Yanks Take Little League Championship

The Yankees won the championship of the Rising Star-May Little League when they defeated the Braves Monday evening, July 27, by a score of 12 to 9 at the local field. On the same bill the Indians and the Dodgers played to a 6-all tie to close out the season.

No special trophies were given to the teams that won, but individual awards were made by Mr. Skeet Clark to boys selected as displaying the most sportsmanship on their teams during the season. The boys selected were Paul Henderson who played for the Braves, Tom Henderson who played for the Indians, Larry Burns who played for the Yankees, and Burl Winham, player on the Dodger's team. Mr. Clark awarded them with a Canadian Silver Dollar.

The final standings for the 1959 season are as follows:

Games Played	W	L	Tie	of	
Yankees	17	10	5	2	.547
Indians	17	9	7	1	.559
Braves	17	7	10		.412
Dodgers	17	5	9	3	.382

The Little League teams and their sponsors would like to thank everyone who contributed in some way to make this season possible. They especially want to thank those who contributed their time and efforts in organizing, coaching the teams, and working at the ball games.

DR. R. EARL ALLEN

Ft. Worth Pastor To Preach First Baptist Revival

Dr. R. Earl Allen of Fort Worth, pastor of Rosen Heights Baptist Church, the 14th largest Baptist Church in Texas, will be the preacher for a series of revival services at the First Baptist Church in Rising Star, August 2 through August 9.

Services will be held daily at 7 a. m. and 8 p. m.

Dr. Allen, the youngest pastor ever to receive a doctorate from Howard Payne College, Brownwood - which he did in 1950 - is a graduate of Howard Payne, of Midwestern College, Wichita Falls, and the Southwestern Baptist Seminary, Fort Worth. He has held pastorates at Archer City, Seagraves, and Floydada before going to Rosen Heights in 1956. He is a trustee of Howard Payne and has held many positions of influence and responsibility in his denomination. He has held more than 70 revivals. He is a member of the Southern Baptist Convention Sunday School Board.

He has travelled in England, France, Italy, Lebanon, Damascus, Jerusalem, Israel, Greece, Switzerland, Mexico, and Cuba.

"We are deeply gratified to have Dr. Allen as our revival preacher," said Rev. Ed Jackson, the pastor. "He is a preacher of force and power, with a true and stirring gospel message. We invite the people of Rising Star and this area to hear him in the services at our church."

Song services will be in charge of R. B. Hall of Eastland.

Funeral For Thomas Mashburn At Merkel

Funeral services for Thomas Earl Mashburn, retired Okra farmer, who died at the age of 68 years, were held at Merkel, Friday at 2 p. m. with burial in Stith Cemetery, Travis Stanley, Assembly of God minister, assisted by V. E. McGinn, Assembly of God minister of Tolar, officiated, and Higginbotham Funeral Home, Rising Star, directed.

Pall bearers were L. T. Marshall, Charlie Lamb, A. D. Fulton, Bill Peterson, L. J. McDonald, and J. L. Fisher.

Survivors are his wife, Mrs. Minnie Ola Mashburn; five sons, Leo Mashburn, Tuscola; Fabby Mashburn, Weatherford; Earl Mashburn, Jr., Colorado Springs, Colo.; John Mashburn of Montgomery, Ala.; and Marvin J. Mashburn of Ardmore, Okla.; one daughter, Mrs. Catherine Byrd of Comanche; two brothers, Fletcher, Fort Worth, and Teasley, Little Rock; two step-children, Annie Mae Houston, Haskell; and Charles Bagley, Portland, Oregon; ten grandchildren and one great-grandchild.

He was a native of McLellan County, Texas, where he was born January 4, 1891. He was a member of the Methodist church.

Contract On Phone Work Due Friday

Bids on the reconstruction of the May telephone exchange and on outside plant extensions in the Cross Plains and Rising Star areas of the Kizer Telephone Co., were due to be opened at the American Legion Hall here at 3 p. m. Friday, July 31.

The May project calls for building a plant and a small exchange building, 13 by 12 feet, of buff tile and cement construction.

