The young ladies who were the most attractive feature of the Higginbotham float in the Fall Fair parade September 26 were Misses Barbara Perry, Bennie Sue Morris and Carolyn Perry. I made the unfortunate error of not identifying them in the picture as it appeared in the Rising Star Record. I apologize. They stood from left to right in their names above.

Some young man who Queen Anna Littles accompanying picture away, halfback on the football team. Queen's escort and with a bouquet of coronation. He backstage while of the Queen's under way that he felt nervous, not having a deal of experience royalty or otherwise, carried out the role of designate very well in.

at week's issue the Record the May Kitchen Band which took first place in the Melby Division of the Free Air Parade, to the wrong station. The float was by the May Home Demonstration Club. Our apologies HDC for the error.

The alligator which Mrs. George Stephenson and her dog Billy subdued in a wild battle at the Stephenson farm north of Rising Star Thursday, September 26, was even longer than I reported. A tape measure placed from tip to tip showed it to be 56 inches in length, or four feet, eight inches.

"I've never seen anything fight as ferociously as that thing did," said Mrs. Stephenson. "It blew itself up to twice its size, reared on its hind feet, swinging its jaws and hissing like a compressed air valve. I was shot at it with pistol bullets but the slugs just bounced off his hide and I began to be one of them would glance at the dog. If it hadn't been for the dog, who is a cross breed of a lot of collie in him, I would have had to run. He dashed in, seize the alligator by the base of the tail and try to subdue him, but the creature would not make a quick flip to free. Once I called to him thinking perhaps the dog could settle down and pick out a vital spot to get in. But you know what reared up and charged like a mad bull. I've been with an alligator is slow, but he could whip around as fast as lightning. My dog had to distract him

knew I was hitting him with the pistol. I shot a pistol and if I do say it myself pretty fair shot with one. I couldn't believe his hide tough. Finally I realized that most animals are unable where the base joins the body and that did it. His head and back and he collapsed on Page 2.)

'Cats Lose To Santa Anna; Llano Next

An aroused band of Santa Anna Mountaineers, utilized superior power and a good passing attack to subdue the Rising Star Wildcats in their opening conference game here last Friday and gain revenge for a licking which the Wildcats handed them last year on their own field.

The Rising Star team started off with a rush, showing a drive and alertness which capitalized on a Santa Anna fumble at mid-field on the first play from scrimmage. The Wildcats recovered on the Santa Anna 40 and Mack Elliott and Gary Scott alternated in two plays to drive the ball to the Mountaineer 29 from which point Robert Needham broke through the right side of his line and outran the Santa Anna secondary behind good blocking to score. The attempt at point after was fumbled.

The Mountaineers came right back in a drive led by big Bill Jennings that rocked the 'Cats back on their heels and scored the tying six points. The drive originated on their 37. The try for point was good and the visitors went into a lead that was never overcome. Twice more in the first half the Mountaineers scored touchdowns, while Rising Star drives, with Jack Callaway, Gary Scott, Elliott and Needham moving the ball well but being thwarted in their efforts by penalties and fumbles. The Santa Anna passing attack and the running of big Bill Jennings were especially effective for the visitors. At the half the score stood 20 to 6.

The 'Cats showed a better command of the situation during the second half when both sides scored touchdowns. The Rising Star eleven scored on a pass from Needham to Billy Rucker. The play covered 15 yards near the end of the fourth period. An attempt to run over for the extra point failed, however.

In the statistical department the Wildcats made 13 first downs to 15 for Santa Anna. The visitors outgained them on the ground 256 yards to 136, completed five of 10 pass attempts for 85 yards and drew 55 yards in five penalties. The Wildcats completed two of three pass attempts for 31 yards and drew three penalties for 25 yards.

Friday night the Wildcats go to Llano for a conference game with the Llano team, returning to Rising Star the following week to entertain the Mason eleven.

Returns to States From German Station

Mr. and Mrs. Bill W. Fisher and three children arrived from New York Sunday to visit with relatives and friends in Rising Star before Mr. Fisher, a Chief Warrant Officer in the U. S. Army, reports to a new assignment at Fort Lee, Va. He is a brother of Art Fisher.

Mr. Fisher, who is making a career of army service, has been in the armed forces for 12 years, nine of which he has spent overseas. His latest assignment, in which he has just completed a three-year period, was near Munich, Germany. Prior to that he served six years in Japan and Korea.

