NUMBER 34

WHERE THREE GOOD TEXAS COUNTIES GET TOGETHER

One gets a little weary of all these learned critiques on the causes underlying the so-called youth revolt...

Not that it is blameless. On the contrary it does bear a considerable share of responsibility for the current unrest...

I don't for a minute believe that a majority of our younger people are the campus "radical" type. Most of them are serious, thoughtful individuals...

For it isn't so serious that certain groups of young people — and older ones, too — are reacting violently to what they call "failures" of the establishment...

The more serious reality is that so many of the older generations have insensibly adopted in their attitudes and thinking some of the very ideals which these revolutionaries affirm as basic in their demands.

Despite the fact that so many of the older folk in this country went through a depression which, of all experiences, should have shown the folly of exclusive dependence upon a system...

Any social or economic system is simply an organization for dealing with the creative energies of mankind in a whole to benefit society as a whole and its individuals in proportion. It is no substitute for human effort and the sober fact is that almost every such system seems to have had more trouble with its successes than its hardships.

We seem in our own day to be experiencing just that sort of trouble, and in a degree quite in proportion to our great prosperity. This nation has never lost a war or failed in its response to any social or physical challenge...

We should not take too comfortably reports of great hardships and serious social and economic problems behind the Iron Curtain, and base assumptions of the failure of those political organizations upon such adversities. It conceivably would be better for world peace and our security if there were less of such difficulties to challenge the creative forces of those people.

We had better look to symptoms within our own society.

And they are evident and in number. When there is a growing tendency to discredit the importance of work as a creative, individualistic force; when it becomes more and more difficult to find people for jobs that need to be done; when the average worker ceases to take pride in the product of his efforts; when a job comes to be measured by the number of hours spent at a desk or a machine rather than the extent and quality of the output, then you can be aware that the system or

4,500 Acres New Grass Serviced By SCS Here

Now is the time to control weeds on grass plantings according to Raymon A. Wade of the local SCS Office.

Peanut planting is nearly all over with, he said, and while waiting for time to cultivate is a very good time to check grass plantings. The grasses may need weed control by shredding, mowing or chemicals. "At the time you

are checking be sure and consider fertilizing," said Mr. Wade. "Grass planting that are properly cared for will soon be in production and making you a return on your investment."

Grass plantings that are not properly managed can be as long as three years in getting established. If it takes a grass planting three years to get in production it becomes an expensive pasture, he pointed out.

"There has been over 4500 acres planted to grass in the area serviced by the Rising Star Soil Conservation Service Office. All of this has been planted to high producing grass such as Coastal bermuda grass, Weeping lovegrass, Kleingrass, Sideots gram grass and K. R. Bluestem. This means that if these grasses are properly managed, with fertilization, weed control and moderate grazing that many more cattle can be added to the farms and ranches. This will be a big boost to the economies of our community."

Many of the areas established to grass will materially reduce wind and water erosion. It will also contribute to the reduction of pollution, Wade explained.

Most of the grass plantings were cost shared through the Great Plains Conservation Program and the Eastland County Agriculture Stabilization and Conservation Service. These services are available to the land owners in this community. "Begin to plan your grass plantings and land adjustments for next year," said the SCS man.

Most Local Businesses To Be Closed July 4th

Most businesses in Rising Star will be closed Saturday, July 4, as citizens of the community observe a week-end holiday in recognition of the anniversary of American national independence.

The holiday is one of the five regularly observed in the community.

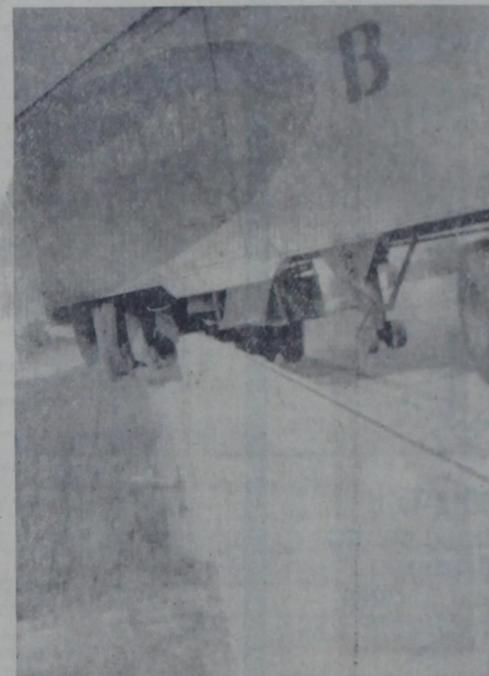

The post office, the First State bank and other public institutions regularly close on Saturday's so that the day

will have only added significance for the personnel of these organizations.

