Number 31

THE RISING STAR

WHERE THREE GOOD
TEXAS COUNTIES
GET TOGETHER

Not long ago, Stanley Kennels and Game Farm made headlines with a story about "Ginger" the coyote, and her new career as a movie star. Word was received by the Stanley's a few days ago that Ginger is shooting movies on thirteen different sets and a list of these will be sent to them soon. They were told that everyone is very pleased with Ginger.

Well the Stanleys now have another claim to fame. It is even more unusual than Ginger. This is in the form of an eight-foot rattlesnake named "Stanley".

Stanley was shipped to North Carolina the first part of the year and to Florida from there. He is the star of a movie called, what else, "Stanley", now showing at a theatre in Abilene.

Mr. and Mrs. Melton Stanley, along with sons Ricki and Micki, age 15 and Deja, 2½, own and operate Stanley Kennels and Game Farm just west of town.

Mrs. Stanley gave me a list last week of the animals they now have on hand. They included: 486 baby skunks and 85 mama skunks, all descended as they come in; 50 baby raccoons and 60 adult raccoons; 3 bobcats, which, incidentally, were caught by Dee Underwood and son Robert; 1 neutra; 8 jack rabbits; 10 blackrock squirrels; 4 red fox clubs; 3 gray fox kittens; 3 adult stock dogs and 5 puppies; 85 adult hunting dogs; 20 puppies, and 7 half grown; 1 poodle; 1 Boston screw tail and 2 cross breeds.

Besides all these the Stanley's have approximately 150-200 assorted snakes.

All of the animals are vaccinated for distemper and rabies when they come in.

Mrs. Stanley noted that 250 red fox have come in from within a 30 mile radius of Rising Star.

The Stanleys would be happy for anyone interested to come by and see all of their animals. Who knows, you may get to see a future "movie star".

L.T. Owen County Comm., Prec. 3

L.T. Owen was elected County Commissioner, Precinct 3 in the run off election Saturday, June 3 with a vote of 422 over his opponent Curt Smith with 380 votes.

Mr. Owen, age 42, moved to Rising Star in 1943. He was born and raised in the Okra and Longbranch communities. He has been in the trucking business here for several years.

L.T. is married to the former Josie Hogan and they have three sons, Johnny, 20; Robert, 14; and Bill, 9½ years old. They are members of the Church of Christ.

He will assume the duties of County Commissioner Thursday, June 8.

Rodeo Continues

To Draw Crowd

Rising Star citizens and visitors saw another fine rodeo here Friday, June 2.

The Roping Club would like to extend a cordial welcome to those who have not already attended to come out each Friday night through the summer and join in on the fun.

Young Homemakers Chapter Style Show Saturday, June 10

The Young Homemakers Chapter of Rising Star in cooperation with Higginbothams are to have a Style Show for the public on June 10th 1972, at 8:00 p.m. at the high school gym. Mrs. Barbara Williams, Home Demonstration Agent with Higginbothams of Comanche, will be mistress of ceremonies.

The majority of the clothing to be modeled will be hand made by the Young Homemakers or Future Homemakers chapters of Rising Star. The ready-to-wear clothing from Higginbothams will also be modeled by the homemakers. Styles for all age groups will be modeled in the show.

A variety of delightful entertainment will be presented throughout the style show. Door prizes will also be given away.

Tickets may be purchased at Higginbothams or at Rosa Van's Beauty Shop. Tickets will be sold at the door also. Prices for adults are \$1.00 and for students, \$.50. Money obtained from the show will go toward the Young Homemakers Chapter of Rising Star to help carry out the chapter's projects and activities.

Young Homemakers is the big sister organization to the FHA and is sponsored by the Homemaking Department. Mrs. Diddle is the advisor. Young Homemakers is com-

posed of women who are not enrolled in high school.

Your support will be greatly appreciated!

The following is a list of the models and the categories they are in:

STEER RIDING

Kris Brown - Gorman winner.

Quincy Corbett Ranch, Breckenridge; and the J.W. Rhodes Ranch at Mineral Wells will speak on HILF systems on their ranches. Brown's system includes an artificial breeding program with Simmental cattle. Steers and light stocker cattle are being used in two systems, and cows are run in a three system on the Quincy Corbett Ranch. Corbett is reporting excellent gains on stocker cattle. Dick Carey, operator of the Rhodes ranch, has a cross breeding program. He will present data on the effects of this system on conception rates on cows. Carey has used 10 less bulls than ever before. He estimates a savings of \$5,000 just in bulls alone.

Students From R.S. On Dean's List

Three Cisco Junior College Students from Rising Star have been named to the Dean's List for the recently concluded spring semester of 1972.

The list was released recently by Carroll Scott, Dean of Faculties and Admissions for the Cisco college.

Students from Rising Star on the Dean's List, with a 2.5 or better grade point average in a 3 point system include: Mary Hubbard, Danny Hughes, and Gary Ware.

Mary is the daughter of Mrs. Ruby Neil Hubbard. Danny is the son of Mr. and Mrs. Lee Hughes, and Gary is the son of Mr. and Mrs. W.E. Ware.

Romney Reunion Sunday, June 11

The Romney reunion will be celebrated on Sunday, June 11, at the old Romney school ground located on highway 183, south of Cisco.

Old friends are invited to come and meet old acquaintances. Everyone bring a basket lunch and enjoy the good fellowship.

Cemetery

Donations

Donations to the cemetery fund this week were: Mrs. Robert Dukes, \$5; Emanuel Alexander, \$5; Roxie Butler, \$10; George Miller \$5; Mrs. C.F. Carroll & Children \$10; John A Boatman \$12; Melvin Gunnells \$5; M.E. Walters \$12; Mrs. J.E. Bury \$5; Drucilla Eberhard \$10; and Mrs. Grace Goss \$20.

Briscoe, Sanders, Creighton Triumph In Second Primary

The county voting almost exactly mirrored the state results and three local races were decided Saturday, with the fourth local contest made Tuesday on the flip of a coin.

Of county-wide interest is the election of L.T. Owen as new County Commissioner from Rising Star Precinct. He defeated Curt Smith, 426 - 383. In Cisco, Former Police Chief S.E. Parkinson polled 693 votes to defeat B.W. Carr, who got 462 votes, for Constable of that precinct.

In Rising Star, Arley Bibby got 425 votes to win over W.H. Kornegay's 378 for constable in that precinct.

The county went for Barefoot Sanders over Ralph Yarborough, giving Sanders 2,490 and Yarborough 1,871.

It turned out to be Briscoe's county too, with 3,053 votes for him and only 1,340 for Farenthold for state governor.

Hobby got 2,538 to win over Connally's 1,839 for Lt. Governor.

Calvert got 2,284 and Wilson 1,994 for state comptroller.

Sen. Tom Creighton polled 2,869 votes in the county to Tom

Holmes' 1,422 to help re-elect Creighton to the State Senate.

County Republicans voted in three boxes - Eastland, Cisco and Rising Star - and gave Grover 23 votes and Fay, 3 for the GOP gubernatorial nomination.

