Don't forget—November 6 and 7. See you there!

## Here Comes the Circus!

As a community project the Rising Star Emergency Medical Service is sponsoring the Allen Bros. Circus Wednesday, October 28. The location has changed since last weeks publication. It has been relocated to East Pioneer Street, due to not enough room behind the old market building.

The magic of the circus is certainly largely due to the involvement of the audience. The individual open-mouthed, wide-eyed boy or girl, for example, in the flamboyant superlatives of the sideshow barker and the big show ringmaster. The spectator is there in the first place because he believes in the derring-do of the performers, in the craft of the magician, and eagerly he goes along with the enticing blandishments of the come-in clown. Such is the magic of the circus.

Spangled stars from big tops around the globe are coming to Rising Star to help put the EMS ticket campaign over the top. This local organization has contracted for two glittering performances under the huge canvas tent next Wednesday, which will be bigger and better than ever this year.

At Allen Bros. Circus you'll find exotic beasts, such as a cage full of lions and fighting Bengal tigers. Circuses are an

Elephant act, beautiful girls, acrobats, aerialists, clowns, animals and much more will be presented by Allen Bros. Circus in Rising Star on Wednesday, October 28. The circus big top will be set up across from the cemetery on E. Pioneer St. and performances will be presented at 5:00 and 8:00 p.m. Sponsored by Rising Star EMS.

important part of protecting our endangered species. Along with providing people the opportunity to see a variety of animals in a closed location.

The anticipation of the big show is tantalizingly whetted for every boy and girl as they watch the wild confusion gradually dissolve into a semblance of order, while some of the props and miscellaneous equipment remain mysterious until the performance itself reveals their purpose. Empathy is a word in wide current usage, and it could be a clue to why a circus attracts as no other form of entertainment.

Deep in the unconscious of every man and woman is the clown and/or the daring performer, and many have been tempted to act one part or another and considerable numbers have yielded to these temptations. So lets go to the Circus and relive our dreams. Bring your camera and join the fun.

**The Date:** Wednesday, October 28, 1992

**The Times:** One show at 5:00 (which lasts till 6:30) and another show starts at 8:00 and goes until 9:30. (This will work around church time and for the farmers who have to be in the field until late with their crops.)

**The Place:** East Pioneer Street (1/2 mile east of Main Street across the road from the cemetery). Just go till you see the Big Top!!

**Prices for tickets:** The price for adult (12 years or older) advance tickets

are \$5.00. If you wait until circus time and buy at the gate, the price will be \$7.00 each. Clowns will be going to the Elementary School on Monday morning, Oct. 26 and, along with distributing free passes to Kindergarten through 6th grade, they will be putting on a short show for the kids. If something should happen that your child is absent or for any reason does not get his/her free pass, please call Betty Duggan at 643-1209. Otherwise, school children under 12 years of age will have to buy a ticket at the door and it will cost \$5.00.

**Tickets:** You can buy advance tickets in Rising Star at Buddy's Plumbing, Star Grocery and City Hall. You can also purchase them from any of the following Rising Star's EMTs: Julie Ferbrache, Denise Hubbard, John Kerr, Aline Morris, Rosalee Rutledge, Clarissa Nall, Garry Duggan, Doug Fisher and Paul Owen.

Tickets will be sold in May at the May General Store.

Call Betty Duggan at 643-1209 for any information on tickets or other circus information. Just please try to get all tickets in advance, so you can get them cheaper. The EMS members will be of help to you in anyway they can. Just let us know how we can help!

Some of you may want to watch the "Big Top" being pulled into the air between 9 and 10 a.m. Wednesday morning!

## Wildcats to Meet Baird Bears Here

by Wid Keeling

This past week the Wildcats had an off week. Every team in the district will have one off week because there are seven teams in our district. This gave the Cats the time needed to make any

necessary changes. It also gave them a chance to scout other district games.

The Cats will be in action Friday against the Baird Bears. This will be one of the toughest games played yet. Be sure to come out and show your support here at 7:30.

## Fire Prevention Poster Contest

The Rising Star Volunteer Fire Department is sponsoring a fire prevention poster contest for elementary school children. A winner from each class will be chosen and presented with a prize—a fire alarm.

The fire alarms were provided at cost by Rising Star True Value Hardware & Lumber and were purchased for the fire department by these businesses: Peoples State Bank, Murphree Oil Co.,

Green & Associates, Quik Stop, Frank Agnew of Farm Bureau, City of Rising Star and Max's Quickway.

Volunteer firefighters presented a fire prevention program to elementary school children on October 9, during National Fire Prevention Week. They demonstrated the use of the fire truck and protective equipment and provided basic guidelines for children to use in case of emergency.

## Country/Western Musical Is Friday

The Country and Western Musical is scheduled for Friday night, October 30 at the American Legion Hall (205 S. Main St.) in Rising Star.

The music will start at

The County Extension Agents state that Eastland County has one of the most outstanding 4-H programs in the State. We salute the fine parents and adult leaders who give unselfishly of their time and talents

Mr. and Mrs. B. Kinnard, Ruby Murdoch, Cliffogene Witt and Police Chief Lewey Wyatt.

After all minutes of previous meetings were read and all financial reports made, Mayor Jerrill Bible recognized the visitors representing the Saturday Club to comment on the Library roof repairs. Interior damage from leakage was discussed and report was made that the contractor had made several return trips to repair the roof. The City Administrator stated that he would be held to his guarantee. Council agreed to allow a little more time to pass to insure that the roof will not leak and ruin any repairs made in the future with someone doing cosmetic repair to the interior roof.

Charles Barnes suggested a letter to Discount Roofing to find out exactly what has been done to repair the roof.

Police report was presented to the Council including comments regarding the forfeiture money due to the City from an earlier confiscation and discussion on speed limits around school.

The hearing in reference to Clarence A. Jones was postponed to a later date due to the fact that his attorney could not be in attendance. Barnes expressed concern that Mr. Jones had been released from employment without formal confirmation of the Council. He called to the Council's attention Ordinance #21, Section 2, Item 4, with statement that he felt that this had not been carried out. James Cook stated that at an earlier meeting (Friday, March 13, 1992) motion had been made to authorize the City Administrator to handle the situation with the Police Department as appropriate after a period of observation of individuals. Other council members commented that by their understanding, another vote on the matter was not required. Wyatt expressed concern over the lack of understanding of the "chain of command" and his actual authority over people in his department.

After discussion, Barnes expressed support for actions taken by the City Administrator, but again commented that he felt formal action was needed by the council. Cook stated that he felt that the City Administrator acted in what she thought was the manner established by the council, and that he felt if necessary that the council proceed as needed.

Mayor Bible stated that a re-look is needed into the policies and procedures outlined in the Police Policy adopted earlier by the Council. Barnes suggested that Chief Wyatt propose any changes he deems necessary for consideration of the Council. Chain of command needs to be addressed and established.

Fire Department Report was discussed including comment on slight problems with the Emergency Phone connection at City Hall. Possibility of a separate line was mentioned. Also, future activities were discussed including need for City assistance in checking the hydrants on September

## Rising Star City Council Meeting

16, 1992.

Appointment of Housing Authority Commissioners was discussed. Barnes moved to authorize the Mayor and City Secretary to sign the appointment of Gene Lyon and Gene Moore as the Housing Authority Commissioners. Cook seconded and the motion passed 4-0 with Lorrye Moore abstaining.

