

Through the Editor's Specs

BY BAB

I went out to the Everet Parker and the Buck Collins farms with Cecil Shults last week to see some real "old time" peanut harvesting. It was a stimulating sight to see those fat sacks of peanuts stacked in the fields and pleasant to pick up unthreshed vines heavy with 'goober' which, in good grade and worth \$3.00 and more per bushel.

Mr. and Mrs. Parker will probably average 30 bushels of good peanuts per acre on their fields. Last year, Mr. Parker said, their crop wasn't worth the harvesting. The biggest crop he ever harvested was in 1941, he recalled, when he gathered 60 bushels an acre from a field adjoining his present crop. "The yield was weighed out too—not just guessed at," he said.

This year's biggest yield in the Rising Star territory, so far as I have been informed, was obtained by Mr. Collins from a 30-acre field from which he threshed 918 sacks. That, roughly, figures out about 60 bushels per acre, perhaps better. All in all, Mr. Collins has about 150 acres in peanuts. Last year he gathered only about 600 bushels and it cost him \$1,200 to make the crop.

Frank Weiss, USDA gov't grader here, and whose home is in Sumner, Ill. is being tapped by another branch of the federal service. He will report for duty with Uncle Sam's Army on Nov. 24. Taking his place will be another young man, J. R. Rachel, of Gorman.

Work is expected to begin on the new Rising Star post office very shortly now. I understand the project was held up by title details. The government is finicky about such things.

Congrats to the Rising Star Wildcats on ending their 1958 football season with a victory. It will be a good start for next year when the present crop of freshmen and sophomores will be seasoned and heavier. The team ended the season with two wins, a tie and seven losses which is an improvement over last year's all-lost record.

KENNETH H. ERWIN
AT SAN DIEGO, CALIF.
SAN DIEGO, Calif. (FHTNC) - Kenneth C. Erwin, airman, USN, son of J. L. Erwin of Route 1, Rising Star, Texas, is serving with Patrol Squadron 42 at the North Island Naval Air Station, San Diego, Calif.

Lions Hear Talk On Importance Of Sea Power

The vital importance of sea power in maintaining a free world was the topic of an interesting illustrated lecture to the Lions Club at its Monday evening dinner when John "Skeet" Clark and Robt. Butler, program committee, presented Lt./sg Douglas Fry of Abilene Christian College and EM/2 Willie Jones of the Abilene Naval Recruiting Center.

Lt. Fry, director of the ACC band and a naval reserve officer, led the program with Mr. Jones at the projector.

Unless the United States and her allies can control the seas, this country will find herself an isolated and friendless island in a totalitarian world, said Lt. Fry. What the Navy is doing on its part to insure this control was graphically illustrated.

The club meets twice monthly.

James Royce Hall of Lubbock, who was recently discharged from the Army, came by last Sunday to visit his grandfather, Bernaf Watkins.

WTU To Show New Quarters At Open House

The West Texas Utilities Company will be host to the public at an open house here Wednesday, November 19, to show the newly remodelled quarters of the company on South Main Street. Bill Button, local manager, will be joined by officials of the company from Abilene and Cisco and D. Breeding, the landlord, in greeting visitors at the beautiful and modernistic new office. Also hosting the event will be Peggy Winfrey and Kelsey Starks of the local office.

District Manager Harold Austin of Abilene states the new office will assist company personnel in rendering better service to the customers of the area. In providing these improved facilities WTU is expressing its faith in the continued growth and development of the Rising Star area.

The open house will extend from 9 a. m. to 8 p. m. and there will be door prizes and favors, the latter consisting of a very fine rain gauge, Turkey sandwiches and coffee will be served.

The new quarters were remodelled from the former Star Grocery Store quarters next to the old office of the company. The large lobby and office is done in aluminum and glass, with an all-glass front. Workshop, rest rooms, storage rooms and a conference room occupy the rear of the building.

West Texas Utilities Company has been serving the Rising Star area with dependable electric service since 1923. WTU now serves more than 650 residential and rural customers in the service area. Local Manager Button said that in 1958, the company paid locally a total of more than \$3,000 in taxes. The annual payroll and local purchases amounted to more than \$20,000.

Lt. Griffith Takes Part In "White Cloud" Exercises

POPE AFB, N. C., Nov. 3, '58 - First Lt. Lester D. Griffith, of Rising Star, Texas, is one of the members of the 464th Troop Carrier Wing (Medium) taking part in the joint Army-Air Force exercise "White Cloud" now in progress in Kentucky and the Carolinas.

Lt. Griffith, 27, is a C-123 "Provider" pilot with the Pope-based wing's 347th Troop Carrier Sqdn. Son of Mrs. Oleta Griffith, 19 E. College St., Rising Star, he was graduated from Rising Star High School in 1951. He has about 1000 flying hours in his seven years' military service, and he came to Pope early this year from Ardmore AFB, Okla.

Lt. Griffith and his wife, Joyce, are the parents of two sons, and they are living at 1079 Stamper Road, Fayetteville, N. C.

