The Rising Star Wildcats may or may not win the Track and Field Championship of their District in the meet at Mason, Saturday, but they won what amounts to much more impressive championships when they took the title of the Brazos River Relays at Abilene last Saturday, in a field of 33 schools, setting a new meet record in the sprint relay in the course of doing so, and in taking also the title of the invitation meet at Bangs, Thursday of last week.

But for the fact that Bob Needham, one of the most talented of the Rising Star crew, has been handicapped with a knee injury suffered last fall, the Wildcats undoubtedly would have won their victory by a much more impressive score.

And, even so, if Gary Scott, Rising Star's stellar mile runner, had been able to enter that event in which he had a good chance of either winning or placing high, the score would probably have been higher. But Gary sacrificed his race in order to help his team in the mile relay, taking the place of Edward Burns who was unable to make the trip. Rising Star took third place in that event with good time.

The district meet will be held at Mason, Thursday, April 3, beginning at 9 a. m. Rising Star juniors and Rising Star junior High teams will also participate.

April is Cancer Control Month, and as in past years, the ladies of the Saturday Club will give everyone who wishes to make a contribution to this very good cause an opportunity to do so. Time for the drive will be another, chairman, said. The local roused later, Mrs. Louise Web- quota is \$300 and the people of the community have responded in all previous campaigns in such a generous way that the fund has always been exceeded here. Mrs. Weber and her committee are confident that there will be an equally generous response this year.

Local Funds become a part of the American Cancer Society's great crusade aimed at eliminating this terrible killer through finding new methods of cure, assisting public and professional education and helping cancer patients.

More people die of cancer each year, but many more are being saved from it. One in three cancer patients is now being cured, an increase over the percentage in 1926, when it was estimated that one in four was being saved. When you consider that nearly half a million people develop cancer each year, you can see how important in the conservation of human life and resources is even the small contribution that one person makes.

Lt. Eakin Transferred To Connally AF Base

JAMES CONNALLY AFB, Tex.—1/Lt. Benjamin D. Eakin, son of Mr. and Mrs. Sam Eakin of Route 2, Rising Star, Texas, has recently been transferred to James Connally Air Force Base, Texas, for duty as Twin Engine Mission Pilot in the 3568th Navigator Training Squadron, 3565th Navigator Training Wing.

Lt. Eakin has been in the Air Force since 1950 and prior to his assignment here was stationed at Goodfellow Air Force Base, Texas.

Governor Gets Desdemona Turkey

Governor Price Daniel reaches, with a look of keen anticipation in his eyes, for the Easter Turkey presented Texas' chief executive by the Texas Turkey Federation. The bird was presented to Daniel by Mr. and Mrs. Hardy Tidwell of Desdemona. Tidwell is president of the Texas Turkey Federation, and the purpose was to call attention to the fact that turkey supplies are huge, prices are reasonable, and turkey is now an established Easter dinner delicacy. Turkey in storage is 37% above the ten year average, according to recent USDA reports.

Rising Star Boys Cop Show Firsts

The Rising Star Future Farmers Chapter took a lion's share of the awards in the club boys division of the Eastland County Livestock show at Eastland, Friday and Saturday. The local boys, who are directed by H. L. Geyer High School Agriculture teacher, made a clean sweep of the fat lambs show, taking champion and reserve champion in each division.

In the breeding sheep division, Pat Agnew got grand champion fine wool ram; Roland Earp first and third in fine wool ewes; Edwin Schaefer second in fine wool ewes and Roland second in South-down ewes.

In the fine wool division, lambs, Gary Jones took grand champion, Tommy Byrd reserve champion, John Wayne Burns, prime, Edwin Schaefer 2nd prime, Rex Hill, Billy Cook and John Bob Wilson each one choice.

In the cross bred division, Jack Shults took grand champion, Mickey Walker, Rising Star 4-H Club, reserve champion; Larry Earp 2nd prime, and John Wayne Burns, Tommy Byrd, Rex Hill, Kenneth Ridens, Doug Walker, Billy Cook Gary Jones, Bob Morrow, Gary Scott and Sherry Aaron, each a prime or choice.

