CARD OF THANKS

CARD OF THANKS

We would like to express our thanks and appreciation to our many friends for the visits, prayers, cards, food, and flowers that we received during the recent loss of our loved one. We deeply appreciate the kind attention and care that was given by Dr. Cermin, the nurses and entire staff at E.L.Graham Memorial Hospital. Words will never express how sincerely grateful we are for all the expressions of love and kindness shown to us. May God Bless You All.

AND FAMILY

CLAY CADE

THANK YOU

Thank you are two words that are often spoken without too much feeling behind them or merely as a response. I only wish I knew how to express to you the true meaning and feeling I place in these two words for all the kindnesses that have been shown to me. cards, flowers, visits, phone calls, food, gifts were the medicine of my spirit, just knowing there were so many who cared for me and my better health. To the people of our church, to the people of our community, to the High School students and faculty, to the ones in the organizations of our city, I say "Thank You" for your concern and your prayers, and may God's richest blessings be with you all for being the loving people that you are.

FROM OUR CHURCHES

Church Of Christ

At the very core of the Christian faith stands the resurrection of Jesus. It is related, in rahter full detail, by all four of the Gospel writers. It is used as a crucial point of evidence to demonstrate that Jesus is the Christ: the Annointed One and the Son of God. Such is the case in: Acts of Apostles, the Epistles, and Revelation. The resurrection of Jesus serves likewise as the basis of hope for the Christian (Cf. 1 Corinthians 15.) It is inevitably linked with the death of Jesus, as well. However much one may argue the "scientific impossibility" of such an event as the resurrection

times did-Acts17:32), the historical evidence that Jesus did die on a Roman cross and did come back to life, in the span of time he himself had predicted, is overwhelming and entirely credible. The accounts are written in a factual and objective style. Those who testified that it did indeed occur had nothing personal to gain; on the contrary, they were risking their life every time they spoke of it. Threats and violence could not shake their bold declarations of having seen and heard the resurrected Jesus (Acts 4:1-31; 5:27-32; etc.).

In an age of tremendous intellectual strides and scientific achievements, the hope of life after death, and the firm foundation given to it by the event of Resurrection Sunday, gives strength and dignity to life. Likewise, it tells us to look to Christ for the direction we so desperately need. We are not animals: to live briefly and fade forever into dust, but we are fragments of an Eternal, Loving God, destined, if we are in Christ, to live again and forever with Him, in the "new heavens and new earth" (2 Peter 3:13;

Revelation 21:1ff). Therein is cause for rejoicing! We invite you, your family and your friends, to be with us in Bible classes each Sunday at 9:30 a.m. and each Wednesday at 7 p.m., as well as in the Assemblies on Sunday at 10:30 a.m. and 6 p.m. What better time to begin such than the Sunday when special attention is focussed on the resurrected Christ?

Several closely related to those among us are seriously ill. Walter Frazier's condition grows steadily worse. J.W. Lee is still in serious condition. Buck Wallace is quite ill and is in Hendrick Hospital in Abilene (N388).

The father of Jeannine Bailey: Ely Jacobs, is doing fine after recent surgery in Abilene, at West Texas Medical (106). Ruby Ezzell is to undergo serious surgery again in the near future, at the Ardmore, Oklahoma Hospial. Minnie Bilbrey is in Abilene for tests. Snova Walker has gone to Odessa for a few days of recovery. Beatrice Hellums is a little better, but still quite weak. She is at the Rising Star Nursing Center. Adrian Jenkins was ill and unable to be with us Sunday. May God's rich blessings be yours to enjoy this week. Call us if we can serve in any way. Owen Aikin

First United Methodist Church

This Sunday morning millions around the world will gather together to worship and to remember the resurrection of Jesus Christ. Many of those millions will be people who have faithfully lived and worshiped all year long. Many of the millions who worship on Easter will be those who wanted to live faithfully, but just never got around to it. Many other millions will not worship at all because the message of Easter means nothing to them. Which group will you belong to this Easter morning? Ever since that first Easter morning there are those who have tried to discredit the Resurrection of Jesus Christ. A few years ago a English novelist wrote a book called "When It Was Dark." The novel was about a man who tried to discredit Christianity. He endeavored to do this by attempting to discredit the Resurrection In that respect his logic was sound, for if the Resurrection could be discredited then Christianity would be overthrown. This wealthy man hired archaeologists to fake a discovery of the body of Jesus in a neighborhood of Jerusalem. On the tomb was an inscription testifying that the owner of the sepulcher stole the body of Jesus and hid it there.