His station in Germany was within a half mile from the Polish border and he was able to get a close look at a Communist satellite state in action. He was happy to be back in the States.

He and his family flew into New York and then drove to Rising Star in a new car which he had waiting for him there.

Llano Rotarians Host Pancake Supper

A retired vice-admiral, Heber Hampton McLean, was in Rising Star Monday as the emissary of the Llano Rotary Club inviting Rising Star folks to attend a pancake supper to be sponsored by the Llano club next Friday evening when the Wildcats play the Llano football team.

The supper will be held at the gym next to the football field, Mr. McLean said.

Mrs. Leatherwood, Pioneer Blake Resident, Dies

Funeral services for Mrs. A. Leatherwood, 87-year-old pioneer resident of the Blake community whose death occurred at Rising Star hospital Tuesday, October 1 at 10 p.m., were held at Blake Baptist Church at 2 p.m. Thursday, October 3. The Rev. Landers of Coleman, Texas, officiated, assisted by Rev. James Putnam of the Blake Primitive Baptist Church.

Burial was in Hog Valley cemetery with Higginbotham Funeral Home of Rising Star in charge.

Mrs. Leatherwood is survived by one son, Otto Leatherwood of Rising Star; two daughters, Mrs. Pearl Jones of Littlefield, and Mrs. Virgia Hodnett of Rising Star; one brother, John Thomas of Terre Haute, Ind.; two half-sisters, Mrs. Nora Guynard and Mrs. Myrtle Rochet both of Knoxville, Tenn.; 13 grandchildren, 11 great grandchildren and one great-great-grandchild.

She was born Martha Ann Thomas at Maryville, Tenn., on April 1, 1870. She was married to Alexander Leatherwood at Cloverhill, Tenn., in 1886 and came with her husband to Texas in 1890, settling first at Merritt, in Hunt County, and then at Blake in 1902 where she lived for the remainder of her life. Mr. Leatherwood who was a stockman and farmer, died on October 10, 1930. Both were active members of the Primitive Baptist Church in which Mr. Leatherwood was a deacon.

Winter Cover Crop Program Is Now Under Way

The winter cover crop program of the ASC for Eastland County is now in operation, Emmett Powell, County ASC manager, announced. It is about the same program as has been in effect for the past several years.

There is a straight rye crop for 1957 peanut acreage with a cost share of \$1.25 per acre. Vetch and peas may also be used as a cover crop. The legumes are not limited to peanut acreage. Payment on vetch is eight cents per pound and on winter peas 3 1/2 cents.

The straight rye crop is limited only by the acreage of 1957 peanuts, but the legume crop is limited to one-half the cropland, but not in excess of 60 acres. Assistance is offered on phosphate for legumes.

Approval of the ASC office must be obtained before planting, otherwise payment cannot be made, Mr. Powell said.

Under a new law any producer may grow 30 acres of wheat for feed. An agreement must be executed by October 15 or before the wheat is seeded, whichever is earlier. If an agreement is signed no wheat can be sold off the farm.

Other details of the Conservation Reserve Program are expected by October 15.

Members of the County ASC committee elected September 25 are Elmer E. Blackwell of Ranger, chairman; W. E. Cooper, Rising Star, vice-chairman; Wm. R. Ussery, Carbon, member. Alternates are, first, Floyd S. Cawley, Eastland, and second, Ben O. Speegle of Cisco.

The requirements on the kind of peanut sacks to be used are rather strict, Mr. Powell said, and producers were advised to contact the Southwestern Peanut Growers Association for details.

Mrs. J. B. Caudle and Delwin attended the Cartwright-Mason reunion, held at Stephenville, Park Sunday. The group voted to make it an annual affair to meet the first Sunday in October.

Mr. and Mrs. Joe Boyd of Stephenville visited his parents, Mr. and Mrs. J. D. Boyd, and Mrs. J. C. Huddleston of Sid-

Until there is an improvement in the price of crude oil which will make oil production more profitable, development of possible new fields in Eastland and adjoining counties will suffer, Robert Wesselhoeft, independent petroleum geologist of Abilene, said in answer to a question at the Chamber of Commerce luncheon Tuesday noon. The meeting was at the Elite cafe and Mr. Wesselhoeft appeared as a speaker on the Oil Progress week program.