The contract will call for building about 95 miles of line in the three areas. When the May construction is completed, the May exchange will be tied into the Rising Star exchange for direct dialing.

Meanwhile work is already being done to tie the Cross Plains and Rising Star systems into extended area service for direct dialing between all subscribers in the two communities and the company is expecting to inaugurate this new service about the first of September, coincident with delivery of the new consolidated directories now being prepared by Grady Smith of Fort Worth, contractor.

At the same time a new numbering system will become effective, although the phones will not be cut over into the new numbers until each subscriber has had notice of the effective date and received a new directory.

Under the new system, all Rising Star numbers will carry the prefix MI (abbreviation for Milton) and the exchange digit will be changed from "5" to "3". (See advertisement of the Kizer Telephone Company in this issue of the Record.) Thus, if a number is now 5-9999, it will become MI 3-9999 when the new numbers go into effect.

Ralph Kizer of the Kizer Telephone Company, emphasized, however, that the change-over would not be made until all subscribers receive notice of the change and announcement of a definite change-over date. Meanwhile, numbers will be dialed as at present.

The new directory will carry a Yellow Page section listing all businesses serviced by Kizer Telephone Company, and many other essential businesses in surrounding communities so that subscribers may have a handy reference and telephone information for business and professional services desired.

County Orchard Men Will Tour Grape Station

A letter received recently by J. M. Cooper, county agricultural agent, invited Cooper and a number of Eastland orchard owners to visit the Agricultural Experiment Station at Montague to observe the different varieties of grapes at the ripening stage.

Monday, Aug. 3, will be the date for the trip. Mr. Cooper said. Those attending will meet at the south side of the courthouse in Eastland on that date at 7 a. m.

They will arrive at Montague at approximately 11 a. m., and will spend two hours in the vineyard before returning to Bowie for lunch. The tour will be conducted by U. A. Randolph, superintendent of the Fruit Investigations Laboratory at the station.

A tentative list of those who will attend includes A. D. Jenkins, Bob Shults, Cecil Shults, Oscar White, Conrad Schaefer and H. L. Geyer of Rising Star.

Program On Flood Control Asked For Mass Meeting

The Rising Star Chamber of Commerce at its noon luncheon Tuesday at the Elite Cafe, passed a motion asking the City Council and resident conservationists of the Soil Conservation Service to cooperate in developing a program for controlling flood conditions on Copperas Creek, which flows through the city, and a method of financing it and that a mass meeting of local business men and other citizens be called to consider putting such a plan into effect.

John Lee, chief SCS conservationist, pointed out that SCS personnel and funds would not be used except as such personnel gave voluntarily of their services in off hours but he indicated they were willing to do so for the good of the community.

Thanks of the C of C to Mr. Lee and the SCS personnel was expressed by the organization.

Action of the C of C was spurred by the flood threat caused by the rains of last week.

President Bob Shults named Bill Button and Rev. Ed Jackson a committee to work with Rev. Ed Cook and others upon rejuvenating the Boy Scout program here.

Several of the C of C members are planning to go to Montague Monday, August 3, with an Eastland county group, to visit the Grape Experiment Farm there, it was announced.

Burglars Loot Rutherford and Steel Co. Office

Burglars who gained entrance to the building by forcing the lock on the rear of the Rutherford and Steel Co., building materials firm, Tuesday night or early Wednesday morning, took cash, Savings Bonds and other valuables to the extent of \$400 or more besides ruining a safe which they forced open. They left the office littered with records from a larger, unlocked safe in their search for loot.

Fifty dollars of the loss was in cash, members of the firm said. The remainder consisted of about \$150 in Savings Bonds and a collection of "proof" coins of the U. S. mint, prized by coin collectors and valued between \$150 and \$175. The coins and bonds were personal property. The bonds belonged to Bill Rutherford, son of Charles Rutherford, a member of the firm. Checks in the cash drawer were left.

So far as could be determined no merchandise was taken from the stock.

By a touch of irony, Charles Rutherford, who is a partner of George Steel in the company, was serving as foreman of the 91st District Grand Jury at Eastland this week.

