One of the best stories of the week did not get printed in the last issue of the Record. It was the story of the fine performance of the Rising Star High School sprint relay team in the State meet at Austin.

I owe and herewith pay an apology to the pastor and the members of the Bible Baptist Church for implying in my story of the revival two weeks ago that the members of the church had to be invited to attend their own services.

Rodeo Series To Open With Parade May 24

Next week will be "Rodeo Week" in Rising Star.

The Rising Star Roping Club will inaugurate its popular annual series of summer rodeo performances next Saturday evening with a parade at 5 p. m. in the business district followed by the initial performance at 8 p. m. at the arena on Highway 36 east of town.

The parade will be led by the Rising Star Wildcat Band and there will be riding clubs from several of Rising Star's neighbor communities in the line of march. The parade is always a colorful event while the rodeo contests draw top talent in the sport and in rodeo from all over the area.

While the first performance will occur on Saturday all subsequent contests will take place on Friday nights at the same hour.

Rising Star FFA Team Places 20th In National Contest

Rising Star land judging team tied for 20th place in the national FFA Land Judging Contest at Oklahoma City May 2. The team won third place in the Area and third place in the State contests at Stephenville, making the team eligible to compete in the national contest.

Former Rising Star Girl Delegate To 'Girls State'

A former Rising Star girl, now a resident of Jal, N.M., has been chosen by the Jal Woman's Club and the American Legion Auxiliary of that city as a delegate to represent Jal at Girls State at Albuquerque, N.M., in June.

She is Betty Jane Tyler, daughter of Mr. and Mrs. Sam Tyler and a granddaughter of Mrs. Ida Montgomery of this city. Betty was born here and attended Rising Star schools until the family moved to New Mexico about five years ago. She is 17 years of age.

Girls State was organized by the American Legion Auxiliary of the American Legion in 1937 to provide citizenship training for girls of high school age.

Candidates for admission must meet the following qualifications: 1. They must be citizens of the United States; 2. Never married; 3. A junior or in the third year of high school; 4. They must exhibit qualities of leadership, courage, honesty, scholarship, co-operativeness and physical fitness.

The Girls State of New Mexico will be a mythical state based on the laws of the state of New Mexico. The girls will observe at first hand problems of government on city, county and state levels. They will be organized into city, county and state units, electing their own officers and governing bodies in each case, and carrying out the functions of each unit of government in such a way that they will receive first hand training in political problems and methods.

From Father to Son

Soil Stewardship Week

The week of May 11 through 18 has been proclaimed as Soil Stewardship week by the 2,700 Soil Conservation Districts of America.

If there is a single principal service performed by these Soil Conservation Districts, it must be that of unifying the forces of each community toward conscientious, stewardship of the Nation's soil and water resources.

In each of the states and territories, the owners of farm and ranch lands have joined together in Soil Conservation Districts to make their efforts in their work more effective.

One dominant objective has been to convince all Americans of the need for a new appreciation of God's great gifts — soil, water, plants and wildlife. Our nation has marked 20

years of progress toward this goal. They have been vastly important years in the life of our land. For too many generations, our use of these God-given resources has been heedless and wasteful. Many great civilizations of the past and into ruin because of the failure of their people to realize their dependence upon soil, and to use the soil and its related resources according to God's plan.

Again your local Soil Conservation District in cooperation with the National Association is appealing to the churches to help in reminding all of our citizens of man's responsibility to God in soil stewardship.

It is important to all of us that this effort on the part of the forces of good in our community may grow in extent and effectiveness.

Depression? Deposits in Rising Star Bank Certainly Do Not Reflect It

Depression, Recession or Slow-up?

Deposits in the First State Bank of Rising Star tell a different story. They are higher than at any time in history.

W. E. (Bill) Tyler, president of the bank, is not too seriously concerned over local conditions because of the so-much-talked-about recession. In a recent interview he did a little justified "crowing" over the bank's growing volume of business.

"At the close of business on May 8," said Mr. Tyler, "deposits in the First State reached an all-time high of \$2,303,000. This is a net gain of \$130,000 since December 31, 1952."

