Local Cystic Fibrosis Campaign Is Success

Rising Star should be proud of itself! I know the Cystic Fibrosis Foundation will be proud of you! This last Monday the Rising Star 4-H Club helped collect over \$455.64 helping toward children afflicted with cystic fibrosis. This is the Number 1 genetic killer of children and young adults in America today. More than half the children born with it will die before they reach 21

More than 20 members of the "Stars of the Future" 4-H Club participated, and they are to be commended. A big Thank You to all you 4-Hers Donna Majors, Sheri Shaw, Kimberly and Ronnie Wilson, Wendy Green, Jennifer Linney, Tabitha and Jamie Hutton, Karmen and Jay Hall, Toby and Stephanie Long, Stacey and Heather Wright, Barbara Major, Warren and Travis Parson, Howard Lawrence, Shane Lee, Lee and Chris DeLong, Cody Wilson, Brian Bailey. A special thanks to drivers Wanetta Parson, Kathleen Hardesty, Carol Goode and Shelly Bailey.

On behalf of the Cystic Fibrosis Foundation, we thank the businesses for their contributions:

Plaza Star Restaurant, Bibby's

Creations, Custom Construction, Chambers Grocery, D&T Building Supplies, Winfrey Feed & Peanuts, Jenkins Insurance Agency, Higginbotham's, Kenton's Exxon, K&S Equipment & Machine Co., Eva's Kountry Kitchen, Family Food Store, Quickway Gro. & Deli, Bramlett Implement Co., First State Bank, Rainbow Cafe, Oliver West Pump Service, Farmer's Supplies, Dr. B. T. Carpenter, Trails West, Robert Butler Texaco, Jaden Co., Twin Drilling Co., and Palace Drug Store.

Just think, tomorrow through your help we might have a cure for cystic fibrosis.

Grandson Of Local Woman Shot In Big Spring

BIG SPRING Sammy Ben Johnston, 19, recently pleaded guilty in court to felony charges in the shooting of two Abilene Chris-University students in Big Springs.

Bruce Walker, 19, of Big Spring, son of Howard Walker of Big Spring and grandson of Delia Walker Barnard of Rising Star, remains in critical condition in Lubbock General Hospital's intensive care unit.

Ira Hopper, 18, of Abilene, was listed as stable and was moved out of the intensive

care unit at Malone-Hogan Hospital in Big Spring.

District Judge James Gregg accepted Johnston's plea, but as a condition of the pleabargain arrangement, the court dropped a third charge of aggravated assault stemming from an incident on May 22. Johnston alledgedly shot Bernard Robinson in the leg, according to that Howard County grand jury indictment.

Judge Gregg gave Johnston the maximum sentence for each offense, 20 years for the attempted

murder of Walker, and 10 years for the aggravated assault of Hopper, to be run concurrently. The court's decision will not change, even if either of the two students' conditions worsen, according to District Attorney Rick Hamby.

Eastland County 4-H Awards Banquet

Recipients of the Eastland County Gold Star awards Shannon Caraway and Sue Ann Osborne, both of Gorman.

Judge Scott Bailey presents the Danforth Award to Becky Jo Underwood of Gorman. The other recipient was Shannon Kendall of Nimrod.

Bo Caraway of Gorman was named outstanding adult 4-H leader.

Congressman Charles W. Stenholm, representative of the 17th Congressional District of Texas, spoke to a large crowd at the Eastland County 4-H Awards Banquet October 1 in Rising

PTO Homecoming Luncheon A Success

A big Thank You to all the people who helped make this year's Homecoming Luncheon a big success. The PTO made over \$700.00 and served more than 200 people. Thank You to all the parents who sent food, served and cleaned up; to David Justice for all the tables lifted, chairs moved and most of all for frying our chicken at the Quickway after we battered it; to the Quickway for letting us

use your equipment; to Kathy Hall at the Quik Stop for ordering all our food and supplies; but most of all to the ladies who have worked from 7 a.m. til the finish **Homecoming Saturday** for the last three years - Arla Hill, Kathleen Hardesty, and Frances Justice. You folks (I

Rising Star Nursing Center Darlene Harris 'Activity Director'

MONDAY 3 We had a good bingo game to-day. Our big winner to-day was Ada Foster winning three games. We had several residents who won two games each: Mary Crisp, Mamie Wells and Ora Clark. Lena Eason, Maggie Christian and Pauline Hill each took one game.