Rising Star Vineyard Report was discussed including information that a letter has been written requesting information and documentation needed. As yet, nothing has been received. First payment on the Grant was due on August 15, 1992. Mayor Bible indicated that contact has implied that we will probably receive no reply to our request before the 15th of this month.

Barnes moved to refer this matter to the City Attorney, limiting him to one hour of his time, for advice on best handling the situation. Randy Goldston seconded. Motion passed 5-0.

Grant Application Resolution was presented to Council for review and approval.

Goldston moved and James seconded to pass and approve the Resolution authorizing the submission of a Texas Community Development Program Application to the TDHCA for the Community Development fund. Motion passed 5-0.

Cook moved and Moore seconded to maintain last year's tax rate (.64532/\$100), effecting NO TAX INCREASE. Motion passed 5-0.

Park Report was presented with next week expected to finalize and audit the Tree Grant. Barnes mentioned the need for caution during

cold weather to prevent freezing problems in the restrooms.

Water Tower Grant was discussed, is progressing, notification of bid considerations will be forthcoming.

FEMA Report was discussed. Chief Wyatt noted hours he had put in on organization and paperwork for the emergency management. Barnes asked how salary was being handled for the position and it was recalled that it was provided for in the new fiscal budget.

The Resolution concerning the National Flood Insurance Program was presented to the Council for consideration. Barnes commented that he would like to see documentation on the information that the program would not cost the City anything. He was concerned that this might be misinformation. Barnes moved and Cook seconded to pass the Resolution concerning the National Flood Insurance Program. Motion passed 5-0.

Community Development including fundraising ideas and homecoming activities were discussed. Business opportunities were discussed in relationship with revenue provided for the city.

Significant correspondence included discussion on City Hall remaining open during the lunch hour to accommodate working public.

Barnes moved and Cook seconded to make arrangements for City Hall to stay open during the noon hour. Motion passed 5-0.

Council comments included discussion on planning for ball park in cooperation with the school.

## Rising Star ISD Board Meeting

new, Judi Butler, Nanette Goldston, Gary Wilson and Dale Wolf present.

School personnel present were Wayne Calhoun, Robby Stuteville, Bob Campbell, Cindy Wood and Kathy Herring.

The minutes of the September 21 meeting were accepted as read.

The high school principal reported 115 students enrolled, that the high school team won its football game the previous Friday and that school was going well.

There are 96 students in elementary. The principal was pleased with the students' involvement in making homecoming a success. The award materials for the first six weeks grading period had not come in and would be presented later, he reported. Campbell included a report on the program presented by local fire fighters to the students and reported that several students will enter the poster contest. "I'm very excited about 'Rising Star Writing Project.' We need your backing," he reported.

The superintendent reported on State Convention; he reported he went to Eastland National Bank and talked to Jim Davidson about the occasional unsecured funds, as brought out by the annual audit.

The statement of cash in bank and comparison of revenue and expenses to budget were presented.

The audit of the 1991-92 school year financial records, as presented by Kenneth D. Parker, CPA, was accepted.

The time of the regular board meeting was changed from 8 to 7 p.m.

The trustees voted unanimously on a motion by Chambers, seconded by Butler, to donate \$200 to

Rising Star EMS.

Regarding a loan on lawn mower trustees voted (with Wolf abstaining) to secure a note from Peoples State Bank Rising Star Branch to defer payment of \$2990 on a budget item for a year and authorized Calhoun to sign the note for the school.

The board approved the administrative recommendations on appointments to the textbook committee for 1992-93. These teachers were selected to serve on the secondary textbook adoption committee: Doyle Browning, Science and Biology; Dan Goodman, Social Studies and History; Kelly Pritchard, English and Spanish; Gene Smith, Vocational; Cindy Wood, Business and Journalism; Kenneth Good, Chemistry and mathematics; Dorothy Ivey, Jr. High English and Reading; Tim Riley, Band and theater Arts; Robby Stuteville, Secondary Principal and Textbook Custodian; Bob Campbell, Elementary Principal; and Wayne Calhoun, Superintendent and Chairman. Serving on the elementary textbook adoption committee are Susan DeLong, Kindergarten; Sue Janes, First grade; Shelly Bailey, second grade; Peggy Agnew, Third grade; Susie McGinn, Fourth grade; Elanda Calhoun, Fifth grade; Ann Bodenhamer, Sixth grade; Bob Campbell, Elementary Principal; Robby Stuteville, Textbook custodian; and Wayne Calhoun, Superintendent and Chairman.

The meeting adjourned at 9:23 p.m.

Nichols Cage (L) Sarah Jane Parker and James Caan star in the comedy "Honeymoon in Vegas," which is showing at the Majestic in Eastland this weekend. The comedy is rated PG-13.

## Zany New Comedy At Majestic

"Honeymoon In Vegas" tells the story of private detective Jack Singer (Nicholas Cage), who finally overcomes his fear of making a commitment. He flies to Las Vegas to marry his fiancée (Sarah Jessica Parker) with catastrophe and hilarious results.

Perhaps it's the stuff around the edges of this movie that is funniest—the plane load of skydiving Elvis impersonators, and James Caan, the professional gambler and thug who thinks the willowy Parker is the spitting

image of his dead wife. The spinoffs and wacky characters revolve around Cage and Parker—an earnest, mother-whipped groom and a bride who combines an aura of Madonna with a Vassar Lit Major. Cage throws a great tantrum in an airport, and his bride gets spirited off to Hawaii by Caan.

This film should provide a great escape from daily affairs—especially considering the serene atmosphere of the Majestic Theatre in Eastland. Admission will be \$3.50

at the box office, with the picture rated PG-13.

Or, if you want a really quiet spot, try the balcony at \$5 for persons age 21 and older.

## Government Seeking New Ways To Increase Workforce

With the U. S. government spending a record amount of money on public assistance, it's time we explored new ways to take people off the welfare rolls and put them into the workforce.

The number of families living on Aid to Families with Dependent Children—generally referred to as welfare—has grown 28 percent since 1989 to 4.8 million. More than 10 percent of Americans are now living on food stamps, an unprecedented level.

We need to find ways for welfare to be less of a handout and more of a helping hand to transform welfare recipients into contributing members of our society.

That's why I'm supporting legislation which creates a program to assign welfare recipients meaningful work in their communities. Those who are unable to find on their own would be guaranteed work under this program. But

anyone refusing to take the job offered would have a reduction in welfare benefits.

The Senate recently approved legislation that would set up a pilot program to test the effectiveness of this program in a number of states and cities.

States participating in the experiment could require able-bodied welfare recipients, except for women with small children, to work on community projects. The tasks might include delivering hot meals to the elderly or construction and maintenance work on roads, bridges and parks. Those workers would receive training so they can acquire skills that would help make them more employable in the future.

Wages earned would be slightly higher than regular welfare payments. The difference would be that workers will have earned this money as productive

citizens. Their work may also help them acquire a greater sense of self-worth and would assuredly provide service to the community.

The legislation also calls for creating a new national youth corps to give our young people work opportunities in service to their communities. In exchange for a year of service, corps members could earn money to help pay the costs of college.

Staff for the youth corps could be composed of soldiers and sailors—as well as some military officers—who have been displaced by defense cutbacks. Their organizational and managerial experience would

help instill a sense of discipline and service in our young people.

