## A SALUTE TO PROGRESS...

The twentieth Century was in its infancy when Annie May Evans came, as a young girl, to Brown County, Texas, from Alabama. Her parents, Mr. and Mrs. E. T. Evans, used the train as the means of transportation for the exciting trip. Though Annie May was born in Alabama, Texas has been her home so many years, she considers herself to be a true daughter of the Lone Star State—a "Texican" from "Deep in the Heart of Texas."

Don Maynard, 28, formerly of Rising Star, died at 3 p.m. Friday near Wilcox, Ariz. in an oil field accident. Services were at 2 p.m. Monday in Higginbotham Chapel in Rising Star.

The Rev. Gerald Green officiated. Burial was in Romney Cemetery under the direction of Higginbotham Funeral Home.

Born March 16, 1951 in Rising Star, he was a member of the Church of the Lord Jesus of Brownwood. He was a veteran of the Vietnam War.

Survivors include his parents, Deward and Willie Lee Maynard of Rising Star; one son, Jerald of Breckenridge; two daughters Kipie Lynn and Kimberly, both of Breckenridge; three brothers, Gerald Wayne and William Gary, both of Rising Star, and Worley Gene of Atlanta; and one sister, Sarah Nettle of Abilene.

found a house of their own. Shortly thereafter they moved to Holder, Texas in Brown County, which was then called by the unusual name of "Slap Out."

Annie May was the middle child in a family of seven children. While in Brown County, they walked about three miles to attend school at Rocky. They made that walk, many, many times in the inclement weather of winter, for they seldom were privileged to attend in the early spring days, when preparation was being made for the planting of their crops. Likewise, the children missed school in the autumn; the care and harvesting of their crops took precedence over their schooling.

Are there folks, of any age, who once enjoyed the annual trip to the circus, who do not smile as they recall that pleasure? Of course not! And, Annie May is no exception. She tells of the times when her Papa took the wagon, loaded with the older children, and a few supplies, and lit out for Brownwood—going to see the Barnum and Bailey Circus! They slept in the wagon, ate the provisions brought from home, and "took in" the circus. It was excitement enough to last the whole year.

Annie May says of her early years that the young people were basically the same as those of this present day. "Kids are kids," she relates. "They always have done a few things they

shouldn't have. Kids are no worse, today, than we were—no better, either." She implied the difference lies with the more convenient means of getting from place to place, today. Young people are always active, taking interest in the things they are discovering in their world. It has ever been thus, else there would be a little progress, little change or advancement.

In speaking of those changes, Annie May told of her amazement at how far-reaching they had become in her own life time. She tells, "we have come from the days of the slow, plodding horse-drawn wagon, to 'rocketing' through the heavens to reach the moon! As I lay on a pallet, in the wagon, bed, in my childhood, bouncing along over the rough road-ways, homeward bound after evening church services, I often locked into the star-lit sky to wonder about the moon. Little did I know, then, as we searched out the image of the Man in the Moon, that in my latter years, I would see, pictured on the screen of a box called television, American men walking on that same moon!"

Annie May recalls the first car she ever saw. It was when they were living on the Pierce place, in Rising Star. Ed Bucy came past in the strange vehicle, in the year 1912, tearing down the road. "He must have been making 20 or 25 miles an hour, as he passed our place! The car was pop-popping a long making such a

noise and stirring up such a dust, we heard it coming long before we could see it. All of us lined up at the yard fence, to see this new oddity. The horses and chickens were scared to death."

In the year 1913, the Evans family moved from the Pierce place to a farm to the west of Rising Star. The children then attended school at Salt Tank. In the year 1915, Annie May Evans became the bride of Albert Selman. At the same time, her sister, Nora, joined Charlie Carrol in holy matrimony; the two couples sat in adjoining buggies as they pledged their troth. The Rev. E. E. Mason who was pastor, then at Hodnet Grove Baptist Church, performed both ceremonies. Ethel was her sisters' only attendant.

From the union of Albert Selman and Annie May came a family of five boys and one girl. The third boy and the girl were twins. The little girl died in infancy.

It was while the twins were babies, the Selmans decided to move to Slaton, Texas. It took several days of rough travel, making their way in two covered wagons—one driven by her older brother, the other by Albert. Nights were spent camped by the wayside. Annie May said, of those camps, "I never had a chance to cook a bite over the camp fire. The others did that! From the moment we stopped, til I dropped wearily to my pallet, I washed diapers! Every evening, I scrubbed diapers, since even the

boy just older than the twins was still in diapers, since even the boy just older than the twins was still in diapers. I hung them, each night, to dry on a line in the wagon. That is how I remember our trip to Slaton."

Little did she dream she would live to see the day when young parents would put their babies in a small-sized car seat, fasten them in with their own little seat belt, as they whizzed across country in their shiny automobiles! As to washing diapers, did she ever dream there would come a time when that chore was made so easy—even non-existent? Disposable diapers may be a bit expensive, but oh! so convenient! Not all changes are progress, but, that one does have its good points!

The young Selmans remained in Slaton

only two years. Sadness entered their home upon the loss of their baby girl—a victim of a spell of whooping cough. It was then they decided they were ready to return to Rising Star.

Annie May recalls the depression years with sadness. She says she and Albert did without food many times, so their children could eat. Then, Franklin D. Roosevelt came to the presidency and inaugurated the W.P.A. work. Albert, as many others, did, got a job laying bricks, building the brick road from Cisco to Eastland, and some brick streets in those towns.

"Every time we, now, drive over those old bricks, I think of the many, many hungry mouths that were fed when they were placed there."

Albert passed away in 1974. Annie May has

4 grandchildren and eight great grandchildren.

Annie May Selman is a faithful member of the Baptist Church, attending Bible class and worship services most Sundays, though she is not in good health. About the Senior Citizen group, she says, "I am really enjoying those gatherings. I like the good programs and the good fellowship."

One would be remiss, if, in writing of the life of Annie May Selman, no mention were made of her constant courage, her hope and cheerfulness during the long times of illness and troubles. She has endured without complaint—more, she has maintained her cheerful smile. She knows not the meaning of "giving up". Further, she has brought hope and encouragement to so many others, when they may

not have had strength to carry on, alone. Annie May has a "million-dollar" smile, and she shares it with everyone unstintingly.

### H.L. Killion Issues Statement

In the last two years Mr. John Lee and the city council have seen many improvements in Rising Star and I would like to continue to see improvements in the way of better streets, sewer and water system. A bond elections for a Utility Improvement Loan will be put before the Citizens of Rising Star in the near future and I would like to see this passed for the benefit of this city. Of

course the success of the bond election is in the hands of the voters. Rising Star is on an upline with the 90 percent. We need to continue this improving with the water, streets and sewer. I would appreciate your vote April 7 and if elected Mayor I will do my best for the city of Rising Star and citizens of this community. Thank you City Councilman H. L. Killion

money in so we can send our money off for the mat we ordered.