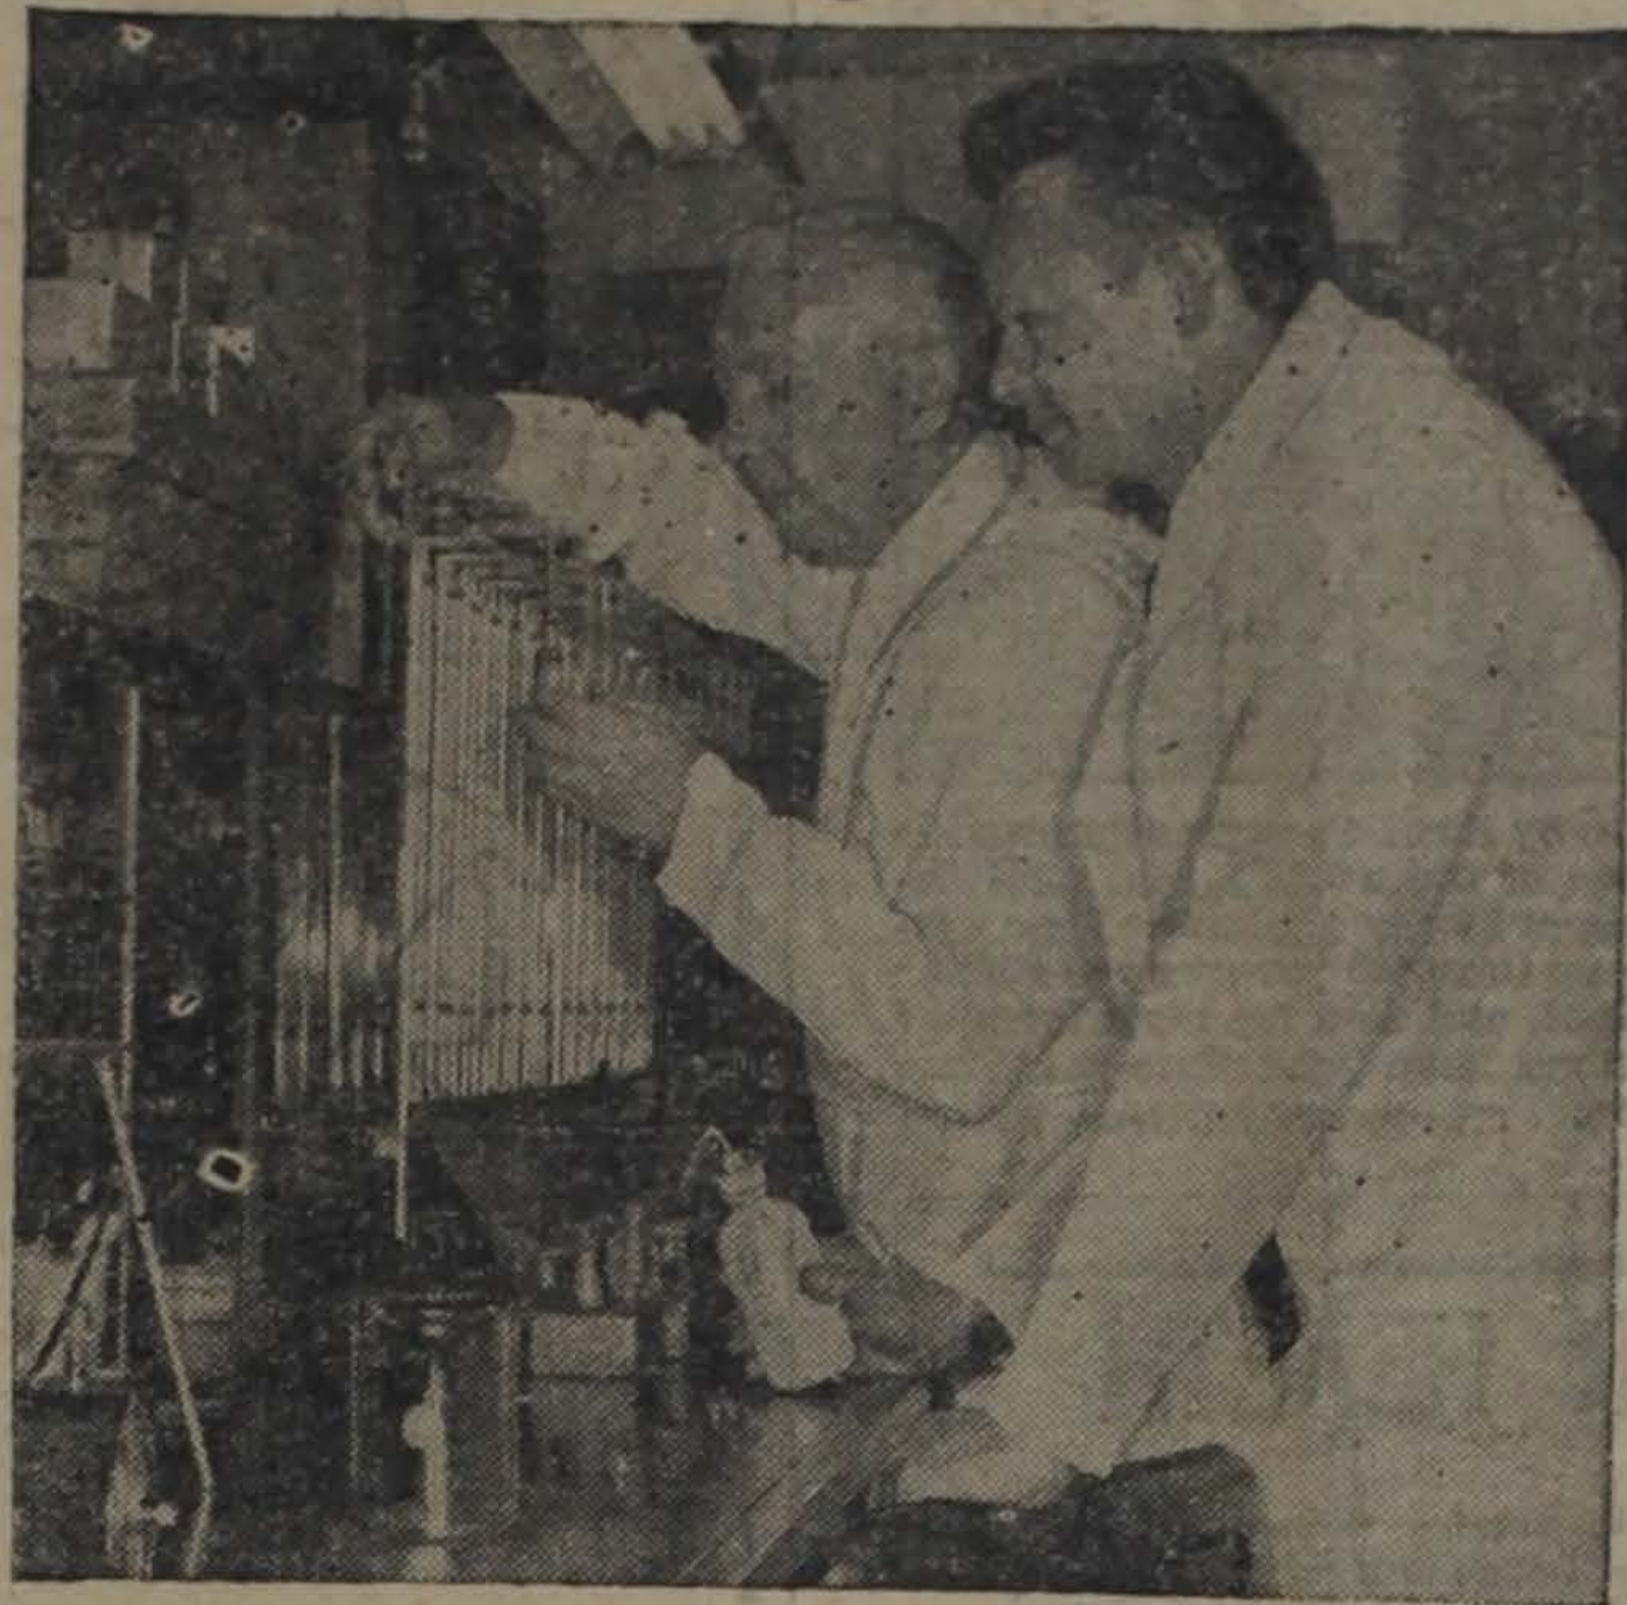

"White Cloud", designated TACAIR 59-1 by the Air Force, is designed to test the Strategic Army Command concept which emphasizes fast hitting airborne forces of division size, capable of being airlifted into battle and then relieved, refitted and deployed to another combat area.