The county strength in the first primary was 5,470 to the run off turnout was considered very heavy. And returns came in record-swift with the courthouse counting crew finished by 8 p.m.

The fourth local contest was an unusual party situation. The race for Precinct 2 Democratic chairman in Eastland County, which ended in a tie between incumbent Dr. Dick Hodges and Jim Everett in Saturday's runoff elections, was decided by a coin toss at 2 p.m. Tuesday in the county commissioners office, according to county chairman A.E. Crawley.

Crawley said the county executive committee canvassed the runoff vote and "cast lots" to determine the

winner between Dr. Hodges and Everett, each of whom received 66 votes Saturday.

According to County Clerk Johnson Smith, neither man was on the May 6 primary election ballot. The two received a majority in a three way write-in campaign, he explained, placing their names in the runoff.

Smith pointed out that Article 13.26 of the election code, which governs the runoff tie vote situation, says that the winner shall be selected by casting lots, but does not specify the method to be used.

Dr. Hodges, Ranger native and 1949 graduate of Texas A&M, has been a resident of the area for the past 50 years. He is a veterinarian. He was appointed precinct chairman two years ago upon the death of the previous chairman.

Everett, a resident of Olden since 1918, is a merchant who listed his main qualification for the position as "an interest in doing a good job as precinct chairman."

FLAG DAY

We observe June 14th as flag day, as it is the official birthday of the flag of the United States of America, which is its correct full name.

On June 14, 1777, Congress passed the following: Resolved that the flag of the thirteen United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white on a blue field - representing a new Constellation. This made Old Glory our official flag.

It has been said that as people we know very little about our flag and are yet more careless in observance of the law of respect due it. During the street parades thousands fail to stand at attention and salute their flag. It is important therefore as good citizens that we should know about our flag and modestly help to set a proper example for its use. We should all learn as the Boy Scouts of America the pledge of allegiance to the flag of the United States of America. It is:

"I PLEDGE ALLEGIANCE TO THE FLAG OF THE UNITED STATES OF AMERICA AND TO THE REPUBLIC FOR WHICH IT STANDS: ONE NATION, UNDER GOD, INDIVISIBLE, WITH LIBERTY AND JUSTICE FOR ALL"

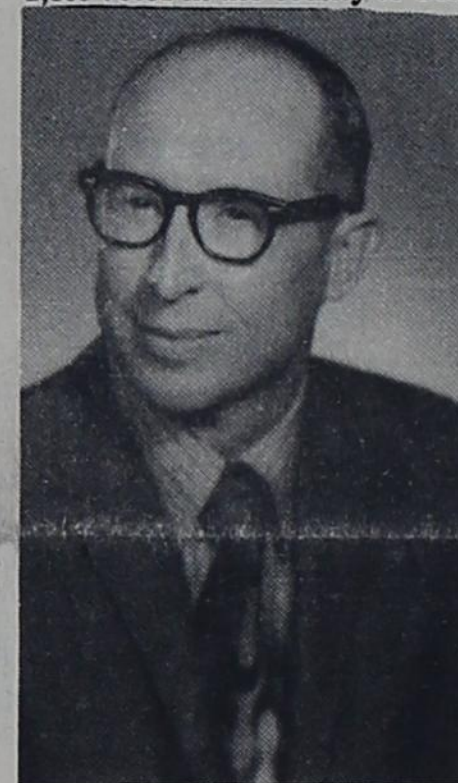

The blue of the flag represents Justice, like the eternal blue of the starfilled heavens, it's white is for Purity, cleanness of purpose, of word or deed. The red is the red life blood of brave men and women, ready to die or to live worthily for their country.

I will confess that I did not know too many details about our flag. I loved my country and flag but did not appreciate it as much as I should have until my son became a Boy Scout and we began to study. The second requirement in the Boy Scout handbook was to know the composition and history of the flag of the United States of America. I began to study with him and this flag requirement really impressed me and I really began to love and appreciate the flag and its history. As my son went on to get his eagle badge and his three palms, bronze, gold and silver, I realized even more the freedom of the flag of our country to do as we pleased and study as we please.

Over the years I have loved and respected the flag and at my home in Olden I proudly fly the flag and to me there is not any sight as pretty as the flag of the United States proudly flying in the air. My flag of my America, home of liberty, soil of opportunity, tower of power rightly used.....MY America and I thank my Lord that I am a citizen of this wonderful and beautiful America.

May Old Glory always fly so proudly.