Higginbotham's, Rising Star's big department store, will close its doors for the day and most of the other stores and offices will likewise close, or be open for only a portion of the time.

Meanwhile emphasis was being placed on safety during the week-end as Rising Star residents along with other thousands take to the highways or to the many lakes and other recreational resorts in the area in respite from regular work-a-day duties.

No special observance is planned, although citizens were asked to display the American flag in recognition of the national holiday.

NARROW ESCAPE — This close up view shows the rear end tandem wheels of a heavily loaded Columbus, Ga. truck loaded with IBM equipment as they hung over Interstate 20, 20 feet below State Highway 206 overpass just west of Cisco Monday. The truck, operated by two men and reportedly loaded with hundreds of thousands of dollars in valuable IBM electronic machines, skidded on loose gravel as it endeavored to turn onto the bridge in a detour around IH-20 construction at the point, Drivers Charles Culverhouse and Allen Arnold said.

In the steer riding event, in which all rode at once, the longest rider was James

Thompson. In the open roping, Royce Kitchen of Abilene placed first with 9.6, Pete Jones of Breckenridge placed second with 10.0 and Torn Ducky of Comanche placed third with 10.1.

In the bull riding event Cholor Copeland of Strawn placed first with 44 points and Larry Holaman of Zephyr second with 39 points. In the jack pot roping Tommy Houston of Bluffdale won with 10.2; Tom Dudley of Comanche placed second with 10.7, and Skipper Duncan of San Angelo won third with 11.6.

Once again both bulls and broncs events are booked solid for the next two performances, according to an announcement by John Cameron, Secretary.

establishment, or whatever  
 the term you wish to use, is  
 losing the only really creative  
 source to make it effective or  
 even possible.

There is no substitute for  
 work, conceal the fact behind  
 as many push buttons as you  
 please.

And if we have neglected,  
 as we appear to have done,  
 to teach that unforgiving fact  
 to the youth we have pamper-  
 ed, we have failed them in a  
 most vital respect. We have  
 then little to look forward to  
 except anarchy, with its in-  
 evitable result in totalitarian-  
 ism.

People like pickles and  
 relishes because of their  
 bright colors and crisp tex-  
 ture. Cucumbers are now read-  
 ily in many home gardens in  
 the county, states Mrs. Janet  
 Thomas, County Home Dem-  
 onstration Agent.

Pickles and relishes give  
 zest to a meal, and are good  
 sources of vitamins and min-  
 erals, especially A and C.  
 Pickles retain the vitamin  
 content due to their high acid  
 content and to the compara-  
 tively little heating required  
 in preparation.

Mrs. Thomas reminds home-  
 makers that for success in  
 pickling to follow these sug-  
 gestions:

Use fresh, clean vegetables  
 and fruits. Immature cucum-  
 bers make the best pickles.  
 Fruits should be firm and  
 slightly underripe.

Use ingredients as called  
 for in recipes and measure  
 accurately.

(a) Use good clear stand-  
 ard vinegar. 5% acetic acid or  
 50 grain vinegar is preferred  
 in making all kinds of fruit  
 pickles.

(b) Use bag salt or dairy  
 salt for best results. Do not  
 use refined table salt.

(c) White granulated sugar  
 generally is used, but certain  
 recipes may call for addition  
 of brown sugar for extra  
 flavor.

(d) Use fresh high-quality  
 for most cooked pickles. Spices  
 bought in packages  
 labeled sterilized are best to  
 use.

(e) Use soft water, if possi-  
 ble, for making brine. If hard

water must be used, boil or  
 let stand for 24 hours. Re-  
 move scum.

(f) Use enamel ware, alu-  
 minum or stainless steel for  
 heating pickles. Do not use  
 copper or iron utensils.

(g) Pickles will keep better  
 if sealed airtight for storage.

(h) Lime water adds a de-  
 sirable crispness to unfer-  
 mented pickles, such as those  
 made from watermelon rind  
 or green tomatoes.

(i) Pickles will be firm  
 without adding alum if cor-  
 rect methods are followed.

(j) The correct color of  
 pickles is olive, not bright  
 green.