SGT. HALTZ AT CAMP LE JEUNE, NORTH CAROLINA
CAMP LE JEUNE, N. C. (FHTNC) - Marine S/Sgt. Robert L. Holtz, son of Mr. and Mrs. C. E. Scott of Rising Star, Texas, and husband of the former Miss Sondra Cohen of 27 Mohawk Ave., Port Jervis, N. Y., is serving with the 2nd Force Reconnaissance Company, Atlantic Fleet Marine Force at Camp LeJeune, N. C.

He re-enlisted in the Marine Corps six years July 1. Before enlisting in July 1949, Sgt. Holtz attended Coleman High School.

Mrs. Mollie West was visiting her daughter in Abilene when she fell and injured her hip. She is improving.

Science Against TB

With the help of Christmas Seal contributions, scientists are working to unlock the secrets of tuberculosis. In this Northwestern University laboratory, Dr. Guy P. Youmans and his associates developed a blood test which may prove valuable for the detection of TB.

Wildcats Finish Season With Win

By J. M. Crump

The Rising Star Wildcats finished the 1958 season in jubilant fashion on Gorman's Brogdon Field last Saturday night, as they spoiled Gorman's Homecoming festivities with an 18-6 victory over the crippled Panthers. With this victory, the Wildcats broke even in District play with two wins and two losses. They apparently have clinched third place behind Baird and Jim Ned, and ahead of May and Gorman.

The Wildcats have a season record of three wins, six losses and a tie, for a 30 percent record.

Neither Gorman nor Rising Star could score during the first quarter, though both teams moved the ball handily between the 35 yard lines.

In the second quarter Gorman punted over the goal line. Rising Star took over on the twenty, but a penalty set them back to the fifteen. Doug Walker made a sensational right end run to Gorman's 33 for a 52-yard gain before being shoved out of bounds. Maynard carried for no gain. Scott overthrew Don Long, but came back to peg a beauty to Pat Agnew on the 10 yard line. Scott plunged for two yards. Walker got two more and Long gained a yard through the center. Walker carried over for the touch down. The conversion attempt failed. The half ended 6-0, Rising Star leading.

Gorman started the third quarter with an attempted on-side kick which was taken by Rising Star and returned to Gorman's 35. Rodney Smith gained five, but a penalty moved the ball back to the 40. Walker gained two. Then Scott and Long teamed up on a well-executed pass play for 38 yards and a TD. Again the extra points attempt was no good.

In the fourth quarter Gorman fumbled on their own 35 yard line, and Rising Star recovered. Scott passed incomplete to Agnew, then completed one to Wesley Walker on the 25. Scott passed incomplete to Long. Smith took a pitchout to the 15 yard line. Scott gained 2 at left end, but a holding penalty set the ball back to the 30. An attempted pass was batted down by Gorman's Jerry Anderson. Another pass was too tall to Long. Smith went 29 yards around right end to the one-yard line to set up Rising Star's last touchdown.

Scott, on a keeper play, made the needed yard. The extra points attempt failed.

The Gorman Panthers scored their six points on the game's last play from scrimmage, after a sustained drive of 65 yards, featuring their work-horse, Fullback John Brinegar, and Right Halfback Joe Harrison. The latter scored from 23 yards out, after three successive first downs. This gave Gorman a 9-8 edge in first downs for the game.

In addition to the usual stellar

work by the seniors, there were several under-classesmen who sparked, including Pat Agnew, Wesley Walker, Douglas Walker, Coy Edmiston, Rodney Smith and Morris Cullwell. Morris gained a starting berth in this game for the first time this year, and showed up well at a guard post.

In our opinion, Don Long is the best defensive man in District 7-B. If he fails to make All-District it will be simply because he has been shifted around from tackle to end to fullback. He has been more interested in playing where he could do the team the most good than in striving for All-District honors.

Gary Scott should land on either the first or the second team All-District. Handicapped by poor vision, he has nevertheless been one of the District's top passers and runners.

Due for at least honorable mention are Douglas Walker, Wesley Walker, Kenneth Ridens, and Gary Maynard. Maynard has probably sustained more injuries during the past two years than all of the rest of the team combined, but he kept coming back for more. If there is a high school player in Texas with more grit than Gary, we would like to see him in action.

Rising Star's chances for a good team next year are very promising, since most of this year's team is composed of freshmen, sophomores and juniors.

As the boys law aside their football togs for this year, many of them are ready to begin training for basketball, with the chances of being much brighter for a more potent cage team than last year's.

Mr. and Mrs. D. J. Perkins of San Angelo and Mrs. H. T. Brooks of Bronte spent Saturday night in the home of Mr. and Mrs. W. D. Murphy. They also visited in the home of Mr. and Mrs. Fritz Riedel.

Mrs. Dr. Stanley Carter is visiting her daughter and husband, Mr. and Mrs. L. C. Haunsel, in Ft. Worth.

Mr. and Mrs. John Joyce and two sons, of Jal, N. M., were here over the week-end to visit their parents, Mr. and Mrs. Floyd Joyce and Mr. and Mrs. T. A. Weaver.

Mrs. J. S. Brewer and Jamie of Clovis, N. M., spent the week-end in the home of her mother, Mrs. Grady Adams. James G. Brewer of A&M College also spent the week-end here with his mother.

Mrs. Olice B. Jones is visiting her sisters at Bangs and at Muleshoe.

1955 Chevrolet. 4-door... 8-cyl., Powerglide, low mileage, \$1125. A.G. Motor Co., Cisco.

Derrick Fall Is Fatal To William Key

Funeral services for William (Bill) Key, 47-year-old oil field worker, former rancher and owner of the Star Theatre here, who died in an oil field accident north of Putnam Sunday morning, were held at the First Baptist Church in Rising Star at 2:30 p. m. Tuesday. The Rev. Ed Jackson, pastor, officiated and burial in May Cemetery was directed by the Higginbotham Funeral Home.

Mr. Key's death was caused when a section of high pressure equipment at the top of the rig broke loose while he was washing down pipe, and struck him, throwing him from the rig into a fall of 30 feet or more. He was killed instantly, according to reports here. The accident occurred about 10:10 a. m.

