

## Stewart's Tire Store Opens in New Location

Guy and Betty Stewart invite their friends and customers to come out to the new location of Stewart's Tire Store, sit in the shade of the old oak trees and sip a cup of coffee. The new building is on Highway 36 East just 1.1 miles from the city limit sign, or 2.1 miles east of the traffic light in Rising Star.

The Stewarts had already begun work on the new structure when they vacated the building they had occupied in the downtown area at the end of April. Optimism ran high as they made plans to reopen their tire store within a few short weeks. They were constructing the building themselves with the help of relatives.

Snags began to develop right away. The major supplies and materials were on hand, but where can one get inch sheet metal, a bolt of a certain hard-to-find size

and numerous other necessary items which telephone calls to suppliers failed to locate?

Friends and customers supplied the answers to many of those questions, gave advice, loaned tools and helped the couple who were novices at construction. "When we were unable to locate materials we needed, we wondered if we would ever get the building completed. A customer would drop by to see if we could fix flats and would tell us where to go to get those materials. I don't know what we would have done without all that help," said Betty Stewart.

Among those who helped the Stewarts and to whom they again express their gratitude were Cliff Hall Sr. and Jay Benson, who helped them move and worked on the new building; A.A. Hammer and Rocky Williams, who also worked on the

building; John G. Lee of Twin Drilling and D & T Building Supplies personnel, who located some of those elusive building materials; Buddy and James Cook, who came up with some needed supplies and loaned tools; Rudy Sayas and James New, who also loaned tools and offered advice; and Dr. B.T. Carpenter, who supplied medical aid.

"We want to thank our customers who came by to see if we were open so many times. It sure picked our spirits up on those extra hot days when everything seemed to be going wrong," Betty said.

Stewart's Tire Store sells new and used tires and repairs tires. They will mount and balance tires and specialize in field service. They can also do minor welding jobs, and will continue to sell hunting, fishing and trappers licenses and ammunition.

The store also serves Rising Star as the local bus station for Arrow Coach (Trailways), although the bus will continue to pick up passengers and freight

at Farmers Supply. Tickets and packages must be picked up at the tire store office on

## Eden 49 Rising Star 6

The wild cats played the Eden Bulldogs toe to toe for 22 minutes of the 1st half Friday in Eden.

Eden scored 1st midway through the 2nd quarter on an end sweep. The extra point attempt was blocked by Sam Scott. The wildcats came back after an exchange of punts and scored from 37 yards out on a pass to Lowell Bishop.

Scott's kick attempt was wide to the right.

With 2:40 left in the half Eden struck quickly on passes for two touchdowns.

After the half Eden broke open the game with three T.D. runs in the third quarter from distances of 30 yards or more.

The wildcats could not score but moved the ball for good yardage on runs by David Cooper, Wayne Johnston, and Bebo Fox in the 3rd and 4th quarters.

## Jury Takes 48 Minutes To Find Lundstrom Guilty Sentenced To Life For Murder of Wife

A jury of four women and eight men returned a verdict of guilty at 11:40 a.m. Tuesday in the murder case of the State of Texas vs Loyal Edward Lundstrom, 60, Cisco church and civic leader for more than 10 years, in the 91st District Court, Eastland. The jury was out an hour and 12 minutes.

The punishment phase of the verdict began soon after the jury returned its findings to Judge Jim Wright.

After rendering the guilty verdict the jury returned to the jury room to determine a penalty in the recommendation, which came shortly, was for life in the Texas penitentiary. Lundstrom took the verdict and sentence calmly.

In reading the sentence Judge Wright noted that a "deadly weapon" was used in the shooting and, under criminal law, this will require Lundstrom to serve a minimum of 20 years before

being eligible to be considered for parole. Otherwise he would have been eligible for parole consideration in about seven and one half years.

Sheriff Johnny Morren took Lundstrom into custody and transported him to the county jail immediately after the sentencing. It was understood that he will not be eligible for release on bond if the defense appeals the verdict.

There was no immediate indication as to whether the verdict would be appealed to a higher court. It was understood that the defense has 10 days in which to file notice for appeal.

The jury received the case at 10:52 a.m. Tuesday after attorneys completed their arguments. Proceedings, which had been recessed last Friday until 8 a.m. Tuesday, began with the defense resting its case without presenting witnesses. The

defendant did not testify, as expected.