We've started our scrapbook to take to the state convention in San Antonio where the Student Council will stay for two days, and our scrapbook will be judged. We have also sent off our reservations to stay at the Sheraton Hotel. We are all really looking forward to going. I guess that is all for now. La Jean Rust

**Soil Improvers I**  
Ag 1 this week has been pretty slow. We painted a tractor for Charlie Moore. We used red paint, and it took a long time. Nearly everyone went home with a little red paint on them. We go back to the classroom next week to judge dairy cows. We have to clean up the shop every day. So many events have come up, we didn't do very much of anything. Terry Walker

**Soil Improvers II**  
Hello. We Sophomores aren't too busy in Ag this week. We welded a trailer hitch on Mr. Stuteville's car. We worked on that Tuesday and Wednesday. Also, Marc has been working on a trunk and painting a mirror. We finally got the tractor finished that we have been painting on for a couple of weeks. It has been raining too much for us to land judge this week. That is about all we have been doing this week, so I guess we will see you next week in Ag. II. Mike Fraley.

**Do You Know Where You're Going?**  
The Junior Class has had a fair week at R.S. H.S. We have finally gotten through our Junior-Senior banquet. It was very nice; the decorations, and the food. We want to thank each and everyone who helped with it. It was a great success! We still have lots of work ahead of us. We have 45 lines of poetry to learn in our English III class. Right now, in English, we are working on more steps to diagramming. In History, we have a big report to write up. We are on Chapter 22 in our History books. In typing, we are on lesson 85. Yes, we are moving right along. In Home and Family Living, we are still working as hard as ever on our trailer house. In Band class, we are slacking up a bit on our hard work. Until next week! Dena Willett

**Straight From The Chef**  
Hello! Nothing much has happened around school this week. The classes are all working had on their projects. The Home and Family Living class is working on their trailer house, the other two classes, Homemaking I and II, are working on their garments. Good luck to all three classes. Hope you do well on your separate projects.

Things are going slow in FHA too. Our next meeting will be April 11. We will have only one more meeting after this one. Time sure does fly. See you next week. Janetta Lawrence

**The Editor Speaks**  
Here, we are once again with news from R.S.H.S. Things are

really quiet around here for once. In fact it is blah!

Without some help this last week, the Wildcat Tales would never have been ready for this edition of The Rising Star. A well deserved "thank you" goes to Paula New for getting the Wildcat Tales in and then getting them typed. I was not at school due to the UIL play. Thanks Paula!

The UIL play went off great, even though we didn't win. Everyone who was in the play really enjoyed it, especially since we got to miss school. Charlene Maynard, congratulations on getting on the Zone cast. You did a great job! Well, I guess that is all for this week. Catch you later. Janetta Lawrence

Comments about the survey on war, printed last week were invited. The response from the faculty and students was very good; many people put a lot of thought into their comments. Some of them follow. "Every American citizen has the responsibility to protect his country or leave the country and forfeit those rights he/she enjoys here." "If the United States went to war, there would be many jobs to be done and I don't believe that everyone need be drafted for these jobs. It would and will take the wisdom of Solomon to decide who is to be drafted and who is not because of family needs. If the families are torn up severely and the education of children turned over to the state while drafted parents serve the nation—perhaps communism will still have won, because they believe in the total education of the children by the state.

We live by the example in which we grew up so, one generation of children, raised by state schools will accept this as the correct way. Communists don't expect to change things over night—they are content to let gradual change do their work just as we gradually accepted the change from the humiliation of divorce or abortion to gradual acceptance or a sad murmur of protest."

"I think if the U.S. enters the war with China they are crazy because it is none of their business and I will leave the country before I go to war with anybody."

"Just protect certain places like the United States, if that don't work go to the moon."

"I believe if there is a third world war. We will probably end the world with nuclear weapons. The human race would rather destroy itself than make peace."

"One comment that should be put in papers through the United States is that if the people in the white house declare war, they should have to fight too, instead of sitting around."

"I think most of these questions are opinion questions, and I may change my mind later."

"If two other countries get into a war, we should mind our own business and prepare for war because we would some how be dragged into it by an attack on us, promises of friendship and alliance, or threats with nuclear war. I would also try to assassinate the communist leader and would not be captured alive to suffer the consequences."

"Look the Japanese call to us for food, shelter, and steel, and we send it to them, look what they do they bomb us. I don't think we should do it any more."

"I think we ought to go fight if necessary because if we hadn't had forefathers who fought before us we would not have what we've got."

"I don't think the United States should go to war over the one marine. It would be silly to risk hundreds, maybe thousands of lives over one marine."

"What it's really all about is that you get drafted and very possibly could die or leave the United States and live."

"I think the United States should teach our children to care for our country instead of saying I don't care what happens. I don't think women should go to war. If they have a nice house, who would take care of it?"

"With the attitude of most of the people who have made open comments in class, they would not fight for their country. If they would look back at other wars, if people would have had that attitude in World War I and II, we would be under another rule not under the freedoms we have now. Why can't people quit being so selfish and fight for their country?"

"I think it's crazy for women and girls to go to war and fight just like a man because we aren't men and will never be no matter how hard some women try to be. I don't believe in ERA in any form, I think it's stupid."

"If women want equal rights they should have to do the same things a man does, pay alimony, draft, army, ditchdiggers, etc."

"I myself don't believe in drafting! For there's no use in the United States losing all our men at war, we do care, too!"

"If a war in China and Russia breaks out, we had better be there. I don't think any of us would care to have communism in our country. Also if they execute any American we had better be there too!"

"Do you think draft is good?"

"On questions eight and eleven asking whether or not I would rather die or have my family members killed rather than to have communism just about the most unfair questions I have ever read. Why don't you answer these two questions and print it?"

Do I think the draft is good & Well, let's put it this way. How many wars do you think we would win if we fought only with the men that enlisted? I do believe in the draft but I believe there should be priorities in drafting.

Men and women who work in an area vital to the country and parents of young children should be last on a drafting list along with the elderly and minors.

On both questions eleven and eight concerning whether I would endure a communist government rather than die or have my loved ones killed. I answered that I would endure the communist government. My life or my loved one's lives are the most valuable things that I or they could give. First I would make sure that I had done all I could while still alive because my life will be the last thing I will ever give and I feel the same about the lives of my loved ones. I would give my life for the people of the United States, sure, but not without first being sure my life would help or that I couldn't give a lot more before I die. I didn't say this communist government must endure forever; I could always be an underground revolutionary. And this government might be a modified communistic one and if it didn't trample people's rights it might not be so bad. by Kim Harris

"School is for the birds!" That's how Tom Thompson had it figured, and so he became the record-breaking truant at Westside High. But grade A cutters didn't last long at Westside, and Tom soon found himself transferred to a school for special cases--Longford, the place where dummies and troublemakers were sent-- "Last Chance High," home of the hoods.

This is it, thought Tom. I'm really washed up now. I can't get much lower than this. Yes, Tom was going nowhere fast until one special week that changed his life for good. That was when he made not one but three good friends--Lou, who was having even more trouble than Tom; Bonnie, the neatest girl he'd ever met; and a wounded seagull that needed all the help Tom could give it.

