Donna Kautz Winner of Patchwork Quilt

Photos By Carolyn Ratliff

Donna Kautz, secretary at the First State Bank in Rising Star was the lucky winner of a beautiful hand-pieced patchwork quilt. The quilt was pieced by Mrs. Truett Dawkins and quilted by the Sabanno Quilting Club.

The drawing was held Tuesday, December 15, at the club.

Oil Fire Near Pioneer Blazes For Over Four Hours

Six or seven oil storage tanks were destroyed during a large fire near Pioneer Tuesday morning.

The storage tanks are two miles north of Pioneer and are owned by Cordova Resources of Dallas.

Tim Bishop, chief of the Cross Plains Volunteer Fire Department, said the fire started while a truck from Pride Refining, Inc. of Abilene was unloading one of the tanks. Bishop said no one was injured in the fire and that the cause

of the fire is under investigation.

Firemen from Cisco, Brownwood, Cross Plains, Rising Star, Abilene and Coleman fought the fire which was put out about 11 a.m., four hours after it started.

Bishop said heavy equipment from a local roustabout service was used to build a fire guard around the tanks.

About 400 barrels of crude oil reportedly were lost during the fire.

New Intrastate Telephone Rates Effective As of Christmas Eve

New intrastate telephone rates went into effect at 12:01 a.m. Christmas eve, in accordance with a tariff filed by the Southwestern Bell Telephone Company. By reciprocal agreement, the increase also affects other operating telephone companies in the state, including Continental Telephone of Texas.

Since the new rates primarily affect operator-assisted calls, the customer-dialed telephone call became an even greater bargain than ever before.

The traditional initial basic three-minute period rate has been eliminated in the new tariff. Instead, an initial first-minute period has been established, followed by a lower per-minute cost thereafter.

A service charge for operator-assisted intrastate calls has been published. It is broken down into three different categories, making a credit card call the least expensive.

A 35 cent charge will be levied on all station-to-station credit card calls, to which the per-minute distance rate is then added. A person-to-person credit card call which requires an operator will be treated differently, and at a higher cost. Continental Telephone customers who must place their credit card calls with an operator through a toll center, however, will be charged the basic 35-cent rate up front.

An operator-assisted station-to-station call will now carry a published service charge of \$1.10 plus the per-minute rate. The cost of having an operator place a person-to-person call is now \$2.65 before the conversation or "message unit" begins.

The new tariff also introduces a billing charge for operator assistance in dialing a local call.

"We used to have a

dial rate and an operator rate," a Continental Telephone spokesman said, trying to explain the new filing. "Now we have a service with a dial rate." In the new structure, however, "discounts apply to all per-minute rates instead of being restricted," the spokesman said.

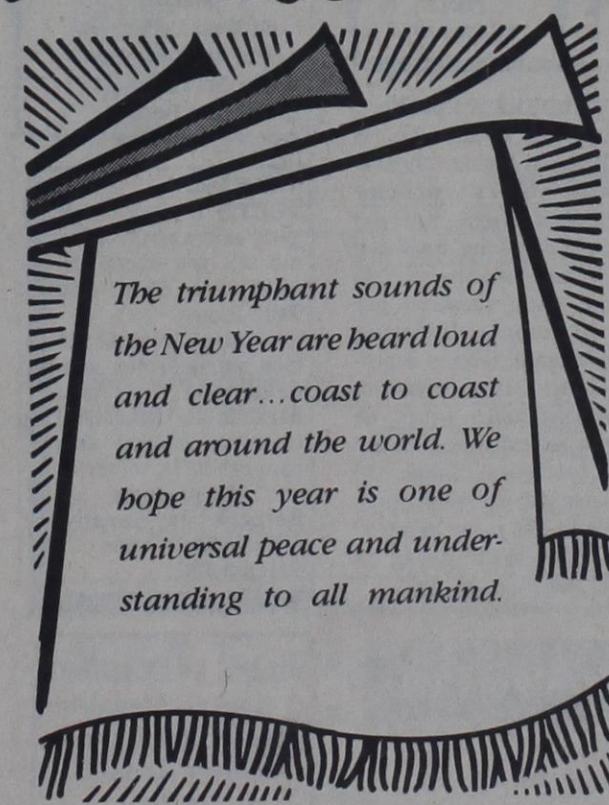

The new tariff was accepted to comply with the \$80 million intrastate toll revenue increase granted Southwestern Bell by the Public Utility Commission earlier this month.