The combination of the community work program and the national youth corps could lead to a better trained, more skilled work force. More importantly these two programs would offer more Americans the opportunity to help themselves and their

communities. They will help ensure we get more bang out of the tax-dollars we pay.

A system that gives people both a nudge and an opportunity to lead more productive lives is a promising approach that may be the wave of the future when it comes to those who have been left behind.

## Keeping an eye on Texas

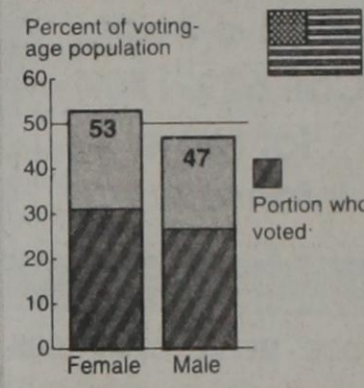

### Voter profile: 1988 presidential election

The Bureau of the Census provides a snapshot of voters in Texas and the U.S. during the last presidential election in 1988. Their report shows females of voting age outnumber males, and more women vote. A larger percentage of the voting-age population is white, age 25 to 44 and has finished four years of high school.

Aspirin may have cancer-fighting qualities, according to the New England Journal of Medicine. Persons using aspirin 16 or more times a month had only half the number of colon-cancer deaths than non-users did. Doctors are still seeking the reason.

Estrogen gel to ease hot flashes is awaiting approval by the FDA. Rubbed onto the upper body every day, it's said to work better than pills or patches.

New titanium "anchors," placed in bone, enable orthopedists to sew torn ligaments and tendon into place until the soft tissue reattaches itself. First FDA approval was for use in shoulders.

Smoking or chewing tobacco greatly increases the risk of kidney damage in diabetics, say researchers at the University of Colorado Health Sciences Center in Denver. Damage recedes when they quit.

New drug, amipligen, is under trial to treat chronic fatigue syndrome. Early results have been impressive.

# Jail Population Down, Overcrowding Improves

Overcrowding in the County Jail had improved by Monday (Oct. 19) of this week, according to reports.

The inmate count was down to 24, after running about 39 last week. These are all men, with no women currently in the facility.

The capacity of the jail is set at 24 prisoners by

the Texas Jail Standards Commission, which inspects it annually.

What helped bring the count down was that 11 prisoners "bonded out" early Monday morning, an official said. Also, two prisoners were sent to the Texas Department of Corrections last week.

Jail Overcrowding was discussed at the County

Commissioners meeting Tuesday, Oct. 13.

Pct. 4 Comm. Reggie Pittman reported that "The Jail population has been booming. We had as many as 42 at one time last weekend."

"Thirty inmates are in there today. We're over capacity and I'm concerned about it! We're going to have to transfer

some of them or do something."

He said the main problem was in getting the inmates to trial. There was always something delaying it, he told the court. He handed out a report showing that some prisoners had been held as long as 60 to 90 days.

Pittman and several other Commissioners remarked that the delay was not in the County Court system - that Judge Bailey gave speedy trial to all the accused offenses (misdemeanors) which his court was permitted to handle.

"He (Bailey) handled 45 cases in September alone," one Commissioner said.

When a court member remarked: "It looks like we are going to get into trouble (on the jail)" Pittman replied:

"We are already in trouble. The Texas Jails Commission will check papers when they come to inspect."

Judge Bailey briefly reviewed the compliance history of the jail, noting that it failed inspections in the 1980's, then came back into compliance about four years ago.

It has passed every inspection since, and the State "let us off with an intermediate order," the Judge said.

But within the past months the population has swelled, putting the facility into possible jeopardy on compliance.

Pittman said the Commissioners Court would need to "stay on top of the situation."

# Commissioners Approve Off-System Bridge Program

Eastland County Commissioners Monday entered into an off-system road bridge replacement program with the Texas Department of Transportation. All four of the Commissioners approved the project.

Some months ago DOT officials inspected county bridges and found about 17 of them defective. Later the four Commissioners choose five bridges needing immediate repair.

Monday Bryan Neaves, Area Engineer, told Commissioners that replacing the bridges is under consideration for funding by the federal government.

The County would pay 20 percent of the replacement cost and the government 80 percent, Neaves said. Costs to replace the

structures would run from \$40,000 to \$120,000 each, with the work finished by September 1995.

"It looks like you've got a real good chance at getting them", Neaves said. "Estimates (on the bridges) are high so there will be no surprises."

Neaves said the first step would be for the County to sign an agreement, then the Department of Transportation would prepare a plan and let contracts. The contracts would probably be let in about six months.

The bridges with top priority on replacement were listed as being located on CR 180 and 183, both on the South Fork of the Leon River, Pct. 4.

Another bridge on the South Fork of the Leon

River would also be replaced — it is located on CR 190 in Pct. 1. Also due for replacement is a bridge on the Sabanno River on CR 350, Pct. 3. A bridge in Pct. 2 was on the list — it is located on CR 474. These made up the five bridges with the most urgent need.

On another road matter, Bryan Neaves reported he was still working with the problems on the South Frontage road on I-20 southeast of Ranger.

He said he was trying to set up a meeting in November where persons who problems getting to Tudor Road can meet with TDoT officials and try to iron out the situation. There will be a further announcement on the date.

# Dispatch Employees Will Receive Equal Insurance

Full-time employees at the Eastland County Dispatch will soon have equal health insurance coverage from the county.

Bob Taylor, representative of the Statesman National Insurance Company in Abilene told Dispatch Board members Wednesday that under current insurance coverage one employee had 100

percent coverage after a \$500.00 deductible, while other employees had 80 percent coverage at rates about \$24 less per month.

After discussion, Board members authorized the 80 percent coverage for everyone. Employees who want to continue with the 100 percent coverage must personally make up the difference in rates.

On another matter, Eastland County's representative Richard Robinson told the Board that a new surplus gasoline-powered generator has been found in Gorman. It was once planned for civil defense, but the equipment will be donated to the Dispatch for a back-up.

Board members seemed pleased over the donation, saying that they had expected to pay around \$3,000 for a back-up generator.

## 4-H Jr. Leaders Meet Oct. 25

JUNIORS & SUB-JUNIORS: Copy of Recipe, Menu Analysis, (Optional) Project Record Form 4-H 3.033.

The County 4-H Food Show will be Saturday, November 7, at the Eastland Siebert Elementary School Cafeteria.

Food Show rules and forms are available by calling the Eastland County Extension Service Office, 629-2222.

## WTU Makes Bond Sale

ABILENE - West Texas Utilities Company on October 15 sold to underwriters in a negotiated offering \$35 million of 6-7/8 percent First Mortgage Bonds, Series Q, due October 1, 2002, and \$40 million of 7 percent First Mortgage Bonds, Series R, due October 1, 2004.

The Series Q bonds are being offered to the public at 99.391 percent to yield 6.96 percent to maturity, and the Series R bonds are being offered to the public at 99.316 percent to yield 7.09 percent to maturity. Both series are noncallable for life. The new bonds are rated Aa2 by Moody's Investors Service, AA- by Standard & Poor's and AA by Duff & Phelps. The First Boston Corporation is lead manager for the offering with Morgan Stanley as co-manager.

Net proceeds from the sale of the new bonds will be used to refund on November 19, 1992 West Texas Utilities Company's \$75 million principal amount of 8-7/8 percent First Mortgage Bonds, Series N, due May 1, 2016 at 106.25 percent of principal amount.

