## Book Review Presented to Saturday Club

The Fellowship Hall of the First United Methodist Church was the meeting place for the Saturday Club on April Fool's Day.

"Teach Us How to Live" by Helen Steiner Rice was read by the club president, Irene Mayfield, to open the meeting.

Olice B. Jones offered the invocation with a special prayer for our country, its President, and others who were victims of the assassination attempt on Monday.

Hazel McCollum, program and hostess co-ordinator with Maxine Robinson, introduced her daughter, Mrs. David Braungardt, guest reviewer from Fort Worth.

Mrs. Braungardt chose "You Don't Have to Be in Who's Who to Know What's What" by Sam Levenson.

"In this new book, Sam takes a look at folk humor, the very important humor of the V.U.P.'s (Very Unimportant People), the common man, the folk, the they of 'like they say', whose works, if ever printed at all, are credited to 'Anonymous.'"

"With running commentary by Levenson, here is Mr. (and Mrs. and Ms) Anonymous's uniquely wise and funny view of the world, organized into chapters on Marriage, Women's Lib, the Family, Medicine, Religion, Crime, Work, Sex, Morality, and Television.

**Farm Bill Veto Likely**

"Farm policy proposals of Secretary of Agriculture John Block to the Congress increase the chances of veto of the 1981 farm bill," believes Dr. Ronald D. Knutson, economist with the Texas Agricultural Extension Service, Texas A&M University System.

"Block's proposals for eliminating target prices and providing increased secretarial discretion for loan rates and reserve release prices as well as storage and interest charges within the reserve are designed to provide a safety net policy for farmers," says Knutson.

"This safety net concept is the same terminology that has been used for proposals calling for cuts in welfare programs," points out

Knutson. "This analogy of farm program and farm welfare objectives is not likely to be appreciated by producers. Farmers have traditionally looked upon government programs that stabilize farm prices and incomes as being necessary to sustain high levels of productivity in both the producer and consumer interest."

Knutson notes that under the Block proposals the farmer-held reserve and the related price support loan program would become the only tools for price and income protection for cotton and grain producers.

"It is doubtful that the farmer-held reserve can provide either an economically or politically acceptable level of price and

income protection for agriculture," emphasizes Knutson. "The chances of the reserve not providing adequate price and income protection is enhanced by proposed limitations of the size of the reserve."

"The bottom line is an increased chance that the Congress and the President will be unable to get together on an acceptable farm policy package in 1981," says Knutson. "This being the case, the Congress and the Administration would find it necessary to simply extend the 1977 farm act for another year. Then the farm policy debate would start over again in 1982."

Mrs. A.C. Halsell

Comments on Sunday School Lesson Math. 26: 6-13; April 5, 1981

Mary's anointing of Jesus head and feet with the alabaster container of expensive ointment, was interpreted in diverse ways.

The offended apostles interpreted it as an act of extravagance: better to have used this outlay of money on the poor.

Jesus interpreted it as an act of faith and devotion, based on Mary's profound wisdom of who Jesus was.

What is the difference?

Mary had learned, earlier something of the meaning of this incident. Luke 10: 39. "Mary...also sat at Jesus' feet and heard His word." Methinks she had learned who Jesus is and what was to happen to Him.

The verse 13 promise has been fulfilled. Millions of people know of this event in the life of Jesus and have come to know and love Him with the

same great devotion.

There are times when the common sense view of things fails. Opportunities often come but once. What an opportunity passed by Peter, James and John when Jesus asked them to watch and pray. They missed it forever.

Those visiting with Willie G. Parrish were Mr. and Mrs. G.O. Parrish, Mr. and Mrs. Oran Baines Sr., Velma Jones and Lou Grider, all of Cross Plains, and Mr. and Mrs. J.B. Boise of Abilene.

Mrs. Ethel Brown's visitors were Mr. and Mrs. T. B. Hoyt and Mr. and Mrs. F.L. Dean of Rising Star and Mrs. Mabel Birchfield of Cross Plains.

The Bill Sessums visitors for the week-end were her daughter and family, Mr. and Mrs. David Witherspoon and Rachael of Lancaster.

Mr. and Mrs. George Mack Taff and daughter, Rachael were in Comanche Monday to attend funeral services for Mrs. Taff's uncle, Mr. Pete Love. On Friday, Mrs. Taff picked up her aunt, Mrs. Venita Roberson in Comanche. They went to Eliasville, where they visited her cousin, Mr. and Mrs. Bill Stark, who lost a thirteen year old son in a cave-in accident where children had been digging caves. He was alone when the cave-in accident occurred.

On Sunday Mack and Teresa Taff and daughter, Barnessa ate lunch with his parents, Mr. and Mrs. George Mack Taff. Mrs. Taff and Teresa attended a silk flower party in the home of Dorothy Petty in Cross Plains, in the afternoon.

Mr. and Mrs. J.T. Beggs went to Eastland Monday on business.