TUESDAY 4 We started something new today in crafts. We took some scraps of material and cut out owls, using different color materials for eyes and beak, adding a pocket on the front and tying on a notepad -you have a handy owl.

WEDNESDAY 5 We had exercise in the dining area. Mamie Wells, Estell Bolding, Pauline Hill and Vera Forbes toned their muscles. In the afternoon Dorothy Reynolds came to sing, and we all thank her.

THURSDAY 6 Today we worked individually on crafts, and later I read to the residents who are unable to read for themselves.

FRIDAY 7 We had a resident council meeting in the dining area. President Buster Rixford officiated. Attending the meeting were Pauline Hill, Lorraine Williams, Lena Eason, Mamie Wells,

Saturday Club

The Saturday Club met in regular session on Wednesday, October 5, at Rising Star Library. Dorris Harrell and Helen Donham were hostesses for the day, presenting a program on "Tall Texas Tales".

Mrs. Donham presented information on short trips to interesting and historic places in Texas. Mrs. Harrell followed with jokes, legends and funny happenings in and about our state. She closed the program by reading the poem "Little Towns of Texas".

Regular business was carried on by Ileta Agnew.

A lovely refreshment table was set by the hostesses and and refreshments of cheese balls and crackers, finger sandwiches, dessert and punch.

KNOWLEDGE OF VALUES

If you're not sure what your items are worth you may be giving away your dollars when you think you're selling.

My knowledge of values can help you get fair market value when you have something to sell.

Many items have gone up in value recently.

And some of them are going up faster than the rate of inflation. But since I'm in the market daily selling all types of auctions I can help you get today's top dollar prices.

daily selling all types of auctions I can help you get today's top dollar prices.

Why settle for one offer when you can receive the benefit of crowds of people eagerly competing by making their bids. I know what amount to ask to get the bidding started and I know how to keep it moving at a rapid pace.

Sally Goodwin, Harpist, To Apear At C.J.C.

Sally Goodwin, harpist, will appear in recital, Thursday, October 13, at 7:30 p.m., at Harrell Fine Arts Auditorium, on the campus of Cisco Junior College.

Miss Goodwin studied with Marcel Grandjany at the Juilliard School of Music and has traveled extensively both in Europe and the United States as a recitalist. Following her Carnegie Hall debut in 1978, she toured Europe. She was presented the prestigious Karl-Theodor Medal for her outstanding performance at the Schwetzingen Palace in Germany.

The artistry of Sally Goodwin has placed her in demand on numerous university and artist series. She has performed for heads of state and international dignitaries and government officials. He has appeared at posh hotels such as the Plaza, the Pierre, and the St. Regis of

New York. She has also been a featured musician in several Broadway shows including "The Fantastics" and "A Little Night Music."

Miss Goodwin's ex-

perience covers the entire spectrum of performance. She has been harpist with the American Symphony, the Brooklyn and Westchester Symphonies, Musica, Sacra of New York, and the Joffrey Ballet. She has appeared with other noted recitalists, such as trumpeter Martin Berinbaum, and she has been featured on piblic radio and television across the U.S. She has premired the works of three contemporary composers and recorded four harp solo

County Commissioners

At Monday's meeting, County Commissioners granted a request from Dayton Hall, Eastland County probation officer, to allocate funds for office equipment.

Hall explained that his salary and the salaries for part-time help is paid by the state from probation fees. But his various office expenses are not paid, Hall said.

Cost of equipment, including a desk, typewritter, filing cabinets and an air conditioner is estimated to be about \$4,000. Commissioner C.B. Dill said the furnishings would come under law enforcement expenses and could be paid for out of revenue-sharing funds.

The commissioners gave permission to Houston Satterwhite of Sun Exploration and Production Co. to cross county road No. 459 in Precinct 2 with a 16-inch oil pipeline.

A delegation of about 25 Lake Leon residents requested that county funds be used to repair the road to

their property. The road runs from Farm-to-Market Road 570 south to the Lone Cedar Contry Club and serves about 39 houses on the north side of the lake.

Commissioners took no action, and instead informed the residents that the Texas Highway Department would have to make the decision about repaying the roadway.

Bill Greenhaw, representing the Desdemona Fire

Department, asked commissioners to explain the loss of county funds to his department this month.