"It would be a very dangerous thing for any man to offer to 'drink all the oil to be found in Eastland county,'" he said, "because he might find himself in oil up to his ears. But the fact is that the oil industry is over-producing after a long period of short supply, and the oil man is caught in a 'squeeze' between low prices for crude and extremely high costs of exploration and drilling," he said.

"Under the circumstances," he said, "the oil operator is going to take a long look at his venture money before investing it in exploration which might not, even if successful, give very high returns in production."

He said that about 30 per cent of the wildcats drilled in Eastland county last year were producers which is "a very high percentage overall."

Mr. Wesselhoeft illustrated his theme with an interesting story of the discovery and explorative drilling of a field discovered in the South American jungles and which cost its developers over \$2,000,000 to drill. The market for that field is limited to the meager demand in the Amazonian area, and the operators in 30 years have not recovered the initial cost. "But if they had not done so, probably the communists would have discovered and developed it," he said. "They have made a tremendous contribution to our free economy at great cost to themselves, which is typical of what the venturesome spirit of the free oil industry has done."

Mr. Wesselhoeft did not appear too concerned with the effect of imported oil upon the American economy, pointing out that substantial foreign supplies were important to our defense and expressing belief that through proper controls, the situation with respect to the domestic industry would be sound within a few years.

Accompanying him was J. M. Kendrick, of the Pan-American Oil Co. Abilene office. They were introduced by C. M. Cox, local Gulf distributor.

During the business session, Sec'y A. D. Jenkins of the Chamber of Commerce, reported that the net cost of the Rising Star Fair was \$1,053.28, plus a few bills yet to be received. The figure was well under the appropriation. Income was \$331.42 and expenses \$1,384.28, said Mr. Jenkins.

Join Father for Birthday Event

All three daughters of C. B. Harris were here Sunday to join in celebrating their father's 89th birthday. The anniversary fell on Monday but Sunday was chosen for the birthday dinner and family party which observed it. The daughters are Mrs. Dallas Dill of San Angelo, Mrs. Melia Edwards of San Antonio, and Mrs. C. A. Harris of Brownwood. A daughter of Mrs. Edwards, Dawn, accompanied her mother. The two sons of Mr. and Mrs. Harris, Roy and Floyd, who live in California, were unable to attend but they called their father by telephone.

Pvt. E. W. Ramsey, whose wife, Ann, lives on Rt. 1, Cisco, is a launcher crewman in Battery B of the 551st Antiaircraft Artillery Missile Bn. in Newhall, Calif. Ramsey, son of Mr. and Mrs. John W. Ramsey of Rt. 1, Rising Star, entered the Army in April, 1957, and received basic training in Fort Ord, Calif. He attended Rising Star High School and was formerly employed in Abilene.

Soil District Election On October 14th

An important Soil Conservation District Supervisor election has been reset for Monday, October 14, at Rising Star. The election will take place at 7:30 p.m. in the Rising Star Agriculture Building on North Main street. Refreshments will be served after the election is completed.

The election will be for Supervisor of subdivision 4 of the Upper Leon Soil Conservation District. All farmers and ranchers in this subdivision are encouraged to attend this event and vote.

Subdivision 4 of the District includes that portion of Eastland County lying south and west of the MKT railroad. This railroad goes from Gorman to Carbon to Cisco and then on to the county line toward Moran. All landowners (agricultural) south of Gorman, Carbon, and Cisco and all landowners in Eastland County in the vicinity of Rising Star, Pioneer, Sabanno, Nimrod, Romney, Long Branch and Scranton are eligible to vote in this election.

Bernal Hickman, Rising Star rancher, is currently serving as supervisor from Subdivision 4 of the District set October 14 as election date after failure to hold the election on October 1.

"This is an important election to the farmers of our district. The voter turn-out on October 1 was so light that we decided to set another date in the hopes of having a good cross section of the subdivision represented," Hickman said.

"We will attempt to contact every eligible voter and urge him to attend the meeting and vote for the farmer or rancher who he thinks will best serve his interests with the Board of Supervisors of the Upper Leon SCD," Hickman stated.

Hickman, who has served on the Board of Supervisors for the past four years, is presently the Board Chairman. He believes that the job of the Board is becoming more important and that the supervisors are deserving of full support from the farmers they represent.