Mrs. Katie Knox
Olden, Texas

Neil Lightfoot

Visualized Bible Lectures At Church of Christ June 11-14

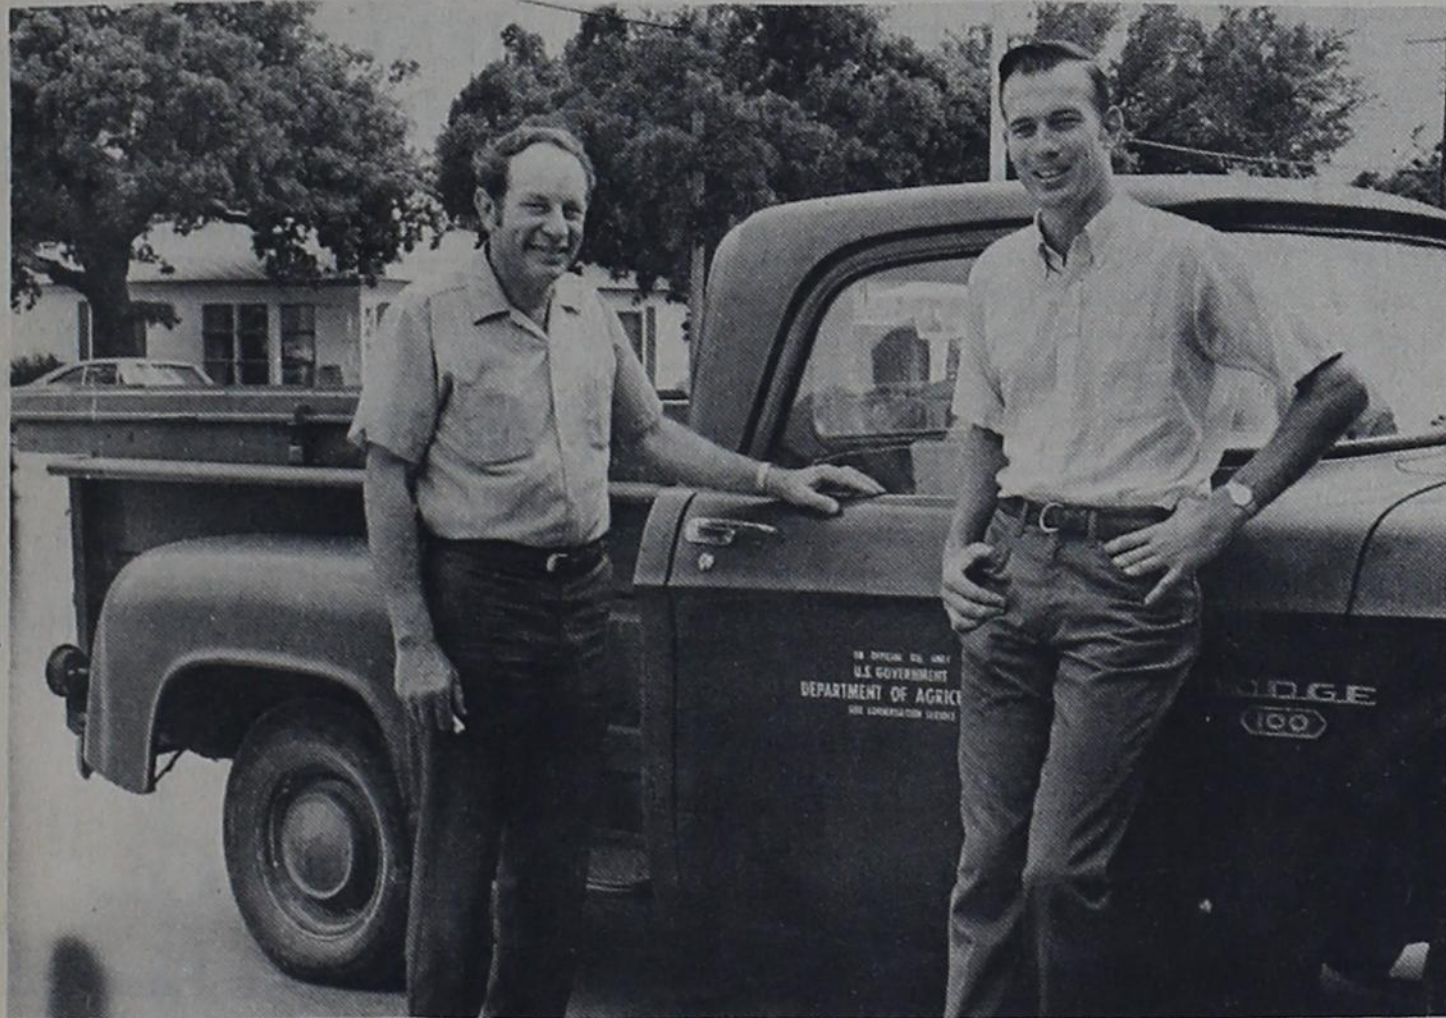

A series of four visualized lectures on the origin of the Bible and its reliability will be presented at the Rising Star Church of Christ, Sunday through Wednesday, June 11-14, 7:30 nightly, by Dr. Neil R. Lightfoot, of Abilene Christian College.

Dr. Lightfoot is professor of Bible and Biblical languages at Abilene Christian College and has authored several books including "How We Got the Bible" and "The Parables of Jesus". He will utilize his own colored slides projected on a large auditorium screen in his lectures.

Local minister James Haney stated that this will be an unusual series with information on how the Bible was written and preserved. "One of the big problems in religion today revolves around whether the Bible is from God or merely written by man," he said. "This series of lessons will concern itself with this problem and will seek to answer the question of

whether the Bible is reliable." Haney pointed out that anyone regardless of religious affiliation will enjoy and profit from this series of lectures.

Among special features of the series will be interesting Bible exhibits in the foyer and a period of questions and answers following the lectures. "Everyone is both invited and encouraged to attend each of these lectures," Haney said. "They will see and hear presentations and exhibits not found elsewhere."

NEW SCS EMPLOYEE - James Murphrie, right, is shown with his new boss, Bill Hinton, left, as Murphrie begins his first day on the job with the Soil Conservation Service in Stephenville. Murphrie is married to the former Janet Ezzell of Rising Star. He will be working with the SCS during the summer, and plans to finish at Tarleton, where he is a General Agriculture major.

Range Tour Will Be Held June 22 In Albany

A grazing system which has resulted in increased grass production, more efficient harvest, and increased livestock production will be demonstrated on a range tour to be held near Albany on June 22, 1972, at 10:00 a.m. according to Lendon Parker, District Conservationist for the Soil Conservation Service at Albany.

The tour, which will be sponsored by the Texas Section of the Society for Range Management, the Lower Clear Fork Soil and Water Conservation District, and the Soil Conservation Service, will take place at the Lucky Ranch, six miles south of Albany on High-

way 380. The Lucky Ranch is owned by H.R. Stasney.

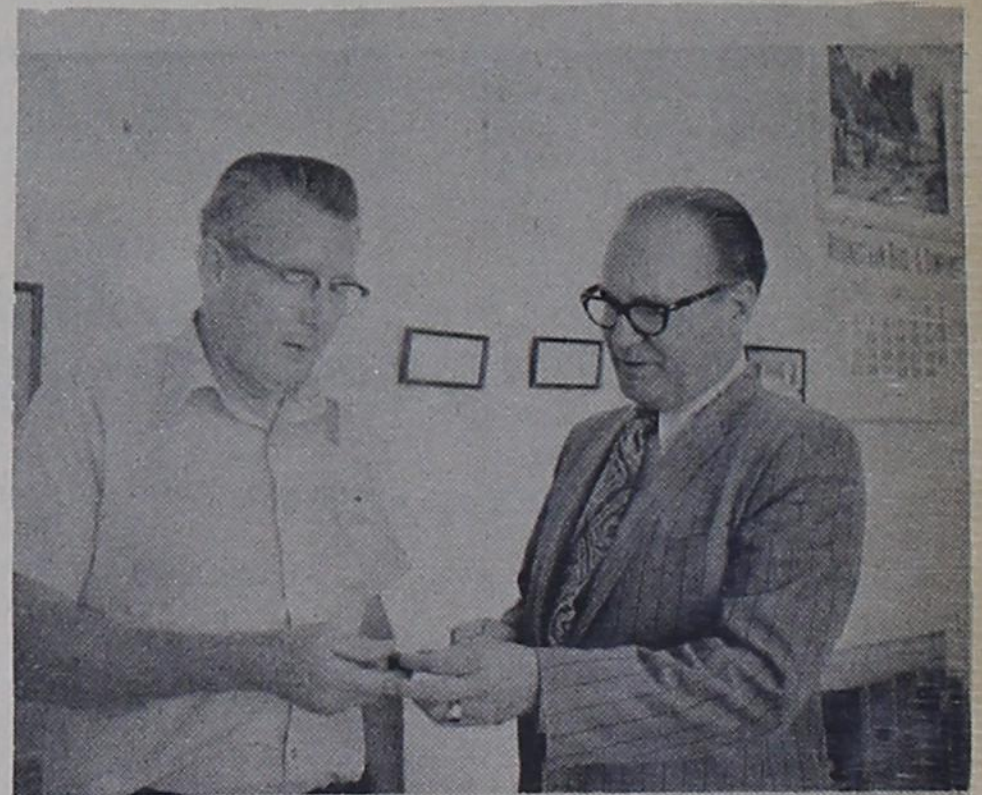

"More than fifty people have traveled from across the State," Parker said, "to see this High Intensity - Low Frequency Grazing System which, along with a range improvement program, has nearly doubled the stocking rate in three years time on this ranch."