He was informed that as of Sept. 12 each fire department must submit a monthly written report in order to collect the \$100 subsidy from the county. Greenhaw, who said he was unaware of the new requirement, agreed to comply with the request.

In other business, Steve Mills, an insurance agent, discussed possible insurance plans for county employees.

STIR-FRY CABBAGE is a quick and delightful summer treat for the entire family. Texas Department of Agriculture food specialists have combined Texas cabbage with mushrooms, squash, green peppes and sliced beef for a delicious all-in-one

BEEF 'N CABBAGE STIR FRY

1 1 2 lb. thinly sliced beef-top sirloin, round steak, or flank steak 1 med. onion 1 green pepper

2 C. shredded green cabbage 2 C. shredded red cabbage

1 yellow squash 1 zucchini squash

8 oz. mushrooms

1 4 C. soy sauce

2 T. Worcestershire sauce 1 tsp. salt or more to taste 1/2 tsp. pepper

Heat wok on high; pour in only enough oil to coat pan. Wok is ready for frying when chopsticks or wooden spoon sizzles in oil. Pour in beef and stir fry for about 5 minutes; remove onto warm platter. All vegetables should be sliced very thin diagonally so that all sides are exposed to the surface of the heat. Stir fry all vegetales two at a time in this order: onion, green pepper, green cabbage, red cabbage, yellow squash, zucchini squash and muchrooms. When all foods are cooked, warm all vegetables and meat in wok; add soy sauce, Worcestershire sauce, salt and pepper. Blend seasonings well and serve immediately. Serves 4-5.

Social Security News

Because of continu- from \$152 to \$178 a day. ing increases in health care costs, payments Medicare beneficiaries will automatically increase again in 1984, the Department of Health and Human Services announced September 30. The increases are required ander 1966 Medicare Law, and they affect beneficiary payment of hospital deductibles, coinsurance and monthly premiums.

Under Medicare Part A (Hospital Insurance) the deductable patients pay for hospitalization will increase from \$304 to \$356 January 1, 1984. Each year, by law, the Medicare hospital deductible for the following year is computed to reflect the difference between average daily hospital costs for the previous year and the same costs during 1966, the year Medicare began. As the difference between the two grows larger, the hospital deductible increases.

The rise in this deductible also increases the amount of coinsurance

beneficiaries must pay if they remain in the hospital for more than 60 days during 1984. From the 61st through 90th day of hospitalization, the patient's share will increase from \$76 to \$89 a day. For stays beyond 90 days, Medicare patient's cost will go up

For a stay of more than 20 days in a skilled nursing facility, the Medicare patient will pay \$44.50, instead of the current rate of \$38, toward the cost of the 21st through the 100th

day. Under Medicare Part (Sopplementary Medical Insurance) the basic premium will rise from \$12.20 to \$14.60 a month January 1, 1984. The Social Security Amendments of 1983 set the monthly premium rate for calender years 1984 and 1985 at a level equal to 25 percent of the expected average costs of SMI for aged enrollees. SMI complements Part A of Medicare by helping to

expenses. About 30 million people are covered under the Medicare Program. In 1984, the number of enrollees is expected to grow to about 30.5 million. Medicare spending is expected to increase from \$56.1 billion in fiscal year 1983 to \$64.7 billion in FY 1984.

GROWING GERANIUMS

It has been said that Geraniums which are natives of South Afirca, are known and loved by more people than any other flower in the world. Greaniums grow almost anywhere with a minimum of care and are found in most gardens. The

color ranges for geraniums are white, pinks, brilliant red and purplish black. Geraniums grow outdoors from year to year with little

They can become shrubby plants four to five feet tall while in colder climates they

are treated as small delicate annuals. The Lady Washington Geraniums also called Martha Washington may reach a height of three feet and have huge clusters of three to four-inch single and double blossoms sometimes blotched with a darker shade on the two upper petals. The ivy and the common geranium produce single or double folwers. The ivy geranium receives its name from the ivy shape

leaves and the trailing and

sideways growth that can ex-

tend up to four feet. The

common geranium which is

the most popular normaly grows two to three feet tall but may reach a height of six feet or more.

The variety of geranium with the concentric markings on the leaves in among the common variety. Sometimes this geranium is also refered to as zonal geraniums.