Delwin Caudle Is Named Reporter For FFA District

Delwin Caudle of the Rising Star FFA chapter was elected reporter for the Cross Timbers District of the Future Farmers of America at the district meeting in Stephenville Monday afternoon at 4 o'clock. Attending the meeting from the Rising Star Chapter were H. L. Geyer, agriculture teacher in the Rising Star High School and Chapter Advisor; Rex Hill, Billy Cook and Delwin Caudle, chapter members, and Supt. Sam Jones of the schools.

Other officers elected at the meeting were Sammy Harrell of Stephenville, district president; Alvin Hedges of Hico, vice-president; Gail Clinton, Hico, secretary; and Dick Palmer of Dublin, treasurer. The new officers were installed by the collegiate chapter at John Tarleton. After the installation, the district banquet to be held at Stephenville recreation hall on December 9, was discussed. Royce Bodford, president of the Tarleton Collegiate Chapter, will be the speaker.

There are 23 chapters in the Cross Timbers District.

Bill Tyler Back in Office Saturday

Bill Tyler returned to his office in the First State Bank Saturday morning for the first time in four months and one day since the gas explosion which wrecked the office and cost him a double fracture of his left hip. He was in his wheel chair, feeling well, although weak and careful not to put any pressure or weight on the injured hip.

"It seemed a mighty long time," said Bill, obviously glad to be back at his desk for even a short time, and in the newly rebuilt and decorated office which, for all that it cost him, is much more attractive and convenient.

He plans to spend occasional time at the office during the next few weeks, and expects to regain his strength to a point where he will be able soon to get about on crutches.

Homecoming to Be Held Saturday, Nov. 9

The Annual Homecoming of Rising Star High School Ex-Students will be held on Saturday, November 9, Charles Rutherford, president, announced this week. The football game between Gorman and Rising Star high schools scheduled originally for Friday night, November 8, has, by common consent, been changed to Saturday evening, November 9 to coincide with the homecoming, he said.

A meeting of the officers and committees of the Exes association will be called soon to begin details of the program, he said, and announcement of the time for the meeting will be made shortly.

Graduates From Army Administrative School

FORT CHAFFEE, Ark. (AHT NC).—Army Pvt. Rolland C. Atwood, son of Mrs. C. F. Atwood, 123 Pioneer, Rising Star, Tex., recently was graduated from the eight-week Administration School at Fort Chaffee, Ark.

Atwood received instruction in typing, filing, and Army clerical procedures.

He is a graduate of Cisco Junior College.

Jerry Davis Enrolls At John Tarleton

Jerry Davis, son of Mr. and Mrs. Oral Davis of Rising Star, has enrolled at Tarleton State College as a freshman. Davis is a petroleum engineering student and is one of 1100 students to register at Tarleton this semester.

Tarleton State College is part of the Texas A&M System and has been one of the leading educational institutions in Texas since 1899.

Pvt. Rolland C. Atwood, son of Mrs. C. F. Atwood, recently was graduated from the eight-week Army Administration School at Fort Chaffee, Ark. Atwood is a graduate of Rising Star and of Cisco.

The first peanuts of the 1957 crop to be marketed in Rising Star were brought in Monday by Oscar Maddux of the Cook Community. The crop was early, having been planted in March, and yielded 16 1/2 bushels to the acre, testing 69 points and bringing a price of \$3.08 a bushel.

The Gainey Peanut Co., Abilene, was the purchaser. Raymond Gray is the Rising Star buyer.

Hay harvested from the crop brought \$24 per ton with a yield of about a ton to the acre. Mr. Maddux had 14 acres in peanuts. While the yield was unexpectedly good, the grade of the peanuts was a most encouraging factor, said Mr. Gray. The average grade is 70 on which the price is based.

Mr. Maddux' crop brought better than \$70 per acre gross, including peanuts and hay, which is very good, said Mr. Gray.

Most peanuts in the area are late, because of the Spring rains which prevented farmers going into the fields until late June or early July.

Former Rising Star Woman Buried Here Last Week

Mrs. Fannie Idella Nations, 84-year-old former resident of Rising Star, was buried here after services Wednesday afternoon, October 2, at 2 p.m., at the First Methodist Church, with the Rev. M. M. Watkins officiating. Burial was in Rising Star cemetery.

Mrs. Nations was born in Jackson Parish, La., on February 5, 1873. She was twice married, the second time to J. A. Nations in Jackson Parish in 1897. The family moved to Rising Star in 1907 from Louisiana and remained here until 1925 when they moved away. Mr. Nations who died in 1931, was buried here.