He was a native of Big Spring, Texas, where he was born Nov. 28, 1910. He was married to Miss Ladelle Wilson in 1932 and the family made their home in the May area for many years where Mr. Key followed the profession of farming and ranching. In 1954 he moved to Rising Star where he purchased the Star Theatre, operating it for about six months and then selling it. Since then he has been engaged in oil field work.

The accident occurred on the Fleming lease about four miles northwest of Putnam, where he was employed by the Low Drilling Co. of Cisco.

He is survived by his mother, Mrs. Mattie Wright of Big Spring; his wife, Era Ladelle Key of Rising Star; two sons, Dale Key of Odessa and Dean Key, also of Odessa; a daughter, Mrs. Jane Ann Jenkins of San Angelo; two grandchildren; two half-brothers, Ray Wright of Ft. Worth and Orville Wright of San Antonio; and two sisters, Mrs. W. E. Copeland of Winsboro and Mrs. Dennie Ray of Big Spring.

He was a member of the First Baptist Church of this city.

Vocational Agriculture Prepares For Related Agricultural Occupations

By H. L. Geye,
Teacher of Vocational Agriculture
Rising Star High School

Training received in vocational agriculture by high school students and by adults helps to prepare them for occupations in farming and in agricultural industries.

Few people realize that 40 percent of the 60 million people employed in the United States are employed in agricultural occupations. Of this 40 percent, 13 percent are required to produce the necessary farm commodities, 10 percent are engaged in supplying machinery, fertilizer, and other materials to farmers, and 17 percent are engaged in processing and distributing agricultural products.

In recent years, the number of workers required in farming has decreased but the number required in supplying materials to farmers and in processing and distributing farm commodities has increased. Therefore, the total number of people engaged in the field of agriculture has remained approximately constant.

High school programs of vocational agriculture, then, are concerned with not only providing training for those engaged in or preparing to become engaged in farming but they are concerned also with providing pre-employment training for those going into related farming occupations. These related occupations are as important to our total agricultural economy as the occupation of farming.

A student properly trained in vocational agriculture will make a better agricultural scientist, businessman, processor, chemical salesman, or supplier of agricultural fuels than he would had he not had the basic agricultural A.

Peanuts Pouring Into Market Here

First Six Weeks Honor Roll for Elementary School

The honor roll list for the Elementary School during the first six weeks of the current school year, as announced by Principal J. M. Crump, included:

Eighth grade - "A" roll: Trudy Crawford, Donnie Chambers, Kay Lewis, Don Dinham, Michael Fisher, and Joy Morrow; "B" roll: Ted Cawley;

Seventh grade - "A" roll: Cherry Maples; "B" roll: Sharon Dinham, Linda Harris, Judy Lewis, Randall Lewis, Wanda Nelson, Loretta Pottman, Sandra Scaramell, Patsy Stephenson;

Sixth grade - "A" roll: Jolene Nelson, Sharon Stewart, Charlene Vermillion; "B" roll: Bonnie Byrd, Tommy Darnell, Linda Dugan, Donnie Fraley, John Gerhardt, Janet Shults, Sharolyn Roach, Sandra Teague;

Fifth grade - "A" roll: Roy Burns, Larry Crump, Douglas Fisher, Davy Jones, Becky Nowlin, Franz Pittman, Linda Smith, Julia Watkins; "B" roll: Larry Burns, Lee Anna Chalk, Glenda Graham, Marcia Lee, Sharon Lewis;

Fourth grade - "A" roll: Johnna Abbott, Gwen Eberhart, Pamela Geye, Kay Nunnally, Roxie Smith, Danny White, Karen Harris; "B" roll: Mike Donham, Jill Harding, Sally Medford, Kenneth Putnam, Robbie Richberg, Mike Stroebel, Stephanie Sullivan, Dickie Tucker;

Third grade - "A" roll: Ronald Cotton, Gwin Summers; "B" roll: Peggy Burns, James Gerhardt, Grant Poyner, Paula Rios, Shirley Smith, Marietta Street, Beverly White;

Second grade - "A" roll: Patsy Cook; "B" roll: Beverly Fisher, Bess Lee, Coleen White;

First grade - "A" roll: Larry Gerhardt.

Monday was one of the biggest days—from the standpoint of peanut receipts—in many years on the Rising farm market when over 200 tons of the 'goober' poured through the grading station on North Main Street. Frank Weiss, Sumner, Ill., government peanut grader, said the grade was ranging about medium and showing improvement in the later receipts.

Total receipts through Tuesday were upwards of 600 tons with the bulk of the crop just beginning to come in. Moisture content of the peanuts was a little on the heavy side Tuesday, but Monday's gradings were good from this standpoint.

Harvest reports tend to bear out predictions of one of the best peanut crops in the last ten years, with indicated receipts of 2,500 tons or more on the local market. Yields from fields already harvested in the Rising Star area give ground for estimating an average production of 20 to 25 bushels over all with some farms yielding 60 bushels and over. One of the heaviest yields in the area was harvested on the Buck Collins farm east of Rising Star, where 918 sacks were obtained from a 30-acre tract—an average of over 60 bushels per acre.

Everett Parker had a yield of about 30 bushels per acre, and other farmers in the section had comparable results.

Given a few weeks of fair weather the bulk of the crop should be harvested and safe, and the impact of the income on the local economy should begin to be felt very noticeably.

Changes Made In Social Security By Amendments

By R. R. Tuley, Jr.
Dist. Mgr., Abilene, Texas

(Editor's note: This is the 3rd. in a series of 10 articles.)

In the first two articles of this series I outlined the most important changes in the old-age, survivors, and disability insurance program brought about by the 1958 amendments to the social security law. Today, I shall discuss in more detail changes in the law as they affect the dependents of retired, disabled, or deceased insured working people.

I feel that the most important changes in this field are those relating to the families of workers who have become too disabled for further substantial gainful work, and to dependent parents of workers who have died.

The first of these important amendments concerns families of insured workers who are no longer able to do substantial gainful work. While monthly benefit payments to qualified disabled workers have been made beginning with July 1957, until now, no payments were possible to their families. Payments to them could not be made until the disabled breadwinner reached age 65 or died before that time.

We of the social security office have had occasion to observe many cases of hardship resulting from this provision in the old law. The disability benefit payments to the disabled worker offset in part his loss of earnings from work, but they did not provide adequate protection for his dependent family. The medical expenses incurred through disability are a major financial problem for most of these families. Furthermore, the children are more dependent than are the children of retired workers. It is usually necessary that the mother remain at home and not attempt to supplement the family income. In many cases the care required by the disabled person makes it impossible for his wife to work outside the home.