"WTU is always looking

for ways to keep its costs as low as possible," according to Paul Douty, vice president of finance. "In this environment of low interest rates, we have taken the opportunity to reduce interest costs which will provide stability in our future rates," he said.

## Glasgow fights for our families

Bob Glasgow is working hard for our families.

Glasgow is leading the fight to create jobs. He authored reforms of the Department of Commerce that will bring new jobs and businesses to Texas.

Glasgow is one of the leaders in the fight against crime and drugs, and passed Ross Perot's War On Drugs legislation.

Glasgow consistently stands up for our children's education and has fought to bring the basics back to the classroom.

And Glasgow is the recognized leader in ethics reform in the legislature. He authored and passed Governor Ann Richards ethics reform package last year and has plans to pass more reforms next year.

Bob Glasgow: He's working hard for our future.

**TxDOT ISSUING NEW DISABLED PARKING PLACARDS**  
New parking permits for the 250,000 Texas drivers with disabilities are now available at local county tax offices.

A new state law requires people who park in spaces reserved for the disabled to display either a disabled person's license plate or the hard-plastic mirror placard by Dec. 31. After that, all old forms of identification - cards and special license-plate validation stickers -- will be invalid.

As before, there are permits for drivers with permanent disabilities and for those with temporary disabilities.

Drivers with permanent disabilities will receive blue placards, which are good for five years. They replace the red identification card, which should be exchanged for the new placard at the local county tax office. Exchanging as many as two cards is free.

Red placards, for those with temporary disabilities, are valid for six months. Drivers with temporary disabilities need not exchange their white identification card.

Placards will cost \$5 each if no ID card is exchanged. Drivers may request no more than one set of disabled person license plates and one placard, or no plates and two placards.

The Texas Legislature made the changes to comply with federal rules making vehicle registration uniform for people with disabilities.

**Bass With Eggs Now?**

The old question of when do bass spawn was raised again this past weekend. A local angler reported having dressed some fish and three contained egg sacks. However odd this may sound its really not to uncommon. Bass are opportunists, will try to spawn whenever they can. If the water conditions become right some will even complete the cycle. However most who are now forming eggs will either dump them off, or absorb them into their system.

The normal spring spawn females can however begin forming eggs as early as December in our area, and spawn in as late as July on a regular basis. Local water conditions will always dictate, so stay in time with this winter weather. You could get in on the early spawn, and that is when the real pigs usually do their thing.

# "You Can't Take It With You"

"What? Me, be in a play?" That is the common response from most people when asked if they would give their time to "YOU CAN'T TAKE IT WITH YOU," CJC new fall comedy. Many students refuse drama because they fear it will put too much stress on their studies.

One person determined to prove that students involved in drama can achieve academic excellence is Susy Brown. The daughter of Edie Charles of Breckenridge, Susy is a sophomore majoring in drama. A member of Phi Theta Kappa (academic honorary for junior college students), Who's Who in American Junior Colleges, Susy was named most valuable choir member in 1992 and outstanding drama student in the same year. Additionally, she made the Dean's list her first two semesters at CJC.

A versatile and active young woman, Susy spends free time (such as she has) dancing, singing,

acting, cheerleading, playing her clarinet and spending time with her friends. She is no stranger to the CJC stage, appeared in principal roles in TEN LITTLE INDIANS, BRIGHTON BREACH MEMOIRS, CAROUSEL and ON THE TOWN. She plans to attend Mesa State College in Grand Junction, Colorado in the spring and then attempt professional acting in New York. Susy appears as Keith's love interest, Alice Sycamore, in YOU CAN'T TAKE IT WITH YOU.

Lloyd Parrish, instructor of computer at Cisco Junior College, enjoys his part as Boris Kholenkov in CJC's production of YOU CAN'T TAKE IT WITH YOU. "It's one of the few parts I've gotten with advance notice!" Boris is a very bad ballet teacher and a Russian emigre who adds humor to the lifestyle of the Sycamore family. Lloyd has been seen on the CJC stage numerous times in

the past — starting in 1989 with THE RED SHOES and continuing through LITTLE SHOP OF HORRORS, A MID-SUMMER NIGHT'S DREAM and CAROUSEL. "Each has been its own experience!"

Parrish has three daughters, Cheri, Laurie and Dana and numerous grandchildren. His current free time occupation is attending auctions and seeing what good deals he can get. "I justify the time spent by finding things Carol can use at the theatre."

Lloyd's youngest daughter, Dana, makes a return appearance in YOU CAN'T TAKE IT WITH YOU, as the Grand Duchess Olga Katrina of Russia. Keeping in mind that this play takes place 20 years after the Russian Revolution, Olga's character drifts into the lives of the Sycamores because she is on her break as a waitress at a local restaurant. Dana enjoys her return to the stage — her previous

appearances include THE PRINCE WHO WOULDN'T TALK, STEEL MAGNOLIAS, NUTS IN MAY and in CJC's winning entry in the junior college theatre festival HYSTERICAL FRICTION.

Dana, soon to be a graduate of CJC, has one daughter, Valerie, and spends her free time volunteering in her daughter's classroom in pre-Kindergarten and teaching an adult Sunday School class at her church. She has also worked backstage many times for the theatre, serving as a lighting console operator for BROADWAY MAGIC and ON THE TOWN.

"It's strange to look at Susy this time and not think of her as my mother." So says Keith Stowe, sophomore at CJC,

appearing in the upcoming production of YOU CAN'T TAKE IT WITH YOU. Sounds odd until you remember that Keith played the son of Susy Brown in BRIGHTON BEACH MEMOIRS and now, in YOU CAN'T TAKE IT WITH YOU, plays Susy's boyfriend. "We've had many good laughs." Keith is the real-life son of Mr. and Mrs. Gary Regeon and lists education as his major. His future plans include receiving certification to teach biology and coach basketball, track and field in high school.

Keith was involved in one act play in high school in addition to his senior play and the high school coronation play. He appeared in CHARLOTTE'S WEB and as Stanley Jerome in BRIGHTON BEACH. His free time is occupied with his church

youth group, playing volleyball, racquetball, tennis, running and in taekwon-do. His personal philosophy is based on Mark 12:30-31, "Love the Lord your God with all your heart, soul, mind and strength and love your neighbor."

People in the theatre area varied lot, but they all have one goal in common — excellence. These veterans to the CJC play YOU CAN'T TAKE IT WITH YOU, prove to the many new comers that both academic and dramatic superiority can be attained through practice.

### MEDICAL RESEARCH SUPPORTS CHIROPRACTIC

The British Medical Journal reports that Chiropractic treatment of low back pain, which affects 75 million Americans, is superior to the standard regimen administered by medical doctors.

The study, published in the summer of 1990, indicated that chiropractic manipulation can relieve severe back pain quicker and at lower cost than medical treatment. Chiropractic patients experienced less pain and disability and missed fewer days work.