And suddenly Tom was on the way up! But he still had some rough times to face, and a lot to learn about love and friendship, and a boy named Tom Thompson...The Wise Old Owl

**We've Only Just Begun**  
This week has been kind of slow, and not much has been going down, except for the rain. We got out of Class Tuesday at 4th period to watch the One Act Play, which was great. Track has been keeping a lot of us on the run, plus the UIL Events are keeping some busy. The UIL Play competition was Friday and UIL Events Monday and Tuesday. One of the most important things we learned this week in History was that Mr. Stuteville was very "happy" during his high school years. Frank kept us five minutes late because some culprit supposedly broke some of his lab equipment. Mr. Rankin has been busy, as he has been taking up snuff. Mrs. Griffin insists that this week has gone by fast for she "ain't" has time to stop and correct our English. Stay tuned for another exciting report

of the Sophs of RSHS. Teresa Underwood. **Crossing The Bridge Together**

Hi! The weather is getting better. Prettier each day. Our classes are: Biology-we are studying vertebrates and have finished the dissecting of a grasshopper. Math we are studying triangles. We are almost finished reading Romeo and Juliet in English I. P. E. and Life Time Sports-Romeo and Juliet in English I. P. E. and Life Time Sports-we are playing volleyball.

The one-act play went before judges at Cisco Jr. College March the 23. These actors and actresses are very good. Good Luck. The UIL contestants were gone to Cisco Jr. College Monday and Tuesday, March 26 and 27.

Well, that's about all of the news for this week. See ya soon! Margaretta Lankford

**Morning Has Broken**  
Last week school went as usual. In studyhall, though, Kathy Reed goes to elementary and helps with the first grade. In Free Enterprise we had a test on thursday and changed seats on Friday. In English we had a test over Act III on Wednesday. As far as Algebra II, we are doing problems like multiplying and dividing of fractions. In Home and Family Living, we are still working on the trailer house. We are busy trying to paint but the weather has been to wet to paint. The Seniors are getting ready for the Little Miss Pageant. It is April 9th so if you want to enter a child please call Mark Wilson 643-3451 or Deana Gage 643-5663 or contact the High School.

Everyone is getting ready for UIL events. The play went Friday to Cisco, Saturday, the band goes to Coleman, and UIL events were Monday and Tuesday at Cisco. So as you can see we are all very busy. So see ya later! Kathy Reed and Deann Mungia

At last "Spring has sprung". Everyone at the Rest Home has Spring fever I know. Several want to go fishing and some want to start a garden. It's good to see everyone feeling better after our bout with colds and flu.

We had our Birthday Party Thursday night and all had a great time. The theme "St.

Patrick Day" was used along with the colors Green, gold and white. Mrs. Gotcher's family brought a large cake in the shape of a shamrock. Green sherbert punch was served from a table decorated with a green table cloth and pots of candy.

Everyone sang "Happy Birthday" to Mrs. Annie Gotcher

and Mr. Eddie Sims. Each were presented a white and green carnation and a birthday card.

Bryan Houston and Nell Maynard entertained us with beautiful piano and fiddle music. "Thank you" Nell and Bryan.

Our faithful volunteers for our Party were Mary Carroll, Sula Harris, Rada King, Stella Hill, Inez Robertson, Artie Jagers and Edie Anderson. These ladies always bring cakes. "Thank you" ladies.

For our party in April, we are planning a Easter Hat parade. Everyone is going to decorate their own hat. Prizes will be given to the Best, Funniest, Most imaginative, and the men's best sport hat. This should be loads of fun, come and see our Easter Parade.

I would like to share the following with the community and I hope it touches your heart as much as it did mine.

**THE SILENT PATIENTS SPEAK**  
Though we can't

speak, see, nor move of our own will, we are living beings. We are your stroke patients, the brain damaged, and all your other patients who, by illness or injury, are locked inside and dark, silent shells of our bodies.

We can't cry out in pain or discomfort, regardless of how severe they are.

We can't express anger, despair, disgust, nor even happiness. But hear us, you walking, talking, feeling, doing beings. Some of us are aware.

We hear, think, and know. We are not "living vegetables," nor do we think we would be "better off dead."

We still have enough self-respect to be embarrassed at hearing your conversations about your personal problems and your sex lives.

We are frightened by your conversations that relate the latest gossip on the questionable ability of the doctor who is responsible for our care, for his knowledge must be used to save us if we are ever to recover.

We feel shame at having our bodies exposed for any and all to see.

It does matter to us that we must lie in feces or urine for hours, and our muscles ache with pain from the strain of remaining in one position without being moved.

We can feel our mouths fill with mucus, drying and caking to form ulcerated areas.

We can feel the stomach cramps from ice-cold tube feedings poured down the feeding tube with all the speed and lack of concern pouring water down a drain.

We can feel the pain of our skin breaking down from poor and careless nursing care. We can also feel joy—the joy derived from the firm, gentle touch of a person giving us good nursing care.

We can rest more comfortably when we are bathed, when our mouths and lips are cleansed, when our bodies are correctly positioned, when good skin care is given, when our beds are made neat and straight.

We can appreciate the kindness of words spoken directly to us and not about us. We can appreciate being told what procedures are about to be done before they are begun.

We can have some hope when you take measures to prevent our muscles from atrophy, and you carefully place our hands and feet in functional positions. For we know that the proper positioning, exercising, and supporting of our bodies can prevent us from being hopeless cripples when we break through our shells.

Most of all, we are prayerfully thankful to you who give us the attention, care, and respect you give your patients who are physically and mentally alert. It is you who give us hope and the courage to try to strengthen our minds, to establish nerve pathways that will make these useless shells of muscle, bone, and tissue respond once more to our commands and in time return us to the world of speaking, seeing, doing, functioning beings.

### Caution Advised On Peanut Contracts

The National Peanut Growers Group, a federation of all of the nations fourteen state and regional peanut grower organizations, has recommended that all peanut growers carefully consider rapidly rising production costs as well as the demand for peanuts in export markets prior to contracting to shellers the additional peanuts on their farms in 1979.

Emmett Reynolds, Chairman of the NPGG Steering Committee, reported that peanut production cost figures from each of the major peanut producing states reflect substantial increases in peanut production items. Reynolds said the production cost data were assembled in January prior to the current curtailment of fuel shipments to the U.S. from the middle East. He stated that any impending fuel crisis would result in immediate cost escalations for gasoline, diesel, natural gas and products such as fertilizer and farm chemicals whose manufacture is based in part upon the supply of oil and natural gas.

According to Marion McDaniel of May the NPGG Steering Committee meeting on March 7 studied in considerable detail the probable cost increases for peanut production in 1979. The second phase of Steering Committee consideration was to review the export market outlook for the 1979 crop. The Committee concluded that there is no concrete reason at this point to believe that the export market demand for U.S. peanuts will be less than that experienced for the 1978 crop.