The impact of the new tariff structure is designed to offset labor costs incurred in placing a telephone call; namely, the operator.

Calls dialed by the customer remain substantially the same as before.

The following chart is a comparative sample of the new tariff.

HOLIDAY JOY TO ALL

Live your best, and act your best, and think your best each day, for there may be no tomorrows.

No matter how palatial the home in which we live, we still dwell in tents—content or discontent.

Thought for the Day

Let everyone sweep in front of his own door and the whole world will be clean.

I complained that I had no shoes—until I met a man who had no feet.

Center all your thoughts on self, and you will have misery in abundance.

A sense of humor is the oil of life's engine. Without it the machinery creaks and groans. No lot is so hard, no aspect of things is so grim, but it relaxes with a hearty laugh.

When a man starts singing his own praise it is pretty sure to be a solo.

Be patient enough to live one day at a time as Jesus taught us, letting yesterday go, and leaving tomorrow till it arrives.

A good memory test is to sit down and try to recall the things you worried about at this time last year.

Elgie Crisp Home Displays Nativity Scene

This nativity scene at the home of Elgie and Maxine Crisp was an eye-catching display during the Christmas season. It was made by the Crisp's in 1972 and has been seen by many who passed by during the holiday season. The Crisp home is located on West Pioneer.

Internship Program Applications Available

WASHINGTON, D.C.—Students and teachers interested in participating in the third summer internship program sponsored by Congressman Charles W. Stenholm can pick up applications at the Congressman's Abilene District Office in the Federal Building.

Applications for the program, which will include two Omar Burleson Congressional Interns and two Lyndon Baines Johnson Congressional Interns, must be postmarked by midnight, February 12, and mailed to the Abilene office.

The interns selected will receive full Congressional Office experience at Stenholm's Washington office, with one intern from each program to serve during June or July, 1982.

"We have had an outstanding group of interns to participate in the program for the past two summers," Stenholm said. "The

competition for the positions has been keen and I would encourage anyone interested to get their applications in as soon as possible."

Selection for the internships is made by a District-wide selection committee, chaired by former Congressman Omar Burleson.

Applicants for the four intern slots must be at least 18 years of age when he or she is in Washington, allowing high school seniors who have enrolled in an institute of higher learning to be eligible. Others eligible include any student or graduate student who was enrolled during the preceding academic year at any of the District colleges, universities or technical institutes, or any other school, if the person's home of record is within the 17th Congressional District. Teachers, counselors or administrators are also eligible.

"The program is designed to provide the

intern with a full Congressional legislative experience in the Washington office," Stenholm said.

Formal applications and further details may be obtained from the Abilene District Congressional Office, P.O. Box 1101, Abilene, Texas 79604, or by calling AC 915-673-7221.

Memorandum states jurisdiction over oil & gas waste

The Railroad Commission approved Tuesday a memorandum of understanding with the department of Water Resources and Department of Health describing the jurisdiction of each agency over waste relating to the oil and gas industry.

The existing authority of the agencies is not changed by the memorandum, just clarified. House Bill 1047, passed during the last session of the Texas Legislature, required the agencies to issue the memorandum before January 1, 1982.

Generally, the Railroad Commission has jurisdiction over waste materials resulting from the exploration, development or production of oil and gas. The Commission agreed in the memorandum to execute their responsibility in agreement with the water quality standards of the Department of Water Resources.

Oversight of industrial solid waste and the discharge of waste into

waters in the state not related to oil, gas or geothermal resources falls under the jurisdiction of the Department of Water Resources.

The Department of Health has jurisdiction over the management of municipal solid waste. When both municipal and industrial solid waste is involved, the Department of Health assumes jurisdiction.

Waste under Railroad Commission authority may be disposed of at facilities permitted by the other two agencies when the facility owner and the agency with jurisdiction over the facility agrees.

Specifically, waste generated from refinery storage tanks is subject to the jurisdiction of the Department of Water Resources, while solid waste resulting from the marketing of refined products is controlled by the Department of Health.

Spills occurring during the transportation of crude oil to the refinery will be handled by the Railroad Commission.