"I attribute this increase in deposits, especially at this season of the year, mainly to the confidence and loyalty of our customers. They know that their money is safe in our bank, regardless of the size of their balance. We also have many customers who formerly lived here and who have moved to other sections of the country, but who, remembering past favors and perhaps help in time of need, are still loyal to the 'old home bank' and continue to do their banking business with the 'First State.' For such loyalty, friendship and patronage we are very proud and appreciative."

Incidentally, Mr. Tyler reminded that on June 10, 1958, he will have rounded out his 48th year at the same old corner.

TO TULSA

J. W. Karnegay, son of Mr. and Mrs. W. H. Karnegay, Educational Director of the Richland Hills Baptist Church of Fort Worth for the past two years, is moving to Tulsa, Oklahoma, where he will continue his work with the Brookside Baptist Church.

Mr. and Mrs. Claude Hammett and Mr. and Mrs. Earl Marsh went to Jacksonville, Texas, Saturday to attend funeral services for their sister, Mrs. W. D. Farnsworth, whose home was in Barstow, Calif. She was the younger of the sisters of Mrs. Hammett and once attended school in Rising Star. She died of cancer.

Miss Mary Boase, of the Higginbotham office, is on vacation.

Wendell Siebert, superintendent of Eastland Schools will serve as president next year. The next meeting of the County Association will be on Oct. 7, at a place to be designated.

### SENIOR LIFE

The senior life this week is that of a tall, goodlooking boy with blue eyes and red hair. His name is Carl Weathers.

Carl was born on October 17, 1940, at Indian Gap, Texas. His parents are Mr. and Mrs. J. C. Weathers. He has one brother, Jay Frank, and one sister, Margery Sheffield.

Carl's favorite color is metallic blue; his favorite movie stars are Doris Day and Robert Mitcham; beef is his favorite kind of food and baseball and swimming are his hobbies.

Carl has participated in many school activities. Among them are band in which he has participated all four years of high school; glee club in 1954 and '55; football during his senior year; basketball during his freshman, sophomore, and junior years, and baseball from 1954 to '57.

After graduation, Carl plans to attend Howard Payne College.

### BEST WISHES FROM THE JUNIORS

The Junior class would like to wish each of the Seniors success and happiness in the future. Of course, ol' R.S.H.S. will carry on after you have gone just as it always continues to do as groups come and go, but we, the students and teachers, will miss you none the less.

We, the Seniors of next year, will do our best to make you ever proud of R.S.H.S. and bring honor to the name of "Seniors."

### BAND NEWS

The Club Room of the Hotel Brownwood at 7 o'clock on Tues-

day evening, May 6, 1958, was the scene of the annual banquet of the Rising Star Wildcat Band; sixty band members and guests were present.

Dr. Roger Miller from Hardin-Simmons' University was the guest speaker for the evening. He spoke about the subject that is our chief interest — music.

We were entertained by a fine group of musicians from Howard Payne, which included an ensemble and a trumpet trio. We also enjoyed a clarinet solo and a French Horn solo.

Jack Smith, our band captain, presented our drum major, Miss Karen Steel, with a beautiful bouquet of flowers, and also presented to Miss Tate a letter of appreciation from the Wildcat Band. — Reporter.

### SOPH BULLETIN

Well, it looks like this is about it for one year. It is hard for me to say, "Good-bye," and it seems that that is what I always end up having to do for all the members of my class. At any rate, we Sophs are here to say we have certainly enjoyed being a part of Rising Star High School for another year. I certainly hope, and I'm speaking for the whole class, that next year will be as great for us as it was this year. The other classes have been so nice to us it is difficult to express the appreciation we have for all that they have done for us. From us to you, Classes, "Thanks for everything you have done for us, and whatever you do, GOOD LUCK in it." (Whatever you do, that is!)

Many tears have been shed for those who are leaving us this year, and many more will be shed before we are through. We hate to see the Seniors leave; they are seemingly essential for LIFE around this place. What will we ever do without them? Thanks a little specially, Seniors, for making us feel at home with you ever since last year when we were only Dumb Fish.

We want you to know, Mrs. Claborn, we are very happy that we will have you all through our trying years in high school and we'd rather have no one else, just you.