McDaniel said that the consensus of the NPGG is that growers should not be expected to contract their 1979 crop additional peanuts at less than 1978 crop contract levels. Generally the contract prices last year were reported to range from slightly over 95 percent of the quota support level to 98 percent of the quota support level. Scattered reports indicated that some additional peanuts last year were contracted at the full quota support level. Also, some 1978 crop quota and additional peanuts purchased directly from producers by shellers at the quota support level were shelled for the export market. The quantities of U.S. Peanuts exported for edible use has increased significantly in recent years. McDaniel added that statistics released by the USDA's Crop Reporting Board in December, 1978 show that farmers generally paid 11 percent more for production items in 1978 than for the same items a year earlier.

Add to this increases in costs sure to result from the current energy crunch and the farmer simply cannot be expected to contract his peanuts at less than 1978 price levels, he concluded. In addition, the NPGG Steering Committee emphasized that although growers experience the same high risks in producing contract peanuts that they face in base production, growers producing for the export market feel a real obligation to grow and harvest the same high quality product for the foreign market as they produce for the U.S. market.

The NPGG pointed out that growers have 3 options in regard to producing additional peanuts beyond the farm poundage quota, Reynolds said. First, the grower may choose to grow only that portion of his allotment estimated to produce the farm poundage quota. Second, the grower may produce up to the farm allotment and contract that portion of his production over the farm poundage quota, or third, the grower may place his additional production in the Association loan at a 1979 support rate of \$300 per ton if he fails to secure a satisfactory contract price level.

Reynolds said that if shellers fail to offer growers contract prices at or above the 1978 contract rates the volume of 1979 crop additional peanuts contracted may be substantially reduced belt wide in 1979.

### Fire Department Seeks Backing

There have been several remarks made concerning the Fire Dept. and some of it's members, but no one has felt it important enough to come forward and make their complaints and feelings openly known. As you know your Fire Dept. is strictly voluntarily operated and thats exactly what it means. These people who have been complaining are quick to judge and condemn the Fire Dept. and its members, but if the tables were turned would those some people be willing to drop everything they are doing any time day or night to answer a fire call? There have been many times when the firemen have answered a call that turns out to be a false alarm. There are also times your firemen stay at a fire several hours, only to have to go back again the day or nights when the

same breaks out again. No the firemen complain? No, because they care about their fellow man. Before your judge the Fire Dept. and it's members, you better stop and think what it would be like if those some firemen didn't care and would not be there. Please help your Fire Dept by finally standing up for them. This also brings us to the matter of new members in our dept. because those remarks that were repeated has kept some people from joining our dept. All we ask is that everyone give us a chance and keep an open mind about the faults of the Fire Dept. and or their members after all we are only human. The Fire Dept. meets every second and fourth Monday of each month at 7:30 p.m.

On Monday March 12, 1979 the Rising Star Fire Dept. elected new officers for the year of 79. W. E. Weatherly was elected President, W.G. Reed was elected Fire Chief, J. D. Clark was elected assistant Fire Chief. Marion Bishop, was elected Secretary and Treasurer. Tim O'Connor kept the office of moistence.

Mr. and Mrs. Ronnie Smith, Lovie Purdell, and Truett Harton were accepted as new members of the Fire Dept.

For those persons wanting their lots burned, the Fire Dept. is asking them to please be patient with us, as the weather has not been suitable for lots on the days that enough members are present to do so. Don't forget the emergency and fire phone no. 643-3001 God Bless. Rising Star Vol. Fire Dept. Marion.

# FROM OUR CHURCHES

## First United Methodist Church

Any person saint or sinner cannot avoid having feelings about tragic events here at home and elsewhere throughout the land. Last night before going to bed I re-read the book of Job. Job was certainly acquainted with tragic events in his own life. Tragedy seems to be a part of life. How can we live with tragedy? The answer can be found in looking at the way Jesus overcome the tragedy of life. Jesus knew the tragedy of rejection. "He came unto his own, and his own received him not. "Jesus knew the tragedy of disappointment. I can all but see him in my mind's eye standing on the Mt. of Olives and hear him saying, "O Jerusalem, how often would I have gathered thy children together, even as a hen gathereth her chickens under her wings, and ye would not." Jesus knew the tragedy of betrayal. He knew the tragedy of loneliness. Yet the tragedies of life did not get Jesus down, and we should not let them get us down, regardless of what they may be. The tragedies of his life did not take away his faith in God or his love and devotion to God. The tragedies of his life did not cause him to lose control of himself. The tragedies of his life take away his understanding of other people. On the cross he said of those who were responsible for his suffering, "They know not what they do. "Jesus rose above the tragedies of his life, and with his help we can rise above ours as well. May you recognize, receive and respond to God's blessing today is my prayer. Bill Easley Pastor

pose of our spiritual existence. God promised to pour out His wrath upon the "children of disobedience" and such a description certainly fits those who will not forgive. Church choirs have often with grim humor been called the "WAR DEPARTMENT" of the church, because they so often have been ridden with strife and jealousy. Holding an office in the church has become a race of un-Christlike competition in which the loser feels it incumbent upon himself to belittle the qualities of the victor...and many times to withdraw from the activities of the church and to lend themselves to the breeding of strife in the house of God. How can anyone possibly reconcile such conduct with the example of Christ? Whether or not you are a board member is not important, or a Sunday School teacher, or act in any other official capacity. The important fact is, that we are MEMBERS IN PARTICULAR OF THE BODY OF CHRIST. And every member of that body is important to the welfare of the rest of it. Therefore, there is no need or excuse for jealousy or striving in the church. God has given to each a ministry of their own... and each ministry is important to the church as a whole. Read the Word and you will see that there is no such thing as a Christian without a talent or ministry. He gave His gifts to EVERY MAN severally as He wills, and that takes in everybody. So you, my Christian friend, have a job to do, one that is particularly your own. The thing to do is find your place and go to work. In your proper place you will be happy and useful. Outside of it you will be miserable and useless. It would be well to remember that our reward does not come from men who see but little, but from God who seeth ALL things, and will reward accordingly. He wasn't making idle chatter when He remarked that the LAST should be FIRST

and the FIRST should be LAST. For the sake of Christ who called us, and the world that so desperately needs us, may we follow His example of love, mercy and FORGIVENESS.

May we learn once more to FORGIVE, not once, not twice, but according to the pattern set down by the Master...SEVENTY TIMES SEVEN.

Myrtle Owen

## Church of Christ

After one rises from the waters of the baptismal grave (Romans 6:4) he arises from his old self and becomes a new creature. This implies that the new born Christian is to make radical changes. He is to seek the things that are above (Colossians 3:1); and that means he must seek knowledge to grow (I Peter 2:2). Romans 5:1 tells us that when we are justified by faith we have peace with God by the death of God's Son. While we were God's enemies Christ died for us verse eight tells us. If God loved us that much while we were not Christians, how much more does he love us after we become his children? We may give our enemies food and drink, but how much more do we give our children?

he is completely new. The problem comes in when he has to put off the old man with his anger, wrath, malice, blasphemy, filthy communication and lies (Ephesians 4:22, Colossians 3:8, 9) and put on his new self with mercy, kindness, humbleness, meekness, longsuffering, forbearance and forgiveness (Ephesians 4:24, Colossians 3:12, 13). This means taking up his cross and denying himself daily (Matthew 16:24). Taking up his cross means that he crucifies his old will and lives to Christ and for Christ and in Christ. As Galatians 3:26, 27 says, "For ye are all the children of God by faith in Christ Jesus. For as many of you as have been baptized into Christ have put on Christ." Living a Christian life should not be a chore because in Christ's body we can "do all things through Christ which strengtheneth" us. Philippians 4:13.