Spills which occur during transportation within the refinery or from oil tankers are subject to the jurisdiction of the other two agencies.

Disposal of waste from compressor stations and from pipeline cleanup operations is under the jurisdiction of the Railroad Commission. Discharge of wastewater from pipeline pressure tests falls under the jurisdiction of the Department of Water Resources.

Waste from all crude oil reclamation plants is subject to Commission jurisdiction. Also under Commission authority is waste from gas plants and pressure

maintenance or repressuring plants.

Waste streams resulting from refining operations are managed by the Department of Water Resources.

All waste from exploration, drilling and well completion for oil, gas and geothermal resources including drilling muds, cuttings trash, waste hydrocarbons, fracturing fluids, spent acid, waste cement and saltwater are supervised by the Railroad Commission.

Avis Massey - Activity Director

MONDAY: News and delivering Christmas mail. At 7:00 p.m. the entire choir of the First Baptist Church sang the Cantata for the residents. Each one attending enjoyed it so very much. A BIG THANK YOU to each member of the Choir.

TUESDAY: Bingo was held at 2:00 p.m. Numbers were called by the Activity Director so Buster could rest and try to feel like taking the trip he had planned for Christmas. Buster get well soon. Ora Clark was the big winner with four games--Mary Crisp won 3, Martha Irby 2, Anne Franke, Mary Hammett and Estelle Bolding each won one game. Popcorn was enjoyed by residents and staff. A big "THANK YOU" to the ladies of the Church of Christ for the lovely gifts to the residents. Mary Carroll, Rada King and Sula Harris were the ladies delivering the presents.

WEDNESDAY: From 11:30 to 12:00 the First Baptist Church brought the devotional. Brother Dick Williams led several songs with Mrs. Williams at the piano. A group of residents and staff enjoyed the songs, scrip-

tures, comments and prayers.

THURSDAY: There was the extra hustle that the day before Christmas always brings. Some residents went with family for the day or days.

FRIDAY: The residents enjoyed a good Christmas dinner. Each got a pretty napkin holder that dressed up the table or tray. These were made by Alene Thompson of Brownwood. We thank you so much for taking time to brighten up the day for our residents.

SATURDAY: No planned activity.

SUNDAY: Sunday services were held at 3:00 p.m. with the Church of Christ in charge. Ray Green was the preacher. Residents, staff and visitors thank you for the songs and service.

We are trying to find owners of several garments brought to our residents without labels on them. PLEASE help us by putting residents names on clothing. A THANK YOU from the laundry room.

Health Agency of Texas Approved

The Texas Department of Human Resources has notified the Home Health Agency of Texas, that this agency is approved for participation in the Primary Home Care Program effective November 1, 1981. The geographical service area for this program corresponds to the licensed area for the agency's Medicare-Medicaid certification service area.

Many community organizations and government bodies contract with the Texas Department of

Human Resources to provide medically related services to D.H.R. clients. One of the programs delivered through contract agencies is Primary Home Care. These contracts are funded through Title XIX. Services are provided to the client by an attendant who may be either a part-time employee of a Class A Home Health Agency. These agencies are reimbursed on a statewide unit rate basis as established by the Department of Human Resources Board. The attendant cannot be an individual who is a legal or foster parent to a minor child or spouse of the recipient. Services are provided for aged or disabled adults who are functionally limited in the performance of daily activities. The range of services include: Personal Care, Housekeeping, Meal Preparation, and Escort Service.

Eligibility is determined by the Department of Human Resources field representative. The D.H.R. worker for Shackleford County is Eva Latham. Clients must be S.S.I. recipients and reside in their own homes. The service must be ordered by a physician and must be provided under the supervision of a registered nurse.

The objective of the Primary Home Care Program is to provide non-technical, medically prescribed and supervised in-home personal and housekeeping services

for eligible Medicaid recipients whose chronic health problems cause them to be functionally limited in the performance of daily living activities.

For more information on the program contact Eva Latham at the Department of Human Resources, Phone (817)559-8291, Breckenridge.

GROWING CHILD

To a child who has just learned to walk, each new day brings fresh opportunities for discovery. And now that the feet are traveling, the child shows a growing desire for independence.