Aroused Public Only Inflation Cure, Lions Told

The only cure for the spiraling inflation which is undermining this nation's economic and political health, is an aroused public. Dr. Carl E. Gatlin, professor of economics at Hardin-Simmons University, Abilene, told the Lions Club in an interesting address Monday evening.

The basis for the serious inflationary trends prevailing today was laid during the second Roosevelt administration of the thirties, he said, when the American people, having lost faith in their business leadership when it failed to solve the problems of a depression caused, among other things, by the over-speculation of the twenties, turned to big government as its savior.

"Now," he said, "we are working at the government level in everything we do, spending from a third to a half of our time producing for the government. While some of the measures taken during the recovery period were necessary, the trouble with class distinction legislation is that there is no stopping place. It spirals because people want something for nothing. Every time the government takes money to engage in activities in which it has no business, we are experiencing a loss of free enterprise and a measure of communism."

What causes inflation? he asked. He answered his own question with these explanations among others:

- (1) People in the United States, with Social Security, pensions, and so forth to look forward to in their old age, have turned from saving to spending, and money has in many cases become more plentiful than goods.

- (2) Labor unions have pressed for higher and higher wages until today labor is being paid out of proportion to what it produces;
- (3) Government deficit spending has created a heavy weight of debt upon the economy which has caused prices to spiral. Government borrowing from banks to finance the deficits has been a big factor in inflationary trends, he said.

The only way in which the spiral can be stopped, he said, is insist that government cut out all unnecessary spending, that we insist upon a sound dollar, a balanced budget, and honest production.

Unless the inflationary trend is reversed, we will have priced ourselves out of the foreign market and become importers of foreign goods instead of exporters. That trend is already under way, he said. The present steel strike, he declared, is not a struggle over higher wages, but rather a struggle to determine who will control the steel industry.

The steel industry could grant the wage increase asked with little inflationary effect, he declared. Instead it is currently engaged in preparing the public for another increase in the cost of steel out of proportion to the wage increase asked.

Unless these inflationary conditions are licked by an aroused public, the country may find itself in the same position as Germany and France before World War II, so weakened that they will be a prey to any aggressive force.

Dr. Gatlin was presented by A. D. Jenkins, program chairman.

It was announced by Dr. Ben Bradley, president of the club, that the District Governor would make his official visit to the club on August 10.

The pastor, Rev. E. W. Hamilton, invited the public to attend.

Bedford Morris has just revisited his brother, Lewis P. turned from Odessa where he Morris who is recovering from surgery for ruptured appendix Lewis was operated on Saturday 25, and he is doing as well as to be expected. His address is Room 281-A, Medical Center Hospital, Odessa, Texas.

BROKEN LEG HEALING

George Varner, who suffered a broken right leg July 14, has been transferred from Hendricks Memorial Hospital in Abilene to the home of his daughter, Mrs. E. W. Harris, at 1105 West Elliott

The C. E. Joyce, et al. No. 1 A. Agnew, in Block 14, BBB and CRR survey, one and one-half miles southeast of Rising Star, was flowing Monday from perforations from 2969 to 2973 ft.—the first production to be found in the Marble Falls in that section. The gas-oil ratio is low.

The well was treated with 500 gallons of acid mud and in 18 hours, flowing through 16-64 choke, recovered acid water and 105 barrels of gravity oil.

Potential has not been taken. Considerable interest has been attracted to the well because of the possibility of opening a large section of new territory for development in the Marble Falls horizon.

Marion M. Byrd 94, Buried Sunday In Byrd Cemetery

Marion Monroe Byrd, 94 years, nine months and 21 days of age, died at Methodist Hospital at Lubbock at 2:22 a. m. Friday, July 24, and was buried in Byrd Cemetery after services at the First Baptist Church in Rising Star Sunday afternoon at 2:30 o'clock. The Rev. M. L. Gurther of Coleman, assisted by the Rev. Ed Jackson of Rising Star, officiated. Higginbotham Funeral Home here directed.