Judge Wright read his charge to the jury. In this, he interpreted the law as it applied to the case. He read a portion of a letter that Lundstrom wrote to his pastor in which the defendant said he only wanted to scare his wife...not kill her. The judge explained accidental death cases and noted that evidence of guilt had to be proven "beyond a reasonable doubt."

The charge cautioned that the jury could consider only such matters as were introduced in evidence by the state and its witnesses and that they were not to consider a possible punishment in their deliberations.

The district attorney, in the opening argument, spoke some 30 minutes to review the crime from the indictment to the trial. He summarized the testimony of the various witnesses. He quoted from the Lundstrom letter and he reviewed testimony which, he said, proved that "Doris was literally a slave - looking after the needs of five children, being their motel maid, working in their tombstone monument shop, looking after office details and helping with the bus station."

Mr. Walton said he did not consider the murder of Mrs. Lundstrom as an act of "criminal negligent

homocide." He said he couldn't believe a defense theory that "Loyal Lundstrom wasn't there," adding "if he wasn't there, why did he run off and stay for 13 days?" He told the jury that "this is a case of a domestic quarrel, he shot her and took off for Florida."

Defense Attorney Hart used an hour and 15 minutes in his argument to the jury, noting that "you are dealing with a man's life." He reminded the jury that any or all evidence in the case must be weighed and that they could ask the court reporter to read any part of it to them and could examine any exhibits offered in evidence.

Mr. Hart told the jury that they should note the "time" element in many instances in their study of the case. He asked them to read the Lundstrom letter in its entirety. He refuted the "slave" statement, noting "my wife works, I work." He asked them to consider the relationship between Mrs. Lundstrom and some of the witnesses.

The credibility of crime lab statements as to the time of death being determined after the body had been dead for more than a day and of Cisco police not finding the shotgun until several days after their first search were among items mentioned by Mr. Hart.

Marital discord as indicated by several witnesses was questioned by the defense attorney when he noted that "Rev. Reneau, their pastor for three or more years, told us he knew nothing of this." He wondered why a coffee cup and glass found in the kitchen sink at the Lundstrom home wasn't tested for fingerprints.

The argument was concluded with a reminder that "the state's case must be proved beyond a reasonable doubt."

In a rebuttal, Mr. Walton told the jury that "the state's case has been proved beyond any doubt." He described questions raised by the defense as "rabbit trails." He concluded that "somebody should stand up for Doris Lundstrom and her five motherless children." He said that a number of witnesses, including her father and her stepdaughter, knew of the young mother's marital troubles.

"The evidence points to a verdict of murder," he said. During some two hours of argument, Lundstrom sat at the defense table, staring straight ahead. He has been free under a \$200,000 property bond since a few days after surrendering March 16th and being charged with the March 3rd shotgun shooting death of his 27-year-old wife.

Eden finished its scoring in the fourth quarter or a long pass play. Point after attempt failed.

Sam Scott, senior quarterback for the wild cats, was injured midway of the 3rd quarter and taken to Brownwood by ambulance. Length of recuperating time is undetermined at this

time. Scott is still in Brownwood hospital.

Leading rushers for the Wildcats was David Cooper with 68 yards, Wayne Johnston with 41 yards, and Bebo Fox with 46 yards.

Sam Scott passed for 96 yards on four completions of 16 attempts.

## Bikers Needed for Bike-A-Thon

Rising Star Bike-A-Thon chairman, Kaye Pollock, today asked residents to participate in the St. Jude Children's Research Hospital "Wheels for Life" Bike-A-Thon to be held Saturday, September 17, at the City Park.

Volunteer workers and riders are needed for the Bike-A-Thon to raise funds for the world-famous research center and its battle against childhood cancer and other catastrophic childhood diseases.

Kaye said this year's ride is being dedicated to Terry, a leukemia patient at St. Jude. "By riding for Terry, we will really be helping all stricken children since research is the only way these illnesses can be conquered. We're looking for people who will contribute their time and energy to help children live. We really need bike riders,

since they are the ones who can make this Bike-A-Thon successful."