(For more complete information, ask your Social Security Office, 203 Fannin, Box 5168, Abilene, Texas, for free booklets on the 1958 amendments.)

LOCAL GIRL MEMBER OF LASS-O-BAND

DENTON, TEX. - Miss Sandra Sue Bradley is a member of the Lass-O-Band at Texas Woman's University. Under the direction of Lowell P. Little, the all-girl band presents a variety of programs throughout the year at University functions and for civic groups in the Denton area.

Miss Bradley, sophomore biology major, is the daughter of Dr. and Mrs. Ben H. Bradley of Rising Star.

B. B. Hickman, prominent local rancher and chairman of the board of supervisors of the Upper Leon Soil Conservation District, was expected to be returned to his home here this week from an Abilene hospital where he was under treatment of a specialist.

VAST CAVERNS excavated in granite by Swedish engineers provide Stockholm and other cities with some of the world's best civil defense shelters today. Built for only about 25 per cent more than surface construction costs, they provide up to 20,000 persons per shelter with protection from radioactive fallout, and also the blast from all but a nearby nuclear hit. Many shelters have peacetime uses, too, such as underground parking garages. (Swedish Civil Defense Photos)

ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health.
HENRY A. HOLLE, M.D., Commissioner

"An ounce of prevention is worth a pound of cure," goes an old truism. This is especially true in health matters.

In most medical diseases there are warning signals, often recognizable by the untrained eye, which give ample time to consult your physician for treatment. And thus avoid spending costly time in a hospital.

The same applies to mental illness, with the difference being the inability of the untrained person to recognize the signs of an approaching mental disorder.

We are all blessed with varying amounts of the wisdom of hindsight, but a recently-published research project of the Division of Mental Health, Texas Department of Health suggests ways to put

this hindsight to work.

How many mental patients were previously known to local community health and welfare agencies? Have certain types of agencies been in touch with certain kinds of patients before they are admitted to the State Hospital? How many of their families have had these previous contacts?

These and related questions about 148 residents of Travis County admitted to the Austin State Hospital during a single year, were answered by the study.

The study concerned patients who were admitted for care for the first time.

Dr. Wallace Mandell, research consultant, directed the study, assisted by Isabel Cromack.

By checking the records of 11 agencies ranging from the City County Hospital to the Salvation Army, they found that 46 percent of the newly hospitalized patients had direct or indirect contact (through their families) with one or more of the agencies.

In addition several other facts were discovered opening new vistas of study in mental illness prevention. For instance, it was found that half of the 148 first admissions to the State Hospital had eight years of schooling or less. However, only one-fifth of all Travis County residents had eight years or less of formal schooling.

What does all this and other new-found facts mean?

According to Charles Mitchell, director of the Division of Mental Health, "It points out a need for available trained personnel in key points where they can help health and welfare workers recognize persons with borderline nervous disorders in time to keep them out of hospitals."

ACTY, CLUBS AND CHURCHES

By F. W. ROBERDS, Editor

Telephone 5-4301

Saturday Club Will Entertain County Federation

The Saturday Club will entertain the Eastland County Federation meeting on Saturday, Nov. 15th. All Federated Clubs of each town in the county are invited and all local Saturday Club members, as well as Honorary Members, will be expected to attend.

A brief story of her life in South America, will be told by Lydia Mauldin, a granddaughter of Mr. and Mrs. M. R. Grace. Special accordion music will be presented by Pauline Roberds. An important business session will be held.

TAKE CHOR TO

BAYLOR CLINIC

Mrs. Gene O'Donnell, nee Winnie Gibson, daughter of Mr. and Mrs. Wright Gibson, will take 65 members of her Waxahachie High School choir to the choral clinic at Baylor University Saturday, where some of the members will try for the all-state chorus.

One of her students, Patsy Owens, a sophomore, has already been chosen to the State Choir. She will sing with it at the Texas Music Educators Ass'n. Convention at Galveston, Feb. 19-21.

Mrs. O'Donnell graduated from Rising Star High School in 1950 where she was a school favorite, pep leader and held other honors. She attended North Texas State College at Denton where she majored in music. She, afterwards, married Gene O'Donnell who teaches in Waxahachie public schools.

Rubber Stamps made to order at the Record.

LOCAL BRIEFS

Mr. and Mrs. Wilburn Scott attended the Gorman High School Homecoming on Saturday, Nov. 8. The Scotts lived in Gorman for a number of years and he taught in the school there. Mr. Scott was Supt. of the Gorman Schools from 1923 to 1926. He and Mrs. Scott met many pupils and friends at the Homecoming.

Mrs. C. L. Glanagan is recuperating from a severe chest cold and is able to be at her home.

Mr. and Mrs. B. E. Bowers, daughter, Donna Kay, and son, "Chris" of Ft Worth were here Saturday to visit her parents, Mr. and Mrs. F. J. Maynard.

Mrs. Mary Sovall had as guests on Sunday her sister, Mrs. McWhorter, and her daughter, Mrs. Bess Jobe, all of Putnam, and Mrs. Liveretts of Snyder.

Mrs. Mary Stovall's son, Clois, is now working in South America and his family is on their way there.

Rev. and Mrs. Ed. Jackson returned Friday from San Antonio where they attended the Baptist State Convention.

Mr. and Mrs. W. H. Ware entertained their children this weekend. Namely: Mr. and Mrs. W. E. Ware and family of Arlington, Mr. and Mrs. B. C. Porter and children of Ft Worth and Mr. and Mrs. I. W. Gage and children of Coleman.

Mrs. Madelle Jackson of Abilene spent Sunday with her parents, Mr. and Mrs. W. G. Joyce. Mr. and Mrs. Don Turner and

Short-Cut Method Makes Traditional Breakfast Bread

If "second breakfast" after church is Sunday routine at your house, why not borrow an old Swedish custom. Serve Church Bread, a rich yeast bread that's so easy you can whip it up wearing your Sunday-go-to-meeting clothes. While you are in church, the bread rises. There's no kneading, no second rising. Simply bake for half an hour while you set the table and make coffee.

Swedish legend has it that a minister's wife invented this delicious bread to serve with after-church coffee for members who traveled great distances to attend Sunday services. Ann Pillsbury has adapted the traditional recipe to American baking standards.