One of the ways a child learns independence is by imitating her parents and siblings, according to Growing Child, the monthly child development newsletter. The child toddles around the house, "helping." And she begins to explore her clothing-imitating others by pulling off her cap, tugging on shoe laces, pulling off shoes. Every mother who has tied a toddler's shoe laces in a double knot knows that even this is scant protection from the prying, pulling and poking fingers of a persistent child.

Don't let your youngster's apparent determination to join the nearest nudist colony worry you. She is just as interested in exploring her clothes and herself as she is in exploring the rest of the world. So take advantage of her interest to

start her on the road to independence.

As you get her ready for her bath, encourage her to help. Untie her shoe laces and loosen them as you say, "Now we'll take off Erin's shoe! We untie them, we pull the laces, and off it comes!" Let the child pull the laces out, pulling these strings through the little holes is great fun-and good hand-eye training, too.

Soon she can unlace the shoe all by herself. What an accomplishment! Look out, though-as she kicks her feet in excitement that shoe might really fly! Before that happens, show her how to pull it off, and then say, "Now give the shoe to Mommy, please." Get a grip on it before she throws it to see if shoes will fly, or drops it on the floor to find out what kind of noise it makes. And don't forget to say "Thank you!" when she lets go of it.

Socks must come off, too. Push the top down over the child's heel, and pull the toe loose. Twitch it and pull it a little, saying, "YOU pull it off!" When she pulls it off with a flourish, be ready with, "Give the sock to Mommy? Thank you!" As you and your toddler go about getting the rest of her clothes off, follow the same procedure. Get the garment part way off and let her finish pulling it off. And talk about what you and she are doing together.

Does all this sound like just play and pret-

Thursday, December 31, 1981

ty time-consuming for a busy mother? It IS play, granted, but your child is learning important lessons about her clothes and herself, about on and off, about how to balance herself while she pulls off a shoe or sock! She also learns about the characteristics and textures of shoes, shoe laces, shirts, etc. And how about the lesson on neatness ("Give the shoe to Mommy"), and the lesson on politeness (please and thank-you)? All this, plus taking some early steps toward independence.

P.S.: A word to the wise: When you buy your toddler a pair of shoes, always buy at least one extra pair of shoe laces, and keep some glue on hand. Eager little hands are hard on shoe lace tips, and there's nothing more frustrating than trying to push a bushy-tailed shoe lace through a small eyelet when the shoe is on a wriggling foot.

The Growing Child newsletter follows a child's development month-by-month. For more information on the social and physical development of children from birth to six years old, write to Growing Child, PO Box 620N, Lafayette, IN 47902. Include child's birthdate when writing. A year's subscription to the newsletter costs \$11.95.

May News

By Entha Campbell

Dear Sis,
I am sending a very Merry Christmas and a Happy New year to all who read my column.

This past year has been very good to me and I have many blessings to count.

It is time for us to be making our New Years Resolutions to be broken or kept next year.

The first six grades of school presented a Christmas program at 10 a.m. on Dec. 18 before school was dismissed for the holiday season. School resumes on Jan. 4, 1981.

Mr. Sam Altum remains in West Texas Medical Center in Abilene after having a stroke Dec. 19.

Mrs. Dola Ritchie is improving since her ribs were broken a few weeks ago.

Clarence Wheeler died of a massive stroke on Dec. 14. He was buried in Cleburne, Tex.

Mrs. Grace Freeman has recently returned from the Dyess Air Force Base Hospital.

Many of the May phone numbers have been changed. If you do not get an answer when you try to call them, call information.

Mr. and Mrs. John Plummer have recently returned from Arizona where they visited their children and grandchildren.

Mrs. Ann Harris of Brownwood visited her sister, Mrs. Jewel Harrell last week.

Mrs. Billy Chambers had her traditional Christmas Party Saturday night with a covered dish supper. Several friends attended.

The First Baptist Church had a Christmas program of singing carols, reading scriptures, and other Christmas stories. The youth of the First Baptist Church went

Christmas caroling one night last week. They came by my house and I enjoyed all the songs they sang. I'd have enjoyed much more of their singing. Bags of fruit and candy were given to everyone at the Christmas program.

The Church of Christ delivered bags of fruit and candy to the senior citizens and disabled of the community.

The Friendship Class and the Builders Class of First Baptist Church sent gifts to the residents of the Rising Star Nursing Home.