In the Southdown division, Jack Shults took grand champion, Jerry Don Aaron, reserve champion and another prime; Roland Earp, prime and choice, and Gary Scott, choice.

Gary Maynard won reserve champion in the fat steer division of the cattle show; Edward Burns took a prime, Jack Calloway a prime, Eugene Bishop a choice, and the Rising Star F.F.A. three primes.

In the Goats show, Edwin Schaefer won first and third in 2-tooth nannies and first in 2-tooth billy.

In the Dairy show, John Gerhardt took reserve champion, Frank Weise a blue ribbon and Randy Lewis a red ribbon.

In the fat barrows division of the hog show, Ronnie Alford, Delwin Caudle, Edwin Schaefer, Frank Weise, Doug Walker, Mickey Walker, Covey Weaver and the F.F.A. Chapter showed number ones, twos and threes.

Funeral services were to be held Wednesday, Mr. and Mrs. Crump and children left for Pampa immediately upon receiving the message.

Mr. and Mrs. Don Turner of Sweetwater visited his parents, Mr. and Mrs. Raymond Turner, over the week end.

Expanded Farm Housing Finance Program Offered

An expanded farm housing loan program, designed to speed up farm building construction improvement as well as act as an additional anti-recession measure, was announced today by Walter T. McKay, Farmers Home Administration State Director, according to Homer P. Cole, the agency's local county supervisor.

Now an owner of a farm in agricultural production and on which the operator plans to produce at least \$400 worth of farm commodities for sale or home use may qualify for the 4 per cent long-term housing loan provided that he meets other standard eligibility requirements.

Formerly an eligible applicant had to own a farm that produced a more substantial part of the operator's annual cash income.

Loans may be made to build, improve, or repair farm houses or other essential farm buildings, and to provide water for farmstead and household use. Mr. Cole said that in addition to financing major construction, the loan funds can help meet many other needs for farm and farm home modernization such as adding bathrooms, utility rooms, better kitchens, and many other improvements to the home as well as to farm service buildings. While tenants and farm laborers are not eligible, the owner may borrow to do the construction work or make improvements for them.

The loans are made to farm owners who need credit to finance building improvements or repairs, but find that adequate credit is not available through banks or other regular credit channels. The interest rate is 4 per cent and loans may be amortized over periods up to 33 years.

Eligibility for loan assistance is determined by the three-member County Farmers Home Administration committee, and applications are now being accepted in FHA county offices.

New Well In Roberds Shows For Producer

Graekla Oil Corp., Pauline Roberds well in the Roberds Pool, one and a half miles northwest of Rising Star, is showing for an excellent producer after having drilled 12 or 14 feet of good around 1,000 feet this week. The well has been cemented, perforated and is now in process of completion with sandrac.

It is 300 feet west of the F. D. Eakin No. 1 Pauline Roberds.

Rebuilding Of 36 Thru Rising Star Approved

Widening and straightening of Highway 36 from Pioneer to Rising Star is among the road reconstruction projects approved for this area in the State Highway Department's Program for the next fiscal year.

The program approved at the March session of the commission, calls for widening the present right-of-way twenty feet, flattening the curve two miles west where the Katy railroad formerly ran, and constructing a new roadway 26 feet wide, with 8 foot paved shoulders, making a total paved width of 42 feet.

The route of the highway will continue over West College Street as at present. The portion to be rebuilt, a section 5.8 miles in length, will link up the modernized portion of the Highway now ending at Pioneer, with the rebuilt section on East College St.

The project, which will probably be built next fall, will eliminate a very bad section of road and improve traffic conditions over a route which is constantly increasing in use and importance. This is part of the Department's Consolidated 1959-1960 Program of Advanced Planning.

