Three Million Dollar Budget Projected For County

"We are looking at a \$3-million-dollar County budget for next year.'

This projection came from both Judge Scott Bailey and County Auditor Emma Morris during the Commissioners Court meeting on Monday, July 27.

The final figure for 1987-88 was expected to be at least \$300,000 higher than the budget of last year, which was \$2,800,000. The Commissioners are required to have a new budget in operation by Oct. 1, 1987.

Additional funds are being requested for a number of County offices, Judge Bailey said. The Commissioners

remarked that many of these services have fixed costs, and there was almost no way they could be changed. A number are regulated by the

"The state tells us how to

do everything," one Commissioner remarked.

The County Auditor reported that last year there was a \$550 million-dollar valuation of taxable County property, and this year the valuation is \$493 million.

Judge Bailey stated that the Tax Appraisal Office has not set the effective tax rate for generating the funds the County needs. There will be a shortfall to the County of around \$300,000 unless there is a tax raise, the Judge in-

He recommended that 1 percent additional on taxes be allowed for indigent care. The Commissioners appeared agreeable to this, and also agreed to sign purchase orders on indigent care patients from each of their Precincts.

There was some discussion of calling an election after Oct. 6 to ask for a onehalf cent sales tax hike to

generate more County revenue. This procedure is now allowed by state law. The Commissioners expressed mixed feelings on this type of tax, and no decision was made.

Judge Bailey reminded the Court that the general tax rate cannot be raised more than 3 percent without public notice, and is subject to a rollback.

Further discussions will be held before the upcoming budget is finalized.

Jail Compliance Attempts Continue

Calvary Assembly Church Revival Begins Sunday

"There are 25 people in the County Jail today, and five county prisoners housed in Granbury." This was the report from Billy Bacon, Eastland County Commissioner, at the Commissioners Court meeting Mon-

Bacon said that the five prisoners had been carried to Granbury because "all the closer places are full." The cost, he reported was \$45 each per day

The Jail Standards update was held while the Commissioners made plans to attend a meeting of the Texas Jails Standards Commission in Austin on Wednesday, July

County Judge Scott Bailey outlined the plan the group will present to the Commission, in an effort to comply with the standards set up for the county.

A 48-inmate jail is being considered at the present site, subject to acquiring adequate land. Reports from a recent Jail Standards Commission letter, however, indicated that they were "Not pleased with architect

James Wheeler's concept of the kitchen location," and that more personnel would be required in a 48-bed facility, including "One in the control room at all times."

"We are looking at a million dollar debt to the county if we have to set up such a place," Judge Bailey

The present jail will be paid off in 1990.

More suggestions will probably be forthcoming from

the State Jail Standards Commission on Wednesday.

Attorney Files For Payment From County

Eastland County Commissioners met in an Executive Session during their regular meeting Monday to discuss a Write of Mandamus filed in an Austin Criminal Court by Attorney George Gray.

Gray, represented by an Austin law firm, is seeking to command the county to pay him \$17;010 for defending Brend Andrews in the organized crime trial connected with the murder of Debra Jo Garcia.

The disputed amount if for

his work on behalf of Andrews from around October, 1986 until April 3, 1987, whe he was appointed by the Court as the defense at-

The County has paid Gray \$3,000 set by Judge Herman Fitts for his defense of Andrews from the April 3 date until the end of the trial in early June.

The Commissioners requested that District Attorney Emory Walton file an answer to the Appeals Court on behalf of the County.

Tips for Crime Prevention Given

Some 125 people attended a meeting to hear tips on self defense and crime prevention last Thursday evening. Eastland County Deputy Sheriff H.V. Fillingim, head of the crime prevention unit for the county, came to Rising Star to present the pro-

THIS MIGHT INTEREST YOU Are you confused by the creeds of men? Are you tired

of the philosophies of men? Do you yearn to hear the pure unadulterated word of God? Do you appreciate having a "'thus saith the Lord" for what is taught? Do you like to be given "book, chapter, and verse?" Do you want to hear what you can go home and read in your own Bible?

If the answer to the above question is yes, come and hear the gospel. If what we teach is not according to that which "is written," please tell us about it. You will be doing us a favor. (We know that we shall be judged by "the word" in the last day.(John 12:48). If it turns out that it is "Bible" that you receive, then we'll be doing you a favor. A friendly welcome awaits you.

THE GOSPEL 1. It includes the Death, Burial and Resurrection Of Christ. "I declare unto you the GOSPEL which I preached unto you...how that Christ Died for our sins according to the scriptures; and that he was BURIED, and that he AROSE again." I Cor. 15:1-4.

2. It Was Revealed By The Holy Spirit..."them that have preached the GOSPEL unto you with the HOLY GHOST sent down from heaven." I Pet. 1:12.

3. It Saves Believers. "I am not ashamed of the GOSPEL OF CHRIST: for it is the power of God unto Salvation to everyone that Believeth." Romans 1: 16.

4. It Must Be Obeyed. "What shall be the end of them that Obey Not The Gospel?" I Pet. 4:17. 5. It Brings Peace To

RANGER

Bill Johnson of Chillicothe, Texas has been hired as administrator of Ranger General Hospital, according to Jerry Edwards, chairman of the hospital board. Johnson and his wife, Neta, will be moving to Ranger in the next few weeks. He will assume his duties here August 17. He has had many years experience in hospital management, having held positions at hospitals in Bonham, Denton, Waco and Tulsa. The Ranger Hospital Board views Johnson's hiring as another positive step toward putting the hospital back in stable financial condition. The board is also pleased with progress made by the interim administrator, Floreine King, and appreciates the support many citizens are giving the hospital.

