments involved three screen sizes and three filtering times. Records for the past four years were used to compare the effect of dipping with and without the Hydrasieve, notes Sweeten.

Use of the Hydrasieve allowed 75 per cent more cattle to be dipped per vat charge and cut waste pesticide volume in half. Pesticide usage was also

reduced almost 30 per cent.

Filtering time affected the efficiency of the Hydrasieve. The optimum filtering time for post-dip filtering appears to be one hour per 1000 head of cattle dipped, points out Sweeten.

All three screens proved to be effective, but Sweeten recommends, smaller mesh screens for shorter filtering times.

Odor intensity remained at a consistent level throughout the use of the Hydrasieve, notes the engineer.

The break-even point with the Hydrasieve system which costs \$4,500 appears to be 32,000 head of cattle when using Co-Ral dip, 43,000 head with Prolate, and 90,000 with toxaphene dip. At that point pesticide savings offset capital costs.

Using the Hydrasieve, Sweeten believes as many as 6,500 head of cattle can be dipped in the same amount of pesticide now required to dip 3,700 head.

### Dallas Cowboys To Be At Brownwood Coliseum

On Thursday night, March 10, 1977, the Dallas Cowboys basketball team will appear in the Brownwood coliseum at 8:00 to play a benefit basketball game against coaches of schools in the Brownwood area. Coaches who have agreed to play in the game are: Ike Avinger, Brooksmith; Watson Wright, Don Martin and Steve Booth of Brownwood; Butch Butler and Jim McDonald of Early; Bill, Murphy, Gustine; Alan Luker, Mullin; Larry Eilers, Priddy; Dennis Higgs, Bruce Smith, and Anthony Strother of Santa Anna; and Gary Bufe of Zephyr.

There will also be representatives of the coaching staffs from the following: Bangs, Coleman, Comanche, HPU Staff and May.

The Dallas Hoopsters is the basketball team drawn from the Dallas Cowboys who play basketball off-season from their jobs as football players.

They play an entertaining exhibition game with a touch of the razzle-dazzle that sometimes gets lost when the

game is purely competitive. It's all great family fun, a low-key let-the-hair-down kind of game that lets the fans see their favorite cowboy stars in a different light. Somehow the basketball court brings them closer, autographs are certainly more easily obtained. And the kids find out what sportsmanship is all about.

The Hoopsters aren't out to play the kind of game you'll find them playing on the football field. They're athletes playing the game for the sheer joy of it. And the joy is infectious. Soon the whole family is laughing.

When the joy is infectious. Soon the whole family is laughing. When the game gets dull, they'll spice it up with a bit of side-play to liven the pace.

This entertaining, exhibition basketball and the Dallas Hoopsters are out to show the family what a good sport really is.

All proceeds from the game will go toward construction of lights on a Junior Teenage Baseball Park.

Advance tickets for the game are \$2.50 for adults and \$1.50 for students. Tickets at the door will be \$3.00 and \$2.00. There are no reserve seats available.

**KEEP TAKING THE MEDICINE!**

Too often, people will stop taking a medicine because they think that an illness has disappeared. This can be harmful, especially in cases of children who are given anti-biotics to combat an infection. If your physician directs you to give a child a medicine four times a day for ten days, keep giving that prescription until it is all used up.

In studies where medicine was stopped before it was finished, over 20 per cent of the children showed lingering traces of infection, requiring another round of medication.

**YOU OR YOUR DOCTOR CAN PHONE US** when you need a delivery. We will deliver promptly without extra charge. A great many people rely on us for their health needs. We welcome requests for delivery service and charge accounts.