In the Bike-A-Thon, riders enlist sponsors who donate a sum for each mile completed. Riders who raise \$25 will receive a St. Jude T-shirt; those raising \$75 will receive a barrel tote bag.

Sponsor forms are available at First State Bank and from the elementary school teachers.

"You can put your muscles to work for a child's life in this year's Bike-A-Thon. We need every bike, every rider and every sponsor."

Interested persons can contact Kaye Pollock, Box 2, Rising Star, at 643-1351 after 4:30 p.m.

St. Jude Hospital was founded by entertainer Danny Thomas and operates primarily from public contributions.

## Stewart's Tire Store Opens in New Location

Guy Stewart added some of the final touches to the new building for Stewart's Tire Store as his wife, Betty, steadied the ladder in this recent photo.

Highway 36. The bus runs seven days a week, 365 days a year, but does not stop in Rising Star on Saturday afternoons nor any at all on Sundays. It can be flagged down at the traffic light, however. The bus stops at Farmers Supply at 7:50 a.m. going east and at 5:45 p.m. going west.

Now that the construction on the building is completed and the tire store is back in business, the Stewarts find that they enjoy being in the country. They regret any inconveniences

their customers have had during the past four months and appreciate the patience and help. Stewart's Tire Store is open from 8 to 12 and 1 to 6, Monday through Friday and from 8 to 12 on Saturday. The telephone number remains the same as the

listing in the directory, 643-3364. Drive the mile out to the tire store and join the Stewarts for that cup of coffee beneath the oak trees as they celebrate the opening of their new store and embark on their fourth year in business at Rising Star.

## Fort Worth Company Files Production Figures

Richey & Co. Inc. of Ft. Worth has filed first production figures on a new oil well in the JMJ Marble Falls Field. The No. 1 B. Harrison "B" showed potential to pump 55 barrels of oil and 100,000 CF casinghead gas per day on open choke.

The operator has 40 acres leased, with drillsite in Eastland County's H&TCRR Co. Survey A-946, eight miles northeast of Cisco.

The well will produce from an interval 3,445 to 3,460 feet into the wellbore. Total drilling depth was 3,830 feet.

At a location seven miles south of Ranger, Tucko Petroleum Inc. of Andrews has finalized a new gas producer in Eastland County's Regular Field.

The well is designated as the No. 1 Travis Bond. On a 25/64 choke, the well showed potential to yield 219,000 CF gas per day. It was given a 255,000 CFD rating on absolute open flow.

Location is in a 102-acre lease in the William Van Norman Survey, Lot 15. Bottomed at 878 feet, the well will produce from an interval 872 to 878 feet.

The No. 1 Mitcham was finalized by EnRe Corp. of San Antonio. It is a wildcat gas well in Eastland County 10 miles northwest of Cisco. Drillsite is in a 305-acre lease in the TE&L Co. Survey, Sec. 2935.

The new producer indicated ability to flow 1,157,000 CFD on absolute open flow.

Bottomed at 3,941 feet, the well will produce from perforations 3,700 to 3,706 feet into the hole.

Cliff Brown of Ft. Worth has filed first production figures on a new oil well in the Lake Leon Duffer Field. The No. 1 J.J. Finley "C" showed potential to pump 34 barrels of oil and 75,000 CF casinghead gas per day on a .75-inch choke.

The operator has 53 acres leased, with drillsite in Eastland County's McLennan County School land Survey A-367. Location is four miles southwest of Eastland.

The well will produce from an interval 3,520 to 3,528 feet into the wellbore. Total drilling depth was 3,685 feet.

At a location three miles northeast of Cisco, Hanvey Production Co. of Dallas has finalized a new oil producer in Eastland County's Ardinger Lake Sand Field.

The well is designated as the No. 4 Hanvey-Fee, flowing oil at the rate of 26 barrels per day on a 16/64-in. choke. Tubing pressure came in at 100 PSI. The well also showed potential for 122,000 CF casinghead gas per day.

Location is in a 120-acre lease in the H&TCRR Co. Survey, Sec. 76, blk. 4. Bottomed at 4,005 feet, the well will produce from perforations 3,397 to 3,406 feet into the hole.