Swedish Church Bread

- | | |
|---|--|
| 2/3 cup compressed yeast (or 2 teaspoons dry yeast) | 1/2 cup butter or margarine |
| 1/2 cup lukewarm scalded milk | 1 egg, slightly beaten |
| 1 1/2 cups sifted All Purpose Flour | 1/2 cup citron, chopped (or chopped candied fruit) |
| 1 1/2 teaspoons salt | 1 tablespoon sugar |
| 1 1/2 tablespoons sugar | 2 tablespoons butter |

Soften yeast in milk. (If dry yeast is used, dissolve in 1/4 cup water as directed on package; reduce milk to 1/4 cup.) Sift together flour, salt and 1 1/2 tablespoons of sugar into mixing bowl. Cut in shortening until particles are fine. Add egg, fruit and softened yeast; mix thoroughly. Turn into well-greased 8-inch round layer pan. Sprinkle with 1 tablespoon sugar; dot with butter. Let rise, covered, in warm place (85° to 90°F.) until light and doubled in size, about 1 hour.

Bake at 375°F. for 25 to 30 minutes. Remove from pan immediately; serve warm or cold.

Note to modern "bake ahead and freeze" fans: Wrap cooled bread in heavy aluminum foil. To thaw, place bread in original wrapper in 350° oven for 15 to 20 minutes.

son of Sweetwater were here for the weekend with their parents, Mr. and Mrs. Raymond Turner, and with her parents, Mr. and Mrs. Joe Algood.

and two daughters of Breckenridge and A. T. Shults, Jr., of Odessa were here over the weekend to visit their mother, Mrs. Love Shults.

Pan-American Day Is Observed By Saturday Club

Pan American Day was observed by the Saturday Club at its regular meeting on Nov. 5.

Pan American pertains to North, Central and South America or to all Americans. The Pan American Union is an Association of the 21 American Republics for promoting commercial and political cooperation.

"Let's Go To Brazil," was the topic of a very interesting discussion by Mrs. Fred Tunnell, in which she used pictures of Rio De Janeiro, Brazil, to show the city with its beauty, customs and the life of its people.

The hostess, Mrs. Alice Graves, used the Halloween motif in decorations and service when she served coffee and pumpkin pie to 15 members, namely: Mmes. Barney Cargile, O. D. Carver, Lee Clark, Mabel Ellis, Marshall Grace, A. D. Jenkins, Olice Jones, Floyd Joyce, M. G. Joyce, Fred Roberds, Horace Switzer, Fred Tunnell, Jim Settle, Louise Weber, and the hostess.

LOCAL BRIEFS

Mr. and Mrs. Claude Keller have moved to Rising Star and now occupy the home of Russell Dills. Their daughter, Mrs. Aud Jones of San Antonio, is visiting them.

Visitors in the home of Mr. and Mrs. L. E. Wilson during the weekend were Mr. and Mrs. C. W. Wilson and their three children from Iraan and their son, James E. Wilson, wife and daughter of Springtown. The L. E. Wilsons are being transferred by his company to Anson where they will move soon.

Miss Mary Reed visited her parents here Sunday. She is attending Business College in Dallas.

Mrs. S. A. Joiner, Sr. and Mrs. J. W. Murphy have returned from Ft Worth where they have visited relatives.

Mr. and Mrs. Carl Irby visited relatives in Breckenridge Sunday afternoon.

Still Few Jobs For Home Gardener to Do

College Station - There are still a few jobs which the home gardener can do now. And doing them will help make the gardening job easier next spring and will add useful life to needed equipment, says B. G. Hancock, extension horticulturist.

The garden site can be cleared of old plant growth including weeds and grass and if the plants were not diseased the material should go into the compost pile, says the specialist. The compost can be used next year for mulching and adding organic matter to the soil. The plant residue may also be plowed under as another method for clearing the garden area.

Dusters and sprayers should be given a thorough cleaning and stored for the winter. Sprayers should be washed out to remove all spray residues and a weak vinegar solution will help. After the cleaning job, Hancock suggests coating the tank and other metal parts with a thin covering of oil.

The duster should be cleaned with a stiff brush. The outside metal parts may be oiled but oil

on the inside of the duster will tend to cake the dust that will be used next season.

Most gardeners have left-over chemicals which can be used next season if they are properly stored. Hancock advises storage in a dry place and in air-tight containers. All should be carefully labeled and placed out of reach of children.

Left-over seed of many varieties may also be stored for future use if the are placed in tight containers and kept dry. They should be labeled to avoid mistakes on varieties next spring.

CARD OF THANKS

We wish to express our gratitude for the many expressions of sympathy and the helpfulness of our friends and neighbors in the illness and death of our wife and mother. We are grateful for the flowers, food, cards, letters and words of sympathy. May God bless you.

L. O. Watson and family

Mr. and Mrs. Howard Barnes and sons, Mike and Steve, of Ft Worth and Mary Nell Barnes of Dallas visited Mrs. Ethel Barnes last weekend.

WORKING TOGETHER FOR A GOOD SCHOOL

It is every student's responsibility to work for a good school. The demand for good schools is more important today because of the higher economic level of the average family and the need for specialists in various vocational fields.

Co-operation with teachers and fellow students is the first step. I read an article once about a man who had to pick up his wife at a downtown store. The traffic was heavy, but he was fortunate enough to slip into a parking space with twenty minutes of unused time on the meter. Some students are this way - they look for space paid by the other fellow. In other words, they expect to get their work from others and by cheating. They never really try to understand their lessons or work with teachers. Are you this kind of student? If you are, you should try to remember this old saying, "What is worth doing is worth doing well."

Another way students can help have good schools is by being well mannered. This means being a good listener and taking part in class discussions. It means being considerate in the class room by not popping gum or being noisy. Students should obey all the school's rules and try to understand they are for their good.

A third way we can help have good schools is by taking part in

all the school activities. We should have the right kind of school spirit toward basketball, football, and other sports.

We need good schools! Are you honestly willing to give your very best and go beyond what is expected of you in all your work and activities?

Bennie Sue Morris

THE VIEW FROM A SENIOR'S HEAD

Nelda Lee

"Wanta buy some Christmas Cards? Have any junk-iron you want to get rid of? If you answer "yes" to either question, make it a point to contact one of the Seniors. We have some lovely cards for sale; and we'd like to have some "lovely" junk-iron to sell. The Senior boys are making a junk-iron drive; so if you have any that you would like to contribute to the Senior cause, let us know and we'll pick it up. We'll do most "anything" to make a dollar. (Anything?)

Things are rather slow around the campus this week. In fact, the teachers have noticed it too. Why, just the other day I overheard Mr. Nunnally saying to Mr.

Jones - "What a dull week! No hooky players, no fights! Why, nobody even broke the 'locker rule'. If this keeps up, they'll be laying me off." "Don't worry, Mr. Nunnally," said Mr. Jones, "something's bound to happen. I've still got faith in these kids!" (Just kidding, ha-ha.)