On Saturday Mr. and Mrs. Beggs joined his brothers and wives, Sam of Austin and William of Eastland and his father, Mr. David Beggs. They all

went to Brady where they saw several horse races.

On Wednesday, Betty Beggs had lunch with Billie Beggs in Eastland. While in Eastland, Betty picked up her pictures at the Chamber of Commerce where she had a nice visit with friends, Emmalou Benton and the Manager, James Wright.

Mrs. Norris reports a good singing, good fellowship and good attendance at her recent singing occasion.

Mrs. Norris's visitors were Mrs. Winnie Flippin and Mrs. Lottie Sooter.

Mrs. Roady reports that all her children visited with her during the week.

Vada King and children visited with her parents Mr. and Mrs. Darwin Anderson on Saturday.

Mrs. Nora Phillips and Mrs. Wanda Flippin went to De Leon on Saturday.

Mrs. Holmon and nephew, Steven Birchfield went to Brownwood on Wednesday. Tim and

Anna Chesshir and Mr. and Mrs. Holmon went to Brownwood on Saturday night.

Mrs. Holmon visited Mr. and Mrs. J.T. Beggs on Thursday.

Mr. and Mrs. Eddie Flippin and Tamara went to the McMurry Track Meet on Friday, where they saw their son, Tan participate.

Gail visited with Mrs. Winnie Flippin on Sunday.

## Hanna Asked to Serve on Energy Committee

AUSTIN--State Representative Joe Hanna of Breckenridge has been named to membership on a committee comprised of legislators from 15 southern states by Speaker of the House Bill Clayton.

Clayton has asked Hanna to serve on the Energy Committee of the Southern Legislative Conference (SLC), the regional arm of the national Council of State Governments.

The SLC is an organization of legislators from across the South. It provides a forum for state legislators to discuss issues with counterparts from other states and to act in harmony in matters affecting all states.

The committee is composed of legislators who are experts in their fields. They meet to identify and study key problem areas and inform all of

the states in the region of methods of approaching problems common to all states.

The committee enables legislators to take back to their respective bodies the results of the studies for consideration and appropriate action.

"The combined efforts of legislators from states with common interests to solve problems and provide new methods of coping with pressing situations is one of the best things the regional conference has to offer," Clayton said.

He added, "I have asked Representative Hanna to serve on the committee because he is one of our outstanding members in this area and will add a great deal to the work product of the committee."

Hanna is chairman of the House Energy Resources Committee, and a member of the House Public Education Committee.

## April 15--Deadline

April 15, 1981. This date is quickly recognized as the filing deadline for federal income tax returns. However, it has an added significance for many persons who drew at least one benefit check from Social Security for 1980. Those who had earnings in 1980 in excess of \$3720 (if under age 65) or \$5000 (if at least age 65) must file an annual report of earnings with the Social Security Administration. The deadline for this report is also April 15, 1981. It must be made before that date or a benefit penalty may be imposed.

Persons who had previously provided SSA with an estimate of earnings for 1980 over the allowable limits should receive an annual report form in the mail during February. However, failure to receive the mailed form does not excuse a failure to file before April 15. If a form is not received by mail it will be

available at any Social Security office.

The reports are necessary to determine the exact amount of benefits due in 1980. Since the payments were made on an estimate of earnings they may vary as being either too high or too low. SSA will make an adjustment for 1980 after the report is filed.

Though the filing deadlines for annual reports and tax returns are the same they are unrelated. Filing a tax return with the Internal Revenue Service will not be sufficient to meet the Social Security annual report requirement. This must be done directly through SSA.

For more information contact your local Social Security office. The Abilene office is located at 142 S. Pioneer (P.O. Box 5647) and the phone number is 698-1360. If you live outside of Abilene, call toll free 1-800-392-1603.

## Pavement Markings Bld Due

AUSTIN--Bids to install thermoplastic pavement markings on various highways in the nine-county Brownwood district are scheduled to be received April 16 by the State Department of Highways and Public Transportation. Brownwood District Engineer Lawrence Schulz said the new markings will be installed on 265.6 miles of highways throughout

the district.

Traffic Safety Specialist Johnny Duncan, of the Brownwood District office, said the thermoplastic markings have more reflectivity. They also have the advantage of washing clean during a rain and being bright as ever afterward.

The department's engineer in charge of supervising the project is R.S. Martin Jr. of Brownwood.

## First Baptist Church

We like to see things grow. Many gardens have been planted looking forward to harvest. It is disappointing when what has been planted does not produce.

God expects His people to grow. How? BE clean.

It is said that a man's character and his garden both reflect the amount of weeding that was done during the growing season. We must keep ourselves clean by weeding out the wrong we know to be in our lives.

BE moving forward. Remember past experiences should be a guidepost not a hitching post. Learn from the past and move on to today and the tomorrows.

BE realistic. If you're going to climb a tree, you've got to grab the branches not the blossoms. So many of us are reaching for the wrong things in life.