Survivors are his wife, Mrs. Lottie Lee Byrd of Beckenridge; six sons, W. O. Byrd of Coleman; W. T. Byrd, Coleman; S. O. Byrd, Gruver; W. D. Byrd, Big Spring; C. T. Byrd, Archer City; B. J. Byrd, Big Spring; a step-son, C. C. Ward, Mullins; four daughters, Mrs. I. T. Jarnigan, Hobbs, N. IT'S THE LAW
★ in Texas ★
A public service feature of the State Bar of Texas

STATE SOMETIMES "INHERITS" PROPERTY
Made your will? If not, the State of Texas may wind up as owner of your estate upon your death. Under our statutes, the estates of persons having no heirs who die intestate revert, or "escheat", to the State. Such provisions have been carried over from the English common law. There, under such circumstances, the escheated to the British crown. The theory of the process is that the sovereign, having been the original owner of all lands before they were parceled out to individuals is entitled to a return of such lands when the possibilities of legal inheritance have been exhausted.

This idea has been expanded to include personal property as well as real estate. It also applies in the case of a person absent for a term of seven years and not known to exist who leaves no heirs and no will. Presumably, there is hardly a person who does not have some individual or charity that he would prefer to have his estate, rather than have it go to the State by default, so to speak. Yet, surprisingly, estates worth many thousands of dollars do escheat to the various states from time to time. Now, before you shrug the matter off with the idea that these statutory provisions could not possible apply to you, better think a minute. Suppose you and your spouse have no heirs besides each other and your children. Many people do fall into this category.

In event of a catastrophe resulting in death for you and your entire immediate family, no legal heirs would remain. Therefore if you had no will, your property would go to the State. In preparing a will, it is possible to provide for such an eventuality. In this hypothetical case, you would probably want to designate some friend as executor, to take care of all necessary arrangements and then distribute the estate according to your wishes.

On the other hand, if you have plenty of possible heirs, a will could be used to designate which of them shall participate in the division of the estate. And even if you wish your property to be distributed entirely in accordance with our statutes of descent and distribution as explained in previous columns, a will can perform useful functions. Among other uses, a will could provide for an orderly and economical partition of your property, preventing any waste of the assets by heirs impatient for a settlement. What happens to property which escheats to the State?

Following certain required legal formalities and court proceedings, all escheated lands are set apart to the Permanent Free School Fund of the State, and may be leased and sold by the Land Commissioner under certain regulations. Escheated personal property is sold by the local sheriff under a court law and the money received therefrom paid into the State Treasury.

EXPENSE ACCOUNT IS VOTED COUNTY JUDGE

EASTLAND—Eastland County Commissioners have voted to allow County Judge John Hart \$100 per month for "traveling expenses and depreciation on his car while on official business within the county."

The action was taken at the Court's regular semi-monthly meeting July 13, and the order set the date payment was to begin as June 1, 1959.

The \$1,200 a year expense account is the maximum which could be set under state law. Commissioner B. M. Bennett made the motion and it was seconded by Commissioner Carl Lamb. All members of the Court were present and all voted for the order.

The order pointed out "that County Judge has been furnishing his own car and automobile expenses during the past eight years, and that the cost of automobiles, transportation and upkeep of automobile has materially increased from year to year."

Former Rising Star Girl Married At San Saba July 17

SAN SABA—Miss Alice Jane Williams became the bride of James Bailey Allen in a candle light ceremony Friday evening, July 17 at 7 o'clock in the First Baptist Church here.

Parents of the couple are Mr. and Mrs. Dave Williams and Mr. and Mrs. Frank Allen Sr., all of San Saba.

Dr. R. C. Tennison, pastor of the church, read the double ring ceremony. Miss Carolyn Edmondson was soloist, and Mrs. Inez Garrett served as organist. The bride was given in marriage by her father. She wore a chapel-length dress of bridal white Chantilly lace over satin. The princess style dress was designed with cap sleeves which were complimented by elbow-length gloves. Her finger tip veil was of tulle, and she carried a bouquet of white mums surrounded by feathered mums. Her only jewelry was a cultured pearl drop, a gift of the bridegroom.