Another project approved at the March meeting of the Commission calls for improving Highway 380 from Callahan County line to Cisco, re-routing it around Lake Cisco Dam which it presently traverses. This road feeds into U. S. Highway 183 and is an important contributor to traffic on the latter, which also passes through the Rising Star business district, crossing State 36 under the traffic light. The bridge over the Cisco dam is too narrow for the highway and the cost of widening it would be prohibitive, Highway Department Engineers said.

The cost of reconstructing the 5.8 miles of Highway 36 was estimated at \$315,000 plus \$15,000 for additional right-of-way.

Glenn Shults Injured In Oil Well Rig Fall

Glenn D. Shults, son of Mrs. A. T. Shults of this city, suffered a fracture of vertebra in his back in a fall from an oil rig on which he was working near Cuba, N. M., March 26th. The fall also reinjured an old back hurt sustained during World War II. He was temporarily paralyzed, but has regained feeling in his legs and is now in a cast at Presbyterian Hospital, Albuquerque, N. M., where he was taken for treatment. He is expected to remain in the cast for at least 90 days.

Glenn was here for the funeral of his father on March 14, remaining here for several days before returning to his work with an oil firm in New Mexico. He is 37 years of age.

Former Resident Here Dies At Ranger

Mrs. T. C. Tye, 54, former resident of Rising Star, died last week in Ranger, where she had lived since 1954, and was buried in funeral services, Wednesday at 2 p. m. at Killingsworth Chapel. Rev. J. E. Lamb, pastor of the United Pentecostal Church of which she was a member, officiated, assisted by Rev. B. E. Duffer, pastor of the Scotland Drive Pentecostal Church, Dallas. Burial was in Eastland cemetery.

She is survived by her husband two daughters, Mrs. H. C. Crabb of Ft. Worth and Mrs. B. L. Gray of Ranger; one son, Ronnie Joe Tye, of Ranger; two brothers, A. B. Quarles of Louisiana and O. D. Quarles of Carbone, and two grandchildren, Jackie Carl and Danny Wayne Crabb, of Fort Worth.

Word has been received of the illness of "Shine" Weatherman, son of Mr. and Mrs. J. W. Weatherman, who is in the General Lee County Hospital at Hobbs, New Mexico, where he has undergone surgery twice within the past week.

The son of Mr. and Mrs. Dan Doyle, who lives on a ranch near Big Lake, came Saturday for a visit and a fishing trip.

Cats Seek Track Title Again Sat.

Rising Star High School Wildcat tracksters will go to Mason Thursday to defend the district track and field title which they won last year. They will enter the meet at Mason with an impressive list of invitation meet titles, including that of the 33-school Brazos River Relays held at McMurry College, Abilene, Saturday of last week, a victory won despite the fact that the Wildcats were handicapped by the absence of one of the mile relay members, which kept the Wildcat miler, Gary Scott, out of his race in order to help in the long relay.

The Wildcats, with Eugene Bishop contributing 12 and three-fourths points, captured 20 and three-fourths points, to best Holiday, Albany, Merkel, Rochester, Roby which followed in the placings in that order. Holiday took 18 points, Albany 11 1/2, Merkel 10, and Rochester 9 1/2. Other schools competing included Carbon, Paducah, Archer City, Rotan, Bangs, Rule, Hobbs and others.

Bishop took first in the 100 and 220 yard dashes, finished fourth in the broad jump and ran on the 440 and the mile relay. He was second high point man of the meet.

Needham, star sprinter of the Wildcat team who has been handicapped by a knee injury all year, took fourth in the 100. He did not run in the 220.

The Wildcat sprint relay set a new meet record of 45 seconds,

Palmore Infant Is Buried At Blake

Sandra Ann Palmore, three month old granddaughter of two Rising Star couples, died at 4:30 p. m., Friday, March 21, at Hobbs, N. M. She was the daughter of Mr. and Mrs. W. J. Palmore of Loving N. M.

The child had been ill since her birth, December 19, 1957, with a lung disease.

Funeral was held at 2:30 p. m., Sunday, March 23, Blake Baptist Church in the Williams Community near Rising Star. Officiating was the Rev. Ed Jackson, pastor of the First Baptist Church here with burial in Blake cemetery, directed by Higginbotham Funeral Home.