High Intensity - Low Frequency systems on the Lucky Ranch and others at Throckmorton, San Angelo, Water Valley, Sonora, and Barnhart that have been in for two or more years have drawn statewide attention because they are showing such benefits

as beef production, reduced, internal parasite problems, and improved wildlife conditions. Because of the strong interest developing in HILF grazing systems, this program has been planned to give an in-area look at these systems.

People interested in going on this tour should meet at the Albany Court House by 10:00 a.m. The group will go by car caravan to the Lucky Ranch. There, transportation will be furnished to carry people over the ranch to see this system in operation, according to Parker.

Following a catered dinner, representatives from the Lucky Ranch, Albany, the Rob Brown Ranch at Throckmorton, the

LEGAL NOTICE

The City Council met Monday evening, June 5, 1972. The Council approved a motion to charge \$3.00 per hour for mowing vacant lots. Operating expenses have increased to the point that a charge for mowing must be made in order to maintain the equipment. Customers will be billed on their monthly Utility statements.
The Council also voted to lock the water tower valve after office hours. Customers needing water after 5 p.m. weekdays and Saturday and Sunday can call C.M. Carroll at 643 - 6264. A fee of \$1.00 per 1,000 gallons of water will be charged to persons buying water.

CARD OF THANKS

CARD OF THANKS
I would like to say thanks to each one from both Rising Star and Cisco for the many beautiful cards, the flowers, your visits, phone calls and prayers while I was in the hospital. They all meant so very much to me.
A special thanks to each of the good neighbors that so faithfully visited W.A. while I was in the hospital. For the food you brought in and all the kindness you showed us both. May God bless each of you
Mrs. W.A. Hester

I WOULD like to take this opportunity to thank my many friends for their support in electing me to the office of constable, Precinct 3. I will make every effort to live up to this confidence you have placed in me.
Thank you again,
Arley Bibby

CARD OF THANKS
To all of those who showed they cared by deeds of kindness, such as flowers, cards, visits, food, phone calls, words

CARD OF THANKS
Words cannot express our heartfelt thanks to each and everyone who sent flowers, cards, and letters, and for the many who came in our time of need.
Thank you all. May God bless each one.
The Family of
Mrs. B.M. Townsend

from Dr. Leon Woods and Rev. Vic Allen, songs by choir and trio, and services of those connected with Higginbotham

CARD OF THANKS
We would like to thank the people of Rising Star and surrounding area for making our business a success for the past two years.
We hope you will continue to patronize the new operators.
Thanks Again
Eddie & Kay Barker

Funeral Home, care in Graham Memorial Hospital, and other thoughtful acts the family of Mrs. Fred (Eleanor C.)

I WOULD like to express my sincere appreciation to all of my friends and neighbors for the sweet and cheerful cards, gifts, and beautiful flowers sent to me during my stay in the hospital. They meant so much to me, just knowing you cared.
God bless each and everyone of you for being so thoughtful.
Mrs. Bill Maynard

Roberds send sincere thanks and ask God's richest blessings upon you.

AS IT LOOKS FROM HERE

Omar Burleson

WASHINGTON, D.C. - AT THE END OF LAST WEEK'S release, reference was made to "affirmative orders" issued by a court. Essentially this is an injunction against an individual who is found to be pursuing a course of conduct which is legally wrong and is harmful to another. Courts possess the power in appropriate cases to grant relief by issuing an order prohibiting such actions in the future. "Affirmative orders", however, may go one step

further. Not only is future conduct proscribed, but the court requires affirmative action designed to undo the wrong previously committed. THIS IS WELL AND GOOD. But, when the wrongdoer is a government agency, the requirement that it take a specific course of action, transfers decision-making from the legislative to the judicial branch. AS AN EXAMPLE, THIS TECHNIQUE has been employed extensively in school

desegregation cases. Schools are not only being ordered to stop acts and policies which tend to discriminate against racial minorities but also are being affirmatively directed with regard to a wide range of future school policies such as the location of district boundaries, the sites of specific schools, the racial composition of teachers and students within each school, the busing of students by racial quotas to a particular school, the propriety of text books and materials, testing methods etc. THE CONGRESS HAS ENACTED numerous laws

appropriated by the Congress for specific purposes. The Congress provides the funds - the Executive spends. No more money can be spent that is appropriated but the President and Presidents in the past contend that all funds provided need not be spent.

IN RECENT DAYS, AMENDMENTS TO BILLS in the House of Representatives proposed that funds be withheld from Executive Agencies whose representative refuses to testify before Congressional Committees under executive immunity.

AFTER ALL, EVERY PART OF GOVERNMENT certainly should be dedicated to work for the good of the Nation, and they do, but our system is based on the "checks and balances"

previously mentioned. Each branch must be tempered by restraint and discretion, the foundation upon which national respect for Governmental authority largely depends.

C. E. Claborns Attend Reunion

Mr. and Mrs. C.E. Claborn of Livingston, Texas, attended the George Hill School Reunion recently.

While here they visited in the homes of Mr. and Mrs. C.M. Carroll and Mr. and Mrs. Herman Claborn.

VISITORS

Mr. and Mrs. Oscar Maddux of Boswell, Oklahoma, visited recently in the home of Mrs. Neppie Williams. Mrs. Maddux is the daughter of Mrs. Williams. They are former residents of Rising Star.

Also visiting Mrs. Williams is her sister, Mrs. Ocie Kingsbury of Longview. Mrs. Kingsbury has been ill recently and under the care of Dr. Carpenter while here.

BRAD CARROLL

GREAT LAKES, ILL. - Navy Seaman Recruit James B. Carroll, son of Mr. and Mrs. C.M. Carroll and husband of the former Miss Vickie J. Stewart all of Rising Star, graduated from recruit training at the Naval Training Center in Great Lakes.

He is a 1971 graduate of Rising Star High School.

NIMROD NEWS:

Eva Stroebel

Mrs. Beulah Sheridan and Mrs. Edgar Townsend attended the homecoming at Scranton Sunday and report a large

crowd. Rev. Cecil McBeth of Bryan, Texas, brought the Sunday morning message.

Mrs. Vernie Allen was Sunday dinner guest of her daughter the Lewis Morgans in Cisco.

Mr. and Mrs. Lee Wells are visiting relatives in Fort Worth.

Mrs. Beulah Sheridan visited Mr. and Mrs. Frank Ford Sunday afternoon.

Mr. and Mrs. G.C. Stroebel attended funeral services for Mrs. Fred Roberts in Rising Star Thursday afternoon.

Those visiting Herman Schaefer last week were Mrs. Edgar Townsend, Mrs. Gale Caryle, and little daughter, and Mrs. Ida Schaefer of Cisco.

Mr. and Mrs. Ernest Stroebel and son Roland were shopping in Abilene Saturday.