The Nos. 2A, 3A & 4A F.W. Roberts have been finalized by Bergen Enterprises Inc. of San Saba. They are developmental wells in the Eastland Regular Field three miles northwest of Rising Star. Drillsite is in an 80-acre lease in Eastland County's ETRR Co. Survey A-741.

The No. 2A showed potential to pump 26 barrels of oil per day on open choke. Bottomed at 1,170 feet, the well will produce from perforations 1,084 to 1,104 feet into the hole. The No. 3A indicated the ability to pump 18 barrels of oil per day on open choke. It will produce from an interval 1,100 to 1,114 feet into the wellbore. Total drilling depth was 1,150 feet. The No. 4A pumped 12 barrels of oil per day on open choke. It bottomed at 1,160 feet, with production perforations 1,088 to 1,098 feet into the hole.

**Why Buy A Telephone?**

**MONEY!**

You'll save it in the long run by avoiding monthly equipment charges - which vary by state and the model you rent. And, if you install your own wiring as well (with kits), you can save even more on installation and monthly expenses. The sooner you buy, the sooner you can start saving.

WHERE TO SHOP, WHAT TO LOOK FOR. Local stores, specialty phone stores, discount stores and electronics stores, as well as your local phone company and American Bell Phone Centers, are all vying for your business. The best strategy is, as always, to comparison shop, noting the different models available, payment options and especially warranty protection.

Your local Bell company's warranty may be as short as thirty days when you buy the phone you're already renting; American Bell - like many retail outlets - will have year-long coverage. In addition, the American Bell phones are new, while often those sold by the local telephone companies are refurbished models.

WHAT ABOUT BUYING YOUR RENTED BELL EQUIPMENT? Bell companies in five states now offer customers the option of buying their own equipment. More states will follow shortly. Before you buy the phone you now rent, be sure it's in good working order. If there's any problem - with the body of the phone or with the connection of a call - return it to a service center for replacement. Try the replacement for a few days before "signing up."

Your local newspapers sell I.T.T. & Webcor Telephones in All models From as low as \$24.95. Also complete installation equipment is available locally.

## Lifting Up Jesus

Last week, we looked at the role of husband and this week the role of the wife will be examined. Yes, ladies, it is your turn. We all need to step back and view our place in life every once in a while. So please take a view at yourself according to the following:

### Ten Commandments for Wives:

1. Honor thine own womanhood with grace and happiness that thy days may be long and fruitful in the house which thy husband has provided thee.
2. Thou shalt not expect thy husband to give thee the luxuries in early marriage as thy father could after many years of toil and success.
3. Thou shalt not forget the virtue of good humor which can

Gregg Knight

lighten up thine home.  
4. Thou shalt not nag.  
5. Thou shalt be obedient to thy husband and help him to be the successful head in the home.

6. Remember thy husband to keep him happy, for thou art his helpmate, companion and comforter.

7. Thou shalt make homemaking first choice in all of thine activities of the day.  
8. Keep thy tongue diligently, for from it can come many heartaches and sorrows in life.

9. Thou shalt love thy husband with all thy heart, even as the day thou didst accept his proposal.

10. Thou shalt commit all thy ways to Jehovah and He and thy husband, thy children and thy good works shall praise thee forever.

Husbands, have your wives read Ephesians 5:22-24 in addition to this article. God bless all,

Gregg Knight

## Faculty Introduced at PTO Meeting

The Rising Star Parent Teacher Organization held its first meeting of the 1983-84 school year on August 30 at the High School gymnasium.

The meeting was called to order by PTO president Gail Rutledge and the invocation was offered by Gregg Knight, Church of Christ minister.

The Kindergarten and First Grade children led the Pledge of Allegiance, and the Rising Star Wildcat Band played the National Anthem, directed by bandleader Mrs. Billie Zellman.

Sandi Wright was installed as vice president and the minutes of the May meeting were read by secretary Pam Cook.

School superintendent Gene Williams explained the school's new computer system to the PTO members. He invited parents to become involved in the educational system, and welcomed suggestions, praise and complaints.

Mr. Williams introduced the elementary and junior high principal Weldon Hill, and high school principal Frank Gray. Mr. Gray announced a new tougher attendance policy, explaining that the local system lost approximately \$20,000 last year because of excessive absenteeism.