For the past five years Mrs. Nations had been a shut-in, making her home with her daughter, Mrs. Ellen Eaton, at Dallas where she died. She is survived by five sons, Lyman Nations of Wharton, Texas; Tommie Nations of Dallas, and Herman Nations of Sweetwater; three daughters, Mrs. Eula Overby of Sweetwater; Mrs. Eaton of Dallas, and Mrs. Eppie Mitchell of Sweetwater, a sister, Mrs. Alta Robertson of Atrop, La.; ten grandchildren and six great-grandchildren.

I fired at that spot on the all-lapsed. But it was a long time after the shot before the body quit jerking and he was dead. Just to convince myself after he was still, I stood about six or eight feet away and shot at his hide several times. The bullets just hit and bounced."

Mrs. Stephenson and her dog came upon the creature in the field back of her garden and near a tank. A bed wallowed out in the brush appeared to have been used by it, but from occasional reports of an unidentified animal in the vicinity over the past two or three years it was believed to have spent its time between several tanks in the area. Mrs. Stephenson is convinced that it was the same alligator which a brother of hers brought to the farm three years ago, as a sort of lark.

"I told him to turn it loose if he wanted, that I'd wait a day or two just for the novelty of the thing, and then get rid of it. It was small and he had it in a box. When he turned the box down on the ground the alligator crept slowly down to the edge of the water and then darted in as quick as a wink. We never saw that alligator again to recognize it until the day I killed it, although there were reports of an enormous mountain boomer around and once or twice we spotted what we thought was a piece of brush or old tree limb floating in the water. I have an idea it was that alligator floating with his eyes and a part of his nose out of the water as I understand they do. If there were "boomers" as big as that thing around our place I certainly wouldn't want to live there."

Electricity does it for only a few cents!

Electricity is the biggest bargain in your budget—and even more of a bargain today than it was years ago—in fact in homes served by WTU, the average cost of a kilowatt hour of electric service is 20% LESS than it was 10 years ago. Your electric bill may be higher, but that is because electricity is so inexpensive you can afford to use much more of it these days. Don't you think so?

A MAGIC CARPET TO TOMORROW

Zoom! I landed safely again
 in my bed. What a shocking
 and unusual experience! I guess
 you wonder where I've been.
 I'll let you in on a little secret
 of mine if you promise you'll
 tell. Tonight (at least I think it
 is still tonight) I had a dream.

It all began when Mrs. Claborn
 reminded her Senior English class
 to write a theme or make a pos-
 er about fire prevention. I went
 home and thought about it all
 afternoon.

When I went to bed, I ate an
 oversize midnight snack. (I guess
 that was the reason I started
 dreaming.) I dreamed I was on
 a magic carpet, traveling through
 the sky.

As I flew along, I noticed
 signs as: "This is the
 Tomorrow." It was all
 interesting, but where was
 Tomorrow? Surely not!

As I went around a curve,
 I saw a sign whose neon lights
 flashed off and on saying, "Fire
 prevention of Tomorrow."

I entered a gate ahead of
 I was amazed to see a beau-
 tiful country; the hills and val-
 leys were green; the cities were
 magnificent. In the middle of
 this marvelous place was a build-
 ing whose sides had written on
 them—"Guides for tourists of
 Tomorrow". I knocked at the
 door and was met by a little
 woman whose suit was red. He
 then without saying
 directed me to the for-
 est where trees were tall and
 green by fire.

He finally spoke, "Here
 Tomorrow; we have ideal fire
 protection. Our citizens are not
 afraid because they have learn-
 ed from you Twentieth Century
 people not—that being care-
 less about fire is a short story
 that had ending! This is why
 we have such green forests and
 beautiful cities."

His voice faded as my magic
 carpet started whirling around
 the ground, carrying me back to
 the Twentieth Century. Before
 I knew it, I was back in my
 bed and Mother was bouncing
 me up and down, trying to wake
 me. No wonder I had such a
 strange dream!

It was only a dream—but
 the lesson I can learn from
 it is to prevent fires from de-
 stroying our country so that we
 can reserve it for future gen-
 erations.

F. F. A. NEWS

I guess all the members of the
 F. F. A. are still jumping with
 joy about the fun we had last
 Saturday at the Dallas Fair.
 Almost all the members of the
 F. F. A. went, including our
 lovely new chapter sweetheart,
 Jaynel Edmiston. We saw all
 kinds of exhibits and rode al-
 most all the rides; that is, until
 our money was exhausted—or
 was it us?