Mr. and Mrs. Marvin Munn of Takoka spent last weekend with his cousin Mr. Claud Rich, and Mrs. Rich.

EASTLAND AUTO PARTS HAS IT!

Over 1,800 Expected For 4-H State Roundup At A&M

Saddle Up Partner !!! It's roundup time in Texas!!!

More than 1,800 4 - H girls and boys from all over the state will be invading the campus of Texas A&M University, June 6

- 8 for the 1972 State 4 - H Roundup. They will be bringing a multitude of talents and abilities as they enter into state wide competition in more than 30 contests and demonstrations.

Two Eastland County girls - Suzanne Harbin, and Cynthia Claborn will be participating in the three day event.

Suzanne, a 9 year 4 - H club

member from Eastland will be competing in the meat division of the State Foods Show that will be held on June 6th. She placed 1st at the District 4 - H Foods making her eligible to attend the State Foods Show and Roundup. Suzanne has completed a foods & nutrition project every year that she has been in 4 - H. She has served as a junior leader for project groups in food - nutrition, clothing and horse projects.

Her responsibilities as junior leader also included assisting with county camps parties and other special activities. She has served as vice chairman of District 4 - H Council and has served on the various district programs including the 1971 District 4 - H Dress Revue and the 1972 District Eliminations

program. She has received many awards and honors which include County Dress Revue and Foods Show winner. She received the Danforth Founda-

tion and I Dare You Award in 1970.

Suzanne is the daughter of Mr. and Mrs. Jeff Harbin and is a 1972 graduate of Eastland High School.

Cynthia Claborn, daughter of Mr. and Mrs. Bill Claborn of Eastland is fourteen and a 6 year 4 - H club member of Cisco 4 - H Club.

She will be competing in the home improvement demonstration for top honors along with 25 other 4 - H District winners in the division.

Cynthia has competed in method demonstrations con-

tests each year since she joined 4 - H. She has completed clothing, foods - nutrition, horse, sheep and beef and home improvement projects. She received the Danforth Foundation "I Dare You" Award in 1971.

Cynthia has served on county committees for such events as Dress Revue and County Camp.

One of the special activities of the Roundup is an Adult Leader Recognition luncheon on June 6th where Bill Claborn, Adult Leader for the past 10 years, will be among the 27 4 - H Adult leaders being honored. Claborn was selected from a list of men leaders nominated by 19 counties in District 8.

Bill has given strong support to Eastland County 4 - H and will receive a special plaque from the 4 - H Foundation. Bill has served as an officer in the Adult Leaders Assoc. and as general superintendent of the County Livestock Show for 3 years.

Other Eastland Countians who will be attending the Roundup activities are Mrs. Betty Claborn, Mrs. Jean Harbin and Mrs. Judy Cardwell, Assoc. CHDA.

Reunion Held By H.R. House Daughters

Seven sisters of the late Mr. and Mrs. H.R. House of Okra, enjoyed a reunion which was held in the home of Mrs. Dixie Jones of Lubbock.

The sisters were: Mrs. Ed Jones, Greenville, N.M.; Mrs. Jesse Camp, Abilene; Mrs. John Maddux, Phoenix, Ariz.; Mrs. Lois Houser, Kingsland, Tex.; Mrs. Allene Lawson, Rising Star; Mrs. Lessie Claborn, Rising Star, and Mrs. Dixie Jones, Lubbock.

Others attending were: Mr. John Maddux, Mr. and Mrs. Holman Maddux, Phoenix, Ariz.; Mrs. L.L. Click, Mike and Teri, Big Lake; Mr. and Mrs. Phil Click and Kim, Lubbock; Mrs. Royce Bowers, Kingsland; Mr. and Mrs. Paul Jones, Post; Mr. and Mrs. Gene Jones, Mr. and Mrs. Glen Maloney, Judy and Jerry, Mr. Walter Jones, Mr. and Mrs. George M. Johnston, Chris and Karen of Lubbock.

Little Bit Of News

Mr. and Mrs. Louis Mayfield left Monday, June 5, for a thirty day vacation to Wyoming, Canada, the West Coast and other points.

I would like to thank all my friends and neighbors who voted for me in the run-off election held Saturday, June 3.

I will do my best to live up to this confidence placed in me. Thank you, again!

RISING STAR, TEXAS

OBITUARIES

HD NEWS
By Janet Thomas County Home Demonstration Agent

Mrs. Warene Tune

Funeral services for Mrs. Warene E. Tune, 74, of Largo Camp Counselors, New Mexico, were held Wednesday, June 7 at 2 p.m. in the Rising Star Church of Christ with Brother James Haney officiating. Burial was in the Rising Star Cemetery. Mrs. Tune passed away Monday, June 5. Her husband, John William Tune, preceded her in death March 11, 1957. She was survived by one daughter, Mrs. Alene Coleman of Largo Camp Counselors, N.M. and a brother, C.R. Day of Phoenix, Arizona. Other survivors include a niece, Mrs. H.M. Jones and a sister-in-law, Mrs. Emily Tune, both of Rising Star.

Mrs. Annie Wiggins

Funeral services for Mrs. Annie Saphronia Wiggins, 71, were held Tuesday at 10 a.m. in Higginbotham Funeral Chapel with Rev. Lloyd Coker officiating, assisted by Rev. Vic Allen. Burial was in Rising Star Cemetery. Mrs. Wiggins passed away at 12:55 p.m. Sunday in Twilite Acres Nursing Home after an illness of two years. She had been a life resident of Rising Star, residing in Twilite Acres for the past two years. She was born in Eastland County on March 12, 1901. She married James Wiggins in January, 1948 in Cross Plains. She was a member of the First United Methodist Church of Rising Star.

Mrs. B.M. Townsend Funeral Held In Kermit

Funeral services for Mrs. B.M. (Pearl) Townsend, 68, of 900 Martin, Kermit, Texas, were held May 26, 1972 at 2 p.m. in Cooper Funeral Chapel. Burial was in Kermit Cemetery.

Mrs. Townsend was a member of the Baptist Church and Rev. Bill Crawford of Graham, Texas officiated.

Mrs. Townsend was born Dec. 11, 1904 in Eastland County and lived here for 40 years. She had lived in Kermit for 28 years where she had owned and operated green top cafe. She passed away May 24, 1972, at 9:15 a.m. in the Winkler Memorial Hospital in Kermit after a long illness.

Survivors are her husband of the home, one son, Jack Ray of Kermit; two daughters, Mrs. Minor (Bobbie) Browning and Mrs. Albert (Burnece) Brinson and two granddaughters all of Odessa.

Those attending the funeral from out of town were: Mrs. L.G. Crawford, Mr. and Mrs. John G. Lee, Mr. and Mrs. Earl Lee, Mrs. Julie Townsend, all of Rising Star; Mr. and Mrs. Otis Lee, Brownwood; Mr. and Mrs. Doc Brown, Cisco; and Mr. and Mrs. Lon Townsend and Gene of Eastland.