This is the "Blunder-buss Special" arriving on time, for the very last time this year. So long, and God bless you all! — Janis Jones, Soph Reporter.

### FRESHMAN NEWS

Our annuals arrived last week and what a confusion they caused! Everywhere you looked you could see someone with a stack of white books (annuals) under his arm. It's a good thing they came when they did because this is the last week of school.

The "Fish" would like to thank everyone in RSHS for being so kind and nice to us. I hope the "Fish" next year will have as much fun and everything as we did.

### A THOUGHT TO PONDER

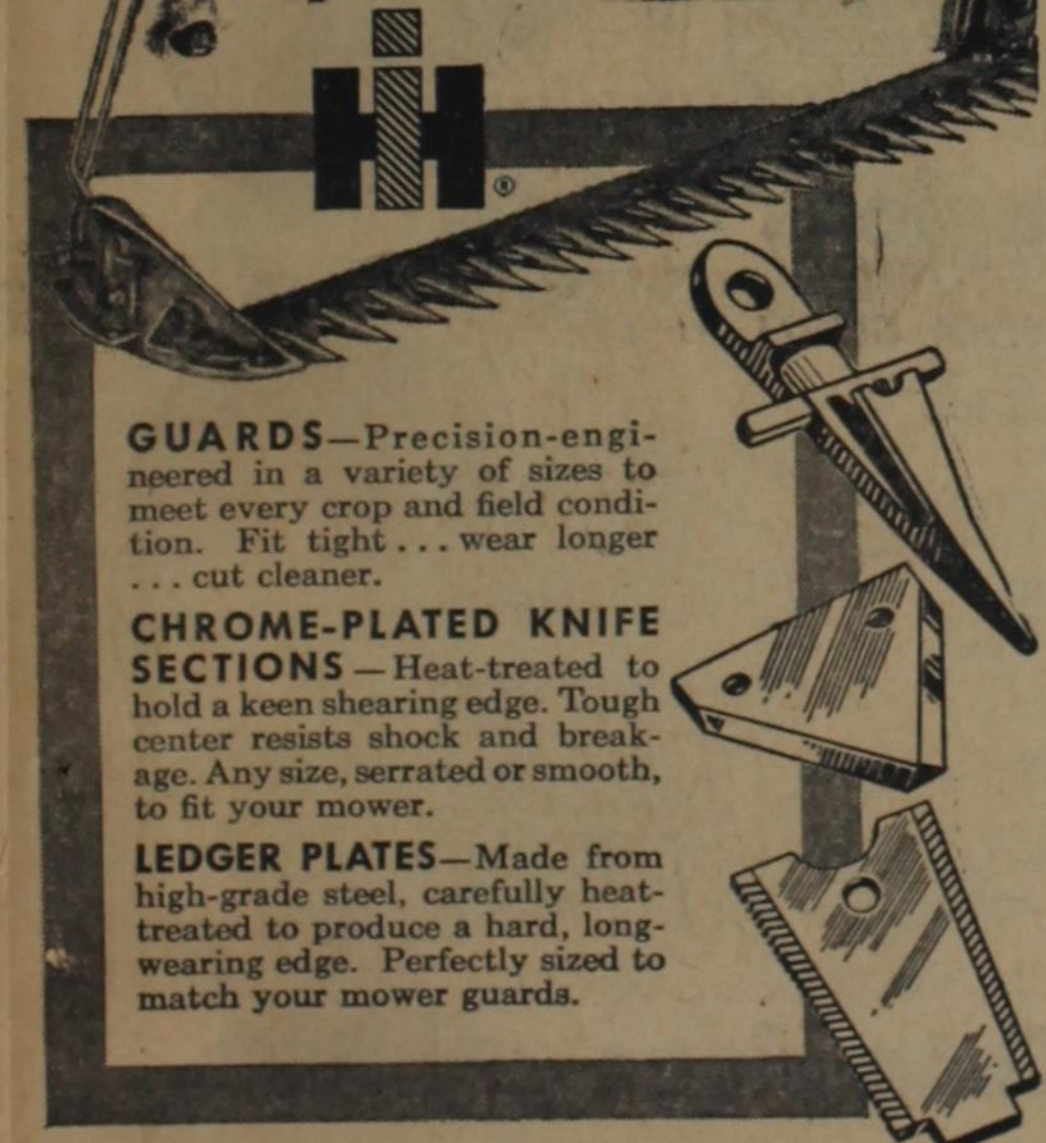

"He has achieved success who has lived well, laughed often, and loved much; who has gained the respect of intelligent men and the love of little children; who has filled his niche and accomplished his task; who has left the world better than he found it, whether by an improved poppy, a perfect poem, or a rescued soul; who has never lacked appreciation of earth's beauty or failed to express it; who has looked for the best in others and given the best he had; whose life was an inspiration; whose memory is a benediction."—Stanley.

### HA HA'S

# Two o'Clock Late Enough for First Night Curfew on Senior Trip, Mothers Find

By Pat Howard  
Dear Diary:  
Just a few more hours and we will be off on the '58 Senior trip. Bags are packed, cowboy hats are setting jauntily on their owners' heads, and cameras are clicking away memories of a wonderful year at RSHS.

May 8, 1958  
Thursday afternoon (1:30)  
Twenty-two Seniors wait with glistening eyes and hearts thumping for their last class to be over. Their eyes look toward the window as the big chartered bus stops. Then at 1:35 Mr. Jones announces the Seniors can leave for their last class to be over twice, either. They were out the door, down the steps of dear 'ole' RSHS and putting their luggage in the baggage compartment of the bus before anyone could say "Seat!"

2:08  
The Seniors of '58 are Lazy H bound at last with six room mothers—Mrs. Harris, Mrs. Steel, Mrs. Crisp, Mrs. Walker, Mrs. Key and Mrs. Callaway. Excitement rises as everyone comprehends the fact that within a few hours their dreams of four years will be realized—the Senior trip. Uh, oh! We like to have forgotten our two sponsors, Mr. Jones and Miss Childress. We met our bus driver, Mr. Robert Harrell, a graduate of Rising Star High School.