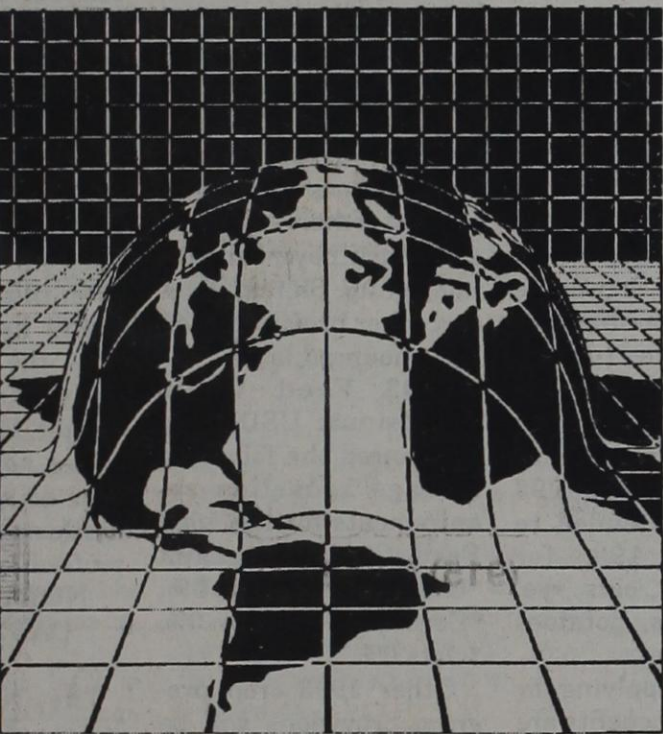

At Barry Chiropractic Clinic

we are committed to not only getting you free of back pain but treating those conditions which cause your pain. Don't delay treatment when help is readily available.

## THANK YOU

We wish to express our heartfelt gratitude to our friends and neighbors for the many acts of kindness and for the flowers, food, cards and visits at the loss of our loved one.

Your expressions of sympathy will always be treasured.

The family of Bill Johnson

Thank you all so much for your prayers and for the cards and visits while I was in the hospital for surgery. Your kindness and concern mean a lot. I'm thankful to be home and recuperating.

Myrtle Mae Watson

This is a personal note to each one of my dear friends for their loving kindness at the time of the death of my grandfather, J.R. Rector Sr. Thank you for the cards, visits, food and flowers.

May you always be blessed.

Lee Wilson

The family of C.R. Huber gratefully acknowledges the kindness and sympathy shown us at this time. We say thanks for the food, flowers, cards and visits, for the comforting words of the minister, friends and neighbors, and for the music.

May God bless you all.

The family of C.R. Huber

Thank you to all the friends, relatives, neighbors, etc. who sent cards and expressed good wishes for my happy birthday last week.

I love you all.

**Phase II Disaster Signup Extended:** The application period for disaster claims for fall seeded program crops planted in 1991 and harvested in 1992 has been extended to February 12, 1993. This Phase II signup previously was scheduled to end on October 2, 1992. This change will make the Phase II signup end date coincide with the Phase

## Legal Notice

**NOTICE TO BIDDERS**  
 Sealed bids for lease/purchase of a 1993, 54-passenger forward control, Type D, school bus will be received by the Rising Star Independent School District, P.O. Box 37, Rising Star, Texas 76471 until 7:00 p.m. on November 9, 1992, when bids will be publicly opened.

For details and specifications contact Wayne Calhoun, Superintendent at (817) 643-2717. Rising Star ISD reserves the right to reject any and all bids and to waive technicalities. Envelope with bid proposal should be sealed and marked in the lower left corner: Lease/Purchase - School Bus Bid 7:00 p.m. November 9, 1992.

**Phase III Disaster Assistance Signup:** Signup for Phase III will continue until February 12, 1993. Producers will have a choice of filing claims for any one of the 1990, 1991 or 1992 crop years, excluding any year for which they have already received or will receive a disaster payment. Phase III includes all commercially grown crops.

**Phase II and Phase III Disaster Payments:** Producers with approved Phase II and Phase III disaster applications will receive a payment equal to 50.04 percent of the computed disaster loss as soon as all supporting documentation is received and the application for payment is approved. The 50.04 percent payment rate equals the factored payment for approved losses under Phase I made earlier this year.

**Multiple Peril Crop Insurance Requirements:** Producers applying for 1992 disaster benefits under Phase II or Phase III must agree to obtain multiple peril crop insurance for the 1993 crop of the commodity for which payments are made if the crop loss exceeds 65 percent.

Producers cannot avoid the requirement for purchasing crop insurance by delaying filing for benefits and will be required to certify that they agree to forfeit the disaster payment if they do not pay the required crop insurance premium.

**Crop insurance** sales closing dates for 1993 have been extended to October 31, 1992 for wheat, barley, oats, rye, nursery crops, potatoes and sugarcane.

Producers applying for 1990 or 1991 benefits are not required to purchase multiple peril crop insurance as a condition of eligibility.

## Agriculture Viewpoint

by M. Davy Vestal

**WEANING TIME IS COW CULLING TIME**  
 Weaning time is an excellent opportunity to identify and cull cows that are poor producers, according to a livestock specialist with the Texas Agricultural Extension Service.

"With the good cattle

quota. Final fall transfer date is January 31, 1993. Quota received on a farm under the fall transfer provisions is not eligible for Disaster Transfer of Segregation 2 or 3 peanuts from additional loan to quota loan.

**Peanut Disaster Transfer - Change For 1992:** Regulations have been amended to limit the pounds of segregation 2 and 3 peanuts marketed as additional loan eligible to be transferred to quota loan. Regulations now provide that the amount of transfer shall not exceed the effective farm poundage quota less the sum of \*Peanuts retained on the farm for seed or other use. \*Production of Segregation 1 peanuts on the farm. \*Amount of fall quota transferred to the farm.

**1993 Advance Deficiency Payments:** Producers who participate in the 1993 annual wheat, feed grain, and cotton program may request 50 percent of their estimated deficiency payment during sign-up. Signup dates and other provisions will be announced later.

**1993 Feed Grain Provisions:** USDA has announced the following acreage reduction requirements for the 1993 Feed Grain Program: \*Grain Sorghum 5%, \*Corn 10%, \*Barley 0%, \*Oats 0%.

Other 1993 crop program provisions will be announced later.

**LAA 1 Election:** A mail election to elect three community committee members and two alternate community committee members from Local Administrative Area (LAA) 1 will be held this year. The County Office will be accepting nomination petitions until November 2. Nominating petitions have been mailed to all known eligible voters in LAA 1, which includes Gorman, Desdemona and Chaney communities.

prices of the past six years, today is an excellent time to cull older, less productive cows to make your cow herd more efficient," said Dr. Randall Grooms of the Texas A&M University Agricultural Research and Extension center in Overton. "Producers should plan for years when prices will certainly come down."

Inferior calves have inferior parents, he said. "Mothers of non-profitable calves are inferior because they calve late in the season or fail to give adequate milk for the calf's growth. In either case, it is highly probable that she will repeat her inferior production next year," he said.

Generally, the bottom 5 to 20 percent of the cows in a herd produce calves that are significantly below the herd average. Producers determine their culling level by the availability of replacements or the desire for profit.

Grooms said a simple procedure for culling cows is to separate the cows and calves at weaning time. Sort the smaller, inferior calves from the others. The following morning, put the inferior calves with the cows. Cows claiming these inferior calves can be identified and culled.

"After weaning calves, many producers prefer to keep cull cows until frost or until the beginning of 1993," he said. "This allows the cow to regain body condition and weight. With current cow prices, now is an excellent time to shape up a cow herd and put it in a more profitable mode."