Survivors besides the parents are one brother, Jackie Dean, of Lovington, N. M., and the grandparents, Mr. and Mrs. W. P. Palmore and Mr. and Mrs. Clarence Compton, both of Rising Star.

Mr. and Mrs. Douglas Eakin were in Decatur Sunday, where they shared in the family reunion there, with other members of her family.

topping the old record of 45.5 seconds. Bishop, Needham, Tommy Hicks and Joe Scott are the team.

Don Long took second in the 280 yard run and Bishop tied for third in the broad jump. The mile relay team composed of Needham, Hicks, Long and Scott, running in the place of Burns, took third place with good time.

At the Bangs meet Thursday of last week, in which 12 schools participated, including Goldwaite, Santa Anna, and Cross Plains of the Rising Star District, the Wildcats took the title with 31 points. Bishop took first in the 100 and 220 yard dashes, the 440 yard sprint relay and the mile relay teams, with all regular members running, took first; Gary Scott placed second in the mile run; Hicks third in the 220 yard dash; Needham third in the broad jump and Long fourth in the 440 yard dash.

The Cats add four nice cups to their collection by reason of their wins in the two meets.

Coach Ray Nunnally of the Wildcats took six boys to Abilene, Wicky Walker, Eugene Bishop, Bob Needham, Don Long, Gary Scott and Don Hicks.

The services, a cooperative Easter Worship Program to which people of all denominations are invited, have been regular Easter events for the past three years.

The Rev. Mr. Walter, pastor of the First Baptist Church of Cross Plains, will be the presiding minister, and the sermon will be preached by the Rev. R. A. Brooks, pastor of the First Methodist Church of Rising Star. The Rev. Ed Jackson, pastor of the First Baptist Church of Rising Star will read the Scripture and the Rev. Gordon Dennis, Cross Plains Methodist pastor, will say the benediction.

A feature of the service will be the singing of the Cross Plains High School Choir, which will offer "Stranger of Galilee," "Christ The Lord Is Risen," and "Perfect Prayer."

Jackson, Martin Are Re-Elected To City Council

In one of the lightest votes cast in a municipal election in many years, the voters of Rising Star Tuesday re-elected B. B. Jackson and C. R. Martin to two-year terms on the city council. The vote in the election presided over by G. E. McDonald, was 54. Mr. Jackson and Mr. Martin were unopposed.

Two trustees for the Rising Star School District will be elected from four candidates in the annual general election to be held at the City Hall, Saturday.

The candidates are Robert Butler, Jim Cox, Cecil Carter, and Pete Starks. Mr. Butler is offering for re-election. His term and that of John D. (Skeet) Clark are expiring this year. Mr. Clark did not offer for re-election.

G. E. McDonald will be the election judge and the polls will open at 8 o'clock.

Terms on the seven man board are for three years.

Jones Feed and Seed News

By Mearlyn and Monty

Hi Neighbor:

Did you know that nine out of ten people eat chicken once a week? Did you know that we can help you eat that chicken at one-third what it would cost you at a store?

Did you know that everybody eats vegetables once a day? With a little initiative you can eat those vegetables at practically no cost at all? Let's all plant a garden.

We believe we can help you whip this so-called high cost of living in our community.

Elgie Crisp says: "I have never seen anything grow like the 295 chicks you gave me with the purchase of the Swift Chick Starter three weeks ago. I honestly believe I will be eating these chickens within 6 to 7 weeks at about 31 cents each."

Elgie lost three or four of his chicks the first three days and we tried to give him some more but he wouldn't take them because he got such a bargain. We gave Elgie Hi-Line Meat Makers. This is strictly a meat chicken. We looked at these chickens a few days ago and they really fooled us. We believe they will be ready to eat sooner than he thinks.

H. B. Crutchfield says, "I lost only one of the chicks you gave me and believe you me they have grown faster than anything I have ever seen."