BE a saint. Spiritual growth soars when we have prayed up, made up, and paid up. We need to see more saints. Be one.

BE different. It is said that all men are born equal. The tough job is to outgrow it. Work at being God's unique person for today.

Read 1 Peter 2:1-2; 2 Peter 3:17-18)  
R.D. Williams, Pastor

### COMMENTARY

By Myrtle Owen

Dan. 9:27, And he shall confirm the covenant with many for one week; and in the midst of the week he shall cause the sacrifice and the obligation to cease, and for the overspreading of abominations he shall make it desolate, even until the consummation, and that determined shall be poured upon the desolate. Those will be traumatic days for Israel. Just when peace seems to have come, it will be taken from her and she will be plunged into another bloody persecution. What are the ingredients in the mixture of time and circumstances that will produce such a devastating explosion of persecution and misery for Israel at closing time? And why has this particular nation suffered so much? Jesus said: Daughters of Jerusalem, weep not for me, but weep for your children (Luke 23:28). The Jews missed their Messiah. He walked among them and they did not recognize Him, even though their prophets had described His coming in great detail. His ancestry was to be in the family of David. His coming was to be announced by one who was known as a "voice crying in the wilderness". His birthplace was to be Bethlehem. He was to be born of a virgin. He was to be the eternal God incarnate. He was to minister to the poor

and needy. He was to be presented to Israel as the Prince at the time prescribed in Daniel's vision of the seventy weeks. He was to be despised and rejected. He was to die for others by crucifixion. He was to be resurrected. Following His death, and in the lifetime of those who rejected and crucified Him, Jerusalem was to be destroyed and its citizens scattered and persecuted. Ultimately He would end war and establish a government of equity and Justice, headquartered at Jerusalem. He would bring peace to Israel and to the world. Did Jesus Christ fulfill these ancient prophecies?

## Rising Star Nursing Center

Mary Harmon, Activity Director

Monday we played Bingo. Out of eleven participants, we had 6 winners. They were: Mary Hord, Mary Hammett (3 games), Dellah Roberts (2 games), Annie Franke (4 games), Maggie Christian and Martha Irby. There was plenty of popcorn and everyone had fun.

Tuesday we gathered the news for last week and there was quite a bit. Everyone always wants to be included.

Wednesday, as with every other day, you will find Nettie Wilson sitting up front exercising. She is so faithful to exercise, it

makes the rest of us ashamed.

Thursday is domino day and newspaper day. The newspaper arrives in the morning and everyone is anxious to find out what is going on in town. Believe it or not—they really get involved in the activities even though they are in the Nursing Home. After lunch they settle down to a quiet game of dominoes and discuss the days events as they play.

As always, they look forward to Bible Study and the Church services on Sunday. Religion is a very important part of their life.

Thought you might enjoy the following:  
**AN ODE TO THE BED PAN**

My faithful Bed Pan,  
So shiny and white,  
You touch me so,  
Both day and night.

You never learned,  
Your ABC's,  
But theres no doubt,  
You learned your P's

When you're with me,  
I'm on my own,  
Just like a King,  
Upon his throne.

The things I do,  
May seem quite small,  
But Bed Pan you're  
Behind them all.

You carry your load,  
With a patient GRIN,  
You never mind,  
My butting in,

Now we must part,  
So sad adieu,  
My cup runneth over,  
And so do you.

**HoneyBee-Vegetable Growers Friend**

Honeybees have a king-size job in Texas—that of pollinating the \$50 million crop of cucurbits. Cucurbits include watermelons, cucumbers, cantaloupes, pumpkins, squash and gourds.

Some 79,000 acres of cucurbits are grown annually in Texas in

every county, either commercially or in backyard gardens, says Tom Longbrake, horticulturist with the Texas Agricultural Extension Service, Texas A&M University System.

"The cucurbit family absolutely depends on insect help to transfer pollen from male to female flowers," points out Longbrake.

Only female flowers can produce fruit, but to do so each female flower must receive pollen from a male flower. Once transferred, the pollen fertilizes the immature seed, causing it to be fertile and grow. Unfertilized fruit abort when viable pollen is not transferred.

"Most cucurbit flowers are open for only one day. Since honeybees account for about 85 percent of all flower pollination, the importance of this insect to the cucurbit family is vital," emphasizes Longbrake.

One strong hive of honeybees is required to pollinate the closer row-spacing of cucumbers, squash and cantaloupe. Pumpkin and watermelon may get by with a strong hive per four or five acres. Each open female flower may require five to ten visits by bees for adequate pollination. Therefore, skimping on the number of bees available to pollinate can affect potential yields.

"An experienced beeman will be able to

advise a grower on the number and placement of hives for an adequate fruitset," suggests the horticulturist. "Unlike some other plant types, cucurbits receive little help from the wind. Because of sticky pollen, they must rely on insects for adequate pollination."

So, bees are a key partner of cucurbit farmers.