Miss Glenda Carmichael of Brownwood, cousin of the bride, was maid of honor. Bridesmaids were Misses Margaret Ruth Lane and Linda Fay Rutherford. They wore blue cotton dresses styled with ballerna

Other Disability Pay No Longer Bar To SS Benefits

Disabled workers who have not applied for social security disability benefits because they are receiving disability payments from another Federal agency, or under a State Workmen's Compensation program, should get in touch with their local social security office without delay.

According to R. R. Tuley, Jr., manager of the Abilene social security district office, many such workers can now get social security disability benefits. Moreover, benefits can go back as far as August, 1958, if an application is filed before September 1, 1959.

Under the law in effect prior to August 1958, a worker's social security disability payment was reduced by the amount of any other disability benefit he received under a State Workmen's Compensation program, or from another Federal agency. In a number of cases, this meant that no social security disability payment could be made. As a result, many workers who would not have benefited by the "disability freeze" did not file a claim. These workers should check with their local social security office not later than August 31, 1959, Tuley emphasized.

A representative of the Abilene office of the Social Security Administration will again be in Rising Star on the morning of August 10 at the City Hall. He will be glad to discuss your social security question with you.

Mrs. Nettie Ellis and Mrs. B. M. Carroll visited Mrs. Gus Bowden in Gorman Hospital on Sunday, July 26 and reported that Mrs. Bowden was feeling very well.

Merlin Bowers, brother of Mrs. Elizabeth Williams, has undergone surgery in Abilene and is now recuperating at the home of Mrs. Elizabeth Williams.

Mrs. Ollie Burns is in the Eastland Memorial Hospital after undergoing surgery.

Scholarship For Doctorate Study To Mrs. Shannon

Abilene - Mrs. J. B. Shannon of May, who has been attending graduate school at Abilene Christian College, is recipient of the doctorate study awarded by the 1959 scholarship for a year of Federal Council of English Teachers.

She was notified by telegram the past weekend. The story was released Monday to the Reporter-News by Mae Salisbury from Meriden, Conn. Miss Salisbury is a member of the executive board of the Federal Council.

Mrs. Shannon was also awarded a set of sterling silver flatware and a silver coffee service.

This combination award is awarded every five years to an English teacher judged as having made the greatest contribution to American culture through writing. Mrs. Shannon will receive her master's degree from ACC in August.

The chairman of each state committee of the Federal Council has been present at the national session for the past four weeks in Meriden, Conn., presenting work of English teachers from each state.

This is the first time for the award ever to be given a Texas teacher. It will be presented again in 1964.

To Stephenville - Mrs. Shannon has taught high school English in May for 10 years and will assume similar duties at the Stephenville High School in September.

Mrs. Shannon did not enter her work in the contest. She was selected by state committees from all the states. Her work includes entertainment composition, such as an operetta, student council installation service in verse, historical pageant and poetry.

Her educational writing includes practical research papers written as requirement for graduate study. These include information on play selections for high school; educational program for Delta Kappa Gamma; papers for background study for teaching of literature on witchcraft, classical education and idealism in educa-

Miss Comanche County Electric

Miss Laverne Hall of Newburg, who was crowned Miss Comanche County Electric at the 1958 meeting.

A language arts study guide and works on creative writing are also in this section. These papers were prepared by Mrs. Shannon while attending Texas Christian University, Howard Payne College and ACC.

According to Miss Salisbury, very superior rating goes to three of her papers in American heritage studies at ACC.

Business details related to the scholarship are being transacted with the University of Texas where Mrs. Shannon will study.

Mrs. Shannon was 1958 teacher of the year for Sixth District of Texas Federation of Women's Clubs and is recording secretary for Omega Chapter of Delta Kappa Gamma in Brownwood.

Guests in the home of Mrs. Beryl Heath during the week were Mr. and Mrs. Blake Heath of DeLeon, Mr. and Mrs. George Campbell and son Tony of Andrews, and Mr. and Mrs. Paul Teadour of San Antonio.