In case you didn't know, basketball season is here and our basketball girls have already had a taste of victory against Cisco. Of course, our class is well-represented on the teams; our Senior girl players being Lou Erwin, Rita Hogan, Carolyn Hunt, and Betty Jenkins. (I'll bring you the names of our boys at a later date.)

From the grapevine - "Judy, I hear that you've been seen keeping company with a certain Cross Plains boy that has a flare for new cars" (Smart girl!) "Lydia, how did you find your first taste of love - bitter?" Somebody ask Jack Smith about the startling discovery he made about his childhood.

"Naughty Nellie" leaving you with this final view - "People seldom improve when they have

no model but themselves to copy."

JUNIOR JIVE

Man! Did you catch that breezy basketball game between the Rising Star Cats and the Cisco Lobo Queens? The Cats walked away with it, thanks to our Junior star, Jettie Duggan, who scored 38 points to rack up our first big victory. 38 out of 46 is pretty fantastic, but to quote Jettie, "I could never do it without the other players on the team; teamwork is what our team is based upon."

These Juniors that run around together have a code or something. Who else can decipher these names: Ida Red, Sleepy, Ga-a-iry, Washrag, and some others that this girl hasn't the inside story on.

A rule has come from the front office stating that when the Jr. coke and orange cups are found

lying on the ground for too long without some Jr. removing it. The machine will have to be shut down for a half day each week. What do you say to keeping the grounds picked clean of cups, Juniors; that half day means a half day of no cokes, oranges, or money toward our class trips.

Reporters all! And not a single one of us would trade his position. According to the Grapevine, the Juniors have a pretty high opinion of themselves; I'm one of them, and I think this class is fabulous, and great Leaders!

Reporter - Jan

SOPH CHATTER BOX

Hi Everyone, sorry I couldn't make it last week. I asked Carolyn Cawley to write you our interesting news.

We are real proud of our A and B string basketball teams for winning their games Monday night. That a-way, Cats!

We finished our "Julius Caesar" last week. Every Soph is happy now to have Caesar behind us. We are now looking forward to "Silas Marner". In Algebra, we are still trying to "catch on"; Mr. Putnam is still hammering at us.

Our football season is over for this year; thus, we will be seeing you all at the basketball games. Back the Cats!

P. S. Have you met Jerry Alexander, our newest addition to the class? How happy we are to have you, Jerry, in R.S.H.S.

FISH BOWL

I do believe cold weather is here to stay. Nearly all the R.S. H.S. kids are starting to wear their coats and gloves. During activity everyone is roaming the halls or in study hall. Every once in a while one gets a little loud and is sent out in the cold (which is a little too harsh; don't you

think, Jonn Bob?)

To Mary Jo and Jack say, "Well, it's the same

Patty Hardin, I thir' Roy better stay home by your time; don't you?