A good and quick bread  
 and butter pickle recipe is as  
 listed below:

**Bread and Butter Pickles** --  
 25 large cucumbers  
 12 onions (white-medium)  
 1/2 cup salt  
 1 pint vinegar  
 2 cups sugar  
 2tablespoons mustard seed  
 2tablespoons ginger  
 2tablespoons turmeric pow-  
 der

Soak unpeeled cucumbers  
 in water overnight. Slice cu-  
 cumbers and onions and place  
 in pan with salt (no water).  
 Let stand 1 hour, then rinse  
 off salt; add vinegar, sugar,  
 mustard seed, ginger, and  
 turmeric powder. Boil all in-  
 gredients until peel turns  
 yellow (about 40 minutes).  
 Pack pickles solid in steriliz-  
 ed jars. Seal and allow to  
 stand 10 days before using.

Another good pickle recipe  
 is as follows:

**Sweet Mixed Pickles**  
 2 quarts cauliflower flower-  
 ets  
 2 medium green peppers,  
 cut into 1/4 inch strips  
 2 medium sweet red pep-  
 pers, cut into 1/4 inch strips  
 1 1/2 pounds (9 medium) on-  
 ions, ruled, quartered  
 2 1/2 cups white vinegar  
 1 1/2 cups water  
 1 1/2 cups granulated sugar  
 3tablespoons salt  
 1tablespoon mustard seed  
 1tablespoon celery seed  
 1/4 teaspoon turmeric

Wash cauliflower, break  
 into small flowerets. Cook in  
 small amount of unsalted  
 boiling water 5 minutes.  
 Drain. Wash and prepare re-  
 maining vegetables. Combine  
 remaining ingredients; heat  
 to boiling, covered. Add veg-  
 etables and boil uncovered 2

Most countries in the world  
 have through legislation or  
 other action adopted a flower  
 or plant as a national emblem.

The official flower of the  
 United States is the Golden  
 Rod, which many people look  
 upon as a weed—nevertheless  
 it is a flower and a prolific  
 one, even though it is the  
 flower of the fields and road-  
 sides.

England chose the rose, and  
 our Canadian neighbors  
 proudly display the maple  
 leaf.

We proudly display ALL  
 flowers in our shop, because  
 we know that different people

MRS. WILLIE HERBERT EZZELL

## Brenda Stokes, Willie Ezzell Wed at B'wood

Miss Brenda Catherine  
Stokes of Brownwood and  
Willie Herbert Ezzell of Ris-  
ing Star were married in the  
Belle Baptist Church at  
Brownwood June 12 at 8 p.m.

Rev. Temple Lewis, uncle of  
the bride, read the wedding  
vows before an arhway en-

twined with greenery, flank-  
ed by baskets of white mums  
and adorned with yellow sat-  
in bows.

The bride, given in marriage  
by her father, wore a formal  
gown of white satin overlaid  
with imported reembrodered  
French lace. Her illusion veil  
fell form a white satin bow  
accented with lace roses and  
seed pearls. She carried a cas-  
cade bouquet of white glad  
joli.

### Law Association Gets Credit For Crime Down-Trend

Value of the Eastland Coun-  
ty Law Enforcement Associa-  
tion was vividly outlined in  
a review showing a decrease  
in the number of crimes, for  
members of the association  
at the regular luncheon meet-  
ing Friday at the White Ele-  
phant Restaurant in Eastland.

President John Morren  
presided and cited the increas-  
ing national averages, and  
compared the Eastland crime  
rate to these averages. May-  
or Doug Fry of Cisco also  
pointed out that the crime  
rate is down in Cisco. Each  
of the towns will make a for-  
mal report at the next meet-  
ing.

Eastland Mayor James Reid  
spoke briefly and praised the  
members of the associa-  
tion for their work and coop-  
eration, stating that he be-  
lieved that the work of the  
various law enforcement of-  
ficers and agencies is to a  
large measure responsible  
for the decrease in number  
of crimes.

Morren, Chief of Police for  
Eastland, quoted the FBI data  
which reports that crime in  
the nation increased 13 per  
cent during the first three  
months of 1970, compared  
with the same period in 1969.

Violent crimes as a group,  
nationally, were up 12 per  
cent, Morren quoted the FBI  
report as showing. Robbery  
increased 15 per cent, murder  
13 per cent, aggravated as-  
sault 8 per cent and forcible  
rape was up 6 per cent.

## HIGGINBOTHAM'S

# IT HAS BEEN

By Vada Arnold

A bold headline topped the front page of the Rising Star X-Ray dated October 14, 1964. It read "Letter To The Editor" signed by "The Man About Town."

on for incorporation of the town and the letter was written by an avid supporter of the measure.