Sympathy is extended to the Altum family in the loss of Aline Kelley who was buried in Wolf Valley Cemetery on Dec. 21.

Sympathy is also extended to the other families in the loss of their loved ones.

Love, Entha

Doctor Talk

By Dr. Harold B. Ligon

In the past we've talked about some aspects of the endocrine system. Our topics recently have been discussions of the menstrual system, under the endocrinological influence of the brain and pituitary gland (located just under the brain) on the ovary--one of the so-called "endocrine target organs". The ovary is a hormone secreting endocrine gland. There are a few others; notably, the adrenal gland, the testes, the breast, and the thyroid gland. Also, a "growth hormone" circulates through the bloodstream for bone structure development.

We'd like to talk about another of the endocrine glands today. It's the thyroid gland, and it's very important, it's very well known (disorders of which are widespread), and very poorly understood. However, a little general explanation can help a layman become familiar with some thyroid disorders.

Bearing in mind that the thyroid gland is an endocrine secreting gland--and that it's governed by the pituitary gland--one could logically understand that the function of the thyroid gland is to secrete its hormone (thyroxine) for distribution throughout the endocrinological system, helping in normal growth, development, and function, in general.

Normally, thyroxine production by the thyroid gland is brought about by an elaborate and complicated system of stimulating and inhibiting agents working with and against each other, etc., keeping a delicate balance of normal function--in the healthy thyroid gland.

However, certain conditions can bring about an unhealthy thyroid gland. When these conditions occur, a person experiences "thyroid trouble"--you've heard the expression many times!

We'd like to discuss "thyroid trouble" with you and describe some of the gland's many disorders in the next few articles.

The major disorders are: overproduction of thyroxine, underproduction, goiters, infections and tumors. We'll talk about all!

Peanut Growers To Meet

Bill Boswell of De Leon, Southwestern Peanut Growers' Association Vice President, has announced that peanut growers from Southwestern states will convene beginning at 10:00 A.M. on January 7 at the Holiday Inn in Ardmore, Oklahoma.

Boswell said all peanut growers are being asked to attend the January 7 meeting for a dual purpose. He said there will be a review of the provisions of the Peanut Section of the 1981 Farm Bill recently enacted by Congress and, second, there will be a general evaluation and planning session in regard to activities to be undertaken in 1982.

The Association official said that special invitations are issued to boards and executive personnel of the Texas and Oklahoma Peanut Growers Associations, Texas Peanut Producers Board, Oklahoma Peanut Commission and the New Mexico Peanut Growers Association. Boswell said this will be the fourth such annual meeting involving the combined directors of the six Southwestern area peanut grower organizations. He added that the meeting agenda and discussions for these meetings have proved to be of interest to all peanut growers. "Although it is desirable to get our grower boards together at the beginning of the year, Boswell said, it is also very desirable to have as many growers as possible present for participation in these sessions."

Boswell said the day's discussion will include the recently modified peanut program, the grower referendum to be held in January, 1982,

Washington based consultants, price support activities, funding for special projects and other items of interest to growers.

The Holiday Inn in Ardmore is located on Interstate 35 at the Highway 70 Exit. SWPGA officials expect the meeting to conclude not later than mid-afternoon.

HIGH INTEREST EARNINGS FOR ALL SAVERS!

ALL-SAVERS CERTIFICATES OF DEPOSIT!

"Boy, is it dry... all the ole cow gives is powdered milk!"

THINGS ARE COSTLY! You have to manage your money better than ever. Feel free to visit with us about your particular money needs - any time - We're money professionals.

UP TO \$2,000.00 TAX-FREE INTEREST (JOINT RETURN)

The new ALL SAVERS CERTIFICATE recently authorized by Congress is available for purchase at this bank as of October 1, 1981. It has a one-year maturity and can be purchased in denominations of \$500. Your interest earned on it is federal tax exempt up to \$2000 on a joint return; \$1000 on a single return. The interest is figured at 70% of the yield on 52-week Treasury Bills at the most recent auction before the Certificate of Deposit is issued.*

The chart at right lists various interest levels for ALL SAVERS CERTIFICATES, and illustrates how much a Money Market Mutual Fund must yield to do as well.

CAN A MONEY MARKET MUTUAL FUND OUTPERFORM THE BANK'S NEW ALL SAVERS CERTIFICATE?