There are many scented geraniums with a variety of scents. There is not a geranium scent such as other plants have. The geranium may have a rose, lemon, pepermint, apple or nutmeg scent to mention only a few. Then the geranium may have no scent what so ever. The fragrance emanates from the leaves and not the flowers.

You may use the ivy and common geranium as borders, beds and pot plants because they will bloom throughout the growing season. The ivy geranium is particularly effective in hanging baskets and window boxes. They can also be used as ground cover.

The Lady Washington is not sucessful in many sections of the country as other geraniums since it needs

termperatures below 60 degrees to bud. It is usualy grown by florest for Mother's Day and Memorial

Most geraniums thrive in climates with dry summers, warm days and cool nights. They do best in full sun but will grow in partial shade if they have sun for at least half of a day. The soil should be well drained and only medium rich.

Most gardeners buy geraniums as budded or flowering pot plants ready to set out in the yard. It takes five months for geraniums to flower from seed therefore most plants are raised from cuttings. If you plan to grow geraniums from seed plant them 10 to 12 weeks before the last frost inside. Seedlings should be transplanted to two-inch pots when the first leaves appear and shifted up to four inch pots as

they grow. Keep the post in a sunny location. The seed will germnate unevenly over a period of three to eight weeks. Transfer them to the garden after the danger of frost is over setting them one foot

Credit Directors Attend Conference

Credit Association (PCA) Stephenville-Directors of the Stephenville Production joined approximately 160

other Farm Credit officials attending the 1983 PCA Directors Conference held recently in San Antonio.

Directors representing the association were Chairman Bill Evans of Dublin, Fred Klutts of Hamilton, and Jackie laughlin of Bluff

Dale. The purpose of the conference, held annually, is to update members of Production Credit Association boards of directors on matters concerning Farm

Credit. Featured speaker for the occasion was Peter J. Carney, president of the Federal Farm Credit Banks Funding Corporation. Carney explained how the Farm Credit System obtains the funds eventually passed along to the nation's agruculture industry.

A highlight of the conference was presented by J.A. Rogers, president of the Federal Intermediate Credit Bank of Texas, of a commemorative plaque honoring the Production Credit Assdociation's 50th anniversary. The association was chartered in January of 934.

Stephenville PCA is one of 30 member-owned Production Credit Associations in Texas. Collectively they serve more than 16,000 of the state's agricultural producers. Last year more than \$2 billion was loaned through Texas PCAs.

At mid-year the Stephenville Production Credit Asssociation had more than \$40 million loaned to 571 member-borrowers in Comanche, Eastland, Erath, Hamilton, Hood, Jhonson, Parker, Somervell, Tarrant, and Wise counties

PCAs have been a source of agricultural loans since the first association was chartered on September 11, 1933 in Champaign, Illinois. On October 10, the first PCA loan was made to Milton W. Warren at Mansfield, Illinois. The loan was for \$830.00 and was used to purchase 30 head of 850 pound

cattle. Today, there are 442 PCAs with more than \$2 billion in loan volume. Nationally they serve the credit needs of more than 38,000 farmers and ranchers.

Notes From The Mayor

Our city should be proud of our police department. Herbert Hooten is our very active Chief of Police, on duty during the days.

Robert Fletcher, a brand new graduate of the Police Training School in Abilene, is our night patrolman.

Chief Hooten has started an active reserve force: Rudy Sayas as captain, Guy Stewart as lieutenant and Delbert Biggs as sergeant. They have received their certifications. Their volunteer work is certainly appreciated.

Numbers to call in case of police emergency are: Police office 643-3324; City Hall 643-4261 during working hours; or call Dispatch at 1-629-1728. Dispatch can reach the officer in the patrol car.

Utility superintendent Doug Owen attended gas training school in Bullard for certification in gas works. He received instruction in gas measurement, pressure, regulation and odorization; gas leak detection, instruments and procedure for pinpointing leaks; and plastic pipe joining.

Doug will now pass this information on to the other city utilities employees.

Doug, Gary Westerman and Tom Bailey have been constructing a small insulated building around one of the gas supply meters to euminate the allnight vigils on freezing nights to keep the gas flowing through the meter to our homes.

On those cold nights, one or both of the city employees have monitored the meter all night and then work all day on their regular shift.

I, as your Municipal Judge, would like to say a very grateful thanks to Delbert Biggs for the use of his great big Municipal Court Procedures Manual for me to study and use as reference on the many technical rulings I must make and the way the rulings must be conducted.