Mr. Gray introduced the high school staff: Mrs. Donna Sublett in special education; Gene Smith in agriculture; Mrs. Ra Ann Kouterick in math and girls' physical education; Mrs. Linda Webb in homemaking; Mrs. Cindy Woods in business; Cedric Bettis

in history; coaches Jack Gray and Mr. Colvert, who is also the junior science teacher; Mrs. Blanche Byrd in English; and Mrs. Kay Gray as special education aide.

The freshman class has 23 students enrolled, the sophomore class has 19, the junior class has 19 and the senior class has 16.

Mr. Hill introduced the grade school and junior high school faculty: Mrs. Robbie Rutherford has 23 students in kindergarten; Mrs. Julie Weise has 31 in first grade; Mrs. Edith Bibb has 16 in second; Mrs. Jeannine Childers has 23 in third grade; Mrs. Shelly Bailey has 23 in fourth; Mrs. Debra Cooksey has 21 in fifth; Mrs. Arla Hill is reading aide under supervision of Mrs. Bibb; Mrs. Christi Chester has special education.

Sixth grade homeroom teacher, Mrs. Cedric Bettis, has 28 students, Coach Colvert has 18 7th graders and Mrs. Azelene Womack has 35 in the 8th grade. Mrs. Kouterick is jr. high math teacher and girls coach.

Cafeteria personnel are Patsy Rios, supervisor, Doris Wilson, Nancy Bailey and Sandra Hollis. Mrs. Hollis is also custodian.

The PTO president introduced Mrs. Butch Zellman who is band director, director of jr. high and high school chorus, and sponsor of the majorettes and drill team. Mrs. Zellman then introduced the jr. high and high school majorettes and jr. high cheerleaders. Each group performed short routines. The Wildcat band played

the school song and the fight song.

The meeting was adjourned and refreshments were served to the approximately 130 present for the meeting. Refreshment committee chairwoman is Patsy Rios and those providing refreshments were Sandra Hollis, Linda Sheppard, Carol Goode, Gail Rutledge, Patsy Rios, Sandy Gary and Betty Griffin.

Room count was won by the kindergarten class which had 14 members present; 10th grade had six members present. A total of 63 members registered and the 1st grade won the membership drive with 31 registering.

Adult volunteers are needed to monitor the jr. high library from 8:15 until 11:15 each Friday. Call Carol Goode at 643-1561 to volunteer.

The next executive business meeting, which is open to the public, will be Tuesday, September 13, in the school cafeteria. All members are urged to attend. Plans for homecoming and home game concessions will be finalized. Any business, old or new, which needs to be discussed may be placed on the agenda by calling PTO president, Gail Rutledge, 643-646.

## IN TEXAS SCHOOLS TSTA Tips For Parents

Good reading skills developed early will help your child throughout his schooling. The following is the second in an eight part series to assist parents in helping children learn. The first series continues on "reading."

### Developing Good Readers, Part II

Introduce your child to the wonders of the public library at an early age. Stop at the library and browse, answering questions about various books and other printed materials.

As soon as possible, a child should be allowed to apply for a library card and choose books. Encourage frequent use of the school library. Read and discuss books brought home for possible school projects or during family sharing periods.

Subscribe to a children's magazine. Children love the idea of having their very own periodical.

Make certain the reading area is comfortable and well-lighted.

Take special note of any signs of reading difficulty that may be caused by poor eyesight. If such problems are noted, take prompt action either through your own physician or through the school nurse's office.

Search out the better television programs for children. Watch some of the productions along with your child. Discuss the programs. Note comments and try to answer questions. When words are shown, ask that they be read to you or you read them to the child.

Encourage the writing and addressing of personal greeting cards, invitations and thank-you notes, writing your grocery lists, putting names in your address book. Suggest a backyard "mailbox" for exchanging regular letters with the child next door.

If at any age your child seems "turned off" by reading, don't make an issue of it. Casually leave "irresistible" books around—books on whatever the child's current interests are.

In the past, your electric bill was "just another item" in your family budget, but that is not true anymore. However, as a consumer of electricity, YOU can make a difference. How you use electricity is an individual matter — it is in your hands — and in your pocketbook.

At West Texas Utilities we are working to provide dependable service at reasonable rates. Unfortunately, the costs of producing and supplying electricity have soared. WTU has had no choice but to raise its rates to pay for the high cost of fuel to generate electricity.