Wallace Taylor Curtis

Mr. Wallace Taylor Curtis, 88, 307 Marshall died April 28. A resident of San Antonio 35 years, Mr. Curtis was a member and superintendent of the Adult Sunday School Class at First Baptist Church.

Mr. Curtis was editor of the Rising Star X-Ray in 1919. He was the uncle of Gladys Smith Crow.

Survivors are his sons, Claude C. Curtis, Houston, Travis B. Curtis, Iraan, Tex.; sisters, Mrs. Monnie Tanner, Wichita Falls, Mrs. Essie Barnes, Fort Worth; four grandchildren and six great grandchildren.

H.D. CLUB NEWS Janet Thomas

Summer time is a busy time for the homemakers who are canning and freezing fruit and vegetables! This year there has been a bumper crop of apricots. Recently visited at the Dave Fambrough home in Eastland and such a lovely home orchard! The trees were loaded with apricots, peaches, and plums.

For different jam recipes you might like to try **Pineapple and Apricot Jam**. The recipe is: 2 1/2 lbs. fresh apricots (7 cups sliced) 5 cups sugar 3 cups crushed pineapple.

Wash and slice apricots, mix with sugar and pineapple (fruit juice). Cook until desired consistency (about 25 minutes). Pour into sterilized jars and seal while hot.

Home Demonstration Council

will meet on Wednesday, June 7th at 2 p.m. in the Farm Bureau Building in Eastland. Council will make plans for participating in the 4-County H.D. Camp scheduled for July 11th. Clubs will present nominees for delegates to the State T.H.D.A. meeting which will be held in Houston, September 12 and 13.

Wrought iron furniture is popular seller for our door patios. Wrought iron furniture demands periodical care to keep its original appearance. It should be hosed frequently or washed with warm water and mild detergent.

EASTLAND AUTO PARTS SHOP SERVICE

Texas Community Improvement Program Completed

By Reagan Brown
The Texas Community Improvement Program has been completed for 1971-72! More than 100 communities will receive cash awards. County judging, district judging, and state judging have been completed and the following communities were the top four in Texas. After visits and careful analysis by the judges the following winners have been declared:

I. Fashing - Peggy is a German community in South Central Texas named after a tobacco can. They have built a new community center, enlarged their schools, have improved their crops, and have developed a new water supply system. They raise flax, maize, wheat, corn, and cotton. \$550 - Silver Tray - Atascosa County.
"In Fashing - Peggy is das Leben Schonn und Suss", which interpreted from German to English, means: "In Fashing -

Peggy life is pretty and sweet." II. Harris Chapel is an East Texas Community located in the beautiful pine forests of East Texas. Probably the outstanding characteristic of this community is the neighborhood cooperation they displayed as they achieved all of their goals. Church improvement, beautification programs, livestock and crop improvement, and probably one of the state's finest pasture programs was shown to the state judges on the tour. Over fifty 4-H boys and girls participated in demonstrating the many youth activities they had accomplished during the year. One of the stops that was most interesting was the James Bond Double Six Herringbone Milking Parlor - a 1500 lb. milk tank, 1972 DHIA Honor Roll with 14,000 lb. herd average and 465 fat on 125 cows. We saw Gai Millet fields, 150-ton and 8-ton grain storage bins, crimpomatic automatic feed mill, Hammer mill, 15,000 amp alternator, and a 150 foot loafing shed. \$450 - Silver Tray - Panola County.

III. Crawford has been a two-time state champion in past years. This wonderful community had voted a bond issue and built a new school, built over 20 new homes in the community, and resurfaced over 20 miles of road this year. A hog operation has been added to the community that has over 400 brood sows. A new fire truck, new community signs, and hundreds of other programs make this one of Texas' brightest spots. \$350 - Silver Tray - McLennan County.

IV. Boling, Texas, of Wharton County is truly one of Texas' outstanding rural communities. Acres of corn, cotton, grain sorghum, and pasture grasses makes it one of the beautiful spots of Texas. Health programs, improvement of the community center, establishment of a new bank, and the creation of a new Chamber of Commerce makes it truly representative of its motto that reads "There is none better". \$250 - Silver Tray - Wharton County.

All of us at Texas A&M University wish to express our appreciation for many of the courtesies extended to us by all the communities during the year. We are grateful for the support from all the electric utility companies that makes the awards possible. We realize how hard the people work to show us the improvements and we realize that in these communities there is a great strength for our country. Perhaps all of us can find new inspiration, new vision, and motivation to continue to work to "Make Texas Even Better".

'Operation Clean Sweep'

"Operation Clean Sweep", the Texas Water Quality Board's clean-up program initiated in November of 1969, has almost completed the first phase of its assigned task, and it is an invaluable program, according to Gordon Fulcher, TWQB chairman. The board heard a staff report on "Clean Sweep" at its monthly meeting on May 24.

At Fulcher's suggestion, "Clean Sweep" was started in the northeast corner of the state, with TWQB field people examining all wastewater discharges, river basin by river basin. "Just like we were weeding a garden", he instructed.

Since the program was started, 1,500 wastewater dischargers, both municipal and industrial, have been inspected, and of those, representatives from 243 wastewater treatment systems have been called before the TWQB at least once, to give an account of their operations. As a result, some 64 waste dischargers have either completed or have in progress construction projects to improve their treatment facilities, usually with totally new plants; 19 dischargers have been terminated, generally by connecting to a regional system or going to total irrigation, and 11 dischargers have been referred to the Attorney General "when we could not get their attention in any other way," Fulcher explains, adding that, "an improvement in the receiving waters has occurred everywhere that our activities have resulted in new or better treatment facilities. "Clean Sweep" has done

what it was meant to do, and that is to show us where the problems are", Fulcher said. "In addition to the actual improvement showing up in our rivers and streams and lakes, the program has had some added benefits. It has created a climate of responsibility and awareness which have enabled us to get things done because people have become familiar with the Board's work. By spreading this knowledge about water quality around the state, we also have been able to accomplish some objectives that might otherwise have been a little harder to come by," he pointed out. "Clean Sweep now moves generally into West Texas and the Upper Rio Grande Valley areas where problems of water pollution are relatively few since there is little heavy industry, population is widely scattered, and there is little rainfall. A few South-central counties also are yet to feel the weight of the "broom" that is sweeping the state. Fulcher pointed out that municipalities both large and small are responsible for an appreciable portion of the damage to the waters of the state. "So many of them have outgrown sewage treatment facilities that were constructed years ago and which must be updated and improved or replaced. The job before us will never actually be completed because we are looking to challenges of considerable magnitude for the future, as population continues to grow and shift. Clean Sweep is a step in the right direction, but we'll have to keep the broom moving if we expect to keep the house clean", he added.

Federal Trade Commission

Some two years ago congressional hearings helped spotlight abuses in connection with sweepstakes prizes offered but never awarded in mail offerings.

Last year the Federal Trade Commission secured agreements from some of the large promoters in which the companies agreed to award all offered prizes. Several other companies voluntarily adopted the same policy. Still my office continues to receive complaints concerning fake puzzle contests.