The novel then goes on to describe the ultimate effect of such a discovery, if accepted as truth, upon the Christian world, upon the Christian Church, and upon civilization in general. In powerful passages he shows how the Christian church slowly crumbles; how men and women go back to lust. cruelty, and animalism; and how the flame of hope dies out in every human heart. Had the body of Christ ever been found, or a grave in

which it could be proved that

his body had been placed

other than that of Joseph of Arimathea, set in the darkness of an never ending life. But thanks be unto God, now is Christ risen from the dead! On His tomb, His empty epitaphs "He is risen; he is not here: behold the place where they laid him! (Luke 16:6) We encourage you to be in the Church of your choice this Sunday and every Sunday. There you will find friends and neighbors who are not ashamed of the Gospel of Jesus Christ. There you can find as they have found that the Gospel is and trust in Him. The Ministerial pleasing to our God, and for tercessions.

"The best prayers always deliver him. And Daniel's seem to be those which flow spontaneously from the Christian's heart," comments Pastor Dell J. Crockett of Redeemer Lutheran Church in Cisco, chairman of the Prayer and Praise for Rain Week. "However, for greater continuity or for helpfulness in praying, our citizens may use the suggested prayers which follow," Pastor Crockett said.

PRAYER FOR HUMILITY: "Spare us, O Lord, and mercifully forgive our personal and public sins; and though by our frailty of trust in YOU, we have merited this drought, be gracious to us. PRAYER FOR RAIN: "Loving Father, our most gracious Protector and Benefactor, we humbly pray to YOU: open the windows of heaven and send abundant, fruitful rain upon us. Revive YOUR parched earth, quench the thirst of all YOUR creatures both man and animal, refresh the vegetation of forest and field, for all things droop and wither. Graciously hear our prayer, and glorify YOUR precious name in relieving our necessity; through Jesus Christ, YOUR Son our Lord. Amen.'

PRAISE FOR RAIN: "Almighty God, heavenly Father, YOUR mercies are new to us every morning. And though we do not deserve YOUR loving care, yet YOU have abundantly provided us with rain from heaven to bring gladness to our hearts, praise to our lips, and thankfulness to our lives. We praise YOU, we bless YOU, we glorify YOURholy name for all YOUR goodness toward us; through Jesus Christ, YOUR Son our Lord. Amen."

The Cisco Ministerial Association thanks Mayor Brown for his endorsement and proclamation as we observe the week of Prayer and Praise for Rain. DELL J. CROCKETT, PASTOR

CJC Sponsors Easter Hunt

A community easter egg hunt, sponsored by Cisco Junior College, will be held for the fourth consecutive year on the CJC Campus, according to and annoucement by Emma Watts, Administrative Assistant to the President and Coordinator of the event. The hunt is scheduled for 2:00 p.m. Easter Sunday, March

26 on the College hill. Children from Cisco and all surrounding communities and towns are invited tp participate, Mrs. Watts said.

Those eligible are preschoolers through third grade. Some fifteen hundred eggs will be hidden, with more than eighty "prize" eggs which may be redeemed for gifts of cash

Cisco merchants and businesses will furnish premiums for the egg hunt, and the various prizes will be announced at a later date.

"There's going to be a lot of fun for youngsters from 2 to 80," Mrs. Watts said, "and we invite everyone to come out and join us on Easter Sunday afternoon.'

DOUBLE YOUR GOOSEBUMPS -- Tons of steel soar more than 100 feet into the air as another section of Six Flags Over Texas' new double loop roller coaster is lifted into place. Riders will literally be turned upside down, twice, as they pass through the 70-foot-tall loops in the background. Called the "Shock-Wave," the massive new ride is slated for opening in mid-April. It's billed as the longest, tallest, fastest, double loop coaster in the world.

4th Annual Bluegrass Picnic Set at Glen Rose

The Fourth Annual Bluegrass Picnic, March 31, April 1 and 2, marks the opening of the 1978 Bluegrass Music season in Glen Rose.