## NORTH CENTRAL CATTLE RAISER CLINIC

The North Central Cattle Raiser Clinic is scheduled for Thursday, October 22nd in Mineral Wells. The event will be an excellent educational program for cow/calf producers, stocker operations and others interested in the Beef Production Industry. More information on program outline will follow in the next edition of this paper.

Plan on attending this clinic, you'll be glad you did.

Rising Star High School Journalism Class

## Stuteville's Stats

by Emily Stuteville

After-school basketball practices start next week, and the high school girls are ready. They will be preparing for their first scrimmage on November 10 against Santa Anna, here at 6:30 p.m.

"I think the extra practice time will be really helpful for the team," said Angelia De-Long, freshman.

There will be both junior varsity and varsity teams this season, and both teams are looking to have much success.

The cross country team will travel to Coleman to the district meet Monday, October 26. The team will automatically advance to the regional meet, in Dallas November 13, due to the fact that there are only two teams entered in the district meet.

These girls have worked hard and deserve this. Way to go and good luck!

## Our Eccentric Elementary

by Inga Williams

Today I would like to apologize to you. Last week I overlooked a major project that our elementary students were involved in.

Elementary classes had a fire prevention week October 12-16. The pupils worked hard and learned a great deal about the safety of themselves and of others during a fire.

The Rising Star Volunteer Fire Department came to some of the classes at the elementary school and talked to them. The firemen told them about what a fireman's job is and all the precautions they have to go through. They taught the students how everything works on a fire truck and how the firemen have to work together as a team.

The men spent 35 to 40 minutes with each class, two classes at a time, showing them how things work. They put on their firemen's suits, boots, helmets and breathing apparatus, then helped the students try on parts of the equipment. This showed the young pupils not only what they would look like, but what a suited up fireman looked like so the children would not be afraid of firemen in case of a real emergency.

Sometime during this next week the students are planning on having a fire prevention poster contest. Doing this, each student will get to make his/her own poster to draw and color.

The winners, one from each class, will be presented with a fire alarm for their home. The fire alarms were donated to the fire department by various businesses.

The students are very excited about getting started on their posters, and are ready for the friendly competition. And they have learned more about fire safety.

## Nonnie's News

by Tianay Chambers

The Jr. High Cats went to Eastland last week for a practice game. The coaches found this game because the Jr. Cats didn't get to play against Santo and the coaches decided the guys needed more experience.

Brandon Cook and Corey Morris made a touchdown each. Johnny Salazar made a 2-point conversion. The final score was 24-14, Eastland's favor.

Brandon Cook said, "The game was fun and good practice."

This week's game is at Baird at 6:30. Be there to support the Jr. Cats.

## Screening for Young Children Is October 28

On October 28, 1992, a developmental screening will be held for young children ages zero to three (0-3). This screening will be conducted at the First Baptist Church, 407 N. Houston, Comanche, from 3:00-5:00 p.m.

The screening, which takes about 20 minutes to complete, tests a young child in four areas; personal/social skills (playing, eating, dressing, etc.), fine motor skills (ability to manipulate small objects), gross motor skills (running, jumping, etc.). If a child is found to have

two or more delays in one area, there is further testing available or referral to the appropriate agency.

The purpose of Early Childhood Intervention is to identify and correct as

many problems as possible for young children. Early detection of young children's delays have proven beneficial to the child, parents and teachers.

For further information, please feel free to call 915/646-9574, ext 158/159 in Brownwood, or come to the screening site.

## Wide World of Wildcats

by Wild Keeling

Next Monday the Wildcats' Cross Country team will hold its district meet at Lakewood. The team consists of sophomores Adam Rodriguez, Chance Schaefer and Quinton Cook and junior Michael Sizemore.

Last year we had two people advance to regional. This year we hope to do even better. Be sure to support these Wildcats as they compete on the rugged Lakewood layout November 26.

## Catnip

by Christy Hughes

The Jr. High girls have been very busy this week, cheering on the Jr. Cats. Even though the guys did not come out on top last week, the girls would like them to know that they played a great game!

The girls have also been busy practicing basketball. When I spoke to Lisa Bush, she told me that they were learning plays and working very hard. "Practice is fun, and we are looking forward to the season!" Lisa said with enthusiasm.

The Jr. Cats travel to Baird tonight, October 22, with the game starting at 6:30 p.m.

The cheerleaders will begin the pep rally today at 1 p.m. in the gym

Come on out and help cheer the Jr. Cats on to a victory!

## Misc. Musings

by Adela Chavez

The Rising Star High School Marching Band will attend a UIL marching contest at Granbury Saturday, October 24.

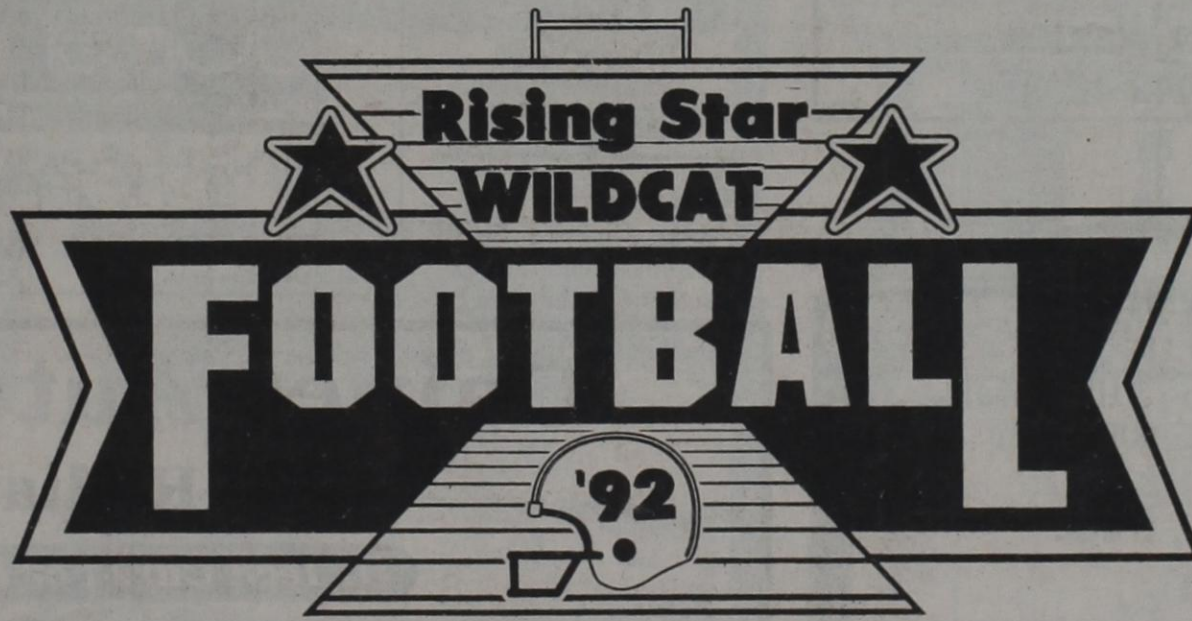

Bands attend marching contests to perfect their skills on the field. The bands are judged on a scale of one to five, with 1 being the best and 5 being the worst.

We hope our band will do an excellent job on this and all other contests. Good luck, band!