After all were accounted for,
 we boarded the bus and were
 really glad to see "Old Twinkle"
 once more.
 Reporter, Jerry Aaron

NAMED QUEEN OF THE WILDCATS

In a meeting of the football
 boys Miss Sandra Lea Erwin was
 elected football sweetheart for
 1957. Sandra will be presented
 at the half-time of the Cross
 Plains game.

Sandra, a Sophomore in Ris-
 ing Star High School, is very
 popular with her friends and
 classmates. She is five feet, one
 inch tall, has light brown hair
 and hazel eyes. She is a mem-
 ber of the F. H. A. where she
 holds an office. She is a mem-
 ber of the annual staff and at
 one time she was a majorette
 with the Rising Star band.

Her comment to being elected
 was, "It was the biggest thrill
 of my life when I was told that
 I had been elected football sweet-
 heart, and I want to thank each
 and every football player from
 the bottom of my heart. It was
 really wonderful!"

FHA CHATTER

Here we are with a high and
 mighty feeling, bustling around
 getting ready to go to the fair.
 By the time this is in the paper,
 the kiddos will be back and set-
 tled down in school again, but
 we will still have the memory
 of the State Fair at Dallas. The
 people who have gone before
 know it is a tiring ride, but well
 worth it. They will have a big
 day on the midway and also the
 exhibits.

On September 23, the FHA
 girls met at Homemaking Cot-
 tage for the first meeting of the
 school year; we gathered there
 to initiate the fish, elect a new
 secretary and a FHA Beau.

Pat Howard, the president,
 called the meeting together, Mar-
 tha Duggan, vice president, read
 the minutes. Our newly elected
 secretary was Jane Ann Key and
 our Beau is one who will make
 the best in the world, Billy Ruc-
 ker. Our club mothers are: Mrs.
 Butler, Mrs. Key, Mrs. Edmis-
 ton and Mrs. Howard.

Leaving everybody with this
 last thought, "We're behind the
 Wildcats!"

FIRE!

This word strikes fear in every-
 one's heart. The very meaning
 of it spells destruction—destruc-

tion to our homes, stores, or may-
 be our lives. This little guy, we
 call the firebug, doesn't mind
 whose life he destroys.

Let's meet Mr. Firebug. Where
 might we find him? Let's see—
 there he is lying beside the road
 in that cigarette. He is in your
 home now in that match the
 baby is playing with.

When did he come to America?
 He came with the first people
 that ever came here; thousands
 of years ago, he arrived with
 the Indians. Even during the
 Stone Age, Mr. Firebug was
 around. We have been seeing
 this character work ever since;
 yet, we are still careless with
 him.

He burns many houses and
 dwellings a year. He kills many
 of our people and brings much
 unhappiness.

So why don't we work against
 this little guy? If we all work
 together and stop being so care-
 less, we may be a lot happier
 when this year comes to an end.

If Mr. Firebug could talk, he
 might say, "It's not always my
 fault, is it?" Can you answer
 this truthfully?

Meets October 3rd

The Fourth grade citizenship
 club met at its regular time,
 Thursday, Oct. 3. The pledge
 of allegiance to the flag was
 said and "America, the Beau-
 tiful" was sung. Roy Gene Moore,
 Franz Pittman, and Larry Burns
 were nominated by the teacher
 for "Citizen of the Week" and
 Franz Pittman was elected. There
 being no further, the program
 was turned over to the week's
 chairman, Larry Crump. Larry
 read the "Trolley Car Family."
 Rex Long was appointed to be
 program chairman for next week.

CARD OF THANKS

We wish to express our deep-
 est appreciation for the beautiful
 flowers, cards, and all deeds of
 kindness and sincere sympathy
 expressed during our time of
 great sorrow and loss of our
 precious baby. Only with God's
 help and the deep concern of
 family and friends are we able
 to bear our loss. We are also
 very grateful for the flowers,
 cards and thoughtful gifts re-
 ceived during our stay in the
 hospital. May God bless and
 keep each of you.

HOW VALUABLE

...IS LOCAL NEWSPAPER ADVERTISING TO LOCAL BUSINESS PEOPLE?

Here's what the American Bankers Magazine, a publication which represents a traditionally conservative profession, has to say:

"No business man or woman in any town should allow a newspaper to go to press without his or her name and business being mentioned somewhere in its columns.