2:30  
Brownwood comes into view and a short stop is made, but not a Senior descends from the bus; they wanted to reach Kerrville as soon as possible.

3:30  
Brady and a stop to refresh ourselves for the trip ahead. Just think! One-third of the way there.

4:20  
Mason—no comment. Enthusiasm is still going strong.

5:05  
Fredericksburg—only 24 more miles to Kerrville. Miss Childress nearly faints when she looks at what she thinks to be the speedometer and it says 85 mph. It was only the air pressure, or was it your blood pressure, dear Sponsor?

5:33  
Kerrville city limits. We halted at a service station to find where the Lazy H was located. (Didn't know where we were going when we got there, did we?) Just who left the map at home, Miss Childress?

10 or 11 minutes 'til 6 (according to two Seniors' watches.)

The oohs and ahs had it as we saw the Lazy H sign come into view. The beauty of the ranch and all its buildings made the Seniors never regret their decision to come here. Instructions were given by our very gracious hostess, Mrs. H. A. Hollan. She

directed us to our cabins and the room mothers stayed together in one. The boys, Mr. Harrell and Mr. Jones stayed in a cabin on top of a mountain, which 66 steps The dinner gong rang at 6:30 First night led up to—oh, their aching feet! announcing supper. The food was delicious.

And you could come back for seconds!

After supper we played badminton, ping pong, shuffleboard and went swimming.

There was no curfew, but most of the girls and mothers were in their rooms by 2 o'clock Friday morning. The night was filled with laughter, pillow fights, Senior girls giving their pajama-clad sponsor and mothers shower baths with water all over them and their nice, clean, dry sheets—how about that, Sponsor? Water was the main bedclothes for six room mothers, but they took it good-naturedly and just guess who were the first ones up Friday morning to go to breakfast! EXACTLY, the room mothers. (To be concluded)

## Rising Star Band Enjoys Trip to Santone Festival

The group left Rising Star Saturday at 4 a.m. and returned Sunday at 7 p.m.

All of the band members and their sponsors report a wonderful trip. The parade was beautiful and the sponsors feel amply repaid for making the trip.