Mike Wiggins

## First Baptist Church

The Bible is clear in stating God's will for the christian. "For God hath not called us to uncleanness, but unto holiness." (I Thessalonians 4:7)

As one studies modern life styles it is soon discovered that there are many differing standards of what is right and wrong. Such standards are expressed as: Do your own thing. If you do not hurt anyone it's O.K. If you feel right about it. Let love be your guide. The question is well asked, Which standard is right?"

The christian has but one standard for his life, the Bible. We do not follow the standards suggested by the differing lifestyles. "Thy word have I hidden in mine heart, that I might not sin against thee." (Psalm 119:11)

The Bible is clear in its statements of what is right and wrong. This standard is based upon the holiness of God.

A few examples: Do not lie. Do not steal. Do not commit adultery. Do not covet thy neighbor's wife. Do not forsake the assembling of yourselves together,

which means, go to church regularly.

How sad that many christians are not only guilty of many wrongs but continue to practice what God clearly declares is sin. "Blessed are the undefiled in the way, who walk in the law of the Lord." (Psalm 119:1)

Sunday morning the Pastor continues the theme, "The Language of Easter" with the message "He Betrayed Him".

Sunday evening the study will be over First John Chapter four.

## Ladies Bible Class Meets

The church of Christ ladies Bible class met March 21, 1979 with "Ourselves your Servants" being the topic. Several gave short talks on this subject.

Rada King gave a talk on some ways Mary could have labored with Pual in the work he did (Romans 16:6). Opal Boyd, the wife of one of our elders, gave a talk on how a wife or an elder or a deacon should "be faithful in all things" (I Timothy 3).

Carol Goode gave the Bible drill centered around questions from the gospels and Acts. Carolyn Walker gave her thoughts on the kind of woman Mary of Acts 12 must have been because Peter went freely to her home

# Facts About The BIBLE

BY JOHN LEHTI

WISE KING SOLOMON: A GREAT LOVER OR—A GREAT DIPLOMAT?

I KINGS, CHAPTER 11, TELLS US... "SOLOMON LOVED MANY STRANGE WOMEN... THE DAUGHTER OF PHARAOH... AND WOMEN OF THE MOABITES, AMMONITES..." ETC., ETC... AND SOLOMON HAD 700 WIVES, 300 CONCUBINES!

SOLOMON FIRST MARRIED AN EGYPTIAN PRINCESS, THE DAUGHTER OF PHARAOH SIMON XXI<sup>ST</sup> DYNASTY (976-958 BC.) WITH A FATHER-IN-LAW LIKE THIS, HE DIDN'T HAVE TO WORRY ABOUT TROUBLE ON HIS SOUTHERN BORDERS—IN FACT, EGYPT CONQUERED THE PHILISTINE STRONGHOLD OF GAZA, GIVING IT TO SOLOMON AS A WEDDING PRESENT!