# Letters To The Editor

Dear Editor:  
In the Vice Presidential debate Admiral Stockdale looked like a coon dog between two snarling coyotes. He has badly outclassed by the demagogues. But as a farmer I know too well what coyotes mean in chicken or sheep pens. But the pollsters incite the public reject the deliberate thinker in favor of the professional bullslingers.

I recall that Truman was the lowest rated V. P. in American history though Bush and Clinton both want to claim they are like him. Today many think Truman was great, though I certainly don't. Anyhow, the people will vote as the T. V. tells them to and believe that they think for themselves.

I have probably voted for more people who lost elections than anyone else so now I can say, "Don't blame me. I sure didn't vote for him."  
Clinton himself indicated that a presidential replacement couldn't go far wrong when he opened term limits. He said that would place too much power in the hands of unelected professional "experts." Thus we see who really makes decisions in D. C. for which the elected people get credit or blame.

I will credit Stockdale with one point well taken in that "debate." In discussing control of schools he credited his heroic record in governing the POW compound in Viet Nam with the fact that in the whole seven years there he had no contact with Washington.  
I fully expect the public to continue to bounce back and forth between Dem. and Rep. parties like a pingpong ball and Slick Willy to be elected. Then as things don't get any better or grow worse for all but the special interests I can say, "TOLD YOU SO."

Yours truly,  
Gordon S. Clark

Dear Editor:  
Bush, is not a man full of pride. He is not a debator nor a deceiver. He is a leader. He has integrity, wisdom and great courage. He is a God fearing man. He values life, families, and Democracy. He is color blind as you can see from his appointments and leadership and family.

He is not too proud to ask for help to get a job done as in the Gulf war. He saved more lives and got more done in 100 days than anyone else could ever have done. He brought HONOR back to America. He brought the British, French, Arab nation's and the world together to participate as

a whole in Desert Storm. He knows how to use his resources. He is not afraid to let leaders, lead like Dick Cheney, General Schwarzkopf, Clarence Thomas, Colin Powel and Lynn Martin.

We must not forget what happens when America has a weak President. Our military can hardly work and it is "OUR" sons and daughters who fight the wars. They expect and deserve a qualified, experienced, intelligent, strong Commander in Chief. President Bush has proved himself over and over.

Bush is the "one" with the vision for the North American Free Trade Agreement. Most agree that NAFTA will not only boost Texas economy, but the entire nation's agricultural economy bring 60,000 and 200,000 additional jobs for Texas. "Many of these can be higher-than-average paying jobs."

He wants congress

forced to balance to budget. Term limits and line item veto. He does not want to increase taxes.

In 1990 President Bush asked for \$870 million in emergency funds for the Panama Canal. Five months later the Democratic controlled Congress gave President Bush the \$870 million he asked for but, piggy backed congresses's own spending on it \$4.3 billion in new spending and pork barreling.

Thank God President Bush had enough courage to use his veto pen. Some vetoes were on taxes and issues other were on life and principles.

He says we need legal reform, shysters out of the court rooms, and punishment that fits the crime. America must never give up the right to bare arms. We must punish the criminal not the victim.

He want's the control of our business, neighborhoods, and children's

education given back and left in our hands. He supports prayer in school.

He has had the courage and wisdom, to "encourage," us to control our behavior. Since AIDs is life or death for us as a nation.

Bush is right, that the national statistics do not suggest an economy coming apart at the seams. The Labor Department reports in September the unemployment rate was 7.5 percent. That means 92.5 percent of the labor force had jobs. Profits are coming up. We lead the world in productivity out put per worker. Eighty percent over Japan and Germany.

We can't blame President Bush for everything. We are hurting in different ways. Some things we can't even prevent ourselves like crop failers, too much rain not enough rain, insects, and some things we can prevent bad investments, over extending on credit cards, over spending on entertainment.

Clinton and Perot say tax, tax, tax, spend, spend, spend. More government more controls. I know that's not what I want. We "all" pay enough taxes. We "all" pay taxes on "every" thing we buy expect "some" foods and "some" medicines and on every dime we make.

Congress is going to have to quit spending "our" money foolishly and start being good stewards with our money. They are the one's who make good or bad laws and it's getting to where they are trying more and more make bad laws for "us" to live by.

Removing President Bush is not what needs to be done. Changing the Liberal Democratic Congress! YES! They are the one's who's been in control for 36 years. They make the laws and spend the money. They are the one's who have the power and control of spending and making laws.

President Bush has been a good President. He's got my vote!

Sincerely,  
Darlene Cagle

Texas Senate candidate Jane Nelson which implies that Judge Baird has endorsed her candidacy.

"I have not endorsed Jane Nelson, and I strongly resent the implication that I would consider such an action," stated Judge Baird.

It is a violation of the Code of Judicial Conduct for a judge to endorse any political candidate, and I have always strictly adhered to that code of conduct," said Judge Baird, who is himself campaigning for reelection to the Texas Court of Criminal Appeals. "I find it reprehensible that a candidate for the Texas Senate would attempt to claim

that I had endorsed her candidacy, particularly in light of my lifelong allegiance to the Democratic Party."

The spurious endorsement refers to Judge Baird's involvement as a board member of Victims Organized to Ensure Rights (VOTERS). "What is particularly upsetting about this deplorably sleazy political tactic by Ms. Nelson is that it is

another victimization of the very people she should be trying to help-the victims of crime," concluded Judge Baird. "Ms. Nelson should stop trying to use their tragedies for her own personal gain and work to heal their wounds, not reopen them."

## Area Teachers Honored - Who's Who Among America's Teachers

A select group of area teachers are being honored by their toughest critics, their former students, in the second edition of Who's Who Among America's Teachers, 1992. All of the teachers being honored were selected by their former students who themselves are currently listed in Who's Who Among American High School Students, or the National Dean's List.

The students were requested to nominate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a professional level. One student wrote about her teacher saying, "she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing me the best way to fly."

## Eastland County Bass Club

HARTON WINS ECBC CLASSIC

The yearly Eastland County Bass Club Classic was held Oct. 17-18. The lake drawn for both days was Proctor. Nine of the ECBC members fished but one angler, Gary Harton, led the field. Gary weighed in an impressive two day total of 35.28 pounds to win first and big bass on Sunday. Joe Bob Moore won 2nd

with 21.01 and Al Senterfitt won 3rd with 20.02. Bobby Rains won big bass on Saturday and overall big bass for both days with a 5.01 pound fish. All nine anglers caught fish and enjoyed the great weather. Harton's big fish on Saturday was 4.79 pounds and Sunday 4.05 pounds with an average of 3.52 pounds per fish. Nice fishing in anyone's book.

## Pleasant Hill Club Held Meeting In Shirey Home

The Pleasant Hill Home Extension Club met in the home of Arleta Shirey in Eastland for a regular monthly meeting.

Arleta Shirey called the meeting to order at 2 p.m. and led the members in the creed and prayer.

Allene Smith gave the devotional reading John 3:16. She related ways to show love to our family and those we come in contact with each day.

Roll call was answered with "An activity that relaxes me."

Minutes of the previous meeting were read by Sheila Boyd. Murl Campbell gave a treasurer report and Dora Schaefer gave the council report. All reports were discussed and approved.

Attending the County Council meeting were

Dora Schaefer, Murl Campbell, Arleta Shirey and Sheila Boyd.

During the business meeting the club members voted to contribute \$100.00 each to three different organizations, Goodfellows of Cisco, Ben Richey Boys Ranch of Abilene, and West Texas Rehab in Abilene.