I was struggling along with his help

when along came Tex Evans, our former Municipal Judge, with a brand new copy of the manual.

To Tex I want to say how much I appreciate his running over to the office whenever I get stumped on a decision technicality.

It is certainly nice to have someone dependable to rely on!

You citizens elected one of the most outstanding, cooperative Councils. They really are working for you.

Your impact on city matters is so very helpful to all of us. If we don't hear from you, we presume you are pleased. Please keep up with what's going on and let us know your feelings before an action. You know we can't please everyone, but we certainly will honor the majority's feelings and convic-

John G. Lee is "Johnny on the spot" and saved us some money by lending the city his heating iron for plastic pipe for Doug to take to gas school. Each city should have this instrument, but it has been a borrowed item for several years. Without money, a city doesn't buy very

Thursday, Oct. 13, 1983 **Weatherize Mobile Homes Before Winter Months**

COLLEGE STA-TION - Mobile homeowners can do several things right now to make for more comfortable living when winter arrives, says housing specialist Dr. Peggy Owens.

"A mobile home, like any other home, can be sealed too tightly for your health," says Owens, who is with Texas A&M's **Agricultural Extension** Service.

"Some exchange between indoor and outdoor air should go on all the time. When you weatherize, make sure you do not seal or block openings intended to ventilate the wall cavity," says Owens.

If the inside air seems stuffy, homeowners should ventilate with exhaust fans or open a window a crack.

Owens suggests that homeowners take these steps weatherize a mobile

best for skirting. -Use heat tape to wrap exposed water pipes beneath the floor and use special duct insulating blankets over exposed heating ducts. If these ducts are loose in older mobile homes. remove the floor registers and tighten connections with furnace or other heat-

-Weatherstrip around windows and outside doors. Double-check the threshold portion of outside doors and be sure there's no heat

resistant tape.

-- Check holdings,

sidings, joints, nails, screws, splash panels, windows, doors, roof vents, wheel housings and all top seams for airleaks and cracks. Correct these by caulking during warm weather because most caulks won't adhere well in the cold. Inside, polyfoam seal can be used to close cracks and cavities around light switches.

-Create storm windows by taping a layer of 4 to 6 mil polyethylene over the entire window on the inside. Use pressure sensitive masking or duct tape and place along the entire edge on all four sides. Even if the mobile home has storm windows, a third layer of protection helps.

Cyndi Bordelon and Gary Dennard were married September 30, 1983 in Beaumont, Texas.

Cyndi, daughter of Mr. and Mrs. Benton Harvey of Hemphill, Texas has 21/2 year old twin girls, Brandi and Brittani.

Gary, son of Bill and Peggy Dennard, is a graduate of Rising Star High School and Southwest Texas University in San Marcos, Texas.

They will make their home in Beaumont where Gary is employed by Dresser Ideco.

hear a word behind The Inner Connecthee, saying, This is tion: Surely the Lord the way, walk ye in it, will do nothing, but He when ye turn to the revealeth his secret right hand, and when unto his servants the ye turn to the left; prophets, Amos 3:7. Isaiah 30:21. My sheep And the Lord said, hear my voice, and I Shall I hide from know them, and they Abraham that thing follow me; John 10:27. which I do, Gen. 18:17. In all these ways, it God Almighty speaks to people today. God Almighty spoke in past to times Abraham, to Moses, to

Amos, to Daniel, so He

still speaks to His ser-

vants in our day. There

are many ways in

which God speaks to

people today in the

supernatural realm,

but I will mention just

two very simple ways.

1. When we pray and

meditate before God,

He speaks into our in-

ner man. He speaks in-

to our spirit, into that

real person inside of

us. We have spirit to

Spirit communication

with God. When me,

you see a vessel or a

house. It is a physical

being. It has muscle, it

has flesh, it has blood.