Texas Children, May Be Denied 9-Month School

Texas public school children may get a long vacation during 1959-60 if the Legislature fails to provide state funds for the schools.

Without state financial aid provided by the Legislature, schools would be limited to local financial support. Some districts would be able to operate for only three, four, or five weeks. Others would be maintained for a semester, while a few schools might be able to complete a nine-month term.

The stark reality of this possibility apparently has not dawned upon the parents whose children attend the Texas public schools. Legislators report that they have received very few communications from their constituents.

Here are the facts: If the Legislature should fail to pass a general appropriation bill and enact a new tax bill to finance that bill, the State Treasurer would be unable to write a single check for any purpose. The public schools and their financing would be left completely to local property taxes, many of which are already at the legal limit.

September 1st. is the deadline date. If the Legislature has not solved these problems by that time, the public schools and all other state services will cease receiving state funds.

Since the state guarantees 80 percent of the Minimum Foundation Program and the local district 20 percent, the loss of the state share could result in denying Texas students educational opportunities for the next school year. This would be a step backward, at a time when Texas schools need to move forward.

In addition, old age pensioners could not receive their checks which are so vital to their existence. No state employees could be paid. State supported colleges and universities would be unable to pay their teachers and other employees. No food could be purchased to feed the inmates and patients of the various institutions. Prison guards could receive no remuneration. The highway department would default on payments to contractors, who in turn might have to curtail operations which would result in widespread unemployment. The state highway patrol would cease to function. Every state service would come to a stop.

This is the situation which confronts the proud state of Texas. Its solution rests in the hands of the members of the 56th Legislature.

Members of the Legislature will welcome suggestions from their own constituents and indications of support for themselves if they vote the taxes needed to prevent this financial catastrophe.

CLEANING VARNISHED SURFACES

Are some of your varnished pieces dull looking, sticky, or soiled? If so, here's a "face-lift":

- In a double boiler combine
 - 1 qt. hot water
 - 1 tablespoon gum turpentine (to cut the dirt)
 - 3 tablespoons boiled linseed oil or lemon oil (to lubricate, feed and polish the wood.)

Keep the mixture hot in the double boiler while you work. Dip a soft cloth in the solution wringing out excess moisture, and apply to furniture doing only one part of the piece at a time. Rub the wood, keeping moisture away from the joints as much as possible. Fine steel wool may be used to rub the solution on badly soiled surfaces. Wipe the surface immediately with a dry cloth. Polish with a woolen cloth.

Summer may call for a "fresh up" paint job in the kitchen or bathroom on walls or wood-

work. Panits flow on smoothly and dry quickly today. They are designed for specific purposes, for ease of maintenance and years of lasting attractive-ness.

Some paints are even heat resistant. For areas where moisture is present much of the time, such as bath and kitchen, an alkyd semi-gloss or alkyd enamel is recommended. Both of these are designed to resist moisture and abrasion so they can be scrubbed.

Color is no problem since the new paints come in many tints and shades. For areas where white is desired, there are non-yellowing white alkyd flat, semi-gloss and gloss enamels available.

There is one thing about paint that hasn't changed. That's the fact that it must be applied to a clean, smooth surface for best results. If old paint has not chipped, wash it down with a solvent before applying the new paint. Study directions on label.

Here's a good party nibble. Combine a small package of cream cheese with a quarter cup chopped ripe olives and season with grated onion and Worthington slices of large bologna. Roll tightly, wrap in waxed paper and chill. Cut into half inch slices and serve in toothpicks.

Over 100 Attend School Reunion At Barnes Chapel

More than 100 persons had talking good time reminiscence and recalling some pleasant experiences of school days at Salt Tank and Crocker schools at their annual reunion at Barnes Chapel Sunday.

Mrs. Vida (Green) Newman of Odessa; L. S. Kingsbury of Merkel; Mrs. Anna (Ransom) Kingsbury, Mrs. Stella (Sherrill) Martin, Rising Star; J. D. Smoot, Comanche; Margaret Sherrill and Ivan Sherrill of O'Donnell, and Ural Sherrill of Lubbock, were those present who had at one time or another taught school either at Salt Tank or Crocker. Mr. Smoot was the oldest, being in his eighties.