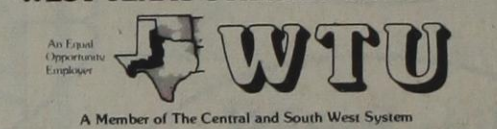

We know you are concerned about your electric bill, and we suggest a few things that

can help you save money and energy.

Make it a family project to learn more about conservation. Keep your thermostat set at 78 degrees or higher in the summer and 68 degrees or lower in the winter. Operate your washing machine, dryer and dishwasher only with full loads. Turn off the television and lights when you leave a room. And check around your house to find other energy-saving measures that can mean dollar savings on your electric bill.

WTU is working to ensure an adequate supply of electrical power for YOU and all of our customers, while trying to assure the most value for your energy dollars now and in the future.

## WEST TEXAS UTILITIES COMPANY

Remember, REDDY Supplies the energy—but only YOU can use it wisely!

## Senior Center News

There was a large crowd at the center Thursday, with three tables of forty-two going by 10:30 a.m., and others were practicing music. We had a lovely lunch.

The following were our visitors: Ruby Ballew, Aubrey and Eula Goss, Mrs. Floy McKinnerney, A.A. Hamer and Claud Jessup. We enjoyed your visit and hope you come again.

LaDell Key made a business trip to Brownwood Friday.

Luella McKinnerney was in Mathis, attending the McKinnerney reunion, over the Labor Day weekend.

Charley and Elizabeth Chamberlain are club hosts for the month of September. When we arrived at the club Thursday the first thing that caught our eyes was the pretty table and room decorations. Thank you for this great interest in the club.

Bob Fussell and wife Barbra from Houston are visiting Earl Fussell. Bob is Earl's son.

Berna Lee Chick is having some tests made at the De Leon Hospital, and some made in Abilene. Hope you will be feeling much better soon.

Bea Morton's relative, John Smith of Coleman, was erroneously reported to have passed away with a heart attack; he had a bad heart attack but is improving nicely. We are sorry about this error.

Marion and Marjorie West and Edith Bostick attended the Pioneer Farmer's Cooperative annual meeting Friday night. They enjoyed a catered meal of fish

and chicken from Southern Seas Catering. Marjorie and Edith each won a door prize of \$50, compliments of First State Bank of Rising Star. Each of us wish to say thank you very much.

Nell Maynard Morgan made a business trip to Comanche on Tuesday.

Our recipe for the week was submitted by Liz Chamberlain.

**Liz's Chocolate Pie**  
1 cup sugar  
3 Tbsp. cocoa  
6 Tbsp. flour  
½ tsp. salt  
1 cup evaporated milk  
1 cup fresh whole milk  
3 egg yolks  
2 tsp. vanilla  
½ stick oleo

Mix together the sugar, cocoa, flour and salt. Stir in both kinds of milk, cook over medium heat until it starts to heat. Beat the egg yolks. Carefully stir a few spoons of the chocolate mixture into the egg yolks. Pour the egg mix into the remaining milk and return to medium heat. Cook until it bubbles and thickens, add the oleo and the vanilla, stir. Let it cool slightly, pour into a baked pie shell (9 inch).

Make a meringue with the three egg whites and six Tbsp. sugar, added gradually as the egg whites are beaten. Don't quit beating too soon. Place meringue on top of pie, brown in 275 degree oven, about 10 minutes.

Thank you, Liz, this sounds good.

Wyoma Jones took a carload of girls (Stacy Jones, Margaret Millwee, Cindy Otwell, Wendy McDay, Bobbie Lee Sledg of De Leon) to the Junior Varsity football game in Cisco on Thursday. De Leon won the game. Terry Jones plays for the De Leon Junior Varsity.

Mr. and Mrs. Herman Anderson attended the Anderson reunion at the Rising Star Community Center on Sunday.

Elayne Millwee visited Vicky Crow in Hico on Monday.

## ORDER OF THE EASTERN STAR

Rising Star Order of the Eastern Star 277 met Monday with Goldia Lancaster, Worthy Matron, and Wilson Carleton, Assistant Patron, presiding.