It is highly improbable. For example, a study of 85 Money Market Mutual Funds for the period ending July 1, 1981, shows the highest one with an average annual yield of 14.40% the lowest at 12.3%. The 85 had an average yield of 13.37%. And their income is subject to federal income tax while the full year's income from the bank's ALL SAVERS CERTIFICATE is exempt from federal income tax up to \$2000 on a joint return; \$1000 on an individual return.

Remember, too, Money Market Mutual Funds not only fluctuate daily, but neither the principal nor interest is federally insured.

When you buy an ALL SAVERS CERTIFICATE at your bank the full amount goes to work for you. There are no fees such as those charged by many Money Market Mutual Funds.

SAFE AND INSURED
The principal you invest in a bank ALL SAVERS CERTIFICATE is absolutely safe because it's insured up to \$100,000 by the FDIC, an agency of the Federal Government. "ALL SAVERS" rate is guaranteed for one year from date of issue.

*Money Market Mutual Funds, on the other hand, do not guarantee anything! Their rates fluctuate up and down, and the money invested in them is not federally insured.

About The BIBLE BY JOHN LEHTI

AHAB, THE SON OF OMRI, SEVENTH KING OF ISRAEL (B.C. 919-876), WAS A MAN WHO, ALTHOUGH HE HAD GOOD INSTINCTS, BEHAVED WICKEDLY DUE TO THE EVIL INFLUENCES OF HIS WIFE JEZEBEL, A PHOENICIAN PRINCESS AND PRIESTESS OF THE HEATHEN GODDESS ASTARTE. JEZEBEL MEANT TO INSTALL THE WORSHIP OF ASTARTE THROUGHOUT ISRAEL WITH AHAB'S HELP AND ONLY THE PROPHET ELIJAH STOOD TO DEFEAT HER, PREDICTING ALSO THAT AHAB WOULD BE DESTROYED FOR TRYING TO HELP HER, NO MATTER WHAT PRECAUTIONS HE TOOK AND, ALTHOUGH AHAB WAS CAREFUL TO DISGUISE HIMSELF ON THE BATTLEFIELD SO AS NOT TO BE A CONSPICUOUS MARK FOR ENEMY ARCHERS, IN HIS LAST BATTLE WITH BENHADAD OF SYRIA, A RANDOM ARROW HIT BETWEEN THE JOINTS OF HIS ARMOR, KILLING HIM, THUS FULFILLING ELIJAH'S PREDICTION (1 KINGS 21:19).

COMMENTARY

By Myrtle Owen

Rev. 19:9-10, And He saith unto me, Write, Blessed are they which are called unto the marriage supper of the Lamb. And He saith unto me, These are the true sayings of God. And I fell at his feet to worship him. And he saith unto me, See thou do it not: I am thy fellow servant, and of thy brethren that have the testimony of Jesus: worship God: for the testimony of Jesus is the spirit of prophecy. The Bride will then be presented to the heavenly Bridegroom in the Father's house and together they will eat the Marriage Supper of the Lamb. (2 Corinthians 5:8-10), We are confident, I say, and willing rather to be absent from the

body, and to be present with the Lord. Wherefore we labour, that, whether present or absent, we may be accepted of Him. For we must all appear before the judgement seat of Christ: that every one may receive the things done in His body, according to that he hath done, whether it be good or bad. It thrills my heart with joy unexpressible to think of God's provision to remove His people from the Tribulation horrors. So whether we live till that time or die before, we shall rise with our Lord before the Tribulation. Rev. 19:10, Driven, humiliated, persecuted—the Jewish people at last will realize that true peace and real security are to be found only in the Holy One of Israel, who "came unto his own and his own received him not." God will raise up leaders among them, especially the two witnesses (Rev. 11:3-12) who will, as true prophets, have the testimony of Jesus. In the caves and dens of the earth the Jewish people will realize that they have rejected their own beloved Messiah." And I will pour upon the house of David, and upon the inhabitants of Jerusalem, the spirit of grace and of supplications: and they shall look upon Me whom they have pierced, and they shall mourn for Him" (Zachariah 12:10).

If Christ had not come, there would not be a Christian in the whole world. Imagine that!

Do your bit where you are. If the world doesn't see you, it makes no difference; God does.