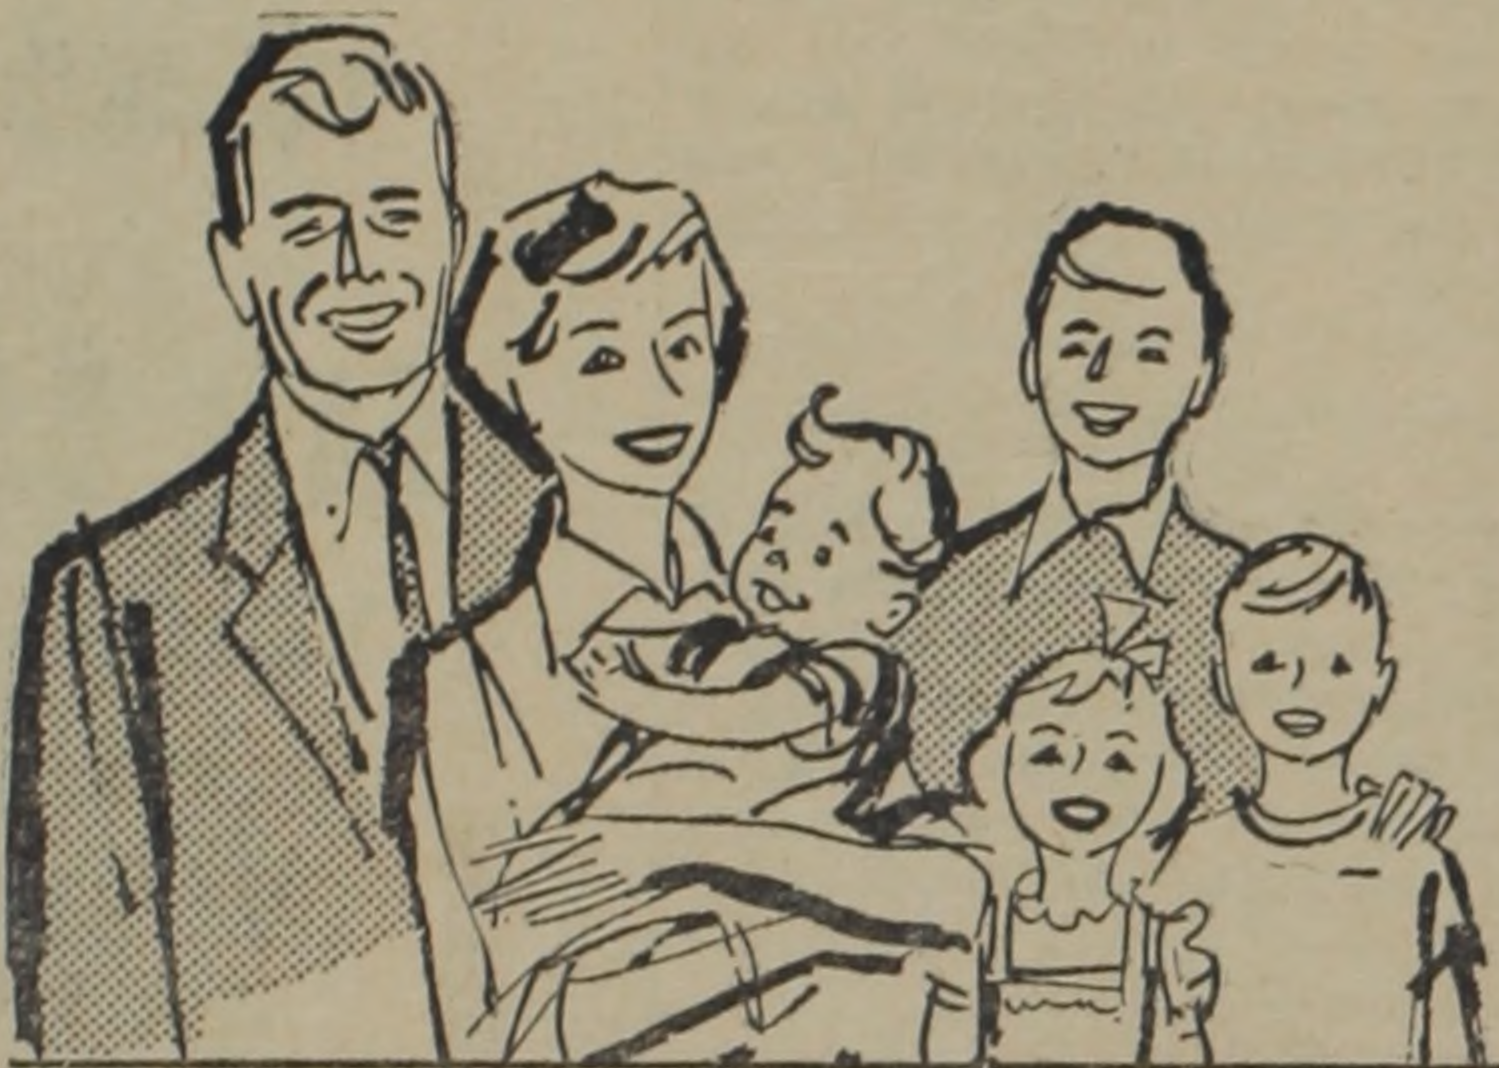

The girls B team came through Monday night by defeating Cisco B team; we were tickled pink!! (A figure of speech?)

It's that time again; payments are due on annuals. Everyone is getting one and we hope it's the best annual yet. Does this leave you wondering? Sub Lal Hogga hi, next week!!

My closing note this week is for the Seniors. The main thing you Seniors should try to save for your old age is YOU!!

CHEERLEADER NEWS

Friday morning our last pep rally for this year was held. Since it was the last for the Seniors, several made speeches— (Continued on page 5.)

made a business trip to Dublin Thursday.

Henry Watkins visited in the Guy Taylor home on Wednesday. Visitors in the E. R. Wejt home Nov. 2 were Mr. and Mrs. A. J. Boland of May and Mr. Willard and a friend from Brownwood.

Miss Elizabeth Robertson visited Mrs. John Nunnally of Rising Star Sunday afternoon.

Mr. and Mrs. Wright of Austin were guests of her uncle, Homer Smith, Saturday.

Mr. and Mrs. Alva Armstrong made a trip to Abilene to visit their daughter, Mrs. O. V. Dunn, and their granddaughters, Mrs. O. V. Havens, and Mrs. Bud Siekman. They also visited Mr. Armstrong, who has been in the hospital for 59 days. James and Winnie accompanied them.

Rev. and Mrs. Robt. Cook and two daughters had as their guests last Saturday night and Sunday Mr. and Mrs. P. L. Hector of Burleson and Mr. and Mrs. Jeff Rhodes of Dallas. Sunday afternoon callers were H. S. Childress and daughter, Martha Jay, and M. D. Gibson.

WSCS In Study of North American Neighbors

Fourteen members of the WSCS of the First Methodist Church met at 2 p. m. for the second session of the home mission study, "Christian Concern for North American Neighbors."

After the business meeting, the Scripture from Isaiah and Acts was read by Mrs. Cook. The State of Alaska, with its beauty, and its problems and the work of the church was discussed. Articles found in newspapers, magazines about Alaska were given. Mrs. J. B. Eberhart gave the benediction.

Next week's study will be about our neighbors in the south, Mexico and the Caribbean Islands. A bazaar and food sale will be held again on Sat., Nov. 15.

The mid-year check-up meeting of the Cisco District will be held in Olney Thursday, Nov. 13. Several members from Rising Star are planning to attend.

WSCS TO MEET AT THE CHURCH THURSDAY NIGHT

The WSCS of the First Methodist Church will meet Thursday night at the church at 7 p. m. Mrs. York Eberhart will be the leader and Mrs. Bill Crawford will have charge of the program. All ladies are invited.

Mr. and Mrs. M. R. Groce and Lydia Mauldin visited Mr. and Mrs. Joe Groce in Eunice, N. M., on Sunday, Nov. 9.

WILDCAT TALES—

(Continued from page 4)

Nelda Lee, Bill Rutherford, Dinky Hill, Rita Hogan, Lydia Mauldin, Jerrell Bible and Essie Hearren. A stunt called "On a Date," was presented by the cheerleaders and several students.

Saturday night the Wildcats made a happy ending to the 1958-59 football season by defeating the Gorman Panthers 18-6. This was the last game for four Wildcats—Larry Earp, Gary Scott, Kenny Ridens and Don Long—and it was also the last game for two cheerleaders, Betty Jenkins and Carolyn Hunt.

Next week the cheerleaders are planning to give a one-act play entitled, "Along Came Harriet." The exact time and date will be announced later.

We would like to see everyone present.

BAND NEWS

Well, Hi There!
As you know, Saturday was Gorman's homecoming game. Last Thursday and Friday we went to Gorman to practise the stunt with them.

Saturday the RSHS Band entered the field in a company front playing, "Entry of the Gladiators." We stopped on the 45-yard line and waited for the Gorman band to join us. The Gorman drum major gave us the whistle to form a man, Gorman forming the head and arms and we the body and legs. This man was to represent a football player, the passer, the kicker and the runner. In each of these movements we played, "I Want to a Football Hero." Then both bands formed a goal post and we played, "Down the Field." From there we formed a huge heart for the Gorman homecoming and homecoming Queens, saluting them with, "Moments to Remember."

Then the RSHS Band formed an "R" and the Gorman band formed a "G" right above us, and both bands marched off the field playing, "Stars and Stripes."

WMU Meets Monday For Bible Study

The WMU of the First Baptist Church met Monday, Nov. 10, for Bible study with Mrs. Earl Marsh as teacher of the lesson from the book, "New Testament Answers to Old Testament Questions." After the lesson, the members made preparations to entertain the Workers Conference which met with the local church on Tuesday, Nov. 11.

Present for the meeting were the following members: Mmes. Earl Marsh, Ethel Barnes, Grand Adams, Oliver Smith, Lee Clark, F. J. Maynard, Lorene Williams, Ella Wells, J. W. Murphy, Coral Davis, Walter Richberg, Jimmie Fridge, Chas. Watson, W. H. Ware, Roy Holly, Douglas Eakin, S. A. Joiner, Sr., Fred Roberts, and Rev. and Mrs. Ed Jackson and Jim Fisher.