The Rev. U. S. Sherrill, a brother of Ivan Sherrill and a retired minister of Lubbock, preached the sermon in the Barnes Chapel Methodist Church at 11 a.m.

Karla Arnsbury, who lives at Post, Texas, is spending her vacation here with her grandmother, Mrs. Mary Chick, who lives on Route 2.

Your New Kizer ...

Telephone Directory

IS NOW BEING COMPILED

Delivery is Expected About September 1st

The Directory is being published by Grady Smith, of Fort Worth, Contractor, and will contain many new and serviceable features, as well as complete listings of telephone numbers in Rising Star and Cross Plains. Mr. Smith is now selling advertising in this area.

Yellow Pages ...

The new directory will include a Yellow Page Section with complete listing of local firms with telephone service and others in surrounding communities. Subscribers will have a handy reference guide to business and professional services available in this area.

New Numbering System ...

A new numbering system will be used. All Rising Star numbers will carry the Prefix "MI" (short for Milton) and the exchange digit will be changed from "5" to "3". Thus, if your present telephone number is 5-9999, under the new numbering system, it will be MI-3-9999. Ample notice will be given all subscribers after delivery of the new directory before the system is cut over into the new numbering. Meanwhile, numbers will be dialed as at present.

Extended Area Service ...

Extended area service, making direct dialing effective between Rising Star and Cross Plains subscribers, will be inaugurated coincident with the new numbering system. We expect to have this service in effect by September 1. We are now waiting on delivery of special equipment to complete installation of the Extended Area Service plant. It is expected soon.

Due to delays in delivery of equipment for rebuilding the May Exchange area system we will not be able to include the May Exchange in the new directory, and it will not be until some time in December before the May telephones can be cut over into the direct dialing area. Contract on the May Exchange reconstruction is due to be let this week.

We are endeavoring in every possible detail to make the cut-over into the new system as smooth as possible. When completed, our subscribers will have the most modern and efficient telephone service to be found anywhere—as good as service in New York, Chicago, Dallas or other centers. We ask your cooperation.