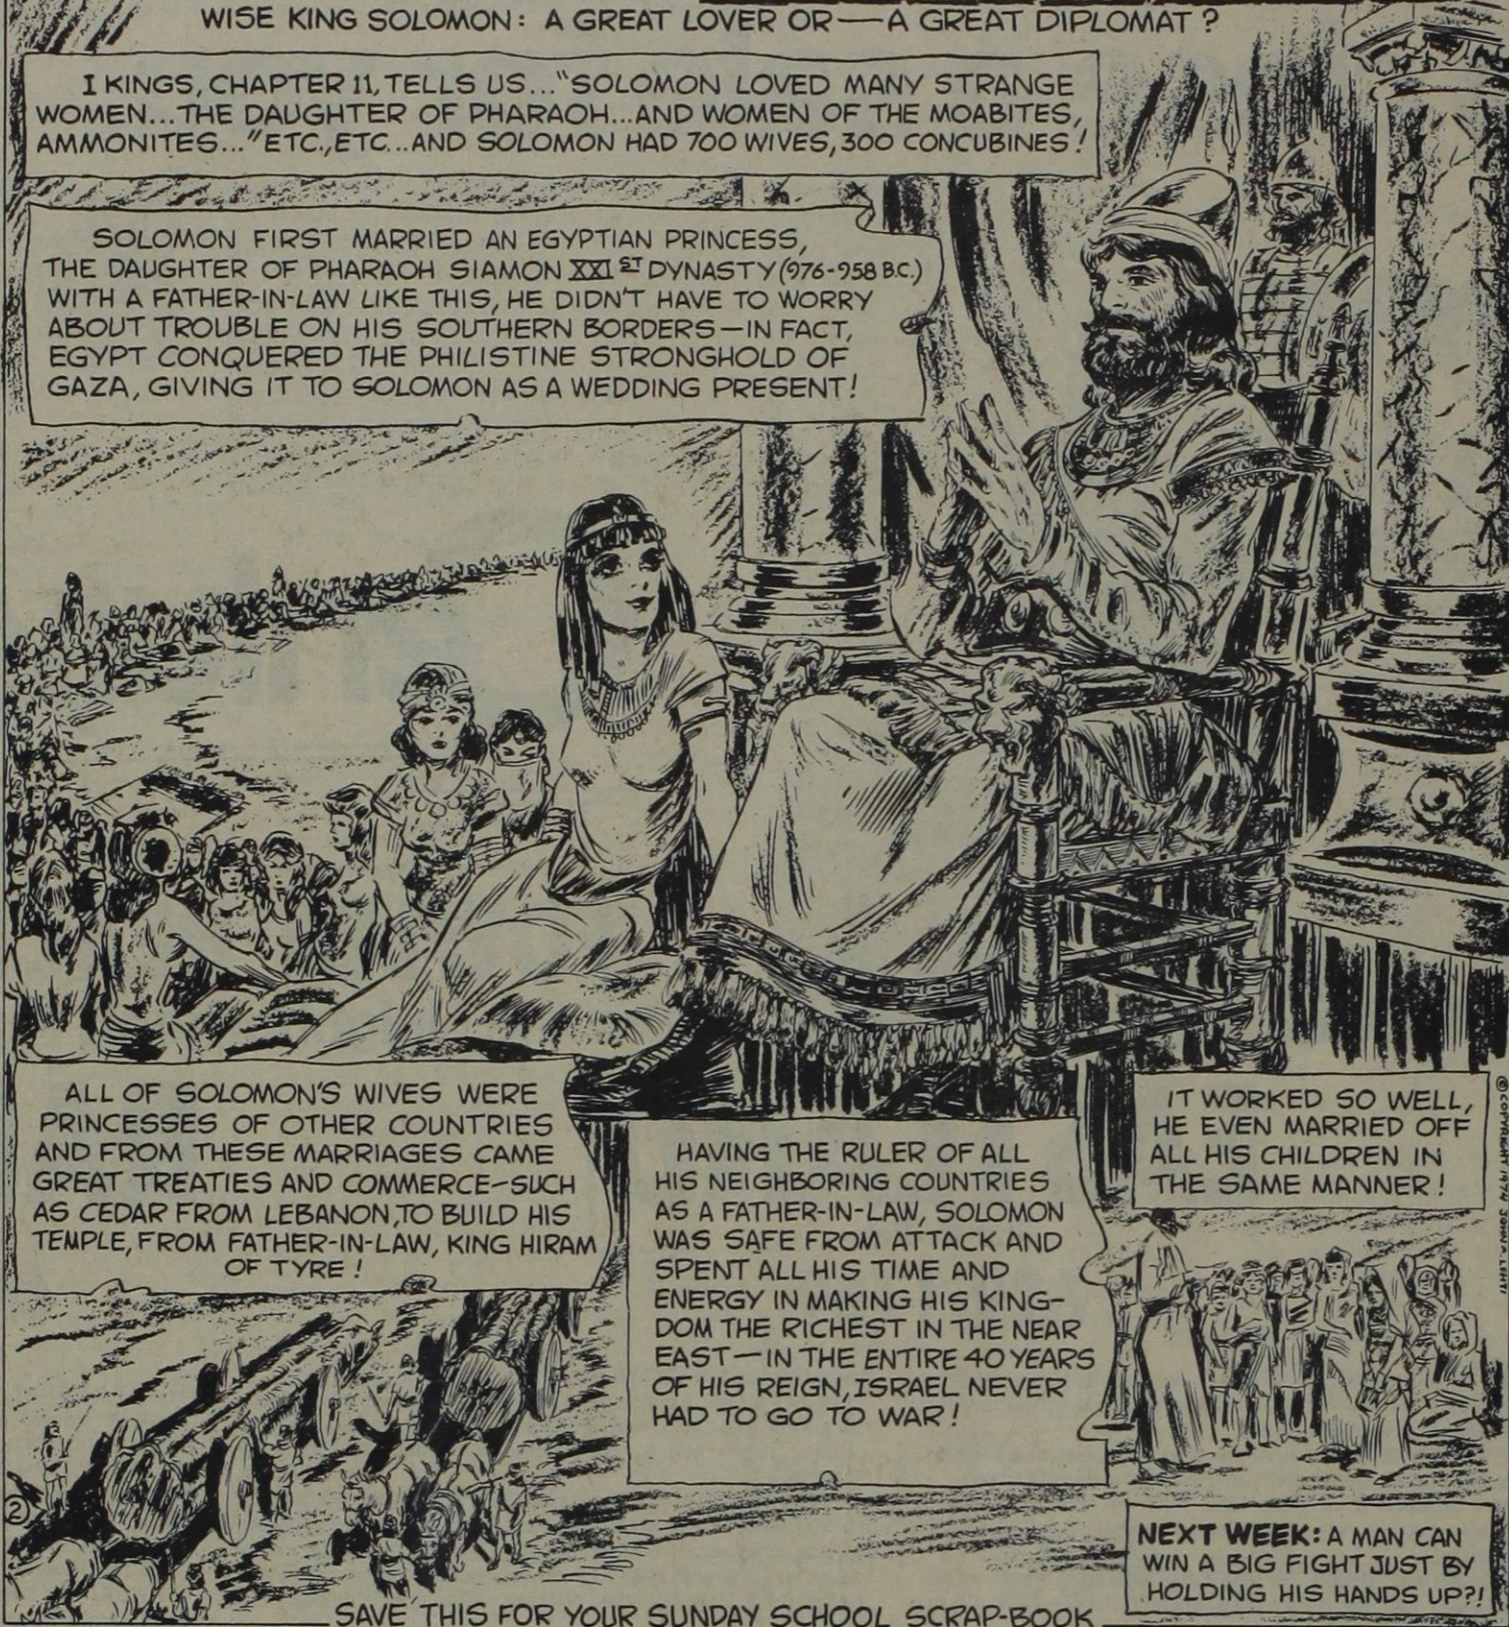

ALL OF SOLOMON'S WIVES WERE PRINCESSES OF OTHER COUNTRIES AND FROM THESE MARRIAGES CAME GREAT TREATIES AND COMMERCE—SUCH AS CEDAR FROM LEBANON, TO BUILD HIS TEMPLE, FROM FATHER-IN-LAW, KING HIRAM OF TYRE!

HAVING THE RULER OF ALL HIS NEIGHBORING COUNTRIES AS A FATHER-IN-LAW, SOLOMON WAS SAFE FROM ATTACK AND SPENT ALL HIS TIME AND ENERGY IN MAKING HIS KINGDOM THE RICHEST IN THE NEAR EAST—IN THE ENTIRE 40 YEARS OF HIS REIGN, ISRAEL NEVER HAD TO GO TO WAR!

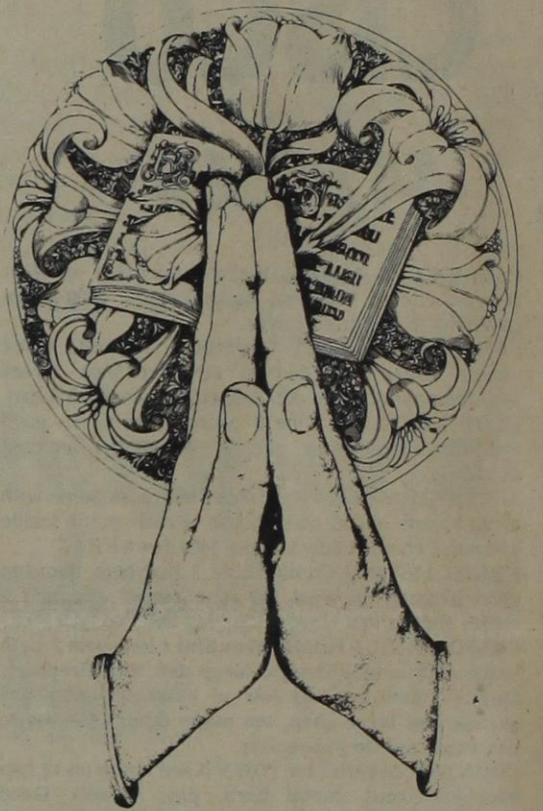

IT WORKED SO WELL, HE EVEN MARRIED OFF ALL HIS CHILDREN IN THE SAME MANNER!

NEXT WEEK: A MAN CAN WIN A BIG FIGHT JUST BY HOLDING HIS HANDS UP?!