You, too, can whip this high cost of living. Come in and make arrangements for your chickens and garden seed today. The free chick season ends May 1, so come now and book yours. We have free chicks each Monday.

We will have the colored Easter Chicks, too. They are free too, so come in and get them now.

Thanks.

Fertilizer Makes Better Fish Ponds

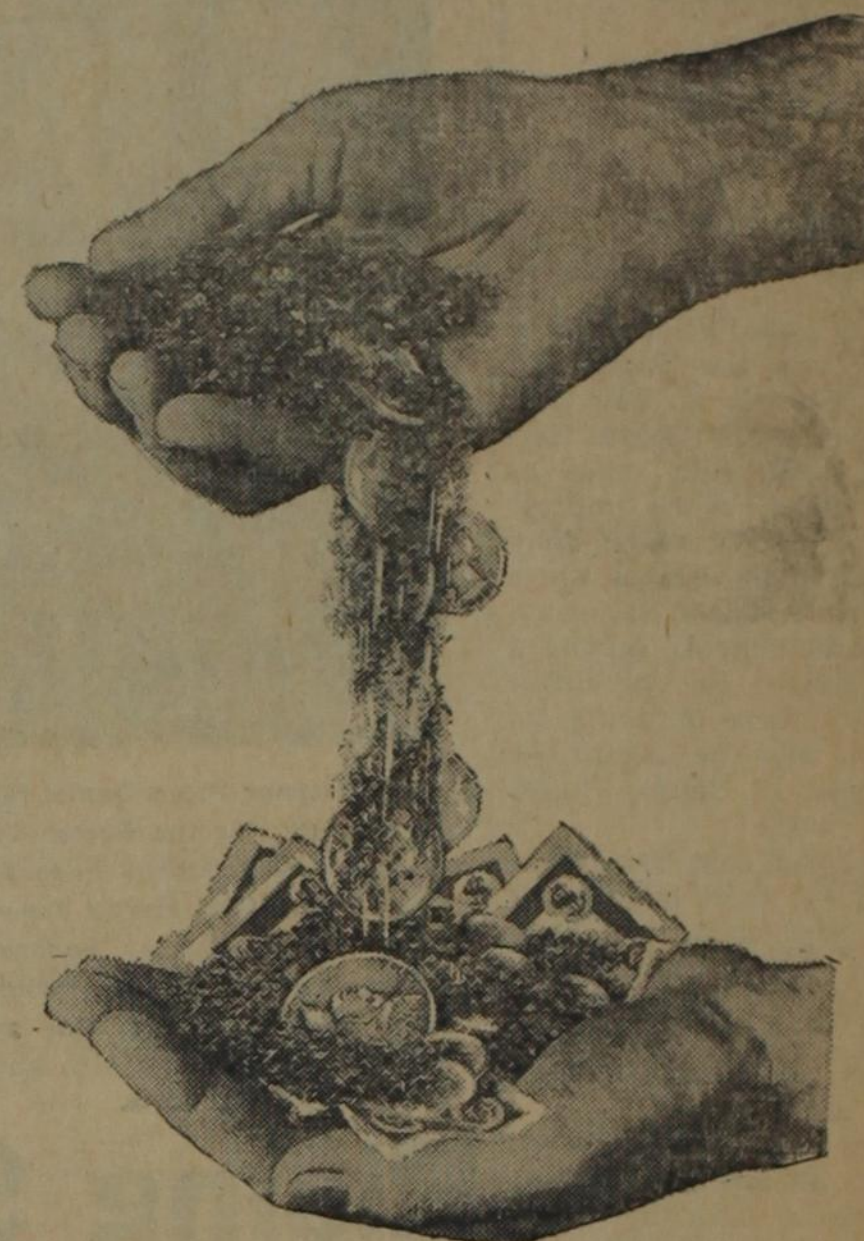

The use of a well balanced fertilizer plays an important role in profitable management of ponds and lakes. Fertilizer provides the most practical method for better fishing and is quite useful in controlling underwater weeds or moss.