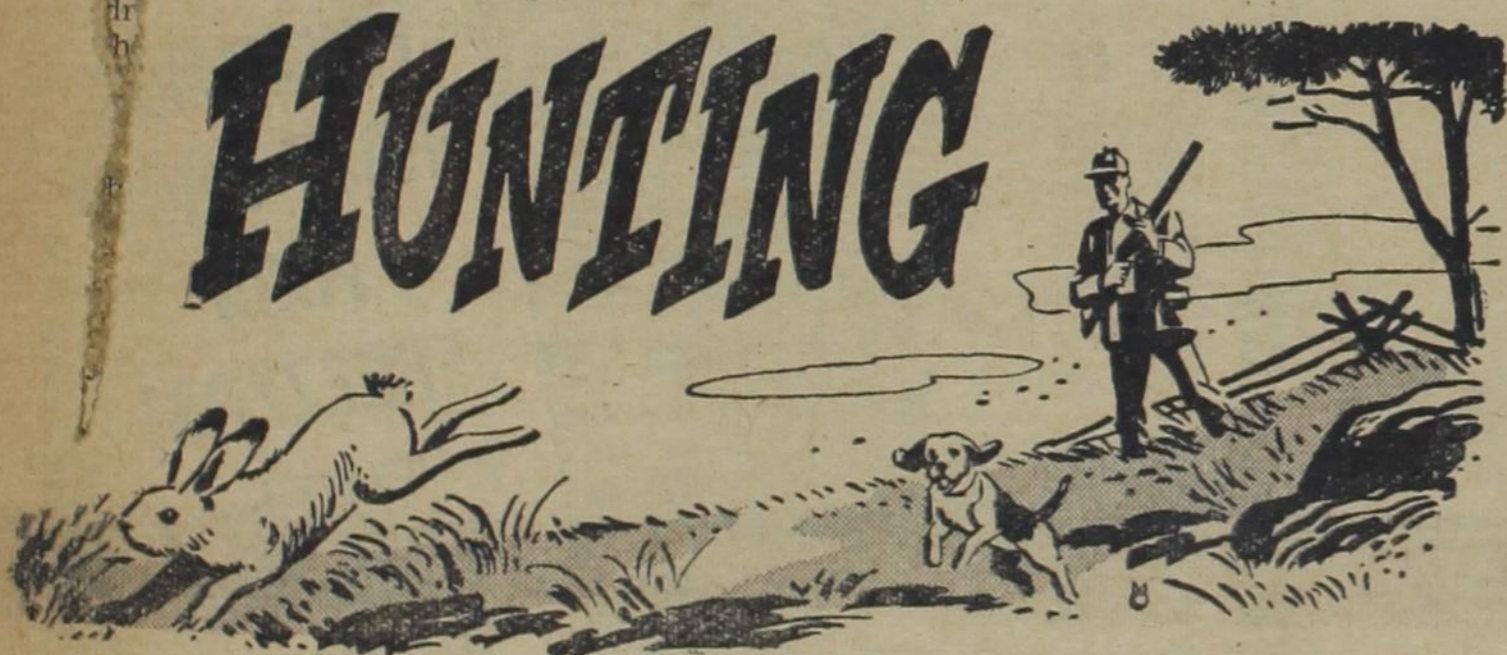

Meanwhile, if you are planning to install a telephone but have not yet ordered it, do so at once in order that your number may be included in the new directory.

Sincerely,

Kizer Telephone Co.

Rohus Survey, Abst. No. 415: Beginning at the N. E. corner of the J. B. Richardson tract, a stake for corner; Thence North along the East line of the original survey 900 varas to the S. E. corner of the M. P. Mathena tract to a corner; Thence West 554 varas to the Lee Fish N. E. corner; Thence South 990 varas to the J. B. Richardson N. W. corner; Thence East 554 varas to the place of beginning.

That defendants unlawfully entered upon said premises and

ejected plaintiffs therefrom and unlawfully withhold from them the possession thereof to their damage in the sum of \$1,000.00. Plaintiff's specially plead title by adverse possession under the 10-year, and 25-year statutes of limitation and under Art. 5519-A Revised Civil Statutes of Texas, and pray judgment for title and possession of the land, and for general and special relief; all as more fully shown by plaintiff's petition on file in this suit.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 20th day of July A. D., 1959.

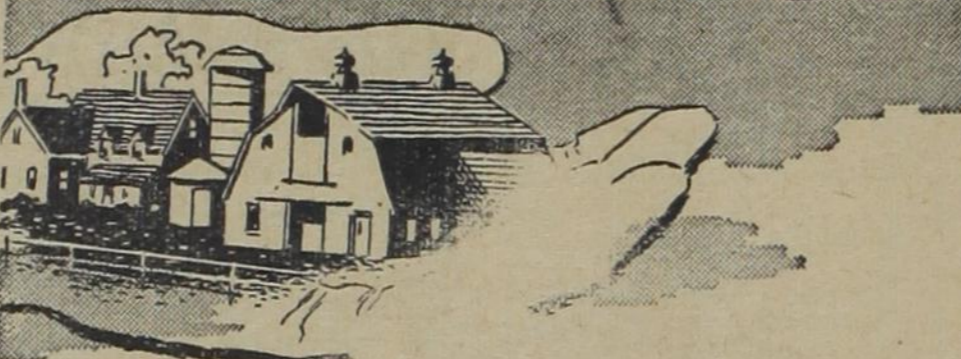

Given under my hand and seal of said Court, at office in Eastland, Texas, this the 20th day of July, A. D., 1959.

Roy L. Lane, Clerk, 91st District Court, Eastland County, Texas.

Always Call! Your Doctor...

... if you are sick but call your abstractor if you are about to buy a farm, ranch or city property for a check-up on the title. The doctor has the right prescription to cure most any kind of physical ailment, but there is only one prescription for the land title and that's the abstract. You wouldn't buy a sick horse would you? Then why take on a sick title?