is God speaking to us. If we follow that inclination, what we call that inner leading, we will find 99 times out of a hundred that it is the correct direction for our lives. It is when we violate that inner connection, the inner relationship in which God speaks to that inner man, that we get into trouble. At some time or other in our lives, we have felt some urge inside for us to do a certain thing. When we failed to follow that urge and instead did the opposite of what we felt, it turned out to be the wrong thing. We ended up saying, "I wish I'd done what I felt inside." By not heeding that inner urge...we missed God's leading for our life. Whichever way He chooses, however, God does speak to people today exactly as He spoke to people in Bible days, exactly as He has done since the beginning of time! God said I am the same yesterday today and forever, I change not. So! if He talked to the people in the Old Testament, He still does today, in the New Testament. God's Holy Spirit will unfold it to our inner person with power for His purposes. That the God of our Lord Jesus Christ, the Father of glory, may give unto you the spirit of wisdom and revelation in the knowledge of Him; Eph. 1:17. It is a revelation that will be our anchor, our firm foundation, in the tremendously troubled days ahead, just before Jesus comes again.

However, what you see is not really me. All you see is the exterior. The real me is that inner personality, that inner spirit, that inner being that occupies that vessel or house. That exterior, that outside is really not me at all. God speaks to the inner person, into the real man and the real woman of whomever you are. He communicates to our spirit sometimes through a still, small voice that gives intuition. It gives guidance. It gives direction. It gives in-

fluence, premonitions.

God has promised con-

tinual divine guidance

to us: I will instruct

thee and teach thee in

the way which thou

shall go: I will guide

thee with mine eye;

Psalm 32:8. In all thy

ways acknowledge

him, and he shall

Obituary

Fay Knight

DE LEON - Fay Reeves Knight, 74, of De Leon, formerly of Rising Star, died Friday at De Leon Hospital after a brief illness.

Graveside services were held Monday at Desdemona Cemetery, directed by Nowlin Funeral Home.

Born Jan. 18, 1909 in Whitesboro, she was a retired insurance saleswoman. She moved from Rising Star to De Leon six years ago.

Her survivors include two daughters, Doris McGraw of Dallas and Mickey Flowers of Garland; a brother, Amos Reeves of Corpus Christi; two sisters, Bee Tolar of **Arlington and Frances** Porter of Atlanta, Ga.; two grandchildren and a great-grandchild.

Personal

Mr. and Mrs. Dick Harris of O'Donnell visited Belle Harris last Thursday, and Mr. and Mrs. W. C. Parsons of Dumas were Belle Harris' guests for a week while they attended homecoming and visited other relatives and friends.

Not only were the Parsons members of the 50th anniversary class of 1933, they also celebrated their 50th wedding anniversary October 1.

'Granny' Dishman Dovie Leona

"Granny" Dishman, 108, of Merkel, died at 9:45 a.m. Sunday at Starr Nursing Home after a brief illness.

Funeral services were at 2 p.m. Tuesday at Starbuck Funeral Home in Merkel. Rev. Lyward Harrison officiated. Burial was in Rose Hill Cemetery.

Born February 26, 1875, in Hutcheson, Kan., she was raised by her maternal grandparents and moved to Texas with them via covered wagon. She lived in Vernon for a brief time and later moved to Comanche County, where she grew up. She married William Dishman January 2, 1895, in Sipe Springs and they moved to the Merkel area in 1928. He died April 16, 1949.

Mrs. Dishman, who was blind and almost deaf, was honored with an 108th birthday party Feb. 25 by her children and the staff at Starr Nursing Home.

She was preceded in death by two sons, Bryan and Wilbur, and a daughter, Myrtle.

Survivors include a son, Wright of Merkel: two daughters, Mrs. Bert (Lois) Melton of Merkel and Mrs. J.D. (Inez) Bradley, both of Merkel; eight grandchildren; 14 greatgrandchildren; three great-greatgrandchildren; and four stepgrand-

plications were processed by the Railroad Commission in September.

In August, 12,320 applications were processed as oil and gas operators sought to avoid a \$100 drilling permit fee that went into effect on Sept. 1. The fee will provide funds for plugging abandoned wells and general enforcement of state pollution prevention laws involving oil and gas operations.

The September total included 1,820 applications for permits to drill new oil and gas tests, 55 applications to deepen existing holes, 193 applications to plugback existing holes, and 24 applications for service (non producing) wells. Operators also filed 275 amended drilling applicaions.

Applications for new oil and gas holes in September included 260 in the San Antonio area (District 1), 49 in the Refugio area (District2), 139 in the Southeast Texas (District 3), 111 in deep South Texas (District 4), 49 in East central Texas (Distriict 5), 76 in East Texas (District 6), 294 in West Central Texas (District 7B), 123 in the San Angelo area (District 7C), 219 in the Midland area (District 8), 208 in the Lubbock area (District 8A), 220 in North Texas (District 9), and 72 in the Panhandle (District 10).