"Dear Mr. Editor. Here I am again for a word or two in the X-Ray—This town is

forever filthy and nasty, it is much worse in the fall and winter, as in addition to other characteristics of nastiness we have a slaughter pen instituted during this season of the year, right here in our business part of town. And that is within a hundred feet of the back door of business houses.

We need incorporation in our fair city. As long as everybody has to do, and see after sanitary conditions of the town nobody will do it.

As I understand the law, it is against the statutory law of the State to have a slaughter pen right in the middle of a town or near any residence. Yet the law is not enforced in our town.

I am definitely in favor of incorporating Rising Star. I also favor building a Public Hall, which would be far more valuable and benefit to the town than so much Yaw-Yow and Yaddle and Yuddle about a railroad, so just scratch under and climb over a lot of things that we could do if we WOULD."

Rising Star has always been a town of many and variable social affairs. Back in the year 1911, members of the BYPU of the First Baptist Church in Rising Star were entertained in the home of Mr. and Mrs. D. E. Jones.

Guests arrived early, all dressed "Tacky", for it was a Tacky Party Entertainment began with music by several of the young ladies including Misses Flora Jones, Alyne Jayce and May Jones.

Tacky games were played throughout the party. One that caused much merriment was the "pied" fruit contest, Willie Ray McDonald, Willie May Ghormley and Victor Amis were winners, and were awarded the prize of a bunch of fresh onions.

Miss Ola Wilson and Horton Morrison were winners in another contest and were given a box of gum-drops.

A beautiful cake covered with chocolate icing was passed to each guest with the request to cut a slice and eat it. Every one failed in their effort to cut the cake. It was made of cotton and covered with chocolate icing.

Refreshments were served to Misses Ola Wilson, Flora and May Jones, Rowena Clark, Della Morrison, Willie Ray McDonald, Hattie Carroll, Erma Cox, Gordon Owens, Rosa Bell McCollum, Mabel Tunnell, Odell Morris, Sibyl Henderson and Olyne Joyce, Messers, Victor Amis, Alfred Morrison, Horton Morrison, Claude Cox, Almous Carter, Mack Ervin, Merl Joyde and Cal Smith.

Graduates of the Rising Star High School in May 1923 were Ewel Noe, Leslie Martin, Walter White, Menyard Nance, Earl Bowers, Mart Nunnally, Keith Wallace, Bess Roach, Elizabeth Robertson, Ruth Bucky, Gladys Agnew, Brentrice Smith and Beulah Lee Crowover.

The Senior play of that class was titled "Lone Star," a western drama staged near Amarillo, Texas, Supt. W. I. Wilkins had the honor of directing the play. Beulah Lee Crowover played the haughty Mrs. Fairman, a typical overbearing stepmother. Ruth

BETH PEARSON

## Ranger Girl Is County Peanut Contest Princess

Miss Beth Pearson of Ranger was crowned Eastland County Peanut Princess in the second annual contest held in Gorman High School Auditorium, Friday June 26. Miss Pearson, daughter of Mr. and Mrs. T. R. Pearson Jr., of Ranger, was sponsored by the Ranger Lions Club. Miss Pearson will compete in the Miss Texas Peanut Queen contest to be held in Eastland August 14-15.

First runner-up was Miss Karen Hallmark of Gorman. She is the daughter of Mr. and Mrs. Billy Hallmark and she was sponsored by the Gorman Chamber of Commerce. She is the reigning Miss Gorman.

Second runner-up was Miss Betty Seaton, also of Gorman. She was sponsored by the Gorman Fire Department and is the daughter of Mr. and Mrs. Jason Seaton of Gorman.

The eleven contestants in the pageant competed in evening dress, swimsuit, talent, and a two minute speech on the peanut industry.

For her talent presentation, the winner, Miss Pearson, sang the popular song "Leaving on a Jet Plane" and accompanied herself on the guitar.

Miss Hallmark, first runner up did a pantomime to the song, "Please Don't Sleep in the Subway". The second runner-up, Miss Seaton, did a cartoon drawing of Charlie Brown.

Mr. Gene Foster was master of ceremonies and presented Bucky took the role of Helen Fairman and Elizabeth Robertson was the jolly maid. Keith Wallace was the butler and caused lots of laughter with his delightful bits of comedy. Gladys Agnew as Rosa Carroll captured the hearts of many suitors. Menyard Nance, a cowboy, and Mart Nunnally, a ranch foreman. The part of Mrs. Carroll was played by Bess Roach. Ewel Noe was especially good as Mr. Carroll.

In 1923 a Model "T" could be purchased for \$295.