Some of these complaints center around contests which are "free" but some involve contests in which it costs to participate. A typical example of the latter type is the puzzle in which a contestant is asked to identify word and picture clues such as "The opposite of white is....." "Five plus three equals....." and "The moon comes out at....."

Using the first letter of each of the above words the entrant would then have to spell out and select the correct first name of a famous American whose picture would be shown. There might be clues given such as "He helped write the Declaration of Independence" - "He flew a kite in a storm with a key tied to the tail and discovered electricity." You would have to fill in the first name....with the last name of Franklin being given. Possible choices for names as shown in an accompanying list might be - Ben - Ted - Ike - Pat - and Max. It would be very difficult for even a fifth grade child to fail to solve a puzzle as simple as this one.

After the entrant sends in his solution, he is informed that he is officially tied for first place in the contest. All persons who have sent in the correct solutions are notified that there will be a series of tie-breakers which they must solve to be eligible for a prize but if the contestant wants to qualify for an even larger prize, they are asked to enclose \$2 to \$5 for each tie-breaker.

The scheme is that while the initial puzzle and most of the early tie-breakers are ridiculously easy, as you get to the end of the tie-breakers, the puzzles become so difficult that even an extraordinary person would have only a faint chance of coming up with the correct solution.

CJC Shatters All Previous Summer School Enrollment Records

All summer school enrollment records for Cisco Junior College have already been shattered, with registration scheduled to continue through Thursday, Carroll Scott, Dean of Facilities and Admissions reported today. On the first day of summer school registration, Monday, more than 300 students signed up for classes in Cisco and in Graham, with enrollment figures yet to total in Coleman, Cross Plains, and Dyess Air Force Base.

The first day of summer registration saw 190 students in Cisco and 102 in Graham for the extension courses there. Registration was held at Dyess AFB Monday night but no figures were available at press time. Sign-up for classes will be conducted in the new Coleman extension program tonight (Tuesday). Enrollment at Cross Plains has been going on at the superintendent's office for several days, and totals for that extension program will be released shortly, Scott said. Mr. Scott commented that last year's summer total of 440 students would likely be exceeded by 50 to 100 students.

Special Cow and Bull Sale Sat., June 17, 1972

HOME HINTS

AND FAMILY

From Higginbothams

You got it from your father
Twas the best he had to give
And right gladly he bestowed it
It is yours the while you live.

Barbara Williams

You may love the watch he gave you,
And another you may claim,
But remember, when you're tempted
Do be careful of his name.

It was fair the day you got it
And a worthy name to wear
And when he took it from his father
There was no dishonor there.

Thru the years he proudly wore it
To his father he was true
And that name was clear and spotless
When he passed it on to you.

It is yours to wear forever
Just as long as you shall live
Yours, perhaps, some distant morning
To another boy to give

And you will smile as did your father
Smile above that baby there
If a clean name and a good name
You are giving him to wear.

These thoughts from your HIGGINBOTHAMS store.

Remember FATHER'S DAY, June 18th.

Men In Service

Danny Medley
Completes

Advanced Training

FT. MYER, VA. - Army Private Danny R. Medley, 19, son of Mr. and Mrs. Willie L. Medley, box 306 Rising Star, recently completed six weeks of advanced individual training

with the 3rd U.S. Infantry (The Old Guard) at Ft. Myer, Va.

The Old Guard, which is responsible for the defense of the nation's capital in time of national emergency or civil disturbance, combines the traditional infantry subjects with training in the ceremonial duties required of the unit.

Combat infantry tactics and similar subjects are taught at Camp A.P. Hill, Va.; land navigation and small scale field problems are conducted at nearby Ft. Belvoir, and the ceremonial training is taught at Ft. Myer, headquarters for the 3rd.

Pvt. Medley is now capable of handling both the traditional combat role of an infantryman and the demanding perfection of the ceremonial soldier of the president's own.

The Old Guard's mission also includes guarding the tomb of the Unknown Soldier, participating in all types of military and state ceremonies, and rendering honors to arriving and departing dignitaries.

Pvt. Medley entered the Army in January of this year and received basic training at Ft. Polk, La.

He is a 1970 graduate of Rising Star High School.

Larry Alford
To Be Member
The Old Guard

FT. MYER, VA. - Army Private Larry F. Alford, son of Mr. and Mrs. J.T. Alford, Route 1, Rising Star, Tex., completed today six weeks of advanced individual training with the 3rd U.S. Infantry (The Old Guard) at Ft. Myer, Va.

The Old Guard, which is responsible for the defense of the nation's capital in time of national emergency or civil disturbance, combines the traditional infantry subjects with training in the ceremonial duties required of the unit.

Combat infantry tactics and similar subjects are taught at Camp A.P. Hill, Va.; land navigation and small scale field problems are conducted at nearby Ft. Belvoir, and the ceremonial training is taught at Ft. Myer, headquarters for the 3rd.

Pvt. Alford is now capable of handling both the traditional combat role of an infantryman and the demanding perfection of the ceremonial soldier of the president's own.

The Old Guard's mission also includes guarding the tomb of the Unknown Soldier, participating in all types of military and state ceremonies, and rendering honors to arriving and departing dignitaries.

MRS. FRED ROBERDS

Attend
Funeral Services

Those attending the funeral for Mrs. Fred W. Roberds on June 1st from out - of - town were: Mrs. Ernest Clark and Mrs. Mary J. Jones of Lawton, Okla.; Mr. and Mrs. Frank James Clark of Fort Worth; Mrs. E.F. King of Hobbs, New Mexico; Mrs. G.B. Laswell of Brownwood; Ralph Laswell of San Angelo; Mr. and Mrs. Mike Stewart and Christi of DeLeon; Michael L. Fisher of Waco; Mrs. Aylene Siekman and Bob Siekman of Pyote; Mr. and Mrs. M.L. Joyce of Albany;

Mrs. John J. Mahoney of San Antonio; Dr. Robert J. Mahoney of Pleasanton; Mr. and Mrs. Birt Roberds of Douglas, Arizona; Mr. and Mrs. L.E. Allen of Ulysses, Kansas; Mrs. Ira Hudler of Coleman; Mrs. Annie Bucy Haley of Dallas; Rev. and Mrs. Ed Jackson of Dallas; Mrs. R.D. Brown of San Antonio; Mrs. Phil McCannies of El Segundo, California; James R. Gwin of Douglas, Arizona; Mrs. Nadine Westerman White of Baird; Mrs. Dorothy Weatherman Bearden of Baird; Viola Maples of Coleman; Mrs. Jerry Don Brown and Judy Brown of Artesia, New Mexico; Dr. and Mrs. Leon Woods of Brownwood; Dr. and Mrs. Yantis Robnett of Brownwood; Mrs. Ben A. Fain of Brownwood; Mr. and Mrs. Bert Holamon of Kermit; Mrs. Rubie Carlson of Stamford; Mrs. and Mr. N.I. "Doc" Williams of Lueders; Mr. and Mrs. Wiley Cox of Anson; Miss Ina Womberbec of San Antonio, Texas; and Mr. and Mrs. Herbert Holland of Bronte.