Due to illness and Labor Day company, several officers and regular attending members were absent. Best wishes for speedy recovery were extended to Doyle Lancaster, Worthy Patron, and others.

Many of those present were surprised to find attractive new green comfortable seats lining the walls of our chapter room. For

these seats we extend sincere thanks to our Masonic Brothers. Also for the electric clock, thanks go to Leroy Loflin.

Hostesses who served delicious refreshments were Celestine Carleton and Era Hamilton.

## Pioneer News

By Mabel Halsell

How much peace of mind we miss when we fail to remember God's promises! We do not believe unless we do remember. My thoughts today are on answered prayer. Discouragement comes when answers to prayers do not come immediately and when they are not answered as they are prayed. "Wait upon the Lord" is something we forget to do. God's ways are past finding out and sometimes He answers with a "no", as this anonymous quotation illustrates:

He asked for strength that he might achieve; he was made weak that he might obey. He asked for all things that he might enjoy life; he was given life that he might enjoy all things. He asked for riches that he might be happy; he was given poverty that he might be wise. He asked for power that he might have the praise of men; he was given weakness that he might feel the need of Christ. He asked for health that he might do great things; he was given infirmity that he might do better things. He received nothing that he asked for yet all his prayers were answered.

God does answer prayers!

Much has been going on around the A.C. Halsell house this week; being able to supply the tomato needs of so many people has been a pleasure as well as a responsibility. Among the ones who called on us to purchase tomatoes were Mr. & Mrs. Landolf, Mr. & Mrs. E.K. Coppenger, Joe and Delma Jean Coppenger, Mrs. Smith of Cottonwood and her sister of Cross Plains; Mr. & Mrs. Cowan, Mrs. Sid Davis and daughter-in-law, Mrs. Rasco Coleman, Mr. & Mrs. Tillotson, Mr. & Mrs. Miller, Mr. Sherrill, Mrs. Coburn, Mrs. Domini, Mrs. Kelly, Mrs. Woody and others whose names we failed to get.

Visitors with the Halsells were Onis Taylor, David Taylor, Mary Lee Gary, Cisco, Mrs. Eubank and Mr. & Mrs. Tillotson.

Mrs. Calvin Roady returned home from a trip to Anson where she visited her son and his wife, Mr. & Mrs. N.A. Roady, for several days.

Mrs. Ethel Brown's visitors were Mrs. Tom Sedore, Mr. & Mrs. Tillotson and Mrs. Halsell.

Raymond Parrish and Gormond Parrish visited the W.G. Parrishes recently.

Mr. Lynn Daniel accompanied his daughter, Bonnie Neal, to Midland where she underwent tests in a clinic. Another daughter and her husband, Mr. & Mrs. Athens, returned home safely to Great Yarmouth in England. Their son, Jimmie, will attend a boarding school. Another son, Mark, remained in the states; he plans to

chell, Thomas Kent of Knox City and Karrie Kent of Abilene.

Mr. & Mrs. Gary Harris and Ashley of Carrollton visited the Homer Parsons Sunday and Monday. Mrs. Truett Parson visited on Friday.

Wanetta Parson and children visited her mother, Mrs. Cowan Hutton on Friday; Betty Haslam and Ella Dean also visited Mrs. Hutton Friday and

Scotty Lynn Hutton visited his grandparents Friday night.

# 1983 Homecoming of May High School May 46 Carbon 0,

Thursday, Sept. 8, 1983

(By Richard Kurklin)

The May Tigers, 35 strong and loaded with experience, must have been more interested in the post game

Homecoming activities Saturday night as they quickly ran up the score against the Carbon Wolverines so that the game was called in the third quarter on the forty-five

point rule at 46-0. Mostly a game of rushing, defense, and field position. May went to the air when necessary, but Carbon was unable to make its passing game work until it was too