The Ranger Fire Department will have a "Fill the Boot" project on August 29 to benefit the Muscular Distrophy Fund. The firemen will be downtown with their boots that need filling. They also need volunteers to do other work connected with the drive. Contract Fireman Joe Williams for more details.

The Bulldogs Boosters will meet on Wednesday, July 29, at 8:30 p.m. at Lillie's Coffee Pot. Plans will be finalized for the Hamburger Supper. Come out and support the team!

The Ranger Hivh School Coaching Staff and their wives have been busy this summer renovating the weightroom and field house for the 87-88 season. Fresh paint and new carpet abound in both places. The field house has been remodeled and renovated, with the walls sporting maroon, white and gray paint. Maroon carpeting surrounds the gray lockers, and the old privacy wall has been removed to make additional room for the players during and after the games. The weight room equipment and building has been thoroughly cleaned and renovated, and all that is lacking are the goal boards.

He has been made a Life Member of the organization, and honors have also come to him from the American Optical Association. His many friends and neighbors agree that his years of faithful and useful work in the town also qualify him for a community good citizenship award.

Launching a boat is a relatively simple part of boating. Even before backing the trailer down the ramp, a few commonsense rules should be followed, say the boating experts at Mariner Outboards.

While in the lot and out of the way, stow all gear. All rods, tackle, coolers, bait, water skis, clothing, life jackets, etc., should be transferred into the boat before backing down.

Make sure the drain plug is in (then check it again), tilt the motor up and unplug the trailer lights. Then, check out the launching ramp. Make sure that the ramp extends smoothly into deeper water; look for obstacles, holes or a sharp drop-off which might "catch" trailer wheels.

When ready to proceed, pull into position and, using your partner's guidance and rearview mirrors, back carefully toward the ramp.

Remember, when backing, that the stern of the boat will move in the opposite direction of the tow vehicle's steering wheel. If the wheel turns right, the stern will go

If driving a boat off the trailer, your partner should climb aboard while the rig is stopped on the ramp.

The safety straps and bow

line should be disconnected, and the trailer should be eased into the water until the boat floats. Trim the engine down before starting. The operator should slowly back off the trailer.

If launching a smaller boat, attach a bow line and, when deep enough, push the boat off the trailer and guide it ashore or to the dock with the line. Move as quickly as possi-

ble while on the ramp. Once launched, move away from the ramp area so others can utilize the facilities. Offer to assist other boaters whenever possible.

D&B Fish Farms has become the first private fish hatchery in Texas to successfully spawn hybrid

State hatcheries have spawned hybrid stripers for a number of years, but D&B is the first private hatchery to spawn the hybrids and of-

California fish farmers have begun raising and selling hybrid stripers as a food fish. Unlike other bass species, hybrids will eat pelletized fish food as readily as channel catfish.

DON'T FEAR DEATH

There may not be many of you who are lying awake battling fears of death, but you or someone you know may be one who is having to face this very thing right now. Have you been diagnosed as having a terminal disease? Has someone close to you been told that they have only a few more days or months to live? These situations are heartbreaking and very difficult, but tonight God wants you to know that He is standing right by your side. His strength is by you, to carry you through. He wants you to know that not only did Jesus die to abolish the power of death, but the power that any fear of death may hold over you as well.

His Word explains that Jesus became like us so that. by going through death He might: "...,make of no effect him who had the power of death, that is, the devil; and also that He might deliver and completely set free all those who through the (haunting) fear of death

With God death is not a termination, it is a transition... from earthly life to life with Him which is eternal and will never cease. Death is for the Christian a setting free from the bondages of our physical bodies and the sin of this earth...freedom to be with Jesus. Rejoice-you may be leaving one home, but in God's grace you are going to a better one.

AN EVENING PRAYER Heavenly Father thank You for this new revelation. Let your power of victory over death and over the fear of death, now deliver me from all bondage. No longer will apprehension over the passage from this life, into Your life in Heaven, make ne sick or afraid. For to be absent from this body is to be at home with You. I praise You for the renewal of my mind and the new freedom I now feel to go with You, where my soul longs to be. In Jesus

Appeals Court Rules In Favor Of Constable

Charles Ray Levisay, write-in winner as Precinct 1 Constable of Comanche County, appears to have won the latest round in a legal skirmish between himself and the Comanche County Commissioners Court.

On July 16 the 11th Appeals Court in Eastland reversed a 220th District Court Jury verdict of last March 14 which upheld the Comanche County Commissioners authority in settling Levisay's monthly salary at \$25, and denying the Constable's appeal for office and transportation expenses.

Levisay had previously been paid \$1 monthly and no expenses. His salary was raised to \$25 monthly after a

Court suit in which Jerry Rich, Constable at DeLeon, has sued for an increase in salary and office expenses.

Comanche attorney Ben Sudderth represented the Commissioners Court in the March 14 trial of the case which was filed by Levisay.

Comanche County Judge Bobbye Allen said that the Commissioners Court has not been in session since the Appeal Court rendered the decision in favor of Levisay. She indicated that the Commissioners will decide soon whether the Appeals Court decision will be accepted. If not, the appeal will be persued to the Texas Supreme

.....to a clear conscience and a good night's sleep is the feeling of security in owning your own home with a clear title. Pecular to the real estate field, values are based on land and the improvements thereon, if any. But values on these are based on the title. The title then becomes the most important item to be considered when purchase of real property is contemplated. So be careful to buy good title based on an abstract of title or a policy of title insurance.