Sheila Boyd presented an informative program entitled "Eat Lite, Eat Right."

We welcome Juanita Hartsell of Cisco as a new member of Pleasant Hill Club.

Delicious refreshments were served to Mary Louise Fitzgerald, Dora Schaefer, Marjorie Lacy, Sheila Boyd, Allene Smith, Vadis Phelps, Murl Campbell, Verlie Baird, Vergie Hale, Twila Lee, Juanita Hartsell and Arleta Shirey.

Next meeting of the club will be Nov. 12 in the home of Murl Campbell.

Debra Manning and daughters, Luran and Leann, from Alaska have been visiting Debra's mother, Deariso Duensing. While here they visited relatives in Fort Worth and attended the State Fair. Accompanying them to Fort Worth was Sadie Erwin, who visited her sisters there.

**Senior Citizens Center**

A very good morning, on this lovely fall day, October 15, and most everyone has moved their house plants from the patio into the house. A brisk norther could arrive any day this time of the year.

Marion and Marjorie West attended the AARP meeting and covered dish dinner at Cisco Tuesday night.

Thanks goes to Artie Jagers for checking blood pressures at the center. We really appreciate this service.

Mary Carroll is visiting her sister in Abilene this week. Alice West is also a sister to Stella Hill. She has been ill, but is feeling some better.

Curtis Hill's sister in-

by Marjorie West in-law, Patsy Hill of Eastland, is very ill. She is also a sister-in-law to Billie Lewis.

Martha Carouth and friend, Mac, had a enjoyable day Tuesday in Arlington visiting her sister, Audrey Trusty and nieces. Audrey's family drew names for Christmas.

Annie Dill and Media Edwards, of Cleburne, spent the weekend recently with Sula Harris.

Our crowd at the center was off a bit Thursday, due to the revival in progress at First Baptist Church.

Charles and Geneva Rutherford were back at the center after being absent for a few meetings. Have a nice week!

**Pioneer Patchwork**

by Irma Miller

The Quilting Club finished the Fan on Tuesday and worked on the Improved Nine Patch and the Wedding Ring.

Frankie and Oliver Smith were present at the Cottonwood musical Friday night. They were in Ranger Saturday visiting Frankie's father, Mr. Perry Vinson, who was not feeling well. Saturday night they visited Ed and Sally McAnally.

May and D.P. Jones entertained D.P.'s mother, Mrs. Pate Huffman of Marshall, who stayed with them about a week.

Novilia Barton's visitor on Sunday was Mrs. Betty Beggs of the community.

Laverne and Cowan Hutton went to Lubbock on Thursday to visit Cowan's mother. They also visited his brother and two sisters at Shallowater while in that vicinity. On Sunday, Laverne and her sister, Betty Haslam of Clyde and her brother and sister-in-law, Bob and Nelda Dean, also of Clyde, celebrated their mother's 93rd birthday at a luncheon.

The youngest son of Nell and Joe Fleming, Jerry of McLean, came Wednesday and stayed until Sunday afternoon. Jim, Charlene and children had lunch with them Sunday.

Irma Miller's brother, Dean Brannan and his wife, Carol, of Coleman, visited Irma and John Sunday evening the past week for a "midnight lunch."

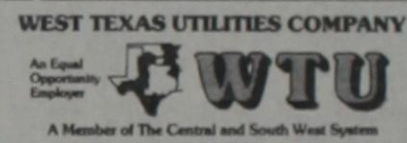

**There's a better way to stay warm...**

**Call your heating and cooling dealer instead.**

The best way to stay warm this winter is to have your heating system serviced now. A checkup by a heating and cooling dealer could help prevent a costly, uncomfortable breakdown during the cold of winter. Proper maintenance can also help reduce operating cost and extend the life of heating equipment.

And if your present system has seen too many winters, replace it with an all season electric heat pump. Ask your dealer or WTU for details.

**EARLY PAROLE FOR CAPITAL MURDERERS, RAPISTS & DRUG DEALERS?**

Businesswoman  
Jane Nelson:

**NO.**

Jane Nelson supports the death penalty for capital murderers and major drug dealers. Jane Nelson feels all prisoners should be put to work in our state prisons. Jane Nelson believes it is a conflict of interest for criminal defense lawyers like Glasgow to defend criminals before the Department of Pardons and Paroles and she will sponsor new legislation to stop this unethical practice. Jane Nelson will also make sure that life in prison without parole means what it says.

12 YEAR INCUMBENT & Criminal Defense Trial Lawyer

Bob Glasgow:

**YES.**

FACT: Glasgow makes a living defending criminals. FACT: Glasgow was the only State Senator in Texas to vote against life without parole for capital murderers. FACT: Glasgow defends drug dealers & voted for early parole for drug dealers & other drug crimes. FACT: Glasgow voted to give felons back their right to vote. FACT: Glasgow supported the early release of murderer/rapist James Cross and helped Cross get a prison furlough.

**Safety Emphasized to Local 4-H Group**

On Friday, October 16, 13 members of the local 4-H Food and Nutrition Project met in the basement of First United Methodist Church. Members attended two workshops during the evening. The first, Soup Is Good Food, introduced the kids to the benefits of soup in a well-balanced diet. The group then set about making a delicious minestrone soup. They learned a new skill, how to saute,

and the important safety measures to practice when cooking with oil.

As the soup simmered on the stove, the second workshop, Food to Take Along, was conducted. The members learned some important tips for packing a safe lunch. Racheal Bush presented an illustrated talk entitled "Good Lunch, Bad Lunch," which stressed the importance of choosing contain-

ers for a packed lunch that are reusable and do not add to refuse in our country's landfills.

After enjoying a delicious cup of soup, the meeting adjourned.

Those attending were Maci Claborn, Mandee Westerman, Miriah Clark, Racheal Bush, Amy Agnew, Tiffany Savage, Kirby Bush, Justin Janes, Dedria Emert, Lacy Knight, Kory Collins, Jared Janes, Derek Savage, Bridger Bush, Linda Claborn, Jeanie Schaefer, Denise Emert and Kathy Bush. These 4-H members and leaders express their appreciation to the Methodist Church for providing a place to meet.

Bernie Barnes, left, and C.W. Richter hold the horns of elks they bagged while on a recent hunting trip in Canada.

The two left Rising Star September 20 and made the drive to Golden, British Columbia in three days. Their 10 days of hunting were from a lodge 60 miles out in the country. Bernie shot a black bear the first day they hunted. Barnes' elk was a 5x5 and Richter's a 6x6.

The weather was beautiful in Canada, Bernie said; they even went swimming while they were there.

**George Steel Re-Elected as a Director of SWCD**

George Steel of Rising Star was re-elected to the Upper Leon Soil and Water Conservation District Board of Directors at the election held on October 12, at the Ward School in Rising Star. Steel represents Zone four of the

District (the western one-half of Eastland County) and will serve a four-year term. He has been a Conservation District Director since the mid 1970's.

The purpose of the Soil and Water Conservation District is to promote

sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters.

In Texas, conservation districts are legal subdivisions of state government organized by local farmers and ranchers. All conservation programs managed by the district are of a voluntary nature to the landowner or operator.

Other directors of the Upper Leon board are Leo Williams, Desdemona; J.W. Sadberry, De Leon; Edwin Jones, Dublin; and Norman Moore, Sidney.