Mr. and Mrs. George Brooks, DeLeon.

Gordon's Potato

by DeMarquis Gordon

The early growing season is resulting in some abundant early crops of fruit and vegetables in the county. A.C. Hardin of Carbon says he weighed 18 white Irish potatoes from his garden and they weighed 18 1/2 pounds - averaged just over a pound each. Others are reporting nice crops of vegetables.

The peach crop is one of the best ever. Peaches are ripening about two weeks earlier, than usual. Chester Marrs of the Chaney Community had about 14 bushels of Sentinel peaches ready to sell last Wednesday. He had more still to be harvested.

Dr. Arlie Powell, Extension Horticulturist was with us

Wednesday. He said the type of peaches Chester had were selling for eight to twelve dollars per bushel on the wholesale market in Dallas. The peaches can be purchased for a much less price. Did you know that 29c per pound is equivalent to \$15.00 per bushel?

News To Farmers

SET ASIDE ACREAGE - Cropland set aside under the Feed Grain, Wheat and Cotton programs must not be grazed between April 30 and October 1, 1972 for Eastland County. Set aside acreage must be at least average in productivity to other land on the farm on which the crop is usually grown.

EARLY CERTIFICATION - Farm operators are reminded they must certify to their feed grain, cotton, set aside and peanut acreage again this year. It is very important that these acreages be accurately and timely reported. Any farm failing to certify will be ineligible for any program benefits. Spot checks will be made after certification. There will be no opportunity to adjust acreage after certification.

The final date to certify feed grain, cotton and set aside acreage is JULY 1, 1972.

The final date to certify peanut acreage is AUGUST 1, 1972.

REMEMBER - EARLY CERTIFICATION MEANS EARLIER PAYMENTS.

MEASUREMENT SERVICE REQUEST - July 15, 1972, is the final date to request measurement service. Those not sure of their exact acreage should consider requesting measurement service now.

FINAL PLANTING DATES - The final date for planting cotton is June 15 and grain sorghum is July 1 for Eastland County. Producers who are prevented from planting or replanting their feed grain or cotton acreage may request acreage credit not later than 15 days after the planting date.

WORKMANLIKE MANNER - Crops must be planted and cared for in a workmanlike manner with the normal expectation of making a crop to be eligible for cotton or feed grain program payments and to be considered for history credit.

POST CARD REPORT - Producers in Eastland County who have a feed grain base or cotton allotment on their farm and are not participating in the programs will soon receive a post card requesting a report of crop acreage. The reverse side of the card explains why this report is very important. Those receiving the post card should complete it, even though no crops are planted, and return it to the ASCS office promptly. No postage is necessary on the card.

Horses previously vaccinated with the government vaccine may be safely revaccinated with the commercially available product, which must be administered by a qualified veterinarian. Vaccination of

foals under two weeks of age and pregnant mares is not recommended unless they are in imminent risk of VEE infection. Since commercial vaccine is now available, the U.S. Department of Agriculture will not furnish vaccine or pay inoculation fees except for possible emergency conditions.

Horse owners should report all sick animals, especially those showing symptoms of fever, loss of appetite, depression, stupor, weakness, staggering, blindness and undetermined death. More than 60 percent of the horses infected with VEE die. There is no cross protection between VEE vaccination and the vaccines for the Eastern and Western forms of encephalomyelitis.

Little Bit Of News

Mrs. Delia Dalton just returned from Austin visiting with her new great grandson born May 16. He has been named Charles Clinton.

Parents of Clint, as he will be called, are Mr. and Mrs. Charles Eubank. Mrs. Eubank is the former Katie Howard of Rising Star.

'Tune' Tires First To Save Time For Summer Fun

Motorists' chances of truly enjoying the lyrical "lazy, hazy, crazy days of summer" are a lot better if they bone up on warm weather tire care.

These maintenance and safety tips to drivers preparing for summer vacation trips or, traditionally, just more time on the open road:

- Make sure you have enough tread on your tires to last on long trips. If you're near the minimum safe tread depth of 1/16 inch in two or more grooves you may want to make replacements before you take off for isolated areas.

- If you buy any new tires remember the law requires the seller to register them if they were made after May 22, 1971. In the unlikely event a recall is necessary because of possible safety defects the manufacturer will notify you directly.

- Check for proper inflation when tires are "cold", before starting out. Follow the car manufacturer's recommendations in your owner's manual, or posted in the glove compartment or affixed to a door pillar. Add up to four pounds of air per tire for long periods of highway driving at high speeds, but never exceed the maximum pounds per square inch (example: 32 p.s.i. max.) marked on the sidewalls.

- Use your own air pressure gauge if possible. Studies have shown station air towers are often inaccurate up to plus or minus four pounds per square inch.

- Vacation trips often mean heavy loads. Make sure the weight is distributed as evenly as possible, including weight in any towed vehicle. Check your owner's manual or a tire dealer for the maximum load limits of your tires.

- Driving on snow tires for any prolonged period in warm weather is poor economy. Abnormally high heat buildup in these thicker tires can wear down the tread faster than in regular tires. It may also cause sudden disablement.

- When the rain comes, beware of skidding on "summer ice". Water mixes with oil and gas films already on the road to form a slick surface. The risk of losing control is five to ten times more likely on wet pavement.

- Check front end alignment frequently, especially if you notice uneven tread wear or "pulling" to one side while driving. Back roads or a few solid bumps on any surface can throw alignment out, even if it was recently adjusted.

- Check for debris such as stones and glass embedded in the tread and in the grooves before starting out.

- Rotate your tires according to the recommendations in the owner's manual. If you notice abnormal tread wear or seem to be getting a bad ride, this is a good time to have your tires balanced.

- Let experts check your tires for proper inflation, cuts or other damage. You'll like the folks at

SABANNO NEWS

Mr. and Mrs. Edwin Erwin have enjoyed their three children and families with them over the weekend. Mr. and Mrs. Nathan Foster, Mr. and Mrs. Charles Ege of Houston and Mr. and Mrs. Ralph of Hobbs, N.M. enjoyed a wonderful get together.

Mr. and Mrs. Truett Dawkins had a host of relatives for the weekend. They took all of them to their Brownwood cottage and enjoyed fishing and boating.

Mrs. Earnest Clark was hostess to the Busy Bee Club Monday afternoon and Tuesday. This is to be the last quilting until September.

Mr. and Mrs. Bob Tamahell and son of near Weatherford and his mother and Mrs. Leona Goleman of California visited with the Edwin Erwin's Sunday.

We are sad to have received the sad news of the death of an old friend, to everyone in the old Liberty and Sabanno Communities, of Mrs. John (Vernie) Holder. Mrs. Holder had been a patient in the Cisco hospital for sometime. We extend our deepest sympathy to the loved ones.

let's move ahead in '72