Fish do not eat the fertilizer. Instead, the fertilizer nourishes tiny organisms of many kinds—

which in turn furnish food for the fish. These minute organisms are usually present only in small quantities unless the water is fertilized. A fertilized pond will produce an abundant supply of these fish foods, and consequently more fish.

Fish farming is a profitable rotational "crop" where rice is grown commercially. In other areas it will pay in extra fish, bigger fish and added recreational enjoyment.

Rebuilding of Cisco-Moran Road Is Being Planned

CISCO.—State Highway Department engineers are conducting survey work in connection with rebuilding Highway 380 from the Eastland County line northwest of town into Cisco, according to information here this week. Plans call for the route to be established and for right-of-way buying to be completed this year.

Gordon L. Smith, county resident engineer for the highway department, reported that the plans call for the highway to be moved from the Lake Cisco dam bridge. Engineers this week have run lines for tentative locations for the road to miss the bridge, he added.

The route being studied calls for Highway 380 to leave the present route at the top of the hill northwest of the bridge and go through Lake Cisco Park near the Fish Hatchery property, east of the Presbyterian Camp, rejoining the present route this side of the golf course. Mr. Smith added that it would be some time before they are finished with the project.

The dam bridge was built in the late 1920s when highways were much narrower than at the present time. It would be too costly to widen the dam bridge, Mr. Smith said. To do so would require removing the present bridge and moving a 16-inch water line. A lot of dynamiting work would be required and this might damage the dam, he added.

Mr. Smith said they hoped to complete the route location and right-of-way buying this year. The county agreed to pay for half of any new right-of-way needed a few months ago. The highway departments hopes to include the Cisco-Moran project in its 1959 budget, Mr. Smith said.

A few months ago, the highway department announced plans for a road from Carbon to the Rising Star highway some nine miles south of Cisco. This would route considerably more traffic over Highway 380 northwest.

Miss Mary Ida Jackson, daughter of Mr. and Mrs. Lewis Jackson, and a teacher in Odessa public schools, was a visitor in Rising Star Saturday.

Walter, Baylis, Joe and Richard Pope were all working on the dressing up of one of their registered Rambouillet ewes under the direction of Ronnie Bostick at the Bill Pope farm west of Nimrod when we called by recently. Walter and Baylis are members, charter members, too, by the way, of the Nimrod Club.

Thomas Simmons helped both David Ray and Jerry Luster with the necessary hoof trimming, dressing and blocking of their lambs on the Ray and Luster farms, west of Scranton recently. David and Jerry each have two crossbred Rambouillet-Corriedale lambs that are plenty fat enough to show and then some. Thomas is the son of Mr. and Mrs. Jake Simmons. He reports his dad in New Mexico on a road construction job.

Billy Horn, Olden is very happy with the work of his registered Duroc sow that he got under the Sears pig program last spring. She recently farrowed nine pigs. Billy is the son of Mr. and Mrs. J. T. Horn and he is a member of the Olden 4-H Club. Billy, we hope that you raise all of the little "squealers". He will give one of the best gilt (sow) pigs back to fulfill his obligation.

One of the "talkinest" boys we ever knew is Mark Walker of the Rising Star Club. "Mickey", as he is better known, is the son of Mr. and Mrs. Vernon Walker who live northeast of "Twinkle City". His dad and brother, Douglas, recently helped us to block, trim and dress up "Miss Mary", cross bred lamb and one of "Mickey's" club projects. Good luck at the show, Mick, who says that he is going to use his prize money and the money from the sale of his lamb and pig to get him some socks, shirts, underwear and shoes after he had gotten him a single shot 22 rifle.

GOOD ADVICE — Don't miss the Senior Play, "Lights Out" on Friday, April 11th!