The Bluegrass Picnic is the kind of fun-relaxing event that musicians look forward to from year to year, and on Friday, March 31, they will be flocking into this Northeastern Texas recreational park from all directins, and

so will Bluegrass fans, in trailers, campers, vans, from three-state

Admission to these three days of music is free. There will be no planned or formal program -- just spontaneous fiddlin', pickin' and bass thumpin'. The picnic is a time when musicians get together in

and fun jamming all hours of the day and night. It's a time for hand shaking, meeting old friends and making new friends. And while all this is going on, Bluegrass fans, will be moving from group to group to pick out a favorite band and to listen to their favorite tunes.

"As It Looks From Here" OMAR BURLESON

AGRICULTURE HAS A HISTORY OF "BOOM AND DUST." Weather, of course, has always been a big factor and not much can be done about that, except experiments are under way to modify rainfall cycles. As yet, no one can depend on

THE PRICE OF RAW AGRICULTURAL PRO-DUCTS, INCLUDING BEEF, is something else. There will never be stability in the market until the spread between the cost of

production and the price for food off the grocery shelves is narrowed. How this can be done without a controlled economy is difficult. Laws now on the books are not helping this situation and an example is the beef import program adopted in 1964. At that time, some of us tried to convince our Colleagues in the Congress that the cart was before the horse. UNDER THAT LAW, WHEN DOMESTIC

PRODUCTION IS HIGH AND PRICES ARE LOW, imports of foreign beef are permitted to rise. When beef supplies are low and prices are pushed higher, imports under the program are reduced. The theory on which this arrangement is

based is that when production is high and prices are low, imports are supposed to reduce domestic production and bring prices up. It simply does not make sense, as was proved in 1973, when tight cattle supplies drew prices so high that housewives across the Country organized boycotts for cheaper beef at the meat counter. The following year, the bottom fell out and cattle prices reached an all time low. At the same time, the price of meat in stores went down very little. Cattle producers who made fairly good profits in 1973 began losing money in 1974 and the record indicates those losses did not begin to recover until October of last year. Modest profits since that time have continued for fed cattle but, considering four consecutive years of low prices, the cattle industry generally remains in

poor shape. WITNESS AFTER WITNESS BEFORE CONGRESSIONAL COM-MITTEES looking into the operation of the 1964 meat import laws, say that U.S. beef producers and the American meat consumer is being hurt by the provisions of the present law. Legislation has been introduced in both the House and the Senate which could greatly help this "boom and bust" cycle by allowing some increased imports during periods of high prices and reducing imports at times when the American cattleman is unable to get a decent price for his production. In some of the bills introduced, that fair price would be an average of 80 percent of

NOT MANY PEOPLE WOULD CONTEND THAT SOME BEEF IMPORTS ARE NOT NEEDED. Certain types of beef for certain types of food are not appreciably produced in this

SOME OF THE BILLS INTRODUCED WOULD NOT ALLOW IMPORTED LIVE CATTLE to be classed as domestic production when they are slaughtered in this Country, as now permitted. Another section would require the labeling of all imported beef at every step up to the consumer. Imported beef at present can be ground and sold without any label as to its origin. INSPECTION OF FOREIGN BEEF is also at issue. The record indicates that there are more than 1,000 packing plants in 46 foreign Countries which now ship some beef into the United States. While we inspect packing plants in this Country, we only have 20 inspectors in all those foreign Countries and the Department of Agriculture says that each plant can only be examined every one to four times a year. AT THE PRESENT TIME, 7