In September a year ago, the Commission processed 2,667 new oil and gas test applications, 79 deepening applications, 236 plugback applications, 77 service well applications, and 785 amended applications.

In September 1983, the Commission processed 25 oil and 98 gas discoveries. For the same period a year ago, 52 oil and 128 gas discoveries were processed.

In September, operators reported 487 oil and gas dry

Class Of 1933 Reunion

Time was turned back for 17 members of the Class of 1933 who met in reunion on September 30 during Homecoming for the first time since graduation of the 40-student class.

Fifty years is a long time, but those five decades were forgotten for many of us that Friday night as we reminisced and, by a wonderful coincidence, helped our classmates W. C. Parsons and the former Bonnie Lynn Harris celebrate their golden wedding anniversary.

Many nicknames were dredged up for class members who may not have heard them since leaving home: Frosty, Moose, Red and Dub were all there. Scrap Iron and Gabe were reported on in their absences.

"Frosty" was Clyde Allen, now retired and living in Overton. He was the basketball player who was "dead eye" on the basket on a dirt court like the one he had played on out at Okra.

"Moose" was Glennes Montgomery, who now lives in Colorado City. He was the fullback who could almost go through a wall on the pennantwinning Wildcat teams of that era.

"Red" was Medford Conger, who now lives in Brownwood. He was the quarterback of that Wildcat team and the despair of the coach because he would throw his helmet away and plunge into the line bare-headed.

Parsons was "Dub" now retired and residing with his wife Bonnie Lynn in Dumas.

Travis Foster, class valedictorian, was "Scrap Iron". The name was given him by Coach Jack Gingrich when Foster was manager of the Wildcats. He now lives in Fort Worth, retired from the Fort Star-Telegram, and was unable to attend.

J. Lee Smith, retired from the Andrews school system after a distinguished career, was "Gabe" who can be remembered by many for kicking the extra point to give the Wildcats a 7-6 win ovewr the Cross Plains Buffaloes.

Missed because he was housebound at the time, James Rutherford of Rising Star was visited by several outof-town classmates.

Others who attended homecoming weekend festivities were Carmon Anderson of San Angelo; **Burton Bowers of Fort** Worth; Orville Bryant of Big Spring; Norman Claborn of Rising Star; Lee Harris of San Antonio: Mayme Carter of Big Spring; Lenell Clark Henry of Rising Star; Euna Dillard Pringle of Lindale; Mamie Gladys Mc-Clure McDonald of Odessa; Gertrude Smith of Rising Star; Mozelle Williams Rhymes of Gorman; and Wayne C. Sellers

Wives and husbands of classmates were there, but they didn't have much chance in all the hubbub!

of Palestine.

On Saturday as we

climbed off our float at the parade, Euna Dillard remembered we should have sung "The Spanish Cavalier" from page 123 of the Golden Book of Songs. We always sang that song at school assemblies.

Putting the reunion together was a big job and well done by Lenell Clark and Euna Dillard with their husbands, Glenn Henry and Kyle Pringle, both Rising Star exes but not of our class.

It was Mozelle Williams who remembered the fifthgrade Christmas pageant when my Santa Claus beard caught fire. There was pandemonium on the third floor of the old school building!

It was a bit of excitement, and Mozelle said when she looked to one side, Beulah Bell, a popular member of our class that no one can locate, was praying.

Homemaking Hints Janet Thomas, Eastland County Extension Agent

During the month of September, presented the Extension Homemaker Club yearbook program on "Women and Estate Planning."

Part of the program stressed the importance of keeping a household inventory. The things inside your home are probably worth far more than you realize.

An inventory of household furnishings and possessions can help determine the value of your property. The inventory is important to estimate your need for insurance, and to settle insurance claims quickly and efficiently.

Your memory may fail you, especially under the stress of a disaster or a burglary, but an inventory will have information needed for a claim.

An inventory should note the date or year of purchase and purchase price for each item. If you don't know when you bought an item or what the purchase price was, you can estimate the replacement cost. This information can help you specify exactly what was lost and its worth.

No matter what type of inventory you make, it's critical to store it in a safe deposit box or some other secure