## Stand-By...

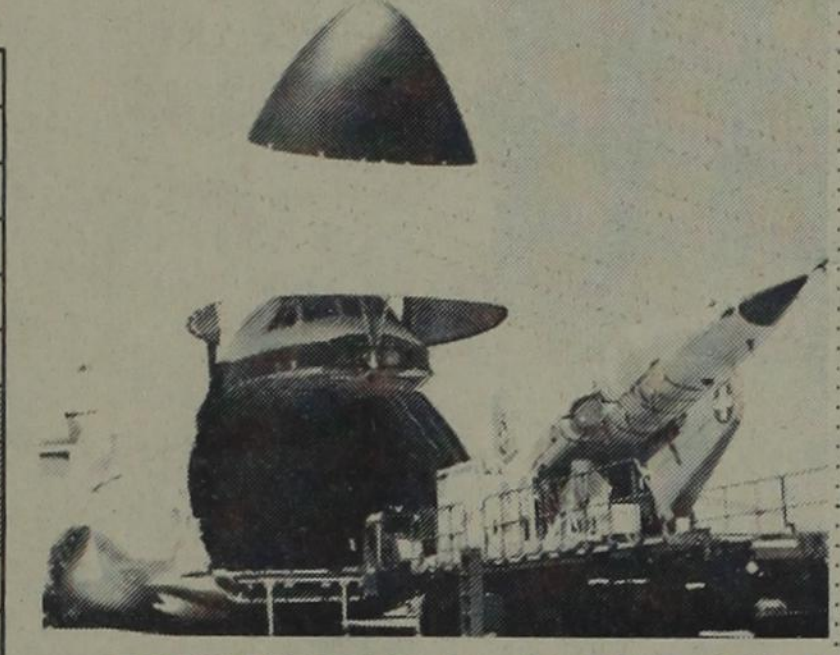

## DID YOU KNOW? By Jarvis

THERE ARE AROUND 40 KINDS OF **TOUCANS** — COLORFUL BIRDS WHICH LIVE IN CENTRAL AND SOUTH AMERICA. THEY HAVE NARROW, BRISTLY TONGUES THAT RESEMBLE FEATHERS. WHEN A TOUCAN GOES TO SLEEP, IT TURNS ITS HEAD BACKWARD, RESTS ITS BILL ON ITS BACK AND FOLDS ITS TAIL OVER ITS HEAD.

**THE WORST KILLER TORNADO** IN HISTORY HAPPENED ON MARCH 18, 1928. IT ROARED THROUGH PARTS OF MISSOURI, ILLINOIS AND INDIANA, TAKING 689 LIVES, TRAVELING AT A SPEED OF AROUND 60 M.P.H. ITS PATH MEASURED APPROXIMATELY 220 MILES LONG AND UP TO 1 MILE WIDE. MOST TORNADOS OCCUR ON HOT, HUMID AFTERNOONS OR EVENINGS AND THEY USUALLY TRAVEL AT SPEEDS OF 20-25 M.P.H.

**GETTING THE POINT...** One of six F-5 aircraft flown from McClellan Air Force Base in California to Emmen Air Force Base near Lucerne, Switzerland is unloaded from a U.S. Air Force C-5 Galaxy. ## The Good Word from the Bible

... a weekly inspirational message for today's life-styles.

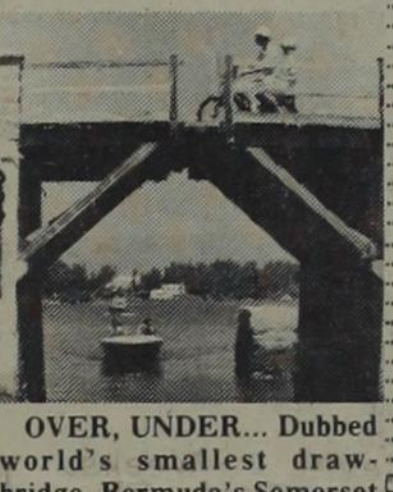

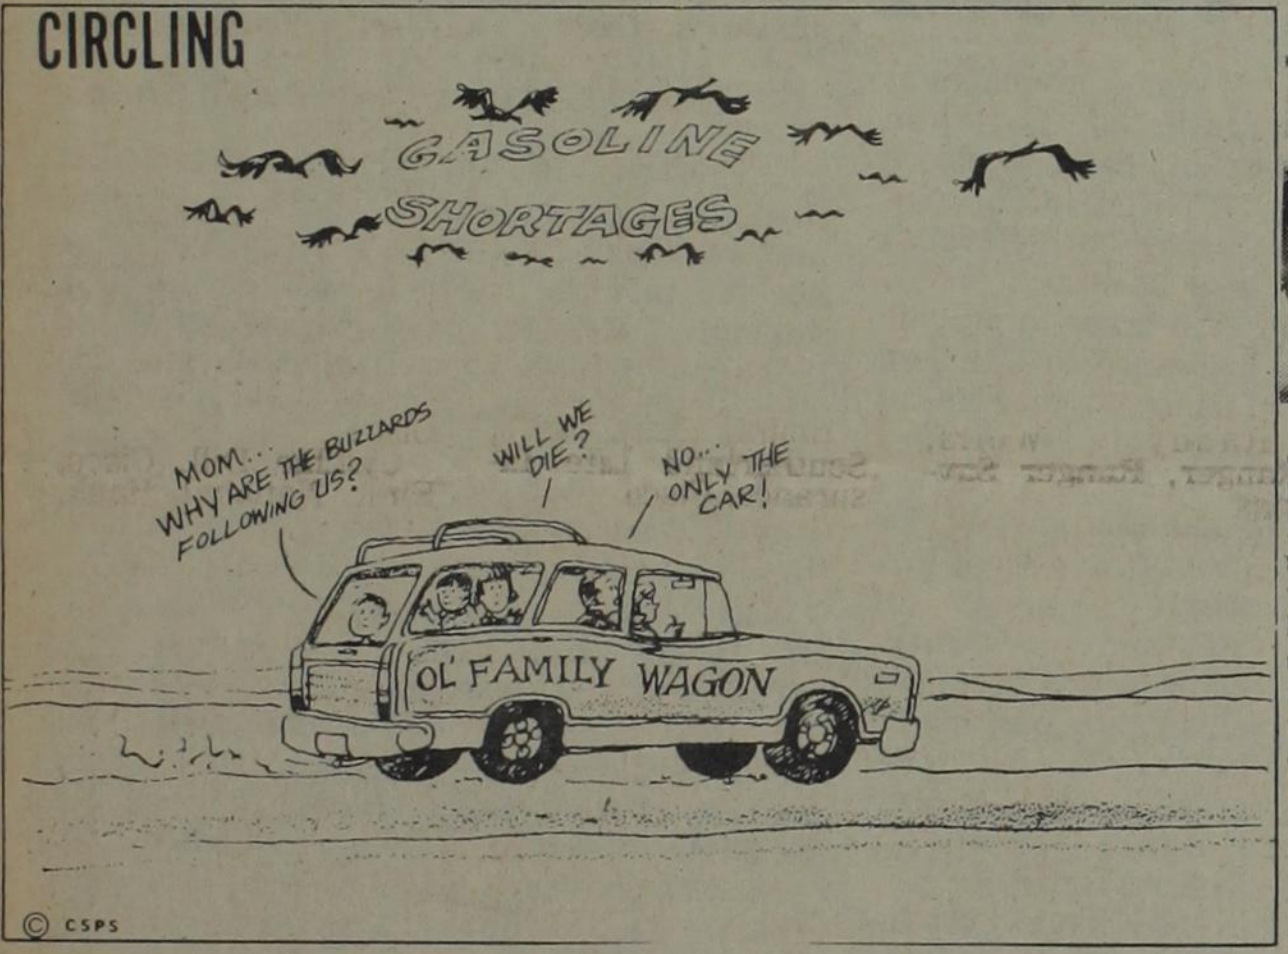

Withhold not good from them to whom it is due, when it is in the power of thine hand to do it. Say not unto thy neighbour, Go, and come again and tomorrow I will give; when thou hast it by thee. Proverbs 3: 27-28

Life is often referred to as a "give-and-take-proposition". The description is fair enough. None of us are inclined to be only "givers" — such is not human nature. We are all possessed with a certain amount of the "taker's" instincts.