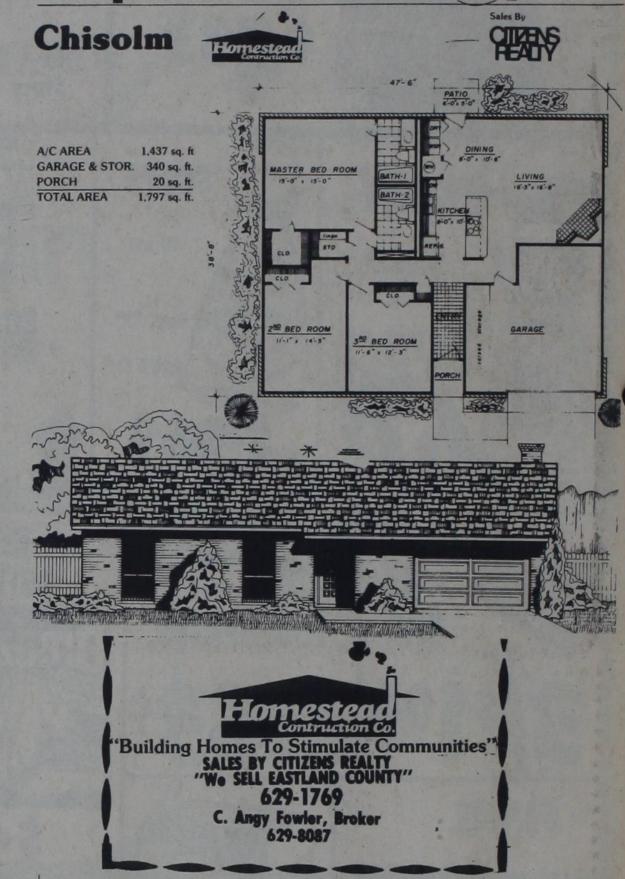

PERCENT TO 10 PERCENT OF THE BEEF CONSUMED in this Country is from foreign sources and the rate is increasing. It is simply not right to allow imports to increase at the time our domestic cattle industry is in such poor shape.

their best interests at heart, and she cares for each account much as a mother hen mothers over her chicks.

Henry was born in Rising

Star, Texas, and went to high school there. She learned to sleep with her eyes open in classes, she said, at Cisco Junior College, and has learned a few tricks since then. She claims that her children are her crowning achievements in life. Mike Houston is 32, Lucy is 24 and Carrie Sue is 22, and her 3 year old grandson, James Houston Durham is as the saying goes, "her pride and joy". Henry is a Methodist and for 5 years taught in the church school from high school age through age 21. She said they taught her more than she taught them. Henry is presently taking private art lessons in oil painting, but she's good at it already...probably just brushing up a little. She is talented in many ways, because her mother saw to it that she was taught all the needlework,

womanly arts of sewing, handcrafts, canning, cooking, etc., much to her dismay at times. She and her husband, Houston Dean, have lived in Dallas, Oak Cliff section, for 18 years. They have a fishing cabin out of Lowe's Highport on Lake Texhoma and have been fishing on that lake for years. Henry has never felt that

grass was ever greener on the other side, because Affiliated has always been good to her and she is deeply loyal. Henry is a "company woman". Her goal as Manager of the AFCU is to have 100 percent participation from members and employees and to serve them

as beneficially as possible. Henry Beth is the daughter of Estelle Bolding and a sister of Lucille Almon who passed away in December. She is a niece of Gene Hill, Margie Earp, Hallie Hill and Eula Goss.

Thursday, March 23, 1978 Pre-Easter Style Show

The Senior Citizens Club enjoyed the presentation of a beautiful pre-Easter Style show on March 14 with forty-one people present. Eighteen beautiful girls and one handsome boy from the Home Maker Classes of RSH School acted as models. Mrs. Dorothy Diddle sponsored

the style show. Some girls made and modeled their own garments; some modeled clothing from "The Honey Bee", (represented by Jerrilynn

Winfrey) and some modeled clothing from Higginbothams, (represented by Eula Grisham.) The young people were

super and we appreciate the time and effort of each person who had a part in bringing the show to us. All visitors are very welcome. Come again soon.

We thank Mrs. Carl Smith for the Easter Rabbit decorated cup cakes for refreshments.

Mrs. Guy Dunlap Celebrates 90th Birthday

Published from Brownwood Bulletin with permission of Nellie Roe, writer.

MRS. GUY K. DUNLAP

"I'm only having to take a little medicine for my arthritis."

These words of Mrs. Guy Dunlap, 90, who was recently hospitalized for the first time in her life.

Mother of 10 children, she is the only living Spanish American War widow in Brownwood. After a fiveday stay in the hospital, Mrs.

the Veterans of the Spanish American War Auxiliary, was born and raised at Sipe Springs in Comanche County, daughter of the late Mr. and Mrs. Will Brewer, pioneers of that area. She married Guy K. Dunlap Christmas 1907 in the home of her parents. Her husband owned a barber shop in Sipe Springs before the family moved to Brownwood in 1939. He worked as a barber at Camp Bowie before his death in 1955.

Mrs. Dunlap recalls her parents owning a farm five miles from Sipe Springs during the school months," she said.

Young for her age, Mrs. Dunlap enjoys embroidery and crochet. She still makes lots of jelly which she divides with family and friends.