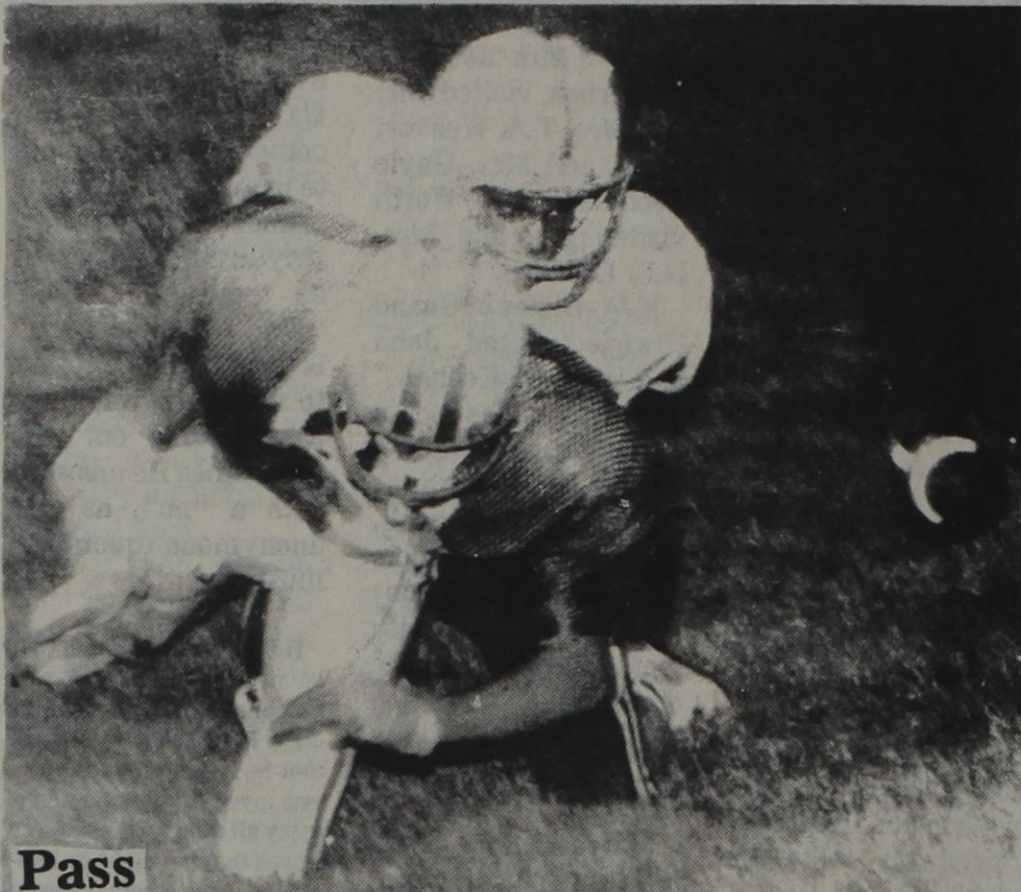

late. Glenn Pittman of May ran two touchdowns, Jimmy Wells ran one and caught a pass for another, Charlie Hoot ran one and Bobby Blankenship ran the final

one. Carl Musick kicked the extra points. Dale Cloer intercepted a pass for May and Wayne Sewell recovered a fumble for Carbon.

Randy Bledsoe was the main pass receiving threat of the Wolverines while Frank Boykin and Monty McAadoo picked up much of their rushing yardage.

May High School Homecoming Queen, Dee Dee Chambers was escorted by her father, Clayton Chambers.

Pass

May defender gets to Carbon's Randy Bledsoe before the ball does.

## Rising Star Boosters

The Rising Star Booster Club held its first meeting Tuesday night in the High School Library. The year will kick off with a membership drive. Let's get busy and show these young men and women, both junior high and high school, that we support them.

New officers were elected Tuesday night. They are Peyton Scott, president; David Harris, vice president; Jerry Cooper, secretary; Nell Cooper, treasurer. New projects for the year were discussed and a bright year is ahead.

The booster club meetings will be held at 7:00 p.m. every Tuesday in the high school library. At this time there will be a business meeting and then films for the previous high and junior high games. The coach will point out

## Booster Club Coaches Of The Week

A new and exciting phase has come to Rising Star football. Every Tuesday night at the Booster Club Meeting "7:00 p.m., High School Library" the men members will drop their name in a hat. During the meeting four names will be drawn for Booster Club Coaches Of The Week. Two men will go to the Junior High game and two will go to the High School game. These "assistant" coaches will ride the bus with the team, go in the dressing room, and stand on the sidelines as members of the staff. If you men have ever wanted to coach football now is your

chance! There is one catch - you must be a member and attend the meetings to register.