"A stranger picking up a newspaper should be able to tell what business is represented in a town ... it's the best possible town adviser. The man or woman who does not advertise does an injustice to himself or herself and definitely to the town."

IT'S CONSISTENT advertising that counts and the best advertising medium in this area is ...

European Tour Exciting One for Former RS Girl

The following story by a Casper, Wyo., Herald-Tribune writer, gives an interesting account of a trip made to Europe by Mary Beth Busbee, daughter of Mrs. T. B. Busbee of this city, and a graduate of Rising Star High School. Miss Busbee moved to Casper last year after serving as assistant buyer for the Gift and Silver department of Sanger Bros. in Dallas. She holds a B. A. from Howard Payne and an M. A. degree from East Texas State Teachers College, Commerce.

By FRANCES HOBBS KELLY

Katie Wisdom and Mary Beth Busbee, both of 611 Lind, have returned from Europe with a wealth of memories that should last them a lifetime.

The girls left June 11 from New York on the "S. S. Saturnia," which docked in Lisbon; after a day's tour of this thriving Atlantic port, they again went aboard ship, with the next stop at Gibraltar.

This town on the northwest

end of the Rock of Gibraltar, has been an English possession since 1704 and the Casper girls spent one night there, viewing this historic sight.

Next, they went ashore at Seville, chief city in southwest Spain. Here for the first time they saw a bit of European night life. The Flamenco dancers that are so prevalent in the hotels and cafes.

"We got the impression that the dance told a story," the girls agreed. During their 3-day stay in Seville they also saw many notable churches and palaces.

In Madrid they witnessed their first bull fight. Both enjoyed it, although "one guy got his breeches torn..."

At last came Paris... Paris with its industries and residential suburbs... Paris, the intellectual and artistic capital of Europe... Paris, the world center of fashions and luxury goods; all this the Wyoming girls were seeing for the first time and it was with great reluctance that they finally moved on to Amsterdam, the largest city in the Netherlands.

"We were amazed by the many canals," Miss Wisdom said, pointing out that Amsterdam is built on wooden piles with some 400

bridges crossing numerous concentric and radial waterways.

"The people were very friendly," the Casper girls stated, enthusiastic in their praise of the birthplace of Spinoza and the residence of Rembrandt, whose home they visited.

In Germany the people were not so friendly as they were soon to learn, but "Germany is the most prosperous country we saw during our entire trip," Miss Busbee declared.

In Rome they climbed to the

top of St. Peter's Church, principal and largest Christian Church in the world, where they saw the designs completed by Michelangelo from the originals of Bramante. The dome is 404 feet high from the pavement, according to historical data.

At Castelgondolfo they saw the Pope and with many others, received a blessing by His Holiness.

Other cities visited were Sorrento, Capri and Naples, rising from the Bay of Naples, one of

the most beautiful sites of Europe, dominated by Mt. Vesuvius.

They spoke with great feeling of Capri, a small rocky island near the Bay of Naples, its striking scenery and pleasant climate. There they say the ruins of the villas of the emperors Augustus and Tiberius and they left Sorrento with the strains of the haunting melody "Come Back to Sorrento," leaving a promise in their hearts.

In Venice they were fascinated by the many little shops along

canals and saw much of its unique of art treasures. In Florence the girls bought some of that city's famed leather goods and finally the time has come to return to Wyoming.

As they sailed west to the "Augustus Caesar" they saw the shoreline of Europe fade in the distance with mingled emotions—they were glad to be among the fortunates who could call the United States "home."

Mrs. Alma Gradher six-month old to Colorado last spending about four with her parents, Jim Loflin.

Mr. and Mrs. A. tended the Abilene game and visited daughter and family Mrs. Phil McCanlie of Ris in Breckenridge.

Find the Strength for Your Life

WHEN IT COMES TO ETERNITY

Worship Together This Week

"I have never known a man to have faith in himself," goes an American adage, "unless he first has faith in God."

It takes such courage and strength to face life ... greater courage and strength than any of us has alone. And yet the world is full of men and women who met seemingly insurmountable obstacles ... and conquer-

ed them. If they were the kind of people who talked about themselves, they'd tell you ... "I never could have done it without the help of God."

The strong Faith they called on to help them can be yours. Build such a Faith for yourself. This week and every week, worship with your family at your church.