LAST THOUGHT—It is more blessed to give than to receive. (Acts 20:35)

MARK YOUR CALENDAR
On Friday night, April 11th, at 7:30, the Seniors of Rising Star High School are going to present their annual play. School Gym. All the family will enjoy the laughs, thrills, an chills in every pore simply—*one of the top 100 High School Students, and 25¢ for children, you can see "Lights Out." DON'T MISS IT!!*

BAND NEWS
We have been rehearsing several old favorites this past week such as "Tenderly" and "Sweetheart of Sigma Chi." Our trumpet players are working on a selection entitled "Three Modernaries," which features a trumpet trio. We are working on a concert to be presented sometime in the near future to our neighbors in the May High School.

TRACK MEET
Track season is in our midst and after the meet we have just finished, there are several very happy boys running around the track field. The reason? Folks, we just added two new trophies to the trophy case! One was for winning the meet and the other was for winning the mile relay. And now what do you think of our little track team? How about a few of you getting out and supporting the boys; it would make them run much faster! Until next time so long and good running. —Robert Needham

FISH TALK
This week you're going to learn some of the corny nicknames the Fish have. How about Snail? Whoops! I mean Rita. Why do we call you that anyway? Pin cushion Gregg, you know you're not supposed to use your hand for a pin-cushion. I mean Jetta, in case you haven't heard. Elaine, since when did you become a Hobo? I-I-I mean Lobo? Come-on come-on-oh, all right Carolyn, I want call you come-on anymore. Hercules, when did you get so strong? William will be so proud won't he, Olene? Nita, where did you get that cute little old shotgun? Got any more? Martha, do they call you "Dumpling," because you taste like them? Hope not? Johnnie, why does Mr. White call you "Young Goat?" Will see you next week with more nicknames and corny Fish!

SENIOR LIFE
Our Senior for this week is a tall, willowy, black-haired girl of seventeen—namely, Jeanette Hubbard.

Jeanette was born in Abilene Texas, on May 19, 1940. Her parents are Mr. and Mrs. N. L. Hubbard. She has one brother, Bobby.

Jeanette's favorite food is ice cream. Red is her favorite color and Rock Hudson the best-liked movie star. Jeanette has been active in the various happenings of school life. She has been in F. H. A. for four years. In her junior year she was a member of the cast for the junior play and is acting in the Senior play this year. Jeanette is our Senior class favorite of 1957-58.

Buy your ticket now! Come to see the Seniors in "Lights Out!"

JUNIOR CHIT-CHAT
This week has been a busy one for the Juniors. We have been taking tests, test, tests. They re called the Iowa Tests of Educational Development. We are trying hard to make good on our permanent records.

If you noticed two of the Juniors, Nelda Lee and Bill Rutherford, with their heads held a little higher it is because of the honors they received Saturday. Nelda as best actress and Bill by being placed on the all-star cast of the district one-act play contest. Congratulations, you two, and congratulations to the entire cast because their play won second.

Say, Jack, why were you standing in front of the cafe Wednesday night with that helpless look on your face?

Alice, do you always drive at night with the lights off?

Delwin, that blonde hair becomes you.

Eugene, Gary, and Don, those medals are sure pretty. Congratulations!

All the family mustn't miss the Senior play!

SOPHOMORES—WE
My grateful thanks to LaVeda for helping me out so efficiently last week. So much of one person (me) leaves a feeling of boredom for many of you who

appreciate variety. What can be the answer to the "Cake-Carrot" mystery? While our backs were turned, some sneaky thievery was committed in the Home Economic Cottage. Someone evidently had a fierce craving for one layer of a chocolate cake and several carrots—that is all we found missing. Mrs Nowlin and her Sophomore detectives have been diligently seeking the culprit who has a n undoubtedly odd taste—cake and carrots!

Continuing with cakes, we all thank Carolyn for the nuts for the icing on our cake. Don't overdo it, however, Carolyn, we are aware they ar your nuts.

Poor Katie, she has been a nervous wreck (whenever she remembers it) since Friday night. What was that loud noise we heard? You don't mean it!! Not Tommy!!

While we are dealing with underlying thoughts, Mary Lois, what is it that you and I are going to do? A double an trip to somewhere? Ah, I'll wait but not very long.