The difficulty comes when we are unable to balance the scale — to take what is just, to give what is fair.

Many times in the Bible we are reminded that it is contrary to the laws of God for those in positions of power or authority to withhold from any man that which is his due.

In the quotation from Proverbs above, we should realize the offense is even greater when we turn away our neighbor's call for help that we might answer at little personal discomfort.

**OVER, UNDER...** Dubbed world's smallest drawbridge, Bermuda's Somerset Bridge guards entrance to secluded Ely's Harbour, at western end of the island. Most traffic passing under is small motor. Sailboats with narrow masts can slip through eighteen inch gap of opened bridge.

ON 1849, WALTER HUNT OF N.Y. CITY PATENTED A DESIGN FOR THE **SAFETY PIN**. ON THE 1100'S, PINS WERE SO SCARCE IN ENGLAND, THEY WERE ONLY SOLD ON JAN. 1 & 2.

HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

Food for the Elderly... Through the national Nutrition Program for Older Americans, low-cost meals and related social services are being provided to many people 60 and over — and their spouses of any age — who need such assistance. Most meals under this program are provided in group settings, such as schools, community centers, churches and public housing. Under some circumstances, meals can be home-delivered. Information about these programs can be obtained by writing the Administration on Aging, Washington, DC 20201, or from your state or local agency on aging. In addition, many low-income, elderly persons can stretch their incomes with food stamps — the food coupons that are used like money at the grocery store and are obtained from the government for less than face value. An individual need not be receiving assistance payments to qualify for food stamps. Information about the program can be obtained from the state or area agency on aging or your local department of social services, human resources or welfare.

### Area Youth Involved In Cattle Theft

Three young residents of the Rising Star area, two males and a female were charged with livestock theft last Wednesday and Thursday in Comanche Justice of the Peace Court No. 1. Justice of Peace Joe Elliott remanded the trio, Jerry Daniel Hollis, 19, Richard Wayne (Ricky) Cotton, 18, and Linda Lee Wieckert, 18, to Comanche County Jail after they failed to post bond. The two men and the woman are charged with stealing two young calves from the R.J. Reed pasture and one calf from the Jack Shults pasture, both located west of Sidney.

Comanche County Sheriff's Department officers reported the calves were recovered at a Brownwood livestock auction sale last Wednesday where they had been consigned for sale. Officers said the three are also being questioned in connection with the recent theft of two pigs and several calves in Brown and Eastland County. Sheriff's officers have turned the livestock theft cases

over the Southwestern Cattle men's Association Special Rangers. Hollis and the Wieckert woman, who identified herself as Cotton's common law wife, were arrested at the Brownwood sale barn Wednesday, March 14th. Cotton was apprehended Thursday, March 15, by Comanche Game Warden Billy Works and Rising Star Constable Howard Gene Hicks after a chase involving Comanche, Eastland, and Brown Counties peace officers. Officers reported they were at a residence near Rising Star searching for Cotton when they saw the suspect drive by in a wrecker. The officers pursued the youth who reportedly fled the wrecker carrying a rifle. He was pursued into a pasture where Works and Hicks discovered him in a deep ditch with the rifle reportedly pointed towards his own throat. Hicks, acquainted with the youth finally talked Cotton into giving up the rifle and surrendering.

### Federal Crop Insurance Representatives

Peanut producers in southeast Callahan County can now obtain "All-Risk Crop Insurance" protection on their peanuts.

"In order to provide insurance in Callahan County, the Federal Crop Insurance Corporation has set up the Southeast part of the county as a local producing area of Eastland County. Some 87 producers are eligible to participate in the F.C.I.C. program," said Emory Holder, F.C.I.C. District Director.

The Federal Crop Insurance Corporation is an agency of the U.S. Department of Agriculture. It provides protection against such disasters as wind, hail, insects, freeze, disease, excessive moisture and drought from the time the crop is planted till the peanuts are removed from the field.

"Since Federal Crop Insurance establishes a cash value on the crop when it is seeded, a producer is assured an amount of income no matter what nature does," Holder said.

Because your crop investment is protected, your F.C.I.C. policy can also be used as collateral when credit needs arise. Holder stated the premium is paid after the harvest of peanuts.

Federal Crop Insurance has been available on peanuts in Eastland, Comanche, Brown, Hood and Erath Counties for several years. According to Holder, the Corporation's liability for those counties are nearly \$2.3 million last year.

Federal Crop Insurance representatives will be on duty during banking hours at the Citizens State Bank in Cross Plains from April 2nd thru April 11th and at the First State Bank in Rising Star from April 2nd thru April 13th.

### Badges Awarded To Local Scouts

On March 22, the Rising Star Cub Scouts met with their parents for the monthly pack meeting. Mr. Eldon Sehnert, Scout Executive of the Comanche Trail Council of Brownwood was our guest. Mr. Sehnert discussed the annual Scout-O-Rama which is to be held in Brownwood Coliseum on April 7, 1979. The Scout-O-Rama is an exhibit of the whole Scouting program in action as presented by the Cub Scouts, Webelos Scouts, Boy Scouts and Explorers.

It's a walk through booth type show with live action. It shows the public the activities, skills and values of scouting. Parents, friends, relatives and the general public are invited to see the most colorful and exciting show in town, The Scout-O-Rama.

As the second part of our program we honored each of our Cub Scouts for their hard work and diligence in earning their badges and arrow points. Our Cub

Master, W.D. Hill announced what badge each scout had earned: A Bear Badge to Sam Jones, A Wolf Badge to Dean Bishop, A Wolf Badge to Michael Pittman, A Wolf Badge to Coy Barker, A Bobcat Badge to Stacy Green, A Bobcat Badge to Shannon Dudley.

Gold Arrow Points to: Jerry Long, Jerry Butler, Kelly Hill, Kerry Hill, David White, Coy Atwood, Lance Butler, Dean Bishop. Silver Arrow Points To: Sam Jones, Jerry Long, Jerry Butler, Kelly Hill, Kerry Hill, David White, Coy Atwood, Lance Butler, Dean Bishop. Congratulations to each of these Cub Scouts.

W.D. Hill, Cub Master welcomed three new members: T.M. O'Conner, Martin Horrell and Robert Lucefold. The Cub Scouts and their leaders would like to express their gratitude to everyone who has supported us in our bake sale and brought tickets to our Scout-O-Rama.