With the last six weeks of our Sophomore school year beginning, we look over it with misty eyes and a few tears and see ourselves as a happy and care-free group with "much ado about nothing". (Remember, William.) Oh, we do hope we will all be together for the next two years as seperation will come all too quickly for most of us.

P. S. Wish these Sophs luck at the League meet—LaVeda Boggs, Janis Jones, Bennie Harris and Daniela Darnell.

HEADLINES—"SENIOR PLAY"

Our play, "Lights Out", is a mystery-comedy in three acts. The characters are: Patsy Howard as Agnew Harwood. Agnes is a flighty, impractical woman of 45. Her interests are centered completely in herself and her daughter who is Doris Harwood played by Jane Ann Key. She is an attractive girl of 20 and is more competent and level-headed than her mother. Jack Callaway is Carl Emerson, who is an active, agreeable chap in his early twenties. Vickey Wayne—Martha Walker—is a glamorous young woman of 21. She is the typical modern society girl. Next we have Jaynel Edmiston as Helen Freeland who is a capable and trustworthy girl in her late twenties. There is an air of dependability about her. Charles Steel plays John Bates. He is seemingly a smooth and polite man of 45. Only when alone with his wife is his true character apparent. His wife is a timid, retiring little woman of 40. She lacks the outward poise and polish of her husband. She is played by Jeanette Hubbard. Carl Weathers is playing Neil Parker. He is a quiet authoritative young man of 25. His speech and actions command instant attention and considera-

tion. William Patterson Vaughn is Robert Needham. We see him as a pleasant but highly nervous chap in his middle twenties. Next we have the maid played by Martha Duggan. She is sweet but ambitious and determined. Her name is Ella Tucker, and she is a young girl of 19. Last, but not least, we have Jodie Wallace as Benny King. He is a dependable, hard-working youth of 20, with the firm resolution to get married at any cost. His lack of polish is made up by his abundance of active ideas.

The play is fast-moving and exciting. Any audience will find in it an evening of chills and laughter! Miss Childress, our sponsor and all the characters have been working like mad on it and it will certainly be worth your time and money. It will be given at the gym on April 11 at 7:30 p.m. The admission will be 50 and 25 cents. We will be looking for you!

NOTE: All the characters in the play are purely fictional. Any resemblance to persons living or dead is entirely coincidental. —Reporter

SOIL CONSERVATION DISTRICT NEWS

Farmers and ranchers of the Brown-Mills Soil Conservation District are overseeding their small grain this spring with Hubam clover. A legume included in a rotation is essential in maintaining that good soil condition so necessary for higher crop yields.

Spring seeded clover will be only 4 to 8 inches tall when the small grain is harvested. Then the clover is free to grow and mature. Producing from 300 to 500 pounds of seed for harvest and several tons of residue per acre to cut back into the soil. Besides producing a seed crop, clover sends down tap roots

which penetrate deep into the soil, breaking up that plow pan. A plow pan is a tight compacted layer of soil from 1 to 2 inches thick found about 4 to 6 inches below the surface. It is caused by years of plowing at one depth. The soil in this layer is very low in organic matter and contains very little air space, so necessary for plant growth. This layer prevents moisture from penetrating deep into the soil.

Typewriter Ribbons at the Record.

Fertilizing Small Grains Pays Off

The increase in yield of your small grains may be enough to pay the full fertilizer bill when you apply a fertilizer properly balanced between N-P-K for a combination small grain—legume planting. The correct amount of nitrogen can increase grain yields enough to pay to not only the nitrogen but also the phosphate and potash which will be used by the legumes.

Detouring Around Financial Tangles—

... has long been a basic characteristic of the successful man. Young men seldom do and few of his older brothers. To avoid many of the pitfalls blocking successful careers, save something regularly, don't mortgage income beyond its capacity to absorb, make a will, provide adequate life insurance for yourself and family, keep all properties insured, and guard against faulty titles in buying real estate. These are a few of the fundamentals which, if followed, will detour you around many financial tangles.
